Parents Must Give Permission for Child To Receive 'Shots'

Next Thursday, March 24, is the date set for the annual immunization clinic for children of the community.

Available for children under five years of age will be smallpox vaccination and the triple shot for the prevention of diphtheria, whooping cough and tetanus.

Children over five years of age will receive only double toxoid shots for diphtheria and tetanus.

Children who are to receive the shots must have the permission of parents or guardians and forms for parents' signatures will be sent home with school children this week.

The immunization clinics are sponsored by the Washtenaw county Medical Society with the cooperation of the Washtenaw county Health Department and the public schools.

Local doctors who will administer the shots at the clinic here are Dr. J. W. Fisher, Dr. A. A. Palmer and Dr. W. R. Hanson.

Volunteer nurses and other assistants will work at the clinic.

The clinic will take place in the South Elementary school and will begin at 9 a.m.

Rural school children will be brought to the clinic from the following schools: Beach, Canfield, Jerusalem, Jewett-Stone, Lima, Center, McLaren and Rogers Corners.

Children from St. Mary's school will also be taken to the South Elementary school to receive their shots.

Doctors will have the clinic at the school there Wednesday, March 23, and Manchester's clinic is scheduled for Thursday, March 31.

County Republicans Plan Fun Night

On the grounds that "a jamboree is a lot more fun," Washtenaw county Republicans have scheduled a square-dancing and card-playing session instead of their traditional Lincoln Day dinner, which was omitted this year as being "too darned formal." The preferred shindig is a "Fun Nite" to be held Friday, March 25, at the Ypsilanti Armory.

The program, under the chairmanship of Tom Fitzgerald, county Civic Defense director, includes dancing, cards, lots of food, and no speeches.

Board Rejects Request To Clean Lima-Sylvan Drain

A board of determination, appointed by Probate Judge Jay H. Payne to make a decision regarding a petition for cleaning the Lima-Sylvan drain, met Thursday, according to plan, in the office of Washtenaw County Drain Commissioner John H. Flook and rejected the petition as presented.

Basis for the rejection was their opinion that the drain should be straightened and deepened if there is to be any lasting benefit to the six-square-mile area served by the project. The petition, as presented, requested only cleaning of the drain.

The drain was established in 1906, almost 50 years ago, and was last cleaned in 1927.

Alfred Lindauer, owner of a farm in the area, instituted the petition for cleaning the drain, as he claims some of his property is flooded by waters overflowing from the drain. The petition was filed Feb. 9.

The board of determination included Supervisors Samuel A. Morgan, Pittsfield township; Elmer R. Mayer, Sharon township; and Edwin F. Schaible, Freedom township.

The three men, together with Drain Commissioner John H. Flook, and 25 area farmers met at the Fletcher road intersection of the drain Tuesday, March 8, and the three supervisors had walked the two-mile length of the drain to study what action was needed.

By law, a year must elapse before another petition on the drain problem may be accepted.

Sharp Rise Reported in Delinquency

Report of Probate Judge Shows Jump Of 115 Per Cent

In his annual report for the year 1954, Judge Jay H. Payne of the Probate and Juvenile Court of Washtenaw county, shows a great increase in juvenile delinquent cases listed as "official" as well as those listed as "unofficial referrals."

The increase of the "official" cases was given as 115 per cent, going from 58 in 1953 to 127 in 1954, while the referral cases, which concern non-court proceedings went from 110 to 175.

The increase is explained in part by an increasing child population and by more intensive work on the part of the juvenile court staff.

Heading the list of offenses for which the juveniles were brought into court, is stealing, with breaking and entering next, and unlawfully driving away an automobile, truancy and runaway next in that order.

Listed among the 127 official cases were six from Chelsea, with seven from Chelsea on the list of unofficial referrals. The six official cases denotes an increase of two over the 1953 figure.

Other areas and the number of juvenile cases listed are Ypsilanti, 47; Ann Arbor, 33; Willow Run Village, 13; Dexter, 4; Milan, Saline, Whitmore Lake, each 3; Willis, 1; and other county cases, 14.

In addition to the delinquency cases the probate court has 160 children as wards, 112 for supervision and 48 who are on probation. The majority of the 160 juveniles (71) are living at home; 37 in relative boarding homes; 17 in relatives' homes and others in private child care agencies.

Unemployment, illness of children and faults of parents are some of the reasons why children come under the jurisdiction of probate court, it was pointed out.

Total amount of expenditures for the care of juvenile court wards for 1954 is given at \$37,730.45. Of this amount \$32,280.50 went for board and care.

In the probate division of the court a total of \$2,452,325.13 in personal property and \$2,285,143.14 in real estate was inventoried in its work of administration of estates of deceased persons.

Minden City Mayor Will Be Guest for Michigan Week

Village President Maxwell G. Sweet will act as head of the Minden City village government for a day while Minden City's mayor heads the village government here on Exchange of Mayors Day, featured highlight of Michigan Week activities throughout the state. Date for the exchange of officials is scheduled for May 18.

Grover Dillman, president of Michigan College of Mining and Technology at Houghton, in the Upper Peninsula, is general chairman of the 1955 Michigan Week and Otis E. Cook, executive vice-president of the Michigan Retailers Association, has been named chairman of the organization board for the Michigan Week program.

State Chairman Dillman has also made announcement of the appointment of Dr. Edgar L. Harnden, dean of Continuing Education Service at Michigan State College, as chairman of the committee on local organization for the week's observance.

Dr. Harnden's local organizations committee will obtain suggestions and develop ideas to assist the local groups. It will help the local groups organize and provide technical assistance in programming.

Dr. Harnden said that handbooks, guides and other material prepared by specialists will be available to local groups.

Last year when Michigan Week was new, 73 of the 83 Michigan counties organized and 318 out of approximately 500 communities in the state had local committees. Now in the second year an attempt will be made to establish 100 per cent participation.

Chairman Dillman said "Michigan Week of course is intended to build loyalty and pride in our state and greater knowledge of all of its wonderful advantages. There will be a Michigan Week committee in every county and we hope in every community."

"The potential in cooperation of the service clubs with local Michigan Week committees is almost beyond estimate."

WE keep coming across a good many people who still are surprised when they see the low delivered price of the Buick shown here.

They're surprised because they know that this price is just about what a lot of the smaller cars are asking—if not more.

But that's just the point.

What's making the 1955 Buick the hottest one in all Buick sales history is the simple fact that its low delivered price buys so much more automobile.

Much more automobile when it comes to the lift and lift of great V8 power—Buick power in record might.

Much more automobile when it comes to style and size and room and ride steadiness—and the integrity of construction that comes of Buick building.

Much more, too, when it comes to matching your motoring needs to the simple practicality of your budget—because Buick offers you

THE 100-MILLION-DOLLAR LOOK!

"It's got everybody excited and we'd like to show you why"

Forgive us if we burst with pride... but we've got a terrific car here, and we want the whole world to know it!

It's the new Chrysler and the people who've been coming to see it and drive it are just as smitten with it as we are. It's the smartest, sleekest machine that ever appeared in an automobile showroom—and you should see it!

Most people prize good looks in a car. The 1955 Chrysler has it! Fashion people call it "tailored steel"—smart and different. It almost looks like it's going when it's standing still!

This, they tell us, is the new fashion in styling. We say hurray! As for performance... well, double your enjoyment back if you don't think it's the best car you ever drove. Do it soon!

MICHIGAN LIFE LINES

FROM THE VERY BEGINNING, roads have been built to further commerce and trade, and down through the centuries the first requirement whenever a new territory was to be settled has been to build roads.

Michigan has over 100,000 miles of roads and streets, most of which are surfaced and in good condition. These are Michigan's life lines, without which the State could not exist.

For over these highways farm produce goes to market, raw materials and parts get to factories, finished products reach the consumer. Over these highways trucks bring you everything you eat, wear, or use!

Are you a

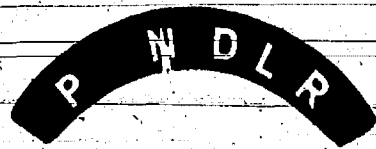

"Do-It-Yourself" Driver?

Or would you rather be waited on hand and foot?

Rather shift for yourself... or let Powerglide do it?

Shifting's smooth and easy with Chevrolet's new and finer Synchro-Mesh transmission. A flick of your wrist is all it takes to shift gears.

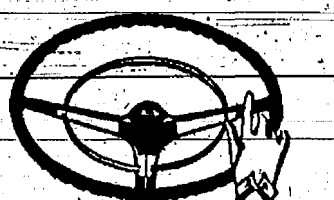

Powerglide, too, is better than ever this year. Even smoother and sturdier. It's the most popular automatic transmission* in Chevrolet's field!

Want standard steering... or extra-easy Power Steering?

Try this easy new Chevrolet steering. Only Chevrolet and some higher-priced cars use a ball bearing system to cut friction to a minimum.

There's nothing quite so easy as Power Steering, of course. Good news: Chevrolet's new linkage-type Power Steering* carries a reduced price!

Apply the brakes like this... or have power make it easier?

Improved brakes and new swing-type pedals make stopping a cinch. And Chevrolet's exclusive Anti-Dive control gives you "heads up" stops!

Chevrolet Power Brakes* are better than ever this year—let your stop by a simple pivot of your foot from accelerator to swing-type brake pedal.

Position the seat yourself... or let electricity do it?

Chevrolet's big, beautifully upholstered front seat moves up and forward or down and back into your most comfortable driving position.

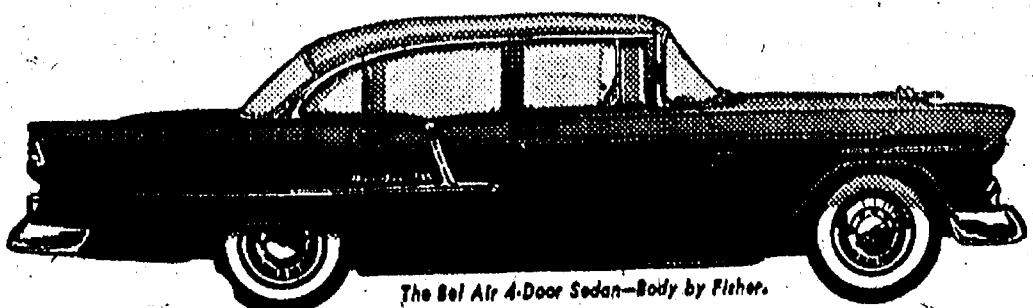

No worry about your battery in a new Chevrolet. It's the only car in its field with the reserve power of a 12-volt electrical system!

Automatically—

Chevrolet's stealing the thunder from the high-priced cars! What's a high-priced car got that Chevrolet hasn't? Not automatic power features. Not style—just look below. Not performance—just try out Chevrolet's new V8 or one of the new 6's. Not ride

Public Invited To See Film On Street Paving at Next Village Council Meeting

Residents of the community are being extended an invitation to be present at the Village Council meeting Monday evening, March 21, when Glenn P. Manz, of Lansing, assistant executive secretary of the Michigan Asphalt Paving Association, will show color and sound pictures of different types of paving projects.

Included in the pictures are shots of the M-32 paving project within the Chelsea village limits which should be of special interest locally.

The street program, including road construction and maintenance is one of the largest outlays of expense in the community and for this reason Manz's film is expected to appeal to people of the village. He has agreed to remain for a question and answer period following the showing of the picture.

Mr. and Mrs. Howard Baker and son, Steven, of near Ann Arbor, spent Sunday here at the home of Mrs. Baker's parents, Mr. and Mrs. Leon Chapman. Afternoon callers were Mr. and Mrs. David Crouch and son, Dale.

In the same action, taken at a general committee meeting at the City Hall council chambers in Ann Arbor, the group created a subcommittee on farming, composed exclusively of farmers, and a small business committee.

Chairmen of the subcommittees will be members of the Washtenaw county Republican executive board, and will help direct policy in their field. The committee on labor is the only one of its kind in Michigan.

The labor committee includes Harry F. Brothers, Ypsilanti, chairman, who is a member of Local 785 UAW-CIO at General Motors Transmission plant; Ted Rice of Salem township, formerly connected with AFL, UAW-CIO and United Mine Workers; Herb Nugent, East Ann Arbor, member of Local 38, UAW-CIO, J. H. Reeves, Ypsilanti, Local 14, AFY Bricklayers and Plasterers International Union; Ben Cartwright, Ypsilanti, Local 600, UAW-CIO; Reuben Egeler, Ann Arbor, employed at Argus which has a profit-sharing plan in operation.

Members of the farming subcommittee are all farmers and include Bill Hayes, York township; Walter Wolfgang, Lima township; Sylvester Leonard, supervisor of Augusta township; Ernie Girbach, Salem township, a director of the Michigan Milk Producers Association; Sam Batio and Leo VanBort of Salem township; Bob Mast, Webster township; and Clayton Parr, supervisor of Manchester township.
