J. Griffin Named To Juvenile Court Advisory Body

An organization meeting of the Washtenaw County Juvenile Court Advisory Committee, at the Michigan Union, in Ann Arbor, Monday, June 20, resulted in an executive committee of five members being appointed to prepare a report to the committee on the group.

Mrs. Clyde Coombs, Ann Arbor, in charge of the organization of the committee, conducted the meeting.

Chosen for the executive committee were: Robert Rosema, Mrs. Joselyn Van Tyne, Mrs. Werner Landecker, of Ann Arbor; John Griffin, of Chelsea; and C. Eugene Beatty, of Ypsilanti.

The group agreed that regular meetings of the entire committee would be necessary in addition to the meetings of the sub-committees yet to be appointed. They plan to meet every six weeks, and at such other times as Judge Jay H. Payne deems necessary.

The sub-committees will be consulted by Judge Payne on personnel for the new home and the court; salaries and budgetary services; and presentation to the community and community services and their relation to the juvenile court.

The Advisory Committee was organized under the direction of Mrs. Coombs, at the request of Judge Payne, to confer with him in the numerous new problems which will arise when the new juvenile home is ready for use and when the juvenile court occupies its quarters in the new County Building in the fall.

At Monday's meeting, Judge Payne gave a resume of the history of the Probate Court in Michigan, pointing up its present two-fold function of dealing with estates and other civil matters not related to children, and its organization as a juvenile court, dealing with numerous problems involving children.

Harold A. Nielsen, Director of the Juvenile Division of the Probate Court, related various recent case histories of children coming before the court, to illustrate the importance and necessity of having expert, properly trained personnel to deal with particular cases, especially in juvenile delinquency problems where psychiatric treatment is needed, and where juvenile detention is indicated.

Independents Win Thriller From Howell

Chelsea Independents played a stubborn Howell team at Howell Sunday, winning the game in an exciting ninth inning after the score had been 5-3 in favor of Howell. Final score was 6-5, in favor of Chelsea.

Leading off at the top of the ninth was Otis Richardson who got a single. Arden Musbach, next batter, for his last time at bat and with a double to his credit, said he was going to hit a home run and did just that, scoring Richardson and himself to make it a new ball game.

Gus Hanson, the next batter, grounded out bringing up Lloyd Grau who received a base on balls. Next in line was Miller who was credited with a sacrifice fly advancing Grau to second. In this exciting situation, Murphy hit a single which scored Grau and put Chelsea ahead. Bareis, Chelsea's final batter flew out to retire the side.

The Chelsea team was kept on their toes for the last half of the ninth to keep Howell from scoring any runs.

Howell's first batter was hit by a pitched ball putting him on first; the next batter walked, advancing the first man to second base who then stole third, the one thing Chelsea hadn't looked for.

Tobin, pitching for Chelsea, caught a fly ball bunted by a Howell batter, threw the ball to Rademacher who was playing third and put out the man trying to return to third base. With this double play and the next batter's fly to Arden Musbach, the ball game ended with Chelsea the victors.

Chelsea's next league game will be played on the local field Sunday with Leslie as the opposing team.

Chelsea score: 000 010 203-6 5 3
Howell: 110 210 000-5 7 2
Tobin and Bareis; Southwell and Dorsey.

Methodist Home Resident Trapped All Night in Tar Pit

Mrs. Bessie Senger, 82-year-old resident of the Methodist Home, was found by searchers at 9:25 a.m. yesterday morning, caught fast in a tar dump some distance west of the home. Police had been notified that she was missing at 9 p.m. Tuesday, after a general search at the home failed to locate her. She had been missed at the supper hour but frequently spent time in Chelsea without notifying anyone and consequently no alarm was felt until she failed to return before dark. She is exceptionally active for her age.

Yesterday morning searchers scoured the fields near the home and two Haffer brothers, Leo, 12, and Dennis, 9, found her and went for help to release her.

Anyone who receives a notice that his dog is incorrectly listed as unlicensed, should write the license number from the dog's license tag directly on the letter and return it to the Humane Society so the records may be brought up to date, Sheriff Klinger said.

Important thought to keep in mind:

When it's safe to pass, make sure you've got the gasoline that lets you enjoy full working octane performance. Stop in at your Gulf station and ask the man for New Super-Refined Gulf NO-NOX. And make sure your engine is protected with New Gulfpride H.D. Select, the motor oil that controls carbon.

New Gulf No-Nox Gasoline delivers not just the highest octane but **full working octane** because it's super-refined to burn clean

See what a difference Gulf super-refining makes. Gulf takes out the "dirty-burning tail-end" of gasoline—at the refinery—to bring you new clean-burning Gulf NO-NOX.

NO GASOLINE, no matter how high the octane, will let your engine deliver full power performance—mile after mile—unless it burns clean. That's why it pays to always use new NO-NOX. Gulf NO-NOX is the clean-burning fuel that gives you full working octane day in, day out. In addition, you get...

- more complete engine protection
- extra gas mileage in short-trip, stop-and-go driving
- freedom from vapor-lock, engine stumbling and stalling
- no knock, no pre-ignition—even in today's high-compression engines

Now! For the ultimate in working octane performance, always use Gulf's super-refined gas-oil team... New Gulf No-Nox Gasoline and **New Gulfpride H.D. Select Motor Oil**

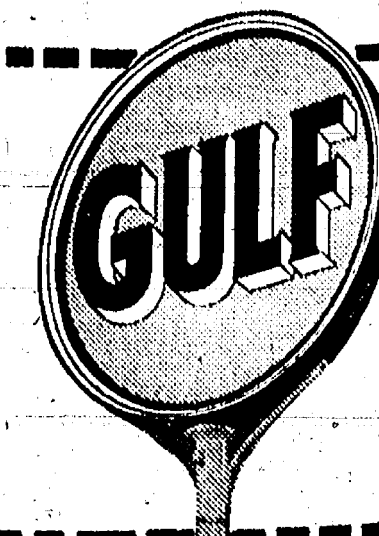

The only motor oil super-refined by the Alchlor Process for modern high-compression engines.

- Controls carbon
- Combats corrosive acids, rust and deposits

- Assures lower oil consumption
- Provides the toughest protective film ever developed in a motor oil

Available in 3 grades—SAE 10W, SAE 20/20W, SAE 30.

Major park project this year will be continuance of work on Sterling State Park on Lake Erie.

This park was heavily damaged by a storm in 1950, and part of the beach was swept into the lake. But with only a small strip of beach and play area, Sterling had more visitors than all but three parks in the state last year.

Still in the future, but certain to be tourist magnets are Michigan's new highway construction program and the Straits of Mackinac Bridge. The bridge, to be completed in 1957, already is drawing crowds.

The five-mile span will rival some of the biggest bridges in the world. Highway officials hope by the time it opens there will be enough highways to carry traffic to its approaches.

Michigan motorists already are paying a 1 1/2-cent increase in the state gasoline tax to pay for the new roads, at \$35 million a year.

"All this is going to make Michigan an even more attractive place to spend a vacation," said Furlong.

Tourists are pouring back into Michigan for the 1955 season. Michigan's 11,000 lakes in the rich resort areas which are enjoying increased prosperity after last year's decline.

It's a \$50 million a year business for the state and a healthy flow of tax-dollars for the state treasury.

Robert J. Furlong, executive secretary of the Michigan Tourist Council, predicted that a 10 per cent decline in dollar volume last year will be erased before fall.

"This should be a great year for one of Michigan's biggest industries," he said. Settlement of automobile contract disputes in Detroit was a harbinger of a good season. Full employment in Detroit and other metropolitan centers has a direct impact on the resorts.

The state is keeping pace with the industry.

Conservation officials have groomed the 57 state parks for the summer. These are areas where tourists can camp and swim and fish and relax free or for small registration fees.

Korean veterans who received general discharges have won their point.

The state bonus law, administered by the \$50 million grant giving veterans a maximum \$500 for service in the Korean conflict, specified that only honorable discharges would be recognized.

"We can only follow the law," said Maj. Gen. George C. Moran, state adjutant general.

General discharges were given for a variety of reasons, some for disciplinary cases, others for mental or physical disability, and some for emergency releases.

They were discharges with honor in most cases, but were not considered "evidence of faithful service," a requirement of the state law.

L. J. LaLone, secretary of the Michigan Veterans Trust Fund, said that more than 5,000 veterans would be denied bonuses under the general discharge ruling. Hundreds complained.

Then came the answer.

Attorney General Thomas M. Kavanagh ruled that the legislature intended to give the bonus to all veterans who were not dishonorably discharged.

And another crisis in state government was averted.

Parents are asked to help the Michigan Liquor Control Commission enforce the law against teenage drinking.

Chairman Frank Blackford said that increased penalties against tavern owners and package liquor dealers have not cut down measurably on the problem.

"We must get the cooperation of parents or we will fail to meet the problem," he said.

Enforcement officers note a general increase in under-age drinking every spring and have cracked down with legal weapons in state laws, but, until now, there has been a loophole.

One state law forbids a minor from possessing liquor in a car. Officers say youths hold their parties in parks. The law does not apply unless a minor and liquor are found together—in a car.

The 1955 legislature gave officers another weapon—a legal ban on possession in or outside a car. Blackford said the new law will help.

Stiffer penalties against licensees—up to 15 days suspension, an increase from the seven-day suspension—has not helped, he said.

"Now we've got to get help from the parents," he said. "There's a safety factor involved too, as well as the fact that drinking by a minor is strictly against the law."

PLYMOUTH DESIGNS WITH YOU IN MIND!

to put extra value in the low Plymouth price!

All cars have horns and wheels and headlights, but there's a lot of difference in the features of a car that add up to a value. Here are just a few of Plymouth's features that will add to your comfort and your convenience. In the low-price 3, you'll find them only in Plymouth!

Cornerposts of Plymouth's glamorous new Full-View windshield are swept back, top and bottom (not bottom only), for better, safer vision.

For more direct pillowing action, Plymouth mounts the longer-stroke front Oriflow shock absorbers inside the big front coil springs.

Plymouth places two hydraulic brake cylinders in each front wheel (other low-price cars use only one) for smoother stops, greater reliability.

Plymouth's brilliant Forward Look styling gives you better forward visibility by letting you see more of the road directly ahead of the car.

If you ever have a blowout, your Plymouth has Safety-Rim wheels which help hold a deflated tire on the rim while you slow to a safe stop.

Plymouth's Oilite fuel filter is located back in the fuel tank to protect the entire fuel system and engine from dirt and water. Plymouth is the BIGGEST, LONGEST, ROOMIEST car of the low-price 3. Look 4 Doors and no center posts!

It's the new kind of hardtop—The 4-Door Riviera!

YOU drop the side windows down on this airy beauty of a Buick with the solid steel roof—and it's as wide open as a Convertible, with no center posts to mar your view.

That's what makes it a hardtop. But what makes it a very special kind of hardtop is the fact that it has four doors instead of two.

Cheers? Brother!—they're really rolling out for Buick's 4-Door Riviera!

Now, you see, you can have the tremendously popular styling of a true hardtop combined with the room, comfort and full convenience of a 4-door Sedan.

And it took a completely new kind of body design to come up with this marvel—a new kind of body built to wholly new structural principles.

So it looks like Buick's done it again—because the 4-Door Riviera is a sweeping sensation across the nation. It's rolling off the assembly lines in volume numbers to meet the demand—in the high-powered CENTURY Series, and in the bedrock-priced SPECIAL Series, illustrated here.

And each one is all Buick—with record-high V8 power, the level steadiness of all-coil-springing, the extra roominess of a full-size Buick

Sedan—and, most certainly, with the instantaneous getaway response and bettered gas mileage of Buick's spectacular new Variable Pitch Dynaflo.*

Come in for a look at the brand-new kind of hardtop—the 4-Door Riviera. You'll find it priced at the modest extra cost of a 4-door model over a 2-door model—and a buy too thrilling to pass up.

*Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.

Mr. and Mrs. George F. Heydlauff

**Wanda Eschelbach,
George Heydlauff
Wed at Zion Church**

Wanda May Eschelbach, daughter of Mr. and Mrs. Harold Eschelbach, and George Frederick Heydlauff, son of Mr. and Mrs. Lloyd Heydlauff, were united in marriage in a ceremony performed at 4:30 p.m. Saturday in Zion Lutheran church, Rogers-Corner, by Rev. Ralph E. Piper of Zion Lutheran church, Ann Arbor.

The bride was given in marriage by her father.

For her wedding, she wore a gown of white tulle over taffeta. The fully-gathered skirt, extending into a chapel train, was trimmed with valenciennes lace which formed a V-pattern. Shirred tulle fashioned the short-sleeved bodice, outlined at the V neck and sleeves with valenciennes lace. Matching lace formed the sweetheart-style headpiece which held her fingertip-length veil of illusion. She carried a white orchid on a white prayer book.

Mrs. Robert Fischer of Ann Arbor, sister of the bride, for her role as matron of honor, wore white organdy embroidered in blue and white. In long torso style, the bodice featured a square neckline and short sleeves while the skirt was very full. A matching headband and a sash of powder blue taffeta completed her ensemble. She carried pink mums and roses.

The four bridesmaids, wearing gowns identical to that of the matron of honor, were Mariene Heydlauff, sister of the bridegroom, Mrs. Donald Eschelbach and Mrs. Roland Frey of Ann Arbor, and Ruth Eisemann. Their flowers were blue shattered carnations and mums.

Stanley Knickerbocker was best man, with David Crocker, Marty Tobin, William Rademacher and Gerald Heydlauff serving as ushers. The latter is a cousin of the bridegroom.

Soloist at the wedding was Mrs.

John Miller who sang "Wedding Prayer" and "The Lord's Prayer." She was accompanied on the organ by Mrs. Robert Warren of Temperance.

The bride's mother wore a rose-colored dress with matching accessories and the bridegroom's mother wore blue with blue accessories. Each had an orchid corsage.

Approximately 200 guests attended the wedding and the reception which followed in the parish hall. Assisting at the reception was the bride's godmother, Mrs. Arthur Koenigster who cut the wedding cake.

Also assisting were Karen Buss of Ann Arbor, who kept a guest book, Ruth Beuerle who was in charge of the gifts, and Mrs. David Crocker of Chelsea, Mrs. Floyd Parks of Kalamazoo, and Marion Peterson of Ann Arbor.

When the couple left for an eastern wedding trip, the bride was wearing a light blue linen suit with a lace blouse matching the jacket lining. She chose matching accessories and pinned to her jacket a white orchid from her bridal bouquet.

Upon their return the new Mr. and Mrs. Heydlauff will be at home at 151 Orchard street.

The bride is employed at State Savings Bank of Ann Arbor. Both she and the bridegroom are graduates of Chelsea High school and the latter graduated this month from Western Michigan College, Kalamazoo.

Entertainment honoring the bride prior to the wedding included five showers, the first being a crystal shower given by her 4-H club May 28 at the home of Mrs. Alfred Kuhl.

June 3, a linen shower was given for her by Mrs. Robert Fischer and Mrs. Donald Eschelbach at the home of the latter, and the next evening the Luther League of Zion Lutheran church held a miscellaneous shower with Mrs. Bruce Bycraft and Mrs. David Crocker as hostesses.

Another miscellaneous shower was given June 10 at the home of Ruth Eiseman, with Ruth Beuerle as assisting hostess and former classmates as guests.

The Lloyd Heydlauffs gave the rehearsal dinner at Cavanaugh Lake Friday.

**Nancy Jean Fowler

Her fingertip-length veil was held in place with a tiara of seed pearls and rhinestones. She wore a pearl necklace, a gift from the bridegroom, and carried a white prayer book which her parents had given her. The prayer book was topped with an arrangement of white roses and satin ribbon.

The bride's attendants included her two sisters, Donna Jean Fowler as maid of honor, and Beatrice Ann as bridesmaid. Their gowns were of lime green silk crystallette in princess style trimmed at the back with a bow and streamers.
