#### Lucky Child Will Win Free Pedal Auto on Next Visit

Chelsen High school band and Chelsen Fire Department trucks will escort Santa Claus from the high school grounds to the down town area when he arrives here Friday for a pre-Christmas visit to children of the community. The time of his arrival has been set for 2 o'clock.

This will be his only pre-Christ-mas visit until he returns Dec. 23 to award the push pedal automobile to the child who holds the ticket with the winning number. Tickets will be passed out on his first visit here and will also be included in all his answers to letters of children of the community. Santa Claus reminds all-children that they must be sure to include their name and address when they write to him or his helpers will not know where to send his replies and the tickets for the prize

When Santa arrives Friday he will get his mail out of the special red-painted box directly in front of the post office. No postage is required for mail sent to him by means of this special box. How-

Mr. and Mrs. H. T. Moore visited Mr. and Mrs. A. L. Gagnon in it. Sunday afternoon.

NEEDLEWORK GUILD INGATHERING -- Results of the Chelsen Needlework Guild's annual ingathering and tea held on the third floor of the Municipal building Friday afternoon, totaled approximately 500 articles of clothing and household linens, according to Mrs. H. T. Moore, local chapter president. She said an exact count was not yet available but it appeared that the contributions included a nice assortment of underwear, children's articles of clothing, towels and other household linens. With the addition of Lyndon Extension club as an additional group and another group of St. Mary Altar Society members, headed by Mrs. Dorothes Hart, there are now 18 Needlework Guild groups and directors. Average for each director, Ht is believed, will reach a total of 30 articles, which is eight more than the required 22. Location of the ingathering this year proved especially convenient since the Chelses Community Social Service Committee now has its depot located in a room on the third floor of the Municipal building. The Social Service group sees to the local distribution of clothing and lineas contributed by the Needlework Guild. Officers and directors of the Needlework fiulid, shown above are, left to right, Mrs. E. W. Baton, fourth vicepresident; Mrs. H. T. Moore, president; Mrs. R. W. Wagner, treasurer; Mrs. Thomas Smith and Mrs. P. G. Schaible, directors; and (seated) Mrs. Elton K. Musbach, second vice-president and membership chairman. Officers not present when the picture was taken are Mrs. William Geddes and Mrs. John Fischer, vice-presidents; and Mrs. Dwight Gadbery, secretary.

#### Safe Driving Day Scheduled Dec. 1

The President's Committee for Traffic Safety is again sponsoring a special day dedicated to safe driving S-D Day. The date is Dec. 1, next Thursday, and the aim is to hold deaths and injuries to the lowest possible level for a 24-hour period.

While perfection probably is too much to expect—even for one day—from a combination of about 72 million drivers and 58 million motor vehicles, no sensible person would argue for a minute that the usual toll cannot be substantially cut by more sensible driving.

It's too bad that such a worthwhile effort must be limited to only one day. The sponsors apparently think so, one-day exeception. We could make every day S-D day.

There lies the irony of our traffic accident problemthat it takes a presidential blessing and a high-powered educational effort to achieve reasonable conduct on the highways for only one day of the year.

Safe driving should be the year-round rule, not the one-day exception. We could make every day S-D day."

We add our hopes to those of the Washtenaw county sheriff's department and the village police department that our entire county can exercise a little extra care and not only have a perfect record on this special day but can continue the safety program through the holiday period ahead.

A Time To Be Truly Grateful for Our Many Blessings in This Land of Plenty

THANKSGIVING is a time for family gatherings . . . for heartfelt rejoicing in the blessings-of-home, family, peace and plenty. It's a time to be-joyful . . . and a time to be quietly, prayerfully grateful because the abundance and freedom our forefathers dreamed of are ours in reality. On this Thanksgiving, we join in giving thanks, and among our blessings we count the opportunity of serving you during the past year. May we continue to serve you in a manner that will ever deserve your patronage.

"With thanks to all our customers and friends"

### Be sure you get a Modern Truck

Look for new CONCEALED SAFETY STEPS - a mark of today's most modern trucks that new Chevrolet Task-Force trucks bring you. They stay clear of snow, mud and ice to give you firmer safer

This is just one of the ways you're way ahead with new Chevrolet trucks! They're today's most modern trucks.

And that holds-good under the hood! These handsome huskies offer you the shortest stroke V8's\* in any leading truck. Or, you can have the most modern valve-in-head six on the market. All engines have a 12-volt electrical system.

You get today's most modern cab, too - with advanced features like the sweeping panoramic windshield, bigger side and rear windows, and High-Level ventilation.

And you get the most modern truck styling going. Chevrolet trucks are Work-Styled for your job.

Still another thing you'll like about new Chevrolet trucks is their modern Ball-Gear steering. It makes turning and ma-

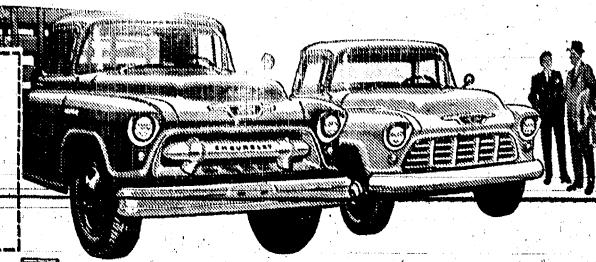

neuvering far easier. Come in and see why anything less is an old-fashioned

\*V8 standard in L. C. F. mod els, optional in most other models at extra cost.

# New Chevrolet Task-Force Trucks

Watch the Deal! Why pay more for an old-fashioned truck?

New Chevrolet trucks wear the same low price tags. No increasest Come in and check our dollar-saving deal on the most modern model for your job!

The 1956 Buick SPECIAL 4-Door Riviera

THIS ONE is the news-maker that's frontpage big.

This one is the new Buick Special for 1956 -the biggest bundle of high-powered energy and high-fashion luxury ever offered in Buick's lowest-priced Series.

Just a quick listing of some certain facts will give you the picture.

First-its engine is a big new 322-cubic-inch. V8 engine with an all-time high in horsepower for this Series-and an engine that hits the record book at a neat 8.9 to 1 compression ratio.

Second-its getaway-with the doubleaction take-off of the new Variable Pitch-Dynaflow -- is spectacular even at only part throttle-and comes with a new boost in gas mileage to boot.

Third-on ride, this new Special is more than great - what with all-coil springing, and torque-tube stability, and a new deepoil cushioning, and a whole new front-endgeometry that adds a wonderful "sense of direction" to the car's travel.

Fourth-on room, luxury, interior finishthere's never been a Buick Special like this before. From the big, broad seats to the stunning now instrument panel—there's new -decorator smartness and quality throughout.

But get the picture on price, and you have the biggest reason why this sizable automobile is so extra special a buy.

For this Buick comes to you at a figure so close to those of the most widely known smaller cars, the difference in price is small

So-come in and see and sample this beauty. You'll find it, we firmly believe, the biggest package of automobile at anywhere near its budget price.

\*New Advanced Variable Pitch Dynaslow is the only Dynaslow Butck builds today. It is standard on Roadmaster, Super and Century-optional at modest extra cost on the Special.

SEE JACKIE GLEASON Every Solurday Evening

### Toward Improved Health

More than one-third of our nation's people voluntarily and freely pay for medical or hospital care in a movement toward improved health and welfare in the history of the world.

Every phase of this activity is laudable. The cooperation of industry and its employees, and the foresight of breadwinners to invest money in their families' health in advance of actual need, are evidence of progress. Active participation of the medical profession is evidence of its stature.

The desire for improved health, and the newly found personal pride and dignity of the individual are universal; and you may depend upon us, as upon your physician, in the achievement of these objectives for your family.

# Suddenly you know how a jet pilot feels!

It happens like that when you drive this fabulous '56 Pontine.

You know you're in for a thrill the moment you hear the muted purr of the exhaust as the all-new Strate-Streak V-8 comes to life.

At first you'll just want to sail along, smooth and easy, drinking in the new sensations. This long and lovely creation stops, starts, turns, moves and goes with swift and sure precisionas though in response to your wishes themselves.

You lean back luxuriously, listoning to the miles whisper past. Then, ahead, you see the opportunity you've been looking for . . . the highway up front arching high over a hill. You touch the accelerator lightly—and only for a

moment. Instantly, that great Strato-Streak. V-8 takes over. Smooth as soaring, the rush of power catapults you up and over . . . your solo

flight! This is how it feels . . . seemingly limitless power at your command smooth, effortless power for the slower pace of city driving, jetfast in an emergency to flick you safely past loiterers on the highway.

By this time you're certain-Pontiac has everything-size, beauty, roadability and with it the greatest "go" and safety ever built into

Drive this fabulous '56 Pontiac and find out how it feels to fly, This car will show you-fast!

Greatest "Go" On Wheels

No other car performs like a Pontlac because Pontiac alone has the Strate-Streek 1'-8most modern and efficient power plant in the industry. For 1956 this great engine delivers 227 blazing horsepower! For the "go" of the Try the terrific take-off of the fabulous
