## Color Contest Sponsored by The Standard

Kiddies Through  
9 Years Urged To  
Enter Competition

Ten Christmas cartoons appearing on page 6 in today's issue of the paper launch the 1955 Christmas Coloring Contest sponsored by The Chelsea Standard for the pleasure of children of the community.

Eligible to participate in the contest are all children through nine years of age. They may enter one or more of all of the cartoons if they wish, but each one should be plainly marked with the name, address and age of the child who colored it.

First, second and third prizes will be awarded for each cartoon, making a total of 30 prizes which will be given to the winners by Santa Claus when he makes his pre-Christmas visit here Friday, Dec. 23.

Parents are asked to see that contestants do not work on the pictures without assistance.

Cartoons should be sent to Christmas Coloring Contest Editor, The Chelsea Standard, Chelsea, Mich. All entries must be received by 6 p.m. Friday, Dec. 16.

Cartoons may be put into Santa's special red mail box in front of the post office. No postage will be required if they are put into this special mail box; however, if the entries are sent by regular mail proper postage stamps must be affixed.

PAUL D. BAGWELL

## Farm Guild Convention Scheduled

Paul D. Bagwell, head of the Department of Communication Skills at Michigan State University's basic college, will be the guest speaker at the Tuesday evening session of the annual convention of the National Farmers' Guild to be held in Chelsea next Tuesday and Wednesday. The convention takes place in the Knights of Columbus hall.

The Tuesday evening meeting, which is open to the public with everyone invited to attend, will begin at 8 p.m.

Professor Bagwell has traveled widely in the United States and in Alaska and Hawaii as well as 32 foreign countries.

In 1950 he was named "outstanding citizen of the year" by the Veterans of Foreign Wars Auxiliary and in 1951 he was the recipient of the Freedom Forum award in public speaking. During World War II, he received distinguished service awards for civilian service to the war effort both from Michigan's Gov. Harry F. Kelly and from President Truman.

At present, Professor Bagwell is a member of the United States national commission on UNESCO; chairman of the expositions division of President Eisenhower's committee on employment of the physically handicapped; a member of the board of directors of the Lansing Chamber of Commerce and is active in many civic affairs, professional organizations and honorary learned societies. He has been affiliated with Michigan State University since 1938.

Delegates will gather for the opening business session at 10 a.m. Tuesday.

Present national officers of the Farmer's Guild are Julian Leonard of Reynolds, Ind., president; Frank Mingo of Cleveland, Ohio, vice-president; and F. G. Rayburn of Grand Rapids, secretary-treasurer.

LT. BRAGDON BARLOW

## Memorial Services To Be Held Sunday For Lt. B. Barlow

Memorial services are to be held at 4 o'clock Sunday afternoon in the Presbyterian church in Ypsilanti for Lt. (j.g.) Bragdon Barlow, Navy Air Force flyer who was lost Aug. 26 while on a training flight over the Gulf of Mexico.

Approximately 140 miles west of Pensacola, Florida.

Lt. Barlow, who was 25 years old, had been commissioned an ensign in September, 1954, and received his wings in December. He was stationed at Jacksonville, Fla., and had previously trained at Corpus Christi, Texas.

He was a graduate of Chelsea High school and later attended Michigan State Normal College, Ypsilanti.

Lt. Barlow is survived by his widow, the former Genevieve Barnaby of Ypsilanti; a 16-month-old son, Barton; his parents, George and Laura Barlow of 3229 McComb street, East Ann Arbor; two brothers, Robert of Dexter and Thomas, who recently entered army service and is stationed in Kansas; two sisters, Mrs. Robert Pace (Sue) now in Germany, and Ruth Ann at home; the maternal grandmother, Mrs. Jenny Burr of East Ann Arbor; and the paternal grandparents, Mr. and Mrs. T. H. Barlow of Chicago, Ill.

The Barlow family formerly resided in Chelsea for a number of years.

## Basketball Teams Win First Games

Chelsea's cage squad won the first game of the season, played at the first Tuesday night. The varsity game score was 75-55 and the reserves won by a score of 44-11.

Couch Ray Glasser said Dexter was weakened by the fact that their big center, Mike O'Malley, did not play.

Chelsea built up a 10-point lead in the first quarter and never relinquished the lead throughout the game. The lead ranged from 10 to 20 points.

At times Chelsea was a little ragged because of the fact that there were four new players among the starting five replacing four players who graduated last year; however, they played a consistent game all the way through and were never in trouble at any time.

High scores in the varsity game were Bob DeFanti, 18 points; Bill Roberts, 17; John Jones, 14; Don Mohr, 14; and Hugh Weinberg 10. DeFanti was the only veteran player in the starting five.

High scorer in the reserve game was Loren Keizer with 14 points. The first league game will be played at Saline, Friday night, when Chelsea will be playing against a team considered one of the strongest and possibly the strongest of all teams in the Huron Valley League this year.

## Two County Youths Entered in National 4-H Demonstration

Frances McCalla of Whitmore Lake, and David Haldus of Dexter, represented Michigan in the national demonstration teams competition held Tuesday at the Congress hotel in Chicago as part of the activities of the National 4-H Club Congress.

The two Washtenaw county boys are one of 14 state champion teams who tried for the honors.

Title of their demonstration is "Loss Prevention in the Handling of Swine."

Many phases of reducing livestock losses were covered by the demonstration teams, including outwitting the insidious cattle grub, proper handling of live stock for marketing, and many other pertinent subjects.

Purple, blue, red and white ribbons and cash awards were offered by Livestock Corporation, Inc., a non-profit educational and research organization of Chicago, maintained by voluntary contributions of all branches of the livestock and meat industry.

Contestants, parents and leaders were guests of Livestock Conservation, Inc., at a buffet dinner in their honor Tuesday evening at the Congress hotel.

## Mothers Fete Grid Team Wednesday

Hugh Weinberg,  
Tim Schulze Chosen  
Co-Captains for '56

At the annual football banquet at Chelsea High school last night, Hugh Weinberg and Tim Schulze were announced as next year's co-captains. They were introduced by this year's captain, Ted Nixon. Weinberg quarterbacked this year's team and Schulze was a fiery guard on the team. Both will be seniors next year.

Chosen as "most valuable player of the year" was senior halfback Jim McLaughlin who led the Bulldogs in scoring with 10 touchdowns and 8 extra points for a total of 68 points.

Named "most improved player" was Kenny Bauer, solid middle guard who led the defensive line in fine play this year.

Nearly 100 letters were awarded at the banquet to Ted Nixon, Jim McLaughlin, John Jones, Don Mohr, Glen Weir, George Collier, Joe Bauer, Neil Fahner, Jay Ferguson, Hugh Weinberg, Bud Guest, Tim Schulze, Howard Brown, Ken Bauer, Jim Keizer, Don Harris, Bill Lake, Odis Richardson and John Eisenbeiser.

Letters went to Paul Weber, Jack Cattell, Bob Fischer, Jack Williams, David Wolfgang, Douglas Collier, Dennis Gary, Ed McDaniels, Loren Keizer, Bob Eder, George Mayer, Olen Hart, Jim Mohr, Terry Gentner, Donald Ferguson, Jerry Sattethwaite, Jim Gray, Larry Schramm, Jim Heylauff, Bob Smith, Don Wood and Steven Bristle.

Guests of the football squad at the banquet included the cheerleaders, Marilyn Honbaum, Becky Miller, Arlene Paxton, Priscilla Neal, Lynn McManis and Forrest Greenwood, Superintendent, and Mrs. Charles Cameron, Mr. and Mrs. Jack Musser, Principal and Mrs. John Griffin, Mr. and Mrs. T. David Pines, Mr. and Mrs. Russell Altshetter, Coach Ray Glasser and Coach and Mrs. Alan Conklin.

Mrs. Homer Nixon, mother of Captain Ted Nixon, was in charge as chairman of the committee of mothers of football players who served the banquet.

POOR SANTA-CLAUS was almost swamped by a large crowd of eager, wide-eyed youngsters who crowded in Sylvan Town Hall Friday afternoon to visit with the jolly old man. Santa will be back for another pre-Christmas visit Friday afternoon, Dec. 23. In the meantime, he wants Chelsea youngsters to write to him, giving their name and address, so his helpers can send his replies and include a ticket for the push-pedal toy automobile which he will give away to the holder of the lucky ticket Dec. 23. The toy automobile is a gift from the merchants of Chelsea.

VISIT WITH SANTA-CLAUS—Dorian Hofhansian, 2 years old, was slightly tearful as Santa Claus held him on his lap on his first pre-Christmas visit to Chelsea-Friday afternoon. Dorian is the son of Mr. and Mrs. John Hofhansian of Manchester. Steve Erskine (in foreground) 4-year-old son of Mr. and Mrs. Ralph Erskine, had told Santa Claus he would like a toy cash register as one of his Christmas gifts, and Brian Policht (at left, facing camera), who is 5 years old, expressed a wish for a tool set. He is the son of Mr. and Mrs. Andrew Policht. Behind the crowd of eager youngsters are the Christmas train and other brightly colored decorations which had been arranged in preparation for Santa's visit by Mrs. Lucile Kelly, kindergarten teacher at South Elementary school. An assortment of toys of various kinds was arranged on the stage for the festive occasion. The toys were loaned to Santa Claus for the afternoon by Merkel Bros. Hardware and Groves & Co. to \$1.00 store as samples of what he will be putting under the Christmas tree for Chelsea youngsters Christmas morning.

## Kiwanis Club Christmas Party Set for Dec. 12

Announcement was made at the Kiwanis club meeting Monday evening that the annual Ladies' Night Christmas party is scheduled for Monday, Dec. 12, in the social center of the Methodist church.

Benjamin R. Bower, who had a public showing of his water color paintings at Jackson, Sunday, was the guest speaker at Monday's meeting. He explained his technique of depicting actual scenes by means of colored indelible pencil drawing and water application.

Started as a hobby, he later studied at Michigan State University and commercial art schools. He told Kiwanians he does not know of any other artist who uses his technique in water color art.

Bower, who is employed in the office of Waterloo Area headquarters, was introduced by H. T. Moore.

## Anderson's Opens Branch Store in Saline

Anderson's Department Store has opened a branch store in Saline. It has been announced. The local firm took over the business of the former Saline Variety Store operated by Mrs. Ellen Caswell, and is converting to a department store specializing in women's infants and children's wear, dry goods and household items.

Manager of the store is Mrs. Betty Burdick.

## Request Aid to Needy Be Coordinated with Committee

The Chelsea Social Service Committee, in a message to people of the community and to organizations, clubs and other groups, calls attention to the fact that the committee, originally appointed by the Woman's Club of Chelsea is now becoming a truly representative community committee receiving funds from the Chelsea Community Chest to carry on its work.

To prevent duplication of effort, with the possibility that some needy families might receive more than a fair share while others are forgotten, members working on the committee urge that all Christmas giving to the needy be channeled through the local Social Service Committee.

The committee's message includes the following:

"Christmas time will soon be here. We would like to call your attention to the less fortunate in the community; those families who, even in this time of plenty, must exist on very scanty provisions. There are children who do not have adequate homes, food or clothing. There are aged people whose incomes provide but a meager existence. We know who some of these children and families are; if you know of any child, aged person or family in need please report them to our committee."

"We know that there are people and organizations who want to help with this very rewarding work at Christmas. If you would like to give food or clothing or money to a family or child, we urge you to do it through the committee."

"The first call was received here at 6:10 p.m., Chelsea firemen remaining on the scene until approximately 8:30 p.m."

Cassidy Lake Technical School firemen were also called to the scene.

At 10:25 p.m., fire again broke out and the Chelsea firemen made another run. Approximately half of the residence was destroyed but most personal belongings of the occupants were saved, according to Fire Department records.

At 12:45 p.m. Tuesday a run was made to the corner of US-12 and Fletcher road where there was burning on a truck trailer loaded with natural gas tanks. Two tires were destroyed by the blaze.

## Residents Urged To Enter Annual Home Decorating Contest

### Suspect in Foster Car Theft Returned To Face Trial

Police Chief John Carman, acting for the Washtenaw county Sheriff's Department, went to Albuquerque, N. Mex. last week to bring back Darwin R. Robinson wanted here on charges of unlawfully driving away an automobile and for violation of probation.

Robinson's fingerprints were reportedly found on the car owned by Robert Foster which was wrecked a few minutes after it was stolen from its parking place on Washington street, Oct. 12.

Police Chief Carman made the trip to Albuquerque and return by plane leaving here Wednesday morning and returning with his prisoner Friday evening.

Robinson appeared in Municipal Court Monday morning and waived examination. He is to appear in Circuit Court Dec. 6.

### Village Storm Sewer Plan Being Studied

Problems related to the storm sewer drainage system of the entire village were discussed at a special meeting of the Village Council Monday evening, outgrowth of the discussion being to request Village President Maxwell G. Sweet to investigate the possibility of retaining an engineer or engineering firm for the village on a permanent basis.

It was brought out in the discussion that such an arrangement would prove a more efficient way to handle the technical details of village engineering projects.

Recognized as needing immediate attention are two areas in the village—the northern section and the southeast section.

The northeast section involves the drainage from McKinley street to North Main street and passing behind the Chelsea Spring plant.

The southwest section involves the Wilkinson street area and the question was raised as to whether this area is a county or village responsibility.

A special meeting of the Village Council also was held Wednesday evening, Nov. 23, at the request of the Council's Public Works committee, Joseph T. Merkel, Charles Slocum and Norman Eisenmann.

Purpose of the special session was to request authorization for addition of sand cushion to part of the Flanders street project. The action was taken when it was found necessary to change some of the specifications of the contract for the work as awarded at the Nov. 7 Council meeting.

### Christmas Seal Sale Ahead of Last Year

Mrs. Warren Daniels, president of the Washtenaw county Tuberculosis Association received reports yesterday from Mrs. Lois Hopkins, the executive secretary, which show that Christmas Seal Sale receipts, to date, in Chelsea and the county are somewhat higher than those for the same period last year.

In Chelsea, receipts credited for this year, to date, are \$219 while last year's figure was \$70.

County figures were \$2,482.15 Tuesday night as compared with \$6,326.20 in the same period in 1954.

To report the names of needy families or to offer help or contributions, please call Mrs. R. W. Wagner, Mrs. F. W. Eaton, or Mrs. Sallie Smith.

### Mill Lake Camp Director's Residence Destroyed by Fire

Chelsea firemen made two runs to the Mill Lake Group Camp Saturday night when the camp director's residence was severely damaged by fire. Don Goodson is listed as the director who occupied the house.

The first call was received here at 6:10 p.m., Chelsea firemen remaining on the scene until approximately 8:30 p.m.

Cassidy Lake Technical School firemen were also called to the scene.

At 10:25 p.m., fire again broke out and the Chelsea firemen made another run. Approximately half of the residence was destroyed but most personal belongings of the occupants were saved, according to Fire Department records.

At 12:45 p.m. Tuesday a run was made to the corner of US-12 and Fletcher road where there was burning on a truck trailer loaded with natural gas tanks. Two tires were destroyed by the blaze.

### Display Need Not Necessarily Be of Electric Lighting

F. W. Merkel announced this week that the Chamber of Commerce is again sponsoring a Christmas home decoration contest. Merkel is chairman of the 1955 event.

Entry blanks are included in today's issue of The Standard and all people who plan to have outdoor decorations up for the Christmas season are urged to enter the contest.

It has been pointed out in previous years that many effective home decorations were of prize winning quality but could not be considered by the judges because they had not been officially entered. The decorations do not need to be in place before the entry blanks are submitted. The blanks may be mailed or handed to the contest chairman.

As in former contests, originality and simplicity are stressed and only outdoor decorations are eligible. The exception is where indoor decoration is used in connection with the outdoor scheme and is plainly visible from the street.

Decorations should be in place from Dec. 18 through Jan. 1.

Prizes to be awarded are \$15 for first place; \$10 for second place; and \$5 for third place.

Judging will take place Dec. 23, beginning at 6:30 p.m.

### Local Window Shopper Days Are Scheduled

Window Shopper days are scheduled to be held in Chelsea Friday and Saturday of next week, Dec. 9 and 10. These are the days when prizes are placed in downtown store windows and all that window shoppers need do is match the number they will find in their Dec. 8 issue of The Standard to the number on a prize. When they find the article bearing their number they may claim it by going into the store and showing the merchant the matching number.

For the convenience of holiday shoppers Chelsea stores will remain open evenings until 9 p.m. Monday, Dec. 12; Friday, Dec. 16; Saturday, Dec. 17; Monday, Dec. 19; and Wednesday, Thursday and Friday, Dec. 21, 22 and 23. Saturday, Dec. 24, stores will close at 6 p.m.

Customary Friday evening hours (open until 4 p.m.) will be observed Dec. 2 and 9.

### Five Deer Invade Floyd Fowler Orchard

At about 11 a.m. Saturday five young deer leaped into the yard through the fence at the Floyd Fowler farm on Sibley road. They passed through the orchard and garden, jumped a 6 1/2-foot chicken fence and proceeded to the Gaunt farm.

It appeared there were two spikehorns and three does in the group. One caught his hoof on the chicken fence and rolled over but the other four made the jump without mishap.

Union Thanksgiving  
Offering Given to  
Library Building Fund

The offering received at the Union Thanksgiving service held Nov. 23 at the Methodist Home, amounting to slightly more than \$50, is to be contributed to the Chelsea Public Library building and site fund, it has been announced.

Mr. and Mrs. Walter Bauer and children were Sunday dinner guests at the home of Mr. and Mrs. Floyd Proctor of Manchester. Thursday the Walter Bauers were guests at a family Thanksgiving dinner at the home of Mr. and Mrs. George Bauer, Jr.

Mr. and Mrs. F. E. Grimes of Gregory, were Thanksgiving guests of Dr. and Mrs. L. J. Paul. The Pauls' daughter, Cynthia, was home from Michigan State University for the holiday. Guests from Sunday evening included Mr. and Mrs. Paul's sister and her husband, Mr. and Mrs. Thiel Post of Charleston, Ill.

**Dinner Party Honors Garnett Weirs on 25th Anniversary**

Mr. and Mrs. Garnett Weir observed their 25th wedding anniversary Tuesday, Nov. 22, and were honored at a surprise dinner at a Dikboro restaurant that evening by their daughter, Jacqueline and a friend, Doris Collins.

A feature of the dinner was a beautifully decorated anniversary cake.

The party spent the evening in Ypsilanti as guests of Mrs. Weir's sister and brother-in-law, Mr. and Mrs. George Wheelock.

At the noon dinner hour at Colonial Manor hospital, where Mrs. Weir is employed, Mrs. Nellie Flood and the hospital staff surprised her with the presentation of a silver "money tree" in observance of her anniversary.

Mr. and Mrs. Weir were remembered with many gifts and cards from members of their family and from relatives and friends.

Married Nov. 22, 1930, the Weirs have made their home here since that time. Mrs. Weir is the former Marguerite Krantz.

Their family includes a son, Jimmy, and three daughters—Jacqueline and Mary Alice, at home, and Mrs. Douglas Egeler.

Mrs. Egeler is the former Barbara Weir. She and her husband observed their fifth wedding anniversary on the date of her parents' 25th anniversary. They were present for a family Thanksgiving dinner at the Weir home Thursday.

**Principal Griffin Concludes Talks with College Freshmen**

John Griffin, Chelsea High school principal completed a series of conferences with college freshmen on Tuesday of last week when he visited Michigan State University. He had previously spent a day at the University of Michigan and at Western Michigan College at Kalamazoo.

Freshmen he interviewed were all graduates of Chelsea High school and he was gratified to hear that they feel their high school background had been adequate as preparation for their college careers. Griffin said he found that all are doing well in their work and intentions point to satisfactory work and better by the end of the first college semester.

At the University of Michigan Nov. 10, Principal Griffin checked with Neil Buehler, William Eisenbeiser, Judy Gilbert, Ralph Owings, Linda Walker, Theodore Sims, Buddy Johnson and George Gilligan.

At Western Michigan College, which he visited Nov. 17, Principal Griffin conferred with Philip and Richard Bareis and Bruce Hoffman.

Last week Tuesday at Michigan State University he talked with Connie Steinbach and Jim Hibbs who are Chelsea freshmen there.

Plight of state Republicans was outlined in Muskegon last week by D. Hale Brake, who spent more than 20 years as an elected official in government.

"It won't be easy to regain control of Michigan's government," he said. "It looks like Gov. Williams will seek a fifth term, and he'll be hard to beat," he continued. "The Republicans will have to put up a top-flight candidate, and even then, it won't be easy."

Hoping for peace within the party, Brake warned that the GOP cannot stand a bitter primary battle next year. "There were no announcements among candidates after the 1954 primary," Brake pointed out, "but there was feeling among backers of the losing candidates, and the election campaigns lacked interest."

Recalling that "there hasn't been a majority candidate for Governor on the Republican ticket since 1938," Brake feels it would be advantageous if Republicans in rough agreement on a gubernatorial candidate who could command support from a majority of Republicans.

At present three names pop up as possible candidates. Mayor Albert Cobo, Detroit; Representative Gerald R. Ford, Jr., Grand Rapids; and Alvin M. Bentley, Owosso.

Cobo is given much attention on grounds he could pull a heavy Wayne County vote. Republicans hope to gain substantially there while polling usual majorities elsewhere. But it is also said that his health prevents him from running, that he wishes to retire.

Ford is considered a strong possibility with personality advantages. But he holds an office in Washington which might be lost to Democrats if he should win in Michigan. His financing is believed rather limited so that he would be hard pressed, should he lose.

Bentley, who announced that he would step aside if either of the other two entered the race, looks to many like the strongest possibility. Bentley's home area is more solidly Republican, reducing danger of a Democrat gaining his seat should he leave the House in the Nation's Capitol for the governor's desk in the State Capitol.

"The Republicans can't afford the luxury of a primary fight," commented Bentley.

The GOP spring convention will take place in Detroit, May 8, in the fall they will meet in Grand Rapids on Sept. 1.

Primary election takes place Aug. 7 and the general election on Nov. 6.

This leaves time to do much re-arranging. By Nov. 6, it can be judged how well this time was put to use.

Funds to bring more industry to the state will be sought by the Michigan Economic Development Commission. A request for \$125,000 will be submitted to next year's legislature. Specifically the money will be used to advertise advantages of locating industry in Michigan. Biggest share of the sum, about \$60,000, would be used for space in national business magazines. Smaller amounts will be budgeted for an industrial promotion television film, a Michigan supplement of the New York Times, exhibits at manufacturers' conventions and a national publicity campaign.

Other states are spending \$3 million this year in attempts to lure Michigan industries to other localities. Dan Gerber, president of Gerber-Baby Foods and Commission member, announced.

If granted, the \$125,000 will become the first appropriation by the state to promote itself in this manner. Some promotion has taken place, but most of it was privately financed by power or transportation companies.

Recent figures show 234 plants in 110 Michigan communities looking for new tenants. The fall edition of the Economic Development's Available Plant Summary, sent to 8,000 industrial realtors and manufacturers, showed this information.

It also showed that since the spring inventory of plant sites, 60 of the 255 then listed have been occupied. Of the 234 plants available now, 216 are in the Lower Peninsula.

Capitol landscaper architects lost a point to Senator Bert J. Storey (R-Holding).

Last year, he complained bitterly on the floor that shrubbery blocked off the inscription under the statue of Gov. Blair, the state's chief executive during the civil war.

It took a long time, but Storey finally won.

Workmen dug out the tall shrubs and put back some cushion yews, a small evergreen variety which look best when trimmed to knee height.

"Now people can read of the accomplishments of one of Michigan's great governors," said Storey.

Storey has a special interest in old wars and warriors—he is 76, and a veteran of the Spanish-American war. He played cornet in an army band, and was younger than the army thought.

"How poor are they that have not patience!  
What wound did ever heal but by degrees?"  
—Shakespeare.

## DOGS

By Farley Manning

### DOGS IN THE NEWS

The fastest traveling dog in the world is probably Major Fritz, a German shepherd mascot for the 146th Fighter Interceptor Squadron of the Pennsylvania Air National Guard.

According to current news stories, he's been shot at in the air during a tour of duty in Korea, had to make two parachute jumps, and once made a flight riding in a specially constructed under-wing tank outside the plane.

However his title of world's fastest traveling dog comes from the fact that his present owner, Lt. Lynn A. McKinney, who flies a Republic F-84 Thunderstreak, jet fighter bomber of the type that broke the transcontinental record with a speed of 652 miles an hour.

But a story of another kind currently making the rounds is probably receiving even more space than the news of this speedy canine.

It seems that a little boy was just closing the deal for a newly weaned puppy. He had picked the one he wanted from the litter and was preparing to depart when the kennel owner had a moment of doubt. "Oh dear," she said,

"perhaps I shouldn't let that one go. I'm not really sure he is big enough to eat yet."

A look of alarm came over the little boy's face. "Gosh, lady," he said, "I don't want to eat him—I love him."

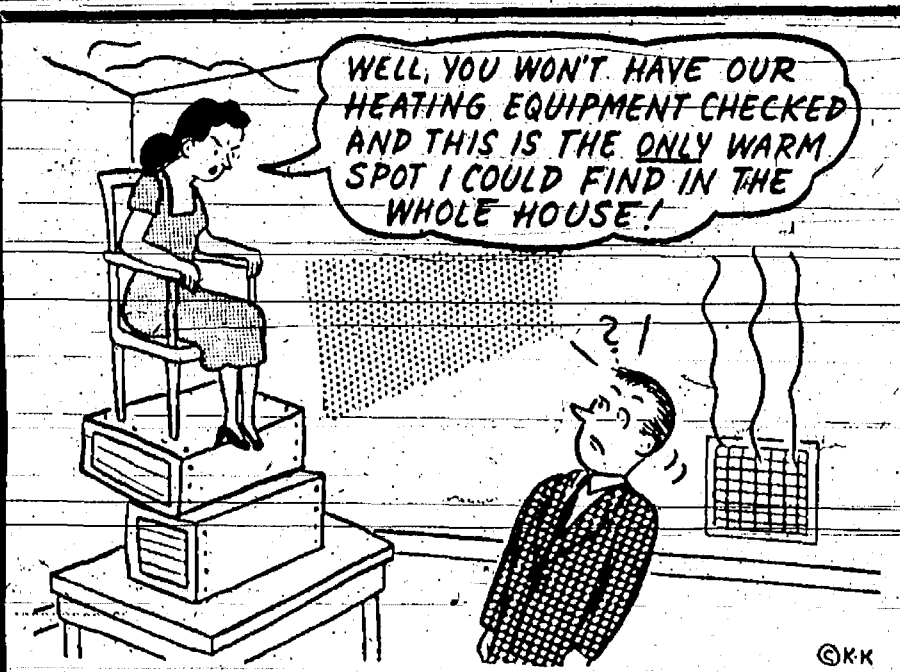

And in Myrtle, Mississippi, Gordon Simmons, trainer of shooting dogs says you can judge the temperament of a dog just as you can a man—by looking at his eyes. "There are sly dogs, just as there are sly people," he says. "And you can recognize them in the same way—by noting the way they look at you."

### Inertia Hurts Many Communities, Editors Told at Conference

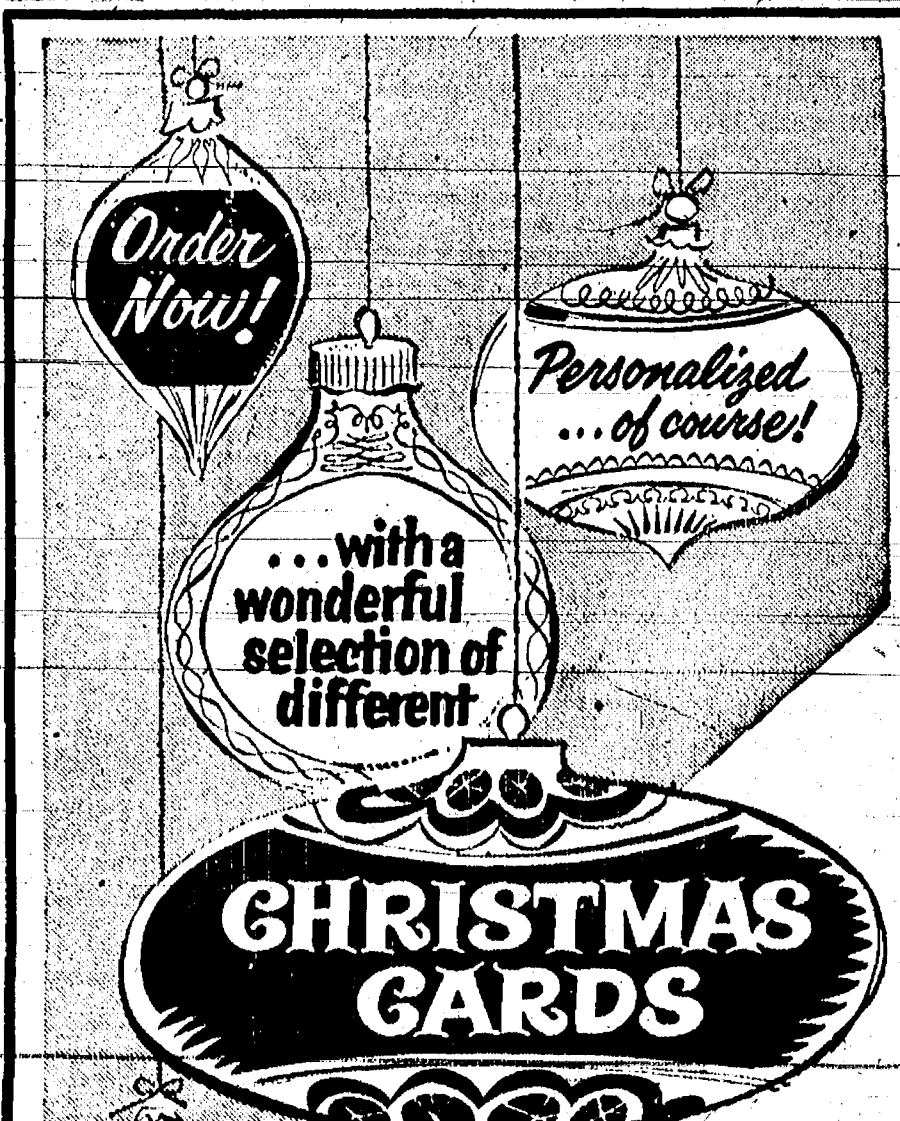

The disease of inertia is destroying many communities, H. Clay Tate, Illinois editor, told the Fourth Annual Community Editorial Newspaper Conference at Michigan State University.

"Communities facing decay may have all the essentials of good communities, except informed, cooperative, determined and flexible citizenship," he declared.

"We are beginning to put up historic markers where thriving villages once stood. Communities must be more progressive. No longer are residents captive customers in any one community," declared Mr. Tate, editor of the Bloomington, Ill., Pantagraph.

**Stilbestrol Proves To Be Gain Booster For Cattle Feeders**

Most Michigan beef cattle feeders are now convinced that stilbestrol in the fattening ration is an efficient gain booster.

They came to that conclusion following the fall Cattle Feeders Day at Michigan State University, according to MSU animal husbandmen.

Dr. Wise Burroughs of Iowa State College told the feeders about extensive research findings on the use of the hormone in cattle feed. He said tests results from most of the nation's experiment stations gave the following conclusions.

Cattle will gain up to 20 per cent faster with the hormone in the ration. And they will make their gains on 13 per cent less feed.

## More Than Spray Needed To Erase Dutch Elm Disease

Ann Arbor—You can't lick the dreaded Dutch Elm Disease just by spraying your trees, says a University of Michigan professor of forest pathology and botany.

Dow V. Baxter, who has been studying this serious conservation problem for almost 30 years, cites the chief hazard as "the timing, or recently-killed, elm which serves as suitable wood for breeding bark beetles, the vector for the fungus."

"The prompt removal and destruction of such wood is of prime importance," he states. "And, when used to supplement a sanitation program involving both, spraying with an application of DDT is helpful," he amplifies.

A current outbreak of the disease among Michigan's elms has focused public attention on ways of lessening its ravages.

"There's a double expense involved in the problem," Professor Baxter points out, "since you'll want to plant trees to replace those you've had to destroy in checking the disease."

Still further expense will be entailed if the sick trees are part of a formally planned landscaping program this expert declares, since their destruction will throw future plans out of kilter in addition to wiping out the value of all previous work. "You're just inviting trouble if you street-plant elms formally," he maintains.

Dutch Elm Disease was first diagnosed in the U. S. in 1920 when it appeared in Ohio. Since it is an introduced fungus from abroad it centered in ports of entry, veneer plants and railroad distributing yards.

The fungus is transmitted from elm to elm by the activities of a beetle which feeds on the trees, leaving wounds which are excellent places for the fungus infection to grow.

Professor Baxter lists the external symptoms of Dutch Elm Disease as: curling leaves which show wilting, yellowing or browning, bark which dries out and dies, and discoloration of the outer annual rings. If the bark is peeled away larvae of the elm bark beetles may be found—though they are only carriers, not causes, of the disease.

"One thing is clear," Professor Baxter says, "the beetles prefer unhealthy trees, so keep your elms healthy by watering and fertilization."

A giraffe moves both left feet at once, then both right feet at once, which gives it a very awkward running and walking gait.

## THE MIDDLE GUARD by LES BINGAMAN

WHEN MIGHTY Doak Walker steps onto the playing field of Briggs Stadium Sunday, Dec. 11, in the Lions' final game of the season against the New York Giants, it will mark the last time he will ever stand on the gridiron as an active participant.

Thus will come to an end a fabulous career in football, a superlative career that spans six seasons as one of the nation's outstanding pro backs, four years as the brightest star ever to shine at Southern Methodist University and another four years as a young high school gridiron wizard.

In my book, Doak Walker is the finest halfback I ever played with or against. He can do just about everything. He is a good runner, a fine passer, a superb receiver and an excellent place kicker.

Only 5-foot-10 and 172 pounds, Doak's slight stature (for professional football) has not held him back one bit in the money game. He has compiled an enviable record in many statistical departments.

## Leading League

As of the Lions' ninth game, the Doaker was leading the league in points scored, and he may well end up the season with that honor, despite the fact that we're not suffering from an overabundance of points this year.

This wouldn't be the first time for Doak. He achieved the point-scoring title with 128 in 1950, his very first year in the league, and it was just 10 shy of the record. He has been among the league's top scorers in three other seasons, and last year ranked second with 106 points.

In five and three-quarter seasons, the Doaker has caught 147 passes for 2,485 yards, scored 33 touchdowns, kicked 161 extra points and

piratory diseases. Plenty of fresh air, he says, is one way to ease production losses due to colds.

Schmitt points out that no one drug or medication will specifically cure virus respiratory diseases. He insists that good management of the flock can make the drops in egg production much less damaging to the pocketbook.

Get the birds to eat when colds hit the flock, Schmitt also advises. The chickens will eat more if the mash is wet. Feeding a crumble or pellet type mash will help, too. And adding antibiotics to the feed also seems to bolster the chickens' appetite.

For small chicks, the pathologist suggests increasing the heat. He reminds owners of flocks producing hatching eggs to give booster shots for Newcastle disease and infectious bronchitis before hens are too far into production. Booster shots are needed even though the chickens were vaccinated at an earlier age.

Plenty of Fresh Air Advised for Sick Chickens

Chickens with colds need a good breath of fresh air—not the stale air of a closed up poultry house.

That's the prescription S. C. Schmitt, extension poultry pathologist at Michigan State University, gives for chickens with res-

## Tree Rings Tell Modern Forester More Than Age

Ann Arbor—Sherlock Holmes has nothing on foresters at the University of Michigan Biological Station, at least when it comes to the mysterious past of Michigan's woodland areas.

Stephen H. Spurr, U-M professor of silviculture, explains that tree cross-sections often give important clues for the forester "detectives of the woods."

Using as an example a recently cut tree, Professor Spurr points out that the foresters have traced, through ring counting, the tree's birthdate back to 1750.

He says that the sudden increase in width of rings shows a sudden growth spurt around 1853. "Such growth increases usually indicate a fire or windstorm which destroyed surrounding trees," he adds.

Professor Spurr states that one such wide ring alone "is apt to stand for a particularly wet year, giving us an idea of what was going on at that time."

Pointing to black marks, or scars, on the rings, the professor explains that they give evidence of fires at the time. As an example, the log he mentioned sported such a scar in the ring marking the year 1876.

"History records a great logging movement in the area at that time, and following the job, the trees were always burned over," he states. "This one particular tree was not valuable enough to be logged—but managed to survive that fire and many others," he adds.

Professor Spurr points out that foresters can even use the rings to record seasonal growth, for light rings indicate spring increase and darker ones, winter.

## Nation's Postal Trucks Displaying Ike's S-D Message

President Eisenhower's message urging that every day be "Safe Drive Day" are being displayed on 19,000 posters on postal trucks and in post offices in all parts of the country starting Nov. 21, and extending through Dec. 1, Postmaster Carl J. Mayer announced today.

"These posters will, it is hoped, make Americans more conscious of the toll in human life and misery occurring on the highways of the Nation," Mayer said. "It is appalling to realize that on an average day 25,000 accidents occur, 100 people die, 5,500 are injured with property damage exceeding \$10 million."

The Post Office Department, through the Safety and Health Division of the Bureau of Personnel, is again emphasizing the importance of making S-D Day, Dec. 1, an accident-free day both on and off the job.

Cook beet greens in a small amount of water for greater food value and better taste. Raw beet greens add extra tang to a tossed salad.

Get the birds to eat when colds hit the flock, Schmitt also advises. The chickens will eat more if the mash is wet. Feeding a crumble or pellet type mash will help, too. And adding antibiotics to the feed also seems to bolster the chickens' appetite.

For small chicks, the pathologist suggests increasing the heat. He reminds owners of flocks producing hatching eggs to give booster shots for Newcastle disease and infectious bronchitis before hens are too far into production. Booster shots are needed even though the chickens were vaccinated at an earlier age.

Plenty of Fresh Air Advised for Sick Chickens

Chickens with colds need a good breath of fresh air—not the stale air of a closed up poultry house.

That's the prescription S. C. Schmitt, extension poultry pathologist at Michigan State University, gives for chickens with res-

piratory diseases. Plenty of fresh air, he says, is one way to ease production losses due to colds.

Schmitt points out that no one drug or medication will specifically cure virus respiratory diseases. He insists that good management of the flock can make the drops in egg production much less damaging to the pocketbook.

### Easy Coins A Quick Profit

Hear about Easy Roberts last Friday? I helped him count his money—both before and after—so believe me, the story's true.

Easy was on the way to the bank to deposit his "cookie-jar" savings—exactly \$24.95 in nickels, dimes and quarters. He had them in a paper bag and as we crossed Main Street the bottom fell out.

Money went flying. Passers-by pitched in to help recover the coins. Later on when Easy counted up, he had \$25.05. The "search party" had turned up all of

Easy's money plus ten cents someone else had lost!

From where I sit, I wouldn't want to try this "Easy" way to make money. Usually, it takes time for a bank roll to grow...

Just as it takes time for a friendship to grow—but by respecting a neighbor's rights—including his right to drink coffee, tea, beer or buttermilk, whichever and whenever he chooses—it's wonderful the solid friendship you can build.

You can "bank" on that.

## ALL-STEEL BEAUTY at a steal of a price

The 1956 Buick SPECIAL 4-Door, 6-Passenger Estate Wagon

IN NO uncertain terms, this one makes your travel  
hours prideful as well as practical.

It's all Buick, you see—all 1956 Buick.

Which means a new lift to anyone's spirit—from the new sweep-ahead look of it—the new might of its 322-cubic-inch V8 engine raised to lofty new power highs—the new sizzle of its advanced Variable Pitch Dynaflo®—the true sweetness of its great now ride.

But it's a lot more than that.

It's Buick's highly versatile Estate Wagon—now substantially lowered in price for 1956—and how much more practical can you get than that?

For with this one, and for an easy-to-reach figure—you

have a car with all the suavity of a smart sedan plus the all-duty handiness of a suburban vehicle. You have a car completely steel-bodied, so its exterior upkeep stays simple and inexpensive—and a car more than roomy enough to carry six and their gear.

You have a covered platform that's plain wonderful. It can take an inflated air mattress. It can freight a small rowboat and camp equipment. It can hold luggage, or golf clubs—or the results of a mad shopping spree, even if you go in for antique furniture.

You can even have the rear seat come, at your option,

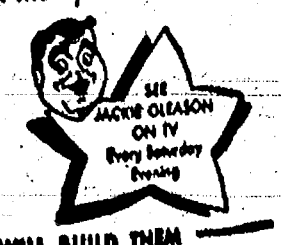

in a handy split-section that lets you carry both rear-seat passengers and extra-long loads like skis, or fishing rods, or young trees, or two-by-fours.

So what more can we say, except come see it.

The Estate Wagon is available in Buick's two lowest-priced Series—the budget-tagged SPECIAL, and the high-powered CENTURY. And, we repeat, both newly lowered in price for 1956.

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

IT DOESN'T ALWAYS PAY TO BE BRAVE...

Adults too often will put on a show of courage with a "cold," rather than retire and rest—and call the Doctor. Pneumonia sometimes attacks such stalwarts.

Do not try to be brave with a "cold," however simple. Follow the well-established guidance—rest, eat a well-balanced diet, and drink plenty of water and fruit juices. If symptoms persist, call your Doctor promptly, while there is still time for treatment of the current illness and prevention of possible hazardous complications. If medicines are indicated, we will be happy to render the best in Pharmaceutical service in filling your Doctor's prescriptions.

# Predict Milk Prices To Hold Steady Throughout 1956

Look for milk prices to hold steady throughout 1956, according to a report by the U. S. Department of Agriculture. The report states that the supply of milk is expected to be adequate to meet demand, and that prices are likely to remain stable. The report also notes that the cost of feedstuffs is expected to remain low, which will help to keep milk prices down.
