

# SANTA CLAUS SCHEDULES VISIT HERE FRIDAY

## Late Christmas Eve Service Scheduled in Two Local Churches

### Others Plan Special Holiday Programs Saturday Evening

Several Chelsea area churches are planning special Christmas Eve programs and services.

Among these are St. Mary's Catholic church where Midnight Mass will be held and the Methodist church where the Christmas Eve service will begin at 11 p.m. At St. Paul's Evangelical and Reformed church the Christmas service will be held at 7 a.m. Sunday. There will be no further service or Sunday school that day.

The Congregational church will have its Christmas service at the 9:30 a.m. Sunday service hour.

St. John's Evangelical and Reformed church at Rogers Corners will have a Christmas program at 4 o'clock Christmas Eve, while Zion Lutheran church at Rogers Corners will begin its Sunday school Christmas Eve program at 7:30 p.m.

Bethel church in Freedom township will have a program Christmas Eve at 7:30 p.m. for older children of the Sunday school and the church choir.

At St. Barnabas Episcopal church a children's Christmas party is being held at 7 o'clock Christmas Eve (Thursday).

A number of churches held their Christmas programs for the children last Sunday. St. Paul's church and the Methodist church groups maintaining at social hours following the programs at the respective churches.

### Christmas Story Hour Scheduled For Children

A Christmas story hour for children will take place in the Chelsea Public Library Wednesday, Dec. 28, at 3 o'clock in the afternoon and all children of the community are invited to attend.

Arrangements have been made for Mrs. Lucille Kelly to be the "story lady."

### Salk Polio Vaccine Expected This Week

The Washtenaw County Health Department is expected to receive additional Salk polio vaccine from Lansing the end of this week. The amount expected will be sufficient for approximately 2,000 inoculations.

CHelsea HIGH'S varsity basketball team started the 1955 season by handing Dexter a 75-55 defeat. Playing somewhat erratically they now own a 2-2 record with defeats by Saline and Milan and another win over Lincoln. Members of the team, shown here, from left to right, front row, are Hugh Weinberg, Don Mahar, Bob DeFant, Glen Weir and John Jones. In the middle row are Bud Guest, Ted Nixon, Donald Harris and Ed. Wenk. Those in the back row are Jim Baxter, George Stauf, Frank Fredericks, Gene Owens and Ed. Walker.

## Winners Told In Decorating Competition

### Harold Dove Home Awarded First in Annual Contest

The Harold Dove home on Arden Place, McKinley road, was judged to be first place winner in the fourth annual Chamber of Commerce residential decoration contest.

Winner of the second place award was the M. W. McClure home on Washington street, while third place was awarded the Don Houle home on McKinley street.

Judges for the contest included Leslie D. Lyon, lighting engineer for Consumers Power company of Jackson, Mrs. Lucile Kelly and Robert Merkel.

Judging was originally scheduled to take place Friday, Dec. 23, but was moved forward to Tuesday, Dec. 26, because the Jackson bridge could not be here Friday.

Since entries were required to be in place Dec. 18, the change in the date for selecting winners did not inconvenience contest entrants.

Visible from McKinley road, the Dove home decoration showed "originality and creativeness" according to the opinion of the judges. The display features Santa Claus with his sleigh and reindeer mounting toward the roof top from the ground. Grouped nearby are figures of carolers under a lamp.

The McClure home display, selected by the judges for its "appearance of dignity," showed the Christmas tree and candles in the windows, decoration of greens and colored lights on the porch columns and tall electric candles at either side of the front door.

The Don Houle display, selected as third place winner because of its originality and special appeal to children, has garlands of greens and lights outlining the architectural lines of the porch and floodlighted figures of Santa Claus and giant candy canes on the lawn.

First prize award is \$15; second prize \$10; and third prize, \$5.

Honorable mention was given the Donald Alber home on McKinley street; the J. V. Burg home on Wilkinson road; the W. G. Kolb home on Summit street; and the East Middle street home of Mrs. Emma Seitz.

Judges commented on the civility and consciousness evidenced by displays of business places and others not eligible for entry in a residential contest. Mentioned particularly were Colonial Manor hospital staffs, the Methodist Home and the Christmas Crib display on the lawn of the McKune house.

Again, as in former contests, judges mentioned the fact that several fine home displays were not entered in the contest and thus not eligible to be considered for prizes.

CHRISTMAS DECORATIONS—The Manger scene above, on the grounds of the Methodist Home, in front of the chapel, has created a great deal of interest and people of the community are being invited to drive out and see the outdoor scene as well as the special decorations inside the building. The outdoor scene was arranged by Al Greenlee, in charge of maintenance. Included are life-size figures of Mary and Joseph with the infant Jesus, shepherds, wisemen and animals. Arranged under a tall, illuminated pine tree, and floodlighted at night, the display creates a striking effect.

## Salary, Fringe Benefit Scale Adopted for City Employees

At the regular meeting of the Chelsea Village Council Monday evening, a formal salary and fringe benefit schedule for all village employees was approved, to become effective Jan. 1, 1956.

The plan was presented in the form of a motion by Trustee Malcolm Bruce and was supported by Trustee Norman Elsemann. The Council voted unanimously in favor of the motion.

The schedule includes job classifications, salary ranges, general fringe benefits, vacation plan, sick leave plan, Christmas bonus plan, and pension and hospitalization plan.

Included in the job classifications is a police patrolman whose shall be on the day shift and whose duties shall include school crossing guard, meter patrol, violations bureau, and license bureau. The salary range schedule formally specifies hours of work for employees and some changes in overtime payment for supervisory employees. Non-overtime employees were designated as exempt, and overtime employees non-exempt.

Fringe benefit provisions allowed a more flexible overtime allowance, rate range progression, uniform allowance for police officers, automobile allowance for certain employees, week-end standby provisions for public works employees, and a sergeant classification in the Police Department.

The vacation plan allows exempt employees 1 week vacation after 1 year of service, 2 weeks after 3 years, and 3 weeks after 10 years. Non-exempt employees are eligible for 1 week vacation after 1 year, 2 weeks after 5 years, and 3 weeks after 15 years.

The sick leave plan remains as before, 1 day sick leave allowance for each month of active service, to a maximum of 60 days.

The Christmas bonus plan provided a \$5.00 per year bonus for each year with a minimum of \$50.00 and a maximum of \$75.00 for exempt employees, and a minimum of \$25.00 and a maximum of \$50.00 for non-exempt employees. Part-time employees will receive \$10.00.

The pension plan is with the Michigan Municipal Employees' Retirement system and the employee shall contribute not more than 5 per cent of his wages, including Social Security deductions. The contribution of the Village will be 8.54 per cent of payroll plus 2 per cent for Social Security. An automatic retirement at age 70 will go into effect as of Jan. 1, 1961.

The hospitalization and surgical benefit plan is with Blue Cross of Michigan and is of no cost to the employee for himself or his family.

Benefits included in the schedule will cause an estimated additional village cost of 10 per cent of payroll. The Council approved the increase in cost as justified, commensurate with the increased costs and benefits provided for comparable municipal and industrial employees.

In other action at the Council meeting it was decided that George Doe shall, as soon as possible after the first of the year, be transferred to the day shift and be reclassified as Police Patrolman.

This move is in accordance with the Council's approval of the new wage and classification schedules effective Jan. 1, 1956.

That action was recommended by Police Chief John Carman who has extensively surveyed the village with the help of the state police, Sheriff's department, and police officials of other comparable communities who agree that our police force can be strengthened to the taxpayers' advantage by better training, meter patrol and violations bureau administration. Such strengthening should be of no added cost to the village due to increased parking meter revenue.

A new patrolman shall be employed to take over regular patrol car duty as of Jan. 1, 1956.

The authority for this move was through a motion by Trustee Malcolm Bruce, supported by Trustee Joseph Markel. Trustees voting in the affirmative were Malcolm Bruce, Joseph Markel, and Norman Elsemann. Trustees voting in the negative were Darrell Larson, Claude Spiegelberg, and Charles Slocum. President Maxwell G. Sweet voted in the affirmative breaking the tie and causing the motion to be approved.

### Color Cartoon Glamorous Future Society Editor Born to Publishers

Mr. and Mrs. Walter P. Leonard, publishers of The Chelsea Standard, are announcing the birth of a daughter, Elizabeth May, Friday, Dec. 16, at U. of M. Women's hospital, Ann Arbor.

Contrary to some reports, a delay in deciding on a name for the baby was not because "a boy was expected" but simply because in the rush of the Christmas season at the office (and because a hasty choice in such an important matter did not seem advisable) there was no time to make the important decision. The parents and The Standard staff are happy that the new arrival is a little girl. She weighed eight pounds and eight ounces at birth.

Mrs. Leonard and Elizabeth May are fine and are expected to be home from the hospital for Christmas.

### C. of C. Yule Party Features Pictures Of Hawaiian Trip

Rev. Walter Geske and Robert McPherson, both of Howell, were guests at the Chamber of Commerce "Ladies' Night" Christmas dinner Wednesday evening of last week, McPherson being the guest speaker. He showed colored pictures of a trip to Hawaii which were much enjoyed by those who attended the dinner.

Anton Nielsen, Chamber of Commerce president, presided at the meeting and Charles Lancaster was program chairman.

Group singing was in charge of Paul F. Nicholas with Mrs. Nicholas as piano accompanist.

### FIRE DEPARTMENT MAKES TWO RUNS WEDNESDAY

Chelsea Fire Department trucks made a run to the Floyd Balmer home on Beaman road shortly after noon yesterday when smoke and soot filled the basement because of a blocked chimney.

About 6 p.m. Wednesday they were called out again to the residence of Owen Cavender, 421 West Middle street where a chimney burned out.

### Chimney Fires, Reviving Freight Train Engine, All In Week's Work for Firemen

At 5:30 p.m. Tuesday, Dec. 13, the Chelsea Fire Department was called to the Roma Salyer home, 117 North street, because of a chimney fire.

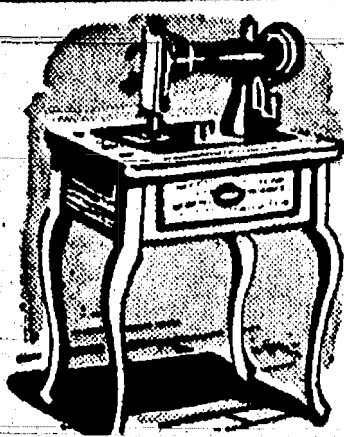

Thursday at 6:55 a.m., a call was received for water for the steam engine of a freight train which was stalled here until water for the engine could be taken on. Approximately 7,000 gallons of water was pumped into the engine's boilers.

Mr. and Mrs. Charles Mascola of Detroit, will be Christmas Eve and Christmas day guests of Mr. and Mrs. John P. Cook.

KIDDIES CHRISTMAS PARTY—At the UAW-CIO Children's Christmas party Saturday afternoon, Santa Claus stopped handing out Christmas stockings long enough to have his picture taken with several of the children who attended. Shown with him, from left to right, are David Blass, Sandra Sharp, Debbie and Becky White, Joyce Sharp and Kenneth Blass. They are children of Mr. and Mrs. William Blass, Mr. and Mrs. Kermit Sharp and Mr. and Mrs. Delbert White. Becky White, who will be two years old Dec. 30, was thrilled to be standing directly in front of Santa Claus and held tightly the Christmas stocking filled with goodies that he had given her. A total of 1,350 children attended the three shows given at Sylvan theatre and each received a Christmas stocking. Assisting the UAW-CIO co-chairmen, Eugene Hagaman and Lee Creech, in putting on the party were representatives of Chelsea Spring, Central Fibre, Chelsea Products and Federal Screw Works divisions of Local 437.

## UNADILLA

Sunday morning regular church service will be held at 10:30 but there will be no Sunday School. Mr. and Mrs. William Pyper were in Ann Arbor and Howell Saturday. Mrs. Harry Cooper spent a few days this week with relatives in Detroit. The choir will present a Christmas pageant in the church Saturday evening at 7:30. The public is invited. The children's Christmas program and party will be held in the Unadilla Hall Friday evening at 7:30. Everyone is invited. A visit is expected from Santa Claus.

The Community class met in the Hall Saturday evening. Christmas boxes were packed for 17 shut-ins and older folks. Mr. and Mrs. Ralph Wright and son visited the former's mother and Mr. and Mrs. Glenn Wright in Detroit, Sunday. Miss Lucille Cooper of Ann Arbor is spending a two-week holiday vacation with her parents, Mr. and Mrs. Harry Cooper. Saturday evening visitors of Mr. and Mrs. Milo Corser were Mr. and Mrs. Ralph Harris of Pinckney.

The annual congregational meeting will be held at the Hall Friday evening, Dec. 20, with a pot-luck supper at 7 o'clock. Reports will be read by the various treasurers, and election of church officers held.

Arlene Paxton, Hubert Brown and Kent Pickett are enjoying a two-week vacation from their studies at Chelsea high school. Mr. and Mrs. Glenn Shattell of Walled Lake, spent Sunday at the Harry Cooper home.

Mr. and Mrs. Edwin Corser, Mr. and Mrs. Emory Pickett, and Mr. and Mrs. Fredrick Corser and children were Sunday dinner guests of Mr. and Mrs. Harold Corser in honor of the third birthday of their son, Kim.

Perhaps your own yard has trees and shrubs which would provide decorative greenery for the holiday season. Foresters at Michigan State suggest Douglas fir, yew, arborvitae and holly as appropriate. But, they caution, trim your evergreens carefully. Make cuts with a sharp knife or sharp pruning shears. Also make the cut close to the tree limb so that no ugly stub is left.

The present strike of Detroit's three major newspapers cannot be helped by your paper delivery boys. Do not forget them at Christmas.

Two Fined in Justice Court  
On Drinking, Driving Charges

Iron Wireman paid \$25 fine and costs as an alternative to spending 15 days in jail on a charge of *intoxicated and disorderly* when he appeared before Justice of the Peace William Polchard Friday. Assessed \$100 fine and \$10 costs the same day when he pleaded guilty to a charge of driving while under the influence of liquor was Eldon Weinberg. Alternative was to have been 60 days in jail.

Poultry Expert  
Says Watch Market  
Signs with Broilers

The fact that each person in the United States is eating more broilers is not a go-ahead sign for unlimited expansion in broiler growing. This comment comes from H. E. Larzelere, farm economist at Michigan State University. Larzelere says that increased consumption does not necessarily mean increased demand. If production is large and there is no increase in demand, prices are lowered to move the increased number of broilers.

In explaining some of the changes in demand for broilers and fryers, Larzelere said prices are usually lower the last three months of the year in spite of smaller supplies. Competition due to seasonal marketing of farm chickens (old hens and cockerels) and turkeys causes this. Increase in demand comes from warm weather when consumers want meat to broil or fry rather than to roast or bake.

Since relative demand and available supplies both affect price, highest prices may not occur when demand is strongest. Large supplies can overcome even a good demand. For this reason, broiler growers will want to keep an eye on the trend of chick placements and relative demand at various times of the year.

In planning a year's production, Larzelere advises growers wanting to raise three lots of birds to be ready to sell during March, June and September. For those wanting to raise four lots, Larzelere suggests being ready to sell in January, April, July and late September.

A dairy herd improvement association organized at Fremont, Mich., 50 years ago was the foundation of all DHIA work in the U. S.

No person is a cripple unless he thinks he is. This has been illustrated many times by handicapped people who go on, ignoring their handicap and leading a normal, happy, productive life. A chap in Minnesota had both hands and feet frozen off several years ago, and manages very nicely on artificial ones. The editor of a newspaper in California is helpless from the neck down, and manages a paper very nicely. We know a lady who has been bedfast for 53 years, has written several books, carries on a large correspondence, and is as happy as a robin with a fat worm. What reasons do you have to grump so???

On, at least—like I used to be—you wonder what secrets you can entrust to your attorney. A while back, I was a little worried about whether I had figured my income tax right and paid all that I should have. I wanted to talk it over with an attorney and get set straight, but I knew that would mean going pretty deep into my private business. I trusted the attorney all right, but I wondered if there was a way the law would allow anyone to make him talk about my personal affairs.

I found out, too. The answer was a flat "no." As a lawyer has agreed that you are his client, he is sworn to protect the secrets you tell him in confidence. No court or person can compel him to break a confidence, unless you by your own words or deeds give consent.

This is bound by the strict rules of conduct set up by his profession, and would be subject to discipline for revealing information given by a client while performing his duties as an attorney. The lawyer's clerk, stenographer, or anyone else he employs are also governed by this rule against telling secrets.

This privilege as to matters between lawyer and client arose in very early times and has come down to us as part of the common law. Everyone has a fundamental right to advice of counsel. To be able to give you this assistance in personal and business affairs as well as criminal matters, your lawyer must know all the facts surrounding your case and you must feel free to tell him everything without fear. If there were some way the law could make him talk, it would be the same as denying you the right of assistance of counsel.

Although the law is on your side when you take your attorney into your confidence, when you have done wrong—or suspect you may have—this applies only to what has already happened. If a client tells an attorney his plans to commit a fraud or crime in the future, the bars are down. A lawyer can no more be a party to wrongdoing than anyone else. Just like you and me, he must take steps to prevent crime and protect the intended victims. That's his duty.

**GIRL SCOUT NEWS**

**TROOP 67**  
Girl Scouts of Troop 67 went caroling on the north side of town Friday evening and then went to North Elementary school for a Christmas party.

Games were played and hot chocolate and cookies were served. Girls drew names for Christmas gifts and brought toys for boys in a hospital.

There will be no further meeting until Jan. 4.

Girl Scouts of Troop 68 met at 4 o'clock Wednesday afternoon and had their Christmas party and exchange of gifts.

There will be no meetings during the holidays.

**THIS IS... CHRISTMAS**

Christmas is a tree with bright lights and tinsel and the Star atop. It is a tumble of gifts, wrapped with pretty ribbon, beneath its green boughs. It is the light and faith in little children's eyes on Christmas morning. It is the choking feeling of joy in mother's heart as the packages are opened. It is the year that waits in dad's eye and be tries to hide it with a grin. It is the remembrance of many other Christmases by grandmother and grandfather, undimmed by golden time.

It is the sermon of the Story of Bethlehem. The hymns of the choir, the candlelight service, the softness of children's voices, the peace and goodwill that can come into men's hearts.

Christmas is the big tall tree in school, the only tree some of the children can call their own. It is the striped candy cane. It is the joyful music of chiming and church bells, the carols from the record shop, the spirit of the season that makes strangers friends.

It is the garland and the candle in the window, the cards on the mantel, the wreath on the door, the mistletoe hung for fun. It is sincerely in a handshake, the wishes of glad tidings, the vocal meaning in the hello from neighbors.

Christmas is a light. A light that vanquishes darkness; the light of charity.

**Far-Off Lands Come to Life In Yule Toys**

**GEOGRAPHY** comes down the chimney on Christmas Eve.

In the flood of toys soon to spill out into the nation's living rooms will be the touch of many different lands. Beside a teddy bear, replica of Australia's maraupial furred koalas, perhaps will stand a carved wooden farm scene from German Bavaria, a South American gaucho doll, or a miniature pagoda made in Japan.

Similarly, the United States; now the world's leading toy maker, sends abroad its wild west costumes, its shiny playtime trucks and cars and earth-moving equipment, its small-scale railroads and sky scrapers to delight children all over the globe.

Toy industries in Germany and Japan are on the upswing again. Germany was among the first nations in the world to make tin horses on wheels, engines that ran, animals that walked, birds that sang. Now U.S. buyers go back to cities such as Nurnberg for the output of ingenious middle-aged inventors.

New toys that startle the world often come from Europe. One such is a German duck which, when set on an incline, proudly walks down the slope. Another is a recent gadget from Denmark called a "tippe top," a wobbly sphere about the size of a small apple that suddenly flips upside down and continues spinning on its stem.

Winston Churchill was intrigued by the top when he first saw it. In Stockholm, the King of Sweden, a cabinet minister and an atom physicist, a Nobel Prize winner, got down on their hands and knees at a banquet to study the mysterious flip-flop action.

As a mirror of mankind's culture, toys reflect the progress of civilization. Yet an amazing similarity can sometimes be seen between the toys of long-forgotten eras and the playthings of today.

**NATIVITY SCENE** This scene is repeated on thousands of lawns of private homes and public buildings in the home towns of the nation during the Christmas season.

The area around Jericho, Palestine, lies about 800 to 850 feet below sea level—yet it grows tropical fruits in great abundance.

The average U. S. bomber, when fully loaded, carries enough gas to run the average automobile 40,000 miles.

**ITALY** (Bene Natale)—Shepherds gather in villages on Christmas Eve to play musical instruments as townsfolk sing sweet Nativity songs. Thousands flock to St. Peter's in Rome on Christmas Day.

**GREECE** (Kala Kristouyeha)—Decorated trees, greeting cards and gift exchanges are season highlights. New Year's Eve is really the top holiday, with big dances, parties and other celebrations for young and old.

**Margaret L. Schaible Becomes Bride of Harold B. Sutton**

Holiday greenery and white Fuji chrysanthemums banked the altar of St. Paul's Evangelical and Reformed church Saturday at the wedding of Margaret L. Schaible and Harold B. Sutton, Jr.  
The bride is the daughter of Mr. and Mrs. Paul G. Schaible and the bridegroom's parents are Mr. and Mrs. Harold B. Sutton of Long Branch, N. J. Officiating at the double-ring ceremony was the Rev. Paul H. Grabowski.

The bride, who was given in marriage by her father, wore a gown of white satin. It's long neckline was outlined by silk cording with inserts of silk illusion. A voluminous skirt of unpressed pleats, falling from a basque waist, formed a circular chapel sweep. Her two-tiered veil of silk illusion cascaded from a Juliet cap. She carried a bouquet of white Fuji chrysanthemums encircling a red poinsettia.

Sprigs of holly and red carnations surrounding white poinsettias were carried by the matron of honor, Mrs. Paul G. Schaible, Jr., of Ferndale, and the bridesmaids, Miss Lois Elmer, of Royal Oak, and Miss Laura Hoffman, of Ann Arbor. Their ballerina gowns of red velvet were fashioned with three-quarter sleeves, boat necklines and princess-style bodices. Their costumes were accented by matching red velvet headbands, wisped with veiling and a sprig of holly.

James Van Loon, Jr., of Clifton, N. J., assisted the bridegroom as best man and guests were seated by Paul G. Schaible, Jr., brother of the bride, and Frederick Jackson of Pittsburgh, Pa.  
Following the ceremony, a reception was held in the adjoining church parlor where the decor also suggested the holiday season. Mrs. Schaible greeted guests in a gown of silver-green satin with matching hat and accessories. Mrs. Sutton wore a navy blue tulle faultle of-the-shoulder gown with matching accessories. Each wore a white orchid.

For traveling, the bride wore a tuxedo suit accented by a pale blue hat. Following the honeymoon in San Island, G.N., the couple reside at 101 Courtland Avenue, Detroit 11.  
The bride is a graduate of the University of Michigan and is a member of Alpha Xi Delta sorority. Mr. Sutton graduated from Trinity College and is affiliated with Delta Kappa Epsilon fraternity.

## U-M Group Compares Farm Families with Those in Cities

Ann Arbor—Are farm families really different from city families, and if so, how so, and how much? These are some of the questions a University of Michigan sociology research group asked itself a while ago, and they've since found some answers.

Under the direction of Assistant Prof. Robert C. Blood, Jr., the group studied 178 rural families in southeastern Michigan, comparing its findings with those of the University's Detroit Area Study (DAS). The DAS makes an annual survey of Detroit families.

One of the first things the farm study unit discovered was that not all farmers farm exclusively. Even among those who consider themselves primarily farmers, one fourth leave their fields long enough to work part-time in town,

most of them as semi- or unskilled factory workers, with only 1 per cent in the professions. Among the farm wives there are 2 per cent in the professions.

Although 35 per cent of the men quit school after junior high to take up their farming, 7 per cent of the women and 4 per cent of the men did go to college. Comparing this with figures for the city—10 per cent of the urban women and 15 per cent of the men have had some college training.

But if the farmers' college attendance was sparse, their church attendance is not. More than half of the farm families interviewed go to church once a week or more. Urban figures are similar, but the totals are not strictly comparable, the researchers state, because the city has three times as many Catholics—who as a group are known to be more frequent church-goers.

Almost half the farmers questioned are of German background, a quarter of them of English ancestry. More than half the farmers are at least third generation Americans. The city has a larger proportion of foreign immigrants and 22 per cent of its U. S. native born have moved up from the South, according to DAS figures. In the farm study no resettled Southerners were found, and no Negroes.

When asked their former residence almost three-quarters of the farmers said they had always lived in this area. Only 26 per cent of those currently living in the city report themselves natives to it.

The studies show that the farm population is much older than that of the city, with almost half the city dwellers under 40 and only one-quarter of the farmers. Another quarter of the farm husbands are over 65 while only 6 per cent have yet reached this age in the city.

Moving to the question of the farmers' incomes, researchers could arrive only at approximate figures since they learned it's hard for a farmer to keep records of all his income and because many do not include as income the food they raise and improvements made on the farm. They did discover half the families indicated less than \$4,000 for their total 1934 income. Only 7 per cent in the city said they earned a little.

In general, investigators learned, farmers tend to report more modest incomes than city folk, with only a few, 16 per cent, saying they cleared \$5,000 at least, and a very few, 3 per cent, claiming income of \$10,000 or more. In the city 13 per cent reported getting \$10,000 or more. Nevertheless, a whopping 75 per

cent of the farmers as well as urbanites have at least one TV set in their homes, and more farmers, 75 per cent, than citymen, 62 per cent, own the homes the sets sit in.

## Two things that make for SAFER driving!

The first and most important thing is you—the driver. As the highway safety organizations and law enforcement agencies point out, the courtesy, care, and common sense you show count more than anything else. You can drive any car safely — or foolishly.

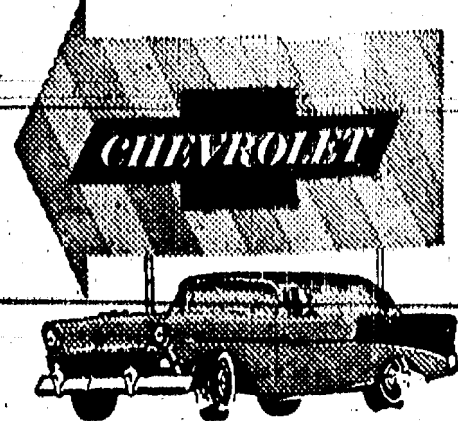

The second thing is the car itself. All cars are safer today. That's shown by the number of accidents in relation to the number of miles passenger cars are driven. The figure's been going down steadily and sharply.

Chevrolet engineers and designers have always made your safety a major consideration, introducing many such features as the all-steel top, safety plate glass all around, and windshield-wide defrosters into the low-price field. And this '56 Chevrolet is the safest one ever built.

Its lively new power means safer passing. Its special Ball-Race steering—the oversize brakes with Anti-Dive control—the Unisteel construction and safety door latches of its Fisher Body—the nailed-to-the-road stability that comes from outrigger rear springs, an advanced suspension system and better balance—the sweeping panoramic windshield — all these things add to your safety.

Seat belts with or without shoulder harness? Instrument panel padding? Of course, they're available at extra cost on your new Chevrolet. But the best protection of all is to keep out of accidents in the first place. And that depends mostly on you and the built-in safety of your car.

As your Chevrolet dealer, we'll be glad to show you the many safety features of the '56 Chevrolet.

Drive with Care... EVERYWHERE! Make December 1 and Every Day SAFE DRIVING DAY!

### Survival Is Not All

Tremendous gains have been made over the years in the skill and knowledge of the medical profession. Curing disease, accomplishing surgical miracles, and the discovery of new drugs can be classed as one of the wonders of the world.  
But survival is not all! Even though broken bodies can be mended and diseases cured, what about the broken spirits and mental anguish caused by financial strain due to accident and illness? You and I have seen it time and again.  
My Company, Woodmen Accident, has been furnishing protection against financial losses due to accident and sickness for 64 years. Such protection for you or your family costs only pennies a day! Let's talk it over—

**BAXTER'S MARKET**

**That's right —  
you can buy a '56 Buick**  
**\$2319.00\***  
**for only** **delivered locally!**

This one has moved a lot of folks to change their buying habits. For this strapping sweep of car is a Buick SPECIAL—solid Buick through and through, and sedan-big for six adults.

Yet the dollar difference between this beauty and the well-known smaller cars can be sifted down to a pocketful of pennies. (Actually, this Buick costs less than some models of those very same cars—as the price we show here proves.)

But the difference in brawn and breadth and fun and thrill—that's the clincher for the move to Buick...

Because here, folks find, is so much more sheer automobile for the money—big-car power, big-car ride, big-car performance and big-car room at a small-car price.

It comes from new, record-high power—from a big new 322-cubic-inch V8 engine, the same basic engine that powers the costlier Buicks.

It comes from a new Buick ride—backboned by Buick heft, sinewed by stout steel, leveled by all-coil springing, cushioned by triple-oil-volume shock absorbers.

It comes from a new and advanced Variable Pitch Dynaflo™

\*2-door, 6-passenger Buick SPECIAL Sedan, Model 48, illustrated. Any state and local taxes, additional. Prices may vary slightly in adjoining communities. A wide variety of extra-cost equipment and accessories available at your option

that brings you brilliant new getaway response and bigger gas mileage in your normal driving range—plus sizzling new full-power safety-surge when you floor the pedal and switch the pitch.

And it comes, of course, from Buick size and solidity and steadiness—and all dressed up in Buick's new sweep-ahead style.

So why not come in and try one on for size?

Drop in this week and borrow a key. What happens from that point on is pure thrill—aided and abetted by low prices that make this the best buy yet.

New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

## BAND PLANS SOMETHING DIFFERENT

The Chelsea Band is preparing a post-holiday concert which will be very different from any that have previously been given in Chelsea. They plan a band revue built on a Broadway production scheme rather than the typical concert program.

"Sequoia" and "Bugler's Holiday" are two of the numbers the band is presently developing. The former features the cornet trio of Donna Walls, Bob Balmer, and Byron Pearson.

## LIBRARY SERVICE UNINTERRUPTED

All school library books were returned for inspection by Dec. 16. Thus all students desiring books will have an unusually wide selection after vacation.

However, the Public Library will remain open as usual throughout vacation. Students are invited to use its facilities for study, research, or recreational reading.

The story lady will visit the Chelsea Public Library Wednesday, Dec. 23 from 3 to 4 o'clock. All children are invited to attend the story hour.

## HOME MAKERS SERVE OTHERS

The seventh-grade homemaking class has been making fudge. Mar- keta Young first brought her favorite recipe and demonstrated how to use it.

Homemaking I and II classes made cookies and candy and sent them to the Colonial Manor. Forty hour class made cookies and took them to Mrs. Kelly's kindergarten class. The class also showed the children how to decorate for Christmas.

Homemaking III class made Christmas gifts, including housecoats, aprons, lunch cloths, painted goblets, towels for children, stuffed horses, and table centerpieces.

## CHORUS CLUB KEPT BUSY

Chorus, under the competent direction of Miss Martha Smith, has been extremely active during the past week. The Tuesday evening concert involving three choruses was extraordinarily lovely; chorus helped present the music for the high school Christmas party Friday afternoon; yet somehow the club members found time to plan and stage one of the loveliest of the winter parties on Saturday evening.

Members worked most of Saturday on decorations to make a suitable background for the "dress-up" party. Corsages were furnished the ladies. Light refreshments were served. Music was provided by Jim Service's dance band. A feature of the evening was the grand march following the selection of the "king" of the evening.

## LANGUAGE CLUBS HOLD PARTIES

The Latin Club held their Christmas party on Dec. 13. Mrs. Schulze was not only in charge of entertainment and refreshment, but supplied the cookies and fudge. A regular business meeting was held.

The French club sang "White Christmas" and "Silent Night" at the school Christmas program. At the Christmas party held Dec. 9 Douglas Collyer served as Santa Claus. Entertainment and refreshments featured the meeting.

## PARTY FOR KINDERGARTEN

Mrs. Kelly's class was served cookies by the Homemaking I girls who visited the morning class. The girls helped the children decorate the cookies and later on played games with them. Everyone had a very nice time.

## SOPHOMORES AND FRESHMEN GAIN

The sophomore class is glad to welcome Connie Dyser, a transfer student from Stockbridge. The freshmen are also glad to have her sister Phyllis as a member of their class.

## STUDENT COUNCIL PLANNED CHRISTMAS ACTIVITIES

The student council decided to place the canned foods, which students brought for the needy, on the gym stage. The sophomores were appointed to move the food to the Home Ec. room after the party. Instead of exchanging gifts students brought this food, which is distributed throughout the community.

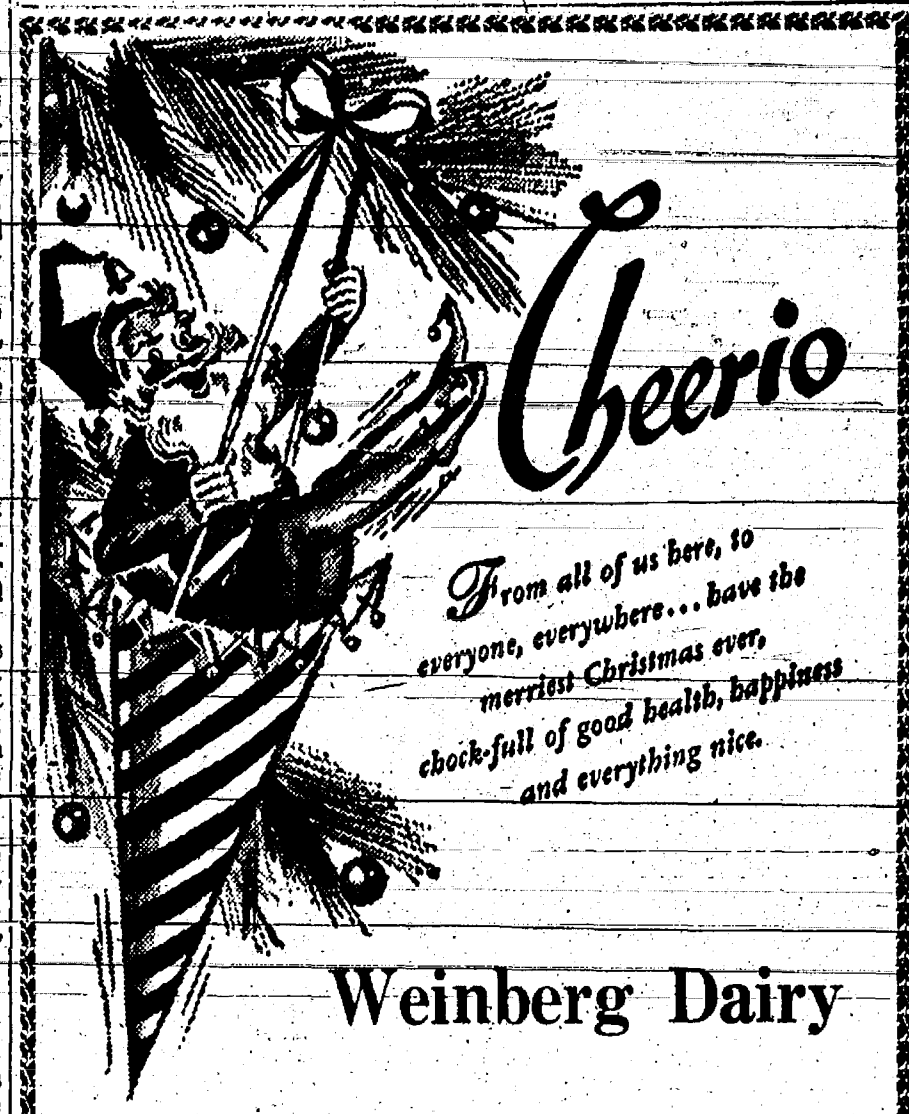

## SENIORS WORK HARD

Seniors are claiming that vacation isn't vacation any more with a 3000-word research paper due on

the first Friday in January. Two classes, sociology and government, are requiring the term paper. One such effort is enough say the seniors; and much moaning and groaning is coming from those people who went contrary to general suggestions and elected both classes the same semester, thus failing half to two of the difficult projects.

## SHOP NEWS

The shop boys have been very busy making Christmas gifts such as bowls, candleholders out of birch, plastic salt and pepper shakers, and plastic pen holders.

Police agencies are working around the clock and calendar to make life safer for people, but they want better tools.

Each year they develop a package of proposals for the legislature to meet these needs. Success varies.

This year, the Permanent Committee of the Michigan Association of chiefs of police, sheriffs, judges, prosecutors, the state police, and the attorney general's office had come up with old and new ideas.

Chief of the proposals is a general streamlining of Michigan's traffic laws, making penalties uniform for identical offenses all over the state.

"Present laws have not kept pace with the growth in automotive traffic and the increase in violation arrests," said State Police Commissioner Joseph A. Childs.

The committee said the present system is bogged down in action against drivers from other areas.

Though it was rejected in all forms by previous legislatures, the 1956 session will get a proposal from police to legalize mandatory use of chemical tests as evidence in court of drunk driving.

Childs said the law is in effect in 21 other states; that the bill for the legislature is patterned after them. It would require drivers to give advance consent before qualifying for a license to drive.

Police stress the fact that chemical tests can clear a driver as often as they can convict him.

Under previous proposals, tests showing less than .05 per cent alcohol by weight in the blood stream would rule a driver is not under the influence of intoxicants.

If the register indicated between .05 and .15 a driver could "prove" his sobriety. If it showed .15 per cent or over, the driver would be considered drunk.

Temperance groups already are opposed to the idea.

The Rev. Ross McLennan, director of the Michigan Temperance Union, said that "even one drink" could affect a driver and that the tests would not help enforce traffic laws.

Another proposal would include motion pictures under the state law now covering obscene literature.

Still others would make microfilms of official records admissible in court as evidence. This would speed up the use of central driving violation records.

Childs is getting ready to start the first of two new training schools which will add 200 more troopers to the State Police force by next Memorial Day.

He has assigned a research unit to determine "the worst of the worst" of 25 high-accident areas in Michigan for a special concentration of patrols during the next year.

Republicans are seeking a unified party organization for 1956. To that end, a 44-member committee was appointed with the idea of bringing together the major elements of the party to organize for the next campaign.

Party spokesmen claim the committee is a natural follow-through after all possible candidates for governor laid down a single, dominating condition:

"We don't want a bruising party scrap in the primary."

One elder statesman in the party said the Republicans haven't been unified since the late Kim Sigler jumped in to grab the gubernatorial nomination in 1946.

Republicans remember how the party organization first threw its support behind Vernon J. Brown, Mason publisher and former lieutenant governor. Conservatives

and oldtimers in the party would like to pick up the pieces again. In the meantime, Democrats are trying harder than ever for the farm vote.

Last month, they held a series of seven farm meetings all over the state in which rural spokesmen were urged to discuss their problems with top state officeholders. It was the first time the party had gone so far for the farmer on a state level.

A State Chairman Neil J. Staebler frankly admitted he borrowed the idea from Republicans who staged a similar program for southeastern Michigan a month before.

"We're not afraid to have the farmer ask us questions and we're not too proud to borrow a good idea from Republicans," he said.
