Donald Alber Wins First Jaycee DSA

Donald Alber, president pro-tem of the Village Council and People's party candidate for village president in the coming election, was presented with the Chelsea Junior Chamber of Commerce Distinguished Service Award at the Jaycees' dinner meeting Tuesday evening in the Congregational church.

The award, which the local Jaycees plan to make each year, is for "outstanding contributions to the community welfare and evidence of leadership ability."

The panel of judges that selected Alber for the honor included Everett Van Riper, the Rev. P. H. Grabowski, Alfred D. Mayer, Walter P. Leonard and Stuart R. Booker. Names of the judges, as well as the name of the award winner, remained secret until announced at the dinner Tuesday evening.

The judges and their wives were invited guests of the Jaycees at the dinner.

Considered in judging Alber as winner of the award was his active participation in many civic affairs as well as in religious and fraternal circles.

He is past president of the Kiwanis Club of Chelsea, former head of Civil Defense for Chelsea, an active member of the Chelsea Chamber of Commerce; one of the originators of the adult summer softball league; was elected to serve on the Village Council; and has now been nominated for the office of village president. He is 30 years old.

Alber and his wife, Dolores, and their three young daughters live at 423 McKinley street. He is a member of St. Mary's Catholic church here.

L. Dean Spdt, who was selected some time ago as the recipient of the Jaycees' Outstanding Young Farmer Award, was presented with the award plaque at Tuesday's meeting.

Judges for that award were Philip Smith, Harley Hatt and Dahue Riker.

Spdt, who is 32 years old has been an actual farm operator for 16 years. He owns and operates a 12-acre general and dairy farm.

He is active in civic and community affairs and is a member of St. Mary's Catholic church of Manchester. His farming is on a progressive basis and puts into practice a beneficial conservation program as well as improvements of a general nature.

Spdt is married and the father of four children.

Approximately 75 Jaycee members, wives and guests attended the awards dinner which featured School Superintendent Charles Cameron as speaker.

Miss Erma Graber of Detroit, spent the week-end as the guest of her mother, Mrs. L. F. Vogel.

Mrs. Lewis Bernath Named To Be Head Librarian

Mrs. Lewis Bernath, who has been serving as acting librarian at Chelsea Public Library since the resignation of Mrs. George Walworth last June, has been appointed head librarian. It was announced following the annual meeting.

The library is now open three evenings a week—Monday, Wednesday and Friday, from 7 until 9 p.m.

In a report of activities of the library for the 1956-57 year, it was stated that the Chelsea Child Study club held a meeting in the library in April; that the Friends of the Library held their semi-annual meetings there in May and November; and that a tea for

teachers of the Chelsea Public schools was held in September. June activities included the opening of the summer reading club in which 108 members read 1,844 books. A book sale was also held in June and the children's story hour began its six-week series with Mrs. Gladys Parks as story lady. It was stated that an average of 63 children per story hour attended.

In August Mrs. Catherine Wojciehowski, a library assistant, and Mrs. Bernath attended the state Library Workshop at Higgins Lake.

Another children's story hour was held in January during the school vacation, with Mrs. Lucille Kelly as the story teller.

New registration for library patrons became effective Sept. 1 and another September highlight was the arrival of two new bookcases, one of which was a gift from the Chelsea Friends of the Library.

The Center has been in use for several weeks. Among those at the afternoon open house reception were the group shown in the above photograph including,

from left, the Rev. P. H. Grabowski, pastor of St. Paul's Evangelical and Reformed church, Jill Barkley, Mrs. Jack Barkley, Mrs. George Winchester, Jr., Mrs. Merle Leach, Mrs. Charles Popovich, Jr., and the Rev. Thomas Toy, pastor of the Congregational church. Later, the Rev. Grabowski played a fast ping-pong game with young Ronald Warren, winning the game by a score of 21-14.

Disastrous Blaze Destroys Barn, 200 Fat Hogs

Mr. and Mrs. H. J. Huelberg, who recently bought the Hatt farm on the corner of Sager and Watrous roads and moved in just one month ago, on Jan. 26, suffered a disastrous loss when their 40x100 foot barn and more than 200 hogs were destroyed by fire early yesterday morning.

Also destroyed was the modern equipment for feeding the hogs in preparation for marketing; a grain elevator stored in the barn; a number of small farm tools, hay, oats and feed.

Huelberg discovered the fire shortly after 5 a.m. when he noticed sparks fly past the window as he was getting up. At that time the building was entirely ablaze.

The Chelsea Fire Department responded to the alarm and concentrated efforts on saving the house and garage and workshop, both of which were in the path of the sparks and flames fanned by a stiff wind.

Fire Chief Ted Balmer called the Manchester firemen to assist in saving the house and other buildings. Two trucks from Manchester responded.

Fire trucks remained on the spot until almost 8 a.m. and Chief Balmer had one of Chelsea's trucks stand by an additional hour as a precautionary measure.

Chief Balmer said a total of 1,600 gallons of water was poured on the house and other buildings, all of which were saved.

Huelberg formerly lived at Whitmore Lake. They said moving had delayed marketing their hogs so that they had a larger number than usual on hand.

Their immediate problem is to find quarters for the hogs that will be ready for the finish feeding formerly done in the now destroyed barn.

Union Lenten Services Start Wednesday

Union Lenten services, sponsored annually by Protestant churches of the community, will begin with the Ash Wednesday service March 6 in St. Paul's Evangelical and Reformed church.

The Rev. Thomas Toy is to deliver the sermon. The services will begin at 7:30 p.m. All people of the community are invited to attend.

A schedule of all the Union Lenten services was arranged at a meeting of pastors of participating churches the past week.

Remaining Wednesday evening services together with the name of the church sponsoring are listed as follows: March 13, Congregational church, the Rev. J. A. Beardsley of Sharon EUB church; March 20, Methodist Home church, the Rev. S. D. Kinde of the Methodist church; March 27, St. Paul's Evangelical and Reformed church, the Rev. Grabowski of St. Paul's church.

Most of the churches are planning their own separate Maundy Thursday services for April 18 but the customary Union Good Friday service will take place at 1:30 p.m. April 19 in the Methodist church. The Rev. Thomas Toy is scheduled to deliver the Good Friday sermon.

Style Show Scheduled Next Tuesday

Chelsea Child Study club is sponsoring a style show called "Spring Symphony" to be held Tuesday, March 5, at 8 p.m. in the Chelsea High school auditorium.

The 22 models participating will include members of the club and a few special guests.

Featured will be little boys' clothing and girls' and women's clothing from ages three through mothers' and grandmothers' styles.

Anderson's Store, which is putting on the show for the club, sent representatives to New York to select the styles to be shown and modeled.

Mrs. Betty Haig, who has appeared on radio and as a dramatist in Ann Arbor will be the commentator for the showing which will include sportswear, dresses, suits, millinery, coats and accessories.

Following the style show cards will furnish diversion for the remainder of the evening and refreshments will be served.

General chairman of the event for the Child Study club is Mrs. J. R. Reitz.

Miss G. Schable, Jr., is in charge of the fashioning; Mrs. Lawrence Dietle is chairman of house affairs; Mrs. Thomas Bust is refreshment chairman; and Mrs. Paul Sauder is ticket chairman.

World Day of Prayer Set Next Week

World Day of Prayer, Friday, March 8, will be observed at two services scheduled here that day.

The first will take place at 10 a.m. in the Methodist Home Chapel and the second at 2 p.m. in the Congregational church.

The afternoon service is a joint prayer of the women of St. Paul's Evangelical and Reformed church, St. Barnabas Episcopal Mission, and the Methodist and Congregational churches.

Women of all Chelsea area churches are being invited to attend the service at the Congregational church which will be followed by a tea in the Fellowship room.

The service for World Day of Prayer this year has been prepared in such a way that it should voice the testimonies and yearnings and prayers of Christians who today are destined to live behind the so-called Iron Curtain.

The theme for the uniform service in the 143 countries of the world expected to participate is "Who Shall Separate Us?" (Romans 8:35).

At the Methodist Home service at 10 a.m. the program will be led by Mrs. Edwin Weis with the choir participating in the hymns.

The 2 o'clock service at the Congregational church will feature Mrs. Edwin Weis as speaker. She is the wife of the Rev. Weis who will become superintendent of the Methodist Home when the retirement of the Rev. M. J. Botz becomes effective.

Plans for this joint meeting of women from all churches of the community were made by Mrs. Lawrence C. Dietle and Mrs. Alfred Lipphart of St. Paul's Evangelical and Reformed church, Mrs. Gay Schairer and Mrs. James Gaunt of the Methodist church, Mrs. Edmund A. Kayser and Mrs. Robert K. Taylor of St. Barnabas Episcopal Mission, and Mrs. C. O. Foor and Mrs. John W. Hale of the Congregational church.

At 8 o'clock this evening, she and her parents, with the six girls chosen for the honor from other high schools in the county, and their parents, will be guests of the Chelsea Chapter, Daughters of the American Revolution, at the Ann Arbor Woman's City club, 1830 Washtenaw avenue, Ann Arbor.

Girls chosen for the honor are all high-school seniors and are selected by faculty and students for possessing, to an outstanding degree, the qualities of dependability, service, leadership and patriotism.

Each girl selected is awarded a DAR "Good Citizen" pin and is invited to the state DAR conference which this year will be held March 16 at Grand Rapids.

Miss Collins is editor of the school yearbook.

Final Plans For School Due March 30

Preliminary plans for the new high school have been approved by the Board of Education with final plans and working drawings scheduled to be completed by March 30.

During the month of April plans will be submitted to contractors to determine their bids on the project.

Ground should be broken for the new high school early in May and the architects have assured the Board of Education that the building will be ready for occupancy by September, 1957.

A model of the new school building will be on display following the approval of the final plans by the school board.

The new high school will be occupied by grades 9-12. The 7th and 8th graders will remain in the present building, according to present plans. As the enrollment increases in the elementary grades the 8th grade will be transferred to the present high school.

It is planned that all children attending school in the rural schools, except the Rogers Corners school, will attend school in town. Rural schools to be vacated will be held for further increases of the elementary enrollment in the future.

Flock of 16 Robins Visit Feeding Station At North Lake Home

Mrs. William Dehn, who maintains a feeding station for birds at her home at North Lake, and often feeds a robin or two there throughout the winter, was surprised Tuesday morning when 16 robins leisurely made their way along the driveway to the feeding station. Mrs. Dehn said the robins she saw during the winter are come that stayed in the area all winter but the flock she saw Tuesday had evidently just arrived from the south, along with the exceptionally mild weather.

Sunday, Mary French, of Brighton, visited her aunt, Miss Berntha who is on the staff at the Methodist Home.

4-H Building Site Will Be Determined At Meeting Tonight

Adult Class in Business Subjects To Start Monday

A combined bookkeeping, typing and shorthand class for adults will begin at 8 p.m. Monday, March 4, in Room No. 1 at the high school, according to an announcement from the office of Charles Lane, Chelsea High school principal.

J. P. Cook will be the instructor. All people interested in this adult education class, whether they have registered previously or not, should plan to attend the first session Monday evening.

Rural Interests Ask Help in Re-Locating Outside Ann Arbor

Tonight (Thursday) at 8:30 o'clock, people of Washtenaw county will have the privilege of deciding on the site for the proposed new agricultural and 4-H building. All people interested in the proposed building program should make every effort to be present at the meeting which will be held in the basement of the County Building at Ann Arbor.

The Washtenaw County Farm Council Board of Directors has recommended two sites on Zeeb road, options on the sites have been secured by the Farm Council's site committee of which Leroy Heller of Chelsea is chairman.

The recommended sites are a 20-acre plot south of US-12 and one from 20 to 57 acres, as desired, to the north of US-12. Both have been approved by the Washtenaw County Board of Health as to sanitary facilities.

Rural residents, working through the Washtenaw County Farm Council, have repeatedly stated that the former Ann Arbor fairgrounds site of six acres, originally intended as the site for the new building, is inadequate. Rural interests paid \$15,000 for a 99-year lease on the six acres of fairgrounds property but have now learned that the amount will be reimbursed if the new building is erected on a different site.

In addition to this \$15,000 the rural group has the \$30,000 received as its share of the sale of the fairgrounds to the city of Ann Arbor, and approximately \$13,000 more which has been secured by means of fundraising projects.

The total appears to be sufficient to pay for a new site and a building to fit the needs of 4-H, FFA and other agricultural projects.

The Board of Health has approved sewage and other facilities for the Zeeb road site and inquiries made by a cost committee list the complete price of sewage.

Time To Think About Polio Immunization

It may be surprising to the reader, but fewer than half of 108,000,000 Americans in the age group which can profit most from the Salk polio vaccine have been vaccinated. This means that nearly 26,000,000 doses of the vaccine are now unused and available for those who want to take advantage of the anti-polio serum.

Because some people have not utilized the serum, at least two firms have cut back production and there is some doubt as to whether the supplies on hand will be used up quickly. Since this is the time of the year to begin thinking about vaccinations in 1957, we would point out to all parents and all those in the age bracket under 40 where the serums are available, that the serum has been generally successful despite some highly-publicized mistakes at the beginning of its use.

Dr. Jonas Salk recently said there need

be "little, if any" polio in the United States this year if all potential victims are vaccinated. This would be a wonderful event if it were to come to pass. Those who refuse to have their children vaccinated, or who are not vaccinated themselves, will feel very guilty if members of their families, or they themselves, come down with polio this summer.

The polio immunization process consists of a series of three shots, and is advised for everyone up to the age of 20. Vaccinations are also urged for adults up to the age of 40.

Since the three shots must be spaced apart over considerable time, parents are urged to inquire about the availability of serum and the proper time to give their children their first shot. Generally speaking, youngsters should complete their series of shots before the hot weather begins in May or June.

Concern Shown for Some Phases of U. S. Economy

It seems strange to hear the President going on record at a press conference to the effect that he will fight a recession actively. The President recently told a news conference that he would resort to deficit spending, if necessary, in combatting a recession.

The Secretary of the Treasury has also had some eye-opening words for the public. Secretary of the Treasury George Humphrey noted, when the 1958 budget was first presented to Congress, that it should be cut in many places and that we were taking too much money out of the country's economy. Humphrey went so far as to predict a depression if such spending were not curtailed.

The President has said that he, too, wants to see Congress cut the budget as much as possible. This seems to leave the ball in the hands of Congress, but they are not likely to cut the 1958 budget much. According to the presidential estimate, the country will collect more money than it spends, and thus enjoy another year in the black. If this is true the incentive in Congress will be to not cut the budget very much.

Since a tax cut is not expected, and since the budget is likely to be balanced, spending is likely to be heavy. Speaker Sam Rayburn has indicated that he does not expect the 85th Congress to cut the budget much, and the Senate is traditionally easier on the purse strings than is the House.

All of which brings us around to the question of business and prosperity in 1957. There are definite soft spots in the economy and there is no doubt that certain plant expansion programs and production efforts are being postponed because of "tight" money. Interest rates have risen steeply and they are now having their effect on business expansion.

The President has acknowledged this problem by requesting that industry and labor cooperate in not putting more pressure behind the inflationary drive, and thereby add to the spiraling costs and prices.

The net result will probably be more inflation, and we suspect that the tight money policies of the Administration have gone about as far as they can go. It seems that another solution may be required to solve this problem.

★ MICHIGAN MIRROR ★

By Elmer E. White, Secretary, Michigan Press Association

Michigan's Criminal Code needs some changes says the State Corrections Commission. Placing its recommendations before the legislature last week, the commission suggested that some laws don't provide equitable penalties, others are no longer necessary and at least one needs clarification.

A good example of an outmoded law, the commission points out, is the 100-year-old statute against inciting Indians to violate peace treaties.

Other laws, such as those covering counterfeiting, are no longer needed, because federal agencies have assumed control and the prosecution of such offenses.

Laws prescribing "indeterminate sentences" require clarification according to the Corrections Commission report. The intent of an indeterminate sentence is to provide a flexible means of placing a man in prison until he can once again become a useful member of society. Such a sentence may carry a minimum prison term of two years and a maximum of life imprisonment in some cases.

The Michigan Supreme Court interprets indeterminate sentences where a life sentence is the maximum, to actually mean life imprisonment. Possible parole hearings are thus held off until an inmate serves at least 10 years even though the sentence "could" be completed in as little as two years.

Some 545 persons are now serving life sentences in Michigan prisons, the report states. At least 102 of them did not actually commit murder. Many were involved in other offenses such as robbery at the time the killing occurred.

State prison population continues to rise steadily, the report to the legislature concludes. At the end of 1956 there were 9,527 inmates in state correctional institutions, plus 510 at the Detroit House of Correction. This places prison population above the 10,000 mark.

The criminal courts now handle more than 13,000 cases annually compared to approximately 9,000 in 1948.

The conservation of human lives—in and on water will come in for some practical study at a statewide conference to be held at the University of Michigan, May 17 and 18.

Problems involving the safety and use of swimming pools, beaches and small watercraft will be aired at the two-day meeting.

Swimming and diving safety, pool maintenance and sanitation, safe handling of small watercraft, skin diving and common rescue techniques are on the conference agenda, says Edward Slezak, chairman.

Diving exhibitions and synchronized swimming will form part of the program. Discussions on conducting swimming meets and waterfront events are also scheduled.

The entire program is offered as a free service to aid municipal and school officials, recreation leaders, camp directors and others who administer beaches and pools. It is sponsored jointly by the U.M. and the Michigan Inter-Agency Council for Recreation under the coordination of Ernest V. Blohm, the Michigan Health Department, Michigan Waterways Commission, Michigan Department of Public Instruction, Michigan Recreation Association, and the Michigan Camping Association.

Anyone interested in obtaining further information should contact Edward Slezak, Conference Chairman, Watermen Gymnasium, University of Michigan, Ann Arbor.

Thrifty Republican leaders have tightened the party's purse strings around the proposal to put the GOP state chairmanship on a full-time yearly salary of \$20,000.

At least the idea is temporarily shelved. Instead, the new state chairman, Lawrence B. Lindemer, 35-year-old Stockbridge lawyer, will receive the same compensation as his predecessor, \$75 a day for each day he works.

The decision is in sharp contrast to recommendations made by the GOP campaign committee. In addition to the full-time salary proposed for the state chairman, it was also agreed that a professional campaign director be hired and the present party staff be increased.

A quick side step by legislative investigators studying the use of trading stamps as a means to lure the housewife's dollar, has stopped any possible controlling legislation from appearing before the present state legislature.

The commission, composed of Senators Haskell L. Nichols (R-Jackson), Philip Rahoi (D-Iron Mountain) and John Minnema (R-Traverse City), was appointed by Gov. Williams to look into charges that trading stamps were a method of unfair competition.

In the face of assertions by many businesses that they must raise prices to consumers if they give trading stamps, the commission report walked a tight line saying first that no controls are needed now, and then recommending further study of the problem.

The commission's report gave the gummed stickers a clean bill of health for the present on the basis that they are "a form of advertising" and the "public has accepted them as a matter of thrift."

The HERB CORNER

Flavor, Fragrance, Beauty

Mrs. Gertrude B. Foster, who with her husband, Philip W. Foster, edits the delightful quarterly, "The Herb Grower Magazine," and whose article "Sow a Dozen Seedlings" appeared in the February issue of Popular Gardening, has written two helpful booklets for the amateur herb gardener.

"66 Easy-to-Grow Herbs and How to Use Them," was published by the Country Book Store of Noroton, Conn. In it she gives a brief description of each of 26 herbs, tells how and where to plant them, and how to harvest them. She also gives suggestions for their use in appetizers, beverages, breads, candy, cookies, fish, row, meats, salads, sauces, soups, vegetables and vinegars.

The Herb Grower Press, too, has published a booklet by Mrs. Foster, "It is Easy to Grow Herbs," in which descriptions and directions for cultivation are given for 56 herbs for 20 of which she has sketched the seedlings to eliminate danger of pulling them up when weeding. In this booklet, she gives

more detailed instructions for harvesting and using the herbs, and includes a number of recipes, and suggestions for gifts from the garden. There are eight full-page illustrations in black and white.

The Posters are well qualified to write on herbs. They have been growing and using them; writing and talking about them; and editing, type setting and printing articles about them for a decade. Herbs really occupy a very dominant position in their lives. The daughters born to them in that decade was named Rosemary; and this past summer, when he constructed a cement walk leading to their front door, Mr. Foster decorated it with imprints of some of the larger herbs.

See you in The Herb Corner next week.

Henderson Retires as District Manager of Gas Company

Michigan Consolidated Gas Company today announced the retirement of Charles R. Henderson, general manager of its Ann Arbor District and the appointment of Jack D. Hogan as the new district general manager.

Henry Tuttle, president of Michigan Consolidated, said Henderson would continue his association with the company as chairman of its Ann Arbor District advisory board.

A veteran of 51 years in the gas utility business, Henderson began working for the old Washtenaw Gas Company in 1906 while he was a freshman in high school. Hogan began his utility career in 1937 when he joined the company as an accountant. Since 1948 he has been office manager and an assistant treasurer of the company. He graduated from the University of Michigan in 1932.

Active in civic as well as professional circles, Henderson is director of the Ann Arbor Chamber of Commerce and was head of the special gift section of the Ann Arbor United Fund campaign's commercial and mercantile division last year. He was chairman of the Ann Arbor Exchange Club and a member of the Community Chest Board of directors and its executive committee. He is also a member of the board of directors of the Red Cross and a member and past president of the Ann Arbor Exchange Club and the University of Michigan Club of Ann Arbor.

Hogan belongs to the Barton Hills Country Club, the Elks Lodge and the First Presbyterian church. He has served as chairman of several committees of the American Gas Association and is a member of the Michigan Gas Association.

Mr. and Mrs. Hogan have a son and three daughters and live at 2414 Dayton Drive, Pittsfield township. He is chairman of the township school board.

Henderson was born in Ann Arbor and graduated from the University of Michigan in 1914, having already spent eight years working for the Gas Company during the summer months while he attended high school and college. After graduating with a bachelor of science degree, he joined the company as a chemist and in 1920 was named assistant superintendent of the gas manufacturing plant. He became general manager of Washtenaw Gas Company and was appointed to its board of directors in 1924.

Henderson was promoted to vice-president and general manager in 1929 and became president in 1932. He remained in that position until the company became part of Michigan Consolidated in 1938. He served on the board of directors of Michigan Consolidated for several years and has been a member of the local advisory board since 1938. Henderson is a past president

of the Michigan Gas Association and has been active in civic affairs in Ann Arbor for many years. He served as a member of the school board for six years, including two as president. He also was a member of the City Park Board for 16 years and was twice elected its president.

The Ann Arbor District of the Company also includes East Ann Arbor, Ypsilanti, Saline, Chelsea, Milan, Dexter, Milford and seven surrounding townships.

(PRECINCT NO. 1)

COUNTY OF WASHTENAW, STATE OF MICHIGAN

Notice is hereby given that in conformity with the "Michigan Election Law," I, the undersigned Clerk, will, upon any day, except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said Township, City or Village not already registered who may APPLY TO ME PERSONALLY for such registration. Provided, however, that no names for registration during the time intervening between the thirtieth day before any regular, special or official primary election and the day of such election.

Notice is hereby given that I will be at my home, 11380 Roeper Road, RFD 2, Gregory, Michigan, from 8 a.m. to 8 p.m. any day except Saturday, March 2, 1957, and at my home until 12 noon and at Lyndon Town Hall, corner M-92 and N. Territorial Road, from 1 p.m. to 8 p.m. on

From 8 o'clock a.m. until 8 o'clock p.m. on each said day for the purpose of REVIEWING the REGISTRATION and REGISTERING such of the qualified electors in said TOWNSHIP, CITY or VILLAGE as SHALL PROPERLY apply therefor.

The name of no person but an ACTUAL RESIDENT of the precinct at the time of registration, and entitled under the constitution, if remaining such resident, to vote at the next election, shall be entered in the registration book.

Elector Unable To Make Personal Application, Procedure

SEC. 504. Any elector who is unable to make personal application for registration because of physical disability or absence from the Township, City or Village in which his legal residence is located, may be registered prior to the close of registration before any election or primary election by securing from the Clerk of the Township, City or Village in which is located his legal residence, duplicate registration cards and executing in duplicate the registration affidavit before a notary public or other officer legally authorized to administer oaths and returning such registration card to the Clerk of the Township, City or Village before the close of office hours on the last day of registration prior to any election or primary election. The notary public or other officer administering the oath shall sign his name on the line for the signature of the registration officer and designate his title.

Unregistered Persons Not Entitled To Vote

SEC. 491. The inspectors of election at any election or primary election in this State, or in any District, County, Township, City or Village thereof, shall not receive the vote of any person whose name is not registered in the registration book of the Township, Ward or Precinct in which he offers to vote. Any registered elector may upon change of residence within the Township, City or Village cause his registration to be transferred to his new address by sending to the Clerk a signed request, stating his present address, the date he moved thereto, and the address from which he was last registered, or by applying in person for a transfer. The Clerk shall strike through the last address, ward and precinct number and record the new address, ward and precinct number on the original and duplicate registration cards, and shall place the original registration card in proper precinct file. Such transfers shall not be made within the (30) day next preceding any election or primary election, (unless such 30th day shall fall on a Saturday, Sunday, or legal holiday in which event registration shall be accepted during the next full working day), provided that no such transfer shall permit any person to vote in any Township, City or Village in which he had not resided (30) days next preceding any election or primary election.

Any registered elector who has removed from one election precinct of a Township, City or Village to another election precinct of the same Township, City or Village shall have the right to make application to have his registration transferred on any election or primary election day by securing a request over his or her signature for such transfer and presenting the same to the election board in the precinct in which he is registered. Upon receiving such request the inspector of election in charge of the registration records shall compare the signature thereon with the signature upon the applicant's registration record and if the signatures correspond then the inspector shall certify such fact upon said request and the applicant for transfer shall then be permitted to vote in such precinct for that election only. The application for transfer shall be filed with the Township, City or Village Clerk who shall transfer such voter's registration in accordance with the application. When the name of any street in a Township, City or Village has been changed, it shall be the duty of the Township, City or Village Clerk to make the change to show the proper name of street in the registration records, and it shall not be necessary for the elector to change his registration with respect thereto in order to be eligible to vote.

FORD IS AMERICA'S WINNINGEST CAR!

For 1957, Ford's off to a flying start on the NASCAR Short Track, Convertible and Grand National Race Circuit—with more points than all other cars combined!

And now—just in from Daytona—seven more Ford firsts!

- A 300-hp 1957 Ford V-8 out-accelerated all other low-priced cars in the standing mile competition.
- A 1957 Ford Sunliner outclassed all other low-priced cars in the 160-mile National Convertible Championship Race.
- A modified Ford Thunderbird, running in the Experimental Class, out-accelerated every other car in NASCAR history.
- A modified Thunderbird topped every American Sports Car, finished first in its class and placed second to Europe's fastest sports car at the National Amateur Sports Car Race.
- A standard production Thunderbird took first place in the flying mile—outperforming all sports cars made in America.
- A modified Thunderbird won the flying mile in the fastest time made by any car at Daytona this year.
- And a Ford Thunderbird topped the field in acceleration from a standing start in Modified Sports Car Class B.

It was Ford Thunderbird power that set a new stock car record at Indianapolis, too... and powered the '57 Ford to 458 world endurance records at Bonneville, Utah.

CARD OF THANKS
Words cannot adequately express our heartfelt thanks and deep appreciation to our wonderful friends, relatives and neighbors for their many acts of kindness extended to us during the illness of our dear husband and daddy and since his passing. We shall always gratefully remember the many things that were done for him and for us. We especially wish to thank the Rev. P. H. Grabowski for his calls and for his comforting words at the service.

Mrs. Edward W. Kipfmiller, Sheryl, Jill, and Edward D. We wish to add our thanks for all the kindnesses shown our children during Edward's illness and following his death.

Mr. and Mrs. Edward J. Kipfmiller.
Mrs. Elmer Pierce.

THANK YOU
We wish to express our grateful thanks to the Chelsea Fire Department, the Manchester Fire Department and everyone who helped in controlling the fire which destroyed our barn Wednesday morning. There is no doubt that, although our loss is very extensive, it would have been immeasurably greater without their excellent work. We all say a heartfelt "Thank You."

The H. J. Huelsberg Family.

facilities at \$1,200. The same committee said prices quoted on sewage facilities for the Ann Arbor grounds—also would be more than four times that amount.

Tuesday night Leroy Heiler who is one of the directors of the Washtenaw County Farm Council, Frank McCalla of Whitmore Lake, Farm Council chairman; Wendell Reinhardt, a past director of the Farm Council; and Arthur Kuhl, a Washtenaw County Farm Bureau director, appeared on a television panel at Ann Arbor, discussing the building site question.

Howard Heath acted as moderator. Heiler said yesterday that he had heard rumors that community funds would probably use the new building and site but he questioned that these rumors have no foundation in fact. The new building program, he stated, is strictly for 4-H, FFA and general community use and there is no connection with any community fair projects.

The important thing today, Heiler said, is for everyone to attend the meeting tonight and vote for their choice of site. It is a very important decision and will have a far-reaching effect on 4-H, FFA and other rural and community affairs for years to come.

Reporting on the reorganization of the Republican State Committee, Mrs. Hobbs said that

Mrs. Hobbs reported that the Resolutions Committee adopted a resolution establishing honorary memberships on the State Central Committee for the newly-organized Michigan Federation of Republican Labor Committee.

NEWS HOLLYWOOD

Because of his success in "Lust for Life," Kirk Douglas has been chosen to play Alexander Dumas in "The King of Paris."

When the best-seller "Bored in Wedlock" is made into a movie, Judy Garland will have the leading role. It's the story of a vaudeville actress, who, with her two small daughters, tours the country, singing and dancing.

A newcomer to Hollywood, but not to acting, is Neva Patterson, whose Broadway play, "Speaking of Murder," recently closed. Twentieth Century-Fox has her for the role of Miss Warriner, guardian of the electric brain in "The Desk Set." Miss Patterson, a pretty brunette, has often been

seen on TV in numbers of big shows and was with the Lunts on Broadway, also in "Seven Year Itch," and other hits.

Pat Boone, the up-and-coming young singer, has been signed to a contract by Twentieth Century-Fox for a picture a year. His first is "Bernardine." Pat, only 22, is a good looking, normal young man, who doesn't drink or smoke or "booze" is married to the daughter of entertainer Red Foley and they have three small daughters. He has one more semester to go at Columbia University before receiving his degrees in speech and plans to return to New York this fall to finish his course. Meanwhile, he is making a picture contract to begin this fall for ABC, which will present his own half-hour TV show. This, plus his high-selling records, movie offers and personal appearances, seems to prove that being a good guy can pay off in show business.

CHS Senior Cited for Scholarship

A senior at Chelsea High school has been commended by the National Merit Scholarship Corporation for distinguished performance in its nationwide search for students of unusual ability, according to Principal Charles Lane.

The student honored is Barbara Collins, daughter of Mr. and Mrs. William Collins.

She has also been named Michigan state runner-up in the 1957 Merit Scholarship competition.

Senior honored today is among the top one or two percent in ability in the state, according to John M. Stalnaker, president of NMSC. "While they did not quite reach the finals of the 1957 Merit Scholarship competition, their unusual promise deserves recognition. Indeed, we want to encourage every one of them to make a special effort to obtain the best college education possible. Both student and country will profit."

As state runner-up, Miss Collins will be sent letters of recommendation by NMSC for use in applying to the college she wishes to attend.

The National Merit Scholarship competition provides the largest system of privately financed scholarships offered in the United States. High schools may enter their most outstanding students in the annual competition.

The hurdle the students face is the "Scholarship Qualifying Test," a high-level measurement of potential ability to benefit from a college education.

This year, more than 182,000 outstanding seniors from 12,500 high schools entered, with 750 four-year college scholarships worth an estimated \$3.75 million at stake.

NMSC was established in 1955 through grants of \$20.5 million from the Ford Foundation and the Carnegie Corporation of New York. More than 40 business and industrial firms offer four-year college scholarships through its facilities.
