## Rural Schools Plan Family Night Events

Jerusalem school and Rogers Corners school are holding Family Night open house tomorrow evening, April 26, with teachers of the two schools ready to receive visitors beginning at 8 o'clock. Mrs. Creta Winkler is the teacher at Jerusalem school and Mrs. Rose Anderson at Rogers Corners school.

Both school, taught by Mrs. Ruth Soti, and Lima Center school, Mrs. Florence Hakala, teachers, will hold open house Friday, May 17, it was announced this week by Mrs. Schumuk, elementary school principal.

Principal Schumuk said the recent Family Night open house at North and South Elementary schools was exceptionally well attended, indicating an interest in the schools which is gratifying to him and to the teachers.

He also announced this week that parent-teacher conferences are being planned for the 10-day period beginning April 29. Rooms mothers are telephoning parents to arrange a schedule to be followed for the conferences.

**NAVY ENTERTAINS ARMY**—Midshipman David Bertke 2/c (left) of the U. S. Naval Academy at Annapolis, and Cadet Stanley Toney 2/c of the U. S. Military Academy at West Point, are shown above at Annapolis where Cadet Toney spent three days the end of March as Midshipman Bertke's guest. Both young men are graduates of the same class at Chelsea High school and both entered the service academies the same year. Midshipman Bertke had been the guest of his former classmate at West Point from Feb. 28 until March 3. Beginning in February the Army and Navy Academies have been exchanging groups of second classmen for week-ends beginning Thursday evenings and ending Sunday mornings. While at West Point, midshipmen recite in cadet classes, attend formations, and renew acquaintances with cadets they met on previous joint training operations. Cadets reverse the procedure when they are guests of the midshipmen. These week-ends promote inter-academy understanding and foster permanent interservice bonds of fellowship. Cadet Toney is the son of Mr. and Mrs. Lewis Haselwerdt and Midshipman Bertke's parents are Mr. and Mrs. Roy Bertke. When the above picture was taken the two men were seated in front of the ship's bell taken from the famous USS Enterprise.

## CD Directors Hear Tornado Safety Rules

Martin E. Miller and Willard Guest, director and assistant director of Civil Defense District VI, were in Ann Arbor for a Civil Defense meeting Wednesday evening of last week.

Also present from this vicinity were George Doe of the Chelsea Police Department, Gerald Carr of Cassidy Lake Technical School, and James Gaken, son of the Chelsea Fire Department.

John Rae, Washtenaw county Civil Defense Council chairman, presided at the meeting and introduced George Borders, meteorologist and chief meteorological observer at the Willow Run weather station who showed pictures of damage done by tornadoes. He also answered questions on Civil Defense procedures in case of tornadoes striking an area.

Borders stated, "Weather only seems worse than it used to be because the average person is told more about severe conditions than he was 10 years ago."

"We in the Weather Bureau used to do all of the worrying," he continued.

"We used to have a tornado sighted before we told the public anything about it. We were pressured into giving out 'tornado alerts.' Some feel this has caused too much panic needlessly."

While the only way to detect a tornado in the daytime is to see the funnel, a tornado often can be seen at night because of lightning flashing around it, Borders said.

Tornado conditions are caused by warm air from the Gulf of Mexico slipping under cold air from the northwest part of the country.

Borders explained that tornadoes are described as whirling vortices spinning at 500 miles an hour and a tornado moves ahead at 20 to 30 miles an hour.

Anyone in a car who sees a tornado should not try to outrun it or take a side road so he is going at right angles to the tornado, he added.

A network of tornado spotters call the weather station when they see the tornadoes coming down out of the skies, and the station warns the general public.

Residents were asked not to call the weather station when they are warned of tornado conditions because the spotters will not be able to get their calls through.

The Civil Defense program, Chairman Rae advised that children who are in school at the time a tornado is reported should stay where they are.

Their parents should stay at home and not try to come to their children," Rae said. "The parents should not leave their homes until they are needed."

It was also pointed out at the meeting that the basement of a brick house is less safe in a tornado than the basement of a frame house, because the tornado usually picks up a frame house and carries it away but is likely to dump brick and debris into the basement.

Precautionary measures advised for people in a brick house at the time of a tornado are to "get under something to protect themselves from debris."

Approximately 40 Civil Defense workers from the county were present for the Ann Arbor meeting which was held in the County building.

Susan Bartelt of Rockford, Ill., arrived Monday evening to spend a few days with her mother, Mrs. Henry...

EASTER EGG HUNT and games provided fun for the children of Junior Chamber of Commerce members at the children's Easter party sponsored by the Jaycee Auxiliary Saturday, April 20. ## Mail Service Returned to Near Normal

Mail delivery went back to its customary routine last Saturday following curtailment the previous Saturday on orders from Postmaster General Summerfield after Congress had failed to act on his request for 47 million dollars to carry his department during the remaining 2 1/2 months of the book-keeping year.

East office windows were also open Saturday; however, continuation of a limit of 8 1/2 hours of window service remains in most post offices, including Chelsea. Hours for the window service here are 8:30 a.m. until 6 p.m. daily except Saturdays when windows are closed at noon.

The post office lobby remains open until 6 p.m. for the convenience of patrons who have post office boxes. Chelsea Postmaster Carl Mayer said mail is dispatched as usual on the four-times-a-day schedule as follows: 7:30 and 10:10 a.m.; and 4:10 and 5:30 p.m. Mail must be in the post office 30 minutes in advance of the time of departure.

Postmaster General Summerfield said off most of the cut-back immediately after President Eisenhower had signed the bill sent him by Congress late Tuesday, April 16, giving the Post Office Department 41 million of the 47 million dollars requested.

Postponement of the purchase of main postal supplies until after May 1 together with approximately one million dollars saved since service cutbacks were instituted a week ago, will enable the Post Office Department to operate on present schedules until the end of the fiscal year.

## Glenn Schiller Lands 31-inch Pike From Letts Creek

Glenn Schiller, 13 years old, taking advantage of spring vacation, went fishing in Letts Creek near the Methodist Home Wednesday of last week and came home with a well-scaled pike which tipped the scales at 6 1/2 pounds, and measured 31 inches.

He had told his mother, Mrs. Faye Schiller, that he saw the big fish Monday, April 15, and she advised him not to try to catch it since she believed it was out of season to take pike; however, after inquiring he found that it was permissible to catch the fish while it was in a creek or river, but not in the lake.

Returning to the spot Wednesday he again spotted the fish and threw out his line. The hook snagged the fish and held it long enough for him to tug it to the bank of the creek.

## Police Nab Bookmaking Ring Suspects

Four Jackson men, three from Ann Arbor and one from Chelsea, became involved when a Jackson cigar store was raided Wednesday of last week by detectives of the Michigan State Police racketeers squad.

The raid followed several weeks of investigation of what officers termed a four-county bookmaking ring. The horse-betting ring reportedly operated in Washtenaw, Jackson, Lenawee and Hillsdale counties.

Owner of the Jackson cigar store which was said to be the headquarters of the ring, is Joseph J. Leseno. The Chelsea man, Isaac J. Eder, became involved after he allegedly telephoned a bet to the Leseno store from Chelsea.

The Ann Arbor men, Francis J. Brokaw, Louis Karskos and William Pleske, paid fines of \$35 each after pleading guilty, in Jackson Municipal Court, to charges of reporting a gambling place.

Eder and Leseno, who are charged with running the ring, are to appear in Municipal Court, Ann Arbor, for examination on a charge of conspiracy.

The warrants were asked in Ann Arbor since the alleged conspiracy started in Washtenaw county.

## Bulldogs Win From Saline, Manchester Lose Heartbreaker To Roosevelt Monday In Extra Inning

Chelsea High edged Manchester in a tight game Wednesday, April 17 on the local diamond. Chelsea clinched the game in the last of the seventh frame. The Bulldogs added another, as Mayer doubled and Weinberg singled him home, in the third.

After pitcher Jim Baxter walked the next two hitters he was replaced by Bob DeFant who reeled the side as DeFant popped first an unassisted double play. DeFant then struck out the side in the seventh to receive credit for the victory.

Jim Baxter pitched excellent ball until he weakened in the sixth, striking out eight, walking six and giving up only three hits.

In the first inning they scored three runs on hits by Odis Richardson, Bob DeFant and Silas Hopkins.

## Permits for Home Gas Heating Halted Temporarily

Local residents desiring natural gas for space heating were advised today to file their requests for applications with Michigan Consolidated Gas Company which will grant them on a "first come, first served" basis as soon as the Michigan Public Service Commission authorizes the company to take on additional heating customers.

The company stated that it has established a procedure by which all those who apply for gas space heating will be asked to make out a "request for application blank" which will be placed on file in the company. As soon as the Michigan Public Service Commission approves additional heating customers the company will notify applicants they may install gas furnaces in the order in which requests were made.

Although Michigan Consolidated has sufficient supplies of natural gas, the issuing of space heating permits to permit gas heating to which present heating equipment to gas was halted last Thursday because the company has reached the maximum number of such customers it can serve under present Michigan Public Service Commission orders.

Panhandle Eastern Pipe Line Company is attempting to block the addition of heating customers by Michigan Consolidated. Panhandle Eastern has requested that the Michigan Commission withhold action on Michigan Consolidated's request for service to more heating customers until the Federal Power Commission reaches a decision on Panhandle's latest effort to halt all of its gas deliveries to Michigan Consolidated.

Panhandle Eastern has requested that Michigan Consolidated now supply the Gas Company with 127,000,000 cubic feet of gas daily.

Under the orders of the Michigan Commission, Michigan Consolidated can continue to approve applications for gas heat for new buildings. The company can also continue to provide gas heat in a number of new communities in Michigan in which natural gas service commenced only last year.

## Series of Classes Organized for Expectant Parents

A new series of Expectant Parents classes will begin Tuesday night in the Ypsilanti Health Department, Wednesday night in Tappan Junior High School and Thursday in room 325 of the County Building. These classes are sponsored jointly by the Visiting Nurse Association of each city and the Washtenaw County Health Department. Starting time for the classes is 7:30 p.m. in all locations.

The series consists of seven classes, held consecutively, plus a special class designed for fathers only. Another highlight of the classes is a tour of the maternity ward of the hospital during the series. The classes are arranged so as to be beneficial to both parents, and many of the fathers do attend the classes with their wives.

A charge of \$2.50 for the series entitles both parents to attend, and classes may be started at any point in the series with those classes missed due to late registration being made up during the next series at no extra charge.

These classes have been approved by the Washtenaw County Medical Society. Each class is taught by a public health nurse except for one for fathers exclusively. A member of the Medical Society meets with this group.

Further information is available by calling the County Health Department offices.

## GOP Committee Opposes Proposal for Public Housing

The Washtenaw County Republican Committee has gone on record "strongly opposing proposals for public housing."

"We do not believe that the hand-picked taxpayers of Washtenaw county should be forced into the real-estate business at a cost of millions of dollars of their tax money," Mrs. Margaret B. Gable, vice-chairman of the county Republican committee, said in speaking for the committee.

The rest of the committee's statement was as follows: "At the April 9th meeting of the Washtenaw County Board of Supervisors, Franklin J. Shepherd, Ypsilanti township supervisor, requested the board to endorse public housing paid for by Washtenaw county taxpayers. "We hope the board will realize that such a project, besides the enormous initial cost, would very soon drain dry all local school funds by producing a vast new horde of students with no tax base to provide for them. No schools would be needed almost immediately.

"County-supported public housing would require a heavy increase in police and fire protection costs—again with no increase in taxable property. Additional tax money would be required for recreation and transportation facilities.

"The Washtenaw County Republican committee strongly opposes the expenditure of tax dollars on public housing. Taxes are already high enough."

Shepherd said at the board meeting Tuesday that Gov. Williams' proposals for public housing were not "socialistic."

The board was asked to support the proposals by the county Democratic committee, but that request was received and filed. Instead, the Board of Supervisors set up its own committee to watch over the development of Willow Village.

## Bright Comet Visible Here During April

Ann Arbor—The rare opportunity of seeing a bright comet will be possible during the month of April, a University of Michigan astronomer declares.

"During the period of greatest brightness between April 18 and 21st, the astronomer continues, 'it might equal the spectacle provided by the famous Halley's Comet in 1910.'

Giving a calendar of where the comet will be located, Professor Losh says: "April 16-18 it will be best seen about an hour before sunrise. The head of the comet will be below the horizon, but if the comet has developed a large and bright tail, this may be seen rising nearly vertically from the horizon somewhat north of east.

"April 21, the comet will be about as bright as on the preceding days, but better seen in the west, commencing about an hour after the sun has set. On the 19th, only its tail may be visible, rising from the northwest point of the horizon, and slanting diagonally to the viewer's right. On the 20th and 21st, the head of the comet may also be visible, nearly on the horizon, an hour after the time of sunset. From April 22 on, the comet will be visible above the northwestern horizon for longer and longer periods after sunset on successive nights." After April 30, the professor says the comet will become circumpolar—that is, it will be visible through the night.

Describing comets, Professor Losh says they are sometimes called "bag full of nothing." A well developed comet consists of a small bright nucleus, surrounded by a diffuse, misty envelope or coma. A tail develops and always extends in a direction nearly opposite that of the sun—sometimes attaining a length of many de-millions of miles."

April 28—Baseball game with Milan here at 4:15 p.m.  
April 30—Baseball game with Lincoln at 4 p.m. Band concert at 8 p.m. at the gym.  
May 2—Baseball game at Milan.

Chelsea High chorus left town at 1:00 a.m. on April 17. The school bus delivered them at Western Michigan University at Kalamazoo at 9:00 in time for a morning rehearsal with several other choruses. At 11:30 they were free for lunch.

At 1:30 was another rehearsal, and when free time came at 3:30, some were too tired to do anything but relax. Others explored the campus or shopped.

The evening concert by the massed choruses was augmented by two numbers by a men's glee club, and two other numbers by a faculty quartet.

The trip home was interrupted at Marshall, here the group stopped at a restaurant for a mid-night snack. They felt that their arrival in Chelsea left them only a short nap before classes began the following morning.

Frederick Sjobjorn, a pianist presented an assembly to the students of Chelsea High. In spite of his excellent playing and humorous talk, the conduct of the student body was poor. Unfortunately, because of this poor conduct, all assemblies scheduled for the remainder of the year have been cancelled.

After just completing their play, the juniors are faced with another large project—preparing

for the traditional junior-senior reception. Programs have been chosen and a menu has been planned carefully. The decoration committee is deciding just how the gym will look when finished, should a couple of dazed juniors be seen in consultation it is probably about the prom.

The current project of the speech-class is formal and informal play production. They have given one informal play in class and are working on two formal plays, "The Lottery" and a comedy "Lady of the Spine". The class had hoped to present them as an assembly.

After the discussion they toured some of the building and grounds of the campus. They had a wonderful time.

Journalism Club's worries have almost become a comedy of errors. They had planned a dance, but it was canceled, as the Penny Carnival usurped use of the gym. They canceled because of student behavior at the last movie. Everyone had counted on these money-making projects to buy badly needed typewriter (one which would work). Another problem deals with the publication date of the next BULLDOG. It should be delayed until prom pictures can be included, and that runs into the senior trip, when both the sponsor and all the editors and officers will be away on the senior trip.

Miss Joanne Wiese, Chelsea's school librarian, attended an April 17 meeting of the American Personnel and Guidance Association. This, she feels, will help her to assist more efficiently the Chelsea High students who are undecided about their post-graduation activity.

Having earned some money by sponsoring a dance, recently, the Latin Club is trying to decide the most advantageous purchase with the money. They are considering the purchase of JCI pins for first year students, and they are also considering the purchase of some books relating to Roman culture and background.

Athletic Board appointed Doug Collier and George Maves to be responsible for getting tickets sellers and takers at the Manchester game; while Linda Mayer and Priscilla Neal volunteered to take money at the Saline game.

Future Homemakers of America plan to have on May 1 a picnic to which they invite all eighth grade girls who are planning to take Home Ec. and are planning to join FHA next year.

They also decided to have dance band for the Sponge Dance, and will prepare and serve a meal to the members of the band.

Seventh grade history class has undertaken a study of the general problems of Chelsea, and a summary of the history of the United States. Seventh grade girls are happy they are getting to win a basketball game from the eighth grade girls by a score of 16 to 13.

Chelsea's fighting track team placed second in a three-way meet with U-High and Saline last Thursday. U-High walked away with the most from the very beginning, in spite of the best efforts of its competitors. In the mile, Dennis Gary took second, Ed McDaniels took third, and Jim Grau third; in the half-mile, Ron Eder took second and Bob Brown third; in the 440-Larry Schuman brought in a third; in the 220, Robin Wright took fourth. In the high jump, Neil Sanders and Bob Smith took third and fourth places; Bill Lake took fourth in low hurdles; Gary Dault took 4th in high hurdles. Robin Wright took a tie for third place in broad jump; Bob Fischer took fourth place in shot put; and Jack Cattell not only placed fourth in the 100-yd dash, but was in a five-way tie for first place in pole vault. Five contestants made 8' 6". This is a most satisfactory and auspicious beginning.

Seniors have planned a car wash which will be held at Harker's Gas Station on May 4. The Pure Oil Company will provide the materials needed. The committee to make the arrangements consisted of Bud Guest, chairman, Bob Fischer, Jack Williams, Ed Wenk, and John Howe.

The Student Council went to the University of Michigan March 13,

### Extensive Plans Being Made for Michigan Week

"See Michigan First" and "Accent on Hospitality" will keynote the May 21 Hospitality Day, program of Michigan Week, according to Frank Davis, chairman of the Michigan Tourist Council, and a full schedule of newspaper, television and radio material has been prepared in keeping with this theme.

Davis, who is secretary manager of the East Michigan Tourist Association, has announced that in addition to special Michigan Week public service television film and radio scripts which will reach more than 100 TV and radio stations in the state, the Tourist Council will gear its regular spring newspaper advertising program to tie in with the May 19-25 Michigan Week observance.

In addition, special label buttons bearing the legend, "Welcome to Michigan - Meet Your Michigan" have been designed to remind the state's resort operators - and Mr. and Mrs. Michiganian, as well - of their role as hosts to the vacationer in Michigan.

More than 15,000 of these buttons will be distributed through such organizations as the regional tourist associations, the Auto Club of Michigan, Michigan Retailers' association and the Michigan Petroleum Industries committee.

In addition to pictures and story material which have been prepared for newspapers, Michigan magazines and Sunday supplements, a series of Ripley-type "Meet Your Michigan" features will be mailed to all Michigan

newspapers and 1,400 boost Michigan posters will be distributed for display by chambers of commerce, resorters and tourist groups all over the state.

Accidents don't just happen. They are caused. Drive safely!

U-M Recognizing Centennial for 'Lost' Lab on Campus

Ann Arbor - The University of Michigan can find one of its buildings - but it's recognizing a centennial for it this year anyway! So says F. Clever Bald, assistant director of the Michigan Historical Collections.

The Chemical Laboratory, first building in the country entirely devoted to chemical experiments, is now completely embedded in the present Economics Building on the main campus near the General Library. And no one now can say just where the original structure is, so thoroughly has it been hidden by subsequent additions. The present building houses pharmacology and economics.

Farm Tractor Is Dangerous To Young Boys, Girls

Letting your children start driving a tractor at a too early age is a dangerous practice in Michigan, reports Richard Pfister, farm specialist at Michigan State University.

In the past six years, he said, 44 Michigan children under 14 years old have been killed in tractor accidents.

He adds that if the youngster can be trusted with tractor maintenance, he is old enough to drive.

THANK YOU

Many thanks to the kindergarten class of the Congregational church school for the basket of toys and for all the cards received; also, Mrs. Harold Powers and Mrs. Philip Vogel for their kindnesses. Everything is very much appreciated.

Johnny Heppburn and his parents, Mr. and Mrs. Max Heppburn.

THANK YOU

I wish to thank all my relatives, friends and neighbors for their calls, cards, visits, plant, fruit, and candy given to me during my stay at the hospital and since my return home; also, the St. John's Women's Guild for the beautiful plant and the Rev. E. O. Davis for his call and prayer. These acts of kindness will always be remembered.

Mrs. Paul Eisenman

THANK YOU

We wish to thank all our friends, neighbors and relatives for their comfort and acts of kindness at the time of the loss of our husband and father. A special thanks to the Rev. S. D. Klade and the Staffan Funeral Home for the kind help.

The Family of Blair Pierson.

**NEWS HOLLYWOOD**

Gary Grant's wife, Betsy Drake, is returning to the screen for the role of Jenny, the secretary who loves Tony Randall in Twentieth Century-Fox's adaptation of the Broadway success, "Will Success Spoil Rock Hunter?"

A newcomer to Hollywood, although not to acting is Judy Tyler, who is co-starring with Bobby Troup in "Pop Girl Goes Catfish." Judy starred in Rodgers and Hammerstein's "Pipe Dream" on Broadway.

Zasu Pitts is so tired of her zany characterizations, she doesn't know what to do. What she wants is a chance to prove that she can do straight, dramatic acting.

Tony Perkins will have Fernal Roberts and Frank Overton. How Broadway plays as his brothers in "Desire Under the Elms," Paramount. Sophia Loren is set to co-star with Tony in this film.

which is scheduled for immediate production.

After her excellent work in "Three Faces of Eve," Joanne Woodward had her option picked up by Twentieth Century-Fox. They also picked up their option on Dana Wynters.

Sophia Loren, beautiful young actress from Italy, is in Hollywood to make the film "Desire Under the Elms."

"The Young Lions," to be made in Switzerland, France and Germany, with some scenes of Gaudy, will have Marion Brando in the role of Christian, a ski instructor in Austria at the beginning of World War II. It's a story of human relations, rather than one of war, however.

Red Buttons has decided to desert New York permanently for Hollywood where Warner Brothers have real plans for him. They see in him another Jimmy Cagney. He'll play "Airman Joe Kelly" in "Sayonara."

While Shirley Temple has refused to resume her screen career, she has decided to go into television work, as a hostess and performer.

Gabe Nooradian, who gets his start before the cameras in a featured role in "The Helen Morgan Story," starring Ann Blyth at Warners can thank George Gobel for this luck. It seems that Gabe is a plumber by day and a drama student by night. He answered Gobel's call for a plumber and that started Gobel's interest in him.

The awakening of Emily Wade

Emily Wade was a girl who had always dreamed of buying a new car. Emily watched her pennies so when she saw a "medium-priced" car advertised for "only a few dollars more" than Ford she went to see it. "My heavens," she gasped when she saw the car, "it doesn't even have automatic transmission; that's one thing I particularly need. And I do think power steering and power brakes are a must." So Emily's dream evaporated. Then Emily stopped in to see her Ford Dealer, an amiable fellow, who showed her how to buy a luxurious Fairlane 500 with all the extras she wanted

—and at a lower price than the stripped-down model 1/2 of the "medium-priced" make. "This is a car a girl like me really wants," said Emily. And she bought it right then and there. Now you know what Emily knows... for a luxury car, plus extras, at a sensible price, logic directs you to Ford.

### Words 'Under God' Added to Pledge of Allegiance Through Efforts of K. of C.

I PLEDGE ALLEGIANCE TO THE FLAG OF THE UNITED STATES OF AMERICA, AND TO THE REPUBLIC FOR WHICH IT STANDS—ONE NATION, NATION, UNDER GOD—INDI-

that interest is crowned by its "Columbian Squires" a junior group; youthful prospective Knights, up to 17 years in age. The above pledge of allegiance, in its amended form, always has been a salient point in their beautiful ritual. This "Under God" is a cherished addition.

The Knights of Columbus has its own special degree of Patriotism—the Fourth Degree. Here too, the "Under God" has its warmest welcome to a pledge revered since the inception of this step in the Knights' ritual, at its inception in 1900.

In the forthcoming Diamond Jubilee celebration of the Order, March 28 through May 5, the Knights will take occasion to add this amendment of "Under God" to their most cherished contributions to their fellow-man, regardless of creed, during their 75 years of progress and service.

The incomparable thrill in the heart of every school child and scout-boy or girl; in the heart of every adult—from another—honor land who adopted our American way of life, living and personal belief; of every man and woman in the service of their beloved Country; of all the rest of us; as we recited the pledge before the Stars and Stripes. In its original form, we saw nothing lacking. But there was:

God had been omitted. But this has been corrected.

In April, 1951, the Knights of Columbus sought to rectify this oversight. They originated an amendment to insert "Under God" after the words "One Nation."

Through the co-operation of United States Congressman Louis Rabaut of Michigan, the amendment was adopted, and immediately put into effect.

In recognition of the Order's patriotic concept of the place of God in the spiritual and material. President Eisenhower commended the Order, through its Supreme Knight, Luke E. Hart, as did innumerable public organizations and individuals.

That there are some who seek to usurp credit for another's work is but the effect of petty jealousies, especially where a tinge of bigotry can be detected; or at least suspected. There were other claimants for this honor. Records, backed by dates, should suffice.

For the past 50 years the Knights of Columbus' 75 years since its founding in 1882, the Order has had a marked trend and interest in the youth movement. Today

### Carving Tips Help Make Host's Job Easier, It Says Here!

The next time you carve the Sunday roast, make your job easier by following these tips.

Carving should be done quickly if the meat is to be served hot, advise Faye Kinder, foods professor at Michigan State University. All the portions for the table should be carved before serving and there should be room on the platter to place the slices on top of each other as they are cut. If your platter is not large enough, provide a small platter or plate to hold the slices.

Most meat is carved by cutting across the fibers rather than between them. The structure of meat makes it easier to cut between the fibers; therefore the individual portions may be easily cut with an ordinary dinner knife.

When carving, push the fork with the tines downward and the guard up into the left side of the roast. Cut across the meat from right to left or down through the slices from one-eighth to three-eighths inches thick. It is always better to serve two or three thin slices than one thick one.

To serve, lift the slice of meat between the tip of the fork and the knife blade. The choice portions of steaks, roasts and the white and dark meat of poultry should be divided among all those served.

**HERB CORNER**  
Flavor, Fragrance, Beauty

Before the day came when it was possible to go to the drug store to buy a package of dye, housewives, who wished to dye material, looked to "natural" sources for their dyes. One of these sources was their herb gardens.

And one of the most widely used herbs for dyeing cloth was wood. In fact it is frequently called "dyer's wood." Wood, incidentally, means weed.

It is one of the oldest sources of this dye. Before indigo was brought from the Orient in the seventeenth century to the woolen industries of England, France, Germany and Italy, they were dependent upon wood for dye to color their wool blue, and combined with other dyes, green.

It was known as a dye even in ancient times. Caesar reported, after the Roman invasion of Britain in 55 B.C., that the people there painted their bodies with the blue of wood.

The word Britain is believed by some to have been derived from the Celtic word for painted. So this herb which furnished the blue dye for the woolens of Great Britain for so many years, may also have been the source of her name.

The botanical name of this hardy biennial is *Isatis tinctoria*. It is a member of the mustard family, and is grown in herb gardens today not only for its historic importance in the weaver's trade, but for the stately beauty of its four-foot tall, lacy sprays of yellow flowers in the garden in early spring and their value for bouquet material.

*Isatis glauca*, the perennial wood, blooms later in the spring, and has edible umbels, similar to broccoli, which are a welcome addition to our spring salads.

Mr. and Mrs. Kenneth Livingston and daughters, Carole and Cheryl, and Mr. Livingston's sister, Mrs. Mabelle Mesear of Mulliken, returned Monday from a three-week stay in Florida. They visited Mrs. Livingston's parents and brother, Mr. and Mrs. Charles Smith, Sr., and son Jerry, of Tampa.

According to Mrs. Howard Blackenburg, Ypsilanti, Democratic county chairman, the agenda will include reports on legislative action by Mrs. Wilbur Cohen and Mrs. Carol Ludwig, plans for Democratic Party Night, which is a nation-wide event sponsored by the National Committee to take place on May 21, and the selection of a county precinct worker to be honored at the Michigan Jefferson-Jackson dinner, one sponsored by Michigan's Congressional Districts which will be honored. Washtenaw Democrats earned the privilege of naming a worker because of their record achievement in the April 1 election.

"Our highest previous percentage of the county vote in recent years was the 44 per cent cast for Governor Williams in the November election. On April 1, 45 per cent of Washtenaw's vote was cast for State Superintendent of Public Instruction Lynn M. Bartlett and Highway Commissioner John Mackie."

Other business of the meeting will include reports from Mrs. Wendell Fox, Ann Arbor, finance drive chairman, and Leyton Stoddard, membership chairman.
