Nov. 28-29—Thanksgiving vacation no school.
Nov. 29—Chelsea plays basketball at Milan.
Dec. 4—Assembly at 1 p.m.

The varsity cheerleaders have been practicing some new cheers for basketball. These are: Clap Hands, One-Two-Three-Four, Sitting on a Grandstand. They are all trying very hard to be really sharp for the basketball season. The junior varsity cheerleaders are happy to announce Helen Stapp as their new substitute. They hope to see all of you at the junior varsity's first basketball game of the season and at the

Varsity game as well. The game is Tuesday, Nov. 26, with Dexter.

The girls Physical Education class has been playing basketball and learning various basketball skills. In the weeks past they have been engaged in other activities such as volleyball, soccer and other entertaining games. They have also been doing several square dances and marching dances in class.

Barbara Maynard, Catherine Mester, and Barbara Williams, seniors in the Future Nurses club, attended open house at Henry Ford hospital, School of Nursing Nov. 18. On their tour through the nursing school, their guide, Ann Ingersoll, a freshman at Henry Ford hospital, showed them the classrooms, the nursing laboratory, the nurses' homes, the swimming pool, the auditorium and the anatomy laboratory. In the gymnasium they saw demonstrations on the care of premature babies in an incubator, the care of patients in an iron lung and

energy saving devices for heart patients.

Miss Syne, a public health student at the University of Michigan, was a guest speaker at the Future Nurses club meeting Nov. 20. She was accompanied by Miss Fisher, the Public Health Nurse in Ypsilanti. Miss Syne covered such topics as the personality traits a nurse needs, qualifications needed to enter a nursing school, types of nursing schools, what one looks for when entering a school, what a student studies while in training and a typical day in a student's life while in training.

As a result of last week's Band tryouts the following people are in the first chair of their sections: Sharon Smyser, clarinet; Matthew Brown, alto saxophone; Judy Woolley, tenor saxophone; Ruth Penick, flute; LeVere Carr, bass; Ronald Tapscott, baritone; Jon Harris, French horn; David Fairbot, trombone; and George Wilson, drums. Barbara Hoffman plays E-flat clarinet, Carol Cameron, bass clarinet and Sherry Frisinger plays baritone saxophone. For the switched season Marvin Fischer has switched from cornet to bass and Sherry Frisinger has switched from alto saxophone to baritone saxophone.

On long tones, Judy Woolley has tied with Bill Gaddis for 45 seconds. Judy is a sophomore and plays tenor saxophone. Bill is a 10th grader and plays clarinet. They are the record holders for their respective bands. Markita Young, Patty Pastor, and Quentin Smith are close behind with 40 seconds. They are Senior High Band members.

The band members are selling fruit cakes for the Band Boosters. The proceeds from this sale will go toward the purchase of a new baritone horn and a new French horn.

About 20 FHA girls spent an enjoyable evening swimming in the pool of Ann Arbor High school, on Tuesday, Nov. 19. The pool was about the size of Chelsea's gym. Each person who attended paid 65 cents to swim. The attendance was rather poor but each member was to invite a friend so that increased the number. Miss Potter and the new practice teacher, Mrs. Maxon, chaperoned the girls.

Art students have been finishing their water paintings. Many have improved their skills in painting since they began. They are now beginning lettering in ink and stenciling. First of all, they began with lettering the alphabet. We hope they have a successful unit.

The Latin club taffy sale has been very successful and members hope to make a clear profit of \$330-\$350. (This money will be used, primarily, in sending food packages overseas.) Mary Ann Steger managed to bring her sales up to 23 boxes, selling the most in the club. Since the taffy is still in demand, the club is thinking of re-ordering.

The French club meets at the home of one of its members on the first Monday of each month. They have speakers from France, movies, and teachers that teach French in other schools, at their meetings. This month the meeting was cancelled because of other school activities. Next month the meeting will be held at Berrie Fisher's home.

After giving a speech on Germany in English class, Pat Merkel and Fritz Wagner presented Mrs. Bald with a pair of wooden shoes which they made. The shoes were painted green, and red paint formed these words on the shoe tops: "Ye Old Barn Shoes." The question mark may have been to designate whether or not they would be worn in the barn. The students of Chelsea High are expecting to

see Mrs. Bald wearing them to school one day soon.

The Home Ec. classes have been learning the care of their rooms and how to redecorate them properly.

Cooking has also been in practice in all of the classes. Next the cooking will be done, along with planning the meals for a week, in the home.

The seventh grade librarians will visit the Ann Arbor High School Library and Planetarium, Tuesday, Dec. 3. This Wednesday, they saw filmstrips on the solar system, which will act as a background for the visit.

Jack Merkle will be one of the several chaperons. The others will be parents.

Right now, plans are under way to strengthen the science collection in the elementary and high school libraries; even though the present collection is substantial according to the amount recommended by the American Association for Advancement of Science. Information on careers in science is available in the occupations file. There is also information on science scholarships. Science magazines such as "Science Newsletter," "Scientific American," and "Science Digest," are always available.

Elementary school is continually being moved, a book truck has been purchased to simplify matters. At present, a card catalogue is being set up there.

The collection of books at both elementary libraries is continually being expanded in order to bring it up to recommended standards. Students are allowed to take the books home.

Both the Jerusalem and Jewett Stone schools are making use of film strips and film strip viewers to make subjects more interesting and easier to study.

Recently, a set of World Book Encyclopedia was sent to Jewett Stone school to be used for reference work. The Jerusalem school received some special children's books from the Library Extension of the University of Michigan.

Dec. 4 the Band Boosters are sponsoring the Band Follies. The show will include several numbers by each band, some instrumental and vocal solos, a kitchen band from the Baptist Church and Band Booster fathers will present a chorus line. The exact time is not yet determined.

Members of all the bands are selling fruit cakes.

On Wednesday, Nov. 20, Edward Tuller presented an assembly on the white-tailed deer, to the student body. The film was taken by Tuller himself with the help of his wife, Judy. Included in this film, were scenes of other animals such as ducks, snakes, etc. A part of the film on sand-hill cranes, was taken near Chelsea at Mud Lake.

Thanksgiving 1621 - 1957

For us, Thanksgiving Day is more than a commemoration of the occasion on which the Pilgrims gathered before an abundant feast to celebrate the establishment of their firm footing in America.

For us, Thanksgiving Day has become an occasion for pausing to count the blessings that have come to the peoples of America year by year. This national holiday arrives annually as a milestone in the journey of progress, launched by our forefathers many years ago.

Thanksgiving Is Day To Recall Our Many Blessings and Give Thanks

This year, Thanksgiving—a national religious festival—is 94 years old. It began in 1863 and credit for beginning the observance is usually given to Mrs. Sarah J. Hale.

Less than one month separates Thanksgiving this year from Christmas, which means that these two national religious observances are only 26 days apart.

Thanksgiving in the United States has come to mean a time to give thanks for our blessings, for the harvest and for the riches of America, and to take stock of the year which has nearly spent itself.

In ancient history many days of thanksgiving were celebrated annually over long periods of time. The victory of Constantine was celebrated in Constantinople for many years on Sept. 24. In Alexandria, July 21 was observed for years as a day of thanks for the cessation of earthquakes.

In England, the victory of the Black Prince over the French in 1356 was celebrated for eight days, and special thanksgiving services were held in St. Paul's Cathedral after the defeat of the Spanish Armada in 1588. In addition, for 200 years England had a national thanksgiving day in gratitude for the failure of the plot to blow up the King and House of Lords on Nov. 5, 1605.

Our Thanksgiving Day in the United States, then, is relatively young, but it has taken hold more firmly than any other thanksgiving day in any other country and has spread to the various corners of the world.

It is one of our most-enjoyed holidays, a colorful observance and an inspiration. To many Americans it signifies the coming end of the year and the completion of the harvest season for the year.

Adlai Finally Makes It to Washington

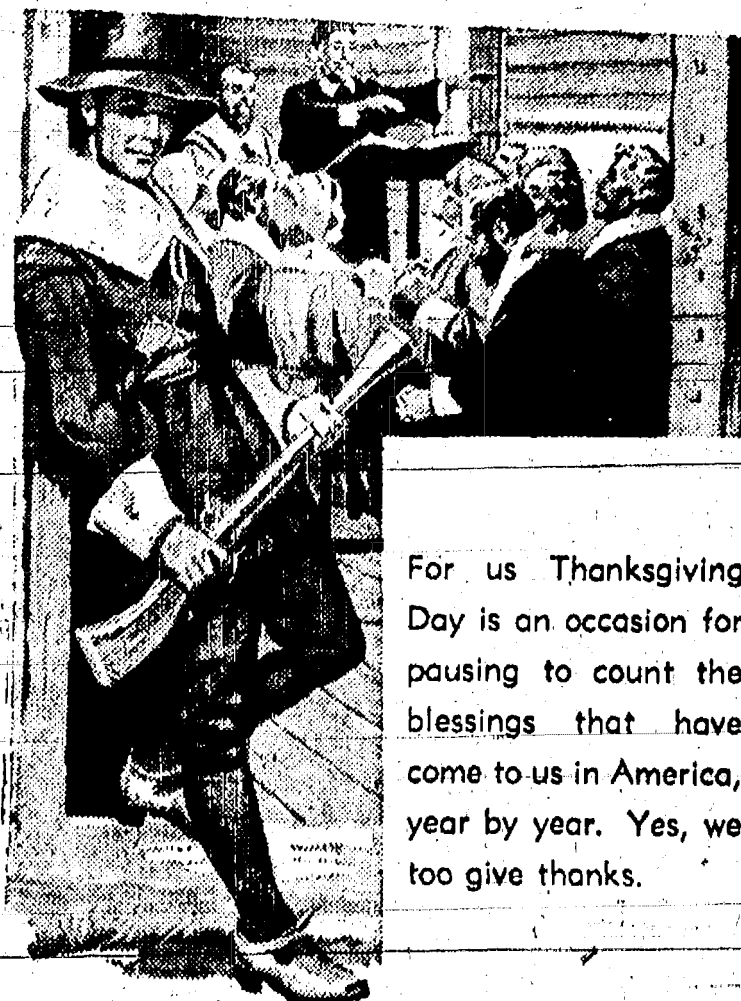

Adlai Stevenson is now to be an adviser to the President on matters pertaining to the North Atlantic Treaty Organization.

Stevenson, after some misunderstanding all around about his acceptance of the job, has finally said he will work with the Administration in the form of offering his advice and conferring with administrative leaders on NATO problems. The unsuccessful Democratic presidential nominee may go to Europe for the NATO meetings in December, although this is not yet definite.

Stevenson is well qualified to fill the position. He was governor of Illinois and since his unsuccessful tries for the presidency has been somewhat of a world traveler, speaker, lecturer, and observer. What experience he has had dealing with the nations in NATO has been relatively recent, although his knowledge and fundamental grasp of foreign policy is certainly considerable.

In spite of his background and keen interest in foreign policy, it may be difficult for Stevenson to add anything to the U. S. contribution to NATO. Our policies are largely set and the Administration in all probability will do as it sees fit, depending largely on the advice of the President himself and Secretary of State John Foster Dulles. The Stevenson appointment seems to us more of an honorary degree than anything else.

Trading in Chelsea is good common sense if we expect our community to grow and prosper. Merchants and customers alike should keep this thought in mind.

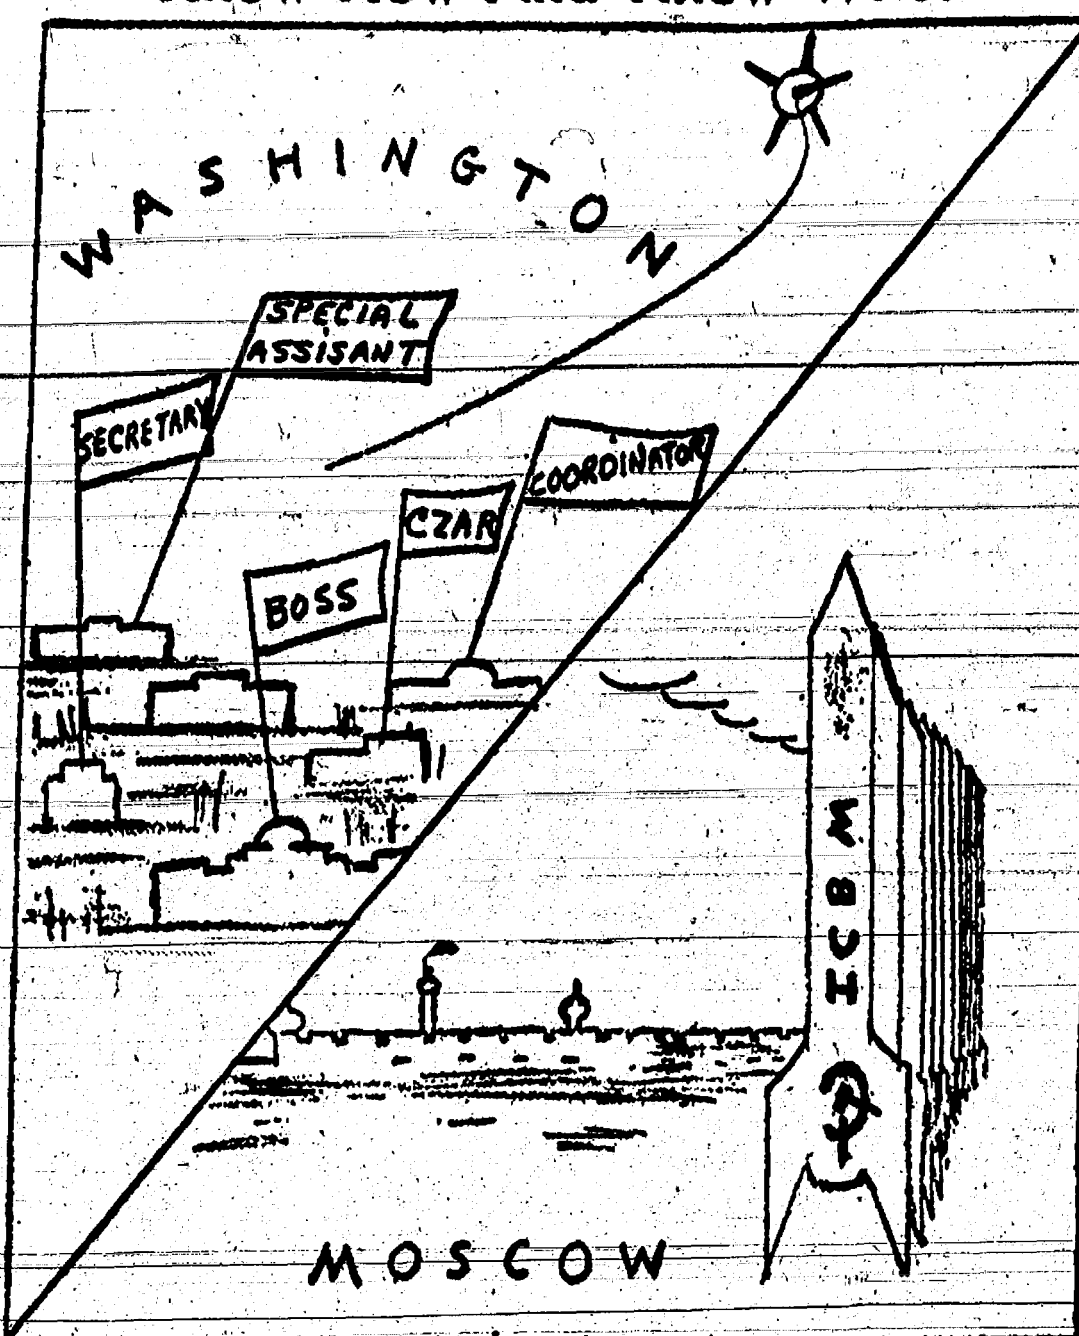

For us Thanksgiving Day is an occasion for pausing to count the blessings that have come to us in America, year by year. Yes, we too give thanks.

Know-How And Know-Who?

★ MICHIGAN MIRROR ★

By Elmer E. White, Secretary, Michigan Press Association

Michigan's population is growing like the proverbial "topsy."

In 1950, the date of the Federal Census, Michigan residents numbered 6,371,766. In July, 1957, our state lists 7,622,000 as residents. (This does not include residents serving overseas in the armed forces.)

This is an increase of more than 1,250,000 in less than seven years. According to J. F. Thaden, MSU expert who accumulated this information, the population growth in the last seven years is greater than that of the previous 10 years. From 1940 to 1950, Michigan citizenship grew by only 1,106,658.

Outlook is for continued growth. Thaden's figures indicate that Michigan will grow by some 3 1/2 million souls during the next 18 years.

Significance of this continued growth can mean many things. Of course, each new person is another consumer. This is important to retailers and to manufacturers. And each new person will need services from his community. It is estimated that the population in Michigan will create demand for half again as many classrooms as now exist; half again as many houses, hospitals, stores, automobiles, teachers, doctors, lawyers, etc.

If these figures prove accurate, Michigan people can look forward to making the most of their opportunity.

Labor leaders have not admitted satisfaction of their expressed fears for the safety of workers at Michigan's new atomic reactor plant at Monroe, but the expert testimony looks like it should calm their worry.

Legislators and other state officials toured the \$69,000,000 installation last week and returned satisfied.

Dr. Hans Albrecht Bethe, an expert in the field, said the power plant can be operated "without

undue risk to the public." His statement puts some Democrats on a spot.

Last year, Gov. Williams joined a number of labor leaders in asking the Atomic Energy Commission to halt construction of the plant until safety to workers and the community could be assured.

The AEC refused to stop building, but promised to investigate and develop the safeguards necessary.

Dr. Bethe said workers will have five barriers between them and harmful effects of radioactivity. Other precautions have been created to prevent other kinds of trouble.

Legislators reasoned thusly: If the AEC refused to halt construction, safety to the public was already assured. The most the unions and Democrats can charge now is that the AEC didn't tell them.

Court reforms suggested two years ago have been promised for lower courts by the Michigan Supreme Court starting in the spring.

In a show of nonpartisanship, three justices nominated first by Democrats, said they would support Chief Justice John R. Dethmers, a judge with Republican origins, for another term.

Justice Eugene F. Black sounded the sentiment of the Democratic members, stating that 1958 would be "a year of transition" and Justice Dethmers would be a powerful force at the helm.

The changes include regular conferences with lower court judges in an attempt to speed justice, improve court administration and, generally, to improve the state's court system.

Financial woes of state government are calling for drastic measures.

Treasurer Sanford A. Brown said he would be forced to withdraw \$28,000,000 in invested state

time deposits from banks by early next year.

The money comprises funds placed in banks for a short period of time and allowed to be used by the banks for investments, with the state earning the interest.

Brown said the move was necessary because the legislature ordered a \$25,000,000 advance payment of school funds last year to make up a deficit and bring school aid payments to \$187 per pupil.

He said the maneuver depleted school funds and, to meet deadlines for payments, the bank deposits must be tapped.

National Farm-City Week is getting more attention in Michigan this year than in its first two years of existence.

The Nov. 22-28 period is set aside to help people in rural and metropolitan areas understand each other's problems and ways of life. The idea is sponsored by a number of national groups nationally. In Michigan the Railroad Community Committee of Greater Detroit, MSU, Chambers of Commerce, service clubs and farm and labor organizations have worked together.

One of the projects planned will send a special trainload of city people, mostly living in Wayne, Oakland and Macomb counties from Detroit to East Lansing and back. A special program is arranged for passengers so they can see some of the accomplishments of Michigan's rural community.

GIFT TO PHILIPPINES.

In a salute to Philippine independence, President Eisenhower signed legislation handing back valuable historical documents and records seized during the Philippine Insurrection in 1898. The papers, in 100 file cases, will be sent to the Philippines after they have been microfilmed by the National Archives.

Washington Report

By Senator Charles F. Potter
 The latest news from Washington of special interest to Michigan.

CRYSTAL BALL GAZING is today's order of business. With only six weeks to go before Congress reconvenes, I'm pondering the major issues likely to engage us next year. I see them as missile development, defense, foreign relations, taxation, labor and farm legislation, and civil rights.

The year 1958 will be a rugged test of the capacity of public officials to place progress above party politics. Senate hearings start today on the missile program and the behavior of the Committee will be a barometer of Congressional temper next session. If it takes on the character of finger-pointing, we can assume that political maneuvering will dominate statesman-like action next year and that party will be placed above purpose. This would indeed be tragic and sure to stir public resentment.

THE NEXT SESSION is bound to see increased defense spending. Military and other programs, therefore, must be screened for fat. But efficient fat-trimming and wise federal spending in 1958 will not, I fear, result in substantial tax cuts. If there is to be relief, it is my hope that small business will receive priority. In all candor, our biggest tax problem next session will be holding the line and avoiding deficit financing. The greatest danger we face is an inflationary spiral.

THE PERSON WHO EXPLOITS the laboring man is endangering the future of our country—for from the families of laboring men will emerge many of our leaders of industry, science, government and religion. Protecting working men and women against extortion and thievery is a proper Government function, sustained by enlightened labor leaders. Therefore, some legislation to guard union funds can be expected.

Many of us will introduce civil rights bills, covering everything from poll tax to fair employment. The political implications are obvious, but the humanitarian consideration should be greater. If we are to be free, we must live free. The right of our neighbor, whatever his creed or color, is our responsibility, as our right is his.

CERTAINLY the actions of the United States on taxes, labor and civil rights and their effect on our economic life are evaluated carefully in the capitals of the world. Our handling of such issues is a gauge of our capacity for orderly and prosperous growth. Final acts of Congress on these matters may not emerge in what you and I consider ideal form. We must remember that the legislative product represents divergent views of 96 Senators and 435 House members and that the essence of all Congressional achievement is compromise.

I REPEAT that this is no time in the development of our great nation to deal with issues casually and selfishly. They must be weighed in the total public interest, for at no time since the first Congress 200 years ago has there existed a greater challenge to the republican form of government. If we are strong within, we shall survive and prosper.

HAPPY THANKSGIVING, and best wishes!

RESERVISTS.

The Army has announced it would transfer 22,000 Reserve officers to non-pay drill status on July 1, and use the funds originally allocated to pay the officers for attending drill classes, in recruiting additional enlistees in the Reserve troop unit program, particularly in the six-month training program.

JUST REMINISCING

4 Years Ago...

Thursday, Nov. 25, 1952—

The Woman's club, in its promotion of plans for possible formation of a Community Chest program here, has invited representatives of factories, businesses and the Board of Education, as well as representatives of the Child Study club, Chamber of Commerce and Kiwanis club to a Dec. 1 luncheon meeting in the Congregational church to study plans for the project.

Applications Now Being Accepted for
Entrance to New Air Force Academy

Applications are now being ac-
cepted for nomination to the cadet
class that will enter the United
States Air Force Academy in June,
1958. T-Sgt. Richard J. Kapit of
the Air Force Recruiting Office at
Ann Arbor, said today.
Young men who desire to com-
pete for an appointment to this
class should apply for a nomina-
tion as soon as possible. Since
nominating quotas are limited and
time is required to process the
nominations and schedule testing,
the prospective candidate should
not delay.
To meet the eligibility require-

ments, applicants must be at least
17 and must not have passed
their 22nd birthday by July 1, 1958;
be male citizens of the United
States; morally and physically fit;
between 5 feet 4 inches and 6 feet
4 inches in height, and never have
been married. Each individual who
meets the eligibility requirements
may apply for a nomination by
writing to a U. S. Senator from
his state or to the U. S. Repre-
sentative from his Congressional
district. In such a letter the ap-
plicant should state briefly his quali-
fications, place of residence, edu-
cational background, and reason for
wanting to enter the Academy.
Each Member of Congress may
nominate ten candidates. All the
Congressional nominees in each
state will then compete for the
vacancies allotted to that state.
Each of the 48 states is allocated
a number of vacancies proportional
to its total representation in the
Congress.

Members of the Regular or Re-
serve components of the Army and
Air Force, including the National
Guard, who meet the eligibility
criteria, may apply for vacancies
allotted to the services. They should
contact their organization com-
manders who will require them to
complete DD Form 786 and for-
ward it to the Air Force Academy.
Information pertaining to the A-
cademy application is contained in
Air Force Regulation 58-10 and
Army Regulation 350-58.

Vacancies are also allotted to the
following: sons of deceased veter-
ans, and sons of members of Regu-
lar components of all branches of
the Armed Services. Sons of Medal
of Honor winners, if otherwise
qualified, are admitted without re-
gard to total vacancies. Requests
for nomination in those categories
should be sent to the Director of
Admissions, U. S. Air Force Aca-
demy, Denver 8, Colo.

A candidate improves his
chances by entering all the cate-
gories in which he is eligible.
Since selections are made on an
order of merit basis from each
category, it is not unlikely for a
candidate entered in more than
one category to rank high enough
for selection in one, yet be too
low for selection in another.

Factors considered in the com-
petitions include the results of a
series of aptitude and achieve-
ment tests, combined with a survey
of preparatory or high school rec-
ords, and personal evaluations to
determine academic achievement
and leadership potential.
All candidates must pass the

NEWS & HOLLYWOOD

"The Ten Commandments," produced by Cecil B. DeMille, will take in total of \$38,000,000 by the end of this year in rentals. That proves two things: the movies can make money and the public will pay to see good movies on Bible themes.

Errol Flynn is back at Warner Brothers, where he made his start, to play the role of John Barrymore in "Too Much, Too Soon," the movie version of the novel by Barrymore's daughter, Diana. Dorothy Malone is set for the role of Diana.

Rights to the movie "High Noon," have been bought by Dimitri Tiomkin, who wrote the story. Tiomkin now plans to do the story as a musical on Broadway.

The Motion Picture Academy's board of governors has voted to shorten the ceremonies at the academy award presentations. This will be accomplished mainly by a reduction in the number of Oscars to be handed out. The 1958 show will be held the evening of March 26, the place to be announced.

Van Johnson owns 25 per cent of his Pied Piper TV show and after it has played twice on TV, he and its producers get European rights and will release it in the states over there as a 90-minute picture.

After she finishes her role in "Kings Go Forth," Natalie Woods

will vacation in Mexico for a month.

Ginger Rogers has signed for three more TV shows with Jack Benny, who describes the avante-garde as "Hollywood's best foot forward."

David Niven will star in two Turn of Fate TV shows, "In the Dark" and "Night Caller" and then report to Hollywood for "Separate Tables" with Burt Lancaster, Rita Hayworth and Deborah Kerr.

Marlon Brando may star in the filmed life-story of the fabulous speed king, Alfonso de Portogoso. It seems that Brando and Portogoso are good friends.

Offered \$10,000 to play a role in "Playhouse 90," Pigr Angell turned it down, saying "There's nothing in it for me to make me grow that much money to you." That's new!

For "The Unvanquished," the William Faulkner story, Al Zuzsmith would like to have Clark Gable, Monty Clift, Natalie Wood and Nat (King) Cole.

Tommy Sands, popular young TV singer, plans a vacation in Acapulco between his appearance on Eddie Fisher's show in November and Dinah Shore's show Dec. 15.

★ Letters

Who is more popular than the mailman? Everybody likes to see him come. But the mailman can't deliver a letter unless somebody wrote it and sent it.

As the season for Christmas cards draws near, I'd like to say that the cards that mean the most to our family are the ones that contain a personal message, or perhaps a family photograph.

One Christmas card I have kept for a long time was written by one of the pupils in a class I was teaching. I felt sure she composed the message herself: "Dear Sir, I hope you have a good Christmas. Yours truly, Helen Wilson."

Margaret Leitold has a good idea along that line: she writes her once-a-year correspondence during the summer, when she and the addressee both have more leisure than they have in December. Any time is a good time for a greeting.

Once I read about a man who tried the experiment of sending a number of his acquaintances, chosen at random, cards on which he wrote the single word "Congratulations." Several of those who received the cards wrote warm letters of appreciation in reply.

Something had happened in their lives that seemed to them to be worthy of congratulation; and they were pleased that someone learned about it and cared enough to write. If you know anyone who really deserves congratulations, you'll double his pleasure and yours if you write him a note.

A few weeks ago it occurred to me that one of my favorite English teachers would be glad to know that those weekly "columns" she made me write in Freshman English hadn't soured me completely. So I sent Dorothy Angeline a few samples of this column, and was rewarded with a long letter including news of our mutual friends.

There's probably someone who would like to hear from you today. If you can't think of anybody else to write to, why not write to me, in care of this newspaper? You might tell me some curious or inspiring incident that would be suitable for use in this column. Or perhaps you'd just like to share a problem in confidence with a sympathetic stranger. I'd be glad to hear from you.

Our Thanksgiving Wish...

May we have peace, but with honor and with liberty; may we never seek war; yet, may we never surrender the American way of life; may we never give up the right as Americans to think, talk, and worship, each according to his own way; yet may we be always united, a nation indivisible, in the common defense; may we enjoy the richness of our land, yet be willing to endure the hardships of free men determined to keep a democratic country.

THE BIG 58 FORD CUSTOM 300

Here's the best news of the year for people who want to make their car dollars go further:

While prices of other cars have gone up for 1958, Ford has reduced the prices for its popular Custom 300 models... below 1957 prices!

And these new 58 Fords that you can buy for less than 1957 prices are beautifully styled, handsomely trimmed cars that

can stand up with pride alongside even the costliest cars. Yet they are the lowest priced cars of the low-price three!

If you go for V-8 performance, you can have your Custom 300 powered by Ford's all-new Interceptor V-8 with Precision Fuel Induction... the greatest V-8 improvement in 25 years. Team this powerhouse with new Cruise-O-Matic Drive and you can get up to 15% better gas mileage.

Or if a "six" suits your driving style

better, you can have Ford's famous Mileage Maker Six. This most modern engine in its field delivers up to 10% better gas mileage than the Mileage Maker Six that won the 1957 Mobilgas Economy Run.

See and Action Test a new Ford Custom 300 and you'll say what they're all saying: For smoother riding comfort, topnotch performance, tight-fisted economy, top-dollar value... you can't beat the big, new Ford for 58. See your Ford Dealer!

ONLY GENERAL ELECTRIC TELEVISION FOR 1958 OFFERS ALL OF THIS:

THE FINEST IN CABINET DESIGN

New "Slim Silhouette" styling gives these beautiful wood-grain on pressed wood cabinets an exciting, tailored look. This new slimmer, trimmer General Electric television is only 15 inches deep—no deeper than many bookcases. New compact shape saves valuable floor space, simplifies room decor. The handsomely correct control panel is a tasteful blend of low-key gold and silver trim. The luxurious grille cloth designs have been carefully selected to accent this new, subtle styling. Tilted dark safety glass—G.E.'s famous Glarejector feature—removes for easy cleaning.

NEW 110 DEGREE ALUMINIZED PICTURE TUBE

New streamlined tube design cuts up to five inches from depth of previous models, provides a large, better picture in a slimmer, more graceful cabinet design.

DISTANT STATIONS SEEM CLOSER

G.E.'s new cascade tuner gives sharper contrast to put blacker blacks and whiter whites on the screen. High-contrast pictures, even from distant stations, come home with pinpoint definition. And 3-stage I.F. amplification gives longer-radius pull-in power.

GIRL SCOUT NEWS

TROOP 67

Girl Scouts of Troop 67 met Monday at the home of Mrs. Julius Bauer.

The meeting was called to order by Pat Carter.

Judy Herman brought refreshments for a special birthday treat.

We completed plans for the Christmas program. Special practice for instrumental parts Saturday at 1 p.m. at the home of Mrs. Blaise.

Jean Fajot, secretary and scribe.

TROOP 50

At our Nov. 19 meeting we played games and had popcorn balls furnished by Carol Mayer.

We also looked at some sewing done by Sandra Meabon and Kathy Knight. They are working for a badge.

Carol Mayer, scribe.

TROOP 68

We started with a discussion of last week's meeting. The leaders, Mrs. Palmer and Mrs. Klingler, announced we will not have a Thanksgiving party as planned.

We nominated Mrs. Balmer's dog, Cheeko, as the Troop 68 mascot. Because of Thanksgiving activities there will be no Nov. 27 meeting.

We have tabled our vice-presidential nomination until our Dec. 4 meeting.

Ava MacDougall, scribe.
