Reception Sunday Will Honor Pastor's 35 Years Service

Public Invited To Attend Affair In Church Hall

The Rev. P. H. Grabowski, pastor of St. Paul's Evangelical and Reformed church, will be honored Sunday afternoon at a public reception in observance of his 35 years of service to the local church. The reception will be held in the church hall from three until five o'clock, with everyone in the community invited to attend.

An anniversary worship service will be held during the regular morning church service beginning at 10:45 a.m., with the Rev. Theodore Schmale, pastor emeritus of Bethlehem church, Ann Arbor, and the Rev. Donald Eaton of St. Andrew's Evangelical and Reformed church of Dexter, as guest speakers.

THE REV. P. H. GRABOWSKI

96 Farmers Entertained By Kiwanians

The Rev. David Hill of the Stockbridge Methodist church was the guest speaker at the annual Farmers Night program of the Kiwanis club. A former missionary in India, he is now a junior in the University of Michigan Medical School.

The Rev. Hill illustrated his talk with colored slide pictures of scenes showing the life and customs of the people of India and also stressed farming activities there; the latter especially interesting the Kiwanis club's farmer guests. There were 96 present in addition to the 44 Kiwanians who attended.

Monday's meeting was held in the social center of the Methodist church with Kiwanis Vice-President James Daniels presiding and welcoming the guests.

George Bowler of Ann Arbor was a guest at the club meeting for the last official visit as Kiwanis lieutenant-governor.

Next Monday, from 2 p.m. until 5 p.m., the Kiwanians will visit the Chrysler Proving Ground, it was announced, and Monday evening the club will hold its annual Christmas party at 8:30, with wives of members to be special guests.

Mr. and Mrs. Amin Schneider have returned home after visiting Dr. and Mrs. Horace Getz at their home at Altadena, Calif. They made the trip by plane and were away 11 days. While in California they were dinner guests one evening at the home of Mr. and Mrs. John Peck.

Christmas Seal Sale Total at 38% Of County Goal

Christmas Seal sales in the Chelsea area for the first two weeks of the annual sale are listed at \$343.80. This compares with \$289.60 for the same period last year when the sale total for the year reached a figure of \$939.00.

To date, the county total is \$11,350.00 of the \$30,000 hoped for to carry on the health education and x-ray surveys which have proved so effective in detecting early tuberculosis.

Christmas Seal letters were sent to residents of the county two weeks ago and all contributions sent in are used to combat tuberculosis.

Francisco Church Plans Open House

Next Thursday, Dec. 12, St. John's Evangelical and Reformed church at Francisco will hold an open house in observance of the completion of its new educational building, an addition to the church which has seated the congregation for many years.

Dedication ceremonies will take place later this month.

In connection with the open house, the Women's Guild of the church is serving a public, family-style dinner. Reservations for the dinner must be made by Dec. 8.

In charge of ticket sales are Mr. and Mrs. Carl Maute and Mrs. Ernest Rice.

E. Van Riper To Head Fair Association

The annual meeting of the Community Fair Association was held Monday evening in the Municipal building with election of officers and the principal order of business. Everett G. Van Riper was elected president.

Other officers and directors named are Walter Harper, first vice-president; Charles Lane, second vice-president; Dr. John Pilkington, secretary; H. T. Moore, treasurer; M. J. Anderson, Arthur Kogler, Robert Kustman, Walter Kogler, Anton Nielsen, Erwin Wenk, Thomas Rust and Reuben Lesser, directors.

Members of the board of directors whose terms had not expired are Edna Lesser and John Brooks.

The financial report given at the meeting showed that a total of \$1,600 and interest had been paid off on the indebtedness on the fair property this year, leaving a balance of \$2,500.

Band Ensembles Available to Community Groups

David Dietle, son of Mr. and Mrs. Lawrence Dietle, Alyce Riemenschneider, daughter of Mr. and Mrs. Lawrence Riemenschneider, and Roy Lange, son of Mr. and Mrs. Douglas Lange, have all been promoted to the Grade Band this week as a result of their having successfully passed the Grade Band qualifications. David plays the cornet, Alyce the flute, and Roy the saxophone. All are fifth graders at the South Elementary school.

The candy and fruit cake sales have been progressing very nicely. The 900 candy bars have been sold so far and another 150 bars have been ordered and should be here sometime this week. The sale is being sponsored by all three bands and the Band Booster club.

Prizes are being offered to the two students selling the most cakes and bars. Since all the money has not been turned in yet, it will not be possible to announce the winners this week.

The Ensemble club is meeting every Wednesday morning during activity period. The purpose of the club is to train various ensembles to provide entertainment for the various school, church and community groups. To date five ensembles have met: senior brass sextet, Senior clarinet quartet, junior clarinet quartet No. 1, junior cornet trio, and senior saxophone quartet.

Ensembles planning to meet in future meetings are: Junior flute quartet, senior flute quartet, junior clarinet quartet No. 2, junior brass sextet, and a senior cornet trio.

Any club or organization wishing to use any of these groups may do so without charge by contacting either Mr. Gayle Grove, band director, or Byron Pearson, senior band president.

Dr. Elmer Hammond Honored for 30 Years Service as Dean of Pharmacy

Dr. Elmer L. Hammond, formerly of Chelsea, was recently honored for 30 years of service as dean of the University of Mississippi School of Pharmacy. Dr. Hammond was presented with an engraved mortar and pestle from the student body of the school at a "Golden Apothecary Ball and Banquet" held in an auditorium in downtown Oxford, Miss., in observance of the 50th anniversary of the school of pharmacy at the University of Mississippi.

He is scheduled to address an assembly at Chelsea High school and at Jackson High school and will also present a program on television appearing on Channel 6. Cagers Win Opener Then Lose to Milan

The Bulldogs, opening their basketball season against old rival Dexter Tuesday, Nov. 26 got off with a bang by winning, 66-39.

Chelsea got off to a fast lead and were never in trouble. First quarter score was 15-6. At half-time it was 34-20. The end of the third quarter showed Chelsea in front, 52-39, and the final score was 66-39.

Last Friday they lost their league opener to Milan, 43-34. They were behind 16-12 at the end of the first quarter but the half-time score was 24-22 in favor of Chelsea. Chelsea came back in the second half and hustled all the way but just couldn't make any shots. Chelsea led Milan in rebounds by a wide margin but it didn't seem to help.

Chelsea Junior Varsity players won their opener from Dexter, 47-38, but lost to Milan, 37-15.

The Bulldogs will attempt to get back on the winning track Friday night by hosting Saline. The JV game will start at 6:45 p.m.

School Music Programs Planned

High school band, choir, and Junior High school choir, grades seven through twelve, at 8:00 p.m. on Tuesday, Dec. 17, in the high school gymnasium.

South Elementary, grades kindergarten through third, at 7:30 p.m., Wednesday, Dec. 18, in the South Elementary school all-purpose room.

Children are requested to be in their rooms 20 minutes preceding their programs, according to David Sanborn, vocal instructor in the schools.

The public is cordially invited to any of the programs free of charge.

William Schatz is a patient at St. Joseph's Mercy hospital, where he underwent emergency surgery after he was taken to the hospital Saturday evening.

Dec. 7 Is Pearl Harbor 16th Anniversary

On Dec. 7 it will have been 16 years to the day since the Japanese naval air force assaulted Pearl Harbor. At this very moment, the sunken hulk of the Arizona, some of it still projecting above the water, flies the U. S. flag and the lapping of the waves on the rusting metal is the only sound to be heard on the spot.

Ironically, with World War II only 12 years distant, the United States is again faced with a critical international situation. It seems that international wars are occurring more frequently.

When World War I erupted in Europe, in August of 1914, the world had experienced several scores of years without world-wide conflict. Twenty-one years elapsed between World War I and World War II. Now, with 12 years having elapsed since the end of World War II, there are those who wonder if another nine years will pass without war.

That question may be answered by what the United States accomplishes in the missiles, rockets and general defense fields between now and then.

It is interesting to note the coincidence that the anniversary of the adoption of our Federal Constitution by Delaware—the first state to approve the document—falls on Dec. 7.

It was also in December that Washington encamped for the winter at Valley Forge in what was probably the most perilous winter of our country's existence. Yet, the nation survived.

Americans, and this includes Washington officials, must not fail to show the same determination and perseverance shown by these past generations, to meet the possible Communist threat facing us today.

★ MICHIGAN MIRROR ★

By Elmer E. White, Secretary, Michigan Press Association

Money troubles will be the toughest problem faced by the 1958 legislature.

State agencies have asked for \$405,000,000 for the next fiscal year. This is about the same requested from the previous legislature, which cut \$60,000,000 from the combined proposed expenditures.

The problem is more compelling this year because last year lawmakers slapped a moratorium on all but "normal" expansion—the extension of services to cover population increases.

Gov. Williams, informed by his economic advisors that the state and the nation face difficult times ahead, is preparing a budget geared to holding expenses down.

Republicans are charging it is a political technique, demanding vasty expanded services in an off-year and trimming the budget to the bone in advance of an election campaign.

Key legislators, leaders in the best-fighting crusade of last year, see no way out of another squeeze this winter in the absence of new revenue.

Two tax committees are studying the state's tax structure but both say their reports and recommendations will not be ready until 1959.

Financial experts see a decline in the sales tax revenue this year, creating the necessity of augmenting school aid from "other" sources but there aren't any "other" sources.

That is the dismal side of the picture. Even more dismal is the need for more facilities for higher education, mental health and other functions of government.

Williams is considering an extensive bond financing program for the colleges and universities. At least two Republican legislators are ready to go along.

Rep. George Saliada (R-Annis Arbor) has proposed a bond issue to build the needed buildings for higher education. Rep. Willard Bowerman (R-Lansing) suggests liquidating the \$50,000,000 veterans' trust fund as a stop-gap measure.

The needs are imperative this year. The University of Michigan and Michigan State University have asked for a total of \$117,000,000 in new buildings for next year.

Russian development of their

earth satellites and the consequent pressure on higher education in America has superimposed a sort of desperation over the picture.

State employees already are asking for another civil service salary increase.

More money will be sought to start construction of a new Boys' Vocational School, continue construction of a new medium security prison at Ionia.

Pressure groups are forming in ranks to demand more services.

The picture of another tug-of-war over how much citizens are willing to pay for government and its services is developing in Lansing, while officials shudder at the thoughts.

Dozens of bond issues to build new schools and improve local services have been voted down in the past year and business and industry are up in arms over the state "tax climate."

The Daimler Manufacturing Co. of Plymouth said it would move to Rogers, Ark., next spring, blaming state taxes and the high cost of labor.

As they tackle the tax and revenue problem, legislators and Gov.

Williams both will be measuring their views against next fall—the 1958 election.

Opposition developed quickly to a plan by Secretary of State James M. Hare to start Michigan motorists using permanent license plates in 1959, with metal tabs for the ensuing two years.

Hare said the program would require an extra \$60,000 next year to add another coat of paint to the plates, but would save about \$200,000 over the three-year period.

First, law enforcement officials said the plates would become illegible and butters in the three years and the tabs would be easy to counterfeit.

Then, legislators said they doubted that Hare's plan would result in the savings he anticipated.

Best bet at present is that Michigan will go on using one-year plates.

★ Do It Now

One day Ben Heideman gave me two choice pieces of practical wisdom. I'll save the second until later; the first one was: **THE TIME TO DO A THING IS WHEN YOU THINK OF IT.**

When you think of something that needs to be done, you should do it at once, or at least write it down so you won't forget it. I agree with whoever is putting things off until tomorrow—is the great middle sin. All of us do some harm through sins of omission; we do things we ought not to have done. We do harm through sins of omission; we fail to do things we should have done. And we do much harm by procrastinating—just dilly-dallying until our opportunity to do good has passed.

When I was in Birmingham not long ago, I drove out to the Kirk in the Hills, to see what progress was being made in the construction of this magnificent edifice, which was recently damaged by fire.

There, in a part of the building that was unharmed, I saw a grandfather clock presumably given to the church by the late Col. George, who donated the land and much of the money for building the Kirk in the Hills.

On the glass panel in the front of the clock case was a poem that went something like this:

When as a babe I laughed and wept,

Time crept.

When as a child I played and called,

Time crawled.

When as a youth I sang and talked,

Time walked.

And when I became a man,

Time ran.

As years went by, I older grew;

Time flew.

Lord, wilt thou save my soul at last;

Ere time is past.

Epileptic Society Benefits from Special Holiday Display

Elden Heller of Chelsea, chairman of the Greater Detroit Council for Epilepsy, Inc., and third vice-president of the Michigan Society for Epileptic Children, has on display in various stores and business places, a pre-illustrated folding card, 27 inches long and containing 25 numbered doors and windows each representing a day and giving Dec. 1 and leading to Christmas day. Volunteers are assisting him in the sale of the picturesque cards called "Little Christmas Town," proceeds of which are specified to be used for increased research into one of the nation's biggest health problems—the fast of the hush-hush illnesses—epilepsy—which can strike anyone at any time. There are an estimated 1,500,000 epileptics in the United States.

The "Christmas Town" card is made in Germany and, with ingenuity typical of that country, makes a lovely holiday decoration after all the numbered doors are opened and the card is placed in front of a light, permitting the light to shine through the openings. Each of the openings discloses a picture appropriate for the season.

Pastor's Reception . . .
(Continued from page one)

hall was erected in 1940; and during the past 10 years the church was again re-decorated and at the same time the hall was completely decorated.

Most recent improvement of the church property was a new basement under the sanctuary for a nursery and additional Sunday school facilities.

In addition to his work at St. Paul's church the Rev. Grabowski, until recently, served for approximately 24 years as pastor of St. John's Evangelical and Reformed church at Franciscan. During the winter months he held services at the Franciscan church Sunday afternoons and in the summer he conducted early morning services there, in addition to his work at St. Paul's.

The Rev. Grabowski's family includes his daughter, and her husband, Mr. and Mrs. Charles Lancaster and their four children, Paul, Mark, Laurel and Timothy. Present members of the Church Council who are making arrangements for Sunday's anniversary observance are Lorenz Wenk, president; Eugene Fisher, treasurer; Robert Schroten, financial secretary; and Julius Blass, secretary.

Two Killed in Crash Near Parker Road

Chelsea firemen were called to stand by Thursday noon at the scene of an automobile crash on US-12, just west of Parker road, in which a Detroit woman was killed and six persons were injured. One of the injured, Bobbie Craig, died at University hospital early Saturday morning.

The Detroit woman who was killed was Miss Gertrude Giesey, 70 years old, who was riding in a car driven by her nephew, Charles H. Giesey, 43, of Detroit. Craig, also of Detroit, was a passenger in the Giesey car at the time of the crash.

Reports of the accident state that Giesey's car, traveling west, apparently was first brushed by an unidentified eastbound car. The impact sent the Detroit's man's vehicle careening crosswise on the highway where it was hit broadside by a westbound vehicle driven by Mrs. Minnie S. Sager, 67, of Jackson.

Mrs. Sager and the three passengers in her car, including her husband, Richard, and Jacob Stekete and Mrs. Minnie Bonnette, of Jackson, all were injured. Least seriously injured was Richard Sager, who suffered facial cuts.

As an aftermath of the crash, Oscar Woods, 64, of Detroit, was picked up Saturday on charges of leaving the scene of a personal injury accident. He had been observed attempting to straighten a badly damaged left rear fender on his car on the Willow Run Expressway and a check of the license number on the car led to his apprehension. He reportedly admitted having been in an accident and at the scene of the Lima township crash but claimed he could not recall details of the mishap.

Less than an hour after the Giesey-Sager accident, another collision occurred at the US-12 and Steinbach road intersection, about a mile west of the scene of the fatal crash.

A car driven by Gottlieb Finkbeiner of Clinton, and one driven by Norman Bauer of Chelsea, were involved.

Finkbeiner was reportedly attempting a turn onto Steinbach road when the accident occurred.

Both drivers and their wives, riding with them, were taken to St. Joseph's Mercy hospital, Ann Arbor, for treatment of various injuries.

Saturday morning another accident occurred on US-12 near Parker road, a slippery spot on the pavement being cited as a factor in a two-car crash.

Hurt in that mishap were Robert Alexander of Pontiac, and Joseph Archer of Fremont, drivers of the cars involved.
