Offer Free Chest X-Rays Here Tuesday

The search for unknown tuberculosis cases in Chelsea gets underway next week.

A specially equipped X-ray bus will be parked near the Municipal building Tuesday, Nov. 24, from 11 a.m. to 6 p.m. Free chest X-rays will be available to everyone 18 and over.

The unit will move on to Dexter on Nov. 25. It will be located at Main and Broad streets there.

The procedure for an X-ray is quick and simple. There is no dressing and no red tape. The whole process takes less than three minutes.

The X-ray unit, which is operated by the Southeastern Michigan TB Detection Project, is brought to Chelsea through the cooperation of the Washtenaw County Health Department, the Washtenaw County Tuberculosis Association and the Michigan Department of Health. A squad of volunteers is assisting the X-ray drive.

Cases of active tuberculosis which have no symptoms and are unsuspected by the sufferer may be detected by the chest X-ray, according to Dr. Otto K. Engelke, Washtenaw County Health Officer. Dr. Engelke estimates that about four residents of Chelsea have TB and don't know it.

If these cases are not discovered in time, he warned, they may infect other members of their family. The average advanced TB case infects four other persons—usually members of his family or work-mates—before he is discovered.

Recent advances in the use of wonder drugs have made recovery and return to work speedy and certain, Dr. Engelke emphasized. The cases discovered early enough. There is no charge for care and treatment of TB patients.

Most of the people X-rayed will find only reassurance that they are in good health. Only about one out of every 1,000 people X-rayed is found to have active TB.

Men's Chorus To Dance at Band Follies

Final plans are shaping up for the annual Band Follies to be held in the high school gym, Dec. 2. The Junior and Senior Band will play several numbers. The balance of the program will be made up of variety-type acts such as dancing, vocal and novelty acts.

Byron Pearson, outstanding local cornetist, Lynn Lepphart, local high school accordionist, a men's chorus line, under the direction of Howard Flintoft, a women's kitchen band, made up of members from the Chelsea Band Boosters, and several out-of-town groups, are a few of the long list of talents to be displayed at the Follies.

The Band Department's annual candy sale is in full swing this week and next. Mrs. Alura Geer is the 1958 chairman and proceeds will go toward the purchase of a new saxophone and Interlochen in the sale.

The sale is sponsored by the Band Boosters club. Members of the Senior, Junior, and Grade Bands are all participating in the sale.

John Widmayer, son of Mr. and Mrs. Oscar Widmayer, successfully passed his Senior Band test and is now an official member of that organization. John is an eighth grader and plays the clarinet.

Jaycees Call for 'Yes' Vote on Village Bond Issue

At their monthly dinner-meeting, the Chelsea Jaycees went on record as unanimously approving the general obligation bond issue to be voted on Nov. 24. It was stressed that a "yes" vote will not raise taxes, since the cost will be met from the water department revenue, and will save Chelsea taxpayers an estimated \$57,000.

Ron Eder was elected president to fill the remainder of John Popovich's term.

Members voted to change meetings to the first Tuesday of the month.

The evening's program was presented by three members of the Michigan Society for Epileptic Children. The gentlemen, including Al Heller of Chelsea, showed slides and answered questions about their Camp Crile at South Lake.

C. of C. Told About Search For Dump

At the Chamber of Commerce meeting Tuesday evening, Paul Mann was named chairman of the ticket committee for the annual ladies' night Christmas party meeting which takes place in December. Others on the committee are M. W. McClure and Lloyd Heydlauff.

Also appointed was a committee for a Chamber of Commerce sponsored Christmas residential lighting contest. Named were Anton Nielsen, chairman, and Walter P. Leonard.

Joe Rucker of Stop & Shop Super Markets Inc. was introduced as a new member at Tuesday's meeting.

Village President Donald Alber, in an informal resume of village affairs, reported on the difficulty being experienced by the Village Council in obtaining a dump site for the village.

Color movies of wildlife and nature scenes in this area and particularly in the vicinity of Pierce Lake, south of Chelsea, were shown by Donald Turner during the program period. Turner began the series of pictures early last spring and continued in chronological order through the summer and early fall.

Guests at Tuesday's meeting, held in the dining room of the Congregational church, were Skip Dyer of Chelsea Products, and Max Hepburn.

Moore Coal Co. Sold To Chelsea Lumber

H. T. Moore, who has operated the Moore Coal Co. here the past 17 years, announced this week that he has sold the business to Chelsea Lumber Co. The company, which has been operating out of a building on West Middle street will continue in use as storage space but all business will be carried on through the Chelsea Lumber Co. office.

Moore came here from Sylvania, O., to begin operation of the coal business Nov. 17, 1941. The sale to Chelsea Lumber Co. became effective Nov. 6, he announced yesterday.

Dearborn Outdoor School Schedules Open House

Dearborn Outdoor School at Mill Lake Camp on Bush road, is holding open house Sunday afternoon from 3 p.m. until 6 p.m. It was announced this week. All people of the community are invited to attend.

FOOTBALL CO-CAPTAINS FOR 1959, David Rowe and Roger Herman, appear in the above photograph with Coaches Alan Conklin and Truman O'Doherty. Announcement of the names of the new co-captains was made at the customary end-of-the-season football banquet served by mothers of the team members. Shown, left to right, are Conklin, Rowe, Herman and O'Doherty.

Needlework Guild Receives 473 Items At Ingathering

According to official reports of the Chelsea Branch of the Needlework Guild, contributions received at the annual ingathering here two weeks ago totaled 473 items.

The high point of the evening was the announcement of next year's co-captains, Roger Herman, regular center on this season's squad and David Rowe regular right tackle. They were introduced by the co-captains they will succeed, Loren Keezer and Don Wood.

The coveted "Most Valuable Player" award went to Halfback Loren Keezer who led this year's squad to a good record.

Keezer led the team in scoring yards gained, TD passes, kick-off returns and punt returns. However, his greatest contribution to his team was his leadership ability.

Officers of Chelsea Social Service, in a statement made this week said "There has been an unusually heavy demand for clothing to enable children to start school this year. As a result, most of the articles usually distributed at Christmas time have already been put to use; however, because of the large amount received from the 1958 ingathering of the Needlework Guild, there is still a good assortment for the Christmas giving to new families and for replacements as clothing wears out."

"If it were not for the depot, stocked largely from Needlework Guild contributions, it would be necessary that a large part of the money supplied Chelsea Social Service by the Chelsea Community Chest be diverted to the purchase of clothing."

"Since it is necessary that we purchase only when a specific need cannot be supplied from our stock, we are able to conserve our funds to meet emergencies arising in the families with whom we work."

The comforters and bedding are supplies that are customarily donated to families where there is sickness or where their possessions are destroyed in home fires.

John Popovich Re-Enlists in Air Force

According to information received by Mrs. A. J. Hale, her brother, John F. Popovich, is temporarily stationed at Lackland Air Force Base, in Texas. Popovich has re-enlisted in the Air Force. His present address is A/c John F. Popovich, AF 14330677, Box 1585, Lackland Air Force Base.

County Residents Pay \$33,147 in Taxes For Dog Licenses

A total of \$33,147.75 has been deposited with the Washtenaw County Treasurer as receipts for dog licenses for 1958, according to a summary prepared by W. F. Verner, Washtenaw county treasurer. This figure includes \$555.00 paid for 73 kennel licenses.

Collections for dog licenses in Sylvan township were \$1,007.00 with 511 licenses listed.

Other townships in this area were listed as follows: Lyndon, 173 licenses, \$861.00; Lima, 194 licenses, \$970.00; Freedom, 211 licenses, \$288.00; and Sharon, 122 licenses, \$378.00.

Loren Keezer Selected for Most Valuable Player Award

On Tuesday of this week Chelsea's football squads were entertained at a dinner given by the mothers of the players.

The high point of the evening was the announcement of next year's co-captains, Roger Herman, regular center on this season's squad and David Rowe regular right tackle. They were introduced by the co-captains they will succeed, Loren Keezer and Don Wood.

The coveted "Most Valuable Player" award went to Halfback Loren Keezer who led this year's squad to a good record.

Keezer led the team in scoring yards gained, TD passes, kick-off returns and punt returns. However, his greatest contribution to his team was his leadership ability.

Blood Bank Clinic Set Next Monday

Mrs. Dudley Holmes, Chelsea Community Blood Bank chairman, said yesterday that plans are completed for the Blood Bank clinic scheduled to be held here Monday, Nov. 24. It will take place in the customary location in the basement of the Congregational church.

It is planned to serve a luncheon at 1 p.m. to all personnel of the Red Cross blood bank and other workers at the clinic, approximately 25 people. Mrs. Holmes said that the menu will include a casserole dish, salad and dessert, and anyone who cares to contribute food for the luncheon may do so.

Industries are being contacted to make appointments for workers who wish to donate blood at the clinic. The appointments are so arranged that a minimum of time is required.

Anyone else in the community may go in throughout the day and make an appointment.

The Chelsea Community Blood Bank benefits all people who live or work in Chelsea and the members of their immediate families. Each person is entitled to receive six pints of blood per year.

Mrs. Dudley Holmes, Chelsea Blood Bank chairman, and Harold Jones, co-chairman, are in charge of releasing blood when needed.

This is the seventh annual Chelsea Community Blood Bank blood donor clinic to be held here.

The Detroit Regional American Red Cross Unit will be in charge. Volunteers who will be working at the Chelsea Community Blood Bank clinic Monday are Dr. Michael Papp and Dr. Botford as the physicians; Mrs. James Daniels and Mrs. Harvey Fischer, registered nurses; Mrs. Henry Karner, Mrs. Jerald Heydlauff, Leona Cooper, Mrs. Alfred Mayer, Mrs. Charles Vickers, and Mrs. Harold Brooks, nurses' aides; and Mrs. Elmer Lindow, Mrs. Henry Thierman, Mrs. Eugene Fishers and Mrs. Deane Rogers, registrars.

First Deer Kill In Area Reported Saturday at 8:05

Ishmael Picklesimer drove up to The Standard office Saturday morning, the first Chelsea hunter to report getting his buck in the Waterloo Area this year. He shot the spikehorn at 8:05 a.m. on Glenm road in the same spot where he was successful in getting a deer two years ago.

Picklesimer's party included his brother, Mitchell, and his brother-in-law, Henry Williams.

A large number of deer have been taken in the Waterloo Area this week and Chelsea hunters who went north have also reported kills in the early days of the season.

One of those who hunted in the northern part of the state had a "believe-it-or-not" experience. Arthur Moore, hunting north of Luther with his brother, Harold, and a friend, Bob Wright, shot a spikehorn and found a broken arrow imbedded in its neck. Remembering that he had struck a spikehorn with an arrow during the bow and arrow season while hunting in the same area, he brought the broken piece of arrow back and compared it with the broken part he had retrieved at the time. He found that the two pieces fitted perfectly, proving that the deer that got away after being struck by his arrow early in October was the same one he downed with a bullet Saturday morning.

Election Asks for Okay On Bonds To Expand Village Water System

Union Service Scheduled for Thanksgiving

A Union Thanksgiving service of Chelsea area Protestant churches, which is a custom of many years' standing, will be held next Wednesday, Nov. 26, in the Methodist Home Chapel.

Mrs. Mildred Cheever of the Home staff will be the organist; the senior choir of St. Paul's Evangelical and Reformed church will sing an anthem; and the Rev. Louis Caister, of Salem Grove Methodist church, will deliver the sermon, using as his topic, "Taken for Granted."

The Rev. Edwin J. Weiss, administrator at the Home, the Rev. H. J. Meppelink of the Assembly of God congregation, the Rev. Philip Rusten of the Congregational church, the Rev. P. H. Grabowski of St. Paul's church, and the Rev. S. D. Kinde of the Methodist church, will participate in the service.

The Rev. Weiss pointed out that the service of Thanksgiving is available at the rear of the Methodist Home. To reach the parking area, cars should enter the drive immediately south of the railroad track and follow the drive to the rear of the Home.

People can enter by any door and go to the chapel by way of the first floor of all of the Home buildings.

Juniors Urged To Register for Scholarship Exam

All students who will be second semester juniors or first semester seniors are strongly urged to register now with their high school principal to take the National Merit Scholarship Qualification test (NMQST) to be administered April 28, at Chelsea.

In the 1958 academic year, the National Merit Scholarship Corporation will provide more than \$5,000,000 worth of four-year scholarships. The amount of the scholarship is determined by financial need and is renewable annually without further competitive examination.

Although the primary purpose of the NMQST is to select National Merit Scholars, the test results will tell students much about their educational strengths and weaknesses. This should help them to plan for further education or training, and should make sounder vocational choices possible. A nominal fee of \$1.00 payable in April is charged for taking the test.

"Most universities start demanding scholarship (aptitude) testing results as a part of admissions information about a student," said Principal Lane, "consequently anyone contemplating a college career is strongly advised to take the tests." He further emphasized "Register now!"

Can Realize Savings of \$57,000 by Issuing General Obligation Bonds

Next Monday, Nov. 24, Chelsea residents who are property owners will have an opportunity to cast their votes on the question of saving \$57,000 on necessary water facility improvements which must be undertaken at once.

The \$57,000 saving on the cost of the needed improvements is possible only if two-thirds of the people who cast their ballots vote "yes" on the proposal to finance the program with general obligation bonds instead of revenue bonds.

The Council needs no referendum to proceed with the water improvement program if financed by revenue bonds, and this is the alternative if voters fail to approve the general obligation bond proposal, Monday.

General obligation bonding, according to state law, requires approval of resident property owners before the Village Council can proceed to use this method of financing.

Increased water rates which began with the second quarter billing here this year are adequate to cover the debt service of the bond issue with no change of property tax rates.

It has been stressed repeatedly that the only issue in Monday's election is formal approval of the Village Council's plan to save \$57,000 on a water improvement program that must be carried out immediately.

Engineering surveys begun some time ago substantiate the fact that Chelsea's water facilities are far from adequate for even minimum requirements of fire protection, public health and sanitation.

Normal pressure of 85 pounds per square inch drops to as little as 15 pounds during periods of peak usage, indicating a serious situation, particularly if a fire should occur at such a time.

Organizations of the community, realizing the seriousness of the situation, have brought before their members authoritative information so they may become informed on the reason for the election Monday—to approve by a two-thirds vote, a plan to save the village \$57,000.

Public meetings in the Municipal building, last Thursday evening and again this evening (Thursday) were planned for the sole purpose of helping voters understand the issue.

Absentee ballots may be obtained from the village clerk, Robert Devine, until 2 p.m. Saturday. Anyone who expects to be out of town Monday should apply for an absentee ballot and cast his vote.

The election will be held in Sylvan Town Hall. Polls will be open from 7 a.m. to 8 p.m.

Community Chest Tops 99% of Goal

More than 99 per cent of the Chelsea Community Chest 1959 fund-raising campaign goal has been subscribed, according to late reports received during the past week. A total of \$13,026.00 has been contributed or pledged by the people of the Chelsea area. The budget is set at \$13,125.00.

Campaign committee members, headed by Mrs. Donald Baldwin, have again completed a worthy job. Their efforts combined with the fine, co-operative support of the community's citizens, have resulted in the fifth consecutive successful give-once-for-all drive.

While the total contributions now stand slightly more than \$100.00 short of the goal, it is expected that last minute pledges may carry the drive over the top. Even if a full 100 per cent is not reached, it is felt that the 1959 campaign is a complete success.

Following is a breakdown of results to date by solicitations sub-committees:

Lowell Davison, industry (employees and companies) \$7,671.00

A. D. Mayer and J. V. Burg II, business 2,500.00

Mrs. R. McLaughlin and Mrs. R. Wagner, residential 1,345.00

Mrs. Albert Woods, rural 961.00

Mrs. Edwin Eaton, clubs 425.00

Charles Cameron, schools 324.00

The Community Chest board of directors met last night to discuss plans for disbursing funds to the participating agencies. Next month, they will prepare for the January annual meeting at which time seven new members, plus a slate of officers, will be elected.

The public is invited to attend the annual meeting or any other session of the group. The annual meeting is open to all persons contributing \$1.00 or more to the current campaign. This is also a qualification for election to the board and for casting a ballot for officers.

The Altar Society places a large box in the vestibule of the church as a convenience for those who wish to contribute clothing.

The bishops who sponsor the project want only clean, wearable used clothing, shoes, blankets, bedding for distribution to the displaced and homeless, the sick and

BUCK FEVER HITS CHELSEA—Some were lucky and some weren't, but hundreds of area sportmen were in the woods beginning at 8 o'clock Saturday morning. Ernest Guenther is shown here with the four-point buck he downed while hunting in the vicinity of Marston, near Cadillac at 9 a.m. Sunday. With him on the trip were two of his sons, Ralph and Paul, and Grant Schooley.

RESIDENT PROPERTY OWNERS OF CHELSEA SAVE \$57,000 IN TAX MONEY VOTE 'YES' Monday, Nov. 24

AT SYLVAN TOWN HALL — 7 a.m. to 8 p.m.

**On Question of Issuing General Obligation Bonds
of Village of Chelsea
For Improvement and Expansion of Village Water System**

This action will assure a safe, adequate water supply for our ever increasing needs . . . both industrial and residential. Present water rates provide sufficient income to finance this complete program at no increased cost and no tax money being involved.

The Village Council COULD take action to correct this need by a simple resolution to issue revenue bonds to be paid off with money raised through the Water Department on its regular service charges. But when they found they could save you \$57,000 over the next few years by issuing General Obligation bonds, which sell at a lower interest rate and can be paid off faster, they felt you should have

the chance to make the saving. State law requires a two-thirds majority of all those voting on the issue to permit the issuance of such General Obligation Bonds. That is the reason you are being asked to approve this issue. It's as simple as that. The question is not really do you want the water system improved and expanded to insure a safe, adequate water supply for everyone . . . this will of necessity come anyway . . . but do you want to save \$57,000, which is the difference in total interest payments on the two types of bond issues which would be required to finance the project. We think a "YES" vote is the only sensible answer to this choice and urge you to indicate your approval next Monday, Nov. 24.

"...We Need 'em Fast!"

THE SCENE IS the traffic department of any of the hundreds of manufacturing plants in Michigan. The time is 4:00 P.M. on any day of the week. The traffic manager is talking long distance to a supplier in another state about some parts needed for production.

"Send 'em by truck," he says, as he prepares to hang up. "We need 'em fast!"

He knows from experience that motor transport is the fastest link between shipping and receiving. He knows he can depend on it. In fact, he and thousands of his fellow traffic managers have been; the men most responsible for the rapid growth of motor transport. Once they experienced the efficiency and speed of trucks, there was no satisfying them with anything less—and today their companies could not operate successfully without truck transport!

That's something for every wage earner in Michigan to think about.

CARD OF THANKS

We wish in this way to extend our heartfelt thanks and appreciation for the acts of kindness, messages of sympathy and floral offerings received from our relatives, kind friends and neighbors during our recent bereavement in the loss of our beloved mother, Mrs. Clara B. Mayer.

We especially thank the Rev. E. O. Davis and the St. John's choir, the organist, Mrs. Carl Mayer, and the staff of the funeral home.

The family of Mrs. Clara B. Mayer.

THANK YOU

We wish to express our gratitude to kind friends and neighbors who showed their love and concern in various ways by sending flowers, memorial wreaths, food for the family and relatives, and sympathy cards. Thanks also to St. Paul's Women's Guild members who provided dinner on the day of the funeral and Mr. and Mrs. Paul Niehaus and Mrs. Carl Mayer for their part in the comforting funeral service. We say, "God bless you, one and all."

The Plelemier family, Mr. and Mrs. Harold Davis and family.

THANK YOU

I wish to express my thanks and appreciation to my relatives, friends, and neighbors for acts of kindness during my recent illness. Also thanks to the Chelsea Blood Bank.

Charles West.

THANK YOU

I wish in this way to thank all who sent me flowers and cards during my stay at the hospital, to the Chelsea Blood bank, to the many who came to see me and cheer me when things looked the darkest. Also for the many favors done for me. I can only say, thanks to you all.

Mrs. Rose Morrison.

CARD OF THANKS

I wish in this way to express my thanks to Rev. Calster for his calls at the hospital and at home to neighbors and friends. To the Ladies Auxiliary of the R.L.C.A., Lafayette Grange No. 92, the Curtis family, Chelsea Spring Employees, C. O. Brautigam, the WSCS of the Salem Grove church, for their gifts, cards, basket of fruit and the beautiful plans during my stay at the hospital. A special thanks to Margaret, Paula, Pat, Mary and Louise. Also to the ladies who took over for me during the church supper.

Mrs. Charles Curtis.

CARD OF THANKS

The patients of the Colonial Manor wish to express their appreciation for the flowers that are often brought to the home for their pleasure and enjoyment.

Colonial Manor Hospital, Nellie Flood.

SCHOOLS AND SCIENCE AID

All high school and elementary school programs provided for in the four-year \$300,000,000 law for aid to science education that was passed by the last Congress will be under way by Dec. 1.

College programs will get off to a slower start. Some student loans are expected to be made early in February, 1959, for second semester expenses. A few research projects in educational television and audio-visual aids will start after Jan. 1.

Expressways Will Provide Community
With Tremendous Gains in Future

Expressway-type highways and bypasses will provide Michigan residents and communities with gains far in excess of any losses they will accrue. Dr. Frank Suggitt reported today. Suggitt, head of the Department of Resource Development of Michigan State University, made his observation as a result of a study to determine the effects of bypasses and expressways for the Michigan Good Roads Federation.

During the study, Suggitt said, reports of serious business depression "not here but somewhere else" proved 99 per cent groundless, upon personal investigation. In the numerous communities visited, he said, he did not observe a single business that closed solely because of the diversion of traffic through traffic to a bypass. The few businesses which were abandoned, he said, were due to normal causes of death of the proprietor, lack of capital, poor management, fire and the like.

Suggitt said he also found several proprietors who blamed the bypass for a decrease in business rather than the recent recession or themselves for failing to meet the change by advertising, and new business methods.

"On the other hand," Suggitt said, "numerous businessmen have told me that they anticipated losses while the bypass was first being discussed, but once the road was completed, they found business was better than before."

"Others say that the bypass has caused them to work harder to get local trade, but once they got it, they found it more dependable and easier to serve."

He said some road-oriented businesses will fold up. In the long pull, however, Suggitt predicted great gains for most businesses and communities.

Club and Social Activities

WOMAN'S RELIEF CORPS

Woman's Relief Corps No. 210, met Monday evening at the home of Mrs. Margaret Gilbert, with Mrs. Thomas Moore as co-hostess. During the business session it was voted to repeat a project carried out here for a number of years—send a box of Christmas gifts for distribution to deserving patients at Howell Sanitarium.

Anyone in the community interested in participating in the project may take donations to Mrs. Winifred Coffron. If pick-up of contributions is desired, Mrs. Coffron may be called and she will make arrangements.

A list of desirable items for the box which is to be taken to the sanitarium Dec. 1, includes stationery, cards, stamps, playing cards, games, puzzles and anything that might help to make Christmas happier for the patients.

The December Woman's Relief Corps meeting will be the annual Christmas party with a pot-luck supper planned for 6:30 p.m. Each member is to bring a 50-cent grab bag gift, it was announced.

Election of officers will take place at the December meeting. Mrs. Gilbert and Mrs. Moore served refreshments at Monday's meeting.

Winners of gifts at the meeting were Mrs. Anna Laban, Mrs. Winnie Coffron and Mrs. Minnie Brosamle.

MARY-MARTHA CIRCLE

The Mary Martha Circle of the Chelsea Community Church met Wednesday, Nov. 12, at 8 o'clock in the evening at the home of Mrs. Edward Kulvinen, 246 1/2 Jefferson street.

Mrs. Gayle Grove presided at the meeting as chairman. Mrs. Andy Blackwell, as devotional leader, had as her theme "Let Us Thank God."

Mrs. Duane Litch led the discussion program entitled "Where Did I Come From?" as part of the study this year on teaching our children about religion.

Two new members welcomed into the circle are Mrs. Richard Schulze and Mrs. Arthur Stoll. Refreshments were served by the hostess, Mrs. Kulvinen and her co-hostess, Mrs. Donald Schaefer.

Telephone your club news to GR 5-3581.

PAST NOBLE GRANDS

Nineteen members of the Past Noble Grand club of Rebekah Lodge went to Jackson for a dinner party Wednesday evening, Nov. 12.

After the dinner, they went to the home of Mrs. Clifford Wolfe at Escanaba for the regular meeting of the club.

Plans were announced for the club's annual Christmas party which will be held Monday evening, Dec. 15, at the 1009 hall. Husbands of the club's members are to be guests at the affair which will include a pot-luck supper at 6:30 p.m.

BIRTHDAY PARTY

Mrs. A. J. Hale entertained last week at a birthday party for her daughter, Diana Jean, who was eight years old. Thirteen children attended, with Sandra Sharp winning the principal prize and each of the others receiving a gift. The honoree was presented with a number of gifts.

LIMA CENTER EXTENSION CLUB

Lima Center Extension club held an all-day meeting, beginning at 10:30 a.m. Wednesday, Nov. 12, at Lima Center Community Hall. Mrs. Carroll Orway was the hostess and there were 20 members and one guest present.

Mrs. LeRoy Feldkamp and Mrs. LaVene Coy gave the day's lesson on the care of furniture and upholstery.

Following the noon pot-luck dinner, Mrs. Alfred Eiseaman was in charge of the business session when plans were made for a Christmas party and pot-luck dinner at the home of Mrs. Alvin Pommeren on Wednesday, Dec. 10, at 12:30 p.m.

Gifts for "mystery sisters" are to be brought to the Christmas meeting.

ROGERS CORNERS EXTENSION CLUB

Rogers Corners Extension club met at the home of Mrs. Elmer Bristle, Nov. 13. The Christmas party was discussed with a ballot being cast this year, to have a dessert luncheon following the evening's entertainment instead of the previous dinners.

Mrs. Walter Loeffler invited the group to be her guests for the party, Dec. 11.

Mrs. Ray Niles gave a very interesting report on the care of furniture.

Mrs. Elmer Bristle gave three demonstrations on the cleaning and covering of scratched furniture and cleaning of upholstery and rugs. A discussion followed.

Everyone was in agreement that she know finish on furniture before using soap and water or non-indamable cleaning fluids. All waves reminding to keep the room in which one is working well ventilated.

SOUTH SYLVAN EXTENSION CLUB

South Sylvan Extension club held its November meeting Thursday afternoon at the home of Mrs. Leuben Lesser. There were 10 members and one guest present.

Mrs. William Reule and Mrs. Joseph Merkel, Sr., gave the day's lesson on the topic, "Care of Furniture."

The next meeting will be the Christmas party. Mrs. Joseph Merkel, Sr., and Mrs. Frances Alber are to be co-hostesses. Members are to bring "savage" gifts and also "white elephant" items.

Each one is also to bring a dozen cookies for a Christmas basket the club is planning to give to a needy family.

Sharon Dancer

January Wedding Plans Told for Sharon Dancer

Mr. and Mrs. Donald Dancer have announced the engagement of their daughter, Sharon Marie, to Ralph Lee Owens, son of Mr. and Mrs. Harold Owens, Sr.

Both are graduates of Chelsea High school and both attended the University of Michigan.

Miss Dancer graduated from Carnegie Institute, Detroit, and is now employed at the University of Michigan.

Mr. Owens spent two years in the Marines at Camp Pendleton, Calif., and is now employed in the advertising department of the Ann Arbor News.

A January wedding is planned by the couple.

Child Study Clubs Meet Tonight To See Film About Cancer

Suburban Mothers Child Study club members, with members of the Modern Mothers and Kinder Klub Child Study clubs as guests, will meet this evening (Thursday) in the Municipal building to see a cancer film being shown as a courtesy of the American Cancer Society. Other guests have also been invited to attend.

Dr. James Botsford and Dr. Michael Papo will be guest speakers and will answer questions from the floor.

Tonight's program begins at 8 o'clock.

A regular meeting of Suburban Mothers club was held last Thursday evening at the home of Mrs. Rush Castell, with 13 members and three guests present.

Charles Lane, Chelsea High school principal, and George Bergman, school counselor, were speakers at the meeting. They explained present and planned activities related to future college work for students and the scholarships available. This was in line with the topic of the evening, "Child Guidance in Our Schools."

Shirley Sway

Shirley Sway, Charles Bash Plan January Wedding

Mr. and Mrs. M. J. Anderson of Pleasant Lake have announced the engagement and approaching marriage of their daughter, Shirley Sway, to Charles E. Bash of Ann Arbor, son of Mrs. Sylvia Morrison of De Soto, Ill. The wedding is to take place Jan. 24.

The bride-elect is a graduate of Michigan State University and is now enrolled at Eastern Michigan College, Ypsilanti, to complete work for a teaching certificate.

Mr. Bash, who received bachelor and master degrees at Purdue University, Lafayette, Ind., is a graduate student at the University of Michigan working toward a doctor of philosophy degree.

Women's Guild Has Husbands as Special Guests

Husbands of members were guests at the Nov. 12 meeting of the Women's Guild of St. Paul's church. A total of 57 men and women attended. Mrs. P. G. Schaefer, president of the Guild, extending a welcome to the guests.

Mrs. Richard Riemenschneider introduced the program topic, "We Believe in the Kingdom of God and We Believe in Eternal Life." The subject matter was presented as a discussion between one who believes and one who disbelieves. Participating were Mrs. P. G. Schaefer, Jr., and Mrs. Richard Schmidt.

During the business session Mrs. Emma Seitz announced that 100 pounds of clothing had been sent to the Evangelical and Reformed Church distribution center in Muskegon from St. Paul's church.

It was decided that the Christmas meeting of the Women's Guild will be open to all adult members of the church. The meeting will be held in the church sanctuary the evening of Dec. 10.

Hostesses for a social hour which followed the meeting were Mrs. George Mayer, Mrs. Charles Massey, Mrs. John Metzger, Mrs. Martin Miller, Mrs. Alvin Niehaus, Mrs. William Osborne, Mrs. Herbert Paul and Mrs. Elmer Pierce.

Ushers for the evening were Mrs. Oscar Stierle and Mrs. Paul F. Niehaus.

Sunday School Class Honors Mrs. L. Schneider On 25th Anniversary

Mrs. Lewis Schneider was honored Friday by members of the Ever Faithful class of St. Paul's Sunday school at a dinner held in the church hall in observance of her 25th wedding anniversary.

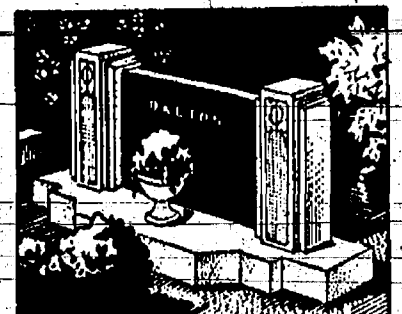

Twenty-seven members were present for the dinner and for an hour of entertainment which followed, including a guessing game in which Mrs. Harold Widmayer was the winner, and group singing, with Mrs. Paul F. Niehaus as accompanist.

The dinner table was centered with an anniversary cake baked and decorated in silver and white by Mrs. Norman Schmidt.

The committee for the party, which was held Nov. 7, included Mrs. Mildred Hopper and Mrs. Walter Trinkle.

More than 44 million of the 50 million U.S. households will receive a newspaper today.

Rose Ann Hoffman, Warren Dix Speak Wedding Vows

Rose Ann Hoffman, daughter of Mr. and Mrs. Maurice Hoffman, was united in marriage with Warren Dix, son of Mr. and Mrs. William H. Dix, Saturday evening, Nov. 15, in the United Brethren church at Walbridge, O.

The marriage ceremony was performed by the Rev. H. B. Snyder.

The bride, a former student at Olivet College, was attended by Juanita Harris as the maid of honor and Mrs. Ronnie Krieger as matron of honor. Richard Livingston of Indianapolis was best man. The ushers were James Davis and Clarence Kohler.

The bride was given in marriage by R. E. Fisher. Mrs. Ray Smith, a cousin of the bride, served as organist and the soloist was Robert Moore.

One hundred-sixty friends and relatives attended the ceremony and were served refreshments at the reception which followed.

The bridegroom served two years in the armed forces as a radar specialist and is now completing his studies at Toledo University. He expects to enter the teaching profession.

Following a two-week trip to New York, the couple will be at home at 740 1/2 Parker street, Toledo, O.

Two from Chelsea Pledge Sororities At Albion College

Two residents of Chelsea have just been pledged to national Greek letter sororities at Albion college, according to an announcement made by Dean of Women Audrey K. Wilder of the college.

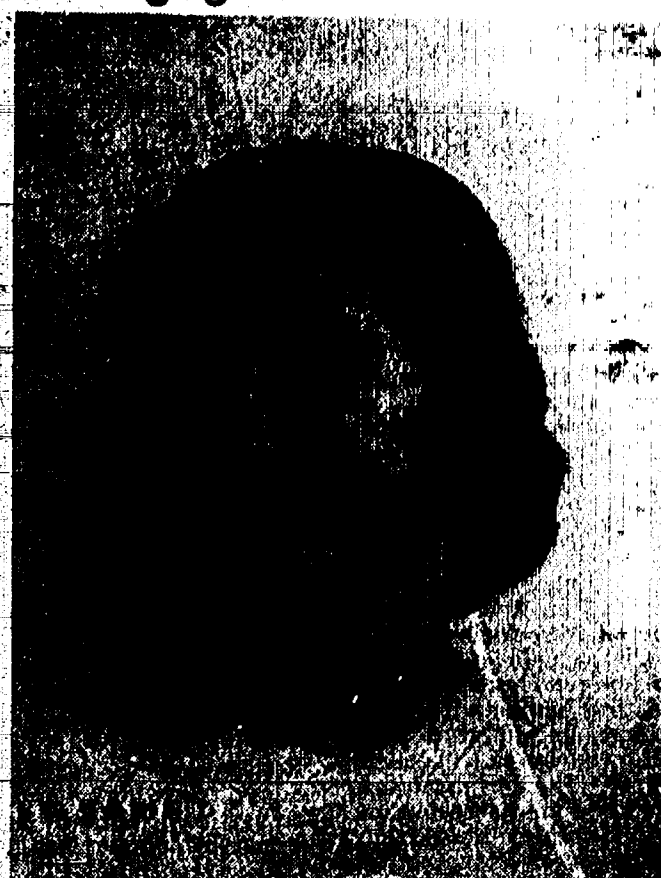

Pledged to Pi Beta Phi is Nancy K. Mayer, daughter of Mr. and Mrs. Alfred D. Mayer of 737 South Main street, and to Zeta Tau Alpha, Judith L. Wagner, daughter of Mr. and Mrs. Robert W. Wagner of 312 Washington street. Miss Mayer and Miss Wagner are both freshmen at Albion.

Joan Merkel Assists With Senior Class Dance Arrangements at Marygrove

The musical strains of the Buddy Morrow orchestra will fill the Marygrove College campus Friday evening, Nov. 21 as the senior class sponsors the Tower Dance, first formal affair of the year.

Assisting with the arrangements is Joan Merkel, daughter of Mr. and Mrs. Norbert Merkel, 149 Orchard street. She is serving as orchestra chairman.

Engagement Revealed

Sharron Larson

Mr. and Mrs. Walfred Larson of Saline, are announcing the engagement of their daughter, Sharron Lynne, to Lieutenant Frederick Anderson, son of Mr. and Mrs. M. J. Anderson of Pleasant Lake.

Miss Larson is a graduate of Saline High school and attended Michigan State University at East Lansing for two years. She is now a senior at the University of Michigan, Ann Arbor, where she is enrolled in the School of Education. She is affiliated with Alpha Delta Pi sorority.

Lieutenant Anderson graduated from Bay City Central High school and received a bachelor of arts degree from the University of Michigan. He is a member of Sigma Nu fraternity. At present serving in the United States Marine Corps, he is attending officers training school at Quantico, Va.

The couple plans a spring wedding.

"The warm hand of true charity enriches those it touches—rewarding those who give and work in still greater measure than those who receive."

With this thought in mind, I extend sincere thanks and appreciation to all chairmen, their solicitors and all who gave of their time, talents and effort to make the 1959 Community Chest campaign a success.

AMERICAN EDUCATION WEEK, Nov. 9-15, was observed in various ways in the schools of Chelsea and as a special observance, Miss Joan Wiese, school librarian arranged the above exhibit which was on display throughout the week in

the North Main street window of the Michigan Consolidated Gas Co. office. Text books used in Chelsea schools were the major part of the exhibit. Also included was an old school desk from the former Jewett-Stone rural school.

Approximately 60 Chelsea area people, representing village and township groups and organizations of the community, attended the open-house Monday evening at Chelsea's future Public Library—the McKune house, bequeathed to the village by the late Mrs. Catherine McKune.

Mrs. E. W. Eaton, chairman of the supervisory committee of the Chelsea Public Library Board, spoke before the assembly on the

board's plans for the building. She mentioned that a Child Study club group has already indicated interest in providing a special children's room in the library.

Roland Eder, speaking for the Chelsea Junior Chamber of Commerce, stated that while the fairly new organization does not have money to contribute, the members had indicated they would help with work that needs to be done in preparation for converting the building to use as a public library.

Others who spoke briefly at the meeting included Village President Donald Albert, Paul Maroney who mentioned anecdotes about the McKune house; and Miss Nina Belle Wurster who interestingly outlined historical facts pertaining to the McKune house.

Miss Wurster said that through the past 100 years only two families have owned the property—the Eliska Congdon and the McKune family. Eliska Congdon was one of the founders of Chelsea. He acquired the property in 1849, a year before Chelsea was founded.

In 1868 the property was deeded to John McKune and in 1872 to Timothy McKune. J. Edward McKune, husband of Catherine Stafford McKune who made the bequest of the house to the Village, was a son of Timothy McKune. He came into possession after the death of his father in 1909. J. Edward McKune died in 1944.

The first house built on the property by Eliska Congdon was located to 780 South Main street where it still stands. The second house burned in 1880 or 1881 and the present house was then constructed and in 1888 came into the possession of the McKune family.

According to Miss Wurster's recollection, a group of Chelsea High school alumni held a banquet at the McKune house in 1895, presumably on the third floor which at that time was a bathroom. The third floor was later finished off into a number of separate rooms.

Harold Jones, president of the Chelsea Friends of the Library, presided at the meeting Monday evening.

Miss Mabel Fox, president of the Chelsea Public Library Board, expressed appreciation for the generous bequest of the property and asked for help in carrying out the plans outlined by Mrs. Eaton.

A complete tour of the building was a highlight of the evening. Later, at a brief meeting of the Friends of the Library, George Frisinger and the Rev. Philip Rusten were elected as members of the board and Frisinger was named secretary-treasurer.

Tuesday, a "generous" cash gift for the new library was presented to the committee by Paul and Martha Schaeble (Mr. and Mrs. P. G. Schaeble) this being listed as a gift for the project.

William and Zita Stewart (Mr. and Mrs. William Stewart) are second on the list with their contribution of four chairs for the library.

Announcement of the gifts was made by Mrs. Eaton as chairman of the library's supervisory committee.

The Detroit Coin Club, host to the 1958 Michigan State Numismatic Society's annual convention, extends to the public a cordial invitation to attend. There will be \$600,000 worth of rare coins on display at the Detroit Leland Hotel, Bagley and Cass, from Friday through Sunday, Nov. 21, 22. Fifty dealers of national reputation will display their rarities while buying and selling at the tables. The affair will be highlighted by a very comprehensive auction.

All those who are interested in coins are invited. There will be an information booth and there is no admission charge.

Kiwanis Divisional Officers Training Meet Scheduled in Chelsea Next Monday

R. F. Thaler of Flint, 1958 governor of the Michigan District of Kiwanis International, will be the guest speaker at Monday's meeting of the Kiwanis club meeting next Monday evening in the social center of the Methodist church.

Other guests at the meeting will be officers of all Kiwanis clubs of Division VI who are scheduled to attend a divisional officers workshop meeting at the Methodist church at 8 p.m.

Duane W. Baugh of Whitmore Lake, lieutenant-governor of Kiwanis Division VI for 1958, will preside at the workshop meeting and will be a guest at the Kiwanis club's dinner meeting.

A report of the club's Nov. 10 public breakfast supper was given by Lloyd Heydlauff at Monday's Kiwanis club meeting. He said gross receipts were \$525.00.

Announcement was made that the annual Kiwanis Christmas party and Ladies' Night will take place Dec. 8. Children of Kiwanis club members will be entertained

with a special program arranged for their pleasure. The program at Monday's meeting included a talk by Scout Executive W. Hartley Pierson, who explained the new Explorer Scout program being started this fall. Pierson was introduced by A. S. Penhaligon.

Other guests at the meeting were Donald Turner, Mike Daniels and Karl Von Ebenstein of Chicago.

Altar Society . . . (Continued from page one)

needy, the undernourished and despairing of 61 countries. Through Catholic Relief Service-National Catholic Welfare Conference, the bishops' world-wide relief agency, the call-offs are moved quickly, in time, for the most part, to help make Christmas really Christmas in places where the true meaning might well be forgotten.

The annual gathering is set for Thanksgiving week, Nov. 23-29.

Library Board Tells Plans For Use of McKune House

Approximately 60 Chelsea area people, representing village and township groups and organizations of the community, attended the open-house Monday evening at Chelsea's future Public Library—the McKune house, bequeathed to the village by the late Mrs. Catherine McKune.

Mrs. E. W. Eaton, chairman of the supervisory committee of the Chelsea Public Library Board, spoke before the assembly on the

board's plans for the building. She mentioned that a Child Study club group has already indicated interest in providing a special children's room in the library.

Roland Eder, speaking for the Chelsea Junior Chamber of Commerce, stated that while the fairly new organization does not have money to contribute, the members had indicated they would help with work that needs to be done in preparation for converting the building to use as a public library.

Others who spoke briefly at the meeting included Village President Donald Albert, Paul Maroney who mentioned anecdotes about the McKune house; and Miss Nina Belle Wurster who interestingly outlined historical facts pertaining to the McKune house.

Miss Wurster said that through the past 100 years only two families have owned the property—the Eliska Congdon and the McKune family. Eliska Congdon was one of the founders of Chelsea. He acquired the property in 1849, a year before Chelsea was founded.

In 1868 the property was deeded to John McKune and in 1872 to Timothy McKune. J. Edward McKune, husband of Catherine Stafford McKune who made the bequest of the house to the Village, was a son of Timothy McKune. He came into possession after the death of his father in 1909. J. Edward McKune died in 1944.

Announcement of the gifts was made by Mrs. Eaton as chairman of the library's supervisory committee.

Three Area Dairymen Own Holsteins with High Production Records

Three dairymen in this area are listed among owners of registered Holstein cows that have completed outstanding official production records, according to announcements by the Holstein-Friesian Association of America.

Milked twice daily for 385 days, Omaha's Fobes Sandy Maxine 8887899, owned by George Erke & Sons of Chelsea, produced 16,150 lbs. of milk and 872 lbs. of butterfat as a seven-year-old.

Milked twice daily for 332 days, Green Acres Pabst Burke Empress 3874125, produced 18,835 lbs. of milk and 703 lbs. of butterfat as a six-year-old. The cow is owned by Lowell Pike of Milan, formerly of this vicinity.

Leonard Burnmeister of near Ann Arbor, is the third owner listed. His cow, whose record was made on a basis of twice-daily milkings for 385 days is Leo Bur Abbecker Viola 3011204. She produced a total of 22,849 lbs. of milk and 634 lbs. of butterfat as an eight-year-old.

Give them a steady diet of our famous enriched feeds and see how healthy they stay . . . how they thrive!

Corn Price Support Vote Set Tuesday

Washtenaw county corn farmers will go to the polls Tuesday, Nov. 25, to help make the decision on what the corn program will be for 1959 and later years.

The choice is between the present program of acreage allotments and price supports on corn, and a new program in which there would be no acreage allotments and price supports would be determined on a different basis.

A majority vote of the corn producers voting here and in 381 other commercial corn counties will decide the outcome of the referendum. Anyone who had an interest in the 1958 corn crop in the commercial area is eligible to vote.

Voting hours in Washtenaw county will be 8 a.m. to 6 p.m. Voting locations are as follows: Sylvan Town Hall, Dexter Fire Hall, Emory Store, Superior Township Hall, Stony Creek Grange Hall, Saline Township Hall, Sharon Township Hall, and Freedom Township Hall.

Each corn grower will be notified by letter of the polling place for his township.

The corn referendum is required under the Agricultural Act of 1958, passed by Congress late in the past session. The two programs to be voted on are designated on the ballot as No. 1 and No. 2. The county ASC office gives the following explanation of the two programs:

Program No. 1—This is a new program. There would be no acreage allotments and no designation of a commercial corn area. Price support under this new program would be determined on the basis of 90 cents per bushel for several years, and then gradually reduced to 85 cents per bushel for corn in the last three years—but not less than 65 percent of parity. It is now estimated that the national support level for 1959 under this program would be about \$1.12 to \$1.15 per bushel.

If the new program is approved, price supports, in proper balance with corn, would have to be offered each year on other feed grains (oats, rye, barley, and grain sorghums). Corn compliance would be eliminated as a Soil Bank price support, or any other program requirement.

Program No. 2—This is essentially the same program which has been in effect in 1958 and earlier years. Corn acreage allotments would continue in effect for farmers in the commercial area. With second corn supplies, allotments would probably drop next year about .15 percent below 1958 and price support would probably average from \$1.24 to \$1.27 a bushel—at the bottom of the required 75 to 80 percent of parity range. Corn acreage allotment of 5.5 million acres would be required for price support and for Soil Bank eligibility.

County ASC Chairman Max Kalmbach urges all eligible farmers and landlords to vote in Tuesday's referendum.

"This is a great opportunity for corn farmers to help make an important decision," Kalmbach adds. "The Department of Agriculture and the Congress are entitled to a real turnout that will result in a representative expression of corn farmers' views."

Any farmer who has any question about voting plans, eligibility, or any other feature of the referendum should get in touch with the ASC office, Kalmbach said.

Three Area Dairymen Own Holsteins with High Production Records

Three dairymen in this area are listed among owners of registered Holstein cows that have completed outstanding official production records, according to announcements by the Holstein-Friesian Association of America.

Milked twice daily for 385 days, Omaha's Fobes Sandy Maxine 8887899, owned by George Erke & Sons of Chelsea, produced 16,150 lbs. of milk and 872 lbs. of butterfat as a seven-year-old.

Anderson, Lancaster Named Directors Of S.E. Michigan Tourist Association

M. J. Anderson and Charles Lancaster, representing the Chelsea Chamber of Commerce, were elected as directors from Washtenaw county on the board of the Southeastern Michigan Tourist Association when the annual association meeting was held at Dearborn Inn last Thursday.

Other Washtenaw county directors elected were William Bott, Guyton Doug, William Henry Groomer, Frank G. Handy, Elton E. Henshaw, Edwin M. Rasmussen, Jr., County Clerk Luella Smith, George W. Snyder, Herman Weber and Clyde L. Widmayer.

Chelsea members and guests who attended the meeting included Mr. and Mrs. M. J. Anderson, Mr. and Mrs. Alfred Mayer and Mr. and Mrs. Anton Nielsen.

Kenton Hallenbeck, director of the Huron-Clinton Metropolitan Authority, formerly superintendent-manager for the Washtenaw County Road Commission, was elected president of the association.

President-elect Hallenbeck, who has been a vice-president of the association for several years, succeeds Dick McLain who in turn was elected chairman of the executive board.

Earl Johnson of Houghton Lake, former chairman of the Michigan Tourist Council and past president of the American Hotel Association, was the principal speaker at the noon luncheon. He gave a stimulating and provocative talk on the need of better recognition of the value of the tourist industry to the economy of the state, its value in helping to solve our very serious tax deficit through the greatly increased knowledge of atomic energy.

Johnson stressed the growing competition of other states for the appreciative of the tourist dollar's value and the need for Michigan to increase its solicitation efforts to meet these other competitive campaigns.

He pointed out that for the past three years our state legislature has authorized each year the annual appropriation for developing and publicizing Michigan's vacation and recreational attractions through the Michigan Tourist Council, while other states were greatly increasing their grants.

Agreeing that our state's finances were in serious shape, he emphasized that this promotional appropriation was urgently needed to increase our tax income, thus helping to solve some of our economic problems.

Johnson urged that every member of Southeastern Michigan Tourist and Publicity Association make it a point to talk to their representatives before the opening of the next session and to explain to these lawmakers that a tourist appropriation was not a charity grant but a money producer investing that our state could not afford to withhold or decrease but rather that by increasing the funds to attract visitors they would increase many times over the return both in direct taxes and to the income to our citizens.

The speaker praised the more than 3,800 firms and individuals who now support the four official state regional associations that join with the Michigan Tourist Council in selling Michigan, but pointed out that thousands more who also benefit from the travel business should join in these promotional efforts if Michigan is to keep its place in the travel picture.

Carl Stettin, of the Port of Detroit Authority, speaker at the evening banquet, presented an interesting and informative talk on the subject, "The Tourist Potential of the St. Lawrence Seaway."

Stettin pointed out the possibilities of a new source of tourist business through the passengers who will come into the heartland of America on the hundreds of world-wide ships sailing from all over the possibilities of the resurgence of cruise ships on the Great Lakes with the possibilities of sea-going ships coming into the lake during the summer months.

The program points out that knowledge obtained in cosmic ray research has been basic to our knowledge of atomic energy. It also shows that the effect of radiation on germ cells is thought to be a factor in the evolution of living creatures.

"The Strange Case of the Cosmic Rays" is being shown this time on a different date and time to enable viewers to see it either for the first or second time.

Like all programs in the Science Series, after its first telecast, "The Strange Case of the Cosmic Rays" was made available to school and community groups for special showings. Several million persons have seen it in the way.

Arrangements for a school or group showing for any of the Science Series programs may be made through the local Michigan Bell Telephone Company business office.

The Science Series program consist of the above show and "Our Mr. Sun," "Homo the Magnificent," "The Unchained Goddess," and "Gateways to the Mind."

BUSY BEAVERS 4-H CLUB

The regular meeting was held Saturday, Nov. 15, at the home of Bonnie Mollenkopf. The following officers were installed: Hannevald, president; Bob Hannevald, vice-president; Janet Prentice, secretary; Ruth Hannevald, treasurer; Tom Reynolds and Terry Schoonover, recreation leaders; and Norm Hannevald, reporter.

Plans for the Christmas party were completed. It will be held Dec. 20. Our administrative leader handed back reports and stories. She also handed back pins to the following people: 10-year pins, Clarice Cook, Marilyn Spencer; 8-year pins, Janice West, Gerald Hannevald; 7-year pin, Bob Hannevald; 6-year pin, Bob Hannevald; 5-year pin, Norm Hannevald; 4-year pin, Janet Prentice; 3-year pins, Bonnie Mollenkopf, Linda Liberski, Diane Reynolds, Tom Reynolds and Norm Hannevald; 2-year pins, Janet Prentice, Terry Schoonover; 1-year pins, Lewis Tiesch, Ruth Hannevald.

Norm Hannevald, reporter.

Science Film On Cosmic Rays To Be Seen on TV

"The Strange Case of the Cosmic Rays," a detective story from outer space, will be repeated on television by the Bell System on Sunday, Nov. 23 at 6 p.m., over the NBC network.

Produced in color, this Science Series program traces the detective work performed by scientists throughout the world in tracking down the cosmic rays to their origin in the stars.

The program points out that knowledge obtained in cosmic ray research has been basic to our knowledge of atomic energy. It also shows that the effect of radiation on germ cells is thought to be a factor in the evolution of living creatures.

"The Strange Case of the Cosmic Rays" is being shown this time on a different date and time to enable viewers to see it either for the first or second time.

Like all programs in the Science Series, after its first telecast, "The Strange Case of the Cosmic Rays" was made available to school and community groups for special showings. Several million persons have seen it in the way.

18 LARGE URBAN COUNTIES shown above (each with a population of 80,000 or more) contain 80 percent of the state's residents and have accounted for 94.4 per cent of the state's total growth since 1950, according to Dr. Frank Suggitt, Michigan State University. In a preliminary report to the Michigan Good Roads Federation, Suggitt reported that these 18 counties and those in close proximity, will experience a 40 per cent population growth by 1978. The expressway-type highways specified in the Five-Year Construction Program and present connecting routes, as shown, will greatly add to service these areas, he points out. A "corridor-type" growth of development along these routes and between these areas is most evident, he said.

Southeast Michigan Expects Huge Population Growth

"Michigan can expect a minimum population growth of 40 per cent in the next 20 years with the majority of the increase developing south of a line from Bay City to Ludington, Dr. Frank W. Suggitt said in a preliminary report to the Michigan Good Roads Federation, today. Suggitt, head of the Department of Resource Development of Michigan State University, said the majority of this growth will likely develop in the 18 counties which now make up the "large urban area." The counties, he said, include Wayne, Oakland, Genesee, Saginaw, Bay, Macomb, St. Clair, Monroe, Lapeer, Washtenaw, Jackson, Ingham, Calhoun, Kalamazoo, Kent, Ottawa, Muskegon and Berrien. Counties in close proximity, such as Livingston, Eaton and Shiawassee will share in the growth, he said.

"These counties are developing into industrial corridors and fortunately for the present and the future the Five-Year Expressway Construction Program is designed to directly service these areas and indirectly service their recreational needs," Suggitt said.

Suggitt reported that Michigan's population is increasing more rapidly than any of its neighboring states and much more rapidly than the population of the United States as a whole. Only one other state, California, has experienced a greater rate of gain (percentage increase), he said, and a greater number of new people than Michigan since 1950. Suggitt said, "Continued rapid growth predictions are based upon Michigan's proximity to the largest consumer market on the continent."

"Furthermore, Michigan's proximity to the natural resources upon which heavy industry is based adds to the bright prospect of growth. The iron ore and limestone of the Northern Lake States area are linked with the coal fields to the south and east by the Great Lakes and St. Lawrence Seaway,

which further tend to concentrate industrial concentration in the area.

"The abundant availability of fresh water for industrial processing, for human consumption, for waste removal, and for irrigation and recreation further assure Michigan's rapid growth. No other state is better situated with regard to water. This can well become the critical factor limiting development in the state's industrial and recreational growth in many other states."

"The availability of accessible recreational features will be an important aspect of the state's industrial and recreational growth. The conveniently located forest, fish, game, beach and scenic resources of both southern and northern Michigan assure continued expansion of recreational travel and tourist and resort development."

The University of Michigan exchanges publications with more than 1,000 domestic and foreign educational institutions.

You Can Save \$57,000 of Village Funds by Voting 'Yes' Next Monday

As has been explained at several information meetings by members of the Village Council, Water Dept. personnel and Fire Dept. members, there is a very critical shortage of water right here in Chelsea.

For most of us this shortage may be difficult to understand as long as the water flows when we turn the faucet. Residents in some parts of the village did find times last summer when the water pressure was so low at their homes that they barely got a trickle. And there was a limitation imposed on lawn sprinkling for a while. These were the only bits of information most of us were aware of until we began studying reports of various village agencies.

Fire Department members tested the water supply at a hydrant near the new high school recently and found their pumper truck pumped the water supply dry in less than 10 minutes.

So far we have been lucky not to have had a serious fire break out at a time when the water pressure was at a low point. But you can well imagine how disastrous it could be to your home, factory, in the business section, or at any of our schools, if it did happen.

But, enough for the needs. The Council is willing and capable of acting, even without the coming election. They realize the urgency of the situation, and could if they wished, pass a simple resolution to issue a special revenue bond issue, to be paid out of service fees collected through the water department. The existing rate schedule would furnish sufficient revenue to do this without any increase in rates or in taxes.

However, when the problem of financing was being studied, bonding attorneys pointed out how a general obligation bond issue could save us some real money—\$57,000 worth of it. This comes about because a general obligation bond sells at a lower interest rate and can be paid off in a shorter period of time than the special revenue type bond.

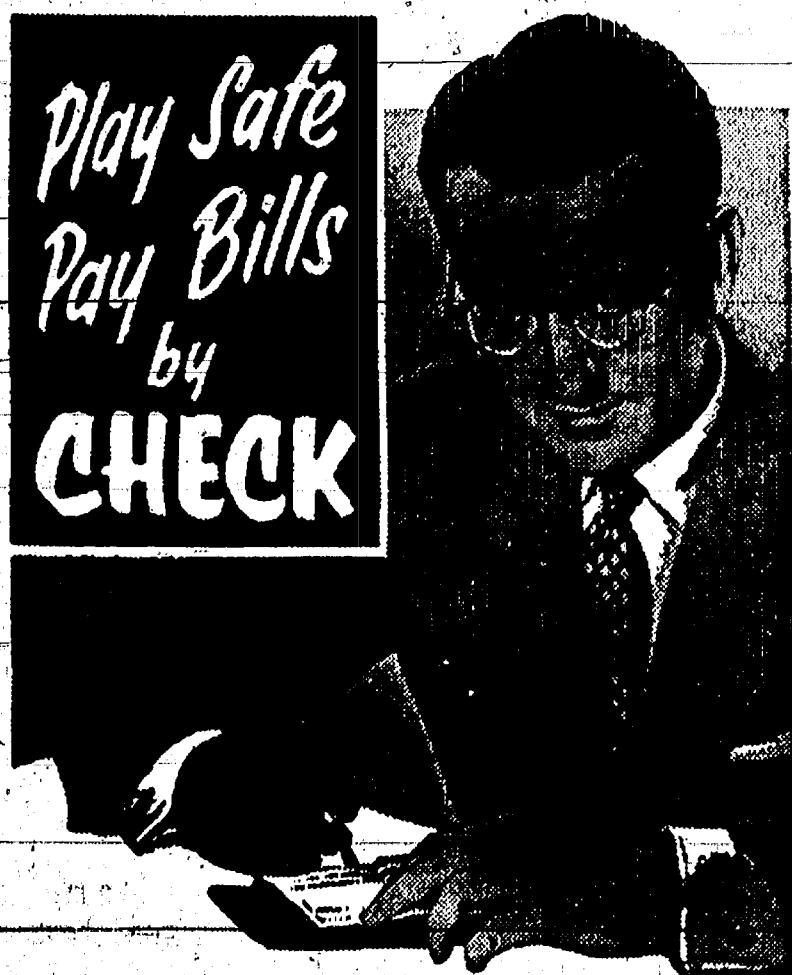

So, in an effort to save \$57,000 in finance charges, the Council has decided to ask your approval of a general obligation bond issue in the amount of \$175,000 to cover cost of new wells, additional filtering capacity, an additional ground level storage tank and all the pertinent accessories to take care of our needs for a long time.

In reality, the question we are to vote on next Monday is: "Do we want to save \$57,000 through authorizing the general obligation bond or do we leave the Council the alternate choice of being forced to issue revenue bonds at the higher cost to us all?"

The only catch in the opportunity to save this large sum of money is the fact that state law requires a two-thirds majority of property owners voting on the issue to approve it before a general obligation bond may be issued.

With faith in the future of Chelsea, and as a vote of confidence to the Village Council for being honest enough to lay their plans on the table and put forth the extra effort required to work out the plan for saving such a large sum, we feel there is only one logical choice in this election. That is a resounding "YES" vote next Monday when you go to the polls. We keep thinking what a wonderful gesture it would be to have unanimous approval of this sensible, foresighted plan. We hope you feel the same.

★ MICHIGAN MIRROR ★

By Elmer E. White, Secretary, Michigan Press Association

Republicans will start the 1959 legislative session stripped of all but a token of the power they held in state government a decade ago.

They still control the Senate, 22 to 12, but the House is evenly divided at 35-35 and all the other state offices are held by Democrats.

The lack of a majority by either party means there is a question about which party will supply the presiding officer and which party shall be represented as chairman of House committees. There are a number of proposed solutions for the problem, but a satisfactory answer has yet to be decided upon.

Both parties shudder at the thought of the 1959 legislative session and the struggle for answers to accumulated fiscal and social problems.

As one observer stated it, the ancient rule of government by compromise will get a lot of practice.

The full impact of the House split is not yet known. It could mean new faces among legislative employees and vastly changed policies. It will certainly mean a harder Democratic voice in committees and on the floor of the House.

Republican caucuses will not necessarily arrive at the final answer on major issues now, even if party leaders can hold their votes on the same side.

Democrats who for years have come up with their own decisions knowing they would be defeated on a final vote, now can produce a voting majority so they anxiously shoulder some of the burden of the policies of the House.

Strategists await Gov. Williams' message to the legislature this January with great anticipation. Republicans privately wonder whether his demands will change their tenor now that there is a chance the legislature will be stalled until they are met, and that more of them might be approved.

In the past, Republicans say the strategy worked this way: Williams would make demands that he and other Democrats knew the state could not afford without imposing burdensome new taxes, or reversing policies that existed for decades.

When Republicans controlling the legislature balked, he would take to the campaign trails charging they were hurting the cause of mental health, public health, and other vital state services. Legislators, seeing merit in some of Williams' ideas, some-

times would go part of the way. The Democratic charge then would be that it was too little or it came too late, or that even if the legislature did put a program into action, it was a Democratic idea.

Speculation is rife, as the political writers say, about Williams' future after defeating Republican Candidate Paul D. Bagwell by 143,000 votes Nov. 4 and running fifth on his own ticket.

Some are writing Williams off the Democratic slate in 1960 and delegates gather to pick a national ticket.

Williams defeated the late Albert E. Cobo two years ago by 280,000 votes and Democrats were predicting gains up to 450,000 by this year.

By reason that had he won by an overwhelming vote, national party leaders couldn't ignore him despite their apprehension about his labor organization ties.

Now, some observers are predicting the governor will try for a second term. Senator Patrick V. McNamara's seat in 1960.

This would complete the cycle

started four years ago when Democratic strategists were forced to accept McNamara when their No. 1 comeback candidate was former Senator Blair Moody who died before the election.

Williams said he was more happy at the increases in Democratic field offices this year than he was disappointed at the lesser majority he himself achieved.

He said he was happy that Lt. Gov. Philip A. Hart defeated the incumbent Republican Senator Charles E. Potter; that more Democratic house members were elected; and other victories scored.

But, out of the post-election as a new and stronger factor emerged Secretary of State James M. Hare, a former professor, who led the Democratic ticket.

Republicans say that Hare with others rode into office on Williams' coat-tails four years ago. Now, with Hare stepping up, there is a chance the party will have to revamp its long-term plans to take into consideration his vote-getting power. Hare, who has not always agreed with party policy, has more weight to support his position within the closely knit circle of Democratic high command.

(Answers on page twelve)

NO CADILLACS

The advance men who make local arrangements for Vice President Richard M. Nixon's campaign tours are telling hot Republicans to keep Cadillacs out of Mr. Nixon's caravans.

The reason they give is that the Cadillac is a symbol of affluence, which conflicts with the "regular fellow" image of the Vice President that they want to project. He usually rides in lower-priced, high-chrome jobs.

Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

As a general thing my old lady is for womanhood, the R.T.A., her preacher, rummage sales, alarm clocks, hard work and the Constitution. Most everything else she's dubious about, and one of the things she's most dubious about is me writing this little piece for the paper. She claims I didn't get much work done around the place afore I started it and now I ain't worth shooting.

I told her writing for the paper give me a chance to expand, sorter like them sack dresses I've a woman a lot of room to shake, rattle and roll if the occasion arises.

And my old lady ain't above censoring this little piece if she gets a chance. For instant, I had somep'n in here not long ago about some women ought to wear two or three girdles on account of everything seemed to be in the wrong place. She cut that line out, Mister Editor.

Now I don't think no man is worth much till he gets hitched up with a good woman to tell him what to do. I ain't never saw a bachelor that could do nothing as good as a married man that has got a wife to tell him what to do and how to do it. James Buchanan, for instant, was the only bachelor President we ever had and he was a awful flop.

I wouldn't trade my old lady off for a dozen like Liz Taylor, and even on in a while I take her on a little trip to get her mind off my shortcomings. For instant, I took her on a fishing trip the other week, hoping it might improve her thinking along the line. We stopped at one of them joints along the road to get a bite to eat and she saw some gal in there playing the juke box and doing the rumba and that's all the thinking she's done since.

She said this gal wasn't dancing, just trying to wave her body to somebody without using her arms. But anyhow, Mister Editor, it got her mind off me writing this little piece for the paper and I'm safe for another year. Come spring and I think I'll take her to see one of them bathing beauty contests and that ought to keep her thinking machine busy till way up in the summer, long enough for me to figger out the next move. A fellow gets got to do a heap of long dista got to lose his old lady, and I shore don't want to lose mine. It's mighty hard to live up to a reputation with your neighbors and live one down with your old lady at the same time.

Yours truly,
 Uncle Lew.

★ Overlap

There's nothing more useless than a single shingle.

Unless a shingle is applied to a roof with lots of other shingles—unless it overlaps—it just can't accomplish its purpose. It has to co-operate in order to do what it was meant to do.

Dinosaurs had plenty of muscle, but they didn't have enough brains to learn to work together. Now they are extinct. Ants and bees learned how to co-operate, and they are at least holding their own, and maybe making a few gains occasionally.

The upsurge of scientific knowledge in our generation is a result of co-operation among the scientists. No man could have devised it by himself. According to one estimate, the sum total of human knowledge has been doubling every 15 years.

This fantastic expansion of information makes it quite impossible for even the most brilliant person to know everything. Each person who wants to be useful in the world has to specialize in something.

Now the only way we can make use of our many specialties is to co-operate with one another. The man who knows how to grow wheat must share his product with the man who knows how to set bones. The man who knows how to print a newspaper must help support the patrolman who keeps peace in the community.

You can't even be a good burglar by yourself, as Paul Payne has said. One of today's serious problems is the existence of "communities of evil"—gangs of gamblers, smugglers, and racketeers who know how to work together. There are international gangs that are bent on spreading lies, arousing hatreds, and perverting diplomacy to their own selfish ends.

Some years ago I heard Walter Horton say that after a while he discovered that a single person just doesn't have enough impact to make much of a change in the world. He decided that if evil men are willing to work together by threatening and bribing and having men of good will pool their strength and wisdom. So he devoted his life to the work of the church. Even though there is some

JUST REMINISCING

Items taken from the files of The Chelsea Standard

4 Years Ago . . .

Thursday, Nov. 18, 1954—Mr. and Mrs. Calvin Clark and Mr. and Mrs. Robert Campbell and their families are leaving this week to make their home at Bradenton, Fla., where the men will operate a large dairy farm.

Albert Klein and John Peterson were the first hunters to report getting a deer in this area on the opening day of the season. First to report from northern hunting trips were Walter Schrader, Jr., with an 8-point buck and Richard Martin with a 10-pointer, both downed in the vicinity of Gaylord.

The newly-founded Jaycee group met Tuesday evening and elected officers, choosing Dr. John H. Pilkington as president.

Classes will begin Monday, Nov. 22, in the new North Elementary school.

Ted Nixon and Jim Hough have been named co-captains of the 1955 football team at Chelsea High school.

14 Years Ago . . .

Thursday, Nov. 23, 1944—Chelsea FFA has sent its first shipment of live cats to the General Biological Supply House in Chicago as a war effort. The cats are needed in the Navy V-12 and Army Specialized Training programs.

Expansion of Chelsea's industries in preparation for post-war business is given added impetus by announcement that Chelsea Spring Co. is making preparations for a \$200,000 addition which will add 15,000 square feet of floor space to the Chelsea plant.

Frigid Products, now in operation, will hold open house Saturday so people of the community may see this newest Chelsea enterprise, described as one of the most modern in the state. A total of 472 frozen food lockers have been installed.

Approximately 25 members of the Chelsea High school football squad were so elated when they defeated Manchester Thursday afternoon that they decided to stay away from classes Friday. As a result all are staying a half-hour after school every day this week.

24 Years Ago . . .

Thursday, Nov. 22, 1934—Unusually mild weather of the past month has brought out buds and flowers in this locality. Pussy-willows were gathered along the

overlapping among the various organizations and the various denominations, at least they are trying to listen to God's message for our times, and they are trying to put it into practice.

road near the cement plant and violets are in bloom at the home of Mrs. E. L. Kusch on Van Buren street.

Nick Penalties has been commended for the interesting stories of the season's football games published each week in The Light.

Pastors who are to take part in the Union Thanksgiving service Wednesday evening, Nov. 22, are the Rev. J. F. Wolf, the Rev. P. H. Grabowski, the Rev. Henry Laut and the Rev. A. E. Nelson.

George Zeeb and Nelson Peterson returned Wednesday from a hunting trip in the Upper Peninsula during which they killed a black bear. Much interest was created by displaying this prize on the street of Chelsea.

34 Years Ago . . .

Thursday, Nov. 20, 1924—Michael Savage, 82, who was born in Sylva, and lived here until after his marriage, died Friday at his home in Jackson. Among his survivors is a brother, the Rev. Mr. James Savage of Detroit.

Frank Lemmon of Lima Center, has in his possession a clock that was purchased by his grandfather, William Lemmon, from George Marsh, the clock-maker, in 1822. William Lemmon brought the clock with him when he came to Michigan in 1825 and registered 160 acres of land in Section 16, Township 36 North, Range 12 East, owned by Henry Heining, who owned the cement plant, the being the second registration of land in Lima township. The clock was brought to the A. E. Winans & Son store for minor repairs this week after having ticked steadily for more than 130 years.

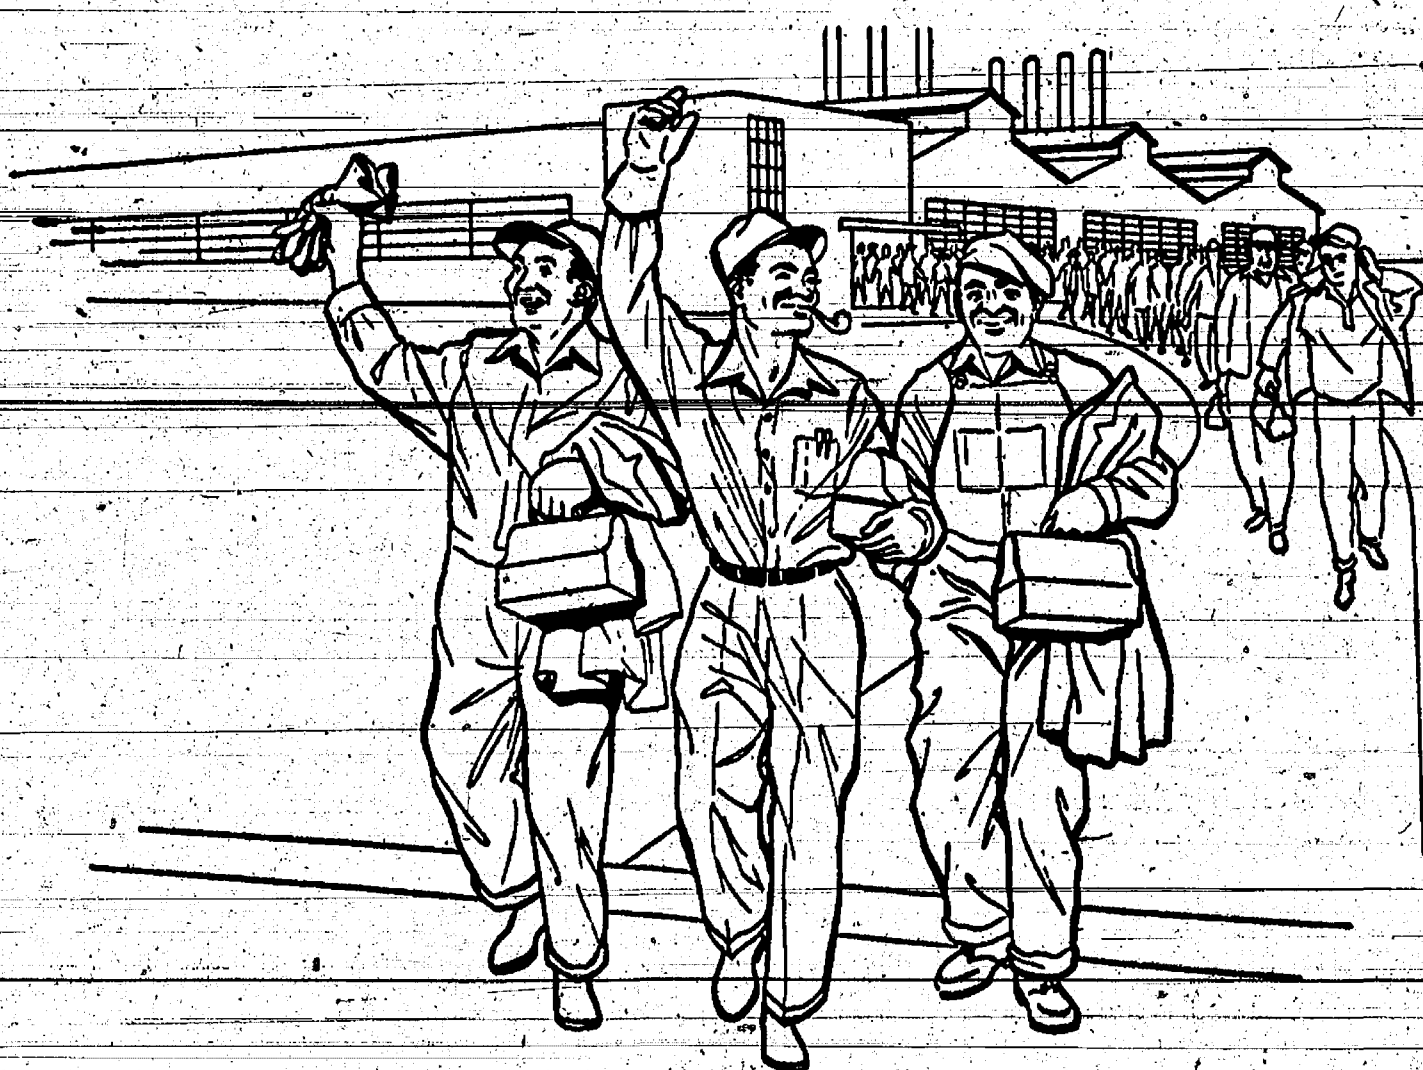

M. B. Giberson of Ann Arbor has leased the foundry building of the Lewis Spring & Axle Co. and will proceed to open up a modern foundry here.

Friday of this week marks the end of the 21-day period ordered by the State Highway Department during which there is no test on the newly-constructed pavement on South Main street.

WHEN PEOPLE WORK—

When people work, everyone benefits. Workers are able to buy the things their families need. The merchant sells more goods. There is more work in the trades, the services, professions and elsewhere. These are things of which prosperity is made.

The factory payroll dollar rolls all around the town. As it rolls, it grows and there is some of it for everybody.

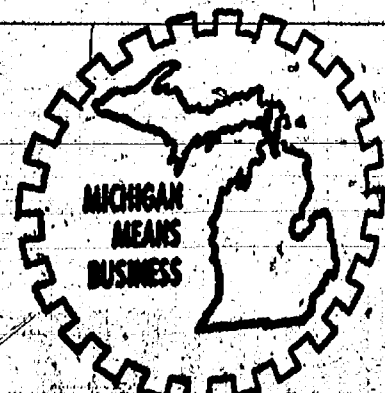

The economic research department of the Chamber of Commerce of the United States

made a study and found that 100 more factory jobs in a town mean that . . . 296 more people are brought into the community . . . 112 households are created . . . annual personal income in the community increases by \$590,000 . . . bank deposits increase by \$270,000. It's up to all of us to help build payrolls.

Join hands with your local industrial development organization and the Michigan Economic Development Department to help your community prosper.

This ad is one of a series published as a public service by this newspaper in cooperation with the Michigan Press Association and the Michigan Economic Development Department.

THE CHELSEA STANDARD

The Hi-Light

Edited by Students of the Chelsea High School Journalism Club

CO-EDITORS

Karen Munro and Loren Keaser

National Honors Society, and that they would like two students from the Council to serve on a committee with them to plan the project. Student members will be chosen later.

The group decided to request students not to go to lockers between or during classes to reduce the volume of traffic during the present crisis when only one stairway can be used.

President Dave Rowe reported that the judges are now judging the names submitted for the new athletic league in the "League Naming Contest."

Jane McLaughlin reported that assemblies have been selected for the rest of the year, and that the next assembly will be Nov. 20, on Michigan Wildlife. Posters to advertise the topic are assigned to Barbara Wenk, Sandy Sharrard, and Polly Willis. Ticket takers will be Polly Willis, Richard Haist, Patty Pastor, Roger Herman, Tom Dunlap, Dudley Holmes, and Bob Smith. Both Frontiers is to record the serial numbers of tickets sold that none may be used or reused unfairly.

Richard Haist reported to the Student Council that the Building and Grounds committee is working on a project to encourage students to dispose of their waste paper in the proper places.

Mr. Bergman reported that the teachers are fully interested in the

new" and didn't give a half-time show.

The Junior High Band, consisting of eighth and seventh graders, has been practicing songs for the different people on new instruments. Both bands are looking forward to the coming contest. Prizes will be given to the person who sells the most fruit-cakes and candy bars.

Art classes have been doing mosaic work, modern art drawings, totem-pole structures, and paintings. They have been keeping standards high and enjoying working under the direction of Miss Hammond. The work has been on exhibition about the building, and has generally drawn admiration and praise.

The speech class, under the direction of Mrs. Vaneta Finch, has finished giving a special occasion speeches, and has turned to group discussions—panel discussions, symposiums, and round table discussions. Six people in a group must plan their presentation. They will be spending much time in the library for reference work.

In girls physical education, the girls have switched to square dancing after completing the unit on volleyball which ended with a test. A few fundamentals are being learned now, as well as a few simple dances like the grape vine twist, and the star.

Both Junior and High School Choirs have been busy preparing for the Christmas Concert, which will be given Dec. 16. They will sing Christmas carols in English and foreign languages. Seventh graders are learning one song in Latin and another in Yugoslavian.

Carol Mayer has recently been selected seventh grade class treasurer. The grade has been very fortunate, getting \$5 from the window-painting contest.

Seventh grade boys are busy preparing for basketball. The girls are practicing some cheers.

The seventh graders are getting eager for the high school kids to move out. Then the school won't be such a mad house.

In seventh grade science, weather is the topic that is being studied at present. Atoms, plus and minus charges, molecules, and the structure of matter were discussed before going on to "electricity in the atmosphere." Farming is also being studied in some classes, along with the current crops.

In math, seventh graders are working with decimals to make fractions. Writing on the wall near the pencil sharpener caused one teacher to remove the sharpener until students erased the damage that had been done.

English is progressing rapidly with the study of pronouns. Book reports are due Nov. 24. History brings pep talks from Mr. Prinzing, and even agrees that they increase studying and make everyone feel giddy for not having better prepared the assignments.

Clive Mosler, like everyone else in Mr. Marshall's history classes, is preparing a term paper. He has been using the library to secure material on "The Moslem Religion." He says "I find the material and the staff quite helpful. I also enjoy the company."

The library has Chelsea, Ann Arbor, and Jackson telephone books presented by the Telephone Company.

Thirteen boxes of books, making a total of nearly 1,000 books, have already arrived for the Junior High Library. A new book truck has also been delivered.

A Trip Club meeting for some of the juniors was held Nov. 11 to determine the amount of dues to be collected. They chose \$90 as a base figure, with \$15 yearly dues, with the rest to be earned in various projects, with each person being credited with the value of his own individual effort.

Seniors settled some details of the widely anticipated trip at their last meeting. They chose to leave Detroit on Monday evening, March 30, arriving in Washington in the morning; touring the city; and leaving for New York in time to arrive at 9 p.m. Tuesday, sight-seeing; possibly a trip to West Point; and an evening at the club will fill their time. They plan to arrive in Detroit early Friday morning.

Mr. O'Doherty, the new line coach, and Mr. Alfred Smith, who has been a senior class sponsor for two years, and their wives will be chaperones for the trip. They were chosen by majority vote of the class.

Dues will be \$20 this year, payable on or before Feb. 15 because of the expense of the trip and the shortage of funds. The class

still lacks about \$2,200 of the nearly \$6,000 needed. Many money-making projects are being planned, among which are car-washes, bake sales, etc.

Senior pictures now seem under control, with all seniors now having placed their orders.

A play committee to select a proper vehicle for the class production includes Carole Barr, Loren Keaser, Karen Munro, Elaine Walker, Pat Merkel, and Sandra Karner (chairman) and Mrs. Bald, who will direct. The date is March 6 and 7, so that the new stage and auditorium can be used. Try-outs will be before Christmas vacation.

Expert Says Wood Sash Saves on Heat

Ann Arbor — Wooden window sash, perhaps a little more expensive when compared to rival metals, nevertheless does a better job of keeping a house warm, a University of Michigan wood technologist says.

The argument between wood and metal sash is nothing new to builders and home improvers who have long recited advantages and disadvantages of both types—depending on which would be more profitable.

The facts are readily available for both arguments, too. But if you're ever wondered why wooden windows don't "sweat," Professor Preston has the answers, and these same answers tell why wooden windows are better for keeping a house comfy and cozy.

"The whole problem," says Preston, "lies in the thermal conductivity of materials." This simply means that some materials lose heat faster than others. In the case of wood, heat loss is approximately 1,400 times less than in metals such as aluminum.

"The result is that it takes much longer for the temperature to drop in wood sash than in metal sash. Therefore wooden frames retain heat better than metal ones," says Preston.

But to understand why metal window frames "sweat," you must consider other factors, says Preston.

"Hot air holds more moisture than cold air. Thus, a hot house in the winter holds a considerable volume of atmospheric moisture, even though the relative humidity is low."

"If this air is cooled rapidly, the moisture in it condenses on the surface through which the heat is lost. Metal window frames conduct heat rapidly from the interior of the house and thus cool the air adjacent to them," he says. "In contrast, because metal is a better conductor of heat than wood, it takes less time for the heat in the house to reach the cold winter's air. When the two meet, however, the moisture in the warm air condenses and turns to 'sweat.'"

Preston says: "The same principle applies to masonry siding on a house. During a hot day it expands, but at night it loses its heat and rapidly cools and contracts, thus causing a cracking noise."

"Wooden houses also creak a little at night because of this cooling process," he says. "It takes much longer for heat to leave the wood than it does for metal to lose its heat," he concludes.

Space-planned bodies which provide a totally new experience in passenger comfort in both front and back seats are presented by Mercury in its entirely new cars for 1959. In its 20th anniversary models, Mercury offers a brilliant combination of advanced design, mechanical excellence and superior performance and economy. Designed exclusively for the medium-price field, the new Mercury has 15 models in four series, including the only two-door station wagon in the medium-price range. New compound curved windshield and rear window increase glass area more than 60 per cent at the front and 46 per cent at the rear. Mercury's high-compression V-8 engines provide an exact blending of the most desirable features of economy and power. Pictured is the Park Lane four-door Cruiser.

Work with Youngsters Rated as Chief Attraction for New Teachers

Ann Arbor—Change to work with young people is the reason most often given by students entering the teaching profession, says W. Robert Dixon, professor of education at the University of Michigan.

Professor Dixon, who is co-director of U-M student teaching in secondary education, emphasizes that this is particularly true at the elementary level.

"At the secondary level many student teachers are keenly interested in their subject matter and feel that teaching is one way they can pursue this interest. But here, too, they're vitally concerned with the contribution they can make to the personal development of the young people they teach."

Professor Dixon also notes that individuals who elect teaching as a career feel that they can be more independent than they could be in clerical or secretarial jobs. "They like having responsibility for a group of youngsters. They also like the amount of freedom in planning their work. Then, of course, many look forward to longer vacations and opportunities for travel."

How do they feel about salaries? Says Professor Dixon, "In general, they feel that salary compensation is quite adequate, particularly beginning salaries. Our average salary this year was around \$4,400."

He points out that a student teacher gets involved not only in teaching duties but in many out-of-class activities as well. "Some of them get busy with department meetings and curriculum meetings. This is important since it permits them to become acquainted with many of the other members of the school staff. Frequently they get an opportunity to associate with parents in room meetings or PTA meetings or parent-teacher conferences."

"But outranking everything else, of course, is the opportunity to work with youngsters. Here, out-of-class activities bring the young would-be teacher and children together in athletic events, school dances, and school plays."

MMPA Names Royal Oak Man As New Manager

Jack W. Barnes of Royal Oak, has been named secretary-manager of Michigan Milk Producers' Association to succeed Howard F. Simmons when the latter retires Jan. 1.

The appointment was made by the board of directors following installation of newly elected directors.

The board unanimously re-elected Glenn Lake, North Branch, president of the association for the coming year, again named Ted Laurson, Marquette, vice-president, and re-elected Walter Christenson, Muskegon, treasurer.

In announcing the appointment, Lake said, "Jack Barnes has repeatedly demonstrated his ability to become an outstanding manager. His calm judgment and his ability to analyze problems makes him particularly equipped for his new responsibilities. The board of directors had no hesitation in selecting him."

"Normally we might have to look a long way to find a qualified successor to a man of Howard Simmons' calibre. Fortunately we had an extremely well-trained man right within the association," Barnes, 38, joined MMPA as field manager in 1948 following his service in the army during World War II. He had achieved the rank of captain upon separation. A few months following his employment by MMPA he was promoted to director of field service and held that position until November, 1955, when he was named assistant secretary-manager.

As assistant secretary-manager he has been involved in sales negotiations, day-to-day operations of the association as well as obtaining an intimate knowledge of milk marketing generally.

The new secretary-manager grew up on a dairy farm at Kinderhook, near Goldwater, and was graduated from Michigan State University in 1949 with a degree in dairy production. He is married and has two sons.

JACK W. BARNES

Red Cross Volunteer Workers Drive Vets To Ice Follies Show

Mrs. Iza Carty of Chelsea, and Mrs. Gloria Radde of Ann Arbor, volunteer workers for the American Red Cross, drove Red Cross station wagons to Detroit and returned Sunday, furnishing transportation for 14 patients of the VA hospital who attended the Ice Follies show at Olympia Coliseum as guests of two Jewish War Veterans Auxiliaries. The two groups who provided the tickets for the veterans, two attendants and the two drivers are Oak Park and Black Rose Auxiliaries.

After the show, the party was taken to the Jewish War Veterans Memorial Home where dinner was served.

A coot is an aquatic bird found principally in South America.

Turkey Growers Association Seeks Largest Gobbler

The hunt is on again for the biggest turkey in Michigan—this time the Michigan Turkey Growers' association, sponsor of the Michigan Turkey Festival. The group will present the "king-size" gobble to Gov. G. Mennen Williams during the festival at the Lansing Civic Center, Dec. 2, 3 and 4. Next largest bird will be given to George McIntyre, state director of agriculture.

The big turkey hunt is only part of the festival's activities, according to D. D. Moyer, extension poultry specialist at Michigan State University and association secretary-treasurer.

A live and dressed turkey show is planned and Moyer urges growers to make entries and compete for the many premiums. No advance entry need be made. Just bring your turkeys to the Lansing Civic Center before 2 p.m. on Dec. 2 and your turkeys will be entered," says Moyer. Competition is in live classes, oven ready—quick frozen classes and gift packed classes.

In addition to the show, a program that deals with urgent problems in the turkey industry is planned for Dec. 3 and 4. Such items as the proposed national "self help" plan for promoting turkeys, compulsory government inspection at processing plants, integration in the turkey industry and turkey merchandising efforts will be covered by nationally known speakers.

The festival will conclude with a banquet and an auction of the top turkeys on Thursday evening. Newspapers are keeping modern. In 1957, over \$87,000,000 was invested by newspapers to improve plants, equipment and product.

Our Strainers and Wells Are Warranted in Writing for Five Years.

COOK WELL STRAINER will be used and they are made with either Red Brass or Everdur Metals.

4 ft. Cook Everdur 3" I. D. Strainer with fittings cost—\$105.00—\$26.25 per foot.

4 ft. Cook Red Brass 3" I. D. Strainer with fittings cost—\$87.00—\$21.75 per foot.

TROOP 49

Wednesday Nov. 12, Troop 49 met with 18 girls present. We plan to go to Angus Cameras plant on Nov. 26, and we also plan to go over night to Hiltop, Monday, Dec. 28. Carolyn Smith was chosen permanent delegate to attend Junior-Senior Planning Board. Diane Gubachy furnished refreshments for this meeting. The rest of the day was spent writing plays.

Rosemarie Porter, scribe.

TROOP 149

Faith Hayes was hostess for Troop 149 meeting. A motion was made to buy four poster paints. Ellen Merkel and Mary Paul, with Mrs. Taylor, will buy the paint. Flag ceremony was presented by Troop 67.

Elaine Paul, secretary.

TROOP 67

The meeting of Girl Scout Troop 67 was called to order by Sharon Maurer. We voted that the meetings should start at 6:30 even if all the girls aren't there. The next meeting will be held at 758 Taylor street.

Most of the girls have completed the Interior Decoration Badge.

ATTENTION: Girls, be sure to bring calendars or money for calendars by next meeting.

Judy Herman, scribe.

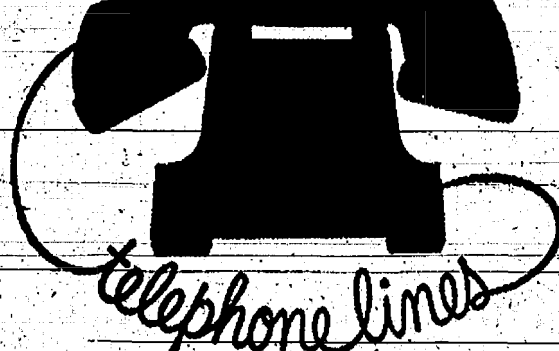

BROWNIES

TROOP 148

On Wednesday, Nov. 12, Troop 148 met at South school. During the business meeting we had our flag ceremony. Refreshments were served by Susan Gardner. Our project for the day was painting rocks. Next week we have our election of officers.

Susan Gardner, secretary.

MICHIGAN BELL

LONG AGO IN MICHIGAN there lived an Indian who had quite a reputation as a weather prophet. One fall, he predicted a long, cold winter. When somebody asked him how he knew this, he pointed down the road to his neighbor's house. "Paleface put in two extra tons of coal," he said.

UNLESS YOU HAVE AN INDIAN handy you'll just have to wait and see how hard a winter this one will be. But you can be sure of one thing. You won't be able to visit friends and relatives as much as you'd like. And there'll be many days when getting to the store will be difficult, if not impossible. But cheer up, there is one thing that laughs at rain and cold—your telephone. Use it often to keep in touch, to order supplies. Since the invention of the telephone, winters are never as bad as they were. When snow piles up, just go by phone.

YOU NEVER CAN TELL

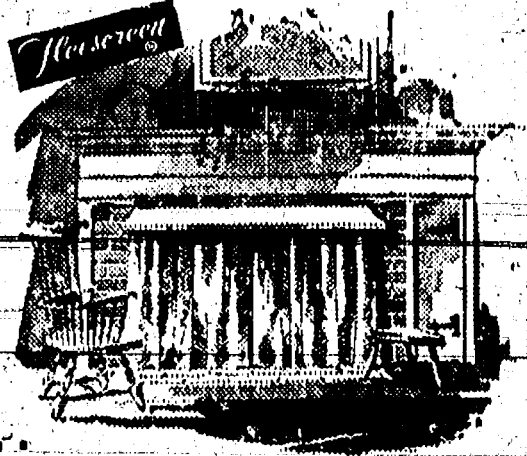

where the benefits of telephone research will turn up next. Bell Telephone Laboratories have just been awarded a Navy Certificate of Merit for their work on guided missile control systems. And from Nebraska U comes word that a cow is giving cattle researchers valuable information on rumen pressure by means of a small radio in its stomach. What made the tiny radio possible is the transistor—a Bell Laboratories invention first used in Long Distance circuits. The cattle people say the information they get from the radio will help them improve the quality of beef and dairy cattle. The cow's comment we don't have.

The only real way to celebrate Thanksgiving is to seat the whole family around the dining table and fill them with turkey. But if some of the family can't get home, remember the next best thing: have your family party by Long Distance. Call your loved ones on The Day. They'll enjoy it. So'll you!

Even Shopping Days Go Faster in this jet age. So here's a great idea: Extension phones make lastingly useful Christmas gifts—and pretty ones, too. Call our business office.

WATERLOO

The November meeting of the Ladies' Aid was held Thursday afternoon at the home of Mrs. Anna Walz. There were 11 members and two guests present. The president, Lulu Walz, called the meeting to order with all repeating the Lord's Prayer in unison. Virginia Walter called the roll and gave reports of the church fair and supper and election day dinner and supper, held at the Town Hall. The meeting was a gift to Otterbein, Home for the aged and children, of the E. U. B. denomination. Plans were made for the annual Christmas party and potluck dinner at the home of Lulu Walz on Dec. 11. Please bring own table service. Also a 50-cent grab bag gift. The meeting was closed by repeating the benediction. The hostesses then served refreshments and time was spent socially.

Mr. and Mrs. Gottlieb Rothman entertained their daughter and family, the Minor Branches of Metamora, O. over the week-end, also the Willard Pontes of Ann Arbor were recent callers, and Mrs. Rothman's sister and husband, Mr. and Mrs. Glenn Crandall of Vandercook Lake.

Youth Fellowship Rally was held at First Church on Sunday afternoon and evening with about

90 in attendance. Lunch was served in the church basement and the evening speaker was the Rev. Turner of Manchester. Appropriate moving pictures were shown and a social time enjoyed. Mrs. Jessie Schulz is recovering nicely at Foote Hospital in Jackson following surgery.

Mr. and Mrs. Frank Abbott of Grass Lake, were Sunday afternoon callers of Mr. and Mrs. Leigh Beeman and Mr. and Mrs. Donald Beeman and family.

Emory Runelman spent Sunday afternoon with Mr. and Mrs. Victor Winter and family.

NORTH FRANCISCO

Mr. and Mrs. Harold Strobel and son, Jimmy, of Jackson, were callers of Mr. and Mrs. Clarence Lehman Sunday evening.

Mrs. Leonard Loveland was a Sunday dinner guest of Mr. and Mrs. Chester Notten and Miss Mabelle Notten.

Mrs. Merle Sibley and children and Mrs. Lyle Winkle were Sunday dinner and supper guests of their parents, Mr. and Mrs. John Hartman. Their husbands are deer hunting at Manistee.

Mr. and Mrs. Eric Notten were Friday afternoon callers of Mr. and Mrs. Holton Bush.

Ralph Loveland and his son-in-law, of Monroe, were last Tuesday afternoon callers of the former's mother, Mrs. Leonard Loveland.

Mr. and Mrs. Jack Loveland and son and Mr. and Mrs. Allen Loveland and daughter, of Monroe, were Saturday afternoon callers of their grandmother, Mrs. Leonard Loveland.

Mrs. Norman Hinderer and children are spending several days with her mother, Mrs. Nina Wahl, while Mr. Hinderer is off a deer hunting trip.

Mr. and Mrs. Dillman Wahl and daughter, Loretta, were Sunday dinner guests of Mr. and Mrs. Gerald Herrick, in Chelsea.

LYNDON TOWNSHIP

Mrs. Carl Schoonover and daughter, Carol, called Saturday afternoon on Mrs. Mary Clark.

Mr. and Mrs. Ralph Seyfried and daughter, Pam, of Ann Arbor, were Sunday dinner guests of her parents, Mr. and Mrs. Guy Barton.

Mrs. Anna Barth, Mrs. Rose Newcomb, and Mrs. Charles Williams and daughter, of Lima, were Friday afternoon callers of Miss Frances McLean.

Mrs. Irene Collings and grandchildren, Ronald, Judy and Mark, of Stockbridge, were Sunday afternoon callers of Herbert and Miss Frances McIntee.

Mrs. Will Otto spent Sunday with her daughter and family, Mr. and Mrs. Will DeBryne, of Whitmore Lake.

Mr. and Mrs. Jay Hopkins and children were Sunday evening guests of Mr. and Mrs. Robert Trois in Jackson.

Mr. and Mrs. Clarence Widmayer and daughter, Barbara, and Mrs. Eugene Widmayer of Jackson, and Mr. and Mrs. Laurence Noah were Sunday dinner guests of Mrs. F. G. Widmayer and Mrs. Eva Stoffer.

Mr. and Mrs. Wesley McClain spent Thursday night at Battle Creek with the latter's sister and family.

Mr. and Mrs. Harold Wolfe and children.

Eugene Kohler, with his son Gary and a friend, of Chicago, Ill., spent the week-end here at the home of his aunt and uncle, Mr. and Mrs. Austin Balmer.

Mr. and Mrs. Harold Balmer and family, of Lansing, and Mr. and Mrs. Ted Balmer of Chelsea, were Sunday evening guests of their parents, Mr. and Mrs. Austin Balmer.

Mr. and Mrs. Harry Stoffer and Mr. and Mrs. Henry Merkel of Chelsea-Dexter road, were Monday evening visitors of Mr. and Mrs. Henry Englehart and Mrs. Mata Lucht.

Mrs. John Fischer and Mr. and Mrs. Harvey Fischer were Sunday visitors of the latter's daughter, Mrs. Jerry Kelly and family, of Wayne.

Tom Quinn of Detroit, spent Thursday with his aunt, Mrs. Burt Taylor and son, Joe.

Mr. and Mrs. David Fischer and family, of Hamburg, were Saturday visitors of his parents, Mr. and Mrs. Harvey Fischer.

Mrs. John Sterling of North Lake, and Mrs. Ezra Heininger were Sunday visitors of the latter's daughter, Mrs. Alvin Wahr and family of Helm road.

Mr. and Mrs. George Cook of Dixboro, were Sunday dinner guests of their daughter and son-in-law, Mr. and Mrs. Richard Fischer.

Mrs. Clarence Moore spent the week-end in Ann Arbor caring for her sister-in-law, Mrs. Candace Moore, who has been seriously ill.

UNADILLA

Mrs. Bertha Cortright spent the past week in Lansing, visiting relatives.

Mr. and Mrs. Edwin Corser are spending the week at their cabin at Cummings, hunting deer.

Jessie Peachout and Hollis Holloway spent the week-end hunting in the north and returned with a buck.

Mr. and Mrs. Bird Munger of Lansing, called on Mr. and Mrs. Clair Barnum Sunday afternoon.

Mrs. Delores Reno spent a few days the first of the week with relatives in Jackson. Mr. Amelia Bienn stayed with Mrs. Mymie Rose while she was gone.

Mr. and Mrs. Glenn Wright of Detroit, spent Sunday afternoon with Mr. and Mrs. Ralph Wright.

Mr. and Mrs. Wilbur Lee have been in the north hunting.

Mrs. Marguerite Hadley and Mrs. William Pyper were in Detroit on Monday.

Mrs. Barney Roopske, who has been confined to her home for several months due to illness, was able to attend the Missionary Society meeting at the home of Mrs. Bange Richmond last week.

Mrs. Amelia Bienn had Sunday dinner with the Bill Bienn family, Mrs. Cowan of Fitchburg, and Mrs.

Duane Kitley of Munnith, were afternoon callers.

Mrs. Elaine McBea and son, of Northville, visited her parents, Mr. and Mrs. Howard Pickett, Thursday afternoon.

Ernest Corser of Detroit, spent the week-end with Mr. and Mrs. Milo Corser.

Sunday dinner guests of Mr. and Mrs. Clarence Embury were Mr. and Mrs. Harold Sawdy and daughter, and Seymour Sawdy of Quincy.

Afternoon callers were Mrs. E. Glover of Stockbridge, Mrs. George Black and Mrs. Lynn Ziegler of St. Johns.

SALEM GROVE

Mrs. Harold McDonald and son, Douglas, were Friday afternoon callers of Mrs. Esther Weddell.

Mr. and Mrs. Harold McDonald and son were Saturday evening guests of Mr. and Mrs. George Prinzing and family.

Mrs. George Welch and daughter, Judy, were Sunday dinner guests of Mrs. Herbert Rank and Mrs. Carrie Rank.

The occasion was in honor of Judy's 16th birthday.

Mr. and Mrs. Bruce Britchette of Walled Lake, were week-end guests of Mrs. Frank Gieske.

Mr. and Mrs. Glenn Deits of Lansing and their daughter, Mrs. Carl Hanke and her baby daughter, Cindy, of Los Angeles, Calif., were last Thursday afternoon guests of Mr. and Mrs. Norman Perkins.

Week-end guests of her parents, Mr. and Mrs. J. S. Sanderson, were Mrs. Edward Kelsey and children, of Jackson.

Sunday dinner guests of Mr. and Mrs. Oscar Kalmbach were Mr. and Mrs. Edwin Gaunt and Mr. and Mrs. James Gaunt and sons, Danny and Ricky.

Mr. and Mrs. Robert Robbins, Dale and Darlene, were Sunday guests of the latter's parents, Mr. and Mrs. Kenneth Proctor.

LIMA TOWNSHIP

Mr. and Mrs. Elmer Lindow entertained Sunday evening honoring the former's father, John Lindow, who celebrated his 84th birthday.

Guests at a Sunday evening supper were Otto Miller of Detroit, Mr. and Mrs. Ed Braszow, Josephine Walker and Mr. and Mrs. Herbert Lindow, all of the vicinity of Chelsea.

Mrs. Charles Bell and son are visiting her parents while Mr. Bell is hunting in northern Michigan.

On Sunday Mr. and Mrs. Samuel Vickers and Mrs. Bell and son were in Plainfield to visit Mr. Vickers' aunt, Mrs. Jessie Hunt and cousins.

Miss Helen Sias and about 35 grade school children from Wayne plan to tour Chelsea Milling Co. plant on Wednesday and also to visit at the farm home of her father, Arthur Sias.

Mr. and Mrs. Alex Richards of Ferndale were Sunday dinner guests of Mr. and Mrs. Joseph Protz.

Mrs. Paul Seltz and sons, Eugene, Melvin and Raymond were Sunday dinner guests of her mother, Mrs. Christina Nicolai.

Leaves can be used to make valuable organic material for your garden and lawn. Compost pile will change the leaves into the fertilizer.

When you think of bottled gas, think of SHELLANE—only a few pennies a day to use.

Shellane Bottled Gas is a product of the Shell Oil Company.

MILLER CHIROPRACTIC OFFICES

104 SOUTH MAIN STREET

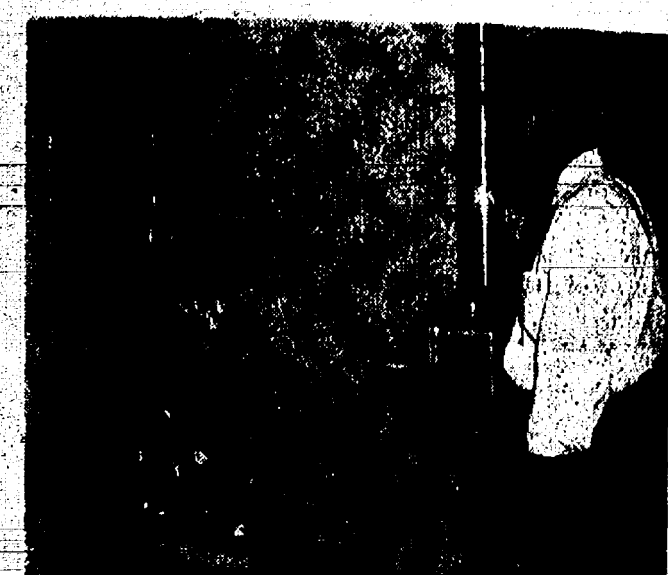

CHELSEA

PHONE GR 9-5241

Office Hours: Mon.-Wed.-Fri., 9-11:30, 2-4:30, 7-8; Thurs.-Sat., 9-11:30; Tues., 2-4:30. Closed Sunday.

Neurocalometer examination of the spinal nerves given by Dr. Miller locates defective nerves emitting from the spine on their way to the organs and glands of the body. Here we determine which nerves are defective, when they return to normal, and other data.

Clinic X-ray Department photo showing Dr. Miller making spinal X-rays to locate the cause of nerve interference found during the spinal Neurocalometer analysis. Any part of body or spine may be brought into clear view for examination. When the cause is located it can be corrected.

The Miller Chiropractic Office uses the latest scientific instruments for a complete chiropractic analysis and the modern Grostic method of spinal adjustments for the correction of spinal subluxations causing organic distress.

While the wide scope of Chiropractic is amazing to the uninformed, we do NOT recommend chiropractic as a CURE-ALL. Chiropractic is effective in those cases only where the cause is found to be defective in organic energization due to spinal misalignment (subluxation). Most all of our cases are those that had previously resisted ordinary methods of healing. Our examination is designed to eliminate those we can't help.

RESULTS COUNT

"Results are what count, and Chiropractic adjustments, when scientifically given, bring them, notwithstanding what our medical friends say to the contrary."

Wm. A. Seely, M.D.

Case histories displayed here are from Chiropractic Clinics all over the United States. They are displayed here to show the extent of Chiropractic.

FEMALE TROUBLE

Lady, 39, irregular periods, right side pains, bad cramps for several days each month, severe headaches before and after periods. Dizzy spells, low back pains, bladder pains, neuritis in shoulder and sinus inflammation. She went to a Chiropractor for headaches because a friend had recommended Chiropractic for that condition. Neurocalometer spinal analysis and X-rays indicated defective energization of the pelvic area and a subluxated (misaligned) vertebra in the neck, causing spinal cord interference. After a few months she was amazed to discover her female trouble and other symptoms had vanished with her headaches. An operation had been recommended. It is not necessary now for she feels fine, thanks to Chiropractic.

HEADACHES

CASE NO. 1910: A young woman, age 34, came to a clinic, complaining of headaches with nausea, dizziness, aching in back of neck, head and shoulders; was very nervous, had alternate spells of constipation and diarrhea; blood pressure was low and she had nervous dermatitis. X-rays and spinal analysis revealed the cause of those symptoms in the spine. Corrective adjustments restored the spine to normal and when patient was discharged, she had no complaints.

STOMACH TROUBLE

CASE NO. 1533: A married lady of 40 years was being treated for change of life and suffering from indigestion, stomach trouble, nervousness, sinus trouble, headaches, tender bladder and arthritis, none of which had responded to any past treatments. A spinal analysis revealed the cause to be in her spine. Corrective adjustments restored alignment. She was discharged feeling grand, able to eat as she pleased without discomfort, and without a single pain complaint.

SINUS TROUBLE

CASE NO. 1186: This case is a lady, age 49, who had a history of 6 years of sinus trouble and hay fever, pains in right side of neck and shoulder, rheumatic pains in knees, tired back, pressure feeling in stomach, dizziness and nervousness. After going the rounds of doctors, and remedies, she finally came to a chiropractic clinic for spinal examination. After the Neurocalometer and X-rays located the cause of her trouble, spinal corrective adjustments were begun to realign and remove interference in nerve wave frequencies which restored normal function to the entire ill-functioned body. Upon discharge, this patient reported no symptoms of any kind remained. The body contains everything necessary for health if its forces are free to work efficiently.

ASTHMA

CASE NO. 1419: After trying for years in some of the best medical clinics to find health, a boy, age 6, was brought to the Chiropractic Clinic. His parents stated that he had suffered from Asthma all of his life; was nervous, awaking at night, crying out because of nightmares; stuttered when trying to talk; had cramps after meals; was constipated, susceptible to frequent colds and fever which confined him to bed. His mother recalled that birth was very difficult and that birth injury to neck and spine was possible. Neurocalometer and X-ray analysis of the spine disclosed a neck injury, a vertebral disalignment, causing nerve wave interference and defective energization. Corrective adjustments began to restore alignment and reduced interference to brain-nerve waves. This boy began to gain weight, sleep soundly, and returned to normal health in a few months.

NERVOUS INDIGESTION

CASE NO. 971: A single working girl, age 31, suffered with backache, constipation, irregular palpitation of the heart and constant nervous indigestion, irritability with severe cramps, nervousness, and headaches for a long time, although she had gone the usual round of doctors. She had become fearful that nothing would ever help her. In that state of mind she came to the clinic. The Neurocalometer spinal analysis indicated nerve wave interference in the spine near the top of her neck as a possible cause of functional trouble. X-rays of the area disclosed a subluxation of a vertebra. She recalled several falls that could have wrenched this vertebra from its normal position. Adjustments were begun. When she completed her service X-rays showed the vertebra in a correct position. She reported that all symptoms had vanished and that she was normal in all respects. Look at yourself in the mirror—is your neck straight, and is your head sitting level or is your spine out of line?

KIDNEY TROUBLE

CASE NO. 1289: A man, age 32, had been getting treatments for kidney trouble for some time but noticed he was getting no better and nervousness was increasing; was constipated; caught colds easily and just felt low generally when he came to the Chiropractic Clinic for examination and spinal analysis. The cause was found to be nerve interference causing defective energizations of kidneys and digestive tract. Corrective adjustments restored alignment of subluxated spinal bones which removed nerve interference and permitted normal energization. Patient discharged, feeling full of pep and without complaints, in a few months.

Office Hours: Mon.-Wed.-Fri., 9-11:30, 2-4:30, 7-8; Thurs.-Sat., 9-11:30; Tues., 2-4:30. Closed Sunday.

New 50% Protein Beef Supplement Cuts Feeding Costs Nearly 7%

Just 1 lb. per head daily of Larro SureBeef 50 meets high-level protein needs...

Here's the mightiest cattle supplement of them all—Larro SureBeef 50! It's mighty in nutrients... quality... performance. Greatest cost-cutter of them all.

A single pound feeds as far as 10 lbs. of the usual 30% to 34% protein supplement. A ton feeds 20 steers 100 days.

Packs more protein. The reason? SureBeef 50 packs more protein. Puts an extra meat-building punch in grain - fattening rations. Cuts fattening costs by nearly 7%.

The 50% protein results from combining highest-quality natural oil meal, other plant protein-ingredients and modern crystalline urea. For stepped-up performance SureBeef 50 is available with Stillbestrol.

Completely balanced nutritionally—your cattle get all the known vitamins, minerals and other nutrients needed for fast gains and quality beef with SureBeef 50, fed as directed.

Fits any feeding program

Easy to feed as any other supplement—you just use less of it. Feed it with grain... with or without roughage... and (top dress or mix as directed).

Get acquainted now with this new hard-working, high-protein feed and get greater beef profits than ever. Sleep in soon.

THE NEW 1958 SOCIAL SECURITY LAW

WHAT DOES IT MEAN TO YOU?

FEDERAL OLD-AGE SURVIVORS AND DISABILITY INSURANCE

You'll get more!
You'll pay more!

- Payments will be increased in February 1959.
- People now getting benefits don't need to take any action.
- Payroll deductions go up to 2 1/4% January 1, 1959.
- Some people can get payments for the first time. But they must apply.

Those immediately eligible include:

- dependents of disabled workers and many more
- dependent parents
- disabled workers
- disabled children 18 or over

FOR MORE INFORMATION ASK YOUR SOCIAL SECURITY OFFICE FOR A COPY OF LEAFLET NUMBER 44-1958 Amendments

Changes in Social Security Law Mean Increased Benefit Checks in February

Changes that will affect almost every farm and city person have recently been made in the Social Security Law during the last session of Congress. This statement was made by Miss Anna M. Ruman, manager of the Ann Arbor Social Security district office. She took this opportunity during Farm-City Week to say that these changes affect the American public as a whole. Working persons—employed and self-employed, farmers and city people—need to know about them.

The most important changes in the law were designed to strengthen the Federal Social Insurance System which offers some protection against loss of earned income due to the retirement, death, or total disability of the worker.

Most important is the increase in benefit amounts because these increases affect practically all working people and their families. This applies to people now getting benefit payments in Washtenaw county and to those who will get benefits in the future. Monthly benefit checks to workers who retired at age 65 or later will be increased automatically by at least \$3.00. The maximum monthly payment a family may receive is increased from \$200 to \$254 a month. Families now receiving maximum monthly benefits under the law will receive increases from \$3.00 to \$54.00 depending upon the deceased worker's average monthly earnings. The larger amount will show up in benefit checks that go in the mails early in February.

Miss Ruman pointed out there are many disabled people who could not qualify for benefits before but can do so now. These payments may be made to his dependents—just like the payments made to old-age insurance beneficiaries. Also included are parents who were dependent on the worker, who can now get payments even if the worker was survived by a child or widow who is entitled to benefits.

Social Security in the past has been a program for city people, Miss Ruman said. Since 1950 it has been extended to cover farm people and now affects them the same way it affects all other people.

The ever-growing interdependence of farm and city as a result of the machine age has created a need to bring about a better understanding of our farm economy, urban people and of town and city problems by rural people. "Our Social Insurance program is an important part of that economy. That interdependence was a factor in the extension of old-age, survivor's and disability insurance to farm people, and it is the reason why the Social Security Administration is wholeheartedly cooperating in the observance of National Farm-City Week," Miss Ruman declared.

Residents of Washtenaw county are urged to visit the Social Security district office at 114 S. Fourth Avenue, Ann Arbor, to discuss any personal problems related to their Social Security status. The telephone number is NO 2-3275.

For the convenience of those people residing in the Ypsilanti area, a contact station service is maintained at the Gilbert House on North Grove street, Ypsilanti. Nicholas Strattis, Executive Director of the Gilbert House, is at the Gilbert House the first and third Thursdays of every month between 9 a.m. and 12 noon.

Germany issued red and white porcelain coins during the first World War.

Beautiful New Ceiling

Armstrong
CLASSIC CUSHIONTONE

Never before a perforated acoustical ceiling so perfect for any room in your home! Yet Classic Cushiontone costs no more than ordinary perforated ceiling tiles. It costs only \$22.80 for an average 10'x12' room, and you can easily install it yourself.

Best of all, Classic Cushiontone is easy to live with. Washable and repaintable, it requires no more care than an ordinary ceiling. It's more permanent than plaster, too, because it won't crack, chip or peel. Other Armstrong ceilings start as low as 12c per sq. ft.

"Where the Home Begins"

The NATIONAL OUTLOOK

★ Two Months Versus Two Years

The day after the elections Vice President Nixon was asked for his interpretation of the results. He said, "Republicans worked for two months. Our opponents worked for two years. The result was inevitable."

The Wall Street Journal, with one of the most courageous and well-informed editorial pages in the nation, said, "The responsibility for this disaster... must rest on President Eisenhower. It was he who had the sense of direction and lost it; it was he who should have nurtured a party to support his ideas and did not; and, it is he who must take the lead in resurrecting it. It will be a sad thing for Mr. Eisenhower, and his country, if the final result of his years of leadership in war and peace turns out to be the dismantling of one of the two great political parties in our two party system."

These are strong words. But with Republicans losing 18 Senators, 46 members of the House and 5 Governors, it is obviously time for plain speaking. It does no good to pick out and emphasize the few Republicans—Rockefeller in New York, Goldwater in Arizona, and Beall in Maryland. These were the results of local or special situations, and in no sense alter the fact that this election was an avalanche for the Democrats.

What are the political lessons to be drawn from this avalanche? Several are rather obvious.

First, it is imperative the Republican Party be reorganized in both personnel and policies. Today there is too little difference between the Republican and Democratic parties. This is, apparently, the result of a deliberate decision on the part of the Republican High Command that it is expedient to let this country lie dead, and that only by swinging to the left does one have a chance for victory. This led to what is called "me-tooism." If the election revealed anything, it was that such a policy cannot win. Whether or not a conservative program will appeal to the general public cannot be established until it is tried, and it has been too many years since such a national program was offered. There is every reason to believe that the conviction Eisenhower was a conservative was one of the principal reasons he was elected in 1952, and for his re-election in 1956. For the first two or three years of his administration he even tried to act like a conservative, within limits.

Recently, however, such conservatism has been lacking in his decisions. The situation I even saw among Senators and Representatives.

The second lesson from the election outcome is that Republicans must put up better candidates. In too many places this time the Republican candidate was a nonentity, and in too many other places they were not willing to talk solid principles. That is not the way to win public support. If such persons happen to be elected, they add little to the possibilities for enactment of desirable legislation. This time the Republican party found itself extremely hard pressed financially. This was partly the result of lack of clarity as to what it stood for, partly due to growing dissatisfaction with the manner in which it was making decisions and running the Government, and partly because it presented so many weak candidates.

The third lesson is that labor has become unbelievably strong in the political field. It did not win everything it attempted this time but its percentage of victories was unusually high. It was so high, in fact, that labor's top command is already planning the legislative program for the new Congress. The program includes a labor reform bill weaker than the Kennedy-Ives bill of 1958 and major amendments to weaken the Taft-Hartley Act.

The final, but equally important lesson is that politics is a continuing, year-around affair. If there is to be victory in 1960 it is necessary to start work immediately and to keep working at it until that election. This is not a matter of only the professionals working. It is for business management to recognize that it cannot continue to ignore the political field. Business took a more active part in the past campaign than it has for many years, but it started too late. If only started to do what must be done it is to have any protection in the legislative halls. This is not a question of electing Republicans; it is the urgent need to elect good men regardless of party labels.

Papers of the late Senator Blair Moody of Michigan kept at the University of Michigan Historical Collections.
