## SANTA CLAUS WILL VISIT CHELSEA SATURDAY

### Thanksgiving Union Service Set Tonight

Chelsea's customary Union Thanksgiving service, sponsored by area Protestant churches, is being held this evening (Wednesday) in the Methodist Home chapel. The service is to begin at 7:30 p.m. and everyone in the community is invited to attend.

Clergymen who will take part in the service include the Rev. Edwin J. Weiss, administrator of the Home; the Rev. Allan W. Reed, of St. Barnabas Episcopal church; the Rev. H. J. Meppelink, of the Assembly of God congregation; the Rev. Philip Rusten of the Congregational church; the Rev. P. H. Grabowski of St. Paul's church; the Rev. S. D. Kinde of the Methodist church; and the Rev. Louis Claster of Salem Grove and North Lake Methodist churches who will deliver the sermon.

The senior choir of St. Paul's Evangelical and Reformed church will sing a Thanksgiving anthem, "We Praise Thee, O God, for All That Thou Hast Done for Us." The choir will be accompanied on the organ by Mrs. Carl Meyer.

Mrs. Mildred Cheever of the Home staff, will serve as organist for the service and is planning to play Baranowski's "Prayer of Thanksgiving" as the prelude; Marks' "Song of Gratitude" as the offertory; and "Gloria" from Mozart's Twelfth Mass as the postlude.

The Thanksgiving offering will be used for CROP (Christian Rural Overseas) Program, through the Ann Arbor-Washtenaw Council of Churches. The program of relief multiplies every dollar given approximately 25 times through government surplus foods that are sent to needy areas of the world.

### Owners Warned Not To Permit Dogs To Stray

Dog owners are again being reminded of the village ordinance which provides for \$50 fine or 30 days in the county jail, or both, for permitting dogs to run at large.

Dogs must be on a leash or accompanied by the owner or custodian having reasonable control of the dog whenever the dog is not on the owner's premises.

Dogs are not to be permitted beyond the owner's premises at any time, except when under the direct control of the owner or custodian.

The ordinance further states that anyone permitting a dog to run at large on his premises for three days is considered the owner for purposes of enforcing the ordinance.

Official notice pertaining to enforcement of the ordinance is published elsewhere in this issue of The Standard.

### Band Follies Show Set Next Tuesday

The Annual Band Follies will take place next Tuesday evening, Dec. 2, at 7:30 p.m. in the high school gym.

The Junior and Senior Bands will each play several numbers, in addition to a number of variety acts including vocal solos, duets and ensembles, readings, instrumental solos and ensembles, novelty groups, and a dancing chorus line.

Paul F. "Jerry" Niehaus will again act as master of ceremonies for the program.

Most of the acts will be presented by students and adults living within Washtenaw county.

However, a trombone solo will be played by a University of Michigan student, Ray Miller, from Pittsburgh, Pa.

Other headline features will include the Band-Booster Kitchen Band made up of a group of local ladies who will present several popular selections in unusual and original costumes.

The Men's Chorus Line, composed of fathers from the Band Booster club, will present a variety of songs and dances in an attire which should make them unrecognizable.

The Chelsea High Skylarks, a dance band under the direction of Ronald Coleman, will present several swing numbers.

The Triple Trio, a girl's ensemble from the High School Chorus, will also present several popular airs.

All proceeds will go towards the purchase of needed band equipment and scholarships to the All-State Band Camps at Interlochen. Admission will be charged at the door.

The program to be presented is as follows:

THE CHS VARSITY BASKETBALL team plays its opener for the 1958 season with Milan on the home court Friday night. Varsity members appearing in the above photo are: front row (from left)—George Mayer, Frank Fredericks, Loren Keizer and Robert Weiss; second row—George Wilson, Jack Patrick and Charles Cameron; back row—Roger Herman, Alton Nixon, Charles Koeniger and Homer Nixon. Keizer, Fredericks, Mayer and the two Nixons are returning lettermen. Coach Robert Taylor said this year's team will depend heavily on the squad's ability to rebound consistently. Last year's team record was 7 won and 9 lost, ending the season in a tie for third place in the Huron League standings. Every team members is certain they can improve this year.

### First Pre-Christmas Visit Signals Start of Holiday Festivities

Santa Claus' pre-Christmas arrival at 2 o'clock Saturday afternoon officially opens the Christmas shopping season in Chelsea.

In order that all children may have a chance to talk to Santa Claus he will remain on the downtown streets until 4 o'clock.

Each child who visits him will receive a card to fill out and drop in Santa's special mail box in front of the Post Office steps. The cards will be used for the drawing to select the winner of a prize donated by the merchants of Chelsea. The drawing will take place during Santa's final pre-Christmas visit, Saturday, Dec. 20.

The prize, which this year is a fire truck suitable for a child 2 to 10 years old, will be on display Saturday in a downtown store window.

Tickets for the prize drawing will also be enclosed with answers

### Wm. Weber Dies Suddenly Thursday

William J. Weber, 221 Congdon street, who operated a meat market here from 1936 until 1953, died suddenly late Thursday afternoon. He was 68 years old.

A veteran of World War I, he was a member of Co. M, 47th Infantry, Fourth Division, U. S. Army, and fought in three major battles—the Aisne-Marne, July 18 to Aug. 2, Meuse-Argonne, Sept. 26 to Oct. 10, and St. Mihiel, Sept. 12 to 19, 1918. He was wounded in action, July 31, 1918.

He was a member of St. Mary's Catholic church and the Holy Name Society. He was also a member of the Veterans of Foreign Wars at Ann Arbor.

Born Jan. 10, 1890, at Jackson, he was a son of Frederick C. and Gertrude Bosong Weber. He was married at St. Mary's church here, Aug. 9, 1922, to Magdalen Eiselo. They made their home at Mill-bake until 1940 when they moved to the present home.

Survivors, in addition to the widow, are three sons, Frederick A., William C., and Robert L.; two daughters, Mary Kathryn of Detroit, and Phyllis Ann; a grandson, Jeffery Weber, two brothers, Frederick C. Weber of Jackson, and Dr. Robert Weber of Mitchell, S. D.; and a sister, Miss Mina Weber of Inkster. Another brother, Leo, died Sept. 22 of this year at Jackson.

The rosary was recited at the Staffan Funeral Home at 6 p.m. Sunday and funeral services were held at 10 a.m. Monday at St. Mary's church with a Requiem High Mass sung by the Rev. Fr. John Weber, of Lansing. Also of the officiating at the service was the Rev. Fr. Lee Luge of St. Mary's church.

Burial took place in Mt. Olivet cemetery with graveside minister in charge of Herbert J. McKune Post No. 31, American Legion.

### Water Bond Issue Okayed By 332-8 Vote

Almost unanimous approval was given by Chelsea electors Monday for the Village Council's proposal to finance its proposed water facilities improvement program by means of general obligation bonds instead of revenue bonds.

A total of 342 votes were cast resulting as follows: 332 "yes"; 8 "no"; and two ballots not valid.

The Council needed no referendum to proceed with the water improvement program if financed by revenue bonds, but general obligation bonding, according to state law, requires approval of resident property owners before the Village Council can proceed to use this method of financing.

Increased water rates which began with the second quarter billing here this year are adequate to cover the debt service of the bond issue with no change of property tax rates.

The general obligation bonds will mean a saving to the Village of \$57,000 on the \$175,000 bond issue necessary for the water improvement program, because a general obligation bond sells at a lower interest rate and can be paid off in a shorter period of time than the special revenue type bond.

### Colonial Manor Honored by National Society

Colonial Manor Nursing Home was honored today by being received into membership of the National Geriatrics Society. It was announced by Benjamin Berkowitz, M.D., F.A.C.C., society president.

Membership in the society is restricted to a select number of institutions which care for the aged, and inclusion in this organization is recognized nationally as an indication of superior facilities, standards, and quality. An institution is elected to membership in the society only after an exhaustive investigation.

The National Geriatrics Society is the only national-wide organization made up of institutions dedicated to the care of the aged, and its members consist of hospitals, sanitariums, homes for the aged, nursing homes, and similar public, voluntary and proprietary institutions.

### Blood Bank Gains 81 Pints At Clinic

A total of 140 people signed up as blood donors for the Chelsea Community Blood Bank clinic here Monday; however, because of colds and various other disqualifying reasons, 59 were rejected. Thus, 81 pints of blood was secured.

Mrs. Dudley Holmes, Chelsea Community Blood Bank chairman, said the clinic program was carried out as previously announced. She expressed appreciation for the assistance of volunteer physicians, nurses and others who worked during the day.

Mrs. Holmes said that the luncheon served to all workers at noon proved a convenience and a pleasant hour of relaxation between the morning and afternoon clinic periods.

The luncheon was an innovation this year, the food being contributed by people of the community. Those included Mrs. John Brooks, Jr., Mrs. Leigh Palmer, Mrs. Paul Mann, Mrs. Stanley Beal, Mrs. Elmer Lindow, Mrs. George West, Mrs. Dan Ewald, Mrs. Russell McLaughlin, Mrs. Robert Anderson, and Mrs. Holmes.

Thirty people were served at the luncheon.

### Methodist Free Seat Dinner Set

The annual Free Seat dinner, traditional festival of the First Methodist church here for more than 60 years, will be held Thursday, Dec. 4, at 6:30 p.m. in the church social center.

Mrs. Russell Baldwin is general chairman of the dinner, in cooperation with the Women's Society of Christian Services. All families attending will bring their own table service and everyone is invited.

Ben R. Donaldson of Dearborn and Cavanaugh Lake, originator of the radio program, "The Ford Sunday Evening Hour," will speak at the after-dinner program and show choice volumes from his famous collection of Bibles.

Dwight L. Gadsby, general program chairman, stated this week that Donaldson is a speaker in wide demand. He said, "We are fortunate in having him as our Free Seat dinner speaker. He is on the board of Adrian College and has a broad field of business interests."

Donny Boyer is in charge of films to be shown to the children who attend the dinner.

### Jaycees Hire Director for Rec. Center

Miss Marilyn Waite of Dexter, is the new director of the Jaycees-sponsored Recreation Center.

She received her BS degree in recreation from Eastern Michigan College, and her Master's degree in recreation from Florida State. Presently, she is doing post-master's work at the U. of M.

Miss Waite spent four years with the Air Force as a civilian recreation leader in charge of service clubs in Japan and Florida. Tallahassee now has a very successful center which she started.

Chelsea high school was contacted about the opening of the Recreation Center, and a meeting will be held next week with Junior and Senior high representatives to plan programs.

Although there will be many special programs held elsewhere, the usual meeting site for the Recreation Center will be the third floor of the Municipal Building.

### Special Events Scheduled for Each Week-End

The cards will be used for the drawing to select the winner of a prize donated by the merchants of Chelsea. The drawing will take place during Santa's final pre-Christmas visit, Saturday, Dec. 20.

### Kiwanis Club Training Meet Held Here

Approximately 125 members and guests were present for the Kiwanis club meeting in the social center of the Methodist church Monday evening.

The meeting was preceded by a divisional training conference for 1959 Kiwanis officers. The conference began at 4 p.m. with 1959 lieutenant-governor of the Sixth Division in charge.

Harold Beadle of Ypsilanti, brought greetings as a representative of Sid Main, of Midland, the 1959 Kiwanis Michigan District governor. Beadle also was in charge of instructing members or boards of directors for 1959.

### Revised Total Shows 28 Last Year's CHS Grad Continuing Education

In the list of Chelsea High school 1958 graduates who are attending colleges and universities, as published in the Nov. 6 issue of The Standard, the name of Janet Ann Bernath, daughter of Mr. and Mrs. Lewis Bernath, was inadvertently omitted.

Miss Bernath is enrolled at Michigan State University, East Lansing.

This brings the total of students continuing their education to 28 of the 69 who graduated last June.

This is a definite increase over averages of recent years.

Miss Josephine Walker, who has been a patient at Colonial Manor Nursing Home the past month, is expecting to return to her home soon.

Mrs. Lula Scripser entered Colonial Manor Nursing Home as a patient last Friday.

to each letter Santa Claus receives from Chelsea area youngsters.

These are the only means for securing cards for the drawing for the prize. None will be available in the stores or anywhere else.

No postage is necessary for letters to Santa, providing they are dropped into his own mail box which is plainly marked.

Santa Claus will also visit Chelsea on Saturday, Dec. 6, 13 and 20 and on each visit will have a small gift for each child. (It is believed the Santa Claus visits will also include Friday evenings after his first appearance Saturday afternoon.)

Other plans for the Christmas season in Chelsea include a Santa Sale Friday and Saturday, Dec. 5 and 6 and "Window Shopping" Friday and Saturday, Dec. 12 and 13.

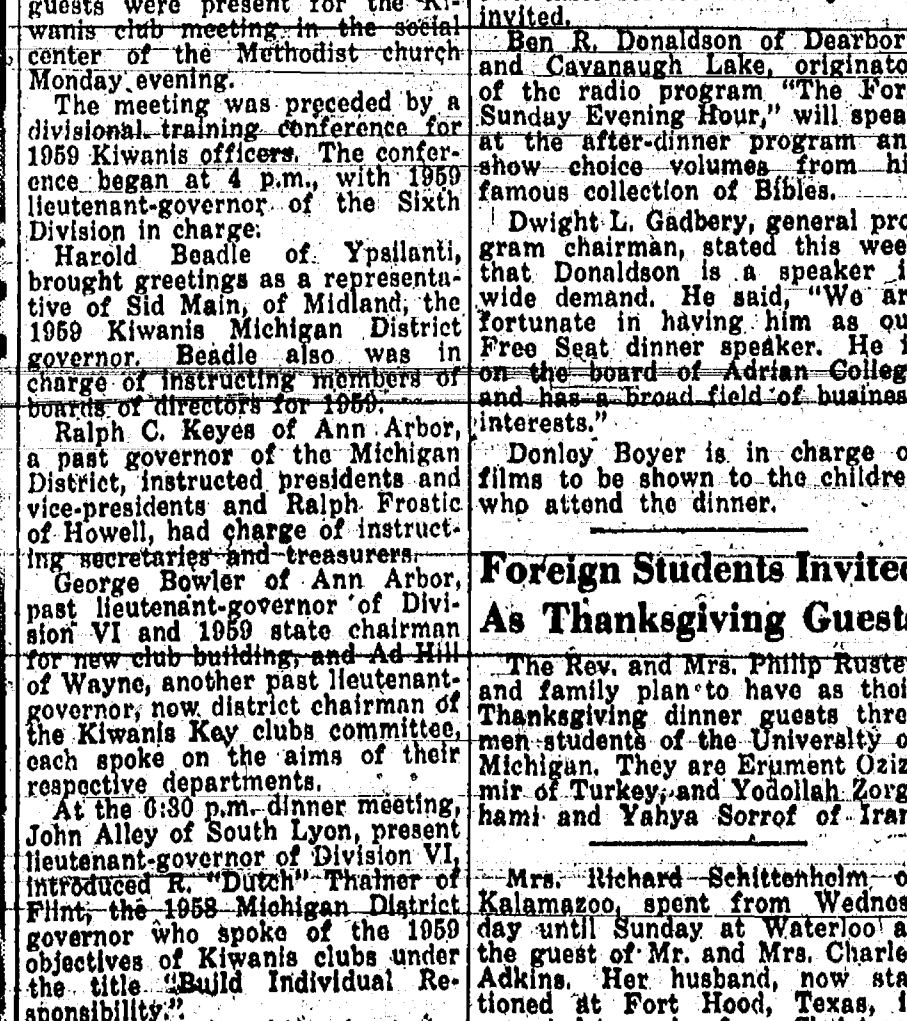

Each Chelsea Standard on Dec. 11 will be stamped with a number. All that customers need to do to claim prizes offered by merchants in their window displays is to find an article marked with a matching number. This has proved a popular feature of the Christmas shopping season in Chelsea since it was first instituted several years ago.

Resumed this year is the Christmas residential lighting contest with prizes offered for first, second and third place winners. Lighting effects are the principal feature of the contest.

**RECEIVES SERVICE AWARD**—Balmer's Brake Service was honored last week by Automobile Club of Michigan for its service to Chelsea-area motorists. Auto Club made the award to commemorate its 10-millionth emergency road service call since that service was established in 1922. Balmer's was one of 372 stations in Michigan receiving an award for five or more years of service to AAA members. The award was presented to Ted Balmer (right) by Wesley Durfee of the Auto Club's road service department.

**MYSTERY FARM NO. 32**, shown in the above photograph, will probably prove to be one of the easier ones to identify in the current series of mystery farm pictures. Although taken at an angle which fails to show the front of the attractive house, the entire setting should prove

familiar to many area residents. If you recognize the farm, call The Standard office, OR 5-3851. The owner should call at The Standard office by Saturday to claim a mounted photo which will be presented as a gift.

**MYSTERY FARM NO. 31**—The Julius Eschelbach property on North Fletcher road was identified as Mystery Farm No. 31 in the current series of farm photos being published in The Standard. The Eschelbachs have owned the place since 1948 and have made many improvements inside and outside of the house. They have also added several new buildings.

## Julius Eschelbachs Own 38-Acre 'Mystery Farm' Located on North Fletcher Road

Mystery Farm No. 31, published Nov. 20 in the current series of farm photographs, is the Julius Eschelbach home at 1345 North Fletcher road, between Trinkle road and Chelsea-Dexter road. Mr. and Mrs. Eschelbach have owned the farm since May 31, 1947, and have done extensive remodeling since they have lived there. They have put new siding on the house, added the enclosed porch, modernized the kitchen and built a new garage, chicken house and orn crib.

Eschelbach does general farming on the 38 acres of land and has chickens and some cows. He is also employed at Detroit Abrasives Co.

The farm is probably best known to older residents as the Michael Schanz homestead. The late Mr. and Mrs. Michael Schanz moved to the farm in 1874 and 10 of their 12 children were born in the log house which was the family home until the present house was built.

Olto Schanz, who was an employee of the state public works department for many years before his retirement two years ago, and his sister, Mrs. Agnes Fitch, are the only surviving members of the Michael Schanz family of eight sons and four daughters. The others were Amy, Mary, Ida (Mrs. Schmidt), John Henry, Fred Conrad, Michael, George and Lewis.

The Justin Wheeler family lived on the farm about 23 years before moving to their present home on Congdon street, having purchased it from the Schanz estate in 1918. The house was rented to several different tenants during the ownership of Clarence Vogel, who purchased it in 1941. The beautiful stone work of the porch was done by Vogel.

Nov. 27—Thanksgiving. No school. Thursday or Friday.  
Nov. 28—Basketball game here with Milan.  
Dec. 2—Band Follies in high school gym.  
Dec. 5—Basketball at Saline.

Library treasurer David Kep- hart urgently requests students of junior and senior high school to bring in books when they are due. The number of over-due books is getting greater and greater. The library has made a survey to determine what kind of magazines the students prefer. Some seniors still enjoy such magazines as Boys' Life, Sports, Children's Digest, and Jack and Jill. Most of the boys prefer Sports, Hot Rod, Boys' Life, Farming, and

Motor Life, and Michigan Farming. Girls prefer Seventeen, Girls' Life, Calling All Girls.

The Future Teachers Association has a small treasury upon which they can draw, as a result of the successful dance Nov. 1 at which they staged a hoola-hoop contest, an apple-dunking contest, and prizes for the best costumes. The FTA hopes to have a class soon, and to teach during the elementary teachers' conferences in April. If they do this, two weeks of grade school will coincide with their high school classes, as they will visit one room to observe procedure, to learn the names, and to learn how to teach this particular room. This will be an invaluable experience if they are allowed to do so.

The club is also planning to have an assembly in the new school. On this committee are Carolyn Miller, Marketta Young, and Kathryn Kinde.

The juniors have received their cards and are now busily delivering them and collecting. The sale went quite well, and the class hopes that the balance of their

treasury will go up-up-up!!! The money they make from this sale will go towards their senior trip next year.

All three bands, grade school, junior, and senior high, are working very hard on their annual candy sale which is now in full swing. There is a prize of five dollars to be awarded to a member of each band who has sold the most bars. So far Donna Sherman holds the lead—she has sold 124 bars of candy. Judy Woolley and David Talbot are second with 48 bars each. All band members who have not received their quotas yet are to pick up their candy at either Mrs. Thomas-Harrison on Orchard Street or from Mr. Grove on East Middle.

The band annual band follies is coming, so Mary Ann Sorensen and Marketta Young were appointed to set up the talent.

Due to the success of the Goff's Salt Water Taffy sale, the Latin Club who sponsored the sale is considering ordering it again in the second semester. Some of the members of the Latin Club are requesting and investigating the possibility of securing Junior Classical League pins. Some members have still not paid their dues. The club has decided to hold a special meeting discussing this situation.

The Girls Athletic Association will soon be starting the basketball season. Coach Waneta Finch, GAA advisor, has set Dec. 1 as the beginning of the season practice. It's going to be a tough decision to select the girls to play on the varsity and junior varsity team from among the 44 trying out. The fun night which was held Nov. 18 proved to be a well-planned enjoyable evening. The next fun night will be a combination with the FTA girls during December. Also planned was a swimming party in Ann Arbor with the same group.

The speech class has formed four types of discussion groups which are panel, round-table, forum, and symposium. Each day the six members of one group present a discussion before the class. Some of these are opened to the whole class.

The Student Council denied the sophomores the right to sponsor a coat check room during the coming dances to earn money, an idea submitted by Mary Ann Sorensen, Mary Ann Steger, Carol Gowan. The charge might be 5 cents per person. The matter will be reconsidered at the next meeting of the Council when there may be more information.

Roger Herman presented a party plan for a sponge dance to be held Dec. 13 by Varsity Club. The plan was approved. Earl Heller suggested that Mrs. Finch buy \$5 worth of square dance records for the Student Council. This, too, was approved.

Mr. Sanborn's plan for a Christmas program participated in by the chorus, bands, French and Latin clubs was approved. The Student Council will sponsor a CARE campaign sometime in the near future.

The senior play committee has been looking over catalogs as a preliminary step in the important work of play-selection.

Physical education girls' classes are still practicing square dancing, getting gradually into the more intricate figures. Since the rooms that had to be evacuated are holding some of their sessions on the

stage and in the gym corners, they are learning other subjects with a generous sprinkling of Kentucky Reels as the girls try to dance on the gym floor. Girls are now taking turns calling and dancing.

Seventh grade English classes around OHS bring more and more knowledge of personal, possessive, interrogative, reflexive, intensive, numeral, and other types of pronouns. Some have finished, and others are still struggling for mastery. Sentences for spelling words are due each Wednesday and must be done and graded until each paper is perfect.

Social studies bring more hard work, sweat, and training. Studies of farming in the U. S. have brought up discussion of the many different kinds of crops grown around this area. It is found that not only is Michigan in the fruit belt, but also produces wheat, corn, vegetables, dairy products.

In math, multiplying with decimals is being practiced. Short-cuts are demonstrated by Mrs. Papadour on how to multiply a decimal fraction. These short-cuts are time-saving and easy.

Science brings the thought of tests to everyone who has Mr. Conklin for a science teacher. Everyone must agree that he has

a strange ability to think up some of the hardest tests known, although he can explain everything if you pay attention. A few hearty laughs were brought out that two electrons get "all shook up" when they get near each other, or when an electron wants to find a proton to be its buddy.

Chorus brings more practice of Christmas carols for the coming concert.

The sophomores plan to hold class meeting soon to plan the annual sophomore Freshman dance, and to consider the advisability of ordering class rings. The class dues have been set at \$10 per year.

## Thanksgiving Is Time To Look Around Us and Count Our Many Blessings

Thanksgiving in the year 1958 finds Americans enjoying peace, abundance, and freedom. It also finds the United States in the role of leader of the free countries of the world. Since 1863, when Mrs. Sarah J. Hale finally succeeded in her idea of a religious observance late in November, Americans have been blessed with fortune, and have accumulated more blessings with each passing year.

Now, 95 years later, (Mrs. Hale actually began her campaign for a day of thanksgiving while editor of The Ladies Magazine in Boston, in 1827), the average American has more to be thankful for than the citizen of any other country.

Americans should keep in mind the religious origin of the Thanksgiving Day observance and give thanks to God for their many blessings this year. Thanksgiving Day has now grown to be an international celebration and many Old World customs are attached to it in various parts of the world and in the United States.

In ancient history many days of thanksgiving were celebrated annually over long periods of time. The victory of Constantine was celebrated in Constantinople for many years on Sept. 24. In Alexandria, July 21 was observed for years as a day of thanks for the cessation of earthquakes.

In England, the victory of the Black Prince over the French in 1356 was celebrated for eight days, and special thanksgiving services were held in St. Paul's Cathedral after the defeat of the Spanish Armada in 1588.

Our Thanksgiving Day in the United States, then, is relatively young, but it has taken hold more firmly than in any other country, and has spread to the various corners of the world.

It is one of our most-enjoyed holidays, and colorful observances, and an inspiration. To many Americans it signifies the coming end of the year, the completion of most of the harvest for the year, the end of the football season and the beginning of the winter hunting seasons.

Then there was the fellow from way back in the hills who died upon seeing his first automobile. He didn't see it soon enough—Airman, Norman, Okla.

Experts believe that 22 is good age for a girl to get married, especially if she's 30.

 Christmas bright—\*give her  
 a modern gas dryer

The bright idea that's sure to win mother's smile at Christmas—a modern gas dryer, the gift of convenience. New gas dryers boast so many features that lighten her washday load—dial-a-fabric drying, automatic timing, ultraviolet sanitizing lamps to give the wash a sunny fragrance. Yet gas dryers operate at just one-fifth the cost of other types.

So earn mother's brightest smile—let her choose her own gas dryer from the many displayed at Gas Company offices and dealer showrooms.

## THANKSGIVING

Let us be thankful for home and family, for good friends, for life in a land of freedom, and for all our many blessings. And as our forefathers did, let us give thanks in the church of our choice.

## MICHIGAN MIRROR

By Elmer E. White, Secretary, Michigan Press Association

Michigan's week of organized chest-pounding and self-promotion next May 17-23 will have a new slogan to guide the way.

"We're Proud of Michigan."

Behind the slogan will be thousands of workers, from giant industrialists to small businessmen and farmers—all dedicated to the principle that success is a Michigan product.

For six years, the Michigan Week organization has been using, "It's Great to Live in Michigan," as its slogan. The change broadens the scope of the program, officials said.

Political overtones are present again as the group of citizens and officials prepares for the 1959 celebration.

For two years, Republicans have charged that Democratic tax-business policies have driven companies to other states and discouraged expansion in Michigan. Democrats counter-charge that Michigan actually has been prospering and getting new business and industries and that the Republican charges are hurting the state's national reputation.

With its new slogan, the Michigan Week organization faces some of the arguments of both sides can be neutralized.

Our state government is broke. Top officials headed by Gov. Williams discovered after the Nov. 4 election that less than \$10,000,000 remained in the treasury and school aid payments were \$18,000,000 behind.

Schoolmen said that dozens of districts already had borrowed \$40,000,000 since July 1 to pay operating expenses for the year.

For a time, there was sentiment to call a special session of the 1958 legislature to straighten out financial matters before the new year arrives. Officials said it would not be necessary, though this could change anytime.

They are holding back more

than \$12,000,000 in appropriated funds for Michigan State University, the University of Michigan, and Wayne State University.

These schools can operate on an emergency basis by using student fees until the money can be paid from the state treasury.

Officials hope, by delaying payments, to hold out until the 1959 legislature meets and possibly comes up with additional tax revenue.

Pressure has developed anew for a state income tax, the next major source of revenue.

If it comes, Democrats will try to pin the responsibility on Republicans and the House tax study committee headed by Rep. Rollo G. Conlin (R-Tipton), its chairman.

Republicans will hotly charge the tax was caused by Democratic spending demands.

Observers depict the state Senate as the last bastion of the Republican party in a state government. All major elective offices are held by Democrats and there is an even 55-55 division in the House.

Republicans have said they will

### RAIN DANCES PAY OFF

Hopi Reservation, Ariz.—Hopi rain dancers batted 1,000 during a recent ceremony. They staged ancient rites for rain at three Hopi villages. A short while after the rites ended, rain began to fall at all three villages.

### GIVEN THE BIRD

Lansing, Mich.—Robert Huff says his dog pointed grouse six times during a recent hunting trip. Huff missed his shot every time. After the sixth miss, the dog disappeared and returned with a live grouse in his mouth. "Apparently," says Huff, "he was trying to show me what one looked like close up."

## Uncle Lew from Lima Says:

### DEAR MISTER EDITOR:

I got a heap of things to be thankful for this Thanksgiving. I'm mighty thankful I got good health, which I attribute to the fact I save my energy and don't work too hard. I figured a long time ago it's better to be healthy and delinquent than paid up and run down.

I'm thankful we ain't got but one world. Us Americans couldn't afford to finance more'n one. And I'm thankful we ain't got but one Chiang Kai-shek. He can git us in more trouble between changes of the moon than we can get out of between Haley's Comets.

I'm thankful the country is full of Republicans, Democrats, conservatives, radicals, politicians, statesmen, and Senate committees, because as long as we got everybody trying to git into the act there ain't no chance of any one of them stealing the show. And I'm thankful for the finer things in life, like the count-down clock, the electric mixer, the sanforized shirt and non-squeeze girdle, the fountain pen that writes under water and them TV singing commercials. But I'm also thankful that scientists still ain't found no better way to preserve the American home than for the good women in the house to do the wedding ring in dishwasher three times a day.

I'm thankful I didn't make no big crops this year, because not holding much, I ain't losing no sleep over not selling when the prices are right. I'm thankful farmers' output ain't always figured by what he's got in his barn. What he was thinking during the year might be as important as what he is producing. So far, Congress ain't put no income tax on what a fella been shining in front of the fire and my old lady accused me of doing when my thoughts had done rose above the level of the weeds in my fields and I was rassing with

International problems right up alongside Secretary Dulles.

I'm mighty thankful I'm living in America, don't make no difference if it does cost four cent to mail a letter and there's some confusion over whether the unions is working for the companies or the companies for the unions. At least you don't hear about no diplomats running around over Europe passing the hat for us. And I'm always mighty thankful at this time of year that Congress ain't in session. The country is a heap safer when you got them fellers at home for a spell where we can watch 'em.

Yours truly,  
 Uncle Lew.

### ★ He Got His Dear

Jack Wooster and I were talking in the grocery store the other day about which hunters had been successful this season. I told him I heard Jim Bellum had made a kill, and he reported that John Wooster brought back a buck, and Cis Mousseau and his boy each got one.

About that time Mike Polgas walked in, wearing a red cap and jacket, and Jack asked, "How'd you make out this year, Mike?" Mike gave a kind of a little grin and said, "We got a little girl."

At first I tried to figure out whether that was some new way of saying that he had a permit to shoot a young doe. But after about half a minute Jack and Mike both tumbled to the fact that Jack was talking about deer and Mike was talking about babies.

"Oh," said Mike, "you mean hunting. I didn't go this year."

If I had to choose between a dear baby and a baby deer, I'd pick the one with the future. And that reminds me how important it is to make sure that the man you're trying to tell something knows what it is that you're talking about.

Steve Crowell told me that one of the big broadcasting companies recently conducted a survey to test the effectiveness of an advertising slogan that some beer company intended to use. In order to lend dignity (and "age") to their brew, they planned to use the word "forefathers" in the slogan.

But they discovered the startling fact that in sampling the United States, only one person out of ten had any clear conception of the meaning of "forefathers."

Of course a lot of folks will glow with a feeling of pride when they see the word in a Thanksgiving editorial or hear it in a sermon, even if they don't know exactly what it means.

But merchants want to remember that they aren't getting their money's worth out of their advertising dollar unless their ads convey the right meaning and the right feeling, and unless they are placed where they will attract attention.

Where's that? Well what paper are you reading right now?

### WHEAT DISEASE REDUCED

One of the nation's worst wheat diseases, leaf rust, has been reduced from a severity of 75 per cent to a bare trace in crops of hybrid winter wheat.

While these results were obtained in experimental research, they are promising. Every year, in every wheat-producing state, leaf rust destroys between 5 and 80 per cent of the wheat crop.

The minimum time for a breeding cycle for wheat is eight years. It will be another five to twelve years before the farmers can expect to grow leaf-rust-resistant wheat.

The Rev. M. J. Batts is to deliver the sermon at the Union Thanksgiving Eve service to be held this evening at Salem Grove church. Other ministers participating are the Rev. S. D. Kinde, the Rev. Thomas Toy, the Rev. Louis Calster and the Rev. F. H. Grabow.

Mrs. Thomas F. Holz of Philadelphia, Pa., who is national VFW Auxiliary president, visited Washtenaw county Sunday and Monday, her only stop in Michigan.

Mrs. Walter Gage, formerly of Chelsea, has notified friends here that the family has moved into a new home they purchased at 8943 Guaymas Place, Tucson, Ariz. She said the weather is still fine with temperature in the 80's to 90's as of Nov. 1. The plant was secured at a rental of \$75,000 per year.

Additional subscriptions totaling several hundred dollars were reported Monday evening by the committee handling the financial side of the proposed boulevard lighting system for South Main street. This assures that the lights will be installed to 147 (now Old US-12) and that Chelsea will no longer be an unknown quantity to motorists traveling the latter highway.

Miss Lois Grallie is assisting at the Chelsea Post Office during the Christmas rush.

More students are involved in religious activity through student centers at the University of Michigan than in any other single extracurricular activity.

The R.S. affirmative debating team, Richard Sowers, Edna Seitz and Jean Blecker, won a unanimous decision from the High School Monday evening. The Chelsea coach is Miss Virginia Barrus.

In the 24 Years Ago column (Nov. 24, 1910), The Chelsea Standard completed a plat of the south side of Washington street and eight new residences will be erected at once; also, Rev. Thomas Holmes is celebrating his 50th birthday today and will deliver the annual Thanksgiving sermon at the union services this evening.

For us, Thanksgiving Day is more than a commemoration of the occasion on which the Pilgrims gathered before an abundant feast to celebrate the establishment of their firm footing in America.

For us, Thanksgiving Day has become an occasion for pausing to count the blessings that have come to the peoples of America year by year. This national holiday arrives annually as a milestone in the journey of progress launched by our forefathers many years ago.

### Our Thanksgiving Wish...

May we have peace, but with honor and with liberty; may we never seek war; yet, may we never surrender the American way of life; may we never give up the right as Americans to think, talk, and worship, each according to his own way; yet may we be always united, a nation indivisible, in the common defense, may we enjoy the richness of our land, yet be willing to endure the hardships of free men determined to keep a democratic country.

THE HORSE'S MOUTH  
Irvington, N. J. When Edward Kaplan waited up to his 1958 convertible recently, he found a horse eating the trunk. Dismayed, he summoned police.

The police said the horse's teeth had actually dented the hard metal. Ordinarily, the horse is confined to pulling a junk wagon. It molested Kaplan's car during lunch hour.

Police left Kaplan, the horse owner and the horse to resolve the problem.

New 50% Protein Beef Supplement  
Cuts Feeding Costs Nearly 7%

Just 1 lb. per head daily of Larro SureBeef 50 meets high-level protein needs.

Here's the mightiest cattle supplement of them all—Larro SureBeef 50! It's mighty in nutrients... quality... performance. Greatest cost-cutter of them all.

A single pound feeds as far as 1 1/2 lbs. of the usual 30% to 34% protein supplement.

A ton feeds 20 steers 100 days.

Packs more protein

The reason? SureBeef 50 packs more protein. Puts an extra meat-building punch into grain-fattening rations. Cuts fattening costs by nearly 7%.

The 50% protein results from combining highest-quality natural oil meal, other plant protein ingredients and modern crystalline urea. For stepped-up performance SureBeef 50 is available with Stillbestrol.

Completely balanced nutritionally—your cattle get all the known vitamins, minerals and other nutrients needed for fast gains and quality beef with SureBeef 50, fed as directed.

Fits any feeding program

Easy to feed as any other supplement—you just use less of it. Feed it with grain... with or without roughage... and top dress or mix as directed.

## Surprise Reception Honors R. Klinglers 25th Anniversary

Mr. and Mrs. Ralph Klingler were surprised Sunday with a reception given at their home, 314 Washington street, in observance of their 25th wedding anniversary. The affair was arranged by their three daughters and their son-in-law, Cynthia and Phyllis Klingler at home, and Mr. and Mrs. Armand Meyung of Redondo Beach, Calif.

The Meyungs could not be here and Mr. and Mrs. M. W. McClure, neighbors of the Klinglers, were asked to act as proxies for them in making arrangements and assisting at the reception.

Mrs. McClure had baked and decorated a four-tiered anniversary cake which carried out the silver and white theme by means of silver bell ornaments, the dates "November 24, 1933-1958" and the number "25" in silver on the white icing.

The cake centered the tea table from which the refreshments were served. Assisting were Mrs. Wilbur Klingler of Leslie, who served coffee; Mrs. Leon Chapman who poured punch; Mrs. Klingler's sister, Mrs. Gregory Seckinger of Manchester, who cut the anniversary cake; and Joan Seckinger, who was in charge of the guest book.

Also assisting at the reception was the Klinglers' daughter, Phyllis, who cut the anniversary bridegroom's cake baked by Mrs. Klingler's sister, Mrs. Edwin Paul; their other daughter, Cynthia who served the anniversary wedding cake.

The table appointments also included a bouquet of 25 red roses which Mr. Klingler had ordered for his wife (before he knew about the reception) planned by the family and a pair of sterling silver candle holders, which were a gift to the Klinglers from their family. The candlesticks held tall white tapers with silver decorations and the number "25" inscribed in silver.

The Klinglers, both of whom were born here and have always lived in this vicinity, were married Nov. 24, 1933, by the Rev. Fr. Henry Van Dyke who was pastor of St. Mary's Catholic church at the time. They lived on the Klingler farm south of Chelsea for 16 years before moving to their present home on Washington street 10 years ago.

Attendees at the wedding were Mrs. Klingler's sister, Bertha, now Mrs. Gregory Seckinger of Manchester, and Mr. Klingler's brother, Wilbur, now of Leslie. Both were present at Sunday's anniversary observance.

A purse of silver collars and a number of other gifts were presented to the happy couple as mementos of the occasion.

Approximately 50 relatives and friends attended the reception.

In addition to the three daughters, the Klinglers' family includes a granddaughter, Roberta, daughter of the Armand Meyungs. The Meyungs telephoned congratulations to the Klinglers during Sunday's reception.

## KNOW YOUR PTA

We hear much of the Conant Report, do you really know what it is about? This is the report of Dr. James Conant, former president of Harvard University and ex-ambassador to West Germany. The published report is to appear sometime in early 1959, after a two-year study of the comprehensive American high school. The Ann Arbor High School is interesting to note, was one of those visited by Dr. Conant.

In brief, here are some of the recommendations based on preliminary findings of his two-year study.

Recognize the individual and appreciate differences.

Group students in classes with others of like ability.

Never before a perforated acoustical ceiling so perfect for any room in your home! Yet Classic Cushiontone costs no more than ordinary perforated ceiling tiles. It costs only \$22.80 for an average 10'x12' room, and you can easily install it yourself.

Best of all, Classic Cushiontone is easy to live with. Washable and repaintable. It requires no more care than an ordinary ceiling. It's more permanent than plaster, too, because it won't crack, chip or peel. Other Armstrong ceilings start as low as 12c per sq. ft.
