TREASURE HUNT SCHEDULED THIS WEEK-END

Bulldogs Lose Second Game To Saline

Will Host Lincoln Railplitters Teams Here Friday Evening

Chelsea Bulldogs, playing their second basketball game of the season Friday night, lost to Saline, 14-9. The game was played at Saline.

The Bulldogs got off to a fast start, taking the lead, 14-9, at the first quarter mark. They outscored their lead to 29-21 at halftime. This lead could be attributed to the fact that Chelsea's guards, Frank Frederick and Loren Keizer, did a good job of pressing in the first half.

However, in the second half, Chelsea seemed to let up and Saline closed in on them to make the score 37-36 in favor of Chelsea at the three-quarter mark.

During the fourth quarter the score was tied many times and many times there was just a one- or two-point difference.

Saline put the game on ice with a field goal and three foul shots. Final score was 54-49.

Alton Nixon was high for Chelsea with 17 points. Loren Keizer had 16. Frank Frederick, Alton Nixon, Alton, and George Mayer and Jack Patrick, each accounted for one point.

Bill Bracey was high for Saline with 19 points.

Chelsea will still be trying for the season's first win when they host the Lincoln Railplitters tomorrow night.

Post Office Open Extra Hours for Holiday Mailing

Window service hours at the Chelsea post office until Christmas, as announced by Postmaster Carl J. Mayer, are as follows: Monday through Friday: 8:30 a.m. to 5:30 p.m.; Saturdays, Dec. 13 and Dec. 20: 8:30 a.m. to 4:00 p.m.

Normally the hours are: Monday through Friday 8:30 a.m. to 5:00 p.m., and Saturday, 8:30 a.m. to 12:00 noon.

The lobby of the office will be open Sunday, Dec. 14 and Sunday, Dec. 21 until 4 p.m.

Two dispatches of mail will be made each of these Sundays—eastbound at 12:25 p.m. and westbound at 2:10 p.m.

It is suggested that patrons having boxes at the post office withdraw their mail more frequently during the Christmas season and that city delivery patrons who expect more than their normal amount of mail, place temporary boxes at their doors to hold the excess amount of mail.

On Christmas day and on New Year's day the office will remain open until 12:00 noon and the two morning dispatches of mail will be made. There will be no window service and no delivery of mail, except for special delivery and perishables.

Enter Home Decorating Contest Now

The Chamber of Commerce sponsored residential Christmas light contest promises to make the 1958 Christmas season "the brightest yet." It is a response to announcement of the contest is any indication. A number of entries were received this week and the committee is urging everyone who plans any outdoor lighting to send in an entry form at once.

Simplicity, originality and effective lighting are the chief points to be considered by the judges in selecting the winners of first, second and third prizes.

A representative of Consumers Power Co. will be one of the judges. Judging is scheduled for Monday, Dec. 22, and all entries should be submitted by the evening of Dec. 20.

The contest is for residential lighting only.

Sylvan Taxes Lower Than Last Year

The 1958 tax statements, now being prepared for mailing, show that the Sylvan township rate for 1958 is \$3.40 per \$1,000 of valuation, is \$2.40 less than it was in 1957. This year's total rate is \$46.10 per \$1,000, as compared with \$48.50 for 1957.

Amounts to be raised by taxation for 1958 in Sylvan township are as follows: Drain (Palmer-Baldwin Drain), \$52.00; county, \$78,025.12; township, \$9,511.78; and schools, \$214,494.79.

Rates per \$1,000 of valuation for the schools is \$33.403; township, \$5.047; and county, \$12.150. Total Sylvan township valuation for the 1958 tax roll is \$6,421,450.

In Lima township the rates, as itemized for each \$1,000 of valuation are as follows: county tax for operating, \$9.75; for debt on County Building, \$0.90; School District No. 1-Fr. Chelsea, operating, \$10.20; debt, \$3.55; and total, \$14.20; for a total of \$29.10 for school tax; and Dexter Community School District, operating, \$10.20; debt, \$1.51; \$6.55; debt, \$5.21; and county, \$12.150; for a total of \$35.60.

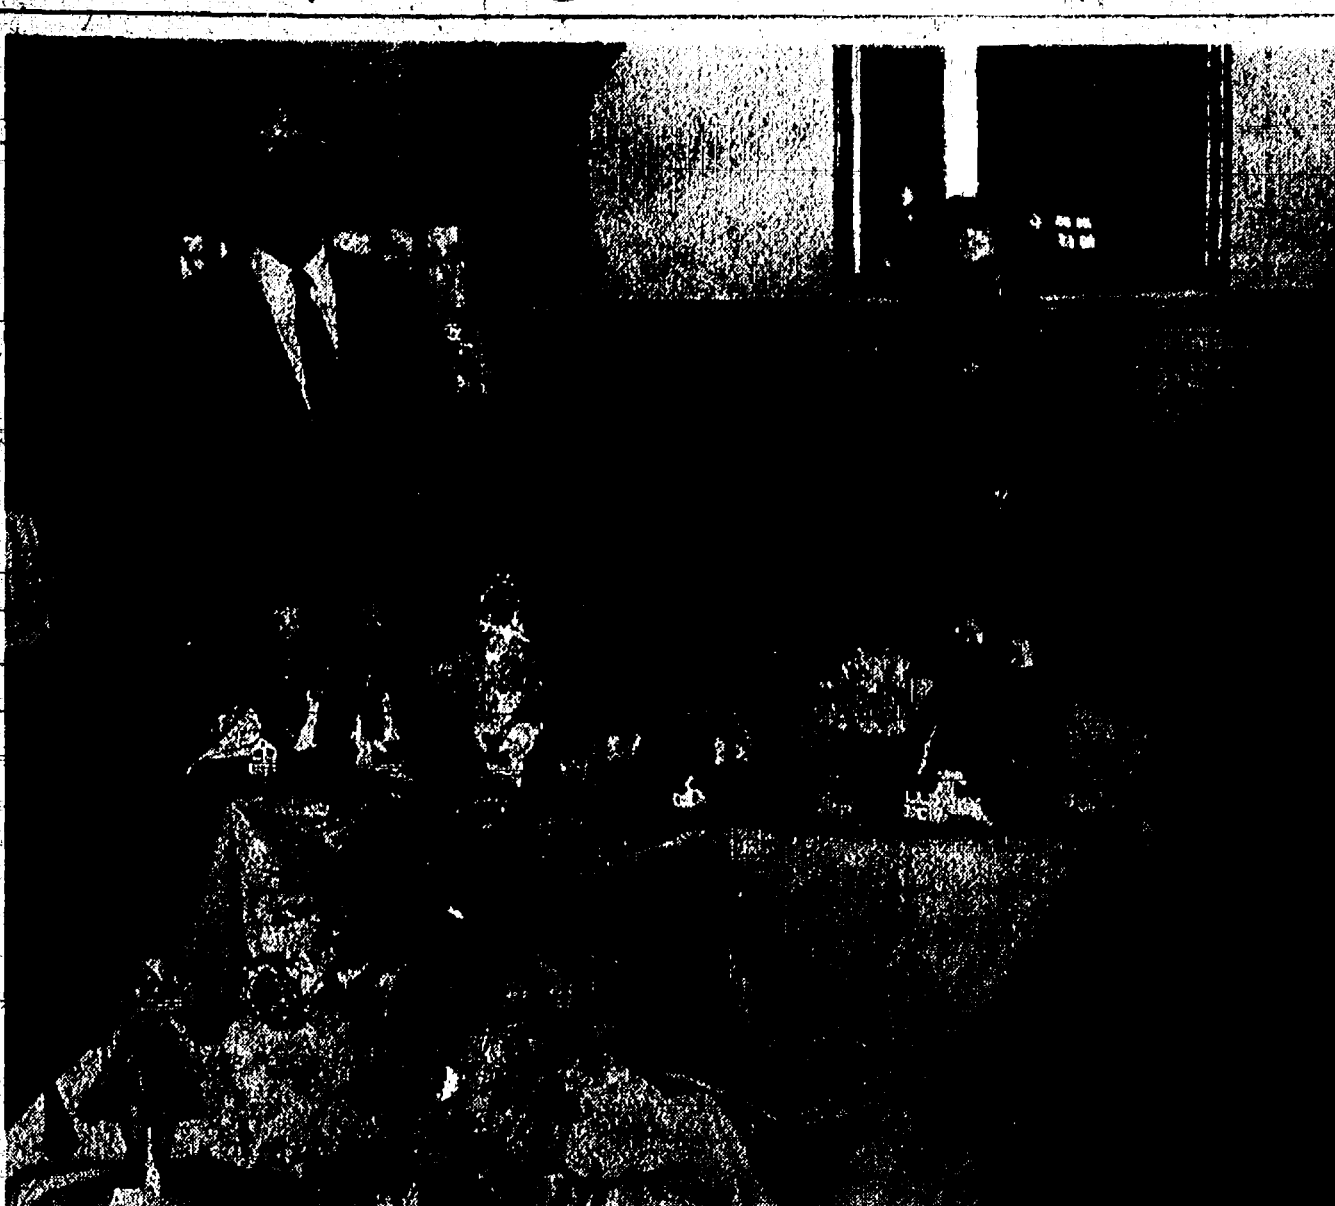

In Freedom township county tax per \$1,000 of valuation is \$11.85 (\$10.88 general and \$.98 for County Building).

Freedom township has four school districts, with rates as follows: Manchester Public School, \$35.31; Chelsea School District, \$32.64; Saline-Area School, \$31.22; and Dexter Community School, \$37.92.

Lyndon township tax rate is divided as follows: county, \$10.85; County Building, \$0.92; School operating, \$13.580; Stockbridge School operating, \$14.620; Stockbridge School debt, \$0.530; and \$30.00, Chelsea School debt, \$12.000.

In Sharon township the total rate per \$1,000 in the four school districts in the township are as follows: No. 1 Fr. Sylvan, Chelsea, \$46.80; No. 3 Fr. Grass Lake Community, \$50.20; No. 1 Fr. Napoleon Rural Agricultural, \$57.65; and \$12.000.

**DOLLS FOR CHRISTMAS**—The Rev. and Mrs. Edwin J. Weiss are shown in the above photograph with the dolls dressed by Home residents and staff members of the Methodist Home for Chelsea Social Service distribution as Christmas gifts to children of the community. The dolls, purchased by the Woman's Club of Chelsea, were taken to the Home residents who volunteered to make the outfits for the dolls in time for Christmas.

Christmas Coloring Contest Open for Area Youngsters

The popular Christmas cartoon coloring contest for children, sponsored by The Chelsea Standard, is printed in today's issue of The Standard for the cartoons and complete list of rules.

For children nine years of age and under, prizes will be awarded on the basis of neatness, wise choice of color and accuracy.

First, second and third prizes will be given for each of the cartoons.

After the cartoons have been colored, attach your name and age to each cartoon submitted and deposit it in Santa Claus' mail box in front of the Post Office or bring direct to The Standard office.

The cartoons will be judged in time for prizes to be awarded Dec. 20.

All entries must be received by 9 a.m., Saturday, Dec. 20.

See page two of this issue of The Standard for the cartoons and complete list of rules.

Elsa Fisher Quits U-M Extension Service Position

The resignation of Elsa A. Fisher as supervisor of the Ann Arbor area office of the University Extension Service has been announced by Dr. Everett J. Soop, director. It becomes effective January 1. Though no date has been set, Mrs. Fisher plans to marry H. Kenneth Kugel of Washington, D. C., some time in February.

Appointed to the staff of the Extension Service as administrative assistant in March, 1949, Mrs. Fisher has been in charge of the Ann Arbor area classwork program since that time. In the fall of 1949, her title was changed to "supervisor."

No announcement has been made as to the successor to Mrs. Fisher on the Extension Service staff. For the present, the Ann Arbor area office will be managed by Miss Mary E. Lindsay, who has been its secretary since 1949.

Mrs. Fisher, the widow of Dr. Charles A. Fisher, director of the Extension Service from 1937 until his sudden death in March, 1948, has become well acquainted with activities of the department in her capacity as the director's wife. In addition, a background in teaching and her qualifications for her position as supervisor of the Ann Arbor area office.

Following her marriage to Mr. Kugel, Mrs. Fisher will leave her native Ann Arbor to live in Washington, D. C., where Mr. Kugel has held the federal post of Chief Engineer, Smoke Regulation and Boiler Inspection, District of Columbia, for the past 23 years. He is a nationally recognized authority on smoke abatement.

Mr. and Mrs. Eugene C. Fisher and Dr. and Mrs. Joseph V. Fisher are planning to entertain in honor of their mother on Saturday, Jan. 3, and to introduce Mr. Kugel to the family and friends.

The Eugene Fishers will hold an afternoon open house and Dr. and Mrs. Fisher will entertain at a family dinner in the evening at their home on Washington street.

Dozens of Free Gifts Offered to Lucky Chelsea Shoppers

Winner Must Match Number on Standard with That in Store Window

Window Shoppers Days tomorrow and Saturday and the big Christmas party for children Saturday afternoon will give this week-end a real holiday atmosphere.

Snow on the ground, Christmas decorations in all store windows and on the streets, the municipal Christmas tree on the lawn at the Post Office, and the manger scene on the McKune house lawn, all combine to give the downtown area an effective Christmas look.

Stores will begin their extra evening shopping hours Saturday, when they will remain open until 9 p.m.

Next week the stores will remain open Thursday, Friday and Saturday nights until 9 o'clock, (Dec. 18, 19 and 20).

Stores will also remain open until 9 p.m. Monday and Tuesday, Dec. 22 and 23, but will close at 6 p.m. Christmas Eve.

Saturday's Christmas party, sponsored by the Chelsea Community Club, UAW-CIO Local 437, including Chelsea Sprink, Federal Sewer, Chelsea Products and Central Fibre divisions, and Chrysler Proving Grounds division of UAW-CIO Local 1284, is expected to draw a crowd of more than 1,000 children. There will be shows at 12 noon, 2 p.m. and 4 p.m. and each child through the eighth grade who attends will receive a gift.

Santa Claus will be assisted by representatives of the participating unions in distributing the gifts as children leave the Sylvan theatre where the party is traditionally held.

Parents are being reminded to see that their children attend only one of the shows and accept only one gift in order that every child will be equally remembered.

The Window Shoppers event, called a "Treasure Hunt," a popular feature of the annual Christmas shopping season in Chelsea, will again be conducted as in past seasons.

Each Chelsea Standard of today's issue has a numbered Window Shoppers coupon on the front page. All that needs to be done to claim a Window Shopper's prize is to match the number on your Standard with a similar number on a card in a store window showing the prize being offered by that store.

That is all there is to it—show the merchant the matching number in your Chelsea Standard and he will present you with a prize bearing that number in his store window.

Kiwanis Club Holds Annual Xmas Party

The "Santafara," a male quartette from the University of Michigan Glee club, accompanied on an electric guitar by a fifth member, furnished the entertainment at the annual Kiwanis club Christmas dinner and Ladies' Night Monday evening. The dinner was held in the special center of the Methodist church with approximately 60 members and guests present.

Students in the group of entertainers were Robert J. Chateau, Alande Mause, Fred Farran, Paul Campbell and Thomas R. Gaskill.

Other guests present included Leah Smith, Mrs. Ada J. Anderson of Manistee, and Mr. and Mrs. Durwood Prochnow.

Next Monday evening children of Kiwanians will be entertained at the regular meeting for a "Kids' Christmas Party."

New Piano Presented Methodist Home as Memorial Gift

Next Sunday afternoon, Dec. 14 at 3 o'clock, the Rev. J. Douglas Parker, chairman of the Methodist Home Board, will be here to officiate at the dedication of a new piano presented to the Methodist Home Chapel. The piano is a memorial gift to the Home, presented by Mr. and Mrs. Charles R. Landrigen of 18984 Birchcrest Drive, Detroit.

The piano was given in memory of the Rev. and Mrs. George J. Mitter, parents of Mrs. Landrigen. The dedicatory service is open to the public.

Farmers' Guild Head Blasts Government Farm Program

Julian Lemon of Reynolds, Ind., president of the National Farmers' Guild, Inc., speaking at the annual convention here Wednesday, Dec. 3, bitterly criticized the government farm program, mentioning particularly the Soil Bank plan and the disposition of surpluses.

Saying that the cost of living has increased every month in 1958, except September, and that "hard and soft goods" are in plentiful supply, prices will continue to increase during 1959, he stated "Look for more labor trouble and an increase in wages during 1959 and it is a safe bet the farmers will receive lower prices for their products."

Let's talk a little about the Soil Bank, Lemon continued. "A farmer rents his farm or a part of his farm to the government for a cash consideration. Therefore Uncle Sam should become the tenant, but you, the owner, who should be the landlord, are forced by Uncle Sam to keep the land down the weeds or plow the ground, keep all livestock off the rented acres or get no pay. Therefore, I personally think Uncle Sam is a poor tenant."

Regarding surpluses, Lemon said, "Everyone knows that a surplus of feed and food products can be either a blessing or a great curse, depending on what is done with it. If it is distributed and put into use it is a great blessing—if it is sealed up in tin bins, then it becomes a great curse. I sincerely believe that God our Creator, in his wisdom, created the soil, moisture and sunshine to furnish the food and fiber for the peoples of the world and that we, as farmers, should not lay down on the job of producing an abundance. Instead of our government putting all the emphasis on making tools of destruction, let's try to knock the food off its orbit. They should be trying to put these great surpluses into the hands of those less fortunate than ourselves."

Stating that agriculture is the one basic business of the world upon which every person must depend for the necessities of life, he charged that farmers "will continue to be in trouble as long as they farm by remote control from the White House."

He concluded his talk by charging that "the government farm program with its acreage allotments, Soil Bank payments, and its Secretary of Agriculture continuously driving the wedge deeper and deeper between the city people and the farmers is not the way to solve our food problem." (Continued on page eight)

Masons Hold Installation of New Officers

Joint installation of officers of Olive Chapter No. 140, RAM, and Olive Lodge No. 156, F&AM, was held at the Masonic Hall Tuesday evening, with Vivian Richards, past master of Milan, as installing officer and Jay Weinberg, past master of Chelsea, as installing marshal.

Officers of Olive Chapter No. 140, RAM, are Alvin Reinhardt, high priest; Franklin C. Gee, king; Carl Knickerbocker, scribe; Carl J. Mayer, treasurer; George J. Doan, secretary; Donald J. Dancer, captain of the host; Eugene Kloeppel, principal sojourner; Paul Nuttle, Royal Arch captain; Curtis Farley, third veil; William J. Adams, second veil; Rha Alexander, first veil; George W. Atkinson, chaplain; and Martin E. Miller, sentinel.

Officers of Olive Lodge 156, F&AM are Robert D. Rudo, worshipful master; William J. Adams, senior warden; Dillman Wahl, junior warden; Carl J. Mayer, treasurer; Donald J. Dancer, secretary; George W. Atkinson, chaplain; Marvin Salver, senior deacon; Curtis Farley, junior deacon; Willard D. Pearson and Myron C. Curtis, stewards; Rha Alexander, marshal; and George Doe, Tyler.

Officers of Olive chapter No. 140, RAM, were elected Thursday, Dec. 4, while officers of Olive Lodge No. 156 F&AM, were named Tuesday, Dec. 2.

**MYSTERY FARM NO. 24**, with its extra large home which appears to have been remodeled recently, the large barn and the white building which is evidently a new structure (probably a chicken house) should be identifying features for area residents who may recognize the farm in the above photograph. This is the 24th in the current series of farm photos being published weekly in The Standard. When you decide whose farm it is, call The Standard office at once, GR 5-3581. If the owner comes to the office by Saturday he will receive a mounted photo of the farm as a gift.

## The NATIONAL OUTLOOK

BY RALPH ROBEY

### ★ How Should Wages Be Determined?

It is generally said that wages should be controlled, or determined, by productivity. Many business men constantly express adherence to this idea, and there are many wage contracts which are based upon this thesis. Of course there is a relation between wages and productivity, but too much must not be read into this relationship.

In the first place there is no general agreement as to just what is meant by productivity. It may be defined as output per man hour, but what man hours? There may be, and frequently is, a vast difference between man hours for which payment is made, and man hours actually worked.

Second, there is a close correlation between investment per work and changes in output per man hour. This is the result of such investment giving the workers better machines, better factory lay-outs, and so forth.

Finally, while an individual business may make a definition of how it proposes to consider productivity, and on this basis measure the output, it does not follow that another company in the same industry will use the same, or even approximately the same, productivity yardstick. From one industry to another the difference will probably be even larger, and as between the broad segments of our economic system there may not be even a semblance of similarity.

What this means is that in national terms we have nothing more than a statistic in so far as productivity is concerned, and even the statistic is subject to question.

What, then, is the relation between wages and productivity? For the individual company the increase of productivity, or increase per man hour, sets the maximum wage rise that can be given without lifting the prices, or suffering a decline of profits. For an industry as a whole the same would be true, but here we come up against the difficulty that there will be substantial differences as between the various companies. And for the nation, if we attempt to set wages in harmony with changes in productivity, we are simply up in the clouds of unreason.

And it must be remembered that changes in productivity are in large measure the result of investment. Those who provide the funds for such investment must be paid for the use of their money. The public also should get some benefit from the progress of productivity. The only way this can be accomplished is through lower prices.

The results of increased productivity, in other words, need to be divided three ways—some to the workers, some to those who provide the funds for the improved machinery and factories, and some to the public. The division as be-

tween these three groups is not something subject to exact determination. It must be decided by the play of free market forces.

What does this tell us specifically about the proper means for determining wages? It tells us some quite definite things: 1. Wages should be established on a company by company basis. How much variation there will be within an industry will depend upon the relative position of the different companies, the demand for and supply of labor, general economic conditions, and so forth. 2. Industry-wide bargaining, or regional bargaining is illogical, and bad for everyone concerned. There can be no such thing as an ideal and proper industry wage. What is the best wage for one company will be either too high or too low for other companies, and only the forces of competition should be permitted to bring the wages into even approximate equality.

3. The determination of wages should rest exclusively with company managers and local employees or their representatives. The officers of the national union headquarters should have no say, nor even the right of review, of the terms agreed to at the local level.

Such a system of wage determination would not mean lower pay for workers. It might have the opposite effect because the companies with high productivity could, and probably would, pay higher wages. Other companies would have to meet these rates of pay in order to hold their workers, and if that took increase in investment in order to raise their productivity, there would be a compelling pressure to make such investment.

### Repossessed GI Homes Sold Through Local Real Estate Brokers

GI homes acquired by Veterans Administration are sold in the same way that houses are usually sold by individuals—through local real estate brokers. Lloyd H. Jameson, VA's regional office manager in Detroit, explained today.

Obtained from lenders in connection with claims paid on GI loans, the houses are sold by VA to recover as much of the Government's guaranty payment as possible, he said.

Sale of these homes may be financed by the Government on liberal terms, including low down payment, and long payment periods, Jameson pointed out, and the purchasers need not be veterans.

Contrary to a widely-held belief, the houses are sold at their current market value and not on a "Government surplus" basis, Jameson emphasized.

Since the GI loan program began in 1944, VA has sold 28,868 homes throughout the nation. As of Sept. 30, VA had 4,642 houses available for sale. This total of 34,150 houses represents a mere two-thirds of one per cent of the 5,159,667 GI home loans guaranteed or insured by VA, Jameson said.

Strip-grazing, green chopping or storage feeding can boost the carrying capacity of pastures, state Michigan State University farm crops specialists. With good management, these systems can increase the carrying capacity of productive pastures from 15 to 30 per cent.

MARTIN STEINBACH, OWNER

**MYSTERY FARM NO. 33**, published in the Dec. 4 issue of *The Standard*, proved to be the Lindauer's son, Arthur, and his family now make Alfred Lindauer place at 260 Fletcher Road. The

## Last Week's 'Mystery Farm,' Located on Fletcher Road, Owned by Alfred Lindauer

Mystery Farm No. 33, now the home of Mr. and Mrs. Arthur Lindauer and their children, Sarah, Christine, Billy and Matthew, is located at 260 Fletcher road, south of US-12 and plainly visible from the highway as shown in the photograph published in the Dec. 4 issue of *The Standard*. Many people readily identified it as the Lindauer farm.

Alfred Lindauer, father of Arthur, owns the property and with the help of neighbors, still operates the general live stock, hay and grain farm. He and his wife now make their home on Park street.

The Alfred Lindauers bought the farm, known as the Dancer farm, after they had been farming since 1922, on the former Thomas Fletcher farm on US-12. The Fletcher farm and the present farm were operated as a unit with the Lindauers living in the house on the Fletcher farm.

When US-12 was re-located in 1938, the Fletcher farm was divided with the farm buildings on 30 acres of land on the north side of the new highway and the remainder of the farm property on the south side of the highway.

It was then that they purchased the 200-acre farm on Fletcher road from Mr. and Mrs. Henry Dancer and combined it with the 140 acres of the former Fletcher farm located on the south side of the highway.

The Lindauers lived in the farm home shown in the photograph of Mystery Farm No. 33 until moving to their present home on Park street in 1949.

In addition to the son, who is an architect, they have a daughter, Loretta, now Mrs. Donald Eder. The Eders and their children, Angelina and Douglas, live on Elm street.

From 1949 to 1951 the David Haeussler operated the farm for the Alfred Lindauers and from 1951 until 1956 the Robert Kuschmaul operated it. Arthur Lindauer and his family have lived there since 1956.

Before the farm came into the hands of the Henry Dancers, from whom the Lindauers purchased it, Emanuel Eisemann and his family lived there from 1908 until 1923. Eisemann and his brother-in-law, Albert Koch, operated it for three years and from 1911 until moving

to town in 1923. Eisemann and his sons worked it. Walter Dancer, father of Henry Dancer, owned the farm when Eisemann took over its operation.

The Eisemann family included three sons, Waldo and William, now of Ann Arbor, and Norman of Chelsea. There is also one daughter, now Mrs. Alvin Vail of Taylor street. Eisemann, himself, now lives on East street.

First to call in a correct identification of the farm was Mrs. Alfred Juergens.

Others included Mrs. Robert Kuschmaul, David Pastor, Mrs. Charles Curtis, Mrs. Philip Seltz, Mr. and Mrs. Bernard Herrst, Waldo Eisemann of Ann Arbor, Nor-

### Conservation Dept. Seeks Information on Large Deer Racks

Lansing—Members of the Conservation Department's game division are head-hunting, so to speak. Above-average Michigan deer racks are the objects of this search.

The largest recorded Michigan antlers no better than 55th among competitive entries according to the 1958 Records of North American Big Game publication.

Game division members are firmly convinced that larger, unrecorded specimens exist. To support this theory and enhance Michigan's national ranking, they are soliciting the sportsman's cooperation.

If your trophy meets minimum requirements of a 10-point rack and an inside spread of 20 inches, please contact the Department's game division, Mason Building, Lansing 26.

Passenger cars in the U. S. travel an average of 9,359 miles per year. Passenger car advertisers invested over 13 per cent more in newspaper advertising in 1957 than in the previous year.

man Diuble, Walter Rothfuss, Albert Plemeier, Mr. and Mrs. Emanuel Eisemann, Mrs. Ray Parsons, Stanley Schiller, Mrs. Lloyd Schneider, Ben Kuschmaul, and Stanley Schiller.

### Macomber Herd Averaged 479 Lbs. Butterfat on Test

Announcement has been made by the Holstein-Friesian Association of America stating that a herd of registered Holstein cows owned by George Macomber of Park road has completed a new lactation record.

The herd's 18 cows averaged 13,188 lbs. of milk and 479 lbs. of butterfat, seventh highest of the 19 herds tested.

Lactation averages are calculated on the two milkings a day, 300-day lactation equivalent basis, commonly employed to provide a uniform basis for comparisons and selections in registered Holstein breeding programs.

## CARD OF THANKS

We wish to express our thanks to the Rev. S. D. Kinde for his calls and for the comforting funeral service following our recent bereavement; also, former Lima Center neighbors, the Friends of Neighborhoods, Orange, Woman Relief Corps, Past Presidents of the WRC, Friendship Club, Rebekah Lodge, VFW and Auxiliary, and all the friends and old neighbors who were so kind and thoughtful during our loved one's illness and following his death. We are deeply grateful to everyone.

Mrs. William Price

Mr. and Mrs. Glenn Price

and family.

Mr. and Mrs. Ray Price

and family.

Mr. and Mrs. Fred Schaeble

Mr. and Mrs. Victor Sind-

linger and family.

-23

## CARD OF THANKS

We wish to extend our heartfelt thanks to our friends, neighbors and relatives for the many cards and flowers during our wife and mother's recent illness and following her death. Also, thanks to the Alpha Society and St. Mary's parish for the recitation of the Rosary, and to all organizations who offered their help and sympathy.

Louis Staphish

Mrs. Mae Boitz

Albert Staphish

Mildred Jarvis

Josephine Fowler

Doris Smith

-23

## CARD OF THANKS

We wish to extend our heartfelt thanks and appreciation to our relatives, neighbors and friends for the messages of sympathy and the many acts of kindness to us during our recent bereavement. We especially thank the Rev. C. J. Renner and the Rev. M. W. Brueckner for their comforting words. These acts of thoughtfulness will always be gratefully remembered.

Mr. and Mrs. Norman Hinderer

and family.

Mr. and Mrs. Loren Hinderer

and family.

-23

## THANK YOU

For every kindness extended to

me during my recent illness, I am

deeply grateful.

P. H. Grabowski.

## THANK YOU

I wish to thank those who have

sent me cards and flowers since

I have been a patient at Colonial

Manor; also the friends and neighbors

for their visits and the Rev. S. D. Kinde for his calls. These

kindnesses are deeply appreciated.

Lula Scripser.

## PERSONAL NOTES

## County Veterans Committee Opposes Any Tampering with Vet Trust Fund

Members of the Washtenaw County Veterans Trust Fund Committee announced today that they were notifying Gov. G. Mennen Williams and their representatives in the State Legislature that they are unalterably opposed to any tampering with the Michigan Veterans Trust Fund.

They said their stand was prompted by recent reports that "veterans groups were resigning" to the liquidation of the fund, in view of the state's acute financial position.

Chairman Judge Francis O'Brien of Ann Arbor, said: "The latest proposals, like those which cropped up in previous years with each change in the state's economic climate, are financially unsound and would actually increase the state's deficit."

In addition to Chairman O'Brien, who represents the Veterans of Foreign Wars on the Committee, the other members of the Committee are: Herbert N. Abbott of Ann Arbor, who represents the Disabled American Veterans; Howard Dawson of Ypsilanti, representing The American Legion; and Dr. Merle Mitchell of Ann Arbor, representing the AMVETS.

"We have given out \$28,703.00 to needy veterans in Washtenaw County since 1946," Chairman O'Brien stated, "and with very few exceptions, all of this money was spent right here in the county for financial obligations incurred by veterans and their families who were confronted with emergencies beyond their control."

According to the Committee, the state would lose several million dollars if the bonds were cashed in today, years ahead of maturity. "Not only that," Chairman O'Brien stated, "but if the legislature had to appropriate \$1 1/2 million dollars a year out of the general fund, as proponents of liquidation recommend, the state would merely be increasing its deficit by that amount every year, when at the present time it doesn't cost the taxpayers one cent, because, as we mentioned, we are using only the interest, and if the bonds are held until they mature, the state will eventually get its \$50,000,000 back intact."

## Estimated 92,500 Deer Taken in State's '58 Season

An estimated 92,500 deer were taken in Michigan during the 1958 season, according to the conservation department.

This is a high mark since the 1953 harvest of 99,500 and confirms a department preseason forecast of a 10-15 per cent increase over last year's take of 79,435 whitetails.

The Mackinac Bridge Authority reported that approximately 3,000 deer were taken out of the Upper Peninsula, compared with 9,820 last year. Larger areas and quotas for antlerless deer accounted for the difference above the Straits. Apparently there was no significant change in the Upper Peninsula buck kill but the antlerless kill was probably close to the quota of 7,000 for the U.P.

In the Lower Peninsula, where there was no funnel such as that provided by the Big Mac for counting deer, accurate figures were hard to come by but department statisticians said: "So far as we know now, the buck kill is definitely up over last year."

H. D. Ruhl, chief of the department's game division, indicated it is too early to estimate total kill figures for antlerless deer. "But," he said, "the deer are in, and hunters and until returns are in, no accurate information will be available. Chances are the antlerless kill in the Lower Peninsula exceeded expectations of 15,200 but he could not say by how much."

Lower Peninsula deer seemed to be in better physical condition this year. Antler measurements and average weights on 1 1/2-year-old bucks are significantly up over last year according to department check point figures. This was not true of deer taken in the Upper Peninsula, however, where there was little change there; anything the general physical condition was "down a little."

Numbers of hunters were undoubtedly above last year's total of 419,300. Highway department traffic counters in the Lower Peninsula showed a four per cent increase and hunter traffic at the Mackinac Bridge was up 10 per cent over 1957.

## State's Processed Foods Rate High in Comparison Test

Michigan's processed fruits and vegetables rank equal or superior in competition to similar products from other states judging by results of a "cutting bee" recently held in Grand Rapids by the Michigan Cannery and Freezers Association.

Samples of products submitted in unlabeled cans by Michigan processors were judged against check samples from other states as well as samples of rival processors within the state. Products were judged on color, character, finish, defects and other factors, according to observers from the Michigan Department of Agriculture. Judging was the responsibility of a processed foods inspector of the U. S. Department of Agriculture. By a system of numbering a processor was able to identify his own products but not those of other processors.

There were 15 samples of water pack red tart cherries that graded from 88 to 96 against a check sample from another midwestern state that graded 88.

In tomato juice Michigan's six samples graded especially high. Of the six, three graded 94 and one 92. Check samples ran Ohio 90, New Jersey 91, Illinois 93, New York 94 and California 94.

Nine sweet cherry samples from Michigan graded 91 to 96, and eight samples of Michigan peaches ranged from 95 to 94 with two in the top position. Apple juice from the Wolverine State also graded high with scores ranging from 90 to 98 on eight samples. Four samples of Michigan blueberries ranged from 95 to 97, and five cans of Michigan apple sauce scored 86 to 94 against four check samples from other states that ranged from 84 to 94. Eight samples of Michigan asparagus graded 88 to 94.

## Modern Expressways Tend To Improve Property Values

Improved accessibility and convenience resulting from the expressways. He reported that he based his conclusions on actual observations and interviews along all expressways in the state and many others in the nation, actual cases to date, and numerous reports from throughout the country.

He said the lack of suitable space for new industries, residence and commercial centers in most cities is forcing development to the outlying areas, and as a result new development along expressways is on the increase. He reported that the decision to locate a 5,000-employee automobile assembly plant in the Novi-Wixom area is an example of an industrial decision to relocate in the outlying areas serviced by a new controlled access expressway.

"The value of what was farm land just three years ago is staggering," he reported.

"In the same area also is being developed a \$40 million dollar residential subdivision which will include 2,000 homes, an apartment complex, a shopping center, restaurant, and park and recreational facilities.

"Land values on bare undeveloped land, increased five-fold on this tract between the time the expressway was being surveyed and the time it was acquired for subdivision purposes. There will be another 40-fold increase in value within five years on the tract when the housing and commercial construction is completed."

Suggitt reported that a relatively undeveloped 50-acre industrial tract on the US-12 expressway had a total selling price amounting to 25 per cent of the total cost of acquiring the right of way for the 10 miles of controlled access expressway which constitutes the Ann Arbor bypass.

"What is significant," he concluded, "is that the real increases in the value of land and developments adjacent to expressways will represent a greater dollar value than the total cost of the announced five-year expressway program when it is completed."

Information to be used in compiling national figures on employment and unemployment will be collected locally during the week of Dec. 13 in the Current Population Survey, it was announced today by Supervisor J. E. Tharaldson of the U. S. Census Bureau's Regional Office in Detroit which will participate in the survey.

The information collected from local families will be combined with that collected in 99 other areas of the country to provide the national estimates. Approximately 35,000 households are included each month in the Current Population Survey. These households are selected at random under the Census Bureau's scientific sampling program to provide a representative cross-section of all classes of the population, and all types of areas in the country—large cities, small towns, rural areas, and so forth.

Facts on employment and unemployment collected locally are forwarded to Census Bureau headquarters in Washington to be processed by the Bureau's electronic computer known as Univac, to provide the national estimates. The national report covering the information to be collected locally during the week of Dec. 13 will be issued in Washington early in January.

Current Population Survey information will be collected from a number of local families by Mrs. Mary K. Hanson.

## Feb. 2-6 Scheduled As Farmers' Week On MSU Campus

"Health—Man, Plants and Animals" is the central theme for 1959 Farmers' Week programs at Michigan State University, according to Ralph Tenney, short course director and general chairman of Farmers' Week. Dates are Feb. 2-6.

Departments throughout the University are planning their programs and exhibits based on this theme. Research scientists, professors and extension specialists will appear on the many programs during the five-day event. Annually, thousands of Michigan farmers and their families along with city folks attend Farmers' Week.

Six-campus buildings will house exhibits and many others will be locations for addresses by campus staff members and out-of-state speakers. Everyone interested is invited to attend.

DO-IT-YOURSELF FAN London, England—As from now, you can count Alf Smith out of the do-it-yourself brigade. Alf, 36, pipefitter, started to paper the kitchen of his suburban home. First he had to strip the walls.

Off with the old paper came a little bit of plaster.

Then the chimney toppled into the back yard.

The roof fell in.

Part of the wall fell out.

Then Alf escaped to cover, then called the professionals.

## PUBLIC NOTICE

### Excerpts from Ordinance No. 56

Village of Chelsea Ordinances

An Ordinance regulating the keeping, impounding and disposal of dogs and penalty for the violation hereof.

The Village of Chelsea Ordains:

Section 1. It shall be unlawful for any person owning, possessing, or harboring any dog to permit the same to go or stray beyond the premises of such person, or to run at large within the limits of the Village of Chelsea. Dogs on leash, or accompanied by their owners, or custodian having reasonable control over such dogs, shall not be deemed to be running at large.

Section 6. Every person in possession of any dog, or who shall suffer such dog to remain about his premises for a period of three (3) days shall be deemed the owner thereof.

Section 9. Any person or persons violating any of the provisions of this ordinance shall be punished by a fine of not more than Fifty (\$50.00) Dollars, or by imprisonment in the Washtenaw County Jail for not more than thirty (30) days, or both by such fine and imprisonment in the discretion of the Court.

THIS ORDINANCE WILL BE STRICTLY ENFORCED.

## Club and Social Activities

**BETA SIGMA PHI**  
Beta Sigma Phi sorority, at the regular meeting Dec. 2 conducted the initiation of Jeanette Hule, a new pledge.  
The program "Interpretation of Love" was presented by Rosemary Hule.  
The meeting was held at the home of Erma Eisele.  
It was announced that a meeting will be held Dec. 16 at the home of Theresa Hankard and that the Christmas party will be held Jan. 3 at the home of Evelyn Kiel.

**NORTH LAKE EXTENSION CLUB**  
North Lake Extension club's party was held at the home of Mrs. and Mrs. Lawrence Noah Sunday evening. After supper, 50 games of euchre were played, high prizes going to Dale Linderman and Mrs. Robert Mayer. Low prizes were awarded to Mrs. Margaret Hadley and Reuben Linderman. A traveling prize was won by Leo Hadley.  
The next party will be held Dec. 11 at the home of Prof. and Mrs. Byron Soule.

**MAUSOLEUMS ★ MONUMENTS**  
**BRONZE TABLETS ★ MARKERS**  
**BECKER MEMORIALS**  
ANN ARBOR, MICHIGAN

**KINDER KLUB**  
Kinder Klub Child Study club members held a Christmas party meeting Tuesday evening at the home of Mrs. Henry Merkel, Jr. There were 20 present.  
Tape recordings of Christmas music were played as background music during the evening and the program included a Christmas story read by Mrs. David Soule. There was an exchange of Christmas gifts, followed by refreshments served by Mrs. Keith Boylan and Mrs. Arden Musbach.  
The next club meeting is scheduled for Jan. 17 at the Legion Home at Cavanaugh Lake when husbands of members are to be guests.

**CHILD STUDY CLUB**  
Chelsea Child Study club's annual progressive Christmas dinner was held with hostesses for the affair being Mrs. Charles Lancaster, Mrs. Harold Dove, Mrs. Robert Taylor and Mrs. Lawrence Dietle. The affair took place Tuesday evening.  
The group remained at the Dietle home for an exchange of home-made Christmas gifts and for a brief program period.  
The next regular meeting will be held Jan. 13 at the home of Mrs. Donald Houle. The evening's program will include a visit to the Chelsea Milling Co.

**ST. PAUL'S MISSION CLUB**  
The annual Christmas meeting of the Mission club of St. Paul's church was held Thursday afternoon at the home of Mrs. Emma Seitz. Eleven members and one guest attended.  
Mrs. Louis Eppner opened the program with a devotion service which included the club's customary opening hymn, "Jesus' Gift to Us All."  
Mrs. Clarence Nicolai gave a reading, "The Inn Keeper," and she led the group in singing the Christmas hymn "Away in a Manger."  
Other readings included "Christmas Has Become Commercialized," by Mrs. Paul Seitz; "The Meaning

## Woman's Club Members Enjoy Christmas Party

Woman's Club of Chelsea, at its Christmas meeting held Tuesday evening in the Chelsea Public Library, heard a Christmas sermon by Peter Marshall read by Mrs. Wilbur Hinderer during the program period.

The program was opened with the Christmas gospel story read by Mrs. George Walworth, and concluded with prayer.

Christmas recordings were played and decorations were also in keeping with the holiday theme. Principal decoration feature was a miniature, lighted church in a setting depicting a forest with figures of worshippers entering the sanctuary to the strains of "Silent Night."

During the regular business session, Mrs. Robert Wagner reported on the tea given at the Methodist Home Monday afternoon for the pleasure of the Home residents and members of the staff who had dressed dolls purchased by the Woman's club for Chelsea Social Service. The dolls were on display at the meeting Tuesday evening.

The reports of the project stated that the workmanship on the doll outfits showed the originality of each of the seamstresses who worked on them.

Mrs. Edwin Weiss, a member of the club and the wife of the superintendent of the Methodist Home, was commended for her work of co-ordinating the doll dressing project.

Hostesses for Tuesday's meeting were Mrs. Walter Plemeier and Miss Nina Belle Wurster.

For new furniture with oiled wood finish, extension home economists at Michigan State University advise application of a preservative every three months for the first year, and once every six months the following year. Boiled linseed oil may be rubbed in generously with a soft cloth and excess removed with soft dry cloths.

Brand new in the food research market is frozen pink applesauce. Researchers found that sauce made from peeled McIntosh apples was white with a greenish tinge. Sauce made from unpeeled apples varied in color from intense orange to pink. They combined sauce made of half red-skinned and half pale-skinned apples to give a pleasant pink color.

Another tip for delicious applesauce suggested by Michigan State extension home economists: Try adding nutmeats next time you serve it. Pecans are especially good, particularly if you have already added cinnamon and nutmeg.

With apples plentiful on the November market, buy in quantity. Keep a dish of apples handy for the family. Freeze individual packages of sauce for good eating later. Pork is also becoming a good market buy. For a winter meal treat, serve applesauce warm with broiled pork chops or roasts.

Stop in and see them. We are sure there will be one of your choice.

## Ladies from St. Mary's Attend Deanyery Meeting Sunday at Manchester

Twenty ladies of St. Mary's Catholic church here attended the Southwestern Deanyery meeting of the NCCW, held Sunday afternoon at St. Mary's church in Manchester.

Those from Chelsea who attended are Mrs. Keith Boylan, Mrs. Bertilla Forner, Mrs. John O'Hara, Mrs. J. V. Burg, I. Mrs. Edward Orlovski, Mrs. Frances Alber, Mrs. George Hart, Mrs. Joseph Hainer.

Others are Mrs. Herbert Roy, Miss Alma Ulrich, Mrs. Henry Werner, Mrs. Donald Cook, Mrs. John Cook, Mrs. Dennis Gulnan, Mrs. Edward Belasi, Mrs. Joseph Merkel, Sr., Mrs. Karl Riegger, Miss Gertrude Young, Mrs. Leon Chapman and Mrs. Joseph Laban.

Miss Bowling is a graduate of St. Mary's of Notre Dame, near South Bend.

Jan. 24 has been set as the date for the wedding.

The University of Michigan Band Alumni have made Walter B. Rea, U.M. dean of students, an honorary life member.

advices Miss Kahabka: Avoid such things as fabrics printed or finished off grain; plaids or prints that are difficult to match; and fabrics that will need extra treatment or additional seam finishing.

Check labels and tags on the bolt or on fabric selvages for information about fiber content, shrinkage, color-fastness, washability, and any special finishes. You will do well to prewash fabrics which may shrink more than one per cent during the first washing.

general proceedings.

In choosing a fabric, a firm, woven fabric that won't travel easily is the thing to look for. A fabric should show off your pattern to advantage. For instance, a garment design with few lines would probably be attractive in a patterned fabric, whereas one involving intricate seaming would demand a plain fabric.

It is best to keep in mind certain things when buying fabrics.

Choose Simple Design Pattern, Enjoy Sewing

You'll enjoy sewing more if you choose the right pattern and fabric, says Bernette Kahabka, extension specialist in clothing at Michigan State University.

A pattern that's simple in design and has only a few pieces is easiest to work with, continues Miss Kahabka. Patterns should be accurately cut and should have complete directions with them. Be sure that you choose the right pattern size and that the pattern provides ease where your figure needs it. Before you begin, study your pattern and check the

## Kathryn J. Bowling, Lt. Richard Merkel Set Wedding Date

Mr. and Mrs. Blair Williams Bowling of Summer, Ia., are announcing the engagement of their daughter, Kathryn Joan, to Richard Thomas Merkel, lieutenant in the U. S. Marine Corps, who is the son of Mr. and Mrs. N. L. Merkel of 146 Orchard street.

Lieutenant Merkel graduated from the University of Notre Dame, South Bend, Ind., and is now stationed at Okinawa with the Third Marine Division. He expects to return to the U. S. shortly after Jan. 1.

Miss Bowling is a graduate of St. Mary's of Notre Dame, near South Bend.

Jan. 24 has been set as the date for the wedding.

The University of Michigan Band Alumni have made Walter B. Rea, U.M. dean of students, an honorary life member.

general proceedings.

In choosing a fabric, a firm, woven fabric that won't travel easily is the thing to look for. A fabric should show off your pattern to advantage. For instance, a garment design with few lines would probably be attractive in a patterned fabric, whereas one involving intricate seaming would demand a plain fabric.

It is best to keep in mind certain things when buying fabrics.

Choose Simple Design Pattern, Enjoy Sewing

You'll enjoy sewing more if you choose the right pattern and fabric, says Bernette Kahabka, extension specialist in clothing at Michigan State University.

A pattern that's simple in design and has only a few pieces is easiest to work with, continues Miss Kahabka. Patterns should be accurately cut and should have complete directions with them. Be sure that you choose the right pattern size and that the pattern provides ease where your figure needs it. Before you begin, study your pattern and check the

## 'Big Mac' Rated as Top Attraction

(First in a series of Michigan's Ten Top Attractions)

Ann Arbor—A Chippewa Indian dream to build a bridge across the Straits of Mackinac has come true.

"Big Mac" as the five-mile long suspension bridge is called, has been adjudged the State's top attraction in a survey conducted at the University of Michigan among U-M faculty and staff who have traveled and worked with persons from Niles to Newberry.

Actually, the Chippewa legend called for an Indian brave to chop down a huge pine which would bridge the gap between Michigan's upper and lower peninsulas. Engineers, however, did it with tons of concrete and steel at a cost of about \$100 million.

Prof. Charles Davis, chairman of the U-M Department of Geography, says he thinks Big Mac polled first in the survey because of its newness. "People in the state followed the bridge episode with the greatest interest, its dedication, and they're still going up to eye the structure in great numbers."

"It's true that the bridge is a great engineering triumph in its own right, but it's a one-shot sort of a thing. When you've seen it, you've seen it. It isn't like the Grand Canyon where one can spend days."

Having crossed the bridge himself, Professor Davis made these observations: "After having crossed on the trestle, the trip by bridge is really carefree. But I think the service to, we're a water tourist attraction. And certainly persons crossing by ferry or airplane now would get a better idea of Big Mac's magnificence."

NEXT WEEK: What makes industrial Detroit tick and why is it rated as one of the top attractions in Michigan?

At various times in history counterfeiting has been punishable by death.

## State Suffers 40 Per Cent Increase in Acreage Hit by Forest Fires

Lansing—A recent field administration division report reveals that 1,247 forest fires have burned 11,500 acres this year.

This represents a 40 per cent increase above the total in 1957 when 743 fires damaged 8,355 acres.

The state's principal trouble area was in the northern lower peninsula where 741 fires—two less than the 1957 state-wide sum—ravaged 7,435 acres.

Yellow rocket in established alfalfa or red clover fields can be spraying in the spring. But the spraying job has to be done before the alfalfa "greens up" or it will be injured, remind farm crops specialists at Michigan State University.

### WORRIED OVER DEBTS?

If you are unable to pay your payments, debts or bills when due see our debt management consultant and arrange for payments you can afford, regardless of how much or how many you owe. This way you can support your family while paying your bills.

Edited by Students of the Chelsea High School Journalism Club

CO-EDITORS  
Karen Munro and Loren Keezer

Dec. 12—Faculty presents a pep meeting.

Dec. 12—Lincoln plays here.

Dec. 13—Chorus sponsors "Snowflake Swirl" the annual semi-formal in the high school gym 8:30 to 11:30 p.m.

Dec. 15—Chorus and Band assembly 2:30; North school play.

Dec. 16—Christmas Concert presented by bands and choruses.

Dec. 17—South School play.

Dec. 18—Christmas assembly at 2:30 p.m.

Dec. 19—Dundee game at Dundee.

Dec. 19 to Jan. 5—Christmas vacation.

"Snowflake Swirl" the high school chorus's third annual semi-formal dance, will be held Saturday, Dec. 13, in the gym from 8:30 to 11:30 p.m. The dance will feature Dave Pringle from Ann Arbor who will appear with the Ski Brothers, a group of national fame. They have appeared on the American Bandstand as well as on the Detroit Bandstand. The highlight of the evening will be the election of a queen from the members of the classes, Senior Sharon Slane, Junior Mae Ellen Marshall, Sophomore Carol Redeman, Freshman Nancy McCalla, and chorus candidate, Carol Hoffmann.

The French Club is quite busy this year. Quite a few plans have been made. A Christmas party is planned for Dec. 15. Unless plans are changed it will be held at the home of Charlotte Harris. The club will also sing French Christmas carols at the school assembly Dec. 18. Dues of the French Club members are over-due right now.

Art I and II have been working for six weeks to complete two projects in completely different fields. The class is divided into three parts, fourth, sixth, and seventh hours. Under the direction of Miss Hammond, the art students have completed four projects since the beginning of the first semester. The sixth and seventh hour projects were chiefly mosaics while the fourth hour class did mostly lettering projects. Bulletin boards are being put up for each month by special projects.

First chair players in the Junior Band are Linda Blass, horn; Cheryl Lehmann, flute; Gary White, baritone; Marcia Berke, drum; Allida Martin, clarinet; Dan Schron, bass clarinet; Gordon Beeman, cornet; Dick Lauson, trombone.

Home economics I is now making Christmas candies and cookies. Home Ec. II is just finishing the clothing project. They are starting to make Christmas presents. Home Ec. III have their choice in making gifts or baking. The homemaker teacher is Miss Janet Barto.

The Sophomores had a class meeting Dec. 3 and decided to have dues of \$10 a year. The dues were set at Feb. 1 and the second half at May 15.

The Freshman Sophomore party was discussed and committees were appointed. Decoration committee is Homer Nixon, Judy Summers, Tassy Cavadas, Denny Ellenwood, Donald Sexton, and Mary Anne Sorensen, chairman. Refreshment committee includes chairman Carolyn Faxon, George Kleis, Marilyn Faxon, Sue Eisenbeiser, Larry Kramer, Peter Plitt, and Glen Plitt. The committee is in charge of chairman Joyce Reine, Alton Nixon, Eddie Brown, Reuben Bigger, and Jerry Ringe.

The Student Council approved a plan whereby the class would sponsor a cloakroom for all the coming dances except the Chorus Dance and the Prom. The price per person was set at five cents and the two people who are to be present at each affair to watch things will be appointed by Daryl Keezer for the rest of the year.

Due to the overcrowding since part of the building cannot be used, the showing of movies is being reduced somewhat, but during the coming week Mr. Marshall will show his classes "The Meaning of Pundalism," "The Crusades," and "Drug Addiction." Mrs. Bald will show "Washington Irving."

The Chelsea High School Band Folies was a huge success. The proceeds from the Folies will go toward the purchase of a new sousaphone and case, and will do a great deal toward the much desired Interlochen scholarships. The band has some new members. People who have passed off their senior band tests and are now a part of the senior band are Nancy Huelberg, Donna Schiller, Donna Jo Boyer, Christine Tarsow, and Chris Fisher on clarinets. On flute, Sharon Maurer made the grade. Other promotions were Mary Alben, Pat Meggans, and Roger Lehman on the drums and Richard Harvey on his trombone.

The seventh grade girls' physical education class has just completed the unit on Square Dancing, having learned the grapevine twist, the promenade, and almanac left. They are grateful to Judy Welch, Polly Willis, Carol Gieske, and Roseanne Hille for helping them with the dances. The unit of field ball began last Tuesday, which seems to promise a great deal of fun. Uniforms have been selected—white blouses and navy shorts (very becoming and neat looking)—but unfortunately a mistake was made in the price and each uniform will cost 67 cents more than originally planned. Girls are requested to pick up their uniforms before Dec. 19 so that the "new look" may go into effect in January.

Journalism club had a dinner at the home of Miss Mabel Fox on Dec. 1. It had been postponed from a previous date, and was well attended. Mothers are to be thanked for furnishing such delightful food, games, gossip, and noise constituted the program.

At a meeting on Dec. 3, the Latin club members voted to send \$10 of the profit from the taffy sale to the Fast-a-Family Program and another \$10 to the Seamen's Children's Fund at Rogers City. Jerry Abdon was appointed to see how many first year Latin students wished to receive Junior Classical League pins. Scott Chapin was appointed to assist Janet Kern and Gary Berger wish to remain on the Latin club membership roll.

Sophomore English classes have just completed a unit on autobiographies and have started a unit on Shakespeare. In the section they will read and study the entire play "Julius Caesar."

World history students have finished a unit of England. They had an exam over the material in that section last Friday. They have now started a unit on the British empire. Each student of those classes is required to hand in a paper (on nearly any topic he chooses) after Christmas vacation. Each must keep a bibliography of the books and other resources he uses.

## CAVANAUGH LAKE

Sunday afternoon callers at the home of Mr. and Mrs. Emerson Lesser were Mr. and Mrs. Melvin Lesser of Munith, Mr. and Mrs. Leon Chapman, Mr. and Mrs. Roy Kalmbach and Mr. and Mrs. Walter Kalmbach.

Dr. Robert Whitcomb Karpinski of the University of Illinois at Chicago, spent Saturday here as the guest of his sister and her husband, Dr. and Mrs. J. B. Casey. He made the trip here for the purpose of picking up his car at Jackson. The car had been put in a garage at Jackson after Dr. Karpinski and Virginia Campbell of Chicago, had started for Chicago the Saturday after Thanksgiving and "because" of the snowstorm made the remainder of the trip by train. They had been the Caseys' Thanksgiving guests.

SALEM GROVE

Mr. and Mrs. Harold Widmayer were Sunday dinner guests of Mrs. Eva Stoffer and Mrs. F. G. Widmayer.

UNADILLA

Mrs. Marie Kimmel is spending the winter with her daughter, Mrs. Fay Roepke and family, at Harper Woods.

Mr. and Mrs. James Dent and family, of Detroit, spent Sunday with her parents, Mr. and Mrs. Max Kalmbach.

Mr. and Mrs. Kenneth Van Buron were in Lansing one day last week to attend the funeral of the latter's uncle, Oscar Clymer.

Sunday afternoon visitors of Mr. and Mrs. Clarence Embury were Mr. and Mrs. George Black and Mr. and Mrs. Lynn Zeigler and three children, of St. Johns.

Mrs. Max Kalmbach spent several days this week with her daughter, Mrs. James Dent, and family, in Detroit.

Plans are under way to install heat ducts from the furnace to heat the annex of the Unadilla church. Other improvements and repairs are to be undertaken. To finance this project the Ladies' Auxiliary will meet Thursday evening with Mrs. Rebecca Koch. Each member is to bring a 50-cent gift for her sewing.

The Ladies' Auxiliary will meet Thursday evening with Mrs. Rebecca Koch. Each member is to bring a 50-cent gift for her sewing.

They've already talked to Marlon Brando about playing the Clark Gable role.

Rumors are that Ava Gardner has sold her house in Spain and pulled up stakes.

Mrs. Yul Brynner spends three or four days a week working in the Mount Sinai clinic. Yul completely deglamorized himself by wearing a straight wig in "Sound and Fury" and turned down the Rogers and Hammerstein hit to do it.

Before Mike Todd died he perfected a thing called "Smell-Vision," which surrounds the audience with a heavy fragrance or odor. You will catch anything from pipe smoke to perfume. Wonder if that's the medium Mike Jr. will use in "Scent of Danger"?

Sweden has pointed the way they have barred horror pictures.

Today's picture review:

WHITE WILDERNESS

Polar bears, timber wolves, walrus, lemmings and a host of other creatures of the Arctic regions are the stars of Walt Disney's latest true-life adventure film, "White Wilderness."

Once again the marvels of nature as incredibly photographed by a team of expert photographers provide top-notch entertainment and instruction for both old and young moviegoers alike.

Said to have been three years in the making, "White Wilderness" is set in the bleak area lying between the timber lines of Canada and Alaska and the polar regions. The polar bear is photographed on the prowl; lively little cubs sliding down snow-covered slopes and tossing snowballs at each other with keen accuracy will provoke delighted laughter. Exciting drama is provided by bloodthirsty little ermine and even more bloodthirsty wolverines pouncing on their prey; and there is a fascinating sequence which shows the suicide migration of the lemmings as they plunge blindly off a cliff and swim out into the sea. A fascinating film, and not to be missed.

Sweden has pointed the way they have barred horror pictures.

## NORTH FRANCISCO

Mr. and Mrs. Loren Hinderer and family called on her mother, Mrs. Nina Wahl, Sunday evening. Sunday dinner guests of Mrs. Virginia Seitz and son, were Mrs. Charlotte Losey of Bradenton, Fla., Miss Irene Seitz of Ann Arbor, Mr. and Mrs. J. B. Casey, Jr. and son, Mr. and Mrs. Alfred Lindauer and Mrs. Philip Seitz.

Mr. and Mrs. Clarence Lehman were Sunday afternoon callers.

C. J. Sage of Springfield, Miss., was a Saturday morning caller of Mr. and Mrs. Roy Miller.

Mr. and Mrs. Austin Arts and son were Sunday dinner guests of Mr. and Mrs. Max Hoppa. Mr. and Mrs. LeRoy Loveland and family and Mr. and Mrs. Dale Loveland were Sunday evening callers there.

Miss Mabelle Notten spent from Tuesday until Sunday afternoon with Mrs. Leonard Loveland. Mr. and Mrs. Chester Notten also Miss Mabelle Notten were Sunday dinner guests.

Mr. and Mrs. Carl Straub spent Sunday with the latter's sister, Mrs. Jake Straub, of near Jackson. Harvey Loveland and Mrs. Dillman Wahl spent Monday evening with their mother, Mrs. Leonard Loveland.

WATERLOO

Miss June LeVan has been chosen to act as chairman of the Christmas program at the Village church, Sunday evening, Dec. 21 at 8 o'clock. Children taking part will meet at the church Saturday afternoon at 3 o'clock.

Eight Boy Scouts, with their leader Mr. Gorton of Dearborn, attended services at the Village church on Sunday.

They've already talked to Marlon Brando about playing the Clark Gable role.

Rumors are that Ava Gardner has sold her house in Spain and pulled up stakes.

Mrs. Yul Brynner spends three or four days a week working in the Mount Sinai clinic. Yul completely deglamorized himself by wearing a straight wig in "Sound and Fury" and turned down the Rogers and Hammerstein hit to do it.

Before Mike Todd died he perfected a thing called "Smell-Vision," which surrounds the audience with a heavy fragrance or odor. You will catch anything from pipe smoke to perfume. Wonder if that's the medium Mike Jr. will use in "Scent of Danger"?

Sweden has pointed the way they have barred horror pictures.

Today's picture review:

WHITE WILDERNESS

Polar bears, timber wolves, walrus, lemmings and a host of other creatures of the Arctic regions are the stars of Walt Disney's latest true-life adventure film, "White Wilderness."

Once again the marvels of nature as incredibly photographed by a team of expert photographers provide top-notch entertainment and instruction for both old and young moviegoers alike.

Said to have been three years in the making, "White Wilderness" is set in the bleak area lying between the timber lines of Canada and Alaska and the polar regions. The polar bear is photographed on the prowl; lively little cubs sliding down snow-covered slopes and tossing snowballs at each other with keen accuracy will provoke delighted laughter. Exciting drama is provided by bloodthirsty little ermine and even more bloodthirsty wolverines pouncing on their prey; and there is a fascinating sequence which shows the suicide migration of the lemmings as they plunge blindly off a cliff and swim out into the sea. A fascinating film, and not to be missed.

Sweden has pointed the way they have barred horror pictures.

# 1959 EDSEL

Edsel Ranger 4-door sedan

Makes history by making sense!

## Check the new official price labels for Edsel's new, low prices

The new law says that every car must have a label showing the manufacturer's suggested retail price—and Edsel Dealers are even happier about it than the public! Because Edsel prices didn't go up this year—they went down! The 1959 Edsel is now priced with the most popular three—and the price labels prove it! Edsel's four new high-efficiency engines prove something else important—real gas economy. They include

a thrifty six with a great test-track record—and a new, economy V-8 that uses regular gasoline! Edsel's new size makes sense, too. Six-passenger room inside—less length outside. And less useless car weight. So it's much easier to handle than long, bulky cars. Try the car that's proud to wear its price—proud to prove it makes sense! See your Edsel Dealer! EDSEL DIVISION • FORD MOTOR COMPANY

Now priced with the most popular three!

# MILLER CHIROPRACTIC OFFICES

104 SOUTH MAIN STREET

CHELSEA

PHONE GR 9-5241

Office Hours: Mon.-Wed.-Fri., 9-11:30, 2-4:30, 7-8; Thurs.-Sat., 9-11:30; Tues., 2-4:30. Closed Sunday.

Neurocalometer examination of the spinal nerves given by Dr. Miller locates defective nerves emitting from the spine on their way to the organs and glands of the body. Here we determine which nerves are defective, when they return to normal, and other data.

Clinic X-ray Department photo showing Dr. Miller making spinal X-rays to locate the cause of nerve interference found during the spinal Neurocalometer analysis. Any part of body or spine may be brought into clear view for examination. When the cause is located it can be corrected.

The Miller Chiropractic Office uses the latest scientific instruments for a complete chiropractic analysis and the modern Grostic method of spinal adjustments for the correction of spinal subluxations causing organic distress.

While the wide scope of Chiropractic is amazing to the uninformed, we do NOT recommend chiropractic as a CURE-ALL. Chiropractic is effective in those cases only where the cause is found to be defective in organic energization due to spinal misalignment (subluxation). Most all of our cases are those that had previously resisted ordinary methods of healing. Our examination is designed to eliminate those we can't help.

## RESULTS COUNT

"Results are what count, and Chiropractic adjustments, when scientifically given, bring them, notwithstanding what our medical friends say to the contrary."

Wm. A. Seely, M.D.

In the acute cases one gets marvelous results. Do not be afraid of such cases. In adjustments you have absolute control, and after a little experience you will soon realize you have an unequalled health system in your hands. I am in better shape to say that, because I have gone through every stage of "mixing," until today I am an out and out chiropractor.

Frederick L. Fischer, M.D., D.C.

## INVESTIGATE

"I believe Chiropractic to be the most scientific method of adjusting real cause of disease, thereby allowing nature to resume normal action, which affects the recovery of the patient from bodily ailments."

U. A. Lyle, M.D.

Case histories displayed here are from Chiropractic Clinics all over the United States. They are displayed here to show the extent of Chiropractic.

## FEMALE TROUBLE

Lady, 39, irregular periods, right side pains, bad cramps for several days each month, severe headaches before and after periods. Dizzy spells, low back pains, bladder pains, neuritis in shoulder and sinus inflammation. She went to a Chiropractor for headaches because a friend had recommended Chiropractic for that condition. Neurocalometer spinal analysis and X-rays indicated defective energization of the pelvic area and a subluxated (misaligned) vertebra in the neck, causing spinal cord interference. After a few months she was amazed to discover her female trouble and other symptoms had vanished with her headaches. An operation had been recommended. It is not necessary now for she feels fine, thanks to Chiropractic.

## HEADACHES

CASE NO. 1910: A young woman, age 34, came to a clinic, complaining of headaches with nausea, dizziness, aching in back of neck, head and shoulders; was very nervous, had alternate spells of constipation and diarrhea; blood pressure was low and she had nervous dematitler X-rays and spinal analysis revealed the cause of those symptoms in the spine. Corrective adjustments restored the spine to normal and when patient was discharged, she had no complaints.

## STOMACH TROUBLE

CASE NO. 1533: A married lady of 40 years was being treated for change of life and suffering from indigestion, stomach trouble, nervousness, sinus trouble, headaches, tender bladder and arthritis; none of which had responded to any past treatments. A spinal analysis revealed the cause to be in her spine. Corrective adjustments restored alignment. She was discharged feeling grand, able to eat as she pleased without discomfort, and without a single pain complaint.

## SINUS TROUBLE

CASE NO. 1786: This case is a lady, age 49, who had a history of 6 years of sinus trouble and hay fever, pains in right side of neck and shoulder, rheumatic pains in knees, tired back, pressure feeling in stomach, dizziness and nervousness. After going the rounds of doctors, and remedies, she finally came to a chiropractic clinic for spinal examination. After the Neurocalometer and X-rays located the cause of her trouble, spinal corrective adjustments were begun to realign and remove interference in nerve wave frequencies which restored normal function to the entire ill-functioned body. Upon discharge, this patient reported no symptoms of any kind remained. The body contains everything necessary for health if its forces are free to work efficiently.

## ASTHMA

CASE NO. 1419: After trying for years in some of the best medical clinics to find health, a boy, age 8, was brought to the Chiropractic Clinic. His parents stated that he had suffered from Asthma all of his life; was nervous, awaking at night, crying out because of nightmares; stuttered when trying to talk; had cramps after meals; was constipated, susceptible to frequent colds and fever which confined him to bed. His mother recalled that birth was very difficult and that birth injury to neck and spine was possible. Neurocalometer and X-ray analysis of the spine disclosed a neck injury, a vertebral disalignment, causing nerve wave interference and defective energization. Corrective adjustments began to restore alignment and reduced interference to brain-nerve waves. This boy began to gain weight, sleep soundly, and returned to normal health in a few months.

## NERVOUS INDIGESTION

CASE NO. 971: A single working girl, age 31, suffered with backache, constipation, irregular palpitation of the heart and constant nervous indigestion, irregularly with severe cramps, nervousness, and headaches for a long time, although she had gone the usual round of doctors. She had become fearful that nothing would ever help her. In that state of mind she came to the clinic. The Neurocalometer spinal analysis indicated nerve wave interference in the spine near the top of her neck as a possible cause of functional trouble. X-rays of the area disclosed a subluxation of a vertebra. She recalled several falls that could have wrenched this vertebra from its normal position. Adjustments were begun. When she completed her service X-rays showed the vertebra in a correct position. She reported that all symptoms had vanished and that she was normal in all respects. Look at yourself in the mirror—is your neck straight, and is your head sitting level or is your spine out of line?

## KIDNEY TROUBLE

CASE NO. 1289: A man, age 32, had been getting treatments for kidney trouble for some time but noticed he was getting no better, and nervousness was increasing; was constipated; caught colds easily and just felt low generally when he came to the Chiropractic Clinic for examination and spinal analysis. The cause was found to be nerve interference causing defective energizations of kidneys and digestive tract. Corrective adjustments restored alignment of subluxated spinal bones, which removed nerve interference and permitted normal energization. Patient discharged, feeling full of pep and without complaints, in a few months.

Office Hours: Mon.-Wed.-Fri., 9-11:30, 2-4:30, 7-8; Thurs.-Sat., 9-11:30; Tues., 2-4:30. Closed Sunday.

## Hoover Ball Co. Acquires Plants in Ohio, Tennessee

Hoover Ball and Bearing Co., Ann Arbor, announced today that negotiations have been completed for the acquisition of two ball manufacturing companies.

Purchase of Strom Steel Ball Co. of Erwin, Tenn., has been consummated and negotiations completed to acquire Coolidge Corp. of Middletown, O.

Both purchases were cash transactions with transfer of ownership of the Ohio corporation scheduled for the end of December.

Commenting on these acquisitions, Clifford H. Simmons, Chairman of the Board, said: "The purchase of these ball manufacturing companies is another step in our program of expansion in the ball and ball-bearing industry. The acquisitions should enable us to effect worthwhile economies in manufacturing costs. They will add approximately 15 per cent to our total production capacity. Both companies will be operated as separate and independent entities with no changes in management or policy."

Hoover, in its preliminary figures for the first quarter of the current fiscal year, showed sales of \$3,684,507 and net income of \$323,514. This is equal to 61 cents a share on 534,303 shares outstanding, as compared with sales of \$5,604,408 and net income of \$471,561 or 94 cents a share on 501,888 outstanding shares for the first quarter of last year.

Strikes in the automotive industry during the first quarter period reduced sales in that company's die-casting division and contributed to lower earnings. Also pending fire loss claims for business interruption insurance included in the figures for the three months ended Oct. 31, has been

## Tourist Council Issues New Ski Map, Sports Guide

Lansing—The fourth annual edition of a state-wide ski map and winter sports guide has been released by the Michigan Tourist Council. It was announced today. Some \$50,000 of the "Fun in the Snow" publication will be distributed throughout Michigan and the Midwest during the season, according to Robert J. Furlong, Council executive secretary. The winter travel folder maps the locations of the state's 60 winter sports centers and lists the facilities offered by each. Fifteen of the areas are in the Upper Peninsula, 24 in west Michigan, 24 in east Michigan and six in the southeast section of the state. Six of the centers are new this year.

Single copies of quantity of the "Fun in the Snow" ski map are available on request, without charge, from the Tourist Council, Lansing, 26.

Furlong said the folder supplements advertising and promotion efforts of the regional tourist associations, chambers of commerce and the individual resort areas.

The growing popularity of skiing along with skating, tobogganing, ice boating, hunting and ice fishing has boosted winter vacation travel to an all-time high in Michigan.

"Travel expenditures are an important factor in the state's economy," the tourist chief said. "Skiers alone will spend some \$14 million in Michigan this winter."

extended on a conservative accounting basis.

Both sales and earnings are showing improvement so far in the second quarter.

## The Serviceman's Corner

### Pfc. Donald Schneider Participates in Army Field Training Exercise

Ulm, Germany—Army Pfc. Donald L. Schneider, whose wife, Shirley, and parents, Mr. and Mrs. John C. Schneider live at 6860 Conway road, Chelsea, Mich., recently participated in a field training exercise with the 4th Armored Division in Germany. Schneider, a driver in Company B of the division's 51st Infantry, entered the Army in May 1957 and received basic training at Fort Hood, Tex. He arrived in Europe in November of that year. The 24-year-old soldier is a 1954 graduate of Chelsea High school.

### Pfc. Paul Beal Serving as Mechanic With Armored Division

Fulda, Germany—Army Pfc. Paul A. Beal, son of Mr. and Mrs. Stanley A. Beal, 115 East street, Chelsea, Mich., recently participated in a field training exercise with the 14th Armored Cavalry Regiment in Germany. Beal, a tracked vehicle mechanic in the regiment's Headquarters Company, arrived in Europe last February. He entered the Army in July 1957 and completed basic training at Fort Knox, Ky. The 19-year-old soldier formerly worked for the Chelsea Employment Co. He was graduated from Chelsea High school in 1957.

## One Minute SPORTS QUIZ

1. Who is the European heavyweight champion?
2. Who won the 1956 Army-Navy football game?
3. Did Iowa win all but one of its regular season football games?
4. Who was recently the American League's most valuable player?
5. Who is Gus D'Amato?

(Answers on page 9)

## Who Knows Answers...

1. At Kitty Hawk, N. C., Dec. 17, 1903, by Orville and Wilbur Wright.
2. Tin, rubber, quinine, oil, sugar, tobacco and spices.
3. Mainly for coloring glass.
4. On April 3, 1958.
5. In 1958, by the Treaty of Paris after the Spanish-American War.
6. Newfoundland.
7. George Fox.
8. On Aug. 28, 1859, in Titusville, Pa.
9. Germany, Switzerland, principally Liechtenstein, Italy, Yugoslavia, Hungary and Czechoslovakia.
10. All hairdos, the last being a wig.
