Progress Reported On Improvements to Municipal Facilities

Many Projects Employing Total Of 12 Contractors

This summer Chelsea is undergoing the greatest alteration that has been seen in any one year in its history. During this year there will be no fewer than 12 separate contractors working on various projects for the village. The diesel plant, water treatment plant, water distribution, streets and off-street parking will all be worked on this year.

All of this means some inconvenience now to the residents and visitors, but it will pay off in greater convenience to all later on.

The greatest noticeable problem seems to be the roads. Some are difficult to travel, some are closed and some are dusty from the streets that have been torn up.

The 1960 street program in the village will black-top the following streets: West Middle from Main to west of the county Road Commission yards. This street has been dug out and is now being allowed to compact prior to having one inch of black-top this year, in mid-August.

Park St. from Main St. to East St. will be dug up and black-topped this year. For this reason the Public Works crew is trying to spend a minimum amount of money in fixing the holes on this street. This is the reason for travel in the holes rather than the expensive cold patching asphalt material normally used.

Lincoln St. is to receive spot paving to put in new base where needed, then scarified and black-topped.

East St. from the railroad to West St. will also be dug out and black-topped. Dale St., one of the gravel roads in town is to be graded and black-topped.

Hayes St. north of the railroad will be dug out and black-topped. At this time what is to be done on Washington St. has not been decided. A water main is to be laid on Washington St. later this summer and for this reason, it is believed if any great improvement will be possible in 1960, it is planned to at least repair it so that it will be more possible, less dusty and easier to maintain until more permanent job may be done in 1961.

In addition to the road program, the streets torn up by the water main laying contractor will be repaired. However, this will not be done until the backfill has had opportunity to settle and until the road paving contractor gets to town, about the middle of August.

The village council is aware of the problems which have been created this year and the village departments are doing the best they can to minimize them.

Staff Sergeant and Mrs. William Schrader are returning this week from Fort Bragg, N. Car., after spending a tour with relatives including their parents, Mr. and Mrs. Walter Schrader, Sr., and Mr. and Mrs. Everett Moore.

Kiwanians Busy With Pick-Ups for Rummage Sale

Kiwanians held a general pick-up Monday evening of items for their coming rummage sale and are planning another pick-up for next Monday evening, June 27.

Anyone who wishes to make special arrangements for pick-up may contact any member of the committee—Anton Nielsen, Lloyd H. Ydlauff, Leo Bishop, William Collins or Dr. Charles Miller.

Proceeds of the rummage sale, scheduled for July 8 and 9 at the Community Fairgrounds, are designated to support community service projects.

Permanent Lima Zoning Code Adopted

The Lima Township Permanent Zoning Ordinance which becomes effective July 16, 1960, is published in today's issue of The Standard.

An interim zoning ordinance has been in effect in Lima township since July 16, 1957 when, on the recommendation of the Zoning Board, the Township Board voted its adoption for one year. It was renewed annually since then.

The permanent ordinance, as printed in today's Standard, was approved by the Lima Township Zoning Board on May 25, 1960 and by the Washtenaw County Co-ordinating Zoning Committee on June 13.

Members of the Lima Township Zoning Board who worked on preparation of the permanent ordinance are Harry Peck, chairman; Charles Bohman, Arthur Kuhl, William Van Riper and the late Eugene Fisher.

The appeals board includes Supervisor Leigh Beach, Clarence Reddeman and Harry Peck.

Since the interim zoning regulations have been in effect, it has been demonstrated that Lima township has benefited in many ways.

Zoning has served as a protection to taxpayers by preventing depreciation of property values such as follow in the wake of unrestricted land use and other practices—poor sanitation, poor housing, indiscriminate location of house trailers, etc.

FORMER SUPERINTENDENT of Chelsea schools, E. L. Clark, at left, was the guest speaker at the 64th alumni banquet at Chelsea High school Saturday evening. With him in the photo are Mrs. Clark, and three of the newly-elected Alumni Association officers for the coming year. New officers are, from right, Raymond Steinbach, vice-president; George Knickerbocker, president; and next to Mrs. Clark, Mrs. George Heydlauff, treasurer. Mrs. Walter Bauer, newly-elected secretary, does not appear in the photo.

Track Letters Awarded to 10 CHS Boys

Coach Al Conklin has awarded 10 letters to members of this year's track squad. They are Dale Ferris, Pete Flintoft, Don Sexton, Larry Cattel, Jim Maynard, Dave McLaughlin, Bill Coltre, Don Wilson, Don Ousley and Al Schauer. In addition, Stan Hand, John Ashley and Gary Cattel won reserve awards.

Singled out for individual awards by their teammates were honorary co-captains Dale Ferris and Don Sexton; most valuable, Dave McLaughlin, and most improved, Jim Maynard.

This year's track squad won three of seven dual or triangular meets; placed fifth in the 18-team Tecumseh relay; placed third in the Washtenaw Conference meet; placed seventh in the regional track meet and finished in a tie for 12th in the state meet.

Dona Joseph Named Union Plant Chairman

Dona Joseph was elected chairman of the Federal Sewer Works unit of Amalgamated Local No. 437, UAW-CIO at the election held at the plant Wednesday, June 16.

Joseph received 82 votes, while the losing candidate, Lambert Meyers, received 63 votes.

More Than 300 CHS Grads Attend 64th Alumni Banquet

Chelsea High school's 64th alumni banquet, held Saturday evening in the cafeteria at the school, was attended by 310 alumni and guests.

E. L. Clark, Chelsea school superintendent from 1921 to 1932, was the guest speaker. The general theme of his address stressed individual effort in improving world conditions. In conclusion he said, "Let us not fail, as Americans, in love for our country and in striving to go live that we will leave the world, to some small extent at least, a better world than we found it."

G. L. Staffan, president of the Alumni Association, presided at the after-dinner program.

He introduced the Class of 1960 and also mentioned the fact that Chelsea High school's oldest living graduate is Mrs. Florence Howlett who was observing her 93rd birthday the day of the banquet.

It was also the 75th anniversary of her graduation.

Mrs. Howlett, who taught in Chelsea schools for many years, is a patient at Colonial Manor Nursing Home.

Staffan also introduced Mr. and Mrs. Elmer Winans and five sons and a daughter who were present for the banquet, all of them graduates of Chelsea High school. Those present were Mrs. Alberta

Park of Flint, Robert Winans of Dundee, Jack Winans of Ann Arbor, and George, Charles and David Winans of Chelsea.

The latter was also commended for his work as ticket chairman for the 1960 banquet, the extra good attendance being credited to his diligence in locating addresses of many former graduates who might otherwise have failed to receive notification of the event.

Donald Alber, Chelsea village president and a member of the Class of 1944, was the toastmaster and the Rev. Paul M. Schaeke, pastor of St. Paul's Evangelical and Reformed church, gave the opening invocation.

George Winans of the Class of '40, was asked to introduce and welcome the 50th anniversary Class of 1910 and Mrs. Mabel Coe Koch of Dexter, responded for the class.

Nineteen of the 26 surviving members of the class were present for the banquet and for a reception in the high school library which preceded the banquet.

Individual members of the 1910 class were introduced by Lloyd Merker of Detroit, one of the seven who were absent and the names of eight who are deceased.

Those present, in addition to Merker, included Miss Cora Feltkamp, Miss Nina Belle Wurster, Oscar Kalmbach, Mrs. Mabel Coe Koch, Mrs. Fern Kalmbach Weiss, Mrs. Mildred Cook Hinderer, Mrs. Rena Roedel Walworth, Mrs. Mary Nordman Koch, Mrs. May Stiegelmaier Van Order, Sidney Schenk, Mrs. Rosa Lucht Merkel, Mrs. Clara Koch Kuebler, Mrs. Mary Koch-Niehans, Mrs. Very Gage Helm, Mrs. Harriett Stoffer Platt, Warren Daniels, Mrs. Gertrude Storms Daniels, and Mrs. Helen Mohrlock Lindemann.

The seven absent members of the class were Mrs. Dorothy Bacon Fletcher, Ernest Pierce, Mrs. Bernice Harris Clark, Mrs. Beulah Turner Bullis, Ralph Gieske, Dr. Walter Koels and Sister M. deLellis, O.P., the former Ruth Ratrey.

The eight who are deceased are

Dr. James Schmidt, Mrs. Mina Cooper Wiseman, Hiram Pierce, Mrs. Maudie Coe Seaman, Cleon Waitt, John Long, Albert Fahrner and Harold Luick.

Miss Feldkamp read a poem as a memorial to deceased members of the class.

Mrs. Mabel Coe Koch, in concluding her response as a representative of the class of 1910, Mrs. Koch read the words of the song, entitled "The Speed Song," in which comparison was made between this present time and 50 years ago when the class of 1910 graduated.

The class of '34 was the largest ever to have graduated at Chelsea High school to that time.

Other classes who reported holding reunions before or after Saturday's banquet are the class of 1940 who were entertained at the home of Mr. and Mrs. Clarence Wood, and the class of 1935, at the home of Mr. and Mrs. J. Raymond Seitz.

Roll call of classes singled out for special honor this year showed the following numbers present at the banquet: 1920, nine; 1930, seven; 1935, 24; 1940, 20; 1950, six; and 1960, 40 graduates.

Oldest graduate present Saturday was Mrs. Otto Luick (May Wood), who graduated in 1897.

Table decorations were in charge of Miss Nina Greening who, with her committee, carried out a color scheme of blue and silver. Blue painted daisies in silver vases were used as centerpieces and napkins and place mats were inscribed in silver.

The vice-president, Arden Musbach, had provided identification tabs for guests at the banquet, and also had the class of '61 register as members of the Chelsea Alumni Association.

Officers elected for the 1961 banquet are George Knickerbocker, 41, president; Raymond Steinbach, 51, vice-president; Mrs. Walter Bauer, 51, secretary; and Mrs. George Heydlauff, 51, treasurer.

Summer Recreation Program Will Start Monday Morning

Library Summer Reading Program Starts Monday

The annual public library summer reading program for children will begin at McKune Memorial Library, Monday, June 27.

Theme for this year's program is "Robin Hood," with arrows placed on the recording poster beside the child's name. The arrow will be moved a certain distance each time five books have been read by a participating child.

Certificates will again be awarded at special ceremonies at the school in the fall.

All who wish to participate should register at the McKune Memorial Library for the beginning of the summer reading program, Monday, June 27.

Story hours for younger children, another popular feature at McKune Memorial Library during the summer, will begin Wednesday, June 29.

Mrs. Wilbur Hinderer, well-known to most Chelsea area children, will again serve as "the story lady."

The story hours will be held each Wednesday for five successive weeks, from 3 p.m. until 4 p.m.

Dates for the story hours are June 29, July 6, 13, 20 and 27. All children are welcome to attend.

Special Activities Being Planned for All Age Groups

The Chelsea summer recreation program will begin Monday, June 27 and run Monday through Friday for the next six weeks, ending Aug. 5.

In the mornings from 9:30 to 11:30, four playgrounds will be open. Arts and crafts, individual and group games will occupy children from five years old and up at the North, South and Junior High schools playgrounds.

Supervisors for these playgrounds have been doubled this year to take care of the increased number of children.

Supervisors include Ellen Keusch, Priscilla Neal, Barbara Bertke, Carol Dancer, Rose Ann Hills, and Elaine Pearson.

Also held each morning will be a sports program at the High School athletic field, for boys 8 to 12 years old. Boys of this age should report Monday so that base ball teams and leagues may be organized. Supervisors are Alan Conklin, recreation director, Ted Nixon, a recent Western Michigan graduate. The afternoon program will feature free swimming at Grooms Beach on Whitmore Lake. Buses leave from the Junior High school at 12:30 p.m. each afternoon and return between 4:00 and 4:30 p.m. Swimmers must be at least seven years old and have a written permission slip from their parents. One slip will serve for the entire summer.

Each Wednesday the county Red Cross swimming instructor will be at the beach to help the non-swimmers with special lessons.

Supervisors include Alan Conklin, Ted Nixon, David Sanborn, local teacher, and Marge Bradbury, physical education teacher from River Rouge who resides between Chelsea and Dexter.

The evening boy's program will include a baseball team in the Tri-County High School league competing with teams from Manchester, Dexter, Grass Lake, Stockbridge and Leslie.

A new feature of the boys' evening program will be a basketball league for boys of Junior High and High School age. Bob Taylor, local basketball and baseball coach, will supervise the basketball league as well as serve as coach for the High School league baseball team.

For boys between 13 and 15, Chelsea has two teams entered in the Tri-County Junior League, competing with teams from Manchester, Dexter and Stockbridge.

Arden Musbach and Ray Tarasow will coach the two Junior League teams on a volunteer basis.

Boys interested in either of the baseball leagues or the basketball league should contact the coaches involved.

The girls' evening program will again be under the supervision of Marge Bradbury. An attempt will be made to organize a girls' softball league. All girls interested are asked to report to the High School athletic field Monday evening at 6:30. All age groups are welcome.

The girls' program will also include tennis, badminton and volleyball.

Representatives Attending Annual Sessions of Girls', Boys' State

Linda Burghardt, representing Herbert J. McKune Unit No. 31, American Legion Auxiliary, at Girls' State, left Tuesday for a nine-day stay on the campus of the University of Michigan.

Wolverine Girls' State was established in 1941 and dedicated to the training and development

of girls who have qualities of leadership. The primary objective of Girls' State is to stimulate girls to take a deep interest in the development of home and community life and to encourage them to be better citizens of tomorrow.

Wolverine Girls' State brings to the girls attending a knowledge of national, state and local government through actual practice. It gives them a state of their own, a session governing themselves through democratic procedures.

Upon arrival each girl is assigned to a "city" where self-government is practiced. Elections for "city" offices are followed by elections for "county" and "state" offices, thus giving the girls an opportunity to understand just how the government in their state operates.

Total attendance at Girls' State is customarily 360 girls who have completed their third year in high school.

Two girls will be selected from those attending Girls' State to represent Michigan at Girls' National to be held later at Washington, D. C.

The Chelsea representative at Girls' State is a daughter of Mr. and Mrs. Louis Burghardt.

She has participated in varied school, church and community activities.

Some of these activities are cheerleading as a freshman, sophomore and junior at Chelsea High school; basketball as a freshman and sophomore; Girls' Athletic Association, three years; Journalism club three years, serving as president during her junior year; Future Teachers Association, sophomore and junior years; Latin club as a freshman; French club as a sophomore; and High School chorus two years.

A member of St. Paul's Evangelical and Reformed church, she has sung in the junior choir, taught

LINDA BURGHARDT

Sunday school classes, and holds active membership in the Young People's League.

She was also instrumental in organizing Chelsea's second Youth Center, and served as its secretary.

Representing Herbert J. McKune Post No. 31, American Legion, and the Kiwanis Club of Chelsea, two Chelsea youths left last Thursday to attend Boys' State on the campus of Michigan State University, East Lansing. The two are Charles Waller, son of Mr. and Mrs. Charles H. Waller of Cavanaugh Lake, and Edward Brown, son of Mr. and Mrs. Albert Brown, 80098 US-12.

Word was received from Boys' State this week that Waller was elected a "councilman" in the "City of Adams" in the mythical "51st state." He is the Chelsea American Legion representative.

Under the guidance of skilled political science instructors, (Answers on page six)

Kindergarten Registration Underway

At the present time there are 162 children registered for kindergarten in September. Anyone who has not registered their child is urged to contact the school as soon as possible. Parents may call the South school afternoons.

Anyone having relatives or friends with children eligible for kindergarten should urge them to contact the school if the child is not already registered, according to Elementary School Principal Arthur Schmunk.

If any families with elementary school children are planning to leave the school district before school opens in September, Principal Schmunk said, he would appreciate being notified at the earliest possible date.

Mrs. George Hart, accompanied by Mrs. Joseph Hafner, spent Sunday and Monday at Ottawa, O., and on Monday attended the funeral of Mrs. Hart's cousin, Miss Catherine Buescher, who had died on Thursday.

MYSTERY FARM NO. 104—This farm will probably prove to be familiar to many area residents. If you recognize it, call The Standard office at once, GR 5-3581. It is the 104th in the series of farm photos published each week for readers' identification. The owner will receive a mounted photo of the farm if he calls at The Standard office by Saturday.

SUMMER RECREATION PROGRAM

First Week Schedule — June 27 - July 1

MORNINGS—
9:30-11:00 a.m.—Monday through Friday: Arts and Crafts program for children 5 years and up. North School Supervisors: Barbara Bertke and Carol Dancer. South School Supervisors: Ellen Keusch and Rose Ann Hills. Junior High School Supervisors: Priscilla Neal and Elaine Pearson.

9:30-11:30 a.m.—Boys' Sports Program (8-12 year-olds) at High School athletic field. Supervisors: Al Conklin and Ted Nixon. All boys should report Monday, July 27 so baseball teams and leagues may be organized.

AFTERNOONS—
12:30-4:30 p.m.—Swimming Program. Buses leave Junior High school for Grooms Beach, Whitmore Lake at 12:30 p.m. Children must be 7 years of age or older and have parental permission slip. Supervisors: Alan Conklin, Ted Nixon, Dave Sanborn and Marge Bradbury.

EVENINGS—High School Athletic Field.
Monday: High School team baseball practice, 6:30 p.m. Girls' softball, 6:30 p.m.

Tuesday: Junior League baseball. Chelsea "A" team plays at Manchester "A."

Chelsea "B" team hosts Manchester "B" team, 6:00 p.m. Tennis instruction, 6:30 p.m.

Basketball, upper league—1st game at 6:00 p.m.

Wednesday: Chelsea at Dexter Tri-County High School League baseball, 6:00 p.m.

Junior League baseball practice, 6:30 p.m. Tennis instruction, 6:30 p.m.

Thursday: Basketball, lower league—1st game at 6:00 p.m. Girls' softball, 6:30 p.m.

Junior league practice, 6:30 p.m.

Friday: Junior League practice, 6:30 p.m.

Dance at Junior High school, 7:30 p.m. to 10:30 p.m. Grade school children from 7:30 p.m. to 9:00 p.m. and Junior High and High school ages from 9:00 p.m. to 10:30 p.m.

Newspaper Circulation, Coverage Now at All-Time High Across Nation

It is not often, as you may have noticed, that a newspaper takes time out to blow its own horn.

But we think the report just released by the Newsprint Information Committee justifies a little tooting. It says: American newspapers gave their readers more news and features—about 200,000 tons more measured in newsprint—in 1959 than ever before.

Among the nation's biggest newspapers in 39 cities, increases in advertising and editorial matter averaged three pages to bring the average of these papers from 39 pages to 42 for an all-time record.

Over a wider area, including many smaller cities, dailies increased by two pages during the year for a total of 37 pages per issue.

And, certainly, among the nation's weeklies, semi-weeklies and tri-weeklies, the story is one of similar expansion.

This survey proves more dramatically than ever that the newspaper retains above all others its traditional position as the nation's most popular and most reliable information source—from community news, national affairs, and world events, to advice on what is in the market place and information on new products and services for better living.

We particularly like the comment of Cranston Williams, general manager of the publishers association, who said: "... publishers have consistently placed the needs of their readers ahead of all other consideration through good times and bad... Newsprint consumption reached an all-time high in 1959 because newspapers served their readers so well while advertisers showed their continued confidence in the newspaper."

It is our sincere hope that our own public can echo these sentiments.

Men, like tanks, are useful if they have good heads and are pointed in the right direction.

Many a man's charity is to give unto others the advice he can't use himself.

With all the striving toward higher pay and shorter hours, it may be necessary to draw a distinction. Everybody wants employment, but does everybody want to work?

Many a man who opened a conversation with a girl years ago is now wondering how to shut it off.

JUST REMINISCING

Items Taken from the Files of The Chelsea Standard

4 Years Ago...

Thursday, June 21, 1956—

Capt. C. D. Miles, who has been superintendent of Cassidy Lake Technical school the past 12 years, will retire July 1 and move to Florida.

Lynda Mayer, James Klobuchar and David Wolfgang are representing Chelsea at Girls' State at Ann Arbor and Boys' State at East Lansing.

Chelsea's \$2,200,000 school bond issue was approved Monday by a vote of 574-324. The bond issue is for a new high school and eight additional elementary-class rooms.

Wives of Chelsea Junior Chamber of Commerce members are organizing a Joyce's Ladies Auxiliary here and have elected Mrs. Lawrence Gahagan, president.

14 Years Ago...

Thursday, June 20, 1946—

Marion L. Dietz, boat coxswain on the USS Ajax, is now located in the Bikini Atoll, Marshall Islands, for the coming atomic bomb tests.

Coming as a climax to an unusually dry spring were severe electrical and rain storms Sunday and Monday nights. Electric power lines and motors were hardest hit, other damage including trees blown down and various fires started by lightning.

Among 12 Washtenaw county 4-H club members attending 4-H Club Week at Lansing this week are the following from this vicinity: Audrey Knickerbocker, Clara Miller, Doris Downer, Patricia O'Malley, Joy Hopkins and Norwin Lesser.

24 Years Ago...

Thursday, June 25, 1936—

At a special meeting of the Village Council Monday evening, a communication from the Federal Government was read stating that the application for a federal grant to aid in the construction of a local sewage disposal plant had been approved. The cost of such a plant has been estimated as \$64,000, the government to pay 55 per cent and the village 45 per cent.

The American Legion has petitioned the State Highway Department for the privilege of closing Main St. from Orchard St. to the New York Central railroad tracks for their third annual carnival, July 16-18. Proceeds of the carnival will be used for a building

fund for a structure to be erected on the Legion's newly-acquired property at Cavanaugh Lake.

Beatrice Keusch who is a teacher in the Eaton Rapids schools, won the W. K. Kellogg Foundation scholarship and left Monday to attend Northwestern University, Evanston, Ill.

Mrs. A. G. Hindelang, with her guests, Mrs. S. E. Bogman of Hudson and Mrs. E. W. Wilson of Detroit, spent Tuesday in Grand Rapids and Grand Haven to meet Mrs. A. G. Mettger and celebrate the anniversary of their graduation from St. Joseph's Academy, Adrian.

34 Years Ago...

Thursday, June 24, 1926—

Survey of M-92, as the first step toward improvement of this highway was promised a delegation of Chelsea and Stockbridge men who were in Lansing Tuesday.

Chelsea men in the group included Supervisor Howard Boyd, H. E. Canfield, C. Lehman, O. T. Hoover, L. G. Palmer, M. J. Dunkel, John Fletcher and Dr. A. Gulde.

"Believe Me, Xantippe," a sparkling American comedy which for years has been one of the best drawing cards on the legitimate stage, will be given by an all-star cast this evening as the opening attraction of the four-day Chautauqua here. The tent is located on South St. just off South Main St.

W. R. Daniels was elected president of the Chelsea Alumni Association at the banquet held Friday evening at the Methodist church. Approximately 100 were present for the affair.

Having received the degree of doctor of dental surgery at the University of Michigan, Harmon Jay Webb is now practicing in Detroit. In addition to his private practice, he has accepted a position on the dental staff of the Detroit public schools.

Manny's Inn at Pleasant Lake was badly damaged by fire Monday. The blaze caught from the chimney.

BOTTLED LETTER

Boulder, Col.—Andrew Terrell, 18, put his name and address in a bottle and tossed it into the ocean 450 miles this side of Lisbon, Portugal, last January 12.

Recently, Andrew received a letter from Jose Antonio Nieto Barrios of Villalonga, Spain, saying the Spaniard had found the bottle near his home.

Take Your Return Ticket

★ MICHIGAN MIRROR ★

By Elmer E. White, Secretary, Michigan Press Association

The battle for beds, a long campaign by the State Health Department to provide adequate hospital facilities for Michigan citizens, is far from over.

But the emphasis has shifted a little to care for the mentally ill and the chronically ill.

"The progress made during the past decade has provided adequate hospital facilities in most areas of the state, and enabled our hospitals to keep up with population growth and even to cut into the backlog of facilities needing recently."

Michigan has 75.4 per cent of its needs for general hospital beds met by existing acceptable facilities, he said.

However, only a third of the needed nursing home beds, and beds for mental patients are presently available. Communities planning general hospitals and 40 in corporate facilities for the mentally ill or chronically ill will get priority on federal money for construction as it becomes available, the department said.

The need for general hospital facilities alone is acute in some areas yet, the department said. Chief among these are Newberry, Bad Axe, Monroe, Ludington, Stambaugh, Northeast Detroit, Tawas City, Muskegon and Cass City. In these localities, existing facilities in fire-resistant structures range from none to 60 per cent of the estimated need.

State-wide statistics look like this: The department's State Plan, which determines how much federal money Michigan will get for hospital construction and where it will be spent, shows 34,011 beds are needed to serve the present population.

There are 25,661 beds in fire-resistant structures available or under construction.

Some 4,133 of these are considered unacceptable for long-range planning; 1,660 of them are under construction and 1,029 of them will be a net addition to the

state's bed supply in the near future.

There were 1,050 beds added to facilities existing in Michigan during 1959.

"The State Plan indicates that special consideration for assistance from federal funds will be given to general hospital projects which include a psychiatric unit or which will result in a co-ordinated program of care for the chronically ill," the department said.

Forty-three of Michigan's 83 counties presently have either no facilities for skilled nursing home care, or none in fire-resistant structures.

A 300-bed state-operated psychiatric center and special unit for disturbed children are also high on the priority list for federal funds.

"Motherhood in Michigan can expect a vote of confidence in the near future."

The State Civil Service Commission has backed approval of a plan that would make it easier for state employees to get their jobs back after having a baby, or adopting one.

Under the old rule, a worker who became a mother lost her re-employment rights after three years if no job opened up for her after taking a maternity leave. The liberalized rule would permit a mother to remain on the lay-off list indefinitely if she notified Civil Service within two years of separation that she intended to come back to work.

She would also be able to take a job, comparable to the one she left, in any other state department.

The old rule permitted a woman to return only to the department which she left, and then only if a vacancy occurred. Heads of state departments were expected to indicate approval of liberalized rule without a hitch.

ReflectORIZED license plates for Michigan motorists will probably not be made until 1962, in spite

of a law calling for them this year.

Secretary of State James M. Hare said the legislature didn't appropriate enough money to start using the plates.

A bill which would have knocked out the reflectorization provision in a law passed by the 1959 legislature died in the 1960 session when a deadline passed before action was taken.

This meant the new plates would be used—as the 1959 session said—starting in the 1961 license year.

Hare said he ordered the reflectorized plates from Controller James W. Miller, but Miller said the appropriation of \$475,000 voted by the 1960 legislature wasn't enough to cover the cost of producing the reflectorized plates.

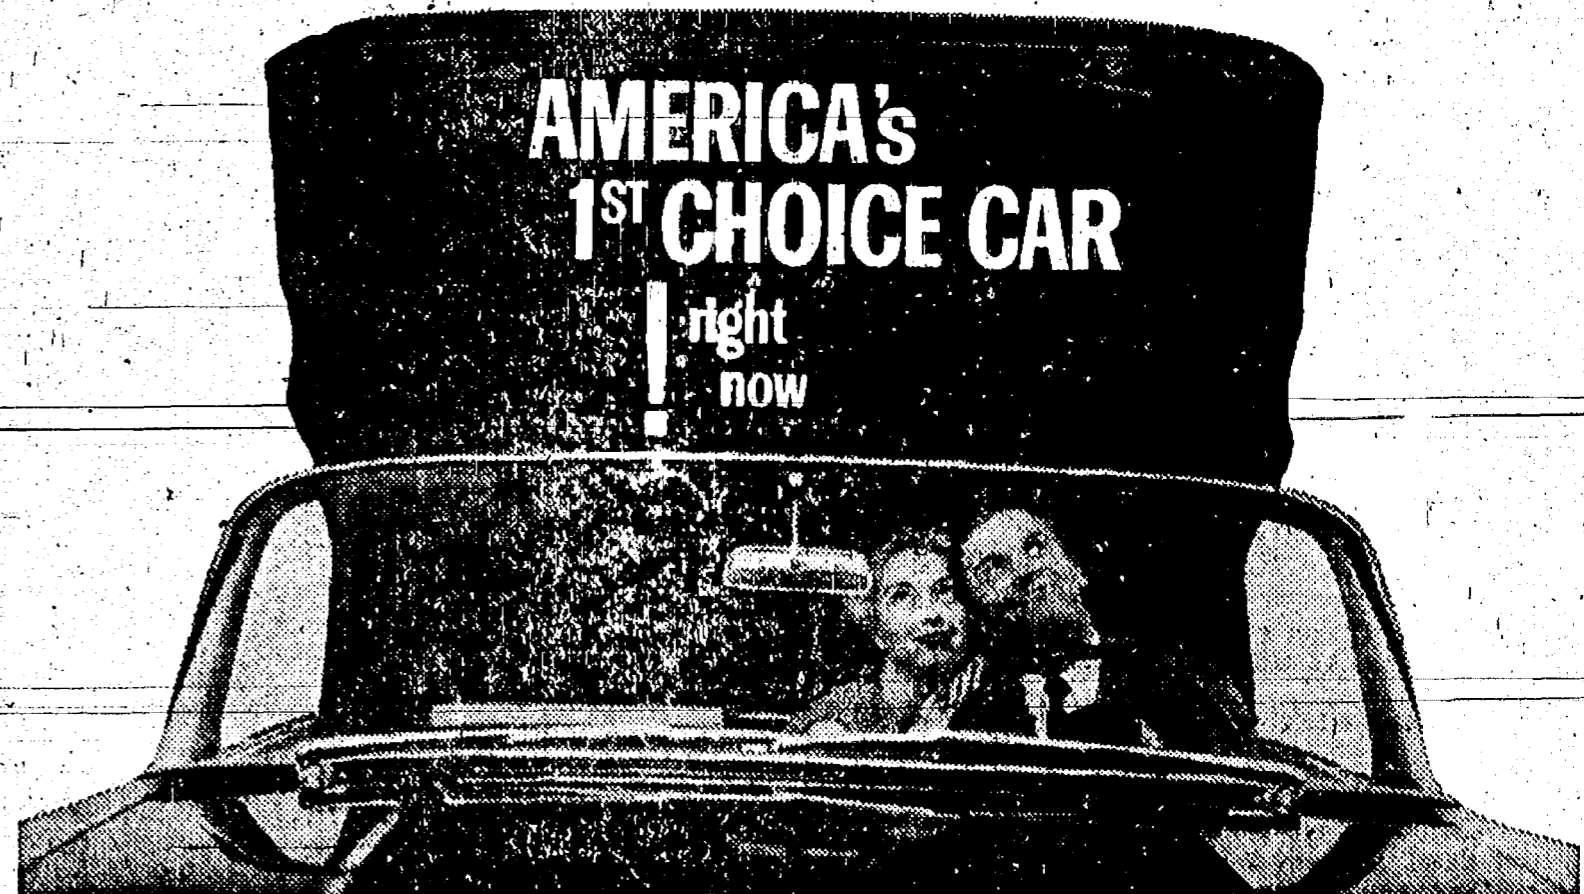

Furthermore, Hare said, Prison Industries, which produces the plates, said they could not now get ready to make them for the 1961 license year.

The 1959 act which called for reflectorized plates in the first place made mandatory that the State Department collect an extra 35 cents each year to cover the cost of the plates, Hare said.

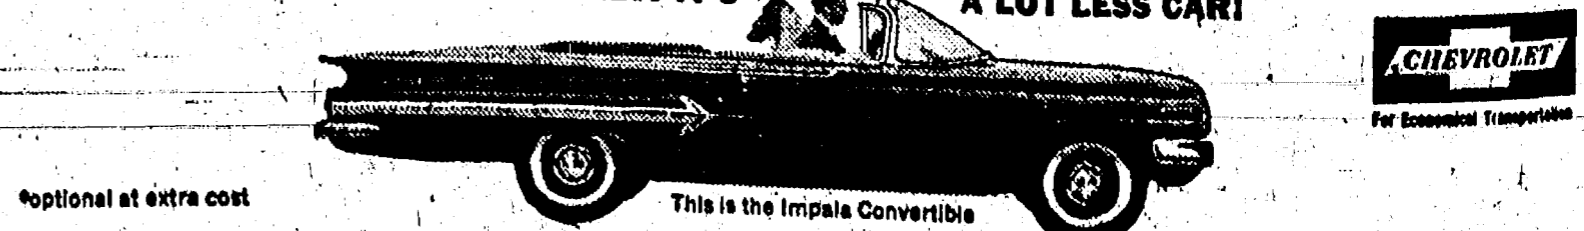

Motorists will get tabs to go on plates issued in 1959—as they did this year—for the 1961 license year. And even the tabs won't be reflectorized, Hare said.

Air Conditioning—temperatures made to order—for all weather comfort. Get a demonstration

why shouldn't you enjoy THE FEATURES THAT MAKE CHEVY

It's a cinch to see why Chevrolet is America's biggest seller for 1960. Look at all the fine features you won't find in any other car of the leading low-priced three: FULL COIL SUSPENSION that cushions your ride with coil springs at the rear as well as up front... TURBOGLIDE, the only automatic transmission in Chevy's field that eliminates even a hint of a shift... up to nearly 3.1 inches more entrance height, three inches more front-seat width in that ROOMY BODY BY FISHER... an EASIER LOADING TRUNK with a new lower sill and a deck lid that's as much as a foot and a half wider. By GOV. G. MENNEN WILLIAMS

Fort Michilimackinac Now Being Restored

Lansing—Great moments of history are being recreated as Fort Michilimackinac is being restored at Mackinaw City. Work on the project, sponsored by the Mackinac Island State Park Commission, is being rushed for completion by the July 4 week-end. I have seen the work under way and believe me I am most enthusiastic.

Probably no other spot has such an historically important past as the area around the Straits of Mackinac. The restoration of Fort Michilimackinac brings back another phase of history and adds to other world famous attractions in that area—the Mackinac Bridge, Mackinac Island and the restored Fort Mackinac on the island.

Fort Michilimackinac was built around 1715 and at once became the crossroads of the Great Lakes fur trade and the military focal point of the north. When the restoration is completed, our Michigan people and our thousands of visitors will be permitted to see an exact replica of the fort built long before our nation gained its independence. They will see a military installation that was standing when the Indians, the French and the British were engaged in wars in this area. Great names in Mich-

igan—Cadillac, Marquette, Joliet and others—knew this territory. The restored fort will serve as a reminder of the confidence, the courage and the faith of those men. Their strength of character, their confidence in the future and their courage to face hardships have been handed down to succeeding generations of Michigan people.

The expenditures for the restoration of these forts—and they are modest—must be considered as investments which boost our tourist industry and enhance Michigan's economy.

As an example, old Fort Mackinac, on the island, has attracted tourists by the thousands. The first year after the restoration, receipts exceeded the \$50,000 borrowed to do the work. In 1959, there were 118,268 paid admissions and last year this figure rose to 183,980. Fort Michilimackinac, I am confident, will have equal or greater success. Not only are these restorations interesting as a part of our state's history, but they instill a greater pride in our heritage as residents of this great state.

The enthusiasm with which these restorations of forts have been

received should serve as a spur to the legislature to provide the funds which will permit progress in the program of placing historic markers. The state has selected and for most, the descriptions have been prepared. What is needed is the money to provide the markers. The rewards are greatly outweighed the relatively small appropriation needed. The next legislature should make this a program for early action.

Michigan's leading position as a manufacturer of boats was reinforced last week when the Wagoner Company announced consolidation of its operations at Cadillac. I have gone through the boat works and it is a fine sight. There had been the threat of losing this industry to a neighboring state, but the people of Cadillac municipal officials, civic leaders joined forces in a fine spirit of co-operation which resulted in keeping Wagoner in Michigan. This is a dramatic exhibition of what team work can do and the development is an expression of confidence in Michigan's industrial future. To the people of Cadillac I extend sincere congratulations.

By FRANK C. MORRIS

Question Arises of Centralized Government

Once again, Michigan Democrats will demand that their national convention adopt a program for centralization of government in Washington with goals paralleling in detail the aims of the dying Socialist party.

Gov. Williams and Walter Reuther, president of the UAW, tried to dictate to the convention four years ago when they demanded that the delegates approve their "Michigan Declaration." They were ignored by the forces which nominated Adlai Stevenson.

Because of space limitations, the daily newspapers skipped this phase of the recent Democratic state convention in Grand Rapids. Reporters and newspaper readers were far more interested in whether the national delegates would swing to Senator Kennedy.

But the new "Michigan Declaration" (the phrase "Michigan Manifesto" was shunned) is as important to every voter in the state as the identity of the candidates of the two parties. It makes clear the direction government will take in America if the combination of labor and "liberals" extends its power from Michigan to the nation.

A common attitude a few years ago was: "I vote for the man, not the party."

But when a political party sets out, with astonishing cunning and dedicated determination, to discard basic principles of American government, every citizen should look first at the party's goals. The charm and wit of candidates should mean nothing.

Maybe a majority of Michigan voters favor a centralized government in Washington on which to depend for their schools, housing, transportation, jobs, retail prices, medical care and hospitalization.

Maybe they believe local and state governments are obsolete.

Fortunately, the people still have the right to make the decision.

But this year, more than ever before, the voters must base their decisions on their knowledge of objectives, not on attractive boyishness or ironic wit. The objectives of the local candidates for the state legislature are as important to every resident as the programs of the national parties.

This year, Michigan Democrats hope to control both houses of the legislature for the first time in a quarter of a century.

So consider carefully the program written for the United States by Williams and Reuther. As published by the Michigan Democratic State Central Committee, it provides:

"End the arms race because we risk a catastrophe of war by accident, blunder or mistake. Include 'Red China' in disarmament negotiations at once. (This would mean recognition of Red China by the United Nations.)"

Full use of the power of the United States government to eliminate racial discrimination in any field. (Does this mean force of arms?)

Recognition of the wave of racial sit-ins as a new and vital and healthy force. (In this statement,

Michigan Democrats differ with former President Truman, who called sit-ins as illegal.)

Abolition of the loyalty oath required for student loans. (Should an American accepting an educational loan from the government be ashamed to swear allegiance?)

Open the gates for immigration. Federally-owned transportation and power facilities throughout the nation.

Increased government spending "just as a wise business man invest now to expand."

Federal control of education, including teachers' salaries.

Socialized medicine, including free diagnostic services, for the policy of the Democratic party to work toward a universal insurance and pre-payment program as the only effective solution to the problem of adequate medical care."

Creation of a Federal agency to supervise urban and suburban problems and housing.

Greatly increased federal funds for housing, transportation, public facilities, etc.

Increased unemployment compensation for 52-week periods. Congress guarantee one-half to two-thirds of regular pay. Every Democratic nominee in Michigan, whether running for local offices, the legislature or Congress, will be committed by year to the "Michigan Declaration."

New Regulation Requires Better Cooling of Eggs

Refrigeration is so important in maintaining quality in the new regulation of the Michigan Department of Agriculture will become effective July 1. The regulation on all eggs being refrigerated on all eggs from a producer from the time of production.

The new regulation makes it mandatory for all persons handling, storing or packing eggs for consumption to maintain eggs under adequate refrigeration at all times.

Temperature must not exceed 50 degrees F. except when being candled, graded, packed or at such times as atmospheric temperature in working area as measured five feet above the floor shall not exceed 75 degrees.

Announcing the new regulation, J. L. Littlefield of the department's foods and standards division, says he feels that consumers will help egg producers get greater return for their eggs at the same time assure themselves a better product.

"The field," quality follows from producer to wholesaler to retailer until purchased by the consumer. Refrigeration is vital in holding the quality of eggs. When some quality goes down to a grade, profits are needlessly lost for the producer and the quality of eggs does not reach the housewife and her family to increase egg purchases.

The new egg regulation is available through the office of the Michigan Department of Agriculture, Foods and Standards Division, Case Building, Lansing.

Clinics Set For Fluoride Application

"Clinics for the application of a 2 per cent solution of sodium fluoride to the crown surfaces of children's teeth to prevent dental decay were started today and will continue through Aug. 18th," said Dr. Otto K. Engelke, Washtenaw County Health Officer.

In the five locations where clinics will be held, more than 1200 children will be given the decay preventive. These applications have been proved to reduce dental decay by 40 per cent, Dr. Engelke asserted.

Clinics will be held in a hall from June 30 to Aug. 18, where 500 children are scheduled for the clinics; in Superior township schools with 100 children, the clinic is scheduled from June 14-23 and in Chelsea from June 27 to July 7 for 128 children. Following this will be clinics in Dexter, July 11-26, serving 204 children and in the former East Ann Arbor area, July 28 to Aug. 6 to accommodate 112 children.

The complete procedure requires four visits. At the first visit, the child's teeth are cleaned and the 2 per cent solution is applied, then on the three subsequent visits, usually only a day or two after the original visit, the teeth are dried and the fluoride solution applied.

Children of pre-school age, second, fifth and eighth grades are offered the opportunity to have the applications, according to Dr. Engelke. He explained that these are the grade levels corresponding to the ages when new teeth erupt into the mouth and the fluoride is offered as early as possible after this occurs.

The clinics will be staffed by two senior dental students, Roy Ettig and Edwin Fuller. Although each community conducts its own clinics under the sponsorship of a local group such as the PTA or other such group, county-wide coordination of the program is afforded by the Health Department.

This is the type of treatment recommended for children who do not have drinking water that contains fluorides. Many communities, including Ann Arbor, are presently adding fluoride to their drinking water to prevent dental decay. These communities have recorded reductions in dental decay as high as 80 per cent, Dr. Engelke declared.

The Michigan State Highway Department made its first traffic survey in 1913 in the Detroit area. The first comprehensive state-wide survey was conducted in 1936.

Ager Seeking GOP Nomination For Prosecutor

William F. Ager, Jr., Washtenaw county prosecuting attorney, has announced that he will seek re-election at the Aug. 2 primaries as a candidate to succeed himself.

A life-long resident of Washtenaw county, he is a graduate of the Literary College and Law School at the University of Michigan.

He is a member of the Ann Arbor Breakfast Optimist club; Knights of Columbus; American Legion; Washtenaw Michigan and American Bar Associations; and National Association of County and Prosecuting Attorneys.

He is a past governor of the Loyal Order of Moose and a former Republican ward and precinct chairman and former member of the Ann Arbor City Republican committee.

He is a veteran of overseas combat service in New Guinea and the Philippines during World War II.

Ager served as assistant prosecutor from 1936 until 1938 and has held the office of prosecuting attorney the past two years.

In announcing his candidacy, Ager made the following statement:

"If I'm elected I will sincerely endeavor to continue and strengthen the harmonious working relationship between the prosecutor's office and the various law enforcement and social agencies within the county for the protection of the citizens of Washtenaw county."

In 1958 when the voters of Washtenaw county elected me to the office of the Prosecuting Attorney, I pledged myself to energetically, honestly and impartially fulfill the administration and law enforcement duties of the prosecuting attorney. An examination of my record will prove that I have fulfilled this pledge and justified the confidence placed in me by the citizens. In announcing my candidacy for re-election to this office I reaffirm this pledge and further promise a continued administration based on integrity, performance, ability and a fair and impartial enforcement of laws of the State of Michigan."

FEATHERED FRIEND OR Foe—With a piercing glare and hunched back, this osprey struck a rather ominous pose for Conservation Department photographer Robert Harrington. Despite its hostile appearance, the osprey is considered harmless. His call is surprisingly meek, similar to the "peep" of a small chicken. He is found throughout the state during the summer, but apparently not in large numbers. Since his diet consists solely of fish, the osprey or fish hawk, as he is appropriately called in America, is never found far from water. Unlike other birds of prey, the osprey uses only his trap-like feet for catching its victim.

Conservation Reserve Makes Impact on Farm Crop Surplus

Going into the 1960 crop season, the conservation reserve is having a substantial impact on the acreage and production of surplus crops, reports Max M. Kalmbach, chairman of the Washtenaw county ASC committee.

With approximately 300,000 contracts in effect nationally, and more than 28 million acres under contract, cropland which has been contributing heavily to the surplus build-up in recent years is being withheld from production and devoted to conservation uses under long-term contracts.

During the 1959-60 period, Kalmbach reports, farmer participation in the conservation reserve more than doubled. The acreage of cropland withheld from production almost tripled, and the percentage of "whole farms" under contract grew to more than two-thirds of the total.

In Michigan, more than 12,000 conservation reserve contracts have been approved. Approximately 750,000 acres of eligible land are in the conservation reserve. An allocation of \$10,420,000 has been allocated for the annual and practice payments on the acreage in the conservation reserve.

In Washtenaw county, 9,603 acres are in the conservation reserve. This acreage has been placed in the conservation reserve by 161 of Washtenaw county farmers. Approximately \$143,054 will be earned by Washtenaw county farmers if they carry out all of the requirements of their conservation reserve contracts.

Under the conservation reserve, farmers voluntarily take land out of crop production by placing it under contract for a period of years. The contracts call for the land to be devoted to an approved conservation reserve use such as trees, grass, water storage or cover beneficial to wildlife. Only cropland is eligible for the conservation reserve. Generally, it must have produced a crop or been

in a regular crop rotation during the year immediately preceding the first year of the contract.

Land in the conservation reserve is held out of production to help ease the farm surplus situation and keep it in conservation reserve uses to meet future needs.

During the life of a conservation reserve contract, no crop may be harvested from the conservation reserve acreage. The land may not be used for grazing and no new land may be placed in cultivation. If there is additional cropland on the farm which is not in the conservation reserve, the total crop acreage must be reduced by the amount of the conservation reserve acreage.

A farmer who placed all his cropland in the conservation reserve may continue to live on the farm, maintain a home garden and continue the use of any permanent pasture or orchard land located on the farm.

When Soil Bank participants do not fully comply with the provisions of their contracts, they are subject to adjustment to their payments or possible loss of the entire payments with the assessment of a civil penalty equal to 50 per cent of the payment that could have otherwise been earned.

In Washtenaw county, there have been six violations reported since the program began in 1956. In the first four years, there was withheld \$969,16 in those cases where violations of contracts were actually established.

Warning Issued Against Sale of Giant Sparklers

Giant sparklers, one of the most hazardous devices appearing in Michigan, are singled out in a warning on illegal fireworks to merchants and residents by the fire marshal division of the State Police.

Reports of unlawful and dangerous fireworks being stocked up by merchants prompted the caution by Captain Glenroy Walker, chief of the division at East Lansing headquarters.

Risks of arrest and personal injury confront those who involve themselves in the sale, possession or use of illegal fireworks. Violation of the law is a misdemeanor punishable by a fine of \$100 or 90 days in jail, or both.

Virtually all fireworks are illegal in Michigan, regardless of type and size, except that qualified organizations, upon proper application for the issue of a permit, can possess and exhibit fireworks for public display, Walker said.

Legal only for individual use are the caps for cap pistols and the small sparklers containing not more than .0125 of a pound of burning elements. The oversize sparklers burn fiercely, are unpredictable and constitute a definite fire and injury danger.

Bible Verse To Study

"The grass withereth, the flower fadeth; but the word of our God shall stand forever."

—by CARL HELM

From my front porch...

"...I watch the world go by."

"Oh, if I could only think of something different for supper tonight!"

How often the harassed housewife wishes she could. Now she can! Meals that are really different, menus to become the talk of the neighborhood, are possible, with a bit of daring.

Begin with a choice of four soups: bird's nest, kangaroo tail, alligator, or shark's fin.

Then, how about a sizzling platter of fried ants, with side dishes of fried butterflies or caterpillars? Or fried grasshoppers?

The man of the house might relish something meatier, though. Octopus, smoked or on a skewer? Maybe iguana in mole sauce? For dessert, a choice of baby bees, silk worms, or cherry blossoms.

Different, alright, and people eat them! There's a table delicacies store in New York doing a brisk business in such imports from Japan and Mexico, and they're not too expensive.

So what's for supper tonight, dear lady? Steak and spuds? Fine! (But if anyone really hankers for fried ants, etc., I'll supply the store's address!)

CONSUMER INDEX HIGH

Rising food prices lifted the Consumer Price Index to another record in April—four-tenths of 1 per cent higher than March, and almost 1 per cent higher than a year ago.

The index measures changes in the prices of a selected assortment of items and services for which city wage-earners typically spend their income.

Zeeb Road Closed to All Thru Traffic

Washtenaw County Road Commission announced this week that Zeeb Rd., between Dexter and Jackson Rd., will be closed to through traffic because of contractors working on reconstruction of Highway US-12 (Interstate 94).

Initial plans call for a temporary detour on this portion of Zeeb Rd. without blocking off the whole section. However, complications arose when it was found that the planned detour route went through a low, swampy pit where the contractor will need to get granular material for a road bed. This route had to be abandoned.

In seeking the second route along one of the highway ramps it was found that a concrete box culvert would need to be built. Then the concrete would require curing time and the highway construction would have been delayed considerably.

An agreement was reached between the Michigan state Highway Dept. and Washtenaw County Road Commission whereby a temporary road along Delhi Rd. will be used.

Michigan State Highway Department has refinanced Delhi Rd. with gravel and will keep it coated with chloride at regular intervals.

Proper signs have been placed along Jackson Rd. and Dexter Rd. indicating the new route as "Temporary Zeeb Rd."

Observing Simple Swimming Rules Will Cut Deaths

Ann Arbor—An estimated 7,000 people will drown this year in the United States, some 300 of them in Michigan alone.

Most of the individuals who become part of these dismal statistics will do so because they fail to observe 16 simple rules for swimming, reminds Edward J. Slesak, supervisor of aquatics in men's physical education at the University of Michigan.

To live longer—while enjoying the popular sport of swimming, says Slesak, everybody should:

1. Learn to swim.
2. Never swim alone.
3. Refrain from swimming too soon after meals.
4. Enter the water gradually.
5. Insist on lifeguard protection whenever possible.
6. Value the protection of others, and never call for help unless needed.
7. Listen to instructions.
8. Observe all beach and pool rules and regulations.
9. Have a boat and two good swimmers escort long swims.
10. Enjoy the sun, but avoid sunstroke.

The oldest printed book is the Constance Missal printed by Johann Gutenberg about 1450. The first printing in the Western Hemisphere probably occurred about 1539 in Mexico City with the first printing in the United States beginning in 1838 at Harvard Academy in Cambridge, Mass.

GOLDWATER'S CHOICE

Senator Barry M. Goldwater of Arizona has said that if he were not chosen as the Republican Vice Presidential nominee he would like to see the nomination go to Thurston B. Morton, the chairman of the National Committee.

Senator Goldwater said he would accept the nomination if it were offered, but that he did not think it would be.

KING-SIZE CATCH!

Anna, Ill.—Fishing in a farm pond, Bob Davidson landed his biggest "catch" yet—a 1,000-pound Hereford cow!

Davidson was casting into the pond when he heard a bellow behind him. The cow had wandered up and was browsing around his tackle box. The next thing Davidson knew he had the cow on his line and had to call a veterinarian for help in unhooking his king-size catch.

Mackie Says Tourist Travel Will Jump 50 Per Cent in '62

East Lansing—Tourist travel will increase 50 per cent in Michigan during the first full year the state's new freeway system is in operation in 1962, State Highway Commissioner John O. Mackie predicted recently.

Mackie told a meeting of the Michigan Natural Areas Council at the Michigan State University that "few people in Michigan realize the vast changes this modern highway system will make in tourism and recreation."

He said the new road system, which will include a freeway from the Michigan-Ohio state line to Sault Ste. Marie, will bring 40 million Americans within a day's drive of the Mackinac Bridge.

At the same time, it will reduce by one to two hours the driving time from populous areas in Lower Michigan to the Upper Peninsula and northern part of the Lower Peninsula, he said.

Mackie predicted the billion-dollar-a-year level "shortly thereafter."

Last year more than 10 million tourists—half of them from out of the state—spent about \$650 million while vacationing in Michigan.

"These increased tourist volumes in northern Michigan will require new emphasis on conservation of natural resources and increased support of conservation programs," Mackie said.

He said the State Highway Department is working closely with the Conservation Department in an effort to preserve or possibly improve the natural recreational resources in areas where new freeways are being built, especially in northern Michigan.

Mackie said the Highway Department will acquire about 40,000 acres of right-of-way during its current, five-year, one-and-a-quarter billion dollar road building program.

"Obviously, these freeways cannot all be built without moving billions of cubic yards of earth and bridging hundreds of streams that traverse not only private but public land," Mackie said.

Mackie said that from time to time it will be necessary to acquire some park and recreational land to build new highways.

"I can only say that when this is done, it will be done only after thorough study, and that in many cases the new roads we are designing can be expected to open up and to add to Michigan's park and recreation possibilities."

Emergency Meals May Be Kept In Home Freezer

Emergency meals are right behind your freezer door. Mary Coleman, foods and nutrition instructor at Michigan State University, says prepared dishes, meat and fish can be frozen with unexpected guests in mind.

Foods such as spaghetti sauce or chili require a rather long cooking period. Next time you prepare them, double or triple the recipe, then pack the extra into the freezer.

Miss Coleman cautions about freezing foods with salt and spices. Plan to use them within three weeks, since flavors tend to change when stored over a longer period.

Dinner "extras," such as baked rolls and ready-to-bake fruit pies, may be "on hand" in the freezer, too.

Hamburg is a favorite food, and ground beef is a handy freezer item. Make it into patties before freezing so it can go directly from freezer to frying pan. Remember to slip freezer paper between the patties so they will separate easily.

Turn those plain hamburgers into a "specialty" by putting a can of condensed mushroom soup over the patties just before cooking. Complete the menu with buttered noodles, cooked carrots and tossed green salad.

For quick cooking, don't ignore fish. Frozen whitefish may be brushed with butter, sprinkled with salt and paprika and baked for 30 minutes in a moderate oven. Complement the fish with parsley potatoes and tomatoes.

My office was able to put him out of business in Michigan. But my investigation discloses that when given out of one business, such as civil service training, the diploma mill quickly shifts to another operation, such as jet mechanics training, air hostess training, meat-cutting schools, and so on.

There is a quick and easy way of protecting yourself from educational frauds. Before signing or paying anything, find out if the outfit is listed with the Superintendent of Public Instruction of the State of Michigan as an accredited institution. Call his office or mine. We'll be glad to check.

Your money and your youngster's future are too important, to the State of Michigan, to pour down the diploma mill drain.

Combine Flowers, Vegetables if Garden Is Small

If space is limited but you want to grow both flowers and vegetables, just combine them in the same garden.

Such a combination garden is actually has been used commonly since colonial times, according to Fred Widmoyer, extension specialist in horticulture at Michigan State University.

Large vegetables and flowers are usually omitted from this type of kitchen garden. Corn potatoes and many of the root crops such as turnips and parsnips, as well as phlox, large zinnias and other bold plants don't fit in well.

Lettuce, parsley and radish combined with sweet alyssum, dwarf marigolds, ageratum and dwarf petunias can make a very decorative border for a small kitchen garden.

Plant these in groups as in every other garden plan with masses of flowers between the vegetables, Widmoyer suggests. For example, sweet alyssum planted next to a mass of dark green parsley makes a very pleasing picture with good contrast.

In a small garden, radishes and carrot seeds may be planted in the same row or hole. About the time the radishes are ready for harvest, the carrots will need thinning, so both thinning jobs can be done at the same time.

Since carrots are classed in the medium-sized group, such flowers as petunias, French marigolds and snapdragons can be combined with them effectively.

Towards the back of the garden, tomatoes may be grown on decorative trellises with lilliput zinnias and asters planted between them. Tomatoes are very effective and decorative when grown on trellises which can be easily made.

Widmoyer says a good type of bamboo trellis can be made by tying three cross-members to bamboo uprights approximately 18 inches apart. Trellises can be painted to match the house or surroundings or to contrast with the green tomato leaves.

Although corn is not recommended for these small gardens, some still insist on planting it. If so, then take a cue from the early colonists: who used the corn to support other plants, particularly beans and peas. They planted a few seeds around each hill of corn so the beans would spiral around the corn stalks. Although not generally advised for the average gardener today, you may find it pleasing in your miniature garden, in addition to being practical.

Many of the vegetables planted in a small garden will be used as they mature. In this case, it is wise to have a small area where plants can be started for transplanting to the garden as "holes" occur.

For example, lettuce plants can be transplanted to replace onions and lettuce. Seedlings of marigolds or ageratum may be used, too. Or, you might try growing your own herbs for use in favorite recipes.

APOLOGETIC THIEF

Moore, Okla.—"I'm sorry to do this, but I can't find a job, and I left my local grocery store."

The owner reported that 12 gallons of ice cream, 16 pounds of frozen vegetables, 42 pints of frozen fruit, and bacon, coffee, corn flakes, and a can of dog food had been stolen from the store.

There was no explanation for the 48 cans of motor oil and 18 boxes of razor blades that also were carried away.

FLYING HIGH

London, England.—If her plans work out, Mrs. Anne Burns, of London, will be the first person to glide over the top of Mount Everest, highest peak in the world, in the Himalaya Mountains of Asia.

Mrs. Burns will make the attempt with the help of her husband, who will fly an airplane to tow her glider aloft. She is a veteran glider pilot, holding most of the British women's records.

FOUR MILE LAKE

Mr. and Mrs. Alvin Wahr and family, of Helm Rd., were Sunday dinner guests of her parents, Mr. and Mrs. Ezra Heisinger. Mrs. Wahr prepared the dinner.

Mr. and Mrs. Robert Weidman of Muskegon were week-end guests of Mr. and Mrs. Henry Engelhart and Mrs. Mata Lucht. Sunday afternoon visitors were the Misses Weidman and Engelhart.

Mrs. Janet McCalla of Ann Arbor is assisting at the Charles Powers home.

Mr. and Mrs. William Wierich spent Saturday at Maumee, O. The latter's mother, Mrs. Mary Reames, of Gregory, is spending this week with them.

Mrs. John Fischer and Mrs. Harvey Fischer and son, Marvin, were Sunday afternoon visitors of Mr. and Mrs. David Fischer and family of Hamburg.

Mr. and Mrs. Earl Odum of Ypsilanti were Sunday dinner guests of Mr. and Mrs. Richard Adon and son.

Mr. and Mrs. Jerald Heydlauff and family and Anne Heydlauff attended the Washtenaw Farm Council barbecue Sunday on Saline, Ann Arbor Rd.

Mr. and Mrs. Burton Wright entertained at a picnic dinner Sunday in honor of their daughter, Judy Nell, who celebrated her 14th birthday. Guests present were Mr. and Mrs. Floyd Gentner, Mr. and Mrs. Frank Adon, Miss Nell Merman, Mr. and Mrs. Gary Wright and family, all of Chelsea; Mr. and Mrs. Ronald Gentner of Ypsilanti, and Mr. and Mrs. Donald Wright and daughter and Mrs. Alan-Elsasser and son, of Dexter.

Washtenaw Registers Total Of 5,320 Trailers

Of the 5,320 trailers registered in Michigan, 5,320 are listed as being in Washtenaw county, according to records of the Michigan Department of State.

James M. Hare, Secretary of State, pointed out that registrations of both light and heavy trailers are increasing at a much greater rate than are passenger vehicles.

"There are a good deal more than twice as many trailers on the road today as there were 20 years ago," Hare said. "In the case of heavy trailers this may be an indication of the increased use of motor transport over rail by many shippers and in the growing popularity among many motorists of using light trailers for hauling camping, cottage, and suburban supplies."

Trailers registration fees collected through the first four months of 1960 were almost a half million dollars above those of the same period in 1959.

Hare predicted that the use of personal trailers would continue to rise during the next decade.

"Many of Michigan's hundreds of thousands of new watercraft owners are going to tire of exploring their own lake and get the urge to put their boats on trailers in search of new adventure in other Michigan waters," Hare said. "The growing number of boat launching sites on our Great Lakes and on our smaller lakes seems to make this trend inevitable."

Personals

Mrs. W. L. Geer and son, David, left Monday for Sacramento, Calif., where they will make their home with Mrs. Geer's daughter, Mrs. Lloyd Romina.

Linda Kay Hale is spending this week in Flint as the guest of her uncle and aunt, Mr. and Mrs. Earl Spilberg.

Mrs. Helen Lentz Huelberg, accompanied by her sister, Nadine, left Tuesday for Norfolk, Va., where she will be making her home with her husband who is now stationed there with the U. S. Navy. He was formerly in California. Mrs. Huelberg's sister will return Saturday by plane.

Teaching certificates issued by the University of Michigan have doubled in number in the last five years.

State Park Users Not Required To Have Entrance Stickers This Year

Lansing—Michigan park users will not be required to have entrance stickers for their vehicles this year, the Conservation Commission ruled during its June 9 meeting at the Higgins Lake conservation school.

The state's new parks permit law calls for annual \$2.00 and daily 50-cent sticker fees to retire a bond issue which will finance parks improvements and land acquisition, goes into effect August 17.

However, the Commission felt it would be unfair to charge fees at this late point in the parks season. No date was set as to when the sticker requirement would begin in 1961.

Commissioners need more time to study a detailed report prepared by Conservation Department parks officials before they decide at which parks or portions of parks stickers will be required when collection does begin. The report itemizes each park's general attendance, camper days, facilities, its expected revenue from stickers and other information.

The Detroit law firm of Miller, Canfield, Paddock and Stone was chosen to work out legal details of a bonding program, subject to approval by the Attorney General. An attorney representing the firm recommended that the Commission undertake a conservative program at the start, explaining that higher interest rates are charged on the first issue.

The permit law provides for a bond issue not to exceed \$5,000,000 during the 1960-61 fiscal year. Not

more than \$1,000,000 may be spent to acquire land with the remainder to go for capital parks improvements.

The Commission cannot formally adopt a bond resolution listing proposed land purchases until August. The resolution must have legislative approval and since the legislature is adjourned, it probably will not receive final action until sometime in 1961.

PERSONALS

P. D. and Tim Quick of Columbus, O., are spending a week with their grandparents, Mr. and Mrs. Henry Thierman at Cavanaugh Lake.

Mrs. E. E. Wyssenbach of Wichita, Kan., is leaving tomorrow after spending six weeks here at the home of her daughter and family, Mr. and Mrs. Francis Smyser, Sharon and Francis.

Miss Marguerite Eisen of Detroit, spent Saturday here with her aunt, Miss Lillie Wackenhut.

Mrs. Henry Heim and her grandson, Lee Harvey, returned home Wednesday by jet plane from Boron, Calif., where they had spent five weeks visiting Mrs. Heim's daughter and family, Mr. and Mrs. Keith Lightner and children. Mrs. Heim returned a week earlier than she had originally planned in order to attend the 50th anniversary of her class at the Chelsea High school alumni banquet Saturday night.

NEWS & VIEWS

In 1950, Director Stanley Donen made a movie with Fred Astaire titled, "Royal Wedding." He was allowed to use some film from the actual wedding of Queen Elizabeth on condition that the film be called "Royal Wedding" in Britain. It might be a good idea to release this movie now, in America.

Marriage has been good for Barbara Rush. Her salary has doubled since she said "I Do" to Warren Cowan last June.

Bobby Darin, a "bomb" in Britain—over there that means he was a success—has signed a \$300,000 deal for Miami, Las Vegas and New York City.

Merle Oberon has been offered \$500,000 for her collection of Renais, Van Goghs, Manets and Boudins—given her by her late ex-husband Alexander Korda.

But Merle isn't selling. She's rich in her own right.

The Perry Comos, with two adopted children, will take on two more. Oldest son Ronnie attends college and does not plan a career in show business.

Shirley MacLaine goes all-out with everything she does. Now on an oriental splurge, Shirley's guests must take off their shoes when they enter her house, then slip into a kimono, after which they take tempura and suki-yaki.

Today's picture review:

CHANCE MEETING
In "Chance Meeting," a British import, a poor, rather rambunctious and somewhat seedy young artist is accused of murdering a glamorous, slightly older woman of quality who happens also to be his mistress.

Caught apparently red-handed by the police in the murder apartment, the story is told in flashback form; it is a well-paced, well-told story. Interest never lags for one instant, right up until the end of the film, when there is a very neat and surprising twist to the tale.

Hardy Kruger, a German-born actor of much talent and appeal, plays the part of the murder suspect. Micheline Presle is his dear, beloved, and she brings both beauty and glamor to the role. Stanley Baker turns in a fine performance as the bulldog detective.

Extra Caution with Boats Will Prevent Many Tragedies

Lansing—More than 2,000,000 boaters will enjoy Michigan waters this year motoring, sailing, rowing and paddling their way to outdoor sport.

For some too many sudden tragedy will shatter their fun; that is, unless there's a reversal from last year when more than 300 drownings were reported in the state. Most of the victims were boaters.

One word explains the majority of these fatalities—carelessness! Can this toll be cut in 1954? Certainly it can. Will it? That question must be answered by boaters. State regulations provide the basic framework to safety but they are only as effective as boaters make them.

The adage, "an ounce of prevention is worth a pound of cure," may sound hackneyed but it sure packs a lot of truth in boat safety. There is no cure for a lost life.

Taking first things first in accident prevention, you should be sure that your boat is in seaworthy condition. After being "dry-docked" over the winter, it may have developed leaks or other defects from drying and rotting. Likewise, motors should be tuned-up and other gear should be checked. Because boats are normally exposed to all types of elements—sun, dampness and aquatic growth—it's wise to make periodic safety checks throughout the boating season.

How your boat should be equipped depends upon its size and type and where it is going to be used. Every boat, however, needs an anchor and one life preserver per passenger.

All inboard motorboats are required to have a fire extinguisher, either built-in or portable. Although most outboards don't come under this regulation, it makes good sense to include portable extinguishers as standard equipment. Extinguishers should be placed where they will be handy at all times because the first few seconds in fighting fires are usually the crucial ones. Carbon tetrachloride extinguishers and other toxic vaporizing-liquid types are not recommended and will be banned as approved equipment in 1962.

Many fires and explosions can be prevented if boaters will take time to ventilate compartments and check machinery and fuel systems before starting the motor. Motor and sail boats should carry paddles or oars to allow for emergencies. Flashlights, box compasses, first aid kits, tool kits and reserve fuel supplies are worth keeping aboard, again depending upon the boat and the type of outing planned.

Good housekeeping is a must in

boating and it pays to heed the old seaman's saw, "a place for everything and everything in its place." By keeping your boat ship-shape you will curb the chance of fire and other accidents.

Before shoving off, several other precautions should be taken. When possible, obtain a map of the lake and acquaint yourself with its bottom contours, shore outline, depths and other features. Study the meanings of buoys—what they mark and what their markings indicate. Learn the various distress signals. You may need help later or others may be signaling for yours.

Instruct at least one passenger on the rudiments of boat handling just in case something should happen to you during the trip. Check on the weather forecast for the day and take a reading from the sky. If thunderstorms or high winds are scheduled or threaten, take a raincheck and stay ashore. The same holds true if you've been eating or drinking recently. In boating, food and alcohol don't mix with water.

If the weather is agreeable and you're feeling hale and hearty, it's time for all aboard. Don't jump into the boat. Keep the dock lines tight and have someone steady the boat while you get aboard. If there are a few things yet to be loaded, wait until you're aboard and then let someone hand them to you.

A good deal of your boat's performance is governed by how it is loaded. Don't crowd your boat. It will only carry so much weight; you should know and respect its capacity. Balance the load by distributing passengers and gear evenly, from side to side and from bow to stern.

The expression "don't rock the boat" certainly merits repeating. Standing up or changing seats in a small boat are marks of the land lubber and good ways to get a dunking or cause an accident. Even in larger boats, persons should change positions only in shallow water where a sudden mishap will not endanger lives.

In boating, as in driving, there are Rules of the Road to follow. Failure to observe them has been the greatest single cause of collisions. Although these rules vary somewhat according to the waters involved, there are a number of basic ones which apply everywhere. Common sense and common courtesy go hand in hand with these rules and boating fun.

Michigan waters afford ample room for everyone to keep a safe distance from bathers, fishermen and other boaters. This is particularly important when towing water skiers.

One thing there isn't room for, of course, is overcrowding. Reckless, grandstanding capers are no measure of skill. Such vain antics not only spoil the fun of others but, more important, also invite accidents.

Expect the unexpected. Don't overestimate your prowess as a boater or the ability of others. In a certain sense, drive for the other guy. Watch for driftwood, shoals and other obstructions that can damage your hull or propeller or capsize your boat. After dark, use a light to prevent collisions. Better yet, restrict your trips to daylight hours.

Here's another good rule to follow. Don't venture so far from shore that you can't return ahead of a sudden storm. Many of the state's larger lakes become treacherous without much warning. If you get caught in a storm, order all passengers to set on the floor boards, then head into the wind and waves at a low speed. Should the engine stop for any reason, drop the anchor, let out plenty of line and lay low until the storm has blown over.

Panic is a friend of fatalities. If your boat should capsize and remain afloat, stay cool and stay with it. A floating craft will support many persons clinging to its sides and it is easier to spot by plane or boat than individuals swimming to shore. Attempt to swim to safety are too often unsuccessful.

The Way the Ball Bounces

With Tom Johnston

It was a warm and muggy night in New York as Patterson lifted the title from the man who took it away from him. Promoters announced the paid attendance at \$1,892. Some 5,000 fans were turned away because all the upper stand five-dollar seats had been sold. A near riot followed as the fans attempted to break down the gates. The official gross gate was given as \$824,814.07.

Floyd Patterson says he will live up to terms of the contract and give Ingemar Johansson a return fight. He says the bout would be held somewhere in the United States within the next 90 days.

Floyd said he figured he had his opponent before the fifth round, but after the second knockout when Johansson lay there kicking—"I don't figure then that was going to get up."

Ingemar Johansson refused to see newsmen in his dressing room after the fight. His adviser—Edwin Ahlqvist—did the talking for the former king. Ahlqvist said that when Patterson got in a good punch, "He followed it up—that was the difference." Johansson still appeared groggy when he left his dressing room. When asked if he would fight Patterson again, he answered, "I don't know."

Youthful Bill Fugazy—the supervising director of Feature Sports—says his organization would like to promote the third match.

But Fugazy says the fight will not be held in New York unless the Police Department "gives the public, the boxers and the organization the police protection they needed."

Fugazy was angry at the lack of police protection in handling the crowd that he estimated at close to 45,000.

He said the gross gate would be close to \$800,000.

Ralph Goodell of Kansas City set the pace for qualifiers for the PGA championship next month. Goodell, playing at Springfield, Mo., fired a course record nine under par 61 and had a 36 hole total of 133.

Gus Salerno of Larchmont, N. Y., led the New York section with a 140 while veteran Claude Harmon, Mike Fetschick, Mickey Homa and Bob Watson missed out.

Frank Stranahan was one of the six qualifiers at Akron, O.

"Slide, Kelly, Slide." For decades no matter who the baserunner... the cry was always the same.

Kelly was Mike Kelly... king of baseball... the Babe Ruth of the 1880's. Few could slide like Kelly... fewer yet could match his audaciousness.

Kelly's escapades are numerous... but there was the day he was on Cap Anson's Chicago White Stockings when they were playing Detroit.

The score was tied in the ninth. Mike beat out a bunt... moved on to second on a walk to Ed Williamson. Next came a double steal with Kelly sliding into third on the seat of his pants... true to his trademark.

But then, the King rolled on the ground... loudly groaning. Time was called as Kelly, gripping his arm, struggled to his feet and staggered toward Williamson at third.

"It's thrown out of joint, Ed," he yelled. "Take hold and pull." But there was an almost imperceptible wink from Kelly. As they went through the motions and Kelly groaned appropriately, instructions were whispered.

Play was resumed a few minutes later with Kelly apparently recovered. On the first pitch, the screwball catcher took off on an

apparent attempt to steal home. But he came in agonizingly slow. Williamson, meanwhile had gone from second to third and was starting for home. With the Detroit catcher impatiently waiting, Kelly finally approached the bag. But as he reached out to touch him, Kelly spread his legs and Williamson dived through. The catcher already was committed to the tag and could only look helplessly as Williamson made the score.

Kelly also could pull some tricks on defense. In those days a substitution could be made at any time simply by notifying the umpire.

Kelly, watching from the bench in one game, could see the playing catcher couldn't reach a foul fly. Kelly yelled: "Kelly now catching for Boston," then jumped off the bench and grabbed the ball.

And he did all right in the outfield. There was the time he was in right field with the game tied in the 12th inning. It was twilight and the game was sure to be called after another batter. But the other team had the bags filled with two-out and a hit could win the game.

The batter smashed one into right. As it faded into the dusk, King Kelly jumped into the air, grabbed with both hands, then ran to the clubhouse. The umpire yelled: "Three out. Game called on account of darkness."

But a grinning Kelly, rubbing empty hands, entered the clubhouse with this comment—"It went a mile over me head."

Study Shows Freeway 4 Times Safer

Lansing—Michigan's new freeways are more than four times as safe as the old highways they replaced, a new Michigan State Highway Department study has revealed.

Earlier studies showed freeways were more than three times as safe as conventional highways.

The Highway Department's latest quarterly comparison of accident rates showed a 78 per cent decrease in the number of accidents on 212 miles of new freeway compared to the 224 miles of old highway they replaced.

The study showed that 378 accidents occurred on the freeways compared to 1,601 on the old sections of highway.

Statistically, this means that for every 1,000 accidents on the old highways, there were only 22 on the new freeways.

There were 78 per cent fewer casualties counted in the same study—228 on the new sections compared to 831 on the old routes. Of these, six lost their lives on freeways and 33 were killed on the old highways.

The study covered rural sections of freeway and was for a period of 12 months on 156 miles of freeway and for periods of three and six months on the remaining 65 miles.

CARD OF AGED
Rehabilitation services to assure a maximum of personal independence for aging persons are described in a pamphlet just sent out by the National Advisory Committee for the White House Conference on Aging.

Delegates to the fifty state conferences on aging are being asked to consider this fifty-nine-page pamphlet with a view to making recommendations to the national conference to be held January 9 to 12, 1955.

Willis Resident Seeks County Treasurer Post

Sylvester Blassak, 10450 Talladay Rd., Willis, has announced his candidacy for the Democratic party nomination for the office of County Treasurer.

He has been a resident of Augusta township for 38 years. He attended Lincoln Consolidated High school and the Ford Trade school. He also served in the army during World War II. He has been a farmer and an employee of the Ford Motor Co. for 25 years. Currently, he is employed in the non-productive material records and procurement department of the Ford Motor Co. at Monroe. He is a member of St. Anthony's Catholic church, Belleville, a member of the Usher's club, Holy name Society, Dad's club, and of the St. Vincent De Paul Society.

He organized the first Scout troop at St. Anthony's and became the troop scoutmaster, was chairman of the troop committee and institutional representative.

Blassak was a member of the Knights of Columbus and the Polish National Alliance. He has been an executive committee member at Catholic Central High school, Monroe, for the past three years and is the president of this committee this year. He is married and has two sons and a daughter.

Standards Contributed For Girl Scout Flags

When Chelsea Girl Scouts begin their fall activities, each of eight troops who were presented new 50-star flags by the VFW Auxiliary here in May, will have new wooden standard on which to display the flag.

Jack Musser and William B. shop instructors at Chelsea High school, were commended by James Windell, Chelsea Girl Scout Neighborhood chairman, and Scout leaders, for assuming the responsibility of constructing flag standards.

Boys' Girls' State

(Continued from page one)

boys elect city, county and state officers; learn how to draft and enact them into laws, then force and administer the laws for they are passed.

In addition, the youths attend lectures on subjects covering widely scattered fields as criminal and civil law, conservation, traffic safety, juvenile delinquency, law enforcement.

The strictly timed schedule calls for a full program of lectures and cultural opportunities. "Volverine Boys' State" will conclude today.

The NATIONAL OUTLOOK

★ The Cost of Consumer Credit

No one likes to pay an exorbitant rate of interest on a loan or borrowed money, nor to see any one else forced to do so. Yet tens of thousands of persons are paying such rates constantly without even being aware of it. It is to eliminate this lack of knowledge that Senator Paul Douglas (D-Ill.) has introduced a bill requiring that all charges on installment credit and personal loans be stated as a simple interest item—6 or 8 or 10 per cent, or whatever it may be.

The lack of awareness by borrowers of what they actually are paying arises in many instances from the failure of the lender to indicate the difference between a cash and a time purchase price (generally, this probably is because the purchaser does not even inquire), and in many instances because of the manner in which the charge is stated.

For example, if one borrows \$1,200 for one year at 6 per cent and has to pay back \$100 a month, his real interest charge is not 6 per cent but about twice that.

This is because under these circumstances the borrower does not have the use of \$1,200 except for one month—the first month—and each month thereafter the amount he has left of the loan declines \$100. Yet when he has only \$100 of the loan remaining his dollar interest charge is the same as when he had \$1,200.

That is the simplest example of interest rate distortion, but even it would not be especially easy to correct, and its correction would not accomplish the objective of the Douglas bill. The Senator is after the complicated cases and believes if the real charge was known by the borrower we would have less use of such credit.

Now installment credit is expensive, and even under the best of circumstances has to cost substantially more than other forms of credit. In the case of a single payment loan, for example the borrower may drop by the office of the lender or mail him a check in payment of the loan. If the lender is a commercial bank, the loan ordinarily is paid by the borrower having his account debited by the amount of the loan at its maturity.

In the case of installment credit—whether it is on an automobile, a home appliance, furniture, or anything else—the problem of collection is vastly different. The borrower may have to drop by or mail the installment, or it may be the practice of the lender to send a collector to pick up the payment. Regardless of the method followed, both record keeping and collection is more expensive than in the case of a one payment loan.

Almost all consumer credit involves some investigation of the borrower, and all of it should be based upon such an examination. Since consumer loans normally are for relatively small amounts, the cost of such a search is proportionately much higher than it is for business loans.

The percentage of loss on consumer credit is amazingly low, but there are losses, and if it is necessary to repossess the article financed, or to use legal means for the collection of the balance, expenses become high.

Because of these and other items there is no possibility of bringing the cost of consumer credit down to the level of normal business loans. At the same time there is no question that it would be highly desirable for the total cost of buying on time to be known by the borrower. That is the primary reason for the Douglas proposal getting such widespread support as an objective.

The difficulty arises when one tries to determine who should enforce such a statute, and how. Most of our states already have laws on the rate of interest which may be charged. These obviously are not all that they should be, but the public would be better served, if these state laws were corrected, and enforced, than it would be by the creation of another large bureaucracy in Washington.

Michigan Knights Templar Name Three Rivers Man Grand Commander

On Saturday, June 11, during the closing session of the 104th Annual Conclave at Lansing, a Three Rivers dentist, Dr. Don Carlos Arner, was proclaimed the 104th Grand Commander of Michigan's 12,500 Knights Templar, being the second Three Rivers citizen to be so honored.

Born in Three Rivers, Sept. 15, 1895, Dr. Arner is of Pennsylvania-Swiss descent, his ancestors having arrived in America from Switzerland in 1727.

He attended Three Rivers grade schools and high school and graduated with a DDS degree from the University of Michigan School of Dentistry in 1919. He then practiced in Detroit for some eight years before returning to his own city where he has since been in active practice.

He began his Masonic career when he was raised in University Lodge No. 482 of Detroit, June 7, 1920, and has built up a reputation for service which few can excel. He was transferred to Three Rivers Lodge No. 57 in 1927 and was Worshipful Master in 1935.

He became a Royal Arch Mason Oct. 4, 1929, in Salathiel Chapter No. 23, was Excellent High Priest in 1958, was greeted in the Cryptic Rite Nobuzaradan Council No. 37 May 1, 1943, has served as Thrice Illustrious Master from 1944 to 1947.

Knighthood in Three Rivers Commandery No. 29 Feb. 10, 1930, Dr.

DR. DON CARLOS ARNER

Arner became its Eminent Commander in 1941. He has served Grand Commandery in many capacities, including service as Instructor General, and was elected Grand Master in June of 1953.

Grand Commander Arner holds membership in DeWitt Clinton Consistory of Grand Rapids, where he was Director of the 7th degree; St. Vincent Conclave No. 33 of the Red Cross of Constantine; is a Charter Member of Kalamazoo York Rite College No. 4; has received the Degree of Thrice Illustrious Master; and Order of High Priesthood; and is a Knight of the York Cross of Honor.

He was named to the Grand Lodge of Michigan's Board of General Purposes February 28, 1960, received the Purple Cross from the York Rite Sovereign College and was duly elevated at Detroit, June 4 of this year; is a member of the Masonic Honor Research Group Thistle and Rose Council No. 27, A.M.D.; and Salathiel Shrine Temple.

The new Grand Commander and his wife have two daughters, both University of Michigan graduates: Doris May, married to Port Hugen's Dr. John J. Coury and the mother of three children; and Jane Elaine, wife of Edward Korstotte, D.D.S., of Schenectady, New York, and also the mother of three children.

The Arnars are active members of the Three Rivers Episcopal church.

Mrs. Elaine Rice Seeks Election as Register of Deeds

Mrs. Elaine I. Rice announced today that she would seek election to the office of Register of Deeds.

Mrs. Rice is a Democrat who has just finished a term for the City of Ann Arbor, First Ward, on the Board of Supervisors of Washtenaw county. While on the Board of Supervisors, Mrs. Rice served on the County Administration Committee, the Education Committee, and the Social Security Committee.

In announcing her candidacy Mrs. Rice said, "I have learned a great deal about the importance of government at the county level. Men and women on the County Board of Supervisors are conscientious in their efforts to give Washtenaw the best services as economically as possible. When members of the Board showed confidence in my ability and dedication by suggesting that I file for Register of Deeds, I accepted the challenge."

Mrs. Rice has served on the Boards of the Northside Civic Association and the Library Advisory Council. She is a member of the National Association of County Officials, the Michigan State Association of Supervisors, the League of Women Voters, the Democratic Women's Club, and St. Andrew's Church.

Mrs. Rice first came to Ann Arbor, in 1937 to take advanced work at the University. She returned to her native New Orleans to teach for one year. For 21 years she and her husband have been permanent residents of Washtenaw county; they have three children.

Mrs. Rice has worked both as a secretary and as a substitute teacher.

Whitmore Lake Resident Announces Candidacy For County Clerk's Post

Mrs. Adeline Drews, 555 E. Shore Dr., Whitmore Lake, announced her candidacy for the office of County Clerk on the Democratic ticket, Aug. 2.

In announcing her candidacy Mrs. Drews said, "It is time that a new and fresh approach was made to the administrative problems and the service function of the Washtenaw County Clerk. In this era of rapid expansion of the service areas of governmental agencies, one cannot afford to let old routines or service concepts continue merely because they have traditionally been so. They must be justified in terms of service, efficiency and economy."

Mrs. Drews lived in Ann Arbor from 1940 to 1951 and worked with the selling then the management facets of retailing. Her latest employment was with the Ann Arbor Municipal Court.

From the summer of 1952 to the summer of 1954, she and her husband Theodore, lived in Manila, Philippines. Drews had been assigned to assist in the establishment of an Institute of Public Administration at the University of the Philippines by the University of Michigan. At present Drews holds the position of administrative assistant in the office of the vice-president and dean of faculties.

Mrs. Drews is active in Whitmore Lake PTO and was the secretary of the organization this past year. She is also a member of the Citizens Committee for Better Schools. In 1958 she was active in the Whitmore Lake citizens' group seeking to bring the Boys Vocational School to Whitmore Lake.

Mr. and Mrs. Drews have two children, Teddy, age 7, and Victoria, one year old.

WHO KNOWS?

BLACK INK EXPECTED

The budget-guessing season is on again. With the end of fiscal 1960 less than a month away, the best guesswork is that the Federal Government will wind up in the black.

Officially, that was predicted a year and one-half ago. Unofficially, it wasn't expected. The surplus, according to estimates now, will be in the range of one-quarter to one-half of a billion dollars.

More than 900 miles of new expressways will be built under the Michigan State Highway Department's current five-year, \$1.4 billion construction program.

REGISTRATION NOTICE

FOR

General Primary Election Tuesday, August 2, 1960

To the Qualified Electors of the
TOWNSHIP OF FREEDOM
(PRECINCT NO. 1)

COUNTY OF WASHTENAW, STATE OF MICHIGAN

Notice is hereby given that in conformity with the "Michigan Election Law," the undersigned Clerk, will, upon any day, except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said Township, City or Village not already registered who may wish to vote personally for such registration. Provided, however, that I can receive no names for registration during the time intervening between the Thirtieth day before any regular, special or official primary election and the day of such election.

Notice is hereby given that I will be at my home, 4015 Pleasant Lake Road, RFD-1, Manchester, Mich., on Saturday, June 25; Saturday, July 2, 1960, and on Tuesday, July 5, 1960 - Last Day

The Thirtieth day preceding said Election

As provided by Section 498, Act No. 116, Public Acts of 1954.

From 8 o'clock a.m. until 8 o'clock p.m. on each said day for the purpose of REVIEWING the REGISTRATION and REGISTERING such of the qualified electors in said TOWNSHIP, CITY or VILLAGE as shall PROPERLY apply therefor.

The name of no person but an ACTUAL RESIDENT of the precinct at the time of registration, and entitled under the constitution, to vote at the next election, shall be entered in the registration book.

Unable To Make Personal Application, Procedure

SEC. 504. Any elector who is unable to make personal application for registration because of physical disability or absence from the Township, City or Village in which his legal residence is located, may be registered prior to the close of registration before any election or primary election by securing from the Clerk of the Township, City or Village in which is located his legal residence, duplicate registration cards and executing in duplicate the registration affidavit before a notary public or other officer legally authorized to administer oaths and returning such registration cards to the Clerk of the Township, City or Village before the close of office hours on the last day of registration prior to any election or primary election. The notary public or other officer administering the oath shall sign his name on the line for the signature of the registration officer and designate his title.

Unregistered Persons Not Entitled To Vote

SEC. 491. The inspectors of election at any election or primary election in this State, or in any District, County, Township, City or Village thereof, shall not receive the vote of any person whose name is not registered in the registration book of the Township, Ward or Precinct in which he offers to vote. (As provided under Act 116, P.A. 1954.)

Transfer of Registration, Application, Time

SEC. 506. Any registered elector may upon change of residence within the Township, City or Village cause his registration to be transferred to his new address by sending to the Clerk a signed request, stating his present address, the date he moved thereto, and the address to which he was last registered or by applying in person for a transfer. The Clerk shall strike through the last address, ward and precinct number and record the new address, ward and precinct number on the original and duplicate registration cards, and shall place the original registration card in proper precinct file. Such transfers shall not be made within the (30) days next preceding any election or primary election, (unless such 30th day shall fall on a Saturday, Sunday, or legal holiday in which event registration shall be permitted during the next full working day), provided that no such transfer shall permit any person to vote in any Township, City or Village in which he had not resided (30) days next preceding any election or primary election.

Transfer of Registration on Election Day

SEC. 507. Any registered elector who has removed from one election precinct of a Township, City or Village to another election precinct of the same Township, City or Village shall have the right to make application to have his registration transferred on any election or primary election day by executing a request over his or her signature for such transfer and presenting the same to the election board in the precinct in which he is registered. Upon receiving such request the inspector of election in charge of the registration records shall compare the signature thereon with the signature upon the applicant's registration record and if the signatures correspond then the inspector shall certify such fact upon said request and the applicant for transfer shall then be permitted to vote in such precinct for that election only. The application for transfer shall be filed with the Township, City or Village Clerk who shall transfer the voter's registration in accordance with the application. When the name of any street in a Township, City or Village has been changed, it shall be the duty of the Township, City or Village Clerk to make the change to show the proper name of street in the registration records, and it shall not be necessary for the elector to change his registration with respect thereto in order to be eligible to vote.

Elector Unable To Make Personal Application, Procedure

SEC. 504. Any elector who is unable to make personal application for registration because of physical disability or absence from the Township, City or Village in which his legal residence is located, may be registered prior to the close of registration before any election or primary election by securing from the Clerk of the Township, City or Village in which is located his legal residence, duplicate registration cards and executing in duplicate the registration affidavit before a notary public or other officer legally authorized to administer oaths and returning such registration cards to the Clerk of the Township, City or Village before the close of office hours on the last day of registration prior to any election or primary election. The notary public or other officer administering the oath shall sign his name on the line for the signature of the registration officer and designate his title.

Unregistered Persons Not Entitled To Vote

SEC. 491. The inspectors of election at any election or primary election in this State, or in any District, County, Township, City or Village thereof, shall not receive the vote of any person whose name is not registered in the registration book of the Township, Ward or Precinct in which he offers to vote. (As provided under Act 116, P.A. 1954.)

Transfer of Registration, Application, Time

SEC. 506. Any registered elector may upon change of residence within the Township, City or Village cause his registration to be transferred to his new address by sending to the Clerk a signed request, stating his present address, the date he moved thereto, and the address to which he was last registered or by applying in person for a transfer. The Clerk shall strike through the last address, ward and precinct number and record the new address, ward and precinct number on the original and duplicate registration cards, and shall place the original registration card in proper precinct file. Such transfers shall not be made within the (30) days next preceding any election or primary election, (unless such 30th day shall fall on a Saturday, Sunday, or legal holiday in which event registration shall be permitted during the next full working day), provided that no such transfer shall permit any person to vote in any Township, City or Village in which he had not resided (30) days next preceding any election or primary election.

Transfer of Registration on Election Day

SEC. 507. Any registered elector who has removed from one election precinct of a Township, City or Village to another election precinct of the same Township, City or Village shall have the right to make application to have his registration transferred on any election or primary election day by executing a request over his or her signature for such transfer and presenting the same to the election board in the precinct in which he is registered. Upon receiving such request the inspector of election in charge of the registration records shall compare the signature thereon with the signature upon the applicant's registration record and if the signatures correspond then the inspector shall certify such fact upon said request and the applicant for transfer shall then be permitted to vote in such precinct for that election only. The application for transfer shall be filed with the Township, City or Village Clerk who shall transfer the voter's registration in accordance with the application. When the name of any street in a Township, City or Village has been changed, it shall be the duty of the Township, City or Village Clerk to make the change to show the proper name of street in the registration records, and it shall not be necessary for the elector to change his registration with respect thereto in order to be eligible to vote.

Howard Haselschwerdt, Township Clerk

ALL PACKED AND READY TO START for a camping canoe outing at Burntwood Lake, Chaplain, Ontario, Boy Scouts of Troop 25 and three adult leaders lined up on North Main St., awaiting the arrival of the Rev. Philip Rusten, under whose leadership as Scoutmaster, plans for the trip were completed. Also with the group of Boy Scouts were David Talbot and Eric Rusten who went along as guests, assuming their share of the expense. The Rev. Rusten and the group shown in the photo left Friday afternoon and expect to return home Saturday. Shown, from left,

are Eddie Windell, James Schneider, Roy Lange, Gary Hopkins, Don Dickelman, Tom Penhallegon, Curtis Farley, Don Wilson, Eric Rusten, Edwin Dickelman, Vernon Parks, Victor Parks, David Talbot, David Runciman and James Perry. The Rev. Rusten completes his duties as Scoutmaster with the trip to Canada. He will continue as assistant Scoutmaster with Robert Foye succeeding him as Scoutmaster. Another Boy Scout on the trip is Gale Shears, who arrived after the above photo was taken.

William R. Geddes Receives AB Degree At Olivet College

William Richard Geddes received a bachelor of arts degree at commencement exercises at Olivet College Sunday, June 12. He majored in physics.

Sunday evening, his parents, Mr. and Mrs. W. R. Geddes held open house in his honor at their home on Jefferson St. Approximately 45 relatives and friends were entertained.

Family Gathering Honors Airman John Popovich Home on Leave

Charles Popovich, Sr., held a family gathering at his home Saturday, June 10, at Foote hospital, Jackson, Mich., to honor his son, Airman Second Class John F. Popovich, home from California on leave.

Present for the occasion were Airman Popovich's fiancée, Mona Dean Carpenter; Mr. and Mrs. Earl Spikberg and children and Mr. and Mrs. George Almose of Flint; Mr. and Mrs. A. J. Hale and children; Mr. and Mrs. Charles Popovich, Jr., and children, and Mrs. Martin Gottschling.

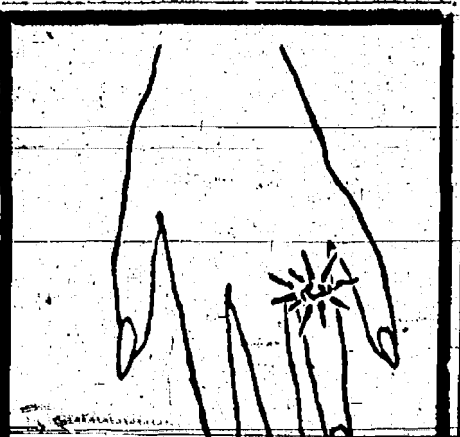

The gathering also served as an observance of the second birthday of Mrs. Spikberg's daughter.

Alfred Knickerbocker Home from Army

Alfred Knickerbocker has completed 21 months of service in the U. S. Army, the last 10 months of which he was stationed in Korea. He was discharged from active duty at Oakland Personnel Center, Oakland, Calif., and returned to his home here Sunday.

Before going overseas, he had been stationed at Fort Hood, Tex.

He has enrolled at Michigan State University for graduate studies toward a master's degree in business administration—economics, and began summer school work yesterday. He received a bachelor of arts degree at Olivet College in 1958 prior to entering military service.

BIRTHS

A son, Mark Dennis, Friday, June 17, to Mr. and Mrs. Ross F. Ewen, 3705 West Delhi Rd. Mrs. Ewen is the former Evelyn Hinderer, formerly of Chelsea.

A son, Leonard Scott, to Mr. and Mrs. Charles Powers, Thursday, June 16, at U. of M. Women's hospital, Ann Arbor.

A son, Gregg Joseph, Friday, June 10, at Foote hospital, Jackson, to Mr. and Mrs. Ira Allen, 113 North St. Mrs. Allen is the former Delores Joseph, daughter of Dona Joseph and the late Mrs. Joseph.

32 Grade Pupils Achieve Perfect Attendance Marks

Perfect attendance was achieved by 32 pupils in North and South elementary schools for the 1959-60 school year.

The list, as compiled by the school secretary, is as follows: Kindergarten: Vernon Van Lunen; second grade: John Sutter; third grade: Michael Giza, Sarah Lindauer, Richard Marshall, Bobby Oberg; fourth grade: Bill Kuzenski, Karen Lehman, Jean Parker, Judy Salyer, Carolyn Wenk, Raymond Worden.

The list continues with Bob Cantrell, Paul Merkel, Carey Riemen-schneider, Robert Sanders, Sally Stretcher, Phyllis Winans and Ronald Worden, in the fifth grade, and Clements Arnett, Peggy Dehn, Janet Hahner, Gary Hopkins, Sandra Johnson, Linda Kuezer, Ronald Koch, Michael Kushman, Eugene Morley, Danny Salyer, David Summers, and Larsson and Mary Ann Winter in the sixth grade.

Moritz Brueckner Named Sales Manager Of Monroe Firm

Announcement has been made by E. M. Knabusch, president of the La-Z-Boy Chair Co., at Monroe, of the election of Moritz F. Brueckner as sales manager of the company.

At a special directors' meeting following the stockholders' meeting Brueckner was also appointed vice-president in charge of sales. A former Chelsea resident and a graduate of Chelsea High school, he is a son of the Rev. M. W. Brueckner, former pastor of Zion Lutheran church at Rogers Corners.

Mrs. Joseph Wright, who had been a patient at University Hospital, Ann Arbor for three weeks, left there Monday and is now staying at the home of her son-in-law and daughter, Mr. and Mrs. Neil DePuy, in Tecumseh.

DEATHS

Ora C. Kimball Hillsdale Philanthropist Dies Suddenly Last Wednesday

Ora C. Kimball, well known Hillsdale churchman and philanthropist who, with his wife, gave the Methodist Home here \$100,000 in September, 1947, for construction of the four-story unit known as the "Kimball Wing," died suddenly Wednesday evening, June 15, at Hillsdale Community Hospital.

At the time the gift was made to the Home, it was agreed that the Kimballs would be accepted as members of the Home at any date they so desired. Accordingly, Kimball signed in as a member only two weeks prior to his death, on June 1. He had come to the Home May 3 in order that he might be closer to Ann Arbor where he had arranged for a physical check-up at University Hospital. Because of the fact that a series of treatments at the hospital was recommended by doctors he remained at the Home and then decided to become a resident. Mrs. Kimball died in 1951.

On the day of his death, his sister and brother-in-law, Mr. and Mrs. Howard Beecher of Hazel Park, had taken him to his home in Hillsdale for a proposed visit and that afternoon he became suddenly ill and was rushed to the hospital where he died that night.

Mr. Kimball was born in Orland, Ind., June 3, 1876, son of Ora T. and Louisa Brooks Kimball. He went to Hillsdale in 1908 and had lived at 303 Hillsdale St. for the past 21 years.

He graduated from the Orland High school in 1897. After teaching for two years, he attended Hillsdale College and the University of Michigan.

As a career, he followed the wholesale poultry business as senior member of the firm of Kimball Brothers, shipping poultry from the northwestern states to eastern markets. He had been a member of the Hillsdale County YMCA and member of the board for 50 years. He was also a member of the State YMCA Committee, serving one year as chairman, and was a member of the National Council.

During World War I he served as a YMCA secretary for 10 months in France and Germany. He did an outstanding job of feeding and caring for Allied prisoners returned to France after the Armistice.

He was always active in civic and community affairs. His contribution of the site for, and assistance in development of the O. C. Kimball Camp at Long Lake, has been of inestimable value to the youth of that community.

He was a member of the College Baptist church at Hillsdale and a member of its board for many years. He was a member of the Kiwanis club of Hillsdale and Masonic Lodge No. 32, F&AM.

He had also been an active member of the Hillsdale College board of trustees and prudential committee since 1925 and had assisted materially in the development of Slayton Arboretum. The Kimball cup for outstanding athletes was also donated by him. On Nov. 12, 1905, he was married to Edna Bowser, who preceded him in death in 1951. He is survived by a foster daughter, Mrs. Virginia Snow of Kalamazoo; a brother, Ray, of Sturgis; his sister, Mrs. Howard Beecher of Hazel Park; and three grandchildren.

Funeral services were held Saturday, June 18, at 2 p.m. at the Jackson Funeral Home at Hillsdale. The Rev. J. P. Hendershot of Hillsdale and the Rev. Edwin J. Weiss, superintendent of the Methodist Home, officiated. Burial was in Oak Grove Cemetery, Chelsea.

North Lake Church Services Set at 9:30 For Summer Months

The Rev. Harry Pyscher, pastor of North Lake Methodist church, calls attention to the fact that services at the church are held at 9:30 a.m. each Sunday with church school following at 10:30 a.m.

This schedule is being followed throughout the summer and is a departure from the practice of former years when two services were held each Sunday during the summer months.

Walkways Nabbed

Last Thursday, Chief John Palmer arrested three prisoners who had escaped two days earlier from Camp Waterloo, a Jackson county work camp.

Acting on a tip received from a citizen Chief Palmer went to an area on Pierce Rd. near a section of railroad tracks where he found Carl H. Hudson, 28, and Maurice Abbott, 26, both of Detroit. Both men had walked away from the camp Wednesday night.

Mrs. Arnold Fahrner is a patient at St. Joseph Mercy hospital, Ann Arbor, and underwent surgery there Tuesday afternoon.

Temporary Injunction Issued Restraining Freeway Interference

Announcement was received from Lansing this week that Circuit Court Judge Louis E. Coash has issued a temporary injunction restraining three Chelsea-area families from interfering with the construction of the Interstate 94 freeway which took some of their land.

Defendants named in the suit, brought by Attorney General Paul Adams and State Highway Commissioner John C. Mackie, are Mr. and Mrs. Harrison West, Mr. and

Mrs. Wilson B. West and Mrs. Vernon J. Casad. The Highway Department charged the defendants with obstructing the right-of-way west of Chelsea. The complaint, which they used "violent and profane language to threaten injury to construction work," said Mrs. Casad had a worker.

The Michigan State Department recovered \$800,000 from the sale of property during 1959.

Receptions, Open House Affairs Honor High School Graduates

Receptions were the order of the day for many of the graduates of Chelsea High school last week. Most of the receptions and open house affairs were held following commencement exercises Wednesday evening; however, some were held Tuesday evening after class night, Sunday, June 12, and Sunday, June 19.

Among those who entertained Wednesday evening are Mr. and Mrs. Elia Borders for their daughter, Sheila; Dr. and J. V. Fisher and Mrs. C. Eugene Fisher for their daughter, Antoinette; the Karl Koenigsters for their son, Charles; and Mr. and Mrs. David Myers for their twin sons, William and Robert Kuhl; also, the George P. Frisingers for their son, Paul.

Others who entertained Wednesday evening in honor of graduates included Mr. and Mrs. Carroll Ordway for their daughter, Louise. They had 30 guests in for refreshments, the table decorations carrying out the school colors. The centerpiece was an arrangement of flowers from the gardens of Mrs. Emma Seitz and the Ordways while the honored graduate had a corsage of roses from the garden of her grandmother, Mrs. H. B. Ordway of Ann Arbor.

Guests from Ann Arbor, Jackson, Vandercook Lake, White Lake, Adrian, Stockbridge, Chelsea and from New York City attended open house Wednesday evening at the home of Mr. and Mrs. C. W. Stephens in honor of their daughter, Kathryn.

Thirty relatives were guests Wednesday evening at the home of Mr. and Mrs. Walter Rothfuss honoring their son, Paul.

Others honored Wednesday evening were Beverly Brown, daughter of Mr. and Mrs. William Brown; David Rowe, son of Mr. and Mrs. Duane Rowe; Larry Schrader, son of Mr. and Mrs. Walter Schrader, Jr.; with special guests being his uncle and aunt, S/Sgt. and Mrs. William Schrader of Fort Bragg, N. Car.

Roger Herman was honored Sunday, June 12, and again Wednesday at receptions given by his parents Mr. and Mrs. James Herman.

Carol Gieske's parents, Mr. and Mrs. Alton Gieske, held open house for her Wednesday evening; 60 guests the same evening for her daughter, Helen; those attending being from Detroit, Pinckney, Dexter, Ann Arbor, Manchester, Howell, Whitmore Lake and Chelsea and vicinity.

Judy Woolley's mother, Mrs. Annabelle Woolley, and grandparents, Mr. and Mrs. Walter Vear, had 42 guests Wednesday evening in her honor; Stephanie Wagner's parents, Mr. and Mrs. Fredrick Wagner, also entertained Wednesday evening, the guests including Mr. and Mrs. Otto Wagner of Dexter, and Mr. and Mrs. Frank Staffan of Ann Arbor.

Mr. and Mrs. Francis Smyser held open house for their daughter, Sharon, Tuesday evening. A special guest present for the occasion was her grandmother, Mrs. E. E. Wyssenbach of Wichita, Kan.

Mr. and Mrs. Herbert Hepburn's guests Wednesday evening in honor of their daughter, Marjorie, were her fiancé, Ronald Each, and his parents, sister and brother, Mr. and Mrs. Louis Each, Lester and Dorothy, of Pinckney.

The Roy Bertkes, honoring their daughter, Barbara, entertained some of the faculty members at Chelsea High school, and neighbors at a reception Sunday, June 12, and had relatives as their guests Wednesday evening.

Mrs. Alma M. Brown honored her daughter, Joanne, at open house Sunday, June 19.

Another Sunday open house was that given by Mr. and Mrs. Fred Patterson for their son, Fred, Jr. Relatives and friends were present from Detroit, Farmington and Dearborn.

Other Wednesday night affairs included open-house honoring Wilson Morley at the home of his parents, Mr. and Mrs. Paul Morley who also had relatives from St. Johns and Corunna on Sunday.

The Henry Huelsbergs, entertaining for their daughter, Carole, held open house Wednesday evening. Among the guests were the honored graduate's grandmother, Mrs. Louise Hamilton, and a

cousin, Jon McEndree, both of Downey, Calif. An uncle and aunt, Mr. and Mrs. John M. Huelsberg of Grand Rapids, will be entertained in her honor on Sunday.

Open house guests Sunday, June 12, at the home of Mr. and Mrs. John Miller honored their daughter, Virginia. There were 35 present from Birmingham, Detroit and Milford.

The Rev. and Mrs. Philip Rusten and friends and neighbors were guests of Mr. and Mrs. Vern Hilt Wednesday evening in honor of their son, Norman, and relatives were entertained in his honor on Sunday.

Among the 65 guests present Sunday afternoon for open house at the home of Mr. and Mrs. Mac Packard for the pleasure of their daughter, Gloria, were her grandparents, Mr. and Mrs. Delbert Packard of Ann Arbor, and Mr. and Mrs. Alpha Sanders of Charlotte.

Guests of Mr. and Mrs. William Gilling Wednesday evening in honor of their son, James, included relatives and friends from Stockbridge, Ann Arbor and this vicinity.

Also honored at a Wednesday

Gay Nineties Group Holds Annual Dinner Meeting

There were 21 members and guests of the "Gay Nineties" group of older Chelsea High school graduates present for the annual dinner meeting Wednesday, June 15. The dinner was held in the Congregational church dining room with ladies of the church preparing and serving the meal.

Among those from out of town who attended were Miss Nell Congdon of Adrian, Mrs. Jennie Alber and her daughter, Mrs. Celeste Artz of Dearborn, Mrs. Clara Snyder Hans, and Mrs. Linna Lighthall Miles of Ann Arbor, Mrs. Enid Holmes Ellis of Grand Rapids, Mrs. Edith Bacon Phelps of Coldwater, and Mrs. Mabel Bacon Dewey of Detroit.

Members and guests from this vicinity who were present are Miss Nina Crowell, Miss Nina Belle Wurster, Miss Minnie Schumacher, Mrs. Marie Bacon Schneider, Mrs. Lillian Gerard Hoppe, Mrs. May Wood Luick, Mrs. Cora Burkhardt Winans, Miss Ida Keusch, Mrs. Alice Roedel, Mrs. Ethel Pielemeier, Mrs. Blanche Palmer and Mrs. Doris Keeny.

The five surviving members of the Class of 1897 were present. They are Mrs. Luick, Mrs. Hoppe, Mrs. Schneider, Mrs. Miles and Miss Minnie Schumacher.

There were only eight girls in the 1897 class. One, Thirza Wallace, died soon after graduation, and the remaining seven who held reunions almost every year for many years included the late Mrs.

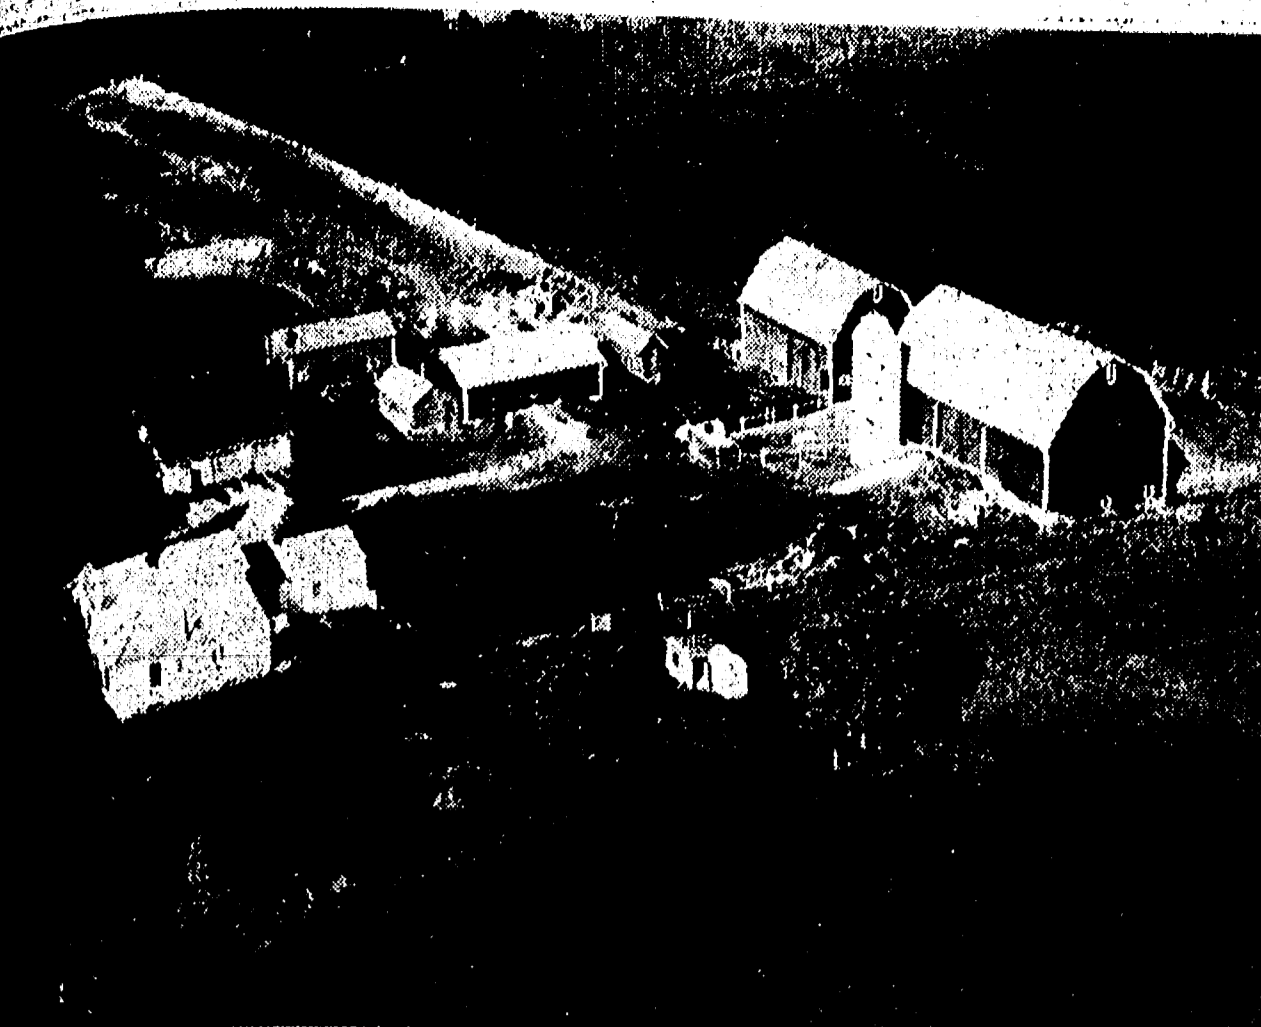

Elvira Clark Visel and Mrs. Beatrice Bacon Thompson. Mrs. Florence Howlett, another member of the "Gay Nineties" group is now a patient at Colonial Manor Nursing Home because of a broken hip sustained in a fall at her home last November. She observed her 93rd birthday, Saturday, June 18, as well as the 75th anniversary of her graduation from Chelsea High school. This was believed to be the first time she has been absent from an annual reunion meeting of the group.

Two other regular attendants at the reunion gatherings are also hospitalized, Mrs. Flora Kempf Adams of Howell and Miss Jennie Ives.

No formal program was held at Wednesday's gathering; however, an enjoyable social hour followed during which members looked over a box of old photographs, brought by Mrs. Palmer.

During a short business session it was decided to hold the 1961 reunion at the same location the third Wednesday in June and officers were re-elected as follows: Mrs. Lillian Hoppe, president; Mrs. Ethel Pielemeier, vice-president; and Mrs. May Luick, secretary-treasurer.

MYSTERY FARM NO. 103—The above photo of the Fred Barth farm at 11840 Jerusalem Rd. was originally published in the June 16 issue of The Standard without identification. It has been the home of Mr. and Mrs. Barth since their marriage in 1911.

Barths Moved To Jerusalem Road Farm After Their Marriage

Barth is the owner of Mystery Farm No. 103, a photo of which was published for readers' information in the June 16 issue of The Standard. The farm is located at 11840 Jerusalem Rd.

Mr. and Mrs. Barth, the former Mr. and Mrs. Barth, moved to the farm following their marriage at St. Mary's Catholic church, 17, 1911, and it has been their home for the 49 years since.

They had a family of three sons and three daughters, Harold and Virginia, at home; Virginia, Mrs. Charles Williams of Ann Arbor, who is Mrs. Leo Luer of Lima Center Rd.; Ruth, Mrs. Hugo Luenser of Ann Arbor; and the late Carl Barth, who died in 1942 at the age of 29.

They also have three grandchildren.

dren, Gregory Hellner and Daniel and Anne Williams.

Mrs. Barth was a telephone operator in the Chelsea exchange during the early years of telephone service here. Both she and Mr. Barth were born and grew up in the Chelsea area.

With the assistance of his sons, Barth does general farming on the 180-acre place. He formerly did dairy farming but his stock now is principally sheep and hogs. The house, which is believed to be almost 100 years old, has been remodeled and modernized during the years the Barths have lived there. Most of the other buildings were added by Barth—some to replace older ones which were torn down.

According to ownership records a John Mitchell secured the land

from the United States Government in 1886. He was followed by his son, George Mitchell, and in 1896, by H. S. Holmes.

In 1911, when the Barths were married, Fred's father, Charles Barth, purchased the farm and Fred operated it until 1925 when he became the owner.

Among those who correctly identified the farm are the men at Blaes Elevator who were the first to call The Standard office. Others who called include Don Laier, Herbert McIntee, Mrs. Walter Trinkle and Fred Barth.

THE LETTERBOX

Why Zoning?

Dear Editor: Can anyone tell me why we have zoning laws in Sylvania township? It is my understanding that under our new zoning regulations house trailers are not allowed to be parked and used as living quarters other than in trailer parks. If this is true why is the number I can think of four or five off hand, tolerated. If we do not enforce such regulations why have them?

The same can be said for chickens in the Village limits, one while still another, possibly because he is an elected official, can keep his in the backyard without interference.

Let's back the regulations we have or get rid of them. An interested taxpayer.

Copperheads are the most widely distributed and in many places the most abundant of poisonous snakes in the eastern U. S.

Jane McLaughlin's parents, Mr. and Mrs. R. A. McLaughlin, held open house in her honor following the June 12 baccalaureate service.

Relatives from Jackson and this vicinity were entertained Sunday, June 12, by the Joseph Doeringers, honoring their son, Ronald.

Mr. and Mrs. Frank Dault also entertained June 12 for their son, Gary. Guests were relatives and classmates of the honored graduate.

Mr. and Mrs. Robert Harris, honoring their son, Jon, Mr. and Mrs. Judson Goltra, Jr., honoring their daughter, Kathleen, and the Charles Camerons, honoring their son, Charles, were also among those who held Wednesday evening receptions.

Mr. and Mrs. John Warren held open house following the commencement exercises for their son, Ronald, and the same evening, Mr. and Mrs. George Welch entertained 40 guests from Ann Arbor, Detroit, Manchester and this vicinity in honor of their daughter, Judy.

George Bergman, counselor at Chelsea High school, has enrolled at the University of Missouri where he is attending the Advanced Guidance and Counseling Summer Training Institute under the "National Defense Education Act of 1958."

In keeping with the central theme of the institute studies "The Education of the Gifted Child or Youth," Bergman states that he has decided to write a term paper on the topic, "The Most Desirable Provisions for the Education of the Gifted Youths or Children in the Chelsea Schools."

To help him present a cross-section view of the local situation, Bergman invites correspondence from responsible, interested citizens of the community expressing suggestions which would, in effect, create the most desirable educational conditions for gifted students in Chelsea schools.

Bergman plans to complete the term paper during the second week in July.

Bergman's address, while attending the six-week institute is Box 425, So. Res. Gp., University of Missouri, Columbia, Mo.

ICE CREAM SOCIAL
At Chelsea Community Fairgrounds
THURSDAY, JUNE 23
Serving Begins at 5 p.m.
Bring the Family and Have Dinner Out!
Plate Lunch - Hot Dogs - Barbecues - Baked Beans
Sundae - Ice Cream - Home-Made Cake - Coffee - Milk

LIMA TOWNSHIP ZONING ORDINANCE

AN ORDINANCE TO ESTABLISH ZONING DISTRICTS AND REGULATIONS GOVERNING THE UNINCORPORATED PORTIONS OF LIMA TOWNSHIP, WASHTENAW COUNTY, MICHIGAN, IN ACCORDANCE WITH THE PROVISIONS OF ACT 184 OF THE PUBLIC ACTS OF 1948 AS AMENDED; TO PROVIDE FOR REGULATIONS GOVERNING NON-CONFORMING USES AND STRUCTURES; TO PROVIDE FOR A BOARD OF APPEALS AND ITS DUTIES AND POWERS; TO PROVIDE FOR BUILDING PERMITS AND THE COLLECTION OF FEES THEREFOR; TO PROVIDE FOR THE ADMINISTRATION OF THIS ORDINANCE INCLUDING THE OFFICIAL WHOSE DUTY IT SHALL BE TO ENFORCE THE PROVISIONS THEREOF; TO PROVIDE PENALTIES FOR THE VIOLATION OF THIS ORDINANCE; AND TO PROVIDE FOR CONFLICTS WITH OTHER ORDINANCES OR REGULATIONS.

THE TOWNSHIP BOARD OF LIMA TOWNSHIP, WASHTENAW COUNTY, MICHIGAN, ORDAINS:

ARTICLE I TITLE AND PURPOSE SECTION 1.01—TITLE

This Ordinance shall be known as the "LIMA TOWNSHIP ZONING ORDINANCE."

SECTION 1.02—PURPOSE

The fundamental purpose of this Ordinance is to promote the safety, health, morals, convenience, and general welfare; to encourage the use of lands and natural resources in the township in accordance with their character and adaptability; to provide for the orderly development of the township; to protect the character and the social and economic stability of agriculture, residential, commercial and other local areas within the Township; to lessen congestion on the public roads and streets; and provide safety in traffic and vehicular parking; to prevent excessive concentration of the population and improper use of land and buildings; to facilitate adequate provision of streets and highways, water, sewerage, drainage and other public facilities; to conserve life, property, and natural resources; and the expenditure of funds for the public improvement and service to conform with the most advantageous use of land, resources and properties.

In order to accomplish the aims and purposes of this Ordinance the unincorporated area of the Township of Lima is at the time of enacting this Ordinance one land-use district or zone and may subsequently be divided into more than one land-use district or zones such as are hereinafter specified. Districts shall be of such number, shape, kind and area and of such common unity or purpose, adaptability or use that are deemed most suitable to conserve the value of buildings and encourage the most appropriate use of land throughout the Township.

ARTICLE II DEFINITIONS

For the purpose of this Ordinance certain terms are herewith defined. When not inconsistent with the context, words used in the singular number include the plural number, and words in the plural number include the singular number. The word "shall" is always mandatory and not merely directory.

SECTION 2.01—ACCESSORY BUILDINGS

A supplementary building or structure on the same lot or parcel of land as the main building or buildings, or part of the main building occupied by or devoted exclusively to an accessory use, but such use shall not include any building used for dwelling, residential or lodging purposes, or sleeping quarters for human beings.

SECTION 2.02—ACCESSORY USE

A use naturally and normally incidental to, subordinate to and devoted exclusively to the main use of the land or buildings.

2.03—AGRICULTURE

The use of land for tilling of the soil, the raising of tree and field crops and animal husbandry.

2.04—ALTERED

Any change in the location or use of a building, or any change in the supporting members of a building such as bearing walls, columns, beams, posts, girders, and similar components, or any substantial change in the roof or exterior walls.

2.05—BASEMENT AND CELLAR

A. That portion of a building partly below the average grade but so located that the vertical distance from grade to the floor is not greater than the vertical distance from the grade to the ceiling.

B. That portion of a building partly below grade but so located that the vertical distance from the grade to the floor is greater than the vertical distance from the grade to the floor ceiling.

2.06—BUILDING

An independent structure having a roof supported by columns or walls resting on its own foundations and includes shed, garage, stable, green house or other accessory buildings. A detached building is one separated on all sides from adjacent buildings by open spaces from the ground up.

2.07—BUILDING LINE

The minimum distance which any building must be located from a street right-of-way or high water line.

2.08—DWELLING

A building designed or used exclusively as the living quarters for one or more families but shall not include trailer coaches.

2.09—DWELLING, MULTIPLE

A dwelling used and designed as a residence for three or more families, living independently of each other and having their own cooking facilities therein, including apartment houses, apartment hotels, row dwellings and dwelling groups.

2.10—DWELLING, ONE-FAMILY

A detached dwelling designed for or occupied exclusively by one family.

2.11—DWELLING, TWO-FAMILY

A dwelling designed for or occupied exclusively by two families living independently of each other.

2.12—DWELLING, ROW

A row of three to six attached one-family dwellings not more than 2½ stories in height nor more than two rooms deep.

2.13—DWELLING UNIT

That portion of a dwelling providing complete living quarters for one family.

2.14—ESSENTIAL SERVICES

The term "Essential Services" shall mean the erection, construction, alteration, or maintenance by Public Utilities or Municipal Departments or Commissions, of underground or overhead gas, electric, steam or water transmission or distribution systems; collection, communication, supply or disposal system, including poles, wires, mains, drains, sewers, pipes, conduits, cables, fire alarm boxes, police call boxes, traffic signals or signs and fire hydrants, and other similar equipment and accessories in connection therewith, reasonably necessary for the furnishing of adequate service by Public Utilities or Municipal Departments or Commissions or for the public health or safety or general welfare; but not including buildings, towers or substations.

2.15—FAMILY

One or more persons occupying the premises and living as a single house-keeping unit as distinguished from a group occupying a boardinghouse, lodginghouse, club, fraternity house or hotel.

2.16—FARM

Any parcel of land which is used for gain in the production of field and tree crops, live stock, poultry and dairy products. It includes customary farm structures and the storage of equipment used. It excludes the raising of fur bearing animals, riding stables, livery or boarding stables, animals kennels and establishments for the disposal or feeding of public garbage, rubbish or offal to animals.

2.17—FILLING STATION

Any area of land including structures thereon, that is used or designed to be used for the retail supply of gasoline or oil, or other fuel for the propulsion of motor vehicles and which may include facilities used or designed to be used for polishing, greasing, washing, spraying, dry cleaning or otherwise cleaning or servicing such motor vehicles.

2.18—GARAGE, PRIVATE

A garage used for storage purposes only and having a capacity of not more than three automobiles or not more than two automobiles per family housed in the building to which such a garage is accessory, whichever is greater.

2.19—GARAGE, PUBLIC

Any garage other than a Private Garage, available to the public, operated for gain and which is used for storage, rental, greasing, washing, servicing, adjusting or repairing of automobiles or other motor vehicles.

2.20—HOME OCCUPATION

An occupation for gain or support conducted solely by members of a family residing on the premises and conducted entirely within the dwelling; provided, that no article is sold or offered for sale except such as may be produced by members of the immediate family residing on the premises. It shall not include the office of a veterinarian.

2.21—HOTEL

A building, or part thereof, occupied as the more or less temporary abiding place of individuals, in which the rooms are usually occupied singly for hire and in which rooms no provisions for cooking are made, and in which building there may be a general kitchen and public dining room for the accommodation of the occupants. The word "Hotel" shall not include a motel or motor court.

2.22—JUNK YARD

A place, structure, or parcel of land where junk, waste discarded, salvaged, or similar materials such as old iron or other metal, wood, lumber, glass, paper, rags, cloth, bagging, cordage, barrels, containers, etc., are bought, sold, exchanged, baled, packed, disassembled, or handled, including auto wrecking yards, used lumber yards, house wrecking yards, and places or yards for use of salvaged steel materials and equipment and including pawn shops, establishments for the sale, purchase or storage of used cars, salvaged machinery, used furniture, radios, stoves, refrigerators, or similar household goods, and the processing of used, discarded, or salvaged materials as part of manufacturing operations.

2.23—KENNEL

Any premises where three (3) or more dogs are maintained or boarded, for gain or are kept for the purpose of sale.

2.24—LOT

A parcel of land occupied or to be occupied by a use, building or dwelling group and accessory buildings and uses together with such yards, open spaces, lot width and lot area as are required under the provisions of this Ordinance and having frontage for a distance of not less than thirty (30) feet upon a street.

2.25—LOT, CORNER

A parcel of land at the junction of and fronting or abutting on two or more intersecting streets.

2.26—LOT, DEPTH OF

The average distance between the front and rear line of a lot measured in the general direction of its side lot lines.

2.27—LOT, INTERIOR

A lot other than a corner lot.

2.28—LOT LINES

Any line dividing one lot from another.

2.29—LOT, OF RECORD

A lot which is part of a subdivision and is shown on a map thereof which has been recorded in the office of the Register of Deeds of Washtenaw County, or a lot described by metes and bounds, the deed to which has been recorded in said office.

2.30—LOT, THROUGH

An interior lot having frontage on two parallel or approximately parallel streets.

2.31—LOT, WIDTH OF

The average width measured at right angles to its depth.

2.32—MOTEL

Any establishment in which individual cabins, courts, or similar structures or units, are let or rented to transients for periods of less than one month. The term "Motel" shall include Tourist Cabins and Motor Courts. A motor court or motel shall not be considered or construed to be either a multiple dwelling or a hotel.

2.33—NON-CONFORMING USE

A structure or land lawfully occupied by a use that does not conform to the regulations of the District in which it is situated.

2.34—REMOVAL OF GRAVEL, SAND, TOPSOIL OR EARTH

Premises from which any rock, gravel, sand, topsoil or earth in excess of fifty (50) cubic yards in any calendar year is excavated removed for the purpose of disposition away from the premises.

2.35—ROOMING HOUSE

A dwelling in which more than three persons either individually or as families are housed or lodged for hire with or without meals and also includes a boarding house.

2.36—STORY

That portion of a building included between the surface of any floor and the surface of the floor next above it, or if there be no floor above it, then, the space between any floor and the ceiling next above it.

2.37—STORY, ONE-HALF

A story under the gable, hip or gambrel roof, the wall plates of which on at least two opposite exterior walls are not more than two feet above the floor of such story and the floor area shall not exceed two-thirds of the area of the floor below.

2.38—STREET

A public or private thoroughfare which affords the principal means of access to abutting property having a right-of-way not less than sixty-six feet in width.

2.39—STREET LINE

The dividing line between the street and the lot.

2.40—STRUCTURE

The combination of materials to form any type of construction whatsoever.

2.41—TOURIST HOME

A dwelling in which overnight accommodations are provided or offered for transient guests for compensation.

2.42—TRAILER COACH

Any house car, house trailer or similar mobile unit which may be used for dwelling or sleeping quarters.

2.43—TRAILER COACH PARK

Any site, lot, or tract of land upon which two (2) or more authorized trailer coaches are parked, either free of charge or for revenue purposes, and shall include any building, structure, tent, vehicle or enclosure used or intended for use as a part of the equipment of such trailer coach park.

2.44—USED OR OCCUPIED

The word "Used" or "Occupied" as applied to any realty or building shall be construed to include the words "intended, arranged or designed to be used or occupied."

2.45—YARD, FRONT

An open, unoccupied space on the same lot with a main building extending the full width of the lot and situated between the street line and the front line of the building, projected to the side lines of the lot, and its depth shall be measured between the front line of the building and the street line.

2.46—YARD, REAR

An open, unoccupied space on the same lot with the main building extending the full width of the lot and situated between the rear line of the lot and the rear line of the building, projected to the side lines of the lot and shall be measured between the rear line of the lot or the center line of the alley, if there be an alley, and the rear line of the building.

2.47—YARD, SIDE

An open, unoccupied space on the same lot with the main building situated between the side line of the building and the adjacent side line of the lot and extending from the rear line of the front yard to the front line of the rear yard, and if no front yard is required, the front boundary of the side yard shall be the front line of the lot and if no rear yard is required, the rear boundary of the side yard shall be the rear line of the lot.

ARTICLE III ESTABLISHMENT OF DISTRICTS AND ZONING MAP

SECTION 3.01—DISTRICTS

For the purpose of this Ordinance all of the area of Lima Township is hereby divided into the following types of districts, to be known as, and having the following symbols:

- A. A-1 Districts: Agricultural Districts.
- B. R-1 Districts: One-Family Rural Residential Districts.
- C. B-1 Districts: General Business Districts.
- D. I-1 Districts: Industrial Districts.

3.02—ZONING MAP

Said districts are bounded and defined as shown on a map entitled "Zoning Map of Lima Township" which accompanies and which, with all explanatory matter thereon, is hereby made a part of this Ordinance.

3.03—LOCATION OF DISTRICT BOUNDARIES

A. Unless otherwise shown on the Zoning Map, the boundary lines of districts shall follow along the lines indicated on the United States Land Office Survey Maps, or the lines of legal subdivisions of land indicated on such maps; or the center line of highways, streets, alleys or waterways; or the shore lines of water bodies; or the boundaries of unincorporated areas; or the boundary lines of recorded plats; or property lines and the extension of any such lines.

B. Where the boundaries of use districts are so indicated that they appear parallel to the right-of-way lines of roads, such boundaries shall be construed as parallel thereto and at such distance therefrom as indicated on the Zoning Map. If no distance is indicated such dimensions shall be determined by the use of the scale shown on said Zoning Map.

ARTICLE IV CONFORMANCE REQUIRED

SECTION 4.01

Except as hereinafter provided: A. No building or land shall hereafter be used or occupied, and no building or part thereof shall be erected, moved, or altered unless in conformity with the regulations herein specified for the district in which it is located.

B. No building shall hereafter be erected or altered:

- 1. To exceed the height;
- 2. To accommodate or house a greater number of families;
- 3. To occupy a greater percentage of lot area or
- 4. To have narrower or smaller rear yards, front yards, side yards.

than is specified herein for the district in which such building is located.

C. No part of a yard or other open space required about any building for the purpose of complying with the provisions of this Ordinance shall be included as a part of a yard or other open space similarly required for another building.

D. No lot shall hereafter be divided or reduced so as to create a lot width or lot area less than that required by this Ordinance.

ARTICLE V AGRICULTURAL DISTRICTS

DESCRIPTION OF DISTRICT

This district is composed of rural agricultural areas in the Township whose predominant land use is general farming on family-sized farms. The regulations for this district are designed to protect and stabilize the essential characteristics of these areas, to minimize conflicting land uses detrimental to farm enterprises and to exclude development which requires highway, drainage and other public facilities in excess of those required by agricultural uses. To these ends, permitted uses are limited to agricultural and low density rural residential purposes and necessary community facilities such as schools, churches and parks. More intensive uses such as multiple dwellings and trailer parks are deemed to be in conflict with the purposes and characteristics of this district and are therefore not permitted.

The following regulations apply in all A-1 Districts except as otherwise provided in Article XIII (Supplementary Regulations) of this Ordinance:

SECTION 5.01—USES PERMITTED

- A. One-family dwellings.
- B. Crop and tree farming, truck gardening, horticulture, aviculture, apiculture, pisciculture, and similar enterprises.
- C. Raising and keeping of poultry, rabbits, goats, and similar small animals.
- D. Upon a lot having an area of less than ten (10) acres the raising and keeping of cattle, hogs, horses, ponies, cows and similar livestock only for use or consumption by the occupants of the premises.
- E. General and specialized farms including the raising and keeping for gain of cattle, hogs, horses, ponies, cows, sheep, and similar livestock upon a lot, having an area of not less than ten (10) acres.
- F. Public and private conservation areas and structures for the conservation of open space, water, soil, forest, and wildlife resources.
- G. Public recreation areas, forest reserves, game refuges, and similar non-intensive public uses.
- H. The following conditional uses subject to obtaining a con-

ditional use permit as provided in Article IX of this Ordinance:

- 1. Churches.
- 2. Public and private parks and playgrounds.
- 3. Public and private nursery, elementary and secondary schools.
- 4. Golf courses and country clubs.
- 5. Greenhouses and nurseries selling at retail on the premises.
- 6. Riding stables and livestock auction yards.
- 7. Kennels.
- 8. Production of fur bearing animals for gain.
- 9. Game or wildlife hunting preserves operated for gain.
- 10. Piggery for the feeding of public garbage, rubbish or offal to animals.
- 11. Labor camps associated with agricultural enterprises.
- 12. Sawmills.
- 13. Additional conditional uses as provided in Article IX of this Ordinance.

I. Customary home occupations.

J. Customary accessory uses and buildings incidental to any of the permitted uses subject to the following limitations:

- 1. Temporary roadside stands for the sale of products produced on the premises when located not less than twenty (20) feet from the right-of-way of any highway.
- 2. The storage of not more than one (1) unoccupied trailer coach upon each lot.
- 3. The parking and use for residential purposes of not more than one (1) trailer coach upon each lot subject to the granting of a permit therefor by the Board of Appeals, as provided in Article XI of this Ordinance.
- 4. The killing and dressing of poultry and animals produced upon the premises.
- 5. Signs not exceeding nine (9) square feet in area advertising only the sale or rent of land, buildings or products produced upon the premises upon which said sign is located.
- 6. Church or public building bulletin boards not exceeding sixteen (16) square feet in area.
- 7. Name plates not exceeding two (2) square feet in area indicating the name of the occupant or a permitted occupation.

6.02—REQUIRED LOT AREA AND WIDTH

A. Each dwelling shall be located upon a lot having an area of not less than one (1) acre and an average lot width of not less than one hundred and twenty-five (125) feet. There shall not be more than one (1) dwelling upon each lot.

B. Each farm enterprise, which includes the raising and keeping of livestock for gain shall be located upon a lot having an area of not less than ten (10) acres.

6.03—REQUIRED YARDS

Each lot shall have front, side and rear yards not less than the following:

- A. Front yard—Fifty (50) feet.
- B. Each side yard—Twenty (20) feet except in the case of a corner lot where the side yard on the street side shall be not less than fifty (50) feet.
- C. Rear yard—Thirty-five (35) feet.

6.04—REQUIRED OFF-STREET PARKING

As required in Article XIII of this Ordinance.

6.05—REQUIRED DWELLING AREA

Not less than seven hundred and twenty (720) square feet of floor area on the first floor level if

one story, or six hundred (600) square feet of floor area on the first floor level if two stories.

ARTICLE VI R-1 DISTRICTS: ONE-FAMILY RURAL RESIDENTIAL DISTRICTS

Description of District:

This district is composed of rural residential areas in the Township without urban services, some of which are adjacent to lakes and streams, where low density single-family residential development has occurred or appears likely to occur. The regulations for this district are designed to protect and stabilize the essential characteristics of these areas and to promote and encourage a suitable and safe environment for family life. To these ends, development is restricted to low density residential settlement consistent with limited rural type public facilities and services and public health and safety considerations. Land uses involving higher population densities and requiring higher levels of public services and facilities such as multiple dwellings and trailer parks are deemed to be in conflict with the characteristics and purposes of this district and are excluded.

The following regulations shall apply in all R-1 Districts except as otherwise provided in Article XIII (Supplementary Regulations) of this Ordinance:

- 1. Churches.
- 2. Public and private parks and playgrounds.
- 3. Public and private nursery, elementary and secondary schools.
- 4. Golf courses and country clubs.
- 5. Additional conditional uses as provided in Article X of this Ordinance.
- 6. Customary home occupations.
- 7. Customary accessory uses and buildings incidental to any of the permitted uses subject to the following limitations:

- 1. Signs not exceeding six (6) square feet in area advertising only the sale or rental of the premises upon which said sign is located.
- 2. Church and public building bulletin boards not exceeding sixteen (16) square feet in area.
- 3. Name plates not exceeding two (2) square feet in area indicating the name of the occupant or a permitted occupation.
- 4. The storage of not more than one (1) unoccupied trailer coach upon each lot.
- 5. The parking and use for residential purposes of not more than one (1) trailer coach upon each lot subject to the granting of a permit therefor by the Board of Appeals or provided in Article XIV of this Ordinance.

6.02—REQUIRED LOT AREA AND WIDTH

Each dwelling shall be located on a lot having an area of not

less than one (1) acre and an average width of not less than one hundred and twenty-five (125) feet, provided, however, that located within a lake or river of the high water line of lake or river each dwelling may be located on a lot having an area of not less than twenty thousand (20,000) square feet and an average width of not less than eighty (80) feet. There shall not be more than one (1) dwelling upon each lot.

6.03—PERCENTAGE OF LOT COVERAGE

All buildings including accessory buildings shall not cover more than thirty (30) percent of the area of the lot.

6.04—REQUIRED YARDS

A. Each lot located more than five hundred (500) feet from lake or river shall have front, side and rear yards not less than the depths or widths following:

- 1. Front yard—thirty-five (35) feet.
- 2. Side yard—twenty (20) feet except in the case of a corner lot where the side yard on the street side shall be not less than thirty-five (35) feet.
- 3. Rear yard—thirty-five (35) feet.

B. Each lot located within five hundred (500) feet of a lake or river shall have front, side and rear yards not less than the depths and widths following:

- 1. Front yard—thirty-five (35) feet.
- 2. Side yard—fifteen (15) feet except in the case of a corner lot where the side yard on the street side shall be not less than thirty-five (35) feet.
- 3. Rear yard—thirty-five (35) feet.

C. Each lot abutting a lake or river, shall have front, side and water-front yards not less than the depths and widths following:

- 1. Front yard—thirty-five (35) feet.
- 2. Side yard—fifteen (15) feet except in the case of a corner lot when the side yard on the street side shall be not less than thirty-five (35) feet.
- 3. Water-front yard—one hundred (100) feet measured from the high water line to the point where it is nearest to the main building; provided, however, that the water-front yard shall not be less than the average depth of the water-front yard of existing dwellings.

6.05—BUILDING HEIGHT LIMIT

(Supplementary Provisions)
Ordinance:
SECTION 7.01—
PERMITTED
Stores and shops for the sale of any generally recognized retail business such as: groceries, meats, dairy products, fruits or other foods, drugs, hardware, and hardware. Personal service shops such as beauty shops, hairdressing shops, tailor shops, restaurants and other businesses serving food or beverages, and to include the "drive-in" type.

Medical and dental clinics, business and professional offices and banks. Offices and workshops of a tradesman, electrician, decorator or other trade and baking, printing, cabinet making and similar establishments. Customary accessory uses incidental to any of the permitted uses. Advertising signs customary incidental to the above permitted uses.

The following conditional uses as provided in Article XII of this Ordinance:
Automobile service stations.

Additional conditional uses as provided in Article XII of this Ordinance.

REQUIRED LOT AREA AND WIDTH
None specified.

REQUIRED YARDS
Side yard—none required except in the case of a lot abutting a District there shall be a yard on the abutting side of not less than fifteen (15) feet. Front yard—thirty-five (35) feet. Rear yard—fifteen (15) feet.

PERCENTAGE OF LOT COVERAGE
None specified.

BUILDING HEIGHT LIMIT
Not exceeding thirty-five (35) feet.

REQUIRED OFF-STREET PARKING
Required in Article XIII of this Ordinance.

ARTICLE VIII
DISTRICTS—GENERAL BUSINESS DISTRICTS
The following regulations shall apply in all B-2 Districts except as otherwise provided in Article X (Supplementary Regulations) of this Ordinance:
AMENDMENT TO ARTICLE X
INDUSTRIAL DISTRICTS
SECTION 10.01—
USES PERMITTED
A. Any industrial use not listed below as requiring a conditional use permit.
(This replaces parts A and B, Section 8.01 as listed in the Ind. Ordinance.)
B. The following conditional uses subject to obtaining a conditional use permit as provided in Article IX of this Ordinance:
1. Abattoir (slaughter house).
2. Acetylene gas manufacture.
3. Acid manufacture.
4. Alcohol manufacture and/or storage.
5. Ammonia, bleaching powder or chlorine manufacture.
6. Ammunition manufacture and/or storage.
7. Animal black, lamp black or bone black manufacture.
8. Arsenal.
9. Asphalt manufacture or refining.
10. Auto wrecking.
11. Bag cleaning.
12. Boiler or tank works.
13. Brick, pottery, tile or terra cotta manufacture.
14. Celluloid manufacture.
15. Carbon manufacture.
16. Cement, lime, gypsum or plaster of paris manufacture.
17. Chemical plants.
18. Coal distillation.
19. Crematory.
20. Cresote treatment or manufacture.
21. Curing, tanning or storage of raw hides and skins.
22. Disinfectant, insecticide or poison manufacture.
23. Distillation of bones, coal, petroleum, refuse grain or wood.
24. Explosives, fireworks and gunpowder manufacture, or storing.
25. Fat rendering.
26. Fertilizer manufacture.
27. Fish smoking or curing.
28. Forge plant.
29. Foundry.
30. Gas (illuminating or heating) manufacture or storage.
31. Glue, also or gelatin manufacture.
32. Grease, lard or tallow manufacture or refined from animal fat.
33. Gypsum manufacture, reclaiming, distilling and refining.
34. Hydrocarbon material, reclaiming, distilling and refining.
35. Incineration, reduction, storage or dumping of slaughter house refuse, rapid fat, garbage, dead animals or offal.
36. Iron, steel, brass or copper foundry.
37. Junk yard.
38. Linoleum manufacture.
39. Lined oil, paint, oil, shell-

lac, turpentine or varnish manufacture.
40. Ore reduction.
41. Paper or pulp manufacture.
42. Potash works.
43. Reduction, canning, processing or treatment of fish or animal products.
44. Rolling-mill.

45. Rubber or gutta-percha manufacture or treatment.
46. Smelting of tin, copper, zinc, lead or iron ores.
47. Soap manufacture.
48. Customary accessory uses and buildings incidental to any of the permitted uses.

ARTICLE IX
SCHEDULE OF REGULATIONS
Minimum Height and Area

| DISTRICTS | Lot Size | | Height (In Feet) | Yard Setbacks | | | Floor Area | | Percentage Lot Coverage |
|-------------------------|--------------------------|----------|---------------------|---------------|---------------|------|----------------|----------------|-------------------------|
| | Acres | Frontage | | Front | Side | Rear | First | Second | |

* Corner lot, where the side yard on the street side shall be as specified.
* Waterfront yard measured from the high water line at the point where it is nearest to the Main building.
* When abutting an R-1 District there shall be a side yard on the abutting side of not less than fifteen (15) feet.

ARTICLE XII
CONDITIONAL USES
provided by the agencies responsible therefor.
B. That requirements for additional public services and facilities which will be created by the proposed use will not be detrimental to the economic welfare of the community.
C. That the proposed use, activities, processes, materials and equipment and conditions of operation, will not be detrimental to the public welfare persons or property by reason of excessive production of traffic, noise, smoke, fumes, glare or odors.
D. That liquids and other waste of any kind will be confined, treated or purified so as to prevent pollution of air, water and soil resources.
E. That the proposed use at the particular location will be consistent with the intent and purposes of this Ordinance.

SECTION 12.01—AUTHORITY
The Zoning Board, as hereinafter provided, shall have the authority to grant conditional use permits subject to such conditions of design and operation, safeguards and time limitations as it may determine for the following uses:
A. All conditional uses as permitted in the various district provisions of this Ordinance.
B. The following conditional uses in any district:
1. Cemeteries.
2. Removal of rock, sand, gravel, topsoil, minerals and natural materials except crude oil together with necessary buildings, apparatus, or appurtenances incident thereto (see definition, Section 2.34).
3. Public and private schools and educational institutions.
4. Community and organizations buildings.
5. Hospitals, sanitariums, clinics or rest homes.
6. Institutions of a philanthropic or charitable nature.
7. Public beaches, bathhouses and boat livers operated for gain.
8. Military establishments.
9. Temporary carnivals, circuses and other transient amusement enterprises.
10. Public buildings.
11. Private resorts and recreational camps.
12. Public and private dumps, incinerators or sanitary fills.
13. Race tracks or proving grounds.
14. Sewerage treatment plants and disposal areas.
15. Public and private utility installations, such as buildings, towers and substations.

SECTION 12.02—APPLICATION AND FEE
Application for any conditional use permit permissible under the provisions of this Section shall be made to the Zoning Board. Such applications shall be accompanied by a fee of fifty (50) dollars, except that no fee shall be required of any governmental agency. No part of such fee shall be returned to the applicant.

SECTION 12.03—DATA REQUIRED IN APPLICATION
An application for a conditional use permit shall contain the applicant's name in full; a statement that the applicant is the owner of the property involved or is acting on the owner's behalf; the applicant's address; the address or description of the property involved; an accurate diagram of said property, showing the existing and proposed location of all buildings thereon, the types thereof, and their uses; and a statement and supporting evidence regarding the required findings set forth in Section 12.05 below.

SECTION 12.04—HEARING
The Zoning Board shall hold a public hearing or hearings upon any application for a conditional use permit, notice of which shall be given by one (1) publication in a newspaper of general circulation in the Township, within ten (10) days next preceding the date of said hearing.

SECTION 12.05—REQUIRED FINDINGS
The Zoning Board shall review the particular circumstances and facts of the proposed use in the light of the following required findings:
A. That public facilities and services such as highways, fire and police protection, drainage facilities, refuse disposal and schools are adequate for the proposed use or are capable of being adequately

provided by the agencies responsible therefor.
B. That requirements for additional public services and facilities which will be created by the proposed use will not be detrimental to the economic welfare of the community.
C. That the proposed use, activities, processes, materials and equipment and conditions of operation, will not be detrimental to the public welfare persons or property by reason of excessive production of traffic, noise, smoke, fumes, glare or odors.
D. That liquids and other waste of any kind will be confined, treated or purified so as to prevent pollution of air, water and soil resources.
E. That the proposed use at the particular location will be consistent with the intent and purposes of this Ordinance.

SECTION 12.06—CONDITIONAL USE PERMIT, DETERMINATION
If the facts in the case do not establish beyond reasonable doubt that the findings set forth above will apply to the proposed use, the Zoning Board shall not grant a conditional use permit. In the granting of any conditional use permit the Zoning Board shall impose such conditions of use as it deems necessary to protect the best interest of the Township and to achieve the objectives of this Ordinance, and the breach of any such condition shall automatically invalidate the permit therefor.

SECTION 12.07—REAPPLICATION
No application for a conditional use permit which has been denied wholly or in part by the Zoning Board shall be resubmitted for a period of one (1) year from such denial, except on the grounds of new evidence or proof of changed conditions found by the Zoning Board to be valid.

ARTICLE XIII
SUPPLEMENTARY REGULATIONS
The provisions of this Ordinance shall be subject to such modifications, additions, exceptions, or limitations as herein provided by the following supplementary regulations.

SECTION 13.01—TEMPORARY STRUCTURES FOR DWELLING PURPOSES, PERMIT REQUIRED
No cabin, trailer coach, garage, basement or other temporary structure, whether of a fixed or movable nature may be hereafter erected or established for any dwelling purpose for any length of time except after the granting of a permit therefor by the Board of Appeals or provided in Article XI of this Ordinance.

SECTION 13.02—REQUIRED WATER SUPPLY AND SANITARY SEWAGE FACILITIES
In the interest of protecting the public health and welfare every building or structure hereafter erected, altered or moved upon any premise and used in whole or in part for dwelling, recreational, business, commercial or industrial purposes shall be provided with:
A. A safe and sanitary water supply.
B. A safe and sanitary means of collection and disposal of human excreta and domestic, commercial and industrial waste.
Such facilities shall conform to the minimum requirements as set forth by the Washtenaw County Health Department.

SECTION 13.03—EXCEPTIONS TO REGULATIONS
A. Essential Services; Essential services shall be permitted as authorized and regulated by law and other ordinances, it being the intention hereof to exempt such essential services from the application of this Ordinance.
B. Any lot created and recorded prior to the effective date of this Ordinance may be used for any permitted use even though the lot area is less than that required by the district in which said lot is located, provided that the other requirements of that district are met, and provided that no adjacent land or lot is owned by the owner of said lot.
C. The height limitations of this Ordinance shall not apply to church spires, belltowers, cupolas, penthouses and domes, not used for human occupancy, nor to

chimneys, ventilators, skylights, water tanks, bulk heads, similar features and necessary mechanical appurtenances usually carried above the roof level. Such features, however, shall be erected only to such height as is necessary to accomplish the purpose they are to serve and then only in accordance with any other governmental regulations.
D. Where a rear yard abuts upon a street, the setback of all buildings from the street right-of-way line shall be not less than the front yard requirements.

SECTION 13.04—REQUIRED STREET FRONTAGE
Each principal use hereafter established which involves buildings or structures for human occupancy shall be located and maintained upon a lot which abuts a street for a distance of not less than thirty (30) feet.

SECTION 13.05—COUNTY ROADS AND HIGHWAY RIGHTS-OF-WAY
The following minimum widths of rights-of-way shall be required for roads and highways:
A. Alleys (when permitted in business and industrial districts only) shall have rights-of-way of thirty (30) feet.
B. Streets (pertaining to subdivision streets) shall have rights-of-way of sixty-six (66) feet.
C. Secondary or local roads and quarter line roads shall have rights-of-way of eighty-six (86) feet.
D. Primary roads and/or section line roads shall have rights-of-way of one hundred twenty (120) feet.

SECTION 13.06—LOCATION OF ACCESSORY BUILDINGS
A. All accessory buildings shall be in the rear yard except when built as part of the main building.
B. An accessory building attached to the principal building of a lot shall be made structurally a part thereof, and shall comply in all respects with the requirements applicable to the principal building. The accessory building, unless attached and made part of the principal building as provided above, shall not be closer than ten (10) feet to the principal building.
C. No accessory building used in connection with any livestock, animals or poultry shall hereafter be located or maintained on any lot closer than fifty (50) feet to any lot line.
D. In the case of a corner lot no accessory building shall be located nearer to the side street line than a distance equal to the depth of the front yard required on said lot.

SECTION 13.07—REQUIRED OFF-STREET PARKING AND ACCESS
A. For each dwelling, business, commercial, industrial or other similar building hereafter erected or altered, and located on a public highway in the township, and including buildings or structures used principally as a place of Public Assembly, there shall be provided and maintained suitable space off the right-of-way that is in general adequate for the parking or loading of vehicles in proportions shown on the following table, and such space shall be provided with safe exit to and safe entrance from the public thoroughfare, but not to exceed one (1) such exit and entrance. Such exit and entrance may be combined or provided separately. Approval for the location of such exit and entrance shall be obtained from the County Road Commission, which shall also approve the design and construction thereof in the interests of safety, adequate drainage and other public requirements. A minimum of two hundred (200) square feet, exclusive of drives, entrances, and exits, shall comprise one (1) automobile parking space.
B. Parking Spaces Required:
1. For dwellings at least one (1) parking space for each dwelling unit.
2. For motels at least one (1) parking space for each individual sleeping unit or guest unit.
3. For private clubs at least one parking space for every two (2) of the active membership.
4. For hospitals at least one (1) parking space for each two (2) patient beds, excluding bassinets.
5. For sanitariums, convalescent houses and rest homes at least one (1) parking space

for each four (4) patient beds.
6. For medical or dental clinics three (3) spaces for each doctor or dentist having an office in such clinic.
7. For churches, theaters, auditoriums, stadiums and other places of public assembly at least one (1) space for each four (4) seats.
8. For retail stores, personal service shops, business and professional offices at least one (1) parking space for every two hundred (200) square feet of gross floor area in said establishment.
9. Industrial or manufacturing establishments shall provide parking spaces sufficient in number to accommodate the parking of automobiles and other motor vehicles used by the firm or employees or persons doing business therein.

SECTION 13.08—NON-CONFORMING USES
A. The lawful use of any buildings or structures and of any land or premises existing prior to the effective date of this Ordinance, may be continued if such use of building or structure entails no original construction, alteration, or enlargement thereof, does not constitute a public nuisance or endanger the public health, safety, or welfare. No other non-conforming use of any building, structure, or any land or premises shall be undertaken following the effective date of this Ordinance.
B. If the non-conforming use of any building, structure, land or premises is changed to a conforming use, such use shall not hereafter be reverted to any non-conforming use.
C. If the non-conforming use of any building, structure, land or premises, or part thereof, is abandoned for a continuous period of six (6) months, then any future use of said building, structure, land or premises shall conform in its entirety to the provisions of this Ordinance.
D. When district boundaries shall hereafter be changed, and the location of any non-conforming use be changed to another type of district, then said non-conforming use may still be continued, but subject to all other provisions of this section.

SECTION 13.09—RECONSTRUCTION OF DAMAGED NON-CONFORMING BUILDING AND STRUCTURES
Nothing in this Ordinance shall prevent the reconstruction, repair or restoration and the continued use of any non-conforming building or structure damaged by fire, collapse, explosion, acts of God, or acts of the public enemy, subsequent to the effective date of this Ordinance, provided, that such restoration and resumption shall take place within six (6) months of the time of such damage, further, that said use identical with the non-conforming use permitted and in effect directly preceding said damage.

SECTION 13.10—REPAIR, ALTERATION AND COMPLETION OF NON-CONFORMING BUILDINGS AND STRUCTURES
A. Nothing in this Ordinance shall prevent the repair, reinforcement, improvement or rehabilitation of non-conforming buildings, structures, or part thereof existing at the effective date of this Ordinance rendered necessary by wear and tear, deterioration or depreciation; nor prevent compliance with the provisions of the Building Code or Housing Law of Michigan, relative to the maintenance of buildings or structures; provided, however, that the cost of such repair, reinforcement, improvement, rehabilitation or compliance shall not exceed thirty (30%) percent of the reproduction value of such building at the time such work is done, and provided further, that said use of use of said building or part thereof.
B. Nor shall anything in this Ordinance require any change in the existing construction or intended use of the building for which plans have been prepared and filed, heretofore, with the County Building Inspector, and the construction of which shall have been diligently prosecuted for a period of one (1) month prior to the effective date of this ordinance, and which will be completed within two (2) years after the effective date of this Ordinance.

SECTION 14.01—BOARD OF APPEALS
There is hereby established a Board of Appeals, which shall perform its duties and exercise its powers as provided by Section 18, Act 184 of the Public Acts of 1948, as amended, in such way that the objectives of this Ordinance shall be enforced, the public health and safety secured and substantial justice done.

SECTION 14.02—MEMBERSHIP, TERMS OF OFFICE
The Board of Appeals shall consist of three members. The first member of such Board of Appeals shall be the chairman of the Township Zoning Board, for the term of his office, the second member shall be a member of the Township Board appointed by the Township Board, for the term of his office, and the third member shall be selected and appointed by the first two members from among the electors residing in the unincorporated area of the Township for a term of three (3) years provided that no elected officer of the township, nor any employee of the Township board, may serve simultaneously as the third member of the Board of Appeals.

SECTION 14.03—RULES OF PROCEDURE, MAJORITY VOTE
The Board shall adopt its own rules of procedure as may be necessary to properly conduct its meetings. The concurring vote of a majority of the members of the Board of Appeals shall be necessary to reverse any order, requirement, decision or determination of the administrative official or to decide in favor of the applicant any matter upon which they are required to pass under this Ordinance or to effect any variation in this Ordinance.

SECTION 14.04—MEETINGS
Meetings of the Board of Appeals shall be held at the call of the chairman and at such other times, as the Board in its rules of procedure may specify.

SECTION 14.05—PUBLIC MEETINGS AND MINUTES
All meetings of the Board of Appeals shall be open to the public and accurate minutes of the proceedings showing the action of the Board shall be kept, which record shall be filed in the office of the Township Clerk and shall be a public record.

SECTION 14.06—POWERS AND DUTIES
The Board of Appeals shall hear and decide appeals from and review any order, requirement, decision or determination made by the Zoning Inspector in the administration of this Ordinance as hereinafter provided, and shall have power to interpret the provisions of this Ordinance to grant variances from the strict application of any of the provisions of this Ordinance and to grant permits for the use of temporary structures for dwelling purposes including trailer coaches, to the extent of the following and no further:
A. Interpretation: To decide any question involving the interpretation of any provision of this Ordinance, including determination of the exact location of any district boundary if there is uncertainty with respect thereto.
B. Variances: To grant, upon appeal, variance from any of the regulations or provisions contained in this Ordinance in cases in which there are practical difficulties or unnecessary hardships in the way of such strict application, provided, however, that no variance shall be granted to permit the establishment within a district of any use which is excluded, or for which a conditional use permit is required.
C. Temporary Structure Permits: To grant permits for temporary structures for dwelling purposes subject to the procedures and limitations as hereinafter provided.

SECTION 14.07—APPLICATION FOR TEMPORARY STRUCTURE PERMIT
An application for a permit for the erection or movement of a temporary structure for dwelling purposes shall be made to the Board of Appeals on a special form used exclusively for that purpose.

SECTION 14.08—HEARING AND REQUIRED FINDINGS
The Board of Appeals shall give due notice of a hearing on such application. No permit shall be granted by the Board of Appeals unless it finds adequate evidence showing:
A. That the proposed location will not be detrimental to the property in the immediate vicinity.
B. That the proposed water supply and sanitary facilities have been approved by the Washtenaw County Health Department or that the occupants of the proposed structure will have right to unlimited use of the water supply and sanitary facilities of a dwelling existing upon the same lot.

SECTION 14.09—TEMPORARY STRUCTURE PERMIT LIMITATIONS
In the granting of such a permit the Board of Appeals may impose any reasonable conditions deemed necessary to protect the public welfare and the breach of any such condition shall automatically invalidate the permit. Said permit shall clearly set forth that the structure proposed is intended for temporary dwelling purposes and that said structure is to be vacated upon the expiration of a specific time limit to be determined by the Board of Appeals.

SECTION 14.10—VARIANCES, REQUIRED FINDINGS
No variance shall be granted by the Board of Appeals unless it finds:
A. That there are exceptional or extraordinary circumstances or conditions applying to the property involved, or to the intended use of the property, that do not apply generally to other property or uses in the same district and have not resulted from any act of the applicant subsequent to the adoption of this Ordinance.
B. That such variance is necessary for the preservation of a substantial property right belonging to other property in the same district.
C. That the granting of such variance will not be materially detrimental to the public welfare or injurious to the property or improvements in the vicinity or in the district in which the property of the applicant is located.
D. That the granting of such variance will be in harmony with the general purpose and intent of this Ordinance.

SECTION 14.11—VARIANCES, CONDITIONS MAY BE SPECIFIED
In granting a variance, the Board of Appeals may specify, in writing, to the applicant, such conditions in connection therewith as will, in its judgment, secure substantially the objectives of the regulation or provision to which such variance applies, and the breach of any such condition shall automatically invalidate the permit therefor.

SECTION 14.12—VOIDING OF VARIANCES
Each variance granted under the provisions of this Ordinance shall become null and void unless:
A. The construction authorized by such variance or permit has been commenced within one (1) year after the granting of such variance and pursued diligently to completion; or
B. The occupancy of land or buildings authorized by such variance has taken place within one (1) year after granting of such variance.

SECTION 14.13—VARIANCES, REAPPLICATION
No application for a variance which has been denied wholly or in part by the Board of Appeals shall be resubmitted for a period of one (1) year from such denial, except on grounds of new evidence or proof of changed conditions found by the Board of Appeals to be valid.

SECTION 14.14—APPEALS, HOW TAKEN
Appeal from the ruling of the Zoning Inspector concerning the enforcement of the provisions of this Ordinance may be made to the Board of Appeals within ten (10) days after the date of the Zoning Inspector's decision, which is appealed from. The appellant shall file with the Board of Appeals and the Zoning Inspector a notice of appeal specifying the grounds thereof. The Zoning Inspector shall forthwith transmit to the Board of Appeals all the papers constituting the record upon which the action appealed from was taken.

SECTION 14.15—WHO MAY APPEAL
Appeals to the Board may be taken by any person aggrieved or by any Officer, Department Board, or Bureau of the Township, County or State.

SECTION 14.16—FEE FOR APPEAL
A fee of fifteen (15) dollars shall be paid to the Board of Appeals at the time of filing the notice of appeal which the Board shall pay over to the General fund of the Township.

SECTION 14.17—STAY
An appeal stays all proceedings in the furtherance of the action appealed from unless the officer from whom the appeal is taken certifies to the Board of Appeals; after the notice of the Appeal shall have been filed with him, that by reason of facts stated in the certificate, a stay would, in his opinion, cause imminent peril to life or property, in which case proceedings shall not be stayed otherwise than by a restraining order, which may be granted by the Board of Appeals or by the Circuit Court, on application, or notice to the officer from whom the appeal is taken and upon due cause shown.

SECTION 14.18—HEARING ON NOTICE
When a notice of appeal has been filed in proper form with the Board of Appeals, the Secretary shall immediately place the said request for appeal upon the calendar for hearing, and cause notices, stating the time, place and object of the hearing to be served personally or by mail, at least five (5) days prior to the date of such hearing, upon the parties making the request for appeal. All notices by mail shall be deemed to have been given when deposited in the United States Post Office addressed to the respective property owners of record to the address shown on the last assessment roll of the Township.

SECTION 14.19—REPRESENTATION AT HEARING
Upon the hearing, any party

terminated by the Township Board of Appeals. On delivery of the permit, the owner and occupant shall certify in a space allotted for the purpose that he or she has full knowledge of the terms of the permit and penalty pertaining thereto. No permit shall be transferable to any other owner or occupant.

SECTION 14.20—VARIANCES, REQUIRED FINDINGS
No variance shall be granted by the Board of Appeals unless it finds:
A. That there are exceptional or extraordinary circumstances or conditions applying to the property involved, or to the intended use of the property, that do not apply generally to other property or uses in the same district and have not resulted from any act of the applicant subsequent to the adoption of this Ordinance.
B. That such variance is necessary for the preservation of a substantial property right belonging to other property in the same district.
C. That the granting of such variance will not be materially detrimental to the public welfare or injurious to the property or improvements in the vicinity or in the district in which the property of the applicant is located.
D. That the granting of such variance will be in harmony with the general purpose and intent of this Ordinance.

SECTION 14.21—VARIANCES, CONDITIONS MAY BE SPECIFIED
In granting a variance, the Board of Appeals may specify, in writing, to the applicant, such conditions in connection therewith as will, in its judgment, secure substantially the objectives of the regulation or provision to which such variance applies, and the breach of any such condition shall automatically invalidate the permit therefor.

SECTION 14.22—VOIDING OF VARIANCES
Each variance granted under the provisions of this Ordinance shall become null and void unless:
A. The construction authorized by such variance or permit has been commenced within one (1) year after the granting of such variance and pursued diligently to completion; or
B. The occupancy of land or buildings authorized by such variance has taken place within one (1) year after granting of such variance.

SECTION 14.23—VARIANCES, REAPPLICATION
No application for a variance which has been denied wholly or in part by the Board of Appeals shall be resubmitted for a period of one (1) year from such denial, except on grounds of new evidence or proof of changed conditions found by the Board of Appeals to be valid.

SECTION 14.24—APPEALS, HOW TAKEN
Appeal from the ruling of the Zoning Inspector concerning the enforcement of the provisions of this Ordinance may be made to the Board of Appeals within ten (10) days after the date of the Zoning Inspector's decision, which is appealed from. The appellant shall file with the Board of Appeals and the Zoning Inspector a notice of appeal specifying the grounds thereof. The Zoning Inspector shall forthwith transmit to the Board of Appeals all the papers constituting the record upon which the action appealed from was taken.

SECTION 14.25—WHO MAY APPEAL
Appeals to the Board may be taken by any person aggrieved or by any Officer, Department Board, or Bureau of the Township, County or State.

SECTION 14.26—FEE FOR APPEAL
A fee of fifteen (15) dollars shall be paid to the Board of Appeals at the time of filing the notice of appeal which the Board shall pay over to the General fund of the Township.

SECTION 14.27—STAY
An appeal stays all proceedings in the furtherance of the action appealed from unless the officer from whom the appeal is taken certifies to the Board of Appeals; after the notice of the Appeal shall have been filed with him, that by reason of facts stated in the certificate, a stay would, in his opinion, cause imminent peril to life or property, in which case proceedings shall not be stayed otherwise than by a restraining order, which may be granted by the Board of Appeals or by the Circuit Court, on application, or notice to the officer from whom the appeal is taken and upon due cause shown.

SECTION 14.28—HEARING ON NOTICE
When a notice of appeal has been filed in proper form with the Board of Appeals, the Secretary shall immediately place the said request for appeal upon the calendar for hearing, and cause notices, stating the time, place and object of the hearing to be served personally or by mail, at least five (5) days prior to the date of such hearing, upon the parties making the request for appeal. All notices by mail shall be deemed to have been given when deposited in the United States Post Office addressed to the respective property owners of record to the address shown on the last assessment roll of the Township.

SECTION 14.29—REPRESENTATION AT HEARING
Upon the hearing, any party

may appear in person or by agent or by attorney.

SECTION 14.20— DECISIONS OF BOARD

The Board shall decide upon all matters appealed from within a reasonable time and may reverse or affirm, wholly or partly, or may modify the order, requirement, decision or determination appealed from and shall make such order, requirement, decision or determination as in its opinion ought to be made in the premises and to that end shall have all the powers of the Zoning Inspector from whom the appeal is taken. The final decision of such appeals shall be in the form of a resolution containing a full record of the findings and determination of the Board in each particular case.

ARTICLE XV AMENDMENTS

SECTION 15.01— INITIATING AMENDMENTS

This Ordinance may be amended by changing the boundaries of districts or by changing or supplementing any other provisions hereof whenever the public necessity and convenience and the general welfare require such amendment. Said amendment may be initiated by resolution of the Township Board, the Zoning Board or by petition of one or more owners of property to be affected by the proposed amendment, which petition, in the case of an individual applicant affecting his own property, shall be filed with the Township Board and shall be accompanied by a fee of fifty (50) dollars, for review.

no part of which shall be returnable to the petitioner.

SECTION 15.02—PROCEDURE

The procedure for making amendments to this Ordinance shall be as follows:

A. Each petition for amendment by one or more owners of property shall be submitted to the Township Board who shall refer it for recommended action to the Zoning Board.

B. After consideration by the Zoning Board, the petition for amendment, including any changes thereto which the Zoning Board deems desirable, shall be submitted to at least one (1) public hearing, notice of which shall be given by two (2) publications in a newspaper of general circulation in the Township, the first to be printed not more than thirty (30) days nor less than twenty (20) days before the date of such hearing.

C. Notice of public hearings on any petition for amendment of this Ordinance which proposes to change land use districts as shown on the zoning map within five hundred (500) feet of the boundaries of adjacent townships or municipalities shall be sent to the Zoning Boards or other zoning agencies representing such townships or municipalities in order that coordination with adjacent zoning ordinances may be promoted.

E. The petition shall then be submitted to the Township Board by the Zoning Board and acted upon in accordance with the provisions of Section II of Act 184 of the Public Acts of 1945.

ARTICLE XVI ADMINISTRATION

SECTION 16.01— ZONING ADMINISTRATOR

The provisions of this Ordinance shall be administered by the Zoning Inspector, who shall be appointed by the Township Board for such term and subject to such conditions and at such rate of compensation as said Board shall determine. The Zoning Inspector shall for the purposes of this Ordinance have the power of police officers.

SECTION 16.02— ZONING PERMIT REQUIRED

Except for agricultural uses of land and accessory buildings specifically used for agricultural operations, as permitted in the A-1 Agricultural District, which are hereby exempted from the requirements of this Article, no land shall be occupied or used or building or structure shall hereafter be erected or altered until a zoning permit has been obtained from the Zoning Inspector. Such permit shall be nontransferable and shall be obtained before any new use is established or work of excavation or construction is begun.

SECTION 16.03—CERTIFICATE OF COMPLIANCE

Except as otherwise provided, no land shall be occupied or used or building hereafter erected or altered shall be occupied or used in whole or in part for any purposes, until a certificate of compliance shall have been issued by the Zoning Inspector stating that the proposed use or building complies with all the provisions of this Ordinance. A certificate of compliance shall be applied for at the same time that the zoning permit is applied for and if approved by the Zoning Inspector shall be issued within ten (10) days after notification from the permittee that the premises are ready for occupancy.

ARTICLE XVII VALIDITY AND PENALTIES

SECTION 17.01—VALIDITY

This Ordinance and the various parts, sections, subsections, phrases and clauses thereof are hereby declared to be severable. If any part, sentence, paragraph, section, subsection, phrase or clause is adjudged unconstitutional or invalid, it is hereby provided that the remainder of the Ordinance shall not be affected thereby. The Township Board hereby declares that it would have passed this Ordinance, and each section, subsection, phrase, sentence, and clause thereof irrespective of the fact that any one or more sections, subsections, phrases, sentences or clauses be declared invalid.

SECTION 17.02—PENALTIES

Any building or structure which is erected, constructed, reconstructed, altered, converted, maintained or used, or any use of land or premise which is begun, maintained or changed in violation of any provision of this Ordinance, are hereby declared to be a nuisance per se. Any person, firm, or corporation, or the agent in charge of such building or land who violates, disobeys, omits, neglects or refuses to comply with, or resists the enforcement of any provision of the Ordinance or any amendment thereof, shall be fined upon conviction not less than one (1) dollar, not more than one hundred (100) dollars together with the costs of prosecution, or shall be punished by imprisonment in the county jail for not less than one (1) day or more than ninety (90) days for each offense, or may be fined and imprisoned as provided herein. Each and every day during which any illegal erection, construction, reconstruction, alteration, maintenance or use continues shall be deemed a separate offense. The Township Board, the Board of Appeals, the Attorney of the Township or any owner or owners of real estate within the district in which such building, structure of land is situated may institute injunction, mandamus, abatement or any other appropriate action or actions proceeding or proceedings to prevent, enjoin, abate, or remove any said unlawful erection, construction, alteration, reconstruction, maintenance or use. The rights and remedies provided herein are cumulative and in addition to all other remedies provided by law.

ARTICLE XVIII EFFECTIVE DATE

SECTION 18.01—

The provisions of this Zoning Ordinance are hereby declared to be necessary for the preservation of the public health, safety and welfare and are hereby ordered to become effective thirty (30) days after final enactment and publication.

This Ordinance was approved and adopted by the Township Board of Lima on June 18, 1960, and ordered to be published in The Chelsea Standard, a newspaper having general circulation within Lima Township, Washtenaw County, Michigan, as required by Act 191 of the Public Acts of the State of Michigan for the year 1939, as amended.

RALPH STOFFER,
Lima Township Clerk

Effective Date: July 16, 1960.

Cars that ran away—with no driver behind the wheel—killed 30 people in the United States last year.

UNADILLA

Mr. and Mrs. Paris Giltner spent Sunday with relatives near Ludington.

Mr. and Mrs. Clair Barnum and Joanne spent Father's Day with Mr. and Mrs. Charles Sullivan and family, at North Lake.

Mrs. Celina Olsen, Mrs. Mildred Meyer and Mrs. Vera Pyper were in Jackson one day last week.

Mrs. Winona Pickett visited Mrs. Leone Weber near Ann Arbor Thursday.

Several trees in and near Unadilla were blown down Thursday evening by the heavy winds. Several telephones were out of order due to the storm.

Mrs. Anne Wilson, Mrs. Martha Sayers and Mrs. Betty Lawton, all of Mason, spent Sunday afternoon with Mrs. Myne Rose and brought her a lovely cake. Other callers during the week were Harry Cooper and Lucille, of Ann Arbor, Virginia Richmond, Emma Jackson and Mary Maschke.

Mr. and Mrs. Louis Kaiser entertained for Father's Day Mr. and Mrs. Will Desjardins of Toronto, Canada, Mrs. Lettie Salters of Belleville, Mrs. Lillian Cone of Wayne, Mr. and Mrs. Archie Evers of Detroit, Mr. and Mrs. Norman Kaiser of Stockbridge, Mr. and Mrs. Lee Evers and Tammy and Mr. and Mrs. Leonard Evers.

Father's Day guests of Mr. and Mrs. Francis Richmond were Mr. and Mrs. Roy Clunis of Windsor, Ont., Mr. and Mrs. Lovell Baker of Detroit, Mr. and Mrs. Earl Goodwin of Millville, Mrs. Clara Hudson and James Goodwin of Stockbridge, Mrs. Annabelle Whitman and children, June, Anna and Dale, Mr. and Mrs. George Goodwin, Mr. and Mrs. Bangs Richmond, Mr. and Mrs. Melvin Richmond and children.

Mr. and Mrs. Clyde Purchase, Mr. and Mrs. John Trombley attended the Rank-Maschke wedding Saturday at Fowlerville.

The Unadilla Dames, chapter of the Stockbridge Belles, held their regular weekly meeting at the Hall Wednesday evening. Each lady brought a piece of material from their gown and a banner was made for the group. The newly organized kitchen band, under the direction of Lorna May, practiced. Two new members joined, making a total of 15 members. Cella Corser returned from the meeting in Stockbridge in time to give a report on the business discussed there.

The Unadilla Dolls held their regular weekly meeting with Diane Jacobs. Following the business session the 10 members enjoyed a hot dog roast.

The Unadilla Dolls only hold meetings every two weeks and will meet with their president, Virginia Richmond, this week.

Mr. and Mrs. George Dye and family, of Monroe, spent the weekend with Mrs. Marguerite Hadley.

Mrs. Ethel Embury called on Mrs. Amy Isham at Plainfield and Mrs. Effie Glover in Stockbridge one day last week.

Mr. and Mrs. Ed Hammon of Michigan Center visited Mrs. Marguerite Hadley Saturday.

NORTH FRANCISCO

Week-end guests of Mrs. E. T. Quatt were Mrs. William Sanderson, Mr. and Mrs. Leon Sanderson, Mrs. Emil Thomas and Mr. and Mrs. Walter Riemenschneider.

Mrs. Mary Gleske of Quincy spent from Friday until Sunday afternoon as the guest of Mrs. E. T. Quatt. They were Sunday dinner guests of Mr. and Mrs. Dorf Whitaker.

Mr. and Mrs. Lynn Main and DeWitt Main, of Jackson, were Sunday afternoon callers of Mrs. Eva Notten and Gilbert Main.

Mrs. Henry Heim and grandson, Lee Harvey, returned home Wednesday by jet plane from Boron, Calif., after a five-week visit with the former's son-in-law and daughter, Mr. and Mrs. Keith Lightner and family.

Mr. and Mrs. Keith Harvey of Jackson were Sunday afternoon visitors at the home of Mr. and Mrs. Wayne Harvey.

Mr. and Mrs. Loren Hinderer and family, Mr. and Mrs. Norman Hinderer and family and Mr. and

Mrs. Douglas Kennedy and family spent Sunday evening with their mother, Mrs. Nina Wahl.

Nancy, Richard and Karen Kennedy were Saturday overnight guests of their grandmother, Mrs. Nina Wahl. On Sunday, Mrs. Wahl was a dinner guest of the Kennedys.

Tuesday afternoon callers of Mrs. Leonard Loveland and Mrs. Eva Notten were Mrs. Henry Heim and Mrs. Nelson Peterson.

Friends and relatives gathered at the home of Mr. and Mrs. Clarence Lehman Tuesday evening for a going away party honoring Mrs. Alda Lehman and her sister, Erma Biederman, who left early Thursday morning by plane from Detroit to New York where they embarked by boat for a trip to Europe.

Monday afternoon callers of Mrs. E. T. Quatt were Mr. and Mrs. Al Schweinfurth.

Mr. and Mrs. Chester Davis and children, of Angola, Ind., arrived Friday at the home of her parents, Mr. and Mrs. Chester Notten and aunt Miss Mabelle Notten, where Mrs. Davis and children will spend some time. Mr. Davis returned home to Indiana.

Mr. and Mrs. Roy Miller were Friday evening callers of Mr. and Mrs. Emerson Lesser and Sunday evening callers of Mr. and Mrs. T. G. Riemenschneider.

Michael and Sharlee Curtis of Sharon, spent Sunday afternoon with their uncle and aunt, Mr. and Mrs. Harold Wahl and family.

Mr. and Mrs. Ed Chase of Jackson, were Tuesday visitors there.

Mr. and Mrs. Lynn Main and DeWitt Main called on Mr. and Mrs. Nelson Peterson, Sunday afternoon.

Mr. and Mrs. Nelson Peterson and Mr. and Mrs. Rudolph Rohde and sons were in Ann Arbor Thursday evening to attend open house, Mr. and Mrs. Robert Schultz.

Mr. and Mrs. Robert Schultz.

WATERLOO

The Rev. Wilbur Silvernail of the Village church is acting as supervisor at Riverside camp of the EUB Church.

Following graduation exercises, senior Judy Woolley was honored at a reception in her home in Chelsea with her mother, Mrs. Annabelle Woolley as hostess, and her grandparents, Mr. and Mrs. Walter Viscary, as co-hosts. Their home decorations were pink peonies and red roses. Table decorations were in her class colors, blue and white. The cake was made and served by Mrs. Don Beaman. Punch was made and served by Mrs. Wilbur Beaman, assisted by Miss June LeVan, Mrs. Georg Pluck and Ann Heydlauff assisted at the gift table. Mrs. Clifford

Heydlauff also assisted. Forty-two guests came from River Junction, Waterloo, Salem Grove, Four Mile Lake and Chelsea area. Judy received many lovely gifts and cards.

Mrs. Leigh Beeman and grandson, Russell, Mrs. Wilbur Beeman and son, Gordon, accompanied the Chelsea Band to Bob-Lo on Monday.

Mr. and Mrs. John Dykema of Jackson, Mr. and Mrs. Wilbur Beeman and Gordon and Mrs. Ione Beeman were Sunday dinner guests at the Leigh Beeman home.

Mr. and Mrs. Boyd Wetzel of Stockbridge were Sunday guests at the home of Mr. and Mrs. Donald Beeman.

Mrs. Mable Wolley is recovering nicely since her fall and broken hip. Mrs. Annabelle Woolley and Judy visited her Sunday afternoon.

SALEM GROVE

Mr. and Mrs. Leon Sanderson and Mrs. William Sanderson were in East Lansing Thursday night to attend the graduation of the latter's granddaughter, Anne Arend.

Mrs. William Sanderson was a Friday evening supper guests of Mrs. E. T. Quatt.

Mrs. Emory Grant of Sugar Loaf Lake was a Wednesday evening guest of Mr. and Mrs. George Welch and daughter, Judy.

CAVANAUGH LAKE

Mr. and Mrs. Nelson Peterson and Mr. and Mrs. Emerson Lesser were Friday evening callers of Mrs. Esther Waddell and George Zeeb. Mr. and Mrs. William Eisenman of Ann Arbor were Sunday afternoon callers there.

Robert Fulton was a portrait painter before he became an inventor.

Why Mercury is the better low-price car

MORE VALUE. Just look at these Mercury advantages over other low-price cars:

You ride smoother because Mercury has up to 8 inches more wheelbase . . . and is up to 494 pounds heavier. You're more comfortable because of Mercury's extra shoulder room, leg room, and foot room. You feel safer because Mercury's brakes are bigger (up to 26%), and visibility is better (up to 21% more). Mercury has at least two dozen extra values. Why not enjoy them all, and save a little money, too?

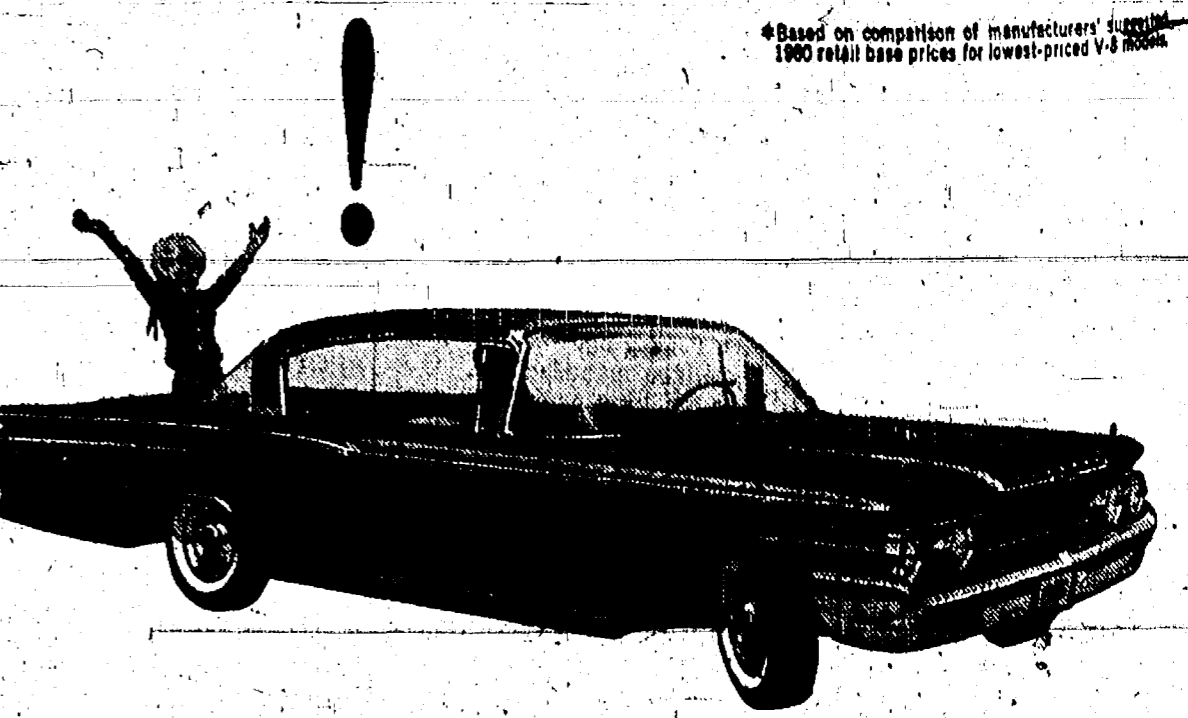

PRICES START \$43 TO \$66* BELOW EVEN THE LOWEST-PRICED V-8 POWERED PLYMOUTH FURY OR CHEVROLET IMPALA.

And we're not talking about a "stripped" Mercury. This price comparison is based on a deluxe-appointed Monterey with luxurious nylon interior and deep, soft wall-to-wall carpeting.

This amazing price story is the result of Mercury's dramatic 1960 price reductions (as much as \$174 lower than last year, including extras that are now standard equipment).

Every Mercury is lower priced than last year. All Monterey's are now low-price cars. They are priced below, or within a few dollars of, the other deluxe V-8 series in the low-price field. Come in. See for yourself.

*Based on comparison of manufacturers' suggested 1960 retail base prices for lowest-priced V-8 models.

Carol Cameron Attending Honors Science Institute on MSU Campus

East Lansing—Outstanding high school students from 18 states have been selected to attend an Honors Science Institute, June 19 to July 29, co-sponsored by the National Science Foundation and Michigan State University.
Included is Carol Cameron, 615 North Freer Rd., daughter of Chelsea School Superintendent and Mrs. Charles Cameron.
The 102 participants, with 64 from Michigan, were selected by a committee, in MSU's Science and Mathematics Teaching Center, where the program will be conducted.
"The institute is designed to stimulate and promote interest in science and mathematics," explains the director, Dr. Isobel Blyth. She points out that no grades are given and the aim is to "enrich" rather than "accelerate." However, the students may go just

about as far and as fast as their capabilities will take them, Dr. Blyth reports. All participants have completed their junior year in high school.
They will be in residence on the East Lansing campus during the institute and will take a mathematics and a science course (biology, chemistry or physics). They will attend special classes taught by top faculty members of the MSU staff and noted visiting scientists.
Participants will have access to laboratories and other university facilities and will prepare original projects for exhibit. Tuition, books and laboratory materials are provided under grant funds from the National Science Foundation.

Legion Auxiliary Names Officers For Coming Year

The annual Dues Luncheon of Herbert J. McKune Unit No. 81, American Legion Auxiliary, was held Tuesday at the Legion Home. Fifty-four members and junior Auxiliary members attended.
Mrs. Eldon Gorton, Poppy chairman gave a complete report on Poppy Day. Thirty Auxiliary members and three Junior Auxiliary members helped sell poppies and a profit of \$105.50 was realized from the sale. This money is used by the Auxiliary for rehabilitation and child welfare work.

Sewing chairman Mrs. John Hummel had on display five dresses, made by Auxiliary members, which will be sent to the Legion Billet at Otter Lake. Junior Auxiliary members also presented two petticoats which they purchased to be sent to the Billet.

OUSTER
Redwood City, Cal.—San Mateo county supervisors flatly refused to pay Mrs. Olive Grady the \$100,000 she said was due because of an auto injury.
District Attorney Keith Sorenson admitted a county vehicle struck the rear of her car, but pointed out Mrs. Grady's husband, George, then a county inspector, was driving the county car.

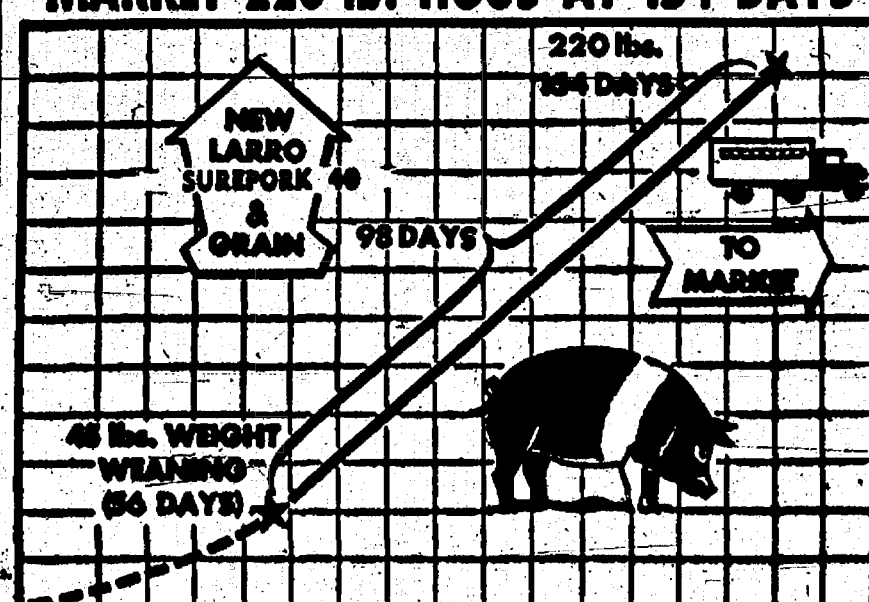

One hundred and twenty men accompanied Columbus when he discovered America.

FISHERMAN SAVES LIFE

Brooklyn, N. Y.—While fishing from a jetty in Brooklyn, a fisherman saw a man's body float some distance offshore. He gave a hefty cast, hooked the man's jacket, and reeled him ashore, where he was revived. The man, James McMann, said he was off a pier.

Beth Milford Is Candidate For State Senate Post

Beth Milford, treasurer of the Ypsilanti Board of Education has announced her candidacy for the Republican nomination as State Senator from Washtenaw county. Two years ago I waged a vigorous campaign to alert the voters to the need for a more flexible tax structure to create a more favorable business climate in Michigan. New industry would broaden our tax base and help assume part of the tax load, thus relieving our already over-burdened property owner. More than 5,000 voters agreed with my position on these vital issues," Mrs. Milford stated.

BETH MILFORD

I feel that today the situation is even more acute. When I learned of the vacancy in the Senate I hoped a strong candidate would seek this post who would take positive, aggressive stand in bringing these issues before the public. However, as this has not happened I have been urged to announce my candidacy and work for economy in government combined with sound business-like procedures. We need to better the national image of Michigan as a place for industry to locate the national for industry to locate. A contest in the primary forces candidates to define and discuss the issues and should thus bring forth a stronger candidate for the important election this fall. Solutions must be found to aid local units of government in their struggle to keep property taxes within reason in the face of rising costs.

Born on a farm, Mrs. Milford has always been vitally interested in farm problems. She is a member of the Stoney Creek Grange and the Washtenaw County Farm Council. She said, "With the present tax rate based on land usage the farmer is carrying a disproportionate share of the tax burden and something must be done to remedy this."

Mrs. Milford said that as a parent of five children, University of Michigan graduate, former Eastern Michigan University teacher of Economics and treasurer of the Ypsilanti School board she is "familiar with the educational needs of our schools and colleges."

Mrs. Milford received a Bachelor of Arts degree in Economics from the University of Michigan in 1933 and a Master of Arts in Business Administration in 1936, having been awarded a fellowship by the American Association of University Women. She also attended the University of Michigan Law School. She came to Ypsilanti in 1939 as a member of the Eastern Michigan University faculty. She previously taught high school in Pennsylvania and was a teacher at Pennsylvania State University and St. Mary's College of Notre Dame, Indiana. She also was a supervisor of secondary education in the public schools of South Bend, Ind.

She is the Ypsilanti School district's representative on the advisory committee of the Washtenaw Chapter of the Michigan Association for Retarded Children. She is a member of the board of directors of the Huron Valley Child Guidance Clinic for emotionally disturbed children. She was Ypsilanti chairman for the 1960 March of Dimes, served on the Washtenaw county School planning committee, the Ypsilanti Family Service Board and as Chairman of the Ypsilanti Chapter of the American Cancer Society. She is also a member of the Sarah Brown Smith Alumnae Group for the University of Michigan, the American Association of University Women, the Republican Women's Club, the Washtenaw Farm Council and the Grange. She served for four years as vice-chairman of the Republican County Committee.

FAVOR PROVES COSTLY
New York—On a street in New York City, William Fletcher asked a policeman to help him start a stalled car. The policeman got the engine started, then asked to see Fletcher's registration and license. Then he arrested Fletcher on a charge of stealing the car.

GIRL SCOUT NEWS

TROOP 77
During the past two weeks, Troop 77 has been planning and carrying out a Court of Awards and a trip to Bob-Lo. The Court of Awards was held June 9 and many of the mothers attended. Five girls have nearly completed requirements for their first class rank.
On June 15 the troop spent the day at Bob-Lo Island.

Terry O'Neill, scribe

A coulometer is an instrument for measuring the amount of electricity passing through a circuit.
