Black Angus Steer Grand Champion at County 4-H Show

More Than 500 Livestock Entries at Annual Event

Alfred Dible of 7650 Waters exhibited a 15-month-old Black Angus steer named "Butch" which was judged the grand champion of the 1960 Washtenaw County 4-H Show last week.

BARBARA JEAN COLLINS

Many Area Residents Spot Echo I

Echo I, the 10-story aluminum coated balloon launched into space Friday and now circling the earth every two hours at a height of 1,000 miles, was seen by a number of people in this area as it passed overhead from east to west a few minutes after 11 p.m. Monday.

It was visible again at approximately 1:10 a.m. and 3:10 a.m.

Among those who saw the satellite at 11:05 p.m. were Cynthia Hepburn and her mother, Mrs. Max Hepburn.

Mrs. Hepburn said that when first sighted, it looked like another star but soon a sort of wavering movement was noticeable and when directly overhead it appeared to be slightly oblong shaped. It took approximately 10 minutes for the satellite to move out of sight.

Scientists have been successful in bouncing sound waves off the space traveler and transmitting conversations by means of regular telephones.

Sunday the voice of a scientist at the Naval Research Laboratory, Stump Neck, Md., was bounced off Echo I to Holmdel, N. J., and hurled back into space for another bounce to Goldstone, Calif.

Later a taped instrumental recording of "America the Beautiful" was similarly sent from Maryland to New Jersey to California.

President Eisenhower has said that any nation, including Russia, can use the 10-story-high communications satellite for its own experiments.

The National Aeronautics and Space Administration announced that Tuesday and Wednesday Echo was to pass over world capitals ranging from Santiago, Chile, to Seoul, South Korea and would be seen above Johannesburg, New Delhi, Tokyo and Mecca.

Approximate times predicted for Satellite Echo I to pass over this area tonight and tomorrow night are as follows: Thursday 9:58 p.m., 12:03 p.m., 2:09 a.m. and 4:17 a.m.; Friday 9:35 p.m., 11:41 p.m., 1:47 a.m. and 3:56 a.m.

Barbara Collins To Graduate from Nursing School

Receiving their diplomas as graduate nurses on Saturday, Aug. 20 at the Ford Auditorium in Detroit will be 135 young women from Detroit and Ann Arbor units of the Mercy School of Nursing of Detroit.

Graduating from the unit at St. Joseph's Mercy hospital, Ann Arbor, is Barbara Jean Collins, 555 Chandler St., daughter of Mr. and Mrs. William J. Collins.

During her nurse's training, Miss Collins was a member of the Nurses Glee Club and was elected president of her class at St. Joseph Mercy hospital. After graduation she plans to work at St. Joseph Mercy hospital, Ann Arbor.

Presiding over commencement exercises in Ford Auditorium will be the Rev. Fr. Clement J. Esper of Sacred Heart Seminary. Honors and diplomas will be conferred by the Most Reverend John A. Donovan, Auxiliary Bishop of Detroit, following presentation of candidates by Sister Mary Janice, RSM, executive director of the Mercy School of Nursing of Detroit.

The address will be given by the Rev. Fr. Arthur Meloche of Holy Family Retreat, Oxley, Ontario.

Miss Collins graduated from Chelsea High school in 1957. She had attended St. Mary's school through the eighth grade, prior to entering Chelsea High school.

Mrs. William Manion and daughters, Linda and Margaret, of Mt. Clemens, are visiting this week at the home of her brother and family, Mr. and Mrs. Walter Bury and children.

Gerald Luick re-entered St. Joseph Mercy hospital, Ann Arbor, last week Wednesday after being at home a few days.

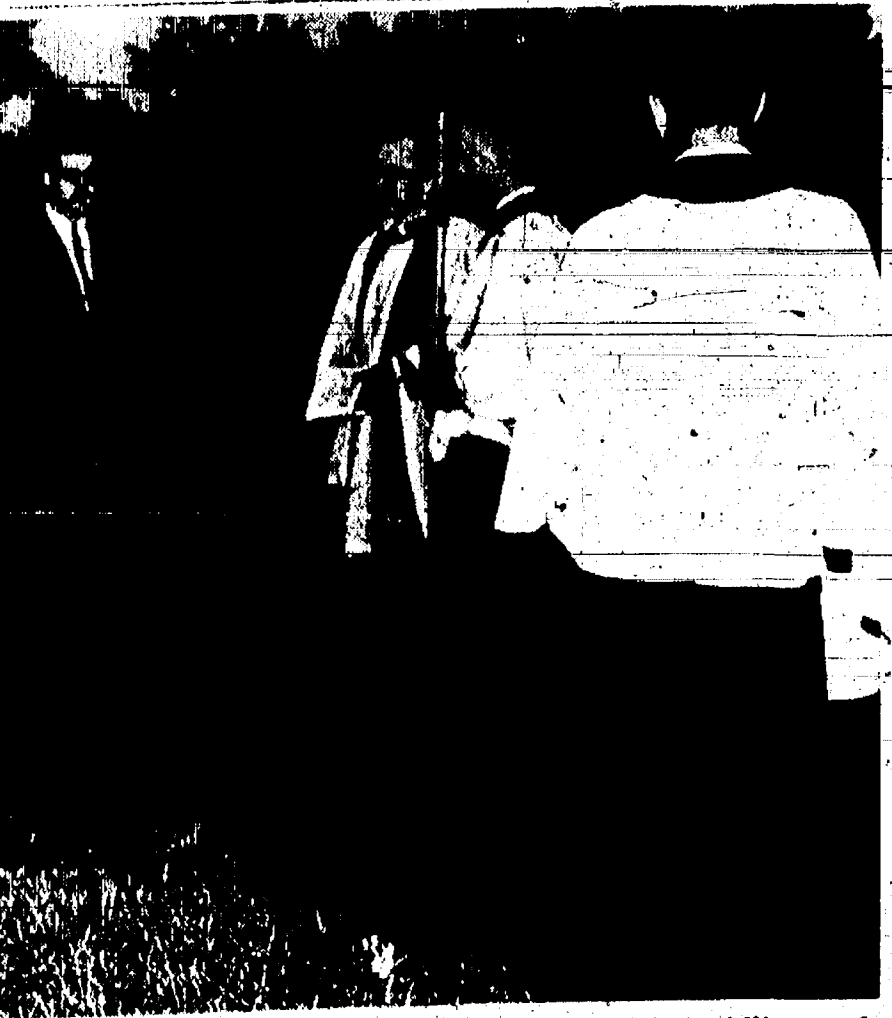

Plastics Picnic Scheduled for Saturday

Approximately 200 persons are expected to attend the family picnic of the Michigan Plastics Division of St. Joseph's Paper Co. of Dexter which will be held at Dexter-Huron Metropolitan Park on Saturday, Aug. 20.

Robert Zwinn, office manager in charge of the picnic.

Groundbreaking Ceremony

Although the sun shone brightly earlier Sunday morning, it was raining by the time members of the congregation of St. Barnabas Episcopal church arrived at their new church site for groundbreaking ceremonies which signal the construction of the new building. Since the congregation was organized six years ago, services have been held in the Red school building on the Community Fair grounds. Sunday's ceremonies began at the church and then the congregation formed a procession, following the choir to the new church site on Old US-12, one block east of the Red School. The above photo shows the first spadeful of earth being turned by Robert Baldwin, chairman of the Bishop's Committee of the church. Standing beside him is Mrs.

Judson Goltra, president of the Episcopal Women of Chelsea, who had the honor of turning the second spadeful of earth. Women of St. Barnabas have been extremely active in raising funds for the new church building and are holding their annual ice cream social at the Community Fair building Saturday evening. Others who appear in the photo are representatives of Chelsea Associated Builders who are the contractors for the new building, Frederick Helser (just behind Baldwin) and John Pieroni; also the Rev. Allen W. Reed, vicar of St. Barnabas; and Edward Lauson (holding cross) who served as crucifer for the occasion. Choir members at right were not identified. It is expected that construction of the new building, designed by Charles Scott of Toledo, O., will begin within 10 days.

ROBERT KUSHMAUL, 12-year-old second-year 4-H club member, (center front) exhibited his junior yearling Holstein heifer, at the Washtenaw county 4-H Show at Ann Arbor last week and received a blue ribbon. The heifer placed third in Group "A." Robert is a member of the Rogers Corners Herdsmen 4-H club. Shown with him and his blue ribbon Holstein are Jerry Bristle, left, and Donald Hinderer, at right.

Former Sharon Pastor Will Relate Congo Experience

Dr. Harry Zimmer who served as pastor of North Sharon Community Bible church prior to becoming a missionary in the Belgian Congo four years ago, was forced to flee with his family because of the political situation and resulting unsettled conditions there and the family is now staying temporarily at Jackson.

Dr. and Mrs. Zimmer and their children will be at the church here Sunday to tell of some of their experiences. They will be at the 10 a.m. Sunday school program and at the 11 a.m. worship service. In their honor, a pot-luck dinner has been planned and will be held at the church at 12:30 p.m. Anyone in the community interested in hearing Dr. Zimmer is invited to attend the services.

Rogers Corners Church To Dedicate New Organ

St. John's Evangelical and Reformed church (United Church of Christ) at Rogers Corners will dedicate a new Baldwin electronic organ at a special service at 7:30 p.m. Sunday.

The organ is a gift from Mr. and Mrs. Erwin Hinderer as a memorial to Mr. Hinderer's parents, Mr. and Mrs. John George Hinderer.

The memorial plaque on the new organ lists their names as John George and Charlotte E. Hinderer. Mr. Hinderer, who died March 26, 1951, was a life-long member of St. John's church and Mrs. Hinderer, the former Charlotte E. Jede, became a member when she and Mr. Hinderer were married. Mrs. Hinderer died Nov. 17, 1959.

The organ console is of walnut to match the altar, lectern and other appointments of the church interior.

The old reed organ which the new organ replaces, was purchased by the congregation about 30 years ago. The first organist was Mrs. Elsie Niehaus Huck, now living in Illinois.

The pastor of the church, the Rev. Donald Voss, will preside at the dedication service Sunday evening. The program will include anthems by the junior and senior choirs and a vocal solo by Mrs. Donald Bauer. Mrs. Frank Mitchell is the church organist and will play for the dedication service.

A guest organist is expected to play.

Parents Will Meet To Plan Cub Scouting Program

Plans for Cub Scout activities for the coming year will be the principal item of business at a meeting next Tuesday of mothers and fathers of all boys who plan to participate in the program. Cub Scouts will not be present at the meeting.

John Potts, secretary of the Cub Scout committee, will meet with the parents to organize for the coming year's work which ideally begins when school opens for the fall term.

Since school opens in slightly more than two weeks, it was pointed out, the organizational meeting next Tuesday should be well attended in order that plans for a September Pack meeting may be completed with dens and den mothers assigned.

The organizational meeting will be held at South Elementary school, beginning at 7:30 p.m.

Employees are members of Local 1284, UAW-AF-CIO.

They are demanding "a change in working conditions" Jack Taylor, the Union president, said yesterday.

Mr. and Mrs. Sylvester Weber have returned from a northern trip during which they visited Taquamenon Falls, Sault Ste. Marie, the Hartwig Pines and many other points of interest.

Mrs. Louise Hinderer is spending some time in Detroit as the guest of her sister-in-law, Mrs. Bertha Holt.

Community Fair Committees Busy Organizing Show

Radar Unit Purchased for Police Cruiser

A mobile radar unit has been purchased by the Village for use on Chelsea's police car as a means of traffic control.

The decision to purchase the equipment was made at Tuesday evening's Village Council meeting.

In other action the Council voted to order the village parks closed for the night at 10 p.m.

A petition for a change of zoning on South Main St. to permit erection of a Knights of Columbus Hall was not approved. Property owners in the area had opposed the zoning change.

Parade Entries Should Be Made Early as Possible

With Chelsea Community Fair time just three weeks away, all committees are busy with preparations for the annual event which is scheduled for Wednesday through Saturday, Sept. 7-10.

Tuesday evening Fair Board members and volunteers were busy erecting a white board fence around the arena. Grading done during the summer has also made a big improvement.

J. V. Burg, II, and Roland Spaulding, co-chairman of the daily activities committee, have appointed M. J. Anderson to again take charge of the Children's Day activities scheduled for the opening day of the fair, Wednesday, Sept. 7.

Well Known Donkeyball Riders Signed

Several well known members of the Chelsea Kiwanis club have volunteered to play in the donkeyball game tomorrow night at the Chelsea High school athletic field. Some of the stars who will play under the stars are John "Filler-Up" Alher, Paul "Pockets" Mann, Bob "Short-Socks" Foster and Doc "Hype" Sharrard.

On the alternate list are to be such outstanding donkeyballers as "Tox" McClure, Chan, "the Man," Rogers, Harold "Judge" Jones, and Henry "Fireball" Thiegmeyer.

Other volunteers include such well known entertainers as Dan "Kustus" Ewald and Don "Crazy Legs" Hester.

The Chelsea High School Band, under the direction of David Lindsey, will be on hand to provide entertainment between innings and before the game.

Game time is 8 p.m. and tickets are available at the gate or from any Jaycee.

Sponsor of the event is the Chelsea Junior Chamber of Commerce.

Chelsea Couple Spotted in Audience at Nation-wide TV Show

Mr. and Mrs. Charles Blanchard, while on their vacation, put Chelsea "on the air" Saturday night when they were in the studio audience for the television broadcast of "Jubilee, U.S.A." The program originated at Springfield, Mo., in the heart of the Ozarks and was broadcast over channel 7 at 10 p.m.

As is customary on the program, guests in the studio audience are invited to bring with them signs stating the name of their home town and are given an opportunity to display the signs when the television cameras show the audience.

Many Chelsea area people called The Standard office saying they had seen the program but did not recognize the Chelsea visitors who displayed the big "Chelsea, Michigan" sign.

It was revealed by friends yesterday that they were Charles and Doris Blanchard.

Mrs. Blanchard is on vacation from her office job at Federal Screw Works. Her husband is an employee of Chelsea Products Co.

MYSTERY FARM NO. 112—Here is the photo of another area farm for readers to identify if they can. It is the 112th in the current series of farm photos published each week. If you recognize the place, please call The Standard office at once, GR 3-3581. The owner is entitled to a mounted photo, free of charge, if he will call at The Standard office on or before Saturday.

Hunter Safety Program Organized for Young People

Sponsored by the Michigan Department of Conservation, a "Hunter Safety" program for boys and girls 12 to 17 years of age will be instituted here.

The program is designed as a means of teaching safety practices with which all hunters should become familiar.

Promotion of the safety education program is a Conservation Department effort to cut down the increasing number of hunting accidents and fatalities caused by improper or careless handling of firearms.

All young people interested in taking part in the safety instruction program here should contact the instructor, Gene Shoemaker, 130 East St., who has been appointed by the Conservation Department to be the instructor here.

Shoemaker may be reached during the day at GR 5-8230 and evenings at GR 5-8270.

He has registration forms to be filled out by applicants.

The full course is a four-hour one which may be divided into class periods during the convenience of the instructor and the young people. It will probably take place during the last two weeks in September, the time and location of the sessions to be decided upon when the class is complete.

The safety program sessions will include discussion of factors causing hunting accidents; reasons for hunting regulations; proper handling of firearms and bows and arrows; reasons for hunting regulations; hunter survival; and hunting ethics.

The four-hour course will be interestingly presented, utilizing charts and other visual aids.

Conservation Officer Donkey Boyer recommends the course to all young people who may become hunters in the future.

All young people who complete the course will receive a certificate issued by the Michigan Department of Conservation from the office in Lansing.

Mr. and Mrs. Russell Frazier and children, Mike, Bob and Susie, spent several days last week at the home of Mrs. Frazier's parents, Mr. and Mrs. Albert Schweitzer, 1426 Notten Rd., The Fraziers are leaving Sept. 6 for a two-year stay at Vicosia, Brazil, where Frazier will work under the Point Four program of U.S. Foreign Aid training students in soil enrichment and higher crop production methods. Frazier has been in charge of soil testing and research at Purdue University, Lafayette, Ind.

Announcement was made today of the formation of the Washtenaw County Volunteers for Nixon, a non-partisan organization dedicated to the election of Richard M. Nixon as President of the United States.

Edward Sherburne of the Detroit Edison Co., has been named chairman of this county-wide organization.

Sherburne pointed out that the county-wide organization is one of many such groups in the state and the nation working for Nixon's election.

"Washtenaw Volunteers for Nixon will be an independent organization of people who, regardless of political affiliation, look to Vice-President Nixon as the best man qualified in the United States today to ably discharge the complex duties of the presidency," Sherburne said.

"Anyone interested in joining this organization is invited to phone NORMANDY 2-1400 and leave his or her name and address. Respondents who volunteer in this way will then be later contacted for an organizational meeting."

Sherburne said the new organization will launch a membership drive immediately and will make plans for carrying on an active campaign in Nixon's behalf.

Volunteers for Nixon Organize in County

Announcement was made today of the formation of the Washtenaw County Volunteers for Nixon, a non-partisan organization dedicated to the election of Richard M. Nixon as President of the United States.

Edward Sherburne of the Detroit Edison Co., has been named chairman of this county-wide organization.

Sherburne pointed out that the county-wide organization is one of many such groups in the state and the nation working for Nixon's election.

"Washtenaw Volunteers for Nixon will be an independent organization of people who, regardless of political affiliation, look to Vice-President Nixon as the best man qualified in the United States today to ably discharge the complex duties of the presidency," Sherburne said.

"Anyone interested in joining this organization is invited to phone NORMANDY 2-1400 and leave his or her name and address. Respondents who volunteer in this way will then be later contacted for an organizational meeting."

Sherburne said the new organization will launch a membership drive immediately and will make plans for carrying on an active campaign in Nixon's behalf.

Census Bureau Listing Nation's CD Workers

The U. S. Bureau of the Census, in its work of listing the number of people in the nation, is now making a count of the number of Civil Defense workers.

It was announced this week that Director Gerald G. Miller has been asked by the bureau to count the number of Civil Defense workers. Miller will be required to report the number of full-time Civil Defense workers in the county, the number of part-time workers who spend at least eight hours a week on the job and the number who have definite Civil Defense emergency assignments and who are "trained to perform their duties."

The Civil Defense office also will be required to report the number who would be needed in a Civil Defense emergency and the number of radiological monitoring instruments owned by the local government.

READY FOR THE SHOW—Beverly Windell's Corriedale ram lamb won first place and an "A" rating at the Washtenaw county 4-H Show last week and is eligible for entering the State 4-H Show at East Lansing later this month. Beverly is at left in the above photo making a few last-minute preparations before taking her ram into the judging arena. Friends with her at the time are Shari Stoffer, center, and Marcia Berke. She is a member of the Lima-Scio Livestock 4-H club. This is her third year in livestock projects.

Vice-President Nixon To Address VFW Convention

Vice-President Richard M. Nixon will make a brief visit to Detroit next Wednesday (Aug. 24) to address the 61st national convention of the Veterans of Foreign Wars at the city's new convention site showplace, Cobo Hall.

The vice-president, who accepted the invitation to speak to the VFW before the decision to recognize Congress after the national political conventions, will leave immediately after his appearance to return to Washington, and his duties as presiding officer of the Senate.

Republican leaders pointed out this Detroit visit by Nixon is non-political and that his appearance before the VFW would be in his role as vice-president, not as a candidate for the presidency.

The vice-president will arrive at Metropolitan Airport at 8:45 a.m. and, after brief welcoming ceremonies at the airport by VFW and city officials, go to the Sheraton-Cadillac Hotel. The motorcade will proceed along the expressway to Telegraph Rd. along Telegraph Rd. to Michigan Ave. then down Michigan to Cadillac Square, north on Woodward Ave. to Grand Circus Park, and then south on Washington Boulevard to the hotel. Arrival at the Sheraton-Cadillac is scheduled for approximately 10 a.m.

VFW officials pointed out the motorcade would move slowly, giving spectators along the route an opportunity to see Vice-President Nixon.

In keeping with the non-political purpose of the visit, none of the state's Republican candidates will meet the Vice-President at the airport. Welcoming Nixon will be VFW National Commander Louis Feldmann and his wife, Detroit Mayor Louis A. Miriani and City Councilman Eugene L. Van Antwerp, President Gertrude Rhine of the VFW Ladies Auxiliary, and other VFW officials, including Senior Vice-Commander Ted Connel, Junior Vice-Commander Robert Hansen and Adjutant Julian Dickinson.

At the hotel, Nixon and the small staff accompanying him will complete any pressing official business, and then he will leave at 10:45 a.m. for Cobo Hall.

Immediately upon completion of his speech, he will return to the Sheraton-Cadillac to prepare for the evening.

— by CARL HELM

From my front porch...

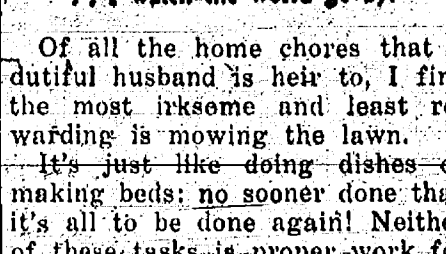

I watch the world go by!

Of all the home chores that a dutiful husband is heir to, I find the most irksome and least rewarding is mowing the lawn.

It's just like doing dishes or making beds: no sooner done than it's all to be done again! Neither of these tasks is proper work for a man. Left to his own devices, any right-minded male will happily let 'em stay unwashed and unmowed, while occupying himself with worth-while pursuits.

Mowing the lawn is just as inappropriate for the so-called weaker sex, although it's women who insist that the grass be cut and kept cut, clipped, sheared, trimmed and prettily edged. Something in their dainty nature, I guess.

As for me, I prefer a lawn with a real, full-grown head—a long tawny mane of it. Looks healthy, in my opinion. And, moreover, that way a couple of mowings per summer will suffice!

Old Timers' Day Set for Sept. 8 At State Fair

Attention senior citizens—those 60 years of age or older.

Now is the time to send in entries for the various contests arranged for Old Timers' Day Thursday, Sept. 8, at the Michigan State Fair, which runs from Sept. 2 through Sept. 11.

Just write a note to Harry Webberman, Old-Timers Day director, Michigan State Fair, Detroit 3, saying you would like to enter one or more of the following contests:

Oldest man, Oldest Woman, Couple Married Longest, Prettiest Hat, Longest Mustache, Baldest Head and the Nimble 60's Crocheting Contest.

There will be five prizes in each category from \$5 for first place to \$1 for fifth place.

Each contestant must, of course, be 60 years of age or older. Winners of the prettiest hat contest in previous years may enter again but may not wear the same hats.

Rules for the Nimble 60's Crocheting Contest are:

Each contestant must have an ample supply of size 50 mercerized crocheting thread and the contestant who completes the most swatches, following a pattern supplied by the State Fair, in ½ hour's time, is the winner.

The pattern is available, in advance, to permit contestants to familiarize themselves with the swatch. Requests for copies of the pattern should be included with the entry.

General Manager Donald L. Swanson announces free admission to the grounds for oldsters on Old Timers' Day and a whole day's program geared to their interests and focused at the Music Shell area where there are lots of benches and shade trees.

Interstate 94 Gap in County To Be Opened About Nov. 3

Lansing—Nearly 2½ miles were added to Michigan's growing network of freeways in the past two weeks.

State Highway Commissioner John C. Mackie said 1½ miles of the M-78 Freeway in Genesee county opened Saturday, Aug. 13. Two days later, a 14.5 mile section of Interstate 94 Freeway opened in Van Buren county. The two sections were built at a cost of \$11.3 million.

The two openings marked another milestone in Michigan's five-year, \$1¼ billion highway construction and modernization program.

"Now that these two sections are open, Michigan has more than 400 miles of limited-access freeways," Mackie said.

"In addition, the longest continuous stretch of freeway will exceed 100 miles."

The Highway Commissioner said Michigan's total mileage of freeways has now been increased from 387 miles to 408 miles while the longest continuous section of freeway has been extended from 84 miles today to 100 miles.

The 100-mile stretch extends from Jackson to a point near Benton Harbor.

"This means that within the short period of three years, Michigan's freeway mileage open to the motoring public has more than quadrupled—from 101 miles on July 1, 1957, to 408 miles," Mackie said.

The new M-78 Freeway extends from Swartz Creek to M-18 at the Genesee-Shiawassee county line. This section, which includes interchange and grade separations, was built at a cost of \$8.6 million, including right of way engineering.

The freeway replaces a section of highway built in 1926 by Genesee County Road Commission. It became part of the state highway system in 1931, when it was extended from Lansing to Flint.

The section of Interstate freeway opened extends from M-119 south of Paw Paw in Van Buren west to Hartford in the final gap in the freeway between Jackson and a point at three miles east of Benton Harbor.

The Freeway will be added another 28 miles in both directions in October. A 10-mile section in Jackson east to the Jackson-Washtenaw county line and a 18-stretch from the Benton Harbor area to Stevensville, south of Joseph, are scheduled to be within 60 to 90 days.

When these two sections are added, it will give motorists 192 miles of continuous freeway. A 28-mile section in Washtenaw county is scheduled to open about Nov. 30, making Freeway continuous from downtown Detroit to Stevensville, a distance of 211 miles.

Mrs. Keith Boylan and child Janet, Barbara James, Thomas, with Mr. and Mrs. Jay Yoxall and daughters, Laura, Linda, of Detroit, spent last week at High Tower Lake near Lansing. The Yoxalls had spent the previous week at Washington, D. C.

John A. Conlan, who had been patient at St. Joseph Mercy hospital the past two weeks, returned to his home here Monday.

VACATION BOUND!

If you're headed for a new vacation area, here's a hint that might save you some time and trouble: To find any product or service—drugstore, doctors, garages, theatres—just look in the local Yellow Pages. It's crammed with lots of information about local businesses. Without taking a step, you can make a fast tour of the shopping district—just by glancing through the Yellow Pages.

+++++

DID THE PHONE ever ring while you were out in the yard? Usually you run in, only to find your caller had hung up. Of course, it's happened to all of us. Now that more people are outside more of the time, remember it may take longer to reach the phone. A good rule of thumb when you're calling is to let the other phone ring 10 times. That gives them enough time to answer—and saves you having to call again.

5th Anniversary Observed for Social Security Law

Aug. 14 marks the 25th anniversary of the enactment of the Social Security law. Few other laws have had such a profound impact on the American scene as this popularly administered federal program.

Prior to the advent of unemployment insurance, a man out of work could maintain a decent standard of living more than a few weeks was a rarity. Unemployment in 1935 meant that the hopes and dreams of the American worker had to be put aside while he struggled to exist. If he was unemployed long enough, he had to be forgotten.

Today, less than one out of 35 Americans are unemployed. This testifies for the magnificent economy we've built ourselves. Perhaps, as important, the spectre of unemployment no longer has the terrible meaning to the individual as it did just a few years ago.

In recent years, many articles have appeared dealing with the proper retirement age. The trend of the arbitrary age such as 65 for everybody instead, the health, interests, and abilities of the person. This approach has much merit, but it is also interesting as a symptom.

If you stop to think about it, it's a significant milestone when we can properly direct our philosophy of retirement toward the individual rather than "what's best for society."

Which old-age insurance was proposed in the 1930's, one of the most telling arguments for its passage was the claim that, if the older man had an income, he would willingly leave the labor force and make way for younger men. This reasoning is seldom heard any more, perhaps, because now that the older worker does have an

Skin Diving Needs Strict Safety Rules

Lansing—As a result of three accidental drownings of skin divers so far this year, one of them in January under the ice and two this summer, Dr. Albert E. Heustle, state health commissioner, cautioned amateur divers to make sure they have been checked out by a qualified instructor before they attempt to dive.

Dr. Heustle said most accidental skin diving deaths are the result of inexperience on the part of divers and failure to practice all the safe diving rules.

If a diver is not a good swimmer and does not have a thorough knowledge of diving equipment and techniques, he may panic when faced with an emergency situation, and panic is the No. 1 enemy of the skin diver.

The state health commissioner recommended that persons interested in skin diving should join a skin diving club. There are many such clubs in Michigan.

Among the advantages of being a member are that each diver receives high caliber training in proper techniques and knowledge of his equipment as well as having the opportunity for greater diving safety by diving with other well trained divers.

The commissioner stressed several "do's" and "don'ts" to help protect divers from accidents. The "do's" include:

1. Be a strong swimmer. Keep in good physical condition.
 2. Use quality equipment.
 3. Know your equipment thoroughly, including its limitations, and what you can and cannot do with it.
 4. Always have an equally well trained buddy diving with you.
 5. Always use "surface" flotation safety gear and a dive location flag. The 18x18 inch flag is red with a 3 1/2 inch diagonal white stripe. The flag warns "diver below" and Michigan law requires that approaching craft stay a safe distance away—a minimum of 50 feet.
 6. Check your buddy and his equipment and have him check you and your equipment before entering the water.
 7. Enter the water carefully in a selected place.
 8. Look where you are going, go slowly while going down or up.
 9. Obtain air only from reputable sources.
 10. Continue to practice your skill at every opportunity.
- The "don'ts" are:
1. Don't dive with a practical joker or show-off type of person.
 2. Don't dive in known motor-boat traffic lanes.
 3. Don't dive immediately after eating. Wait at least an hour.
 4. Don't stay in the water until you get overtired or chilled.
 5. Don't dive while recovering from an infection of illness.
 6. Don't exceed your limitations or entirely trust your equipment or yourself.
 7. Don't fail to have tanks refilled after each dive.
- It is recommended that persons learning to dive do so in indoor swimming pools with well qualified instructors. After the instructor feels you are qualified, he will let you "solo" in a lake or river along with another qualified buddy diver.
- Skin diving is more of a profession than it is a sport, according to the commissioner, and should be practiced in a professional and safe manner at all times.

M. C. Dunkel Accepts Position with New York Manufacturing Firm

M. C. Dunkel, son of Mr. and Mrs. M. J. Dunkel, who has been plant manager of General Controls Co. at Iron Mountain the past four years, has resigned that position, effective Aug. 15, to accept a position with Quailrot Co., Rochester, N. Y. The Rochester firm manufactures control units and specializes in transformer controls.

Enroute to Rochester, Dunkel was in Chelsea, Saturday, for a visit with his parents. His wife

General Controls for 10 years, having been employed for five years at its Berkeley, Calif. plant. He went to Iron Mountain five years ago as supervisor and four years ago became the plant manager.

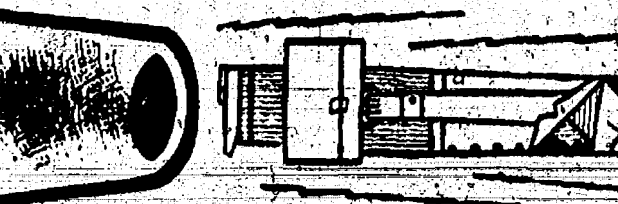

Before taking the position in California, Dunkel had been employed first as a salesman for Federal Screw Works and later as an assistant to his father when he was vice-president of Federal Screw Works and manager of the Chelsea plant.

PRESIDENT'S BACKING

It is understood that Pentagon officials have obtained President Eisenhower's approval for increased defense spending. Decisions on how much and for which weapons are to be made later.

Secretary of Defense Thomas S. Gates Jr. is expected to tackle immediately changed plans in defense budgeting that have been developed in the last few weeks.

BRACH BALL LOCATED

Weymouth, Mass.—Three-year-old Roberta Johnston lost her inflated beach ball while she was wading in North River, near Weymouth, Mass.

A few weeks later Roberta, who had written her name and address on the ball, received a letter from Grand Harbour, New Brunswick, Canada. Mrs. Fraser Shepherd told the girl that her husband found the ball while fishing—300 miles away.

UNUSUAL COLLISION

Columbus, Ga.—A motorist in Columbus had an unusual expressway collision—his car was hit by a plane. The pilotless plane broke loose from its airport mooring during a storm and soared to the highway, banging into the car of J. Oliver Browder. The car was damaged, but he was unhurt.

Judge Breakey Endorsed as Supreme Court Candidate

Major order of business at the Washtenaw county Republican convention, Wednesday evening, Aug. 10, at Ann Arbor, was the naming of 80 delegates and 30 alternates for the Republican State Convention in Detroit, Aug. 27.

Delegates named from this area are Clayton Parr, Manchester and Bridgewater townships; Lucille Masterson, Dexter, Lima and Lyndon townships; Herbert Jacob, Freedom, Lodi and Sharon townships; James Spencer, Webster and Northfield townships; Beverly Huston, Seio township; and Kathleen Davison, Sylvan township.

Alternates are Stanton Roesch, Manchester and Bridgewater townships; John Flook, Freedom, Lodi and Sharon townships; Thelma Winger, Dexter, Lima and Lyndon townships; Helen Spencer, Webster and Northfield townships; Lawrence Baker, Seio township; and David Clymer, Sylvan township.

Delegates-at-large are J. C. Cahill and Wendell Hobbs, with Ruth Cahill and Ruth Hobbs as alternates.

The Republicans at the county convention also endorsed Circuit Judge James R. Breakey as a candidate for the Michigan Supreme Court.

If Judge Breakey should decide to make himself available as a candidate for the Supreme Court, the next move will be up to the Republican State Convention, Aug. 27.

When the resolution in support of Breakey was read at the county convention, held in a small auditorium at Ann Arbor High school, delegates gave the judge a standing ovation.

The resolution stated: "It is known that many citizens of Michigan are seeking to persuade Judge Breakey to make himself available as a candidate for the office of justice of the Supreme Court of Michigan." Should Breakey "respond to the call," the resolution stated Washtenaw county Republicans will support him.

The keynote address at Wednesday's convention was given by Congressman George Meader.

In his address he made the following statements:

"The choice the American people make Nov. 8, will set the course of history during the crucial 1960's not only for the United States, but for the entire world. International problems will be dominant with the contest between Russian Communist imperialism on the one hand and free democratic economic and political systems on the other the central overriding problem."

"The American people will not need to be guided merely by promises and words. They have the record of the two parties in the handling of international problems clearly before them. I submit the record of the Democratic Party in the handling of international problems during and after World War II is a disastrous record. At summit meetings at Cairo, Téhéran, Yalta, and Potsdam our negotiators were outdone by old Joe Stalin with the result that Russia was granted a commanding position in Europe and Asia and mutual security arrangements became necessary as a costly holding operation."

"Off the other hand during the seven years of the Eisenhower Administration no significant new territorial gains have been made by the Communists, and many international crises have been handled so as to avoid major military conflict but without surrendering principle: Trieste, Guatemala, Suez, Lebanon, and Berlin. We have kept out of war."

"The Republican Party has been the party of freedom, standing for a competitive enterprise, private capital economy and for a minimum of government interference in decisions of the individual. The Democratic Party with its pie-in-the-sky promises, has consistently promoted big government with its regulations and controls and paternalistic direction of the affairs of our citizens."

"I cannot believe that the American people will be deceived by glittering promises of benefit to be paid for with their own money. With the disastrous handling by the Democratic Party of international affairs at summit meetings during and after World War II, I cannot believe the American people will entrust the leadership, not only of America but of the free world, to the A.D.A. type of bureaucratic mind which will have its heyday if the Democrats gain control of the executive branch of the government."

Ask for Detailed Care Instructions On New Furniture

Be fussy with your new furniture. Don't give it a bath in furniture polish or furniture wax until you know exactly what is should have.

Jessie Marion, home furnishings specialist at Michigan State University, says wood furniture is available in a variety of finishes, and the same method of care does not fit them all. For instance, the manufacturer of one table declares no wax is necessary. Just wipe off the surface with a clean cloth. A second manufacturer suggests a thin coat of paste wax rubbed to a hard finish. Another recommends an oil mixture which will add beauty to his hand-rubbed surface.

Ask the retail merchant for detailed care instructions when you buy a new table or chest. He should be familiar with the specific finish as well as with the manufacturer's recommendations for treating it.

AIR DRILL

The Federal Aviation Agency has asked for public understanding and acceptance of the need to ground all civil aircraft for six hours on Sept. 10 between 1 a.m. and 7 a.m.

The sky will be swept clear of non-military aircraft during that period for a large-scale training exercise of the North American Air Defense Command.

The exercise, described as a "virtual training requirement for our entire air defense system," was slated for that time period to meet military needs, and would result in a minimum disturbance of airline schedules.

FARM LEGISLATION

The chairman of the House Agriculture Committee has predicted that the post-convention session of Congress will enact stop-gap legislation designed to increase 1960 farm income by \$1,000,000,000.

Bicycle Fatalities Increase in State

Bicycle fatalities in Michigan this year are running 63 per cent above those in 1959 and accidents involving bicycles have increased from 882 to 992.

Persons injured in bicycle accidents increased from 159 to 198 in rural areas and decreased from 664 to 501 in urban areas.

Michigan State Safety Commission, Chairman James M. Hare points out that Michigan State Police records show that deaths from bicycle-car collisions do not vary much from year to year, but that total accidents involving bicycles do increase.

"During vacation months there are more youngsters riding more miles on roads carrying more cars than other months," Hare said. "This means that the accident-exposure possibilities are increased. Motorists should take extra care when they see youngsters on bicycles and help keep the accident and fatality rate from rising this year."

FOOD PRICES

In the next few months retail food prices will continue to average a little higher than a year earlier, according to the Agriculture Department.

Retail food prices have tended to rise seasonally since midwinter, when they were a little lower than a year earlier. In June these prices were 1 per cent higher than in June, 1959.

The food-price advance, which began in late winter, largely reflected strengthened farm prices of hogs, eggs, potatoes and fruit.

NIXON STEP DEFENDED

Republican Clifford G. McIntire says that Vice President Nixon's farm policy statement was far from being a repudiation of the Eisenhower farm program.

"Rather it represents an effort to establish a theme for a forward-looking agricultural economy," the Maine Republican said in a statement made public by the Republican national committee.

Senator John F. Kennedy of Massachusetts, the Democratic Presidential nominee, described Mr. Nixon's recent statement on farm policy as a repudiation of Secretary of Agriculture Ezra Taft Benson.

McIntire said that the statement was a repudiation of the Eisenhower farm program.

"Rather it represents an effort to establish a theme for a forward-looking agricultural economy," the Maine Republican said in a statement made public by the Republican national committee.

Michigan's Peach Harvest Underway

Most of Michigan's 3-million bushel peach crop, estimated to be only slightly less than last year's, is expected to be marketed before Sept. 1, which is good news for homemakers who plan to process choice local fruit for winter.

Already the state's peaches are to be found in retail outlets, according to Director G. S. McIntyre, of the Michigan Department of Agriculture, with thousands of bushels to be harvested during August.

Most of the peaches now being marketed are the popular "haven" varieties that were propagated at the MSU experiment station at South Haven. Among these sorts are the Redhaven, Sunhaven, Fairhaven, Kithaven, Halc Haven and Redskin. All are bright peaches that are freestone. This makes them ideal for dessert use or for home processing.

Michigan, with its estimated 3 million bushels, is expected to have the fourth largest peach crop in the nation. This is the same position it occupied in 1959.

Up until a few years ago, Michigan was a producer of late varieties that usually were harvested after Sept. 1. The time-honored Elberta peach was the chief variety for decades. Today, the Elberta peach comprises only about 18 per cent of the total crop of the state. The Elberta has lost its place to the earlier varieties, most of which have a harvest date starting in August.

Most recent estimates indicate more than 77 per cent of the state's bearing peach trees are of these earlier maturing varieties, most of them "havens."

EXPENSIVE ALARM!
Los Gatos, Calif.—The tear-gas burglar system in Paul Swanson's auto agency did its job when it frightened off culprits, recently. It was the first real test for the alarm system, and it was expensive.

The tear gas was not released until after the burglars cut their way through Swanson's safe with a torch. They left in such a hurry that they dropped the torch. Cash and checks amounting to \$10,000 were banned.

To prevent browning of peaches in home canning, add ascorbic acid to syrup just before pouring over slices. (Ascorbic acid can usually be bought in a drug store.)

ALWAYS BETTER BUYS AT GAMBLES

CHELSEA LANES, the new 12-lane bowling alley under construction on M-92 just south of Old U.S. 12, is nearing completion, with five of the alleys already in place, ready for sanding and finishing. In the above photo is shown the method of fitting together the special tongue and grooved maple planks reinforced at intervals with steel. The lumber for each alley is fitted together in an upright position and when completed, the entire section, weighing several tons, is laid in place. Insulation and waterproofing is installed beneath the alleys

and, after all alleys are laid the separating gutters will be fitted. Automatic pinsetting equipment is expected to be installed some time next week by representatives of the Brunswick Co. of Detroit, builders of the alleys. Shown in the photo, from left, are Ole Johnson who will manage the business, Mr. Rankin, a representative of the Brunswick Co., and Charles Slovic, contractor who erected the new building. Goal of the management is to have the bowling lanes ready for the opening of the bowling season next month.

Mrs. Alda Lehman Returns Thursday From European Tour

Mrs. Alda Lehman returned Thursday from a two-month European tour with a party of 34 post-graduate students under the leadership of Professor Reinhardt Witke, history professor at Eastern Michigan University. The tour earned for the students six hours of post-graduate credit at Eastern Michigan University.

The party made the trip to Europe on the S. S. Olympia, sailing on June 15, and returned by Pan-American jet clipper.

During the tour they visited points of interest in Portugal, Spain, Italy, Switzerland, Austria, Germany, France, Holland, Belgium, Ireland and England. In mid-July they were in Munich, Germany for three days and made side trips from there, including a boat ride on the Rhine and a visit to Oberammergau where they saw the Passion Play given there throughout the summer every 10th year.

Mrs. Lehman is a teacher in the Stockbridge school system, teaching fourth grade in the Munith school.

Father of Mrs. Kinde Dies Friday at Saginaw

The Rev. and Mrs. S. D. Kinde, with their daughter and son, Kathryn and Kurt, were called to Saginaw by the death Friday of Mrs. Kinde's father, George Wesel, following a long illness. Funeral services were held at Saginaw on Monday.

Mr. and Mrs. Sylvester Wesel were in Hickeyville Thursday evening to pay their respects to the late Lynn Hemmer, a wool buyer in this area for many years. He died Tuesday and funeral services were held Friday.

DEATHS

Benjamin F. Marty

Retired Auto Engineer
Formerly Lived in Chelsea

Benjamin F. Marty, 74, a retired Chevrolet engineer at Flint and a former Chelsea resident, died Sunday, Aug. 7, while visiting relatives at Westlake, O.

Funeral services were held Wednesday at the Dodds-Dumanis Funeral Home in Flint and burial took place at Sunset Hills cemetery, Flint.

Marty lived in Chelsea in 1914 and 1915 while he was employed by the former Flanders Motor Co. He came to the Flanders Co. after eight years at Ford Motor Co., Detroit and returned to Flint in 1915. Following several promotions he became the engineer in the production equipment department.

In 1927 he became associated with General Motors, first at Pontiac and in 1929, at Flint. He retired in 1951 as an engineer at the Chevrolet plant after a 45-year career in the automobile industry, including work on the first Model T Ford.

After retirement from General Motors he was in business as a manufacturer's agent for nine years, operating the B. F. Marty Co.

He was active in work with handicapped persons and crippled children.

Marty's home in Flint was at 1400 Durand St.

Survivors include the widow, Edna C.; two sons, William B. of Coronado, Calif., and James R. of Flint; three grandchildren; three daughters, Henry, Fred and John Marty of Westlake, O.; and two sisters, Miss Dorothy Marty of Westlake, O., and Mrs. Elsie Martindale of Lakewood, O.

Mrs. Eva M. Gildersleeve

Chelsea Native Dies
Thursday at Miami, Fla.

Mrs. Eva M. Gildersleeve of Miami, Fla., widow of Francis Gildersleeve, died suddenly Thursday, Aug. 11, at Miami. She had been in failing health for some time.

She was 82 years old.

Mrs. Gildersleeve was born in Chelsea, Jan. 10, 1878, a daughter of David and Elizabeth Congdon Taylor. She graduated from Chelsea High school in 1896 and from Michigan State Normal College, Ypsilanti, now Eastern Michigan University, in 1898. She taught in Michigan schools for four years and then for 13 years was an assistant in the Ingham county abstract office in Lansing for her father.

Sept. 11, 1909, she was married to Mr. Gildersleeve. He died Jan. 3, 1963.

Mrs. Gildersleeve had made her home in Miami, Fla., since 1932. She was a member of the Methodist church in Lansing and of Rebekah Lodge No. 87, in Miami.

Survivors are three daughters, Mrs. Charles Addison (Edna) and Mrs. Alice Kimber, both of Miami, and Mrs. William Brophy (Hope) of Gardner, Mass.; five grandchildren and five great-grandchildren.

Funeral services were held at the Burghardt Funeral Home here at 1 p.m. Tuesday with the Rev. Paul M. Schanake, pastor of St. Paul's church, officiating. Burial followed at Oak Grove cemetery.

Mr. and Mrs. Floyd Rowe and Mr. and Mrs. Duane Rowe and daughter, Lowene, attended a well-dressed picnic Friday at Ella Sharp Park, Jackson.

U-M Hospital Executive Gets Red Cross Post

R. C. Laetz, Business Manager of the University Hospital and prominent leader in Red Cross affairs in Washtenaw county, has been appointed a member of the National Convention Committee of the American National Red Cross, John Laird, chapter chairman has been advised by Washington Red Cross Headquarters.

Laetz, a former chapter chairman of the Washtenaw County Red Cross and presently a member of the Executive Committee, will help in planning for the 6,000 delegates who will attend the 1961 Convention in Cincinnati. Delegates come from all of the communities in the United States, and from a number of foreign countries and international organizations.

Washtenaw County Totals 216-Highway Deaths in Five Years

Washtenaw county, with an estimated registration of 68,001 motor vehicles, listed 216 deaths among the 8,169 fatalities suffered in Michigan during the past five years.

According to James M. Hare, chairman of the Michigan State Safety Commission, both rural and urban areas showed substantial increases in injuries and deaths last year.

Michigan State Police reports that rural areas still account for 7 out of 10 highway deaths but show that injuries in city areas were up 14 per cent last year compared to 9 per cent for rural areas.

"It looks as though we will have to concentrate harder than ever on the three E's of highway safety," Hare said. "With a sound program of Education, Enforcement, and Engineering, going on in each county we should soon be able to bend the death and accident trend downward."

Army Reserve Units Have Officer Personnel Vacancies To Be Filled

Former Army officers who are qualified and wish to affiliate with Ann Arbor Reserve units on a pay status are invited to apply for position vacancies in Engineer and Ordnance organizations.

Major Charles P. Trickett and Captain Ralph E. Butts, Reserve advisers for Washtenaw and Lenawee counties, announced today that coming retirement of officer personnel will open positions calling for ranks of second lieutenant through lieutenant colonel.

The units involved are the 406th Ordnance Battalion and its Headquarters Detachment, the 333rd Engineer Construction Group, and the 478th Engineer Depot Company. They hold paid drill meetings weekly, and undergo annual two weeks' active duty tour.

Interested officers may phone NW 2-0565 or visit the Reserve Center at 524 South Main St., Ann Arbor, for further information.

Manchester Y Enlists in Marine Delay Program

John William Wheeling, Sylvan Rd., Manchester, enlists this month in the U.S. Marine Corps 120-day delay program. This program permitted the select a date within four months to begin recruit training at Marine Corps Recruit Depot, Parris, Calif. John has made selection, and will depart in weeks recruit (Boot Camp) training, Aug. 25.

During boot camp, John will receive intensive training in subjects as history and traditions of the Corps, personal hygiene, first aid, security, drill, marksmanship and a host of subjects intended to make him a basic Marine and a better citizen.

Upon completion of boot camp he will then be transferred to big Marine Base at Camp Pendleton, Calif., where he will undergo an advanced four-week course in individual combat training. During this period, living in the under simulated combat conditions he will be prepared for almost any situation that could arise in event the Marine Corps is called upon to protect this country's interests anywhere in the world.

During the training period, battery of intelligence tests will be given to determine if more than 70 occupational ratings ranging from personnel administration to guided missiles, will be placed upon graduation.

After graduation, a 20-day stay is granted for return home to his first duty assignment, may then be assigned to such jobs as French Marine Corps Embassy in Saigon, Japan, Okinawa, a station anywhere in America. Travel and adventure will be his keynote.

John is a June graduate of Manchester High and the son of Louie and Ruth Wheeling of Chelsea.

Mr. and Mrs. Floyd Rowe entertained Saturday at a birthday dinner honoring Mrs. Rowe's mother, Miss Augusta Benter-Gerter, Miss Augusta Benter-Gerter, Miss Augusta Benter-Gerter, were her brothers and sisters, Ella Hamill and Herman Benter of Grass Lake, and Ernest Miss Sarah Benter of France.

Mr. Ernest Adam is a patient at St. Joseph Mercy hospital, Arbor.

Animals Need Health OK For Showing

All animals to be shown at the Chelsea Community Fair must be free from all communicable diseases.

All cattle must be accompanied by a certificate of record, certifying to the Brucellosis tuberculosis status. Application forms for this record (Form 275) are available from Stephen Haydon, or Robert Kuschmaul in Chelsea, on the County Extension Office in Ann Arbor.

All hogs must be vaccinated or given the serum treatment for hog cholera before being shown and the owner must present the certificate to that effect.

Woman Hospitalized After Saturday Night Crash at US-12 Corners

A 34-year-old Detroit woman was hospitalized for treatment of shock as the result of a two-car accident at US-12 and M-92 Saturday night.

Mrs. Corliss J. Leach, an expectant mother, was taken to University Hospital, Ann Arbor.

Drivers of the two cars involved in the collision were Mrs. Leach's husband, Virgil, and David Suppers of Whitmore Lake.

CHICKENS-BEWARE!

North Newton, Kans.—To avoid hitting a flock of chickens crossing a road, J. G. Unruh hit the brakes of his car hard. The car flipped over, and Unruh suffered a bump on the head, a bruised chest, and a cut hand.

"I won't even slow up for those chickens next time," Unruh said.

Additional Information Reported on Deatrick Farm

When Mrs. Harvey Heininger, 603 Madison St., read the history of "Mystery Farm No. 110" in the Aug. 11 issue of The Standard and learned that it was "the old Stoffer place," she realized that it was the farm which her grandfather, Joseph Forner, had owned prior to 1840 and probably secured from the U. S. Government in about 1833.

Mrs. Heininger said the changed appearance of the farm since new buildings had been added prevented her from recognizing the photograph of it when it originally appeared, without identification, in the Aug. 4 edition of The Standard. Some older residents had believed it was probably ancestors of Mrs. Dale Keizer who had been the first owners of the farm.

Mrs. Heininger said she remembers hearing relatives speak of how her grandfather worked the hilly land, sowing grain by the hand broadcast method. His farm work animals were oxen and his chief source of income was from sheep.

Mrs. Heininger said the family often mentioned the "crooked road" they traveled to reach Chelsea and that it followed the course of an old Indian trail.

A log-house was on the place when her grandfather lived there, Mrs. Heininger said. Her grandmother was the former Catherine Etapish. Their family of seven children were Maggie (Mrs. John Breitenbach who lived at Sugar Loaf Lake), Libbie Forner Parks of Jackson, Mich., Catherine Forner Seckinger of Ypsilanti, Peter,

Cedar Lake Girl Scout Camp Will Conclude Season Friday

Camping at the Huron Valley Girl Scout Council Cedar Lake Camp for the 1960 season will be concluded tomorrow.

Four-camping periods of 12 days each have accommodated a total of 288 Girl Scouts from the entire council area.

Chelsea girls who have been at the camp this summer are Sally

Strieter, daughter of Mr. and Mrs. David Strieter; Jane Scott; daughter of the Joe Scotts; Beverly Boyer whose parents are Mr. and Mrs. Laurence Boyer; the Leslie Eisenbeler's daughter, Penny; Jane Farrell, daughter of the William Farrells; Christine Lindauer, who is a daughter of the Arthur Lindauers; Drinda Mae West, whose parents are Mr. and Mrs. Wilson West; Diane Worden, daughter of the Wilbur Wordens; and Carol Faye, daughter of Mr. and Mrs. Robert Foye.

Sue Eisenbeler, daughter of Mr. and Mrs. Warren Eisenbeler has been at the camp most of the summer as a counselor-in-training.

Sue Pratkan, camp director, explained that 72 girls participate in each of the 12-day camp periods.

In the 10- and 11-year age group eight girls and two counselors are assigned to each cabin.

The older girls—those 11 and 12 years old and 13 to 15 years old, are assigned to cabins in groups of four girls with counselors in separate cabins nearby. The groups of 72 are divided into units of 24 each in the three age groups. There are 18 counselors.

The program has included, as the most popular activity, the swimming which led to canoeing and boating. Girls not so adept at swimming were assigned to the flat-bottomed rowboats while those who had earned Red Cross swimming certificates were permitted to travel in canoes.

Overnight-camping, trips, arts and crafts, archery, cook-outs and hikes in the adjacent Waterloo Recreation Area, all provided wide-appeal camping experiences.

The Girl Scout Camp itself, 120

Two Men Ignore Court Summons, Get Jail Sentences

Two men who ignored a summons to appear in court for fishing without a license were picked up on warrants and were given jail sentences.

Donald A. Sharp, 25, of Adrian, was ticketed for that offense last May 28 by Conservation Officer Don Boyer. When he failed to appear in court within the 10-day waiting period after the ticket was issued, a notice was sent him.

Authorities received no response from Sharp and a number of other notices also were ignored. A warrant for Sharp's arrest was sworn out and police in his home city picked him up.

Manchester Township Justice of the Peace Stanton Roesch accepted Sharp's plea of guilty and sentenced him to three days in the County Jail.

Richard Adams, 30, of Detroit, was cited by Officer Boyer last June 4 for fishing without a license. He, too, ignored repeated notices about his required appearance in court. He was picked up on a warrant and pleaded guilty before Municipal Court Judge Francis L. O'Brien, in Ann Arbor.

Adams was remanded to jail when he was unable to pay fine and costs of \$23. An alternative to payment of fine is five days in jail.

Donna Sherman has returned home after spending five weeks at Michigan Methodist Institute near Marquette and L'Anse. She served as counselor and director of crafts at the institute.

MYSTERY FARM NO. 111—Published without identification in the Aug. 11 edition of The Standard, Mystery Farm No. 111 was recognized at once by a number of Chelsea area readers. Allen Broe-

avanaugh Lake Road Mystery Farm Home of Howard Bergman Family

Mrs. Howard Bergman and her five children, Janet, Jack, Steven and Debbie, on the farm at 15642 Cavanaugh Lake Rd., a photograph of which was published in The Standard Aug. 11, for readers to identify it.

any readers did identify it at the office of The Standard. Among those who called the office were Allen Broesamle, Anton Charles Curtis, Bill Luning, Tom Merkel, Eugene Wahl, William Quigley.

list continues with Lee Ray Franklin, Fred J. J. Susan Hatt, Mrs. Roy Beverly Bergman, Ellen and Mrs. Earl Kuhl. Bergman is employed as a maintenance man at Chelsea Milling and also operates the 70-acre farm, doing general farming and raising hogs and calves. He keeps

three children, Janet, Jack and Jack, are active in club work and Mrs. Bergman, former Alice Quigley, has a 14 club leader and is in extension club work, as

the Bergmans have lived on the farm since 1953 when they bought it from Mrs. Florence Fauser, of Philip Fauser. The

same called The Standard office at 8 a.m. Thursday after he recognized it as a photo of the Howard Bergman place, 15642 Cavanaugh Lake Rd.

Fausers had lived there many years.

Prior to that it was known as "the Kilmer farm," and Mrs. John Kilmer (Helen) of 169 Park St. went there as a bride in 1904. She and Mr. Kilmer lived there for six years after their marriage. He was born there in 1876, a son of John, Sr., and Hedwig Kilmer.

Later, Mr. Kilmer became a partner with Lewis Haselswerdt in the Chelsea Hardware Co., remaining in the business until his death 15 years ago.

Earlier owners of the farm included the senior Roedels, parents of the late Fred Roedel, whose widow, Alice, lives at 235 Harrison St.

It is possible, although not verified, that the Roedel family secured the land from the U. S. Government.

Mrs. Mike Misales and son, Malatias, were week-end guests at the home of Mr. and Mrs. Walter Hoffman and children, of Grass Lake.

Mary Sokolowski of Yonkers, N.Y., has been a house guest at the home of Mr. and Mrs. Leo Tuttle and family.

This week The Standard received a letter from Mrs. Florence Fauser who now makes her home with the Archie Moores of Grass Lake. She said that she and her husband, Philip, bought the 70-acre farm as their home on Feb. 28, 1912. She said it was her home for more than 40 years.

Mrs. Fauser said her husband built the basement barn in 1919 to replace an old hay barn and shed. Later, he built the tool shed, granary, chicken house and corn crib and, in 1922, rebuilt the kitchen and added a utility room and a new porch to the home.

Mrs. Fauser said her husband died Nov. 5, 1944, and she kept the place until May, 1953, when she sold it to the present owners.

Complete Physical Examination Advisable Before Child Starts School

Most five- and six-year-olds who are beginning school this year are in for a series of immunization shots. While it is not required for those beginning their formal education, a physical examination is also a wise precaution. Very often a complete physical examination will uncover defects that a child may have and that have been unnoticed. It is of course, important if a child has a defect, that the parents and teachers know about it so they may help the child overcome possible handicaps or defects. Impaired hearing, bad eyesight, diseased tonsils, or even dental trouble, can seriously hinder a child in his school work. It is of the utmost importance that a child's first impressions of school life are favorable if he is to get the most out of his education, and for this reason alone, a child beginning school is entitled to a physical check-up. Actually, children should be given complete physical examinations periodically. These examinations will undoubtedly mean healthier and happier children, and less expense to parents over the years.

Only A Little Extra Effort Needed To Help Keep Our Community Clean

One of the criticisms often voiced about American cities is that they are unclean. Too often this criticism is quite true—and one need only visit some of our larger cities to see it. In our smaller communities, we are also often guilty of this charge. Europeans, although their standard of living is much lower than that in the United States, are quite proud of the way they maintain a state of cleanliness and orderliness in their cities and towns.

Even the larger cities in Europe are usually kept very clean. Early each morning men with hoses wash down the streets, getting rid of cigarette butts, papers, and other debris which may have been left on the streets during the day and night. The result is clean and beautiful streets every day.

Another subject along the same lines is the way our highways are kept, as compared with those in Europe. Whereas our highways are usually littered with unrecycled, unlimited and objectionable advertising literature and junk, joints of all descriptions, highways in Europe are usually maintained with the idea that they should offer the motorists a beautiful view of the lovely countryside, or a panorama of nature, whenever this is possible. Now, with the construction of the nation's system of interstate freeways, we have hopes that these beautiful highways will be left uncluttered.

The more we are conscious of cleanliness and keeping our town and community beautiful, the better job we will do of it, and the greater will be our appreciation and enjoyment of whatever natural beauty there is around us.

A Stockholm, Sweden, income tax advisory service called Lina Kragmoen, or the Little Waving Wall, is doing a hand-her kid brother out from underneath the sofa.

Many a man is always on his toes because his wife is always at his heels.

It's the little things that tell, said Boreas as she staggered.

Uncle Lew from Lima Says:
I was visiting a piece last night in a magazine where this picture of a man in a white shirt and tie was shown. The caption read: 'A 4.3 per cent for foreign aid.' I thought, 'What a waste of money! Why not use it for something else?'

DEAR MISTER EDITOR:
I have been thinking about the picture of the man in the white shirt and tie. I thought, 'What a waste of money! Why not use it for something else?'

Doctor! Doctor!

THE CHELSEA STANDARD, CHELSEA, MICHIGAN

* MICHIGAN MIRROR *

By Elmer E. White, Secretary, Michigan Press Association

Although a part of the executive branch of government, the Attorney General's office is not a part of the judicial branch. It is a part of the executive branch, and its duties are to advise the Governor on legal matters and to represent the State in legal proceedings.

Even the largest cities in Europe are usually kept very clean. Early each morning men with hoses wash down the streets, getting rid of cigarette butts, papers, and other debris which may have been left on the streets during the day and night.

Legislative Accomplishments Discussed

By FRANK C. MORRIS
Not many months ago, Republican members of the legislature were being condemned in some quarters as blind, pitiful, income-tax-hating, and generally inept. They were being told that they were a disgrace to the State and that they were a hindrance to the progress of the Nation.

Legislative Accomplishments Discussed
The legislature has accomplished many things in the past few years. It has passed laws that have improved the lives of the people and have made the State a more prosperous and more beautiful place.

Olivet College To Begin Huge Expansion Program

Olivet College will begin the \$5,000,000 expansion plan for its campus within 90 days, it was announced today by Dr. Gorton Riethmiller, president of the college. The first building to be constructed will be that of a student center, to cost \$750,000. In all, the plan calls for 10 new buildings, to be constructed over a six-to-eight-year period.

A \$400,000 gift to the college virtually assures the ground-breaking for the new student center, providing new dining and recreational facilities, as soon as the drawings can be completed. The student center and two other buildings, one for the study of humanities, one a fine arts building, will group around a mall. The three buildings will stand on the square where 100-year-old Shipherd Hall stood until it burned in May, 1959. It is expected that one building per year will be constructed on the Olivet campus, thus adding \$2,000,000 in facilities within three years.

The new buildings will be of contemporary design. Planned by the architectural firm of Meath, Kessler, and Associates, Grosse Pointe, they will incorporate a new technique of molded concrete, using curved lines rather than severe horizontal ones. They will consist of one, two, and three story structures. Where possible, the buildings will be arranged in open spaces among the massive oak trees for which Olivet is famous.

Dormitories housing 250 additional students will follow in construction. The new housing is urgently needed in order to increase the present maximum enrollment of 450 students. The Board of Trustees is planning for an enrollment of 800-900, as soon as housing facilities are available. Dr. Riethmiller estimates the first two units, one for girls, one for boys, will cost about a half million dollars. Dormitory construction is scheduled to start within 18 months.

Plans are being completed for the enlargement of Burrage Hall, the native fieldstone library, which was designed by New York architect Arthur B. Jennings, in 1888. This remodeling is expected to begin by Sept. 1.

Other buildings called for by Olivet's master plan are: a science mall of three buildings, an auditorium seating 1,100 persons, an administration building, and a memorial bell-tower. Dr. Riethmiller believes friends of higher education will see in Olivet's plans an opportunity to help coming generations to gain a well-rounded education in the informal learning climate of the small-college campus. Olivet is a private liberal arts college, related to the Congregational Church.

ees Auxiliary Members Plan Fair

The Auxiliary members met last evening at the home of Mrs. Ellenwood, 508 Mc. St. with Mrs. Homer Kuhl as co-hostess for the evening. The meeting was held at 7:30 p.m. and was a very successful one. The members of the Auxiliary, Blaine Lyle and Mrs. Salonen, were welcomed. Charles Popovich, Jr., an invitation to be an honor member of the Auxiliary, was given at the meeting by Mrs. Daniel MacArthur. The meeting was held at the home of Mrs. Ellenwood, 508 Mc. St. with Mrs. Homer Kuhl as co-hostess for the evening. The meeting was held at 7:30 p.m. and was a very successful one. The members of the Auxiliary, Blaine Lyle and Mrs. Salonen, were welcomed. Charles Popovich, Jr., an invitation to be an honor member of the Auxiliary, was given at the meeting by Mrs. Daniel MacArthur.

The Rev. Grabowski Officiates at Niece's Wedding in St. Louis

The Rev. P. H. Grabowski, Mr. and Mrs. Charles Lancaster and Lauree and Timothy Lancaster were in St. Louis, Mo., last week for the wedding of the former's niece, Lauree Schlueter, and James Dickerson. The wedding took place Saturday evening at the home of the bride's parents. The Rev. Grabowski officiated at the ceremony, assisted by the Rev. Loughead, pastor of the home church, the Dolmar Baptist church, St. Louis. Six-year-old Lauree Lancaster, namesake of the bride, served as flower girl. The bride has made many friends in Chelsea during summer visits here. She is the daughter of Mr. and Mrs. Douglas Schlueter of St. Louis. Her mother is the former Jean Krafft, a sister of Mrs. P. H. Grabowski. The young couple will reside at Columbia, Mo., for a year while the bridegroom completes his studies there.

GIRL SCOUTS at Cedar Lake camp were preparing chicken and dumplings at their outdoor fire place when the above photograph was taken. They had gathered firewood and got a good fire started. Adults standing at the rear are Rebecca Edmonson (at left near the supporting post) who is a coun-

Visel Reunion Features Pageant On Family History

Entertainment at the annual Visel family reunion, held Sunday at Saline park, was a pageant depicting the history of the family since 1882 when Jacob Visel came to the United States as a German immigrant. The program also described the social, political and economic life in Germany at the time, which led to the huge immigration movement of that year. Children of the family took part in the pageant with James Kern of Ann Arbor as the principal character, Jacob Visel. Susan Schron of Chelsea, appropriately dressed in her costume, took the part of Karoline Hertler, who became the wife of Jacob Visel. The program was introduced by Karl Kern of Ann Arbor, who played a violin selection, "Long, Long Ago." Mrs. Neil Kern of Ann Arbor, served as narrator. Purpose of the pageant was to keep family traditions alive by familiarizing the children with them. Some of the clothing worn during the program had been handed down through several generations of the family. Oldest member of the family present was Mrs. Emma Seitz of Chelsea, while Thomas, the one-year-old son of Mr. and Mrs. Elmer Davey of Ann Arbor, was the youngest child. Among the 95 members of the family present were Mr. and Mrs. Robert Schron and children, Mrs. Emma Seitz and Mr. and Mrs. Paul Seitz and family of Chelsea. Officers elected to arrange for next year's reunion are Carl Visel of Ann Arbor, president; Mrs. Elmer Davey of Ann Arbor, secretary-treasurer; and Mrs. Kenneth Taylor of Saline, entertainment chairman.

TV TODAY AND TOMORROW

CBS NOW WANTS columnist Walter Lippman and news man Howard K. Smith to get together once a year to talk over the state of the world and the nation for its CBS Reports. Their hour-long conversation takes place weekly, but drew enthusiastic audience and critical response. With Alfred Hitchcock Presents and Thriller, Hubell Robinson's new series, scheduled back-to-back Tuesday nights on NBC, Robinson and Hitchcock producer Joan Harrison will talk over guest stars and story lines periodically, through the season so as not to duplicate each other. Juliet Prowse makes her TV film debut in an upcoming episode of Adventures in Paradise. THE KING OF SWEDEN has promised CBS' The Twentieth Century full co-operation in filming a two-part story on life in modern Sweden. Producer Bud Benjamin hopes Ingmar Bergman, noted Swedish movie producer, will appear but Bergman has been reluctant so far. Jane Greer set to guest on the initial episode Oct. 4 of Stagecoach West, ABC's only new Western of the season. Bea Benadaret, long-time Blanche Morah in The Burns and Allen Show, will be a regular in two new series this season—as a voice in Flintstones and in the flesh in Peter Loves Mary. Hoagy Carmichael is being dropped from the Laramie cast. Paul Henreid set to direct two Aquanauts episodes for CBS, will star in another. Art Linkletter is now a director in 10 companies, only one of which has anything to do with show business. ANNETTE FUNICELLO and Mark Damon will provide the love interest for Guy Williams' Zorro, to be seen as hour-long episodes on Walt Disney Presents this season. In an obvious bid for the teenage audience, NBC's Dan Raven, private-eye series starring Skip Homeler, set singer Bobby Darin as guest star for its premiere Sept. 23 and Paul Anka for the third episode. Comedian Buddy Hackett meanwhile guests in the second episode. Peter Kornier, new producer of the June Allison Show, planning some off-beat casting and stories for the CBS series. He has scheduled stories about lie detectors and voodoo, is seeking a TV Western hero to play a weakling in another script. Robert Costello tapped to produce CBS' All-Family Classics for David Susskind. First four Classics scheduled are "The Three Musketeers," "Man in the Iron Mask," "Vanity Fair" and "The Scarlet Pimpernel." To keep Michigan peach desserts color-bright, brush cut fruit with lemon juice.

TEST ON DELIVERY

When the service man delivers your new sewing machine, sit down and stitch before he leaves. Clothing specialists suggest you test the stitch length and tension controls. Also check to see that the fabric runs through the machine in a straight line.

ADD A LITTLE TO THE SEAM

Make it an inch—the side seam of the dress you're sewing. Home economists at Michigan State University say it's good alteration insurance. The inch seam also gives stability to the dress and makes it easier to put in the side zipper.

FROM FREEZER TO OVEN

If you buy a frozen turkey already stuffed, read the directions on the package and follow them exactly. Home economists at Michigan State University state that most directions say to put the stuffed bird still frozen into the oven. It should not be thawed first.

Two pounds of Michigan peaches

will make 4 one-half cup servings sliced, and one 8" (square) upside-down cake, or one 8" to 9" pie.

Judith Lyn Dixon Becomes Bride of Lt. Denham Smith

Lt. and Mrs. Denham E. Smith are now at home at 8323 Mather Field Rd., Rancho Cordova, Calif., following their return from a honeymoon at Lake Tahoe, Nev. Lt. Smith is serving with the U. S. Air Force, stationed at Mather Air Force Base, Sacramento, Calif. Lt. Smith and the former Judith Lyn Dixon, daughter of Mr. and Mrs. James A. Dixon of Logansport, Ind., were married Saturday, July 23, at a chapel of the Mather Air Force Base with Chaplain O. G. Ortiz officiating. The bridegroom's parents, Mr. and Mrs. Ellsworth Smith of 350 Washington St., attended the wedding, making the trip by plane. Given in marriage by her father, the bride wore for the afternoon ceremony a street-length dress of white pure silk shantung trimmed with Alencon lace. Her bouquet centered with a corsage of butterfly orchids, was a shower-effect arrangement of white carnations. She also wore a diamond pendant, a gift from the bridegroom. Miss Nancy Ann David of San Francisco, Calif., attended as maid of honor wearing a soft blue pure silk shantung sheath. She carried a nosegay of blue and white carnations. Lt. Michael Brown, of Lafayette, Ind., served as best man and ushers were Lt. Albert Clark of Terre Haute, Ind., and Lt. Richard Cano, of Kenmore, N. Y. The mother of the bride appeared in a cream colored Italian silk suit with matching accessories and wore a bronze cymbidium orchid corsage. The bridegroom's mother chose a green silk suit with matching accessories and wore a white butterfly orchid corsage. The bride's parents entertained 30 guests at a buffet dinner served at the officers club immediately following the ceremony.

Burkhart Reunion Held at Williamston

The 14th annual Burkhart family reunion was held Sunday at McCormick Park at Williamston with 20 members of the family present from Hart, Lansing, Perry, Laingsburg and Chelsea. Those from Chelsea who attended are Mr. and Mrs. Charles McDaniels, Mr. and Mrs. Elmer Winans and granddaughter, Dorothea Oesterle, and Mr. and Mrs. David Winans and family. They were accompanied by a cousin of Mrs. Elmer Winans, Mrs. Vernie Mulvred of Detroit, who was a guest at the Winans home from Thursday until Monday. At a business meeting following a pot-luck dinner, Charles McDaniels was elected president and Mrs. David Winans was named secretary-treasurer.

Sunday Luncheon Honors D. Bardens On 25th Anniversary

Mr. and Mrs. Donald Bardens of South Haven were honored Sunday at a luncheon given by Mrs. Bardens' cousin, Miss Lillie Wackenhut, at her home, 220 South Main St., in observance of the Bardens' 25th wedding anniversary. Guests at the luncheon, in addition to the honored couple and their son and daughter, Karl and Kathleen, were Mrs. Bardens' sister and brother-in-law, Mr. and Mrs. Elba Gage of Chelsea, and her brother Carl Fletcher, of Asheville, N. C. Mrs. Bardens is the former Kathleen Fletcher. She and Mr. Bardens were married at a garden ceremony at the home of her mother and stepfather, the late Mr. and Mrs. Frank Stevens, now the home of Mr. and Mrs. Elba Gage, 120 South St. The officiating clergyman was the Rev. James Lee of Cambridge, N. Y., telephoned congratulations during the afternoon. The Bardens have made their home in South Haven and Tucson, Ariz., since their marriage. At Sunday's luncheon the table was centered with a wedding scene, including miniature figures of a bride, bridegroom, minister and choir boys in a garden scene in front of a lighted church. Silver vases and other table appointments were heirlooms originally the property of Miss Wackenhut's parents and grandparents. Miss Wackenhut presented several pieces of heirloom silver to the Bardens who also received other silver gifts and were remembered with a shower of cards sent to Miss Wackenhut's address and presented to them at the luncheon. Miss Wackenhut had on display, old photographs of interest to the honored couple and scrapbooks which contained newspaper accounts of the wedding of 25 years ago as well as stories of the pre-nuptial parties and showers which honored the bride. An original poem was read by Miss Wackenhut as an introduction to a period of reminiscing during which the scrapbooks and pictures were displayed.

Frey Family Reunion Held at Pontiac

The annual Frey reunion was held Sunday at the home of Mr. and Mrs. Donald Weed in Pontiac. There were 35 guests present from Grass Lake, Jackson, Chelsea and Norvell and from Mount-Dora, Fla., and Los Angeles, Calif. New officers elected for the coming year are Mr. and Mrs. Russell Heimovner of Jackson, the former being named president and the latter secretary-treasurer. Mrs. Dean Eschelbach of Grass Lake, and Mrs. Elwyn Gieske of Norvell were appointed to be in charge of games. The Heimovners invited the family to hold the next reunion at their home in Jackson the second Sunday in August, 1981. Honored as the oldest person present at the reunion was Herman Gross, while Duane David Luck, three-year-old son of Mr. and Mrs. Duane Luck, was the youngest child present.

ASPARAGUS ON SALAD PLATE

Asparagus can come to the table as a salad—just chill cooked or canned asparagus and arrange the tender green spears on lettuce. Garnish with hard cooked egg slices and strips of pimento and serve with French dressing.

Swindle of Nation's Arthritis Victims Subject of Booklet

The cruel swindle of America's arthritis sufferers is the subject of a new booklet, "The Arthritis Hoax—\$250,000,000 in Frauds and Fallacies," now available from the Michigan Chapter of the Arthritis and Rheumatism Foundation (ARF).

In announcing release of the booklet, Duncan M. Laidlaw, executive director of the chapter, said that it is based on a recent report compiled by the ARF. This voluntary health agency cites the

nation's 11,000,000 arthritis victims as "the most exploited group in the health field today."

"The Arthritis Hoax" is the latest in a series of booklets on national health, social and economic problems published by the Public Affairs Committee, Inc., New York. It was prepared in cooperation with the Arthritis and Rheumatism Foundation with national headquarters also in New York.

This informative pamphlet describes in detail many of the misrepresented products, treatments and devices on which pain-ridden arthritis victims are wasting more than a quarter of a billion dollars annually. Paid diets and misleading literature directed toward arthritis also are described.

The illustrated booklet offers recommendations for action on the problem of arthritis quackery and about the entire growing menace of health nostrums. It concludes with six "warnings" to the public about what to do to avoid being taken in by fraudulent promoters and their schemes.

Laidlaw said that copies of "The Arthritis Hoax" are available from Michigan Chapter, Arthritis and Rheumatism Foundation, 7338 Woodward Avenue, Detroit 2.

THERAPY PAYS OFF

Dallas, Tex.—Three years ago Linda Burr, a semi-invalid, took up swimming as therapy. She recovered remarkably. Recently, the 12-year-old rheumatic fever sufferer pulled a drowning boy twice her size from a pool at Dallas.

Two Michigan Insurance Firms Tell Consolidation

Consolidation of two mutual insurance companies with Hastings Mutual Insurance Co. of Eastern Michigan, which is celebrating its 75th anniversary, was announced recently by Robert Stanley, executive vice-president of the Hastings, Michigan institution.

Merging with Hastings Mutual are the Farmers' Mutual Fire Insurance Co. of Eastern Michigan, which is licensed to operate in Macomb and St. Clair counties, and Farmers' Mutual Fire Insurance Co. of Isabella county.

Home offices of the respective firms, located in Richmond and Mt. Pleasant, will be converted to branch offices of the parent company, Stanley reported.

Albert Leuch will continue with Hastings Mutual as branch manager of the Richmond office, while Joseph Schueller will stay on as branch manager in the Mt. Pleasant office, Stanley said.

Hastings Mutual, known until Jan. 1, 1959, as Michigan Mutual Windstorm Insurance Co., was founded in 1885 to provide windstorm coverage exclusively to farmers. An expansion program undertaken last year made it possible for the company to offer fire, liability, hail, multiple peril and homeowners insurance, in addition to windstorm protection, to both urban and rural dwellings and commercial properties.

The consolidation, approved by management and policy holders of all three firms as well as Insurance Commissioner Frank Blackford, was brought about by "changes in farming practices made possible by increased mechanization and the trend toward larger, more valuable holdings."

"Increased size of farm holdings means increased risk," Stanley said. "In order to provide adequate coverage on a large scale, and on a sound basis, a company must have sufficient 'spread of risk' in the types of insurance policies written." By consolidations, we can spread the risk and offer more policy holders the coverages needed in these modern times.

With assets in excess of \$7.6 million, Hastings Mutual is one of the largest insurance companies of its kind in the state of Michigan. Last June, Hastings also merged with Montclair Mutual Insurance Co. of Michigan, which was licensed to operate in Oakland county.

A pint of canned or frozen Michigan peaches holds four one-half cup servings.

State VFW Convention Opens Sunday in Detroit

Michigan will provide its largest delegation in history when the 61st annual National Convention of the Veterans of Foreign Wars opens for business Sunday, Aug. 21 in Detroit.

State Commander Harold Barr, Muskegon, said he thought more than 5,000 Michigan persons would join with approximately 25,000 other delegates and guests to make this convention one of the largest in history.

Official delegate of VFW Post 4076, of Chelsea, is Commander Fremont Boyer.

Delegates of the Ladies' Auxiliary to Post 4076 are Mrs. Henry Werner and Miss Alda Jurgens, with Mrs. Mary Kniss and Mrs. Eulohie Packard as alternates.

A number of other members of the Post and Auxiliary will be attending some of the sessions as visitors.

Top speakers have been lined up for the five-day party which will close with election of national officers Friday, Aug. 26. T. C. Connell, Kileen Tex., will succeed Louis G. Feldmann, Hazelton, Pa., as national commander.

Among the speakers slated to address the overseas veterans' group are Vice-President Richard M. Nixon; Allen Dulles, chief of the Central Intelligence Agency; Thomas Gates, defense secretary;

Wilbur Brucker, secretary of the Army; Clarence L. (Kelly) Johnson, designer of the famed U-2 airplane; Marine Corps Commandant General David M. Shoup; Admiral Arleigh Burke, Chief of Naval Operations; Dudley Sharp, Air Force secretary; and others. Dulles, who addresses the VFW's Distinguished Guests banquet Monday evening, will be awarded the Bernard Baruch Award for "his contributions to the cause of peace."

Johnson will be given the Map Arnold Award for the person adjudged to have done the most in the field of aviation.

Business of the convention will center about the more than 500 resolutions submitted from all sections of the country covering everything from national defense to internal VFW affairs.

Color of the convention will be centered about its seven-hour parade, drawing elements from all the 50 states, and the Million Dollar Pageant of Drums, to be held on Saturday.

Michigan will enter several champions in competition with units from all sections of the country. Defending its national senior band title will be the Morley S. Ontes Post 701 band of Lansing. Title threats in other di-

visions include the Lamplighter senior drum and bugle corps of Detroit; Sarnia Lionettes junior drum and bugle corps; Holland Wayne and Coldwater senior rifle drill teams; Detroit Johnson Post 78 senior color guard; and the Plymouth Post 6895 ladies drill team from all sections of the team from the Detroit North End Post 140 is a strong challenger for a national title.

The Michigan delegation will be pressing for the election of Dr. William T. McAlonan, Detroit, for national surgeon general of the VFW.

The convention will open with a joint memorial service on Aug. 21. Business of the convention starts Monday with the joint opening team. The state champion ritual note talk.

One Minute SPORTS QUIZ

1. Who won the United States Open Golf Championship in 1959?

(Answers on page 9)

Mabel Fox To Attend MEA Workshop

Michigan Education Association's NEA Directors' Workshop to be held at the MEA Building in Lansing, Aug. 24, at 9 a.m.

Miss Fox, NEA director of Region 3 of the MEA, will join 17 other regional NEA directors at the annual leadership conference. Region 3 includes Washtenaw, Monroe, Jackson and Lenawee counties.

Featured speaker at the all-day session will be Dr. Ivan A. Booker, director of the membership division of the National Education Association. A key national educational leader, Dr. Booker presents the concept of the NEA membership promotion.

The program will center on discussions of the recent accomplishments of the NEA, the report, functions of the NEA directors and development of a monthly program agenda.

KEE! MEAT! COLD Meat and muggy weather poor combination. Home say danger of food spoiling meat rises with the temperature. Be quick to refrigerate meat before and after meals.

- vs. -

CHELSEA JAYCEES

Tickets available at the gate or from any Jaycee member.

Sponsored by Chelsea Junior Chamber of Commerce. Proceeds to benefit High School Athletic Scoreboard Fund.

Crabgrass Meets The Fate It Deserves

Kids think everything is a game. But dad wants a better lawn without fooling around. When it comes to crabgrass, he fills the Scotts Spreader with CLOUT®. In half an hour he's walked the entire lawn, covered every square inch with crabgrass-killing CLOUT. That takes care of the crabgrass. Then, for some more fun—let's go fishing!

More and more folks are coming to us for advice on improving their lawns through an easy-to-follow Scotts Program. Come in anytime. We'll be glad to prescribe the correct Program for your lawn.

Save \$5.00! Scotts Spreader (16.95) plus Clout (6.95) together only 18.90
