to a larger four-column size. Ann Arbor listings, on white pages, are the first of the alphabetical listings. Following these, on blue pages, are the local listwhite. The combined Yellow Pages

vious one because—it has grown

Space for the emergency numceiving this directory is provided on Page 1.

betical and classified—have been returned to this area's directory and will be withdrawn from the next issue of the West and Downriver directories," Prakken said.

"The new directory was compiled as the result of an area-wide survey of telephone customers conducted by the Market Opinion Research Co., of Detroit. It was decided the lanti customers expressed dissatisfaction over being placed in the West and Downriver area directories. The customers felt their social closely related to Ann Arbor, Prakken explained.

"In addition to the seven communities already mentioned, Michigan Bell also is including South section, only. The latter is included because it is being added to the Ann Arbor local calling area on Jan. 15, 1961.

Reasonable Expenditure for Fall-Out Shelter Might Pay Big Dividends

The daily newspapers carried reports recently of 100 persons spending 48 hours in an underground bomb shelter as part of the Navy's civil defense program. To many people this test was of only passing interest.

Most of us cannot get concerned about the danger of nuclear war and fall-out and radiation and all that. But there is a danger that a tragic event will occur, which will touch off nuclear war between the United States and some potential enemy.

True, a war might be fought and these weapons not used But this is not what top U. S. commanders in overseas bases are saying: They are saying they will use nuclear weapons because the United States forces are inferior in conventiona military strength and numbers. And if we use these weapons the enemy is certain to respond in kind.

A few people in Michigan have already constructed shelters. Others seeing this precautionary step, smile and say that old so-and-so is mighty pessimistic. But it really isn't a question of pessimism. It is a question of being prepared for whatever might come our way. It is the wise

If the nuclear attack ever hits us, the few shelters in the country will provide tragic scenes. It would undoubtedly others be necessary for some to be kept out at the point of a gun. Fall-out from dangerously contaminated clouds can penetrate homes. Only those with shelters would be safe for several weeks, while the atmosphere was clearing.

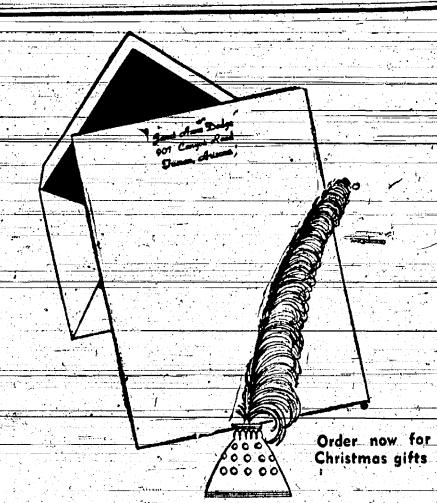

It's not too expensive to build a shelter. Civil Defense will tell you how to do it and even give you a booklet on construction and cost. It doesn't cost anything to at least look over the booklet. Why don't you?

This Boy Understood . . .

The story is told about a little boy who wanted \$100 so badly that he decided to pray for it. He prayed several weeks 1959 for fireworks. with no results. So he wrote God. The post office finally Both Republican and Democrats, tempted to bring populations into with no results. So he wrote God. The post office finally of course, want the new Congress line with each other among the down the line.

forwarded the letter to the White House. The president chuckled and ordered \$5 sent to the boy. The lad, delighted Because of Michigan's rural-urthat his prayers had been answered in part at least, wrote a ban split, the area which is given seats and would like to gain ar thank you note to God but added this P.S.: "I notice you routed my letter through Washington and as usual the mine what party he represents, and should get the new one. bureaucrats deducted 95 per cent."

> Heininger said the entire object glowed brightly. He first noticed it in the southeast about 20 degrees above the horizon. As he watched it veered to the north and then rapidly moved directly east. He had called Mrs. Heininger when he first noticed the object and both watched it until it was out of sight in the early morning dark-

> Heininger said his first thought on sighting the glow was that it was a jet plane.

> Various explanations were given by various sources but aviation and weather experts agreed that what people saw was a shower of tinfoil dropped by jet aircraft in a radar reception test. The tinfoil, falling more than 25,000 feet through rays of the early morning sun which reached it at that height over this part of the state, gave the appearence of "glow"

> which excited so many/people. Tinfoil, it was explained, was used during World War II by American and British planes to jam German radar and Wednesday's shower of foil was dropped by jet planes on a test of its radar jamming properties. Such training tests are carried on periodically by the Air Force.

Many were the conjectures about the "glowing object", in Wednesday's pre-dawn sky.

Some thought it was the satellite Tiros II, the man-made weather moon launched at 6:13 a.m. that day at Cape Canaveral; however, authorities at Washington said that was impossible since Tiro II went in the opposite direction.

Others believed it was the University of Michigan research balloon launched before dawn at Sloux Falls, S. D., but it was pointed out that the balloon went to an altitude of 110,000 feet; was to the west of Michigan while the "glow" was reported from the east; and, besides, could not possibly have caused the glow.

Heininger, who heard the various reports broadcast during the day, said it was difficult for him "a shower of tinfoil," because it traveled so fast and appeared to first turn north and then east be-

New Phone Directory.

"The new difectory arrangement does not change in thy way any community's local culting privi leges," Prakken said.

. He added that when the new directories are delivered to the area's homes and business estab-lishments, the distributor will pick up the old ones.

Shirley A. Dyer, Theodore Nixon Speak Nuptial Vows

Shirley Annette Dyer and Theodore Frank Nixon exchanged wedding vows, at a Thanksgiving day ceremony at St. Paul's Evangelical and Reformed church.

The service took place at 8 p.m. with the Rev. Donald Voss, pastor of St. John's Evangelical and Reformed church of Francisco, and the Rev. Paul M. Schnake of St. Paul's church, officiating. Parents of the couple are Mr

and Mrs. Stanley A. Dyer, of 15820 Gruss Dake Rd., and Mr. and Mrs. Homer Nixon of 718 McKinley St. Ellen Bird of Ann Arbor, a cousin of the bridegroom, served as organist, while Ernest A. Norman of Jackson, an uncle of the bride, was the soloist. He sang "Because" and "The Lord's Prayer." The bride's floor-length wedding

gown was fashioned of white transparent_velvet_and_lace. The lace was used for the long-sleeved bodice, with its scoop neckline embroidered with pearls, and for apliqued inserts, similarly embroidered, on the bouffant velvet skirt which extended into a chapellength train. Matching dace embroidered with sequins and pearls was used to fashion the queen's crown headpiece to which was fastened the bride's fingertiplength vell of imported English illusion. Her bouquet was a cas-

Mrs. Dyer's corsage bridegroom. Fugi mums and Mrs. Nixon's was dress with brown accessories and

A reception was held in the church hall immediately following the ceremony, those assisting including Mrs. Herbert Paul and

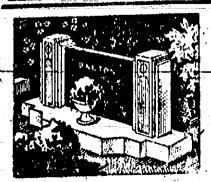

Others who assisted are Mrs. Ernest A. Norman, an aunt of the bride, and Jean Southwell, both of Jackson, who cut the wedding cake; Mrs. Sarah E. Bird of Ann Arbor, aunt of the bridegroom who served coffee; Nancy Irwin who poured r; and Marilyn Swift and Vera Fisher, both of Jackson, who

were at the gift table. Sharon Jacob of Manchester. was in charge of the guest book When the couple left for a short vool suit with black accessories. They are now making their Kome at Standish where Mr. Nixon is assistant football coach and junior high school mathematics and

physical education instructor at Arenac Central High school. Both the bride and bridegroom graduated from Chelsea High school. Since her graduation in 1958 the bride has been employed as a teller at Security Savings and Loan Association at Jackson.

Mr. Nixon,a 1956 graduate at Chelsea High school, received a bachelor of science degree in June of this year at Western Michigan University where he was affiliated with Delta Sigma Phi fraternity.

Ohio has about 500 miles of navigable rivers, 9,000 miles of railways and over 16,000 miles of state highways.

THE GREATEST MODERN MOVEMENT Toward Improved Health

More than one-third of our nation's people voluntarily and freely pay for medical or hospital care in advance through cooperative insurance plans. This is probably the greatest voluntary movement toward improved health and welfare in the history

Every phase of this activity is faudable. The sooperation of industry and its employees, and the foresight of breadwinness to invest money in their families' health in advance of actual need, are evidence of progress. Active participation of the medical profession is evidence of its stature.

The desire for improved health, and the newly found personal pride and dignity of the individual are universal; and you may depend upon us, as upon your physician, in the achievement of these objectives for your family.
