## SANTA WILL VISIT CHILDREN SATURDAY

### Sylvan Tax Rate Takes Sharp Jump

Sylvan Township Supervisor Maurice Hoffman has announced that the tax per \$1,000 of tax roll valuation in the township, for tax statements will be issued Dec. 1, totals \$68.80. This brings the total for the current year to \$68.80 per \$1,000 more than the 1960 tax which was \$67.00 per \$1,000 of assessed valuation.

The two mills voted this year for school operating purposes is based on the state equalized valuation, the Sylvan township factor being 2.88. Hoffman said, "In other words," he continued, "the voted two mills amounts to \$5.77 per \$1,000 of assessed valuation."

He pointed out that assessed valuation in Sylvan township is \$6,700,955 while the state equalized valuation figure is \$10,188,270, almost three times as high.

### Thanksgiving Service Set Wednesday

Tonight (Wednesday) at 7:30 o'clock, Chelsea area churches are uniting for the annual community Thanksgiving service which this year is being held at the Congregational church. All people of the community are invited to attend.

The Rev. S. D. King, pastor of the Methodist church, will deliver the sermon; the Congregational choir will sing; and Charles Farris will serve as organist.

The offering received at the service will be sent to Christian Rural Overseas Program (CROP).

A direct telephone line to the Methodist Home will permit Home residents to hear the entire service.

### High School Open House Set Nov. 29

Parents will be given an opportunity to attend their children's classes at the high school on Nov. 29. It was announced this week by High School Principal Charles Lane. School classes will be in session from 7 to 9:15 p.m.

Seven 15-minute periods will be held and the parents are encouraged to go through the entire schedule of their youngsters. During these "regular class" periods the teachers will explain to parents the course of study, class plans, marking system, etc. Student report cards will be handed out at this time.

During periods scheduled for study the parents will be served coffee in the cafeteria.

It is suggested that parents obtain the class schedules for their child, but schedules and maps will be available in the lobby starting at 6:30 p.m., Principal Lane said.

This open house will provide parents an opportunity to see their school, meet the teachers and perhaps make an appointment to discuss any possible problems with the teachers at a later date.

### Dramatic Pupils Appear At PTA Meet

The program at the Chelsea PTA meeting Wednesday evening, concerning classes of creative dramatics, was presented by Mrs. Richard Wellman, co-ordinator of the Creative Arts project of the Ann Arbor Recreation program, and Mrs. Donald Sandberg, director of the Ann Arbor Junior Theatre.

Mrs. Wellman told about the organization procedure for a creative dramatics project; how it is financed and sponsored.

Mrs. Sandberg gave a demonstration presentation of the methods used in her work with children. She brought with her for the demonstration, eight of her players in the sixth and seventh grades of Ann Arbor.

Mrs. Sandberg explained that creative dramatics are not planned to stress polished performance. No scripts are used, she said, the idea being to stress team work, and accept criticism or an individual basis for the good of the overall effect.

In their evaluation of the good they felt they received from the creative dramatics classes, some of the children said it helped them to talk without self-consciousness. (Continued on page six)

### C. of C. Members Pack Children's Christmas Treats

Chelsea Chamber of Commerce members, at their meeting Tuesday evening, acted as Santa Claus' helpers and filled approximately 960 bags of treats for distribution to area youngsters when Santa Claus makes his first official visit to Chelsea on Saturday.

The dinner meeting was held in the Congregational church dining room.

An announcement was made at the business session that 11 evening shopping hours are scheduled in Chelsea for the convenience of Christmas shoppers.

The first special evening shopping event is to be held Monday, Dec. 11. Stores will remain open until 9 p.m.

In addition to the regular Friday evenings when stores are open each week, the stores will remain open Saturday, Dec. 16 and each evening, Monday-Saturday, Dec. 18-23.

SANTA CLAUS stopped off in Chelsea for a short time Monday to arrange his first official visit here, scheduled for Saturday, Nov. 25, at 3 p.m., at the Municipal parking lot. Shown here with David Strieter, standing, Carl Schneider, at left, and Fred Anderson, at right, he emphasized that he is looking forward to getting lots of letters from Chelsea youngsters and that he will see that every letter is answered. His own personal, red-painted mailbox will be in place in front of the Post Office by Saturday when he plans to pick up his first mail. Children who write to him should be sure to include their name and address so he will know where to send his replies. He said he is hoping to see a large number of youngsters here Saturday.

### First of Several Visits Expected at 3 O'clock in Municipal Parking Lot

### Catholic Bishops' Clothes Collection Now Underway

The 1961 Catholic Bishops' Clothing Collection is being held during the week, Nov. 19-23 this year, it was announced Sunday, Nov. 19.

The success of the project can only be insured by the active participation of each parish in the United States.

Contributions in past years have made this project one of the most successful of its kind, and men, women and children in nations throughout the world have come to look forward to the generosity of the American people in supplying warm clothing for the people who otherwise may go half-clothed or at least would not be outfitted in warm clothing to withstand the bitter winter weather.

Articles of clothing may be brought to the St. Mary's school hall from whence they will be packaged and shipped to New York for distribution throughout the globe.

Warm outer clothing, including coats, jackets, mittens and caps as well as boots are particularly in need.

### Special Gifts Promised for All Good Children

Chelsea officially opens the Christmas season this week-end when Santa Claus makes his first visit to the community to talk to youngsters about what they want for Christmas.

He will make his headquarters at the Municipal parking lot on Park St. and expects to arrive there by 3 p.m.

The public address system at the parking lot will make it possible for him to talk to everyone at the same time and invite them to come up to the platform and tell him what they hope to receive for Christmas.

He will have gifts for all children who come to see him Saturday.

Saturday also marks Santa Claus' first pick-up of his own personal mail from his private, red-painted mailbox in front of the Post Office steps. No postage is required if the letters are deposited in this box, and youngsters should be particularly careful not to deposit Santa's personal mail in the regular Post Office mail box.

Santa Claus' visits here are sponsored by the Chelsea Chamber of Commerce. He plans to be on the streets in Chelsea each succeeding Saturday until Christmas; if he can possibly find the time, he will drop by Friday evenings, also.

Chelsea merchants have large stocks of desirable Christmas merchandise ready for the early Christmas shopper.

Extra shopping hours planned by merchants during the holiday season begin Dec. 11.

Because of the unusually mild fall weather people find it hard to believe that there are actually just 24 shopping days until Christmas following Santa Claus' official first visit here Saturday.

### Band Boosters Purchasing Capes, Caps for Junior Band

At the latest monthly meeting of the Chelsea Band Boosters it was reported that the profit from the annual sale of candy and fruit cakes would be close to \$700.

The group went on record stating that the responsiveness of area residents to these projects is appreciated by the school band members and by all those working to keep the various bands well equipped and uniformed.

The income from all Band Boosters' projects is used to buy uniforms and items of equipment that are not covered in the school budget or by other sources.

At this time \$415.00 is being spent for capes and caps for the Junior High Band.

Chelsea Band Boosters mentioned the work of this year's Senior High Band during half time of the home football games saying the group deserves special mention. The band demonstrated a high degree of musical proficiency and its original skits and formations were real crowd pleasers.

Participation in band work is at an all-time high in the Chelsea school system; 130 band members are now counted in grades 6 through 12 and next year's Senior High Band will have close to 90 members, according to present indications.

### Area Residents Drawn for Circuit Court Jury Duty

Included in a list of 68 Washenaw county residents drawn by a jury commission Friday as a petit jury for the December term of Circuit Court, are several from this vicinity.

The December term begins Monday, Dec. 4, for the listed jurors which includes Herbert Schenk, Eugene Frey and Charles C. Wood, of Lima township; Arthur Clark, Audrey Eisele and William Seil of Dexter township; Katherine Breitkreider, John Hummel, Gladys Kolb and Anna Weyerer of Sylvan township; Francis Barker and Josephine Coy of Webster township.

The list continues with Edith M. Hannah, Emma Pratt and Max Ziegler of Scio township; Howard Higgins, Elmer Kummer and Sophia Paul of Manchester township; and Wilma Kaiser of Lyndon township.

### 20-Point Buck Downed Near Manchester

A 20-point buck downed Thursday on the Edwin P. Smith farm, 10400 Herman Rd., southwest of Manchester, may prove to be a champion for its rack points to go with its 24-inch rack spread. The big fellow, believed to be almost four years old, weighed approximately 200 pounds.

The "big one" is just cause for jubilation and the two men responsible for bagging it were so thrilled and excited that they completely overlooked the fact that they had no deer hunting license (not having planned to go hunting just yet) and that the gun grabbed by one of the men in his haste was a .32-caliber deer rifle which is illegal for use in lower Michigan.

As a result Smith and his hired man, General Hale, were cited by Conservation Officer Boyer on technical charges to which they pleaded guilty Friday in Municipal Court, Ann Arbor.

Hale paid fine and costs of \$87.30 for shooting deer without a license and Smith was assessed \$17.30 fine and costs on a charge of using the illegal size of gun.

Both being respected, law-abiding citizens, according to Boyer's report, the two men now have also purchased their deer hunting licenses.

Conservation Officer Boyer said hunting pressure in this area is not as heavy as last year but hunter success is much better than a year ago. He said he has had reports of 30 deer taken in Washenaw county the first week of the hunting season which began Nov. 15. Another full week of deer hunting remains before the Nov. 30 closing date.

Lewis Ailer, 74 years old, who was born and lived all his life at 6844 Haskley Rd., went deer hunting for the first time last week and about five miles south of his home on the Sharon Hollow Rd. area, downed a 230-pound, 8-point buck which he described as "a beauty."

### New Phone Directories Now Ready

Michigan Bell Telephone Company began delivery in Chelsea of its new Ann Arbor-Ypsilanti area directory—with its new look in some telephone listings Saturday, Nov. 18, announced Nicholas J. Prakken, manager for the company.

"In the new directories," Prakken said, "local telephone users find for the first time, the new look in telephone listings called All-Number Calling (ANC)."

"These ANC listings are explained on the back covers. A glance will show how numerals are the same as letters—for example, the numerals 4-7 are in the same finger holes as the 'GR' on your dial. While the transition will be made over a period of several years, eventually all telephone numbers will be of the ANC type," Prakken said.

"Just seven digits are dialed—no letters at all," he added.

"Distribution of the 67,000 directories is taking a few days to complete. When the new directory is delivered, the old one is picked up."

Prakken added that the new directories might be checked as soon as they are delivered to learn if friends, relatives, or business associates have the new-style numbers. "That will assure calls going through correctly and promptly," he said.

### Weird Vehicle Creeps Around Area Sniffing for Possible Gas Main Leaks

The Ann Arbor office of Michigan Consolidated Gas Co. is watching for results of experiments with an "infra-red gas analyzer" which has operated in Chelsea and Dexter the past week.

The Gas Co. wishes to discover effectiveness and cost of locating punctures in gas lines by use of the new equipment in comparison with the usual procedure.

Existing method of the Gas Co. in locating leaks in gas mains is to drill a number of needle bar holes along main gas lines to detect possible punctures. If there is any indication of gas seepage, excavation is begun at once.

The new mechanized method makes use of large suction cups which pick up samples on top of ground. The samples are analyzed at once by the infra-red piped analyzer in the rear of the Jeep.

Frederick Joels, superintendent of the street department for the Gas Co., said the experimental use of the new mechanized equipment is in line with the company's efforts to "give their gas customers in Chelsea and Dexter the best service available at all times."

If the new equipment serves the purpose more efficiently than the existing methods of gas puncture detection, it will probably be generally adopted, Joels said.

Operating the analyzer inside the Jeep was Joe Dean. Others in the crew of four were Dan Jenkins of Michigan Consolidated Gas Co., Jim Wever and Dan Jenkins.

Their firm is known as Rayflex Exploration Co., of Dallas, Texas.

It is claimed that the analyzer can detect concentrations of less than 100 parts of natural gas per one million parts of air along the ground above where gas mains are located. The six samples are drawn into the testing apparatus through two large hoses fitted with large

(Continued on page six)

WHAT IS IT?—Chelsea residents, noticing the above vehicle about town with its top blinker signal in action and three men inside busily occupied with instruments, may have wondered if an oil boom was indicated or a check was being made on radiation since the outfit bears the name, "Rayflex Exploration Company, Texas," on its front doors. The equipment has been moving from one street to another throughout town for the past week, testing for possible leaks in gas mains.

It is an experimental program of Michigan Consolidated Gas Co. to determine the new method's effectiveness in comparison with customary practice of the company. The outfit was on West Middle St. across from the Hayes St. intersection when the photo was taken. Jerry Giles is the crew member standing besides the Jeep. Inside are crew member Joe Dean, operator; Dan Jenkins of Michigan Consolidated Gas Co.; and Jim Wever, driver. Their equipment is called an "infra-red gas analyzer."

### First Snow Contributes to Auto Crashes

The first snowfall of the season sufficient to cover the ground was listed as a contributing factor in several accidents in this area over the week-end.

At 9:45 p.m. Sunday, a car driven by Leonard Ferguson of Wayne, went out of control on the westbound lane of I-94 near the exit ramp to M-92 and ended up in the ditch.

The driver and a passenger, Thomas Roberts of Wayne, suffered head injuries and another passenger, Basil W. Dinova of Chicago, sustained injuries, according to Sheriff's Department reports.

Shortly before 5:30 p.m. Sunday, traffic was snarled on the eastbound lane of I-94 two miles from the New York Central overpass three miles west of Chelsea. Nine cars were involved before the chain reaction on the ice-slicked overpass was halted.

No one was reported injured but at least six of the cars were damaged in varying degrees. One of the cars taken to Balmer's garage in Chelsea is believed to be a total loss.

At about 11 p.m. Friday on Trinkle Rd. between Lima Center Rd. and Dancer Rd., a car driven by Thomas Penhalligon, 16, went out of control and was demolished when it crashed into two small trees after first going for some distance through roadside brush.

Passengers in the car were Barbara Bernath, Cheryl Lehmann and Gerry Bristle, all 15 years old. The two girls and Penhalligon suffered cuts and bruises. Bristle escaped injury. All are Chelsea area residents.

Monday, at 5:45 p.m., cars driven by Peter Towns and Fred Hinderer were involved in a collision on M-92 at the Jerusalem Rd. intersection. Neither suffered injuries.

### Schools Close for Thanksgiving Recess

Chelsea schools close this afternoon (Wednesday) for the Thanksgiving vacation Thursday and Friday.

Classes begin again Monday morning, Nov. 27.

### Chest Fund Hits 92% of Total Goal

A final report of contributions to the Chelsea Community Chest campaign is expected to be ready for publication in next week's issue of The Standard, according to Co-Chairmen George Knickerbocker and Larry Chapman.

By Monday night of this week, the campaign had reached the 92 percent mark, just \$1,133.64 short of the \$12,500 goal.

Totals of the various categories which combine to make the total of \$14,166.36 contributed are as follows: industry, \$9,216.50; business, \$2,072.00; residential, \$1,165.36; rural, \$994.50; schools, \$343.00; and clubs, \$375.00.

Contributions are still welcomed although the campaign closed officially Nov. 15.

### Christmas Club Funds Total \$47,500

A total of 420 individual Christmas Club checks were mailed out Monday by Chelsea State Bank, distributing a grand total of \$47,500 in time for Christmas shopping.

The Christmas Club savings plan accumulates amounts of from \$25 to \$1,000, according to the amount of the weekly deposits. Those receiving the \$25 checks deposit only 50 cents each week.

The 1962 Christmas club at Chelsea State Bank begins Nov. 22, according to Paul Mann, executive vice-president and cashier.

Mrs. Lee Hoppe and her brother, Wasiel Smitzer were called to Shenandoah, Pa., by the death of their father, Joseph Smitzer on Nov. 11, and remained to attend the funeral which was held Wednesday.

### Jayces Plan Survey Of Community Opinion

Chelsea Jaycees plan to begin a survey of more than 300 homes in the community within the next month. Families will be interviewed and opinions gathered on education, government, public utilities and recreation in Chelsea.

Purpose of the survey is to tabulate community opinion to guide preparation of the Jaycees' work program for 1962-63.

The canvass will involve about 30 members of the group who will coordinate their efforts to cover approximately one-third of Chelsea's homes.

George Staffan Jr., is general chairman of the project.

### Sunday Snow Brings Out Road Sanding Crews

County Road Commission crews were out for ice and snow Sunday for the first time this year.

They salted and sanded a number of bridges which became slippery when the temperature went down to a chilly 18 degrees after a light, ground-covering snowfall. This was the first snow of the season to remain on the ground any length of time, although a few snow flurries occurred two weeks ago, on Wednesday, Nov. 8, and again on Saturday of last week.

**Thanksgiving Is One of Our Most Colorful, Enjoyable National Holidays**

This year Thanksgiving—a national religious festival—is 98 years old. It began in 1863 and credit for beginning the observance is usually given to Mrs. Sarah J. Hale.

A little more than one month separates Thanksgiving this year from Christmas, which mean that these two national religious observances are only 32 days apart. However, Thanksgiving—unlike Christmas—is not so highly commercialized.

Thanksgiving was originally regarded with almost the same reverence as was shown for Sunday. It was customary for families to attend religious services and, afterwards to gather around the table and a bounteous dinner, including turkey and pumpkin pie.

In some instances churches were decorated with farm products in order that the members of the congregation might see what they had to be thankful for.

The first Thanksgiving proclamation, issued by any President, came in 1789, when George Washington ordered a day of Thanksgiving for the adoption of the Constitution. President Madison also set a day to give thanks for the peace during 1815, but it was not until the time of Abraham Lincoln, in 1863, that we had a national Thanksgiving proclamation, setting apart the last Thursday in November as a day to be observed.

Our Thanksgiving Day in the United States, then, is relatively young, but it has taken hold more firmly than any other Thanksgiving Day in any other country, and has spread to the various corners of the world.

It is one of our most enjoyed holidays, a colorful observance and an inspiration. To most Americans it signifies the coming end of the year, and a time to be thankful for the many blessings we enjoy every day.

In observing Thanksgiving Day this year, we can only hope that by the time Thanksgiving Day, 1962 rolls around, the world tension over Berlin and the threat of communism will have been overcome.

**No More Time To Waste . . .**

Driven by the need for a whole new arsenal of still undeveloped nuclear weapons, the Department of Defense and the Atomic Energy Commission have finally prevailed on the White House for what appears to be grudging permission to engage once more in essential atmospheric testing.

Such testing, by which the military is eager to improve warheads for anti-missile missiles, develop more powerful and lighter warheads for ballistic missiles, proof-test weapons already developed and study atomic radio jamming, may now be undertaken, President Kennedy announced, "when effective progress is not possible without such tests."

To have gained this authorization is a tremendous accomplishment—in view of the worldwide fallout terror the Russians have stirred up, and even though it makes our self-imposed three year moratorium look tragically foolish.

A chance to recover this fumble—if we still have it—is more than we deserve.

**AUCTION**  
**SUNDAY, NOV. 26**  
 2:00 P.M. SHARP

Everything to be sold to the bare walls, regardless of cost. We have rented the Washtenaw County Rural Activities building in order to display all merchandise.

**★ MICHIGAN MIRROR ★**

By Elmer E. White, Secretary, Michigan Press Association

Residents of Michigan paid an average of \$44.95 each in sales taxes during the fiscal year which ended June 30, according to the Revenue Department.

The previous year's per capita sales tax collections were \$41.40. Revenue officials said most of the increase was due to the new four percent rate, rather than increased retail sales.

Eighteen counties recorded per capita collections higher than the state average. Of these, 10 were tourist centers and eight contained large metropolitan areas.

Some bright spots were noted in the October collections, when auto sales taxes rose markedly. Lock said "a strong boom" would be required if the \$462 million revenue estimate was to be reached, and "a noticeable boost" would be necessary if income was to equal the \$482 million budget approved by the 1961 legislature.

New taxes might be inevitable, the Research Council said. Lock steered away from any prediction on this question, and legislative budget writers said they could not take a stand on it at this time.

The 1962 legislature will be hard pressed to make do with current revenues but ways to eliminate the mounting deficit will also be of primary concern.

Michigan's deficit was above the \$85 million mark in the 1960-61 fiscal year. This was the highest since the "cash crisis" of 1959. Revenues from the increased sales and use taxes to date this year were below estimates and in most months fell below the collections last year when compared proportionately to the 1960 three per cent rate, said Revenue Commissioner Clarence W. Lock.

Some bright spots were noted in the October collections, when auto sales taxes rose markedly. Lock said "a strong boom" would be required if the \$462 million revenue estimate was to be reached, and "a noticeable boost" would be necessary if income was to equal the \$482 million budget approved by the 1961 legislature.

New taxes might be inevitable, the Research Council said. Lock steered away from any prediction on this question, and legislative budget writers said they could not take a stand on it at this time.

The 1962 legislature will be hard pressed to make do with current revenues but ways to eliminate the mounting deficit will also be of primary concern.

Four proposals considered in past years by the legislature after urging by law enforcement and safety officials were the focal points this year in a series of regional traffic safety conferences called by Gov. John B. Swainson.

Meetings at Sturgis, Muskegon, Birmingham, Houghton, Alpena and Cadillac, under the auspices of the State Safety Commission discussed any and all phases of traffic safety of interest at the local level.

Gerald W. Shipman, executive secretary of the state commission, said the four points were emphasized by all-enforcement officials as well as safety-minded private citizens who attended.

A stronger chemical test with "implied consent" was emphasized first. Current law requires written consent to administer the tests.

Vehicle safety inspections by state-designated service stations should be written into the law, the conferees said. Discussions recommended State Police be authorized to check buses of the law.

A joint traffic safety study committee in the legislature was suggested to "filter out worthy proposals for bills and resolutions, assemble traffic safety information and make long range plans to meet the growing traffic safety problem."

The fourth proposal, ranking in controversy perhaps with the chemical test recommendation, called for expansion of the 12-point violation system to all drivers.

Juveniles are exempt from the point system under provisions of the probate code. Most juvenile authorities in the past contended this exemption should remain in the law.

**JUST REMINISCING**  
 Items Taken from the Files of The Chelsea Standard

**4 Years Ago . . .**  
 Thursday, Nov. 14, 1957—

A framed roster of Chelsea's own volunteer infantry company of Civil War days has been presented to Chelsea's public library by Herbert J. McKune Post No. 31. The Legion had received it from the granddaughter of Cyrus B. Ward, Miss Florence of Cyrus B. Ward and Roswell P. Carpenter, are listed as captains of the company which was mustered into service Aug. 18, 1862, as Co. K, 20th Regiment, Michigan Volunteer Infantry.

The season's first snow, accompanied by 30 to 40-mile-an-hour winds, struck this area Friday night, sending the temperature skidding to a low of 24 degrees by Saturday and making for hazardous driving conditions.

**14 Years Ago . . .**  
 Thursday, Nov. 13, 1947—

Announcement that Col. Herbert D. Vogel, formerly of Chelsea, was awarded the Distinguished Service Medal at Buffalo, N. Y., for "meritorious and distinguished service to the government in positions of great responsibility in the Southwest Pacific from January 1944 to September 1954." Col. Vogel at present is District Engineer, U. S. Army, Corps of Engineers, at Buffalo.

Louis William Doll, formerly of Chelsea, left Tuesday from Milwaukee, Ind., for Yokohama, Japan, where he has been appointed librarian of the G-2 Historical Section Library at General Headquarters, Far Eastern Command.

Mr. and Mrs. Joseph Merkel, Sr., observed their 25th wedding anniversary at a family dinner Sunday at their home on Chelsea-Manchester Rd.

Weddings announced this week—Nancy Weese-Robert Burgett; Betty Jean Marshall - Horace Butcher; Marjorie Umstead-Harry Burnett.

**24 Years Ago . . .**  
 Thursday, Nov. 18, 1937—

Mrs. Lenore Schmidt was installed as worthy matron of Olive Chapter No. 108, OES, at ceremony's Wednesday evening. Her aunt, Mrs. Marie Shaver of Detroit, was installing officer.

**34 Years Ago . . .**  
 Thursday, Nov. 17, 1927—

Mrs. Maria Frey, mother of Dr. Andros Gulde, died Thursday, a day before her 89th birthday. She had been a Chelsea resident for 60 years and was a charter member of St. Paul's Ladies' Aid Society.

Sheriff Wurster will make a second visit to Chelsea for the purpose of completing the required registration of firearms measuring under 30 inches in length.

Married Thursday, Nov. 10, at Ann Arbor, Alice Jayne of Grand Rapids, and Dr. Herbert Huebel, formerly of Lima township, and now practicing dentistry in Ann Arbor and serving as instructor in the University Dental Clinic.

Descendants of Anneke S. Bogardus are staging a demonstration meeting Saturday at the Detroit Masonic Temple. A number of her descendants live in this area.

**FROM THE GOVERNOR'S CHAIR**  
 By John B. Swainson

**★ Need Help To Prevent Age Discrimination**

Lansing—Senior citizens, who have contributed so much to Michigan's wealth of human resources, had their say about many problems confronting them during the recent White House conference held in Detroit.

In addition to a special meeting with federal and state officials to study opportunities for the aged, more than 7,000 senior citizens gathered in Cobo Hall to hear facts about medical care for the aged.

At this rally they enthusiastically endorsed the administration-approved King-Anderson bill to finance medical care for the aged under Social Security.

Among other discussions at the White House conference was the number one problem of those between the ages of 40 and 64 who want only the assurance of equal opportunity for employment in accord with their full capacities.

It is a sad commentary, indeed, that many Michigan citizens are faced with the problem as described by a man in his late 50's who said: "I don't feel old or incapable, until I start looking for a job."

I am hopeful, that besides improved medical care and housing for our older citizens, we, in Michigan will amend our Fair Employment Practices Act to deal with age discrimination.

This is a vital element of the economic well-being of our state, since the Michigan Employment-Security Commission reports that,

even though workers over 40 represent 30 percent of new applicants for jobs, they get fewer than 20 percent of the placements. In fact, two-thirds of all job openings carry age requirements.

The White House conference presented an opportunity for searching look at future economic growth.

With industry, business, labor and government united in comprehensive efforts for progress, Michigan's future is unlimited.

Michigan, particularly with its national economic base, does not, however, look back in anguish, but ahead to make sure our future even greater than our past.

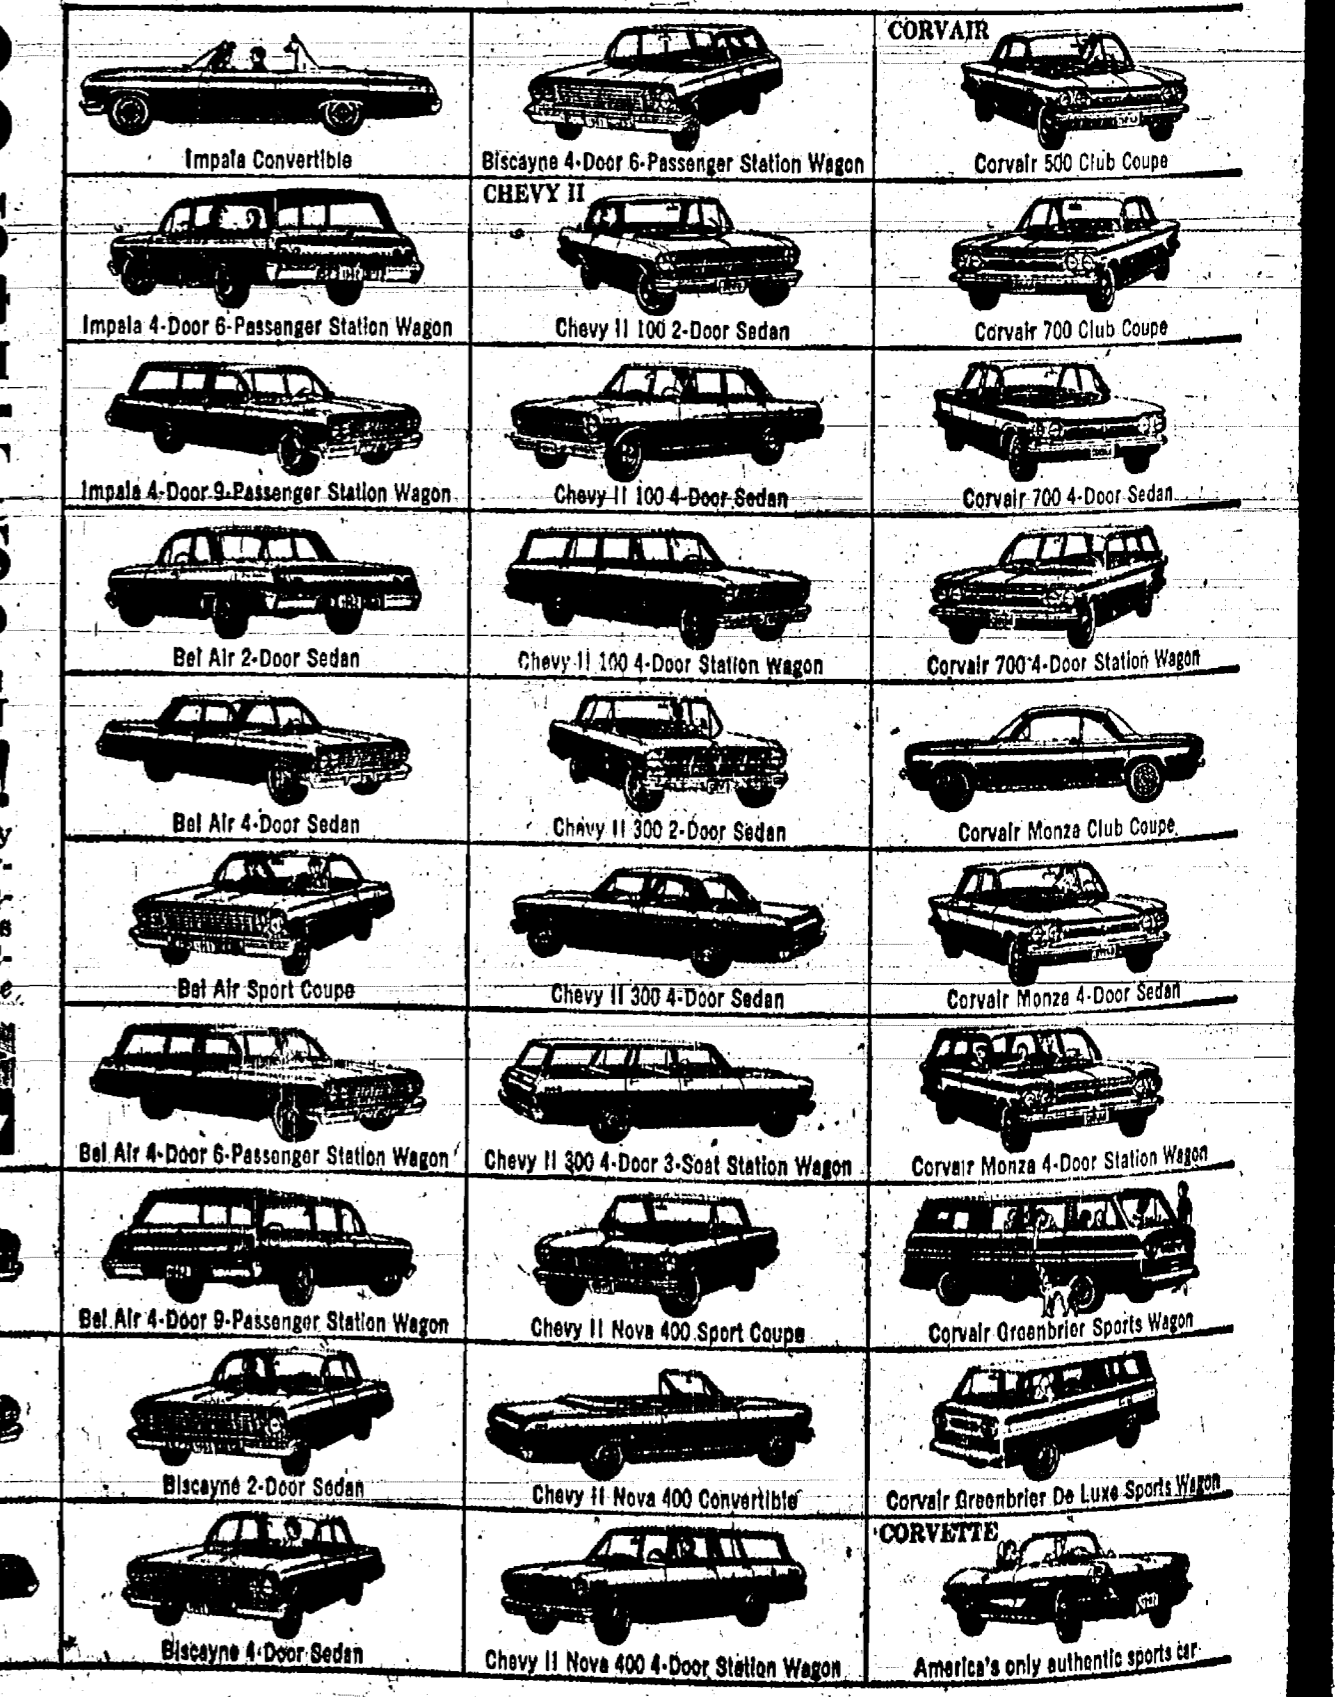

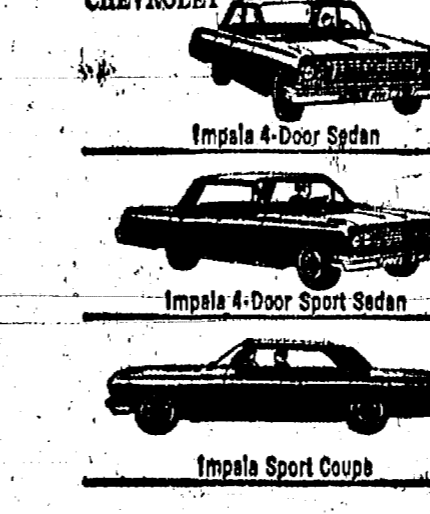

In doing just that, we should note day-to-day happenings Michigan's industrial and business world that mean progress. To a few within recent weeks:

A multi-million dollar expansion program at the S. D. Warren Company, Muskegon; Kellogg Company's \$4-million building program at Battle Creek; transfer of Massey-Ferguson, Inc. operations, Wichita, Kans., to Detroit; and the Weber Showcase & Fixture Company's Los Angeles operation to Grand Rapids.

In addition, William P. Lear, S. world famous industrialist, will be in Lansing in December to discuss the possibility of establishing airplane production facility in Michigan.

**Uncle Lew from Lima Says:**

DEAR MISTER EDITOR:

Maybe your memory is better'n mine but I can't recollect a important domestic problem our Government has actual solved in the last 20 year. Whenever we get one which is about every day, them Congressmen just subsidize it and passes on to someone else.

For that reason, I perked up when I read where Congressman Carroll Kearns was trying to meet one problem head-on. According to the papers, he is trying to get a committee appointed by the Congress to count the gold reserves at Fort Knox about twict a year to see if it's all there.

at Fort Knox twict a year. In fact, if I had my druthers I'd druther they'd count 'em about twict a month.

Another thing I'm in favor of, Mister Editor, is this plan of the income tax folks to have the citizens know'd by the number instead of by name. When they pick me I hope they'll take my Army serial number in World War I, my Social Security number, my telephone number and my old lady's age, put 'em all in a poke, shake well and git me a good one. I aim to use it from now on fer my official signature on everything, letters, checks, bank notes and letters to my Congressman.

Yours truly,  
 Uncle Lew.

### Bendix Executive Chairman for Michigan Week

William N. MacDonald, executive manager of the Bendix Systems Division, Ann Arbor, will serve as the Washenaw county chairman for the 1962 Michigan Week, to be observed next May 26-28.

The appointment was announced by John R. Meadows, vice-president of the Ann Arbor Bank, regional chairman of Livingston, Washtenaw, Monroe and Lenawee counties.

MacDonald will start immediately to organize county committees to insure adequate time for long-range planning so vital success of the ninth annual Michigan Week observance in all communities.

Meadows said other regional appointments are being made as rapidly as possible and that planning is off to its earliest start.

Chairman MacDonald is a graduate of Ohio Wesleyan University (S. Chemistry, 1936) who has been associated with Bendix since 1935 when he was appointed executive engineer in charge of division administration.

From 1953 until 1956 he was at the University of Michigan, where he worked in the research laboratories as a research engineer, as administrative director of the radar department, as director of the Wolvins summer camp known as "Project Michigan" and as administrative director of the laboratories.

From 1943 to 1945 he served in the U. S. Naval Reserve and was lieutenant on duty with the guard. He then served in various executive capacities with the Wax Paper Co., Wax Paper, and the Mead Corporation before joining Willow Run Laboratories.

The University of Michigan's School of Nursing is the largest in the nation offering a four year degree program in nursing.

## Pilgrims Brought Their Own Birds

Ann Arbor—We can thank the Pilgrim Fathers for that delicious turkey on Thanksgiving Day, says Warren W. Chase, chairman of the Department of Wildlife Management at the University of Michigan.

"Domestic turkeys were brought to this country by the Pilgrims," he says. "Most of us have always assumed that the Thanksgiving food of the Plymouth Rock Colony was the wild turkey, but it has been well documented that the people who came over on the Mayflower, as well as other groups arriving in the early 1600's, brought domestic turkeys with them."

Chase, who domesticated first by the Aztecs of Mexico, the turkeys were taken to Europe by the Spaniards after the conquest of Mexico which was completed in 1521.

Chase explains that at the time of the Spanish conquest, large flocks of domesticated turkeys were found in their post-domesticated turkey.

"From Spain the domestic turkey rapidly spread over continental Europe and the British Isles. The turkey first appeared in England about 1524. Domestic turkeys were probably brought to France before 1543, into Germany about 1530, and into Italy in 1557."

"The domestic turkey brought here by the Pilgrims by the circuitous Mexican-European route, had a marked effect upon the North American wild stock due to hybridization. It is well known that the domestic form has interbred with all races of the wild turkey."

"As early as 1760, settlers noted that the wild turkey was becoming less abundant. It was rare in New England by 1843. The last wild turkey was killed in Michigan in 1897. However, efforts in stocking are bringing the wild turkey back in selected areas," Chase points out.

## Social Security Office Open Next Four Monday Evenings

The Social Security district office in Ann Arbor will be open from 5:45 to 8:45 o'clock every Monday evening for the next four weeks for the convenience of people 65 or over who work during the day.

In announcing the special evening hours, Robert A. Kehoe, manager of the Ann Arbor district office noted that many older people in the Washenaw county area who are still employed, do not understand that recent changes in the social security law now make it possible for a good number of them to collect some benefits in addition to their earnings.

Older workers made eligible to collect some social security benefits for the year 1961, may lose some of the payments due them if they do not make application for them before the end of January 1962, Kehoe said. He estimates that some 300 people in this area would be eligible upon allocation.

Unfortunately, Kehoe said, a number of older people continue to think that they cannot collect any social security benefits at all if their earnings are over \$1,200 for the year. This is not true, he emphasized. To show how recent

amendments to the social security law have increased the amount an older worker may earn and still collect some benefits, Kehoe cited the following example:

Mr. and Mrs. Smith, who are both over 65, could upon application become entitled to a combined monthly benefit of \$150, based on Mr. Smith's average earnings under social security of around \$3,200 to \$3,800 a year. Up until this year, this couple could not be paid any of their benefits if Mr. Smith's annual earnings amounted to over \$2,080.

With the recent change in the law, Mr. Smith could have earnings of \$2,500 in 1961 and the couple would have at least \$750 in benefits coming to them for the year. If his earnings were \$3,000, the couple would get at least \$250 of their social security benefits; even if he earned as much as \$3,200, they would be able to collect at least \$50 in benefits for the year.

The Social Security district manager suggests that working people 65 or over who have not yet applied for their social security benefits stop in at his office during the day, or during the special Monday evening hours, to find out just where they stand.

Some may find that their earnings are too substantial to permit payment of any benefits right now, but the time devoted to their visit will still be well spent. Kehoe pointed out that there is no disadvantage in filing a claim for social security benefits after a worker has reached 65, even though he may be earning more than would permit him to draw benefits at the present time. Even if no benefits are payable now, the necessary paper work in applying for benefits may be taken care of so that checks may be issued without delay after earnings have gone down or stopped entirely.

The Social Security district office in Ann Arbor is located at 114 S. Fourth Ave.

Freedom of speech is not valuable unless somebody will listen.

## HOW OLD IS MY DEER?

**FAWN** CHEEK TEETH

## Many Innovations Found in Ribbon-Cutting Ceremonies

Lansing—Local committees concerned with highway dedications come up with some ingenious ways to cut ribbons, State Highway Department officials report.

At a recent US-27 Freeway dedication near Mt. Pleasant, scissors to cut the ribbon were delivered by a free-fall parachutist.

Near Saginaw, a nine-mile stretch of Interstate 75 Freeway was opened after officials sawed through a log across the highway.

Last year at Midland, a dedication committee decided to have a tame deer bite the ribbon in two. The deer refused, so a far-sighted committee member pulled out the usual scissors and put the highway in operation.

Several years ago, a committee decided to cut a ribbon by using it as the finish line in a midget auto race.

The little cars whined down the road but the ribbon was held too high and they whizzed right under it.

A second race was held. This time, two cars finished in a dead heat. But the ribbon didn't break

and the two girls holding it got knocked flat. Out came the scissors. The ribbon was cut in the traditional manner, then taped back together. It snapped—without incident—as the winning car of the third race crossed the finish line. John Murray, Public Information Director for the Highway Department, reports that local communities are encouraged to use their imagination at highway dedications.

Many of them involve only band music and pretty girls. But Murray admits this really isn't such a bad ribbon cutting at that.

The story of a town's efforts to pass a school bond issue is the central theme of a new film, "They Voted Yes," produced by the MEA in co-operation with WMSB-TV, Michigan State University Broadcasting. Entitled "They Voted Yes," the half-hour, black-and-white production was filmed on-location in Laingsburg. The film is part of the MEA's "Constant Challenge" television series.

# Junior Livestock Show Has 6 Washtenaw Exhibitors

More than 300 Michigan 4-H members will enter \$100,000 prize livestock at the Detroit Junior Livestock Show next month. This is the 32nd year for the major exposition to be held at the Detroit Fair grounds Dec. 5-7.

The event is jointly sponsored by the 4-H club department of Michigan State University in cooperation with the Detroit Junior Livestock Society.

The yearly show attracts exhibitors from more than 30 counties throughout Michigan. The showmen will vie for several thousand dollars in prizes and chance to stand in the spotlight of a grand champion animal.

These animals draw active bids from area buyers who support the show's sale.

Headquarters for the show will be the Sheraton-Cadillac Hotel. One of the program highlights will be the annual banquet sponsored by the society at which honorees are presented and special awards made to exhibitors. A judging competition, a grand champion market hog, lamb and steer will be selected. Livestock entries will arrive at the arena Dec. 5 and the judging will follow Wednesday, Dec. 6. Sale of the prize animals will conclude the three-day event on Dec. 7.

As a long standing 4-H activity, State 4-H Club Leader Russell Mawby, of MSU, believes the show has contributed greatly to the state's 4-H program. "In its wholesome environment, the show serves to develop a sense of responsibility and provide an educational experience for all who participate," Mawby summarized.

Monday dinner guests of Mr. and Mrs. Walter Trinkle, in observance of Mr. Trinkle's birthday, were Mrs. O. F. Montgomery and four children of Grand Junction. Afternoon callers were Mrs. Caroline Thaler and her daughter, Mrs. Neal Rauser and children, of near Ann Arbor.

# Need Bill of Sale To Transport Cut Christmas Trees

Bills of sale are required when cut Christmas trees are transported in lots of more than six under a 1958 law enforced by the Michigan Department of Agriculture's plant industry division.

The annual harvest of Christmas trees in the state is estimated at more than 2 1/2 million trees. Christmas tree bills of sale must be on special forms available free from Michigan Department of Agriculture offices, state police posts, sheriff's offices, Conservation Department offices or from county agricultural extension directors.

Persons who transport trees grown on their own property need only proof of ownership in form of a tax receipt or a deed.

Inspectors are patrolling highways to check for violations of the Christmas tree law. The state applies to cut trees only. In instances where Christmas trees are transported with the roots attached, the shipment must be accompanied by a certificate showing the trees have been inspected.

# Farm Bureau Conducting Data Survey

An unofficial but highly interesting agricultural "census" is underway in Washtenaw county and throughout rural Michigan. Thousands of volunteer Farm Bureau leaders are conducting the statewide survey through 70 county Farm Bureau offices.

Back of the questioning is the desire by farmers to build more effective farm services through up-to-date files. Collected information will be processed by electronic data machines to give an instantaneous and accurate picture of modern farming in any county.

"Farming in both our county and the state of Michigan is highly diversified," according to Carl Lesser, president of the Washtenaw county Farm Bureau. "For this reason it has been difficult to plan programs of help to groups with special commodity interests. The collection of farm statistics should be of tremendous value in analyzing fast-moving trends and to help us to take advantage of them," the farm leader said.

Local farmers are asked to identify their type of farm operation, (field-crops, livestock, poultry, etc.) and to list their farm animals by breeds.

The Farm Bureau survey goes beyond statistics in areas of farmer-interest such as "legislation," "citizenship," "local affairs" and "commodities." "Frequently we need to know the names of farmers who are interested in such things," Lesser said. "In order to make committee appointments or to set up advisory groups to our County Farm Board."

Given as another example of potential use of the survey was a recent hog cholera outbreak in a southern-Michigan county where the disease swept through a farming community in a matter of days.

"Through data cards and high-speed electronic sorters, every hog farmer in our county—or the entire state for that matter, could have been alerted to the outbreak within hours," Lesser said.

All data collected in the survey is considered highly confidential and will be used only in a "collective" sense, never on an individual basis, he explained.

Before the survey is concluded state-wide, between 75 and 80 thousand Michigan farm families will have been asked to participate.

# AGRICULTURE Action

by M. L. Wash  
 ★ Farmers Thank Newspaper Friends

This newspaper and others of the state that carry this column, were praised by the voting-delegate body of the Michigan Farm Bureau in its recent 42nd annual meeting at Michigan State University.

In a resolution that received unanimous approval by the 710 voting delegates from 70 Michigan counties, the big farm group expressed appreciation and gave a vote of thanks to this newspaper and others like it that have given space to these reports. The Farm Bureau credited local newspapers with much of the "improvement of the public image of the farmer."

Further endorsement of the effectiveness of local newspapers was implied in another resolution that encouraged dairy farmers to support the advertising and merchandising programs of the American Dairy Association. Much of the most effective dairy advertising has been carried by local newspapers.

The resolution supporting local newspapers was in contrast to what the farmers called "deliberate distortions" of the agricultural image in the public mind, by a few people.

"Some would have the public believe that rural people are not paying their share of the cost of government, and that in fact, city-dwellers are actually subsidizing rural residents," the foreword to the 100 policy-resolutions stated. "Such is very definitely not the case. Farm folks undoubtedly pay a higher percentage of their net income in taxes than any other class of citizens," the statement continued.

In their convention sessions the farmers reminded city dwellers that more than one-half of all rural children leave the farm for urban vocations, taking with them the tremendous farm investment that went into their rearing and education. They added that with every generation half of rural America's net wealth flows to the city, following the children through the normal processes of inheritance.

Construction started recently on the first section of the Benton Harbor to Holland Freeway in southwestern Michigan.

# Washtenaw Student Council Plans Exchange Day Event

Washtenaw Conference Student Council, has planned an important activity of its 1961-62 school year — Student Exchange Day, scheduled for Dec. 5.

Each school in the conference will "exchange" six students—two seniors, two juniors, one sophomore and one freshman—one of the six from each school to be assigned to each of the other six schools in the league.

The central meeting place will be Dexter High school at 8 a.m. As the groups of six are formed (one from each school other than that student's own school), each group, accompanied by an advisor, will go to the school assigned the group; the day's activities being planned so that the curriculum for each student will follow the normal pattern of the curriculum at his or her own school.

Plans for Student Exchange Day were made at a meeting held at Dexter earlier this month.

Washtenaw Conference Student Council with which Chelsea and Dexter High schools' Student Councils are affiliated, held its second meeting of the 1961-62 school year at Dexter. The first meeting of the year had been held at Chelsea High school last month and the latest meeting took place at Dexter, Nov. 7.

The Conference Student Council is composed of four representatives from each of the seven conference schools—Chelsea, Dexter, Ypsilanti, Roosevelt, Ann Arbor University High, Manchester school, Pinckney and Saline High schools.

The Washtenaw Conference Student Council (WCSC) was formed for the betterment of all schools in the League through exchange of ideas, year books, school papers and constitutions.

It also promotes sportsmanship and respect in all school activities.

This year's officers are Richard Haist of Chelsea, president; Gary Niehammer, vice-president; Sandy Brown, secretary and Kathy Reed, treasurer. The latter three are all from Saline High school.

In addition to Student Exchange Day, matters discussed at the Nov. 7 meeting at Dexter included the following: possibility of awarding a sportsmanship trophy; possible repeat of last year's conference dance; and an exchange of Student Council Constitutions as well as a joint journalism workshop for school paper and year book staffs.

The latter is being planned by Mary Ann Hanson of Chelsea, and Sandy Brown of Saline.

The next regular meeting of the

# Hunting Violations . . .

(Continued from page one)

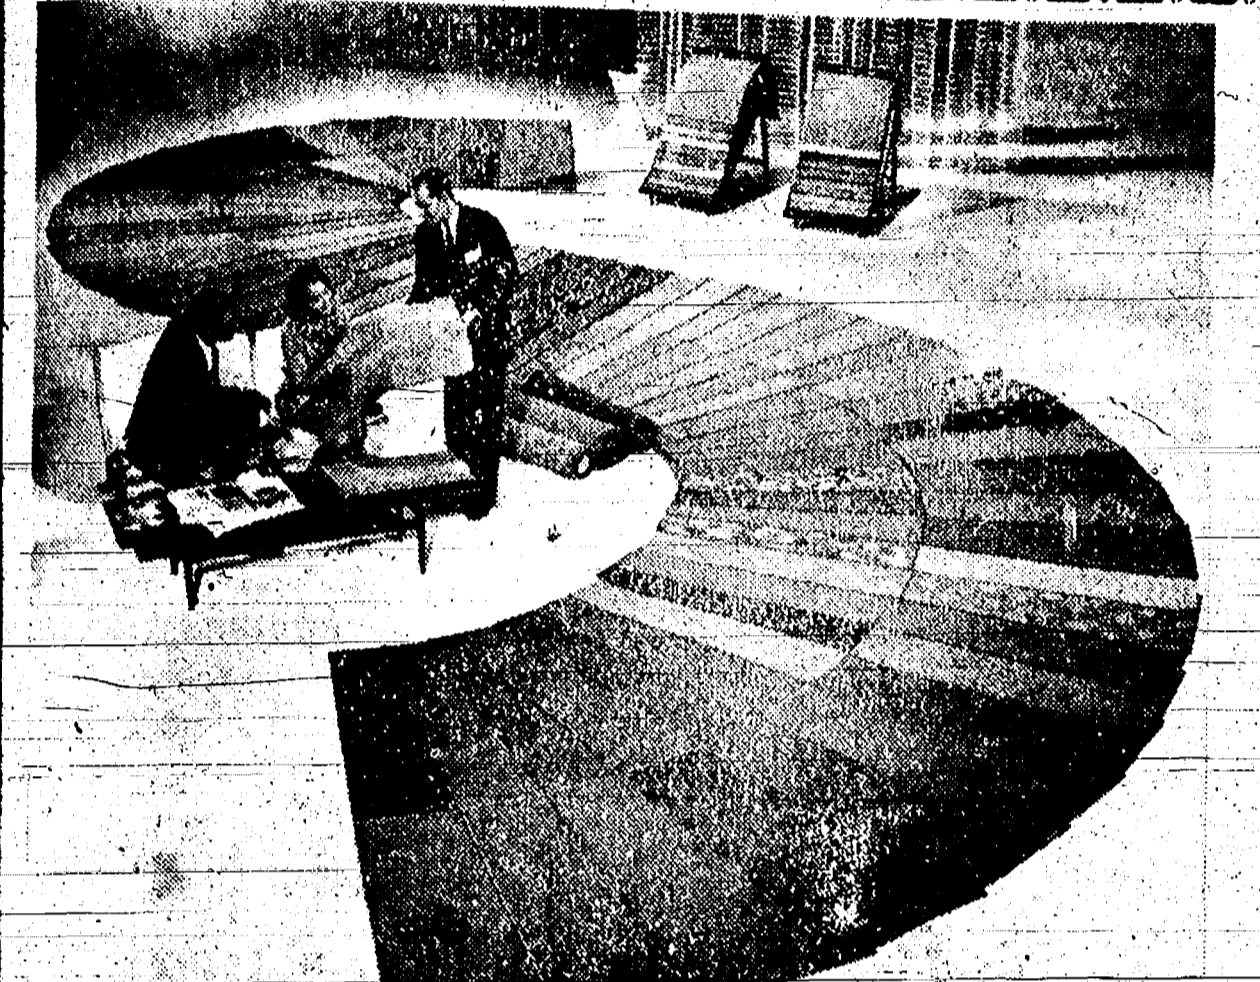

Boyer said violations have been "about normal" (seven since Nov. 10).

Arthur Ramsey, 25, of Whitmore Lake, pleaded guilty before Dexter Township Justice of the Peace David Dalg to carrying in unlicensed gun in his car Nov. 18 in Lyndon township. He paid fine and costs of \$17.50.

Three other violation cases — hunting without licenses — are still pending, Boyer said.

During the week from Sunday, Nov. 12 to Sunday, Nov. 19, Boyer reported, a total of nine deer were killed. Two of these were illegal kills of button bucks and seven were struck by cars.

There is no known cure for brucellosis, a highly infectious disease of cattle, the Michigan Department of Agriculture points out, but official calfhood vaccination is an effective preventive measure.

# SPECTACULAR OF MOHAWK CARPET VALUES

Come in today, see Mohawk carpets in the colors, patterns, and textures to light up your home for the holidays.

**PAGE \$6.95**  
sq. yd.

Only Mohawk, world's largest maker of carpets and rugs, could give you lovely all-wool broadloom in so many glorious colors at this budget-pleasing price. Page is rugged and durable — its stylish-ripple texture is easy to care for. Resists crushing, minimizes footprints.

**TRENDTEX \$9.95**  
sq. yd.

More families buy Fabulous Trendtex than any other carpet in the world, and with good reasons: Trendtex's all-wool texture actually improves with wear, won't show crush or shade marks, and is wonderfully easy to care for. Its tweed and plain colors! Dollar for dollar . . . its value can't be beat.

**OAK RIVER \$7.95**  
sq. yd.

Here's one of the most amazing carpet values in years! Oak River . . . woven with a rich, rugged Cumulofor continuous filament nylon pile and styled with Panoramic Texture, a new Mohawk technique which gives this wonderful carpet the same flowing look seen from any angle in your room.

**DEL PRADO \$12.95**  
sq. yd.

Add new depth and color to your rooms with the elegant styling and soft glow of Mohawk's colorful Del Prado broadloom. This lovely all-wool carpet with its random-sheared, high-and-low loop pile has the kind of ruggedness an active family demands. Easy-to-care-for Del Prado is constructed to minimize footprints and traffic lanes.

**LEGACY \$9.95**  
sq. yd.

Here's the carpet that has everything . . . resists soiling, easy to clean, non-allergenic! Densely woven loop pile with a distinctive, versatile pebble texture of Acrilan® Acrylic and Modacrylic fibers! Fabulous, patented "Trendtex" weave for extra wear, springy luxury underfoot!

SEE MOHAWK'S BIG TV SPECTACULAR ON THANKSGIVING DAY GORDON MACRAE • PATRICE MUNSEL • AL HIRSH • GARY HANEY Star in "Home for the Holidays," N.B.C.'s Show of the Week. A full hour of musical entertainment for all the family in black and white and color on WWJ-TV—Channel 4— from 5:30 to 6:30

### THANK YOU

A sincere thank you to all my relative friends and neighbors for all the cards, flowers, gifts, food and visits while I was in the hospital and since I have been home. Thanks also to Pastor John Renner and Pastor Bruecker for their visits at the hospital and since I have been home. Everything was deeply appreciated by my whole family.

Mrs. Elmer Haab.

### THANK YOU

"Thank you" seems inadequate to express my heartfelt gratitude for the many, many kindnesses extended to me during my stay at the hospital and since my return home. The cards, flowers, calls and other remembrances of friends, relatives, neighbors and Inverness Country Club are most deeply appreciated.

Vince Berry

### THANK YOU

I wish to express my deepest gratitude to relatives, friends and neighbors for cards, visits, gifts and telephone calls I received while at the hospital and since my return home; also to the Rev. C. J. Renner for his kind visits. It is all appreciated very much. Thank you kindly.

Mrs. Waldo Horning.

### THANK YOU

I wish to thank everyone who remembered me with cards and gifts during my stay at the hospital and especially the Rev. Paul M. Schnake for his calls. These kindnesses are very much appreciated.

Mrs. Walter Trinkle.

### THANK YOU

Some people pay their debts and others forget them, if they can.

The "something new" is a list of Area Codes in the front of your new directory.

Each Area Code consists of three numerals and identifies a particular geographical area—either part of a state or an entire state.

You can use Area Codes to help speed those Long Distance calls you make to other parts of Michigan and to other states.

When you call Long Distance, just look up—in the directory—the Area Code of the place you're calling and give it to the operator along with the telephone number. It's as simple as that.

You give the operator the Area Code only when it's different than your own Area Code. That's easy to remember.

You can help your friends—those who live in other parts of Michigan and other states—speed their calls to you by giving them your own Area Code.

**Seven-Numeral Numbers**

The "something different" is the first appearance of new-style phone numbers. Each consists entirely of numerals—seven of them. (No alphabet letters.) They're being given to new phone customers and to people who move or need a different number for any reason.

This is necessary to meet the ever-growing demand for more phone service throughout the U.S. There just aren't enough usable easily-understood letter-numeral combinations to go around. On the other hand, there are far more all-numeral combinations available.

You'll get accustomed to the new numbers as more and more people have them. Eventually everyone will have seven-numeral numbers. You'll find, too, that they will eliminate frequent misunderstandings of letters and numerals that sound or look somewhat alike. And they'll lead to marvelous improvements in your telephone service in the future.

Cost per person: \$1.50. Bring a 50-cent exchange gift. All unmarried persons age 30-64 are invited. For reservations, call HUnter-2-3105 before Nov. 24.

Child Study club Tuesday, Nov. 28, 8 p.m., at the home of Mrs. William Blaess. Program: "Let's Be Prepared." Speaker: Robert Fisher.

Girl Scout Neighborhood meeting Monday, Nov. 27, 8 p.m., in Teachers Room at Junior High school.

Dexter St. James annual turkey dinner and bazaar. "White elephant" sale, used books, aprons, baked goods. Saturday, Dec. 2. Serving from 5 p.m. Adults \$1.50; 75 cents, 5-10 yrs.; under 5, free. -adv.21

At St. Barnabas Episcopal church Christmas bazaar Nov. 30 at the church. you will find baked goods, fancy aprons, Christmas specialties, knitted goods, Christmas gardens, "white elephant" table; also, tea and cookies for you to enjoy. Hours: 11 a.m.-2 p.m. Do come and meet your friends. -adv.21

### St. Barnabas' Women Plan Christmas Bazaar

St. Barnabas Episcopal church's annual Christmas bazaar is being held at the church at 20500 Old US-12 next Thursday, Nov. 30, from 11 a.m. until 8 p.m.

Plans for the event have been in progress for several months; women of the church specializing in providing hand-made articles for sale at reasonable prices.

A popular feature at the annual affair—a "white elephant" table—will be repeated.

Many of the articles on sale at the bazaar are especially planned as being appropriate for Christmas gifts.

Tea and cookies are served throughout the day to all who attend.

### Auto Crashes

(Continued from page one)  
According to deputies reports, Towas was preparing to make a left turn from I-92 to Jerusalem Rd. when the collision occurred. Hinderer's car, following, collided with the rear end of the Towas car.

Sewing Circle with Mrs. David Brennan, 216 Park, Tuesday, Nov. 28 at 1:30 p.m. Bring own handwork.

St. Barnabas Church Women to bring bazaar articles to the church Sunday, Nov. 26 or to Mrs. Judson Goitra by Nov. 27.

Methodist church school junior department has postponed its Festival of Booths, bazaar and "white elephant" event until Nov. 30.

### Weird Machine

(Continued from page one)  
suction-cup nozzles which ride along close to the ground. If there is a detectable amount of gas in the air sample picked up by the snout-like cups the electronic equipment in the rear of the vehicle makes a certain mark on a graph. The experienced operator can translate the marks into figures giving information as to the extent and location of even a microscopic leak in the gas mains.

The survey being made will assist the Gas Co. in making plans for an eventual increase in the gas pressure in mains between Ann Arbor, Dexter and Chelsea. This is in line with preparations for additional service requirements which the Gas Co. anticipates when the new addition to the Chelsea Methodist Home, now under construction, is completed.

The increased gas pressure would not affect present gas mains but changes would need to be made in meters of home and business customers in Chelsea and Dexter and along Chelsea-Dexter Rd.

### REUNITED AFTER 50 YEARS

Tampa, Fla. — Mrs. Martin A. Simon has been reunited with her baby after a 50-year separation.

Mrs. Simon came to the United States from Hungary in 1908. She left her daughter behind in the care of her grandmother.

The daughter finally arrived in the United States after Mrs. Simon appealed to Senator Smathers (D., Fla.), who helped her get the necessary papers from the Communist Government in Romania.

### READ WHILE YOU WAIT

Students and school children may read until train time in the railway station at Hildersheim, Western Germany, where a special library of 2,000 books has been installed. If the idea proves successful—and if the readers do not lose their sense of time and miss their trains—the United Nations Educational, Scientific and Cultural organization has reported, similar libraries will be installed in other German stations.

## DEATHS

### Ira B. Swegles Former Chelsea Resident Dies in Groesse Pointe

Ira B. Swegles, 704 Pemberton Rd., Groesse Pointe, a former Chelsea resident, died Thursday. Funeral services took place at 11 a.m. Monday at the Verheyden Funeral Home in Detroit, followed by interment at Oak Grove cemetery here.

The family resided on Elm St. here about 40 years ago while he was employed at the Chelsea Screw Works, now Federal Screw Works. They attended the Congregational church.

Survivors are his widow, Mary Ellen, and three sons and a daughter, Richard, Thomas and John E. Swegles and Mrs. Angus McGarvay.

Another daughter, Dorothy, died while the family was living in Chelsea.

### Mrs. Elsie Folwell Had Lived Since 1955 At Methodist Home

Mrs. Elsie Folwell, 89, a resident of the Methodist Home since 1955, died there Saturday.

She was born in Parkersburg, W. Va., May 7, 1872, the daughter of William and Martha Ann Gates Smithman. She was married to Clark C. Folwell.

Mrs. Folwell, a purchasing agent for many years for the J. L. Hudson Co. in Detroit, also had operated a boarding house in that city at one time.

Survivors include a sister, Mrs. Buena M. Ashley of West Virginia and a nephew, H. D. Miller of Lantana, Fla.

Funeral services were held at 10 a.m. Tuesday at the Methodist Home with the Rev. Scott MacDonald and the Rev. George Stander officiating. Burial took place at Oak Grove cemetery.

Arrangements were in charge of the Staffan Funeral Home.

### Mrs. Mildred Johnson Lima Township Resident Dies After Long Illness

Mrs. Mildred M. Johnson, 1610 Steinbach Rd., Lima township, 88, died Saturday at the Colonial Manor Nursing Home, Chelsea, following a long illness.

She was born July 10, 1878 in Rockford, Mich., a daughter of Henry C. and Adelaide Eggleston Rounds, and was married to Walter L. Johnson Sept. 19, 1903. Mr. Johnson died May 27, 1938.

Mrs. Johnson was a member of the Webster Sunshine Circle and St. Andrew's United Church of Christ, Dexter.

Survivors include a daughter, Mrs. Harlan Savery of Dexter, two grandchildren and nine great-grandchildren. Also surviving are two sisters, Mrs. Emma Bratt of Cincinnati, O., and Mrs. Bertha Laning of Tucson, Ariz.; two brothers, William Rounds of Algoma, and Ernest Rounds of Saskatchewan, Canada, and several nieces and nephews.

Funeral services were held Tuesday at 2:00 p.m. in the Keshu Funeral Home with the Rev. M. Donald Eaton officiating. Burial was in Forest Lawn cemetery, Dexter.

### PTA Meeting

(Continued from page one)  
in their school classes; overcome so-called "stagfright"; and to know and feel the parts of stories they read.

At Wednesday's meeting they presented scenes from Shakespeare's "The Tempest," just as they would do in a regular class.

PTA business discussed during the meeting included: sponsorship of Girl Scout Troop 148, which was approved; and Junior High school dances and the possibility of PTA assistance with the project.

Mrs. Vernon Parks, membership chairman, reported that in the membership drive at the first and second PTA meetings this year the teachers won percentage-wise and the grade school parents over senior and junior high school parents.

As a result the PTA is giving two new books to the grade school library, one on behalf of the teachers and the other for the parents.

Mrs. Parks said people may still register for PTA membership; also that persons should not vote at a PTA business meeting unless they are so registered as members.

The next regular PTA meeting will be held in January it was announced.

Wednesday's meeting was held in the Chelsea High school cafeteria.

The successful man has the ability to make himself, as well as others work.

## Judd Arnett To Speak at Farm-City Week Banquet

Washtenaw County Farm Bureau and Ann Arbor Kiwanis Club will jointly sponsor a Farm-City Banquet Nov. 27 at the University of Michigan Union, Judd Arnett, feature writer of Detroit Free Press will be the speaker for the occasion.

The event is held in conjunction with national farm-city week. Farmers, industrial workers and businessmen throughout the United States will be featuring similar events to foster better understanding between rural, urban groups.

In the early days of America nearly every man was employed providing the food and fiber for his family. Today, less than 10 percent of the people are farmers. Another 30 percent of the people are employed in Agribusiness serving the farmer and consumer.

There is an ever increasing interdependence between the rural and urban people and things such as this are designed to improve understanding of mutual problems.

### UN Membership at 103

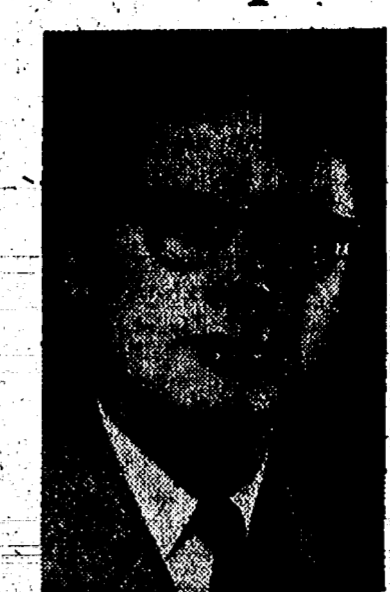

Application of Outer Mongolia for membership in the United Nations, pending since 1947, was approved by the General Assembly Oct. 27 without dissent, although the United States and Nationalist China abstained in the voting.

After the delegation was seated its leader, Dondog Tsevegmid, expressed his country's appreciation in Mongolian—the first time the language has been heard in the UN.

Three hours later, after a sharp debate in which Morocco and other North African and Arab delegations assailed Mauritania as merely a "dummy" state set up to perpetuate French Colonial interests, the latter country was also admitted. The vote was 68 to 13, with 20 abstentions.

Morocco has claimed ownership of Mauritania on the ground that the territory once belonged to her.

The two new states have brought membership in the world organization to 103.

JUDD ARNETT

## Popular Columnist Writes on Wide Variety of Subjects

Judd Arnett, who came to the Detroit Free Press two years ago, is the most talked about columnist to appear on the Michigan newspaper scene in years. A man who speaks his mind on a wide variety of subjects, he may not always please you but he is guaranteed to stimulate your thinking.

Politically, he was a great admirer of the late Senator Taft. But he has referred kindly to FDR and has written laudatory pieces on President John Kennedy.

This does not mean he is basically a political columnist. He is just as apt to write about rock and roll singer Fabian and the nation's sense of values or his joining that nationwide League of Debtors, those who buy a home.

Judd Arnett has followed the typical route of all true newspaper professionals, from the weekly newspaper to the medium size daily to the metropolitan press. And he has been a newspaper owner, three weeks, one in Ohio, one in Illinois and one in Florida.

After leaving the business field,

he was a columnist for the St. Petersburg, Fla. Times, then chief editorial writer and finally editor of the Savannah, Ga. Times, then chief editorial writer and finally editor of the Savannah, Ga., Morning News.

Although a native of Kentucky, Judd Arnett has spent most of his life in the Midwest—Ohio, where he attended school, Illinois, and now Michigan. He lives at 14456 Grandmont, in northwest Detroit, with his wife, Fern.

In the past year he has traveled more than 30,000 miles for the Free Press—in Africa, throughout our south and to all corners of our state. His column—"Judd Arnett Says"—appears daily except Saturday in the Detroit Free Press.

Mr. and Mrs. D. S. Bull, with their daughter, Anita, and their sons, Dennis and Dean, of Luther, are spending Thanksgiving and the week-end with Mrs. Bull's mother, Mrs. Edna Faulkner.

**Production Record For Burremister Holstein**

The Holstein-Friesian Association of America has announced the completion of an outstanding production record area.

Lee Bur Invinible 8942650, owned by Leonard Melrose, Ann Arbor, Michigan, has milked and gained 14,488 lbs. milk and 621 lbs. fat in 313 days on twice milking as a six-year-old.

Michigan State University provided the weighing and official production as a part of the national Holstein organization. In contrast, the annualization of the average U.S. cow is generally estimated at approximately 7,000 lbs. of milk containing 265 lbs. of butterfat.

The trouble with most such is just that they have been

## THANKSGIVING

Thankful hearts... happy families... services in the church of your choice... all these are a part of Thanksgiving. May your holiday hold many blessings.

### Livestock Numbers Vary Greatly

The number of animals on Michigan farms varies from year to year, reflecting changes in demand for various livestock products, says John Ferris, Michigan State University agricultural economist.

The steady decline in the number of dairy cows on Michigan farms is similar to a nation-wide trend.

The increase in milk production per cow, and the significant drop in the demand for milk fat have both contributed to this decline, says Ferris. Also, the relative increase in demand and prices for beef has caused a shift in resources from milk to beef.

Milk prices in Michigan depend mainly on the supply-demand situation in Michigan and neighboring states, national price supports on dairy products and the administration of Michigan's Federal Milk Order. The bargaining efforts of Michigan producers have maintained prices above levels established by the Federal Milk Order, Ferris says.

The increased interest in beef cattle is evident in both beef herds and in feeding operations. Beef cow numbers have more than doubled in the past decade. Cattle on feed have increased more than 50 percent in this period, he says.

The number of sows and gilts on Michigan farms has trended downward since 1947-49, but hog marketings have been maintained because of larger litters. The per capita demand for pork has declined.

Sheep numbers and lamb marketings, although they have held relatively steady in recent years, are well below the levels of the 1940's, says Ferris.

Marketings of calves declined sharply because of the decline in dairy cows and also because favorable cattle prices in 1958-60 encouraged farmers to feed more calves to maturity than usual.

Total egg production in Michigan changed very little over the past decade. The decline in the number of layers was offset by the increased egg production per layer. However, egg prices have dropped sharply, he says.

**Scout Troop 76 Awards Made at Court of Honor**

Boy Scout Troop 76 held its Court of Honor Saturday evening at Chelsea Junior High school, Jeff Spaulding being awarded Life Scout rank; Jim Orbring and Dave Adams, Star Scout; and Paul Stahl, First Class award. The presentations were made by Bill Howard, Elmer Kiel and Bill Adams, respectively.

The boys' mothers, Mrs. Roland Spaulding, Mrs. Dorothy Orbring and Mrs. William Adams were awarded miniature pins of the insignia of Life and Star Scouts earned by their sons. Each boy presented the pin to his own mother.

Kiel also presented Second Class awards, recipients being Ron Arnett, Larry Poertner, Robert Miller, Raymond Worden and Ken Loquist.

Jack Howard made the formal presentation of the one Tenderfoot award which went to Mike Roark.

Merit badge presentations were made by Bill Howard to Jack Howard, Jeff Spaulding, Ken Reinhardt, Garry White, Dennis White, Jim Orbring, Dave Adams and Tom Scholten.

Merit badges were earned as follows, by Jack Howard; insect life, leather craft, marksmanship, railroading, painting; Jeff Spaulding; public speaking, life saving, canoeing, forestry, citizenship in home, citizenship in community; Ken Reinhardt; cooking, poultry keeping, nature, forestry; Gary White; life saving, canoeing, public speaking, swimming; Dennis White; life saving, canoeing, public speaking, swimming; Jim Orbring; archery, canoeing; Dave Adams; first aid; Tom Scholten; rowing, canoeing, cycling, swimming.

William Baker acted as master of ceremonies and introduced Frederick Sandling, Boy Scout district executive, who gave a talk on scouting directed primarily to parents.

Scoutmaster Alvin Reinhardt showed movies he had taken of troop activities and also announced ranks attained by Boy Scouts of the troop.

The opening ceremonies were in charge of Jack Howard and all Scouts participated in the closing ceremony.

Arrangements for the serving of a dinner were in charge of Mrs. Wilber Worden, with Girl Scouts Diane Worden and Sandi Jo Evresten assisting and serving coffee.

### U-M Not Limiting Entries to Top of High School Class

Ann Arbor — The University of Michigan always will seek the common man with the uncommon ability, says President Harlan Hatcher.

"We will always pursue excellence," he states. "But we also will welcome earnest young students who have demonstrated through their achievements that they can successfully pursue our University programs."

He indicates the U-M has no plans to restrict admission only to students from the top fraction of their high school classes. "We are not interested in developing such an undergraduate body," he emphasizes. "We have no cutting edge of class rank or test scores, nor do we expect to institute any."

"While the University expects to grow as a research-graduate study complex in the decade ahead, it also will maintain 'a strong, able and dynamic student body,'" Hatcher says.

He points out that an additional 40,000 to 82,000 students will be enrolling in Michigan colleges and universities only four years from now, and that preparations for accommodating them can no longer be delayed.

### Correction in Order Regarding JCC Prexies

Roland Eder, past president of the Junior Chamber of Commerce, was inadvertently given the title of JCC president when his picture appeared in The Standard last week with other Jaycee members as they displayed the recently acquired Jaycee District Traveling Trophy.

Daniel Maroney is the current JCC president.

### Short Course Planned for Dairymen

Dairymen in southeastern Michigan will have the opportunity to enroll in a dairyman short course held in Milan, according to W. A. Dexter, Washtenaw county extension agent, and Donald R. Johnson, county extension director.

All meetings will begin at 10 a.m. and end at 8 p.m. and will be held at Milan Community Hall, 147 Wabash St., Milan. Farmers wishing to enroll should contact their local county extension office.

Topics covered in the short course will be as follows:

Nov. 29—"Dairy Farming Today: What It Costs—How it Pays," Dr. Lauren "Hi" Brown, agricultural economics specialist and W. A. Dexter, Washtenaw county extension agent, agriculture.

Dec. 6—"Mastitis — Causes, Prevention, Diagnosis and Treatment," Michigan State University mastitis team.

Dec. 13—"Dairy Cow Nutrition," Dr. Don Hillman, dairy nutrition specialist, Michigan State University.

Dec. 20—"Meeting Market Requirements of Your Milk Supply," Dr. Don Murray, dairy specialist, Michigan State University.

There is no charge for this short course.

### MUSICAL MAILMAN

Buffalo, N. Y. — Selecting tunes to suit the neighborhood he serves, Russell DiLeo whistles away on his mail route.

On a street where he knows musicians live, he whistles opera and light classics. He also whistles Italian tarantellas and Irish jigs, depending on the names on the mailboxes.

### More Oil Exploration Underway in Michigan Than Any Other State

More exploration for oil and gas is now occurring in Michigan than in any other state. This presents legal problems to thousands of farmers who own land under exploration.

C. R. Humphrys, Michigan State University resource-development researcher, is the author of a bulletin which helps clarify some of these problems. The bulletin, entitled "Mineral Rights for Michigan Landowners," is free at county extension offices.

"Geologists regard the southern Lower Peninsula as one of the nation's best potential oil areas," Humphrys points out. "More exploration is needed to determine the exact extent of this potential."

Oil companies are now drilling on over 200 well sites in Calhoun, Hillsdale and Jackson counties. These new fields will double the state's oil production.

Humphrys explains that sand and gravel, peat and muck, and other materials in the soil are of increasing value. His bulletin summarizes legal and property rights in these areas as well as with oil.

The world's largest medical laboratory devoted exclusively to hearing and deafness research is being built at the University of Michigan.

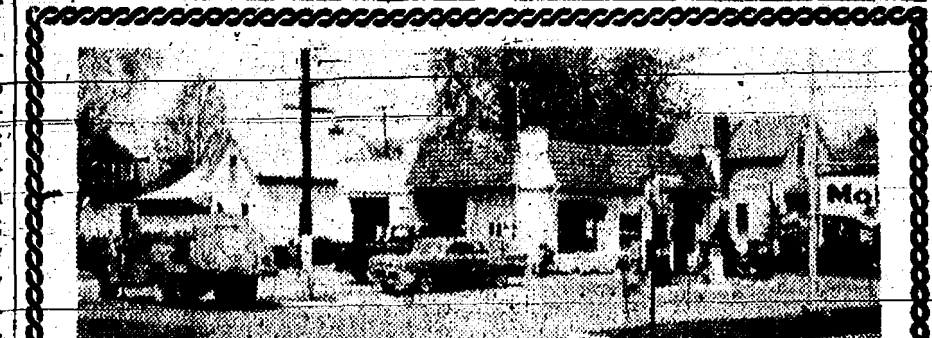

Never get mad with an individual who doesn't know as much as you do.

### WINDSHIELD VIEWS

#### BEWARE—PEDAL PUMPERS

You see many drivers during cold weather pumping away on their car's accelerator, and racing the motor. This is called "warming the old bus."

You're wearing it out, too, many times faster than if you would let it run slowly. By pumping and racing the motor, gasoline bypasses the cylinders and dilutes the oil. This causes bearings and rings to grind down metal on metal.

Of course, you don't realize this until you do it often enough.

# A TIDAL WAVE OF HOPE

**MR. KHRUSHCHEV** is 67. He plans to see the Red Flag flying over every country in the world during his lifetime. He thinks he can do it. Every decision and action he takes over Berlin, Laos, the Congo or at the United Nations is measured against this one aim.

He has an ideology.

Nations outside the Communist bloc lack any common ideology or world aim. They are divided amongst themselves. They think that if they stand up to Mr. Khrushchev they may be forced into atomic war.

Appeasement is no answer to dictatorship. The idealism of the United Nations without an ideology often becomes the tool for Moscow's aim. Making big speeches to satisfy public opinion at home and backing them by weak action when we meet the Communists at the conference table destroys the faith of the millions in the power of the democratic way of life. Squatting in the streets, however sincere, is no answer to the threat of the H-bomb.

The answer is to stand up and fight in every nation, everywhere, for an ideology that changes Communist and non-Communist alike and unites every race, class and color in the supreme task of the century—the remaking of the world.

Men with an ideology superior to Communism can not only stand up to Mr. Khrushchev but enlist him in a greater revolution.

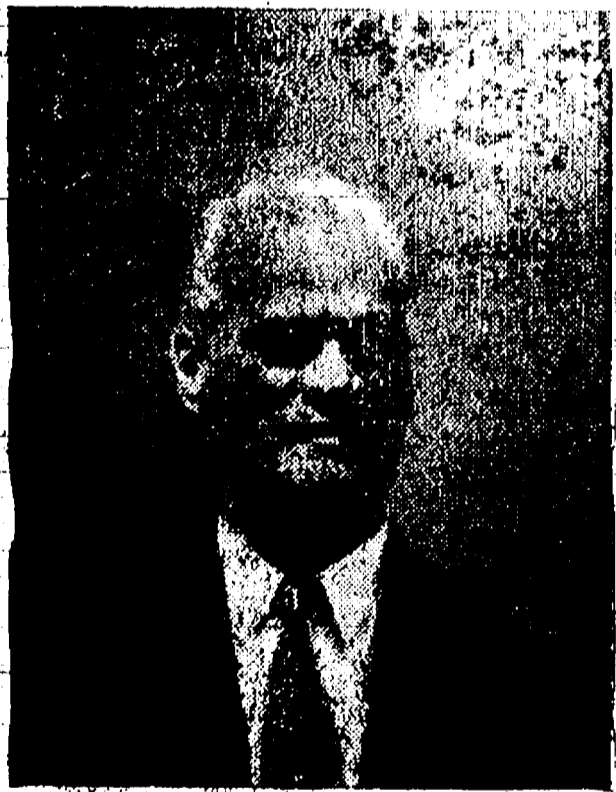

General Carpentier of France who was in command of the land forces of NATO for Central Europe and who had the training of the Brazilian Army and commanded the French forces in Indo-China and elsewhere, put the issue clearly at the World Assembly at Caux this year when he said, "We need a tidal wave of Moral Re-Armament to sweep across the world. Then men in Government will be forced to make the right decisions that spring not only from the intellect, but from our hearts and faith."

## THE TIDE OF COMMUNISM CAN BE TURNED

This tidal wave is flooding across the continents. Marshal Tavora, national hero of Brazil, flew last week to Rome. There he told leaders of the Church and State, "With Moral Re-Armament the tide of Communism in my country and Latin America can be turned."

His colleague General Bethlem, former Brazilian Ambassador to Bolivia and Pakistan, on that same day was meeting in Los Angeles with Mr. Kishi, Prime Minister of Japan until last year. Both General Bethlem and Mr. Kishi had been at Caux two weeks before. The General said, "In Brazil and Peru 300,000 of my countrymen have seen the Japanese play *The Tiger*. In the last five months millions more have seen it on television. Its message has already saved Brazil from civil war."

He was referring to a play by the revolutionary students of the Zengakuren of Japan. These students led the riots in Tokyo last year which caused President Eisenhower's visit to Japan to be canceled. The students changed. They wrote a play describing how Communism had captured them through their own moral compromise and how Moral Re-Armament had taught them to go right, not left, but straight. Then they went to America and apologized to Eisenhower. He urged them to go to Latin America.

Marshal Tavora, national hero of Brazil.

In Manaus, a Communist stronghold of Brazil, a thousand miles up the Amazon River, 90,000 people in one night saw a presentation of *The Tiger* in the football stadium. On the same night the Communist counter-rally across the road for the anniversary of Castro's Cuban revolution drew a total of 40 people. One of the students said, "It is the greatest event that has ever taken place in Manaus." It has revolutionized our thinking."

## THE ONLY ANSWER TO THE CRISIS IN BERLIN

Mr. Kishi speaking with General Bethlem in Los Angeles last week had discussed with General Eisenhower last week at Gettysburg the impact of the work of Moral Re-Armament throughout the South American continent. He said, "I

apologized to General Eisenhower for last year's riots and invited him to come as soon as possible to Japan. I had two objectives in making my present journey around the world. The first was to attend the Moral Re-Armament Assembly at Caux. This Assembly made an impression on me that is both deep and unforgettable. Secondly, I wanted to meet again the world statesmen I had known as Prime Minister. The only answer to the crisis in Berlin and the challenge of Communism today is the ideology of Moral Re-Armament. Nations today must form a solid front, a unity of purpose and of spirit so evident to the Communist world that they will not indulge in miscalculation nor misunderstand our aim and goal. MRA is producing this unity which transcends all national boundaries and all minor divisions."

In September Mr. Saburo Chiba, for three years Chairman of the National Security Committee of the Japanese Diet, flew straight from Caux to confer with President Prado of Peru. He said that his own experience as head of Security had led him to two conclusions on how to answer Communism: (1) To impact the masses with a more effective ideology and (2) To unite the countries of the free world in a common strategy.

He told the President that no exclusively national plan is adequate today. While the 13 Communist bloc countries are united in one global strategy, 82 nations have not yet reached a common mind and goal "in order to create a united force in the free world." He continued, "We must create a united force of parliamentarians from every nation. This is already being done in many of the free countries."

Former Prime Minister Nobusuki Kishi of Japan.

## TO SAVE DEMOCRACY IN PERU

President Prado invited Moral Re-Armament to his country "to save democracy in Peru." At the National Stadium in Lima 60,000 people stood in silence for a minute to honor the memory of Frank Buchman, initiator of Moral Re-Armament, before seeing a performance of *The Tiger*. Ten thousand who could not get in listened over the loudspeakers outside.

A force of these Japanese students went to San Marcos University. This is the University which organized the stoning of Vice President Nixon when he visited Peru. Speaking on the Peruvian National Radio after meeting the Japanese, one of these student leaders said, "Five days ago we had riots. Moral Re-Armament has made us understand that the divisions which exist between political groups arise because each group is out for itself. MRA has come at the right moment to Peru."

Another student leader said on the National Radio: "In this atomic age man must give the answer to exploitation by either Communism or capitalism. Here is an ideology which rebuilds the chaotic world today, which gives food to the hungry, work to the unemployed and fills the empty spirit of man which has been lost in immorality and corruption."

This week in Peru 40,000 people, including thousands of Indians in colorful dress, thronged to the great Sacsayhuaman fortress, stronghold of the ancient Inca civilization, now known as the Moscow of Peru, to see *The Tiger* and hear it in the original Inca language. The head of Indian affairs said, "Your philosophy is going to change the face of the earth bringing justice, bread and an answer."

The Moral Re-Armament force in Latin America is moving from Brazil and Peru to Chile, Bolivia, Uruguay, and other countries of that continent.

## IDEOLOGICAL OFFENSIVE IN EUROPE

At the same time a force of 400 from 86 nations is sweeping through countries of Europe in an ideological offensive to answer defeatism, Communism and division. Among them are fifty Chinese from Taiwan headed by General Ho Ying-chin, former Prime Minister of China and wartime Commander-in-Chief of the Chinese armies, who received the Japanese sword of surrender in World War II. General Ho Ying-chin said, "We lost the mainland of China because we lacked an ideology. The materialism in our own life was exploited by

Prime Minister U Nu of Burma.

the Communists to take over China. We sacrificed our country for our selfishness. I have been more than thirty years a soldier, and I say that the way to secure peace and freedom for the world is Moral Re-Armament."

These fifty Chinese have put their burning convictions into a play called *The Dragon*, which shows the tragedy of a nation lost through the selfishness of men and gives the hope of an answer.

One of the leading industrialists of Europe, after seeing *The Dragon*, said, "Nobody who sees this play can be the same again. What I like most about Moral Re-Armament is that it challenges the rich, as it does everybody, to change their whole motive of life."

The former Communist delegate, Hans Bjerkholt, co-founder of the Norwegian Communist Party, spoke last week to 22,000 people at a mass demonstration with the Chinese play, *The Dragon*, in the football stadium at Lucerne. "We are at the most serious point in the history of mankind," he said, "when the leaders of the West start to waver before Khrushchev. Our task is to move the masses and give them courage to stand firm. MRA is the superior ideology that has the power to unite East and West. It is the next step forward for Communist and non-Communist alike."

Gabriel Marcel, the French philosopher and playwright, said at Lucerne, "Moral Re-Armament is an immense effort to create a new living fabric of humanity right across the world. In France today more and more men are responding to this road."

*Vaterland*, Swiss Catholic newspaper, wrote of *The Dragon*, "Thus far the Chinese have been the main agents of world Communism on many fronts in Africa and South America. Now for the first time in the history of the ideological struggle representatives of Free China have appeared on the scene, blazing a trail with their message. We were literally shaken as the play unfolded before our eyes—a play that ends with a brilliant finale as men realize that the power of the ideology of Moral Re-Armament can usher in a new and better age. We made our way home with a great hope in our hearts."

The Moral Re-Armament force and the Chinese are being greeted by crowds of thousands night after night who say that in their message they see hope for peace in the world and the unity of Europe. Civic leaders of Berlin are among those who have invited this force to their city. They believe that the root problem is not a wall that divides a city or a continent but the steely selfishness that

separates man from man and all men from the government of God.

Many African countries have invited the forces of Moral Re-Armament to come immediately to their continent. President Kasavubu sent his wife and son as leaders of the Congolese delegation to Caux last month. Speaking on behalf of the delegation, Adolphe Kasavubu, the son of the President, said, "The Congo is at the center of Africa. If the Congo goes Communist, all Africa will follow. It is not enough to give dollars to underdeveloped countries. We must win the hearts of the people. What we need is an ideology. That ideology is Moral Re-Armament." He told more than a thousand delegates from every part of the world that in the last twelve months 483 radio broadcasts about Moral Re-Armament have gone out in five Congolese languages to all parts of his country on the National Radio.

## MORAL RE-ARMAMENT OR FINANCIAL ANNIHILATION

U Nu, Prime Minister of Burma, brought a delegation of his countrymen to Caux last month. On leaving he said, "Moral Re-Armament must go on for ever if we want to prevent mankind from plunging into final annihilation. If we want to stop Communism taking hold of the world, we must deal with corruption, bribery, drink and womanizing. If we want to change corrupt people we must be honest ourselves. That is what impresses me very much at Caux. With this ideology you are bound to succeed."

Rajmohan Gandhi, grandson of the Mahatma, said at Caux, "The issue for the world is not Communism or war, but whether statesmen will undertake the Moral Re-Armament of the Communist and non-Communist worlds. We must go to Washington and Moscow with an ideology that changes men. That is the next step for the Communist and non-Communist alike. Unless we change human nature we can never fulfill the aspirations of the millions in our countries."

An Asian center for Moral Re-Armament will open next spring near Tokyo to match the centers of Caux and Mackinac. An Assembly for the Americas is being held in Rio de Janeiro next month. Over Christmas and New Year there will be a Pan-African Assembly for Moral Re-Armament at the heart of Africa.

Mr. Khrushchev wants to see a different kind of world. Every honest person knows he is right in the conviction that change is needed, however much we disagree with his way of doing it. The leaders of the free world have in Moral Re-Armament an ideology superior to Communism to offer him. Even the most difficult will respond to the firm, united but humble voice of democratic nations morally re-armed. Why should there be catastrophe again when with God renaissance is inevitable?

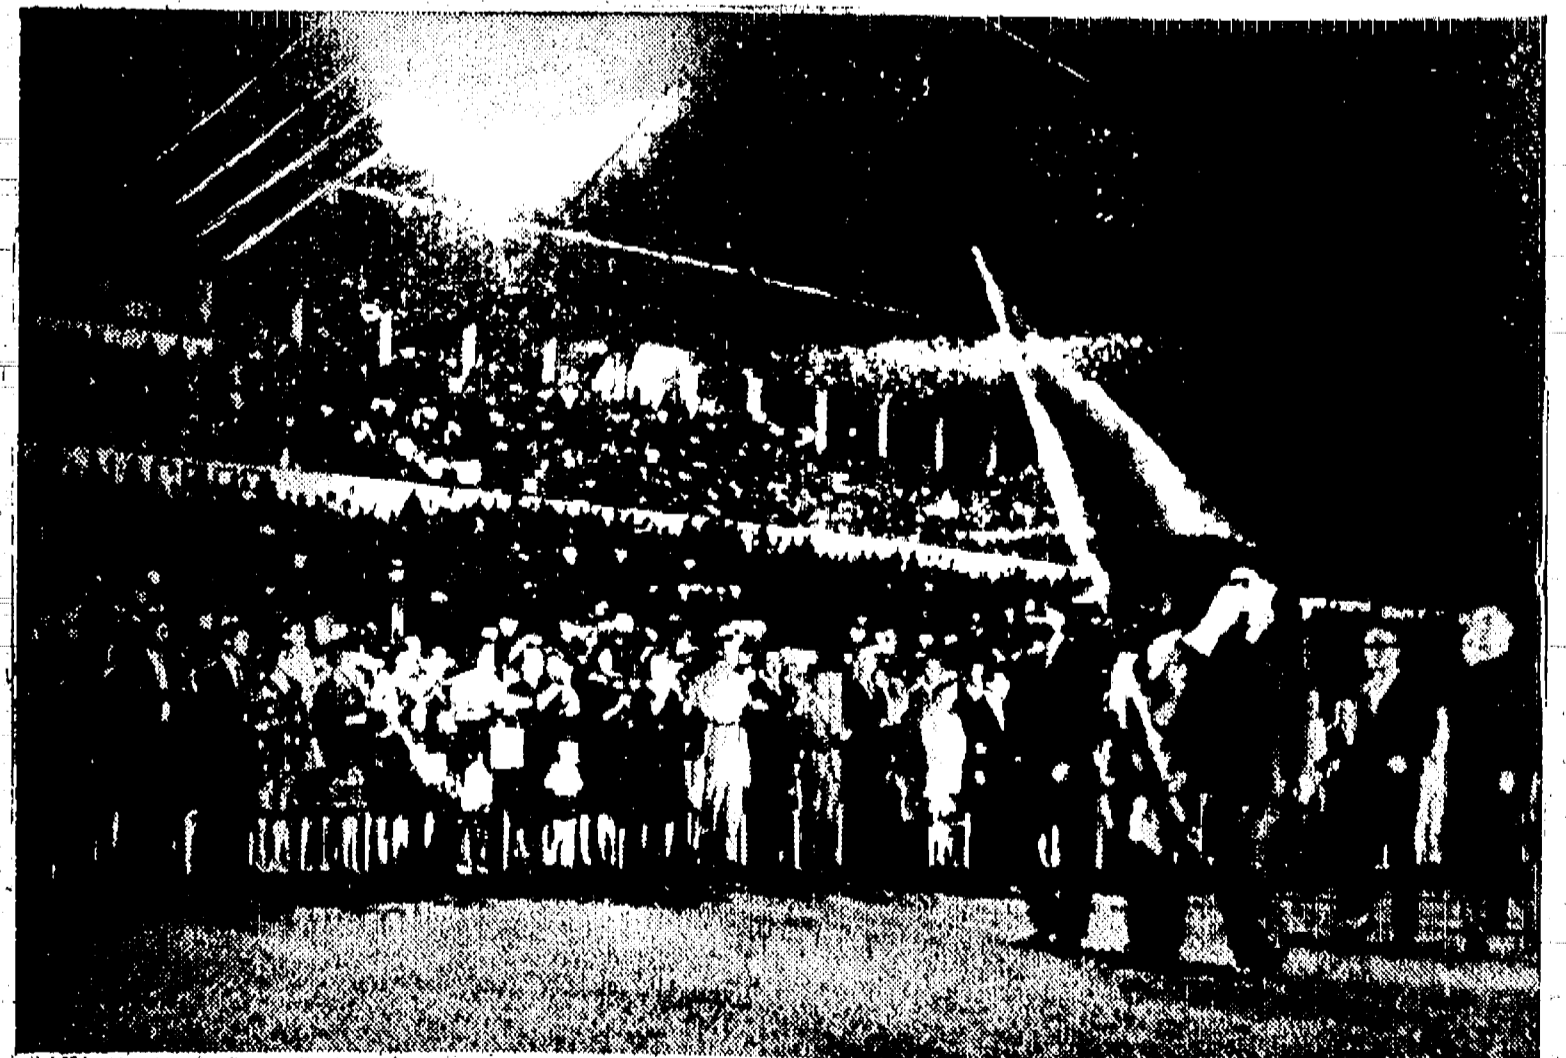

It is not a matter of left or right: it is a matter of right or wrong.

Communism gave its philosophy to the world last Christmas over the Moscow Radio when it said: "Our rocket has by-passed the moon. It is nearing the sun and we have not discovered God. We have turned lights out in heaven that no man will be able to put on again. We are breaking the yoke of the Gospel, the opium of the masses. Let us go forth and Christ shall be relegated to mythology."

Frank Buchman, in his last words, gave a challenge to the modern world on the sixth of August in Freudenstadt when he said, "I want the world to be governed by men governed by God. Why not let God run the whole world?"

It is the hour for heroic decision and emboldened leadership.

Choose ye this day whom ye will serve.

On July 1st, 45,000 jammed the stadium at Recife for a Moral Re-Armament demonstration, the largest gathering in the history of this key airport of Northeast Brazil. The demonstration took place just three weeks after tanks and troops were rushed there to quell rioting students in the city streets.

Americans determined to turn the tide in our nation and in the world are contributing to publish this page. This sacrificial giving by patriots in each country makes possible the world wide advance of Moral Re-Armament. Hundreds of daily and weekly newspapers across America have published MRA pages as a public service. You can play a part. Checks made out to Moral Re-Armament are tax deductible. Send your contribution to Moral Re-Armament, 640 Fifth Avenue, New York 19; 833 South Flower Street, Los Angeles 17; Cedar Point, Mackinac Island, Michigan.

CLUB NEWS

LEARNING BY DOING 4-H CLUB On Saturday, Nov. 11, leaders Mrs. Haselwerdt and Mrs. Reddeman, met at Joan Hardin's home with 14 members of the "Learning by Doing" 4-H club. Patterns and materials chosen by the members for the dress revue were discussed. Judy Batson spoke on the "Importance of Good Posture." Plans were initiated for the club's Christmas party; time and place to be decided before the next meeting date, Dec. 2. Cookies and soft drinks were served by the hostess. Several of the club members worked on their projects at Mrs. Haselwerdt's home Saturday, Nov. 18. Joan Hardin, reporter.

CUB SCOUT NEWS

DEN VI Cub Scouts of Den VI have completed their project of making Thanksgiving trays for the patients at Colonial Manor. Tuesday members of the den, at the invitation of Mrs. Francis Smysor, teacher at South Elementary school, went to the school and repeated the skit, "Thanksgiving on the Old Frontier," which they originally presented at the Cub Scout Pack meeting Thursday. Den VI Cub Scouts are preparing gifts for Christmas giving to their families and are also making gifts and collecting good used books and toys to be given to Chelsea Social Service for Christmas gifts to children. Mrs. Curtis Farley and Mrs. Vernon Parks are den mothers of Den VI.

1962 Fishing Licenses, Annual Park Permits Being Mailed to Dealers

Lansing — Michigan's fishermen and park users will soon be able to buy their 1962 licenses and annual permits at local license dealers, the Conservation Department reports. Distribution of next year's fishing licenses, trout stamps, fish law digests, and annual parks vehicle permits was begun by the Department this week. Approximately 1,500,000 fishing licenses, with law digests, will go to some 4,000 dealers in the state. Nearly 100,000 annual parks entrance permits are being mailed to about 2,000 of these dealers in areas covering parks where they are required. The new fishing licenses and parks permits will be honored during this December as well as in 1962. This year's licenses and permits are valid through Dec. 31, 1961.

FEDERAL FINANCING UP

The National Science Foundation has reported that Federal financing of industrial research and development by private firms was over four times as much in 1960 compared to the 1953 total. The annual total for Government sponsorship of research and development projects has risen from \$1,400,000,000 to \$6,100,000,000 during this period.

WASHINGTON AND 'SMALL BUSINESS'

WASHINGTON AND 'SMALL BUSINESS' By C. Wilson Harder Many Congressmen are hoping mad, and not the least hesitant in stating the American economy has now been milked of more than \$100 billion in foreign gold. As Congressman John Dowdy expressed himself recently, "It is already too obvious the dollars we have poured into the abyss of foreign aid has benefited us not at all. The selfishness of our politicians who have held out their hands longest and for the most, will align themselves with our arch enemy." There are some who privately feel that perhaps the greatest threat to American security for the past twenty years has been U. S. Department of State. While not expressing himself that strongly, Congressman Paul Findley recently was not at all happy about a broadcast by the "Voice of America" the government sponsored radio program under the direction of the State Department. Rep. Findley points out that recently the branch of the State Department beamed a radio program to Latin America reporting the U.S. has offered \$20 billion in give-aways over the next ten years to Central and South America. Obviously, this was big and exciting news to Latin America. It was also quite some news to Congress which has not only not authorized such expenditures, but had not even been approached on such a magnificent scale. National Federation of Independent Business

IFYE Delegate to Philippines Reports Rice Is Food Staple

The following letters have been received from Pauline Buss, IFYE delegate to the Philippine Islands. Sept. 21, 1961 Santa Barbara, Pangasinan Dear Friends, Time to eat. The Filipinos aren't any different than Americans when it comes time to eat. They love food. Here in the Philippines, we eat three main meals plus snacks. The main snack is Miranda in the afternoon. We couldn't refuse to eat if we are invited into a home. This would be rude. So we eat as many as eight or nine times some days. Rice is the main food staple. We eat it three times a day. We usually fry it for breakfast and boil it for the other meals. Along with the rice we eat soup, fish, meat, vegetables and fruit. There are many different foods served for every meal. The fresh fruits are particularly good. The bananas are so sweet and fresh. We have many fruits here in the Philippines which aren't found in the U. S. Sincerely, Pauline Buss 1961 IFYE to the Philippines Oct. 3, 1961 Santa Barbara, Pangasinan Dear Friends, Greetings from the Philippines! I have just about completed my stay with my third host family. My host-father is an elementary school principal. I have had an opportunity to visit many schools with him. The educational system is patterned after the system of the U. S. This isn't hard to understand when we remember that the Philippines were under American control for about 50 years. There are still major differences in the systems. A Filipino youngster attends elementary school six years and high school four years. Therefore, high school seniors are 14-15 years old when they graduate. The elementary schools are financed by the National Government. The high school students must pay tuition. They have a centralized curriculum throughout the Islands. This has its advantages and disadvantages. If a student moves from one school to another there won't be a great change for him in the lessons. On the other hand a centralized curriculum makes it hard for a school to adapt to the needs of the community. English is the medium of instruction for the schools. This is sometimes hard on the children because they hear one language at home and another at school. One teacher told me "You know the best thing we ever received from the Americans was our system of education." The Filipinos are very grateful to us for many things but most of them feel like this teacher. They respect our system of education. When I visit a school I sometimes forget where I am. It is so much like a U. S. school. Sincerely, Pauline Buss 1961 IFYE to the Philippines San Fernando, La Union Oct. 31, 1961 Dear Friends, If you are like myself you probably wondered what the Filipinos do for recreation. The Filipino people love a good time. They enjoy life. Family members joke with one another. Particularly at meal times or before going to bed. Families entertain themselves in their homes. Children are taught to sing, dance, recite, play a guitar, etc. Fun is sharing each others company rather than depending on an outside entertainment such as movies and TV. Young and old alike enjoy group games, singing, and folk dancing. Many women spend afternoons chatting and playing mahjong and panging, both gambling card or dice games. Men enjoy cockfighting on Sunday afternoons and gambling at the cockpit is a national pastime. You can be sure of one thing. Whenever Filipinos are together fun will be had by all. The reason for this may be the relaxed way in which people look at life. Filipino philosophy is "live and let live" "enjoy yourself" "it's later than you think" and "why worry, God will take care." Maybe we Americans could learn a lot from the Filipinos. One thing I have noticed is very few Filipinos suffer from high blood pressure or ulcers, until next time, Sincerely, Pauline Buss 1961 IFYE to the Philippines If human beings really knew half they think they know, this world would be a much better place.

SCIENCE TOPICS

TV's Outnumber Bathtubs MEDICAL QUACKERY is the target of a double crackdown by the government and the American Medical Association. False claims for vitamins, minerals, and food supplements cost 10 million Americans \$500 million a year, according to the Food and Drug Administration. And the AMA says, medical quacks gyp the public out of a billion dollars annually and do untold damage to the nation's health. The two organizations planned an intensive educational campaign and enforcement program at the first National Congress on Medical Quackery held recently in Washington, D. C. SPACE SHIPS with blast-off weights equal to that of our biggest battleship—50,000 tons—appear "feasible," according to a report to the American Rocket Society. HOW FULL is your freezer? It may make a difference, if the electricity goes off. Specialists at the Department of Agriculture report the food will stay frozen about two days if the freezer is fully loaded, only one day if it's half full. Dry ice will help keep the contents frozen if the power failure is a long one. SMOOTH-TEXTURED ice cream is produced when the formation of large grainy crystals can be minimized. A development in Louisville, Ky., already used extensively in the manufacture of peanut butter and margarine, has been applied to the production of ice cream. This Votator continuous-processing equipment utilizes temperatures lower than usual in the ice cream industry—with resultant smaller crystals. ANTI-FREEZE offers maximum protection when diluted to a 60 percent solution, says a producer. At 100 percent, the liquid does not give 100 percent freeze protection—paradoxically the water you add actually lowers the freezing point to some extent. A 1,000-MILE-LONG "mountain range" with some peaks more than 6,000 feet high was discovered at the bottom of the Pacific this fall in a spot south of Alaska where existing charts showed almost a flat bottom. The Department of Commerce survey ship Pioneer used new echo-sounding equipment to locate the underwater range, and expects to find more uncharted formations. TV SETS outnumber flush toilets or bathtubs in American homes, says the Census Bureau. Some 88 percent of U. S. homes had television, only 85 percent had sanitary plumbing. Another census oddity: married women outnumbered married men by 300,000 in the 1960 count, mainly due to the absence of married servicemen stationed aboard or married crewmen of merchant vessels at sea. Dogs can be trained to smoke—but it's hard to get them to enjoy it, reports a doctor in St. Paul. The finest sermons are seen, not heard; they live in the lives of men and women.

SALEM GROVE

Mr. and Mrs. Joseph Caspary Thanksgiving Day guests will be their daughter and family, Mr. and Mrs. Douglas Mullen and children, of Livonia. # Club and Social Activities

## URBAN MOTHERS CHILD STUDY CLUB

Urban Mothers Child Study Club meeting was held Monday evening, Nov. 13, at the home of Mrs. David Longworth. Guest speakers were David Longworth, director of Instrumental Music, and David Sanborn, director of music in the Chelsea schools. Mrs. Longworth spoke on the subject of music in the home and at school.

The program was described as both interesting and enlightening. Open discussion on the topic followed during the business session. Plans were made for the club's Christmas party which will be held Thursday, Dec. 14, at the home of Mrs. Milton Rabbitt.

The closing of Monday's meeting refreshments were served by hostess and her co-hostesses, William Clark, Mrs. Philip and Mrs. Thomas DePreto.

## PAST NOBLE GRANDS

Past Noble Grands club of Chelsea Rebekah Lodge met Wednesday at the home of Mrs. Donley Boyer, the co-hostess being Mrs. Gale Gilson.

Games were the evening's entertainment with Mrs. Harry Burnett winning the consolation prize and Mrs. Ross Munro, the high score prize.

The door prize, a novel pair of Christmas candles, made by the hostess, was won by Mrs. Homer Nixon.

During the business meeting, club members approved sponsorship of a Chelsea Browns troop and Mrs. Mac Packard was delegated to act as the club's representative.

Hostesses for the December meeting will be Mrs. Packard, Mrs. M. L. Dietle and Mrs. Evelyn Rowe. Scheduled to be held at the home of Mrs. Packard, it will be the Christmas gathering.

Business at the December meeting will include election of officers and drawing of new names for the annual custom of each member acting as a secret "pill" for another member throughout the coming year. The "pill" anonymously reminds the member assigned to her in the drawing with gifts and other kindnesses through the year.

Members learn the identity of their "pills" of the past year at the Christmas meeting.

Adding Zest to Vegetables, November lesson topic was presented by Mrs. T. W. Menzel.

The next meeting will be the Christmas party scheduled for Dec. 7, at the home of Mr. and Mrs. Earl Kuhl, with a pot-luck dinner scheduled for 6:30 p.m.

There is to be an exchange of Christmas gifts.

Entertainment at the Christmas party will be in charge of Mr. and Mrs. Will Reno who will show pictures of their European trip.

## BROWNIES

Our Brownies troop met in room 7. We practiced the salute, promise and Brownie Smile song.

Our motto is "Be Kind to one another." We decided on a secret sign. Refreshments were served by Donna Blackwell. Next week we will go to Ann Arbor and see the Pied Piper of Hamelin, Nov. 30 is in investiture.

Corrine Musser, scribe.

## OLDER ADULT GROUP

Forty-two members and guests were present Saturday for a pot-luck Thanksgiving dinner in the social center of the Methodist church.

Table decorations, in keeping with the season, included yellow fruit. Mrs. William Jessen was in charge of decorating the room for the dinner.

Mrs. Loring Bates presented the devotional service and program during which she told a Thanksgiving story and asked members to respond with stories of a Thanksgiving experience of their own in years past.

She concluded by showing pictures of things to be thankful for through the year.

The program was concluded with two hymns led by Mrs. D. L. Gaddery, with Mrs. P. M. Broesamle as piano accompanist.

The Dec. 16 meeting, to be held at the church social center, will be the group's Christmas party.

The program was concluded with two hymns led by Mrs. D. L. Gaddery, with Mrs. P. M. Broesamle as piano accompanist.

The Dec. 16 meeting, to be held at the church social center, will be the group's Christmas party.

## LYNDON EXTENSION CLUB

Lyndon Extension club's Nov. 16 meeting opened with a dessert luncheon served by the four hostesses, Mrs. Guy Barton, Mrs. Norman Kaiser, Mrs. Thomas Master and Mrs. Lawrence Shanahan.

The meeting was held at Lyndon Town Hall with 28 members and two children responding to roll call.

Mrs. Stephen Baker presided at the business session when it was voted to contribute 10 cents per member to buy fruit for Thanksgiving and Christmas, giving to the Gilmer Nursing Home.

Club members also plan to send Christmas cards to patients at Ypsilanti State Hospital to individual patients. Names of the patients to be remembered were obtained by Mrs. Barton.

The meeting was concluded with a silent auction following the day's lesson on the topic "Adding Zest to Vegetables," given by Mrs. Charles Fuhrmann.

The next regular meeting is scheduled for Dec. 7.

## EPISCOPAL CHURCH WOMEN

Mrs. E. W. Eaton was in charge of the opening devotional service at the monthly meeting of Episcopal Church Women of St. Barnabas' held Thursday evening at the church. She also presented the evening's program during which she reviewed the first chapter of the book "The Episcopal Church—Its Teachings and Worship," by the Rev. L. Griswold.

During the business session, the president, Mrs. Judson Goltra, reminded members that it is important that they do not forget to bring their articles for St. Barnabas' annual Christmas bazaar to the church Sunday, Nov. 26.

Mrs. Goltra said plans for the bazaar, scheduled to be held at the church Nov. 30, are now complete.

Other announcements included mention of a covered dish supper at the church Dec. 14 and designation of Sunday, Dec. 17, as White Gift Sunday. Gifts brought to the church that Sunday will be contributed to Chelsea Social Service of which Mrs. Louis Ramp, a member of St. Barnabas', is the director.

At the close of the meeting, Mrs. Deane Rogers, as hostess for the evening, served refreshments.

The next meeting of St. Barnabas' Episcopal Church Women is scheduled for Dec. 7, at 7:45 p.m. The meeting will be held at the church with Mrs. Jeremiah MacDougall as hostess.

## SUBURBANETTES EXTENSION CLUB

Suburbanettes Extension club, with 14 members present, met Thursday evening at the home of Mrs. Melvin Leach. Co-hostesses were Mrs. Earl Kuhl.

Mrs. Darrel Satterthwaite and Mrs. John Laraway, who have been named project leaders for the year, had prepared effective posters to illustrate the evening's lesson topic, "Adding Zest to Vegetables."

Club members concluded the work begun at a previous meeting on ceramic ash trays and rivets.

The next club meeting is to be held Thursday, Dec. 21, at the home of Mrs. Donald Bauer. Each member is to bring home-made Christmas cookies.

Mrs. Lawrence A. McLeese

## Susan White, Lawrence McLeese Wed Saturday at Congregational Church

A candlelight service of worship and Communion uniting in marriage Susan J. White and Lawrence A. McLeese took place at 7:30 p.m. Saturday at the Congregational church with the Rev. Philip Rusten officiating.

Charles Farris served as organist and an accompanist for Fred Kendall of Detroit who sang "If Love Thee Dear," "O, Perfect Love," and "The Lord's Prayer."

Parents of the couple are Mrs. Lorraine White and Deibert White of Chelsea, and Dr. and Mrs. J. G. McLeese of Concord.

The bride, given in marriage by her brother, Robert White, wore a

floor-length gown of white brocade shouldered and a bouffant shoulder-length tulle veil attached to a pillbox headpiece of matching brocade fabric. Her bouquet was an arrangement of white daisy mums.

Barbara Bowers of Ann Arbor, served as maid of honor, wearing for the occasion a street-length dress of emerald-green tulle and a matching pillbox with a brief emerald-green veil. The same shade of green tinted the centers of the white daisy mums in her bouquet.

The rings were on a small white satin cushion at the altar. The cushion had been made especially for the bride by Mrs. Alice Roedel, a friend of the family.

For the wedding, the bride's mother wore a stone green brocade suit with matching accessories and a white orchid corsage. The bridegroom's mother, wearing a royal blue jersey dress, chose harmonizing accessories and her corsage matched that of the bride's mother.

Donald Booth of Ann Arbor was best man.

The guests were seated by the two ushers—Donald Grundemann of Concord, a cousin of the bridegroom, and Dennis Jacobs of Stockbridge, a cousin of the bride.

A reception followed in the church parlors, those assisting including Priscilla Neal, in charge of the gift book; and Ella Pardon of Ann Arbor, who listed the guests in a guest book.

Others who assisted are Mrs. Norman Jacobs who poured punch; Mrs. John Fraser of Brighton who poured coffee; Mrs. Richard Smith, who cut the bridegroom's cake; and Mrs. Donald Booth and Mrs. Robert White who cut the wedding cake.

The bridegroom's parents entertained a rehearsal dinner at Weber's Supper Club Friday evening.

## Furniture Refinishing

by BOB WILKIN

In the first five articles we undid the work of the past. We stripped the old finish from a table, filled cracks and holes, and sanded. Now we're ready for the adventure of producing a finish just the way we want it. We're going to stain, seal, fill, rub, wax, and polish.

Q. I understand alcohol and water stains are best.

A. Perhaps so, if you're an old hand. For the time being, let's pass them up. They are tricky to handle as well as somewhat hard to locate in stores. We'll use an oil-based stain. It's fine for that pine table of yours and it won't raise the grain. Brush it on quickly and wipe off the excess with a clean, absorbent cloth.

Most oil stains contain pigment and pigmentation tends to obscure the natural grain of the wood ever so slightly. This doesn't bother most of us, but a purist may wish to stop around until he finds a store carrying a clear "penetrating" oil stain.

If you know exactly the hue you want and can't find it already mixed, chances are you'll be able to approximate it by experimenting with various mixtures of maple, mahogany and walnut. Stay away from varnish stains. ALWAYS try out the stain on a piece of scrap wood, in this case pine, as you're working with a pine table.

Allow four hours or so to dry and then apply your sealer, a mixture of top-grade white and orange shellac thinned with two parts of wood alcohol. Brush on a thin, even coating. Let it become bone dry.

Now for some fine sanding. Dampen the back of a piece of finishing grade sandpaper, roll it into a tight ball—a few times. When you flatten it out again it will be pliant and less likely to bite too deeply into your sealer.

While shellac gives a handsome finish it is still subject to dissolving when alcohol is accidentally dropped on it and it may react to moisture, dishmarks, etc. So, if your table may be pressed into service at meal or party time, let's apply a good, sturdy varnish finish in place seven.

Mrs. Richard H. Ashley

## Judith McCormick, R. H. Ashley Wed at North Lake Church

Judith A. McCormick and Richard H. Ashley were united in marriage at 3:00 p.m. Saturday, Nov. 11, at North Lake Methodist church by the Rev. John Laird, pastor of the church.

Parents of the couple are Mr. and Mrs. David L. McCormick of 6041 Madden Rd., Dexter, and Mr. and Mrs. Herman T. Ashley of 8835 Argonne Dr., Gregory, at North Lake.

For the wedding, the bride wore a floor-length gown of white tulle, covered with chiffon accented with sequins and pearls. A crown of aurora-borealis crystals, rhinestones and pearls held her fingertip-length veil of silk illusion. She carried a cascade bouquet of white carnations and stephanotis.

Eileen McCormick, sister of the bride, was maid of honor, and Mary Ellen Ashley and Carole McCormick served as bridesmaids.

John Ashley assisted his brother as best man while Dale Jackson of Detroit and David Knisely were ushers.

The reception which followed the ceremony was held in the social hall of the church.

Mrs. Ashley was graduated from Dexter High school. Her husband, a graduate of Redford Union High school, is employed by the Ann Arbor Post Office.

They are now residing at 509 Wilkinson St., Chelsea.

Mrs. Walter Trinkle returned home Sunday, Nov. 12, from St. Joseph Mercy hospital, Ann Arbor, where she had submitted to surgery. Her granddaughters, Edna Earl and Alta Kay Montgomery of Grand Junction, spent the week-end at the Trinkle home.

Nov. 23—Thanksgiving vacation, no school.  
 Nov. 24—No school.  
 Dec. 1—Basketball game at Roosevelt, varsity.  
 Dec. 5—Basketball game at Onstead, varsity.  
 Dec. 6—Basketball game at Manchester, freshman.  
 Dec. 13—Basketball game at Saline, freshman.  
 Dec. 14—Mathematics test in the library.  
 Dec. 15—Basketball game with Dexter, here, varsity.  
 Dec. 17—Journalism dance, 8:00-11:00 p.m. in the cafe.

### LATIN I

Latin I classes have been studying the nouns of the second declension and the perfect tense. They have had the present future and perfect verb tenses and the vocative case. The class has learned how to ask questions by use of the enclitic-ne. They have on the average of five new words a day. In the Latin book, they are translating stories dealing with history of Rome and the Roman people and their ways and ideals.

The classes will be going into the third and fourth conjugation of verbs. They will also learn how adjectives modify nouns in the Latin language. The students have just learned how to use the language lab. They are memorizing nouns by use of tapes which were prepared last year. Mr. Smith says that the class is progressing nicely.

### LATIN II

Latin II class has started something new which is called metaphrasing. It is a method developed by a U. of M. professor. The class has proved that they can learn Latin through listening as well as through seeing the words. Several hundred vocabulary words have been learned by this method which enables the student to think in Latin. Mr. Smith feels that satisfactory progress is being made and he says that this method won't be stopped until the progress dwindles. Another thing that this method does is allow the students to participate in conversational Latin. The class will memorize more sayings and then next semester go into the subjunctive. Even though it takes more preparation for class with this method, most of the students like and enjoy this method better than just following the book.

### BIOLOGY

Mr. Slater's biology class is studying the dissection of a cat. The students divided into groups of three or four and each group has a cat to dissect. This enables all the students to do as much as they want and at the speed they want to work. At the present time they are studying the major muscles of the cat's body, the main parts of the circulatory system, some of the parts of the nervous system. They are learning the importance of all these things and how all go together anatomically. Later on this semester the class will study the circulatory system (especially the heart) in more detail. The class will study the digestive system, the excretory system and the skeletal system.

Each biology student is required to have a semester project which is to be some kind of a research project not just a book review on a science book.

### MATH CLASS

General Mathematics classes, under the direction of Mr. Slater, just finished studying constructions and how to make them. In this unit they learned how to make basic constructions such as circles, triangles, squares and rectangles. The students also learned how to bisect an angle, divide a line segment into equal parts, draw two lines perpendicular to each other, draw two lines paral-

lel to each other. Other things they learned were how to construct a parallelogram and an octagon. They are also learning the meaning of percents and how to read and write percents. Students are also learning how to change fractions and decimals to percents. Finding the percentage of a number, percents over 100 percent and percents under one percent are also being studied.

### Sophomore-Freshman Dance

Nov. 17 was an important date for all Freshman when the annual dance was given by the Sophomores. The theme of the dance was "Bulldog Bandstand." Dick Haist and Duke Weiss took over the dance as DJ's or Rick Clark. The highlight of the dance was the singing or pantomime sensations of the Terelles; Rose Porter, Pam Kushmaul, Carol Mayer and Joyce Mshar. Record review was another comical feature of the dance with Carlyn Smith, Laurel Hanson, and Jeff Flintoft. Bandstand regulars were Carnel-Ellen Eckhart, Dave-Marilyn Smith. Refreshments of punch and cake were served and a good time was reported by all.

### SOPHOMORE CLASSES

Mrs. LaGoe's and Mrs. Sharp's Sophomore English classes are working in their literature books. Typing classes, under Mr. Morrison, have been having time writings, and the winners with the most amount of net words get to use the electric typewriters. French students with Mrs. Eckstrom have various class periods during which only French is spoken, which proved to be lots of fun as well as learning a lot.

### KHRUSHCHEV'S LATEST

United States officials report that Premier Khrushchev's latest package proposal for a German settlement failed to advance the prospects of East-West agreement to end the Berlin crisis.

Also they found nothing encouraging in the Soviet leader's declaration of readiness to attend a summit meeting in order to achieve a peaceful solution of the crisis.

## Owners Warned To Mutilate Old License Plates

Secretary of State James M. Hare warned Michigan drivers buying new license plates to destroy or mutilate their old, but still valid, license plates and tabs.

"The old green and gold plates with their 1961 tabs may be used until midnight Feb. 28, 1962," Hare said. "When buyers of 1962 licenses mount their 1962 green and white plates they often fail to destroy their discarded license. Criminal elements in the community may pick up such plates, attach them to a vehicle, and steal the vehicle, use it for a joy ride, or use it in committing a crime."

Because the original owner doesn't know it is being misused, nobody reports the "missing number" and the police have difficulty in apprehending the thieves, or in checking out chiselers who may be using someone else's plates on an old jalopy for a free 100 days of no-fee driving.

Hare suggested that all persons keep their old plates in their basements or other reasonably secure place until March 1, or that they bring them in half to avoid their being used illegally before tossing them into a trash can. He pointed out that every year a few innocent people have some unpleasant explaining to do to enforcement officers when "their plates have been reported on a vehicle involved in a crime, a hit-run accident, or a teen-agers rumble."

### GIFT BAN ORDERED

The Post Office Department has told fifteen organizations representing postal employees to end the practice of sending Christmas gifts "to departmental employees, especially high officials."

Assistant Postmaster General Richard J. Murphy, said in a letter that the practice might be misunderstood.

## Early Darkness of Winter Requires Extra Caution

Lansing—The drastic increase in traffic injuries and deaths in the past week-end emphasizes the need for drivers to adjust their driving to seasonal and approaching conditions, according to the State Safety Commission office. Even the so-called freak accident may have its origin in some simple thing that the driver was actually not prepared for.

"This is a time of gloomy, foggy days and early darkness which calls for extra care in vehicle maintenance and operation. Even in daylight hours the blowing rain, sleet, and snow may become so bad that headlights should be turned on so your vehicle may be seen sooner by other drivers. Snow and fog obscure conventional road signs which warn of curves, hills, sensible speeds, and intersections where two bleary-eyed motorists may have about five seconds to work out who has the right-of-way. Even in daylight,

the gray skies help to produce drowsiness. It is extremely important to have clear visibility through windshields. Wiper arms and blades and the defroster must work properly to clear away rain, snow, road splash and interior fogging. Know the shape of signs so they will serve at least as a warning.

Also, the rear lights on every vehicle should be functioning properly to meet legal requirements and to provide utmost safety so that drivers following are alerted to your presence on the roadway.

A fundamental rule for after-dark driving is to limit speed to a rate which will enable you to stop within the assured clear distance ahead. On ice or snow, you must go slower to take into account the lengthened stopping distance. Use snow tires reinforced with tire chains when needed for severe conditions of snow or ice.

## Accidents Increasing On County Roads

Lansing—The director of Michigan Traffic Division said recently that accidents and fatalities are increasing on county roads, while they are decreasing on state highways.

Capt. Shirley G. Curtis explained that the difference is purely a matter of jurisdiction over the highways.

He said that as old highways are replaced by freeways, the old roads are returned to county jurisdiction.

The University of Michigan's thousand-bed University Hospital ranks third in the nation among hospitals where faculty members of American medical schools took their residency training.

## Hunters Warned Not To Cut Christmas Trees On State Lands

Lansing—Deer hunters are cautioned this season by the Conservation Department, to "leave the hatchet" on any thoughts of cutting Christmas trees on state lands.

These trees are being grown to help wildlife, boost future timber production, and control soil erosion, and persons caught cutting or removing them may be charged with trespassing and stand for pending court action, to stiff jail sentences.

Hunters desiring to take home from private lands must first get permission from the owners. When more than six are involved, each person must obtain and carry a bill of sale signed by the property owner.
