

HAPPY NEW YEAR

1962

PRIZEWINNING DISPLAY — Tony Juergens' Christmas lighting display, which won first place in the Chelsea Chamber of Commerce lighting contest this year, stressed the spiritual aspect of the holiday season. Prominence was given the Holy Family—Mary and Joseph and the infant Jesus—the entire scene most effectively lighted by means of a colored disc spotlight. Suspended stars added a novel feature, and choir boys at either side seemed to give the traditional atmosphere of peace and goodwill. Juergens' display is at his home, 714 Freer Rd. His prize is \$15 cash.

"MERRY CHRISTMAS" in five languages, English, French, German, Finnish and Polish, decorated the large door of the Donald Baldwins' home, 1023 Freer Rd. The garage decoration also featured a figure of Santa Claus, the entire scene effectively spotlighted. The Christmas wishes were part

of the over-all Yuletide scene which won second prize (\$10) for the Baldwins in the Christmas lighting contest. Stressing simplicity of design, the display included a lamp post on the lawn and colored lights and greens in a continuous line across the house.

SANTA CLAUS and his sleigh and the animated reindeer in the above scene are part of the third place prizewinning Christmas lighting display at the Frank Reed home, 121 North St. Animation was also stressed by means of a rotating Christmas tree while the Christmas display in its

entirety also included a manger scene as well as interior decorations visible from the street. Judges commented that the display at the Reed home gave evidence of "a great deal of time and effort in the preparation." Third prize was \$5.00.

BUSINESS EXPERTS SEE BETTER YEAR AHEAD

CHRISTMAS STORE—This was the scene in Sylvan Town Hall Thursday as the annual "Christmas Store" of Chelsea Social Service was set up in order that children and parents in families being assisted this year might come in and choose two toys as a gift for each child. The toys shown include those gathered together in a used-toy drive by the Junior Chamber of Commerce Auxiliary during the past year and repaired and refinished like new at Cassidy Lake Technical Training School. Mrs. Louis Ramp, Chelsea Social Service director,

Predict No Nuclear War During 1962

By Roger W. Babson
1. I am hopeful for 1962; it should be a better year for my readers than 1961. Industrial production will exceed that of 1961.
2. There will be neither a nuclear war nor total disarmament in 1962. Considerable progress may be made toward a ban on atomic weapons.
3. Some 30 stocks may reach an average of 1,000 during 1962, although these will not necessarily be the 30 Dow-Jones stocks.
4. Retail trade will make new records during 1962. Increased newspaper advertising, especially in colors, will be a great boon to merchandising.
5. Commodity prices will act erratic during 1962. Agricultural prices will be held up by legislation, but many metals will sell for less.
6. The official cost-of-living figure will rise slightly in 1962, but there may be a scandal in Washington over how this figure is calculated or adjusted. The real increase in the cost-of-living will be due to increased wages demanded.
7. The only certain shortages during 1962 will be in land suitable for parking places and waterfront property readily accessible to building lots; also for automobile "graveyards" near cities which have been zoned.
8. The building of shelters will look silly before the end of 1962. Certainly the Federal Government will not underwrite the building of private shelters for individual families.
9. Good real estate must rise in price as the population increases. Elementary mathematics determines the price of suburban real estate. This is notwithstanding the claim of the "space companies" which are said to be interested in selling rights on the moon. There probably are crazier speculations.
10. While the land on which your house now stands should increase in value during 1962, the building itself depreciates from the moment when it is first occupied. A possible exception would be certain very attractive ranch houses painted in color.
11. Automobile production will be the most important statistical indicator during 1962. This applies to both the number of automobiles and their sales value. We now have no reliable figures for the latter.
12. We will gradually approach an average of two cars for every family. The life of automobiles should gradually increase. The percentage of automobiles annually destroyed will decrease in 1962.
13. Automobiles and gasoline will be increasingly sources for raising money by taxation. These means will be extended to include an additional assessment on the manufacturers of automobiles.
14. Taxes, as a whole, will continue to increase in 1962 for every

If You See Red Geese Don't Blame New Year's Party

—Lansing—Don't blame it on the holiday highball if you see a red Canada goose or two in Michigan during the next few weeks.
You may spot some of these colored honkers any time during the winter, as a matter of fact. It is the Conservation Department which would like to know when and where your sightings were made.
It's all part of an effort among Mississippi Flyway states and provinces to study goose movements during this season of the year.
The wings of about 80 live-trapped geese were recently dipped in red dye at the Department's station. The birds have been turned loose and their undersides also may have taken on a reddish or pinkish hue from preening.
Different colors are being used to identify birds released in other Mississippi Flyway states.

Impromptu Committee Starts Improvements On Ice Skating Pond

Extra New Year's Patrols Planned By Police Forces

Emphasizing that the increased drinking and fatigue which accompany New Year's partying add to traffic dangers, the State Police is preparing for the holiday patrol urge motorists and pedestrians to take extra precautions during the 78-hour week-end.
"The New Year is an appropriate time to resolve that, whenever you drive or walk, you will do all that you can to avoid being involved in an accident," said Commissioner Joseph A. Childs. "Full attention to the safety rules, in cooperation with law enforcement patrols, can help hold the line on the holiday toll."
The state police will operate increased patrols from noon Friday, Dec. 29, to midnight Monday, Jan. 1, assisted during part of that time by 106 members of the National Guard.
Maximum patrol coverage will be in effect from 1 p.m. Sunday, Dec. 31 to 6:30 a.m. New Year's day, the hours when most year-end celebrating is being done.
Seventeen persons were killed in traffic mishaps in the 78-hour New Year's period a year ago, an average of one death every four hours and 45 minutes.

Letts Creek Clean-Out Project Requires Deepening Adjacent Pond

A committee of five Chelsea men, designated as "Chelsea Activities Committee" has set in motion a grand-scale improvement project at the skating area adjacent to Veterans Memorial Park and behind the residences on the west side of North Main St., known as Macwood Skating Pond.
Literally tons of earth have been dug up to deepen and enlarge the pond area.
A member of the committee told the story of developments as follows:
The arrival of Christmas vacation triggered the stampedede of children from all over town toward the Macwood skating area adjacent to Veterans Memorial Park only to see them dejectedly turn around and return, some with their unused skates still slung over their shoulders.
The cleaning and deepening of Letts Creek had left their skating pond, which had echoed their laughter and merriment for the past four winters, high and dry.
Something had to be done! The success of this skating area depends upon the pond being as deep or deeper than the creek in order to maintain proper water level in the skating area, and this fact left

Many Groups, Persons Help To Provide Christmas Gifts

Chelsea Social Service, one of the beneficiaries of the Chelsea Community Chest, this Christmas has substantial assistance to 72 dolls and 120 children of the community, according to records of the director, Mrs. Louis Ramp. Through the efforts of the Junior Chamber of Commerce Auxiliary, a large number of toys were made available for distribution; the CC Auxiliary had collected used toys as a community service project and under the direction of Kenneth J. Shea, superintendent of Cassidy Lake Technical Training School, and Melvin Dunn, instructor in the woodworking shop at the school, the toys were repaired and finished like new at the school and donated to Chelsea Social Service.
Mrs. Ron Branham was JCC auxiliary chairman of the toy drive with Mrs. Richard Salonen and Mrs. Charles Gelman on the committee with her. The three young women took the responsibility for collecting the used toys and setting them to Cassidy Lake

School, then to Chelsea Social Service and finally to the Chelsea Community Chest. Mrs. Richard Salonen, set up at Sylvan Town Hall.
At this "store" each child of his family is permitted to pick out two toys as a Christmas gift.
Junior Chamber of Commerce members assisted the Auxiliary with part of the used toy collection and last week, four Jaycees—Richard Salonen, Ed. Akin, Ron Branham and George Hillwood—helped move the toys to the town hall where they were placed on display.
Included were bicycles, tricycles, doll houses, roller skates, wagons, ironing boards and games and toys of every description. Mrs. Ramp said it was the finest selection of toys ever accumulated here for Chelsea Social Service.
The Salvation Army, also a Community Chest agency, contributed a quantity of new toys.
Other volunteer assistance provided Chelsea Social Service with

Holiday Cage Tournament Is Underway

Saline Hornets vs. South Lyon Lions were to play the opening game of the third annual Chelsea Holiday Basketball tournament, scheduled for 5 o'clock yesterday afternoon.
According to the tournament schedule this first game was to be followed by Manchester's Flying Dutchmen against the Brooklyn Golden Eagles at 6:30 p.m.; Dexter Dreadnaughts against Stockbridge Panthers at 8 p.m.; and Jackson St. Mary Celts vs. Chelsea Bulldogs at 9:30 p.m.
The Holiday tournament continues for its second round this evening (Thursday) when the loser of the Saline-South Lyon game will play the loser of the Manchester-Brooklyn game at 5:00 p.m., followed by the winners of the Dexter-Stockbridge and Chelsea-St. Mary's games at 6:30 p.m. At 8:30 p.m. the loser of the Chelsea-St. Mary's game will play the loser of the Dexter-Stockbridge game, with the winners of the Saline-South Lyon and Manchester-Brooklyn games playing at 9:30 p.m.
No games are scheduled for tomorrow night but the tournament will resume with a 5 p.m. game Saturday between the losers of tonight's 5 p.m. and 8 p.m. games.
At 6:30 p.m. Saturday the competing teams will be last night's winners of the 5 p.m. and 8 p.m. games playing for a consolation bracket trophy being awarded for the first time this year.
The 8 p.m. game Saturday will be between the losers of tonight's 6:30 and 9:30 p.m. games, followed by the championship game at 9:30 between the winners of tonight's 6:30 and 9:30 p.m. games.
(Continued on page three)

SKATING POND DEEPENED — At left in the above photo, Dr. L. J. Paul, Wallace Wood, Lyle Haselswerdt and Thomas McClear were on hand for a look at the deepened original skating area of Macwood Skating Pond nearest Letts Creek. The digging equipment is visible at the upper right and the great piles of earth which were removed to raise the water level in the pond are in full view all around the water's edge. Grading must await warmer weather in the spring. (See other photos, page 8.)

New Year's Resolutions Might Include Plans To Start Family Health Record

This is the week for New Year's Resolutions and we have a suggestion. Resolve to begin in 1962 keeping a Family Health Record.

How many times have you needed basic health facts about members of your family—for school records, for insurance forms, for a doctor's medical history?

A family health record is your compilation of these facts. Like vital statistics in the family Bible, notations on family health—kept accurately and up to date—can be of permanent value.

The record should contain pertinent facts on immunizations, illnesses, injuries and physical examinations. The record will prove its worth only if kept carefully. Start immediately to jot down basic information you know already. Enter accurately all injuries and illnesses. When you next see your physician, take the family health record along so notations may be made while they are fresh in your mind.

A small schoolboy's notebook will do for a record book. Or you may obtain a small account book or ledger from a stationery shop.

Begin with a brief listing of the family history. Date and place of birth of each member. If any are deceased, date and cause of death. Pertinent medical facts about each family member such as chronic disease or illnesses (cancer, diabetes, epilepsy).

Next should come a section for dates of immunizations, with spaces for each member of the family. The columns should allow room for listing immunizations against whooping cough, diphtheria, tetanus, typhoid, polio and smallpox. There should be space for noting dates of booster shots.

A section on general information should include such data as the blood type of each family member, whether the RH blood factor is known to be present in any of the family and special allergies or drug sensitivity of each.

A check list of the more common diseases—chicken pox, measles, German measles, mumps, whooping cough, scarlet fever, diphtheria—should be included. Most of these are childhood diseases, but sometimes an adult is exposed. German measles can be very serious in an expectant mother. Mumps is a serious disease in adults.

Another section should provide a place for noting dates of physical examinations, with a line or two to make note of special advice or instructions that followed the checkup. Illnesses requiring hospitalization should be recorded, listing nature of the illness or injury, name of physician, name of hospital, dates of entry and discharge, length of illness, if surgery was performed describe it briefly. Illnesses at home should be recorded also.

Finally, a section listing the family's health and accident insurance information will be helpful.

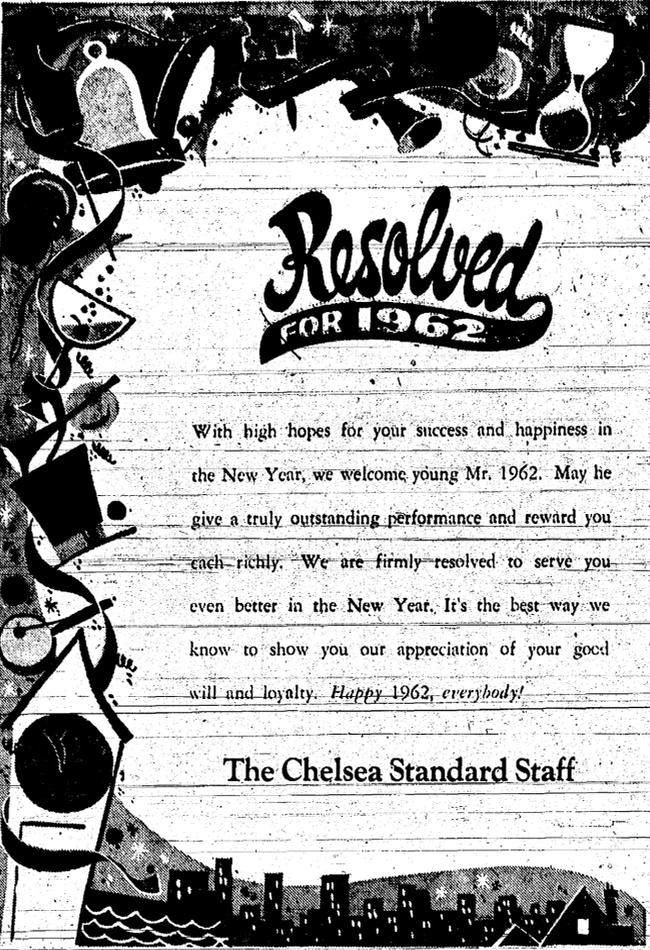

Relatively few families keep health records, but everyone sooner or later finds need for the information. Keep your family health record up to date at all times as an added safeguard to your family's health.

MICHIGAN MIRROR

By Elmer E. White, Secretary, Michigan Press Association

Higher education in Michigan, especially in state-supported institutions, has come a long way since the 1907-08 constitution was written.

At that time the document, which is now under scrutiny for revision in Lansing, listed only one institution, the University of Michigan, as a constitutional entity unto itself.

Now, two universities have been added to the list, Wayne State University and Michigan State University, and many of the other state institutions of higher learning have changed their status.

Eastern, Western and Central were formerly teachers' colleges. They have gained university status and their enrollments reach new limits almost yearly. The others, Northern Michigan College, Michigan Tech and Ferris Institute, have also grown with increasing rapidity.

This year, a 10th four-year institution was created by the legislature for western Michigan, now known as Grand Valley State College.

During the years these developments have taken place, other changes in the field of higher education have also been recorded. The number, size and curricula in community colleges have increased. Educators now say the community colleges will gain in importance in future years, at least partly because of the rising need of some post-high school training for employment.

Michigan's college-age population, youth between the ages of 18 and 24, will be 95 percent larger in 1975 than it was last year, according to a prediction by Dr. David Goldberg, program director of the University of Michigan's Institute of Public Administration.

This would give Michigan's colleges and universities a potential enrollment of better than 400,000 students in less than 15 years.

Need for a sound philosophy by state leaders about the financing of college education is underlined in a Wayne State University proposal which comes up for legislative consideration in the next session.

Wayne has submitted a plan to raise tuition at that university in return for an increase in state support. "The matching feature," says President Clarence B. Hilberry, "means a sharing of responsibility by the taxpayers and by the families immediately concerned, rather than the assignment of the whole cost to either."

Loans to students is another suggestion from Wayne. This deferred payment feature would require the student or his family to start payment after he had finished college.

Initial reactions from legislators has been one of "interest." This is proper and predictable. Anyone connected with the budget should be interested in ways to reduce it and to make state money go further.

It should be remembered, however, that one way to eliminate taxes completely would be to eliminate all state services. The other extreme is to eliminate the financial problem for the student and pay complete tuition costs.

What Michigan needs in order to have a sound solution to its college financing question is a facing up to the basic problem of what people of the state want to supply in the way of higher education for Michigan youth.

If higher education is sufficiently important to make it available to a high percentage of qualified high school graduates, increasing tuition seems to be a step in the wrong direction. If college training is to be made available to those who can afford to pay the portion the state cannot or does not pay, then the increase in the cost to the student makes sense.

Until the philosophical policy is determined, educators, legislators and the public will be dealing with stopgap ideas.

Women drivers may take some encouragement from a national study which shows the female motorist has far fewer accidents than men.

That is, the report is cheering for women if they read only the first section.

The final conclusion of a 12-month study by the National Safety Council indicates women have less accidents than men, but in proportion to the number of miles driven by the sexes, women have the poorer record.

About 61 million male drivers were involved in 15 million accidents during the study. In the same period 6,500,000 accidents occurred involving the nation's 21 million woman drivers.

In Michigan water supplies are low in iodine, so use of iodized salt is important, say foods and nutrition specialists.

Uncle Lew from Lima Says:

DEAR MISTER EDITOR:
 Zeke Grubb's preacher come by the country store Saturday night, told the fellers he was trying to get his nerves back in shape from a pritty hard week.

He reported that things got started on the wrong foot last Sunday morning when he had a few words to say about drinking and gambling. He got a unsigned letter Monday advising him that drinking and gambling was a disgrace and a matter for the medical profession. It was caused, the letter claimed, by somebun that happened to a feller in his youth, like weaning him too young.

The good Parson said he recollected when he was a boy his Uncle Cyrus come home drunk ever Saturday night and his old lady used the rolling pin on him. Now, allowed the Parson, she'd probably give him a shot of penicillin. He said it looks like disease has took over all the sins and it might be better for him just to pass out a few pills at Sunday School and go on home.

But the hard part of the week, he told the fellers, come Friday night when the Fund Raising Committee met to report on the annual canvas. After counting up the pledges it was voted that the church budget was in a state of emergency and it might be necessary to name a Emergency Committee to work on the problem.

One feller, for instant, told Rufe Zinder he didn't believe in making no pledge. He said things was so uncertain these days that he didn't sign nothing in no shape or form. Rufe told the Committee he happened to know this fellow was buying his car, his motor boat and color TV set on the installment plan. Rufe couldn't figure out how he was getting them things without signing somebun.

Another member told Hezekiah Adams that he didn't use no envelopes, just dropped a big handful of money loose in the plate. He allowed as how the congregation would be surprised at how much he dropped in the plate loose ever Sunday. The Parson said he took all the loose offering one Sunday and divided it among the members that said they give loose and it

come to seven cents apiece. He said the major problem was them putting-it-in-loose members.

Ed Doolittle told the preacher that if he was in his fix he'd invent a new kind of offering plate. Ed said he had somebun in mind like a plate that, if you put a paper bill in it, the bill would float to the bottom real quiet. If you put in small silver, a bell would ring, and if you put in pennies—it would snap your pleasure. Ed figured the preacher could get the film wholesale and that after the first couple Sundays, he wouldn't need no film. The good Parson thanked Ed, said he would take the idea up with the Emergency Committee.

Yours truly,
 Uncle Lew.

Stamps To Battle Malaria

More than 60 countries have already given firm commitments to issue a special stamp during 1962, the sale of which will raise funds to help the World Health Organization of the United Nations in its campaign to eradicate malaria as a threat to mankind. In making public this fact Dr. Rudolph L. Coigney, of the WHO noted that despite progress to date, more than 1,000,000,000 persons are still susceptible to the disease in 140 countries and territories, in which it takes a fearful annual toll in lives and in economic losses. The inter-governmental Philatelic Corporation is assisting in the drive, Dr. Coigney added.

We men believe nothing that contradicts their intelligence.

Items Taken from the Files of The Chelsea Standard

4 Years Ago . . .

Thursday, Dec. 19, 1957—
 The annual Community Chest-CIO Christmas party, held at Sylvan theatre Saturday, was attended by 1,425 children.

Midshipman David Bertke, home on holiday leave from the U. S. Naval Academy at Annapolis, showed a film pertaining to the Academy at the Kiwanis club meeting Monday.

In the 34 Years Ago column (Dec. 13, 1923): I. E. Guinan is entitled to claim a pound of coffee from a Chicago company, according to a note attached to a toy balloon which came down on his farm in Lyndon township. The coffee is a prize for finding the balloon, the note states.

14 Years Ago . . .

Thursday, Dec. 18, 1947—
 Completing its first year as the Women's Guild of St. Paul's church, the organization held the Christmas meeting Friday evening with more than 65 percent. Guild membership now numbers 102.

Many fox hunters are testing their skill in this area and conservation officers report that some giant ones are turning up in claim for bounties—one said to be four feet long and another, killed in Shiron township, weighed 21 lbs. In the two months since the fox bounty went into effect, the conservation department has paid \$39,300 for the killing of 7,878 foxes.

In the 34 Years Ago column (Dec. 18, 1923): Taxes now being collected in Sylvan township amount to \$28,000, the assessment being \$17 per \$1,000.

24 Years Ago . . .

Thursday, Dec. 23, 1937—
 George E. Haist, Lima township sheep breeder the past 34 years and winner of many awards on his Black Top Delaine Merino fleeces, has this year, for the first time, received the honor of exhibiting the grand champion fleece at the Chicago International Livestock Show.

Beginning Jan. 1, 1938, ice fishermen may use two lines with a total of not more than four hooks on all lines. This replaces the former regulation of two lines with a single hook on each line.

In the 24 Years Ago column (Dec. 25, 1913): It is announced that no special services will attend the opening for traffic of the new Michigan Central depot in Detroit on Jan. 4, 1904.

In the 34 Years Ago column (Dec. 24, 1903): Stat' in & Son have torn down their old ice house at Cavanaugh Lake and are erect-

34 Years Ago . . .

Thursday, Dec. 22, 1927—
 A new signal system is being installed at the Main St. railroad crossing. The system is equipped with red lights which flash when a train is approaching.

Mrs. Neva Hatt Lehman, 22, her son Leonidas, 4, and daughter Alene one and one-half years old, died Monday as the result of burns received when Mrs. Lehman was handling a fire with kerosene and it exploded.

Unholstered seats have been installed in the Princess Theatre, greatly adding to the seating comfort.

Good quality interfacing for clothes feels springy when it is crushed in the hand and recovers quickly without wrinkles when it is released, says Bernetta Kahabka, clothing specialist at Michigan State University.

Standard Want Ads Get Results!

FROM THE GOVERNOR'S CHAIR

By John B. Swainson

Lansing—A recent tour of a Michigan state home and training school for the mentally retarded and a state hospital for the mentally ill was a vivid reminder that the holiday season is not always a joyous time for many.

A group of newsmen joined me in a day-long inspection of facilities at Lapeer State Home and Training School and Pontiac State Hospital that pointed up the problems of overcrowded conditions and lack of personnel facing all our state-operated mental health institutions.

We saw, for instance, one of the buildings at Lapeer where two attendants supervise some 70 severely retarded patients. Facilities for these patients include one bathtub and one toilet. At night three-persons supervise six dormitories that sleep 265 patients.

More than 3,600 patients are cared for at Lapeer, with more than 1,000 on the waiting list. Probably one of the most significant facts that becomes apparent when visiting any of our hospitals for the mentally ill or the retarded is that many of the patients represent a generation of neglect.

As in all illnesses, early detection and treatment can mean the difference between many years of hospitalization or the chance of a constructive, productive life for the community.

I have emphasized the need for community care facilities for mentally and emotionally disturbed and the mentally retarded, and will continue to ask the legislature for funds so that action be taken on this front.

In addition, the legislature no longer continues to ignore the fact that our hospitals for the mentally ill are 18 percent over capacity and facilities for the mentally retarded are 16 percent over capacity—that more than 10,000 mentally retarded patients are waiting for care.

We must provide attendants some 90 wards in our state hospitals that are unattended at least during one shift change.

We must also see that the children now housed with their parents in our mentally ill hospitals have suitable quarters, essential specialized treatment and are not receiving now.

So, as we approach the new year, it is my profound hope that Michigan will meet its responsibility in providing for the mental health needs of our citizens. We can afford to do otherwise.

Father Time ushers in the New Year
 . . . and we'd like to begin it by extending our hearty good wishes to you and your family. May your New Year be a healthy, happy, prosperous one. We are proud to be able to serve you, and most grateful for your patronage and good will.

Chick of Grosbeaks Reported Feeding Here

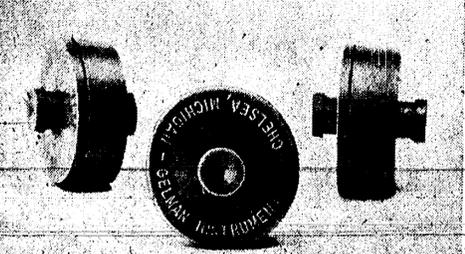

Frederick Schultz of 20184 West, reports that 10 grosbeaks were at her window feeder station at 10:30 a.m. on Friday morning. As large as the male birds are a robin, the male birds are a metallic yellow with white on the wings and with the heavy conical bill which they derive their name from.

bird population but recently cats have begun to stalk the birds. Bird lovers of the community suggest fastening a bell on cats to warn birds of their proximity. Mrs. Ruth Wilkinson of Old US-12 has maintained a feeder near her home for a number of years. In addition to the birds mentioned previously, she has seen cedar waxwings regularly.

BROWNIES

TROOP 625— We took our Santa Claus, made out of orange juice cans, to the convalescent home Thursday and went from there to the home of Mrs. Basil Greenleaf for our Christmas party and opened our Christmas gifts.

TROOP 606— Troop 606 met in room seven and then left for Bismarck's farm. We were guests of Troop 68. They put on a play for us. Then we sang some Christmas carols. Refreshments were served by Troop 58.

Gelman Instrument Develops New Cancer Detection Kit

A simplified, low cost testing kit designed to make the individual doctor's office a cancer detection center has been introduced by Gelman Instrument Co. of Chelsea.

The kit, to be used at bedside in the office to filter cancer cells from body fluids for laboratory examination, consists of a poly-pore membrane filter and a disposable plastic filter holder. With it are used inexpensive, readily available materials including an ordinary paper clip, a standard hypodermic syringe and glass microscope slide, instead of costly equipment.

CUB SCOUT NEWS

PACK 125— Cub Scout Pack No. 125 met Dec. 21 at the Junior High school. The theme for December is "A Cub Follows, Helps and Gives." The Webelos and Den 8 put up the chairs and tables.

Den 1, with Mrs. A. J. Harmon, and Den 5, with Mrs. P. Hollinger, formed a reception committee. Decorations were provided by Den 8, Mrs. J. Brewster, and Den 9, Mrs. McKaig.

Perfect attendance awards for parents present went to Dens 1, 2, 3, 4, 5, 6, 7, 8, 9, 11, 13, and Webelos.

Dr. H. Bernhardt, assistant chief of laboratory services at the Veterans Administration Hospital in Memphis, Tenn., headed a team of scientists who researched the improved technique.

Christmas Gifts for Needy ...

Bureau and Chat 'n' Seau of the Congregational church each contributed money to Chelsea Social Service to provide Christmas gifts for needy families.

The FHA club, (Future Home-makers of America) of Chelsea High school secured names of a large number of children four to nine years old from Mrs. Ramp and had a Christmas party for the children.

Mrs. David Colquhoun and Mrs. Arthur Patterson assisted Mrs. Ramp in setting up the customary "Christmas Toy Store" at Sylvan Town Hall, together with the committee of JCC Auxiliary members who had been active in collecting and arranging for the rejuvenation of toys for distribution.

The Rev. and Mrs. Harold S. Biotta and children spent the Christmas week-end at Indian Head, Md., near Washington, D. C., visiting friends in their former congregation there.

The Rev. and Mrs. Harold S. Biotta and children spent the Christmas week-end at Indian Head, Md., near Washington, D. C., visiting friends in their former congregation there.

Holiday Tourney ...

Chelsea was the winner in the 1960 tournament and Saline won the first Chelsea-Holiday tournament which took place here in 1959.

Deep plowing to a depth of 22 inches increased the yield of corn 15.4 bushels per acre in research conducted by Michigan State University soil scientists.

PERSONALS Ralph Wood who returned home only two weeks ago after a stay in the hospital for leg surgery, became ill at his home Sunday night and on Christmas day re-entered St. Joseph's Mercy hospital for an indefinite stay for treatment. Mr. and Mrs. Walter Trinkle spent Christmas at Grand Junction as guests of their daughter and family, Mr. and Mrs. O. F. Montgomery and children. They left here Saturday and returned Tuesday. Christmas dinner guests at the home of Mrs. Emma Seitz were Mr. and Mrs. Herbert Howell and family, of Jackson, Mr. and Mrs. Paul Seitz and family, of Fletcher Rd., Mr. and Mrs. Walter Seitz and family, of Dearborn, Mrs. Mabel Althaus of Durand, Mrs. Bertha Clark and Ayward Blalock of Dearborn, Mrs. Rose Edwards of Ann Arbor, and Mrs. Ann Graff of Detroit. What has become of the old-fashioned reader who believed everything he saw in his favorite newspaper? 26

Forest Fires Blacked Near 6,000 Acres

Lansing—Forest fires in black mark on nearly 6,000 acres in Michigan this year, an record low total, the Conservation Department reports. Hardest hit were lands in northern lower peninsula. 566 fires burned 4,881 acres, more than three times the regional average figure in 1950. In the Upper Peninsula, fires damaged 1,748 acres, compared with 381 acres the year before. Another 1,850 acres in the lower peninsula; some 1,000 burned in this part of the last year. Much of this year's forest toll can be laid to winter, tively light snowfall which duced unusually dry conditions during the spring.

Personal Notes

The J. V. Burgess family their home for Christmas gathering, those present being Thomas (Gibbs) of Berrien Duane Roves, Dudley Henry Ortrings, Rolland Ings and Mr. and Mrs. J. V. II, and family. For the first in several years, one member of the family was not present Christmas gathering. Mr. Lanning of Cleveland, O. S. her family spent the Christmas now live at Huntsville, Ala. Mr. Gauthier is an engineer played at the NASA Redstone arsenal. A Christmas Eve gathering of the family—Mr. Mrs. Joseph Merkel, Jr., of 60—Mr. and Mrs. Thomas and Mr. and Mrs. George and their families.

GREET THE New Year WITH FRIENDSHIP May the spirit of brotherhood unite mankind in the cause of peace for all the world. Schneiders' Grocery Carl Schneider - Howard Flintoff

Force Seeks Teachers for Jobs Foreign Bases

The civilian personnel office at the Air Force Base has announced that an Air Force representative will be conducting interviews during January and February at the University of Michigan, Wayne State University for qualified teachers for Air Force dependent schools during the 1962-63 school year.

Positions are available for Air Force dependent schools in England, Pakistan, Morocco, Libya, France, The Azores, Borneo, Philippines, Japan, Saudi Arabia, Newfoundland and Labrador and applicants may indicate countries in which they would accept assignments.

To be eligible, the applicant must have a bachelor's degree; a teaching certificate; two years of teaching experience; and be unmarried.

Those interested in applying for these teaching positions should contact Miss Fuller, overseas personnel officer in the civilian personnel office at Selfridge Air Force Base for an interview appointment or to learn further details about the program.

During January, interviews will be conducted at Western Michigan University, Grand Rapids or College, Central Michigan University, Northern Michigan University and at the Michigan Employment Security Commission office in Traverse City.

Mildred Jarvis returned today morning after spending the Christmas week-end with her daughter and family, Mr. and Mrs. Ivan Guiter and children at Mazoo.

Babson Forecasts Better Business for '62

(Continued from page one)

family, Business net taxes, however, will decrease in 1962, through the granting of depreciation refunds which can be done by Executive order. The manufacturer generally increases his deductions for past investments and new machinery, plant, and equipment.

Douglas-Dillon feels that such tax reductions will increase the purchase of new equipment, develop greater efficiency, and result in a net improvement in the employment situation. This is good news for 1962.

15. Speculation in real estate and securities will be active during 1962; but good children will gradually be recognized as the best investment. Young people will be married earlier and will want to have large families.

16. Public education will gradually be reorganized during the year ahead. Schoolhouses will be built in places to "park the kids" while the parents are at work. New schoolhouses will be built so as not to be over one story high with lots of sunshine.

17. Owing to the lack of airport facilities and to inadequate equipment, there will be increasing airplane accidents during 1962.

18. With all the above changes, plus increased public improvements and longer vacation periods, families must save somehow and cut somewhere. I think it will begin in 1962 with clothing. This will gradually become cheaper and more attention will be paid to color.

19. The time is approaching when the weaving of cloth will be greatly curtailed. Clothes will be made like paper. Plastic coats are already on the market. These are produced by feeding the cellophane into a machine which cuts to di-

stressed sizes and bonds (not sewn); the material into beautifully finished goods of different colors.

20. We will hear more about automation during 1962. But the cost of building automatic factories is so great that the change is coming slowly. Even electronics has been overemphasized.

21. There need be no unemployment among steel workers during 1962. But Government unemployment figures will remain high. Foreign competition, due to low wages abroad, will be an important factor.

22. Women will prefer to work in air-conditioned factories and have their home pantries filled with pre-cooked foods.

23. Labor unrest will grow in extent and power. The Kennedy Administration is friendly to union leaders and their demands. There will be demands for more "fringe" in 1962. A steel strike is possible.

24. This means that with increased taxes, prices of retail products will be higher. This will be blamed on "inflation" of money; but it will be due to inflation of living standards.

25. The real value of the dollar will decline slightly during 1962, due to the decrease in the productivity of labor. The electronics industry will temporarily suffer in 1962 if atomic warfare is outlawed. But otherwise the electronics industry will increase for some years to come and hold up the dollar value. Watch polymer-chemicals and "epoxy" cements.

26. There will be enough money for mortgages insured by the Federal Housing Administration in 1962. Plenty of money will be available for mortgages guaranteed by the Veterans Administration, although this supply varies with different sections of the country. Interest rates on conventional loans not having any government guarantee will be a little higher. Real estate people will worry about the public's desire to build, rather than about their obtaining mortgage money.

27. The kilowatt hours of electricity produced in 1962 will exceed the total of any previous year. This is favorable to utility preferences.

28. Steel production in 1962 will exceed this year's 100 million tons, but the increase will come from producing steel in colors.

29. Cement production will be about the same in 1962 as in 1961, but the industry's capacity to produce is increasing too rapidly in view of the demand. The cement manufacturers must give more attention to colors.

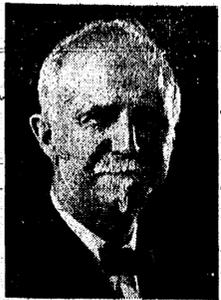

30. Expenditures for plant and equipment in 1962 will increase, supplemented by large appropriations for repainting factories and offices in many colors.

31. Newspaper production depends upon the number of newspapers and the amount of advertising sold. I forecast a decline in the amount of newspaper sold during 1962, but advertising receipts may increase through the better use of colors. This may result in the increased use of coated paper to better take color printing with a 50 percent increase in advertising rates.

32. Furniture manufacturers are marking up prices so that young couples will buy furniture in the raw and paint some themselves.

33. There will be some increases in color TV sales in 1962. In fact,

About the Forecast Author

ROGER W. BABSON

American business has no more inspiring personality than Roger W. Babson, internationally-known business commentator and investment adviser. An outstanding feature of his philosophy has been his lifelong insistence on the importance of both religion and advertising in business.

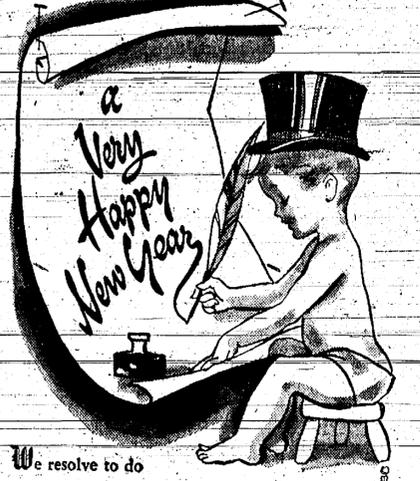

Born and reared in an old-fashioned atmosphere of hard work and bustle on a farm in Gloucester, Mr. Babson went to the Massachusetts Institute of Technology. Upon graduating, he turned instinctively to financial and business activities in which his father was engaged.

His exertions, however, undermined his health; he contracted tuberculosis and he was sent West "as good as dead". It was while he was convalescing from this dread malady that he worked out some of the possibilities and problems of business forecasting. His weekly releases are used by over 400 newspapers and his financial reports by 20,000 corporations and estates. His research work is carried on by a large staff of experts.

Babson founded Babson Institute for Men; and, in

GIFTS FOR JUVENILE WARDS—40 of 87 Voltaire 957, at a dinner held Thursday night at the Dexter American Legion Home, presented 60 Christmas gifts to Probate Judge John Conlin for distribution to children under the Court's jurisdiction. In addition the organization donated \$75 in cash for the project. The presentations were accepted by Judge Conlin following a "turkey dinner and all the trimmings," prepared and served by the ladies of the Dexter American Legion Auxiliary. Shown in the above group, standing, from left, are: Art Klumpp, William Blaess, Harold Baker, Harold Golds, Judge Conlin, Louis Rome who is director of Juvenile Court Services, Ernest Rowe and Roger Howard. Kneeling from left, are Dean Coy, Leo Burns and Louis Farrell. Voltaire 957 of the "40 of 87" which is a fun organization of American Legion members, has established the gift project for children under Probate Court jurisdiction as an annual custom. Guests at Thursday's affair included Grand Chief G. Gare Roy Hodge and Grand Correspondent Ralph Maynard, both of Detroit, and Washtenaw County Sheriff George Petersen.

A Very Happy New Year

We resolve to do our very best to make it so!

I think the present TV market is far from being saturated.

33. First-class postage rates will not be increased during 1962. Hence, more money will be spent on direct mail selling. This should help job printers in 1962, as their present margin of profit is very small. Billboard advertising will increase during 1962, due to a new kind of paint.

34. Lumber will do well to hold its own in 1962 and much of it will be sold colored. Wall-to-wall carpeting will become even more popular, reducing the price of the best hardwood floors.

35. One of the greatest developments during 1962 will be the increased use of color in homes, offices, stores, and factories. This should increase both the demand for and the price of good paint.

36. Exports will probably increase during 1962, but the surplus of trade in favor of the United States is constantly decreasing.

37. President Kennedy is encouraged by the recent elections in New York, New Jersey, and Texas. This Democratic trend will continue during 1962, notwithstanding former President Eisenhower's campaign speeches.

38. President Kennedy will be more favorable to "big business" in 1962 only when he is able to use big business to increase employment. Profit margins will not improve during 1962, although most industries will do better in terms of gross and volume.

39. Bond prices will not chance much during 1962, except in the case of "non-taxables." European investors are buying American stocks and bonds feeling that their money is safer in United States industries and real estate. Even the first mortgage bonds of transcontinental railroads are being bought by Europeans. The manufacturers of West Germany are making huge profits through the use of new machinery and low wages. They are sending their money to the United States to be invested. They seem to prefer suburban real estate, shopping centers, and electric utilities. I hope they are not buying into too many "fly-by-night" new electronic companies.

40. Buying of Mutual Funds will continue to exceed selling in 1962. Considering that brokers make much more profit by selling Mutual Funds than by selling shares of individual stocks—and considering the thousands of salesmen selling Mutual Funds—this should help stock prices during 1962. Remember that the Mutual Funds operators must go to the New York Stock Exchange to purchase stock to support these Mutual Funds which salesmen are selling in the field.

41. The so-called "service industries"—including education, beauty parlors, travel, entertainment, and government positions—should prosper in 1962.

42. Among the fastest growing industries in 1962 will be the plastics and glass industries. These materials will gradually take the place of wood, stone, cement, and even some metals—except as these are colored. Plastics and glass will become more important building materials and perhaps be used much more for automobiles.

43. Some unexpected event or discovery will cause the Dow-Jones Industrial Average to sell much higher during the next few years. As an illustration of what one of these unexpected events will be, I mention the polymer developments in chemistry, including "DNA" and "RNA", which may provide the source of life and extend it—yes, perhaps restore it, in special cases.

44. I am bullish on Canada for problem for the United States. Canada has a small population of only about 18,000,000, but it is rich in natural resources and has a sound, progressive government. I do not expect a nuclear war to be started by Russia; but if it comes, Canada will be a good place to live and to have your money invested.

45. South and Central America also have great natural resources; but most of their countries are ruled by selfish dictators. I believe most of our southern neighbors will suffer from serious inflation during 1962 and become a great safe investment during 1962. Canada, 46. Although the countries of Europe could be the greatest sufferers in case of World War III, the people I meet in Europe fail to realize this. I forecast that they will look at the situation more realistically during 1962.

47. West Germany is very prosperous; East Germany is in terrible condition. Much unemployment exists in Italy, France, and even Great Britain. I advise against investing money in Europe during 1962.

48. I am uncertain how to advise about Africa. But it is very rich in natural resources—including gold, diamonds, and almost every metal as well as having the greatest undeveloped waterpower in the world. Barclays Bank I am personally acquainted with and

It's time to wish everyone everywhere, "Happy New Year"

It's a happy time... to say, "All the best to you and yours in 1962"... time to look ahead, and to hope with all our hearts that the New Year holds lasting peace. And it's time to look back, too, at the old year, and to thank our friends and patrons to whose loyalty we owe our progress and growth.

AGRICULTURE in ACTION

by M. L. Woe

Water-Cress Farming

"I invite you to visit the most pleasant state of all," offers Masaru Sumida, Hawaiian farmer and farm leader. "We have so much sunshine that we offer it to all the people of Michigan," he grins. Sumida was in Chicago attending the annual meeting of the American Farm Bureau Federation in his capacity as president of the Hawaiian Farm Bureau—newest state addition to the Federation. He, along with the rest of the Hawaiian delegation, was blue with cold and finding it difficult to understand how some people could actually prefer some weather.

Included in the Hawaiian invitation is a visit to Sumida's 30 acre water-cress farm where more than one million gallons of fresh water daily flow across the water-cress beds. "The roots are in water but not the leafy tops that we pick and sell," Sumida offered.

"How much per pound?" I inquired, thinking that in lush Hawaii where so much greenery abounds water-cress might be a drop on the market. Not so, at all. Sumida said the price stands at about 25 cents per bunch. "We prefer to sell by the bunch," Sumida said. "Our bunches are just under a pound, around 15 ounces."

"Where is your major market located?" I asked. "In the city of Honolulu, although I am working hard to bring water-cress into the San Francisco market too," Sumida said. When asked if water-cress was difficult to grow, he said that as any specialty crop it presents problems, mainly those tied to hand labor and keeping the leafy salad-green in crisp, fresh condition. "I added a crisping room where chilled air circulates through the water-cress to remove field heat last year. My investment came close to \$50,000 just for this room."

As in most other branches of agriculture, Sumida feels that research is the key to the future. Right now he and other growers are checking out the possibilities of anti-enzymes, chemicals used to keep water-cress even more crisp.

"Why don't Michigan farmers grow water-cress too?" Sumida laughed, "then they could use the facilities of your good Michigan State University to help us with our research!"

With Chicago nearby he felt there could be a substantial market for some fearless Michigan entrepreneur with a farm-located handy to an ample source of fresh running water.

It's big news! It's good news! Have a happy time greeting the New Year.

BIRTHS

A son, Kevin Allen, Saturday, Dec. 23, to Mr. and Mrs. Lyle Wenk of Manhattan Beach, Calif. The new baby is a grandson of Mrs. Eleanor Wenk.

A daughter, Debbie Lynn, Thursday, Dec. 21, at St. Joseph-Mercy Hospital, Ann Arbor, to Mr. and Mrs. Merritt Honbaum, 2820 N. Lima Center Rd. Mrs. Honbaum is the former Ariens Lesser, daughter of Mr. and Mrs. Ezra Lesser, of 12051 Island Lake Rd.

A daughter, Tonja Dee, Christmas Day, at a Bay City hospital, to Mr. and Mrs. Theodore Nixon of Standish. Mrs. Nixon is the former Shipley Dyer.

A son, Robert Todd, Saturday, Dec. 23, at St. Joseph Mercy hospital, Ann Arbor, to Mr. and Mrs. Robert White, 201 Wilkinson St. Mrs. White is the former Mary Lou Ghidotti, daughter of Mrs. Lester Hall of Mt. Hope Rd.

DEATHS

Mrs. Isadore J. Wencel
Lyndon Township Resident Dies Thursday at Hospital
Mrs. I. J. Wencel of 115 Island Lake Rd., in Lyndon township, died Thursday at St. Joseph Mercy hospital, Ann Arbor, where she had been a patient since Nov. 10. She was 60 years old.

Survivors include a son and daughter, James Wencel and Mrs. John Otto of N. Territorial Rd., and Mrs. Zina Opal of Tipton; and a brother, Morvial Altonhernt of Dexter.

Funeral services were held at 2 p.m. Sunday at the Staffan Funeral Home with the Rev. John W. Laird officiating. Burial followed at Oak Grove cemetery.

Walter L. Spaulding
Dies Enroute to Hospital Following Heart Attack
Walter L. Spaulding, 69, of 180 Fairview, Ann Arbor, died Christmas day while enroute to St. Joseph Mercy Hospital following a heart attack suffered at his home.

Mr. Spaulding was born in Sylvan township, Sept. 12, 1892, a son of Edward and Emma Everett Spaulding.

He was a graduate of Chelsea High school and attended Eastern Michigan University, then known as Ypsilanti State Normal College.

He was married in 1924 at Millbank, Ontario, Canada, to Florence Wagner who survives.

Mr. Spaulding was a representative of the State Mutual Insurance Co. of Flint for many years, moving to Ann Arbor in 1927 as district supervisor.

He was a member of the First Presbyterian church of Ann Arbor, Olive Lodge No. 156, F&AM and Olive Chapter No. 140, R.A.M., of Chelsea.

Surviving, in addition to his widow, are a son, Dale Spaulding, and three grandchildren, David, Dennis and Diana Spaulding, all of Lansing; an uncle, William Spaulding and a niece and nephew, Mrs. Thomas McClure and Roland Spaulding of Chelsea.

Private funeral services for the family will be held at 1 p.m. today (Thursday) at the Burghardt Funeral Home with the Rev. William P. Lenton of Ann Arbor, officiating. Burial will follow at Vermont cemetery here.

Friends may call at the funeral home.

The family has designated the Michigan Heart Association as the recipient of any memorial contributions which may be made.

Dr. Raymond L. Webb
Dies Suddenly Sunday at Hollywood, Calif., Home
Dr. Raymond L. Webb, 40, Hollywood, Calif., died suddenly at his home on Sunday, Dec. 24.

Dr. Webb was born on Jan. 21, 1901 at North Lake, Dexter township. He was the son of the late George M. Webb and Jennie Faulkner Webb. He graduated from Chelsea High school and the University of Michigan Dental School. In 1937, he established his dental practice in Hollywood. His wife, Martha, preceded him in death on Dec. 13, of this year.

Dr. Webb is survived by his mother, Mrs. George M. Webb of North Lake, two sisters, Mrs. Lyle (Lucy) Engle, of Dexter, and Mrs. Fred (Olive) Janke of South Lyon; a brother, Harmon J. Webb, D.D.S. of Detroit; and several nieces and nephews.

Funeral services were held Wednesday, Dec. 27, at Hollywood, Calif., with interment there.

Mrs. Eugene Towner
Dies at Ann Arbor Hospital After Cerebral Hemorrhage
Mrs. Eugene Towner, 1020 Lincoln Ave., Ann Arbor, died Sunday night at St. Joseph Mercy hospital where she had been a patient since suffering a cerebral hemorrhage a week ago. She was 52 years old.

The former Wanda Jean Park, she was born at Grand Rapids, April 19, 1909, a daughter of Ed and Stella Park, and was married July 28, 1926, to Eugene Towner who now is one of the owners and operators of the Wash 'n Dry automatic coin laundry on West Middle St. here, and co-owner of the Big Top Party Store at Ann Arbor since 1930.

Mrs. Towner was a charter member of the Numa Club. Survivors, in addition to her husband, are her mother of Lansing; two brothers, Harry Park of Pinckney and Raymond Park of Ann Arbor; and two sisters, Mrs. Marie Gauss and Mrs. Theodore Edgar, both of Lansing.

Funeral services were held at 3 p.m. yesterday (Wednesday) at the Muehlberg Funeral Chapel at Ann Arbor and burial followed at Washtenong Memorial Park, Ann Arbor.

Mrs. Margaret Mallick and Miss Erma Graber of Detroit, spent the Christmas weekend with their mother, Mrs. L. P. Vogel.

THE LETTERBOX

To the Editor:
I feel the Christmas lighting display at the J. V. Burg home on Wilkinson St. is the most magnificent, breathtaking holiday decoration I have ever seen and I've seen a good many in different communities and in various parts of the United States and Canada.

The symmetrical design, with large colored lights across the entire front of the home; the beautiful indoor decorations visible through the picture window; the large trees on the lawn, with their colored lights; and the large gold star over the front entrance combine to make the display an outstanding holiday decoration.

I'm sure I speak for many others in Chelsea when I say the Burgs deserve commendation for their efforts in providing such a beautiful display for the pleasure of all who pass their home during the holiday season.

Grandparents Can Be Good Influence on Child
Ann Arbor—Grandparents can be a valuable aid in rearing grandchildren just by being grandparents, says a University of Michigan man.

Eugene Litwak, associate professor of social welfare research, states that grandpa and grandma generally have more free time available than do parents and can enjoy a more relaxed companionship with the youngsters.

The senior parents need not worry about disciplining the children and therefore can be sympathetic adult friends—thus providing a safety-valve for the inevitable frustrations of childhood. In a program in the "Family Living" series prepared by the U-M Television Center, Litwak also says that the children can often provide the grandparents with a meaningful contact with life at a time when such contact might otherwise be lacking.

NEW HOCKEY RINK—Although not readily discernible at left in this photo, Rolly Spaulding and Tom McClear were looking at the new hockey rink at Maewood Skating Pond, when the photographer came by. Separated from the main skating surface, the hockey rink provides a special place where hockey players may enjoy the sport without fear of danger to other skaters or to the younger children who use the skating area.

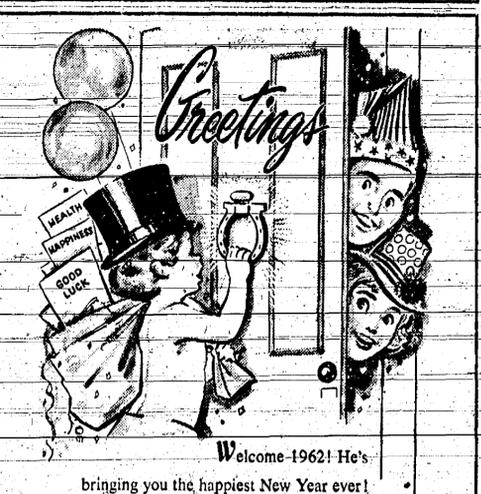

Skating Rink...
(Continued from page one)
ed skaters coming and going, or a combination of all three, but at this point the committee, who had just finished signing a contract with the equipment operators for more than \$1,000 (as yet non-existent), decided the skating area should be enlarged even further to separate the hockey players from the other skaters and the smaller children; also to provide more skating area.
This addition was included in the contract and the members of the committee, at present "poor in dollars but rich in faith in Chelsea" are starting out to raise the necessary funds to meet their obligation.
Any service group, organization or individual who has an emergency fund for iceless skating ponds, is urged to contact the members of this Chelsea Activities Committee.

PERSONALS

Dr. H. J. Webb of Detroit left Tuesday morning for Los Angeles, Calif., to attend the funeral of his brother, Dr. Raymond Webb, who was born at Maewood Lake in Dexter township.
Holiday guests at the Rolly Spaulding home were Mr. and Mrs. Philip H. Smith and son, Scott, Chelsea, and Mr. and Mrs. Douglas P. Smith and sons, Brad and Carl, of Clio.

Happy New Year
A hearty "Hello" to the New Year. May it bring good luck and good cheer and happiness to you.

Railroad Crossing Signal To Be Installed on M-36 West of Pinckney

Lansing—The State Administrative Board has approved \$20,892 in contracts for installation of three new railroad crossing flashing signals, the State Highway Department reports.
The signals will be on Townline Rd., about one mile west of East Tawas in Isosco county, on M-64 about one-half mile south of Maenisco in Gogebic county and on M-36 about one mile west of Pinckney in Livingston county.

MAEWOOD SKATING POND in the northern part of the village, shown in this diagram, is accessible from Veterans Memorial Park. Located behind the residence property on the west side of North Main St., the skating area provides a safe recreation spot for many Chelsea youngsters. The diagram shows the original area, the new addition for hockey players and the channel between the two.

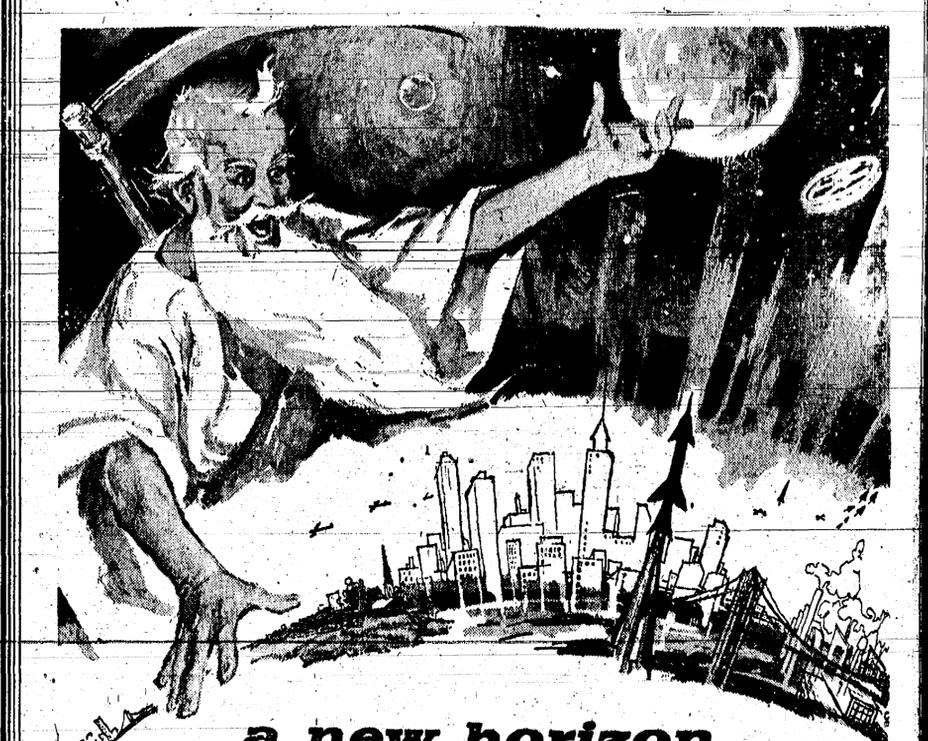

Michigan Leads Nation in Interstate Highway Building

Lansing—Michigan and Texas, which led the nation in interstate highway construction during 1960, were in the one-two positions again in 1961, the U. S. Bureau of Public Roads (BPR) reports.
The latest BPR report shows Michigan awarded contracts for construction of 169 miles of interstate freeways during the first 10 months of 1961 to lead all states.
Texas was second with 124 miles. Michigan led the nation in interstate construction during 1960 when it awarded contracts for 128 miles.
If you can't find a book worth reading, try to write one worth reading.
Texas was second with 124 miles. The Interstate freeway projects writing.

In the New Year, as in the old, we look forward to serving all our friends with ever increasing mutual pleasure.

Club and Social Happenings
EVENING PHILATHEA CIRCLE
Evening Philathea Circle held its Christmas meeting Tuesday evening, Dec. 19, at the home of Mrs. George Atkinson. Assisting Mrs. Atkinson as co-hostess was Mrs. Elwyn Beach. There were 14 members and one guest present. In presenting the program on the Advent and Christmas theme, Mrs. Russell Bernath used advent candles and read appropriate Scripture passages. An exchange of Christmas gifts followed. The next meeting is to be held Jan. 16 at the home of Mrs. Thomas Smith with Shirley Smith as co-hostess.

CHELSEA SUBURBANETTES
At the Christmas meeting of Chelsea Suburbanettes Extension club, held Thursday evening, members responded to roll call by giving favorite recipes. Reports were given during the business session on the club's Christmas community service project which provided 16 gifts for patients at Ypsilanti State Hospital; also on a trip to Detroit, Dec. 6, by eight of the club members. Thursday's meeting was held at

the home of Mrs. Robert Heller with Mrs. Walter Beuerle assisting as co-hostess. The next meeting, Thursday, Jan. 18, will be held at the home of Mrs. Bruce Byratt and will begin at 7 p.m. with a Scandinavian smorgasbord, each member to bring a dish to pass. Co-hostess for the January meeting will be Mrs. John Skittenheim.

CHAT 'N' SEAU
Members of Chat 'n' Seau met at the Congregational church Tuesday evening, Dec. 19, for a pot-luck Christmas dinner in charge of Mrs. Cora Lee Miller, followed by a program presented by Mrs. Lucille Olson. The program included a condensation of the Lucius Ragby story, "The Man who was Too Busy to Find the Child," read by Mrs. Lee Ferguson.

BETA SIGMA PHI
Mrs. Larry Chapman was the hostess for a meeting of Zeta-Beta Chapter of Beta Sigma Phi sorority held at her home Tuesday evening, Dec. 19. In keeping with the holiday season, members exchanged Christmas gifts and the hostess served appropriate refreshments. Theresa Hankard and Mrs. Chapman presented the evening's program on the topics, "Literature" and "Travel." The group will hold the next regular meeting Tuesday, Jan. 2, at the home of Ruth Beuerle.

VA CLOSING OFFICES
The Veterans Administration plans to close its 161 one-man contact offices by the end of the year. The employees will be absorbed to the extent possible in other VA activities and most of them will be replaced. Demand for services in these one-man offices has decreased. Remaining open will be 273 locations.

Attend Wedding at Battle Creek Church

The Rev. and Mrs. S. D. Kinde, with their son and daughter, Kurt and Kathryn, accompanied by the former's sister and her husband, Mr. and Mrs. Rob Gatewood of Trenton, were in Battle Creek Thursday evening to attend the wedding of Robert Richard Kinde and Susan Allen Deo at the First Congregational church. Parents of the couple are Dr. and Mrs. M. R. Kinde of Battle Creek and Mr. and Mrs. John Ballard Deo; also of Battle Creek. The reception, which the Kinde's also attended, was at the Battle Creek Country club. Both the bride and bridegroom are students at the University of Michigan.

the home of Mrs. Robert Heller with Mrs. Walter Beuerle assisting as co-hostess. The next meeting, Thursday, Jan. 18, will be held at the home of Mrs. Bruce Byratt and will begin at 7 p.m. with a Scandinavian smorgasbord, each member to bring a dish to pass. Co-hostess for the January meeting will be Mrs. John Skittenheim.

Mr. and Mrs. William G. Luick
William Luicks Will Observe 50th Wedding Anniversary New Year's Day

Mr. and Mrs. William G. Luick of 10701 Jackson Rd., Dexter, are celebrating their golden wedding anniversary on New Year's day. The couple spoke their vows Jan. 3, 1912, at the home of her parents, Mr. and Mrs. J. M. (Barbara) of Pleasant Ridge. A Frederick Thun of the Salem Evangelical Lutheran church of Seio. They are members of St. Paul's United Church of Christ of Chelsea. Mr. Luick's parents were Mr. and Mrs. Henry H. Luick. The couple has been engaged in farming in Lima township throughout their married life. They have three daughters: Mrs. E. J. Blackmore (Grace) and Mrs. Carl L. Peterson (Ruth) of Battle Creek and Mrs. Richard M. Kinde (Barbara) of Pleasant Ridge. A son, Howard H., died at the age of 12 in 1928. They have four grandchildren and two great-grandchildren. Mr. and Mrs. Luick are being honored at a family dinner party on Sunday.
