

# Mann Named President Of Chelsea State Bank

Paul E. Mann, executive vice-president and cashier of Chelsea State Bank since February, 1958, was named president, effective at the annual meeting and officers held Tuesday, Jan. 16, at the bank.

Paul G. Schaible, Sr., president of Chelsea State Bank since the merger of the former Kempf Commercial and Savings Bank and Farmers and Merchants Bank in 1934, was named chairman of the board of directors.

Schaible has been connected with banking institutions of Chelsea since Feb. 1, 1903, when he was employed by the former Chelsea Savings Bank as a bookkeeper and assistant cashier. In 1908 he was one of the organizers of the Farmers and Merchants Bank which opened for business on June 1 of that year. He served as cashier of that bank until 1921 when he became its president, succeeding John Walters who had served in that capacity until his death.

Schaible continued as president until the Farmers & Merchants Bank and the Kempf Commercial Bank merged in 1934.

Schaible recalled that total resources of Chelsea State Bank amounted to approximately \$1,000,000 when the bank opened in 1934. As of Jan. 1, 1962, the figure is in excess of \$9,000,000.

Mann's connection with Chelsea State Bank began in 1952 when he became vice-president and cashier.

A native of Freedom township, Mann is a graduate of Cleary College, Ypsilanti.

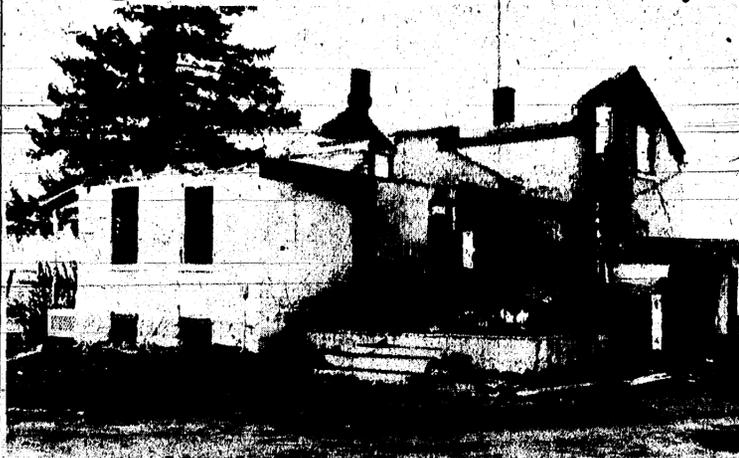

His former employment includes three years at State Savings Bank, Ann Arbor; service as disbursing officer in the U. S. Army Air Force from 1942 until 1946; and for five years immediately prior to coming to Chelsea, he was an examiner for the State Banking Department of Michigan.

He has been active in community affairs and holds membership in the American Legion; Chelsea Rod and Gun club; and Saline Masonic Lodge No. 133, F&AM. He is also an active member of the Congregational church.

He served on the Citizens Advisory Committee for Finance in connection with construction of the new Chelsea High school and is now a member of the Chelsea Board of Education.

# Douglas Stark Home Destroyed Friday by Early Morning Fire

**BLAZE DESTROYS STARK HOME**—This is all that remained after a fire early Friday at the farm home at 3661 Rentz Rd., where Mr. and Mrs. Douglas Stark had made their home since their recent marriage. Explosion of an oil space heater in the kitchen at 3:30 a.m. tore out the wall of the bedroom from which they had escaped only moments before. The Starks lost all of their possessions, including their many wedding gifts. The house, owned by Stark's parents, Mr. and Mrs. William Stark of Ann Arbor, was of brick construction with the exception of the frame kitchen wing where the fire started. This part is shown at right front in the photo.

## Recently Married Couple Lose All Their Possessions

A recently-married couple lost nearly everything they owned in an early morning fire Friday of last week.

Mr. and Mrs. Douglas H. Stark, of 3661 Rentz Rd., seven miles southeast of Chelsea, in Freedom township, escaped with their lives when they fled barefoot in freezing temperatures from their burning home which was destroyed.

Lost in the fire were nearly all of the Stark's possessions, including a large number of wedding gifts. They have been married only three months and Stark was operating the farm for his father, William K. Stark of Ann Arbor, the owner.

Friends of the couple are planning a wedding shower in the near future to help replace some of the gifts lost in the fire.

Mrs. Stark said she was awakened about 3 a.m. when she experienced trouble in breathing. Thick, heavy smoke filled the bedroom and she quickly awakened her husband. He rushed to the source of

the smoke, in the kitchen, and noted that the oil burner was affixed. He made an unsuccessful effort to shut off the fuel supply and put out the blaze but couldn't do so. He then ran to his wife and both escaped in their nightclothes. About 15 minutes from the time that Mrs. Stark was awakened by the smoke the roof of their bedroom fell in.

The Starks drove their farm truck to the residence of Mr. and Mrs. Matt Winkler, their neighbors, where Stark called both the Chelsea and Manchester fire departments. Then Stark and Winkler drove back to the farm where they were able to push the Stark car away from the burning house.

When the Manchester and Chelsea fire departments arrived at the scene the structure was engulfed in flames. Because of the wind direction, which was blowing the flames away from nearby outbuildings, the fire departments were able to prevent the fire from spreading.

In addition to nearly all of their furniture the Starks were left without any clothing except that in which they fled. At one time during the fire a fireman held up part of the ceiling while another attempted to remove a new Stereo

phonograph and TV set which the Stark's bought for a Christmas gift. The Stereo-TV was so hot, however, that the fireman had to abandon his efforts.

About the only property saved in the fire were some older possessions stored in an unused part of the home. These included an old-type sewing machine and a few pieces of furniture.

The few usable possessions that were salvaged were hauled out by firemen and a number of helpful farmers whom Mrs. Stark said came to help from "as far as eight miles away."

The two-story brick structure was quite heavily insured, according to Mrs. Stark, but lighter coverage was carried on the contents. An estimate is to be made later on the exact amount of the loss, she said.

Apparently, the fire burned upwards from the kitchen, it was stated, and fanned out over the upper areas until the second story fell to the ground floor which in turn caught on fire and both levels then fell into the basement. Only the brick walls and a pile of rubble in the basement remained after the fire.

Temporarily the Starks are staying.

## Bulldog Cagers Press U. High In League Tilt

Late Rally Shows Young Team Is Much Improved

In a game played at Chelsea last Friday night, the Cubs from University High, with an all-senior starting unit, found that the young Chelsea Bulldogs are growing a few teeth and aren't willing to be down for anyone.

Aided by the return of Bob Riemenschneider to the line-up, the Chelsea cagers played their best over-all game of the season, and continue to improve with each game.

With six minutes gone in the first period the Bulldogs led the Cubs, 12 to 8, but fell behind, 16 to 12, as the period ended. Bob Riemenschneider, playing for the first time in more than a month, got a fast start by scoring eight of Chelsea's 12 points in the first period.

The second quarter saw the two teams play on even terms, with each team scoring 18 points and ending U. High into the intermission with a 34-30 lead.

In the second period it was Curt Farley leading the way for Chelsea as he collected 12 points. The overall play of Farley continues to improve with each game as this fine young sophomore demonstrated against U. High.

As was true in their previous game, the Bulldogs got off to a very slow start. In the third period and allowed U. High to outscore them, 14 to 1, during the first half of the third quarter. This 17-point bulge proved a bit too much for Chelsea to overcome, and was the difference in the contest.

In that fatal third period the Cubs outscored Chelsea, 19-12, and went into the fourth quarter with a 53-42 lead. The Bulldogs rallied strong and came within three

## Weed Control Clinic Set for Corn Growers

Corn growers of Washtenaw county are invited to attend a Weed Control Clinic Thursday, Jan. 25 to receive up-to-minute information for control of weeds in corn. The clinic begins at 8:00 p.m. at the Chelsea High school.

Chemical weeding of corn, a subject of tremendous interest among corn growers, will be described and evaluated by farm chemical specialists. Types of herbicides, application methods, costs and benefits will be covered in detail, with a question and answer tailoring such information to the local situation.

Although the new herbicides are relatively simple to use, such factors as soil types, terrain, cropping practices, kinds of weeds and degree of infestation should be taken into account to assure maximum effectiveness.

A color motion picture, "A New Day in Corn," will be premiered at the clinic, timed to provide information which may figure into farmer's crop production plans.

Anyone interested in corn production is welcome to attend the clinic. Refreshments will be served.

**COMMUNITY SURVEY** — George Staffan, center, chairman of the Chelsea Junior Chamber of Commerce community-wide survey which is to be held here Saturday, is shown above as he discussed final plans for the project with Jaycee President Daniel Maroney (right) and Lyle Christwell, one of five group captains. The village has been divided into five sections for Saturday's survey, each in charge of a captain. In addition to Christwell, captains are Ron Branham, Bill Lake, Ralph Frish and Robert Hertke.

## Chelsea Group Will Observe Jaycee Week

Village Survey Will Be Taken by Local Members

Young Men Cited For Many, Varied Service Projects

Chelsea Jaycees are drumming up support for the celebration of Junior Chamber of Commerce Week here Jan. 21-28 and are asking local organizations to co-operate in the observance.

Village President Robert Daniels has issued a proclamation on the week, the purpose of which, he states, is to focus attention on young men and the work they are doing. In Chelsea, President Daniels said, the Jaycees have done an outstanding job in the fields of community development and leadership training.

A capsule summary of Jaycee activities might read as follows: sponsor youth of area at JCC golf championship; successfully operated a Youth Center for two years; sponsor Cub Scouts; operate a teen-age road-to-teach good driving habits, proper attitude, and courtesy on the road; built a retaining wall on north parking lot; donated flag for community; painted crosswalks at various locations.

Other important activities include: helping move the library to its present location; helping finance scoreboard for athletic field; packaging and distributing Civil Defense information; provided Home Health emergency book; providing community Christmas tree; provided a good Christmas for a needy family; helping

(Continued on page five)

## Chelsea Beats Manchester in Final Seconds

Chelsea high school came from behind in the last 18 seconds of play to defeat Manchester High, 53-52 in a Washtenaw Conference basketball game played at Manchester Tuesday night of this week.

It was Don Joseph's two free throws in the final seconds that put Chelsea out in front for good in the game.

Curt Farley led Chelsea with 20 points, while Joseph followed with 14. Bob Riemenschneider was third in scoring with 13 points.

Friday night the Bulldogs meet league-leading Saline, here.

The JV game was won by Manchester, 36-34.

## Travel Series Tickets Sale Going Well

An unusually large attendance was present for Monday's Kiwanis club meeting in the social center of the Methodist church. In addition to almost 100 percent club attendance there were a number of guests including interclub visitors from Ann Arbor, Saline and Ypsilanti.

The evening's program was presented by Don Turner who showed moving pictures of great numbers of wild geese that had stopped for varying periods at Pierce Lake during the past year. Also included were progress pictures of several geese who remained at the lake to hatch broods of goslings.

During the business session, Wallace Wood, ticket chairman for the Kiwanis-sponsored travel-adventure series which begins Feb. 8, reported that well over 500 season tickets have now been sold.

(Continued on page three)

## Officers To Be Elected for Area Chapter Of United Church Women

Thursday, Jan. 25, at 1 p.m. there will be a meeting in the Methodist church social center for the purpose of completing organization of a Chelsea area chapter of United Church Women and for an election of the first slate of officers. All church women of the Chelsea vicinity are invited including those in the rural areas, regardless of church affiliation.

Women of the four major Protestant denominations, took the initiative to begin organization of the group at a meeting held Dec. 1, 1961, after several years of growing interest in the idea. During that meeting a president pro tem appointed a committee to name a slate of officers to be presented for election at the meeting scheduled for Jan. 25.

This nominating committee included the current presiding officers of the women's organizations of the four denominations as follows: Mrs. P. G. Schaible of St. Paul's Evangelical and Reformed church; Mrs. Loring Bates, Methodist church; Mrs. Judson Goltra, St. Barnabas' Episcopal church; and Mrs. Robert Wagner, Congregational church.

If weather permits, Mrs. Leroy V. Walcott of Grand Rapids, president of United Church Women of Michigan, will be present to address the group. Mrs. Walcott has expressed a wish to personally welcome the Chelsea group into the larger fellowship of the statewide organization at this meeting.

A film, "United Church Women At Work," will be shown to explain in more detail the areas of concern of the organization.

It has been emphasized that membership in the Chelsea organization is open to women of any denomination who may care to participate in the work of United Church Women, a branch of the National Council of Churches.

(Continued on page four)

## Birthday Dinner Honors Nine at Methodist Home

Nine persons at the Chelsea Methodist Home were honored at the monthly birthday dinner held Tuesday of this week.

Honored were Mrs. Mary Rutzen, Mrs. Ida Loomis, Mrs. Nina Irons, Mrs. Nora Bench, Mrs. Nina Irons, Mrs. Emma Fuyelle, Mrs. Minnie Fisher, Donald Griffin and Mrs. Frances Clark.

Miss Clark, Detroit, who has been in the home 19 years, became 90 years old Jan. 5.

As birthday gifts each received a lovely corsage.

The Rev. and Mrs. John R. Smucker and Mr. and Mrs. Robert Baldwin of St. Barnabas' Episcopal church attended the annual meeting and dinner of St. Andrew's parish, Ann Arbor, Wednesday evening.

## Chamber Working With Economic Development Body

Members of the Chelsea Chamber of Commerce heard reports from three committees at their monthly meeting held Tuesday evening of this week in the Congregational church dining room.

Robert Daniels, chairman of the Economic Development committee, reported that his committee is working closely with Gelman Instrument Co. in their expansion plans. He said Gelman officials have indicated a desire to remain in Chelsea and "the committee is doing everything possible to keep them here."

He reported that his committee and a representative of the Michigan Economic Development Department will meet with officials of Gelman Instrument Co. Sunday and go over possible sites that the company might be interested in here. He said Gelman has indicated that they would be interested in a 20-acre site with adequate parking facilities and utility extensions.

William Blaess reported that his committee is working on the improvement of road conditions in this area; Rolfe Spaulding reported progress is continuing on the ice-skating rink at the north end of the village.

## New Owners Take Over Operation of Weber's Dairy Bar

Mr. and Mrs. Neil Fahrner are the new owners of Weber's Dairy Bar. They assumed ownership Jan. 2 from Mr. and Mrs. Fred Weber.

Fahrner formerly worked with the Michigan State Highway Department. He was associated with surveying and road construction. Mrs. Fahrner is employed as a switchboard operator in the University of Michigan dental school but will resign her position in the near future to help out in the dairy bar.

The Fahrners say they anticipate no changes in the operation of the dairy bar.

Mr. and Mrs. Weber say their plans for the future are indefinite at the present time.

## PROCLAMATION

WHEREAS, the civic bodies and service organizations of our community and the departments of the local government recognize the great service rendered to this community by the Chelsea Junior Chamber of Commerce, and WHEREAS, the United States Junior Chamber of Commerce and its affiliated state and local organizations have set aside the week of January 21-26, 1962, to observe the founding of the Junior Chamber of Commerce, and WHEREAS, this organization of young men has contributed materially to the betterment of this community throughout the year,

THEREFORE, I, Robert Daniels, President of the Village of Chelsea, do hereby proclaim the week of January 21-26, 1962, as JAYCEE WEEK and urge all citizens of our community to give full consideration to the future services of the Junior Chamber of Commerce.

Signed:  
 Robert L. Daniels,  
 Chelsea Village President.

Dated: Jan. 15, 1962.

## Manchaster Pastor Hospitalized with Hip Injury in Skating Mishap

The Rev. Ralph L. Kuetner, pastor of Emmanuel United Church of Christ at Manchester was taken to Herrick Memorial hospital, Tecumseh, Thursday evening after he suffered a broken hip in a skating mishap.

He had fallen while ice skating with members of the church Youth Fellowship following a regular meeting of the group.

**DIMES BOARD FILLED**—Carl Dredge, Wolterine Tavern proprietor, is shown standing beside the New March of Dimes board which early this week was already filled "beyond capacity" with dimes. Total amounts contributed at the time the picture was taken was \$45.70. Slots intended for only one dime were stuffed with two or more

inserted behind the original ones. A second dime board has been delivered to the tavern and Dredge said he feels certain it also will be filled "beyond capacity" in a short time. The contributions will be included in Chelsea's total for the campaign, according to Mrs. Donald Baldwin, 1962 campaign chairman.

### Two New Directors Named To Soil Conservation District

At the annual meeting of the Washtenaw County Soil Conservation District, Tuesday, Jan. 9, Donald W. Zeeb of Earhart Rd., and Gerhard Schaeble of Pleasant Lake Rd., were elected directors to succeed Rudy Layher, Jr., and Donald Gill, whose terms had expired.

Directors who continue into the coming year are Luther Schaeble, Raymond Girbach, and Lloyd H. Hoyer.

Also on the board as secretary is Wilbur Dexter, Washtenaw county extension agent for agriculture.

Soil Conservationist John Trustdorff gave a detailed report at the meeting mentioning that new conservation plans had been developed for 45 farms in the county during the past year.

The plans established the possible use of every part of the farm land.

Trustdorff also made particular mention of the county's farm tile system, saying it was installed by 47 miles during 1961.

He said, 1960, that new soil surveys were completed on 4,822 acres, and 132 new acres were developed as private wildlife preserves, and 74,500 acres are now classified as commercial forest, most of them in five-to-20-acre farm woods.

According to Trustdorff's report at the meeting the district added 22 new co-operators during 1961, bringing membership to about 450, and serviced more than 170 re-

quests for special studies or assistance.

Members of the district voted to continue existing policies and activities in 1962 and continue efforts to establish proper land use for every acre in the county.

All landowners who do not reside in incorporated areas are eligible to become members of the district. Trustdorff explained an extended invitation to all Washtenaw landowners, both rural and "urban," to take advantage of Conservation services in managing their land. The only requirement for membership in the Soil Conservation District is ownership of

### Ex-Newman Named Manager of Michigan Railroads Association

Appointment of George Van Koeveering of Okemos as manager of the Michigan Railroads Association was announced today by George H. Wyatt of Detroit, chairman of the Association. Van Koeveering succeeds the late Richard W. Mason who died last month.

Van Koeveering has been with the railroad group since 1957 when he assumed the position of director of public relations and secretary. He is an ex-newspaper man who was active in the Michigan Press Association, and is widely known among the press of the state as a former publisher in Zeeland.

### Nature Must Have Her Way Despite Cold

The cold weather Chelsea experienced last week didn't deter Mother Nature from her regular duties.

In eight-below zero weather a pigeon named "Lull," owned by Mr. and Mrs. Frederick Schultz of Chelsea, gave birth to a baby pigeon in the Schultz's garage.

Lull laid two eggs but because of the cold weather, only one hatched. Mrs. Schultz reported.

Ma and Pa pigeon are keeping the youngster healthy in the cold weather by a combination of "feeding and sitting," according to Mrs. Schultz. Mother sits on the baby to keep him warm while dad takes care of the feeding by dropping portions of oatmeal and grain down his mouth.

### Lincoln Day Dinner Plans Underway

Preliminary plans for Washtenaw county's traditional Lincoln Day dinner are well under way.

General chairman of the event, to be held Monday evening, Feb. 12, is Mrs. J. A. Nichols of 1815 Chalmers Dr., Ann Arbor, who was appointed by Wendell Hobbs, Washtenaw Republican committee chairman. Mrs. Nichols will announce the name of the Lincoln Day speaker as soon as arrangements are confirmed.

Scene of the dinner will be the grand ballroom of the Michigan Union, on the University of Michigan campus. Tickets are being made available under the supervision of Mrs. Edward Drury of 1908 Lorraine Pl., Ann Arbor.

Committee appointments made by Mrs. Nichols include the following:

Area chairman: Ann Arbor Area, Mrs. Paul Gikas, 1009 Glastonbury, Ypsilanti area: Mrs. Charles Getson, 1610 DeSoto, Ypsilanti.

Other appointments: secretary, Mrs. A. R. Bergelin, 519 Riverview, decoration chairman, Mrs. Fred Collier, 2105 Wallingford, advisors, Wendell Hobbs, 2000 Overidge Dr.; Norman Randall, 1041 Heatheryway (Ann Arbor Republican city committee chairman), Mrs. Thomas Scott, 407 Wilder Pl.

Social hour chairman, Mrs. Richard Huston, 7648 Forest Ave., Dexter; entertainment chairman, Mrs. Kenneth Magee, 1109 Heatherway; hostess chairman, Mrs. Gordon McDonald, 1125 Country Club Dr., publicity chairman, David Reed, 3700 E. Huron River Dr.; program chairman, Dan Schurz, 2107 Vine-

wood.

### TEST PILOTS HONORED

President Kennedy awarded the Harmon International Trophy for Aviators to three test pilots of the X-15 rocket plane recently. The trophy, presented jointly for the first time, went to Maj. Robert M. White of the Air Force and to Joseph A. Walker and A. Scott Crossfield for "outstanding and extraordinary feats of individual piloting."

The University of Michigan is made up of 17 schools and colleges, a state-wide extension program, research institutes, radio station, television studios, hospitals, clinics, libraries, museums, observatories and playing fields.

TED KAYSER is now stationed at the National Aviation Technical Training Center at Memphis, Tenn.; his studies there will determine the field in which he will eventually serve with the U.S. Navy. He entered the service Aug. 30, 1961, and was home on leave after completing boot training at Great Lakes Naval Training Station, Great Lakes, Ill., Nov. 23. His parents are Mr. and Mrs. Edmund Kayser, 4701 Kalmbach Rd.

### Chelsea Products Credit Union Elects Officers

Chelsea Products Employees' Credit Union, at its sixth annual meeting—Saturday evening, re-elected William Nagley, Jr., as board president; Edward Risner, vice-president; and Frank Oates, a director.

Remaining in office as directors are Charles Blanchard, clerk and Ralph Frisch, treasurer.

Re-elected as a member of the supervisory committee was Mrs. Byron Smith who will continue to serve with the two members remaining in office—Mrs. Dorothy Ortring and Daniel Maroney.

Also re-elected was Cecil Herman on that committee. Others on that committee are Lawrence Pleau, LeRoy Loveland and, by appointment to fill a vacancy, Don Houle.

The Credit Union Board announced a 4 1/2 percent dividend on shares and a 15 percent interest rebate on loans which are not delinquent more than 30 days.

Reports at the meeting, held at McKune Memorial Library, stated that there are now 101 members with 50 percent listed as borrowers and the remainder savings accounts.

### Bank Officers...

(Continued from page one)

Mann is a past president of both the Chelsea Chamber of Commerce and the Kiwanis club. He has also served on the board of directors of the Chelsea Community Chest.

Paul G. Schaible, Jr., was re-elected as cashier and was also named as a member of the Board of Directors. He has been with the bank since February, 1956 and has served as cashier since January, 1958.

He is a 1951 graduate of the University of Michigan and received a master's degree from Northwestern University in 1952. He was employed by the National Bank of Detroit for one and one-half years prior to joining Chelsea State Bank and had previously served for two years in the U. S. Army Finance Corps.

The present Board of Directors of Chelsea State Bank includes J. Vincent Burg, Jr.; Howard S. Holmes who is vice-president; John P. Keusch, Paul E. Mann, F. W. Merkel, A. A. Palmer, M. D., P. G. Schaible and Paul G. Schaible, Jr.

A rat may eat as much as 40 pounds of feed grains during a year, according to Michigan State University farm specialists.

### Gov. Swainson Will Speak at Meeting of Washtenaw Democrats

It was announced at a meeting of the executive board of the Washtenaw county Democratic committee, held at the home of Mrs. Kenneth Boulding in Ann Arbor, that Gov. John D. Swainson will be the principal speaker at a joint meeting of the Washtenaw county and city Democratic organizations to be held Jan. 23.

Peter Darrow, Washtenaw county chairman of the Democratic party, said the governor will discuss his 1962 legislative program and will comment on the prospects of the constitutional convention.

It was also stated at the meeting that this year's finance and membership drive will run from Jan. 23 through Feb. 25. Mrs. John Lansing, Ann Arbor, was named chairman of the drive. Mrs. Lansing is a former chairman of the Washtenaw county Democratic committee and was a delegate to the last national convention.

The meeting is to be held at 8 p.m. at the Ann Arbor public library. The public is invited.

Church Women of St. Barnabas Episcopal church, Thursday, Jan. 25, 7:45 p.m., at the church. Dish towel shower.

## No Anti-Rabies Clinics Scheduled For This Year

In response to inquiries of area dog owners as to whether anti-rabies vaccination clinics were to be held here this month, it is pointed out that announcement was made late in December by the Washtenaw county Health Department that there were no clinics scheduled for 1962.

Reason for this is that Dr. George Bowler, public health veterinarian, is the fact that in 1961 the two-year vaccinations were administered and the dog licenses stamped with this information last year will be accepted by all township treasurers as they issue 1962 dog licenses.

Dr. Bowler said anti-rabies vaccination clinics will be held again next year, according to present plans.

Since most dog owners had the two-year vaccine administered last year, the Health Department decided there would be an insufficient number to warrant holding the clinics this year.

## Last Call Issued For Farms Missed By Photographer

If your farm is one of those that has not yet appeared in The Standard's series of "mystery farm" photos and you would like to have it included in a new series being planned, please call the office, GR 5-3681, and give your name and the location of your farm.

Response to our announcement of the new series, published in the Jan. 11 issue of The Standard, indicates that the original series missed a large number of area farms.

To give everyone an opportunity to list their farm to be photographed by the aerial photographer, we are repeating the announcement this week only.

Please call at once if your farm was not included in the original series and you would like to have it photographed.

# DEATHS

## Andrew Hafley Former Area Resident Dies at Portland, Ore.

Word has been received here of the death of Andrew Hafley of Portland, Ore. His death occurred Jan. 4 after a long illness. He was 81 years old.

He had made his home in the west for the past 60 years, returning here for varying periods during that time. His last visit here was in 1958.

Born in Manchester township, Sept. 25, 1880, he was a son of Henry and Catherine Schilling-Hafley. Before leaving for the west, where he worked for many years in sawmills, he had lived in the Sylvan Center area.

He is survived by three brothers, William Hafley of Jackson, and George and Fred Hafley of near Sylvan Center; and a number of nieces and nephews.

## William H. Freeman Former Chelsea Resident Dies Sunday in Ohio

William H. Freeman, 64, former resident of Chelsea, died Sunday in Columbus, O., after a long illness.

He was born in Chelsea, March 26, 1897, a son of Samuel and Ida Forner Mohrlock. He lived in Columbus and Gahanna, O., in recent years.

Surviving is a daughter, Mrs. Ida Zepfel of Pittsburgh, Pa. Funeral services and burial will be held today (Thursday) at the Egan Funeral Home, Newark, O.

## Wilson West Dies Suddenly Sunday Leaving Eight Children

Wilson B. West, 40, died suddenly Sunday at his home, 18922 Old US-12 West, Sylvan township.

He was born Sept. 5, 1912, in Sylvan Center, a son of Harrison and Mabel Dyer West. He married Vivian Intinat on May 6, 1944, in Highland Park. The couple lived at Garden City until 1948 when they moved to the Chelsea address.

Mr. West was employed at the Ford Motor Company's automatic transmission plant, Livonia, until his health forced his retirement last April.

He was a member of St. Mary's Catholic church, Chelsea. Surviving in addition to his wife are his parents of Sylvan Center; three sons, David, Duane and Darryl; and five daughters, Diane, Dridna, Denise, Deborah and Della, all at home; five brothers, Nelson, L. D. and J. D., all of Ypsilanti; Harold of Brighton and Donald of Pinckney; a sister, Mrs. Carl Arndt of Ypsilanti, and several nieces and nephews.

Another brother, Arthur, died in 1930. Funeral services were held at 9 a.m. yesterday at St. Mary's Catholic church. The Rev. Francis Maliszewski officiated. Burial took place at Mt. Olivet cemetery.

Funeral arrangements were in charge of the Staffan Funeral Home. The Rosary was recited there at 7:15 p.m. Monday.

Harvard University Library has a collection of more than six million printed volumes.

## Needlework Guild Receives 486 Garments at Ingathering

The Chelsea branch of the Needlework Guild of America held its annual executive meeting Thursday with 30 directors present.

Reports at the meeting mentioned that 486 garments and household articles were contributed at the annual ingathering in October. The articles were placed on display at an ingathering held at the Congregational church.

Reports of the ingathering also mentioned that the Helping Hand Society, one of the groups who are contributors, was responsible for the attractive tea table arranged at the ingathering, as well as for the cookies that were served.

Refreshments for Thursday's meeting were served by Mrs. Thomas Masterson, president of the Chelsea branch, and Mrs. Guy Barton.

Election of officers resulted in re-electing Mrs. Masterson as president. Others elected are Mrs. Winifred Coffron first vice-president; Mrs. Robert Wagner, second vice-president; Mrs. Edmund Kayser, third vice-president and Mrs. J. V. Burg, fourth vice-president, in charge of distribution.

The list continues with Mrs. Guy Barton, secretary, and Mrs. H. T. Moore, treasurer.

It was noted at the meeting that a full column of the November, 1961, issue of the official news publication of the national Needlework Guild, featured information pertaining to the Chelsea branch. The information was an excerpt from a letter sent in by Mrs. Masterson, Chelsea branch president.

The letter mentioned particularly the Helping Hand Society of

Chelsea, a group of older women who each year make and contribute at least six quilts.

Also mentioned was the fact that Chelsea Social Service depends almost entirely on the Chelsea branch of the Needlework Guild for the clothing and linens furnished to needy area persons.

Extension, clubs and church groups of the Chelsea area were described as "excellent sources for contributions" to the Chelsea ingathering.

The publication concludes the story by quoting Mrs. Masterson as follows: "It is wonderful to feel that we play a small part in this outstanding humanitarian project that takes place each year all over our United States!"

A daughter, Jamie Dee, Thursday, Dec. 28, at St. Joseph Mercy hospital, Ann Arbor, to Mr. and Mrs. David Atkinson 207 Cavanaugh Lake. Mrs. Atkinson is the former Jean Greenleaf.

A daughter, Kimberli LuAnn, Friday, Jan. 12, at St. Joseph Mercy hospital, Ann Arbor, to Mr. and Mrs. Leonard Yuper, 6171 Aldine Dr., Brighton. The Yupers were formerly Chelsea residents.

A son, James Leo, Sunday, Jan. 14, to Mr. and Mrs. Louis H. Fitzsimmons 13950 North Lake Rd.

Daniel Maroney and Ed Akin, spent Saturday in Lansing at a Junior Chamber of Commerce presidents' training meeting held at Kellogg Center.

## CHS Semester Exams Now in Progress

Semester exams for Chelsea high school students started Tuesday of this week and will continue through Friday, it was announced.

Because of the time lost during the recent snow and sleet storm it was decided to hold school Friday which ordinarily would be an off day for marking exams in the high school and scheduling parent teacher conferences in the grade

## Final Date Near for Grain Price Support

Farmers expecting to apply for price support loans on their 1961 crops wheat, oats, barley, rye, dry edible beans, soybeans, flaxseed or grain sorghums should do so by Jan. 20 according to Carolyn Stump, office manager of the Washtenaw county ASC Committee.

The final date for approval of loans and purchase agreements is Jan. 31; however, in the case of farm-stored loans, a minimum of two weeks is required for inspection of storage structures and the grain by loan inspectors and the obtaining of a sample of the grain to be forwarded to a grain grading laboratory before the loan documents can be completed.

If the storage structure and the grain are found to be acceptable, the producer will be given an opportunity to complete the loan. The loan and chattel mortgage must be signed and on file in the county ASCS office by Jan. 31.

Price support may be obtained by the producers of the above commodities through purchase agreements by applying to the county ASCS office on or before Jan. 31.

Purchase agreements differ from loans in that the producer receives funds unless or until he delivers the commodity to the Commodity Credit Corporation after the maturity date for the loan program. These maturity dates vary, depending on the crop, from one to four months after the final availability date of Jan. 31.

## U. High Contest (Continued from page one)

points of the Cubs, but were unable to close the gap as U. High's fine guards, Bill Dixon and Paul Kauri, controlled the ball for the greater part of the last three minutes of play, and scored on several break-away shots, to put the game on ice for U. High, 67-59.

Don Joseph, despite the fact that he had his glasses broken early in the game, was strong on the boards and led the Chelsea scoring in the fourth quarter with seven points, while Gordon Carpenter, a fine upcoming sophomore, did a good job in his first starting role. Jim Cameron, used mostly in relief, showed considerable improvement, and aided the Chelsea fourth quarter rally greatly. Jack Howard played his usual steady floor game, but was unable to hit the scoring column.

The scoring totals for Chelsea were: Curt Farley, 21; Bob Riemenschneider, 20; Don Joseph, 10; Gordon Carpenter, 8; and Jim Cameron, 3.

For U. High—Bill Dixon was high with 21 points.

The U. High Junior Varsity defeated the Chelsea Junior Varsity, 63-28.

Those things that come to the man who waits seldom turns out to be the things he's waiting for.

### Rural Chairmen Named To Head March of Dimes Mothers' March

Mrs. George Elgass of Ann Arbor, who is Mothers' March chairman for the 1962 New March of Dimes, has announced the list of rural chairmen of the Mothers' March solicitation in the Chelsea-Dexter area townships.

In Sylvan township the chairman is Mrs. Franklin Gee and in Lima township Mrs. John Cole is chairman.

In Freedom township Mrs. Roy Bihlmeier is to serve in that capacity.

Others are Mrs. Leo Hoey, Dexter township; Mrs. Burton Bucy and Mrs. Patrick O'Malley, Webster township; and Mrs. Lawrence Stalker and Mrs. Howard Cribley, Solo township.

In Lyndon township the principal means of raising funds each year is through mailers; there is no house-to-house solicitation.

In Sharon township, where Mrs. Bernard Kemmer is chairman, a balloon sale will again be the means of raising money for contribution to the Mothers' March quota.

Rural solicitors do their work during the week before the Mothers' March night; Mrs. Elgass said it is left to the rural chairmen's own discretion what form of fund-raising they wish to follow in their own area.

Mrs. Donald Baldwin, Chelsea chairman of the New March of Dimes campaign, said yesterday that among mailers she received this week were three from young children—one with a dollar bill enclosed and two with small change. One of the latter had 10 pennies in it.

Mrs. Baldwin reported that she was gratified with the early response of people of the community who are returning the mailers sent out only last week. She has received several anonymous donations in the mailers, among them one for \$5.

Mrs. Baldwin stressed that she is hoping all giving for the New March of Dimes here will be entirely voluntary. She said there has been some question about "giving twice"—Mailers and Mothers' March—and she pointed out that each contributor need give only to one or the other, as he wishes; no one should give a contribution because he feels he "is expected to do so."

"All the research done through the years to find an effective vaccine for polio was made possible because of such voluntary contributions; the National Foundation's present fight against the effects of birth defects and crippling arthritis continues to depend upon this voluntary generosity of people who are sympathetic to its efforts on behalf of every man, woman and child in the country," Mrs. Baldwin concluded.

### Come Ivan, Let's See You Top This!

With nearly 3 1/2 million telephones in the state, Michigan alone has almost as many telephones as all of Russia.

The latest issue of "The World's Telephones," published by the American Telephone and Telegraph Co., shows there are slightly more than four million telephones in the USSR, or about two for every 100 persons.

In the entire world, the report says, there are 141,700,000 phones, with more than half—74,342,000—in the United States. Eighteen Michigan cities with populations of 50,000 or more, accounted for 2,158,967 of these, Detroit leading with a tally of 1,128,528. Detroit ranked third in telephone density among US cities, as New York and Chicago were first and second, respectively.

This country's telephone development was the highest in the world with about 40 for every 100 persons. Great Britain was next with a 16 for every 100-person tabulation, and West Germany took third place with 11 telephones per 100 persons.

Canada, which ranked fourth in the total number of telephones with 6,728,167, retained its distinction of being the most loquacious nation. Canadians averaged more than 538 telephone conversations per person in 1960. In the U. S., the average was 520.

AT&T said it takes about 12 months to collect and compile the data, therefore telephone statistics reported in the booklet stand as of Jan. 1, 1961.

Although not a part of the AT&T world report, slightly more than three million of Michigan's telephones are served by the Michigan Bell Telephone Co. Its three-million phone was installed on the I-94 freeway last September.

About 70 percent of Michigan's students are residents of the State of Michigan.

### Cub Scouts Plan For Important Future Projects

Cub Scout Pack No. 125 will hold its monthly meeting tonight at 7 p.m. in the Junior high school. Plans for important forthcoming events will be discussed. Mrs. J. Ersten, chairman of the Blue and Gold dinner, states that the dinner will be held Feb. 15. Entertainment will be provided by the Washtenaw Indian dancers. There will be a silver donation to help defray expenses with any surplus to go for Cub Scout work.

Another important future date is Feb. 7-13, Scout Week. Displays will be featured downtown and at the schools. Scouts are asked to wear their uniforms to church on Scout Sunday, Feb. 11.

Planning for these events took place at a den mother's and committee meeting Jan. 8 at the home of Mrs. Vernon Parks. Present were Mrs. C. Farley, Mrs. D. Lindsey, Mrs. D. Soule, Mrs. Ersten, Mrs. G. Heydlauff, Mrs. DeLoey, Mrs. Ballinger, Mrs. A. Peterson and John Potts. Games were played and refreshments served.

You've been asking for them!

# Youth Driver Education Improves Accident Rate

The accident experience of young men drivers, which long has been the worst among all Michigan motorists, is slowly but consistently improving and there is reason to believe that the trend is a result of the state's high school driver education program.

In the 10 years before driver education was offered to all high school students of the state, in the 1950-57 school year, the accident rate of young men drivers, as a group, increased steadily until it reached twice that of all other drivers. The accident-loss experience of the group, which reflects both the frequency and severity of the accidents, increased to three times that of all other drivers.

In 1957, these increases halted, and since that time the proportion of young driver accidents and losses to those of other drivers have remained unchanged, although the young driver group has been increasing in size.

This is not a dramatic change, and both the accident rate and loss volume of the young driver group continue to be matters of major concern to safety people and insurers.

However, the leveling off of the accident and loss ratios does represent a substantial improvement. Although the young driver part of the driving population is continuing to increase, its proportionate part of the accident and loss pattern has stopped increasing for a long enough period of time to indicate a definite trend.

This represents an important saving in lives, suffering, and cost over what would have been experienced had the increase during the 10 years prior to 1957 continued during the subsequent four years.

It is not possible to trace the change in this trend to any specific cause, but its coincidence with the development of Michigan's pioneering program of universal high school driver education seems significant.

The slow development of the change also appears to reflect the progress pattern of the effort to create a better trained new generation of drivers.

Since 1957, Michigan high schools have provided driver education for some 484,000 students. About half of these have been young men drivers, who, as a group, have a bad experience until about age 25.

Although this is a large number of driver education graduates, it

falls far short of a saturation of the 16 to 25 age group of young men drivers in Michigan. Achieving anything close to saturation is a slow process. Many of those who take driver education in Michigan then leave the state to attend college, take employment, or serve in the armed forces. Meanwhile, the Michigan young driver population also is continuing to receive numbers of new arrivals from states which do not offer a comparable driver education program.

Driver education now is costing about \$4,500,000 a year. Unquestionably it already has played a part in effecting insurance cost savings of several times that amount. If, as an end result, it can reduce young driver loss just to the rate which now exists among all other drivers it will cut the cost of Michigan accidents a conservative \$20,000,000 a year.

## WATERLOO

Mr. and Mrs. Will Barber are recovering nicely at their home, following an automobile accident and hospital care in Lansing.

Mrs. Jessie Schulz is spending some time with her sister, Mrs. Dora Stoer, in Stockbridge.

Sunday callers at the home of Mr. and Mrs. Will Barber were Mr. and Mrs. Floyd Rowe, Mr. and Mrs. Genna Rentschler, Mr. and Mrs. Leo Walz, Mrs. Bernard Prentice, Mrs. Annabelle Woolley, Mr. and Mrs. Wendell Barber and family of Stockbridge, Mr. and Mrs. Theron Foster and Mr. and Mrs. Vern Glenn of Ypsilanti.

George Young returned home Sunday after spending several days in Foote hospital, Jackson.

Mrs. Edna Walz returned to her home in Stockbridge following several days stay with her brother and sister-in-law, the Will Barbers.

## Stark Home Burns...

(Continued from page one)

ing at the home of her parents, Mr. and Mrs. Arthur Hardiman in Ann Arbor. A cousin of Stark, William Piki in Dexter, has offered them the use of a house-trailer until they can find accommodations.

Summing up their tragedy Mrs. Stark said she and her husband were grieved about the property loss but "We're thankful we still have each other—the rest of it things can be replaced."

**CHRISTMAS PROJECT**—A report of recent activities of Lima Center Extension club included mention of the fact that 38 patients at Ypsilanti Hospital were remembered with Christmas gifts contributed by club members. Remembering the hospital patients was a community service project of the club. The gifts, in gay holiday wrappings, were brought to the home of Mrs. Emma Seitz, 304 East Middle St., when members held their own Christmas party. Shown in the above photo taken at the gathering are, from left, Mrs. LeRoy Feldkamp, the club chairman; Mrs. John Fischer, oldest member of the club; Mrs. Myrtle Price, chairman of the community service project; and Mrs. Jack Bradbury, the club secretary. The January meeting of the club, which was to have been held Wednesday at the home of Mrs. Oscar Stierle, was canceled because of icy road conditions. The next meeting is scheduled for Feb. 14.

Mr. and Mrs. John Langowski and daughter, of Chelsea, were Sunday dinner guests of Mr. and Mrs. Richard Abdon and son.

Are there those who will make, and keep, some New Year's resolutions?

# H. Hilton Quits Health Dept. Position

The resignation of Howard G. Hilton, Health Educator with the Washtenaw County Health Department, was announced this week by Dr. Otto K. Engelke, Health Officer. The resignation is to become effective Feb. 1.

Hilton has accepted a position in the Vision and Hearing Conservation Branch of the United States Public Health Service in Washington, D. C. He will work in program development in the 50 states and Puerto Rico.

He joined the staff of the Washtenaw County Health Department in 1954, at which time, under the direction of Dr. Engelke, he established the position of Health Educator. As part of his duties, he conducted the first community chest x-ray survey in Washtenaw county, conducted weekly radio programs over local radio stations, handled newspaper and radio publicity concerning all special projects undertaken by the health department, and has worked with schools and community groups throughout the county on educational programs of classroom interest as well as community interest, and has afforded field experience to graduates of the School of Public Health in health education.

Since coming to Ann Arbor, he has served as president of the Health Division of the Bureau of Community Services, member of the steering committee of the Ann Arbor area V.F., president of the Washtenaw County Society for Crippled Children and Adults, Inc., as a ruling elder of the First Presbyterian church of Ann Arbor, member of the Board of Directors of the Washtenaw County Committee on Alcoholism, and executive secretary of the Michigan Public Health Association.

Exclusive of official duties, Hilton commands a Surface-to-Air Guided Missile Battery of the National Guard in Detroit and is a member of the faculty of the Michigan Military Academy which is the Officer Candidate School for the Army National Guard.

Mrs. Hilton and their three children will remain at their Loch Alpine home through June. She is presently teaching in the Neuro-psychiatric Institute's Adolescent Unit of the University Hospital school.

## HONEYMOON AND NO BRIDE

Seattle — A young man arrived at St. Benedict's Roman-Catholic Church and said he was going to marry a girl of the parish as soon as she arrived.

The obliging Father helped the youth fill out the required forms, and he began pacing the floor waiting on the young lady.

The youth noticed a bank deposit made out for \$1,400 and remarked that that would be enough for a nice honeymoon.

Suddenly the youth picked up the money and darted out of the door. The priest had no record of the girl in the church files.

The human heart rests about eight-tenths of a second between each contraction.

## FIRST TIME IN 3 YEARS!

# State Police Report Fewer Traffic Deaths During 1955

Showing a traffic death reduction for the first time in three years, Michigan ended 1955 with a road toll of 1,842, which is 8.4 percent less, or a saving of 84 lives, compared with 1,926 fatalities in 1954, according to State Police provisional records.

Contributing to the decrease was December's total of 119, which was 22 percent, or 24 fewer, than 153 in the same month a year ago. It was the lowest December toll in 17 years or since 120 in 1946.

December was the seventh month, and the fourth in a row, to record a reduction in deaths compared with corresponding months in 1954. Other months with decreases were January, June, July, September, October and November. August with 185 deaths had the highest monthly toll of the year, while February was low with 98.

The 1955 reduction was achieved even though there were reported increases of one percent in the numbers of licensed drivers and registered motor vehicles, com-

pared with 1954. Estimated travel was down only three-tenths of one percent with 31.7 billion miles on the death rate of 5.0 per 100 million vehicle miles was unchanged. Michigan's annual average for the last 28 years, or since record keeping began in 1928, was 1.58 deaths. December's average for the last 28 years was 1.54.

## OVERWEIGHT SOLUTION

Albuquerque, N. M. — The Charles A. White family of seven lost 13 pounds during a week-long stay in their under-ground fallout shelter.

The family emerged confident that they had proved sheltering can be comfortable and with a rigid schedule of activities boredom can be dispelled.

Mrs. White estimated family food consumption was down 15 to 20 percent.

Mr. White is confident that disaster should strike while the parents were away the children could go into the shelter and know what to do.

# World Air Travel at Peak

Last year's air travel was faster than ever in the history of aviation. The International Civil Aviation Organization reports that the average speed of the jets, increased from 214 miles per hour in 1959 to 238 miles in 1961, although 15 years ago it was 155 miles per hour.

Paradise is not a locality—it's a state of mind.

**SUBSCRIBE TODAY TO THE CHELSEA STANDARD!**

## WINDSHIELD VIEWS ON RADIATOR CAPS

Up to a few years ago, the radiator cap wasn't a very important part of any car. One cap went for \$1. But today, with high pressure cooling systems, a correct fitting cap is important to keep the engine from overheating. They wear out over a short period of time and should be replaced.

Checking radiator cap pressures as well as radiator hoses, clamps, fan belts, drain plugs and so on is part of our services that keeps your car fit and on the 'go.' More and more folks in this area are happily discovering that FOUR MOBIL SERVICE is not just another filling station. The drive over to 520 South Main St., means you'll receive professional and accurate auto maintenance. Let us prove it. Drive over today.

# Council Briefs

Approved at Tuesday's Village Council meeting was the proposed annexation, as petitioned, of the Lane property adjoining the north end of the village; tabled, however, for future study was the petition for annexation of the North Elementary school property.

Next step for the Lane annexation is to submit the question to the Washtenaw County Board of Supervisors for approval following the required three-weeks' publication of the notice of hearing on the petition.

The data set for presentation of the petition to the Board of Supervisors is the board's next meeting date, Feb. 6. At that same time the petition for the South annexation petition (approved at the Jan. 2 Village Council meeting) will also be presented for the Supervisors' approval.

Robert Wilging, of the engineering firm of Finkbeiner, Pettis & Strout, was present Tuesday to discuss with the Council a survey of possible sanitary sewer construction in the Freer Rd. area. He mentioned several proposals but no official action was taken.

A motion by Councilmen Stephen Clark and L. J. Paul to increase the annual travel allowance for sewage plant operator from the present \$150 to \$200 per year was approved. The increase is necessitated because of additional transportation required in maintenance of two lift stations as compared with the former maintenance of only one station.

Authorized, also, at Tuesday's meeting was an expenditure of \$12 for a special chemistry course at Jackson to be attended by Melvin Leach, sewage treatment operator. State Health Department Representative Benzie advised the Council that Leach had already passed the state examination for Class "C" operator "with extremely good grades and should be complimented" and should be considered an asset to the community as an efficient sewage treatment operator. It was also pointed out that Leach will soon be eligible to take his examination as a Class "B" operator, a requirement for Chelsea because of the type of plant.

Leach has worked at the plant the past 1 1/2 years with Leon Fox who retired at the beginning of this year. State requirements provide that two operators must be on duty at a plant such as the one in Chelsea. To fulfill this requirement after Fox's resignation, Duane Downer was transferred from the Public Works Department to work with Leach at the sewage treatment plant.

To clarify misconception regarding sewer construction south of the Village, the Council pointed out that the Village will not be paying any of the construction

Money for sanitary sewer construction south of the village will be paid for by the property owners involved—the full amount of the construction cost, based on estimates submitted by the village engineer, to be placed in escrow before any construction begins.

Regular meetings of the Chelsea Village Council are held the first and third Tuesday of each month, beginning at 8 p.m., in the Council room of the Municipal Building. Citizens of Chelsea are welcome to attend any of these meetings.

## Announcing

**MR. & MRS. NEIL FAHRNER**  
are the new owners of

# WEBER'S DAIRY BAR

which will now be known as

# NEIL'S DAIRY BAR

They pledge to continue the good service of the former owners and invite all former customers of the Webers to continue their patronage.

Law Enforcement Agency Members Elect Officers

George G. Ringler, chief of plant protection at the Chevrolet Motor Division's Willow Run plant, was elected president of the Washtenaw County Law Enforcement and Industrial Security Association...

Ringler succeeds Donley Boyer of Chelsea, area conservation department officer.

Other 1962 officers named are Detective Lt. Laverne G. Howard of the Ypsilanti Police Department, who replaces Ringler as first vice-president; Ann Arbor Patrolman Robert Conn, second vice-president; and Gordon P. Hurley, Michigan State Police special investigations detective assigned to the Ypsilanti post, treasurer.

In addition, members named William W. Strubank as executive secretary and Melvin W. Lidel as recording secretary. Strubank is a plant security supervisor at the Ford Motor Co. Rawsonville plant. Lidel is a sergeant with the Chevrolet Willow Run plant protection force.

All officers elected were also installed at once, at Wednesday's meeting.

The evening's program included a panel discussion of Conservation subjects with Merrill "Pete" Potosky of Lansing, waterfowl specialist with the Conservation Department's game division as moderator.

Members of the panel were Edward Bacon, district fish supervisor; Ralph Bailey, district game supervisor; and Victor Horvath, district forester.

The panel discussion was followed by the showing of a film entitled "Realm of the Wild."

The Junior class at Chelsea High school, with the help of their mothers, prepared and served a roast beef dinner at 7 p.m. in the cafeteria preceding the evening's business session and program period. A total of 40 officers and guests were present.

Red Cross Names Tapping Advisor On Building Drive

T. Hawley Tapping has been appointed consultant by the Washtenaw County Red Cross Board of Directors to guide phase two of the Building Fund drive, it was announced by Edward Adams, Jr., building fund general chairman after their directors meeting Thursday evening.

The building drive which was suspended during the United Fund solicitations in the county will now continue on a broader base. The first section which was directed towards the Red Cross volunteers and friends has resulted in very favorable reactions for the need for this new operational center in which the nearly 1,500-strong corps of volunteers would be performing their valuable community services.

Tapping has recently been consultant to the President of Shilman University in the Philippines and for many years was general secretary of the University of Michigan Alumni Association. In his varied career he has served as city editor of several papers as well as being active in Sigma-Delta-Chi Journalist Fraternity.

Reinforcing the urgency of the needs for a new operational center, key volunteer leaders pointed out that the growth in the chapter's blood program has increased some 20 percent over last year. Likewise, a 30 percent increase in the military section of the chapter has been experienced since the Berlin crisis alone. It was also noted that the activity in the First Aid Program has reached a level similar to the war years and that community interest in the Water Safety Program is at a three-year high.

Although farmers work and pray for the day when their roads will be up to par with others, no one can deny that one side-value is the tough driver-training they gain by experience.

Seven Michigan dairy herds on DHIA test averaged over 600 pounds of butterfat during 1961.

AGRICULTURE In Action

On Winter Driving

Rural America still has a long way to go before a majority of farmers can boast all-weather roads. But most farmers manage rather well through the training in winter driving they gain from experience born of necessity.

Perhaps that's why so many farmers, grown used to handling their cars and other vehicles under comparatively bad conditions, can't help but smile a bit when they see their city neighbors "spin out" on a slick spot or are unable to maneuver in a half-inch of snow.

Speaking from experience, farmers offer these helpful bits of advice: When in snow... never, never, allow the wheels to spin. Spinning wheels do nothing more than waste gasoline. At the worst, they will spin you sideways into a ditch, or dig your car deeper into the snow and ice.

The direction in which the front wheels are turned has a great deal to do with easing a car out of a snow area or slick spot. Many people begin to turn away from the curb and when they spin out, forget to straighten the wheels before beginning the rocking motion.

What next? Try to "rock" the car on small applications of power carefully applied, first one direction, then the other. Rocking can do wonders. All makes of cars may be rocked with a little experience and skill. Push-button drives, handbrakes, and similar shift cars can be rocked with a touch only slightly different than direct shifts. Farmers trying to pull a heavy load with truck or tractor will get the load "in motion" in the slowest speed and the lowest gear possible—in any direction at first.

What about driving on ice? Adjusting speed to slippery conditions is number one. Recently a farmer I know drove to town on glare-ice found impossible by most of his suburban neighbors. He "crept" along with the greatest caution. Experience had told him what to do if the car began to "drift" or skid. To stop the skid, he would have done the opposite of what most inexperienced drivers would have done, turned his wheels in the direction of the skid—not away as impulse dictates.

Although farmers work and pray for the day when their roads will be up to par with others, no one can deny that one side-value is the tough driver-training they gain by experience.

Seven Michigan dairy herds on DHIA test averaged over 600 pounds of butterfat during 1961.

11:00 a.m.—Worship service.  
7:00 p.m.—Youth Fellowship.

## Livestock Program Will Be Feature of Farmer's Week

Automation in the feed lot, lamb marketing and management, and quality pork production will be highlights of the Farmer's Week livestock program set for Tuesday, Jan. 30 on the Michigan State University campus. Discussion will be held on the new swine evaluation program for 1962 and the hog cholera eradication program now under way.

The quality pork program will feature a talk on the use of carcass analysis in improving swine breeding programs. Problems of lamb merchandising as seen through the eyes of the retailer, will be discussed by Jack Story, Chicago, director of meat operations for IGA stores; at the Michigan lamb feeders' meeting. Lamb feeders will also hear discussions of current trends in lamb marketing and the 1962 outlook for lambs and wool.

Cattle feeders will see uses of automation in modern feedlot operations at a Tuesday morning meeting. The expected role which bins, buttons and belts will play in the cattle feeding systems of tomorrow will be outlined by Hoyle Puckett of the U. S. Department of Agriculture.

Handling of high moisture corn and feed-handling systems currently used in Michigan cattle feeding operations will also be a feature of the program. John Ferris, MSU agricultural economist, will discuss the role of government in the cattle feeding industry. Michigan beef cattle associations will hold their annual meetings Tuesday morning. Steers entered in the beef cattle project will be judged Tuesday afternoon.

Carcass class market hogs entered in the swine feeding project will be judged Monday evening. The barrow show will be held on Tuesday. The annual sale of feeding project steers and barrows will take place Wednesday morning. Tuesday's livestock activities will close with the annual livestock banquet to be held at 6:00 p.m. at the student union. Bernard Ebbing of the Rath Packing company, Waterloo, Ia., will speak on the importance of production of the quality of meat which the consumer demands.

The Michigan Sheep Breeders' Association will hold its 27th annual bred ewe sale Thursday afternoon following morning judging. About 60 bred ewes and 20 ewe lambs are expected for the sale. The Michigan Livestock Improvement Association's new refrigerated meat display trailer will be exhibited in the stadium concourse during the entire week. The interval-of-row-spacing used in small grain drilling helps determine how the plants will use soil nutrients, Michigan State University researchers have found.

### Club and Social Activities

**AUXILIARY**  
The Jan. 16 meeting of the JCC Auxiliary was held at the home of Mrs. Ron Branham with Mrs. George A. Staffan and Mrs. G. George A. Staffan as co-hostesses.

Guest speaker at the meeting was Mrs. Ray Shelton of Tecumseh, Michigan. She was accompanied by Mrs. Jerry Barton, president of the Tecumseh JCC Auxiliary.

Women who were guests included Mrs. Silas Hopkins and Mrs. Eugene Bares.

A brief business session, followed by a social session, was held. Mrs. Salomon gave her report as chairman of the year held Nov. 17 and 18.

**LEARNING BY DOING**  
The fourth meeting of the Learning by Doing 4-H club was held Sat., Jan. 18, at the home of Noreen and Kathy Lampes.

The roll call of the members showed the first article was completed. A discussion was held on helping out with the Kiwanis club sale. Demonstrations were given by Noreen Lampes on cotton construction; Judy Wiseman and Laurel Raddaman on matching plaids.

Following this a discussion was held by the club on personal grooming. Judy Lampes was in charge. The next meeting will be held Feb. 8 at the home of Velma, Judy and Arlys Wiseman.

**MARY-MARTHA CIRCLE**  
Mrs. Jack Pfeifle and Mrs. Ralph Pfeifle were co-hostesses for a meeting of the Mary-Martha Circle, Tuesday evening at the home of Mrs. Jack Pfeifle. Eight members were present.

The challenge of Miss Pfeifle was the topic for the evening's program and devotional by Mrs. James Gaunt presented by the former and Mrs. Andy Pfeifle the latter.

**CHRISTENING**  
Robert Todd, son of Mr. and Mrs. Robert White, 201 Wilkinson St., was christened Sunday at St. Mary's Catholic church with the Rev. Fr. Francis Maliszewski officiating.

Following the service, Mr. and Mrs. White entertained at a dinner at their home, the guests including the baby's sponsors, Mr. and Mrs. Harold Walkove of Sharon Hollow Rd.

Also present for the dinner were the maternal grandparents, Mr. and Mrs. Lester Hall of Grass Lake with their daughter, Leslie, the paternal grandmother, Mrs. Lauryn White; Mr. and Mrs. Lawrence McLeese of Ann Arbor; and Mr. and Mrs. Sumner Oesterle and sons, Don and Jon.

**CHAT 'N' SEAU**  
Chat 'n' Seau members met Tuesday evening at the home of Mrs. Paul Belsler. Her co-hostess was Mrs. Harold Spaulding.

The opening devotional service was in charge of Mrs. Walter Schmeier.

The evening's program was presented by Mrs. Leora Noll who gave an interesting report of her recent European trip. She displayed colored pictures, snapshots and literature to illustrate her talk.

Games were played and refreshments were served at the conclusion of the program period.

It was announced that the February meeting will be held at the home of Mrs. Martin Stein.

**CHELSEA COMMUNITY FARM BUREAU**  
With 15 families present, Chelsea Community Farm Bureau met Friday evening at the home of Mr. and Mrs. J. V. Burg, I. The meeting began with a pot-luck dinner, assisting hosts and hostesses being Mr. and Mrs. Duane Rowe and Mr. and Mrs. Calvin Clark.

Chairman Reuben Lesser, Sr., presided at the business session which followed.

During the concluding social period, such as the diversion and prizes were awarded as follows: Mrs. Reuben Lesser, Sr., traveling prize; Mrs. J. V. Burg, I. and Everett Van Riper, high; and Mrs. Emerson Lesser and Reuben Lesser, Sr., consolation awards.

**BIRTHDAY HONORED**  
Mrs. J. C. Kuhns was honored Sunday at a surprise observance of her birthday which occurs today. A dinner was held at the home of her son-in-law and daughter, Mr. and Mrs. Judson Goltra.

The guests including Mr. and Mrs. Kenneth Lake of Constantine, and Mrs. Kittle Winstow and Mrs. Agnes Munnell of Eaton Rapids. Mrs. Kuhns is their aunt.

**St. Paul's Women's Guild Studies Proposed Budget**  
Mrs. Lowell Davison, the new president of the Women's Guild of St. Paul's church, presided at the first meeting of the current year, held Wednesday evening in the dining room of the church hall. There were 84 women present.

The evening's gathering opened with the serving of a dessert at attractively arranged tables, hostesses being Mrs. Bruce Postbody, Mrs. Carl Mayer, Mrs. Homer Nixon and Mrs. Lloyd Alban.

Members remained at their places at the table for the evening's program which included a Bible quiz followed by a devotional service in charge of Mrs. David Strieter.

Mrs. Burghardt read a poem, "The Church of My Dreams."

Theme of Wednesday's program was "Create-Renew Within Me."

It was the first of the year's monthly programs on the study topic, "Creating and Renewing the Church."

Mrs. Richard Schmidt briefly reviewed two new books which she reported had been added to the Guild's book shelf at the church hall.

During the business session, it was announced that the women of the Congregational church have accepted an invitation of the Women's Guild to be guests of the women of St. Paul's church at their March meeting.

Other business included a resume of the proposed 1962 budget of the Guild, presented by Mrs. John Pierson; announcement by Mrs. Wilber Grieb that the national 1962 Stewardship essay and poster contest closes Feb. 25; and announcement by Mrs. P. G. Schable of a meeting for all church-women to be held Jan. 25, at 1 p.m., at the Methodist church for the purpose of formally organizing as United Church Women of Chelsea in affiliation with the state and national groups.

Mrs. Davison concluded the business session with a brief report of an all-day "coffee hour" held in the church hall Thursday, Jan. 11, with officers and executive board members as hostesses.

Planned as a get-acquainted fellowship affair for all women of the church at the beginning of the new year, the attendance reached a total of approximately 70, in spite of bad weather. Church women had been invited to come in at any time during the day which suited their individual convenience.

Because of the outstanding success of the informal study project, it was indicated that a similar event may be held in the spring.

**Carol Cameron Named To Dean's Honor List At Kalamazoo College**  
Carol Cameron, daughter of Mr. and Mrs. Charles Cameron, 615 N. Freer Rd., has been named on the Dean's List of Kalamazoo College, according to word received this week.

Carol, a freshman, was cited for earning a straight "A" average during the first quarter. She is now enrolled for the second quarter under Kalamazoo College's new four-quarter plan for year-around operation.

**Waterloo Area Farm May Be Preserved as Museum**  
The Realy farm home, now standing empty on the Waterloo-Munith Rd., just outside Waterloo, is mute evidence of an era rapidly becoming lost to those senior residents who still remember their former neighbors, and lost beyond memory to their grandchildren.

Unless steps are taken to preserve a few such structures, Michigan will soon be devoid of an important part of her heritage.

The Realy farm, located at 9998 Waterloo-Munith Rd., was purchased last year by the Michigan Department of Conservation as an addition to its Waterloo game area.

Originally all structures on the property were scheduled for demolition but Donald Richards, educational consultant for the Department of Conservation, recognized the potential value of the interesting and structurally sound old farmhouse and sought to preserve it.

Officials from the Department of Conservation and the State Historical Museum visited the property on Dec. 8 last year, and again on Jan. 6, this year, and shared Richard's enthusiasm.

Arthur C. Elmer, chief of the Parks and Recreation Division, Department of Conservation, agreed to postpone destruction of the farmhouse until Feb. 15 to allow time for area residents to consider the use of the building for museum purposes. Department of Conservation officials indicated that the house and surrounding property could be made available to a local historical society on a "Free Use" permit.

State Historical Museum staff members also indicated their enthusiasm for the project by agreeing to help organize a local historical society, and serve as consultant for the museum's development.

The project will require the active support and co-operation of many area residents if it is to succeed as a worthwhile tourist attraction. Local citizens indicated that a group is now being formed to spearhead this development, and an area-wide meeting is planned for the near future to formally organize an active historical museum society.

**Table Shows Amount of Sales Tax Deductible**  
The Internal Revenue Service has compiled a new table of the amount of sales tax you may claim as a deduction.

R. I. Nixon, Detroit district director of the Internal Revenue Service, says the table will help Michigan taxpayers who itemize their deductions instead of taking the standard deduction on Form 1040. He cautions that using the table doesn't mean tax agents won't ask you for substantiation of the amount of sales tax paid in 1961. Ordinarily, though, he says you won't be asked to produce records to support the deduction claimed if it doesn't exceed the amount on the table.

Nixon says amounts listed on the table are averages and take into account taxes paid on large household items and cars. So, he says, don't take the amount on the table and then add on the tax paid for major expenditures.

### Brownies...

**TROOP 51**  
Brownies of Troop 51 held their meeting Tuesday at the Congregational church and elected officers as follows: Diane Schneider, president; Debbie Weis, secretary; and Tylene Walz, treasurer.

The girls discussed making a flag for the troop.

Treats were served by Tylene Walz.

Joy Reynolds, reporter.

**TROOP 58**  
Brownie Troop 58 has planned to go to Greenfield Village June 30. They must earn \$4.85 to be able to go. They got a record for sorting and packing envelopes for the New March of Dimes. On Thursday they learned how to square dance.

They have planned to make dolls Thursday, Jan. 18. They must bring a needle and thread and a thimble.

Angela Cavadas, Debba Maynard, scribes.

**TROOP 625**  
On Thursday Jan. 11 Brownie Troop 625 met at the South school. We sang "Happy Birthday" to all girls in the troop having a January birthday. They are: Linda PicKlesmer, Susan Nabb, Patrice Laraway and Joan Schmidt.

We hiked to Pierce Park and played games and then rode back to school on the school bus.

Hostess Janice Guenther served refreshments at the close of the meeting.

At our next meeting Elaine Burnett will be the hostess.

Brenda McGibney, reporter.

**TROOP 606**  
Troop 606 met in room seven. We talked about safety rules. We made a list of telephone numbers to call in an emergency. We will put them in the phone book or hang them up.

We are planning a telephone message this week.

Refreshments were served by Martha Ewald.

Corinne Musser, Scribe.

### Olive Chapter Holding Annual Banquet Tonight

Olive Chapter No. 140, R.A.M., is holding its ladies' night dinner at the Masonic hall this evening.

Members of Olive Lodge No. 150, R.E.M., and their ladies have been invited to attend.

Following a pot-luck dinner there will be special entertainment.

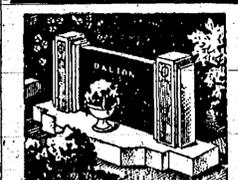

Members and officers of Olive Chapter No. 140, R.A.M., were invited to visit the Ann Arbor Masonic hall Monday, Jan. 15, where the Mark Master degree was conferred.

Chelsea Chapter 140 held a practice meeting for Mark Master degree at the Chelsea Masonic hall Thursday evening, Jan. 11.

### FRANCE TO AID U.S.

The Defense Department expressed satisfaction with the efforts of France to help ease the United States' financial burden in maintaining large forces in western Europe.

McNamara, the Defense Secretary was reported to be particularly pleased with the French official's response to suggestions that the French, by buying United States arms could reduce the drain of United States dollars in France. This would also reduce spending in maintaining Atlantic pact military installations there.

**NO WHEAT FOR TITO**  
For the time being, the United States has shelved a request by Yugoslavia to buy 500,000 tons of surplus American wheat.

The controversy in the United States over the sale of Sabre jet planes to Yugoslavia has cooled American officials toward the wheat request. They were surprised at the position President Tito took at the Belgrade Conference while professing to be unaligned.

### SOPHOMORE CLASS

The sophomore class had a class meeting third hour Friday, Dec. 15. The meeting was brought to order by President Dave Winans. Secretary Gayle Schauls gave the secretary's report and it was approved. Janice Wood gave the treasurer's report. There is a total of \$375.76 in the treasury. The point system for the trip club was discussed. Mr. Musser explained how points may be earned and how the trip club operates. It was announced that one class member can not earn more points than needed for the senior trip. Points may not be transferred from one student to another. It was also announced that the only project that the sophomores could do is the car wash for the prom.

A new club is being formed at Chelsea High school. It will be

known as the Russian club. At the present time they are in process of adopting a constitution and making plans for the future. Their advisor will be Mr. Bussler and the new club's officers are: president, Dave Talbot; vice-president, Mike Scholtens; secretary, Ava McDougall; and treasurer, Dianna Miller.

Russian class has just learned about the instrumental case which deals with use of a preposition, depending on the idea conveyed. Also, they have learned the days of the week and how to tell time. They are now beginning to learn how to make negative statements. After the negative will be studied possessive phrases, and personal pronouns in the genitive and accusative cases. The class goes to the language lab frequently to listen to prepared tapes. Some members of the class have been bringing in Russian records which helped them by giving first vocabulary and then conversation.

### SENIOR CLASS

Last Friday third hour the seniors held a class meeting in the library to discuss their senior trip, senior play, and they picked two

teachers who have done the most for Chelsea High for the annual. The two teachers are senior class advisors.

For the senior trip the seniors will be going to New York. They will be staying five days. Some of the places that the students will be seeing are: Empire State Building, Manhattan, Times Square, China Town, Statue of Liberty, Greenwich Village, plus many other places.

### FUTURE NURSES

A meeting was called to discuss pins, money matters, and to discuss future activities.

Mr. Bergman suggested a Health Careers Day with different fields of medicine being discussed. Each field would be presented by a person in that field. It was also suggested that the club put on a bake sale but this wasn't discussed. The club asked what it should put on a money-making project that would be somewhat different and would draw more attraction.

Mr. Bergman suggested that the club perform services that it could learn by, such as working with the school nurse on school or community projects.

Pins were displayed and three were picked to choose from. The companies will send samples. A discussion followed on a pin or token given for merit standing in the club.

The club discussed a Valentine's dance. Members of club were nominated for decoration and refreshments committee.

### How Many Area Farms Remain For Photographer?

Is your farm one of those that has not yet appeared in the series of "mystery farm" photos published in The Standard the past three years? If so, and you would like it to be included in a possible new series being planned, phone your name and the location of your farm to The Chelsea Standard office.

We have had a number of inquiries as to why photos of certain farms have not yet appeared and to help the aerial photographer locate them we need the information requested as soon as possible.

### New Booklet Gives Tips for Tax Savings

"Your Federal Income Tax," the Government's "blue book" which has the Status of Liberty on its cover this year, is now available, according to Internal Revenue Commissioner Mortimer M. Caplin. This improved 1962 edition is an important part of the Commissioner's plan for an expanded and more effective assistance and education program for all taxpayers. This edition has been substantially reorganized and much of the contents have been rewritten in an attempt to give taxpayers more easy-to-understand information. It covers the average problems of all taxpayers in detail, and furnishes simplified explanations of the more complex problems. Many examples are contained in the booklet.

The new simplified Form 1040 for 1961 is illustrated in the front of the book. All parts of the return are keyed to page numbers in the booklet where detailed explanations and examples can be found. By using this device or the comprehensive topical index in the back of the booklet, a taxpayer can easily find the answer to his problem without reading unrelated material. Some of the subjects covered are: Filing Your Return, Exemptions for Dependents, Joint Tax Returns, Retirement Income Tax Credit, Casualty Losses (from hurricanes, fires, etc.), Minors, Dividends Exclusion and Credit, Medical and Dental Expenses, Capital Gains and Losses, Non-taxable Sick Pay, Tax Free Sale of a Home, Child Care Deduction, Condemnations.

A "best seller" of Government publications, more than half a million copies of this comprehensive booklet on Federal income tax (written by the Internal Revenue Service for individuals) were sold during 1961. A greater public demand is anticipated during 1962. Commissioner Caplin said that the booklet is prepared and released in advance of the filing period in order that all taxpayers may become fully aware of their rights under the Federal income tax laws, so that they may obtain all the benefits and deductions to which they are entitled, and in order to promote voluntary compliance under our self-assessment system.

The booklet is available at local Internal Revenue Service offices. It may also be ordered from the Superintendent of Documents, U.S. Government Printing Office, Washington 25, D. C. It sells for 40c a copy. Quantities of 100 or more may be purchased for 30c a copy from the Superintendent of Documents.

### Highway Department Lab Is Busy Place

Ann Arbor—The Michigan State Highway Department's testing laboratory at the University of Michigan conducted more tests last year than in any previous year in its history.

The laboratory conducted more than 21,000 tests of various highway construction materials and soil compared to 18,000 the previous year for an 18 percent increase.

More than 6,000 tests were made of different asphalt mixtures and more than 23,000 tests were made on sand, gravel, cement and chemicals.

### Special Speakers Appearing At Missionary Conference

Beginning Sunday, Jan. 21, special speakers will appear at services being held each evening, Sunday to Sunday at the Chelsea Baptist church on Wilkinson St., the occasion being the fifth annual Baptist South Central Michigan Missionary Conference in which eight-area churches participate.

A symposium will be held at Vandercook Lake Baptist church at 8 p.m. Friday, Jan. 26, and a banquet will take place for members of all participating churches at the Rives Baptist church at 6:30 p.m. Saturday, Jan. 27.

The Rev. David Wood, pastor of the Chelsea Baptist church, said all people of the community are invited to attend and hear the various missionaries tell about their work.

The speakers' schedule for the

Chelsea church is as follows: Frederick Ruth of Venezuela, at the Sunday morning service and Mr. and Mrs. William Standridge, Jr., of Italy, Sunday evening; Leroy Johnson of Korea, Monday evening; the John Sorensons of Cuba; Monday evening; LeRoy Johnson of Korea, Tuesday; Wendell Terwilliger, Wednesday; Ron Royle of France, Thursday.

On Sunday, Jan. 28, the speaker at the morning service will be Ralph Maynard of Dutch New Guinea, while the evening speaker is to be A. Anderson of India.

The speakers will rotate between the participating churches which are at Albion, Jonesville, Hanover, Vandercook Lake, North Sharon, Rives and Springport, in addition to the Chelsea church.

Speakers at North Sharon are Standridge and Sorenson on Sunday, Jan. 21; Johnson, on Monday; Terwilliger, Tuesday; Hoyle, Wednesday; Manyard, Thursday; and Anderson and Ruth, Sunday, Jan. 28.

The Rev. Carmen Carpenter, pastor of North Sharon Community Bible church, also extends an invitation to area people to attend the services.

### Area Witnesses Attend Convention in Jackson

Raymond P. Tyskiewicz, who is the minister of the Chelsea congregation of Jehovah's Witnesses, reporting on the Christian training meeting held at Jackson the past week-end, said 25 new ministers were baptized at the Saturday afternoon session.

The 34 representatives of the

Chelsea congregation were included in the total of 1,487 who attended the Sunday afternoon meeting when Nicholas Kovalek, gave a public address on the topic "Uniting Men in a Split World."

Michigan food industries provide 20 scholarships for students studying in the field of food science.
