## Lions Stars To Appear in Stage Game

Football strategy may be enlivened with basketball skullduggery here Tuesday night, March 19, when the Detroit Lions basketball team comes to town to play exhibition game with a group area all-stars in the high school gym.

Some fans figure the Lions may tilt the dribble in favor of the team pass since the Lions have their camp one of the better ones in the National Football League in the person of Earl Morrall.

It is hoped, however, that the fans, who will average approximately 240 pounds on the basketball court, will forget their end and tackle plays.

Anyway, local fans will have a treat in store for them when the Lions stars as Alex Karras, Walt Coghill, "Hoppalong" Cassady, Darris McCord, Nick Pietromonte, Wayne Walker, Carl Brettnheider, Jim Gibbons and Bruce Abernethy appear in person here.

The Lions game is scheduled for 7 p.m. but a preliminary go will be staged at 6:45 p.m. between the City Mixers and the Stockbridge Merchants teams. Between games at intermission time the high school band will furnish music.

Tickets are available from Foster-McNair, Anderson's, MacLennan Bros., Harward, Chelsea Drug and also at the door. The game is sponsored by the Band Boosters Club and is for the benefit of Chelsea school bands.

## St. Johns Church Holds Father-Son Banquet Friday

St. Johns United Church of Christ at Rogers Corners held a father and son banquet Friday evening in the dining room of the church, a total of 55 men and boys being present.

The Rev. J. Tracy Luke, pastor of the church, acted as master of ceremonies for the after-dinner program.

This included a toast to fathers, by David Pratt; toast to sons, by Walter Hinderer; accordion solo by Bruce Pratt; and moving pictures of wild flowers and Chelsea's 125th anniversary shown by Don Turner.

Honored as the oldest father present was Godfrey Jedele of Manchester, while Danny Trinkle, eight-month-old son of the Ralph Trinkles, was the youngest son present.

Each was presented with a gift.

## Kiwanis Club Observes 38th Anniversary

Dr. George E. Bowler of Ann Arbor, governor of the Michigan District of Kiwanis International, was a guest at the meeting of the Chelsea Kiwanis club Monday evening and presented attendance awards to 22 Chelsea Kiwanians.

It was the 38th annual ladies' night birthday party of the Chelsea club.

Bowler, public health veterinarian on the staff of the Washtenaw County and Ann Arbor City Health Departments outlined some of the major goals for Kiwanians included in their Program of Service for 1962. The theme of Kiwanis International for 1962 is "Freedom-Our Individual Responsibility."

A Kiwanian for 21 years and a past president of the Ann Arbor club, Dr. Bowler has been active in various professional, civic, church, and school groups.

His wife accompanied him on his visit here.

**STATE FARMER AWARDS**—These three Chelsea High school FFA members received the highly prized "State Farmer" award at the FFA convention at Michigan State University Wednesday, March 14. From left, they are Richard Harvey, Richard Haist and Malcolm Reinhardt.

## 3 Chelsea FFA Members Earn State Farmer Awards

A "first" in the history of the Future Farmers of America program at Chelsea High school occurred at last week's state FFA convention at Michigan State University when three Chelsea FFA members received "State Farmer" awards at the same time.

The three are Malcolm Reinhardt, Richard Harvey and Richard Haist.

To be eligible for the award, FFA members must have carried out a successful farming program, with complete records of investment and profit; and must have shown leadership in FFA school and community projects.

Richard Harvey, whose farming program included 20 crops, six swine, and two dairy cows, listed a profit of \$4,360 from an investment of \$1,100.

He is the son of Mr. and Mrs. Wayne Harvey.

Under the category of "leadership" for Harvey are listed the following: FFA vice-president and leadership training camp; and 4-H club work eight years with three years service as president and one year as treasurer.

He has participated in the FFA farm forum and parliamentary procedure teams two years and livestock judging two years. In the state contest he and his team received a gold award.

Richard Haist, who is the son of Mr. and Mrs. Erwin Haist, lists a record profit of \$4,360 from a \$1,100 investment. His livestock included 38 head of sheep and three head of beef cattle.

He has served as FFA chapter treasurer; delegate to the state convention; and attended FFA leadership training camp.

He has participated in parliamentary procedure contests three years; meat judging contest one year; and livestock judging one year, and his team earning a gold award.

### Mrs. David Soule Named President Of Library Board

At an organizational meeting of the McKune Memorial Library Board, held Tuesday evening at the library, Mrs. David Soule was elected president to succeed Mrs. E. W. Eaton who had completed two years as president and thus was not eligible to succeed herself.

The same rule applied in election of the treasurer, John Thompson being named to succeed Mrs. Frederick Wagner.

Other officers elected are Dr. P. E. Sharrard, vice-president, and Mrs. Lee Ferguson, secretary.

### House Tour Will Visit Five Homes

Mrs. Frederick Wagner and Mrs. J. V. Burg, II, are co-chairmen of the annual house tour project sponsored by Chelsea Co-Operative Nursery and scheduled for Thursday, April 26, 10 a.m.-3 p.m.

Homes to be shown include the 80-year-old home of Mr. and Mrs. Lee Ferguson, 400 South Main St., which was extensively remodeled several years ago. It is known to older residents as "the Steger house." Dr. A. L. Steger's parents having lived there for many years before their death.

Other homes included in the tour are the J. V. Burg home at 315 Wilkinson St.; the Edward Kelly home at 716 Taylor St.; another older home recently remodeled; the Dale Bailey home at 148 Dewey St. and the Julius Bleess home on the site of the former Bareis rural school at 1020 North Fletcher Rd.

Advance ticket sales are in charge of Mrs. Merle Leach and publicity co-chairmen are Mrs. Robert Daniels and Mrs. Charles Gelman.

For several years, women of the Congregational church have co-operated by serving a spring luncheon on the day of the house tour and they plan to do so again this year.

In charge of ticket sales for the luncheon are Mrs. Paul Mann and Mrs. Dudley Holmes.

While the luncheon was originally planned at the request of house tour committee members as a convenience for those participating in the tour, others are welcomed and preparations are being made to serve approximately 150 luncheon patrons.

### Easter Seal Fund Appeal Underway

Approximately 2,000 Easter Seal letters are being mailed in the Chelsea area this week. Paul F. Niehaus, Chelsea chairman, announced yesterday.

The Easter Seal sale is sponsored here annually by the Kiwanis club.

Niehaus said the letters carry an appeal for a helping hand for physically handicapped children; funds raised by the sale of seals being used for the purchase of crutches, special shoes, limp braces, walkers, wheel chairs, hearing aids, etc. and for attendance costs at special camps for handicapped children.

Chairman Niehaus explained that all work of the Washtenaw County-Crippled Children's Society is done by volunteers and in co-operation with the Washtenaw County Health Department. There is no rental of office space and there are no salaries or employees of any kind, the only expense being a telephone listing at the home of one of the board members to centralize activities.

As a community service project, the addressing and stuffing of the Easter Seal envelopes was done by members of Zeta Beta Chapter of Beta Sigma Phi Sorority.

### All Judges Lavish In Praise for Fine Performance

For the second year in succession, members of the Chelsea High school Senior Band and the Eighth Grade Band won top ratings in district festivals. This year's district festival was held Saturday at Saline and both groups were jubilant over their success in receiving the coveted First Division ratings.

All judges were in accord in rating the Chelsea bands for highest honors. Judges included Charles Minelli of Ohio State University; Larry Teal of Teal Music Studios in Detroit; Charles Kirsch of the Battle Creek public schools; and William Moffitt of Michigan State University.

The Senior Band received its First Division rating in their morning performance and adjudicators duplicated their decision in the afternoon when they heard the Eighth Grade Band play.

The Senior Band was entered in Class B and the Eighth Grade Band in Class C.

Both bands are now eligible for participation in the State Festival. The Senior Band will travel to the Lansing area April 28, and the Eighth Grade Band will be the host group for their festival which is to be held in Chelsea, April 14.

Judges comments on the performances last Saturday included the following: "An outstanding band, a real pleasure to hear, a terrific performance. Balance, blend, intonation and control are in very good taste. Excellent interpretations. A fine looking, well organized, disciplined band which is a real credit to the school and community."

Director David Lindsay, commenting on the Chelsea band members' performances, stated that he "was very pleased with the students" and expressed appreciation "to the schools and the community for providing the necessary support in making this fine achievement possible."

Many of the band members parents and friends traveled to Saline to hear the bands.

In addition to the Chelsea Senior Band, Lincoln Consolidated and Saline High school bands received First Division ratings of the 13 bands in Class B.

In addition to Chelsea's Eighth Grade Band, the only other First Division rating in its class (Class C) went to Saline.

A total of 47 senior bands and 40 eighth grade bands participated in Saturday's District Festival.

Mrs. Willard Guest returned home Saturday after being a patient the past month at St. Joseph Mercy hospital, Ann Arbor.

### Valuation Down Slightly In Village

The Board of Review has completed hearings on the 1962 assessment roll of the village and the assessed valuation has been set at \$4,500,900.

This compares with a total assessed valuation of \$4,507,800 for the 1961 tax roll or a decrease of \$6,900. Most of the reduction occurred because of an appeal from the State Tax Commission which slightly lowered assessments here, a village official said.

Personal property was listed at \$1,061,350 while real property was listed at \$2,839,550.

Some time in the near future the village council will draw up the 1962-63 budget and set the tax levy for the village based on the 1962 tax assessment roll.

In 1961, the village levied 12 mills for general fund, one for library and three to retire general obligation bonds on the sewage system expansion project.

## Top Dairymen Are Honored Saturday at Annual Banquet

Approximately 450 persons attended the seventh annual Washtenaw county dairy banquet Saturday evening at Dexter High school. The dinner preparation and its serving was the responsibility of the Dexter FFA Chapter and advisor, William Dunavin. Elton Frey, president of the Washtenaw Dairy Council the past year, presided at the after-dinner program.  
Martin Framberger, national secretary-manager of the American Dairy Association, was the guest speaker. He emphasized the need for farmer participation in production of all farm products until the products are in the hands of the ultimate consumer.  
He said 95 percent of the total investment in the dairy industry "on the farm" investment and dairymen should follow through with advertising and general promotion of their products.  
Production achievement awards for dairymen and a farm management award were presented at the banquet.  
The latter went to Frank Geiger & Sons of South Lyon, for 25 years' participation in the program—keeping full accounts of all receipts, disbursements and records related to the management of an agricultural enterprise.  
Washtenaw county "400-Pound Club" members were honored, as well as farmers who own cows with 100,000-pound milk production records.  
Dairymen honored as owners of cows having life production records of 100,000 pounds of milk or more were headed by Ellery and John Rouster with a cow that produced 179,218 pounds of milk which tested 6,080 pounds of butterfat. This was 28,000 pounds more milk and almost 650 pounds more butterfat than the next highest on the list—a cow owned by Donald and Robert Stuart.  
Other owners of 100,000-pound cows honored at the banquet are Leonard Burmeister, Robert Curtis, Lowell Spike, 2, Peter Spike, 2, Howard Wilkie, 2, DeForest B. Thompson, Fred Palma, George Macomber, 2, Wesley Amadi, 2, Edward W. Porath, 2, George and Ralph Erke, Elton Frey, 2, and Tom Carlton, 2.  
Washtenaw county "400 Pound Club" members have dairymen whose herds average 400 pounds of butterfat or more per cow for a period of five years with no-

more than one year showing less than 400 pounds.  
The list includes Tom Carlton, Howard Wilkie, Paul and Alice Taylor, Wesley Amadi, George Macomber, David Gordon, Fred Palma, Ray Bulmon, Paul Wild, David DeJagovich, Robert Curtis, George and Ralph Erke, and Harold Drake—8—son.  
The list continues with Leonard Burmeister, Frank Geiger and Fred Palma.  
Associate "400-Pound Club" members listed (for the 1961 testing year) are Donald and Robert Stuart, Russell Crisovan, Angelo DiPonio, Neil and William Nixon, Lloyd Randall, Gregory Seckinger, Sam Ballo, Phoenix Hills Farms, Ellery and John Rouster, Horace and Gilbert Whitney, Fred Korte, Jr., Elton Frey, David Heidt and DeForest B. Thompson.  
Some of these are listed by the Dairy Herd Improvement (DHI), some by Herd Improvement Registry (HIR), and some appear on both lists.  
Officers of the Washtenaw County Dairy Council for 1962 are Paul Wild, president; David Wolfgang, vice-president; Don Johnson, secretary; Tom Carlton, treasurer; and Albert Gall, publicity chairman.

Imports of cattle into the United States were 57 percent larger in 1961 than in 1960, the Foreign Agricultural Service reports. The increase was attributed partly to the fact that Canada and Mexico suffered drought during 1961 and had to sell large numbers of feeder and slaughter cattle.

### Ex-M Trainer Ray V. Roberts Dies in Arizona

Funeral services were held at Bethany Chapel, Phoenix, Ariz., Friday for Raymond V. "Ray" Roberts, University of Michigan's athletic trainer for 17 years from 1930 through 1947.

Roberts, aged 62, died Tuesday March 19, following a lengthy illness.

Among the first to go into the sports-trainer profession, Roberts became interested in working with injured and ailing athletes while stationed at West Point with the Army Medical Corps during World War I. He was named the U. S. Military Academy's first trainer in 1921.

Roberts went to Ann Arbor in 1930 as assistant to Charles Hoyt, then Michigan track coach and voluntary trainer. The former became head trainer a few years later and remained until 1947 when he left Ann Arbor to assume similar duties with the Detroit Lions.

Later he was involved in numerous business ventures in the west before retiring several months ago.

Simon Stimson, the choir director, David Wiman, Mrs. Soames, the town gossip, Drucilla Pickens, the Webb family, the Gibbs family, and others. The play by Thornton Wilder, is set in Grover's Corners in New Hampshire and relates the history and the lives of two of the town's substantial families, joined by the wedding in the above scene. Mrs. Gwen LaGoe is the play's director.

He was a former resident of this area, living at 4228 Dexter-Ann Arbor Rd.

It was Mrs. Armin Kuhl of 2820 Perkins Rd. (not Mrs. Armin Kuhl of 2062 Waldo Rd.) who was among the first to report seeing robins in this area. As reported in last week's issue of The Standard, the name of Mrs. Zinke was erroneously listed instead of Mrs. Kuhl.

## Edward Harook Bowls 714 Score Tuesday Evening

Edward Harook, bowling Tuesday night with Weber's Dairy Bar team in the Chrysler League, rolled an actual 714 for a series of three games, with scores of 225, 218 and 276.

This broke his previous record of 683 by a total of 31.

He is believed to be only the 40th bowler in the state to roll as high a score.

Employed at Chrysler Praying Ground, he also bowls in the Classic League at Chelsea Lanes, where he rolled his high score Tuesday evening while bowling with the Chrysler League.

He also bowls with Meabon's, J & L Bar of Manchester and Blatz teams.

Scores in the 600's are common for him; however, he and other bowlers on hand Tuesday night were "bowled over" when he rolled the 714.

Although Harook's Chrysler League team is still known as Weber's Dairy Bar team it is now sponsored by the new dairy bar owner, Neil Fahrner.

Because shock absorbers wear out so gradual, you never realize that braking is getting "rougher", skidding, side-sway and joggling more critical, and riding more "noisy". It sneaks up on you from day to day causing undue damages to your automobile and unnecessary wear to your tires, not mentioning the safety factor to you and your family. It is actually picking your pocket of money, a total many times greater than the cost of shock absorber replacement.

One way of realizing the condition of your car is to ride in another car that has had new shocks installed. ## Insurance Firms Seek Some Guide for Spotting Accident-Prone Persons

The Auto-Owners Insurance Co. of Lansing has joined with four other mid-western insurance carriers to conduct psychological tests of young drivers with the hope of finding a reliable guide for spotting accident-prone individuals, according to Florence A. Mayer, local agency representative of Auto-Owners.

Mrs. Mayer stated that the study is expected to involve the testing of some 2,500 young drivers. "We know," said Mrs. Mayer, "that the larger share of our young men between the ages of 16 and 25 are good insurance risks. However, they have had to suffer the penalty of high insurance premiums along with the minority group of young drivers who really are responsible for the higher rates."

It is believed that the results of psychological tests will provide some concrete reasons why a certain proportion of young males can be safely accepted as good auto insurance risks at less than the existing rates for their category.

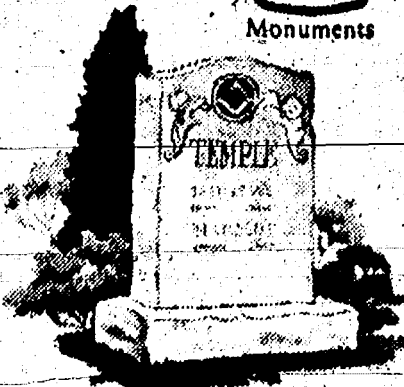

Mrs. Mayer is presently completing final arrangements for the testing of young drivers who are insured in her agency through the Auto-Owners Insurance Co.

Nothing increases the admiration of children for their parents like a large estate division among the heirs.

Plans are essential in the accomplishment of any program, whether national or individual.

## THE LETTERBOX Protests Rule Change

944 Cavanaugh Lake  
Chelsea, Mich.

President  
Chelsea School Board  
Chelsea, Michigan

Dear Sir: I am writing you to protest your recent announcement of reinstatement of 11 Chelsea High school athletes. As the governing body of the school system, you must approve all new releases. As the "administrators," this must have been your decision, as I feel the coaches would feel the same as I. My protest could not have been made earlier because the community was not aware of the contemplated reinstatement.

The athletes involved knew they were doing wrong at the time of the act. I would assume they knew the consequences if they were observed and reported. Besides the moral obligation to their parents, school and fellow team-mates, drinking by people in Michigan under 21 years of age is against the law. Considering only the last obligation, this would indicate to me a lack of training. They erred by breaking training rules and by breaking a state law.

Young people MUST receive training of responsibility, and this decision does not provide the basic training of responsibility young Americans need. Also, I consider your explanations are not good enough to warrant a change in the penalty.

You are the men responsible for the education and training of all the young people in this community. Athletics, in part, should provide competition, teach fair play, provide a stimulus for quick decisions, provide spectator sports for the non-athletic students and townspeople, and provide good physical fitness for the team members. Team members should also carry out their part by serving as fine examples to the younger potential athletes. Are drinking parties the way to gain physical fitness? Are drinking parties the way to serve as fine examples?

In short, the penalty was made and the rules were broken. The athletes were suspended and now they are allowed to participate in sports again. I feel they will lose respect for rules and for responsibility.

The state-wide recognition which the Board of Education received through the Free-Press editorial was certainly a credit to you for your original action. I feel now that this recognition is nothing but a sham.

Yours truly,  
Daniel Maroney

There is a vast difference between the person of importance and the person who thinks himself to be important.

## Michigan Records First Reduction In Traffic Deaths for Past Three Years

Final figures show that Michigan had 1,563 traffic deaths in 1961, a reduction of 41, or nearly three percent, compared with 1,604 the year before, according to the annual report of the State Police.

This was the first decrease in three years, increases being recorded in both 1959 and 1960. The accident total of 199,973 was 9,751, or nearly five percent, less than 209,724 in 1960; but the number injured set a new record high of 93,350. The increase was 2,324, or almost three percent, compared with the total of 91,026 in 1960.

The death rate of 4.9 per 100 million vehicle miles, the third lowest in Michigan history, was a two percent drop compared with 5.0 in 1960 and the estimated cost of accidents declined \$6 million, or almost two percent, to \$265 million.

The reductions in deaths, death rate and accidents were achieved despite a slight increase in exposure factors. Estimated miles rose three-tenths of one percent to 31.9 billion, while the number of registered vehicles, 3,395,736, and licensed drivers, 4,128,111, represented one percent gains. All were new record highs.

Fatal accidents totaled 1,369, a reduction of eight, or less than one percent, under the 1960 count of 1,377. Rural trunklines had 23 fewer fatal accidents and urban areas 37 fewer, but rural county roads had an increase of 52.

Similarly, there were 53 fewer deaths on rural trunklines and 35 fewer in urban areas, while rural county roads had a gain of 47.

The increase in injured is attributed in part to the broader injury definition used in accident reporting since Jan. 1, 1960, which now includes complaint of pain and momentary unconsciousness.

Michigan, with more than 800 miles of freeway open to traffic, is becoming a proving ground for freeway safety rest areas. Fifteen rest areas are now in use and there will be 25 in operation by July 31, more than in any other state.

## Mayors Exchange Drawing Being Held Today in Lansing

State officials join with mayors and village presidents from all parts of the state in the annual exchange-of-mayors drawing at the Lansing City Hall Thursday morning, March 22.

Phil Reno, village president of Wayland and chairman of the Mayors Exchange committee, said the drawing was to start at 9:30 a.m. with cities and villages divided into five population classifications.

Governor John B. Swainson, joined by Lieut. Governor John T. Lesinski and House Speaker Don Pears, was to make the first drawing. Mayor Willard I. Bowerman and other Lansing city officials are to be hosts to the official party in the City Council chambers.

Robert Zuver, administrative assistant to James M. Hare, secretary of state, is co-ordinating all preparations as executive secretary of the Mayors Exchange committee.

Letters have been sent to each mayor and village president by the state committee asking whether his community desires to be paired with a town of relative size or to be included in the open draw classification which disregards population.

Chelsea village president, Robert Daniels, has signified in his response to the letter that Chelsea wishes to participate in Mayors Exchange day but has no special request as to the size of its exchange partner.

Besides the open classification, the communities asking to be paired with those of comparable population will be in four groups. Cities of more than 25,000 will be in one classification. Others will be communities of from 5,000 to 25,000; from 1,000 to 5,000, and the fourth for those under 1,000. There are 202 cities and villages

better informed about their government at all levels from the township to the state capital.

Reno urges all towns to take part in the exchange, which he calls "a most valuable undertaking in bringing about a better understanding between communities, bringing new ideas and information to various communities, and getting our cities and villages working together more effectively for a better state."

Harry Prudden returned home Friday from St. Joseph Mercy hospital, Ann Arbor, where he underwent an appendectomy. He was a patient at the hospital for 10 days.

**MASS PRODUCTION IS FINE** for some things—but never for our service. What do we mean? Simply this: we try to run our business to provide the best possible service we can—for each individual customer. It's a policy that makes for telephone service, you can rightfully depend on, whether you're calling the decorator, the doctor, or the District Attorney. So, while it's true we handle hundreds of thousands of calls every day of the year, you can be sure the one you're going to make next will—as always—get the same careful attention that's become a Michigan Bell tradition.

**THESE TWO TELEPHONES** may look alike, but they aren't. One is a private line and the other is a party line telephone, and there's quite a difference. A private line telephone is always ready for you to use. And friends can reach you when they want you. And though it may seem hard to believe, in town a private line costs only pennies a day more than a party line does. It's a down-to-earth blessing of a down-to-earth cost. If you live in town and now have party line service, why not call us about getting a private line telephone soon?

**PASSING THE BUCK** usually refers to letting "George" do something nobody else wants to do. But that's a far cry from the reason why your telephone company arranges with others to accept payments for phone bills. Since many people like to pay bills in person, we had to find a way of making this possible at a reasonable cost. So, at no extra cost to you, we've arranged for several conveniently located banks and other businesses to accept payments for us. It all helps keep your phone bills low, while making sure you get the service you want.

## Hearings Slated on National Potato Marketing Order

Two hearings on the proposed National Potato Marketing Order have already been held, one in being held in Minneapolis, Minn., beginning March 22, and four others have been rescheduled for future dates, according to an announcement from the office of the Washtenaw County Agricultural Stabilization and Conservation Committee (ASCC).

The proposed order, if adopted by the Agriculture Department, would restrict all potato growers in the United States.

Hearings, all open to any potato grower, have been held beginning March 12 at New York, and March 19 at Toledo, O.

Beginning dates for the four remaining hearings have been rescheduled as follows: March 27, Pocatello, Idaho; April 5, Bakersfield, Calif.; April 12, Amarillo, Texas; April 17, Atlanta, Ga.

Each session will continue as long as necessary so that all potato growers in attendance who wish to speak may do so.

## Dairy Heifer Sale Slated For 4-H Youth

Youths looking for a dairy heifer that might win "blue ribbon" at a Michigan fair this year shouldn't miss the special sale being held for 4-H and FFA members March 31.

Seven young dairymen who purchased heifers in last year's sale had a junior or reserve junior champion at one of last summer's fairs.

The Michigan Purebred Dairy Cattle Association and the State's breed associations are sponsoring the annual sale, according to Frank Gendron, 4-H dairy specialist at Michigan State University. The sale will be held in the Wolverine Sales Pavilion at Williamston located six and one-half miles east of East Lansing on US-16.

Youths who purchased calves at the 1961 sale exhibited at the Michigan State Fair, State 4-H Club Show, state breed shows, county shows and fairs.

Ninety-four percent of the buyers who replied said their animals were developing as expected or even better, Gendron reports.

The sale is scheduled to start at 1:00 p.m. About 40 Holstein, 6 Guernsey, 3 Ayrshire and 3 Brown Swiss calves have been consigned in the sale. All calves come from dams with records of at least 100 pounds of butterfat, the MSU specialist notes.

An educational program starting at 10 a.m. will include fitting, showing, breeding and feeding of dairy heifers.

Sale catalogs are available from Dr. Clint Meadows, 120 Anthony Hall, MSU, East Lansing.

## Bookmobile Loan Assured to County By State Library

At its meeting of March 8, the Washtenaw County Board of Library Trustees received notice from the Michigan State Library Board that a bookmobile will be loaned to Washtenaw county from the state library.

Through this loan the County Library can begin providing additional library service to county residents without waiting for delivery of a new county owned bookmobile, on which delivery cannot be received for several months.

The Personnel Committee of the Board reported that a number of applications had been received from qualified candidates for the County Library Director position. The committee is currently conducting interviews and expects to report on recruitment candidates by the April meeting.

The Board also received a committee report on preliminary talks held with the Library Advisory Committee of the Ann Arbor Library. Definite arrangements on office space are expected to await assumption of duties by the new County Library Director.

Members of the Educational Committee of the Board of Supervisors, who have been meeting with the newly established Library Board expressed much satisfaction with rapid progress made by the Library Board in less than three months toward commencement of the new County Library program.

industry, banking, labor, communications, and other fields:

"The Savings Bonds you help to sell make the very complicated task of the Secretary of the Treasury easier, providing a method of steering savings by our fellow citizens into these bonds. This eases some of the pressure on the inflationary scale, and represents an investment in the United States. The task of selling Savings Bonds is more important than ever."

DR. GEORGE BOWLER

## 4-H Girls Prepare for Dress Revues

Washtenaw county's 4-H members carrying the clothing project will be modeling the garments they have made at the District Dress Revues on March 27 and April 3.

While carrying the clothing project, members learn how to choose the pattern and materials best suited for them, besides learning the actual skill of sewing. They also have several chances to model their garments and practice the posture and poise they have learned in their clubs.

On March 27, at Saline High school, the clothing girls from the southern half of the county will participate in an eliminations contest. Thirty-five girls will be asked to model their garments at the County Dress Revue which will be held during the Spring Achievement program on April 11 at Ann Arbor High school. The committee for this event is Mrs. Webb Harwood of Saline and Mrs. Samuel Striz of Willis.

## Most Rural Roads Passable But Still in Poor Condition

Weight restrictions on county roads and state highways are now in effect due to the annual spring break-up.

Restrictions provide for maximum allowable gross axle loadings on trucks and vary according to whether they are being driven on concrete or black-top and gravel.

County restrictions were put on somewhat later this year than last when they went into effect on Feb. 23. They are usually

taken off the latter part of April. County roads are generally passable at this time but only the weather holds the answer to what the future will be, a county road official said. If there is any great amount of rainfall before the frost goes out there will be trouble on the roads, he said.

Three county roads have already been closed off due to flooding conditions although two have been re-opened. A one-and-one-half mile section of Trinkle Rd., east of Chelsea, was closed off for a week because of hub cap-deep water, and a mile section of Wythe Rd., north of Dexter, between Arnold Lake Rd. and Pinckney-Dexter Rd., was closed off for a week because of the same condition. Both are gravel roads.

Still closed is Gouland Rd., north of North Lake, which travels through a marsh. The road is flooded and described as "dangerous" by the Road Commission. This road will probably stay closed for some time until the water recedes, according to the Commission.

While road crews are still able to get their equipment through

they will continue to maintain and patch roads, but if the frost goes out fast and there is considerable mud it may be hard to keep up maintenance of these areas, the official said.

One of the trouble spots is the fact that nearly 75 percent of the culverts which crisscross the roads and provide for drainage are still frozen. Road crews are trying to break them loose by placing buckets of salt in the ends.

Meanwhile the Washtenaw county Road Commission is making sure that weight restrictions will be enforced. They have sent eight weighmasters to their stations on a 24-hour basis. Their vehicles are equipped with portable scales so they can check any truck weight on the spot and they also have portable radios so calls may be referred to them from any place in the county.

The weighmasters who are deputized are assigned on a temporary basis only during the spring break-up.

## Ford Motor Co. Pledges \$10,000 to Red Cross Drive

A \$10,000 pledge from the Ford Motor Company Fund to the county Red Cross drive carried the total to the \$80,000 mark, it was announced today by Edward Adams, Jr., Building Fund Committee chairman.

This industrial pledge to the Ypsilanti Division of the Building drive helped to step up the pace of the county-wide drive for the Operations Center to be located on land already acquired on Packard Rd.

Clyde Losey, chairman of the Ford Motor Company-Ypsilanti Area Community Relations Committee made the presentation to Fund Chairman, Edward Adams, Jr., president of the National Bank and Trust Co. of Ann Arbor and Jack Keller, Jr., of the Ford Motor Co., who is deputy Red Cross fund chairman for the State of Michigan and Mayor Pro-tem of the City of Ypsilanti. The pledge was given on behalf of the employees of the two Ford plants located in Washtenaw county at Ypsilanti and Rawsonville.

The Building Fund Committee, working under the slogan of "The Building View in '62" has been actively broadening the appeal and presenting a slide showing of the Red Cross Chapter needs at service clubs, civic groups, and professional associations throughout the county.
