EDITORIAL THOUGHTS

Use of Force Cannot Help Either Side in Integration

The disputes and demonstrations over the pace of integration and the use of force, either to effect integration against the wish of the majority, or to block it in the face of a court order, stir emotions and tempt many to take hasty or inflammatory action.

It is good, in this atmosphere and in these times, to look back upon the words of the man who raised an army and invaded the South to maintain the status of the Union. His goal was to maintain the Union. That was his primary goal—it was not to integrate the races.

Lincoln's words today, about the Negro, sound like those of the radical right. For example: "I am not nor ever have been in favor of bringing about the social and political equality of the white and black races—I am not nor have been in favor of making voters or jurors of Negroes, nor of qualifying them to hold office, nor to intermarry with white people. . . . there is a physical difference between the white and black races which, I believe, will forbid the two races living together on terms of social and political equality."

Lincoln uttered these words on the eve of the War Between the States. After the war began, radicals urged him to declare the slaves free. He wrote, in denying this request, to Horace Greeley: "My paramount object is to save the Union, and is not either to save or destroy slavery."

The Emancipation Proclamation, which didn't actually free the slaves, of course, since it did not include slaves in the Union, and since Lincoln had no authority in the Confederate States, was a political and strategic move, historians now tell us, designed to affect world opinion and make the war (to maintain the Union) a crusade against an archaic and unpopular system.

It was successful, in this way, even though the Democratic Party in the North opposed it and even General McClellan, Union Army Commander, wrote Lincoln opposing it. Keeping these beginnings of the problem in mind, it should seem obvious that all men of both races should approach the situation today with restraint and good will, but without undue zeal in favor of the use of force. Any citizens who feel denied blessings in this government could well remember that they are better off today than any other like number of their race anywhere else in the world, and that further progress is inevitable and indeed steady. And those who would deny equal opportunity to anyone are, in similar vein, fighting against the irresistible tide of modern times and modern democracy.

The use of force, by either, only worsens the problem for everyone.

How To Burn Your Home

Experts reported recently that one-fifth of all homes destroyed by fire during the winter months are burned as a result of faulty heating systems. That being the case, it would be wise for every homeowner to think about the causes of fires occurring in heating systems.

Gas or oil heaters should be carefully checked periodically. They should also be used in ventilated rooms only because they exhaust the oxygen in the air of a tightly closed room. In addition, pipes or tubing used to carry fuel to the heater should not be used for hanging things, or be subject to having nails driven in their vicinity.

All stoves and furnaces should have at least one and one-half feet clearance on all sides from materials which might catch fire. It is recommended that stoves be placed at least four inches above the floor on legs, concrete or bricks. In addition, an insulated metal base under the stove will help protect the floor.

If you use a gas stove for cooking, be sure that pots do not boil over and put out the flame, while you may be out of the room or unaware of what is happening.

If you follow these tips, your home may still burn down, but it will probably be because of some other reason than a faulty heating system—and the chances that it will burn will definitely be reduced.

Teacher Changes

Teacher turnover in Michigan runs about 10 percent annually, according to a survey by the State Department of Public Instruction. Superintendent Lynn M. Bartlett believes that most teachers who did not return this fall to the jobs they held during the 1962-63 school year went to other school districts.

This was the first year the department compiled statistical data on the number of teachers who do not return to the same school system in a succeeding year.

The 10 percent attrition represented 6,921 teachers.

Analysis of the survey showed 27.2 percent went to other school districts, another 19.6 percent retired, 15.1 percent moved, 9.4 percent obtained other employment and 2 percent died.

The other 26.7 percent gave up their teaching posts for unknown or miscellaneous reasons, Bartlett said.

The extensive study also showed the number of full-time teachers in Michigan reached an all-time high of 65,147 last year.

A rather interesting fact was also noted in the survey report. Most people think men are a small minority in the teaching ranks.

The study, however, showed there were 21,149 male teachers and 43,997 females. Most of the men were in the secondary schools, with only 5,501 teaching at the elementary level. Men outnumbered women teachers, 15,648 to 11,952 in the secondary system last year.

Water Dangers

The same unfortunate increase in accidents that is being recorded on the highways is taking place on

Michigan's waterways, according to the State Police.

A provisional report through mid-September showed 215 persons drowned and 202 persons were injured in 474 accidents. This represented an increase of 13 deaths over last year.

The injuries in the first nine months of the year were higher than the total number hurt in water accidents during all of 1962; however, the department said. The number of accidents which occurred also was higher than the full-year figure of 457 accidents for 1962.

State Police Commissioner Joseph A. Childs noted that water accident deaths and injuries generally show a marked decrease after the Labor Day week-end.

"Outdoor enthusiasts are reminded, however, that they should exercise due caution in any activity in or near water during the remainder of the year," Childs said.

Water accidents are not confined to summer activities, Childs noted. Three of the victims already recorded this year fell through ice, and some 40 others died when they fell from bridges, banks, docks or piers.

Promote in minute

Planning for the annual Michigan Week has come to be nearly a year-round job for the organizers of the event.

This is as it was hoped when the annual brag week was initiated a decade ago.

Now a new selling campaign is getting under way, similar to that intended in the planning of Michigan Week promotions.

The group conducting the new effort is headed by A. R. Saunders,

executive vice-president of the Michigan Real Estate Association.

Known as the Michigan Minute-men, the new unit hopes to sell the state 365 days a year to attract new industries, tourists and permanent residents.

Working as leaders of the Minute-men are executive secretaries or managers of 12 organizations representing civic, farm, labor, religious, professional and trade associations.

Each of the associations in turn will enlist member of the Minute-men, which derived its name from the volunteer unit trained before the Revolutionary War to "fight at a minute's notice."

Southern Michigan has grown animals larger than elephants. Not in recent centuries, to be sure, but fossil remains of mammoths and mastodons tell us so.

JUST REMINISCING

Items Taken from the Files of The Chelsea Standard

4 Years Ago . . .

Thursday, Oct. 1, 1959—High wind Saturday night blew down the home of Mr. and Mrs. Lewis Fish and their five children (the converted Dorr schoolhouse) at Washburn and Sharon Hollow Rd.

Cocaptains Roger Herman and David Rowe had their pictures taken with Coaches Alan Conklin and Truman O'Doherty—all smiling broadly after Chelsea's winning the U. High football game at Ann Arbor, 7-0, the first game they played in the newly-organized Washtenaw County Conference.

Mrs. Florence Howlett, a retired teacher with more than 30 years of service in Chelsea schools, has been made an honorary member of the Chelsea Teachers Club.

In the 34 Years Ago column (Oct. 1, 1925): Dr. Walter Koelz, a native of Waterloo, loaned to the National Geographic Society by the U. S. Bureau of Fisheries, is now in the Arctic—a radio message about his work was received by the Society.

14 Years Ago . . .

Thursday, Sept. 29, 1949—Chelsea's trio of nonagenarians whose birth month is September and who are natives of this vicinity and life-long residents have again observed their birthdays—Miss Alma Pierre, 93 on Sept. 10; Mrs. David Schneider, Sept. 25; and Samuel Guthrie, 95 on Sept. 11.

Members of "Up and Down" 4-H Horse club mowed, cleaned and graded the grounds for showing their horses at the Chelsea Community Fair grounds taken over by Keith Bradbury, Kenneth Proctor, Jr., Lawrence Green, Marlene Kuhl, Nancy Van Riper, Barbara Kuhl, Gail Green and the club leader, Carroll Ordway.

The Rev. Theophilus Twente, former missionary at Chittagong, India, is to be the guest speaker at St. Paul's church Mission Festival Sunday.

Working as leaders of the Minute-men are executive secretaries or managers of 12 organizations representing civic, farm, labor, religious, professional and trade associations.

Each of the associations in turn will enlist member of the Minute-men, which derived its name from the volunteer unit trained before the Revolutionary War to "fight at a minute's notice."

Southern Michigan has grown animals larger than elephants. Not in recent centuries, to be sure, but fossil remains of mammoths and mastodons tell us so.

24 Years Ago . . .

Thursday, Sept. 28, 1939—

According to information received by village officials the State Highway Department will bring equipment and a crew of men to Chelsea next week to resurface the Main St. pavement with asphalt.

L. B. Lawrence, a life-long resident of this community, recalls that he exhibited sheep at the State Fair in Detroit 56 years ago, taking first prize on a pair of

Merino sheep. He was the youngest exhibitor and the fair society paid his expenses.

Ted Brueckner, son of the Rev. and Mrs. M. W. Brueckner, has been elected secretary of the Freshman class at Capital University, Columbus, O.

In the 34 Years Ago column (Sept. 28, 1905): The common council of Chelsea has decided to have a new jail built to take the place of the old one destroyed by fire some time ago. Of cement blocks, it will be 12x17 and one story high.

In the 24 Years Ago column (Sept. 30, 1915): Chelsea's first annual street fair is underway and is a splendid one in every way. Merchants have given over their windows for the display of fruits, vegetables, culinary exhibits, etc.; poultry and pet stock is being shown on the Winters lot and the horse show is on McKinley St.

34 Years Ago . . .

Thursday, Oct. 3, 1929—

Dr. L. J. Paul, osteopathic physician, announces the opening of offices above the Princess Theatre next Monday. He comes here from several years' practice at Mt. Vernon, Ill.

Mrs. Inez Rank, teacher of the school in District 4 fr., Lima and Sylvan, reports the following as having a perfect attendance record for September: Robert Welch, John Jacob Alber, Harley Prudden, Loren Boutler and Maynard Oakwater.

Lt. Herbert D. Vogel was a guest today of his parents, Mr. and Mrs. L. P. Vogel. He recently returned from a year's inspection tour of laboratories in Europe. Working under the Flood Control Plan of the Mississippi River, he

will have charge of a laboratory at Memphis which is to solve problems relative to the alluvial basin of the river.

In the 34 Years Ago column (Sept. 26, 1895): Rt. Rev. Bishop Foley of the Detroit Diocese, has separated the mission of Pinckney and Chelsea into two independent parishes with Rev. Fr. Constantine remaining at St. Mary's. Miss Tressa Bacon has resigned as organist at St. Mary's church and has gone to San Antonio, Tex.

The '64s from Ford are here:
The Year of the Test Drive starts today!

Ford cars have changed. Only a test drive can tell you how much. Races and rallies, economy runs, braking and acceleration tests have bred into our 1964 models the kind of total performance you just can't create on the test track alone. They are hard-muscled, fast-moving, sure-footed. Open competition helped make them that way. They offer you substantially more car than anything at their price. You don't have to take our word for it. We're willing to rest our case on our cars.

TRY TOTAL PERFORMANCE FOR A CHANGE!

FORD

Falcon-Fairlane-Ford-Thunderbird

1964 SUPER TORQUE FORD

Strongest, smoothest, steadiest car in its field—by hundreds of pounds. . . . More steel in frame and suspensions. . . . Unique suspension lets wheels move backward as well as up and down to flatten bumps. . . . Distinctive new rooflines.

1964 FAIRLANE

Unique combination of family-size room, sports car feel and modest price. . . . Optional 289 cubic-inch V-8 so lively it was adapted for famous Cobra sports car. . . . Five engine choices, six transmission choices, eight different models.

1964 FALCON

All new except the economy that made Falcon famous. . . . Falcon's Six still holds all-time Mobil Economy Run record for Sixes or Eights. . . . Plus latest ride ever built into a compact car. . . . 14 models—plus 8 extra-duty wagons.

SEE THE 1964 TOTAL PERFORMANCE CARS
AT YOUR FORD DEALER'S HOUSE PARTY

Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

I was reading a piece in the papers where one of them Wall Street experts was advising folks to "build a second-income." He was claiming the national economy was getting to the place where one wasn't enough.

The feller must have got lost crossing the New Frontier because we been in that fix for a long time now. It got started back during the second World War when Sadie took a job on the war effort. When the war was over prices got so high that Sadie had to stay on the swing-shift to help her old man make both ends meet.

Per instant, I saw some figgers the other day where six married women out of ever 100 was holding down jobs in 1940 and now 88 out of ever 100 was working full time helping with the family expenses, and they was predicting that in another 10 years about three-fourths of all married women in the nation would be coming home with a payroll check.

Furthermore, it ain't only the women folks that is working on this "second income" project. I was reading a piece from the U. S. Labor Department that an-

nounced they was 3 million men in this country holding down one full time job and one part time job, and another 75,000 was holding down two full time jobs, working 8 hours or one and doing another 8 hours somewhere else.

I was raised up in the old school, Mister Editor, when a woman's place was in the home, as the old saying goes, but with the taxpayers trying to keep up the interest on a \$300 billion debt, old fashioned field tomatoes costing 25 cent a pound, and a pair of \$2 shoes costing \$18, most wimmen staying in the home ain't going to have no home very long.

This "second income" is a way of life that's been sneaking up on this generation of Americans and ain't had much publicity, but it is coming full bloom and this feller from Wall Street is way behind the times.

Incidental, this new "equal pay" for wimmen law the Congress passed is liable to force more men into the two-job column. I was reading where one big manufacturer claimed it cost 30 per cent more to hire wimmen than men, on account of wimmen being absent so much and on account of the constant turnover in wimmen employees. He allowed as how his firm was cutting way down on hiring wimmen and replacing 'em with men.

This makes sense to me, Mister Editor, but it didn't register with my old lady. She says she aims to write her Congressman about it. With me and her both getting off a letter to Washington about once a week, I'm expecting to get a subpoena to appear afore the Committee on Un-Americanism or somesun.

Yours truly,
Uncle Lew

Admit Damage to Rural Mailboxes

Five Manchester area persons pleaded guilty to charges of malicious destruction of property to appear Saturday before Manchester Justice of the Peace. Charges were lodged against five after investigation of complaints of rural area residents that a number of mailboxes had been smashed or otherwise damaged.

The five are listed as follows: Laverne Leach, 21, and his 18-year-old brother, Roger, both of 1800 Sharon Hollow Rd., Roger Handy, 18, of 28008 Sharon Hollow Rd., William Haussler, 21, of 2100 Manchester, and Edward Hardt, 22, of 1170 W. Liberty, all of Solo township.

BETA SIGMA PHI
Zeta Beta Chapter of Beta Sigma Phi sorority met Tuesday, Sept. 17, at the home of Mrs. Janet Longworth for a social evening. A bake sale was a feature of the evening's activities.

The first meeting of the year was held Sept. 3 at the home of Mrs. Betty Koch. At that meeting the calendar for the year's program was submitted and plans were discussed for the annual rush party scheduled for Oct. 20. The next chapter meeting is to take place Oct. 1 at the home of Miss Ruth Buerle.

The Upper Michigan "Copper Country" is the largest commercial deposit of native copper in the world, having yielded nearly 11 billion pounds in the past century.

Donna Mae Baker, Harold F. Gross Exchange Vows

Donna Mae Baker, daughter of Mr. and Mrs. David W. Baker of Solo Church Rd., Solo township, exchanged vows with Harold Fredrick Gross at the Salem Evangelical Lutheran Church.

Parents of the bridegroom are Mr. and Mrs. Harold L. Gross of Dexter.

The Rev. Harold A. Trzynka performed the ceremony.

For the ceremony, which took place Saturday evening, the bride selected a floor-length gown of satin and Chantilly lace styled with a chapel-length train. The Sabrina neckline and long-pointed sleeves were trimmed with seed pearls and sequins. A fingertip veil of English illusion fell from a crown of seed pearls and the bride carried a Bible covered with white orchids.

Miss Kathleen Miller of Ann Arbor was maid of honor. Bridesmaids were the Misses Rebecca Bolgos of Ann Arbor, Cecelia Maloney of Dexter and Julia Schumacher of Matawan, N.J.

Robert Knickerbocker, brother of the bridegroom, assisted as best man, and guests were seated by Michael Baker, the bride's brother, Glenn Winkler and Robert Broderick, both of Dexter.

Donna Mae Frey, namesake of the bride, Debra and Timothy Gross, sister and brother of the bridegroom, were flower girls and ringbearer.

Following a church reception the newlyweds left on a wedding trip to Northern Michigan.

Miller-Hawkins Vows Repeated in Saturday Ceremony

Mr. and Mrs. Albert D. Hawkins are now at home at 820 Cavanaugh Lake, following their marriage Sept. 14. The Rev. C. J. Reiner, pastor of Zion Lutheran church at Rogers Corners, officiated at the ceremony at 2:30 p.m.

The bride is the former Wilma Margaret Miller, daughter of Mr. and Mrs. Arthur Miller of Lima Center, while the bridegroom is the son of Mr. and Mrs. Ford Hawkins of Stockbridge.

The couple's attendants were the bride's sister, Dianna Joan Miller, and the bridegroom's brother, Charles Hawkins.

A reception was held Saturday evening at Lima Center Community Hall.

The bride is a 1959 graduate of Chelsea High school. She later graduated from Modern Beauty Cosmetology school at Ann Arbor and is now employed at Blanche's Beauty Salon in Dexter.

Mr. Hawkins graduated from Stockbridge High school and is employed in the Arthur Miller milk hauling business.

Mrs. Annabelle Wooley and her parents, Mr. and Mrs. Walter Vicary, were in New Baltimore, Sunday, where they visited Mrs. Vicary's sisters and their families, Mrs. Fred Schlosser and daughter, Thelma, and Dr. and Mrs. H. E. Fogg and daughters, Dorothy and Adeline.

Mrs. Harold F. Gross

Needlework Guild

(Continued from page one)

made or purchased; or money may be given for the purchase of shoes or other needed items. Membership is open to everyone: women, girls, men, or groups—from juniors to senior citizens.

Ingatherings are held throughout the nation each fall, the nationwide project making it possible to clothe thousands of school children.

All Chelsea area people are invited to have a share in the ingathering with a contribution of new clothing or household linen or a cash gift for the purchase of such items as shoes, overcoats and larger items of clothing, such as warm jackets.

Girl Scout Program

(Continued from page one)

during the summer, made one of the puppets themselves and prepared seven signs and a backdrop used in the demonstration.

The group was formed for the purpose of explaining the new Girl Scout categories by giving their demonstration at various meetings of Girl Scouts and other organizations. The group also works with Senior Girl Scouts of area towns as well as providing information to other troops.

Their leader in the project is Mrs. Leslie Eisenbeiser, Senior Girl Scout leader.

Personal Notes

Mrs. Ernest Guenther is a patient at St. Joseph Mercy Hospital, Ann Arbor, and was scheduled to undergo surgery there yesterday.

Mrs. Adam Alber has returned home after being a patient for two weeks at St. Joseph Mercy Hospital, Ann Arbor.

67 Local Brownies Become First Junior Girl Scouts

Wednesday, Sept. 18, was a big day in the lives of 67 local Girl Scouts. These girls were the first in Chelsea to "cross the bridge" from brownie Girl Scouts to Junior Girl Scouts, under the program change that went into effect on Sept. 9.

Thirty-nine Brownies received their Brownie wings and Girl Scout pins at the ceremony. They are Denise Albin, Julie Bauer, Theresa Blackwell, Cynthia Chandler, Susan Cobb, Amy-Lou Detling, Barbara Duerer, Patricia Eiselo, Sherry Freeman, Jacquie Frisch, Janet Green, Greta Graham, Bonnie Jo Hosler, Leslie Ann Irving, Karen Johnson, Vicki Kuhl, Pam Laraway, Kathy Leach, Ann McKernan, Jackie Murphy, Stephanie Nelson, Sandra Notten, Vicki Padgham, Iva Jean Patrick, Rita Picklesimer, Patty Porter, Laurel Prinzling, Jeannette Quigley, Susan Rogers, Karen Schaefer, Kathryn Schaefer, Janice Schenk, Rebecca Schnake, Janice Schramm, Joan Slane, Mary K. Slocum, Betty Lynn Snyder, Norma Tuhner, and Cheryl Wilkerson.

The other 28 girls who participated in crossing the bridge, flew up at ceremonies in their troops last spring. They are Cathy Benjamin, Donna Blackwell, Elaine Burnett, Priscilla Cole, Vicki DeLoy, Annette Eresten, Jill Flintoff, Molly Foster, Janice Guenther, Kathy Hafner, Alfretha Harrison, Lynn Jacobs, Jill Kipf Miller, Patricia Laraway, Mary Lu Clear, Brenda McGibney, Betty McNutt, Debra Paul, Linda Picklesimer, Rhonda Romine, Lisa Sharard, Joan Schmidt, Dana Stinehelfer, Susan Stock, Luann Striet-

er, Patrice Stoffer, Ann Thomson, and Joan Yocum.

The girls, led by Junior Scouts, marched two-by-two across the "bridge" formed by their new leaders, into their new Junior troops.

Junior troop leaders present for the ceremony were Mrs. Eva Elkins, Mrs. Carrie Eisenbeiser, Miss Sue Eisenbeiser, Mrs. Imogene Slocum, Mrs. Barbara Leach, Mrs. Aurelia Pichea, Miss Donna Sherman, Mrs. Helene Frisch, and Mrs. Rosina Jacobs.

Junior Troop 58 was in charge of the ceremony for this occasion. Girls who participated from this troop are Christine Alber, Jacquie Bailey, Linda Bauer, Shirley Brown, Angie Cavadas, Linda Cobb, Pam Czarnecki, Claudia Devine, Susan Frisch, Patty Gilbert, Kathy Grob, Crystal Impola, Debbie Maynard, Susie Parker, Janet Paul, Kathy Porath, and Janna Wade.

Also assisting were Senior Girl Scouts Julie Eisenman, Janet Hafner, Kathy Sutter, Drinda West, and Diane Worden.

Punch and cookies were served after the girls gathered in groups with their new troopmates and leaders.

The Girl Scouts are a benefitting agency of the Community Chest.

Shish Kebob Cuts

Do you know just what Shish Kebob is? Shish Kebob is boneless cubes of lean lamb, usually about two inches in diameter, which are broiled on a skewer. This delicious lamb treat first became known many thousands of years ago, when roving bands of tribesmen in the Pyrenees would spear chunks of lamb meat on their swords, broil it over an open fire, eating it directly from the sword.

Roughly translated, "shish Kebob" means "Meat on a Sword." The best cuts to use for the cubes are the sirloin half of the leg and the shoulder.

Joan Wahl Named to Cleary Honor List

Joan Wahl's name was placed on the president's list at Cleary college, Ypsilanti, at the conclusion of the summer semester, having attained a scholastic average of 3.75 out of a possible 4.00.

Miss Wahl, a 1963 graduate of Grass Lake High school, returns to Cleary this week to begin the fall semester. She expects to graduate in March.

Miss Wahl is the daughter of Mr. and Mrs. Harold Wahl, 4015 Clear Lake Rd.

Oakland U. Enrollment Triples in Four Years

Since Starting in 1959
Oakland University at Rochester has drawn approximately 1,500 students from 38 counties in Michigan, 21 other states and five other countries. The four-year-old liberal arts institution, formerly Michigan State University at Oakland, began operation in Sept. 1959 with 500 freshmen, and graduated its first class last April.
Daryl B. Keezer, of Chelsea, is a member of the junior class there this year. He is the son of Mr. and Mrs. Elwood Keezer of 415 McKinley St. and a 1961 graduate of Chelsea High school. He is majoring in engineering.
For the first two years, there were no living quarters on campus and resident students lived in university-approved homes in the Rochester and Pontiac areas.
Additional housing facilities, accommodating 305 resident students in three residence halls, are in use this year.

Recreation Commission Meets With Young People

Dr. Michael Papo presided as chairman at a meeting of the Recreation Commission Thursday in the Municipal Building.

Seven young people, representing Chelsea's schools, were present at the invitation of the Commission and made a number of constructive suggestions as to what their age groups consider desirable in the way of youth activities in the community.

Representing St. Mary's school were two eighth graders, Larry Gaken and David Orlovski, captain and lieutenant, respectively, of the school's Safety Patrol; Janice Wood and Linda Meehan, of Chelsea High school; and Paul Schnake and Chris Taylor of the Junior High school.

There was some discussion relative to a "Teen Center" and further discussion on the matter will take place at a meeting scheduled for Oct. 3.

Reports will also be heard at that time on results of investigation by several persons appointed at Thursday's meeting—Harvey Lixey who was asked to look into the possibility of starting an auto mechanics course; Mrs. Charles Lancaster who was requested to

investigate possible ceramics classes; and Mrs. Gwen LaGoe on the matter of guitar classes.

The Commission is aiming for a start on a recreation program for all age levels by the end of October or early in November. Being considered are physical education classes for all ages, Saturday basketball, etc., for younger children, and various other programs.

Junior High School Principal Alan Conklin, who has been summer recreation director in Chelsea for several years, reported on the past summer activities.

Wallace Wood Listed In Top Ten Agents For Insurance Company

Wallace Wood, local State Mutual Insurance Co. agent, has been listed as one of this company's Top Ten agents for his sales during August, according to Alex Little, president of State Mutual.

The list is compiled monthly by State Mutual from the sales records of over 250 of its agents located throughout Michigan.

A-2c William Chaplin Graduates from Tactical Missile School

Orlando AFB, Fla.—Airman Second Class William S. Chaplin of 121 Wilkins St., Chelsea, Mich., has been awarded the United States Air Force Missile Badge following his graduation from the tactical missile school here.

Airman Chaplin was trained as a combat-ready maintenance crew member and will be assigned to an Air Force Mace missile unit in Europe.

The 20-year-old airman is a graduate of Chelsea High school. His parents, Mr. and Mrs. John T. Chaplin, live at 340 Pleasant St., Charlotte, Mich.

Olen Hart, Jr., Undergoing U.S. Navy Basic Training Course

Great Lakes, Ill.—Olen W. Hart, Jr., 22, son of Mr. and Mrs. Olen W. Hart, Sr., of 3850 Waltrous Rd., Chelsea, Mich., is undergoing nine weeks basic training at the Naval Training Center, Great Lakes, Ill.

The training includes naval orientation, history, and organization; basic military law; seamanship and shipboard routine; ordnance, gunnery and damage control; sentry duty and military drill; physical fitness; swimming, first aid and survival.

During their training period recruits receive tests and interviews which determine their future assignments in the Navy. Upon completion of training they are assigned to service schools for technical instruction or to ships or shore stations for on-the-job training in a Navy rating specialty.

Jackson Rd. Business Group Holds Annual Family Picnic Sunday

Jackson Rd. Businessmen's Association held their annual family picnic at Dexter-Huron Park on Sunday, Sept. 22 with approximately 100 persons attending.

Games for the children and adults provided the entertainment for the afternoon. Those attending reported having an enjoyable afternoon.

BEAUTIFUL HOME FURNISHINGS

Friends of Library Plan Bridge Party

Chelsea Friends of the Library are arranging a public bridge party to be held Saturday, Oct. 12, at 8 p.m., at the Chelsea High school cafeteria. Proceeds being designated for the purchase of items for the McKune Memorial Library—items needed for the library to add to its effectiveness but which cannot be purchased with the amount of money provided by means of the tax levy.

Jack Merkel, Friends of the Library president, said, Mrs. E. W. Eaton and Mrs. Fredrick Wagner are co-chairmen of the bridge party; the Rev. P. H. Grabowski is responsible for the tickets; and Merkel, himself, is assigned to be publicity chairman.

An attempt is being made to sell tickets in blocks of four to fill an entire table. Those who attend are asked to bring their own cards.

There will be prizes and refreshments will be served.

Tickets are available at the library and from all members of the Friends of the Library.

If the bridge party proves popular with people of the community, Merkel said, the group would consider having a series of similar parties during the fall and winter.

THANK YOU

I thank neighbors, friends and relatives for their many acts of kindness and gifts, after a recent misfortune.

Gratefully,

Agnes Gulman.

THANK YOU

Many thanks to my relatives and friends for the kindnesses extended to me and my family during my stay at the hospital and since my return home. For all the cards, flowers, gifts and calls I received, I am deeply grateful and appreciate everything that was done for us.

Mrs. Wm. Hitchingham.

THANK YOU

We wish to extend our heartfelt thanks to the many friends, neighbors and relatives who attended our Golden Wedding reception Sunday, Sept. 15, and those who helped in so many ways to make the day such a memorable and unforgettable one, especially our son and our daughters who made it possible.

Mr. and Mrs. J. Vincent Burg, Jr.

THANK YOU

"Thank you" to all who were so kind to me during my stay at the hospital—the doctors here and in the hospital, Dr. Goldsmith's secretary for flowers, the Rev. James Craig for his visit, the Methodist church for flowers and all who sent cards; also, Mrs. Martha Buehler and neighbors and friends for everything they have done for me.

Josephine Elizabeth Alber.

THANK YOU

My heartfelt thanks to my husband and family and to my good neighbors for the many kindnesses extended to me during my stay at the hospital and since my return home. Special thanks to the Methodist church for altar flowers, the Rev. James Craig for his calls, and all who sent flowers, cards and messages. This thoughtfulness is greatly appreciated.

Sincerely,

Mrs. Frank Bishop.

THANK YOU

Many thanks to all who helped make our Golden Wedding such an outstandingly happy occasion—our friends, relatives and neighbors who remembered us in so many thoughtful ways. We deeply appreciate the cards, gifts and good wishes we received. Sincerely

Mr. and Mrs. Fred Kennedy.

The Great Lakes as a whole form the largest body of fresh water in the world. The combined area is greater than that of the Black, the Baltic, the Red, the White or the Caspian Sea, and as great as the Adriatic and Ionian Seas combined.

Wieners vs. Frankfurters

Have you wondered "what's the difference between wieners and frankfurters?" Franks are the biggest, usually about an inch thick and 4 inches long. Wieners might be called "smaller cousins," because they're 3/4 of an inch thick and 3 to 3 1/2 inches long. But the price doesn't indicate the name—highest grade of franks and wieners are more than half lean beef and the rest pork and seasonings. Some cereals are

added to the lower grades of franks and wieners... but they're still mostly meat because Michigan law is very strict and meat products called meat must really be meat! It's the size that makes the difference between them!

Michigan has four times as much water area as any other state—11,038 inland lakes, 36,350 miles of streams, and 3,251 miles of Great Lakes shoreline. Nearly half of Michigan's 83 counties have frontage on the Great Lakes.

Senator Philip A. Hart's

REPORT from WASHINGTON

★ Cases from A Senator's Files ...

Dealing with the federal government on some personal matter is not always the simplest of tasks.

To the average citizen, the government can seem an inscrutable tangle of agencies and bureaus, all folded inaccessibly within each other like pop-up tissues in an unopened box.

A citizen has a damage claim against the Army, an elderly couple's social security check is slow in arriving, a businessman wonders how to bid on a federal contract, a mother needs her soldier son home on emergency leave—how can each best press his case?

Helping such individuals is an important function in almost all Senatorial offices.

Not long ago, going over some old files, I thought it might be useful to list some of the cases in which I was able to assist. The list is not presented boastfully. I am sure the files of many Senators reflect the same story.

Here are some examples to illustrate the ways in which my office can help individuals.

—A University of Michigan professor, on a study mission in Korea, adopted a crippled boy and paid for the medical attention that made the child well. But the professor was a bachelor and immigration law demands that adopted children have two foster parents. We introduced a private bill that passed Congress and allowed the boy to accompany the professor home.

—A young Livonia bridegroom received orders to report for Army duty three days before his scheduled wedding. A phone call to military headquarters resulted in a 10-day postponement.

—A widow was denied Veterans Administration benefits because her husband was discharged one day short of the 90-day service minimum. We checked and found the husband had not been credited with travel time home after discharge. This gave him a total of 91 days service. The widow and her children are now getting a pension.

—During a long illness, a Detroit man forgot to make a payment on the post office box he had held for 25 years. We contacted the post office and they agreed to let the man keep the same box number.

—An elderly couple fell so ill they could no longer keep up their

farm near Petoskey. After we reported the problem to Army officials, their son was given a hardship discharge and got home in time for the cherry harvest.

—When a federal building was renovated, no room was left for a blind vendor's stand. Some of his old customers sent me a letter. The General Services Administration agreed something should be done and found the man a new spot in the building.

—A Jackson manufacturer found a way to make aircraft circuit breakers at a considerable saving. The circuit breakers were found to be perfectly safe and dependable but somehow the Pentagon bureaucracy continued to cling to an older, more expensive model. We carried the Jackson company's case to the top levels and a production contract is now being negotiated.

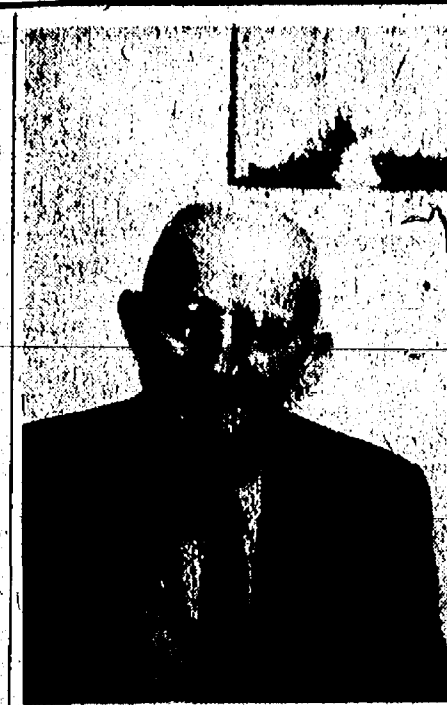

—A native-born Detroit resident and his wife were in Poland when their daughter was born. Father and daughter became separated during the war. He finally located her and brought her to this country in 1962, but she was denied citizenship because she had voted in a Russian election. The entire family was in danger of losing citizenship. A private bill restored her American nationality.

—A Norwegian exchange student at Michigan Tech contracted a rare, frequently fatal, lung disease. He wanted to go home but no commercial airline could take him because he was a stretcher case. We found space for him aboard a regular Air Force flight to West Germany. From there, the Norwegian Air Force took him home. He died at home.

That's just a sampling. None of them are of earthshaking national importance except in the sense that each citizen certainly has a right to every consideration from his government. Of course, some cases are weaker than others and not all win approval.

But making sure individuals get a full hearing is clearly one of the most important duties a Senator has—and often one of the most satisfying.

Opening of the St. Lawrence Seaway in 1959 made Michigan the principal maritime state on the nation's fourth seacoast. Now 80 percent of the world's merchant fleet can reach Michigan's seaports.

GUSTAV LEUNEBERG

Tourism is a \$680 million annual business in Michigan. It brings nearly \$50 million each year into the state treasury in taxes and license fees.

Gustav Leuneberg Observing 90th Birthday Today

It's "Happy Birthday" to Gustav Leuneberg today—for the 90th time! The adage that "you can't keep a good man down" applies to Mr. Leuneberg who came to this country from Germany at age 18, farmed in the Dexter area for many years until he "retired"—to buy wool; that is—and he's still buying it to this day. Mr. Leuneberg who has lived on Huron River Dr. for 27 years, was the father of 10 children, eight of whom are still living: Mrs. Bertha Bird, Mrs. Ellis Tobey, Mrs. Herbert Harper and Herman Leuneberg in Ann Arbor, Carl in Durand, Walter in Fenton, Mrs. Lancel Chase in Bay City and Mrs. Harold Blue in Detroit. The entire family gathered on Sept. 1 to celebrate in advance, when the above picture was taken. A smaller party is planned for him again today.

Scouts Go into Wilderness For Week-End Camp-Out

Boy Scouts and their leaders drove approximately 180 miles this past week-end in order to find land that approached that of the wilderness days of old. A total of 80 men and boys from six different troops of the Ironquills District enjoyed a fine hike in and overnight camp on the 500-acre property of Mrs. George Huntington.

Mrs. Huntington's property is located about 10 miles west of Houghton Lake and has the added attraction of the Muskegon River flowing through it.

William Tito of Chelsea, camping chairman for the Ironquills District, was general chairman of the event and was assisted by John D. Potts, also of Chelsea, who arranged for the camping permit on the Huntington property. Potts is related to Mrs. Huntington.

The six troops, including the two troops from Chelsea, left about 7 a.m. Saturday morning and arrived in time to set up camp and grab a quick lunch just prior to a downpour. With the prior training made available to them, the boys were able to remain completely dry during the half-hour rain. When the sun came out, so did the boys. They busied themselves with the making of camp gadgets for comfort and necessity and some, like the boys of Troop 76 went on another hike of about five miles to see the nearby deer ranch.

After dinner and a campfire in the evening, the boys retired for the night.

At 6:30 a.m., boys of the Catholic Faith started hiking to the cars to attend 7:45 Mass in Prudenville. The rest of the camp soon started stirring and were ready for an eight o'clock non-

Most Highway Accidents Occur Close to Home

Lansing — Where do people have automobile accidents? Is it in some distant and unfamiliar place? Or is it close to home? There's no question but what confusion in unfamiliar surroundings contributes to some accidents.

But national statistics show that the old saying, "Familiarity breeds contempt," explains a greater proportion of highway mishaps.

Troop 28 was cited for the many camp projects they completed during the short week-end. This was one of the big factors that gave them a tie for top honors with troop 46 of Saline. The top honor award was based on pack craft, hike craft, camp craft, along with program and spirit.

Sixty-five percent of the fatal traffic accidents occur in the driver's home county. Another 15 percent occur in a county adjacent to the driver's home county.

This bears out a belief by Michigan State Highway Department engineers. They report that the highway locations most often complained of by motorists are often the safest.

The reason seems to be that a dangerous looking spot is usually

treated with great respect by drivers, while a harmless appearing stretch of road may breed that fatal contempt.

Michigan leads in the production of valuable hard maple and yellow birch lumber, and 95 percent of the world's supply of bird's-eye maple comes from the forests of the Upper Peninsula.

Expect great things from Chevrolet again-for '64

Today...Jet-smooth Luxury '64 CHEVROLET

'64 Chevrolet Impala Sport Sedan—one of 15 Jet-smooth Luxury Chevrolets.

Chevrolet was luxurious before, but you should see it now. With smart new styling, the '64 Chevrolet looks even longer (but isn't). There's even a whole new series this year—the Impala Super Sports—with front bucket-seats as standard equipment. (The new Impalas and Bel Airs are more luxurious, too. Even the lowest priced Biscaynes have new foam-cushioned seats front and rear and are fully carpeted.) Of course, you expect more than just luxury from Chevrolet. A choice of 16 power teams, for instance—a 6 and six V8's up to 425 hp (optional at extra cost). And quieter transmissions. Jet-smooth ride with Full Coil suspension. Flush-and-dry rocker panels, Delcotron generator, self-adjusting brakes and other low-upkeep features. If you've ever wondered how luxurious Chevrolet could get—with all the extra-cost options there are to choose from—that seems to be entirely up to you.

Take your first look at the first CHEVELLE!

CHEVELLE! by Chevrolet

New Chevelle Malibu Super Sport Coupe—one of 11 models in three great series.

You've never seen anything like this totally new line of cars before. Chevelle is new in everything but Chevrolet quality. Chevelle is a good foot shorter than the big cars, so it parks easily. Yet the interior dimensions of its Body by Fisher provide a generous amount of head, leg and shoulder room. (Chevelle's trunk is big and roomy, too.) The ride is surprisingly smooth with a rugged coil spring at all four wheels. And not so surprisingly for Chevrolet, the new Chevelle offers a choice of engines ranging from an economical 120-hp 6' to a 220-hp V8 (optional at extra cost.) Choose the Chevelle you like best from the three series—the Malibu Super Sport, the Malibu and the 300 Series, eleven models in all—at your Chevrolet dealer's. (Like this good-looking Malibu Super Sport, maybe?)

The University of Michigan was the first U.S. university to establish a professorship in zoology and botany, in 1842.

Ironwood is as far west as St. Louis, Mo.; Hancock is farther north than Montreal, Canada; and Port Huron is as far east as Greenville, S.C., or Asheville, N.C.

DEATHS

Mrs. John G. Fischer

Dies Early Tuesday At Chelsea Nursing Home

Mrs. John G. Fischer, 91, a Lima township resident for many years, died early Tuesday at Colonial Manor Nursing Home in Chelsea following a long illness. She had entered the nursing home July 12 of this year.

Born at Amherst, O., Feb. 10, 1872, she was a daughter of George and Katherine Kraushauer Spiegelberg and came to Michigan as a child with her parents.

On March 7, 1901, she was married to John G. Fischer and they made their home at the present farm, 3101 N. Lima Center Rd., near Four Mile Lake, since then.

Mr. Fischer died Nov. 25, 1945. Mrs. Fischer was a member of the Evangelical United Brethren church of Ann Arbor. For many years, too, she had been a member of the Lima Center Extension Group.

Survivors are a son, Harvey Fischer of the Lima Center Rd. address; a daughter, Mrs. Wilfred Ketz (Mabel) of Schenectady, N.Y.; six grandchildren and 12 great-grandchildren.

Funeral services are to be held at 2 o'clock this afternoon (Thursday) at the Burghardt Funeral Home, 214 East Middle St., Chelsea, and burial will follow at Forest Lawn cemetery in Dexter. The officiating clergyman will be the Rev. John Swank of Ann Arbor.

GOVERNOR ROMNEY REPORTS

Initial reaction has been favorable to the fiscal reform program which I submitted to the legislature on Sept. 12.

I have been pleased at the number of people who have written me in support of the program and I also have been pleased at the number of those who offered constructive and temperate criticism.

One of the most encouraging aspects of the reaction to the program is that it has not followed party lines. When people begin judging programs and ideas as individuals, and not as Democrats or Republicans, it means that we are refighting and improving the art of government by the people.

The worst thing that could happen to the program is that it could be defeated by public apathy or widespread misunderstanding by its aims and objectives.

To guard against this possibility, I intend to take my case to the people.

The citizens' sessions will be held in the same way they are held in Lansing. In these, any citizen is allowed five minutes to talk with me about any subject at all. Of course, I would hope that the subject discussed most frequently on this upcoming campaign would be taxes.

Here is the schedule for the campaign. The exact meeting places have not yet been determined, but will be announced soon:

Monday, Sept. 20 — Pontiac, Royal Oak, East Detroit, Hamtramck and Detroit.

Tuesday, Oct. 1 — Houghton, Escanaba and Petoskey.

Wednesday, Oct. 2 — St. Joseph, Benton Harbor, Holland, Muskegon and Grand Rapids.

Thursday, Oct. 3 — Allen Park, Wyandotte and Ypsilanti.

Monday, Oct. 7 — Port Huron, Bad Axe, Bay City, Clare and Flint.

Wednesday, Oct. 9 — Lansing, Jackson and Battle Creek.

Mrs. Iza Carty attended the state Red Cross meeting at Grand Rapids Saturday and also went to the National VFW Home at Eaton Rapids to attend a testimonial dinner in honor of the VFW Auxiliary Department of Michigan president, Mrs. Bethel McDougal.

Miss Lillie Wackenhut, who observed her birthday Sunday, was the guest of her niece, Miss Marjorie Eisen, at a dinner at an Ann Arbor restaurant. She was specially honored with the playing of a recording of the birthday song and was presented with a decorated birthday cake. In the evening she and Miss Eisen were guests at a birthday supper at the home of Mr. and Mrs. Elba Gage. She was remembered with many gifts and cards from relatives and friends.

Gelman in New Building...

(Continued from page one)

such thing as an untouched potential use of membrane." Once, Gelman imported membrane filters as the sole American distributor for a German company. Today, the filters developed in Gelman laboratories are not only far superior to foreign membrane but are unmatched in nearly every regard by any competitor.

"The Gelman membrane's excellence includes such important factors as strength, flow rate, solvent resistance and unvarying pore size control," says Donald Churchill, director of Chemical Research and Engineering, Churchill, who developed the plastic bowling ball from laboratory stages through final production at Brunswick Corp., explains that the "membrane filter is, generally, like a fine sponge in the way its many layers of pores are constructed through chemical action."

Additionally, Gelman's first air sampler is now supplemented with nearly a score of manual and automatic air contamination determination instruments widely used throughout the nation by industry as well as federal, state and city agencies in ever-growing pollution control programs. Some of these are also included among the necessities in "clean rooms" required wherever ultra-clean conditions are a must for extremely high precision manufacturing or testing.

Ultra-clean conditions are required in rocket fuel development and in many manufacturing and assembly operations in the aerospace industry, among others.

A promising innovation of the Gelman membrane has proved effective in a cancer detection kit manufactured by the company and distributed to the nation's hospitals, clinics and physicians. Users report satisfaction with the results, speed and simplicity of the kit.

Also in the medical field, Gelman has introduced an electrophoresis chamber for blood analysis. The heart of this unit is a micro-porous (cellulose polyacetate) plastic called Sephadex III, on which the protein fractions separate.

Another dramatic plastic product is Acropore, used to make rechargeable alkaline batteries. It's currently used in the Polaris submarine, in space probes, missiles and miniature hearing aid batteries.

Finally, one adaptation of the air sampler has produced a group of instruments to collect atomic fallout from nuclear reactors, uranium mines and processing plants and laboratories using radioisotopes.

The Gelman Co. is now located at 600 South Wacker Rd., just west of Ann Arbor on a 20-acre site which leaves adequate room for expected expansion.

The NATIONAL OUTLOOK

By GEORGE HAGEDORN

Do We Owe It to Ourselves?

The recently published, "A Primer on Government Spending," by Albert L. Heilbroner and Peter L. Bernstein, is a presentation of the current new economics. One of the central themes is the by-now argument that we need not be concerned over a high and rising national debt since we owe it to ourselves. At first glance this argument

has a beguiling plausibility. After all, the federal debt is almost entirely held within the country. It is widely distributed among our citizens. Thus it is both an asset and a liability, so why worry? Payment of interest is, in the words of the book, "A minor problem since it merely taxes 'Peter' to pay 'Paul' or sometimes Peter to pay Peter."

But the cliché that the national debt is one which we owe to ourselves misses the essential economic point. It is a debt which the producers of goods and services, present and future, owe to the holders of government debt instruments. Even if these two groups should turn out to be substantially the same people, the burden on production is not thereby rendered non-existent or without effect.

Taxes levied to meet interest requirements, or to make payments on the principal of the debt, must like other taxes be collected out of income earned from current productive activities. The burden of taxes inevitably affects the decisions of those who engage in such activities. Economic effort is discouraged and sometimes misdirected by the knowledge that the government will tax away a part of the income derived from it.

The fact that the same taxpayer may, in his capacity as a holder of government bonds, get some of this money back is irrelevant. His claim to interest on the government debt he holds does not encourage his activities as a participant in the productive process. It in no way offsets the tax's damaging effect on his incentives as a producer.

The \$10 billion that the federal government must collect annually to meet its interest cost is already a significant part of the federal tax load. It seems irresponsible to encourage the notion that this sum can be expanded indefinitely without putting any drag on production, simply because it is paid

back to our own people. If anyone imagines that the impact of taxes on production is only a "minor problem," he can't have had much recent opportunity to observe business decision-making. Semantic arguments are seldom profitable and, if you want to say that we owe the national debt to ourselves, go ahead. But you will find that the burden of carrying the debt will still hurt.

CHILD STUDY CLUB

Chelsea Child Study club members met Tuesday evening at the home of Mrs. Robert Daniels, the evening's program topic being designated "A Wedged Family In Great Tightness." The most interesting feature of the evening was a report of the European camping trip of two Chelsea families—the Michael Papos and Charles Lancasters—the past summer. The report was given by Mrs. Lancaster and Mrs. Papo who included colored snapshots taken during the trip.

Mrs. Papo told of visits to relatives in Italy and Yugoslavia while Mrs. Lancaster included in her account the story of the Lancaster family's visit to Berlin where they saw the famed wall between East and West Germany. The Lancasters made the Berlin visit while the Papos were with their relatives.

Co-hostesses for Tuesday's meeting included Mrs. Donald Baldwin and Mrs. George Knickerbocker. Mrs. Robert Taylor of Washington St. will hostess the next club meeting, Tuesday, Oct. 8. A special feature of that meeting is to be a thrift sale among the members. Good used clothing, dry goods, toys and other gifts will be brought by members for the sale to be conducted during the program period.

Co-hostesses will be Mrs. Robert Daniels and Mrs. John Alber.

WOMAN'S CLUB

Following a brief business session at Tuesday's meeting of the Woman's club, Mrs. E. W. Elton gave a resume of the trip she and her husband took the past summer to various European countries and then elaborated on their stay of two weeks in Italy. She said they were particularly impressed with the charm of the city of Florence and would gladly have spent more time there; however, Mrs. Elton wished to leave sufficient time for a visit to the industrial center at Milan and so they did not prolong their stay in Florence.

Mrs. Elton also told of their stay in Rome where they visited the Vatican, the Sistine Chapel and famous churches and basilicas. Among other interesting sites visited in Italy, Mrs. Elton said, were the Isle of Capri, Sorrento, Salerno and Naples.

Hostesses for Tuesday's meeting were Mrs. D. L. Gaudery and Mrs. M. J. Baxter. The meeting was held in the club room at McKune Memorial Library.

More than 50 percent of Michigan's total land area is still classified as forest and wild land. Forests help make Michigan unexcelled as a tourist state and provide unlimited assets for many industries.

MODERN MOTHERS

Modern Mothers Child Study club met Tuesday evening at the home of Mrs. Elmer Hartman. Her co-hostess was Mrs. Donald Bussler. The evening's program centered on the proposed area recreation program being planned by the Chelsea Recreation Commission headed by Dr. Michael Papo as president. The Commission is an outgrowth of the former Recreation Council which has been responsible for Chelsea's summer recreation program, and the recently-formed group calling itself "Youth Committee."

As a commission, it will enlarge the program to year-round status and include all age groups in recreation, study, handicraft and adult education projects as well as activities for young people.

The program was outlined by two speakers at the meeting—Alan Conklin, who has been summer recreation program director for several years, and J. V. Burg, II, representing the Village Council on the so-called youth committee or council.

The talks by the two men were followed by an informal discussion period during which they answered questions and were offered suggestions for proposed recreation and study projects.

There were 13 members and three guests present for the meeting.

The next meeting is scheduled for Oct. 8 at the home of Mrs. Roger Hoffer and members are to bring questions to that meeting in preparation for a meeting with school board members scheduled for the second meeting of the month.

"Plenty of pennies" are to be brought to the Oct. 8 meeting for a special roll call project.

AGRICULTURAL ENTREPRENEURS

Agricultural Entrepreneurs Farm Bureau group, at the regular monthly meeting Thursday evening, held a discussion on the month's topic pertaining to the justice court system—members agreed that a qualified person should serve as justice of the peace.

The meeting was held at the home of Mr. and Mrs. Lloyd Boyce with seven member families present; also two guests, Mr. and Mrs. William Henry Marshall.

Announcement was made of the Dexter Blood Bank clinic Friday, Sept. 20.

The group decided to request that a qualified person be asked to speak at some future meeting on the subject of Social Security. Refreshments were served at the close of the meeting and a social hour was enjoyed with those who cared to do so, playing euchre.

More Than 400 Attend Reception Honoring J. V. Burgs

The home of Mr. and Mrs. J. Vincent Burg, I, on Wilkinson St., was the scene of a very happy occasion, when more than 400 friends and relatives attended a reception to honor them on their golden wedding anniversary. The couple received their guests in the living room of their home, which was appropriately decorated with flowers and plants in a golden motif.

Afterwards, the weather being ideal, the guests retired to the spacious lawn where anniversary cake and punch were served by the Burgs' daughters and granddaughters and the afternoon was spent in reminiscing and renewing old acquaintances. In the evening, a family supper was served in the recreation room, after which music and singing were enjoyed. The Burg children favored with several special numbers for their parents and then were joined by the entire group.

As a special surprise, Mrs. R. J. Lonsway, a sister of Mr. Burg, read an original poem and presented them with a replica recording which was made 15 years ago and which featured Mr. and Mrs. Burg's voices in a duet—"Sweet Genevieve." Other recordings played were those of the late J. Louis Burg, father of J. V. Burg, I, and the family and friends who had attended his 90th birthday celebration in 1949.

Many gifts were received by the Burgs, the most unique being a 50-pound cheese which was given by Mr. and Mrs. Louis A. Burg. Among the numerous messages of congratulations was a cablegram from Heidelberg, Germany, and a telegram from British Columbia. An invitation was extended the Burgs by the Kundig Center in Detroit to be guests at the Center's Golden Wedding Ball at Cobo Hall in June.

Out-of-town guests at the reception, Sunday, Sept. 15, were from Cleveland, Detroit, Royal Oak, Highland Park, Berkley, Ann Arbor, Adrian, Jackson, Alpena, Hixson, Lake, Manchester, Port Huron, Dexter and Brighton.

The former Mary Jane Burg and her husband, L. C. Lanning of Cleveland, O., were honored in the evening in observance of their 25th wedding anniversary.

Manchester Pastor Is Guest Speaker At Deanery Meet

The Rev. Fr. Raymond Schlinkert, pastor of St. Mary's Catholic church at Manchester, was the principal speaker at the Washtenaw County Deanery meeting held at the church Sunday afternoon. In his talk on the topic, "Family Life," he explicitly named the role of the father, mother and each member of the family in the task of making a truly Christian home. The Rev. Fr. Schlinkert appears regularly each Sunday on television at 10:45 a.m. and after this late show in the evening.

During the business session at the meeting announcement was made that the Deanery is sponsoring a style show at Arborland, Ann Arbor, on Oct. 24, and all parishes in the county have tickets for the event. Generally, the president of the churches' Altar Societies may be contacted for tickets.

Also announced was a service project—providing suffies and utility bags for patients at the VA Hospital at Ann Arbor. All parish women were invited to participate in providing as many of these as possible.

Chelsea area women who attended the Deanery meeting included Mrs. J. P. Cook, Mrs. Joseph Scott, Mrs. Edward Beissel, Jr., Mrs. Arthur Patterson, Miss Nina Greening, Mrs. Vera Heim, Mrs. Wayne Harvey, Mrs. Leon Chapman, Mrs. Anna Dvorak, Mrs. Frances Alber, Miss Alda Juergens, Mrs. Anna Werner, Mrs. Helen Lyons, Mrs. Hattie Lyons, Mrs. Lawrence Damm, Mrs. Joseph Laban and Mrs. Joseph Hafner.

Also present from Chelsea was the Rev. Fr. Francis Maliszewski, pastor of St. Mary's church.

The Chelsea group received the traveling award, a Madonna statuette, given at each Deanery meeting to the parish with the largest delegation present.

Szalapay-Bolanowski Vows Spoken in Detroit

Announcement has been made of the marriage of Shirley Ann Szalapay, daughter of Mr. and Mrs. Paul Szalapay of Detroit, to Eugene R. Bolanowski, son of Mr. and Mrs. Eugene W. Bolanowski also of Detroit. The wedding took place Saturday morning, Aug. 24, at St. Bartholomew church in Detroit.

The couple have many friends in the Chelsea area, having often visited friends and relatives here including the bridegroom's uncle and aunt, Mr. and Mrs. Walter Bolanowski.

The bridegroom is a student at the University of Detroit Law School and the bride is employed as a secretary at Wayne University.

FAREWELL LUNCHEON

The home of Mrs. Stephen Baker was the gathering place Wednesday, Sept. 18, for friends of Mrs. F. C. Chamberlain, the occasion being a farewell luncheon. Mr. and Mrs. Chamberlain are leaving tomorrow (Friday) to make their home in Florida.

Present for the luncheon, served buffet style, were Mrs. Charles Chamberlain, Mrs. Welton Chamberlain, Mrs. John Lundin and Mrs. Frank Green of Pinckney; Mrs. Oscar Beeman of Hamburg; Mrs. Ted Siefelt of Brighton; Mrs. Leon Baker, Mrs. Tom Rice and Mrs. Lloyd Boyce of Dexter; Mrs. James Cooch of Ann Arbor; Mrs. Norman Kaiser, Mrs. Clara Hudson, Mrs. Jay Hopkins of the immediate neighborhood; and Mrs. Eleanor Wolpert of Grand Lake.

A centerpiece of yellow dahlias, brought by Mrs. Hudson, centered the table where the guest of honor was seated and Mrs. Chamberlain wore a corsage of baby lilies, a gift made especially for her by Mrs. Lundin.

Mrs. Chamberlain was the recipient of many gifts for her forthcoming trip to her new home.

Mr. and Mrs. Stephen Baker entertained Mr. and Mrs. Chamberlain and Mrs. Leon Baker at dinner at their home Wednesday evening and Mrs. Baker remained to spend the night at the Baker home.

In 1957 Michigan united its two great peninsulas with the \$100 million Mackinac Bridge, the world's longest suspension bridge—its span 8,614 feet, its total length five miles, its cable towers rising above water the height of a 46-story building.

Jaycee Auxiliary Members Attend District Meeting

District No. 6 of the Michigan Jaycee Auxiliary held their annual fall district meeting in Clinton, Monday, Sept. 23. Mrs. Gene Shoemaker, Mrs. George Elsie-wood, Mrs. Elton Guenther, and Mrs. Dan Maroney attended as representatives of the Chelsea Jaycee Auxiliary. Forty-eight other members represented the Adrian, Blissfield, Clinton, Dundee, Milan, Monroe, Saline, and Tecumseh Auxiliaries.

Mrs. Doris Broham, the MJA president, and Mrs. Ruth Schock, both of Berrien Springs, were guests for the evening. Mrs. Broham drew the name of the Clinton Auxiliary to begin the rounds with the new district visiting trophy presented by Mrs. Maroney of Chelsea, to the district. The local group holding the trophy must secretly visit another local unit within the district and present the trophy within four weeks of receiving it.

The Blissfield Auxiliary won the district trophy for having the most "member-miles" traveling to Clinton. Their five members traveled 280 miles to the meeting.

OLDER ADULT GROUP

The Older Adult group of the Methodist church, with 37 present, met for a pot-luck dinner at noon Saturday followed by an afternoon program. Included among those who attended were three guests, the Rev. R. A. J. Livingston, pastor of the Congregational church, and Mr. and Mrs. R. D. Burke of Cavanaugh Lake.

Fall flowers decorated the dinner table; a birthday cake added to the attractive appearance of the table. The cake, baked by Mrs. Harry Prudden, was in honor of Harold Craven, whose birthday was recognized.

Mrs. Lyman Adams gave the opening prayer; Mrs. Dwight Gaudery presided; and Mrs. Mabel K. Foster presented a devotional service.

The entertainment feature of the afternoon was the showing by the Rev. James Craig of pictures taken during a trip to the United Nations and Washington, D.C., sponsored by Methodist churches of Michigan. Of particular interest were views of the national gallery at Washington.

Mrs. Gaudery read a letter to the group from Mr. and Mrs. Loring Bates, telling of their summer's travels.

During a brief business session Mrs. Mabel Foster gave a report

on remembrances sent to patients at Ypsilanti State Hospital. Hostesses for Saturday's dinner were Mrs. Harry Prudden and Mrs. Carl Schlosser, assisted by Mrs. Marcia McClain and Mrs. Walter Viscary.

Former Area Residents Will Observe 60th Anniversary in Northville

Mr. and Mrs. Henry Miller, parents of Howard Miller of Chelsea, will quietly observe their 60th wedding anniversary on Sunday at their home on Linden St. in Northville. No open house is planned.

The Millers formerly were residents of this area and lived in Dexter for some time. They were married in Wayne county, Sept. 30, 1903.

In addition to the son in Chelsea, their family includes three other sons, Carl Miller of California, Marvin of Ann Arbor, and George of Northville, and two daughters, Mrs. Isabelle Grand of Northville, and Mrs. Louis Knorr of Howell.

The Millers also have 16 grandchildren and 21 great-grandchildren.

Czarnecki-Cattell Vows Repeated Sept. 17 in Ida

Sherry Czarnecki, daughter of Mr. and Mrs. Lester Czarnecki of Jerusalem Rd., and Pfc. Gary R. Cattell, son of Mr. and Mrs. Rush Cattell of Old US-12 were married Tuesday, Sept. 17 at the Evangelical church at Ida with the Rev. Paul Crabtree officiating. Only their immediate families were present for the ceremony in addition to the couple's attendants, Mrs. Harold Dreese, Jr., and the bride's father.

Friday evening the couple were honored at a reception for 80 guests held at the Czarnecki home. Pfc. Cattell has returned to the Marine Base at New River, N.C., and the bride will join him there later.

Silver Tea Planned By Altar Society for Dominican Sisters

St. Mary's Altar Society has completed plans for a silver tea to be held at St. Mary's convent Sunday afternoon from 2 until 4 p.m. in honor of the Dominican Sisters who are teachers at St. Mary's school. The honored nuns are Sister Ann Seraphim who is the mother superior; Sister Jean Barbara, Sister Maria Caritas and Sister Leo Patrice.

All interested persons of the community are invited to attend. Chairman in charge of arrangements for the tea is Mrs. Charles Sullivan. On the committee with her are Mrs. Donald Blacklock and Mrs. William Clark.

Sell it with a Standard Want Ad.

Club and Social Activities

KINDER KLUB

Ten Kinder Klub members and their husbands were present Saturday evening for an outdoor steak fry and picnic supper Saturday evening at the summer home of Mr. and Mrs. David Soule at Crooked Lake. It was combined with a farewell party for the Soules who have moved from Chelsea to Ypsilanti.

As a gift from club members, Mrs. Soule was presented with a piece of costume jewelry—a lapel pin.

The next regular club meeting will be held Oct. 8 at the home of Mrs. Charles Smith. This is a change from the original arrangement; however, co-hostesses will remain as previously announced—Mrs. George Heydlauff and Mrs. Duane Schiller.

The evening's discussion topic relative to justice court operation, led to an expression of group opinion that justices of the peace should continue to be elected.

Ten families were present for the September meeting held Thursday at the home of Mr. and Mrs. Oscar Stierle with Irven Weiss presiding as chairman.

HELPING HAND SEWING CIRCLE

Members of the Helping Hand Sewing Circle held their individual Needlework Guild ingathering at their meeting Tuesday afternoon at the home of Mrs. Harry Littoral. There were 13 members present.

Articles brought to this ingathering will be contributed to the official Needlework Guild ingathering at the Congregational church Oct. 3; included are 11 white blanket sheets and \$6 in cash, in addition to a quantity of handmade articles of infants' wear.

Mrs. Theodore Riemenschneider was accepted as a new member at this meeting.

Officers were named for the current year with Mrs. Winifred Coffron as president and Mrs. Watson Hart as secretary-treasurer.

The October meeting is to be held at the home of Mrs. Vern List on Oct. 20. It will include a pot-luck dinner with Mrs. David Mohrlock as assisting hostess.

WILLING WORKERS

"God's Willing Workers," a women's group at Chelsea Baptist church on Wilkinson St., met Monday evening for a regular meeting and for an evening of sewing for the benefit of the church.

Dish towels were hemmed and pot holders were made for use in the church's kitchen.

In charge of the work session were Mrs. Victor Winter and Mrs. John Palmer.

During the business meeting Mrs. Victor Winter was named chairman of a nominating committee to present a slate of officers for election at the next regular meeting on Oct. 28. On the committee with her are Mrs. John Hude and Mrs. David Sanborn.

Hostesses for the meeting were Mrs. David Sanborn and Mrs. John Hude.

A church-wide shower of toys for the church nursery took place during Monday's meeting.

VIVIAN VITO CIRCLE

Vivian Otto Circle of the WSCS of the Methodist church held a meeting Wednesday morning, Sept. 18, at the home of Mrs. Leigh Palmer at Cavanaugh Lake. Mrs. Chandler Rogers assisted her as co-hostess.

Program topic for the meeting

centered on sharing faith; the theme was carried out in the devotional service presented by Mrs. George Walworth and in the lesson as given by Mrs. Archie Wilkinson.

Mrs. James Craig was present for her first meeting with the

Circle and Mrs. Russell Maurer was present as a guest. A total of 16 members attended.

Michigan has the second longest shore line of any state in the nation—3,288 miles. This includes 1,066 miles of island shore.

Kathleen Joy Joseph, Jack Elsifor, Jr., Wed Saturday at Church of Christ

Murray S. Hudgins, minister of the Church of Christ, officiated at the two o'clock ceremony Saturday afternoon at the church during which Kathleen Joy Joseph and Jack A. Elsifor, Jr., exchanged their marriage vows.

Approximately 150 guests were present for the wedding and for a reception which followed at the 600 Hall.

The bride is the daughter of Mr. and Mrs. Jack Joseph of 209 Buchanan St., and formerly attended Chelsea High school. Mr. Elsifor's parents are Mr. and Mrs. Jack Elsifor, Sr., of 8075 Jackson Rd. He is employed at Blass Elevator Co. since his graduation in June, 1962, from Dexter High school.

For her wedding the bride wore a white two-piece ballerina-length dress fashioned of nylon lace, tulle and net, featuring a long-sleeved, scalloped jacket over the strapless bodice. Back interest was added by means of skirt draping and streamers. A tiara of pearls and sequins held her sheer nylon veil and her bouquet was an arrangement of white roses and carnations.

Constance Sclipter, wearing a short-length dress of teal blue and white nylon over silk, used match-

ing accessories and carried a bouquet of blue and white carnations for her role as maid of honor.

The bride's mother wore a two-piece lace over tulle costume in beige with brown accessories, while the bridegroom's mother chose a two-piece dress of teal blue with which she wore blue-green and black accessories. Each had a corsage of pink carnations.

Donald D. Joseph, brother of the bride, was best man. Ushers included Ghadwin and Walter Emmons, uncles of the bride, and Douglas Joseph, cousin of the bride.

Those who assisted at the reception were Mrs. Helen Joseph, aunt of the bride, who cut the wedding cake; Vickie Blacklaw and Linda Blass who served punch and ice cream, respectively; Stormy Roberts of Grass Lake, who poured coffee; and Mrs. Marge Emmons, another aunt of the bride, who cut the bridegroom's cake.

Dianna Hale was in charge of the guest book.

When the couple left for a three-day stay in northern Michigan, the bride was wearing a beige two-piece suit with brown accessories and a corsage taken from her bridal bouquet.

The new Mr. and Mrs. Elsifor are now at home at 311 South St.

VFW Auxiliary Sponsoring Essay Contest in School

Mrs. Iva Dargy, Veterans of Foreign Wars Ladies' Auxiliary president of District VI, accompanied by the district vice-president and membership chairman, Mrs. Irene Dunlap, were present at Monday's meeting of Chelsea's Ladies' Auxiliary to Veterans of Foreign Wars Post 4076. Both are from Lansing.

Mrs. Dargy was inspection officer making her official inspection meeting to the Auxiliary here. Announcement was made at Monday's meeting that the Chelsea Auxiliary will sponsor, in Chelsea schools this year, the national essay contest of the VFW and will award cash prizes to Chelsea winners.

Title for this year's essays, in keeping with that all over the United States, is "The Foreign Student in America—An Opportunity For Friendship." Because the topic has particular application in the Chelsea area since foreign students are living with families here, the Chelsea Auxiliary members decided to sponsor a local contest in furtherance of the friendship theme.

A social meeting of the Chelsea Auxiliary is planned for Oct. 14 at the home of Mrs. Iva Koezer. On the committee with her are Mrs. Fred Klink, Sr., chairman; and Mrs. Richard Seyfried and Mrs. K. R. Platt.

We May Be Hearing Sonic Booms from Army Bombers

Offutt AFB, Neb. — Supersonic training flights by Strategic Air Command B-58 Hustler bombers will start Oct. 1, along a route from Adrian to Bayshore.

Radar bomb-scoring equipment at an Air Force RBS site near Bayshore will determine the accuracy of simulated bomb drops through the use of radio and radar signals. No bombs are carried by the aircraft on these training missions.

Flights along the route may be scheduled almost daily through December. Normally, flights will not be scheduled between 10 p.m. and 7 a.m.

The bombers will fly at supersonic speeds up to Mach 2 (1,300 mph) at altitudes above 35,000 feet. They will fly in a straight line, 40-mile-wide corridor and may travel in either direction.

Training corridors for the SAC bombers are rotated periodically because realistic training benefits diminish when the crews become familiar with the landmarks, simulated target complexes and other identifying characteristics of a particular area.

One of the features of the B-58, the free world's fastest bomber, is its ability to sustain supersonic speed over a substantial distance while approaching and leaving its target. This capability enhances crew survival and assures a higher probability of mission success despite strong enemy defensive measures normally expected over a target.

A costly supersonic bomber is of

New Status Symbol in U.S. Is Boat

Ann Arbor — The boat, a growing status symbol in modern living, promises to account for an increasing proportion of our national income, a University of Michigan economist observes.

The dramatic growth of the boating industry during the post-war period is attributable to a combination of factors, explains Ross J. Wilhelm, U-M assistant professor of business economics.

"First, the boat is a status symbol and as incomes have risen an increasing proportion of persons have acquired a boat. The second factor has been the growth in population since the end of World War II."

In the 1920's and the 1930's, when car ownership became widespread, the Sunday ride, week-end trip, summer vacation became important events for many families, Wilhelm notes.

Today the family boat has taken over many of the roles served by the car in the old days. According to one estimate, about one person in five in the U.S. took at least one trip or ride in a boat last year, spending about \$2.5 billion, Wilhelm says. Since 1947 the number of boats has tripled to more than 7,400,000.

"And, just as the automobile stimulated investments in supplementary businesses so the boat is spawning a number of supporting types of business," he points out. An example: marinas have been increasing at an annual rate of more than 100. There are 4,000 in the U.S. today.

"Boating, marinas and the supplementary businesses are rapidly becoming big business, and they promise to account for a growing proportion of our national income over the coming years," Wilhelm says.

fed 16 percent protein with 0 or .05 percent added methionine.

Furthermore, the pens which received the lower protein level were relatively free of feathers. The accumulated feathers became more numerous when these feed deficiencies were corrected.

The scientists checked feathering by the addition of feathers to the pen of those birds receiving deficient diets," Yates and Schaible point out. "Since these birds weighed less, and were deficient in methionine and perhaps other amino acids, feather eating was perhaps an attempt by the birds to overcome these deficiencies."

"However, feather-picking and cannibalism of the birds did not occur despite the fact that the pullets had not been debarked."

Hearings Slated On Changes in Wheat Standards

The Washington ASC Committee announces that the United States Department of Agriculture has scheduled a series of public hearings to consider changes in the official United States standards for wheat. The meeting closest to this area will be held at Toledo, O., Oct. 11, in the City Library Auditorium, Michigan and Adams St. at 9:30 a.m. local time.

The hearings have been scheduled by USDA's Agricultural Marketing Service after review of the standards for the past two years with groups and organizations of wheat producers, processors, handlers, and exporters; State Departments of Agriculture and other State agencies; and State and commercial inspection agencies.

Proponents of the revised standards say they are needed to ad-

Everybody Looking at New 1964 Model Automobiles Now Arriving

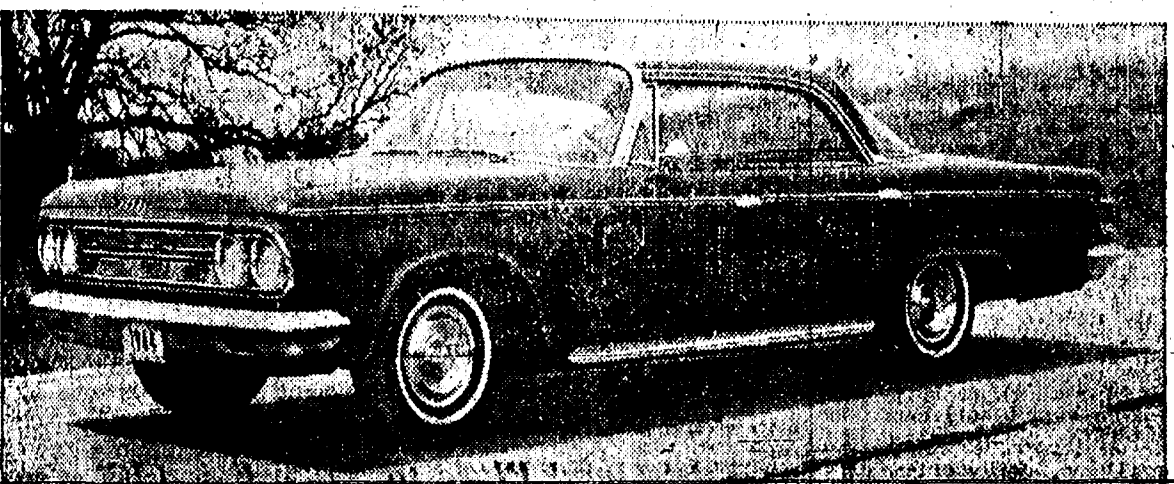

THE LINCOLN CONTINENTAL incorporates significant increases in interior spaciousness and luggage capacity for 1964. While continuing its classic styling theme, the 1964 Continental is increased three inches in over-all length and wheelbase, resulting in increased rear seat leg room and improved riding qualities. The Continental roof is

5.4 inches wider in 1964, providing the car with a new styling flair in addition to increased head room in both front and rear seats. The car has a longer profile and is enriched with a new grille, extensive new body sheet metal and exterior ornamentation. The luggage capacity has been increased by 15 percent.

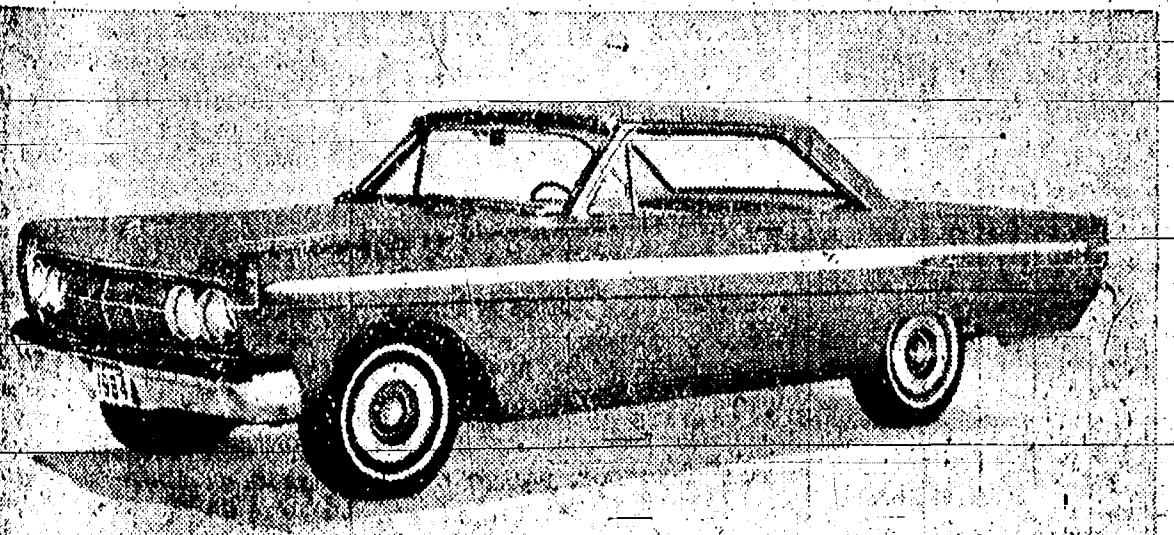

'64 VALIANT—A new grille of horizontal bars extending the full width between headlights is a prominent styling feature of the 1964 Valiant. Shown here is the Signet V-200, a sporty four-door hardtop, one of nine models in five body styles available in the 1964 line. New features include for the first time in the Valiant line, a floor-mounted four-speed manual transmission, Sure Grip differential to minimize rear

wheel spinning on slippery surfaces, and a push button, electric windshield washer. There are improvements in both Valiant engines, the 101-horsepower standard engine and the 145-horsepower optional power plant, to provide simplified maintenance and maximum starting reliability. Valiant's 5-year or 50,000-mile warranty on engine and drive train components is continued on all 1964 models.

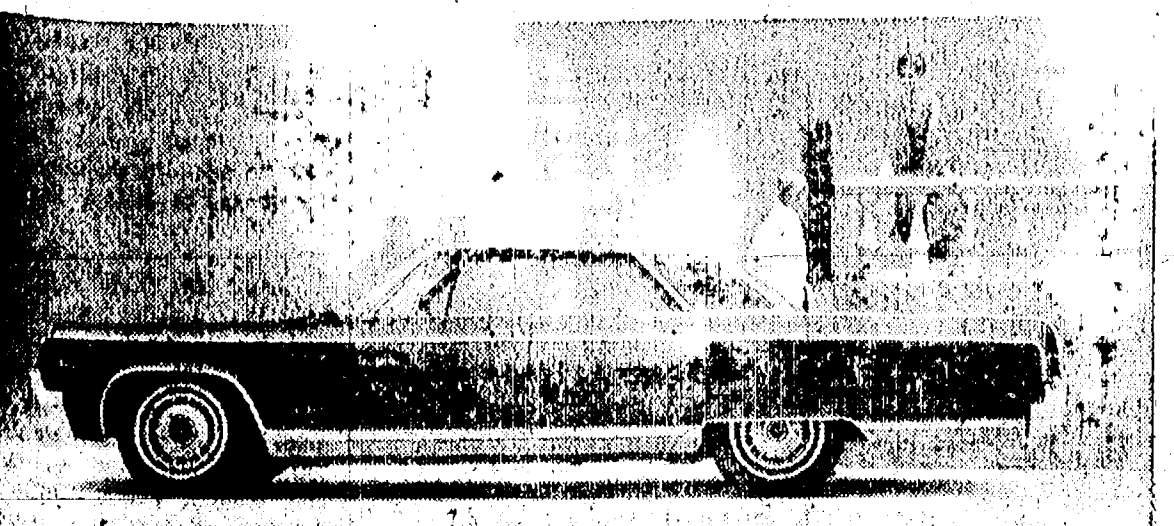

BIG NEW DODGE—The medium-price line Dodge 880 and Custom 880 models for 1964 show new styling and a host of convenience and performance innovations. New features include an

optional tilting steering wheel and a four-speed manual transmission. The nine big models in the luxurious 880 line go on display at Dodge dealerships on Sept. 20.

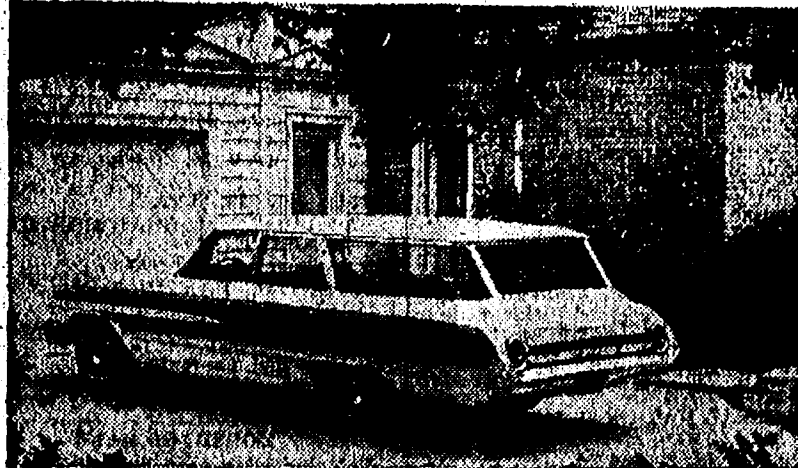

THE 1964 COMET, pioneer of the luxury compact, undergoes its first complete change since 1956. This Caliente hardtop is one of three models in the new top-of-the-line series. The completely redesigned Comet has all new sheet metal, improved ride and handling characteristics, and a larger passenger room. New standards of per-

formance are attained with a new three-speed automatic transmission and a broad range of four engines, including a new 289 cubic-inch V-8 and a new 200 cubic-inch six. The 1964 Comet offers 10 models in three new series designations—Comet 202, Comet 404, and Comet Caliente.

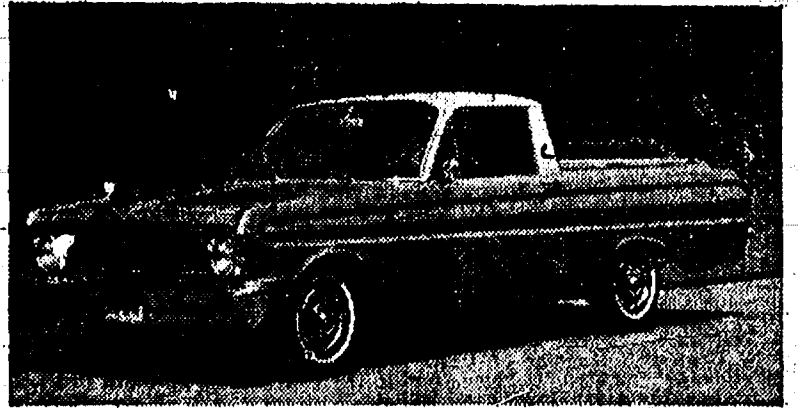

Oldsmobile's 88 series for 1964 is elegantly styled. New rear quarter profile emphasizes the long sleek look of this most popular series. The 98 Holiday, Sports sedan, shown above, is one of six '68 models for 1964. The 394-cubic-inch Rocket engine, teamed with an entirely new Jetaway automatic transmission, available at extra cost.

BOTTOM—The new Jetstar 88 series for 1964 is a lower-priced companion to the high-performance Dynamic 88 and Super 88. The Holiday sedan, shown above, is one of four models in this new Oldsmobile series. A new lightweight, cast-iron Jetstar V-8 engine, delivering 245 h.p. and a new 200 cubic-inch six, are teamed with an entirely new Jetaway automatic transmission, available at extra cost.

NEW FORD—New luxury styling to match its total performance gives a bright, new look to the lineup of Ford cars for 1964. The top-selling Ford Galaxie 500 Series offers three distinctive new roof lines including the 4-door sedan (top photo). Five engines and four transmissions are offered including the Cruise-O-Matic Dual Range three-speed automatic transmission now available with all engines up to 390 cubic inches displacement. The full Ford Galaxie line for 1964 includes 16 models with 2- and 4-door sedans, hardtops, convertibles and station wagons (bottom photo). The completely restyled cars will appear in Ford dealer showrooms Sept. 27.

FALCON RANCHERO—Strikingly different in the 1964 Ford fleet of commercial vehicles is the Falcon Ranchero and its panel companion, the Falcon Sedan Delivery. The compact 1964 Falcon Ranchero pickup shown here combines high style and passenger car comfort with a handy size that can handle 80 percent of normal pickup jobs. A new, high-performance 260-cubic-inch V-8 engine is offered for 1964 together with an improved suspension for better ride and handling, better economy, and improved visibility and seating position for both short and tall drivers. All new Ford light- and medium-duty trucks will be in Ford dealer showrooms Sept. 27.

FORD FAIRLANE—The restyled Ford Fairlane for 1964 presents a big-car appearance and boasts engine performance that was proved in the Indianapolis "500." Although new styling makes the midweight Fairlane look bigger, it remains about the size of the 1956 Ford on the outside and the 1959 Ford on the inside. Five engines are available, three of the same basic designs as the Fairlane V-8 that powered Lotus cars to second and seventh places in the grueling Indianapolis race. These include two 289-cubic-inch V-8s, one 260-cubic-inch V-8, plus 170- and 200-cubic-inch six-cylinder engines. Combined with five transmissions, these power plants offer a full array of performance and economy choices for 1964. Eight Fairlane models—hardtops, station wagons and sedans—will be introduced in Ford dealer showrooms Sept. 27.

ECONOLINE TRUCKS—New durability, improved performance, better economy and lower maintenance highlight the 1964 Ford Econoline van (top photo) and its companion Ford Econoline pickup. The Ford Econoline adds for 1964 a new three-speed automatic transmission; extended lubrication and oil change schedule; larger, self-adjusting brakes; and an optional one-ton payload package with heavier suspension and more power. Another star in Ford's 1964 lineup of light-duty trucks is the F-100 pickup (bottom photo). Both the F-100 and its bigger brother, the F-250, are available this year on a longer 128-inch wheelbase, ideally suited to camper bodies. Newly styled from front to rear, the F-100 features a double-wall box, new self-adjusting brakes, extended lubrication intervals, and a selection of heavy-duty options. All 1964 light- and medium-duty Ford trucks will be in Ford dealer showrooms Sept. 27.

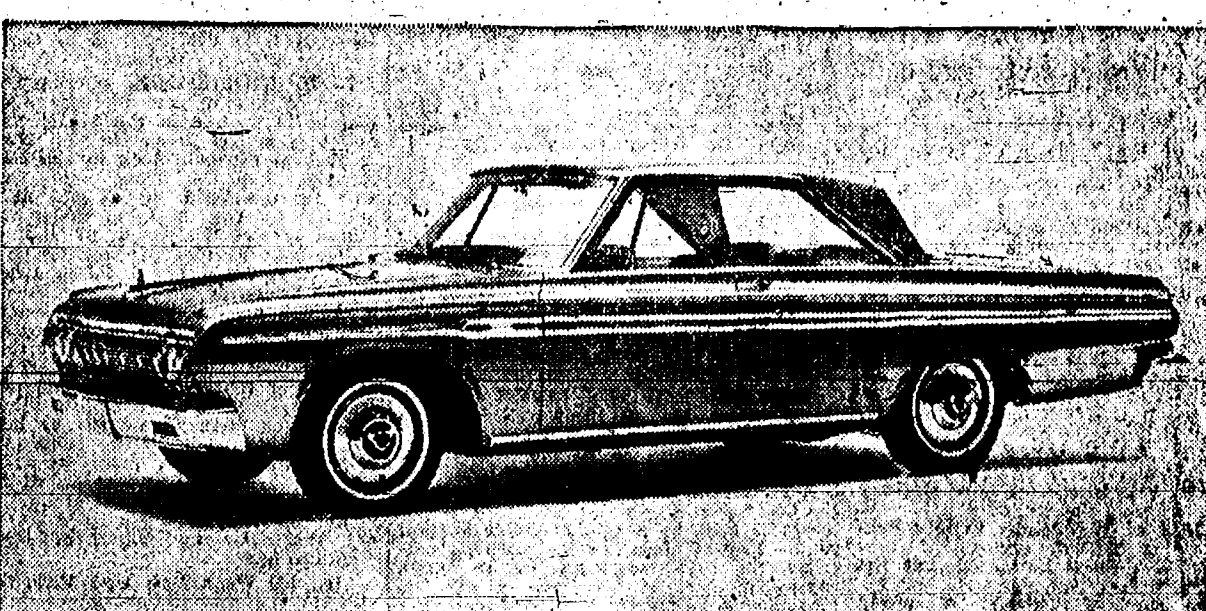

NEW FORWARD SLANTING windshield pillar provides roomier door openings for easier entry and exit in 1964 Chevrolet trucks with regular cabs. Other features include longer lived lamps and exhaust systems, lower transmission hump in most pickup models, more positive door latches,

and improved insulation for quieter, more weather-proof cabs. Corvair 95 engines have been increased to 95 horsepower from 80. The new 1964 Chevrolet truck line also incorporates all the major chassis, engine, and body advances made under a five-year program which began with 1960 models.

VERSATILE TRUCK—Capable of carrying six passengers and a payload of more than 2,000 pounds, this Dodge W-200 pickup truck with Crew Cab and four-wheel drive is especially useful on the farm, ranch, construction site or utility in-

stallation. Shown here with a 6 1/2-foot swoopline pick-up body, the W-200 has a 146-inch wheelbase. The standard engine is a 140-horsepower, 225-cubic-inch Slant Six.

PLYMOUTH FOR 1964—Featuring performance and quality, Plymouth cars for 1964 have increased head room, improved driver vision and a 1 1/2-inch increase in over-all length. They have a fresh styling appeal as shown in this picture of the Sport Fury two-door hardtop. The Plymouth line consists of 26 models in seven body styles. Engines range up to 426 cubic inches. Among the many new features are a Chrysler-engineered

four-speed floor-mounted manual transmission, an all-electric push button windshield washer, and an attractive new center console with a "stick shift" type gear selector for the automatic transmission in the Sport Fury. Both the eight and six-cylinder engines have design improvements for increased starting reliability. Plymouth continues to provide a 5-year or 50,000-mile warranty on engine and drive train components.

THE 1964 IMPALA SPORT COUPE (above) blends Chevrolet's traditionally graceful body lines with smart new styling both front and rear. In addition, many new mechanical refinements coupled with new sparkling color-keyed interiors and a

choice of 19 power teams will be noted on Sept. 26 when these new cars are introduced at Chevrolet dealerships. Impala Super Sport models feature adjustable bucket seats and a new center console.

NEWEST MEMBER of the growing Chevrolet passenger car family is the Chevelle. Although 18 inches shorter and 2.4 inches narrower than comparable Chevrolet models, the Chevelle offers virtually all the interior roominess and

smooth fine car feel of a full-size luxury car. The Chevelle Malibu SS Sport Coupe (shown above) is one of 11 Chevelle models which will be in dealerships beginning Sept. 26. The Chevelle is offered in the Malibu, Malibu SS and 300 Series.

LE NO. 778

AGRICULTURE In ACTION

by M. L. Wool

RECEIPTS FROM

★ **Doctors Needed**

The story is becoming common in Michigan. "Farming community desperately needs M.D. take over practice of physician who died..." This listing in Michigan Health Council

ment service, is one of several hundred attending the doctor's office in Michigan, where approximately 63 Michigan counties badly need at least one M.D. at once.

The shortage is particularly distressing in rural areas where farm people may have to travel long cures, or wait until minor ailments become so serious before requiring the necessary long-distance drive for medical help.

Nationally the public is served by 140 doctors per 100 population, but compared to figure, Michigan rates low. In Upper Peninsula, there are only 60 doctors for each 100,000 people. Only in the Wayne county does the ratio reach near "normal."

Many Michigan doctors are v

ly overworked, some of them. Over Peninsula, says a man, 1,500 persons are "family physician" and seemingly appear rugged and strong who serve doctors do die from overwork physical and mental breakdown do occur.

What is wrong and what to be done about it? For one the Michigan residents have no dwell in holding great studies in their state after medical. The trend toward specialization is large big factor. In a large Michigan city, twenty specialists are listed compared one "G.P."—or general practitioner.

Next, farmers who would frequently benefit most, have slow to join businesses in the

A three-way attack on the problem is planned by John Doherty, executive secretary of the Health Council, who hopes to lure out-of-state doctors to Michigan—keep medical graduates here and finally "produce" Michigan doctors by encouraging young people to choose the medical profession.

"Farm youngsters often are the best doctors," says Doherty, who can cite many examples of farming giving the kind of discipline needed for a medical

**Ecorse Tabernacle Pastor
To Speak in Chelsea**

The Rev. Smith of International Deliverance Tabernacle of Ecorse will speak at a special meeting in Chelsea at 825 Wilkinson St. 7 p.m. on both Saturday and Sunday, Sept. 21 and on Saturday evening, Oct. 12.

The Saginaw river to Michigan is longest. With its tributaries it is 512 miles in length. The New nee river is second in length, 482 miles, and the Grand river third, 482 miles.

Deer Approved Hike Permits for Any-Deer

Michigan's Conservation Commission last week unanimously approved an antlerless deer permit system for the fall season. The permit system will allow hunters to hunt for antlerless deer in the northern lower peninsula during this fall's firearm season.

The action on special season regulations awaits final review in the legislature's Joint Committee on Administrative Services. It is proposed that some 160,000 permits will be issued to produce the Department's recommended take of 17,000 antlerless deer in the upper peninsula and 20,000 in the northern lower peninsula.

Early 52,000 permits will go to hunters in 10 upper peninsula areas where food supplies fall far below the winter needs of present deer herds. This season's permit quota totals 104,000 antlerless deer, and crop areas in the northern lower peninsula.

Deer hunting will take place in 27,000 square miles of the northern deer range—some 20,000 above the Straits and 12,000 in the northern lower peninsula. The permit system which closely controlled kill in other areas should average about 10 deer per square mile in the northern lower peninsula.

Changes have been adopted by the Commission in the state's firearm and archery deer seasons. Firearm hunters are permitted to take 60,000-65,000 deer this fall. Barring bad hunting conditions, buck kills should reach 17,000 above the Straits and 20,000 in the northern lower peninsula. A record harvest of 6,000-7,000 bucks is expected in the southern lower peninsula where deer numbers are booming.

Department's over-all forecast for hunting success last year when one of every five hunters brought home a deer, surveys indicate that this year's hunt will number about 60 animals above its basic hunting population.

Only half of all the Great Lakes ports handling a million or more of cargo annually are in Michigan.

"Violinist was just in and got a crew cut."

Missaukee County Has Top Producing DHIA Herd

There's a "race for space" going on at the William and Harold Chosson dairy farm in Missaukee county.

"There's no space in our barn for a cow that gives less than 14,000 lbs. of milk a year."

That's how Harold Chosson, farm owner, explained how 31 cows averaged 18,644 lbs. of milk and 655 lbs. of fat in 1962. That topped all Michigan DHIA herds.

Each cow gets personal attention from the 25-year-old dairyman or his 70-year-old father, William. No one outside the family has milked the herd in seven years.

The herd, except for two animals, descended from a grade Holstein the elder Chosson got as a wedding present 35 years ago. The other two are from Harold's 4-H club calf, a purebred Holstein, bought in 1949.

Nineteen different Michigan Artificial Breeders Co-operative bulls sired the 31 cows that set the record.

"We weigh the milk from every cow at every milking," Harold explained. It isn't always recorded, but we know what each cow can do. If she's off a pound or two we watch her closely for a couple of days. If it's ketosis, heat, or something else we soon find out and take care of it."

We pay little attention to family blood lines. It's the milk production that counts. We've had some heifers out of good cows that didn't make it their first year out. They weren't producing—so they went to the sale barn."

Educational meetings sponsored by the Michigan State University Extension Service have helped improve management, breeding and feeding of cattle and in producing more and better quality forage," Harold commented.

Harold spent three years as a DHIA tester and thinks "it's a good way to get a dairy education." He adds, "Dad was a good teacher, too. He was born in the Netherlands and started working on a dairy farm at the age of 12. That gives him 58 years of dairy experience."

"Rosie," in her fourth lactation, gave 25,386 lbs. of milk and 937 lbs. fat in 356 days to be the top cow in the herd.

Nothing interferes with regular milking and feeding of the herd. Sound management and good practices go hand-in-hand to make this one of the top dairy herds in Michigan.

The Robert Gaskill dairy farm at Dowling had a boat and trailer in the yard. There were three riding horses for the children. The farmer jokingly admitted he "played a little golf."

MSU agriculture economists pointed out that this low cost of operation farm made money by the owner doing things well on a small farm with great attention given to management and selecting good dairy cattle.

Over at the George C. Coats farm at Coats Grove the more than 1,000 visitors saw an efficient beef cattle and swine feeding operation. Max Coats, one of the partners, admitted they had found growing more corn on their land and marketing it through steers and pigs "makes less work and gives us more time with our families."

Baybee Elevator Requests Removal from ASC Approved List

The Michigan State and Washtenaw county ASCS offices announced today that Biniecki Brothers have requested that their elevator located at Maybee, be removed from the CCC approved list

of warehouses. This removal, at Biniecki Brothers' request, is effective immediately and any grain deposited in this elevator will not be eligible for price support.

Michigan leads all the states in per capita support of higher education, and Michigan's 74 institutions of higher learning, both public and private, include some of the foremost in their fields.

Delegates Attend United Church of Christ Conference

The Rev. Robert A. J. Livingston, pastor of the Congregational church, the Rev. Paul M. Schnake, pastor of St. Paul's church, and Mrs. Ellsworth Smith and Mrs. Walter Schuler, Jr., also of St. Paul's church, represented Chelsea at the first meeting of the Michigan Conference of the United Church of Christ which is a merger of the Congregational Church and the Evangelical and Reformed Church. The conference meetings were held Sept. 17 at East Lansing.

Chelsea representatives were impressed with a talk given by the Rev. Nicholas Hood, pastor of the People's Congregational church of Detroit. He is national chairman of the Racial Justice Now Committee of the United Church of Christ.

Other speakers included the Rev. Leonard Weigel of a Taylor township Evangelical and Reformed church, who enlarged upon the task of the church in the trend toward urbanization, and Dr. Oliver Powell, author of a study book used by women's church groups "The Household of Power."

Dr. Powell's topic was "The Marks of an Authentic Church." People present at the conference meeting represented Congregational and E & R churches throughout the state.

PTO Members Meet Teachers At First Meeting

Herman Ashley, president of the Junior-Senior High School Parent-Teacher Organization (PTO), emphasized at the first meeting of the year, Wednesday, Sept. 18, that this year all PTO meetings will begin promptly at 8 p.m. in order to make it possible to adjourn by 9:15 p.m. Meetings are held in the Chelsea High school cafeteria.

Principal item of interest at Wednesday's meeting was the introduction of teachers by Senior High Principal Charles Lane and Junior High Principal Alan Conklin. The principals had been introduced by School Superintendent Charles Cameron.

Discussion at the meeting brought out the fact that a science department and English department have been established at the high school—head of the science department being Wesley Cowell and head of the English department, James LaGoe.

It was also explained that team teaching is being carried out in the sixth grade. Sixth graders are now attending all classes at the Junior High school and move from room to room for each class.

A new project this year at the Junior High school, PTO members were told, is a second-year shop course—an introduction to mechanical drawing and electricity—and sixth graders are included.

In response to questions pertaining to the athletic department, it was pointed out that a physician is on the bench at all times during varsity games whether they are played at home or away.

A meeting of the PTO board of directors is planned for Oct. 14 for the purpose of arranging the programs for the year.

The next regular PTO meeting will take place Nov. 20.

Community Chest Benefitting Agencies Girl Scouts of the United States

This is the sixth in a series of articles explaining about the various benefitting agencies included in the Chelsea Community Chest. Today's article is on the Girl Scout program.

The aims of Girl Scouting are stated clearly in the Preamble to the Constitution of the Girl Scouts of the United States of America, which reads in part: "We... dedicate ourselves to the purpose of inspiring girls with the highest ideals of character, conduct, patriotism, and service that they may become happy and resourceful citizens."

"We believe that the motivating force in Girl Scouting is a spiritual one."

"We affirm that the Girl Scout movement shall ever be open to all girls and adults who accept the Girl Scout Promise and Laws."

"We maintain that the strength of the Girl Scout movement rests in the voluntary leadership of its adult members, in the cooperation and support of the community, and in the affiliation with Girl Guide and Girl Scout movements of other countries through the World Association of Girl Guides and Girl Scouts."

"We declare that the democratic way of life and the democratic process shall guide all our activities."

"We hold that ultimate responsibility for the Girl Scout movement rests with volunteers."

Chelsea's volunteer Girl Scout leaders and committeewomen, who number more than 60, do their best to instill these aims and beliefs in the girls in the community who are part of the Girl Scout movement.

The Chelsea Neighborhood of Girl Scouts is a part of District III of the Huron Valley Girl Scout Council. The council includes Washtenaw, Livingston, and the western half of Wayne counties. This area is divided into four districts. District III, of which Chelsea is a part, also includes Ann Arbor, Dexter, Dixboro, and Saline.

The money the council receives from the Community Chest fund is used for professional services, supplies, program, training and equipment and facilities. This money actually has come back to Chelsea in terms of the following services: a professional staff person advised and assisted at 20 meetings in the past year; our neighborhood receives thousands of sheets of mimeographed material for keeping troop records, permission slips, stationery, stamps and program resource supplies. Chelsea girls attend district planning meetings, workshops, banquets and excursions; in the past year the council has trained a total of 492 persons for troop leadership, training of trainers, outdoor skills, camp licensing, camp staff, advanced leadership for neighborhood personnel, and

lifesaving (50 of these people were from Chelsea). More than 100 Girl Scouts from Chelsea attended council-operated camps using council lodges, tents and equipment, at Hilltop in Ann Arbor, Newkirk in Dexter, Crawford in Ypsilanti, Linden at Howell, Cedar Lake in the Waterloo Recreation Area, Camp Little Notch in New York, and a neighborhood operated camp at Elsenbecker's Woods. Sixteen Chelsea adults were on staff at part of these camps.

Not to be overlooked is the fact that Chelsea Girl Scouts also give service to the community by participating in community events and working for community service organizations.

A total of 214 Girl Scouts were serviced in Chelsea in the past year. Without the support of the Community Chest to the council it would be impossible for the volunteer adults to make this type of program available to the girls.

Michigan has 21,500 acres, second only to Minnesota, under protection from forest fire and has one of the best low-loss records of any state.
