Pastor Accepts Call To Serve Baptist Church

Announcement has been made that the Chelsea Baptist church on Wilkinson St., has extended a call to Pastor Elmer S. Steenson, pastor at the Brooklyn Baptist church the past six years; he has accepted the call and will take up his duties here on Sunday, Nov. 17.

Pastor Steenson had previously served as full-time minister at Ridgeville Bible church, Jasper, from 1945 until late in 1946; at the First Baptist church at Byron from 1946 until 1955; and the West Bloomfield Baptist church at Pontiac from 1955 until July 21, 1957, when he took up his duties at the Brooklyn church.

Before going into the full-time ministry, Pastor Steenson had served as a supply pastor for the latter a Pendleton shirt.

Blood Bank Clinic Yields 149 Pints

Mrs. Dudley Holmes, Chelsea Community Blood Bank chairman, described the Oct. 30 blood donor clinic here as "very successful." She said she was "very much pleased" with the co-operation of those who came in to offer to give blood—a total of 181 persons.

Because of various reasons, 32 of these were rejected, making the total yield for the day 149 pints.

Mrs. Holmes said industries of Chelsea—workers and management—deserve the greatest share of credit for the success of the Blood Bank program in Chelsea. "This one group," Mrs. Holmes said, "is carrying the load for the entire community. If it weren't for the factory workers and the co-operation of management in giving their time off to go to clinic, the Blood Bank project could not continue."

Area residents who became eligible as new members of the "Gallon Club"—those who have contributed a total of one gallon (eight pints) of blood at blood donor clinics—after Wednesday's clinic here are Israel Shepherd of (Continued on page five)

TO HELP NEEDY CHILDREN—Mrs. Graham Sprague, at left, treasurer of United Church Women of the Chelsea Area, was one of the committee in charge of arrangements for the observance of World Community Day here last Friday.

Mrs. Helton Knisely, center, was general chairman of the observance as Chelsea's UCW Christian World Relations chairman, and Mrs. Warren Daniels took part in the program, explaining that the offering received during the service will be sent to the new United Church Center in New York. In the foreground are the packets of toilet items for children which were this year's project of World Community Day throughout the nation. There were 88 Friendship Packets, each containing two washcloths pinned together with large safety pins to form a sack in which were deposited a child's toothbrush, small tube of toothpaste, small tube of vaseline, soap, comb and box of bandages, all wrapped in a face towel. The gathering and dedication service took place at the Congregational church.

Children Collect \$150 For UNICEF

"Give, I believe, the money in my container will buy lots of cups of milk for the children who have none" is a sample of the expressions heard from many of the children who gathered coins for UNICEF instead of candy on "trick or treat" night.

Church school groups, neighborhood groups and individual children, numbering 133 in all, took part in this program, collecting a total of \$150.68.

Last year's total collected for UNICEF was \$89.

The community steering committee for UNICEF went on record with a vote of thanks to all in the community who helped make this project a success: to the 133 children who experienced the joy of remembering others instead of collecting treats for themselves; to the parents and householders who shared by giving money; to the group leaders who organized and escorted groups of children; to the public school teachers who helped publicize the project in their classrooms; to the church school teachers who helped publicize, register the children and distribute the containers; to St. Paul's church and Mrs. Ted Faust for providing the circulars distributed to all the children of the community and to The Chelsea Standard "for its fine publicity." 88 Friendship Packets Given At World Community Day

The Rev. R. A. J. Livingston, speaking at the World Community Day service of the Congregational Church of the Chelsea Area last Friday, emphasized the importance of the United Nations organization as a channel for world peace and the part for which women of the churches have accepted responsibility—UNESCO, UNICEF and WHO.

General chairman in charge of arrangements for the United World Community Day was Mrs. Helton Knisely. She is UCW-Christian World Relations chairman for the Chelsea area.

Women who took part in the service here Friday afternoon at the Congregational church, are Mrs. John Jolley, Mrs. Austin and Mrs. Paul Pollock of Salem Grove Methodist church; Mrs. Richard Schmidt, Mrs. David Strieter and Mrs. Ted Faust of St. Paul's United Church of Christ; Mrs. Fred Meyer of St. Paul's Episcopal church; Mrs. Walter Wolfgram of the Congregational church; Mrs. Warren Daniels of the Methodist church; Mrs. Herman Adams of North Lake Methodist church; who led the singing; and Mrs. Roger Hoffer of the Congregational church who served as organist.

Ushers at the service were Mrs. Charles Lane, Mrs. Lewis Barnath, Mrs. Roy Russell and Mrs. Merle Leach.

Approximately 55 women of the community attended the service.

A total of 88 of the special packets were contributed, value of the entire contribution amounting to more than \$250. Each packet included a towel, two washcloths, soap, toothpaste, vaseline, bandages, comb and other small necessities for the comfort and well-being of children in underprivileged areas of the world.

An offering received during the worship service was designated for the new United Church Center at New York.

Chest Fund At 70% of Goal On Final Day

Thomas McClean and Arden Musbach, co-chairmen of the current Chelsea Community Chest campaign, reported yesterday morning that as of Tuesday night, solicitors had collected approximately 70 percent of the \$17,168 set as the goal for the campaign.

Only one area has turned in a completed report to date. This is the northeast rural area of which Mrs. Dorothy Miller was chairman. She and her workers have finished their canvass of the area and were credited with almost doubling the amount contributed in the area in comparison with former campaigns.

The co-chairmen and directors have decided to continue the campaign until the following week—Thursday, Nov. 14—however, they are asking that only final details be left to clean up during the extra week and that solicitors finish their work as soon as possible and turn the money over to Miss Gertrude Young.

McClean emphasized that the 70 percent figure represented only the actual amount turned in by solicitors and that the percentage would be somewhat higher if money already contributed but not yet turned in were added to the total.

As he pointed out earlier, McClean said that only the one rural area has given a final report and none of the other categories are completed, as yet.

Bulldogs Lose To Saline in Final Game

Chelsea High reached the height of frustration Friday evening in the final 1963 Washtenaw Conference football game.

Saline's Hornets rolled to a surprising 32-0 victory over Chelsea, despite an attack that netted the Bulldogs more than 300 yards. Saline's record finished at 5-3 and Chelsea's came out even, 4-4.

Sophomore quarterback Neil Still had his finest night for Saline. He completed 17 of 21 passes, hit John Harvey on a 31-yard scoring play and went over once himself. Gary Johnson tallied from the three-yard line, Jim Griffin went in from the two after a 91-yard march and fullback Dave Dettling went the last 12 on a 93-yard drive.

Dick Laubon and Paul Huber combined to move the ball well for Chelsea but five key pass interceptions stopped Bulldog drives.

Drive Extended Until Nov. 14 for Final Reports

The Village Council meeting Tuesday evening was opened with an invocation by the Rev. Scott Westerman.

Discussion was held with Police Chief John Palmer regarding the need for certain no parking areas during the winter because of snow plowing and snow bans. It was pointed out the parking should be banned on the south side of Park St. from the Methodist parsonage east to the East St. intersection; also, that signs stating "No Parking Here To Corner" be installed at the intersection of Pierce and Grant Sts. prohibiting parking on both streets within 50 feet of the intersection corner. These parking restrictions are deemed necessary for improved flow of school bus traffic.

Further discussion regarding parking restrictions led to the decision to change the "No Parking" signs from the north side to the south side of Park St. (Continued on page five)

Only One Grass Fire Reported This Week

Chelsea firemen responded to a call for the rescuer at Bruin Lake Boy Scout camp at 7:30 a.m. Sunday when 15 Milan area Boy Scouts became ill from fumes from the fireplace in one of the cabins.

In the afternoon Chelsea firemen were called out because of a grass fire in the northwest section of the vacant area west of Oak Grove cemetery.

It was the only grass fire of the week after the numerous ones during the past weeks of drought conditions.

UP AND OVER — Expert pancake "chefs" added to the efficiency of serving the approximately 500 people who attended the annual Kiwanis-sponsored pancake supper Monday evening at the Chelsea High school cafeteria. When the photographer snapped the above picture, he caught a view of one of Bill Freeman's expertly flipped pancakes in mid-air. The other "chef" (in foreground) is James Daniels while behind the two cooks the Rev. James Craig, of the Methodist church, was waiting for a stack of the pancakes to serve the diners at his table. Members of the newly-organized Kiwanis-sponsored Key club also assisted at the pancake supper of which Jack Dettling was general chairman. Next week's regular Kiwanis club meeting in the social center of the Methodist church, will feature a Veterans' Day program.

GOVERNOR ROMNEY REPORTS

Of the some 500 letters which come into the governor's office every day, none are more delightful than those that are written by children.

By now it is a firmly established principle that kids say the darndest things. But with each new batch of mail, this principle is confirmed in a new and amusing way.

I've been collecting some of these letters, and I'd like to share some of my favorite ones with you. Here are some samples, with the last names of the writers omitted to prevent their identification:

"Dear Governor Romney—I like your speech but I did not understand it. But it was good anyway. How can you talk so much?" Yours Truly, Gary.

"Dear Romney—I love Blue Birds. But there are few left. Can we help get more? Since I am just 7 years old, I would like to help to get more. Skined, Carol.

"Dear Governor Romney—Today when I was delivering papers I saw the strange warbler that is around the state. I will draw the picture of what it looks like. I do not know what the back looks like so I will not color the back of it." Phillip.

"Dear Mr. Romney—You're a very good governor. I am not mad. I don't care if you like it or not. You may have one like it or not. You don't have to build it or not. I don't care if you do or if you don't. Dear, Thank you." (The boy enclosed a picture of an airplane.)

"Dear Mr. Romney—I wanted to know if my boy friend and I could

have a picture of you and your family. My boyfriend doesn't know how to write a letter yet so he asked me to write a letter for him. I was going to write a letter before to you so he asked to write one for him too. The teacher in homeroom hung a picture of you on the wall that a boy in my room brought in. Our class is studying on Lansing. I hope you will send me and my boyfriend a picture of you and your family." Your friend, Joe.

"Dear George—I went to the capitol last month for my first time and I like it. I live in St. Clair Shores and I was visiting some friends. When I was home I couldn't get any sleep because of the holes in the road. I am moving soon and I would like a picture to take along." Yours truly, David. "P.S. I think you are a nice guy."

"Dear Governor—I hope you are having fun. I am I live near Lake Michigan. I go on hikes there. Would you please send me a picture of you." Your friend, Timothy.

"Dear gov.—My name is Dicky. I have sister Laurie. She is 10. And I am 8. I have sent a letter to Alvin, Simon & Theodore. The President, And Mickey mouse. And you. I got answers from everybody. The day is Feb. 7, 1963. I have a dog, Isabell. I have to go now. Goodbye." Love, Dicky.

"Dear Governor Romney—Sunday April 7th we were at the capitol building. In the parking lot where you park your car there was an oil spot on the cement. I think you should have your oil checked." Respectfully yours, Bruce.

Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

You might recollect I was telling you here awhile back about the U.S. Education Department advising a new kind of arithmetic for the school kids, claiming the old "tutem law" of 2 times 2 is four ain't necessary "true" in all cases. Well, we got another jolt coming from the deep thinkers. A science feller named Dr. Kaplan has announced that what we been calling the Big Toe since the beginning of time ain't always the Big Toe.

After studying this matter and measuring toes for years, he says about half the time the toe next to the Big Toe is the longest. It's gitting to the place, Mister Editor, where nothing me and you was raised up to believe is sacred no more.

We was discussing these matters at the country store Saturday night and Ed Doolittle said the worst ain't got here yet. Per instant, he reported he was reading a piece in the papers where the wimmen folks is gradual taking over the pool rooms. Ed said this piece claimed the heavy mahogany tables with the green tops, the dirty light bulb hanging from the ceiling, the windows with soiled curtains, all was on the way out. Now they was putting in pool rooms with thick wall-to-wall carpets, sweet music playing, soft

lights glowing, swanky lounging chairs setting around, and furnishing college girls to teach the wimmen all the fancy shots.

Farthermore, Ed reported they was putting these fancy pool rooms — which they was calling "salons" — close to the automatic laundries, shopping centers and places where wimmen would be tempted to git the pool habit. Ed said this piece claimed they was 2,000 of these fancy pool "salons" fer wimmen opened in the last year.

Zeke Grubb told the fellers just ever-day-life was gitting so confusing he hated to hear the phone ringing, was afraid it was fer him. Bug Hookum claimed about the only place in the country where things was normal and going according to plan was in the Congress. Eer-instant, reported Bug, he had saw where they was completing a 10-story office building and the curtains for the office windows was costing \$700 per window. Bug allowed as how this was normal procedure fer the Congress.

Well, Mister Editor, I got to stop now and git the yardstick and see if what I been calling my Big Toe for nigh on to 70 year is actual been gitting credit where credit didn't belong.

Yours truly
 Uncle Lew.

MICHIGAN MIRROR

Tax Fight Taxing

This isn't an election year, but activity in the legislative halls would tend to dispute this fact.

The majority of Republicans are hoping to be able to come up with a compromise to please both Gov. George Romney and all GOP members on fiscal reform.

Democrats, on the other hand, are hoping they can give the Governor a setback and at the same time protect their political necks.

Romney, regardless of his intentions in the 1964 political arena, needs at least a substantial victory on fiscal reform to keep himself alive. Despite a relatively successful regular legislative session, most political observers agree he is now facing his first real fight.

Many Republicans have long opposed a state-wide income tax, which forms the core of Romney's fiscal program. The Governor has indicated he cannot accept a program which would eliminate this basic feature.

With the so-called "moderate Republicans" fully supporting his program, Romney will still need a considerable number of Democratic votes to accomplish his aim.

This puts the Democrats in the sticky position of standing in the middle, holding the key to success or failure.

Some of them also oppose an income tax although they were not so vocal in their opposition of it when it was proposed by former Democratic Govs. G. Mennen Williams and John B. Swainson.

Now they must make a decision on whether to give Romney the votes so that it is he who is blamed for having imposed an income tax or given credit for accomplishing major tax reform in Michigan.

At least one segment of the Democratic party favors giving any tax program just enough votes to pass. Another group says, "Don't give him any votes. Let him try to get them from his own party and they can do the job of tying the rope around his neck."

The "give him just enough" group appears to be in the majority now, but maneuverings between now and the time a vote is taken could easily change this distribution. Their thought is to kick Romney's proposal around, change it a little, then give him blame for faults while taking bows for the benefits.

The dragging out of the special session appears to be working against Romney. As time draws on, some members already are predicting a quick job of minor reform will have to be done, so the legislature can move on to the job of passing bills to implement the new Constitution.

Good Alley Games

Senior citizens who are in good physical condition probably will have only kind words to say about State Rep. Mrs. Lucille McCollough, Dearborn Democrat.

Long an advocate of providing facilities for Michigan's retired persons, Mrs. McCollough was instrumental recently in working out an agreement with the Michigan Bowling Proprietors Association.

Through Association Secretary W. W. Edgar, the lady lawmaker from Dearborn gained an agreement to provide specially reduced rates for senior citizens who bowl in Michigan.

In addition to the special rates, Edgar said members of the association would offer the use of their building and meeting room facilities free of charge to senior citizen groups.

Deadly Gas

The annual battle against Michigan's "silent killer" is on, according to State Health Commissioner Dr. Albert E. Heustis.

The silent killer, of course, is carbon monoxide. This invisible, odorless, colorless poison is present whenever there is combustion. It is in canned heat, gas refrigerators, furnaces and automobile engines.

Protection against its lethal fumes requires adequate ventilation, says Heustis. "And by adequate ventilation, I don't mean having a window open a crack. I mean a good strong draft."

Carbon monoxide poisoning claims lives throughout the year, but is most common during the fall and winter months, Heustis said. This was the cause last year of more than 60 deaths.

One of the too common occurrences of monoxide deaths is among teenagers or other persons sitting in parked cars.

"The tragic scene of a young boy and a young girl found in a

NEW CHEVELLE!

BY CHEVROLET

The kind of handling ease you'd expect in a smaller car. Come on down and drive it.

The kind of comfort you'd expect in a large interior. Come on down and sit in it.

Only a car that looks as good as this could come between Chevrolet and Chevy II. Come on down and stare at it.

New Chevelle Malibu Sport Coupe

Now—Chevy spirit in a new kind of car!

We built this one to do more than just stand around looking beautiful. Held its weight down in the 3,000-pound range. Then built four lusty engines—two sixes and two V8's—with output all the way up to 220 horses!

And if that makes you think this is one frisky car, you've got the right idea.

You've also got a roomy car here. Yet, its 115-inch wheelbase keeps it highly maneuverable in traffic and very easy to park.

With its Full Coil suspension, it's got a ride that reminds you of the Jet-smooth kind too.

way it muffles noise and cushions bumps. And the fine hand of Body by Fisher craftsmen shows up beneath this one's suave good looks, too.

Sotund good? There's more. Like the fact that Chevelle comes in three series with eleven models—convertibles, sport coupes, sedans, wagons, even Super Sport models with front bucket seats. Like the fact that (and see if this isn't one of the nicest surprises of all) the new Chevelle comes at an easy-to-take price!

Like to hear more? The listening's wonderful at your Chevrolet dealer's—and so's the driving!

Community Chest Benefitting Agencies

Salvation Army

The Chelsea Community Chest in its final week of the year is scheduled for this afternoon at 2 p.m. at the Chelsea Community Chest. It is interesting to note that the items given directly to this agency by the Salvation Army are included in the budget for the year. The items given to the Salvation Army's relief fund were \$600; its disbursements for assistance to 31 families in this area last year amounted to \$45,000. The items given to the "State Services" are available in our Detroit office to anyone needing them in the State of Michigan. Both Memorial Hospital, Eventide Evangelical Residence for business girls, Alcoholic and Men's Social Service, are included in the list. The period covered by the report four girls from Washington county were given care at home for un-wed mothers and men from the county were given to the Alcoholic Center.

Report cards of the children will be given to the parents during the evening conferences.

Scouts Overcome By Fireplace Fumes At Bruin Lake Camp

Chelsea and Dexter fire departments and ambulances from Stagghardt Funeral Home and Burgin Funeral Home in Chelsea responded at 7:30 a.m. Sunday, along with State Police and Sheriff's Department scout cars, when a call for rescuers was received from the Bruin Lake Boy Scout camp, where a number of boys had been overcome by fireplace fumes in one of the cabins.

Identified as those requiring hospitalization, were Paul Kimbrell, 11, and Dave Kimbrell, 12, both of Willis, Robert Lyons, 12, Dale Smith, 13, James Brown, 11, and James Snyder, 11, all of near Milan.

They were taken to St. Joseph Mercy Hospital, Ann Arbor. The boys were in a group of 15 Scouts sleeping in the cabin. All became ill from the fumes but only the six had to be hospitalized.

St. Mary's School Association Plans Kiddie Christmas Party

St. Mary's School Association held a regular monthly meeting at the school Tuesday evening, those present including 20 parents, the largest percentage being parents of first grade children; thus, the attendance banner was again awarded to that grade for the current month.

School faculty members present for the meeting included Sister Ann Seraphim who is the school principal, and Sister Jean Barbara. Hal Pennington, vice-president of the association, presided at the meeting during which various items of business were discussed.

Following a report of the success of the recent euchre party sponsored by the association, given by the committee chairman, Paul Maynard, there was general discussion of the possibility of holding a general card party instead of another progressive euchre party and a committee of three was appointed to arrange for such a party and report their proposed plans at the December meeting. On this committee are Mrs. Vincent Stahl, Mrs. Keith-Boylan and Mrs. Edward Orlovski.

In other business at the meeting, Sister Ann Seraphim was authorized to purchase a set of science books for the school. The association also is trying to purchase general library books for the school with proceeds of the sale of refreshments.

The association approved sponsorship of the children's Christmas party with final plans for the party to be made at the next regular meeting.

Suggested as a major project for consideration by the association is improved lighting for the upstairs classrooms at the school. Announcement was made that report cards for St. Mary's school children will be given to parents at parent-teacher conferences scheduled for Wednesday evening—7:30-9 p.m.—at the school.

At the close of the meeting, refreshments were served by Mrs. John Thomson and Mrs. Edward Orlovski.

The Rev. Merrell Wins Top Award in Poetry Contest

The Rev. Lloyd Frank Merrell, a resident of the Methodist Home for the past two years, won the top award out of more than 1,000 entries submitted in the Japan Airlines Haiku poetry contest conducted over WDTM, Detroit, during the summer, an award to be added to his list of prize-winning poems.

Merrell was given an authentic jin-rikisha ride several blocks through the heart of Detroit, Wednesday noon, Oct. 30, to lunch at the Top of the Flame restaurant. His winning Haiku is:

SLEEPING ECSTASY
Man dreams of flying.
Exquisitely patterned wings
are born. He holds them.

Out of his 21 Haiku submissions, a few of his daily winners are:

IRRESISTIBLE SOARING
Man flies from his nest,
trusting the sky of himself,
calling to his wings.

FLIGHTS . . . ?
Plumes on frozen twigs,
honey in life's icicles,
roses in snowdrifts!

MORNING
The first white glimmer
of dawn is not a secret
for sparrows to keep.

FABULOUS FORTUNE
Kindness for the earth's
helpless ones took all my love
and left my heart rich.

Merrell has three published books of verse, one of which is in its fourth edition. He is chairman of the National Poetry Day Committee.

The four are Mrs. Roy Miller, Mrs. Paul Prayner, Mrs. Julius Eisele and Mrs. Leon Fox.

The Auxiliary's business at Tuesday's meeting included voting to provide 25 gifts for the annual program, which provides a large selection of gifts from which hospitalized veterans may choose a sufficient number to supply him with a gift for each member of his immediate family, free of charge.

Methodist Youth Plan Activities

First Methodist church's Methodist Youth Fellowship held their Fall Planning Retreat last Sunday at Green Lake. Grace Kushman, youth president, planned the meeting with her officers and other members of the group.

Programs for the year were outlined and selected. Persons who were to be responsible were also set for the year. A special feature of the year's planning is a work project. A Methodist Mission church in the Upper Peninsula is the probable location. The youth group will spend a week at the site in various kinds of work.

Twenty-one youth and adult counselors were present at the retreat meeting. Steven Allen led the group in a devotional period.

Methodist Youth Fellowship officers were installed at a recent worship service. For the present year the officers are: president, Grace Kushman; vice-president, Deborah Gorton; Sub-District representatives, Penny Boyer, Michael Tarasov; witness chairman, Thomas Scholtens; citizenship chairman, David Adams; outreach chairman, Keith Salyer; recording secretary, Sherry Blackwell; corresponding secretary, Lois Hejburn; and treasurer, Barbara Bernath.

Adult counselors are Mr. and Mrs. Arthur Schumck, Mr. and Mrs. Louis Allen, Mr. and Mrs. Ross Scholtens, Robert Benedict is the superintendent of the youth division of the church school.

Sunday, Nov. 10, the MYF will go to Detroit to visit the Cuss Community church. This is a mission church in the inner city. After a snack supper at the church they will attend a special consecration service for deacons. That service will be in the Central Methodist church, Detroit.

Our word "chairman" harks back to the good old days, when only kings, bishops or nobles were permitted to sit in a chair—common people stood, sat on the floor, or used benches. Hence, the leader was an important man, and used a chair.

Personal Notes

On Tuesday of last week, Mr. and Mrs. Elba Gage and Miss Lillie Wackenhut, with Mr. and Mrs. Carl Fletcher of Asheville, N.C., spent the day at the home of Mr. and Mrs. Don Labo in Flint.

Roy Lange, who is a student at Millersburg Military Academy, Millersburg, Ky., spent the weekend here with his parents, Mr. and Mrs. Douglas Lange.

Agriculture is big business in Michigan. The state's farmers grossed over \$770 million for their products in 1961, making this the second largest industry in the state, an industry worth about \$2 1/2 billion at retail prices.

A Douglas fir tree, 417 feet tall, possibly the tallest ever grown in the world, was cut in Vancouver, Canada, in 1895.

Special missionary services are being held this week-end at First Assembly of God church at 14900 Old-US-12, according to an announcement by the pastor of the church, the Rev. Harold S. Blotta.

The first of the special services will be held at 7:30 p.m. this evening (Thursday) and will feature a couple who have been missionaries to Africa—the Rev. and Mrs. Hazen Wolverton.

The Rev. Wolverton will tell of his work among the Zulus. Under appointment of the Foreign Missions Department of the Assemblies of God, the Rev. Wolverton conducted evangelistic services throughout the country. He has conducted tent campaigns and open-air meetings in native reserves, farm compounds, sugar-mill and coal-mining compounds. Thousands of people have been introduced to Christianity in these services and many new churches have been opened. National workers have been placed in charge of the work. One of these workers was formerly a witch doctor.

Prior to missionary service, the Rev. Wolverton pastored churches in Littleton, New Limerick, and North Seligewick, Me., Greenfield, Mass., and Naugatuck, Conn.

At 7:30 p.m. tomorrow (Friday) Miss Verena Rich, a missionary to India the past 23 years, will be the guest speaker. Dressed in colorful native costume she will tell of interesting experiences she has had during her missionary career. In addition she will show color slides of the country and will display native curios.

Miss Rich, who is under appointment of the Assemblies of God Foreign Missions Board, has had a varied career in India. Her first term was spent in Lakhimpur, where she was engaged in church and evangelistic work while studying the Urdu language. She then assisted at the girls' school and orphanage in Bettiah and engaged in evangelistic work in the Champaran District and was active in various fields of work.

She plans to return to India after completing her furlough in the United States.

At the 11 a.m. service on Sunday, the Rev. and Mrs. Howard Hawkes, veterans of 11 years of missionary work in Pakistan and India will speak.

They served at "The Door of Hope" orphanage at Purlia, India, their first term of duty and the past term before their current furlough they founded a thriving assembly in Chittagong, largest city in Pakistan with a population of 500,000. The congregation consists of Pakistanis, Anglo-Indians, Indian, Chinese, English and American people.

Previous to their Pakistan assignment the Rev. and Mrs. Hawkes had built a mission station and church at Khulna where the field's only Bible school is now located and had done some hill tribes evangelization as well as overseeing churches in the Ganges Delta among Moslem and Hindu villages. In addition, the Rev. Hawkes is field missionary fellowship secretary for Assemblies of God.

The Rev. Hawkes will present colored slides, curios, and costumes of the field and the work in Pakistan when he visits the church Sunday.

The Rev. Blotta extends an invitation to all area people to attend any or all of the special services.

County Government Day Observed by 360 Students

Boys and Girls County Government Day is being held in Ann Arbor today—the 11th annual observance of the day sponsored by the Washtenaw County American Legion. A total of 360 students from county high schools will be participating, each school being asked to send 24 students, one to represent each of the 13 appointed and 11 elected county officials. Each school delegation will be accompanied by two school counselors and two counselors from the sponsoring American Legion.

It had not been decided as late as yesterday which of the teachers will be acting as counselors for the Chelsea delegation.

The program for the day was planned by Judge Breakey, Julius W. Haab, county superintendent of schools, and James L. American, county commander of the American Legion.

It began at 9 a.m. at Ann Arbor High school with the introduction of all county officials and the massing of American flags and school colors from each participating school.

On their arrival at the County Building at 9:30 a.m. the junior officials were to tour the building which houses most county departments and the probate and two circuit courtrooms. After the tour the students were to learn the duties of the positions to which they have been elected by visiting in the senior officials' offices until time for a luncheon at the American Legion Home.

The luncheon speaker scheduled is Prosecuting Attorney William D. Bareness and the final event of the day is a jury trial to be conducted at Ann Arbor High school this afternoon.

The annual program is designed to promote good citizenship and interest in local government.

A bachelor's life has been defined as a splendid breakfast, a tasteless, flat dinner, and a most miserable, lonely supper.

BULLDOG SPORTLIGHT

Many football fans would like to forget the 1956 football game with Lincoln Consolidated which CHS lost, 65-0.

CHS has many answers to this defeat. As an example of this, the 1949 rout of Manchester, 69-6, the 1928 lambasting of the same club, 63-0, the 1928 trouncing of Ann Arbor, 64-0, and the 1934 game with Saline, 50-0. Those scores were all before the 1956 score.

The Bulldogs have also come up with some good victories since then. In 1959 the Bulldogs clobbered Roosevelt, 58-0, and a week later they downed Piney, 64-0.

Maybe with these scores in mind the Bulldog fans will forget that cold night in 1956.

South Lake Couple Marks Golden Wedding

Mr. and Mrs. Darwin Egloff, South Lake residents the past three and one-half years, observed their golden wedding anniversary at an open house reception Sunday afternoon from 2 until 5 o'clock at Lyndon Town Hall.

The celebration was moved forward three weeks because the Egloffs are planning to leave next week to spend the winter in Florida.

Mrs. Egloff is the former Christine Cole. She and Mr. Egloff were married at Rochester, Nov. 26, 1913, and made their home in Detroit until moving to their present home.

Mr. Egloff retired six years ago after being employed at the Ditzler Division of Pittsburgh Plate Glass Co. for many years.

The Egloffs have one son, Hazen, who lives at Dearborn.

There are two grandsons, Walter of Detroit, and Melvyn, who is in military service and is currently stationed at Fort Riley, Kan.

Their family also includes two great-grandchildren, Christine and Craig Egloff of Detroit.

The senior Egloffs are members of the Unadilla Presbyterian church.

The table from which refreshments were served at Sunday's reception was covered with a gold cloth, appointments including gold candles and a centerpiece of gold-colored mums and other flowers tinted gold to match.

The anniversary cake also carried out a gold and white color scheme.

Mrs. Egloff had a corsage of gold colored mums and her husband's boutonniere was white.

Pouring at the refreshment table were a sister of Mr. Egloff, Miss Edith Egloff of Detroit and a grandson's wife, Mrs. Walter Egloff.

The honored couple received a number of gifts as mementos of the occasion.

Approximately 100 guests attended coming from Detroit, Dearborn, Rochester, Ferndale, Allen Park, Belleville, Ypsilanti, Port Huron, Pinconning and Monroe, as well as this vicinity.

Other bids received included Midland Lithographing Co., Kansas City, Mo., \$38,980; Gugler Lithographic Co., Milwaukee, Wis., \$40,000; Rand McNally & Co., Skokie, Ill., \$43,600; Calvert Lithographic Co., Minneapolis—Minn., \$50,000; and Tweddle Litho Co., St. Clair Shores, \$61,496.

Family Gathering Sunday Honors 55th Anniversary

Mr. and Mrs. Elmer Winans were honored at a family gathering Sunday afternoon in observance of their 55th wedding anniversary.

All arrangements for the party were completed before the honored couple were told about it the day before.

All members of their immediate family — sons, daughters and grandchildren — were present with the exception of James Beck, a grandson. He is serving in the U. S. Navy and is stationed on the west coast. He is married and has one daughter, the Winans' only great-grandchild.

The Winans' sons and daughters are Charles, George and David Winans and Mrs. Donald Osterle (Mary) of Chelsea; Jack Winans of Ann Arbor; Mrs. Howard Park (Alberta) of Flint; and Robert Winans of Dundee.

In addition to James Park, their grandchildren are Sandra and Bonnie Winans of Dundee, Carolyn Park of Flint, Charles, II, and Gail, Deborah, Phyllis, David R., Thomas, John, Robert and Curt Winans and Dowaine Osterle, all of Chelsea, and Mrs. Farouk Elmuffi (Donna Osterle) of Ypsilanti.

A sixth son, Duane, lost his life in an automobile accident in 1940.

Present Sunday, in addition to the sons and daughters and their families were Mr. and Mrs. Byron Fortmagn, life-long friends of Mr. and Mrs. Winans.

Both Mr. and Mrs. Winans have always lived in the Chelsea area with the exception of a few years spent in Detroit. Mrs. Winans is the former Cora Burkhart, a daughter of Mr. and Mrs. O. C. Burkhart. Mr. Winans' parents were Mr. and Mrs. Albert E. Winans.

Entertainment at Sunday's party included the showing, by George Winans, of moving pictures taken five years ago when Mr. and Mrs. Winans observed their 50th wedding anniversary.

The actual anniversary date is Oct. 29; the party was held Sunday in order that all members of the family could attend.

How Many Industrial Revolutions?

One of the catch-phrases being bandied about is that automation presents a "Second industrial revolution." In other words, the technological changes now going on are not simply a continuation of past trends, but a major breakthrough comparable only to the industrial revolution of almost two centuries ago.

We may start with a statement which appeared in a publication of the U. S. Labor Department almost 40 years ago. "There is taking place in the United States today a new industrial revolution which may far exceed in economic importance that older industrial revolution . . . in the last quarter of the eighteenth century."

Clague, now U. S. Commissioner of Labor Statistics. He was referring not to automation, but to the introduction of assembly-line methods of production. This was indeed a major development, but by this reckoning automation is not the second but the third industrial revolution.

But wait a minute. If we go back still further we find another significant breakthrough in technology at about the turn of the century. This was the shift to the use of separate electric motors for driving factory machines. Earlier the machines had been lined up along a steam-driven shaft, from which they were driven by belts. The consequences for plant layout and production techniques were very great indeed. If a modern-minded phrasemaker had been

around he would probably have called this a "new industrial revolution."

Going back to a still earlier period we find another major change occurring in the switch from water power to steam, as the means of turning factory wheels. This made it possible to move the plants out of river valleys.

If catch-phrases intrigue you, you may want to call automation a new industrial revolution. But it is not the second—it is at least the fifth. Perhaps a finer study of economic history would identify additional industrial revolutions and thus make automation the sixth, seventh, or eighth.

But in this perspective the whole process of giving names and numbers to successive "industrial revolutions" becomes absurd.

Automation is merely the name invented to describe one current aspect of an evolutionary process that has gone on for two centuries.

Deer Are Now Trying To Run Down Motorists!

Three drivers reported to county police agencies the past week-end that their cars had been damaged by deer running into their paths.

Two of the mishaps occurred in the northeastern part of the county—in Superior and Ann Arbor townships—while the third occurred on I-94, a short distance west of M-52 in Sylvan township at about 10 p.m. Sunday. In this accident Carlyle McDon-

ald, 81, and Charles Washburn, 54, of Taylor suffered face cuts when the car driven by McDonald was rammed by a large buck. The animal was killed by the impact. The two men were taken to University Hospital and released after treatment.

Winter Hazards Make November, December Worst Months for Traffic

Emphasizing that winter hazards make November and December two of the worst months for traffic deaths, the State Police caution motorists to be extra careful during this period.

Together, the two months account for about one-fifth of Michigan's annual road fatalities and in the last five years of 1958-62 totaled 1,441, an average of 144 a month.

Contributing to the increased hazards are the extended periods of reduced visibility due to more hours of darkness and the frequently unfavorable and sudden changes in weather which bring rain, snow and ice to the roadways.

To offset the added dangers the State Police point out that motorists should:

Be sure the car is properly winterized. Ignition, cooling and exhaust systems, brakes, lights, steering gear, defrosters and windshield wipers should be in good operating condition. Tires should have good tread for reliable traction in snow and ice.

Always drive at rates reasonable for conditions, being mindful that safe stopping distances increase from three to 12 times when roads are snowy or icy. Don't follow other cars too closely.

See that car windows are clear for good driver vision, since you must be able to see dangers if you are to avoid them.

The State Police also remind

pedestrians that they too must be extra alert because of the season's reduced visibility and bad weather factors.

Hunters Are Urged To Report Canada Geese Wearing Orange Collars

Some Canada geese are wearing orange collars with black numerals and letters this year. About 200 of the geese have been marked at the Seney National Wildlife Refuge to study their movements, and federal game men are now asking Michigan residents to keep them posted on the birds' whereabouts.

Persons spotting orange-colored geese are urged to contact the national refuge or the Conservation Department. They are asked to tell when, where, and how many of the birds they sighted. Hunters who happen to shoot these marked geese are reminded to include each collar's serial number in their reports.

LAND PRICES UP

Farm land prices have risen three and one-half times their 1940 value while the price of goods increased 2 1/2 times, making land during this period a good hedge against inflation, a Michigan State University agricultural economist says.

Council Room
Regular Session

This meeting was called to order by Pres. Daniels at 7:00 p.m. Trustees present: Bollinger, Burg, Chapman, Clark, Haselschwardt, and Wood. The minutes of the Regular Session of October 1, 1963 were read and approved.

A discussion was held with a resident of the village regarding the running at large of dogs and cats. Trustee Burg was instructed to work with the police towards enforcement of the Village Dog Ordinance.

A discussion was held regarding the need for several new street lights in the village, and the need for tree trimming to improve the present street lighting. Trustee Clark was instructed to investigate.

A discussion was held with Mr. Homer Nixon, Supt. of Chelsea Electric and Water Department, regarding evidence that some individuals have either tampered with the water meters in their homes or have placed outlets ahead of the water meters.

Motion by Clark, supported by Chapman, that Homer Nixon be authorized to inspect any water system either resident or business place to determine if there has been tampering.

Bow and Arrow Rabbit Hunt Slated Dec. 8

Owosso—The annual bow and arrow rabbit hunt is to be held Sunday, Dec. 8 at the Style Ferris farm near Perry. Proceeds from this hunt are used by the Owosso YMCA.

The hunt annually draws bowmen from across the state. Last year nearly 900 archers bagged 70 rabbits during their visit to the 2000-acre "Coverside Farms." The day's activities begin with registration at 9:00 a.m. and a church service at 9:30 a.m. It has been requested that hunt arrows not field point, be used for the hunt.

Prizes will be awarded to hunters bringing in the first, the heaviest and biggest rabbits. Among the prizes to be awarded this year will be an Aerocraft canoe, fully outfitted and valued at \$350. The total value of prizes in this year's hunt is more than \$1,000. Hunters and registered spectators will be eligible for door prizes.

Some of the crew of the "Michigan Outdoor" TV program have been invited to attend the hunt again this year and are expected to be present.

Spectators are welcome to attend the hunt. Lunches will be available at the farm. The Morris farm is located 1 mile north and 1 mile west of the M-47 and M-78 junction at Perry, midway between Flint and Lansing.

A discussion was held regarding the parking spaces available in the new fire station area, and the possibility of improving the area in the very near future. It is the feeling of the council that parking spaces will be available very shortly.

The 1963 budget was analyzed to date, and appears to be in balance.

Reports were given by Trustee Haselschwardt, regarding area planning, and Trustee Chapman, regarding Industrial Development. No official action was taken on either at this time.

Two Injured Monday
In Jackson Rd. Crash

Accident reports this week include one involving two Chelsea men, Michael K. Slocum, 20, and Gary Speer, 22, both of whom were treated at St. Joseph Mercy Hospital, Ann Arbor.

Reports stated that Slocum's car, headed west on Jackson Rd., near Staebler Rd. in Scio township, Monday night collided with the rear of a truck driven by Carl R. Brumbaugh, 29, of Melrose, Fla. The impact caused the right front door of Slocum's car to fly open and Speer was thrown out onto the pavement. He sustained possible broken ribs and shoulder bruises and Slocum's left hand was cut according to the report.

THE LETTERBOX

Dear Editor:
This letter is directed to the parents of this school area, but in hopes each will ask his teen-ager to read it also.

After the ball game in Dexter two weeks ago, a group of students assembled at the Bowling Alley to buy a Coke and talk over the game, as there was no where else for them to go in a large group. Jokingly one boy loudly said "Let's all go to ---'s house, his folks are here bowling and they won't care! Overhearing this on purpose (as it was directed to me) I looked up and nodded my head yes, at this group of teen-agers who I was proud to have as friends of our boy and willing to accept our humble home as a quiet retreat.

Instead of not assembling in some alley, street corners or county roads or becoming names in the newspaper as delinquents misbehaving. They assembled at our house in short order—very noisy and loud like you would expect some 25 teen-agers to be. I had called out older daughter to forewarn her of the stampede, and to find whatever food was handy for them (not being planned for) and we'd be home shortly. Checking in home a little after 11:08 p.m. to see what they were up to, we found two car loads of students from the Dexter area had been trying to make a grandstand play-squealing tires, yelling loudly and in general making it quite hard on the kids at the house. Of course one excited the other, and it became quite noisy. It wasn't too long before our police were patrolling our street and with the complaint, the kids were being too loud, and were disturbing the peace of our neighborhood.

Now, parents and neighbors, isn't it better to know that your students had a "home party" at a house they were invited to instead of going out of town to find some excitement and end up being just names on the police blotter? I know where my son was Friday night, do you know where yours was supposed to be?

I wish to express the sympathy of these students to these people that can't stand a noisy group of kids in their type of fun. The hour was not late, (12:30) when they finished watching a late movie on television, sprawled out like sardines on the living room rug, eating potato chips and pretzels and trying to out-talk each other. I have been at many adult gatherings and this teen-age group of kids was far less noisy, than adults can get.

Why don't we all start trying to understand, and grant their needs, instead of condemning them, without proper explanations of their causes of excitement. Gratefully submitted by
A Parent of A Teen-Age Boy.

BONES OR BROKEN BONES
Providence—Two friends began discussing the human anatomy. As time went on, one began disputing the other concerning the number of bones in the body.

The argument grew in intensity and one struck the other on the jaw. The 43-year-old man was treated at Rhode Island Hospital for a fractured jaw. Now they both know what a fractured jaw looks like.

Laff Of The Week

"I see you dancing the twist with a tall, dark, handsome young man and marrying a short, fat chiropractor."

ROCKET KILLS BOY
New York—Two teen-age boys were making a rocket in the basement of Edward Sacco Jr.'s home. Thirteen-year-old Sacco opened a carbon dioxide cylinder and packed it full of kitchen match-heads. To make a hole for a fuse, Sacco hammered a nail into the cylinder when it exploded and fatally injured him.

SAFE OR ICEBOX
Hutchinson, Kan.—Most refrigerators are used for storing food but when burglars raided the icebox in the home of William Goertz they were not looking for food. Goertz told police he had used the refrigerator as a safe. It contained \$2,400 in stocks, important papers and several valuable rings. He explained that the re-

Missionary
Will Speak to
Methodists

Miss Mildred Drescher, a retired missionary with a wide background in human relations around the world, will speak at the First Methodist church on Sunday, Nov. 10. The worship service that morning will be entirely concerned with the work of the Woman's Society of Christian Service. Mrs. Clare Warren, local president, and Mrs. Raymond Schairer, district president will assist in the service.

Miss Drescher is a native of Michigan and a graduate of Western Michigan College, with later degrees in education from the University of Michigan. She now makes her home in Grand Rapids. Her work in the church has included missionary service in India and a position as field worker of the woman's Division of Christian Service. At one time Miss Drescher was associated with the Protestant Foundation for International Students at the University of Michigan, where she helped many of the young people find the best in American life as they secured an American education.

Following her retirement, she became interested in the needs in Nepal, a mountain kingdom north of India, and spent time there as a hostess in the United Mission Hospital at Kathmandu. She has recently returned from there.

Most people forgive poor conduct on the part of wealthy friends. Refrigerator was insulated and offered protection from fire and he had kept his valuables in it for years.

WHERE'D HE GO? ... this is no place for him when he can be enjoying a good sandwich and coffee in peace and comfort at
