

# Community Chest Fund Must Exceed Goal To Meet Requests

The goal for the 1965-66 campaign has increased \$1,375 over the 1964-65 goal.

These two agencies unquestionably do the most far-reaching good for more people than any other agencies supported by the Chelsea Community Chest, according to a Board representative.

Many of the local agencies could not operate without Chelsea funds whereas the United Fund receives funds from a great many Michigan communities, it was also pointed out.

The benefits and services of the Red Cross and United Fund, available and utilized by Chelsea residents, have convinced the Community Chest Board that Chelsea should pay as much of her allotted share as possible.

The Board hopes, according to a spokesman, Chairman William Tito, to exceed the goal by

enough to pay additional money to agencies whose requests were cut. Since no agency will receive more than their original substantiated request, exceeding the goal by only 10 or 15 percent would satisfy most of Chelsea's commitments even to the UF and the ARC.

Tito stressed that it will be the extra dollars contributed that will put the campaign over the top.

The extra dollars will help Chelsea pay its "fair share" quota of \$3,194, as computed by the Michigan United Fund Budget Conference in keeping with established procedures.

Information supplied by that organization states that the MUF allocations to the 38 state and national agencies totaled \$8,777,264, an increase of 5.1 percent over 1965.

This amount is the minimum

necessary for the program requirements of the 38 agencies, according to the MUF information.

According to Tito, the Chelsea Community Chest Board approved a five percent increase over last year's UF allocation to \$2,225 from \$2,500. Further increases will have to come from an over-goal campaign in order to maintain a reasonable balance of all requests, the Board decided.

The good done with the extra dollars which will go to the United Fund, the Community Chest emphasized, should be obvious just from the list of agencies in the Michigan United Fund.

Included are the following 18

state agencies: Arthritis Foundation, Catholic Charities, Leader Dogs for the Blind, Michigan Association for Better Hearing,

Michigan Association for Retarded Children, Michigan Association of the Deaf, Michigan Children's Aid Society.

Michigan Crime and Delinquency Council, Michigan Diabetes Association, Michigan Epilepsy Center and Association, Michigan Heart Association, Michigan Kidney Foundation, Michigan League for Nursing, Michigan Society for Mental Health, Michigan Welfare League, National Multiple Sclerosis Society, Sister Elizabeth Kenny Foundation and the United Cerebral Palsy Association.

Also benefitting from the 1966 drive are 41 local agencies. Summaries of the activities of some of these local agencies follow.

**The Salvation Army**

The Salvation Army has established a widely diversified

program of religious and social welfare services designed to meet the needs of children, youth and adults in all age groups. The Salvation Army serves without regard to race or creed, and has been allocated \$500 from the 1966 Chelsea Fund drive.

One hundred years ago, William Booth, an ardent Methodist minister, reluctantly left the pulpit of the Church to minister to the people in the East End of London. These people lived in poverty without any church life, because they were not accepted in the established churches due to their extreme poverty. Booth soon realized he could not preach to a hungry man and the social work program of the Salvation Army commenced.

To anyone in distress, the Salvation Army means food, clothing, shelter, practical aid, as well as spiritual comfort. The

scope of the service is determined by the needs of the community and the available resources.

The recognized Transient Welfare Bureau, the Salvation Army provides emergency food, shelter and clothing to transient men, women, or families.

The Christmas Bureau for Ann Arbor and most of Washtenaw County, with the exception of Ypsilanti, the S. A. acts as a clearing house for names submitted and a co-ordinating agency for the giving of Christmas assistance, to avoid duplication and to assure that everyone in need is assisted.

During the past year the S.A. was of service to 27 families in the Chelsea area, providing grocery orders, food boxes, fuel oil, clothing, Christmas food orders and supplying 150 new toys for

## Newsboy Shot In Eye With BB Air Rifle

Thomas Glen Hendricks, 13, son of Mrs. Judy Hendricks, 321 North St., was shot in the right eye with an air rifle at 2:45 p.m. Saturday while he was making routine collections for his paper route. The incident occurred at 227 Buchanan.

The extent of the damage to his eye cannot be determined at this

time. Charges will not be filed until doctors are able to determine the seriousness of the injuries, according to Police Chief Palmer.

The BB gun was fired by Gary Russell Scripter, 18, according to the police report filed by Earl Willys, Jr., and Police Chief Palmer.

Scripter was home on leave from duty aboard the USS Wainwright

at the U.S. Naval Base in Newport, R.I.

## Saturday Evening Advance Intelligence Reports Hint Tiny Phantoms May Demand Tribute

Mysterious creatures from outer space, including witches, goblins and ghosts, are expected in Chelsea Saturday night. The creatures reportedly are pint-size and generally described as harmless. Similar weird invasions have struck Chelsea during the closing days of October, in previous years with minimal effects.

Residents should be on the lookout for the phantoms, expected to appear on local doorsteps between 5:30 and 6:30 p.m., and be prepared to pay tributes when doorbells ring.

The specters reportedly will be looking for candy or other goodies, and it has been predicted that some will carry orange and black boxes for UNICEF donations.

The UNICEF boxes are said to have almost magical powers in providing wondrous things for sick and hungry children around the globe.

Residents are warned to expect loud and unusual noises from the vicinity of the Junior High school gymnasium between 7 and 7:15 p.m. Members of a local group of grown men, known as the Kiwanis Club, are said to be in league with the strange creatures and reportedly will provide them with noisemakers.

These awards have been presented to 1,187 individuals since 1946.

The state award, presented annually by the state health department, is known as the Edward Dunbar Rich Service Award in memory of the late Col. Edward D. Rich, who was director of engineering for the Health Department from 1913 to 1946.

These awards have been presented to 1,187 individuals since 1946.

## Bulldogs Swim Past Lincoln on Saturated Field

### Final Home Game of Season Will Be Friday Evening Against Saline Team

The Chelsea Bulldogs plunged onto a sodden gridiron Friday night and emerged the victors in a 6-0 battle with the Lincoln Raflsplitters.

The game was played in a continuous rain which at times made the field resemble a lake.

The game gave Chelsea its fourth win of the season, but only two were conference wins. Two conference defeats were dealt the Bulldogs by Dundee and Dexter.

In Friday night's Homecoming game, Tom Wojciech dove for two yards and a touchdown after a 69-yard drive in the first quarter.

The try for the extra point was not good. Chelsea was inside the Lincoln 20-yard line four times, lost the ball twice on fumbles and Lincoln held the other two times.

In the second quarter, the Bulldogs moved to the Lincoln three-yard line on a Bill Hawley to Gary Houle pass, but an off-side

punishment called it back. Chelsea held after a fumble on the Bulldog nine- and six-yard lines.

Coach Jack Carl cited Paul Lancaster who ran for 143 yards in 20 carries, and Tom Wojciech with 100 yards in 19 carries, as outstanding offensive players.

"Our defensive line was outstanding as it held the Lincoln offense to 27 yards rushing and 24 yards in the air," Carl added. The defensive line includes Gary Hopkins, Larry Wengren, Lauri Porath, David McGlinn, Jim Fisher, John Fullerton, Lyndon Benjamin, Dale Clark and Danny Allen.

Chelsea had 18 first downs, 263 yards on the ground and had the ball for 41 plays. Lincoln had three first downs, 27 yards on the ground, 24 yards in the air, and put the ball in play 31 times.

Tomorrow night the Bulldogs meet Saline to play for third place, and if the Dexter Bulldogs should lose their Friday game, a tie for second place will result.

### Knitting Class Registration Date Extended to Nov. 4

Registration for knitting classes has been extended until Thursday, Nov. 4 at 8 p.m. due to the small registration thus far.

Only one person has registered for the class at the present time. According to Alan R. Conklin, recreation commission director, unless eight people register, the classes will be cancelled.

Mrs. Dan Ewald will teach both beginning and advanced knitting for the 10-week course.

Anyone interested in the knitting class is asked to call Alan Conklin at the Junior High school Monday through Friday between the hours of 8 a.m. and 4 p.m. to register. Anyone unable to attend the first class is asked to contact Conklin so they may still be included in the class.

## Children Must Not Play in Leaves Piled Near Curbings

Chief of Police John Palmer requests that parents caution their children not to play in the leaves raked to the curb for pick-up. This creates a personal danger to children and to motorists.

### Trick or Treat Timetable

Saturday, Oct. 30

5:30-6:30 p.m. — Trick or Treat and UNICEF Collection.

6:30-7:00 p.m. — Turn in UNICEF boxes at First Methodist church.

7:00-7:15 p.m. — Noise-makers distributed to Junior High school gym.

7:15-7:45 p.m. — Parade around block, Park, Main, E. Middle and East St. to Municipal Parking lot.

7:45-8:30 p.m. — Cider and donuts served in parking lot. Music.

8:30-9:00 p.m. — Program, awarding of costume prizes.

9:00 p.m. — Clean-up.

A strange procession is expected to form at the Junior High school and wind around Park, Main, E. Middle and East streets.

The Chelsea Fire Department, Auxiliary Police and Junior High

**UNICEF Is Nobel Peace Prize Winner**

Chelsea children who ring doorbells for UNICEF Saturday night will be adding the Nobel Peace Prize winner.

An announcement was made Monday by a five-member committee of the Norwegian Parliament that the United Nations Children's Fund is the recipient of the award. The prize consists of a gold medal and cash award of \$51,750.

UNICEF relies entirely on voluntary contributions in its fight against disease and poverty among the world's children.

For the past 15 years, American children have collected Trick or Treat money to aid the international organization. The money helps support more than 530 programs in 118 countries. The Chelsea area United Church Women are sponsoring the local drive.

Chelsea children who wish to participate in the collection may obtain boxes at the McNamee Memorial Library. The boxes are to be returned to the Methodist church between 6:30 and 7 p.m. Saturday evening.

**Two Men Die in Jet Plane Crash West of Waterloo**

Waterloo area residents were shocked Thursday evening when a two-passenger jet plane on a test flight crashed in a wooded area just west of Seymour Rd., killing the pilot and co-pilot.

Reports of the mishap state that it is believed the plane exploded in the air.

The two men killed were identified as Glyn E. David of Rose Hill, the steersman, and Lawrence Banfield of Wichita, Kan., the co-pilot.

Survivors of the twin motor plane are listed as Lear Jet Corp., Wichita.

## Club and Social Activities

**ON SIMON CIRCLE**  
Simon Circle of the Methodist church met at the home of Mrs. Koenig Oct. 20, last was served to 10 members.

A business meeting was opened by the chairman, Mrs. Lloyd. Several ladies were appointed by the chairman to call on women to sew. Sewing kits were made for World Community Day.

Robert Harris had charge of the program entitled, "Living Space Age."

**MODERN MOTHERS**

Modern Mothers' Child Study Club traveled to Garnet's Floral Shop in Stockbridge Tuesday evening, Oct. 26, to learn the art of flower arranging.

The owner, Mrs. Jeannette Otto, was assisted by Mrs. Carol Knobbe, Mrs. Florence Walz and Mrs. Veronika Prentiss in showing many different flower arrangements using cut flowers, artificial flowers and potted plants.

Refreshments were served and members were invited to browse around the shop and purchase various items.

Fifteen active members, two associate members and two guests attended the meeting.

**JERUSALEM HOMEMAKERS**

Jerusalem Homemakers met Tuesday, Oct. 13, at the home of Mrs. Marlene Worthington with 10 members present. The lesson was "Relationships of Older Parents With their Children." Mrs. Ralph McCalla and Mrs. Warren Hoover were discussion leaders.

The next meeting will be Nov. 10 at the home of Mrs. Harold Graden.

**CHILD STUDY CLUB**

Chelsea Child Study Club honored Lurie Terrace, an apartment building for senior citizens, and the Senior Citizens' Guild both in Ann Arbor, Tuesday evening.

The Lurie Terrace tour was conducted by Mrs. Myrtle Price. One of the apartments visited belonged to Mrs. Amy Detting.

Mrs. James Craig introduced Mrs. Frederick Poole, executive director of the Senior Citizens' Guild, who explained the functions of that organization. The Guild is supported through the United Fund drive. Mrs. Ethel Gardner, the former Margaret Sorenson of Chelsea, conducted the group on a tour of the building.

Refreshments were served by Mrs. Robert White and Mrs. George Staffan. A short business meeting was conducted by Mrs. Paul Schable Jr.

Guests present for the tour and meeting included Mrs. Theodore Blake, Mrs. Thomas Donkin, Mr. Richard Fahey, Mrs. Boyd Robbins, Mrs. Lloyd Heydlauff, Mrs. Russell Baldwin and Mrs. Walter Mohrlock.

The next meeting will be at the home of Mrs. James Craig on Nov. 9.

**VIVIAN OTTO CIRCLE**

Mrs. Louise Hubert and Mrs. Warren Daniels were hostesses for the meeting, Wednesday morning, Oct. 20, of the Vivian Otto Circle of the Woman's Society of Christian Service of the Methodist church.

The meeting was held at the home of Mrs. Hubert's daughter, Mrs. Russell Beynath on Wilkinson St.

For the program, Mrs. William Stover explained the many benefits of the UNICEF project which, with the Halloween season approaching, is a pertinent activity for the voluntary participation of children of the community.

Mrs. Mabel Collins concluded the meeting with an appropriate devotional service.

Mrs. Arthur Schmunk, the Circle chairman, assisted by Mrs. Charles Spencer, outlined coming events of the Circle and the WSOS, mentioning particularly the WSOS meeting of Nov. 3 when the theme of the program will be "Do Something." They pointed out that the title has "a great many meanings" for the organization.

Other matters taken up at the meeting included CROP (Christian Rural Overseas Program), a particular interest of United Church Women. Interesting statistics regarding the benefits of the program were read.

Also read at the meeting was a general letter from the направки of the Vivian Otto Circle who are missionaries in Africa.

The next Circle meeting will be held Nov. 17 at the home of Mrs. Stover.

Halloween time and witches ride. If you feel, when you look in the mirror, that you're ready to join the broomstick brigade, forget it. No woman needs look like a witch these days. Beauty science to the rescue. If your hair is too thick, count your blessings. We can shape it and style it 'til you look pretty as a TV star. If it's too thin even for our expert care, we have a brilliant suggestion. Top it with a wig — or choose one of many "parts" of a hairstyle, such as bangs, to add to your own scarce hair. No hair problem stump us at

Bob Kushmaul, master of ceremonies, stands with back to the camera. Behind the queens, from left, are Keith Salyer, Larry Barnhill and Neil Packard.

Mckune Memorial Library hours are as follows Monday through Saturday, 12 to 5 p.m.; Monday, Wednesday and Friday evenings, 7 to 9 p.m.

Inquiries regarding the Chelsea blood bank may be directed to Harold Jones, of Central Fibre Products, in the event that Mrs. Dudley Holmes is unavailable.

The Senior Citizens will hold a weekly card game at the Kerner House, every Thursday, starting at 12 noon.

### ROGERS' CORNERS

Many of the people in the Rogers' Corners area attended the 125th anniversary celebration Sunday afternoon at Bethel United Church of Christ.

We know men who are so busy solving the intricate problems of the world that they can't attend to their own business.

Modern life moves with a snap and a hustle that come so fast that few of us have time to think.

Dwight, Electra and Gertrude Harr, accompanied by Mr. and Mrs. Gottlieb Rothman and their daughter, Mrs. Henry Vsetula and family at their home at Lainsburg Sunday afternoon. Mrs. Vsetula was at home after spending four weeks in hospitals because of a broken leg.

An Altar Society Rosary was recited Saturday evening and a Parish Rosary was recited Sunday evening at the Staffan Funeral Home.

## DEATHS

### Coral I. Combs

Dies Suddenly at Home On North St. Last Thursday Coral I. Combs, 221 North St., died suddenly at his home Oct. 21. He was 72. Born March 30, 1892, in Dorset, C., he was the son of Seth and Mary Camp Combs.

He married Mae Ruby on April 21, 1917, in Chelsea. She survives. They lived in Chelsea all their married life, and she was employed at Federal Screw Works from 1922 until her health forced his retirement in 1949. He was a member of UAW-CIO, Local 487.

In addition to his widow, survivors include one son, Dr. Theodore Combs of Niles, and three grandchildren.

The funeral was Sunday at 2:30 p.m. at the Staffan Funeral Home. The Rev. James Craig officiated. Burial was at Oak Grove cemetery.

### Mrs. George C. Clark

Had Been Organist at St. Mary's Church 66 Years

The organist at St. Mary's Catholic church for 66 years, Mrs. Mary A. Clark, 245 Adams St., died at the Colonial Manor Nursing Home last Thursday afternoon, Oct. 21. She had been a patient there since February, 1963. She was 86.

Her daughter, Stephen and Katherine Frawley Clark, was born May 13, 1870, in Lyndon township. She spent her entire life in the Chelsea area.

She and George C. Clark were married Sept. 30, 1908, at St. Mary's Catholic Church. He died Sept. 1, 1969.

Mrs. Clark had been the organist at St. Mary's Catholic church since she was 16 until four years ago when she fell and broke her arm. She was a member of St. Mary's Catholic church and the Altar Society.

One son, Stephen of Chelsea, and one daughter, Mrs. Ruth Apel of Toledo, O., survive. Other survivors include five grandchildren and three great-grandchildren.

Requiem High Mass was sung at 10 a.m. Monday, at St. Mary's Catholic church, with the Rev. Father Francis Maliszewski officiating. Burial was at Mt. Olivet cemetery.

An Altar Society Rosary was recited Saturday evening and a Parish Rosary was recited Sunday evening at the Staffan Funeral Home.

### Hazen R. Leach

Dies Thursday Evening

At Veterans' Hospital

Hazen R. Leach, 69, of Cavanagh Lake, died Thursday evening, Oct. 21, at Veterans Hospital in Ann Arbor, where he had been a patient for three weeks.

He had operated a dance pavilion at Cavanaugh Lake for many years.

The son of Robert and Bertha Leach, he was born Feb. 12, 1896, in Chelsea. He and Florence Martin were married on June 1, 1918. She survives.

Other survivors include a son, Maynard, of Manchester, and a daughter, Mrs. Harold (Bernice) McDonald of Grass Lake. Six grandchildren; a sister, Mrs. Wilbert (Gladys) Breitenwischer of Chelsea; and several nieces and nephews also survive.

A brother, Clarence, died in 1957. Mr. Leach served in the United States Army from 1918 to 1919. Services were Sunday at the Burghardt Funeral Home in Chelsea at 2 p.m. with the Rev. George T. Nevin officiating. Burial was in Oak Grove cemetery.

## BIRTHS

A son, Christopher George, to Mr. and Mrs. Donald Laier, 1130 Lima Center Rd. He was born Oct. 11 at St. Joseph Mercy Hospital in Ann Arbor. Grandparents are Mrs. Rose Laier, 1140 S. Lima Center Rd., and Mr. and Mrs. Floyd Schneider, 11605 Pleasant Shore Dr., Manchester.

A son, Rodney Alan, to Mr. and Mrs. Donald Laier, 1130 Lima Center Rd. He was born Oct. 11 at St. Joseph Mercy Hospital in Ann Arbor. Grandparents are Mrs. Rose Laier, 1140 S. Lima Center Rd., and Mr. and Mrs. Floyd Schneider, 11605 Pleasant Shore Dr., Manchester.

**CHELSEA VILLAGE COUNCIL PROCEEDINGS**

Oct. 5, 1965 Arrangements were made to allow Council Room.

This meeting was called to order by Pres. Haselschwardt at 8:00 p.m. Invocation by the Rev. Warner Siebert, pastor of St. Paul United Church of Christ.

Trustees present: Bollinger, Burg, Chapman, Crouch, Schable, and Weber.

The Minutes of the Regular Session of Sept. 21, 1965, were read and approved.

A discussion was held with Mr. Alex Mshar regarding the "No Parking" signs on Book Street.

On the recommendation of Police Chief John Palmer, the Council approved the sign removal.

A discussion was held with Mr. Ishmael Pickelsimer regarding the need for protective equipment for use by the Chelsea Auxiliary Fire Dept. Trustee Weber was instructed to investigate.

A request was entered by the Chelsea Jaycees for permission to sell pumpkins for Halloween. Arrangements have been made to use the alley between Williams Jewelry Store and the Senior Citizens Bldg. on Oct. 15, 16, 22, 23, 29 and 30, 1965. Permission was granted.

A discussion was held with Mr. William Terns regarding use of the village landfill. Arrangements have been made to use by the Public Works Dept. fire siren will probably not af-

fect any one individual greatly but it might be of considerable help to someone who is a member of this community.

I appreciate the service the noon-time siren signifies, the readiness the daily sounding insures, and the firemen who respond when needed. Let us not in our eagerness to kill a tradition jeopardize our safety.

Yours truly,

Keith L. Boylan.

A letter was submitted to the Chelsea Village Council from the Chelsea Fire Dept. stating the following:

Chelsea Village Council.

Gentlemen:

I wish to comment on the abrupt way in which a Chelsea tradition was terminated, namely the sounding of a siren at 11:30 a.m.

Let us not be too hasty in condemning something which serves a vital service to the community.

A discussion was held with Mr. Ray Smit of Ayres, Lewis, Norris & May, and Mr. Robert Wagner, representing Dana Corp., regarding the possible utilization of the Dana Corp. land site. No official action was taken at this time.

Nuisance when it fails to function as has been discovered by malfunction or sub-zero weather has, on occasion, knocked it out. The sounding of a noon-time siren would not operate on several occasions.

To call the men by phone would take about 20 minutes as compared to 3 minutes with the siren.

Respectfully,

James Gaken,

Chief, Chelsea Fire Dept.

A discussion was held regarding the termination of the 11:30 whistle. The following members of the Chelsea Fire Dept. were present for the discussion: George Atkinson, Dave Elkins, Don Alexander, Vern Hafner, Bud Hankard, Art Paul, Dick Rogers and James Gaken and Charles Hafner.

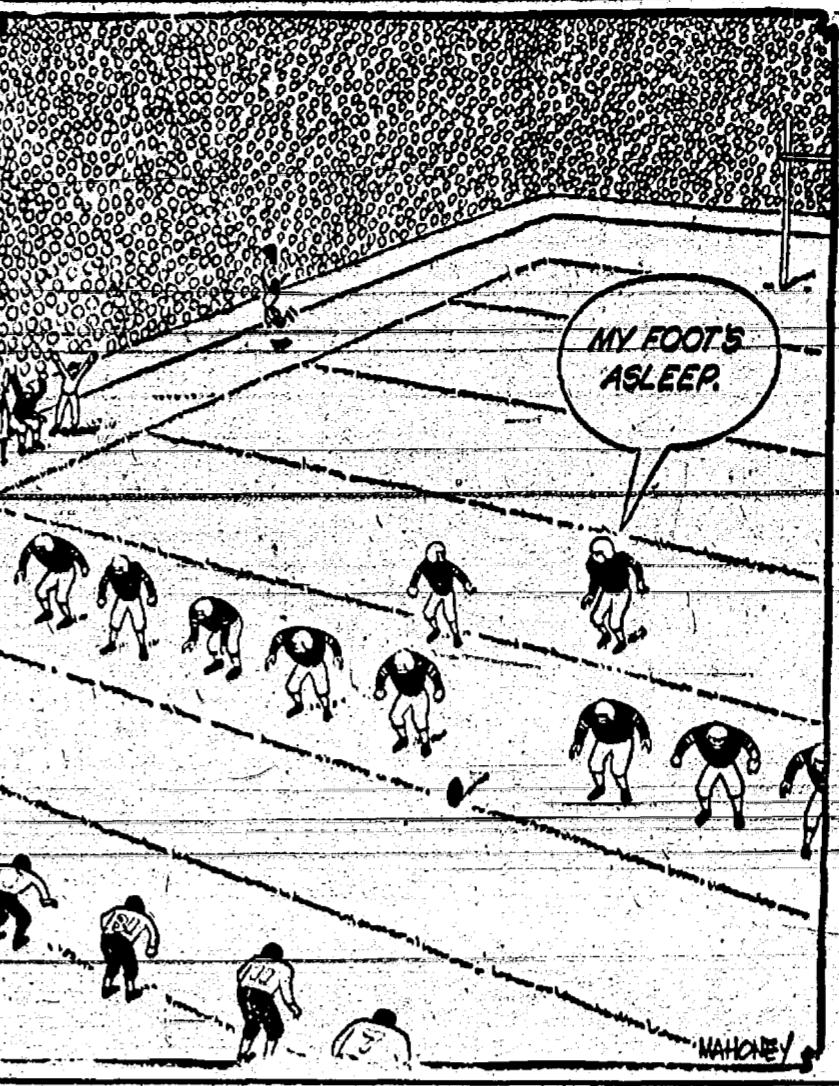

Motion by Burg, supported by Weber, that on the basis of the 11:30 whistle being a safety factor for the village, that the whistle testing be reinstated and an immediate study be made to determine a better location for the Van Buren Street whistle. Roll call: Yeas all. Motion carried.

Motion by Crouch and Weber and Trustee Crouch and Weber and Fire Chief James Gaken were instructed to investigate the relocation possibilities.

Motion by Weber, supported by Crouch, to authorize payment of \$168.11 to Ayres, Lewis, Norris & May for engineering services in connection with Chelsea Products, Dana Division for the month of August, 1965. Roll call: Yeas all. Motion carried.

Motion by Schable, supported by Weber, to authorize payment of \$455.76 to Peter P. Kurzy for engineering from July 20 through Sept. 24, 1965 for the 1965 street program. Roll call: Yeas all. Motion carried.

A request was entered by Mrs. Wesley Ellenswood to consider a

**HALF-PAST TEEN**

WALKING

Sharing Funds  
Still Available  
ACP Practices

Carolyn Stump, office manager of the Washtenaw ASCS office, announces that there is money available for carrying conservation practices.

Steer, cattle, and sheep for cost-share programs are available for cost-share.

(1) Winter Cover Crops—Ex-  
cept for winter cover crops, the cost-share is limited to Oct. 30, because of wet

(2) Livestock Ponds—  
These ponds are very essential in any livestock program. These ponds are located away from the waterways and also conserve water during times of drought.

(3) Winter Cover Crops—These ponds are important to crops when they are brought out.

(4) Wildlife Ponds—  
These ponds are owned by the state and timber companies.

Michigan has provided 80 percent of the area available for hunting and trapping.

Reforestation and improvement of existing forests. This practice includes tree-planting and stand improvement, participation in sloping land to provide cover and shelter belts to the waste of snow moisture importation from protected areas.

(5) Tiling—This practice provides an opportunity to draw low wet fields.

A soil test on the field you intend to tile more than \$60,000.

If you apply for cost-share, it must be applied as recommended by the soil test. Other companies are asking their local agents to supply their insureds with certificates. The certificate must include the insured's name and address, the insurance company's name and policy number, a full description of the vehicle, including the serial number, the expiration date of the liability coverage, and must be signed and dated by a company representative or a local agent.

The law also provides that if the insurance is cancelled or lapses for non-payment of the renewal premium after the 1966 plates are purchased, the owner has to pay the \$35 additional fee, at once, or is subjected to a fine of \$100 and/or 90 days in jail. If the \$35 fee is paid, it is not refundable, if insurance is obtained after payment.

Further, the certificate of insurance must be carried in the car, since the driver will be asked to show it as well as the 1966 registration, in case he is stopped by the police for any reason. In other words, don't lose or destroy your certificate.

This also means that if a vehicle is purchased from a dealer and the purchase of a 1966 plate is involved in the transaction, the purchaser will have to make arrangements for the required liability insurance, obtain a certificate from the insurance agent and give it to the auto dealer. The only alternative is to pay the dealer the additional \$35.

## SHOW USE Cutting Off Winter PROTECTION

## '66 License Plate Sale Starts Nov. 1

On Nov. 1, license plates will go on sale throughout the state. Again this year, the plates will be full size instead of tabs, however an additional requirement has been added before the plates can be issued. The fee will be \$1 higher for all motor vehicles that are insured for liability and property damage, limits of \$10,000-20,000-5,000. For motor vehicles which are not insured for liability, the fee is \$3 higher. The higher fees apply to only motor vehicles. It does not apply to trailers, etc. but it does apply to motor bikes, scooters and motorcycles. The extra \$35 fee on uninsured vehicles does not provide any kind of insurance for that vehicle.

To establish the fact that a motor vehicle is currently insured when the 1966 plates are applied for will require a certificate of insurance or an insurance policy showing an expiration date subsequent to the license plate purchase. The major insurance companies are mailing insurance certificates to all their insureds. One company estimates that this mailing will cost that company more than \$60,000.

Other companies are asking their local agents to supply their insureds with certificates. The certificate must include the insured's name and address, the insurance company's name and policy number, a full description of the vehicle, including the serial number, the expiration date of the liability coverage, and must be signed and dated by a company representative or a local agent.

The law also provides that if the insurance is cancelled or lapses for non-payment of the renewal premium after the 1966 plates are purchased, the owner has to pay the \$35 additional fee, at once, or is subjected to a fine of \$100 and/or 90 days in jail. If the \$35 fee is paid, it is not refundable, if insurance is obtained after payment.

Further, the certificate of insurance must be carried in the car, since the driver will be asked to show it as well as the 1966 registration, in case he is stopped by the police for any reason. In other words, don't lose or destroy your certificate.

This also means that if a vehicle is purchased from a dealer and the purchase of a 1966 plate is involved in the transaction, the purchaser will have to make arrangements for the required liability insurance, obtain a certificate from the insurance agent and give it to the auto dealer. ## THE LANSING REPORT

FROM  
SENATOR  
GIL  
BURSLEY

On Nov. 1, license plates will go on sale throughout the state. Again this year, the plates will be full size instead of tabs, however an additional requirement has been added before the plates can be issued. The fee will be \$1 higher for all motor vehicles that are insured for liability and property damage, limits of \$10,000-20,000-5,000.

For motor vehicles which are not insured for liability, the fee is \$3 higher. The higher fees apply to only motor vehicles. It does not apply to trailers, etc. but it does apply to motor bikes, scooters and motorcycles. The extra \$35 fee on uninsured vehicles does not provide any kind of insurance for that vehicle.

To establish the fact that a motor vehicle is currently insured when the 1966 plates are applied for will require a certificate of insurance or an insurance policy showing an expiration date subsequent to the license plate purchase. The major insurance companies are mailing insurance certificates to all their insureds. One company estimates that this mailing will cost that company more than \$60,000.

Other companies are asking their local agents to supply their insureds with certificates. The certificate must include the insured's name and address, the insurance company's name and policy number, a full description of the vehicle, including the serial number, the expiration date of the liability coverage, and must be signed and dated by a company representative or a local agent.

The law also provides that if the insurance is cancelled or lapses for non-payment of the renewal premium after the 1966 plates are purchased, the owner has to pay the \$35 additional fee, at once, or is subjected to a fine of \$100 and/or 90 days in jail. If the \$35 fee is paid, it is not refundable, if insurance is obtained after payment.

Further, the certificate of insurance must be carried in the car, since the driver will be asked to show it as well as the 1966 registration, in case he is stopped by the police for any reason. In other words, don't lose or destroy your certificate.

This also means that if a vehicle is purchased from a dealer and the purchase of a 1966 plate is involved in the transaction, the purchaser will have to make arrangements for the required liability insurance, obtain a certificate from the insurance agent and give it to the auto dealer. The only alternative is to pay the dealer the additional \$35.

Michigan is now a "title-holding" state, as are most other states. This means that, if there is any financing on the vehicle, the loaning agency holds the title. The 1966 plates can be purchased by presenting the 1965 registration. However, if the title is available, it is best to bring it into the license branch. Also, if the 1966 license plates are to be transferred to another vehicle any time during the year, the owner must present his 1966 registration and complete a certification of insurance on the reverse side of the license transfer application. This must be signed by the vehicle owner. A similar certification must be completed by the owner on the reverse side of the application for new 1966 plates.

Come early and avoid the rush!

## Snow White

Largest trend in juvenile furniture, says a prominent manufacturer, is a snow white finish. In addition to cribs and chests in styles formerly offered only in maple and similar finishes, this firm is now showing a traditional table and chair set in white and gold. A child's rocker and doll sets of furniture are also available in this new finish.

A Standard Want Ad Will Sell Your Unused Items.

Michigan is known as the research center of America. Michigan factory workers in the Detroit area receive the highest hourly wage rate in the country. Michigan leads all other states in the value of its manufactured products per worker.

Michigan agriculture leads the nation in production of navy beans, pickles, and tart cherries. Michigan is a leader in carrots, cantaloupes, celery, fresh tomatoes, processing asparagus, apples, peaches, pears, grapes, and plums.

Michigan has a major role in world markets. The state exports over \$1.5 billion in goods last year and imported another \$1 billion.

Michigan business houses sell goods abroad worth \$25,000,000 or more. These establishments employ half a million workers. Michigan's agricultural exports now surpass \$100 million annually. Transportation equipment ranks up half of Michigan's exports but Michigan ranks second in the nation in export of non-electrical machinery and high in chemicals and allied products and primary metals.

Michigan is tops! Let's talk her up and keep it that way!

Michigan has the finest public education system in the country with 11 independent state universities, featuring superior professional training in medicine, law, public health, engineering, aeronautics, metallurgy and agriculture.

Michigan is the nation's vacationland in all seasons, leading all other states in the sale of hunting and fishing licenses, in the number of state parks and prepared campsites, and with almost 100 ski resort areas to rival the thousands of miles of summer beaches.

Michigan has the finest public education system in the country with 11 independent state universities, featuring superior professional training in medicine, law, public health, engineering, aeronautics, metallurgy and agriculture.

## Watershed Council Discusses Plans To Clean Up River

Ten members of the Mill Creek Research Council attended a meeting of the Huron River Watershed Council Oct. 21 in Ann Arbor.

Vice-chairman John Dillon of Ann Arbor township conducted the meeting in the absence of Guy Larcom, chairman of the group. No official action was taken because a quorum was not present.

Factors related to the selection of new executive secretary and a new office location were discussed. The county needs the space in the County Building presently used by the Watershed Council.

Robert Semple, delegate from Ypsilanti, discussed joint action between Ann Arbor and Ypsilanti to remove debris from the river and to generally improve the appearance of the river and the riverbank.

The next meeting of the Council will be Dec. 2.

A phobia is a belief by somebody else that what you like will hurt you.

## School Board Briefs

The Board of Education met in regular session Tuesday, Oct. 19 and approved payment of bills in the amount of \$13,337.

It was decided to allow Mr. Wolejki \$200 travel expense a year to help toward the expense of operating his personal auto between the elementary schools.

The informal hearing with the Labor Mediation Board regarding the bargaining election will be held at 3 p.m. Nov. 2 in Detroit. The board designated the superintendent as its representative to attend with the members of the other groups.

The ceilings at the Methodist church have been painted to meet the requirements of the State Fire Marshal.

A meeting of the auxiliary services committee was planned for Oct. 26 to meet with the committee from the parochial school. Action is being planned jointly to comply with new state and federal legislation.

The board finance committee set a meeting to revise the 1965-66 budget.

Information is nearly complete for the Prescott Co. who will prepare the prospectus for the selling of the bonds on the recent bond issue.

The school has received the recently purchased Civil Defense Radio.

Count data from Oct. 1 was given as follows: Senior High, 605;

Junior High, 401; South Elementary, 475; North Elementary, 488;

Methodist church, 46. Total 2,032.

St. Marys, 229.

The option on the Plumer prop-

erty was renewed as agreed.

Mrs. Tite and Mr. Schutte are to be requested to get information as to cost of good rebuilt or new pianos for the elementary schools.

The Administrators Council, consisting of the principals of the different schools, reported recommendations for staff and curriculum improvements.

(1) They requested and got approval for release time for inservice training for the teaching staff. The period will be held on the Thursday following the sending of report cards. The first sessions will be one hour in length and will begin Oct. 28. This means that pupils will be released one hour earlier than normal.

(2) The Council gave their impressions of the "sliding scale" method, instituted for the staff last year. It was felt that major changes are very necessary. The Council and the Board set a special meeting to discuss this problem.

(3) Fringe benefits were briefly discussed.

(4) There was considerable discussion on the maintenance of the school properties. It was decided that a thorough study should be made to see if we are adequately staffed and ways to improve the efficiency of the staff we now have.

(5) It was recommended and approved to pay the staff a stipend of \$3 for each class in which they substitute during their planning period. This has happened to some extent due to the inability to get an adequate substitute in some situations.

Substitute teacher pay was discussed. It was pointed out that the \$15 a day now being paid is in need of revision. Action will be taken at a subsequent time.

"Our big program for the coming year is a building program to double the size of our plant, increasing total productive capacity fourfold—we will expand into the new addition in January or February."

"All in all, we look forward to a better year than any so far. In this rising economy, with the added interest in our major fields of medical analysis and pollution control, we expect sizable sales increases in both dollars and percentages over last year's accomplishments."

MAKING A BIG SPLASH at the Chelsea homecoming football game Friday night is this unidentified Chelsea gridder. His determination to protect the ball from the two Lincoln Railsplitters was typical of the spirit which won a 6-0 victory for the Bulldogs.

## Gelman Sales, Profits Show 50% Jump

For the sixth consecutive year,

Gelman Instrument Company's net sales climbed more than 50 percent over the preceding year, according to the company's Annual Report for the 1964-65 fiscal year.

The year's sales were \$1,700,910, up \$598,100, or 54 percent, over the previous year's \$1,102,815. Net earnings of \$74,808 were up \$23,673, or 46 percent, over the previous year's record of \$51,135.

"One reason for this persistent sales growth pattern is our consistent research and development investment," states President Charles Gelman. "Every year, we invest 15 percent of our income in R and D," he points out. "I expect to see a yet greater return as that investment begins to bear during the next year. Much ground-work was laid in the past year," Gelman said. "We put more than \$135,000 into start-up costs of a new filter-making plant, and absorbed the entire costs in the 1964-65 year; we acquired two subsidiaries—William A. Tomas Co. and Planchets, Inc."

It was recommended and approved to pay the staff a stipend of \$3 for each class in which they substitute during their planning period. This has happened to some extent due to the inability to get an adequate substitute in some situations.

Substitute teacher pay was discussed. It was pointed out that the \$15 a day now being paid is in need of revision. Action will be taken at a subsequent time.

## 1965 Farm Bill Will Continue National Wool Act

Frank Light, chairman of the Michigan Agricultural Stabilization and Conservation Service was one of 30 people selected by the Secretary of Agriculture, last week, to study and review the farm program policy.

The new Farm Bill currently being considered in Congress covers all major crops and dairying," stated Light.

One of the provisions of the new Bill continues the 1954 National Wool Act through Dec. 31, 1969. The Bill provides for modifications which are intended to increase production of wool in the United States. The 1954 Act was to expire March 31, 1966. Light added, "The present Bill provides for a minimum price floor by fixing the support level for short wool at the present level of \$0.62 a pound, increased by the same percentage as the percentage increase in the parity index." Parity index is a term used by Agriculture Economists to express the relationship of prices paid by farmers during a given period compared to prices paid by them in a base period from 1910 to 1914.

Light added that this Bill would fix the support price at \$0.66 a pound for 1966 and about \$0.66 for 1967. The support levels for 1968 and 1969 will depend on further changes in the parity index.

The Bill also provides authority for the Secretary of Agriculture to use measurements, or other methods in determining acreages of any commodity or land use to determine compliance under the program.

It directs the Secretary to make a study of the parity-income of farmers to be reported to Congress by June 30, 1966.

Light also stated that the Bill authorizes the Secretary to use CCC funds to purchase dairy products, except fluid milk for schools, at market prices to meet the requirements for domestic relief, foreign distribution and other programs authorized by law when the CCC inventory is inadequate for these uses.

Hardest of all for Khrushchev to understand was that such machines can be developed by private enterprise and without the "helpful" planning of the state. Even more unbelievable, that common farmers—the "peasant" (in his terms) of America, could actually afford to buy such a mechanical monster for use on his own, uncollective family-sized farm acres.

Americans are reaping the benefits of this country's farmers' freedom to change and the speed and magnitude of mechanical change on American farms is hard even for Americans to believe. Our farmers now own nearly half of the world's tractor population!

But the proof of the pudding—and for that matter, whether it is pudding or potatoes—lies in the permanent production. One Russian farmer feeds himself and only six others, and the food is 75 percent starch.

One free enterprise American farmer feeds himself and 31 others, and the food is mostly high protein.

Russian food production is now at the level reached in this country back in 1870!

### NO CONFIDENCE

An early automobile manufacturer of little faith equipped each horseless carriage with a whip socket on the grounds that a horse would be needed sooner or later to pull the vehicle home.

## AGRICULTURE in ACTION

by M. L. Woell  
MICHIGAN FARM BUREAU

### Corn-clusions

It was corn as much as anything, that clobbered Khrushchev. He tried to come to America's great cornlands to carry away the secret of corn, but he just couldn't get it to grow in Russia as it does in Iowa or Michigan. He still blames the seed or soil, or the Russian system, yet none of these are at fault. It is the political system that is wrong.

Again the national Mechanical Corn-Picking Contest, just held on the Victor-Kneierin farm southeast of Adrian, pinpointed the vast difference between American and Russian agriculture and revealed once more for the world to see, the so-called "secret" of American productivity.

There, the mechanical monsters moved through the fields at amazing rates. The fat ears were plucked from the drying stalks and, according to the type of machine, either deposited freshly husked into trailer wagons or shelled out as golden grain.

And if you would like to buy one to impress the neighbors, the combination head (for both husking and shelling), alone costs around \$5,000. When mounted on the self-propelled base machine, the unit price goes to, or over, the \$16,000 mark.

Hardest of all for Khrushchev to understand was that such machines can be developed by private enterprise and without the "helpful" planning of the state. Even more unbelievable, that common farmers—the "peasant" (in his terms) of America, could actually afford to buy such a mechanical monster for use on his own, uncollective family-sized farm acres.

Americans are reaping the benefits of this country's farmers' freedom to change and the speed and magnitude of mechanical change on American farms is hard even for Americans to believe. Our farmers now own nearly half of the world's tractor population!

But the proof of the pudding—and for that matter, whether it is pudding or potatoes—lies in the permanent production. One Russian farmer feeds himself and only six others, and the food is 75 percent starch.

One free enterprise American farmer feeds himself and 31 others, and the food is mostly high protein.

Russian food production is now at the level reached in this country back in 1870!

## Amendments to Uninsured Driver Fund Pose Problem

Lansing.—Major changes in the Motor Vehicle Accident Claims Fund before collections start next Monday, with the start of license plate sales, adds up to a momentous "re-education" job for Secretary of State James M. Hare.

"For some weeks now, we have put out hundreds of thousands of pieces of literature citing certain major aspects of the Fund. But now we're faced with 'un-brain-washing' thousands of persons . . . especially those who have no liability insurance and have to pay the increased \$35 fee."

The legislature raised the uninsured fee from \$25 to \$35, Hare explained.

This was only one of several major changes in the new law which actually doesn't take effect for processing claims until after the first of next year.

Other amendments were:

—Raising the minimum in property damage to \$200;

—Removing all minimums for personal injury claims. Previously these had been set at \$50;

—Removing all hit-and-run accident claims which do not involve personal injury.

Hare said he thought the amendments "strengthened" the Fund to a great extent and would go a long way in guaranteeing its solvency.

"The \$10 increase in the uninsured motorist fee," said Hare, "could add up to \$3 million more into the Fund if our estimate of 4.7 million insured drivers paying the \$1.00 fee and the remaining 300,000 uninsured paying \$35 is correct. Original estimates at this point said the 100,000 drivers who did not have insurance would pay \$35 each in fines and costs.

Wayne, pleaded guilty to possession of a loaded gun in an auto on Oct. 16, also in Webster township. He paid \$25 in fine costs.

Move times one-third 35 percent = of today's holding charges are in the big king queen sizes, it is reported by leading manufacturer.

### We'll put "wings" on your car

You'll think your car has sprouted wings, the way it responds after filling up with our new PURE gas.

You'll like the way the pep, power and performance steps up when you fill up with PURE Gas and Oil. Our batteries will assure you quick starts, too!
