

JUDGED THE MOST COMICAL at the Kiwanis children's Halloween party Saturday were Kurt and Chris Steinaway, the two "old men" at front in the photo, who received first prize; Kenny Herrst, the "hunter", at left, and his brother, Bobby, the "trapper" at right, second place winners; and Dale Robbins, as a "fat lady", standing at rear, were judged third prize winners.

MOST ORIGINAL CATEGORY: The "Old Folks" group portrayed by the Carpenter children, Carl Ray, Jr., Janet and Teresa, placed first in this division. The "table setting" with Carol Dietle appearing above it (her head, that is) won second-place award, and Nancy Hepburn in an autumn-leaves costume, won third prize at Saturday's Kiwanis-sponsored Halloween party for children.

SPOOKIEST DIVISION — Janet Boylan and her little sister, Mary Frances, center, costumed and made up as a "big and little witch", won first place in this division; Pamela Greenleaf as a character from the TV Munsters program, with Tammy Greenleaf in a witch costume, were judged winners of second place honors; and Susan Palmer in the witch costume complete with a tall witch's hat, was awarded third prize.

### Deer Loses Life But Inflicts \$700 Damage to Auto

Drivers must keep a sharp lookout for deer crossing the highways. Conservation Officer Donley Boyer warned again this week.

The warning came after an eight-point buck was struck and killed last Thursday evening on Cayennah Lake Rd. Damage estimated at \$700 resulted from the collision.

### Lt. Jerry Piatt Is Injured in Vietnam

A Chelsea Marine sustained injuries in Vietnam last Thursday and has been transferred to Bethesda Naval Hospital, Bethesda, Md. for further medical attention.

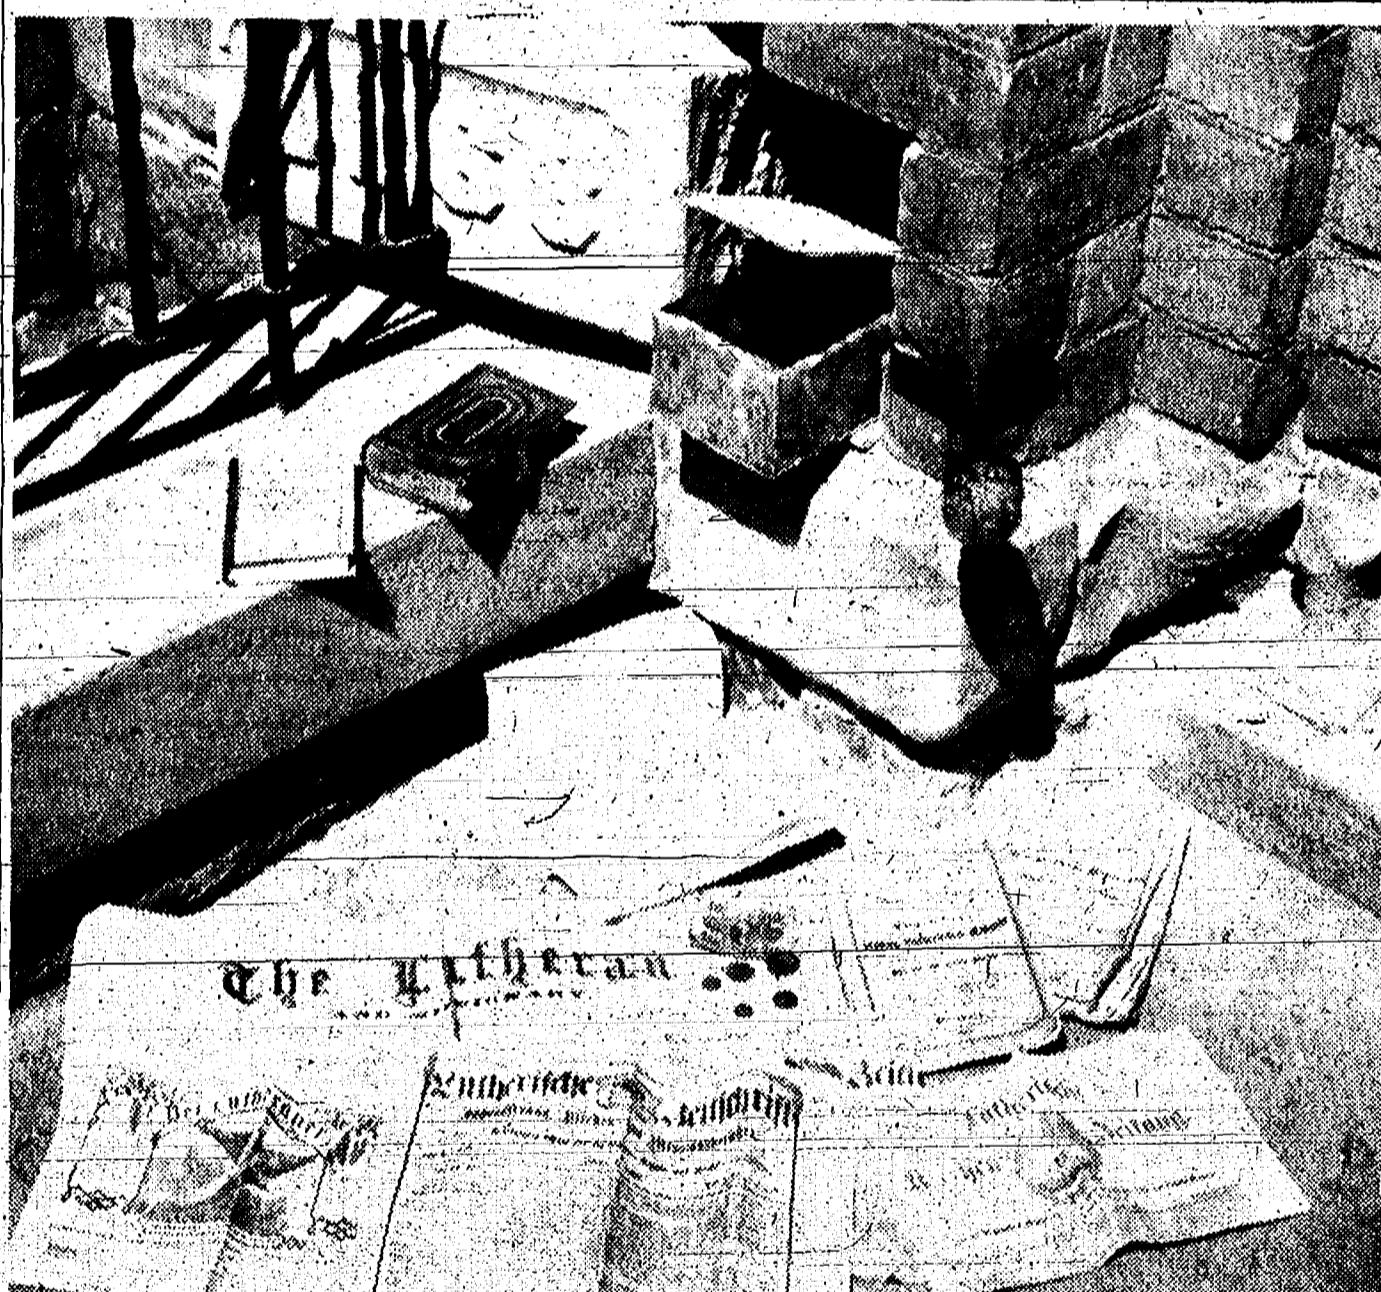

He is 1st Lt. Jerry Piatt, son of Mrs. Harriett J. Piatt of the Cedar Knoll Rest Home and the late Kenneth Piatt.

Piatt was injured Oct. 28 according to a telegram from Lt. Gen. R. C. Mangrum, acting commandant of the Marine Corps, when the jeep in which he was a passenger ran over a mine placed in the road near Marble Mountain.

Marble Mountain is an air strip approximately two miles across the DaNang river from the big DaNang jet air base, 370 miles northeast of Saigon. According to Associated Press reports, Marble Mountain has been the scene of heavy attacks from Viet Cong suicide squads and mortar fire.

Lieutenant Piatt sustained second degree burns to the right arm and face and also burns to the right knee.

CHURCH CORNERSTONE OPENED: This was the scene where the cornerstone at St. Paul's United Church of Christ was opened in preparation for Sunday afternoon's centennial service at the church. Papers and material in the sealed box, shown after it was opened, were those placed there when the first church was built in 1868 and also in

the same receptacle, the ones added when the present church was constructed in 1892. The items will be replaced and embedded in the floor of the narthex of the new church on Old US-12, together with 1965 material, at cornerstone laying ceremonies following a 2:30 p.m. service at the church on Summit St., Sunday, Nov. 7.

**HIGHWAY DISRUPTS FARM**

Liberty, Mo. — When Interstate  
Highway 35 took possession of the  
205-foot-right-of-way through Ed-  
gar N. Petty's farm, he had to  
drive 8 miles to get to his barn.  
Petty will lose 17 of his 160 acres,  
22 acres of choice pasture, elim-  
inate two ponds and destroy the  
solitude of the country.

A just decision is one that lets  
us win.

WITCHES, SKELETONS AND SCARECROWS  
is what the Standard photographer found when he visited the North school—first grade last Friday.

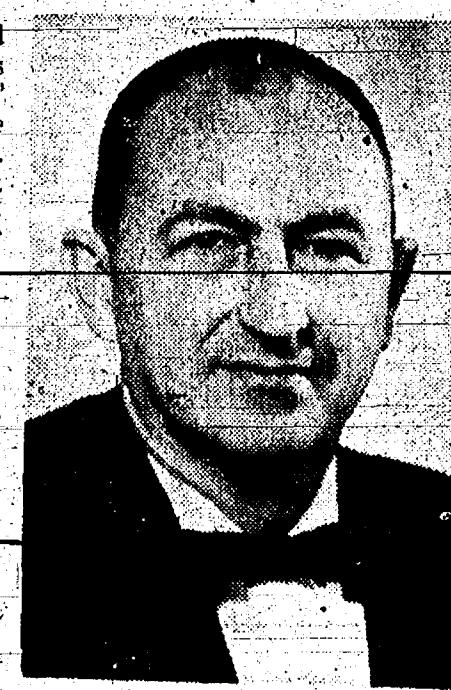

**Saturday's Travel Program Has Won World-Wide Fame**

The Kiwanis Club of Chelsea will  
present the next program of its  
"Travel and Adventure Series" Saturday evening at 8 p.m. in the Chelsea High school auditorium. The featured artist will be Robert Brouwer, who will present an unusual travelogue, "America, of  
Thee I Sing."

Brouwer is a resident of Grand  
Rapids, where he has been in the  
electrical contracting business for  
several years. Many years ago he  
embarked on the hobby of  
photography and his first slides  
were enjoyed by friends and neighbors.  
Many of his slides won national  
contests and receive claim  
from all who saw them. The en-  
couragement of friends and ex-  
perts promoted him to produce a  
finished slide program.

The first program he produced  
he used one screen and one pro-  
jector. Later, he used two screens  
and two projectors. Now, he has  
developed a revolutionary and  
unique presentation in which he  
uses three screens and four projec-  
tors. He also incorporates hi-fi elec-  
trical stereophonic equipment and  
music and sound effects recorded  
on-the-spot. He carries his own  
equipment which takes a consider-  
able amount of time to set up  
in each auditorium. His program  
has sometimes been referred to as  
a "movie-slide presentation."

He has presented this unusual

ROBERT BROUWER

program in some of the largest aud-  
itoriums in the country. Recently  
the travel officials of the country  
of Holland commissioned him to  
produce a similar "travelogue" on  
the Netherlands, underwriting all  
his expenses—an unprecedented ar-  
rangement in the travelogue field.  
The program to be presented  
here Saturday has been described  
as "Or a man with Cinema," and  
"Everyone in America should  
see this."

"Of Thee I Sing" which shows  
panoramic views of the entire  
country, including autumn color in  
Vermont, moonlight in secluded  
Wildcat Glen, Yosemite, the Pa-  
cific coast, Glacier national park  
in Montana, etc., earned Brouwer  
a George Washington Honor Medal  
from the Freedoms Foundation of  
Valley Forge. The program was  
chosen for the award because it  
"extols the American way of life."

Saturday's program here is the  
second in the travelogue series  
which is in its fifth season in  
Chelsea under Kiwanis sponsor-  
ship.

**Pupils To Attend Area Choral Clinic**

Paul W. Schultz, director of the  
Chelsea High school Choir, will  
accompany nine Chelsea High  
school students to a Michigan  
Scholar Vocal Association Choral  
Clinic on Nov. 5. The clinic will  
be at Warren High school with Dr.  
George Cripps of Oakland University  
as clinician.

These non-auditioned clinics are  
primarily sight-reading workshops  
in choral techniques, offering an  
interesting, varied and musically  
educational opportunity to all par-  
ticipants. Ensembles of quartets  
and trios from the area schools will  
join together to form a large, well-balanced mixed  
choir. This choir will work with  
the clinician throughout the day.

Chelsea students attending the  
clinic are Peggy Dehn, Kathy Pa-  
ber, Carolyn Foster, Diane French,  
Roger Frisinger, Shirley Howard,  
Chris Taylor, Wes Stinehoffer, and  
Doris Zeeb.

**Tri-State Glassblowers Meeting in Ann Arbor**

The Great Lakes Section of the  
American Scientific Glass Society  
will meet at Inn America in Ann  
Arbor on Nov. 6.

Peter Severn, 221 Jefferson, a  
scientific glassblower at the Uni-  
versity of Michigan, is treasurer  
of the society. The Great Lakes  
Section includes glassblowers from  
Michigan, Ohio and Indiana.

Between 80 and 100 persons are  
expected for the 32 p.m. cocktail  
party sponsored by Kointz Glass  
and the dinner at 1 p.m.

Several speakers will discuss  
new developments in glassblowing  
at the bi-annual meeting follow-  
ing the dinner. A special tour of  
the University of Michigan has  
been arranged for the ladies fol-  
lowing the dinner.

**Donald Barth Is Killed in Auto Accident**

A former Lima township man  
was killed Thursday, Oct. 28 near  
Saline, when the car which he was  
driving struck a combine.

Donald Edward Barth, 36, of  
8085 Bethel Church Rd., died im-  
mediately when the 1965 Dodge  
which he was driving struck an  
International Harvester combine  
driven by Alfred Hertler, 88, of  
7500 E. Michigan, Saline, accord-  
ing to the Washtenaw County  
sheriff's office.

The accident occurred at 6:08  
p.m., one mile northeast of the  
Saline city limits in Pittsfield  
township.

The sheriff's report states that  
the combine had pulled out onto  
the road from a field one-quarter  
mile east of the accident area, and  
was heading west, according to the  
report, and apparently pulled into  
the center of the roadway, where  
another car was approaching. He  
then struck the left rear of the  
combine, the report states.

The report also states that eye-  
witnesses Mr. and Mrs. Walton  
Hancock of Ann Arbor, who were  
in the approaching vehicle, said  
that the combine appeared to be  
stopped in the roadway or moving  
at a very slow speed. They said  
the vehicle was half on the high-  
way, with the right wheels off  
the roadway. No lights were on  
this vehicle, according to the sher-  
iff's deputies.

The metal tube of the combine  
penetrated the driver's window of  
the Barth car and caused partial  
decapitation, resulting in instant  
death, according to the Washtenaw  
County Sheriff's office report.

The impact sheared the rear  
wheels off the combine, turned it  
around and pushed it to the side  
of the road, the report said. The  
Barth car then went into the ditch  
at the north side of the road, about  
44 feet from the combine, the re-  
port stated.

According to the sheriff's office,  
Hertler had been known to drive  
the combine on the highway with-  
out lights in the past and had  
been warned about this practice.

The report also stated that the  
deceased driver's license had a  
"corrective lens" restriction but  
that none were found at the scene  
of the accident.

Dr. Rudenz Douthat, Saline, ar-  
rived on the scene and pronounced  
Barth dead on the scene.

**Dr. L. J. Paul Enjoying Winter in Arizona**

Dr. L. J. Paul remembers his  
friends here even though, of necessity,  
he has to spend the winter at  
a distance from Chelsea.

This week he sent a post card  
to The Standard showing the famous  
old "Tombstone Epitaph" newspaper  
office in Tombstone, Arizona.

The "Tombstone Epitaph" pub-  
lished its first issue in 1880 when  
Tombstone according to the  
post card, description was a blood-  
drenched town dominated by gam-  
blers, rustlers and business men  
who thought foremost of their  
rich riches.

The Epitaph is still in business  
and Dr. Paul writes that "the old  
west is gone. This town is civil-  
ized—not tough at all."

**Third Graders Receive Letters from President**

Letters from "The White House, Washington, D.C." appeared in many Chelsea mailboxes last week. The letters were addressed to students in Sister Rose Sharon's third grade class at St. Mary's school.

The children had heard that the president was sick and had had an operation and decided to write to him to cheer him up, one student explained.

In reply, the children received individual letters with the following message:

"Your thoughtful remembrance cheered me, and I want you to know how much Mrs. Johnson and I appreciate it. Lyndon B. Johnson."

**FUNDS FOR CRIPPLES**

Fall River, Mass. — Chambers of commerce from Fall River and Waterloo, Ia., have raised enough money to pay the hospital bills of Miss Elizabeth Lee. Miss Lee was crippled in an auto accident and a fund of \$12,000 was raised to help the crippled girl when she was discharged from the hospital.

From time to time we have suggested that renders go to church; the idea is still sound.

**Floyd Fowler Will Head Kiwanis Club**

Officers for the 1966 Kiwanis club year were named at Monday's meeting at the Congregational church. Officers are Floyd Fowler, president; Paul G. Schible, Jr., first vice-president; Walter Zeeb, second vice-president; John C. Detting, treasurer; John Fall, Dr. Geno Miller, William Rademacher and Dr. Bruce Stubbs, directors for two-year terms.

Directors remaining in office for another year are Ralph Gunther, Elden Heller and Clarence Pendley.

The slate of officers was presented by the nominating committee, Lloyd Heydlauff, Janis Liebeck and Kenneth Runciman.

The Rev. John Fall, chairman of this year's travelogue series project, announced the top men in the Helet's sale contest. They are Paul F. Nichols, who sold 117; James Daniels, 95; Don Turner, 50; Floyd Fowler, 39; Robert Daniels, 38; Wallace Wood, 38; Robert Foster, 20; Anton Nielsen, 19; Dr. Clare Warren, 18; Raymond Steinbach, 14; and James Liebeck, 13. Chandler Rogers received honorable mention for his salesmanship.

Paul F. "Jerry" Nichols had charge of the program which was an international one introducing Albert J. Maleche of Kenya Africa, as the speaker. Maleche is attending the University of Michigan on a grant from the Ford Foundation to work for his Doctoral degree in Social Psychology. He was brought up under the British rule and was head of a tribal clan of which he was the head after his father's death. Eight million of the population were black, about two million Asians and about 70,000 white Europeans, he said. The Europeans held all public offices and ruled with an iron hand and now that these people have their freedom they have real problems converting into the ruling power and governing themselves in this modern society.

Maleche spoke very highly of the work being done in his country by the Peace Corps of the United States. He believes that this brought about more good will than anything that has happened to his people. The idea that the Peace Corps members take off their coat and gloves and pitch right in with the natives working side by side and teaching them the latest methods and "showing them how" is something new for them as they had been used to being more or less slaves under the British rule.

Citing data recently released by the National Education Association, Wojciek explained that on the personal level, education strengthens moral and spiritual values. "Although," says Wojciek, "we should be surprised to see a student carrying a textbook on moral and spiritual values such learning is a part-of almost every formal subject he studies. The process of education entails learning to discriminate between truth and falsehood, between honest and specious, between right and wrong—and an educated person is likely to make sound moral judgments."

Moral values are not the only product of education, for the continuation of civilization itself depends on education's preserving the accomplishments of the past. In this way, mankind need not start anew each time it seeks to advance. A cultivated mind is indispensable for the individual's adaptation and contribution to our constantly changing world. Armed with the powers of the rational mind, man can apply general principles to situations far different from those in which he originally learned them.

In very practical terms, education has been shown to improve the individual's earning power. In 1961, the annual mean income for men who had completed elementary school or less was \$3,544; for men who had completed high school, it was \$5,946; for men who had completed college, it was \$9,817. Indeed a student's decision to leave school will turn out to be the most expensive one he will ever make.

Finally, education enhances personal fulfillment in a very immediate and direct way. Education justifies itself, for it instills a discipline that will expand and make meaningful all the experiences of a lifetime, making it possible to control results and direct them toward achievement of purpose. It develops the ability to choose, to challenge, and to change. In the future, time for leisure activities will greatly increase, and an educated person is more likely to engage in rewarding use of his free time, as he has the ability to discover and participate in creative activity.

The community, the nation, and the entire civilization, will benefit from each of these personal goals of education for a society can be termed rational and learned only if its members are rational and learned. The advantages are circular: Investment in education enriches the individual, who then contributes to the total good of his community and nation, and an in-

crease in the quality of his life.

The impact apparently broke open the gas tank of the Quigley car, which burst into flames. The Chelsea Fire Department was called but the car was totally destroyed before the fire could be brought under control. The other two vehicles were also badly damaged, according to sheriff's deputies.

John Bolling of Gregory and Warner pulled Quigley from the flaming vehicle.

Quigley and Mr. and Mrs. Warner were taken to St. Joseph Mercy Hospital after the accident.

Mock received facial cuts, and the car roof, windshield and doors were damaged. Sheriff's officers estimated the damage at \$700.

The buck weighed 221 pounds after it was dressed out at Frigid Products locker plant.

The scope of a man's mind is accurately indicated by the type of honor that he cherishes.

**AUTO LICENSES GO ON SALE** — This was the line-up of automobile owners as the 1966 license plates went on sale Monday morning at the Chelsea branch office of the Secretary of State.

First in line was William C. Sell of 1316 North Lake Rd. He received license number NE1951. Wallace Wood, Chelsea branch manager, said approximately 125 licenses were sold Monday—an unusually large number for the first day of the sale. The lady second in line was unidentified since she was unable to get her license because she failed to bring all the necessary papers with her. Wood said: "The 'necessary papers' are a certificate of insurance and the car's registration slip or title. Non-insured cars require an additional payment of \$35 and insured cars an additional \$1 above the cost of the license, this money to go into the non-insured motorists fund, now in effect in the state. The couple next in line in the photo are Mr. and Mrs. Arthur Bourgeau of Ann Arbor, the recipients of the second automobile license sold by Wood on Monday. At one time during the afternoon 20 people were in the office for their licenses.

**TAXLESS TOWN**  
Hamtramck—When Frank Bolek looked for the shoe in which he had hidden \$330, he learned his wife had thrown it in the trash. The trash had been carried to the city dump. Bolek appealed to the city for help and seven city employees dug in the dump until they found the shoe with the money. Each was given a reward.

Madisonville, Ky.—For the 11th consecutive year, the town council has announced that 1965 will be another year without property or poll tax. The council did levy a tax of 20 cents on each \$100 worth of bank stock to operate the town library. The town of 17,000 gets its revenue from the town-owned electric light and water systems.

## AREA DEATHS

Donald E. Barth  
Fatally Injured in Auto Accident Near Saline

Donald E. Barth, 36, 8835 Bethel Church Rd., Freedom township, was fatally injured in an auto accident near Saline Thursday evening Oct. 28.

The son of Arthur and Effie Arnold Barth, Sr., he was born July 29, 1928, in Lima township.

He and Joan Guenther of Manchester were married on Oct. 17, 1953. She survives.

Mr. Barth was employed by the Washtenaw Plumbing Co. for the past 13 years. He was a Korean War veteran, a member of Zion Lutheran church of Rogers Corners and the Brotherhood of the church. For several years he served as a member of the church council.

Survivors include his widow, one son, James and two daughters, Cherie and Lori, all at home. His parents of Lima township, a brother, Arthur J. Barth, Jr. of Lima township, and a sister, Mrs. William C. Weber of Chelsea also survive.

Funeral services were Sunday at 2 p.m. in the Muehlberg Chapel in Ann Arbor with burial at Bethelmen cemetery. Memorial contributions may be made to the Zion Lutheran church at Rogers Corners.

home of Mrs. Carl Armbruster. For information, call Mrs. Marvin Cornell at 479-0006.

We can't wish winter away, and we can't wish our way through winter. But with a family car in good mechanical condition, and with all the recommended equipment to make it start—and STOP safely, even when winter is at its worst, we can face the cold season with confidence. So, let's keep our cars in shape, drive safely, and one of these days we'll wonder where the winter went!

Mrs. William E. Beach  
Had Served Eight Years as Sylvan Township Treasurer

Mrs. Lettha G. Beach, aged 78, of 151-E. Summit St., died Friday afternoon at St. Joseph Mercy Hospital in Ann Arbor, after a long illness.

Born on May 21, 1887 in Madison township, Lenawee county, she was a daughter of Elwyn and Gertrude Wooley Carpenter. She was married to William R. Beach Oct. 3, 1918. They made their home in Detroit until moving to the Chelsea area in 1940. Mr. Beach died Sept. 2, 1949.

Mrs. Beach had served as Sylvan Township treasurer for eight years, before retiring earlier this year because of poor health. She was a member of the WSCS, the Marion Simon Circle, and the Older Adult Group, all of the Methodist church, and the Daughters of the American Revolution.

Surviving is a son, Elwyn M. Beach, with whom she made her home, a grandson, Lenis Beach, serving in the U.S. Navy at Norfolk, Va., and three sisters, Mrs. Noel (Louise) Dunbar, of Grass Lake, Mrs. Bernice Ridley of Chicago, and Miss Helen Carpenter of San Luis Obispo, Calif.

Services were held Tuesday at 1 p.m. at the Burghardt Funeral Home with the Rev. James Craig officiating. Burial followed in Oak Grove cemetery, Chelsea. Those wishing to make a contribution in Mrs. Beach's memory to the Memorial Fund of the Chelsea Methodist church. Cards for the purpose may be obtained at the funeral home.

## 13-Day-Old Infant Dies Wednesday

Carter Craig Picklesimer, 13-day-old son of Mitchell and Failey Picklesimer of 419 S. Main St., Chelsea died early Wednesday morning at the University of Michigan Women's Hospital in Ann Arbor, where he was born Oct. 21.

Surviving in addition to the parents, are four sisters, Drucilla, Nancy, April and Gretta, and a brother, Mitchell, Jr., all at home. His maternal grandparents, Mr. and Mrs. Carter H. Farley of Keith, Ky. and his paternal grandmother, Mrs. Katie Lovely of Chelsea, also survive.

Graveside services will be held today (Thursday) at 2 p.m. at Oak Grove cemetery, with Rev. Elmer Steenson officiating. Arrangements have been made by the Burghardt Funeral Home.

"The March of Dimes fight against birth defects is the fight of all those who hope that every child may be born healthy and live a normal life," declared Mrs. Hopkins.

She called for volunteers to help bring this goal nearer by raising funds in the January 1966 March of Dimes campaign.

"Birth defects are the nation's second greatest destroyer of life," she said. "They cause nearly twice as many deaths, both before and after birth, as cancer and nearly three times as many as stroke. At least half a million unborn babies die each year as a result of defects. Another 60,000 are born alive but succumb to these defects in infancy or childhood or as adults."

"How tragic that each year in the United States, more than 260,000 babies are born with serious birth defects—conditions which often kill or cause permanent mental and physical disability."

The March of Dimes attacks birth defects through research, treatment and education. Mrs. Hopkins emphasized.

Research in 20 states, Washington, D.C. and Canada is supported through the March of Dimes. A national network of 57 March of Dimes chapters.

## Prenatal Education Program Started By March of Dimes

Dimes-supported treatment centers benefit victims of birth defects. One center specializing in the care of children with birth defects is under the direction of the University Hospital in Ann Arbor.

For the first time, the March of Dimes is sponsoring a nationwide public education campaign to inform prospective parents of the importance of both mother and baby.

A son, Glenn Alan, Oct. 22, at St. Joseph Mercy Hospital in Ann Arbor, to Mr. and Mrs. George Edward Colyer of Toledo, formerly of Chelsea.

A son, Thomas Hardiman, Jr., day, Nov. 2, at St. Joseph Mercy Hospital in Ann Arbor, to Mr. and Mrs. Douglas Stark of Reedsburg, a student at Stockbridge High school, is also an accomplished artist.

Lt. and Mrs. David A. Vetter

## Barbara Ann Maynard, Lt. Vetter Repeat Vows at N. Lake Church

A late-afternoon ceremony uniting Barbara Ann Maynard, daughter of Mr. and Mrs. DeVore Maynard of North Lake, Gregory, and ushers.

Mr. David A. Vetter, son of Mr. and Mrs. Walter Vetter of Omaha, Neb., in marriage Saturday, Oct. 23.

The wedding took place at the North Lake Methodist church with the Rev. George Kevin officiating. Mrs. Judson Glazier was the organist.

A scoop neckline, three-quarter length sleeves and a wrist band of alencon lace embroidered with pearls topped the full-length gown of angel mist peau de soie. An A-line skirt and chapel train completed the bridal gown. The elbow-length bridal veil was attached to a petal headpiece outlined in pearls. The bride carried a bouquet of white baby carnations and stephanotis centered around an orchid.

Mrs. Robert Kielwasser of Chelsea was the matron of honor. She wore a street length dress of batiste with a velvet belt matching hat and carried pink carnations.

Mrs. Maynard wore a teal-blue suit with a matching hat and black accessories and a corsage of white roses for her daughter's wedding. A light turquoise scoop-neck dress, beaded accessories and a corsage of white roses was selected by Mrs. Vetter for her daughter's marriage.

Midshipman James D. Maynard of Annapolis, Md., brother of the bride, was the best man. Robert L. Maynard of North Lake, another

brother of the bride, and Kenneth L. Vetter of Des Moines, Ia., brother of the bridegroom, were the maid of honor.

A reception at the Inverness Country Club followed the ceremony. Carol Vetter, the bridegroom's sister, cut the wedding cake.

For traveling, Mrs. Vetter chose a long mohair suit with smoky brown accessories and an orchid corsage. Mr. and Mrs. Vetter will be at home at 1780 Park Ave., Apt. B, Long Beach, Calif., for two months before they are transferred to Pearl Harbor, Hawaii.

The bride is 1958 graduate of Chelsea High School and also attended Eastern Michigan University. The bridegroom graduated from the U.S. Naval Academy in Annapolis, Md., in 1963.

**Sunday Open House To Honor J. Hartmans On 50th Anniversary**

The family of John Hartman is planning an open house Sunday, Nov. 7, in celebration of Mr. and Mrs. John Hartman's 50th wedding anniversary.

A cordial invitation is extended to neighbors and friends. The celebration will be at St. John's United Church of Christ at Framingham.

## Chester Elementary SCHOOL NOTES

Once again the Chester Elementary School will be in the spotlight as parents visit their children's classrooms during American Education Week Nov. 7-13.

A special committee, headed by Mrs. Staffan, has been appointed to plan the activities at North school for the week. Committee members are Mrs. Senne, Mrs. Loyal, Mrs. Marston and Miss Rose.

The committee at the South school is headed by Mrs. Bentorf, assisted by Mrs. Aeswell, Mrs. Hanna, Mrs. Johnson, Miss Blige, Mrs. Wilder and Miss Weber.

The open house at the South school is Tuesday, Nov. 6, and the open house at the North school and at the Methodist Church Unit on Wednesday, Nov. 13. The schools will be open at 7:30 p.m. on these nights. Following visits to the classrooms a short program is planned in the multi-purpose room. Back subject area will be on display with materials used for teaching.

This year the theme for the week's activities is "Invest in Learning," and 32 million parents across the country are expected to visit their schools to check on their investment. The National Education Association reminds each citizen that good schools are to a high degree his own responsibility.

On Oct. 15 Mr. Benedict attended a science conference in Detroit. He will be reporting to the staff in the near future on this conference.

On Saturday, Oct. 20, the following teachers attended a reading conference in Pontiac: Mrs. Ejsde, Mrs. Folks, Mrs. Bentorf, Mr. Benedict.

Now 1 and 5 teachers will be attending professional meetings. The schools will be closed on these days.

First Grade, Mrs. Bentorf

Our class is learning about the

five senses: seeing, hearing, smelling, tasting and touching. We all experienced what it is like not to be able to see for a few moments. We all appreciate our eyes more now. We also have learned that we can tell what many things are with our eyes closed by feeling and listening. Next week we will experiment with tasting and smelling.

We are going to study French all year long. We have already learned to say good morning, good-bye, thank you and other words in French. We hope that soon we will have a person from France visit our room.

First Grades: North School, Mrs. Harming; Mrs. Smith

Mrs. Staffan

We are studying a fall unit on trees. We studied the maple, sassafras and oak. We have a collection of fall fruit, gourds and leaves the children brought in and we are making arrangements with them.

Now we are getting ready for Halloween, with our ghosts, witches and "spooky decoration." Also the children are making plans for our costume party on Oct. 20.

Fifth Grade, Mrs. Senne

"A Method of Learning"

By Bonnie Powers

We're helping each other in Mrs. Senne's room. Every child is either a teacher or a student. Sometimes the teachers fall down and find themselves the students. How do we feel about this method? Don Collingsworth says:

"Bonnie Powers helped me yesterday and now I know how to do it real well." Laura Herr says, "This method helps one another realize and math better." Beth Wenzel says, "Carol Farbrother helps me with my spelling and now I'm doing much better." Vickie Coleman says, "Since I have been helping my student I am learning, too."

We all think this method is fun and it also saves Mrs. Senne time for what she wants to do.

Music, Mrs. Tite

This year we are having Songfests on Friday afternoons alternating at North and South schools. We get together to sing the songs we all know and some of the new songs we have learned in music class. Most of all we enjoy the fun of singing together.

Our 4th and 5th grade chorus held its first rehearsal last week. They are going to sing at the Open House on Nov. 9 and 10. We invite you to come and sing along.

North School Kindergarten

Mrs. Packard, teacher

The afternoon class took a trip to the Cider Mill in Dexter this week. After seeing how it is made everyone had a glass of cider.

Both sessions are busy preparing and decorating for Halloween. The room is full of pumpkins, ghosts and witches. Placemats and nut cups are being made for the party. We have also learned many Halloween songs and poems.

## Dr. W. C. Lane Heads County Veterinarians

Dr. W. C. Lane, 636 N. Main, has been elected president of the Washtenaw Veterinary Medical Association for 1962.

He began practicing in Chelsea in 1955, when he resumed the practice established by his father, Dr. C. C. Lane, before the latter's death in 1943.

Dr. Lane graduated from Michigan State University in 1952. He practiced at the Ann Arbor Hospital for three years and taught at the School of Veterinary Medicine at Michigan State for one year before returning to Chelsea.

His wife, the former Donna Noah, was also originally from Chelsea.

The Washtenaw Veterinary Medical Association is composed of practicing veterinarians from the county, public health service veterinarians and veterinarians involved in private research.

Veterinarians from Wayne, Livingston and Jackson counties are also included in chapter activities. The group has 15 members and meets once a month to hear speakers, become acquainted with new research in their field, and to support health programs in the country.

Other officers elected are Dr. J. A. Hergott of Ann Arbor, secretary; and Dr. Henry P. Eames of Manchester, treasurer.

A Certificate of Appreciation was presented to Dr. Hergott by Dr. Robert Johnson, president of the State Veterinary Association for outstanding service to the profession.

FIRST FAMILIES

Twenty-seven of our 35 Presidents have come from families of four or more.

James F. Brennan, 41, of Detroit, pleaded guilty before Sylvan Township Justice Chandler A. Rogers to having an unseated gun in his automobile. The complaint came from a farmer who saw

Brennan road hunting on Oct. 23 in Sharon township. Brennan paid \$18-in fines and costs.

Frank R. Auxier, 53, of Pinckney, pleaded guilty in the Ann Arbor Municipal Court to having a loaded shotgun in his automobile. He was picked up Nov. 1 by Washtenaw County Sheriff deputies in Webster township. He

pleaded guilty before Municipal Judge Francis L. O'Brien and paid \$21 in fine and costs.

USED CAR CLUE

Buying a used car? Then here's a little-known tip for checking a car's mileage: Remove the distributor cap and examine the inside.

A car with high mileage will have scoring lines etched inside the cap. The distributor is one part the sharpies usually fail to replace.
