After ignoring a comprehensive traffic safety program last year, the legislature now appears headed toward substantive action in this area.

Crime Pays

A "unique" idea in government activity was suggested last year by Attorney General Frank J. Kelley. At least it sounded unique at the time.

Kelley proposed Michigan should consider some method of helping persons who were the victims of violent crimes. He first proposed it at a conference on crime attended by law enforcement officials from throughout the state.

Since that time, the legislature has reconvened and two bills have been introduced along this line. One proposal would provide financial help to those victims of violent crimes who need it. It would require convicted criminals to contribute to a fund for this purpose.

A similar measure would allow local units to set up funds to compensate citizens injured while trying to prevent a crime or capture a criminal.

The notion behind both proposals is the question of the government's liability for failure to completely protect its citizens from criminals.

"Unique as it sounded, it turned out Kelley's idea was not quite original. A survey by a national magazine shows Great Britain has had such a compensation program in effect for some time, having already paid some \$21,000 to the victims of robbery, rape or assault.

Here in the U. S., California has recently enacted a financial aid program for crime victims. And Michigan Rep. Thomas C. Ford of Grand Rapids reports that a similar plan is seriously being considered in New York state.

Ford is the author of one of the plans now being considered here. His view is, "No crime victim would be made rich by this plan, but it would assure that he wouldn't be left destitute either."

Carryover Helps

One valuable effect can be noted in the Constitutional provision for the carry-over of legislation from the first to the second year of the legislative session.

Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

I wasn't paying too much attention last Wednesday to the weather but it wouldn't surprise me none if the Groundhog went back in his hole whether he saw his shadow or not. He probably stuck his head out and took a quick look around at some of the goings on and decided to hibernate for the duration. If a newspaper blazed over his hole and he took a look at some of the items I've been reading, he probably packed up Mama Groundhog and all the little ones and headed for the South Seas.

I bring this item up at the country store Saturday night and Clem Webster said he had quit worrying about the Groundhog and had started worrying about women. He reported his old lady announced her Ladies Aid Society had elected a "statistician" at their last meeting. He said for the life of him he couldn't figure what they wanted with one of them things. He said the only two places he ever known they had these varmints was on the payroll of insurance companies and the government. Leastwise, he allowed, them two was forever giving out fingers on how many people was getting killed, ways they was libel to get killed, while the Government was using the same fingers to show how many millions was libel to need public aid.

Zeke Grubb broke in to say these fingerhands was marvels. He pointed out they could tell how long you was going to live, how much a baby owed in taxes afore it was libel to pay, afore it died. None of the fellows, Mister Wilbur, could figure out what a "statistician" would do at a Ladies Aid Society meeting. Ed Donahue finally figured it out that she would control the static at the discussion about money and profits. If they was winners making static it was money how to get it, and how to spend it.

Bug Hookum was of the opinion they probably added a "statistician" so everybody would have a title. He claimed women would work a heap harder if they had a title to go with the job. He reported since his old lady was made secretary of her club she ain't been home more'n one day a week.

Personal, Mister Editor, they ain't no different from the folks in this matter. I was reading in the papers where the city manager of some place reported they had been a improvement in the morning of his sanitation department on account of a new listing on the payroll. Everybody, he said, knowed that "maintenance and custodial personnel" gets a heap more work done than plain janitors.

Yours truly,
 Uncle Lew.

Thursday, Jan. 31, 1951—Wilbert Breitenwisher, Chelsea yard foreman for the Washtenaw county Road Commission, said yesterday that the month of January this year has been the worst, as far as icy roads are concerned, since he has been in charge of the yards there. His stock pile of 600 yards of sand and chlorides, ordinarily sufficient for the entire season, has been almost entirely consumed.

John Frederick Hasley

Life-Long Sylvan Center Resident Dies Saturday

John Frederick (Fred) Hasley, 82, of 18025 W. Old US-12, Sylvan Center, died Saturday evening at St. Joseph Mercy Hospital in Ann Arbor after a long illness.

A son of Henry and Catherine Schilling Hasley, he was born Dec. 8, 1883 in Sylvan township in the same farm house in which he lived his entire life. Pre-registration for the second series of guitar and banjo lessons is set for Feb. 10 in the High School library. Classes will begin Feb. 15 and 16 and will be scheduled during the late afternoon or evening. Instruction will be for various ability levels and different musical interests.

Just A Minute...

By the Rev. James A. Craig

The top religious news story of 1965 was, according to most estimates, the closing of the Second Vatican Council.

Much of what happened there is still not clear in the minds of most Protestants and perhaps not in the minds of many Roman Catholics as well.

What we are aware of is that something, apparently very important, was taking place. Some of the effects are quite obvious. The permission to say the liturgy in the native tongue rather than in Latin is the most obvious.

But there are other effects. One of them is a quiet disturbance of long settled attitudes about Roman Catholicism. People who have too long assumed that they knew what Roman Catholicism was have discovered that it isn't all they thought.

At any rate it has become necessary for Protestants to rethink their attitudes concerning Roman Catholicism. While no one claims it is an easy thing to do there are some worthwhile helps available. One of these helps is a publication of the National Council of Churches titled "Living Room Dialog." It provides reliable information about both Protestantism and Roman Catholicism that can be the basis of discussions in the homes of interested people.

Though opinions may be challenged it is better that they have a solid foundation established on a fact than an unreliable foundation founded on fancy.

Peace Corps Test Scheduled Feb. 12

Area residents interested in putting their skills to use in developing nations around the world are invited to take the Peace Corps placement test at 9 a.m. on Saturday, Feb. 12 in the Civil Service Room, U. S. Post Office Downtown Station, Ann Arbor.

The Peace Corps uses the placement test to determine how an applicant can best be utilized overseas. The test measures general aptitude and the ability to learn a language, not education or achievement. If test scores indicated a limited language-learning ability, for example, the Peace Corps tries to place the applicant in an English-speaking country.

THE COUNTRY PULPIT:

How To Raise A Crook

1. Begin from infancy to give the child everything he wants. This way he will grow up to believe that the world owes him a living.
 2. When he picks up bad words, laugh at him. It will encourage him to keep on saying phrases that will blow the top off your head later.
 3. Never give him any spiritual training. Wait until he is twenty-one and then let him decide for himself.
 4. Avoid the use of the word "wrong." It may develop a guilt complex. This will condition him to believe later when he is arrested for stealing a car that society is against him and he is being persecuted.
 5. Pick up anything he leaves lying around—books, shoes, clothing. Do everything for him so he will be experienced in showing the responsibility to others.
 6. Let him read any printed matter he can get his hands on. Be careful the silverware and drinking glasses are sterilized, but let his mind feed on garbage.
 7. Quarrel frequently in the presence of the children. Then they won't be too shocked when the home is broken up.
 8. Give the child all the spending money he wants. Never let him earn his own. Why should he have things as tough as you had them?
 9. Satisfy his every craving for food, drink, and comfort. See that every desire is gratified. Denial may lead to harmful frustrations.
 10. Take his part against the neighbors, teachers, and policemen. They are all prejudiced against your child.
 11. When he gets into real trouble, apologize for yourselves by saying, "I never could do anything with him."
 12. Prepare for a life of grief—you will have it.
- Train up a child in the way he should go; and when he is old, he will not depart from it. Proverbs 22:6.

The bride's parents are Mr. and Mrs. August V. Ramp of 6950 Clear Lake Rd., Grass Lake, and the bridegroom is the son of Mr. and Mrs. James F. Ahearn of 32308 Red Clover Rd., Farmington.

The bride entered the sanctuary wearing a floor-length gown of cloud white delustrated satin styled with a bateau neckline and katuki sleeves overlaid with a chantilly lace. The contoured sheath skirt, encircled with a wide panel of the same lace, included a detachable chapel-length bustle train and a flat Dior bow in the center back.

The bouffant bridal veil of imported silk illusion was held, in place by a satin Dior bow centered by a small rose. The bride carried a prayer book decorated with ivory, a white orchid and stephanotis.

The matron of honor, Mrs. James Collins of Kalamazoo, wore a floor-length gown of ruby red velvet with a matching bow headpiece and carried a cascading bouquet of variegated red and white carnations.

Bridesmaids, gowned in similar dresses, were Mrs. Janet Graf of Saline, and the bridegroom's sisters, Margaret and Linda Ahearn, both of Farmington.

BOOKS FOR CHILDREN

Books that grow with a child are always a good investment. Books have touch and feel elements that appeal to an 18-month-old child. He can handle the book, have it read to him, and enjoy it. By the time he is three, he has heard the story so often he can almost recite it. By the age of five, he begins reading certain words and telling the story himself.

Ninety percent of the people who say they talk too much are accurate.

Here's the only reason you should pay \$79.50 for a mattress

All mattresses look alike.

And whether you pay \$39.50, \$49.50, \$59.50 or even \$79.50, most mattresses are made alike.

Only one is made differently. That's the new Beautyrest by Simmons. Only Beautyrest has individually pocketed coils that act separately... independently... to give you firm, body fitting comfort.

Here's what we mean.

Ordinary mattresses have about 300 wired-together springs that sag down together under weight. Push one down and the others sag down too. Beautyrest is different. Over 800 springs are not wired together. They are separate— independent. Push one down and the others aren't affected.

Since independent Beautyrest springs are separate and independent each adjusts to your weight and gives firm, body-fitting comfort. No sag — no curved spine. In a Beautyrest double bed there are "His" springs and "Her" springs — those in between are not affected. Result, single bed comfort in a double bed. No sag — no rolling together.

Another comforting thought. Beautyrest lasts longer—outlasts other mattresses by 3 to 1 according to rigid tests by the Nationwide Consumer Testing Institute. Costs only a penny more per night than so-called "Bargain" too.

Want more information about Beautyrest? Come in and ask. We love to talk about this product. Love to sell it too because it makes our customers happy.

Cub Scouts Show Transportation Theme Models

Cub Scout Pack 435 held their Pack meeting for the month on Jan. 27. The meeting opened with the presentation of the colors.

The theme of the month was "Transportation," and the den presented their models of transportation made for the meeting. Den 13 presented a stage coach; Den 14, a train complete with caboose; and Den 15 showed a model of the Gemini 7 space capsule. A steamboat, simulating Fulton's first boat, was presented by Den 16, and Den 17 presented an automobile. With each presentation the Cub Scouts of the den recited important facts concerning their model.

The main event of the evening was the roll call and Uniform Inspection, held as part of the charter renewal for the Pack. The roll call was called by Bill Baker, who was recently honored with the Silver Beaver Award by the Boy Scouts of America. Baker also presided over the uniform inspection with the assistance of Cubmaster Ken Bucholz, and Committeemen Bill Wade, Dick Kalmbach, Walt Bury, and Cub Parent John Skittenheim. Cub Scouts' performance in the inspection was very good, with all boys receiving perfect or near-perfect ratings.

Baker also introduced the following members of the committee for the next charter year: Cubmaster Ken Bucholz; committeemen: Bill Wade, Don Bussler, Dick Kalmbach, Walt Bury, Duane Layher, and Bruce Billingsley; and Den mothers: Meredith Wade, Audrey Bucholz, Elaine Stahl, Patsy Shears, Joyce Swift, and Audrey Boham.

Following the inspection, awards were presented to the following: Danny Boham, silver arrow and two-year pin; Bill Kalmbach, denier stripe; Tim Wade, two-year pin; Tom Skittenheim, three-year pin; and Mike Roskowski, one-year pin. Ronnie Kiel was presented his heartbeat pin and welcomed into the Pack. In addition, Meredith Wade was presented with a two-year pin and Ken and Audrey Bucholz received one-year pins for service.

Parents are reminded that the committee meeting will be Feb. 15, at North school, and the February Pack meeting will be the Blue and Gold dinner. Complete plans will be announced later.

GIRL SCOUTS
TROOP 82—

Troop 82 Girl Scouts met Tuesday, Feb. 1 at the First Congregational church.

The meeting opened with the Girl Scout Promise and song "America, the Beautiful."

Scouts worked on the play and discussed scenery and costumes.

Donna Davidson brought treats. The meeting closed with taps and "Sweetie." The scribe was absent.

TROOP 77—
Girl Scouts of Senior Troop 77 helped during the spaghetti supper, Jan. 20, sponsored by the day-care center.

Afterwards they gathered at Kathy Foster's home for a short discussion session, about the many upcoming activities.

Three new Senior Scouts from Dexter will soon be added to Troop 77.

Officers were elected at an earlier date and are as follows: Tina Lindauer, president; Janice Ruddy, vice-president; Kathy Foster, treasurer; and Sandy Knoll, secretary.

There was a "social gathering" at the Spaulding residence Jan. 27. The main purpose was ice skating but unfortunately the 30 mph gusty winds convinced scouts to continue the sport at a later date. The girls then roasted marshmallows and hot dogs over an open fireplace. Attending were Penny Eisenbeiser, Susan Garlick, Sandy Knoll, Karen Poertner, Janice Ruddy and Lee Spaulding, also a welcome guest, Finkler Brier. Kathy Foster left early in the evening because of previous commitments. All enjoyed themselves immensely during the overnite stay.

TROOP 114—
We met at the Congregational church on Jan. 31. We opened the meeting with a flag ceremony. We played games and used our rhythm instruments. Sharon Schiller brought treats. We closed the meeting with taps.

Kristy Del Prete and Dora Alexander, scribes.

Driver Ticketed For Being Unable To Stop In Assured Distance

Two Chelsea men were involved in a traffic accident Jan. 26 at 7:20 a.m. in Lima township one-quarter mile west of Freer Rd. on Old US-12.

According to the report filed by Washtenaw County Sheriff's officers, both drivers were headed west on Old US-12. Stanley Ray Schiller, 20, of 302 W. Summit, who was driving a 1961 Pontiac sedan, owned by Ormel Schiller, had stopped for a school bus which was loading.

A 1956 Ford station wagon, owned and driven by Osbie Hubert Armstrong, 49, of 1420 Manchester Rd., passed the stopped school bus (which had its flasher lights on and hit the Schiller vehicle in the rear after sliding approximately 75 feet, according to the report. The Armstrong car was traveling at approximately 40 miles per hour, according to sheriff's deputies. The report stated that Armstrong was ticketed for failure to stop in assured distance.

Correction
A story in The Chelsea Standard last week incorrectly identified one of the first-prize winners in the Junior High Science Fair as Melvin Bust. The winner was Melvin Buss, sixth grade, who won the ribbon for his project entitled "Steel—Magnetized and Unmagnetized."

Taking turns on the "telly" were Mr. and Mrs. Thomas Heyward and Alfred Heyward. Thomas and Alfred are Mrs. Knoll's brothers.

Bursley for Senate Move Started By Group in Saline

A newly-formed committee of Saline area citizens has been formed urging State Senator Gilbert Bursley to become a candidate for the United States Senate on the Republican ticket in the 1966 fall election.

George Anderson, Saline Councilman and Supervisor, who is chairman of the committee stated, "We believe Gil Bursley's five years of experience in the Michigan legislature in addition to 15 years of foreign service in four federal government agencies, which constitutes more experience in the international field than experience of all the mentioned Democratic candidates combined, qualify him as an outstanding candidate for the United States Senate."

Officers of the Saline Area Bursley for U.S. Senate Committee are: George Anderson, chairman; George Johnson, vice-chairman; Mrs. Stanley Heina, secretary; Joseph Craigmile, treasurer.

Chelsea Elementary SCHOOL NOTES

SOUTH SCHOOL

The two kindergartens are proud to announce the arrival of two students, Charlie Guinea Pig in Mrs. Johnson's room, and Susie Guinea Pig in Mrs. Hineline's room. Both pets come from an Ann Arbor pet shop and are now receiving the "best of care, love and attention" from 60 students each. Their coloration is very much alike—atches of dark and light brown with white "snowflakes" on their foreheads.

We (the children) have found they like most fresh vegetables and fruits and water. We have brought scraps of the above from home, and local grocery stores also help us keep our pets fed. Susie and Charlie like to be held quite close and have their heads scratched.

It is hoped in the weeks that follow—that Susie and Charlie can travel to some of our homes over week-ends. Parents will have to come after our pet in order for the children to take them home. A note will be sent home concerning this.

Along with our study of guinea pigs, Mrs. Johnson's room is

studying birds and Mrs. Hineline's room food.

Mrs. Johnson and Mrs. Hineline, kindergarten teachers.

NORTH SCHOOL, Fourth Grade

We have completed a Social Studies unit about fishing regions in Northeastern United States and Norway.

One thing we learned was that Norway fishermen do most of their fishing during the dark, cold winter months. Also, in Norway it is possible to read at 11 p.m. without a lamp if the date is near June 23.

We had a spellopdown for the six weeks period. Betsey Bacon was the winner and Nancy Jennings was the runner-up.

The class will be doing embroidery pictures soon. We learned how to do this from our television art program.

The time to start your new Christmas Saving Plan, or old saving plan is now; you will never get to it by planning it for a future date.
