Anniversary Caravan Coming from Saline

Celebrations, caravans, street dancing, style show, a tug of war across the creek, beards and old-fashioned dresses.

All these old familiar activities will be taking place again on the streets of Chelsea tomorrow (Friday) night when Chelsea's neighbors from Saline, who are celebrating their 100th anniversary, will arrive in a caravan.

Chelsea's village fathers, including President Don Baldwin, will be out in force to welcome their counterparts from Saline. President Baldwin has been forewarned to wear old clothes, as he may be treated to a bath in the creek as Chelsea Jaycee president Ron Branham reports that the local Jaycees have accepted the challenge from the Saline Jaycees to stage one of the famous tugs of war across Letts Creek.

The Saline firemen, Brothers of the Brush chapter, have contacted the Chelsea Fire Chief James Gaken and suggested that the two fire departments get together and set fire to one of the down-town business buildings and stage a real combined effort to extinguish the fire in record time. Chief Gaken has contacted Chelsea Chamber of Commerce President Robert Barlow who has promised Chamber support in an effort to locate a co-operative merchant.

Saline caravan chairman Don McCormick states that they will "stage a style show and hold a street dance to the lilting, wild strains of some kind of music emitted by the Bridgewater Philharmonic" (which is the fancy celebration title for this splendid group of musicians who, according to Chelsea's Bridgewater dutcst Paul Mann has previously been called the "Muleskinners:").

President Baldwin is encouraging all "Chesea folks to come up town Friday night and play hust to Saline and take part in the activities.

Besides, after the famous 1955 Chesea Caravan to Saline, held under the superior guidance of Cmavan Chairman Wally Wood, Chelsea residents really should turn out en masse, be neighborly and secretly see how the people from the young town of Saline do the job.

Any home-town folks who want to get together, wear celebration finery, bring a musical instrument, will be very much welcomed by the Saline visitors.

HIGH SCHOOL CITIZENSHIP AWARDS, presented Monday evening by the Chelsea Kiwanis Club, went to, front row, from left: Shelley Baize and Mike Grau, ninth grade; Susan Grau and Russell Beeman, tenth grade; Tina Lindauer and Larry Porath, eleventh grade; Patti Guest and Duane Schroen, twelfth grade.

DANA CORP. STARTING $2.8 MILLION EXPANSION

Visiting Mayor Given Tour of Local Facilities

Tours of Area Facilities, Industries Arranged for Visitors in Both Cities

Mayor Joseph Fuja of Durand took over the Village of Chelsea Monday while Chelsea's Village President Donald Baldwin, held the reins in Durand.

The occasion, Mayors' Exchange Day of Michigan Week, was marked with many special events in both cities.

The day began for both parties of visiting dignitaries when they met for breakfast at the corner of Highway 23 and Highway 50, which marked approximately the half-way mark between the two cities. Included in Mayor Fuja's party was Mrs. Fuja and Mayor Pro-tem Jack Richmond and Mrs. Richmond. Accompanying President Baldwin were Mrs. Baldwin and President Protem Larry Chapman and Mrs. Chapman.

The Baldwins and the Chapmans were met at the park in Durand by the police and fire departments and by the Durand High school band, which last year was selected as the best high school band in the United States. Welcome signs were displayed all over town, according to President Baldwin. The key to the city, orchid corsages and boutonniers were presented to the four visitors at the city hall before they were taken to the business district and personally introduced to every businessman in town. The tour was made in a 1926 Model T Roadster.

A joint Chamber of Commerce and Rotary Club luncheon honored the Chelsea men at noon while Mrs. Baldwin and Mrs. Chapman

1,676 Voters Register with Sylvan Clerk

Sylvan township re-registration closed on May 16 with approximately 1,676 registrations. Previously there were 2,200 registerel voters in the township; however more than 350 of those registered before re-registration were found to be either deceased or no longer residents of the township.

Cards were sent out to each individual who had not re-registered before the last week to remind the voters of their responsibility to re-register in order to vote in the June School Board election as well as national, state and township elections.

Township Clerk Daniel Murphy points out however, that although it is too late to register now for the June school election, registrations can still be accepted for the Aug. 2 primary election as well as the November election.

Any un-registered voter who wishes to re-register may do so by calling him at his home, 475-8861 for arrangements to re-register.

The Rev. Wilbur Silvernail has again been assigned to the Waterloo Village and North Waterloo EUB churches, beginning his seventh year on the circuit.

Mrs. Nellie Flood has returned home after a recent stay at St. Joseph Mercy Hospital.

10 MILLIONTH VISITOR at the Waterloo Recreation Area, Raymond Atherton of Perrysburg, O., was presented with a plaque Monday by Visiting Mayor Joseph Fuja of Durand (on left). Fuja made the presentation on behalf of the Michigan Department of Conservation and as part of his "official" duties during Mayor Exchange Day of Michigan Week. Mr. and Mrs. Atherton arrived at Big Portage Lake camp site on Sunday, plan to stay for a week. The Big Portage site was the first camp site developed in the area, according to Park Supervisor John Weiler (on right), who says that the recreation area today attracts nearly 800,000 visitors each summer. The 10 million mark was tabulated from the time attendance records were first started approximately 12 years ago. The park now has 404 camp sites which accommodate an average of "4.15 campers per site," according to Superintendent Weiler.

118,000 Sq. Ft. Facility Slated On 60-Acre Site

Groundbreaking Ceremony Slated Monday Morning off Sibley Road Site

Ground will be broken Monday morning at a site off Sibley Rd. for the new $2,800,000 expansion program of the Chelsea Products plant of Dana Corporation's Salisbury division. Village officials have been invited to join with Dana officials at the ground-breaking ceremonies set for 11 a.m.

President Donald Baldwin will represent the village of Chelsea when the first spadeful of earth is turned for the 118,000 square foot facility. Dana officials expected to attend are J. R. Miller, executive vice-president of Dana, Toledo; Frank Graper, Dana vice-president and general manager of the Salisbury division, Fort Wayne, Ind.; O. L. Giauque, divisional manufacturing manager, Fort Wayne; and Frank Voss, director of marketing, Toledo. Participating from the local plant will be R. W. Wagner, manager of sales and engineering, and J. L. Hess, plant manager.

The addition, to be constructed in a 60-acre tract to the north and west of the present Chelsea Products plant, will house all manufacturing operations when it is completed in January of 1967. The expansion program includes installation of new production equipment, new heat treat facilities and complete rearrangement of production facilities.

The existing building will provide areas for assembly, finished stores, shipping and offices once the move into the new plant is completed.

Founded in 1945 by R. W. Wagner the local plant was originally known as Chelsea Products, Inc. It joined the growing family of the Dana Corporation in 1958, and is now one of 23 plants operated by Dana in 8 states.

A manufacturer of heavy duty take-offs and gear boxes, the Chelsea plant has many industry "firsts" to its credit. Under the direction of Wagner, a recognized authority in the PTO field, the local firm introduced the first mass-produced single helical-gear PTO, the first large scale production of a two-speed forward and two-speed reverse PTO, the famous "E-Z shift" door latch wire control, the first PTO for hydramatic trahsmission and the first PTO for use specifically with Allison automatic transmissions.

The concert will be held in the High school auditorium on Wednesday, May 25 at 7:30 p.m. Performing will be the ninth grade band, Martin H. Gurvey, director; and the Chelsea High school band, Bruce W. Galbraith, director.

Mower Accident

Mrs. Donley Boyer is in St. Joseph Mercy Hospital following an accident with a rotary lawn mower Sunday, when she slipped on the grass and caught her toe in the mower. One toe has been amputated as the result of the accident.

School Millage Defeated Monday

The proposed millage increase went down to a resounding defeat Monday, when 507 voters cast ballots opposing the increase and 364 voted in favor of the increase. Eight ballots were declared ruined and not counted.

The Board of Education met last Monday night following announcement of the operational millage election defeat to consider the appropriate course of action in view of the threatened loss of some $165,000 in tax revenue.

A board spokesman yesterday made these comments on behalf of the group:

"We were faced with two alternatives. Reduce expenditures to match income and reduce services accordingly, or retain the program as originally recommended and take our case back to the people for reconsideration in an attempt to secure voter endorsement and the mandatory funds.

"The first alternative would only have been acceptable if expenditures could have been reduced without a commensurate reduction in curriculum offering or quality of educational opportunity for the youngsters of our district. In our opinion this is not possible.

"An examination of an abbreviated budget statement will show why. The total $1,030,000 expected cost will be spread in approximately this manner:

Administrative and instructional salaries	$725,000
Transportation salaries	40,000
Plant operational salaries	65,000
Total salaries	$830,000
Instructional materials, books and supplies	$47,000
Plant operation (fuel, water, telephone, custodial supply)	58,000
Transportation (fuel, vehicle maintenance, etc.)	11,000
Bus replacement	26,000
Insurance	8,000
Maintenance of building and grounds	16,000
Miscellaneous administrative expense	6,000
Capital outlay	25,000

"All but $200,000 of next year's operating costs is salaries. The largest share, for teaching personnel, is fixed by collective bargaining under the law and cannot be reduced unilaterally. However, the Board is of the unanimous opinion that regardless of our power to deal with teacher salaries, our pay schedule for next year represents a fair and competitive amount and is reasonably designed to attract and hold the good teachers we feel our district youngsters deserve. Therefore, the only possible way to reduce out-

6 Candidates Seek Posts on School Board

Nominating petitions for six men have been filed for the two four-year positions on the Chelsea School Board which will become vacant in June.

The six are Herman Koenn, Luther Kusterer, H. Charles Powers, Dr. James Shadoan, Arthur Stoll and Robert Undegraff. Kusterer is running for re-election. The ohter position on the board is currently held by Donald Alber, who is not a candidate for re-election.

Contrary to an earlier report, Lloyd Grau is not a candidate and petitions were never circulated for his nomination. The misunderstanding occurred when Grau picked up petitions for othef candidates.

To be eligible to vote in the June 13 election, voters must be 21 or older, citizens of the United States, residents of Michigan at least six months and in the school district for at least 30 days and be registered to vote in the township in which they reside.

The Senior Citizens will travel to Ann Arbor on May 26 for a 12:30 p.m. Senior Citizen's card party at the Michigan Consolidated Gas Co.

THE LANSING REPORT FROM senator GIL BURSLEY

This year we will have many week-end Evening meetings on new candidates for the state legislature committee meetings, and public hearings. Some of which will be the ones you should attend before they are elected. Let me offer some suggestions that may help you with a few tips based on three years in Lansing as a state senator.

Perhaps these comments may help you to become more effective, give the public more insight into some of the problems and strains to which members of the new House of Representatives are subject.

1) Learn to organize your time. Remember you have only so many hours in a day. This is probably the most important thing you will learn. Set priorities and requirements on a daily basis. Separate facts and emotions. You can get lost in a morass of [illegible] get to trivia. Delegate assignments if necessary. It makes it harder to be others. Be sure you have a secretary who is competent, experienced and who can turn out a considerable volume of work. But things don't just happen. Work first things first—you can only do those things you consider the most important. Learn to negotiate.

2) Don't promise how you are going to vote. You can't. You can't going to vote on a bill in advance. I've been told by a governor, you frequently hear from one word amendment so that the experienced legislator. Work around sense is completely overboard on an issue when the vote is pressed. Pony Express Ride To Benefit School For Leader Dogs

Three area men will mount their horses on June 11 to become Pony Express Riders.

The three, Harvey Fischer, of N. Lima Center Rd., Merle Sibley of Bush Rd., and Carroll Ordway of Dancer Rd., are members of the Washtenaw County Sheriff's Posse Association.

Once again the pages of history will be turned back and the past relieved as the fourth annual Pony Express Ride, sponsored by the Michigan Sheriff's Posse Association, will cross the width of the state on horseback.

Each of the 250 riders will carry the mail one mile. The ride will start in the east from Monroe and continue west on M-50 to US-12 on across the state to Coldwater. The western riders will start from New Buffalo and ride east on US-12 to Coldwater, where the riders will meet. The route follows the old Sauk Trail, the main route from Detroit to Chicago, traveled by both Pony Express riders and stage coaches.

The riders will be doing more than delivering mail. The purpose of the 1966 ride is to raise funds for the Leader Dog School for the Blind Building Fund. The school is located in Rochester. Anyone wishing to make a contribution can do so by sending it to Post Office Box 72, Stevensville, Mich. The contribution will be acknowledged by a letter from the Michigan Sheriff's Posse Association which will be carried by the riders and bear a special stamp noting the occasion.

Anyone wishing to have mail carried on the ride and postmarked "Pony Express" should contact one of the three local riders.

The ride will be climaxed by a big celebration in Coldwater which will include the crowning of the queen of the Michigan Sheriff's Posse Association followed by a parade at 5 p.m. There will be an ox roast at the 4-H fairgrounds followed by a dance in the evening, all open to the public.

Mayor's Exchange Day . . .

were entertained by the Durand Women's Civic Club. Numerous gifts were presented to the four, ranging from a rose bush to an eight-pound box of home-made candy.

In the afternoon, the visitors toured the one-year-old 50 bed convalescent hospital, Simplicity Engineering Co., the Grand Trunk Depot and the Durand Area High School. The maintenance for 20,300 miles of railroad track from Chicago to Montreal is handled through the Grand Trunk Depot.

Mr. and Mrs. Baldwin received a pleasant surprise when they were introduced to Lyle Chenowith at Durand High school. He taught at Chelsea High school 20 years ago and both Mr. and Mrs. Baldwin were taught social studies by him.

After a social hour at the home of one of the councilmen, the visitors then toured the light and water, public works, sewage disposal plant, fire department and city hall.

Officials from Durand accompanied the Chelsea visitors to Brighton, where they had dinner together before returning to their respective cities.

The Chelsea party reported that they were very impressed by the friendliness of the Durand citizens and the warm welcome they received.

In Chelsea, Mayor Fuja and his party were honored with a parade, presented with corsages and the key to the village, and chauffered about town in new cars provided by the Chrysler Proving Grounds. Drivers were Eugene Anderson, personnel manager at the Grounds, and Ralph Fike, who is in charge of plant protection at the Grounds.

At the noon Chamber of Commerce luncheon, at which the guests were honored, Mayor Fuja stated that Durand, unlike Chelsea, has only one major industry, the Simplicity Engineering Co., and that it is also a railroad center. He said he was envious of Chelsea's industry.

In the afternoon the Durand visitors toured several local industries before going to the Waterloo Recreation Area, where Mayor Fuja, as part of his "official" duties, presented an award to the 10 millionth visitor to the Recreation Area.

The Durand visitors were also presented with engraved gifts before their return home.

Mayor Fuja is production control supervisor of Simplicity Engineering Co. and has been on the Durand city council since 1954. He is serving his second two-year term as mayor. Mayor Pro-tem Richmond is the territorial sales representative for Simplicity and has been on the Council for five years. This is his third term as mayor pro-tem.

CHELSEA VILLAGE COUNCIL PROCEEDINGS

April 19, 1966
Council Room

Members of the Chelsea Council,
Chelsea, Mich.

Gentlemen:

Am requesting permission to move and relocate the Chelsea Trailer Park from Main Street to approximately 45 acres of land owned by Mr. and Mrs. William Freeman which I have obtained an option to purchase. An early approval would greatly be appreciated.

Respectfully yours,
Edwin J. Oram.

Plans were also submitted by Mr. Oram regarding the possible addition to his present Apartment Building.

Mr. Buchanan and Mr. Oram were both advised that any zoning request would be contingent upon a Mobile Home Ordinance now under study by the Village Council or its equivalents.

A discussion was held with Mr. Brooks Godfrey, representing the architects for the Junior High School. The main topic of discussion was the possible dedication of a roadway to the Village. No official action was taken at this time.

Motion by Storey, supported by Chapman, to table a contract request from Finkbeiner, Pettis & Strout until the May 3, 1966 meeting. Roll call: Yeas all. Motion carried.

A report was given by Trustee Chapman regarding the creation of a Village Planning Commission. No official action was taken at this time.

Bids for the 1966 street program were submitted by the following firms for excavation and sand and gravel fill:

Rod Mills	$3,634.80
Tom Robinson	7,488.00
Ann Arbor Construction	7,753.20
Washt. Asphalt & Thompson McCully	7,200.00

Motion by Schaible, supported by Bollinger, to approve the low bid of $3,634.80 by Rod Mills of Jackson. Roll call: Yeas all. Motion carried.

Bituminous aggregate

Ann Arbor Constr.	$12,670.06
Thompson McCully Washt. Asp.	11,599.00
Spartan Asphalt	12,142.70
Ayling & Cunningham	10,656.47

Motion by Schaible, supported by Weber, to approve the low bid of Ayling and Cunningham in the amount of $10,656.47 for the 1966 bituminous aggregate program. Roll call: Yeas all. Motion carried.

Seal coat program:

Ann Arbor Const.	$6,280.00
Thompson McCully & Washt. Asph.	6,137.50
Spartan Asphalt	6,491.36
Ayling & Cunningham	8,784.42

Motion by Schaible, supported by Chapman, to approve the low bid of Thompson McCully and Washtenaw Asphalt in the amount $6,137.50 for the seal coat program for 1966. Roll call: Yeas all. Motion carried.

An agreement was reached with the Washtenaw County Road Commission for the prime and double seal of Freer Road within the village from Trinkle Road to Chelsea Dexter Road. No contract price was set at this time.

A discussion was held regarding the proposed Mobile Home Ordinance. No official action was taken at this time.

A report was given by Trustee Crouch regarding wage and fringe benefits of area municipal employees.

Motion by Crouch, supported by Storey, to authorize a five percent increase to all full time regular village employees, effective April 15, 1966. Roll call: Yeas all. Motion carried.

Motion by Bollinger, supported by Weber to authorize a 10 cent per hour six-month merit increase in wages to Ellsworth Petsch, effective May 15, 1966. Roll call: Yeas all. Motion carried.

The 1966 budget was analyzed for first-quarter expenditures and corrected where necessary.

Sidewalk repair for the village was discussed. Village residents are requested to submit in writing any request for sidewalk repair to Village Clerk, George Winans.

The Council has set May 9 and 10, Monday and Tuesday for the annual spring clean-up. The Village Public Works Dept. and Mr. Terns will pick up discarded items at the curb at this time.

Pres. Baldwin has appointed George A. Staffan as Michigan Week Chairman for Chelsea.

School Millage Defeated...

(Continued from page one)

lay here is to reduce the teaching staff and to curtail the curriculum likewise. The $165,000 at stake represents the salaries of approximately 23 teachers or over one-fourth of our entire faculty. Obviously, this is out of the question.

"Similarly, salaries for bus drivers and custodians are fixed at reasonable levels and can only be decreased in total by a reduction in force. Do we then discontinue the bus system in one of Michigan's largest school districts where some 1,200 children are transported daily? Do we slash the number of custodians and maintenance personnel and permit our multi-million complex of public school buildings to deteriorate and become a disagreeable place in which our children must spend a good part of their lives? Of course not.

"Now, if our thinking is right so far, this leaves $200,000 in costs from which we must take the $165,000 which was not authorized.

"How about instructionnl materials, books and supplies? If we agree that we want to retain a full and competent teaching staff and at least the minimum curriculum we expect to offer, clearly, our teachers must have these things to work with. One cannot be effective without the other.

"This leaves $153,000 from which to take the $165,000.

"Plant operation costs are almost absolutely fixed without actually closing down our buildings for some period of their normal operating time. The use of fuel, water, custodial supplies and so forth are costs which relate directly to the number of school days in a year and cannot be effectively reduced without making less use of our physical plant. This seems like a step in the wrong direction to us.

"We are now down to $95,000 to work on.

"We are back to transportation. If we discontinue our buses we pick up $14,000 in fuel and maintenance, and, of course, $26,000 in vehicle replacement. The thought of curtailment has already been rejected. Vehicle replacement? We consider it to be vital and mandatory for the health and safety of our young riders that we continue our replacement program so that we can retire from service three more of our 8- to 9-year-old buses.

"This leaves $55,000 to examine.

"Insurance costs are largely imposed by law and are therefore immune.

"Maintenance of building and grounds? As was stated before, the district taxpayers certainly expect us to provide reasonable care for their rather heavy investment in school facilities.

"This leaves about $30,000 from which to extract the $165,000. Sounds rather difficult to do, doesn't it?

"Let us look at the other side of the coin. Perhaps an attempt at clarifying what was at stake for the individual taxpayer might be helpful.

"First, a part of the 4.75 mills requested was already authorized for this year at last year's election for operating funds. Secondly, in establishing next year's total millage the board managed to reduce your debt retirement levy by 2.00 mills which will reflect in your tax bill next December.

"The net effect of this is that a yes vote last Monday would have served to increase your total tax levy for all school purposes by only 1.25 mills. This is approximately $4.00 for each $1,000 valuation, or about $10.00 per year for the average community resident.

"Now, the Board feels that perhaps because of a combination of unfortunate events the district parents, taxpayers and voters were not sufficiently informed and that a true expression of the consensus was not made at the polls last Monday. Therefore, we propose to resubmit the same question on June 13, 1966, to coincide with the annual election when two school board vacancies will be filled.

"We believe this action will expose the question to a broader base of the population and will provide a very low cost means for reconsideration.

"Without reservation, we recommend next year's program and ask for your full support."

The man who expects a favor always wants it yesterday.

Nine Confirmed Sunday At Congregational Church

The Sunday morning service at the First Congregational church of the United Church of Christ was the scene for the confirmation of nine young people of the eighth grade last Sunday. Those who joined the church after what has traditionally been called the "Pastor's Class" or the "Church Membership Class" were Bruce Parks, Kathy Grob, Maxine Gee, John Hepburn, Roger Hilts, Lee Dickelman, Roxanne Shears, Jacquie Bailey and Rod Powers.

The Rev. Robert A. J. Livingston, minister of the church, introduced the young people and explained what had been done by the youth themselves. He told Sunday's congregation that the main purpose of the class is to help them face squarely the meaning of church membership and assist them in thinking out what they believe. He pointed out that they will grow in their faith and each was given a booklet with their notes from the class including their own "Statement of Faith" and a note from him suggesting that they rewrite it about once every five years.

The Congregation gave each youth a book as a confirmation gift.

The whole blood is then processed into blood fractions; gamma globulin to combat hepatitis and serum albumin, used in treating shock.

Mr. and Mrs. John Popovich

Lynne McMannis, John Popovich Speak Vows in Ann Arbor Church

St. Thomas Catholic church in Ann Arbor was the scene of the Saturday, May 14 wedding of Lynne McMannis and John Popovich.

The bride's parents are Mr. and Mrs. K. R. McMannis, 309 W. Middle, and the bridegroom is the son of Charles Popovich of 228 Buchanan. The Rev. Father Thomas Mulka celebrated the 1:15 p.m. nuptial mass.

The bride entered the sanctuary wearing a floor-length gown of white crystalette. An organza long-sleeved jacket appliqued with tiny flowers covered the bodice of the gown, which was styled with A-line skirt and a chapel length train. She carried a bouquet of white baby orchids and stephanotis entwined with a pearl rosary.

Attendants were Mrs. Lund ed Mrs. Charles Popovich, Jr., sister-in-law of the bridegroom, matron of honor, and Mrs. David Luick, sister of the bride, as the bridesmaid. Both were dressed in aqua crystalette gowns fashioned after the bridal gown with organza jackets. They carried bouquets of white and aqua carnations.

Charles Popovich, brother of the bridegroom, was the best man and David Luick, Donald O'Dell and Robert Crawford were the ushers. All wore black tuxedos with white carnation boutonnieres.

For her daughter's wedding, Mrs. McMannis selected a beige dress with a matching jacket trimmed with lace. She wore an aqua, rose and beige hat with long beige gloves and black patent accessories and a corsage of deep pink roses.

Assisting at the reception at the American Legion Home at Cavanaugh Lake following the ceremony were Mrs. M. E. Tipple aunt of the bride, who cut the wedding cake; Mrs. Ruth Russell, aunt of the bride, and Mrs. Lero Buehler, who poured punch and coffee; and Mrs. Donald Copparnoll, who attended the bride's book.

Out-of-town guests attended the ceremony from Saginaw, Flint, Wyandotte, Ohio, Philadelphia, Pa., and Delaware.

For traveling, Mrs. Popovich selected a white dress topped with a black and white checked coat and black patent accessories. After a honeymoon in Chicago, the couple will be at home at 234 Buchanan St., Chelsea.

BLAMES HECKLERS

Sargent Shriver, director of the the Administration's anti-poverty program, blamed "professional demonstrators" for forcing an abrupt end to a convention of anti-poverty workers recently. He said it was obvious that 25 or 30 people created the disturbance.

Judith V. Pazzi Becomes Bride of Joseph M. Merkel

A 12 noon nuptial mass Saturday at St. Paul's Catholic church in Owosso united Judith Victoria Pazzi and Joseph Martin Merkel in marriage.

The bride is the daughter of Mr. and Mrs. Anthony Pazzi of Owosso. The bridegroom, a former Chelsea resident, is the son of Mr. and Mrs. Joseph Merkel, Jr., of Owosso.

The Rev. Father James O'Leary officiated at the mass, which was sung by Mrs. David Totenburr.

Baskets of white carnations and candelabra decorated the altar at the Zion Lutheran church at Rogers Corners Saturday evening as Janet Loretta Bollinger and Paul John Prentice spoke their wedding vows before the Rev. C. J. Renner. The altar was banked with baskets filled with white gladioli and chrysanthemums.

The bride was given in marriage by her father. She is the daughter of Mr. and Mrs. Rudolph Bollinger, 12260 Scio Church Rd., Chelsea, and the bridegroom is the son of Mrs. John Prentice and the late Mr. Prentice of 10137 Boyce Rd., Grass Lake.

The bridal gown was styled with a fitted bodice of Chantilly lace, a scalloped square neckline and long pointed sleeves. A band of peau de soie accented the bustline and the train was attached under the band. The flowing, detachable train was held by a bow and a cabbage rose. The floor-length peau de soie, bell-shaped skirt had matching vertical panels of lace and iridescent sequins. The tiered veil of hand rolled French silk illusion was attached to a head piece of peau de soie petals and pearls. She carried a cluster of ivy, white roses and stephanotis centered around an orchid in a traditionally styled bouquet.

A band, accenting the bustline, held a flowing panel in back which was caught by a bow. She wore a tiered veil attached to a headpiece of small peau de soie cabbage roses. Her bouquet consisted of a cluster of red roses and pink carnations.

HAT SHAPES

Permanent-press trousers are quite popular. Next fall, men will be able to buy a permanent-press hat. Researchers say the hat can be sat on, rained on, doused with catchup, and will continue to retain its shape and brand new look. The hats are made of Surfel, described by the manufacturer as a complex of several polymers.

Shoplifting Gang Apprehended by Police Department

A group of juvenile shoplifters who called themselves the "Rat Gang" has been apprehended by the Chelsea Police Department.

According to Chelsea Police Chief John Palmer, the boys maintained a membership book and prospective members were required to steal merchandise from downtown stores before their names could be entered in the book.

Only three names had been entered in the book but several other boys had received stolen merchandise and were thus implicated in the shoplifting. The boys were 11, 12 and 13 years old and lived outside the village limits.

Police Officer Earl Willis Jr. apprehended the boys after he discovered two boys beating a third. When he asked them what was going on, the boy who was being beaten said he had threatened to tell about the others stealing a pair of sunglasses from the Chelsea Drug Store.

Upon questioning, the boys admitted stealing sunglasses from the Chelsea Drug Store, hats from Dancer's Department Store and flashlights from Gambles Store.

One boy admitted that he went to the Drug Store and showed another boy the sunglasses he wanted and that the second boy then put them in his cap and walked out of the drug store. When they were outside, the second boy handed the sunglasses to the first boy.

Police officers said the boys parents were very co-operative and that at least one of the parents said he would take his son to the store to apologize for the incident.

The boys will appear in Juvenile Court on charges of larceny (shoplifting) and assault.

Questions & Answers

Why is it necessary to allow a just-baked angel food cake to cool, suspended upside down, in the pan?

An angel food cake must be cooled completely before being removed from the pan. Inverting and suspending the pan keeps the cake in suspension, allows it to stretch, and prevents it from settling. Removing the cake from the pan before it is completely cooled, or letting it cool in the pan upright, will result in a soggy product. Some angel food cake pans are made with "legs" and need only be turned over; those without can be suspended by fitting the inverted tube over an upside-down funnel.

Jean Dietle was elected from the nominees for treasurer put from the St. Paul United Church of Christ. The Rev. Robert A. J. Livingston is appointed by the Chelsea Ministers Fellowship to be the UCYC advisor for the year ending in February. The UCYC officers will hold office until May of next year.

Plans were made for only four activities in the year which will begin with supporting participation in the After-the-Prom Worship annually put on by the Congregational church at 4 a.m. prom night. Few activities are planned through local church youth groups with only two or three ecumenical sessions a year. The only three activities to be directly sponsored by the UCYC will be one summer recreational get-together, one Youth Week evening worship service (Inter-church day is the first Sunday in February), and an annual rally and business meeting in the spring.

The meeting was conducted by acting president Duane Schroen and the nominations were made by chairman Larry Sanderson. The report of past activities and recommendations for 1966-7 were made by Tina Lindauer. The group approved of the slightly revised constitution which had been mailed to all churches and the final item of business was the installation of the new officers by the advisor, the Rev. Livingston.

A conver-sationalist, it seems, is one who can tell twice as many details as anybody wants to hear.

Staff Sgt. George Michael Relates Vietnam Experiences

Approximately 100 adults and children attended the Youth Fellowship meeting, Sunday evening, May 15, at the Waterloo Village EUB church to hear Staff Sergeant George Michael, who recently returned to the states from a year in Vietnam.

Before he began relating his experiences while in Vietnam the young people presented a short devotional service.

Showing pictures of black and white and some colored slides, he told of the landing at Chu Lai on April 7, 1965, with the First Marine Brigade, they being the first Marines to land there while the area was controlled by the Viet Cong. To make a place for the base camp it was necessary to move five hamlets with all their inhabitants to a town, built especially for them.

Beaches are very fine for landing, while further inland bushes with thorns from 2 to 3 inches long grow profusely, and then the jungle.

Rice paddies are common. Vegetables of any kind may be grown, also many tropical fruits. About 85 percent of the Vietnamese are farmers.

In the base camp itself, trenches were dug inside as well as outside the camp, with a 24-hour watch posted at all times.

After about three months a church was built in five days with the help of the Vietnamese. Mahogony and bamboo were used in its erection, being fastened together with wooden pegs. Mats of bamboo were woven for the sides and plam leaves were used for the roof.

Sgt. Michael was commended for his performance during the operation Double Eagle when assigned to screen and process all captured materials and documents. He spent about four weeks in this operation which was carried on south of Chu Lai along the coast in Viet Cong held area. He found weapons being used were of Chinese Communist manufacture and also American made weapons dating back to the time the French had used them in Vietnam. To secure some of the captured weapons he had to be transported in and out again by helicopter. During this operation he lived in a bunker about six feet underground, the roof being covered with canvas and bamboo, with the sides of the bunker being reinforced with sand bags, they in turn being covered with more sand.

Sgt. Michael was wounded March 4, south of Quang Ngai. While under fire he ducked, hitting a Punji stick, slashing his arm. "Going down on my arm, probably saved my life," he said. He explained that the Viet Cong place these Punji sticks 6 to 10 inches apart. They are metal spears with barbed tips sticking up along the side of a path. He said this is done in hopes that when troops are under fire they will seek cover along the path.

He graduated from Jackson High school in 1953. While in school he joined the Marine Corps Reserve, finally going into active duty, taking basic training at San Diego, calif.

During his 12 years with the Corps he has been in Okinawa, Japan, Philippines, Borneo, Hawaii, Taiwan, Cuba and Vietnam.

He is married to the former Ruth Ann Barber, daughter of Mr. and Mrs. Milton Barber, 12550 Waterloo-Munith Rd., where she and their three children have been staying while he was in Vietnam.

Saturday, of this week Sgt. and Mrs. George Michael with their children, Christopher, Debra, and George will leave for El Toro Marine Air station near Santa Ana, Calif., where they will spend the next 18 months.

At the close of the program the young people served refreshments at the church school house.

It is really funny how little value other people place on your time.

GOLDWATER ON WAR

Barry Goldwater has charged that the President was playing politics with the Vietnamese war by trying to keep it at "a low level" to hold Democratic seats the fall congressional election. He claims this is unfair to men who are being drafted and sent to Vietnam.

Mother-Daughter Banquet Held at St. Jacob's Church

There were 94 present at the mother and daughter banquet on Thursday May 12 at St. Jacob Evangelical Lutheran church on Reithmiller Rd.

Following the dinner Mrs. Frederic Dolezizky of Wayne gave a talk on "Foreign Mission Work in Zambia, Africa." She also showed a film strip of the dispensary at Lumano. This was followed by a question and answer period.

Awards were presented to Mrs. Emanuel Archenbronn, the oldest mother; Mrs. Loyal Brocsamle youngest mother, Mrs. Sharon Dunlap, the daughter from farthest away; and Mrs. Rita Brocsamle received the award for having the most daughters present. Mrs. Brocsamle also had four generations of her family present.

The serving committee was composed of Harold Hannewald, Elmer Lehman, Louis and Ralph Schumacher, Paul Faist, Sr., Orman Siegrist, Dennis Paul, Rodney Worden; Albert Schlenker, Emil Faist and Arnold Prissing.

Just A Minute . . .

By the Rev. James A. Craig

A pen and ink sketch of a girl sitting alone, perhaps in a park, brought to mind how seldom we are by ourselves and how suspicious we get of those who prefer their own company on occasion.

The sketch, called "Solitude," was accompanied by a quote: "One can acquire everything in solitude except character."

There may be some truth in what the writer says but one is more inclined to think that even character finds its origins in solitude.

It is in the periods of constructive silence that one organizes and integrates his thinking. It is in the periods of constructive silence that one charts his course and determines his goal. These can't be done in the crowd or with the public.

These are the times when one has the opportunity to reflect on causes and evaluate experiences, to run through the sieve of his own knowledge the stuff of life and select that which is worth while.

Solitude is not the same as being alone. The lonely person is simply withdrawn, often with no concern except pity for his condition. The castle of his dreams is reduced to kindling. His hopes have left only a bad taste in his mouth.

"To be apart for a while" is not something to fear for from it we can return with new vigor and restored energy to discover life's meaning.

There's good precedent. The solitude of Jesus of Nazareth nourished the character that launched a church changing the world and us.

SUNDAY'S SERMON

FAIR DEAL

A "fair deal" in business is recorded when both parties in a particular contract receive a fair return for their investment or expenditure.

In the ordinary, everyday transactions in which most of us are involved, we seldom give much thought to a "fair deal" — unless some cashier inadvertently short-changes us or some item we have purchased turns out to be not exactly as advertised.

If you are an employee, did you ever ask yourself if you give your "boss" a fair deal every day? Do you give him of your efforts, and your time, in proper measure?

If you are a salesman, do you have pride in the item you are selling? Would you recommend it to your family and to your friends?

If you are an employer, do you expect too much? Do you forget, sometimes, that employees are, after all, just people, with human strengths and weaknesses?

Whatever your station in life, when you think about a "fair deal" — do you include the other fellow as well as yourself?

There's a right and a wrong way to do everything, as well as a safe way. When it comes to ladders, walking under them isn't the only way to insure bad luck. Resting ladders too near overhead electric cables can bring shocking results to your outdoor paint job.

TROUBLE SHOOTERS

Scientists at the Illinois Institute of Technology Research Institute, seeking ways to cut the cost and complexity of aircraft trouble, are attaching an aromatic capsule to potential trouble spots. If trouble occurs, the packet bursts open, emitting a distinctive odor—thus pinpointing the troube. One day, the scent of evergreen may tell you it's time to check the brake fluid in your auto.

THE COUNTRY PULPIT:

GOD HATES

"God is love."

That is the clear statement of the Bible in 1 John 4:8. We have heard this declaration in various ways so often that many have a mistaken conception of the Almighty. They seem to feel that since God is gracious and kind and compassionate, everyone will be accepted and received into heaven. God, it is held, will judge no one.

This is not true.

God also hates. There is one thing in all the universe that God hates with unalterable hatred. It is SIN.

This little three-lettered word has just about been ruled out of the popular thinking of our day, but it looms large in the mind of God and in His Word. Many do not want to face up to it; they try to devise ways of getting around it. But God has it; they try to devise ways of getting around it. But God has

Consider what God has to say about sin and its results:

Thou (God) lovest righteousness and hatest wickedness. (Psalm 45:7)

For all have sinned and come short of the glory of God. (Romans 3:23)

The heart is deceitful above all things, and desperately wicked; who can know it? (Jeremiah 17:9)

The wicked shall be turned into hell, and all the nations that forget God. (Psalm 9:17)

The soul that sinneth, it shall die. (Ezekiel 18:4)

There is much more, but this serves to indicate what God thinks of sin. Although the unbelieving world has tried to do away with all thought of sin and its punishment here and hereafter, God's unchanging hatred of sin runs all through the Bible.

There cannot be sin in heaven. God says so. How, then, can any man enter heaven? He cannot unless his sin is taken away and he is made righteous in God's sight.

So man tries to reform himself and clean himself up in order that he might become acceptable to God. But of all this we read, There is a way which seemeth right unto a man, but the end thereof are the ways of death. (Proverbs 14:12)

God hates sin but wants to save the sinner. He points out the way:

For the wages of sin is death; but the gift of God is eternal life through Jesus Christ our Lord. (Romans 6:23)

For God so loved the world that He gave His only begotten Son, that whosoever believeth in Him should not perish, but have everlasting life. For God sent not His Son into the world to condemn the world; but that the world through Him might be saved. He that believeth on Him is not condemned; but he that believeth not is condemned already, because he hath not believed in the name of the only begotten Son of God. (John 3:16-18)

The only sin that God can never forgive is failure on the part of any man to believe in and receive His Son, the Lord Jesus Christ, as his own personal Saviour.

You can have sin and ruin and a soul lost for eternity — or cleansing and salvation from sin, with joy and peace and righteousness, and life eternal.

The choice is yours. Which will it be?

School Board Briefs

The Chelsea Board of Education met in regular session Monday, May 16 and approved paying bills in the amount of $9,080.79 from the general fund and $8,907.52 from the building and site funds.

Baccalaureate is June 5; Class night is June 8; and Commencement is June 10.

The secretary read the certified list of school board petitions. Petioners were for H. Koenn, A. Stoll, R. Updegraff, L. Kusterer, C. Powers and J. Shadman.

Chairman of the board negotiation committee reported that it appeared that they are close to agreement with the CEA.

Letters of resignation were read and accepted from the following: Mrs. Hamm, Mr. Schultz, Mrs. Gray, Mrs. Benford, Mrs. Carr, Mrs. Cresswell, Mrs. Baucke, Mrs. Wilderom, Mrs. Johnson, Mrs. Eisenheiser, Mrs. Segal, Mr. Ross, Mrs. Graves.

The annual open and public budget hearing was set for June 9, 1966 at 7 p.m. at the high school cafeteria.

Election officials for the June 13 school board election were approved.

Approval was given to the recreation program to use the school facilities and busses for the summer program.

The bids for the Middle School will be opened June 9, 1966 in the cafeteria.

It was decided to place the millage back for a vote on the June 13 school board election if the arrangements can be completed. Much discussion was held by the board on the disappointing result of last Monday's millage election. It was felt that most people simply did not realize that by voting against the proposal they were taking away that which we are already working with. This means that $165,000 would have to be cut from next year's budget. Many possibilities were discussed, but the concensus was that the electorate would never tolerate the cuts that would have to be made. Therefore, it was unanimously agreed to resubmit the same operational millage issue to the people and in the meantime the Board urges all interested citizens to contact members on specific questions. There will be a concerted attempt to inform all members of the district as to the seriousness of the situation.

The contest was televised from the auditorium in the WWJ-TV building in Detroit. Jill qualified for the contest when she won the District Spelling Bee in Chelsea on April 6.

CAROLYN WILKERSON

Two CHS Seniors Win U-M Regents-Alumni Scholarship

Lee M. Fahrner and Carolyn K. Wilkerson have been selected to receive University of Michigan Regents-Alumni scholarships, according to Ivan W. Parker, assistant director of financial aids. Fahrner is the son of Mr. and Mrs. Arnold Fahrner, 602 Grant, and Miss Wilkerson is the daughter of Mr. and Mrs. Kenneth Wilkerson of 411 N. Main.

Fahrner's scholarship is in engineering and Miss Wilkerson's is for literature, science and the arts.

They are among 982 scholarship winners selected by the Committee on University Scholarships from among 2,900 applicants representing approximately 550 state high schools. Last year 879 seniors in 547 High schools won the scholarships.

Stipends vary according to the financial need of the winners, and range from honorary $50 entrance awards to $700 per year grants. Awards continue for the normal length of the student's degree program if his academic record justifies renewal.

Each accredited high school is entitled to at least one of the scholarships if a qualified senior applies. The additional awards are granted at large on a basis of state-wide comparison of applicants from the participating schools. There are no restrictions on the number of applications from or awards to any one school.

In evaluating the applications, emphasis is on character, citizenship, academic record, financial need, and competitive test scores.

U-M alumni and alumnae club members who worked on the project gave invaluable assistance to high school officials and the University scholarship committee, Parker said.

SCHOLARSHIP PROGRAMS

This year the following scholarship fund programs have been organized to award numerous scholarships to deserving CHS seniors; Subject Matter Awards, Union Scholarships, and CHS Scholarship Awards.

Presently, there are $770 in the Subject Matter Awards Fund, but more may be added. This scholarship fund consists of $50 bonds to go toward these five subjects: English, foreign languages, social studies, commercial areas, and math and science. Instead of students applying for these awards, as is done in the other two award programs, teachers will nominate them.

The Union Scholarship Program consists of $800 to be awarded to one or two deserving students whose parents are members of a union.

The remaining scholarship program is the CHS Scholarship Awards Program. The money is being donated by such school organizaitons as G.A.A., Tri-Hi-Yy, French Club, and Varsity Club. The number of awards to be given will be one or two, depending on the amount of money donated.

ANNUALS FOR SALE

The '66 Barker is now on sale at the High School and will be here in September at the opening of school. The total cost is $4—$1 down. Anyone wanting to order an annual should call the high school and leave his name so that an annual should call the high tact him. Since no additional annuals will be ordered for sale next year, it is important that all orders be in as soon as possible.

LITERARY MAGAZINE

Accolade, Chelsea High School's first literary magazine, will be sold for two weeks beginning May 23.

This composite of the best short stories, essays, poems, photographs, music, and art work accomplished by CHS students this year, will be sold at the Drug Store and Stop and Shop as well as at the school.

Tina Lindauer, editor of Accolade, and her staff read over 100 writings offered by CHS students. The entire Journalism Class rated these entries, and by a process of elimination, the magazine now includes only what they feel is "the best."

Mrs. Jeanne Stock and Mr. James LaCine, English teachers at CHS, aided the staff with the difficult task of elimination.

The title, Accolade, was chosen after much thought and consideration on the part of the staff, for three reasons. These are its dictionary meaning, its relation to the ideals of the magazine, and its sound.

TALENT SHOW

A Talent Show sponsored by the Student Council and under the leadership of vice-president Marrianne Edwards, was held at CHS last Thursday morning.

First prize was awarded to Ron Watkins. The prize was a blue and gold trophy. Marrianne Edwards won second prize, a red and gold trophy, and Steve Slane won third, a gold cup.

The first performer was Ron Mosier, a Gospel singer, who sang "It's Me Again, Lord." John Collins and Steve Slane sang "Greenback Dollar" to Steve's guitar. Jill McEachern did a baton twirling routine. "Wouldn't You Like To Know What I Know?" written by Ron Watkins, was sung by Ron, Bruce Spencer and Marrianne Edwards, with Ron and Marrianne on their guitars.

Next was an interpretative reading by Pat Opple of Edna St. Vincent Millay's tragic ballad of "The Harp-Weaver." Ron Watkins then gave a performance of the "Talking Candy Blues," a very humorous folk song. "The Trees That Grow High," a song formerly sung by Joan Baez, was then presented by Marrianne Edwards.

Marrianne also sang "Sunday Morning in Birmingham," to which she wrote the music. Jill McEachern and Cindy Blacklaw then performed a comedy-twirling act. Roger Frisinger gave a reading of Steven Vincent Benet's "Mountain Whippoorwill."

Doris Zeeb sang "The Heart and the Grave," which she wrote herself, with Judy Wiseman accompanying on the piano. Steve Slane presented a rendition of Bob Dylan's "I Shall Be Free" for the last performance of the show.

Baseball Team Loses Chance to Share in Title

Saline, with a 3-2 win, halted Chelsea's final chance for a share of the conference baseball title Tuesday afternoon. A combination of poor hitting, sloppy base-running, and erratic fielding and throwing led to this downfall. Saline's runs were all unearned, due to walks and wild throws.

Coach Genske said: "I'm extremely disappointed that the majority of my players have not yet learned from their previous errors. I had hoped that during the season, early mistakes would have resulted in a 'better thinking' squad, but, past errors have undoubtedly become established patterns."

CHS Baseball Team Hands First Defeat to Dundee

Chelsea High's baseball team handed Dundee its first conference loss Monday afternoon by the score of 2-0 as freshman Greg Stevens delivered a triple after Chuck Winans and Dennis Kyte had singled. It was a closely played game with Tom Wojcicki allowing only two hits and striking out 12. Chelsea's record now stands at five wins and three losses and is second in the conference.

Style Tips for Men Only!

THE COAT HANDKERCHIEF

Whether you wear a suit coat or a sport coat, a handkerchief in the pocket is appropriate and adds a personal touch.

The handkerchief should be worn in a casual manner, without uniform points, square folds, or V-shapes showing. Open the handkerchief, grasp it in the center to form a 'puff,' then tuck the points and edges into the pocket, leaving the casual puff exposed.

Handsome colored and paisley handkerchiefs are recommended for daytime wear, with white reserved for evening wear.

Lions Club Offer Help with Course For Blind Children

An eight-week summer program in mobility instruction for the blind children of Washtenaw county is to be underwritten by the Council of Lions Clubs of Ann Arbor and NUMA, according to Phil Kratzmiller, president of the Council.

The Council is composed of members of both the Ann Arbor and Ann Arbor Evening clubs, while NUMA is the ladies auxiliary of these clubs.

Miss Ann Dougherty, occupational therapist and peripatology instructor at University Hospital will teach mobility skills to the children in their home towns.

For the past school year, Miss Dougherty has been on loan one day a week to the Intermediate School District for this kind of work, according to Fred Nowland, director of special education. Nowland plans that wherever possible during the coming school years, blind students will remain in their home town schools rather than be bussed to Ypsilanti to the braille room. They will be provided with individual instruction from a teacher-counselor. This summer they will become oriented to this environment and learn how, under Miss Dougherty's guidance, to get to their schools.

Even for the near-blind, Nowland said, such instruction "results in greater poise and more socially acceptable behavior."

Girl Scout Leaders Report 455 Cases of Cookies Are Sold Here

There were 15 members present at the April 25 meeting of the Chelsea Neighborhood Girl Scout Association. The meeting was held in the Home Economics room of the Chelsea Junior High school.

Roll call was taken and each member responded with information about her troop.

Jean Sharrard, who will soon be leaving the community, was presented with a recognition gift by Carrie Eisenbeiser, in appreciation of her 13 years of service to scouting in Chelsea. She began as a troop leader in 1952, and has held positions of troop organizer, neighborhood secretary, neighborhood chairman, council delegate and cookie chairman. She has also served as a counselor at day camp.

The cookie chairman reported that 455 cases of cookies had been sold in the neighborhood. All but two troops went over their total sales of last year. Troop 47 received the award certificate for the largest number of boxes sold. They sold 1,150 boxes with an average of 51 boxes per girl. The neighborhood average was 36½ boxes per girl. 150 Scouts participated in the sale, (seven troops). Total profit to the Neighborhood was $273.

Annual troop financial reports were passed to leaders. These are due when the troops complete yearly events or by June 30.

New trip report forms were distributed.

June 9 was set as a tentative date for Brownie Play Day. This will be discussed further at the May Leaders meeting to be held on May 23 at the home of Imogene Slocum.

Refreshments were served by Vi Morrison for Troop 145.

Attending Conference of Business Executives In Washington, D. C.

Thomas McGaw of the Chelsea Grinding Co., Robert K. Taylor of Federal Screw Works, George Brigham of Outdoor Fibre and William Marsh of Rockwell-Standard Corp., were among the more than 40 business executives from Michigan's Second Congressional District who attended Congressman Weston E. Vivian's Business Opportunities Conference in Washington, D.C. on Monday. Purpose of the conference was to hear presentations on doing business with Federal agencies from representatives of the Defense Department, NASA, General Services Administration and Small Business Administration. James E. Webb, director of NASA, was the luncheon speaker. Other distinguished guests expected at the conference were Vice-President Hubert Humphrey, Speaker of the House of Representatives John W. McCormick, Senator Philip A. Hart, and House Majority Leader Carl Albert.

SINGAPORE FLING

Casino gambling, dog races, turkish baths and many other "delights" are planned for a 2¼ acre island in the territory of Singapore, Asia's newest independent nation. The US $6 million resort, which will include a 100-room first class hotel, will be built on Pulau Sajaht a name which means "Very Naughty Island."

Congressman Wes VIVIAN Reports from WASHINGTON

Last year the United States Congress passed major new legislation designed to help hard-pressed local school districts meet their growing needs, while alleviating some of the pressure on the property tax base on which they are so dependent. The funds authorized and appropriated under Public Law 89-10 — The Elementary and Secondary Education Act — are beginning to come into our District now.

I asked the Michigan Department of Education to provide me with information on which of our school districts are currently receiving "ESEA" funds, as of March 21. Here is the tabulation on use of Title I funds, aimed at helping districts meet the educational needs of children from low-income families:

LENAWEE COUNTY

—Addison reading improvement for intermediate grades, $17,824.
—Adrian, student improvement, $79,373.
Blissfield, summer education improvement program, $17,351.
Britton-Macon, summer reading, $7,865.
—Clinton, reading improvement, $7,150.
—Deerfield, automated remedial instruction, $953.
—Hudson, summer academics and cultural enrichment, $22,400.
—Madison, language development, $14,768.
—Morenci, directed study and later assistance, $16,500.
Sand Creek, summer remedial reading, $20,491.
—Tecumseh, reading improvement, $39,071.
—Underwood, elementary remedial reading, $3,098.

LIVINGSTON COUNTY

—Fowlerville, improvement of communication skills, $22,196.

MONROE COUNTY

—Airport, communication skills improvement and recreation, $14,534.
—Bedford, basic skills improvement and health services, $37,334.
—Custer, individual instruction and summer recreation, improved learning and adjustment and pre-vocational exploratory work experience program, $42,364.
—Dundee, improve school program, $18,113.
—Jefferson, guidance and counseling, $6,000.
—Mason Consolidated, improvement program, $28,000.
—Monroe, additional staff, $99,218.
—Ann Arbor, community service center, $56,510.
—Chelsea, educational television, $16,113.
—Dexter, reading skill improvement, $10,699.
—Milan, remedial instruction, $5,852.
—Saline, improvement of reading skills, $22,090.
—Willow Run, language skills improvement, $38,615.
—Ypsilanti, compensatory educational program, $127,008.

WAYNE COUNTY

—Plymouth, diagnostic team, in-service training and reading specialists, $33,614.

Under Title II, Washtenaw and Wayne counties have programs under development, for the acquisition of library, and instructional materials and textbooks for both public and non-public schools.

Title III of the Elementary and Secondary Education Act provides Federal support for supplementary education centers and services. Under this Title, the following Second Congressional District projects are underway:

The Ann Arbor Board has applied for $278,000 in Federal funds to develop a demonstration curriculum center. I have checked with the United States Office of Education and learned that this application is in the final stages of approval. I anticipate that this project will be ready to be announced in the near future.

The Wayne County Intermediate District, serving all local boards in that county also has application in to the United States Office of Education, for Title III support.

I am most encouraged by the fact that so many Second District Boards of Education have moved ahead in an effort to improve the education they are providing. I am hopeful that many more Boards will begin to make these opportunities available to their students in the near future. There is no higher priority item on the agenda of our country than the continued improvement of the educational opportunities which we are providing our young people. To deny them anything short of the very finest education possible would be to jeopardize the future of our country and its people.

FRANCE AND NATO

Harlan Cleveland, U. S. ambassador to the North Atlantic Treaty Organization, reports that if France pulls out of NATO, a defense which will not rely on French cooperation now, or French promises of the future, will have to be fashioned.

ARCTIC ADVENTURE is what Don Turner has in mind as he loads up his Dodge panel van in preparation for a three-month visit to the Alaskan Arctic and the Yukon Territory. Don fitted the van with a built-in bed, gas stove for cooking, alcohol stove for heating, wall-to-wall carpeting, and built-in cabinets. His folding chair leans against the door, directly beneath his fire extinguisher, and Don is shown putting in a large container of water. Don left Chelsea Monday morning, plans to visit Banff National Park and Lake Louise in Alberta, Canada, before boarding a ferry for the trip up the inside passage to Alaska, plans to have about two-and-one-half months of fishing, sightseeing, relaxing before Ralph Guenther, Chelsea's photographer, flies up to meet him in August for hunting in the Brooks Range. The two men expect to shoot a film of their quest for grizzly bears, caribou, and Dahl sheep. Don took along 10,000 feet of 16 mm. film, which he jokingly refers to as "the national debt." He promised not to shave before he got back, said he'd "lose a couple of bets" if he did. Don will drive back to Chelsea following the Alaska highway when the weather gets bad, plans to get some shots of Banff and Lake Louise in the fall to end his film.

THE LETTERBOX

Dear Chelsea Friends:

It would be impossible for me to write each one of the concerned friends to let them know how my husband "Red the Barber" is doing. Currently he is back in the hospital and is still a very sick man and the treatment for chronic kidney failure is just starting.

Each day of life for him is a precious gift which would not be possible if it were not for our faith in God, the hospital, doctors nurses and the many cards and letters sent to us from everyone at home.

We miss our two little children more than words can tell but our minds are at ease as we know they are getting the best of care from their grandparents.

We miss our much loved home, families and friends. God be willing time will go fast and we can be home again.

Anyone wishing to send Red a card they may send to:

Cleveland Clinic Hospital
Cleveland, O.

Sincerely,
Mrs. Melvin (Red) Lamb
