

Ground-Breaking Set for Medical Center

Construction of the Chelsea Medical Center is to be built on a 70-acre site in Chelsea adjacent to Pierce Park on South St. will begin immediately. One of the construction phases includes three buildings—a pharmacy, a dental office building and a medical office building.

Ground-breaking for the three structures has been set for 10 a.m. Sunday afternoon, Oct. 23, at the site located just off St. next to Pierce Park.

General contractors for the buildings will be the Hungerford Construction Co. of Jackson, Mich., and the Chelsea Medical Center, Inc. of Chelsea. The Chelsea Medical Center, Inc. is a subsidiary of the Chelsea Community Chest, Inc. The fund-raising drive for the center has been set for 270 days from the start of construction.

Phase two of the medical center plans include a 130-140-bed intensive extended care unit. This phase of the project will be completed and built at a future date.

The medical office building will include four consultation rooms, each with its own waiting room, and 16 examining rooms around the outer edges of the first floor. In the center of the building will be a work area for x-ray facilities. Six emergency rooms will be located on the second floor of the building and at

the opposite end will be a large waiting room, medical clinical laboratory and business offices and the reception center.

The second floor of the structure will be a nurses' lounge area with dormer windows overlooking the grounds and a library for the doctors' use.

Lighting in each of the examining rooms will incorporate a ceiling skylight.

Roofs of the three buildings will include both hipped and flat roofs combined in a contemporary style according to Architect Lindauer. He explained that since the buildings will be located in a wooded area, the timber frame was incorporated into the design to give the buildings added height and prevent having the buildings obscured by the tall trees.

Windows in the buildings will be glare reducing glass, similar to that used in the new Chelsea High School.

When the building is completed, the four doctors associated with the Chelsea Medical Clinic—Dr. Michael Papo, Dr. James Botsford, Dr. Bruce Stubbs and Dr. Jerry Waldyke—will move to the new location. A fifth physician is expected to join the group next July 1.

The dental office structure to be located east of the medical

center will include space for two offices, each equipped with two separate operating rooms; a laboratory and business office. The two offices will share a central waiting room.

Offices in the dental building will be occupied by Dr. Gene Miller and Dr. Richard Borton, who both have offices in Chelsea at the present time.

The apothecary shop, the smallest of the three buildings, will be located to the northwest of the medical office building.

Leading to the three buildings will be a 420-foot boulevard entrance from Main St. Large parking areas near the three buildings are included in the plans.

The site the three buildings will occupy is part of a larger 70-acre plot. Approximately 33 acres, all wooded, will be reserved for future expansion. In addition to the intensive extended care unit included in the second phase of the development plans is the possibility of a senior citizens' village.

Underground tunnels will be installed to connect the various buildings when the intensive extended care unit is built.

The building complex will be built on high ground in the area formerly known as the peat marsh. An artificial lake will be created around three sides of the complex to provide proper drainage of the site.

ARTIST'S SKETCH of the Chelsea Medical Center on which construction will start immediately in the area adjacent to Pierce Park shows the medical office building, center front, the dental office building, right front, the pharmacy, left, all of which are included in the first phase of the building plans. All are scheduled to be completed in 270 days. The large star-shaped structure in the center background, an intensive extended care unit, is

included in phase two of the plans and will not be built at this time. All the structures will be located atop high ground. Parking lots, patio areas, and the artificial lakes surrounding the buildings on three sides may be seen in the foreground. Main Street will parallel the left edge of the photo. Great care was exercised when clearing the land to save all trees more than four inches in diameter in order to preserve the natural beauty of the spot.

Extensive beautification of the grounds is planned. The wooded area shown in the background, also part of the 70-acre site, will be reserved for future expansion, possibly including a senior citizens' village. Ground-breaking ceremonies for the center are set for Sunday, Oct. 23, at 4 p.m. Appropriately, Oct. 16-22 has been designated "Community Health Week" in Michigan.

Industries Vie for Award of Chest-UF Flag

Plants Divided into Two Groups in Competition for Best Participation

The Chelsea Community Chest and United Fund flag drive is in its annual fund-raising phase. On Tuesday with the appearance of Chest officials at the Chamber of Commerce luncheon.

Special emphasis will be placed this year on the industrial division of the drive, headed by Don H. Neff, chairman, and Arden Muebach, co-chairman.

Chelsea area manufacturing plants have been divided into two divisions—those employing more than 50 persons and those employing less than 50.

Included in the first group are Central Fibre Products Co., Chelsea Manufacturing, Chelsea Milling Co., Chrysler Corporation, Dana Corporation, Federal Screw Works, Fortune Industries and Rockwell-Standard Corp.

Group two, composed of those firms with less than 50 employees, includes Blass Elevator Co., Chelsea Grinding, Chelsea Heat-Treating, Inc., Detroit Abrasives Co., Longworth Plating Service, Production Machine, Three-D Sales and Service, William A. Thomas Co., Industrial Plastic Specialists Co. and Lima Co., Inc.

United Fund flags will be awarded to two companies, judged upon a formula of company pledges, employee contributions and contribution of total employment.

One of the flags will be flown from the Post Office flag pole during the Chelsea Community Chest Drive ending Nov. 11.

Goal for the drive is \$10,785, \$2,000 more than the previous year.

The Red Feather was erected at the Chelsea Post Office on Wednesday. Local residents may watch the progress of the drive by keeping an eye on the feather.

CHELSEA OCTOGENARIANS: Honored guests at the Monday evening meeting of the Chelsea Kiwanis Club were these 16 men, all of whom are over 80. Included in the group are, seated from left: Albert Chambers, Gottlieb Sager, Dennis Talant, Peter Kinsey, Leigh Palmer, Albert Plemeier and the Rev. M. W. Brueckner; standing are Arthur Sias, Harold Gracey, Joe Drever, Frank Abdon, Rha Alexander, Ray Culhane, M. J. Dunkel, William Stewart and George Knoll. The ages of these youngsters total 1,334 years, an average of 83 years.

Half-Day Holiday Set So Teachers Can Catch Up!

Chelsea school students will enjoy a brief vacation today, Oct. 20, when school dismisses at noon for the first of five in-service faculty meetings.

The holiday is the first of the new school term for students. Classes will resume as normal tomorrow (Friday) morning.

The next scheduled vacation is a four-day week-end on Nov. 3 and 4, to allow teachers to attend teachers' conventions.

Bulldogs Pull Upset Victory Over Dexter

Victory Secured in Final 4 Seconds When Fumbled Pass Is Recovered

Chelsea High school defeated Dexter Drednoughts Friday by the score of 13 to 7, before a large crowd of enthusiastic homecoming fans. This was the Bulldogs' second victory of the year; both wins being conference games while their three losses were to non-league foes.

The first half was played to a scoreless tie as both teams couldn't cross the goal line. Dexter did drive down to Chelsea's two-yard line with first and goal to go, but the Bulldogs dug in and held for four downs. Leading this defensive stand were Roy Holiday, Jeff Hitchingham, Greg Stephens and Larry Gaken.

The Bulldogs never really threatened to score in the first half.

The second half started with Chelsea kicking off to Dexter. The return by Dexter was to their 85-yard line. Taking 15 plays and about seven minutes of the period, Dexter moved in with Dana Jones scoring the go-ahead TD with a run of 18 yards around end. The extra point attempt was good and Dexter led, 7 to 0.

The Bulldogs returned the following kick-off to their 38 and then picked up three first downs to Dexter's 35. Here the drive died as Chelsea was forced to punt to Dexter's seven-yard line. The defense held and Dexter was forced to punt into the wind.

Chelsea then took over on Dexter's 26-yard line. A pass from Bill Harvey to Roy Holiday, who pitched back to Craig Houle, picked up eight yards. Bill Harvey ran for six, giving Chelsea another first down. Ron Montague picked up two and Bill Harvey six yards. After losing one yard Chelsea was faced with fourth and three for a first down and five yards for a TD. Here Bill Harvey dropped back to pass, throwing a short pass to Mike Harvey over the middle. As Mike reached the two-yard line he was tackled and fumbled, Mike Gaken, standing at the right spot, caught the fumble and stepped into the end zone for Chelsea's six points. Bill Harvey sneaked the extra point and the score was tied 7 to 7.

Chelsea then on-sides kicked to Dexter with Larry Gaken recovering the loose ball for Chelsea. The (Continued on page eight)

Church Dedication Services Set Sunday by St. Paul Congregation

Two Special Services Arranged; Public Invited to 3:15 Open House

Dedication of the new building of St. Paul United Church of Christ, 14000 E. US-12, is set for next Sunday, Oct. 23, with two services and two guest speakers scheduled; also, open house for all people of the community beginning at 3:15 p.m.

At the Sunday morning service at the usual hour of 10:45 a.m., the Rev. Warner H. Siebert, pastor of the church, will dedicate the new facility and Dr. Duane Vore, Michigan Conference minister, will deliver the sermon.

A "festival service" will be held at 2 p.m. Speaker for this service is to be Dr. Gerhard Grauer, pastor emeritus of St. Paul United Church of Christ in Chicago and a former moderator of the United Church of Christ on the national level.

Dr. Vore has held many offices in the denomination including chairman of the Christian Higher Education Fund committee; member of the Conference Board of Trustees; and president for three years; member of the Board of Directors of the Board of Home Missions; and a member of the advisory board of the Kalamazoo Association and moderator for the Association. He also has been active in civic and community affairs.

His sermon topic for the dedication service is to be "How Shall We Meet The Future?"

Dr. Grauer served only two churches in his 44 years in the ministry—Phillipus in Cincinnati, O., 19 years and St. Paul's Chicago, 25 years. In addition to his service as moderator of the UCC, he served as chairman of the Constitution Committee which prepared the constitution for the United Church of Christ following merger of the Evangelical and Reformed and the Congregational Christian church bodies in 1963; was vice-chairman of the Ecumenical Committee of the merged church body; past president of Cincinnati and Chicago church federations; and a member of the board of Eden Theological Seminary, Webster Groves, Mo., for more than 15 years.

Dr. Grauer's sermon topic at the afternoon festival service, based on the scriptural passage in Matthew 16, verse 18, is "I Will Build My Church."

Open house, to which all people of the community are invited, will follow the afternoon service.

The special week-end at St. Paul church begins with a social gathering for the congregation Saturday evening, including a co-operative dinner at 6:45 p.m. followed by official turning over of the keys to the building committee to the church board. The program also will include remarks by the architect, A. James Smith of Tecumseh.

On the dedication committee are Mrs. John Peterson, chairman; Ernest Gauss, Mrs. Margaret Dietle, Earl Guenther, Mrs. Ellsworth Smith and Joan Dietle.

The building committee included George Knickerbocker, chairman; Mrs. Louis Burghardt, Mrs. Henry Karner, Carl Mayer, Lawrence Gorton, Julius Blass, Howard Flintoft, Paul Schable, Jr., and Ernest Guenther.

Three Injured In Area One-Car Auto Accidents

Three persons were taken to St. Joseph Mercy Hospital in Ann Arbor this week-end following one car accidents in this area.

Imogene Jones, 50, of Waterford, Mich., and a passenger in her car, Lucille Sjoberg, 44, of Pontiac, were both taken to St. Joseph Mercy Hospital Saturday afternoon after the car they were riding in was nearly demolished in a wreck on I-94 east of Fletcher Rd. in Lima township.

The car was westbound on the interstate highway when a tire blew out, causing the car to roll out of control, sail onto the median strip and roll over, according to Washtenaw County Sheriff's officers.

(Continued on page eight)

UNITED FUND FLAG displayed is one of two that will be awarded to winners of the Industrial division of the 1967 Chelsea Community Chest drive. Heading the Chelsea Community Chest campaign now underway is Roland Eder, left, chairman.

THE LANSING REPORT
FROM
senator
GIL BURSLEY

Sometimes it behooves us to look at statistical trends in our state. Let's review the progress made during the decade of the sixties.

We started with a reputation as a bad state in which to do business. We had much unemployment and a \$200,000,000 deficit.

Today we have an accumulated surplus of over \$100,000,000.

We have seen 100,000 more people at work each year.

Big business in Michigan has spent hundreds of millions for plant expansion in the state.

Our legislature has appropriated record sums for educational and health purposes.

In the past six years, state support to the School-Aid Fund has risen from \$6 million to \$28 million; appropriations to the University of Michigan have gone from \$45 to \$58 million; for Eastern Michigan from \$3 to \$8 million; money for new buildings has gone from \$8 million in 1961 to \$42 million this year.

All this has taken place while we balanced our budgets and operated in the black.

Population rises with 50,000 more children in our public school each year. The number in state colleges and universities has doubled during the decade.

Our tax base is increasing with statewide property assessments rising from \$95 to \$28 million. Total personal income of Michigan residents is now close to \$25 billion annually and the value of goods and services exceeds \$31 billion. This would make us rank 11th among the nations of the world in productivity.

Let's look at the national health picture. We've increased appropriations from \$75 to \$115 million during the six years, but with greater emphasis on home and community care, we've been able to reduce the hospital population of Michigan from 21,000 to 16,000. The figure for the mentally retarded has risen from 81,000 to 82,000.

Since 1962, we've had no significant changes in tax rates but our revenues have nearly doubled as a result of high employment and general prosperity. Automotive manufacturing is still our leading economic factor, but incomes from agriculture and tourism are now business in their own right.

Yes, our state is doing well. And we must be proud of it.

★ MICHIGAN MIRROR ★

By Elmer E. White, Secretary, Michigan Press Association

Pre-Trial Data
Questions of newspaper coverage of criminal activities and court proceedings are discussed in many quarters these days.

Biggest question involved is whether an accused man can get a fair trial, as defined by recent court decisions, with the amount of publicity circulating details of the crime.

Another basic question: Should or can the courts, or anyone else, restrict the press in its attempt to inform the public? Both the Michigan and American Bar Association have had these questions before them in recent weeks.

Michigan newsmen note that it is seldom much of a problem in this state.

Almost a year ago, Michigan Supreme Court Justice Thomas M. Kavanagh and Attorney General Frank J. Kelley both agreed there was little difficulty of this sort in Michigan.

Both indicated any guidelines deemed necessary should be directed at the law enforcement function.

ily rather than at the press itself. Guidelines set down last year by the U. S. Justice Department said law enforcement spokesmen should refrain from making any statements which might influence the outcome of a defendant's trial. Justice Kavanagh indicated these guidelines might suffice.

"I have not seen any consistent outcry against these guidelines as impinging freedom of the press," he said.

Kelley told newsmen any curbs he might recommend would be aimed at prosecuting attorneys and law officials. "I have no business telling you how to conduct your affairs," he told members of a professional journalism society.

Judge George C. Edwards, Jr., of the U. S. Circuit Court, feels strongly that restricting court information is "the most dangerous threat to the American ideal of free speech and press since the days of Joe McCarthy. He argues that such dangers become obvious when 'we give thought to the problems posed in past (and present) history by prosecutions corrupted against the public interest by organized crime or by such pressures as the Ku Klux Klan in some states.'"

A former editor of a prison newspaper, now paroled, wrote that given the choice of trials without reporters or with them, he would choose the "protection" of reporters and risks of publicity rather than face police treatment in secret.

As the courts have said, most notably in the Dr. Sam Sheppard and Jack Ruby cases recently, the rights of the accused must be guaranteed and protected. So also must the constitutional guarantee of freedom of the press. In both cases of police and court officials had acted within laws and procedures already in effect, there would be no issue of retrial.

Better Youth
Emphasis upon education beyond the high school level has become a goal of many years.

For this reason, More Education, More Opportunity, has become the title for a new organization aimed at helping youth continue their schooling and thus become more valuable members of their communities.

MEMO, as the organization promotes itself, is currently surveying all of Michigan's 120,000-plus high school seniors to learn how they rate themselves as future citizens.

Students are asked whether they plan to continue their education. If not, why not; and what might be done to encourage others to go beyond the high school training level?

Answers provided by the questionnaire might lead to encouragement for a student in financial need; just moral support for additional study; or directional guidance in the field of interest.

A side benefit of the study could also affect Michigan's school dropout problem, since the students are also being asked what they think could be done to encourage others to finish their education.

From initial advertising around the state, MEMO director, Gordon A. Sebring, a vice-president of Michigan State University, reports that about 1,000 students had

safe side, Mister Editor, a candidate for reelection skips over the matter of sizes and prices.

One of the main things he has got to stress in these days and times is them benefits. If all the people they got living off the Government or working for it votes for a candidate, he has got a ready-made landslide.

And I have took note that some of the new candidates around the country ain't too smart in these matters. I heard one fuller say on television he was in favor of making money and credit so tight it would be as hard to get it as to pay it back. That fellow, Mister Editor, ain't got a chance.

But politics in the Great Society was getting mighty complicated. I don't understand a law enough to discuss 'em, but I shore am enjoying my ignorance.

Yours truly,
Uncle Lew.

4 Years Ago

Thursday, Oct. 18, 1962

The Chelsea Bulldogs downed the Blueknives 46-0, Friday evening. Jack Howard carried the ball for the first Chelsea score of the game. In the second period Chelsea scored twice with Dick Laubon capping a 65-yard drive by going over from the two, and Jeff Flintoff putting the icing on another Bulldog drive by scoring from the three-yard line.

Robert G. Barlow is now associated with the A. D. Mayer Insurance Agency and will be moving to Chelsea soon. Barlow, formerly of Grand Rapids, will assist Mrs. Mayer who has been in charge of the agency since the death of her husband. For the past 13 years Barlow has been with the Hanover Insurance Co. which Mayer Agency has represented for many years.

Leigh Palmer, the only Ford dealer in Michigan who has been in business continuously for 50 years, was presented a plaque last week by representatives of the Ford Motor Co. in recognition of "the honor."

Thirty-one grads from the Class of 1962 are seeking higher education at 16 different colleges.

Three 1962 grads, Duane A. Weiss, Paul Schramm, Jr., and Lemis Beach, have enlisted together in the U. S. Navy.

Deaths during the week included Miss Edna Wackenhut, Mrs. George Hinderer and the Rev. W. T. Blewett, who served as pastor of St. Thomas Lutheran church for more than 20 years.

Miss Carolyn Kalmback, Chelsea sophomore at Michigan State

before reporting to camp, Kilmee, N.J., from where he will be sent to Europe.

Gordon Fouty, 13-year-old son of Mr. and Mrs. Earl Fouty, was struck on the forehead, left wrist and right elbow when a gun was accidentally discharged at the Fouty farm home on Cavanaugh Lake Rd. Thursday afternoon.

Chamber of Commerce officials received confirmation yesterday that Gov. G. Mennen Williams will attend a special dinner meeting of the group on Thursday, Oct. 25, in St. Mary's Hall.

Earl Keller, 11-year-old 4-H club member, received the grand champion and reserve champion awards on two steers he exhibited at the Chelsea Community Fair. The grand champion, a Hereford weighing 1,050 pounds, was sold to Ziegler's Market of Dexter for 54 cents per pound. Central Fibre Products paid 40 cents per pound for the reserve champion, a Short-horn, weighing 1,170 pounds.

Work on the new grade school has progressed steadily during the past few weeks and it now appears that completion will be possible by the end of November.

The Federal Screw Works warehouse building is now under construction on its property on the west side of Congdon St. across from the present office building.

Two new cases of polio were reported from the Chelsea area this week. Michael Schneider, six-year-old son of Mr. and Mrs. Herbert Schneider, was stricken Saturday, and Richard Buss, 16-year-old son of Mr. and Mrs. Clarence Buss, was hospitalized Tuesday morning.

Both are at University hospital, Ann Arbor. Both boys live on Waters Rd., near Rogers Corners. Mrs. James Gaken, whose case was reported last week, is improving and is to be out of quarantine this week and will be given physiotherapy treatments, the Health Department report states.

A basic music program is being instituted in the fourth and fifth grades of the Chelsea Agricultural schools, following its approval at the meeting of the Board of Education Tuesday evening.

Mr. and Mrs. Ross Munro and Mr. and Mrs. Wilbert Breitenwieser entertained 20 guests on Monday evening, the occasion being the 10th wedding anniversary of both couples.

PRACTICING

Practice doesn't always make perfect. But it does, with the proper amount of application, upgrade performance.

The merchant doesn't consider his day-to-day transactions as "practice," but such is the case. If he performs in a satisfactory manner, his business grows and so does his reputation as a good man to do business with.

Most of the established firms in our community have been built upon the idea that a satisfied customer today is a repeat customer tomorrow. This is an idea that makes plenty of sense. You, as a customer, are going to take your business where you find quality, service and satisfaction. If one of these elements are missing, you will probably take your business elsewhere.

If you have not recently provided local business people with the opportunity to serve - and to please - you, do so soon. We think you'll be glad you did.

Trade at Home for Your own skill and community progress

Understanding your HEALTH

By Albert E. Heustis, M.D. Director
Michigan Department of Public Health

Did you ever think of your health department in terms of "community" physical health? Well, it is — in a manner of speaking. Just as your doctor is concerned about the health of individual patients, your health department is concerned with the health of the entire community.

In order to help assure the community's well-being, your health department conducts a variety of health screening programs. For example, the very air you breathe for health hazards. And again, as a "community" health department, it conducts health screening programs to discover suspected cases of such diseases as tuberculosis, diabetes, cancer, and many childhood afflictions. Folks who have signs of these and other diseases are referred to a private physician for treatment.

In general, it is the local health department that actually provides services directly to people, while at the state department, of health, primarily are by supplementing local facilities, resources, and providing coordination in various health levels. And we also have special functions like our public health laboratories which provide many essential services of health departments. We have, in Michigan, health departments serving single counties, city-county combinations, and multi-county districts. All of these local health systems of a lifetime of health protection for everyone in the community. These services range

child health consultation and safeguarding food to assuring proper disposal of wastes and conducting health screening programs.

As you might guess, the wide range of services offered cannot be completely financed on the local level. Although in Michigan we subscribe to the concept of local leadership, initiative, and responsibility, we realize that certain services come high. Fortunately, the community is aided by both state and federal funds to help finance its activities.

Each county with an approved health department receives a state grant of twenty cents per capita or at least \$8,000 to aid it in providing basic services. In addition, federal funds, called "formula grants" are also allocated to local departments. Special project funds are also appropriated by the legislature and Congress for special new programs.

Our state, through local health departments, and the state department of health, has some of the finest public health programs in the nation. This is not only a tribute to all of the individual health departments, but also to the coordination and cooperation between them. Their function is truly a combined effort, even though they are financed and administered by several different levels of government.

On Halloween, millions of Americans Trick-or-Treaters will share in UNICEF's Nobel Peace Prize. Their fun will save other children's lives.

Gridders of the Week

HALFBACK KIM FLINTOFF, number 22, is playing his third year on the varsity football team. A good blocker, Kim plays defensive halfback and wingback. In addition to football, in which he has lettered, he has also played varsity basketball. Vice-president of his senior class, Kim is also active in the Key Club, was selected when a junior for the National Honor Society, and is active in the Hi-Y Club. He attended a YMCA camp at Torch Lake this summer, is a member of St. Paul UCC and the Senior Youth Fellowship of that church. In his spare time, he works at Schneider's Grocery and enjoys boating and water skiing. Kim hopes to go on to college next year but plans are indefinite. He is 5' 8", weighs 150 pounds, and is the son of Mr. and Mrs. Howard Flintoff, 610 S. Main St.

and low hurdles in track. He is a member of the Key Club, Hi-Y Club, Varsity Club, Ski Club, St. Paul UCC and the Youth Fellowship of that church. In addition to all his activities, he likes to water and snow ski and also works for Dr. W. C. Lane, Chelsea veterinarian, on Saturdays. Mark is the son of Mr. and Mrs. Charles M. Lancaster, 607 Washington.

END JOHN BERGMAN, number 87, sidelined earlier this season with an ankle injury, played the entire Dexter-Chelsea game on the defensive team. For three years, John served as manager for the varsity squad and now is playing his first year with the team. He lettered last year with his performance as a pole vaulter on the track team. John is a member of the Varsity Club, the Hi-Y Club, Athletic Board, Trip Club and the Salem Grove Methodist church. A senior, his plans include college, where he hopes to major in math to prepare him to teach math. John enjoys hunting small game and deer. He is the son of Mr. and Mrs. Howard L. Bergman of 15642 Cavanaugh Lake Rd. He is 6' and weighs 160 pounds.

ONE-MINUTE SPORTS QUIZ

1. What was Baltimore's final lead at the end of the season?
2. Who won the Air Force-Navy game?
3. Who won the U. S. Grand Prix?
4. Who is Jim Nash?
5. Who won the North Carolina-Michigan college football game? (Answers on page six)

HONEST TAILOR — While checking clothes at a cleaners, Ray Cohen, a tailor, felt a lump in a suit pocket. Cohen, 21, found \$2,500 in cash. The owner, a party in a Miami bar, was unaware the money was in the pocket and had not missed it. Cohen received a \$50 bonus.

A UNICEF Halloween "treat" of 75 cents cures a young victim of leprosy.

Village Council Brifes...

(Continued from page two)

The Council on the Village Planning Commission.

Discussion with Edwin Gaunt regarding problem with an 18-foot well on his property at the corner of Sibley and Werker Rds.

Discussion with Drs. Papo, Stubbs and Botsford and architect, Arthur Lindauer regarding Medical Center request entered for assistance in construction of a water line and road to service the area. Village Engineer Peter Kurzy to be contacted for necessary specifications for a roadway.

Discussion held regarding sanitary sewer system connections necessary for Medical Center. Council was advised by sanitary engineer that the S. Main St. sewer should be adequate for the facility but should the sewer system become overloaded at some future date it will be necessary for the Medical Center at their expense to reconnect the facility at a location acceptable to the village and its engineer.

Motion made that the Village of Chelsea construct a water main approximately 1,000 feet in length west from S. Main St. to service the Chelsea Medical Center upon completion of a roadway as approved by village engineer.

Motion made to enter into agreement between Village of Chelsea and Chelsea Medical Center to allow temporary access and egress to Chelsea Medical Center property through Pierce Park, subject to conditions as set by the village.

Entered agreement between Chelsea Village and Dana Corp. regarding parking area for Veterans Park.

Bids received for tractor type mowing and snow removal equipment. Motion to accept Chelsea Hardware bid for 10-hp. Simplicity, fully equipped tractor at a cost of \$899.00.

Trustee Chapman announced that police officer, Charles Sharpe, is no longer employed by the village.

Motion to pay \$81,330.00 to Finkbeiner, Pettis & Sprout to apply an engineering service for sanitary sewer on Sibley Rd.

School Board Briefs

The Chelsea School Board met Monday evening in the Board room at Chelsea High School. Present were Clare Warren, Robert Foster, H. Charles Powers, Donald Irwin, Herman Kusun, and Charles Lancaster.

Motion by Irwin, seconded by Kusun, to pay bills of \$10,267.26.

Motion by Lancaster, supported by Irwin, to accept the revised budget for 1966-67 as presented by Business Manager Fred Mills. A copy of the revised budget is available at the superintendent's office or the business manager's office.

Report was given by Business Manager Mills on the 1965 building and site fund and the 1956 and 1965 debt retirement funds.

Report by Art Stoll on the Washtenaw County Vocational Technical Study Committee.

Report on the building program. The additions hopefully will be completed by Thanksgiving.

Report on the Title I project for two library aides and two remedial reading teachers. All have been hired.

Supt. Charles Cameron read a letter from the YMCA regarding the gift from the Class of 1966.

Motion by Powers, supported by Irwin, not to go on record as supporting the proposal for a juvenile home and not to act as a distribution center for materials on the issue. All ayes. (The Board members do not feel that the Board has a responsibility to become involved in issues not directly related to education.)

Motion by Kusun, supported by Foster, that the administration have control over parking of automobiles and all other ordinances necessary for control of automobiles on school property. All ayes.

Business manager Mills was directed to obtain bids for blacktopping an additional section of the parking lot.

Meeting adjourned at 11 p.m.

Personal Notes

Mr. and Mrs. Martin Gottschling of Orlando, Fla., visited his sisters, Mrs. Ann Thayer and Mrs. Albert Zink and family Wednesday, Thursday and Friday of last week.

Mrs. Henry Werner accompanied her cousins, Mr. and Mrs. Clifford Winkelman of Blissfield, to Chelsea where they were week-end guests of another cousin, Mrs. Esther Ward.

A baby is a little bit of heaven joined to earth.

VILLAGE OF CHELSEA

PUBLIC WORKS DEPARTMENT

You don't believe a 6 can act anything like an 8?

With our new Overhead Cam Six you'd better believe it.

Our OHC 6 delivers 165 hp on regular gas. And 215-horse from the premium gas 4-barrel version. Most American sixes (and some underprivileged V-8s) don't even come close. Expensive European sports machines do, but they're overhead cams, too. In fact, they inspired us. Our OHC 6 is standard on all Tempests and Le Mans. So are a host of new safety features like passenger-guard door locks. General Motors' new energy absorbing steering column and a four-way hazard warning flasher. We've said enough. If a test drive won't sell you, nothing will.

67 Pontiac OHC Sprint/Ride the Wide-Track Winning Streak

See your authorized Pontiac dealer for a test drive.

THE CAMPAIGN TRAIL: Charles F. Gray, who is running for re-election as the state representative for the 52nd district, and Thomas M. Gray, second from right, running for re-election as Michigan Supreme Court Justice, visited the townships of Augusta, Salem, Superior, Webster, York and Ypsilanti, in the Michigan legislature. With them are Wallace Wood, center, a member of the Washtenaw County Democratic Executive Committee, and Dennis Tallent (right), Democratic chairman of Sylvan township. On the steps is Peter Darrow, an Ann Arbor attorney and former Washtenaw County Democratic Committee chairman. Kavanaugh, who is presently Chief Justice of the high court, is running on a non-partisan ticket.

Halloween Party Plans Underway

The Halloween Party sponsored annually for children of the Chelsea community by the Chelsea Kiwanis Club will be Monday, Oct. 31, according to Charles Lancaster, Kiwanis chairman for the party.

All children are to assemble at the Junior High school gym on East St. at 6:30 p.m. Noisemakers will be handed out and the parade will start at 7 p.m. The parade will go up Main St. to E. Middle St., back to East St. and then to the village parking lot, where the seventh and eighth grade bands will play.

Cider and donuts will be furnished and prizes awarded for the most comical, most original, spookiest, and most typical Halloween costumes. Costumes will be judged in the gymnasium at the Junior High school before the parade begins.

Serving on committees for the evening are Robert Foster, George Staffan, Jack Wellnitz, Louis Allen, Lloyd Heydlauff and Fred Pearsall, noisemakers committee; Julius Blass, Clarence Pendley and Clare Warren, parade committee; M. J. Anderson, judging; John C. Dettling, prizes.

H. T. Moore, L. M. Burghardt, James K. Daniels, Anton Nielsen and John Pherson, set-up.

William Freeman, George L. Palmer and Harold Jones, stage; George Heydlauff, public address system.

Robert L. Daniels, Don "Alaska" Turner and Floyd Rowland, cider and donut holders; Paul F. "Jerry" Niehaus, program; Walter Leonard, publicity.

Luther M. Kusters, John Fall, James Liebeck, William Rademacher, Paul G. Schibbe, Jr., Paul Mann, Bruce Stubbs, Charles Cameron, Ralph Guenther, Gene Miller, K. C. Runciman, James Shadown, Walter Zeeb and Robert Barlow, elder and donut servers.

Wallace Wood, William Collins, Jerome Cussey, Thomas Smith, John P. Keusch, Edwin Greenleaf, Robert Merkel, Richard Schaubles and Jervold Houmest, clean-up.

In other business at the Monday evening dinner meeting, the chairman of the Kiwanis pancake supper scheduled for Monday, Nov. 7, William Rademacher, announced that Wallace Wood has been appointed ticket chairman and that the ticket would be distributed at the next Monday evening meeting.

William Freeman, chairman of the Ladies Night Christmas Party on Dec. 6, asked for a showing of hands as to whether the party should be held locally or out of town. Since the group was about evenly divided, the committee will decide the location.

Paul Mann, chairman of the Ocotoganian Night, introduced the following 16 men whose ages totalled 1,334 years: Gottlieb Sager, 83; William G. Stewart, 82; D. J. Tallent, 81; John George Knoll, 81; Frank Abdon, 84; Rha Alexander, 82; Albert Chambers, 81; Peter Kinsey, 82; Albert J. Plei-meier, 84; R. A. Culhane, 81; M. J. Dunkel, 82; the Rev. M. W. Bruckner, 80; L. G. Palmer, 84; Harold C. Gracey, 83; Arthur Sias, 83; Joseph C. Dryer, 82.

Clare Warren, program chairman, introduced William Rademacher, who spoke on county building addition and the county juvenile center which voters will be asked to approve at the Nov. 8 election. John Fall spoke on the county medical care facility which will be on the same ballot.

Wallace Wood introduced Edwin J. Oram and George Scrivener as guests. Tom East, Lee Houck, Han Rockwell, all of the greater Ypsilanti Kiwanis club, were guests and President Rockwell left tickets for the annual football game at Briggs Stadium at Eastern Michigan University. The funds raised are used for scholarships to the University.

CARD OF THANKS

I wish to thank my relatives, friends and neighbors for the flowers, cards and many calls I received during my stay in the hospital.

Howard Boyce.

Some 22 million persons have been saved from the blindness of trachoma with UNICEF's help. American children will Trick or Treat for UNICEF on Halloween.

1966 HOMECOMING QUEEN: Anita Wenk, senior, waves to spectators after receiving the crown from the 1965 Homecoming Queen, Sharon Stahl. Miss Wenk, daughter of Mr. and Mrs. Norman Wenk of 2881 Fletcher Rd., is a cheerleader, secretary-treasurer of the athletic board, a member of the National Honor Society and the Annual staff. She is also a member of the Luther League of Zion Lutheran church of Rogers Corners. The blonde, blue-eyed queen wore an empire-styled gown with a royal blue velvet top and light blue crepe skirt accented at the waistline with a dark blue velvet ribbon which fell in streamers in the back. Miss Wenk was presented one dozen long-stemmed red roses and a white football autographed by each member of the football team. As part of her duties, she also reigned at the Homecoming dance at the High

Draft Boards Not Ruthless, U. of M. Dean Contends

Today's college student in general wants to be part of an action generation.

"They want to play an active part in the determination of their own destinies," says Harold M. Dorr, dean of state-wide education at the University of Michigan.

Dorr, who has been a member of the Ann Arbor Selective Service Local Board No. 35 since 1943, doesn't see current student protests and demonstrations as an en masse rebellion to United States involvement in Asia.

"I don't think that the people on campus carrying signs protesting the Vietnam affair or the draft represent as much as one percent of the students at the University," says Dorr, "and as a draft board member, I have seen no indication of any substantial opposition to U.S. actions abroad."

University students, Dorr feels, just do not want to be part of the "silent generation" that followed Korea.

"At the same time," he explains, "they don't want to be merely a loud generation either. They want to take an active part in society."

As a result, much of the "ecological energy" of previous decades such as rooftop swallowing has faded or has been remolded into the more realistic present-day demonstrations.

The only real problem that Dorr sees here is among more students who attempt always to substitute individual judgments for group judgments and thus fail to integrate the activities with the main currents of the social order, either in support of or in opposition to. Their contributions are likely to be negligible, Dorr maintains.

Dorr notes also a slight trend by young men who allege opposition to the Vietnam affair to evade involvement by seeking the "conscientious objector" classification on grounds of personal convictions—either moral or philosophical rather than purposes for which the classification was once intended.

The U-M dean also mentions the lack of an "organized resistance" to present Selective Service procedures.

"As far as we can see at the draft board, students are asking their schools and college to forward certification to us that they are satisfactorily progressing toward a degree."

Student deferments, Dorr explained, are generally based on the full-time student's class rank

INTEREST RATE UP

The Veterans Administration and the Federal Housing Administration has increased interest rates permissible on loans guaranteed by them to the maximum of 6 percent. This increase applies to loans not already applied for under the National Housing Act.

JOHNSON ON SPENDING

President Johnson has asked governors to hold down state spending as part of his anti-inflation drive. The President's goal is to cut Federal spending by \$3,000,000,000 in the current fiscal year.

ON DRAFT DEFERMENTS

Selective Service officials have confirmed the report that some young men 20 to 35 who had draft deferments may be called to military service. Physical examinations have been ordered for about 50,000 now classified 1-A or 1-A-O.

DIRKSEN ON WAR

Senator Everett M. Dirksen predicts that the war in Vietnam will have to be expanded soon. The Illinois Republican does not expect the President to use nuclear weapons, but he thinks the war cannot continue at the present pace.

BIRTHS

A son, Christopher John, to Mr. and Mrs. Alton A. Grant, Jr., of 2710 Fletcher Rd., Oct. 15 at St. Joseph Mercy Hospital in Ann Arbor. Grandparents are Mr. and Mrs. Alton Grant, Sr., 44-3980, Chelsea, Mich. and Mr. and Mrs. E. A. Koehn of Dearborn. Lydia Zahn of 2220 Rantz Rd., Chelsea, is the great-grandmother.

A son, Daniel Scott, Oct. 17 to Dr. and Mrs. Jerry L. Waldyke of 47 Washington St., Chelsea.

Robert Breitenwischer, his wife, Jean, and children, Kirk and Scott, were in Chelsea last week while his mother, Mrs. Wilbert Breitenwischer, underwent major surgery at St. Joseph Mercy Hospital in Ann Arbor. She underwent surgery Tuesday and is still a patient at the hospital. Robert and his family returned to their home in Taylor, Tex., on Friday.

DEATHS

Mrs. Frank Lachowitz Had Operated Flower Shop Here for Past 25 Years

Ruby Mae Lachowitz, 67, 710 W. Middle St., Chelsea, died at St. Joseph Hospital on Oct. 14. She had been a patient at the hospital since Aug. 29.

Born in Mt. Sterling, Ky., on June 27, 1899, she was the daughter of Mr. and Mrs. John Wilson. She and Frank Lachowitz were married Sept. 11, 1927 at Toledo, O. and for the past 25 years they have operated the Sylvan Flower Shop in Chelsea. He survives, as do several nieces and nephews.

Funeral services were Monday, Oct. 17 at 1:30 p.m. at the Staffan Funeral Home, with the Rev. William A. Johnson of the Chelsea Methodist Home officiating. Burial followed in Oak Grove cemetery.

Miss Mac Louise Clark Oldest Methodist Home Resident Dies Saturday

Miss Mac Louise Clark, 94, died Oct. 15 at the Chelsea Methodist Home. She was the oldest member of the Home at the time of her death. She came to the Home Sept. 27, 1943, from St. Clair.

Born in Forestville on Jan. 5, 1872, she was the daughter of John and Linda Higgins Clark. Miss Clark worked in orphanages in South Carolina and Michigan and as a deaconess for the Methodist Church in Michigan.

Funeral services were Monday at 10 a.m. at the Chelsea Methodist Home chapel, with the Rev. Leroy J. Ford, assisted by the Rev. James G. Glick, officiating. Burial followed in Oak Grove cemetery. Chelsea. Funeral arrangements were by the Staffan Funeral Home.

Mrs. Carol L. Price Long-Time Area Resident Dies Last Thursday

Mrs. Carol L. Price, 79, of route two, Chelsea, died Oct. 13.

She was born Sept. 17, 1887 in Tuscola county, a daughter of Karley and Carrie Shaffer Sherman. She had lived in this area for the past 50 years.

Mrs. Price was a member of the Bethel AME church. Survivors include one brother, Moses Sherman of New London; five sisters, Mrs. Dorothy Summers of Cass City, Mrs. Marie Moore and Mrs. Lucinda Gray of Chelsea, and Mrs. Mary Decker and Mrs. Ruby Baker of Ann Arbor; several nieces and nephews.

Funeral services were Monday, Oct. 17, at 1 p.m. at the Bethel AME church in Ann Arbor. Burial followed in Forest Hill cemetery, Ann Arbor.

Robert Weber Earns Master's Degree at EMU

Robert L. Weber, son of Mrs. William Weber of 210 Shoreview Dr., and the late Mr. Weber, completed a master's degree in literature during the past summer at Eastern Michigan University in Ypsilanti.

Weber, a 1958 graduate of Chelsea High school, is teaching at Pinckney High school this year. Graduate degrees were awarded to 208 students who completed requirements during the summer session.

Of the graduates, 283 are from Michigan, 14 are from other states and one is from Canada. The 283 Michigan graduates represent 87 communities in the state.

Fifteen candidates received the new specialist degree, which represents 32 semester hours' work beyond a master's degree.

Mrs. Lewis Eschelbach Life-Long Area Resident Dies in Ann Arbor at 98

Mrs. Caroline Eschelbach, 98, 811 Wilton St., Ann Arbor, died Oct. 14 in Ann Arbor.

Born in Freedom township on May 11, 1868, she was the daughter of Michael and Barbara Haist Hinderer. She married Lewis Eschelbach on Oct. 30, 1884, at the Zion Lutheran church at Rogers Corners. She was confirmed at that church on April 30, 1882. Her husband died May 24, 1949. They had lived in this area all of their married life.

Survivors include four sons: Albert of Lima township, Alfred of Ann Arbor, Rudolph and Alvin of Chelsea; three daughters: Mrs. Bertha Horning of Manchester; Mrs. Fred (Amanda) Fauerbach of Bridgewater, and Miss Clara Eschelbach of Manchester. One son died in infancy. Eleven grandchildren also survive.

Funeral services were held at the Zion Lutheran church at Rogers Corners Monday, Oct. 17 at 3 p.m., with the Rev. C. J. Renner and the Rev. Fred Holtfreter officiating. Burial followed in Rogers Corners Zion Lutheran cemetery. Arrangements were made by the Staffan Funeral Home.

Cecil E. Betts Dies Wednesday, Oct. 12 At Tucson, Ariz., Home

Cecil E. Betts, 77, of 522 W. Rilleto, Tucson, Ariz., died there Oct. 12.

Survivors include his widow, Betty, two sons: Wesley of Chelsea and Esmond of Alamogordo, N.M., one brother, Wesley J. of Stockton, Calif.; three sisters: Mrs. Dora Lince of San Francisco, Calif., Mrs. Alvin Rowell of Abrahams, Wis., and Mrs. Fred Sourbeck of Sunnyvale, Calif.; five grandchildren and five great-grandchildren.

Masonic services were held in Tucson on Saturday, Oct. 15, at Bring's Memorial Chapel, with Aaron Lodge 49 officiating. Graveside services were also conducted by Aaron Lodge. Interment followed at Evergreen cemetery, Tucson, Ariz.

Fall Meeting of UCC Scheduled Sunday at Leslie

The fall meeting of the Ann Arbor-Jackson Association of the United Church of Christ will be Sunday, Oct. 23 at the First Congregational church in Leslie.

Area churches included in the association are the Bethel Evangelical and Reformed church of Freedom township, St. John's Evangelical and Reformed churches at Rogers Corners and Francisco, St. Paul United Church of Christ and the Congregational United Church of Christ.

Registration at the Conference will begin at 2 p.m. with opening worship set for 3:30. Six seminars will discuss the "Long Range Program of the Michigan Conference." Among the chairmen for the seminars is the Rev. Robert A. J. Livingston of the Congregational UCC.

Dinner will be served and the closing worship is scheduled for 7:45 p.m. Each church is to be represented by the minister and two delegates.

Highway users pay more than 24 percent of all state taxes collected in this country. In fiscal 1966, the states collected \$26 billion, of which \$6.3 billion came from taxes on motor fuel and motor vehicles and from drivers' license fees. Motor fuel taxes alone amounted to \$4.3 billion.

Semi-Pro Grid Game Slated

The Pinckney All-Stars and the mighty Hamburg Hall Cats will play in a semi-pro football game Saturday night Oct. 22 in Chelsea, on the Chelsea High school athletic field.

The game which will benefit the Chelsea High school band, is being sponsored by the Chelsea Band Boosters Club, and co-sponsored by the Chelsea American Legion Post.

The Chelsea High School band recently performed in a great post-game show at the U. of M. Band Day.

Kickoff is at 7:30 p.m. with a great half-time show planned by the bands.

Bulldogs Upset Rival Dexter...

(Continued from page 2) The Bulldogs were unable to move the ball and Dexter took over on their own 25-yard line.

Here the Dreadnaughts were unable to move and on fourth and four they gambled for the first down. Dexter took the pass for 25 yards from Bill Harvey to Dan Allen put the ball on the four-yard line. With four seconds left on the clock Bill Harvey again threw a pass to Mike Harvey over the middle and again he fumbled and Mike Gaken again was there, picking off the ball and falling into the end zone for the winning TD.

The victory was a costly one as

shock Tom Bowling suffered a fractured wrist on the opening kick-off and will be lost the balance of the season.

Chelsea will play at Lincoln Friday with the winner taking over second place in the Southeastern Conference.

Auto Accidents

(Continued from page two) Early Sunday morning James Harper, 38, of 4715 W. Loy Rd. was taken to the hospital when his pick-up truck went off Pleasant Lake Rd. near Reno Rd. in Freedom township, hit a utility pole and then went through a farm fence twice.

Questions & Answers

Despite a great deal of furiously boiling water and constant stirring, strands of spaghetti frequently stick together. What to do?

A little olive oil or other cooking oil added to the water during the last moments of cooking will help prevent the pasta from sticking. Use about two tablespoons of oil to each four quarts of water.

Just A Minute...

By the Rev. James A. Craig

Sunday is World Order Sunday. Sunday is the first day of United Nations Week.

It reminds us that there is little order in the world. It reminds us that the United Nations faces another difficult, perhaps disastrous, session.

A conversation recently with a man whose work is to know what is happening at the United Nations and help others know, could be summarized by saying that the United Nations is nearly at a standstill.

This is true because of the money problems it has had. It is even more true this year because of the conflict in Vietnam.

On the agencies continue to function, UNICEF and UNESCO and FAO and WHO and the others work every day to relieve the misery in which men so often find themselves.

But the Assembly and the Security Council find themselves in a bind over the Vietnam War. It was the subject of nearly every major speech that opened the present session of the General Assembly.

It seems to be the problem for which no one has a solution. And until it is solved, will be the problem that will prevent the United Nations from dealing with other pressing problems in need of solution.

Sunday is World Order Sunday for many churches. Sunday is the first day of United Nations Week.

Sunday is a day for those who believe in peace seriously enough to work for it.

And, best of all, it is given to each of us to be peacemakers.

NEWS HOLLYWOOD

Robert Young was recently hospitalized in Chicago with what doctors called "physical and mental exhaustion." The 59-year-old actor is in the road company east of "Generation."

Eric Fleming, star of "Rawhide," was drowned in the upper waters of the Amazon River in Peru when his canoe capsized while filming a jungle picture "Alta Selva."

Warner Brothers has signed Hans Muller, former Austrian ski-racing champion, as a skiing technical adviser for "The Double Man."

Burt Ward, Batman's Robin, and his wife Benney proudly announce the birth of a daughter, Lisa, their first child.

Michigan has the world's busiest waterway, the Detroit River. Enough fresh water is poured into the river every day to fill every city in America flows by Detroit each afternoon.

SUNDAY'S SERMON

STRENGTH

When a given situation must be resolved, it sometimes happens that courage is a far greater asset than physical strength.

When the popular attitude is not necessarily the proper attitude, those who would stand alone, or with the minority, must not be weak of heart or short of faith.

To be right, rather than to be popular, is a constant challenge. It is the nature of man to seek approval of his contemporaries.

The answer if faith. One must believe in God and in the principles of Christianity. If there is such belief, it is the source of lasting courage and endurance.

The athlete develops his physical prowess through training and exercise. Let us not take faith for granted. Building a faith that is strong, that will endure under strain or stress, requires almost constant application.

Build your faith, day by day. Pray for inner strength. Be strong of heart, remembering God's will, and your life will become enriched.

New shrinkage-controlled cotton knits are going to make your wash days easier than ever. The latest shrinkage-control finish for knits insures less than one percent shrinkage in both length and width.

Reflect upon your present blessings of which every man has many; not on your past misfortunes, of which all men have some.

REPORT from LANSING

State Representative

Thomas G. Sharpe

★ On County Home Rule, 1966 Session . . .

PUBLIC ACT 293—allows any county to adopt a home rule charter.

1. Procedures for adopting a County Home Rule Charter.

a. Initiation. The question of electing a county charter commission to draft a home rule charter may be initiated either by the county board of supervisors or by a petition signed by 5 percent of the duly qualified electors.

b. Submission. The question is to be submitted to the voters at the next regular primary or general election not less than 90 days from the adoption of the resolution or at a special election if there is no primary election within 180 days.

2. Election of Charter Commission.

a. The number of commissioners will be based on population as follows:

County population and number of commissioners: Under 5,001, not more than 3; 5,001 to 10,000, not more than 4; 10,001 to 20,000, not more than 5; 20,001 to 40,000, not more than 6; 40,001 to 60,000, not more than 7; 60,001 to 80,000, not more than 8; 80,001 to 100,000, not more than 9.

b. Eligibility. A candidate for commissioner must have six months residency in the district in a qualified elector.

c. Districts. The districts are to be single-member, compact, contiguous, with population as nearly equal as possible, and drawn without regard to political party.

A county board of charter commission appointment, consisting of two persons from the major political parties and a county court judge, is to draw the districts. The appointment commission is to establish districts within 60 days.

The districts are to be as nearly equal as practicable depending on the geography of the county. Each city and township shall be apportioned so that it shall have the largest possible number of complete districts within its boundaries before any part of the city or township is joined with territory outside to form a district. Townships, cities and precincts shall be divided only if necessary to meet the population apportionment. The county appointment commission will consist of the county clerk, county treasurer and the county chairman of the two major political parties or if there is no party chairman, a party representative appointed by the chairman of the State central committee. The bill requires that census data is to be used. Any constituent voter in the county may petition the court of appeals to review the apportionment plan if the apportionment commission has failed to use the census data within 60 days after the census is taken.

3. Election of County Officers.

a. Primary. The primary for newly created county officers may be held at the same time as the charter is submitted.

b. Election. Election procedures are to be the same as already established for regular county elections.

c. Term. The term for the new county officers is to coincide with the term of the incumbent governor. Hereafter, their terms are to be 4 years, concurrent with the governor's.

d. Incumbents. Incumbent county officers, whose offices are retained in the charter and are not due to come up for election, shall continue in office.

e. Resubmission to Electorate. If the voters turn down the charter, the commission is to recommend and revise the charter. The same procedure for submitting the

plan to the commission for approval.

d. Primary is mandatory. Election of the charter commission is to be on a partisan basis and not less than 60 days after the primary.

4. Operation of Charter Commission.

a. Appropriation. The county is to provide a sufficient appropriation to compensate the commissioners.

b. Staff. The commission is authorized to appoint assistants and call on the services of any county departmental personnel.

c. Procedures. Certain procedures such as notice of organization, filing of vacancies, keeping a journal, etc., are prescribed.

d. If the charter commission does not agree upon a proposed charter within 180 days, the commission will be dissolved. Also, requires all committee meetings of the commission be open to the public and a public record of the meetings be kept.

5. Submission to Governor. Upon completion, the charter is to be submitted to the governor for his approval. If he disapproves, he should notify the commission of his action with his reasons. Upon the return of the unapproved charter, the commission shall reconvene, revise the proposed charter and resubmit it to the governor within 45 days. Upon resubmission, the governor may either approve or reject the charter within 30 days. If the governor rejects the charter, he shall notify the commission of his action with his reasons. Before the charter can be submitted to the voters, it must be approved by the governor.

6. Submission to Electorate. The charter is to be submitted to the voters at the next regular primary election or at a special election if there is no primary within 180 days.

7. Election of County Officers.

a. Primary. The primary for newly created county officers may be held at the same time as the charter is submitted.

b. Election. Election procedures are to be the same as already established for regular county elections.

c. Term. The term for the new county officers is to coincide with the term of the incumbent governor. Hereafter, their terms are to be 4 years, concurrent with the governor's.

d. Incumbents. Incumbent county officers, whose offices are retained in the charter and are not due to come up for election, shall continue in office.

e. Resubmission to Electorate. If the voters turn down the charter, the commission is to recommend and revise the charter. The same procedure for submitting the

plan to the commission for approval.

d. Primary is mandatory. Election of the charter commission is to be on a partisan basis and not less than 60 days after the primary.

4. Operation of Charter Commission.

a. Appropriation. The county is to provide a sufficient appropriation to compensate the commissioners.

b. Staff. The commission is authorized to appoint assistants and call on the services of any county departmental personnel.

c. Procedures. Certain procedures such as notice of organization, filing of vacancies, keeping a journal, etc., are prescribed.

d. If the charter commission does not agree upon a proposed charter within 180 days, the commission will be dissolved. Also, requires all committee meetings of the commission be open to the public and a public record of the meetings be kept.

5. Submission to Governor. Upon completion, the charter is to be submitted to the governor for his approval. If he disapproves, he should notify the commission of his action with his reasons. Upon the return of the unapproved charter, the commission shall reconvene, revise the proposed charter and resubmit it to the governor within 45 days. Upon resubmission, the governor may either approve or reject the charter within 30 days. If the governor rejects the charter, he shall notify the commission of his action with his reasons. Before the charter can be submitted to the voters, it must be approved by the governor.

6. Submission to Electorate. The charter is to be submitted to the voters at the next regular primary election or at a special election if there is no primary within 180 days.

7. Election of County Officers.

a. Primary. The primary for newly created county officers may be held at the same time as the charter is submitted.

b. Election. Election procedures are to be the same as already established for regular county elections.

c. Term. The term for the new county officers is to coincide with the term of the incumbent governor. Hereafter, their terms are to be 4 years, concurrent with the governor's.

d. Incumbents. Incumbent county officers, whose offices are retained in the charter and are not due to come up for election, shall continue in office.

e. Resubmission to Electorate. If the voters turn down the charter, the commission is to recommend and revise the charter. The same procedure for submitting the

charter is to be followed, except the question of electing the charter commission need not be submitted again. If the voters reject the charter, a second-time commission is dissolved. The calling of a new charter commission may be initiated by the county board of supervisors or by petition by 5 percent of the registered electors.

11. Structure of Charter Commission.

a. Continuity in County Government.

b. County Officers. The charter shall provide for the election of county officers, including the county clerk, treasurer and the register.

c. Laws. All statutes, local acts and county ordinances affecting the county are to remain in effect unless changed by the charter or an ordinance adopted thereunder.

d. Rights and Liabilities. The new charter county succeeds to all property, rights and liabilities of the former county.

e. Civil Service and Pension Systems. The charter shall in no way affect the status of persons under existing civil service and pension systems. The charter, however, shall not preclude future modifications in these systems or their establishment in counties that do not now have such systems.

2. Change in County Government.

a. County Officers. The charter shall provide for the election of county officers, including the county clerk, treasurer and the register.

b. Laws. All statutes, local acts and county ordinances affecting the county are to remain in effect unless changed by the charter or an ordinance adopted thereunder.

c. Rights and Liabilities. The new charter county succeeds to all property, rights and liabilities of the former county.

d. Civil Service and Pension Systems. The charter shall in no way affect the status of persons under existing civil service and pension systems. The charter, however, shall not preclude future modifications in these systems or their establishment in counties that do not now have such systems.

e. Laws. All statutes, local acts and county ordinances affecting the county are to remain in effect unless changed by the charter or an ordinance adopted thereunder.

f. Rights and Liabilities. The new charter county succeeds to all property, rights and liabilities of the former county.

g. Civil Service and Pension Systems. The charter shall in no way affect the status of persons under existing civil service and pension systems. The charter, however, shall not preclude future modifications in these systems or their establishment in counties that do not now have such systems.

h. Laws. All statutes, local acts and county ordinances affecting the county are to remain in effect unless changed by the charter or an ordinance adopted thereunder.

i. Rights and Liabilities. The new charter county succeeds to all property, rights and liabilities of the former county.

j. Civil Service and Pension Systems. The charter shall in no way affect the status of persons under existing civil service and pension systems. The charter, however, shall not preclude future modifications in these systems or their establishment in counties that do not now have such systems.

k. Laws. All statutes, local acts and county ordinances affecting the county are to remain in effect unless changed by the charter or an ordinance adopted thereunder.

l. Rights and Liabilities. The new charter county succeeds to all property, rights and liabilities of the former county.

m. Civil Service and Pension Systems. The charter shall in no way affect the status of persons under existing civil service and pension systems. The charter, however, shall not preclude future modifications in these systems or their establishment in counties that do not now have such systems.

n. Laws. All statutes, local acts and county ordinances affecting the county are to remain in effect unless changed by the charter or an ordinance adopted thereunder.

o. Rights and Liabilities. The new charter county succeeds to all property, rights and liabilities of the former county.

p. Civil Service and Pension Systems. The charter shall in no way affect the status of persons under existing civil service and pension systems. The charter, however, shall not preclude future modifications in these systems or their establishment in counties that do not now have such systems.

q. Laws. All statutes, local acts and county ordinances affecting the county are to remain in effect unless changed by the charter or an ordinance adopted thereunder.

r. Rights and Liabilities. The new charter county succeeds to all property, rights and liabilities of the former county.

s. Civil Service and Pension Systems. The charter shall in no way affect the status of persons under existing civil service and pension systems. The charter, however, shall not preclude future modifications in these systems or their establishment in counties that do not now have such systems.

t. Laws. All statutes, local acts and county ordinances affecting the county are to remain in effect unless changed by the charter or an ordinance adopted thereunder.

u. Rights and Liabilities. The new charter county succeeds to all property, rights and liabilities of the former county.

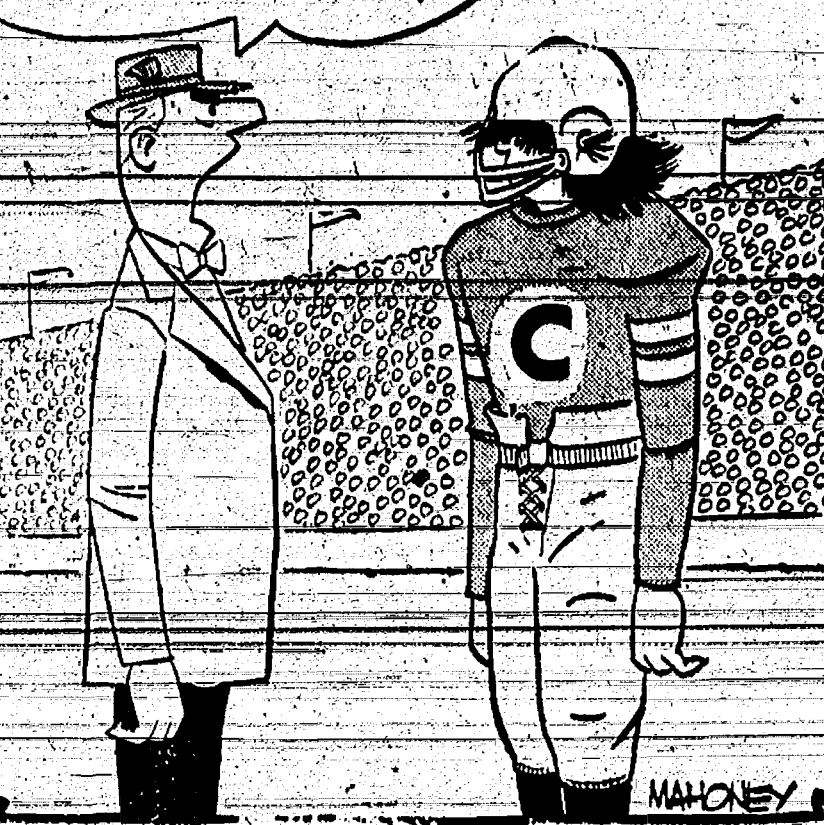

v. Civil Service and Pension Systems. The charter shall in no way affect the status of persons under existing civil service and pension systems. The charter, however, shall not preclude future modifications in these systems or their establishment in counties that do not now have such systems.

w. Laws. All statutes, local acts and county ordinances affecting the county are to remain in effect unless changed by the charter or an ordinance adopted thereunder.

x. Rights and Liabilities. The new charter county succeeds to all property, rights and liabilities of the former county.

HALF-PAST TEEN

YOU ARE NOT PLAYING UNTIL YOU GO TO THE BARBER SHOP. THEY'D BE TACKLING YOU BY THE HAIR!

Self-Service Postal Unit Is Dedicated at Arborland

Ann Arbor — Deputy Postmaster General Frederick C. Belen dedicated the 24-hour-a-day self-service postal unit at Arborland Shopping Center, Ann Arbor on Saturday.

The unit is open round-the-clock, 365 days a year, providing basic postal services.

Belen noted that "Somewhat belatedly the Postal Service, like all other businesses, is entering into the self-service era . . . and in the not too distant future the self-service postal unit will be a familiar sight in urban America."

The Post Office Department, he said, has experimented with units such as that opened in Arborland Shopping Center for more than a year before embarking on a program which will find 100 placed in service by early 1967.

Vending machines in the unit offer stamps, postal cards, envelopes and minimum insurance.

Letter and parcel scales indicate postage, plus bill and coin changes are available. There are information placards to assist mailers.

Although the basic purpose of this unit is to put mechanized equipment to work to serve you quickly, conveniently and efficiently, your dealings here can be personal.

Public utilities that apply to cities and villages.

2. Functions and Services Committee. Authorized to Perform for Constituent Local Units Under Contract. The charter may authorize the performance at the county level of any function or service not prohibited by law. The transfer of functions to the county is voluntary. The costs of any service may be determined by negotiation between the local unit and the charter county. When a function is transferred to the county and becomes a county financed function, the county is to reimburse the local unit a negotiated sum for its transferred capital assets including bonded indebtedness.

3. Intergovernmental Contracts. Only those intergovernmental contracts may be entered into which each unit is authorized to perform separately.

4. Legislative. The charter shall provide for the power and authority to: Adopt, amend and repeal any ordinance authorized by law or necessary to carry out any legally authorized power, function or service; and, to amend or revise the charter.

5. Electorate. To the electorate is reserved the power of initiative, referendum and recall. No amendment or revision to the charter shall be effective unless approved by a majority of the voters voting thereon.

6. Fiscal.

a. Debt Limit. The charter shall provide for a debt limit not to exceed 10 percent of state equalized value of the taxable property within the county.

b. Property Tax Limit. At least 1/2 of the 10 mills must come from the present 15 to 18 mill constitutional limitation, thus permitting only 5 additional mills to be levied.

c. Other Taxes. Only those taxes, fees, etc., including an income tax, may be levied which are authorized by law.

Effective 90 days after signing. New Law.

"In a manner of speaking, these self-service units are a way of bringing the post office to the people rather than requiring the people to go to the post office. They are recognition that it is often inconvenient in some instances almost impossible for many people to get to a post office during normal business hours."

"The self-service units are only one aspect of our broad program for improving postal service. We in the Post Office Department have a mandate from President Johnson to give the nation the best mail delivery in its history."

"I can assure you Postmaster General O'Brien intends to see that this mandate is carried out."

"We are modernizing and mechanizing virtually every facet of mail processing and delivery."

With mail volume expanding rapidly, Belen said, even with the most modern machinery, cooperation of individuals and businesses using the mails is important.

"The use of ZIP Code is crucial to our efforts to improve mail service," he said.

"We have asked business firms to co-operate with us in the application of ZIP Code so that they will pre-sort all of their letters going to identical destinations into separate bundles, thus permitting us to handle large bundles rather than great numbers of individual pieces. This is one of the main purposes of ZIP Code."

The Postal Service will rent the land from the shopping center at a cost of one dollar per year. The owners of the center donated utility connections and the slab upon which the unit rests.

Red Cross Blood Program Is Theme For Annual Meet

"Blood—River of Life" will be the theme of the County Board meeting of the Red Cross on Oct. 26. Chapter Chairman C. Bruce Waggoner announced this week.

The dinner meeting will be held at 8:30 p.m. at St. Luke's Episcopal church, 120 N. Huron in Ypsilanti. Dr. Bradley Harris, of Ypsilanti, president-elect of the State Medical Society, will speak on the importance of blood to the medical profession. Dr. Harold Oberman, pathologist at the University of Michigan and co-chairman of the Red Cross County Blood Program, will present the point of view of the hospitals.

The Rev. Sidney Rood, chairman of the Board Planning Committee, announced that George D. Coors, of Ann Arbor, will chart the tremendous expansion of Red Cross work in recent years. He announced that Erich Walter and Herb Estes will present ideas for the Golden Anniversary of the Red Cross Chapter.

The public is invited as well as all Red Cross members. Reservations for the \$2 dinner can be made by calling the Red Cross Operations Center, 862-5546.

Do not resent growing old—many are denied the privilege.

COINS

The Public Is Invited To Attend the CHELSEA COIN CLUB SHOW At the Korner House on Main Street SUNDAY, OCTOBER 23

From 10 a.m. to 7

Admission free. Coins will be bought, sold and traded.

LAWRENCE E. GUINAN, Coin Collector

1571 SUGAR LOAF LAKE CHELSEA, MICH.

Member of Michigan State Numismatic Society, No. 1201, Ann Arbor Coin Club, Chelsea Coin Club, Jackson Coin Club, Maple City Coin and Stamp Club, and Traders Club.

Highway Dept. Has All Kinds of Signs

Lansing — The Michigan Department of State Highways has a sign for every occasion—nearly half a million of them.

Motorists are informed, guided and warned by some 500,000 signs on state highways. They are helped through tricky intersections, warned of impending road changes and guided to cities and Rest Areas.

Standard signs are designed by the Highway Department's Traffic Division for use on all state highways. They are not all as familiar to motorists as the common "Stop" and "Speed Limit" signs.

All conditions a motorist encounters are taken into consideration, State Highway Director Howard E. Hill said. Signs do nothing, everything, from cattle crossings to pedestrians, deer areas to narrow bridges and barriers to soft shoulders, are seen along Michigan's 9,200-mile-of-state highways.

The signs themselves cause problems for the Highway Department. "Unthinking people who damage highway signs cost the taxpayers of Michigan thousands of dollars annually," Hill said.

"This is especially true during the hunting season and summer months when highway signs become targets for rifles, shotguns, bottles, fruits, vegetables or anything lying loose in a passing car," Hill said.

"At 70 mph, the impact of any of these objects can smash a sign. It costs the Highway Department up to \$1,000 to repair one sign."

Interpretation of one sign by some motorists has caused litter collection costs to go up.

One of the newest signs is a companion to the "Roadside Table" sign. It informs motorists that a picnic barrel is located at the site of the picnic table.

The purpose of the litter barrels is to allow motorists to empty car litter bins. However, some motorists are using them to dispose of more than trash that accumulates in a car. Such items as bed springs, old shoes and a barn door have turned up in-and-around litter barrels in recent months.

"We are modernizing and mechanizing virtually every facet of mail processing and delivery."

With mail volume expanding rapidly, Belen said, even with the most modern machinery, cooperation of individuals and businesses using the mails is important.

"The use of ZIP Code is crucial to our efforts to improve mail service," he said.

"We have asked business firms to co-operate with us in the application of ZIP Code so that they will pre-sort all of their letters going to identical destinations into separate bundles, thus permitting us to handle large bundles rather than great numbers of individual pieces. This is one of the main purposes of ZIP Code."

The Postal Service will rent the land from the shopping center at a cost of one dollar per year. The owners of the center donated utility connections and the slab upon which the unit rests.

Congressman Wes VIVIAN

Reports from

WASHINGTON

The United States is now enjoying the 67th month of an uninterrupted period of economic growth, the longest in the history of our nation.

For the vast majority of Americans, this unprecedented, sustained period of prosperity has meant higher wages, greater profits, more purchasing power. In these 67 months, wages and salaries have gone up, on the average, 47 percent; or, in more personal terms, the average American family's disposable income has gone up \$1,200. Residents of the Second Congressional District of Michigan probably are more aware of the vitality of our current growth than most other Districts in the country, for in our District unemployment is at an all-time low, and wages, salaries, and profits are at all-time high levels.

But an undesired consequence of the prosperity most of us now enjoy is a growing price-inflation, with the result that retirees depending on fixed incomes will not fare as well as employed men and women in our District and other families. Because of my concern for retirees living on fixed incomes, in July of this year I introduced bill H.R. 4684 in the United States House of Representatives, which would assure increases in pensions to social security beneficiaries whenever the cost of living index rises.

I have visited President Johnson at the White House twice to ask his support for my bill. This was particularly pleasing to me last week to hear President Johnson publicly announce that he will ask the 90th Congress in January to substantially raise social security benefits. And I was even more pleased to hear my colleagues on the House Ways and Means Committee that they will try to act as quickly as possible on this subject.

Now that President Johnson has put the weight of his office behind such action, it is almost certainly assured that the legislation will pass.

The voters long have forgotten that in our era of the nuclear age, the passage of the nuclear bill, and now with the proposed legislative action soon to be taken to provide for equitable level of the problem, senior citizens are at last getting the attention they deserve.

Bill introduced to increase Servicemen's Life Insurance. Recently I introduced in the U. S. House of Representatives a bill which, if adopted, will increase the amount of life insurance payable to our servicemen to \$10,000 to \$25,000. The Federal government offered group life insurance to members of the U. S. forces in 1917. At that time, the maximum amount payable to a serviceman was \$5,000. This maximum amount has been raised, but what could be raised in 1917 for \$10,000 would cost \$25,000. This young servicemen have been and less able to provide adequate protection for their families.

At this time when our country is fighting in Southeast Asia, it is incumbent upon us to provide at least as much protection as we provide our predecessors, the boys in WW I.

Chelsea Voters, . . . here's the record

Congressman Wes Vivian.

#5: FARMER'S TAX RELIEF

Congressman Wes Vivian worked for and voted for H.R. 10, in the U. S. House of Representatives this year. This bill provides farmers with additional income tax credits toward their retirement funds, as self-employed businessmen.

(This was the only bill endorsed by the American Farm Bureau Federation during 1965-66.)

His opponent was ABSENT when the Michigan House of Representatives passed a law removing the \$1,000 limit on personal property tax exemption, and allowing, instead, an exemption on all property actually being used for agricultural operations.

#6: DAY CARE CENTERS

Congressman Wes Vivian supported and voted for legislation, in the U. S. House of Representatives, which provides Federal assistance to day care centers being used to teach pre-school children from poor families.

His opponent was ABSENT when the Michigan House voted to provide State assistance for day care centers, to assist working mothers. (He was absent on over 40% of all roll call votes.)

Re-Elect Wes Vivian

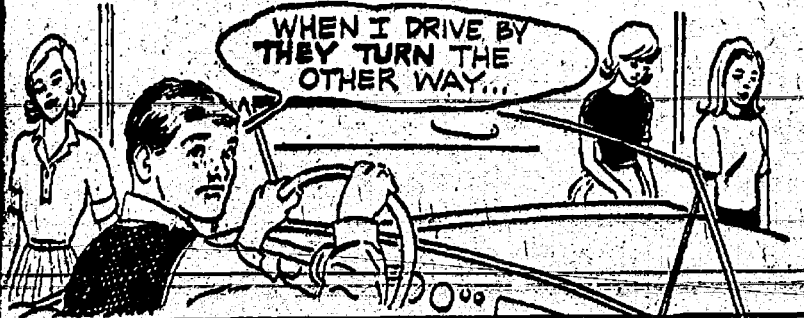

... your full-time U. S. Congressman

Democrat

paid pol. adv. comm. to Re-Elect Wes Vivian Robert W. Carr, Co-prd.

For And About Teenagers

THE WEEK'S LETTER: "I am fifteen and live in an average town. There are not too many girls who appeal to me, but the ones I like do not like me. I always try to be friendly and polite as I can to them. But, just seems like a lot of bother, can be driving by and they will turn the other way. I have a friend who is just as friendly as I am, but they smile and always wave to him. Do you think it is a way to look? My personality? Maybe I am doing something wrong. Every time I get a girl I become nervous and fear I might be doing something wrong and not know it. What do you think might be wrong?"

OUR REPLY: It should not be a lot of bother for you to be polite to girls or to anyone.

Politeness is a sign of good manner and character; not something you have to force upon yourself.

The popularity of your friend is probably based upon the fact that he is by nature a friendly and well-mannered person. If you are concerned about your behavior and your air of politeness, so are you. Relax. Don't work so hard at being friendly that it becomes apparent to everyone that you are working at being friendly.

One need not be handsome to be well-liked. What is more important is good grooming, good manners and a natural, even disposition.

If you have a teenage problem you want to discuss, or an observation to make, address your letter to FOR AND ABOUT TEENAGERS, COMMUNITY AND SUBURBAN PRESS SERVICE, FRANKFORD, ILL.

YOUR PRICELESS FREEDOMS

FREEDOM OF PRESS

"Congress shall make no law... abridging... freedom... of the press."

From the First Amendment to the Constitution (part of the Bill of Rights)

A free press guards all other freedoms. Former President Dwight D. Eisenhower has said, "All our freedoms are a single bundle—must be secured if any is to be preserved." Learn about your freedoms—and support them.

Orioles Prove To Be Biggest Attraction at Tiger Stadium

Detroit — The world's champion Baltimore Orioles were the prima attraction at Tiger Stadium last season, outdrawing the Tigers, other eight American League foes.

For the nine games here, the Orioles played to a total of 220,974 paying fans.

It was the first time in 10 years that the New York Yankees failed to pull the biggest gate at Tiger Stadium. Despite their lowly estate, the appeal of the erstwhile Bronx Bombers was not completely blunted, however. They drew a total of 163,618 in nine appearances, second only to the Orioles.

The dominance of the Orioles might have been attributed to their front-running status in the pennant race. Yet on the two other occasions during the past decade when the Yankees failed to win the pennant they could not be dislodged from their perennial position as the favorite attraction of Detroit patrons.

In 1959, when for the first time since 1945 the Yankees were topped from the throne, they drew a whopping total of 345,203 for 11 appearances in Tiger Stadium, compared to 180,440 by the Chicago White Sox, who won the pennant.

In 1955 the Yankees tumbled all the way to sixth place, yet pulled 220,772 for eight dates, while the Minnesota Twins, who ended their five-year reign as titlists, played to 173,989 for seven events here.

Until 1960, the last time New York failed to manifest its box office magic in Detroit was in 1956 when the Yankees drew 256,952 but were topped by 3,872 by the Cleveland Indians. Since then, Chicago was the No. 2 draw in Tiger Stadium three times; Cleveland, Boston and Minnesota twice each. In 1964 when they were the Opening Day as well as the Free Bat Day opponent, the Kansas City A's were second.

In the 1950-65 decade when the Yankees topped all the other clubs at the Tiger Stadium turnstiles, they played to a total of 2,040,380 here.

Up to 1961, when the American League expanded to 10 clubs, the schedule called for 11 games in each park instead of nine, as currently played.

Following Baltimore's 220,974 and New York's 163,618 at Tiger Stadium during the past season came Cleveland with 159,110, Minnesota 117,078, California 114,615, Washington 109,198, Chicago 109,495, Boston 84,976, and Kansas City 73,282.

Tiger home attendance totaling 1,124,288 marked the 23rd year that it has gone over a million and was the 15th highest in the history of the club.

California played to the largest Tiger Stadium crowd of the season, 52,915, on May 29. Largest turnouts for games with the other clubs: Baltimore 48,647, New York 41,421, Minnesota, 41,082, Cleveland 39,244, Washington 30,974, Kansas City 31,542, Boston 24,051, Chicago 23,551.

Civil Service Exam Open for Ann Arbor Post Office Garagemen

Postmaster Donald G. Bachman of Ann Arbor has announced that a new Civil Service Examination will open on Oct. 20 for employment at that post office in the vehicle service, as garagemen. The principal duties of a garageman are lubricating, servicing and cleaning trucks; assisting automotive mechanics; and cleaning garage and washroom. Applications will be accepted until further notice.

Applications will be accepted from persons who must be at least 18 years old, regardless of their residence. However, in filling vacancies, persons living in Washtenaw county will be given preference. All qualified applicants will receive consideration for equal employment opportunities, in rating order, without regard to race, religion, color, sex, national origin, political affiliations, or any other non-work factor.

Complete information and application forms may be obtained from the Ann Arbor Post Office, any Post Office where the announcement is posted, or from the Interagency Board, U.S. Civil Service Commission, located at 144 W. Lafayette, Main Lobby, Detroit, Mich. 48226.

Deadline Nearing For World War II GI Insured Loans

World War II veterans have less than one year left in which to take advantage of GI guaranteed or insured loans according to Robert M. Fitzgerald, manager of the Veterans Administration Regional Office in Detroit.

July 25, 1967, is the deadline for World War II veterans' eligibility, he said.

Eligibility is determined by a formula which adds 10 years to the date of their last discharge plus one year for each 90 days war-time service.

Thus, eligibility for many has already expired but the July 25, 1967, date is the cutoff for all other World War II veterans.

Veterans who were discharged for a service-connected disability and the widows of such veterans will be eligible up to the July 25, 1967, deadline, the manager explained.

Those eligible may obtain a guaranteed or insured loan to purchase a home, farm, or to buy or start a business.

For veterans of the Korean Conflict the formula for determining GI loan eligibility is the same as for veterans of World War II. However, the Korean Conflict entitlement did not begin to expire until Jan. 31, 1965, and the final deadline is Jan. 31, 1975.

As in the case of World War II veterans, Korean Conflict veterans discharged for service-connected disabilities and their widows are eligible up to the final 1975 deadline. Eligibility for Post-Korean veterans under the new GI Bill does not begin to expire until 1976.

Bridges 'Ice' Quickly with Frost, Dew

With the time for frost on the pumpkins here in some parts of the state and near in others, the State Highway Commission cautions motorists to beware of ice on bridges and overpasses.

A simple frost and a heavy dew are sufficient in some instances to ice a bridge or overpass although pavement on highways leading to the structure is clear and dry, State Highway Director Howard E. Hill said.

During fall rains at temperatures in the low 30's and high 20's, warmth from Mother Earth prevents freezing on the highways, but the cold air circulating both above and below bridges and overpasses will coat these surfaces with ice, Hill said.

Highway engineers have experimented with various techniques to reduce the accident hazard created by the ice-coating on bridges, but have yet to find a satisfactory solution.

On I-75 at the Flint River, the Highway Department has installed warning signs that are automatically lighted when the temperature of the pavement drops to the freezing point.

Early indications are that the devices may be of some help, but further studies, including cost analysis, will be necessary to determine whether they are practical.

Schedule Given for Notification of Turkey, Deer Permit Applicants

Lansing — Some 9,000 Michigan hunters who applied for permits to shoot turkeys this fall should know by late this week which of them are among the lucky 900 who may hunt these big wild birds during the November 2-10 season in three special areas.

Turkey permit drawings to determine successful applicants were held Friday, Sept. 30, in the Conservation Department's Lansing office. Results of the drawings were mailed to applicants successful or otherwise early in the week of Oct. 10.

Department office workers in Lansing are now busy in the midst of processing antlerless deer permit applications which, although not yet completely tallied, are expected to approach last year's total of about 300,000.

Drawings on these permits are scheduled to be made late next week. It is hoped that all deer permit applicants will be notified during the week of Oct. 24 of how they fared in the drawings.

One's intelligence may be measured by his ability to accept constructive criticism.

Answer Given to Deer Tag Question

Lansing — How do I show on my new deer tag the sex of the animal that I hope to kill?

That question is being asked these days by a number of hunters, and the Conservation Department's answer to it is simply this:

Cut or tear out the appropriate triangular section on the tag which bears the word male or female. In other words, if a hunter gets a buck, he is to remove the section within which "male" is printed.

Causing confusion on this point is the fact that the words male and female also appear vertically alongside the sections to be cut or torn out. However, they are in reverse order in the male and female designations given in the notches to be removed.

Remembering the Department's first words of advice about paying attention only to the triangular sections, hunters should disregard the sex descriptions that appear outside these notches.

Personal Notes

Mr. and Mrs. Frank Dyer had a birthday dinner for Lou Shotka on Wednesday evening. Guests were Mr. and Mrs. Lou Shotka and Mr. and Mrs. Paul Staebler and daughter.

Friday dinner guests were Mr. and Mrs. Harry Dyer of New Hudson, Mr. and Mrs. Walter Melcher and children of New Hudson, and Mr. and Mrs. Charley Hall and children of Milford, were Sunday dinner guests at the Frank Dyer home.

Mrs. Eva Dancer returned Saturday with her son-in-law and daughter, Mr. and Mrs. Victor Hock and daughter and Edward Wilprakis from Grand Rapids, where she had spent two weeks. Saturday evening they were all entertained at a birthday party at the home of Mr. and Mrs. Lynn Dancer of Bass Lake. The party honored Mrs. Edward Leja of Detroit. Present were Mr. and Mrs. Leja and son, Jan, Mr. and Mrs. Howard Dancer of Chelsea. The party decorations were in a Halloween theme. Mrs. Howard Dancer of Ann Arbor made the birthday cake.

Miss Pamela Stevens, granddaughter of Mr. and Mrs. Carl Stevens of 20151 Old US-12, Chelsea, was crowned homecoming queen last Friday evening at Manchester High school. Miss Stevens, a senior at Manchester High school, is the daughter of Mr. and Mrs. Ira Johnson of Manchester.

Show you care... select your cards early and make them truly personal by having your name printed.

The Chelsea Standard

Phone 475-8581

500 North Main St.

Send them out to play inside.

Add room to your home the easy way. Install a gas baseboard heater in your enclosed porch or enclosed breezeway. By the time you've added your own decorator touches, you'll have an extra bedroom, sewing room, family room or playroom ready for year-around use.

And, because each gas baseboard heater has its own thermostatic control, you can select the precise temperature you want for your new room. Keep it that way inexpensively, too. It will cost about \$20 to heat an average size room for an entire year. That's 1/5 the operating cost of an electric baseboard heater.

There's no major investment at installation time, either. We'll be glad to add the cost of the heater to your monthly gas bill and let you pay for it a few dollars at a time. A phone call to us or your heating contractor is all it takes to get things moving. And to get you moving... into that brand-new room right away.

The Hi-Light

Edited by Students of the Chelsea High School Journalism Club

In addition to its regular activities, Chelsea High was caught up in frenzied preparation for Homecoming.

In the midst of the turmoil, the senior musical committee found time to meet and to choose "Annie Get Your Gun" as the senior musical for this year. The musical will be directed by Miss Dianne L. Roy, the high school and junior high choir director.

Most of Chelsea's seniors have had their senior pictures taken and are eagerly awaiting the results. The Chelsea football team won over Dexter and the victory was celebrated afterward at the Homecoming Dance. Reigning over the ball, which featured the "Rolling Brass," was Anita Wenz, 1966 Homecoming queen.

Winner of the "pop" trophy for spirit was the sophomore class.

Among other things, the sophomores decorated the Chelsea goal-post with victory pins, and baked a cake for the football players.

The juniors made blue-and-gold corsages for the teachers, decorated Dexter's goal-post, and wore buttons saying "Kill the Crew" in addition to other spirited services.

The freshmen washed the cafeteria windows, and the windows of the indoor-garden windows. Each class decorated a specific area of the main building.

Paul Huber Pledges Fraternity at CMU

Paul Huber, son of Mr. and Mrs. Robert Huber of 237 Cavanaugh Lake, Chelsea, and a sophomore at Central Michigan University in Mt. Pleasant, is a member of the pledge class of Sigma Tau Gamma, social fraternity on the CMU campus. He was co-captain of the Chelsea High school wrestling team in 1964 and is a 1965 graduate of Chelsea High school.

Paul is one of the 13 men pledged to the fraternity following the fall rush period.

NO BLENDING

Latex paints do not blend with oil-based paints — so don't try it. Paint specialists say attempting to vary a latex coating's color with an oil based product will only ruin both materials. Use colors designed for latex paints.

CLOSING CEREMONY: Troop 125 closed its Court of Honor Oct. 10 with salutes to the newly dedicated flag presented them by Elgin Wilson in memory of his son, former troop member, Donald Wilson. The flags, poles and standards presented by Wilson are shown in the photo. In the circle are, from left, Robert Rudd, Sr., Philip Rusten, Carmar Slocum (behind American flag), Jack Wilson, Paul Garmon (behind Troop flag), Edwin Dickelman, James Craig, Jr., James Harrison, Chris Marzen, Robert Rudd, Jr. and John Craig.

Chelsea Youngsters To Participate in Gathering UNICEF Halloween Funds

This Halloween, Chelsea youngsters will join some 3.5 million American boys and girls in approximately 13,000 communities in trick or treating for UNICEF.

UNICEF stands for The United Nations Children's Fund. The money collected by the Chelsea boys and girls will go to more than 100 underdeveloped countries of the world, where it will be used to combat disease, malnutrition and to promote better education.

In the field of education, UNICEF points out that in the economically and industrially underdeveloped countries, traditional schools are not adequately preparing the mass of young people for adult life.

Education must be related to employment, the Fund's experts say, which means that educational planning must be done in the larger context of national development and the needs for trained manpower.

Since it is not yet possible for many children to enter secondary school there is a special problem to make primary schooling as complete as possible. Vocational and academic education must be integrated, UNICEF contends, and more educational opportunities must be given to girls, who are still relatively neglected in many school systems.

In the area of nutrition, crop failures which posed serious threats in Asia and East Africa this past year have added to the concern for child malnutrition. National food and agriculture planning must take account of the nutrition needs of children, particularly the preschool child, UNICEF emphasizes, so that young people will not grow up stunted in mind and body.

Agriculture and food industry must work together to make good, economical foods available to the ordinary family.

Much progress has been made in recent years, with the help of UNICEF, in checking the spread of disease and laying the foundation for permanent health services. However, it is still true that only a small proportion of families in the developing countries have access to modern health services, even the simplest kind. Trained personnel and funds to expand and maintain services are still far from sufficient.

Money collected by the Chelsea participants will be sent to the UNICEF headquarters in New York City. UNICEF advertises that one cent will provide five

classes of milk for hungry children.

The Chelsea UNICEF collection will be the fifth collection in the village. The Chelsea Area Church Women sponsor the drive each year, with the black and orange boxes distributed through the area Sunday schools. Mrs. Robert A. J. Livingston is chairman of the UCV special projects committee, which includes the UNICEF Trick or Treat drive as one of its projects.

Secretary of Interior Udall Will Speak at Congressional Dinner

A dinner audience of approximately 1,000 persons will attend a Second Congressional testimonial for Congressman Weston E. Vivian to be held on Saturday, Oct. 22 at 7:30 p.m. at the Dundee High school.

United States Secretary of the Interior Stewart L. Udall, keynote speaker for the event, will head the list of dignitaries attending. Others attending will include U.S. Senator Philip A. Hart, Senatorial candidate, the Honorable G. Menden Williams, Democratic gubernatorial candidate Zolten Ferency, former Governor John Swainson, key State Democratic Party officials, and most candidates for state and local offices.

Secretary Udall is expected to attend the University of Michigan-Minnesota football game with Congressman Wes Vivian. A press conference is planned later in the afternoon.

Toastmaster for the dinner is Vanzetti Hamilton of Ypsilanti.

Blind Teacher Needs Volunteer Driver

The Michigan Association for Workers for the Blind needs a volunteer to drive their teacher in Washtenaw county. The teacher, who is partially blind, visits the newly sightless, helping them adjust their home environment to their handicap.

Volunteer's task would involve daytime driving (9 a.m. to 3:30 p.m.) in the Washtenaw county area, Monday and Tuesday every other week. The job could easily be adjusted so that each volunteer would only need to spend one or two days a month in service.

Volunteers should call George Hingworth at 453-2000, extension 34.

Oldsmobile's new full-size 88 series, the Delmont, looks expensive. In actual fact, it's not. Delmont 88 prices start below many models with "low-price names." Roshik Toronado styling. Proved 88 chassis, brakes and suspension. And Rocket V-8 Engines available with Oldsmobile's exclusive new Climatic Combustion Control. (3-speed Turbo Hydra-Matic can be had with both 330- and 425-cubic-inch V-8s.) See your Olds Dealer today about the four new Delmont 88s!

The Rocket Action Cars are out front again!

AGRICULTURE in Action

by M. L. Woll

★ Will He Pass the Word on to Orville?

Vice-President Hubert Humphrey said some things at the recent National Plowing Matches in Iowa that farmers are going to remember. At the same time, they cannot help but wonder if the Vice-President meant what he said.

Calling for an "arsenal" of food and fiber for national security, Humphrey asserted that the government "had no intention of calling upon the American farmer to provide that arsenal at the sacrifice of fair prices and a decent income" (apparently).

Said the Vice-President, "These reserves can and should be insulated from the market place. They will be used if needed but they are not meant to be used in direct competition with sales by farmers."

Farmers listened politely, but they couldn't help but wonder if the Vice-President, on one hand, knew what the Secretary of Agriculture was doing on the other. On a number of occasions the Secretary has deliberately manipulated markets by dumping, in a short period of time, huge quantities of surplus stocks held in the Commodity Credit Corporation.

In a speech before the National Federation of Grain Co-operatives, the Secretary implied that the Commodity Credit Corporation sells grain in order to shake up the market to the point where farmers would increase their participation in the voluntary governmental feed grain and wheat programs.

Farm leaders have long noted that the government's present policy on the sale of Commodity Credit Corporation stocks is closely related to the increased use of direct payments to farmers from the federal treasury through farm-control programs. They expect the government to be strongly tempted to use any authority which it may have to hold down consumer prices as long as it is committed to programs which call for billions of dollars in direct farm payments.

Farmers can understand the desire for food reserves, but have long called for a method of "insulating" government stored surplus stocks from the market by selling that they not be released except at prices high enough not to disturb the market.

Apparently the Vice-President agrees. The question is—will he pass the word on to Orville Freeman.

SWEATER QUEEN

Cashmere, long called the queen of the sweater yarns, is wool spun from the luscious fleece of the Cashmere goat which is native to Central Asia.

The Mackinac Bridge, total suspension span, at 3,614 feet, is still the world's longest.
