Bulldogs' Offense Stalls in Wet Field

Chelsea-Dexter Rivalry Will Be Renewed on Dreadnaughts' Field

The Chelsea Bulldogs lost their possible chance for the league championship Friday night as they overpowered Chelsea, 19 to 0. Both teams were hampered by the wet field.

The Bulldogs moved for a first down to the 20 but there the drive stalled. Chelsea took over on downs. The Bulldogs were unable to move and were forced to punt to Saling.

The Hornets moved in the end zone for a 7 to 0 lead. The Bulldogs had drive as far as Saling's 22-yard line where their only drive was stalled.

The second half was a repeat of the first as Chelsea, unable to sustain any drive, was forced to punt.

The Hornets found conditions more favorable as they led touchdowns in the third and fourth periods to put the game out of reach. One touchdown resulted from a fumble recovery on Chelsea's 42-yard line. Chelsea led five times. The other touchdown came on a 65-yard play up the middle.

Chelsea's offense, which had averaged 200 yards for the past three games, was completely stalled as it had a net yardage of minus 100.

The Bulldogs play their final game at Dexter tomorrow night 7:30 p.m. The Dreadnaughts will have the best quarter in the league in Dan Hoy have balanced running from veteran backs. They record three wins and four losses.

Eight seniors playing their final game for Chelsea include: Lehnmann, Rob Powers, Larry, John Freeman, Mark Langer, Ron Morley, Ray Worland, and Rob Taylor.

The Department Called in electric stove in the home of Mrs. Janet Rowe, 127 Van Buren, caught fire Monday, Oct. 30, 8:41 a.m. However, the fire already gone out when firemen reached the home.

Toy Drive Successful

The Chelsea Jaycee Auxiliary is grateful for the response to their toy drive thus far. Due to the vast amount of contributions and because the Jaycees no longer have their source of toy repairs, the Auxiliary requests that future donations be limited to items not needing repair. However, games, doll clothes, puzzles and sports equipment are still needed.

The drop box will be removed from Stop & Shop on Nov. 11. Contributors should plan to have all toys in before that date. Toy pickups may be arranged by calling Mrs. Robert Updegraff, 473-7481 (afternoons only) or Mrs. Arthur Steinaway, 475-8815.

Walter Seitz Is Killed By Stray Bullet

Walter M. Seitz of Dearborn, son of Mrs. Emma Seitz of 304 E. Middle St., died Wednesday, Oct. 25, as the result of an accidental shot fired from a .32 caliber rifle in the hands of a 15-year-old Salem township boy. At the time of the mishap, Seitz was standing on a ladder picking apples on the Malcolm E. Ratliff farm, 9385 Spencer Rd. in Northfield township, with George Sartor, a fellow worker, standing at the foot of the ladder.

According to reports of the accident, the rifle shot was accidentally fired by Andrew J. Milton, 15, of Pontiac Trail, as he was preparing to take a turn at target shooting. The gun belonged to Keith Ratliff, son of the orchard owner, who had been shooting into a nearby pond. The two boys told investigating officers they were unaware anyone was in the orchard.

Seitz survived until an ambulance arrived but was dead on arrival at St. Joseph Mercy Hospital, Ann Arbor.

Born in Lima township April 26, 1912, he was a son of Fred and Emma Visel Seitz. He graduated from Chelsea High school in 1932 and attended Michigan State University for two years. Since 1935 he had been employed by the Ford Motor Co. He was a member of the Mt. Olivet Methodist church in Dearborn.

He was married Sept. 5, 1942, to Marge Althaus, who survives. Also surviving are a son, Fred, and a daughter, LeAnn, who are both in high school; his mother, Mrs. Emma Seitz; a brother, Paul Seitz, 475 N. Fletcher Rd.; a sister, Mrs. Herbert Howell (Estel) of Jackson; and several nephews and nieces.

Other relatives in the Chelsea area who survive are cousins—Mrs. Thomas Rust, Mrs. Robert Schreen, Mrs. Herbert Hinderer, Irene Seitz and J. Raymond Seitz. Funeral services were held Saturday afternoon at Mt. Olivet Methodist church, Dearborn, with the Rev. J. Paul Taylor and the Rev. Robert E. Willoughby officiating. Burial took place in Oak Grove Cemetery, Chelsea.

NEW EAGLE SCOUT Bruce Parks, center, is Troop 476, was presented with Scouting's highest award at an Eagle Court of Honor Saturday, Oct. 28 at 105 E. Summit St. Bruce, a member of 28 at the Congregational church.

Eagle Scout Award Made to Bruce Parks Saturday Night

Troop 476 held an Eagle Court of Honor Saturday, Oct. 28 at the Chelsea Congregational church. This ceremony was unusual in that awards were made for every rank from Tenderfoot to Eagle. The high point of the evening was the awarding of the Eagle rank to Bruce Parks, son of Mr. and Mrs. Vernon L. Parks, 189 E. Summit St.

Senior Patrol Leader Bill Hafner conducted the opening with Paul Mann and Jeff Daniels as color guards. The new District Scout Executive, Wendell Cisco, gave the invocation. A guest, Ralph Frisch, led the opening song.

Guests introduced included District Organization and Extension Chairman Ralph Frisch and his wife; Assistant District Commissioner for Cub Scout Round Tables, Carner Slocum and his wife; and Mr. and Mrs. Ross Scholtens.

Scoutmaster Harold Baker showed slides of the troop's summer camp experiences and of the World Jamboree, after which Thomas Burnett, Stephen Schanz, and William Kalmbach were inducted into the troop with the

candlelight Tenderfoot Investiture ceremony.

A total of 47 merit badges was earned by David Landley, Lloyd Hafner, David Heydlauff, Robert Heydlauff, Don Enquist, Bruce Parks, Jeff Reed, Jeff Schmidt, Peter Stahl, Wayne Stahl and William Stahl. Robert Daniels noted that Don Enquist's total of 14 merit badges set a troop record.

Robert Reed presented a one-year pin to Lee Hafner, a three-year pin to David Heydlauff, and four-year pins to Lloyd Hafner, Roger Hils and John Hafner. Bud Hafner passed out a three-year perfect attendance pin to David Heydlauff and a four-year perfect attendance pin to Lloyd Hafner.

Tom Hafner received his Second Class badge from Vern Hils. The troop's newest Assistant Scoutmaster, Larry Poutner awarded Jeff Reed his First Class badge. Don Enquist and Peter Stahl were presented their Star badges by Alvin Reinhardt. Troop chairman Max Hafner gave Lloyd Hafner his Life badge.

The Scoutmaster conducted the Eagle ceremony, with Eagle Scout Paul Stahl escorting the candidate to the front. Ward Eardley, acting in the role of awards chairman, called upon Court of Honor members Willis Heydlauff, Bud Hafner and Vern Parks, who affirmed that Eagle Scout candidate Bruce Parks was qualified to receive the Eagle award. The Scoutmaster led the candidate in the Eagle Scout Oath and declared him an Eagle Scout.

Three Junior Achievement Firms Formed

Model Small-Scale Businesses Will Be Operated By Teen-Agers

Three companies of Junior Achievement were formed Thursday, Oct. 20 by 80 Chelsea High school students after an assembly earlier in the week for all interested sophomores, juniors, and senior boys and girls.

Daniel J. White, co-ordinator of Junior Achievement of Southeastern Michigan, was chairman of the assembly at the high school, during which he acquainted students with the goals of the organization.

Junior Achievement is a nationwide, educational organization which offers young people of high school age the opportunity to gain valuable and practical experience by organizing and operating their own small-scale businesses with the guidance of volunteer advisors from business and industry.

The typical Junior Achievement company is composed of about 20 high school students. By selling stock, they raise the capital needed to manufacture and sell a useful product or service. They thus duplicate on a small scale the operation of a regular business enterprise.

At the end of the school year, the company is terminated and each stockholder receives a proportionate share of the company's assets.

The Chelsea Junior Achievement companies will produce and sell small products. Each company will sell stock certificates at \$1 per share, with a limit of one share per customer.

Each company is counseled by adult advisors from local business and industry, who guide the young business men and women in all phases of the enterprise—management, production and sales. Officers and workers in the company are paid wages for work performed.

The staff of Chrysler Proving Grounds, Chelsea, is sponsoring Junior Achievement in this area. David Logan of the Proving Grounds is the coordinating advisor. The Chelsea groups' advisors include: Russ Lake, operations manager; and John Livingston, Thomas Brandon and Dick Winters.

Local Junior Achievement members meet at the high school on Thursday from 6 to 8 p.m.

Blood Bank Nets 145 Pints From Clinic

The 1967 Chelsea Community Blood Clinic, held Tuesday at the Congregational church, took in a total of 145 pints of blood. Mrs. Dudley Holmes, chairman of the Blood Clinic, each year since it began here in 1952, reports that of 180 people reporting to the clinic to give blood, only 21 were rejected for colds or other medical reasons.

Chelsea is reported by the Red Cross to have always had one of the highest percentages of acceptances for any community in the state. The average community has to reject one-third of its applicants for health reasons.

The number of pints of blood given each year in Chelsea since 1952 is as follows:

No. Pints	Year

Washington Report by Congressman MARVIN L. ESCH

The Panama Canal, subject of the "apparently" because the negotiations have never been released publicly. As a result, guesswork and misinformation surround the discussion of the treaties and constitute one reason why I and the other members of the Republican Task Force on Western Hemisphere Affairs have recommended a postponement of Senate ratification. The lack of information on this important issue once again emphasizes the need for Congress and the Administration to begin to work from a point of knowledge rather than ignorance.

On the other hand, there is an equally strong, if not more intense, belief that the continued complete control by the U. S. of the canal zone is vital to our immediate and long-range interests. This view is coupled with a suspicion that the agitation in that area has been communist inspired and any concession on the control of the canal by the U. S. might trigger communist takeovers of governments in Latin America.

The new treaties are now under consideration in the Senate and are supported by President Johnson and former President Eisenhower. Both of whom see it as a necessary step toward better relations. General Eisenhower, in a statement of support said "it (the canal) has become a source of resentment and conflict between the United States and Panama, two nations whose close community of interest gives them every reason to work together in close and friendly cooperation. The new treaties can help to achieve this sort of relationship and can be of mutual importance to both."

While I respect this view, and support it, I am somewhat hesitant to recommend immediate ratification of the treaties because they apparently worked U. S. interests in the area in a time of international crisis and a rapidly changing almost-constant.

My sincere thanks to all my friends, relatives, and neighbors who remembered me with cards, flowers, fruit, food, and calls while I was in the hospital—and since my return home. To the members of the Cavanaugh Lake North-Sylvan Grange, the Chelsea Farm Bureau, and the WSCS of the Salem Grange Methodist church, my sincere appreciation for the lovely plants they sent me.

Warner Siebert; and for the helpfulness of St. Paul Mission Club and Christina Circle and ladies of the Mt. Olivet church who served the meal following the service Saturday. Everything is most deeply appreciated and will always be remembered.

Family of Walter M. Seitz.

Senseless Slaughter

Four Mackinac Bridges could be built for the cost of accidents on Michigan's highways during 1965 alone. This loss amounted to \$415 million, less than one-fourth the cost of Michigan's famous bridge.

There is no way to measure the grief, sorrow and pain involved with the 2,296 people killed or the 156,700 who were injured in 302,000 automobile last year.

If you think it can't happen to me, you should also be aware of your statistical outlook. According to figures supplied by Michigan State Police, your chances are these:

One out of every 2,574 people in the state was killed last year in an auto accident.

One of every 523 was injured. One of every 14 motor vehicles was involved in an accident.

One of every 9.2 licensed drivers was involved in a traffic accident.

A 10-year friend of 1950-66 shows little improvement in safe driving behavior of Michigan's five million motorists. While 1966 indicates the number of licensed drivers is up 37 percent, the number of accidents increased by 53 percent. Vehicle miles traveled increased 56 percent in 10 years, injuries increased 150 percent.

Motor vehicle registrations are up 30 percent, deaths jumped 32 percent.

Keweenaw, at the northern tip of the LIP was the only county not recording a traffic fatality last year. Forty-five counties recorded increased fatalities; 30 had decreases and eight had no change.

Five major causes of accidents are responsible for more than 80 percent of the accidents, say State Police. They list these: drinking and driving, speeding, failure to yield, improper signals and following too closely.

Textbook Review
 American history textbooks most commonly used by Michigan schools will be reviewed this fall to determine whether minority groups are fairly represented.

A new state law provides that all schools consider how fairly the accomplishments and achievements of minority groups are presented in their social studies and history texts.

A five-member advisory committee, appointed by the State Department of Education, has begun a random survey of history books as the first step in determining minority racial and ethnic adequacy. There are some 600 social studies books used in elementary and secondary schools.

Following the American history review, scrutiny will be given to civics, economics, geography, government, world history, sociology and psychology.

The committee will use a panel of qualified historians to assist with the evaluation. A report of progress is to be made to the legislature each year.

College Loans

Guaranteed loans to college students administered by the Michigan Higher Education Assistance Authority, passed the \$10 million mark for the first time in the program's five-year history.

Some 2,000 such loans were guaranteed by the state in September, the largest number ever processed in one month, according to Ira Polley, State Superintendent of Public Instruction.

"Student in the larger metropolitan areas are still encountering difficulty in obtaining loans through the larger city banks, but youths in the rural and suburban areas have had good success," commented Polley.

"The tight money conditions of 1964 when lending institutions could not extend funds at the maximum six percent interest required under the student loan program seem to have been relaxed a great deal this fall," he said.

Since the program's inception in November, 1962, MHEAA funds have guaranteed 13,140 loans, totaling more than \$8 million. Of this number, 1,236 loans totaling \$783,360 have been repaid.

Students have a maximum of 10 years after graduation or withdrawal from college to repay the loans.

Loans which carry the 100 percent faith and credit of the MHEAA must be negotiated through one of the Michigan banks credit unions or savings and loan associations which have signed participating agreements.

THE LANSING REPORT

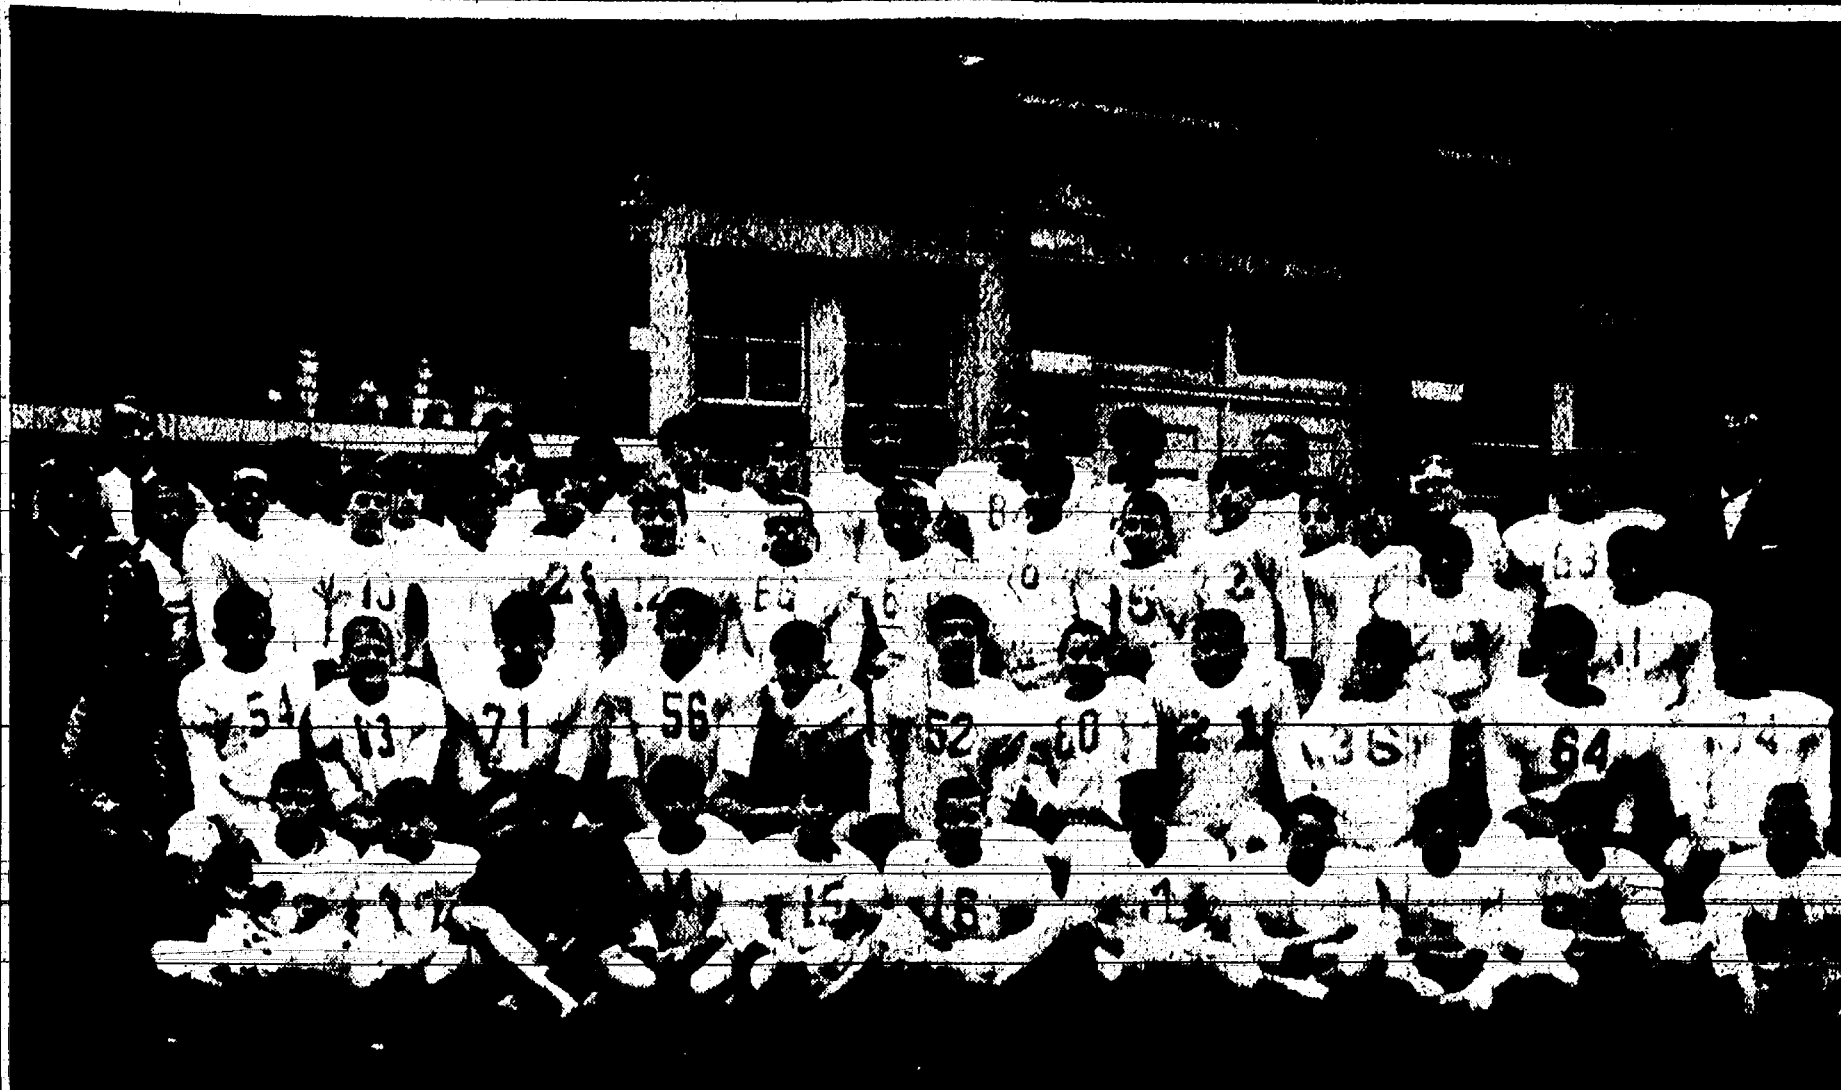

FROM senator GIL BURSLEY

Legislation on "occupancy" has been very much discussed by the Senate and House. I had the opportunity last week to address the Ann Arbor Board of Realtors and to leave with them the suggested draft legislation. I hope to have their detailed comments and recommendations shortly. We have also had a detailed briefing on laws in other states by a University of Michigan law professor who met in Lansing with Senate and House members of both parties.

On this type of legislation I am keeping an open mind. It is fully possible that a constructive and acceptable bill may be worked out but as yet I haven't seen anything approaching it.

Personal Notes

Mrs. Dave Pastor and her brother, Frank P. Hayden of Grosse Pointe, flew to Denver, Colo., to spend the week-end with his daughter and family. Dr. and Mrs. Gene M. Bolles, Mr. Hayden's wife had flown to the Bolles' home two weeks earlier. After an enjoyable vacation, Mrs. Pastor and Mr. Hayden returned to Michigan.

The Hi-Light

Edited by Students of the Chelsea High School Journalism Club

Chelsea High school seniors are now in their second week of selling magazines, with \$6,000 as their goal. Each class (first, second, third, fifth, and sixth hours of the school days) has a goal of \$1,200. Russell Beeman, student in charge of the sale, urges all other students to turn in their money by next Monday. Russell also said that the sale is progressing very well. A certain percentage of the money collected goes toward the senior trip. Each senior is trying to earn enough points to go to wherever the class decides. In a drawing held the first day of school after the sale began, Janis Fitzsimmons won the nine-transistor radio. The high salesman so far is Jean Walters, who also received a transistor radio.

Junior Achievement, a newly formed club for all interest sophomores, juniors, and seniors, meets every Thursday night from 6 to 8 p.m. JA consists of three companies, sponsored by Chrysler Proving Grounds. The head advisor is David J. Lokan. All students interested should be at the high school in the new building Thursday night.

Congressman Marvin Esch, of District 2, came to visit our school Monday, Oct. 30. The assembly was held in the auditorium at 9 a.m. The students really enjoyed hearing Mr. Esch and asked a lot of questions, which he answered. Among the topics were the Vietnam war and the legal age for voting, driving, and smoking.

Student Council is planning the "nickel carnival" for Nov. 18. There will be plenty of booths and a queen will be crowned at 1 p.m. The public is invited for an afternoon of fun. Payo Policht, president of student council, says that the carnival is progressing well.

A "College Information Night" is planned for Nov. 7 at the high school by the school counselors.

License Plates For '68 Available

Commercial and passenger license plates went on sale Wednesday, Nov. 1. People who purchased their current license plates on or before June 30, 1967 have received renewal forms in the mail from Wallace C. Wood, manager of the Chelsea branch office for the Secretary of State, which will again handle the sale of the plates for Chelsea-Dexter area residents. Forms for those who bought their plates after July 1 are available at Wood's office. Everyone must bring the completed form, proof of insurance, registration and/or title to the office to pick up the new plates. There will be no change in fee this year.

Wood plans to be in Dexter on two Saturdays and Manchester on two different Saturdays to assist residents of these areas with the purchase of their license plates before the March 1 deadline. These Saturday dates will be announced later.

SAFETY TIP
Check your spare tire at least as often as you check the others. An uninflated spare could confront you with a dangerous predicament in case of tire trouble on a high-speed highway, the State Highway Commission warns.

GOLDEN GLOVE
Bill Freehan received the Gold Glove Award for catchers (top defensive catcher) in both 1965 and 1966.

George Bergman and Mrs. Ellen Gillels. All people interested are asked to attend.

Chelsea High's first basketball game will be played Dec. 1. Most of the players are already warming up for it.

Nurse Refresher Course To Help Ease Shortage

To alleviate the critical shortage of registered nurses, an agreement to conduct a Registered Nurse Refresher Training Course has been entered into by the Veterans Hospital, Washtenaw Community College, the Michigan Nurses Association, the Michigan Employment Security Commission and the Michigan Division of Vocational Education.

The training will be conducted at the Veterans Hospital starting Nov. 19, and will last for six weeks. There will be two classes: one meeting from 9 a.m. to 2:30 p.m. and the other session will start at 6 p.m. and last until 11 p.m. Both classes will meet four days a week, Monday through Thursday. There are no tuition fees and books and supplies will be furnished.

To be eligible for refresher training, a nurse must have a current license from any state and be willing to work when training is completed. If you are interested in receiving Registered Nurse Refresher Training, contact Mrs. O'Connor or James E. Clark at the Michigan Employment Security Commission office, 301 Maple Village, Ann Arbor, telephone 761-9050.

Members of the audience will be able to ask questions during the panel-type program. National Honor Society members will act as hosts and guides for the evening.

Future Teachers Club members plan to show two sound filmstrips in rooms adjacent to the auditorium on Nov. 7. Titles of these movies are as follows: "I Wish I'd Known That Before I Went to College" and "You and Your College Entrance Examinations."

Note that the date, Nov. 7, is between football and basketball seasons so that any college-bound athlete can attend. These programs will be valuable to any and all students who are planning to attend college in the coming years.

NORTH ELEMENTARY SCHOOL NOTES

KINDERGARTEN

Teacher, Mrs. Packard
We have been busy decorating and preparing for Halloween. We spent 2 days tracing each other and painting ourselves in the Halloween costumes we will wear to "Trick or Treat." The result was a roomful of life size, colorful spooks. On the eve of Oct. 31 all the ghosts, pumpkins and goblins will disappear and tribes of Indians will begin to appear in their place.

FIRST GRADES

Teachers, Mrs. Foreman, Mrs. Samuelson, Mrs. Staffan
The first graders in Mrs. Foreman's room are pleased with their project "Dummy Dick." He came to visit right out of their reading text. They are eagerly looking forward for June and Sally to visit them too.

Several first graders made miniature stuffed pumpkins which now adorn the rooms. Mrs. Samuelson's room liked their pumpkins so well that they are now making realistic looking corn with husks. Mrs. Staffan's boys and girls are making Halloween booklets with stories and illustrations. All the boys and girls are progressing nicely in the various reading programs.

SECOND GRADE

Teacher, Mrs. Adams
Our class has been studying the American System of Free Enterprise. One phase of this study has been our discussion of "how products are made now compared with the way they used to be made." We experimented with cakes and compared one made with a recipe to one made from a Jiffy Mix. We used a mix that we obtained from our trip to Chelsea Milling Co. a few weeks earlier.

This is what the class wrote: "On Oct. 5, our class made a cake from a recipe. It took a lot of time to fix it. We used these things: flour, sugar, eggs, salt, baking powder, shortening, vanilla and milk." "On Oct. 6, we made a cake from a box mix. It didn't take very long to fix. We put the box mix in a bowl and added only eggs and water."

Both cakes were good. The class enjoyed the modern method of using a box mix because it took less time to prepare and they needed less assistance from the teacher.

Snapshots of the children preparing their cakes are in their classroom along with the stories they have written about this project. These pictures and stories will remain on display for Open House during the first week in November.

Our class has been making masks out of paper-mache and paper bags. We have some of them on display on the bulletin board in the office, while others are on display in our room. Some are scary and some are funny.

Eagle Scout...

(Continued from page one)

belongs to the Congregational church and has attended church camp for three years.

A personal letter from the Chief Scout Executive of the U. S. was read by Wendell C. Scofield, Scouts Wayne Stahl and Ray Warden escorted Mr. and Mrs. Parks to the front. Mr. Parks presented Bruce with his Eagle Certificate, and Mrs. Parks pinned the badge on her son. Bruce gave his mother a miniature Eagle pin. After congratulations, Ralph Frisch led a musical tribute to the new Eagle.

Following the closing ceremony, refreshments were served by Mr. and Mrs. Parks and Vincent Stahl were served by three Cadet Girl Scouts who have brothers in the troop.

THIRD GRADE

Teacher, Mrs. Matson
Reporters, Bruce Stubbs, Don Morrison
The third graders at North School went to the Hickory Ridge Dairy. We saw the milking parlor and the bottling machine. We had refreshments and got pencils and hats. We put up the October bulletin board in the gym. Ellen Straub went to Valley Forge over teacher's institute.

FOURTH GRADE

Teacher, Mrs. Wilderom
Reporter, David Pletcher
Today we will finish putting features on our masks. Some of us can paint ours today. This morning we made stories about spooks. Then we put some of them on the walls. Then we were thinking about dyeing our curtains blue and gold.

FIFTH GRADE

Teacher, Mrs. Cox
Reporter, Elizabeth Collins
We have been studying inventors and inventions. We have many bulletin boards about these things. In Social Studies we're studying Jamestown. We are getting ready for our Halloween party. Our class is cleaning up our room and getting things ready for open house for our parents. Open House will be Nov. 7.

SIXTH GRADE

Teacher, Mrs. Winkle
Reporter, Carol Schreier
Our class has been making masks out of paper-mache and paper bags. We have some of them on display on the bulletin board in the office, while others are on display in our room. Some are scary and some are funny.

Rev. Peterson Resigns from Churches

The Rev. Stephen Peterson, pastor of St. John's United Church of Christ, Francisco, and St. John's United Church of Christ, Rogers Corners, tendered his resignation to both parishes Sunday, Sept. 10. The resignation is to be effective Jan. 1, 1968.

The Rev. Peterson began his ministry with these two parishes early in the fall of 1965. He came to this area directly upon completing his seminary training at the Colgate Rochester Divinity School, Rochester, N. Y. During the span of his ministry, he has also been a part-time graduate student at the University of Michigan. The Rev. and Mrs. Peterson will continue to reside in Ann Arbor, where he will devote full time to his studies at the University.

"The two parishes, which bear the same name only by coincidence, have been yoked together since 1956 and plan to continue this relationship. A joint pulp committee has been formed to secure a successor to the Rev. Peterson.

Gas Storage Operations Explained

On the Monday night Kiwanis meeting, Kiwanis member Eldon Gorton, 785 Taylor St., described the operation of the Freedom Compressor Station located on Pleasant Rd. in Freedom township, Pleasant Lake.

Gorton has been the supervisor of the station for three years. He is a 10-year veteran with the Michigan Gas Storage Co., which operates the station. Gorton heads a crew of 23 men. Michigan Gas Storage is a division of Consumers Power Co.

The Freedom Station is the oldest in the Michigan Gas Storage System, having started operation in 1946. It is anticipated that the volume of gas moving through the station in 1968 will be in excess of 100 billion feet.

Deadlines Given for Holiday Mail

Postmaster Richard Schaules today issued a reminder of mailing deadlines for Christmas gifts and parcels.

A Chelsea postal official said these are final deadlines suggested by the Post Office Department to make sure that all mail reaches on time.

For the public mails on or before these suggested deadlines, he explained, "there will not be a last-minute jam-up in the stream caused by a massive volume of mail which will be more than the already over-burdened system can handle."

He is asking that the public hurry by shopping early, mail early and using Zip Codes to make the most efficient Christmas postal operation ever.

Postmaster noted that speculation will again be placed on the delivery of mail to service men in Vietnam and the surrounding areas, and encouraged the use of ZIP numbers on all military mail.

Deadlines for mail to all members of the Armed Forces abroad are as follows:

- For five pounds or less, plus postage and greeting cards sent by surface rates (these go by air space available basis): Dec. 1; mail gifts and greetings: Dec. 11.
- For domestic military mail: Dec. 15; other areas, Nov. 1.
- For domestic Surface Mail: Gifts to states, Dec. 4; Greeting cards to distant states, Dec. 10; and greeting cards to near areas, Dec. 13.
- For domestic Air Mail: gifts and greeting cards, Dec. 19.
- Deadlines for overseas civilian mail are also listed:
- For Surface Mail: Far East, Oct. 15; other areas, Nov. 1.
- For Air Mail: remote areas, Dec. 1; areas with daily-travelled air routes, Dec. 15.

Junior Varsity Gridders Lose To Both South Lyon, Saline

Chelsea Junior Varsity gridders lost to Saline last Thursday night, 7-0.

Saline scored in the second quarter by running around Chelsea's right end. The conversion was good and this was to be the difference in the game. Saline's touchdown came after they had intercepted a pass and returned the ball to Chelsea's 30-yard line. From then on, Chelsea stopped Saline's offense.

In the second half, Chelsea dominated the game. Jim Hercules, Jeff Bust and the rest of the offensive interior line opened good holes for Dale Robbins and Jim Wojcik to break through. A combination of passing and running finally took the Bulldogs down to Saline's two-yard line, where Dale Robbins hit off tackle for the score. The extra-point attempt was missed and the game ended, 7-0.

The JV's last game is at home Thursday, Nov. 2, against Dexter. Game time is 7 p.m.

VFW Meeting Will Inform Vets of Benefits Granted

The Rehabilitation Service, Department of Michigan, Veterans of Foreign Wars, will conduct a meeting Monday, Nov. 8 at the VFW Post No. 823, 3017 Woodward, Jackson from 7:30 to 10 p.m.

The session will cover various federal and state benefits for veterans and their dependents. However, great emphasis will be placed on a new law concerning veterans' pensions and re-adjustment assistance for the Vietnam veterans. This is an excellent opportunity for the young men of our community, who are returning from service, to learn about their entitlement to various benefits because of their military service. Parents and wives of men in service will also find this meeting very beneficial and interesting. The public is invited to attend. Conducting the meeting will be state service officers of the Veterans of Foreign Wars Service office, located in the Veterans Administration Building, Detroit. Veterans of Foreign Wars Post 4070 commander Fremont Boyer and Auxiliary President Lucy Platt urge all who can attend to do so, as this concerns new laws that went into effect Oct. 1.

It takes nature from 500 to 1,000 years to make an inch of good top soil. But it can wash away in a single night.

Letters to the Editor
Parents of Chelsea, meeting evening we attended meeting held at the Congregational church. This meeting covered the possibility of a teen center for our youth. The notice of the meeting appeared on the page of The Chelsea Standard. The public was invited and listening services were available. Do you want to know how many adults attended this meeting? What is wrong with the parent in Chelsea? Aren't you interested in providing a place for our teenagers? We can't believe we aren't interested. Is it that we are too busy with our own work activities or are you afraid we might become involved? It seems to be that the time you can get a group of people together when they want to complain about something as trivial as millages, towel service, or the show of some place. Our teens need some place to go after the show of some place. Why don't we take time from our busy schedules and have Marketa and Jerry Sawyer with this project. Dexter has youth center for their team. I know we in Chelsea can do one too, with just a little help from the parents. We are beginning to believe should be more concerned with the parents of this town that are with the teens.

Methodist Home Has Halloween Party

More than 100 residents of the Chelsea Methodist Home enjoyed a Halloween party at the Home Monday night, Oct. 30. The Home Recreation committee, consisting of Mrs. Laura Mordick, Roy Adair and the Rev. Robert Livingston, planned the party, which opened with a parade of costumes. Many of the residents were dressed in Halloween outfits.

Roy Adair then led group singing, assisted by Hattie Woodward at the piano. Readings were presented by the Home's oldest resident, Mrs. Mary Todd (who

admits to being in her 90th year), and Mrs. Lillian Hepler. Mrs. Todd recited "A Family Situation," which portrayed life from a woman's point of view. Mrs. Hepler read "When Old Folks Are Away" by James Whitcomb Riley.

Following the readings, the senior citizens played games and were served refreshments of older and doughnuts.

Library Given Money from State Grant

McKune Memorial Library has received money from a Michigan State Library program to purchase new reference books. The Library has placed the first of its orders for books recommended by the grant, including some new sets of encyclopedias, more recent editions of Who's Who, and other reference.

Libraries serving populations between 3,000 and 5,000 are benefiting from the three-year program to improve reference collections. The program is administered by the Michigan State Library and financed by a grant from the McGregor Fund of Detroit.

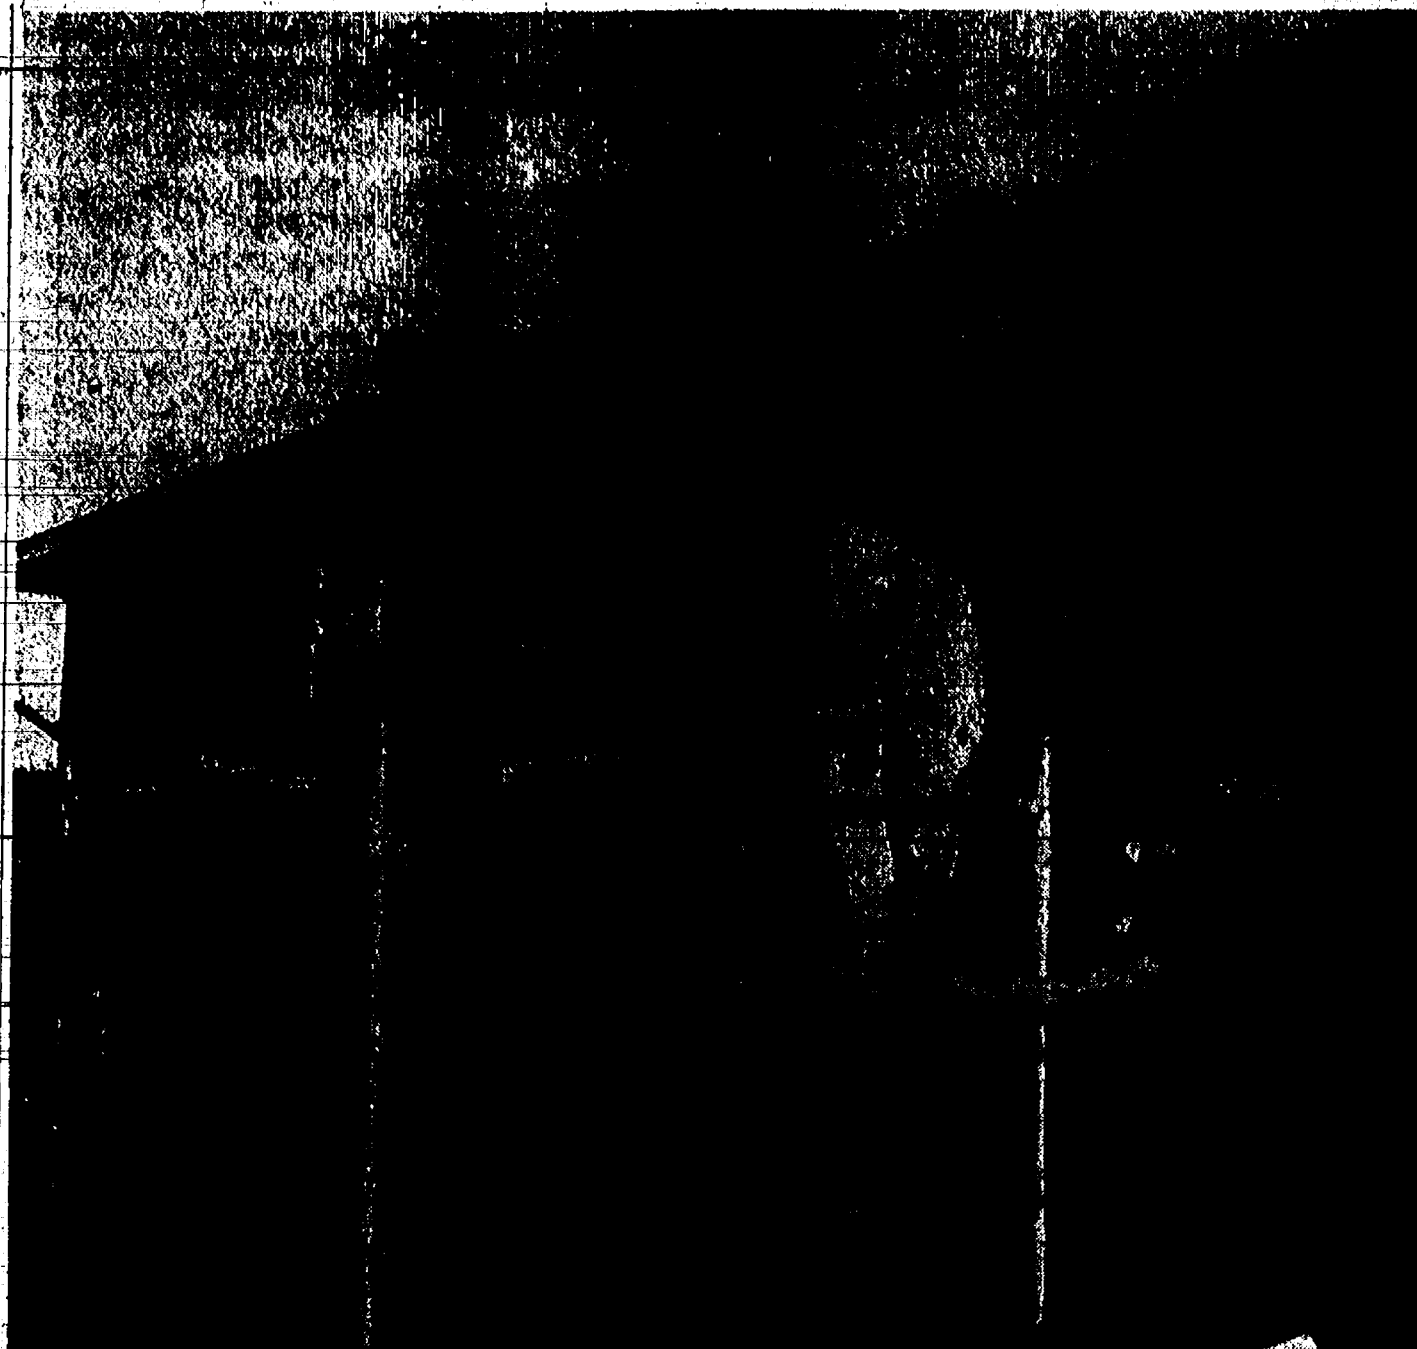

Participating libraries may purchase reference books from a selected list in a total of about \$650 a year in each of three years. Each library will send a staff representative to a week-long workshop on the use of the new reference books.

The fund which has made this program possible is the McGregor Fund, with headquarters in the First National Building in Detroit. The fund was established in 1925 by Tracy W. McGregor and his wife, the former Katherine Whitney, "to relieve the misfortunes and promote the well-being of mankind." Tracy McGregor died in 1936, but the foundation continues to carry on the work to which he devoted his life.

Tracy McGregor's father, Thomas, founded in Toledo, and later in Detroit, missions for destitute men. The elder McGregor died three days after the Detroit mission opened His son, Tracy, at 22, left school immediately to take over. A few years later, his marriage to Katherine Whitney, the heiress of lumberman David Whitney, gave him the financial resources to make philanthropy his life-time work.

McGregor's contribution to Detroit's welfare amounted to a great deal more than money, however. It was he who organized social reforms in the community. McGregor, for example, was president of the Detroit Community Fund. He was an official of the Wayne County Training School; he was in charge of Red Cross civilian relief in Michigan in 1917 and 1918; he was the heart and soul of the "Thursday group," an informal organization of like-minded community leaders; he was a force in the creation of the present single municipal court system; he investigated conditions in the old Detroit House of Corrections and made recommendations for reform—to name only a few of his activities.

In his later years, McGregor and his wife lived in Washington, D. C., but he continued to take an active interest in the how defunct McGregor Institute and the Detroit Community Fund until his death. He was, according to William Lovett, executive secretary of the Detroit Citizens League, "one of the best citizens Detroit ever had" and his influence for good continues to be felt.

GROWING PAINS: The Rod and Gun Club's new addition is nearing completion with the help of (left to right) Dennis Garen of Birmingham, Alex Boratynski of Orchard Lake, William Hunter, Sr. and William Hunter, Jr., both of Island Lake. The senior Hunter is the only Rod and Gun Club member in the photo. Although Chelsea Asso-

ciated Builders roughed in the building initially, the rest of the work is being done entirely by members and volunteers. The addition will be finished when the fireplace is put in and the partition between new and old sections of the building is torn down. Members expect the work to be completed within a month.
