New Jr. High Will Be Named for Gen. Beach

General Expects To Be Present for Official Dedication in Early Spring

A new junior high school will be named for Gen. Dwight E. Beach, according to an announcement made at the School Board meeting Monday night. The building, scheduled for completion in December, will be named for General Dwight E. Beach, a native son of Chelsea who, after 35 years of military service, has risen to the rank of major general and has distinguished himself in his numerous assignments.

Operations in Black and Zamboni. He also participated in overland operations at Davao. Since World War II, he has commanded the artillery of the 11th Airborne Division, the artillery of the 45th Infantry Division in Korea, and served as Artillery Officer and Deputy Chief of Staff for Plans and Combat Operations. Street to New School Named Mayer Drive

The Board of Education announced Monday night that it will name the road to the new junior high school Mayer Drive in memory of Alfred D. Mayer, a prominent Chelsea business and community leader who died April 29, 1961.

Born in Sharon township Sept. 11, 1906, Mayer was a son of Joseph and Caroline Wacker Mayer. He lived in this area all of his life. On June 17, 1939, he married Florence Nelson in Chelsea; they had two children, Nancy and Daniel.

A 1942 graduate of Chelsea High school and a Glee Club graduate, Mayer had operated an insurance agency at 115 Park St. since 1939.

Mayer served as Chelsea Village president from 1940 until 1944, and had been chairman of the Election Board of Chelsea and of Sylvan township.

He was secretary-treasurer of Oak Grove Cemetery Association for a number of years and had previously served as its president.

For many years he had operated the Secretary of State branch office in Chelsea and was also an active worker in Chelsea village politics.

A member of the Kiwanis club of Chelsea for 23 years, Mayer had a 21-year record of perfect attendance at meetings. He was president of the club in 1941 and in 1942.

Bulldogs Tie Dexter, 13-13, In Final Game

Chelsea Bulldogs ended their 1967 football season at Dexter last Friday night with a tie. The final score was Dexter 13, Chelsea 13. The Bulldogs' overall record for the season is two wins, four losses and two ties. Chelsea finished up in fourth place in the Southeastern Conference.

The game was again played under adverse conditions with rain, snow and cold weather. Dexter scored first after recovering a Chelsea fumble on the 45-yard line of Dexter. The touchdown came on a 12-yard pass from Dan Hoy to Mark Hurst. The attempt for extra point was good and Dexter led, 7 to 0.

With only 11 seconds left in the first half, Chelsea scored with Mike Schnaidt going the final six yards for the touchdown. This climaxed a drive of 62 yards, with the big play being a pass from Schnaidt to end Mike Harvey covering 30 yards. The try for the extra point was no good and Dexter led, 7 to 6, at half-time.

Both Chelsea and Dexter played good defense in the third quarter, as neither team scored. Late in the period, Dexter started a drive and moved to Chelsea's 10-yard line as the quarter ended.

On the second play of the fourth quarter, the Dreadnaughts scored on a pass from Hoy to Hurst. The extra point attempt was wide and Dexter led, 13 to 6.

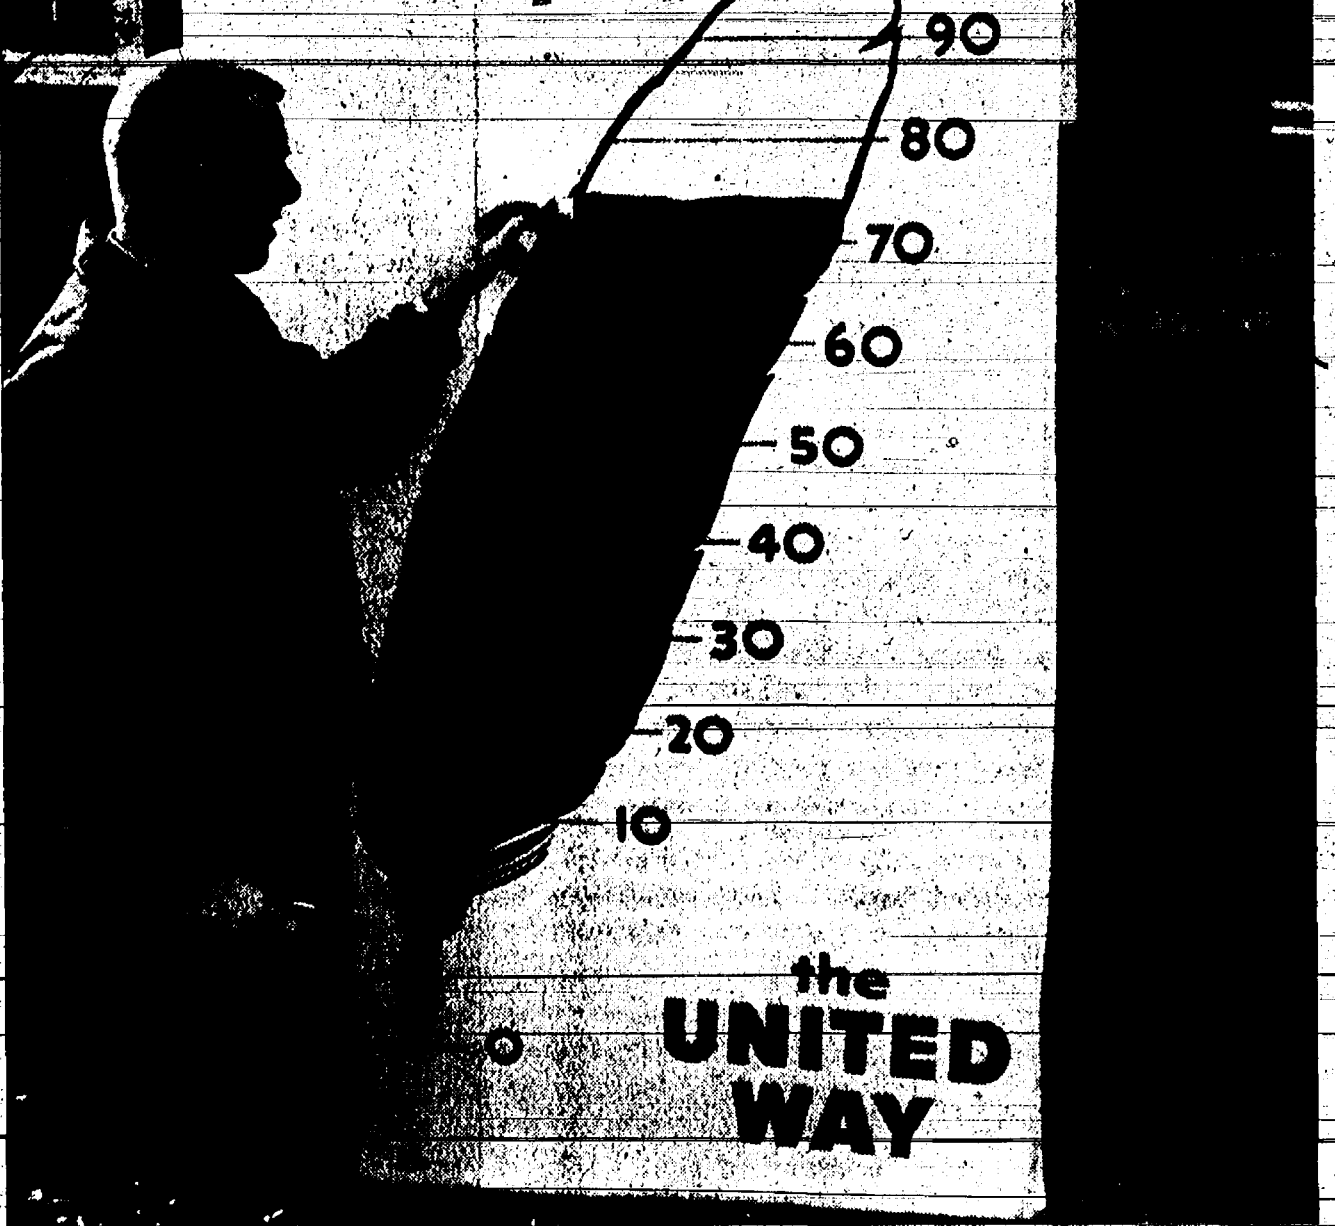

The Bulldogs, unable to move the ball, were forced to punt to Dexter. With the ball on the 50-yard line, Chelsea's Kerry Kargel recovered a Dexter fumble and, with seven minutes left to play, the Bulldogs capitalized on the break. Craig Houle passed to John Freeman and Mike Schnaidt and ran for 13 yards to move the ball to Dexter's 19-yard line. Then, with the drive stalled and fourth and 10, Craig Houle uncorked left, stopped and passed to senior Rob Powers in the end zone; this gave Chelsea six points on the scoreboard. The score was now 13 to 12 in favor of Dexter. The all-important extra point was earned by a perfect pass from Houle to junior halfback Mike Schnaidt, giving the Bulldogs a 13 to 13 tie.

With this game, seniors Mark Lancaster, John Freeman, Mike Lehmann, Larry Gaken, Rob Powers, Ray Warden, Bob Taylor and Ron Morley closed out their high school football careers.

FILLING IN THE FEATHER, 1967 United Fund Community Chest goal. The red Fund campaign chairman, Dr. Gene Miller shows feather, traditional symbol of the United Fund, is that Chelsea has almost reached 75 percent of its standing on the post-office lawn.

United Fund Drive Nearing 75% of Goal

Chrysler Corp., Proving Grounds Employees Top List of Contributors

The 1967 Chelsea United Fund Drive has now reached approximately 75 percent of its \$21,950 goal. The Fund, or Community Chest, received a big boost Tuesday, Nov. 7 in the form of a

\$4,650 check from Chrysler Proving Ground employees and Chrysler Corp. The check, representing more than 20 percent of the goal, was the largest received from any Chelsea organization.

New Rubbish Contractor Takes on Job

Effective Friday, Oct. 20, the regular established rubbish collector, William Terna, requested to be relieved from the rubbish contract and the village has agreed to enter into a contract with the firm of Dalton & Smith for the collection of garbage and rubbish.

Although the official drive ends this week, contributions to the fund will be welcome at any time during the next two weeks. All campaign workers are urged to turn their reports in to their chairmen as soon as possible. Any individual or organization not contacted during the United Fund Drive may obtain pledge cards from campaign chairman Gene Miller.

Scout Troops Camp Out in Indiana

Boy Scout Troops 425, 465 and 476 spent last week-end camping out 140 miles from Chelsea in Ouabache State Recreation Area near Bluffton, Ind. The Scouts left Chelsea Friday, Nov. 3 and returned Sunday, Nov. 5. During the camp-out they slept in tents and cooked out in spite of the freezing weather and snow on the ground.

Area Children Collect \$201 For UNICEF

Mrs. James Shadoan, 1967 UNICEF chairman, reports that the fine co-operation of the children and residents of Chelsea during the Halloween trick or treat UNICEF collection has made this year's drive a success. Community contributions to UNICEF totaled \$201.

A hike on a 10-mile trail highlighted Saturday's activities. The boys climbed a fire tower, saw wild buffalo, spotted two huge elk engaged in battle, and observed wild animals in the zoo at the wildlife preserve. A community campfire Saturday night helped to warm up the Scouts. Sunday morning church services concluded the week-end events.

"Needy children and mothers in 120 countries will be grateful for the coins collected on Halloween," Mrs. Shadoan noted. The money will provide badly needed supplies, medicine and services for boys and girls in Africa, Asia, Latin America and the Middle East.

It has been brought to the attention of the council that many people are still placing their garbage and rubbish at the curb in inadequate containers, such as soft cardboard cartons and paper bags. Needless to say, these containers become water-soaked and split apart when the contractor attempts to remove them. The contractor is within the terms of his contract to refuse to take these containers and has been advised to do so.

As has been stated many times before, the contract calls for the collector to be responsible for two 20-gallon covered containers. Garbage is to be wrapped in newspapers (other than The Chelsea Standard). Stones, leaves, dirt do not go in.

CHS Nickel Carnival Set For Saturday

The fifth annual Nickel Carnival will be held Saturday, Nov. 18 from 12 noon to 7 p.m. in the Chelsea High school gymnasium.

Sponsored by the student council, the carnival is open to the public. A dance for high school students will follow in the cafeteria.

During the carnival, a queen will be crowned. Each of the four classes nominates one girl for the honor. The winner, to be announced and crowned at 4 p.m., will be determined by the number of pennies put into the appropriate canisters used to receive "votes" for the queen; each penny will count as one vote.

Featured at the carnival will be 20 booths, including a fishpond, jail, cakewalk, balloon dart game, concession stand, and two fun-houses.

Each of the booths, which have been rented from a Lansing firm, will be run by one of the various high school clubs. Profits from the carnival will be used to purchase a rug for the student lounge.

Heading the carnival committee this year are Faye Pollett, chairman, and Alan Boyce, co-chairman.

A total of 119 scheduled conferences was held Thursday, Nov. 2 during the day at Chelsea Junior High school. Reflected in the total is the fact that several parents conferred with more than one teacher. In addition, other parents came to the school to talk with teachers during their free time. Junior high students had the day off to allow sufficient time for the conferences.

Approximately 200 parents attended the evening capsule schedules, with an additional 50 present for the film, "Parent to Child About Sex."

VETERAN'S DAY Nov. 11

★ MICHIGAN MIRROR ★

By Elmer E. White, Secretary, Michigan Press Association

Recovery, Inc.

Fifty mental patients were waiting to see Dr. Abraham A. Low, a psychiatrist, as he walked through the "doghouse" of the University of Illinois Medical School. Realizing that he could not possibly give an hour to each one, Dr. Low conceived the idea of helping them in a group.

That was in 1937. Shortly thereafter, Dr. Low realized that patients who have largely recovered from their psychosis can be helpful to others who have been dismissed from mental hospitals but still get upset and frightened. He founded Recovery, Incorporated, a "club" composed of laymen who have largely or completely recovered from their mental problems and who aid others in need of help.

Thirty years later Recovery, Inc., has a membership of more than 10,000 and has helped many thousands more overcome their mental problems. There are 157 chapters in Michigan alone, 36 states and three Canadian provinces have local chapters.

It is a self-help organization of people whose extreme nervousness interferes with their lives. For some it's a means of recuperating from a nervous breakdown. Men-

bers meet regularly in small open meetings with the reading of a chapter from Dr. Low's book, "Mental Health Through Will Training," followed by panel discussions. Members relate personal experiences, report how Recovery helped them handle their difficulties. First names only are used unless the person wishes to reveal his last name.

Anger is always at the root of nervous upsets, according to Recovery philosophy. Either the nervous person is angry at someone he feels is wrong or he is angry with himself for failing to live up to his own expectations. In Recovery members learn to value their mental health over the symbolic victories they might win if they bristled at every small annoyance. Instead, they remind themselves that there is no right or wrong in a triviality.

Because they are laymen, members make no attempt to counsel each other on major crises or give advice. They merely give examples of how they have practiced the Recovery Method in facing and handling specific difficulties.

One of the goals of Recovery is to help people who are having trouble in their lives to find a way out of their difficulties.

Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

I was reading this piece by one of them Washington column writers that has got me shook up considerably. If your readers ain't heard anything about it yet, they also was going to be mighty disturbed in this matter.

The U. S. Department of Commerce is already making plans to take the 1970 census. And for the first time in history they ain't going to appoint census takers to go from house to house. Instead, ever family was going to get a 20-page questionnaire and if they don't fill it out and mail it back, they was liable for 60 days in jail or a \$100 fine.

This column writer reported they was going to mail the questionnaire out to citizens in New Haven, Connecticut, for a trial run to get the kinks out of it. This fellow reported he had got one of these questionnaires official through his Congressman. It was a heap worse, he said, than the income tax returns.

First off, he allowed, if you wasn't pritty smart it would take a month's hard work to fill it out. Furthermore, he said if the head of the household was a little on the shaky side he could have a nervous breakdown afore he got it back in the mail. He said it was red tape at the worst and a invasion of privacy.

Thom 20 pages, he reported, has got dozens of entries, numbers, circles, little boxes and spaces. He quoted verbatim some of the things, like "Answer questions 26 through 35 on everyone born prior to April 1953 including housewives, students, or disabled persons as well as part-time or full-time workers." And another place they got "Please list below all persons who stayed here overnight on Tuesday, April 4, except those you have

already listed in column 1, page 2." And in this list you was supposed to tell if they was single or married, give full names, race, date of birth, home address and Zip Code.

In them 20 pages you was supposed to report on the number of bathtubs, washing machines, garbage disposal units, color and black and white televisions, automobiles, if you went to college, how many in the family was working, how much they earned last year, and income from rents and investments.

In one place, this fellow reports, they say "Be sure you have filled a pair of pages on each person listed in col. 1, and pages 6 and 7, should be filled on the person listed on line 1, pages 8 and 9 on the person on line 2, etc. Please notice we need answers to questions 21 through 35 on ever person prior to April, 1953; even though they may not appear to apply."

I think, Mister Editor, you had ought to write to our Congressman and get a copy of this census form and print it now so's your readers will have three year to fill it out. We already got too many nervous breakdowns around here.

Yours truly,
Uncle Lew.

Dr. Johnnie Christian of the United States Office of Education, Home Economics Division, was a Chelsea visitor on Tuesday, Oct. 22, her purpose in coming here being to inspect Chelsea High school's home economics department. The Chelsea school was one of only two in the entire state that Dr. Christian chose to visit on a tour of schools in various parts of the country to gather information for a book she is writing.

The shortage of physicians in Michigan is felt in many communities. The immediate needs are 300 additional doctors per year. Michigan currently has three doctors for every 2,000 people, one of the highest doctor-to-population ratios in the nation. It is beginning to show an alarming change.

MSU's new facility is now categorized as a "two year" school. Its program is considered a "continuing education experience" with "medical school" training starting in the fourth year after three years of undergraduate work. The school is aiming for an enrollment of 84 students per class and is completing plans for an \$11.8 million Life Science Building.

Wayne State University's medical school is also expanding under the new "medical complex" planned for the university. University of Michigan medical school, already the largest in the nation, has filed detailed expansion plans with the state board of education and the legislature.

From Impala, world's most popular car

The silent ride of quality for '68

Now there are more good reasons than ever why people should prefer Impala. Like all regular Chevrolets, it's even further ahead for '68!

A more hushed ride. Among other things, we refined and improved everything about the ride to make it surprisingly smooth and silent. Just try it and see. You'll find that our engineers used electronic computers to pinpoint places where noises might develop. We mounted special dampers work of rubber cushions to keep squeaks and rattles from disturbing your comfort. We doubt that you've ever driven a car that moves so noiselessly.

The look you like best. People have always preferred Impala's looks. So for 1968 we made it even more beautiful. We gave the grille a more masculine and masculine look. We gave the hood sweeping new lines and tucked the mirrors neatly out of sight. We designed the taillights right into the rear bumper for a look you're sure to like.

We owe you the best. We figure we owe people more than other car makers do. Because it was people who put us in first place in the first place, and who keep us there year after year. We appreciate it.

The flag ceremonies were conducted by Cubs Scott Otto and Eric Prinzinger, assisted by Mike Schanz and Mark Kern.

The Cub Scouts sang "Hail There Cubs" and discussed the theme of the month, which is "Around the World." A special project was also started.

Treats furnished by Mike Schanz were enjoyed by all. Mark Kern, scribe.

DEN 5, PACK 415—

Den 5, Pack 415 met Wednesday, Nov. 1 at the home of den mother, Mrs. Cecil Clouse. Waterloo, Terry Ellenwood led the den in the flag salute. The Cub Scouts played a game and worked on their projects for the pack meeting. Mike Seyfried furnished refreshments.

WOLVERINE RADIO CLUB

Mr. and Mrs. Joseph Stanley were special guests of Polly Savoix, wife of president Nels Savoix, at the potluck dinner given by the Flint Chapter of the Michigan Wolverine Radio Club Sunday, Nov. 5.

Following the dinner, the regular monthly meeting was held. Mrs. Malcolm, wife of the deceased clown, Bo-Bo, was awarded an honorary life-time membership in the Michigan Wolverine Radio Club, Flint Chapter, in recognition of her husband's work with the children.

Mrs. Malcolm intends to carry on the work of Bo-Bo the clown that her late husband so faithfully pursued for many years. He was a great favorite with the children at Jamborees and would have surely missed with no one to take his place. We will look forward to seeing her at the 1968 Michigan Wolverine Radio Club Jamboree at Mount Morris next June 22 and 23.

Council Briefs

At a regular session of the Village Council Tuesday evening a decision was made to prohibit parking on the east side of S. Main St. from Summit St. to Orchard St. Vehicles entering the Main St. traffic pattern from Orchard St. are unable to view the northbound main street traffic. Signs will be posted immediately.

Approval was given for council endorsement of the Statement of Goals as presented by the Huron River Watershed Council subject to the addition of two amendments.

A summary of the police activity for the month of October was submitted by Chief Meranuek.

A discussion was held with Frank Dalton and Robert Smith regarding a contract for the hauling of garbage and rubbish for the village. The council recessed for 10 minutes to examine a new 20-ton packer truck which is expected to be in operation in the village on Friday, Nov. 9.

A motion was made and approved to enter into a two-year contract with the firm of Dalton & Smith for the collection of garbage and rubbish, in the amount of \$10,500 per year.

A motion was approved to indemnify the County Road Commission during the construction of the proposed sewer on Freer Rd., inasmuch as the construction will be located on the east side of the road, which is under the jurisdiction of the county.

Ordinance No. 55 was amended to allow new car sales and service in the Highway Service Business District.

Trustee Weber advised the council that examination has indicated that the downtown lighting fixtures are adequate at this time and conform realistically with most towns in this area.

Trustee Weber discussed the proposed Freer Rd. sewer and pumping station. A projected cost estimate of \$89,500 was submitted by Village Engineers. Sealed bids for the construction will be accepted by the Village clerk until 12 noon Friday, Nov. 24. A contract target date of Jan. 24, 1968 has been established for the completion of the sewer project; this will conform with the proposed date of Jan. 27, 1967 for the opening of the middle school. The completion date is a realistic one and should realistically be met, barring unforeseen problems such as material shortages, etc.

President Baldwin appointed trustee Storey to conduct a wage and fringe benefit survey of the village job classifications to be presented to the council before budget requests are submitted in Jan. 1968.

You can never tell when a little careful driving will save your life on the highways.

Kiwanis Travel Series Film
Goes Back to South Pacific

On Saturday, Nov. 11 the Chelsea Kiwanis Club will present the second program of its "Travel and Adventure Series" at 8 p.m. at the Chelsea High school auditorium.

Few producers of travel films have entered the field so naturally as Thayer Soule. From an artist father came an early appreciation of color and composition; from a world-traveling mother, a zest for far-away places. His home is Rochester, New York, the Kodak City. He decided on his career at the age of seven. Before he was 10 he had a brownie camera, and took his first movies while still in high school. By freshman year in college he was earning pocket money with his programs.

After graduation from Harvard University in 1939, magna cum laude in Romance languages, with special courses in exploration, geology, and history, he became production assistant to one of the first and the "old" pro in the travelogue field, Burton Holmes. His association continued for 20 years.

In World War II, as a Marine Corps reserve officer, Thayer Soule was ordered to active duty the day after Pearl Harbor. He landed at Guadalcanal as officer in charge of the Marines' first field photographic unit and later won the Bronze Star at Iwo Jima. At war's end he was in charge of all Marine Corps photography in the Pacific. He now holds the rank of Lieutenant Colonel, retired.

His journeys have taken him more than a million miles through more than 70 countries. He has a sharp eye for the fun and delights of travel, as well as the revealing, human touches that bring the people into sharp focus. Soule pronounced his name "Sole".

Return to the South Pacific features Hawaii, Tahiti, Fiji, Guadalcanal, the Solomons, and New Guinea. In World War II, Thayer Soule, with countless thousands of Americans, served in the Pacific. As a Marine Corps photographic officer, he traveled widely in that theatre, and is uniquely qualified to tell this story. Now, a generation later, he returns to the South Pacific to see the islands as they are today. Hawaii is a booming resort. French Polynesia retains its fabled charm in the magic

THAYER SOULE

Islands of Moorea and Bora Bora. The Blue lagoons and secret harbors of Fiji are ideal for cruising. Guadalcanal is a tangle with activity and progress, alive with memories. With official films from the Department of Defense, some of which he took himself, Thayer Soule relives stirring events of 1941-1945—Island beachheads with the Marines, carrier action with the Navy, MacArthur's return to the Philippines, and the surrender in Tokyo Bay. He goes to sea with the Fleet today, to bring you superb films of our newest ships, planes, and missiles. In remote New Guinea, a fantastic new road into the Highlands brings travelers face to face with the Stone Age, and a warm welcome from primitive yet friendly people.

The islands of the South Pacific have a dramatic beauty found nowhere else on earth and an almost legendary isolation that ended only with World War II. They are still far off the tourist path. Thayer Soule weaves an absorbing story of then and now bringing the South Pacific up to date, and into historical perspective with incredible sights in an unbelievable land. Come aboard!

The man or woman who is too busy to take a vacation is in for a great surprise; when he or she, dies, the world will probably hardly miss them.

had served on various committees. He was a member of the youth committee of the Kiwanis club for many years and was institutional promotion chairman, was chiefly responsible for erection of the Comanche Troop Lodge at Bruin Lake Scout Camp in 1957.

In 1954, Mayer served a term as lieutenant-governor of Division VI of the Michigan District of Kiwanis International.

not constitute normal household rubbish. Residents are once again requested to use their incinerators to burn their weekly accumulation of paper items whenever possible. A card is being prepared for the contractor which will be attached to any garbage or rubbish not collected on any particular day. The card will state the reason for the non-collection so that the home owner may, in the future, conform to the requirements of the rubbish contract. Co-operation by everyone in the village will be necessary for the efficient solution to this problem.

Residents in the area immediately surrounding the Village of Chelsea are advised to contact the contractors directly for any pickup that they may desire. Write to Dalton & Smith, Refuse Service, 7626 Glendale, Jackson, Mich., or call 1-517-789-0915.

Convert your home or business to economical Natural Gas heat today and pay nothing for six months.

Convert now to Gas heat, and Michigan Consolidated Gas Company will buy your unused oil or coal—even remove your oil tank—all at no cost to you. What's more, whether you convert your present furnace, or even install a new Gas furnace, we'll pay the bill. And all you pay us, for the next six months, is for the Gas you'll use to make this your most comfortable winter ever. Here's how this special offer works:

1. If you're now heating with oil, we'll buy what's left in your storage tank—at the price you paid for it. What's more, we'll remove the tank from your home or business and even haul it away if you want. All at no cost to you.
2. If you're now heating with coal, we'll take what coal you have on hand, off your hands. And pay you whatever it cost you originally.
3. Whether you convert your present furnace, or even install a new Gas furnace, we'll pay for it and its installation by a participating Gas heating contractor, and it won't cost you a penny for six months after installation. At the end of six months, you can pay for the unit and its installation with no carrying charge whatsoever. Or if you prefer, you can then start making equal monthly payments, including carrying charges, on your Gas bill, over a period of up to three years. Either way, there are no carrying charges until six months after installation, and you need make no payments until then. If you live in the areas we serve, you're entitled to take advantage of this special offer. So act now. Call your participating Gas heating contractor or Michigan Consolidated Gas Company office today for details.

Gelman Instrument Reports Improved Earnings, Sales

Gelman Instrument Company of Ann Arbor reported that sales for their first fiscal quarter ending Oct. 31 increased more than 50 percent over the previous year's performance. Net earnings for this first quarter were \$87,000 as compared to a \$34,000 loss for the same quarter last year. Sales for the first quarter were \$804,000, compared to \$520,000 last year.

In discussing the improvement of sales and earnings, Charles Gelman, president of the company, indicated that increased sales were on the company's existing line of products and did not reflect new sales from recently-developed new

product lines. The present improvement in operations was largely attributed to streamlining of marketing operations. The effect of new product lines developed last year is not anticipated to be very significant until after January. These products are: a new air pollution analyzer, a line of new equipment for cold pasteurization of beer, wine and fruit juices, and a device for measuring dust content of smoke stacks and process vents.

The company was organized nine years ago in Chelsea. It manufactures air pollution measuring devices, equipment for hospital-pathology laboratories, and

specialized filtration equipment. The major operations are at its main office in Ann Arbor, with a metal fabricating plant located in Chelsea.

For the fiscal year ending July 31, the company reported a net loss of \$147,000 on sales of \$2,236,000. This compared with sales of \$2,344,000 and a net income of \$67,000 for the previous year. The company indicated that losses were largely attributable to acceleration

of research and development work, particularly filtration equipment, at the beverage industry. The high earnings for the company reported for the entire year, however, company stock is traded over the counter.

Men are utterly unable to understand women and women not try to understand them.

JV's Defeat **Dexter in** **Final Game**

The Chelsea JV's defeated Dexter 19-7 at their last game of the season Thursday, Nov. 2.

Jim Wojcicki scored on the third play of the game, running some 60 yards off tackle. Steve Thompson held for Jim, who kicked the extra point to make the score 7-0. The Chelsea defense held, and the second time Chelsea got the ball it scored again. Jim took a pass from Bob Brassow, a play that covered about 35 yards. The attempted point after the second touchdown was missed. Dexter, after returning the kick to its 35, threw a long pass to the flanker back over the middle; he would have scored if Jim Hercules had not chased him down from his lineback position. Dexter did score, however, on an end run to make the game 13-7 at the end of the first half.

In the second half, after an exchange of punts, Dexter fumbled on its 30-yard line. Chelsea drove down to Dexter's 11-yard line, where it was fourth down and goal to go. At that point Jim Wojcicki, behind the blocking of Glenn Wilkerson, Jack McClear, and Dale Robbins, ran around end for 11 yards and a score. The extra point attempt was missed. Dexter could not get a drive going and the game ended, 19-7. Everyone on the team played a fine ball game. There are a few players who must be singled out because of their outstanding desire to win, according to JV coach Ed Hill. Jim Hercules has played good football, both offensively and defensively, all season. Thursday night he led the offensive line play and made several tackles from his lineback position on defense. Certainly, Jim Wojcicki played an inspired football game. Not only did he score three touchdowns, but he blocked well on offense, covered his end well from his defensive halfback position, and punted deep into Dexter's secondary time after time. Jim has come on strong these last few games.

Dale Robbins played a fine ball game, as he has all year. He and Jim Wojcicki are co-captains of the squad. From his fullback position, Dale has led the blocking for his fellow backs all season. Dale runs hard and Thursday night even caught a pass good for a first down. On defense Dale, along with Jim Hercules, plays linebacker. No team has hurt Chelsea up the middle all year.

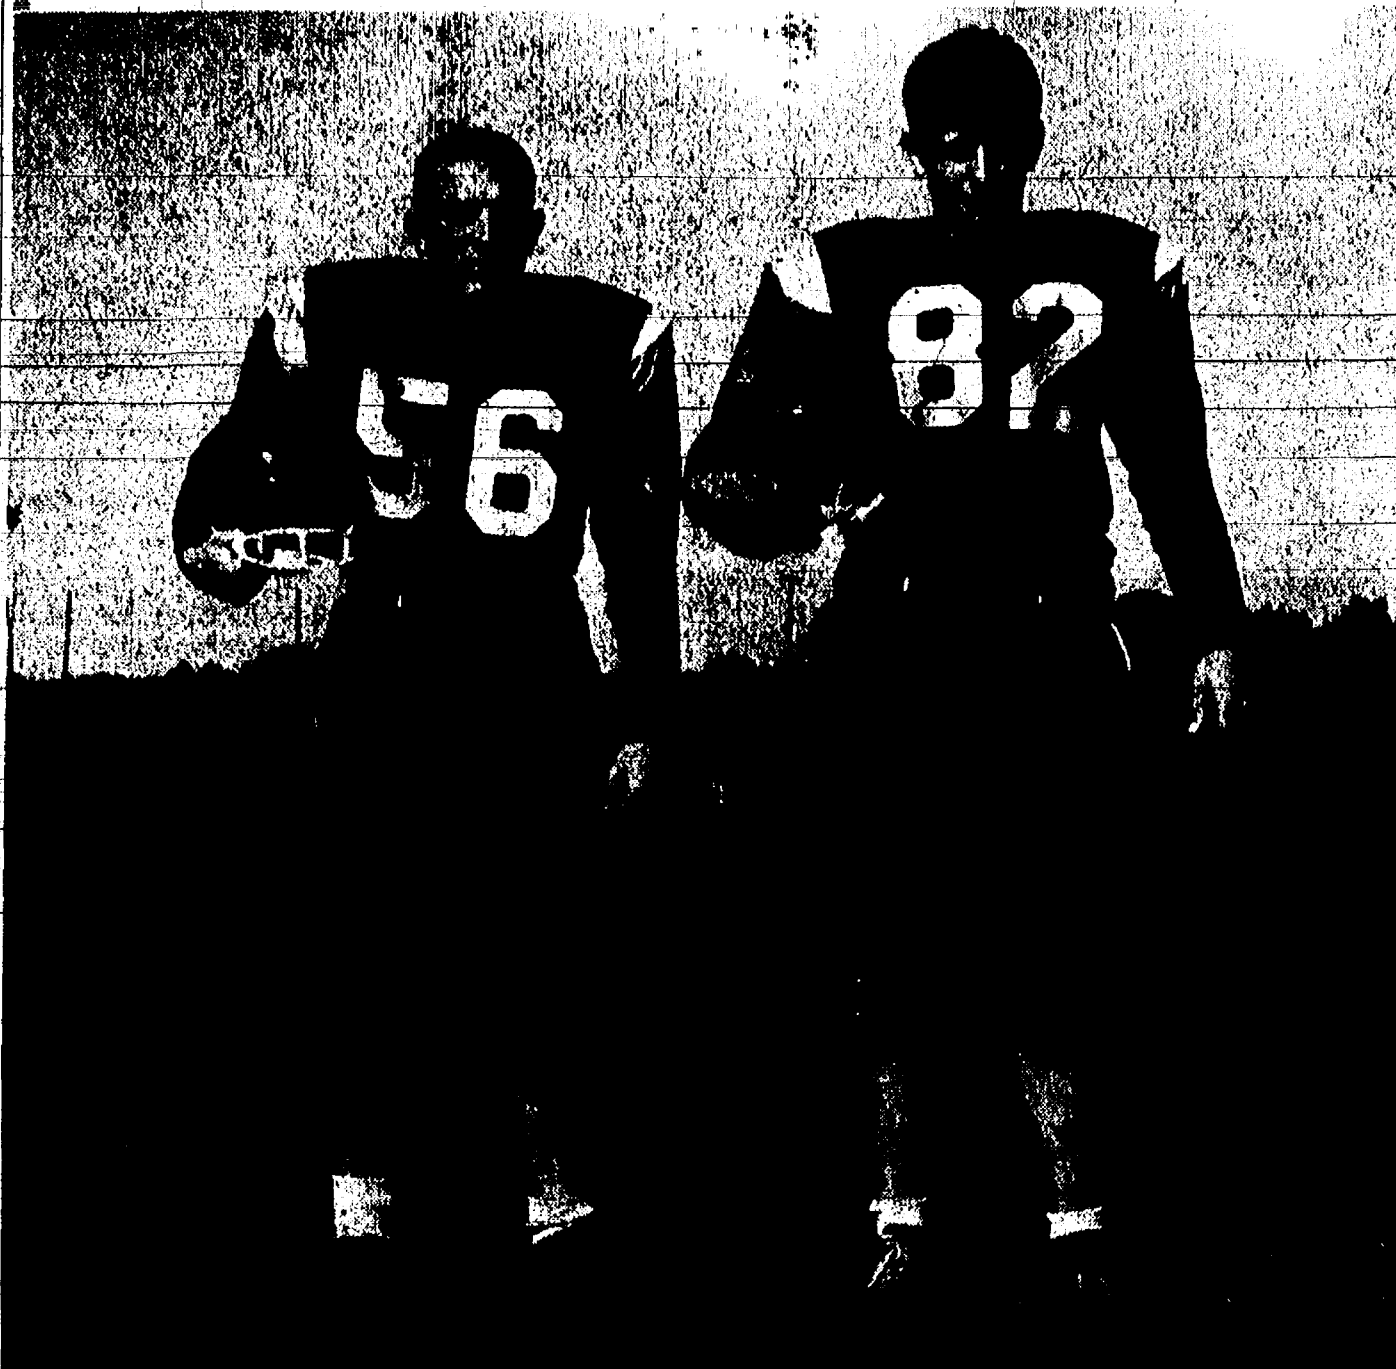

A much Jaycee national convention highlighted the party. Every Jaycee and his wife were given a state and candidate to represent. The "convention" familiarized everyone with what really happens at a national convention. It also promoted interest for the 1968 national Jaycee convention to be held at Phoenix, Ariz. With everyone entering into the campaigning enthusiastically, the party proved to be an enjoyable and educational experience.

An inaugural ball and a state party, which featured food from different parts of the country, concluded the evening's events. Chelsea couples attending the party included: Mr. and Mrs. Ron Brannan, Mr. and Mrs. Robert Undergraff, Mr. and Mrs. Don Proctor, Mr. and Mrs. Art Steinway, Mr. and Mrs. Jerold Heller, Mr. and Mrs. Silas Hopkins, Mr. and Mrs. Charles Koenig, Mr. and Mrs. Neil Fahner, Mr. and Mrs. Leroy Rappette, Mr. and Mrs. Charles Matloff, Mr. and Mrs. David Rowe, Mr. and Mrs. Jerry Blough, Mr. and Mrs. Dick McUmber, Mr. and Mrs. Lloyd Swan, and Mr. and Mrs. Glenn Weir.

Chelsea's JV season was not the best. However, since many of the starters were freshman and will be playing next year as sophomores, the JV's can look forward to a better season next September.

It's all right to make up your mind if you know why it is made up.

Gridders of the Week

BULLDOG GUARD PAUL PRINZING, No. 56, stands 5' 8" and weighs 165 pounds. The junior was on the JV team for two years before joining the varsity squad. KARSTEN KARGEL, No. 82, a 6' 1", 150-pound sophomore, injured his leg early in the season with the varsity squad. Since his recovery, he has been filling in on the JV team. He plans to be back with the Bulldogs next year. Karsten, who attended Whitmore Lake High school last year, participated in JV basketball, varsity football, and the broad jump event in track as a freshman there. After school, he enjoys hunting and fishing. Karsten, whose parents are Mr. and Mrs. Clarence Kargel of 14400 Island Lake Rd., has a brother, Kerry, in the 11th grade at Chelsea High school.

RUSSELL ON WAR

Senator Richard B. Russell said that President Johnson was not ready to bomb North Vietnam's Port of Haiphong. The Georgia Democrat who heads the Senate Armed Services Committee supports the view of Admiral U.S. Grant Sharp that the bombing of the port would end the war quickly.
