Local 1284 Out on Strike at Chrysler Proving Grounds

340 Employees Walk Out When No Agreement Reached on Contract

Approximately 340 employees of Chrysler Proving Grounds, all members of UAW Local 1284, went on strike at 10 p.m. Thursday, Jan. 10. The local, consisting of laborers, clerks, driver mechanics, stock room personnel, maintenance men, regular mechanics and technicians, decided upon the strike when no new contract with the company had been written. Members of 1284 had been operating without a contract since September. No meeting has been scheduled with the company at this time.

This strike, which is strictly between Local 1284 and Chrysler Proving Grounds, is the first of its kind according to 1284's president, Jake Donohue of Gregory, Mich. A new contract between the Chrysler Corp. and the International Union of Automobile Workers, covering all wage matters and fringe benefits, had been ratified by the local in early December.

According to Local 1284 spokesmen, among the issues involved in the local strike are improved and updated medical facilities, transfer rights between departments, merit increases, and provisions to cover lines of demarcation between jobs and classification. One of the most important points of disagreement between the local and the company concerns the classification of workers for upgrades, or promotions. Union local officials say the company presently has grouped its employees by seniority as a whole, whereas the local UAW feels that the proper grouping for upgrades should be based on the type of work, with employees holding similar jobs considered as a unit distinct from those with vastly different positions.

Other issues include manpower assignments involving vendors from outside the company, in which non-bargaining unit personnel are given work usually done

Delivery of New Stamps Is Delayed

Chelsea's supply of six-cent stamps for the new first-class postage rate that went into effect Sunday, Jan. 7 has not yet arrived. Postmaster Richard Schaules stated that he sent in requisitions to Washington for 100,000 six-cent stamps and a large number of one-cent stamps in time to receive them before the rate change. However, Washington has apparently been unable to keep up with the demand for these denominations. Postmaster Schaules also ordered ones and sixes from the regional distribution office in Chicago, but it, too, has thus far failed to send out Chelsea's order.

To alleviate the local shortage of one-cent stamps, Postmaster Schaules picked up 10,000 from the Ann Arbor post office on Monday. He said that the Dexter, Manchester and Gregory post offices also have not received any one-cent and six-cent stamps.

Although six-cent stamps are not yet available in Chelsea, the

Evangelist Will Speak at Baptist Church

Dr. Jim Mercer, a noted evangelist, will be the guest preacher at a series of special meetings to be held nightly from Jan. 15-21, inclusive, at the Chelsea Baptist church. The meetings will begin at 7 p.m.

Dr. Mercer, a native of Hosford, Fla., who now lives in Pontiac, has been engaged as an evangelist for over 20 years. This ministry has taken him to more than 40 states and most of the provinces of Canada in both city-wide evangelistic crusades and single-church meetings.

Dr. Mercer, noted as both an amateur and a semi-professional athlete in his home state, was converted and called to preach at 21 years of age. He attended Bob Jones University, now in Greenville, S. C., from which he later received the Doctor of Divinity degree.

WESTERN INVITATIONAL TROPHY: Bulldog wrestling coach Lauren Miller holds the impressive trophy which Chelsea High school received when its wrestling team topped teams from 15 other schools last week-end in the Parma Western Invitational Tournament. Kerry Kargel, left, and Mike Gaken each earned a first-place finish and a championship medal in their individual weight classes of 154 and 180, respectively.

Bulldog Wrestlers Win Big in Parma Tournament

The Chelsea wrestling team marked itself as a state power with a week-end victory in the 16-team Parma Western Invitational Tournament. The Bulldogs piled up 80 team points to take the championship with an 11-point margin over a strong Galesburg-Augusta team that finished second.

Chelsea's conference rival, Dexter, finished at a far-distant fifth place. The Bulldog grapplers made this tough tournament all theirs by scoring 73 points in the preliminaries and putting their lock on the trophy before the final round began.

The final-round lineup looked much like a Chelsea dual-meet lineup as Chelsea had six men make it to the final round and one in the consolation finals.

It was a big win for the Bulldogs. The Parma-Western Tournament is highly respected as a tough field. Last year's champion placed high in the Class B state tournament and the second-place team went on to win the state Class C title.

Chelsea lost four men in the first round, as Jim Wensel (95), John McKeighan (103), Jim Poertner (112) and Bill Loumsberry (127) were eliminated.

After his first-round bye, Mike Hendricks (120) romped over a Galesburg man with a 14-2 decision win, then defeated Western's Gary Videto, 4-0, to move into the final round.

Mark Lancaster (133) got the first Chelsea win with a 12-3 point victory over a highly-regarded Eaton Rapids man who was seeded second. Lancaster kept winning to make it to the finals with a 4-2 win over a Leslie wrestler and a 7-2 win over Vandercook Lake's Virgil Fredericks, who finished second in the Class C state tournament last year.

Lauren Boyer (145) trounced a Leslie man 9-0 in the first round, handed out an 11-0 defeat to an Eaton Rapids wrestler in the second round.

Chelsea's heavyweight, Jim Boylan, sparked some tournament excitement with an aggressive performance. He walked over his first-round opponent from Battle Creek Pennfield with a 14-7 win, pinned a Union City heavyweight in 2:22 in the second round, turned on a real determined effort after being on his back to move into the finals with a 4-2 win over a Galesburg-Augusta man.

"Looks like Chelsea's got it" could be heard all around during the break before the finals. As the final round proceeded, it developed that Chelsea's overwhelming lead built up during the preliminaries.

Ray Worden (165) won his first and second matches with first-round pins over opponents from Jackson, Northwest and East Jackson in 1:54 and 1:30, respectively. In his next match, Worden dropped a 2-1 decision to Dexter's Craig Blazer. Worden came back to win again, 8-6, over his Eaton Rapids man before losing by a fall to Vandercook in the consolation championship.

After his first-round bye, Mike Gaken (180) pinned a Hudson man in 5:08, won by default after 10 seconds of wrestling with a Western foe, which put him in the finals against an Eaton Rapids man who qualified by pinning three opponents.

The Rev. Heron and his wife, Estelle, have five children, including a married son, Wesley, now serving in Vietnam; Daniel, a student at Judson Baptist College; and a daughter, Nancy and Mark.

Past International President, J. L. Ray, of Detroit will attend the 1968 Administration at the banquet to be held on Friday evening.

The closing session will be a luncheon on Saturday attended by Kiwanians and their wives. The speaker will be Calhoun County State Judge Mary Coleman.

Interesting events have been planned for the ladies during the two days, including a Friday afternoon and tour of the world-famous Battle Creek Sanitarium and the Kellogg Co., which has its main plant in the "Cereal Valley."

Teen Dance Will Benefit March of Dimes

The Chelsea High school student council and the Jaycee Auxiliary have planned a March of Dimes teen dance for Saturday, Jan. 13, from 8 to 11:30 p.m. The Auxiliary will provide the Jaycee Hall, above the old Medical Clinic on Main St., for the occasion. All area teen-agers are invited to the dance, during which refreshments will be served. A donation of 60 cents per person or \$1.00 per couple will be charged, with all proceeds going to the March of Dimes.

In a psychedelic atmosphere, live entertainment by the Detroit Zoo will be featured at the dance. This band, which is donating its customary playing fee for the night to the March of Dimes, has appeared at the Fifth Dimension and won first place in the Battle of the Bands in St. Clair Shores.

The Auxiliary dance committee includes Mrs. Arthur (Anne) Steinaway, Mrs. Lloyd (Millie) Swan and Mrs. Swan's sister, Marti Wishheart. Heading Student Council committee chosen to work with the Auxiliary are Faye Policht, Gail Foster and Rita Spees.

TODAY'S THOUGHT

By LOUIS BURGHARDT

Must the mood, manner and motives of youth fade away with the years? Before you answer quickly—look around... You will see plenty of proof that youth is not always measured in years. Youth need not be a time of life. It should be a state of mind. Youth, regardless of years, should be an adventure in life. When enthusiasm for life exists, wrinkled skin will not wrinkle a mind. Youth only fades away when worry, doubt, distrust, fear and despair burden a body and bow the head. Youth remains when life is faced cheerfully; when a mind wonders and is amazed with the stars, the sun, the moon and the grandeur of God's world! Youth stays on with an attitude of "today is another day; what can be done with it?"

Youth is faith and hope. It is enjoying beauty, being of good cheer. Cast these out; youth AND maturity is gone. Retain them and youth remains. Faith, hope, appreciation of beauty, good cheer—all can be regained. The fountain of youth can only be found in a state of mind; no other place. —BURGHARDT

Airlift Service Available on Parcels to U. S. Servicemen

Parcels weighing up to 90 pounds will be airlifted at new low rates to Army and Fleet Post Offices serving American military personnel throughout the world beginning Jan. 7. Postmaster Richard Schaules has announced.

The airlift service will be provided on a space-available basis upon payment of domestic parcel post surface rates plus a flat \$1 fee.

"This major expansion of airlift will mean much faster delivery on packages sent to our servicemen stationed far from home," Postmaster Schaules said. To qualify for airlift, a package must weigh no more than 30 pounds and be not more than 60 inches in combined length and girth.

The airlift service will be available on packages mailed to all military personnel at APO and FPO addresses overseas, and in Alaska, Hawaii and Puerto Rico; it also will apply to parcels mailed by service personnel from these offices.

On parcels going overseas, payment of the \$1 fee will mean air transportation all the way—from the point of mailing to the port of embarkation and from there to the overseas base. To get this service in the past, the postal patron had to pay air parcel post rates.

In many instances, the new rates will be considerably below air parcel post charges. For example:—

A mother in Chicago sending a 15-pound package to her son in Vietnam will pay \$4.30 for the new airlift service. The air parcel post rate for the same package is \$12.08.

A five-pound package will be airlifted from New York to Vietnam for \$2.45. The air parcel rate is \$4.08.

A 10-pound package going from New York to Frankfurt will cost \$1.55 under the airlift service. The air parcel rate for the same package is \$5.

The airlift rate for a six-pound package from San Francisco to Vietnam will be \$1.45. The air parcel rate is \$3.08.

Schaules pointed out, however, that it will not always be to the mailer's advantage to use the airlift service. In some instances, depending on the weight of the package and the distance it must be hauled in the United States, air parcel post rates will be lower than the charges for the airlift service. He advised postal patrons to check with their local post office for information on the best service to use in mailing parcels to military personnel overseas.

The new airlift service is being set up under provisions of the Postal Rate Bill signed into law Dec. 16 by President Johnson. In enacting the Bill, Congress directed the Post Office Department to make the airlift service available and to establish a flat fee to cover the additional cost of using air instead of surface transportation for hauling the parcels in the United States.

The regular postage on parcels mailed to or from servicemen at APO and FPO addresses is based on the distance hauled within the United States. No charge is made for carrying the parcel between the U. S. port and the overseas base.

Under the old regulations, airlift for parcels to and from overseas military personnel was restricted to packages weighing up to five pounds. Upon payment of the regular parcel post rates, these packages get surface transportation to the port of embarkation and are airlifted from there to the overseas posts on a space-available basis. There is no extra charge for this partial airlift, and overseas parcels weighing up to five pounds will continue to be handled in this manner.

The new rate law also expands the airlift of news publications to military personnel. Now news publications are airlifted only to Vietnam. Effective Jan. 7, the airlift will be expanded to cover Armed Forces Post Offices in isolated, hardship and combat support areas overseas and areas where surface transportation is not available.

The new domestic postal rates that go into effect Jan. 7 also will apply to most mail for Canada and Mexico. Postmaster Schaules announced.

"Postage rates for most types of mail sent from the United States to Canada and Mexico are based on a long-standing policy of reciprocal domestic rates," the Postmaster said. "We will continue to follow that policy, and accordingly the rates for first-class, air mail, and printed matter other than publications will be increased Jan. 7."

The new rates for surface-mail letters to Canada and Mexico will be 6 cents an ounce. Cards will be 5 cents each. Air mail rates will be increased from 8 to 10 cents an ounce and air-mail cards from 6 to 8 cents each.

The rate for third-class mail to Canada and Mexico will be raised from 4 to 6 cents for the first two ounces. The present rate of 2 cents for each ounce over the first two ounces of third-class mail will continue to apply.

The weight limit on first-class and air mail to Canada is 60 pounds. First-class and air-mail letters going to Mexico are limited to 4 pounds, 6 ounces.

Manchester Rd. and Sylvan Rd. gates.

Standby union personnel are available at the gatehouse in the event of any emergency involving their work at the proving grounds.

Union members are continuing to make the minimum number of checks necessary to preserve the equipment, according to Donohue.

The 340 striking employees represent nearly three-fourths of the Chrysler Proving Grounds' work force. Still on the job are all engineering, office clerical, and supervisory personnel.

The most recent strike prior to the present one occurred late last November. The proving grounds lost its third shift for one day when union members in that shift did not receive word in time that a strike by the international had been called off because the new engineering agreement had been reached. Rapid communication among personnel of the Chrysler Proving Grounds after-hours is sometimes difficult because workers come from approximately nine counties, or 51 communities.

AGRICULTURE In Action

by M.L. Wolf

Less Red Tape

Michigan farmers welcome an amendment to the state gasoline tax law, which cuts down on red tape when they apply for tax refund on those gallons of gasoline used in agricultural production.

As of Jan. 1, farmers may apply for this refund without the formality of obtaining a notary's signature as previously required.

This means that once the form is filled out and signed as usual, they do not have to make a special trip to town or to their local Farm Bureau office, just to get the notary signature. This is true even though thousands of the old forms are in circulation, with farmers advised to complete them as before, but to skip the notary part.

Farmers welcome the change in rules, coming as it does when farm bookwork is at an all-time high. As it is, the gasoline tax refund form (for non-highway use) is quite specific concerning information which each claimant must give. For example, total motor-fuel-storage capacity must be listed and the question answered "do you operate your cars and trucks out of the same storage?"

To give some idea of how important this refund is to Michigan farmers, last year 110,000 claims were handled, a majority of them, totalling \$5,500,000, represented farm operations. As more people leave the land, the total number of claims drop, but the value of individual claims continues to rise. They will go still higher in the new year, with a one-cent per-gallon increase in state gasoline taxes, from six to seven cents.

Many farmers are installing "key pumps" to help keep accurate records. These are a new type of on-farm gasoline pump, equipped with up-to-12 "registers" or dials, each controlled by a single key. For example, one key may be used for tractors only, another for the family car, still another for trucks or for custom work done commercially. With a key pump, a running total may be kept at all times of gallons used for each purpose, but still drawn from a common tank.

"The dials are accurate and provide an automatic accounting system for gasoline consumption with almost no chance of human error," reports an official of Farmers Petroleum Cooperative, one Michigan distributor of the pumps in rural areas.

There are some 60 shooting preserves in Michigan where pheasant are released ahead of the guns. The afford good sport, excellent dog work, for those who can afford it.

Pheasant populations are—

The Michigan pheasant is here to stay, but successful pheasant hunting can't be guaranteed every year for the city sportsman, unless he can own or manage a farm in good pheasant territory.

Junior Varsity Cagers Down South Lyon

Three field goals by Jim Wojcik, a foul shot by Dave Conklin, and points picked up by Mike Bassett and Karsten Kargel gave the Chelsea Junior Varsity basketball team an overwhelming victory over the Lions of South Lyon last Friday evening.

The game got off to a good start for the Bulldogs as they took a good lead over South Lyon early in the first quarter. With Jim Wojcik and Dave Conklin leading in the scoring for Chelsea, the Bulldogs held the lead throughout most of the first quarter, but South Lyon kept the pressure on, bringing up a 9 to 9 tie with two minutes and 57 seconds left in the quarter. Chelsea broke the tie and held a six-point lead at the end of the quarter with the score, 17 to 11.

South Lyon became a real threat in the second quarter. Chelsea held on to its lead throughout most of the quarter but, with a little more than three minutes left in the half, South Lyon brought up a 27 to 27 tie. The Lions broke the tie and jumped into the lead, which they held at half-time with the score, 35 to 28.

Chelsea made a great comeback early in the third quarter. Floyd Boyce tied the score, 38-38, with one minute and 43 seconds remaining in the quarter, and the Bulldogs jumped into the lead, holding it throughout the remainder of the game.

The Bulldogs virtually dominated the final quarter, though points were scored by both teams. The Bulldogs, with Jim Wojcik and John Taylor leading in the final scoring for Chelsea, defeated South Lyon by a final score of 60 to 50.

High-point man for Chelsea was Jim Wojcik with a total of 30 points. David Conklin followed with 11 points. Other individual scores were as follows: Karsten Kargel, four points; John Taylor, four points; Floyd Boyce, two points; Art Farley, two points; Dan Wenk, two points; Doug Schoenberger, two points; Mike Bassett, two points; and John Hopburn, one point.

The Bulldogs' victory was their second in a row over South Lyon. Their previous victory was on December 14, 1967, when they won 44 to 32.

Michigan Winter Events Listed Tops in Nation

Lansing—Michigan community winter events have been rated among the top 20 travel events in the nation by the National Association of Travel Organizations, Washington, D. C. In NATO's monthly selections, events are chosen on the basis of general national appeal to vacation travelers, according to the Michigan Tourist Council.

Listed for the month of January is "Sports Cars in Review," Henry Ford Museum and Greenfield Village, Dearborn, Jan. 12-14. The event has been described as "the nation's largest 'history of sports cars' show."

February listings include the North American Snowmobile Championships, Munising, Feb. 9-11, marking the second consecutive year that the Upper Peninsula event has been chosen.

Selected for the month of March is the Detroit-Antique Show, Light Guard Armory, Detroit, March 7-10. The event is listed as the third largest antique show in the nation.

Listings of additional Michigan winter community events are contained in the Michigan Calendar of Events, available without charge from the Michigan Tourist Council, Lansing, 48926.

Auto Accident Claims Total Surpasses Highway Construction Costs

Lansing—Insurance companies paid more for Michigan motor vehicle accident claims in 1966 than the State Highway Commission spent for highway construction in either of the last two years, the Highway Commission reports.

Michigan Department of Commerce figures show that \$201,511,454 was paid in 1966 by all automobile insurers for bodily injury, collision and property damage claims.

The Highway Commission spent an average \$211,489,000 annually in the two-year period from July 1, 1965, through June 30, 1967, including an average \$83,000,000 for right of way and engineering.

THE SICKLIST

The nation's hospitals with outpatient facilities reported 125 million visits in 1964, a 6 percent increase over the previous year.

Little Change Found in Truck Speed on Freeways

Lansing—Truck drivers aren't driving much faster on Michigan freeways despite an increase in the truck speed limit from 50 to 60 miles an hour, the State Highway Commission reports.

The average daytime speed of trucks increased only 1.3 miles an hour, from 52.6 in 1965 to 53.9 in 1967 while the average nighttime speed increased four-tenths of a mile an hour to 52.8, said Henrik E. Stafseth, Acting State Highway Director, in a report to Gov. Romney and the State-Safety Commission.

At the same time, the percentage of truck drivers exceeding the speed limit during the day dropped from 41.7 in 1965 to 42.9 in 1967, and from 68.6 to 69.2 at night.

"Many persons were concerned that the 1966 decision to raise the legal truck speed 10 miles an hour on freeways would cause truck drivers to increase their speed the same amount, disregarding all safety factors," Stafseth said.

"This study proves that motorists, including truck drivers, drive at a safe speed which makes allowances for road, weather and traffic conditions."

TAXPAYER SENDS SHIRT

Baltimore—Conlin C. MacPherson, Arlington County treasurer, has received many letters from unhappy taxpayers, but recently he received an envelope with a check for \$101.75, the bill for the personal property tax and one man's tee-shirt. He got the message!

HUNGRY

Tiger fans consumed 1,351,947 hot dogs during the 1967 season.

State Traffic Death Toll Reduced for '67

Michigan's traffic deaths in 1967 numbered 2,091 which were 205 or nine percent below the all-time high of 2,296 recorded in 1966, according to State Police provisional figures.

It was the first annual reduction in fatalities since 1961 when the count of 4,567 dropped from 1,001 the year before.

Included in the year's count were 184 deaths charged to December. This was 21 or 10 percent less than 205 in the same month in the previous year.

The 1967 total was the fourth year in succession and the seventh time since record keeping began in 1933 that the annual deaths exceeded the 2,000 mark. In addition to 1966, the other high loss years were 2,130 in 1965, 2,122 in 1964, 2,016 in 1955, 2,133 in 1941 and 2,175 in 1937.

Delayed death reports are expected to increase somewhat the final count for 1967 when figures are more complete for the year.

EMPLOY THE POOR

A 25-member presidential advisory commission has urged full employment for the rural poor, even if it is necessary for the government to provide the jobs. The recommendation calls for jobs for all those willing and able to work.

Several Adult Ed Courses Set

University Center for Adult Education, jointly sponsored by Wayne State University, University of Michigan and Eastern Michigan University has scheduled a six-week "mini-term" beginning Jan. 22, with some of the 50 courses on the agenda being offered in Ann Arbor and Ypsilanti.

Designed to fill the "learning gap" between the close of full term and beginning of the spring term, March 7, the courses will be specially condensed for this purpose.

Among the classes being offered are those in humanities, communication skills, management and administration, psychology, the behavioral sciences and studio art, weekdays and evenings.

Saturday mornings will feature intensive Italian, Spanish and French courses as well as four from the Writers' Institute.

To obtain further information, write University Center for Adult Education, 60 Parnsworth Ave., Detroit, 48202, or call (313) 831-4310.

SUNDAY'S SERMON

ONE WORD

One word provides the answer to the ill of a seething world. It is a simple word, but it implies many things. Take this word and meet the challenges of difficulty with your neighbor. Take this word and give it to those who have known a history of hatred. Make this word—and all that it implies—the keystone of a man's relations with his neighbor, of a nation's relationship with contemporaries, and the answer to any dilemma emerges crystal clear.

The word is charity. If there is charity in your heart, there is no room for selfishness. Charity will not permit hatred, nor will charity tolerate false motives. Charity demands honesty—honesty with self, and with others. It is contingent upon recognition of the rights and privileges of others.

Take charity with you, wherever you go, whatever you do. Do this and you may be certain that you walk always toward a better world.

If You Haven't Received Prepared License Application Now - You Won't

Lansing—If you are a Michigan vehicle owner and have not received a prepared license plate application in the mail, forget it. . . you won't get one this year.

All prepared applications were mailed out weeks ago to be received by Nov. 1, explained Secretary of State James M. Hare. No owners will get them at this late date.

Procedure to be followed by these vehicle owners is the same as it has been for some years now.

"Just go to the nearest branch office of the Secretary of State and fill out a blank application," said Hare.

He cited several reasons why some owners did not receive prepared license plate applications:

(1) Vehicles purchased or titled after the cutoff date of June 1. This category represents by far the largest number of vehicle owners, about one million.

(2) Information on registration forms which had obvious errors. Purpose of the prepared applications was to correct errors from our list, not perpetuate these errors. Instead, they will now be corrected by the owners when filling out new applications.

(3) Prepared applications which were returned to the Michigan Department of State for reasons such as "moved, left no forwarding address" or "address unknown."

(4) Typing which could not be read or made out. Rather than take a chance on a mistake in the final record, these were rejected in favor of having owners make out their applications.

Hare said refinements in the prepared application program were being made for next year.

"Main purpose of the mailed applications this year is to establish an accurate file of all vehicles which can be mechanized for our computer," notes Hare.

"When this operation is completed, we will be able to gather information on any vehicle in Michigan within a matter of seconds. At the same time, we have made the job of obtaining license plates easier for many of Michigan's upwards of 4 1/2 million vehicle owners."

Safety Tip
Grab bars installed by the tub and shower are important safety features in any bathroom, particularly if there are elderly persons in the home.

Pesticide Safety
Don't leave "empty" pesticide cans lying around. Because it contains traces of the pesticide, don't save or reuse any pesticide container. Dispose of empty aerosol cans intact. Don't leave them around where children might be able to reach them.
