Wrestlers Go After 8th Win Against Saline

Chelsea's wrestling team, after triumphing in two dual meets last week to extend its winning streak to seven, will be after number eight when they face Saline in a conference meet in the Chelsea gym at 8 o'clock tonight.

Last Thursday the Bulldogs traveled to South Lyon, where they ran into a spirited Lion squad that had visions of being the first to stop the mighty Bulldogs. The Lions gave it a good try, winning the first three matches to take an 11-0 lead before Chelsea got started and emerged with the victory, 29-19. It was the highest point total posted against the Bulldogs this year.

Jim Wensel (95) and Tim Colvia (105) lost by falls while John McKeighan (103), Paul Maurer (112) and Jim Boylan (117) lost by decision. Boylan's defeat was his first in six dual meets, with all of his previous wins coming by pins.

Mike Hendricks (120) and Paul Stahl (127) ignited the Chelsea team with two first-round wins by pins.

Mark Lancaster (133) added three points with a 10-0 decision win, as did Bob Koengeter (138), winning 6-4.

Chelsea's 145-pounder, Lauren Boyer, then scored the fastest pin in the Bulldogs' mat history by pinning his opponent in 14 seconds.

Kerry Kargel (154) stormed to a first-round win by pin before Mike Gaken (180) got Chelsea's last win of the night with a 3-2 decision win.

Stockbridge came to Chelsea Saturday night and left town after taking a blistering 44-10 defeat. An outstanding match of the evening, or any other evening, saw the Bulldogs' undefeated Kerry Kargel go to the mat with the Panthers' Brian Boyce in the 154-pound match.

Boyer who had not previously lost a dual meet match in his three years of varsity competition, made it close, scoring three points on a near pin and putting a one-point escape before Kargel fought his way to a 6-1 decision win.

Jim Wensel (95), John McKeighan (103), Mike Hendricks (120), Paul Stahl (127), Lauren Boyer (145), and Mike Gaken (180) all scored five-point fall wins for Chelsea.

Mark Lancaster (133) and Bob Koengeter (138) won by decisions. Boylan got a forfeit win at heavy weight.

The meet with Saline tonight is the last action the Bulldogs will have before they go against Dexter next Thursday night at Dexter. Once again, both Dexter and Chelsea should meet with both teams undefeated and both highly regarded in area wrestling circles.

Last year Dexter brought Chelsea's 41-meet win streak to a screening halt and smashed Bull-

Kiwanis Club OKs Resolution Urging Court for Area

Bulldogs Fight Hard But Still Lose to Milan

Despite the valiant second-half efforts of John Lixey, Mike Schnaidt, and Lance Burchard, the Chelsea Bulldogs were defeated by the Big Reds of Milan last Friday evening by a final score of 99 to 70.

The game got off to a good start for Chelsea with the Bulldogs opening the scoring in the first quarter. Milan quickly retaliated, dumping in a field goal to bring up a 2-2 tie. Chelsea broke the tie and took a small lead, but the Reds kept the game close and soon jumped into the lead. The remainder of the first quarter remained very close and ended in an 18-18 tie.

Milan jumped into the lead early in the second quarter with the Bulldogs remaining hot on their heels. However, in the final minutes of the half, Milan grabbed a standing lead on foul shots to lead at half-time with a 39 to 28 advantage.

The Milan offense got hot in the third quarter and extended its lead over the Bulldogs despite the attempts of John Lixey, who dumped in four field goals in this quarter to narrow the margin.

Milan held its lead throughout the remainder of the game, but the Bulldogs continued to fight, with Lance Burchard and John Lixey leading in the scoring.

Individual scores also reflect the fact that the Bulldogs put up a tough fight. John Lixey was high-point man, picking up a total of 15 points. Jack Risner put in a total of 14 points; Lance Burchard contributed 12 points; Larry Gaken, 8 points; Mike Schnaidt, 9 points; Larry Blackwell, 9 points; Doug Weatherwax, 4 points and Gary Ellenwood, 2 points.

The Bulldogs played a good game despite the fact that they lost. Offensively, both teams shot in the 40-percent range. However, foul were especially costly to the Bulldogs.

The Bulldogs will stay home tomorrow night to take on the Lincoln Raiders.

Gift of Centennial Farm Home Fills Wish To 'Do Something' for Children

children's foundation established The Spaulding Foundation for Children was officially established Sunday, Feb. 4 with the signing of its articles of incorporation. This unique foundation, to be located in Chelsea, is believed to be the first of its kind conceived exclusively with the search for adoptive homes for children unable to be served by existing adoption agencies.

The new, non-profit foundation was made possible by a gift from Warren G. Spaulding of 3600 Waltrous Rd., fulfilling his lifetime dream of "doing something for children." The gift includes the centennial farm home which has been in the Spaulding family for more than 100 years.

As stated in its basic policy statement, the following excerpts from the standards of the Child Welfare League of America summarize the commitment of the Spaulding Foundation for Children:

"It is every child's right to have love, protection and the kind of care that meets the needs of children. The family, the community agencies, and the state have responsibilities related to the assurance of this right. To attain his maximum potential, every child must have the security and affection of a family that is his."

Less than a year ago, a special committee of the Michigan Legislature estimated that there were 8,000 children in need of permanent parents in Michigan alone. Approximately 20 percent of them are considered "hard to place." The Spaulding Foundation will work to make the needs of such children visible and to provide an additional and necessary resource for adoptive placements.

A child may be considered "hard to place" for a variety of reasons. The intake policies of some adoption agencies may not make provisions for a particular child, or a real effort may not have been made to find parents for the child by other agencies. Older children, youngsters with medical problems, and children from interracial and mixed religious backgrounds are often hard to place, and many agencies do not actively seek homes for them. Children in these categories will be referred to the Spaulding Foundation by agencies which have been unsuccessful in finding them adoptive homes.

Sunday's signing culminated several months of research and study by many citizens and professionals of the need, desirability and feasibility to such a program. Although they considered several towns and cities for the location of the Spaulding Foundation for

Children, Chelsea was chosen because they felt that Chelsea, a smaller community, would more likely maintain the support and interest needed for the success of this important undertaking. No other community the size of Chelsea has previously attempted such a program.

Elected to the board of directors, and representing a cross-section of the community, were Richard J. Smith of Chelsea, a supervisor with Chrysler Corp.; William J. Rademacher, a Chelsea attorney; Jess A. Meininger, on the sales staff of the Chelsea Milling Co.; Dr. James H. Botsford, a partner in the Chelsea Medical Clinic; Peter W. Forsythe of Ann Arbor, an attorney and president of the state-wide Council on Adoptable Children; Mrs. Edwin Dickelman, a local community leader; the Rev. Warner H. Siebert, pastor of St. Paul United Church of Christ; Mrs. Daniel Kellin, wife of the pastor of First Congregational church, UCC, and Miss Dorothea Piele-

meier, who has been active for many years in Chelsea's community and church affairs. Officers elected where the Rev. Siebert, president; Smith, vice-president; Mrs. Kellin, secretary; and Mrs. Dickelman, treasurer.

The newly-elected board appointed F. Richard Schneider as its executive director, effective immediately. Schneider, a native of Chelsea, is a member of the Academy of Certified Social Workers. A former executive director of the Buckhorn Children's Center, which is the largest private child welfare agency in Kentucky, and also former director of social services at the Winnebago Children's Home in Neillsville, Wis., he brings with him a long record of outstanding service to children. As a former director of the 11th and 12th International Conferences on Social Work in Rio de Janeiro and Athens respectively, the new executive

possessed a wide knowledge of child welfare services both here and abroad. He has published professional papers in several journals. Recently, Schneider chaired the annual Kentucky-Average Conference and now serves on the executive board of that group. He is currently the assistant administrator of the Chelsea Methodist Home, and will continue to serve in that capacity in addition to directing the Spaulding Foundation.

After his appointment, Schneider emphasized that community support on the broadest possible basis is of tremendous importance to the success of the program of the Spaulding Foundation for Children.

Ice Fishing Derby Tickets Now on Sale

Entry tickets are now available for the first annual Chelsea Jaycee ice-fishing derby, to be held Saturday, Feb. 17. These tickets, purchased before the day's fishing begins, will entitle fishermen to enter their catches in one or more of the five derby categories including perch, panfish (bluegill, sunfish, and crappies), northern pike (speared), northern pike (hook and line), and total weight of up to 25 panfish and/or perch.

The Jaycees will award trophies for first and second places in all categories, with special prizes for catches by fishermen under 12 years of age.

A trophy and a \$50 savings bond will constitute the grand prize. All fishing for the grand prize will be done on the basis of length and weight of the entry, as compared to the world record for the species. Under this system, a one-pound bluegill which is 11 inches long will be equal to a 38-inch, 12½-pound pike in the competition for the top award.

Contestants may enter fish caught in any lake in Washtenaw, Jackson, Lenawee or Livingston counties for prizes. For catches must be registered at derby headquarters at the American Legion Hall, Cavanaugh Lake, by 6 p.m. Feb. 17 to be eligible for the various awards.

Tickets may be purchased from Jaycee chairman Jim Kitchbaum or from local sporting goods dealers.

ECUMENICAL PANEL: Planning a discussion on church unity to be presented Sunday night at First Methodist church are panel members (from left) Mrs. Warner Siebert, Mrs. Jack Merkel, Mrs. Ray Schaefer, Mrs. Ben Donaldson, moderator, and Mrs. John Fall.

Panel To Discuss Ecumenism

A panel of women from St. Paul United Church of Christ, First Methodist church, and St. Mary Catholic church will present a dis-
cussion on church unity, or ecumenism, at 6:15 p.m. Sunday, Feb. 11 in the Methodist church's social center. The panel discussion will include a response to the program presented Feb. 4 by the Rev. Robert Brubaker of Brighton as part of the third annual "School of Missions" programs.

The Rev. Brubaker called the lack of unity among Christian churches the "scandal" of the church today. The main goal of COCU (Con-sultation on Church Union) is greater unity in Christ. One of the numer-ous barriers facing COCU is class differences. One church may in-clude the well-to-do and older peo-ple, another may appeal to the Mid-dle class, and a third will attract the less educated, the Rev. Brubaker pointed out.

Our participation in the "Total Church" implies that it must be ef-fective, according to the Rev. Brubaker. It cannot be a passive church as so many churches are at present. Discussing church unity is not en-ough, we must "bear fruit," he added.

The panel will include Mrs. War-ner Siebert, Mrs. Jack Merkel, Mrs. Ray Schaefer, Mrs. Ben Donaldson and Mrs. John Fall, with Mrs. Don-

aldson acting as moderator. The panel plans to present its ideas dur-ing the first half-hour of the pro-gram, after which it will interact with the audience. The Rev. Brubaker suggested last week that the panel be prepared to include a vision of the Church of Chelsea of tomorrow and some ideas on how Chelsea church members can prac-tice, as well as talk about, unity.

The public is invited to share in the fellowship of a supper at 5:30 p.m. at the Methodist church social center before the program begins. Sandwiches, beverages, salad and dessert will be served at no cost and activities will be run for kinder-garten through fourth grade chil-dren during the panel presentation. Nursery care will be provided for the very young.

Soldier Home from Vietnam Visits Pupils At North Elementary

Larry Policht, who recently re-turned from a one-year tour of duty in Vietnam, visited the fifth grade students at North Elementary school Wednesday, Jan. 31. Showing slides of Vietnam, Policht discussed his voyage to the Southeast Asian country, the people and scenery of the country, and the daily activities of a soldier.

The children asked him numerous questions during this opportunity to hear first-hand information about the country they have heard and read so much about on tele-vision and in newspapers.

Policht has a brother, Harry, in Mrs. Cox's class at North Elementary school. They are the sons of Mrs. Doris Policht of 7550 Hankerd Rd.

Spoon Handle Swallowed By Jail Inmate

Sammy C. Charlton, 19, who was arrested on charges of an auto theft in Chelsea and breaking and entering, Schumm's restaurant last summer, swallowed a spoon handle Tuesday, Jan. 30 in County Jail, Ann Arbor. The handle was visible in X-ray pictures taken later at St. Joseph Mercy Hospital, but doctors told county sheriffs that they were not considering surgery at the present time.

Charlton, who had previously escaped from a jail in Nashville, Tenn., before coming to Chelsea last summer, is also wanted in California and New York on criminal charges. The local theft cases are still pending.

On Sept. 12, while undergoing medical care at St. Joseph Mercy Hospital, Charlton leaped out of a window. He was soon caught, however, and was returned to County Jail after treatment of a leg injury incurred during the attempted escape.

Council Briefs

At a regular session of the Village Council Tuesday evening the adjourned meeting of Jan. 16 regarding the variances requested by the Chelsea Medical Clinic for construction of signs was opened up and inasmuch as no opposition from the residents of the area involved was submitted to the council, motion was made and approved to grant the variances with the provision that the drawings as submitted should be made a part of the variance and the signs must conform thereto.

A discussion was held with Mr. and Mrs. Robert Smith regarding their request for a contract addition. Trustee Weber was instructed to investigate and to submit a recommendation to the council at the meeting of Feb. 20.

Motion was made and approved to transfer the ownership of the Wagoning Tavern from Carl Dredge and Donald Sigmund to Joseph M. and Judith B. Myrkel.

A request was entered by the Chelsea School district requesting the adoption of ordinances governing the operation, parking and speed of motor vehicles upon the properties of the school district. Trustee Heydlauff was instructed to investigate and recommend to the council.

A discussion was held with Elwyn Beach, Chelsea area civil defense director regarding the training program that the members of the Chelsea Auxiliary police have undertaken.

The village council is aware of the fine work being accomplished by the Auxiliary police and feels that the residents of the village are most fortunate to have this group of men who are willing to dedicate their time and talents to the many village and school functions.

President Baldwin instructed Beach and Chief Meranuck to submit recommendations to the council for whatever assistance the village may give to the auxiliary police organization.

Trustee Heydlauff submitted a summary of the police work activity for the month of January.

Ordinance No. 70, an ordinance for the prevention of the accumulation of litter in the village was read and approved. Publication

CHAMPIONSHIPS RUN IN THE FAMILY: Members of the Theodore Spence family proudly display the trophies they recently received in the deer silhouette shoot sponsored by Washtenaw Sportsmen's Club of Ypsilanti. From left are Mr. and Mrs. Spence, their son, Michael, and (standing) the Spences' son-in-law, Arnold Deanhofer, Jr.

will be made in The Chelsea Standard on Feb. 15.

A discussion was held regarding the outside storage of cars on the property occupied by the new Mobil gas station located on the corner of M-52 and I-94. Many complaints have been received by the Village Council and the officers of Sylvan township. A letter in this regard was received from the township supervisor.

This problem has been submitted to the planning commission for their discussion and recommendation and the council was advised that it does have the authority under its present ordinance to correct the problem and should take immediate steps to correct the problem. Chief Meranuck was instructed to contact the owners immediately.

Complaints have also been received regarding the unsightly condition of the pond located on M-52 South. Many people feel that the area has taken on the appearance of a public dump and leaves much to be desired as a main entrance to the village. President Baldwin instructed trustee Miller to investigate and recommend a solution to the problem.

Other infractions to the village zoning laws in this general area were discussed and Police Chief Meranuck was instructed to investigate and effect corrections wherever necessary.

Motion was made and approved to authorize payment in the amount of \$2,105.20 as the final payment for the construction of the water main to serve the north-west section of the village. It will be paid from Light and Water Department funds.

Motion was made and approved to accept the election board members for the Feb. 19 primary election as submitted by the village clerk.

Motion made and approved to pay bills as submitted.

A family of talented archers was awarded four championship trophies at the Washtenaw Sportsmen's Club of Ypsilanti banquet held Saturday, Jan. 28, at the Fire Hall on Pontiac Trail. Mr. and Mrs. Theodore Spence of 128 E. Summit St., their 13-year-old son, Michael, and their son-in-law, Arnold Deanhofer, Jr., earned their trophies during a deer silhouette shoot which took place in Ypsilanti last autumn.

Archery awards are nothing new to this family. Spence, a research engineer at the University of Michigan, has been shooting bows and arrows since he completed his military service 20 years ago. Most of his trophies were earned on his own, although he has belonged to the Washtenaw Sportsmen's Club for many years. Spence placed second in national field archery association competition in both 1953 and 1954. In 1955, he defeated the national champion in the state shoot. Also on his list of numerous bow and arrow triumphs is a midwestern championship. He and Mrs. Spence were Aquarama State Recreation champions in Ohio in 1953 and 1954. In 20 years of bow and arrow hunting, he has bagged 17 deer.

Mrs. Spence has been active in archery contests too. During the past 10 years, she has helped her husband with his "sideline" of selling archery equipment.

Michael has been awarded one trophy and several smaller awards in addition to the deer silhouette shoot trophy. Deanhofer, married to the Spences' younger daughter, Mary, earned a trophy from the North Detroit archers as well as two from other organizations and several awards.

The Spences' older daughter, Jerry Ann, who is now married Junior Girls archery champion and living in California, was at Jackson in 1963.

Living in Ann Arbor during their early years of marriage, the Spences moved to Steinbach Rd., where they resided for 11 years. After returning to Ann Arbor for a brief period, they moved back to Chelsea two years ago.

In the match with Saline tonight, Chelsea meets a Hornet squad that wrestled to a tie with South Lyon. Reported to be an aggressive squad and considered to be the most improved of the league teams that began wrestling last year, the Hornets should provide some tough competition in several weight classes.

Catholic Social Service Plans Meeting

(Continued from page one)

wed parents, adoptions, care of the aged, and personality problems that develop in the lives of children and adults.

During 1967 the agency extended counseling services to 261 families wanting help with marital problems, and 561 children and adults with individual personality adjustment problems. Catholic Social Services of Washtenaw county also placed 62 children in adoptive homes and supervised 139 adoptive placements. There were 130 foster home placements provided in 69 licensed foster homes, as well as professional counseling and service to 245 unwed mothers.

The people who come for help at Catholic Social Services of Washtenaw county represent a wide range of vocations, ages, educational levels and incomes. They illustrate that misfortune comes in various degrees of intensity and rarely makes as its target any one group of people. The

family in need of social services often finds that unhappy living is expensive living in terms of energy and money. For the sake of each individual involved in a family problem and the community, the agency stresses the importance of services early in the development of problems. Any individual or family is welcome to come to the agency for assistance with a problem. Appointments may be made by personal contact, telephone or by letter.

New York City Comptroller Mario A. Procaccino says the 1964-65 New York World's Fair went \$21,159,000.30 in the red in an official city audit. The fair's management had predicted a profit of \$50 million.

TODAY'S THOUGHT

By LOUIS BURGHARDT

Libraries are filled with historical data and anecdotes on the immortal Lincoln. We think it is significant that he is honored in history, not for his link with cannon and blood, but for his greatness as a man; a humble man indeed. Many of his quotes could be shown to illustrate his greatness. Here is one of our favorites, taken from one of his early unsuccessful campaigns for public office.

"Every man is said to have his peculiar ambition. Whether it be true or not, I can say for one that I have no other so great as that of being truly esteemed by my fellow men, by rendering myself worthy of their esteem. How far I shall succeed in gratifying that ambition is yet to be developed—I am young and unknown to many of you. I have no wealthy or popular relatives to recommend me. My case is thrown exclusively upon the independent voters of this country, and if elected, they will have conferred a favor on me, for which I shall be unremittent in my labors to compensate. But if the good people in their wisdom shall see fit to keep me in the background, I have been too familiar with disappointments to be very much chagrined."

His own words are a clear portrait of the humble man whose birthday we commemorate on February 12th. . . BURGHARDT FUNERAL HOME, 214 East Middle Street, Chelsea, Michigan. Phone GR 5-5111.

Migrant Worker Exploitation Revealed in TV Program

East Lansing—J. N. E. T. Journal presents "What Harvest for the Reaper?" a study of the exploitation of the migrant worker filmed at Cutchogue, Long Island, Sunday, Feb. 11, at 4:30 p.m. and Wednesday, Feb. 14, at 12 noon on WMSB (Channel 10), Michigan State University television.

The program reveals the economics of exploitation applied over a six-month period during which migrants are brought from Southern backwaters to pick a succession of crops under the promise of wages they could never receive at home and which they never collect in Cutchogue.

Cameras follow two groups: one brought in for summer strawberry and string-bean picking, the other imported for the potato season in the fall. The groups are shown working in the fields, living in the mean camps and learning economic facts of life from their camp manager-exploiter, Andrew Anderson.

The migrant workers' spoiled hopes are conveyed both through interviews and a depiction of their camp life. A different perspective is provided by the farmers and members of the potato industry, who comment on their relationship with migrant labor.

Other WMSB highlights include: **YOUNG ARTISTS**— "Young Musical Artists" presents pianist Barbara Nissman, who devotes her program to Eight Piano Pieces, Opus 76, by Johannes Brahms, Wednesday, Feb. 14, at 7 p.m.

Miss Nissman is working toward a doctoral degree in piano performance at the University of Michigan, where she previously earned the bachelor's and master's degrees. LIFELINES

I Am Healed

A celebrated evangelist was once a guest in the home of some friends. One evening, while he was preparing his sermon, a child of the household came into the room where he was sitting, and said, "Sir, I want to be a Christian." "Well," he said, "you may be, for it is very easy." He asked her to turn to the fifty-third chapter of Isaiah, and to read the fourth and fifth verses, making them personal where the pronouns "we" and "our" occur. She did so and read them this way, "Surely He hath borne my griefs, and carried my sorrows; yet I did esteem Him stricken, smitten of God; and afflicted. But He was wounded for my transgressions. He was bruised for my iniquities; the chastisement of my peace was upon Him, and with His stripes I was healed." As she came to this part she suddenly stopped, her eyes filled with tears, and the evangelist said "Read on!" Then she said, "I am healed." It is just as easy as that," said the evangelist, and the child went away believing.

AGRICULTURE In Action

by M. L. Woolf

Let's Look at Bridges

Are Michigan farmers psychic? More than a month before the tragic collapse of the Ohio River bridge at Point Pleasant, W. Va., delegates to the Michigan Farm Bureau annual meeting expressed concern over this very problem.

The farmer-delegates said that because of fund shortages, bridge maintenance in many rural communities is not keeping up with normal wear and tear. Their concern of Michigan cause hundreds of Michigan school buses operate in rural areas over back-road bridges of ancient vintage in many cases.

What causes a stout, well-built bridge to weaken? The constant expansion and contraction, normal weather is a major factor, even when compensated for by the builders. Newer factors include the enormous tonnage of road salt often spread about by snow removal crews, and the occasional structural damage done by massive snowplows or other heavy machinery striking bridge beams, abutments or sides.

Not to be ignored is the ever-increasing traffic, as city sportsmen range further from home to seek the elusive deer or the charging Coho salmon, and in the process use more of our older and sound bridges on the secondary roads of Michigan.

Right now, there are about 8,800 such bridges in our county road systems, which include 87,038 miles—or 77 percent of our total state road system. Of this amount, 25,133 miles of county roads are classified as primary roads, with 88 percent of this total considered inadequate and in substantial need of repair. Of the 62,696 miles classified as strictly local roads, 47 percent are considered inadequate.

Of the nearly 7,000 bridges on these roads, 5,041 have been reported as inadequate—not implying that they are now unsafe, rather, that they are rapidly becoming so in view of today's traffic demands. However, it is a fact that many are unsafe under certain conditions involving heavier vehicles such as trucks and school buses, and have been posted as such.

Michigan is nationally known for its wonderful primary-highway system. But farmers feel it is high time that our secondary roads and their bridges be brought up to date before Michigan makes the headlines as in the Ohio-West Virginia tragedy.

Stafseth Named Highway Director

Lansing—The State Highway Commission has appointed Henrik E. Stafseth as State Highway Director.

Stafseth, 48, had been acting director since last June 1. Charles H. Hewitt, Detroit, Commission chairman, said Stafseth has demonstrated that he has the ability and the capacity to direct the operations of the Highway Department.

"The Commission has been pleased with his performance since he was named acting director and we think he has earned this recognition," Hewitt said.

Stafseth, a native of Lansing, joined the Highway Department as deputy director for planning and governmental liaison in 1965 after serving 10 years as engineering manager of the Ottawa County Road Commission.

Nursery School Survey Underway

Current members and alumni of Chelsea Co-operative Nursery, Dexter-Chelsea Rd., are presently being sent a questionnaire concerning nursery school experiences.

The results so far seem to indicate that in the parents' opinions, nursery school helps the child develop independence and a readiness for kindergarten; that is the child approaches elementary school with greater confidence. Parents surveyed also felt that they developed a greater understanding of their own child after observing the interaction of the children in the nursery situation.

"Enriched" foods—bread, flour, and other cereal products—are foods to which iron, riboflavin, niacin, and thiamine have been added. Highly refined cereal foods are "enriched" to restore the levels of these four nutrients to the amount found in the whole grain, and sometimes in excess of whole grain levels. Federal and state governments set the standard levels of enrichment.

Farmers' Weeks of Future Will Be Held in Early Spring

East Lansing—A change in future dates for the annual Farmers' Week at Michigan State University was announced last Friday as the 1968 event concluded.

Dr. Thomas K. Cowden, Dean of MSU's College of Agriculture and Natural Resources, said that beginning in 1969, Farmers' Week will be held in mid-March during the University's spring recess. Since it began in 1944, the event had been held in late January or early February.

The change, approved by a wide majority of agricultural Extension personnel throughout the state, will help us accommodate the expanded educational programs proposed during Farmers' Week, Dean Cowden commented.

These improved facilities—meeting rooms, demonstration areas, and exhibit space—plus the help of a staff which usually works around the clock, will increase the depth of the program for an even better education, Service reports.
