Discusses Spaulding Foundation

Richard Schneider
Tells Goals, Purpose
Of New Organization

The speaker at Monday's meeting of the Chelsea Kiwanis Club was Richard Schneider, a native of Chelsea, who was recently named assistant administrator of the Spaulding Foundation. He is also the executive director of the newly established Spaulding Foundation. His talk concerned the formation of the foundation and his part in it. This unique foundation is believed to be the first of its kind concerned exclusively with the search for adoptive homes for children unable to be served by existing adoption agencies.

The new, non-profit foundation was made possible by a gift from Warren G. Spaulding. The gift included the centennial farm home which has been owned by the Spaulding family for more than 100 years.

Schneider stated that "Adoption is the most economical program in the welfare field as it transfers the economic cost back to the family unit, and therefore is the least expensive program for the taxpayer, but more important, it provides every child's rights to have love, protection and the kind of care that meets the needs of children."

Guests at the meeting were R. Koepfer, K. Yost, D. Washburn, H. Palmer and H. Thayer, all of the Pinckney Club. Other guests were James Abbott and the Rev. David Kelm.

Another feature of the program, held on Lincoln's Birthday, was a talk by Chas. Rogers entitled "Remember the Maine." Rogers (Continued on page five)

Area Youth Rally Held at St. Paul Church

St. Paul United Church of Christ was the scene this past Sunday afternoon of the Ann Arbor-Jackson Youth Forum, a youth association meeting. A total of 123 high school students from 33 area churches had been expected to attend the program. However, more than 200 youths had registered by the end of the rally.

The theme of the program was "The Great Society's Sex." The movie, "Phobia," a story of premarital pregnancy, was shown. The film was followed by a panel composed of Joe Loukotka of Bethlehem United Church of Christ, Ann Arbor, advisor to the Ann Arbor-Jackson Youth Forum; Dr. Jerry Waldyke of the Chelsea Medical Clinic; Mrs. Margaret Hindal, RN, a clinical nurse in hematology at the University of Michigan; and the Rev. William C. Wright, minister of education at Bethlehem UCC, Ann Arbor. The teen-agers present were encouraged to submit their questions to the panel. This resulted in an interesting discussion of contemporary youth problems.

Music, games, songs, and a light supper served in the following hours rounded out the evening's events.

NEW BANK TO OPEN MONDAY: The new Chelsea State Bank building will open to the public for business Monday, Feb. 19. The structure, located at the corner of Orchard and S. Main Sts., has been under construction since last spring. Although some finishing work is still to be completed, business operations will be transferred to the new home this week-end. A grand opening will be scheduled at a later date, according to bank president Paul Mann.

Bank Opening New Building Monday

Chelsea State Bank is moving into its new "home" at the corner of Orchard and S. Main Sts. and will be open for business at the new location Monday, Feb. 19. The structure, designed by Erwin L. Broeck-

ner, AIA, of Battle Creek, is just one block south of the old bank. A one-story, 90' by 64' building with an exterior of split-face stone and dark brick with wide panels of insulated glass, it features two drive-in

windows and on-site parking space for 35 cars. The interior includes a large lobby, nine teller windows, three private offices, a conference room, and enlarged working areas. A lounge and a

lunchroom for employees are located in the basement. Important functional features of the new bank are a modern safe-deposit vault, a night depository, and a large fire-proof storage space.

Chelsea State Bank bought the property in 1966, and actual construction of the expanded facilities was initiated in May 1967. The land had previously been the site of a service station and three homes.

Ice Fishing Derby Slated This Saturday

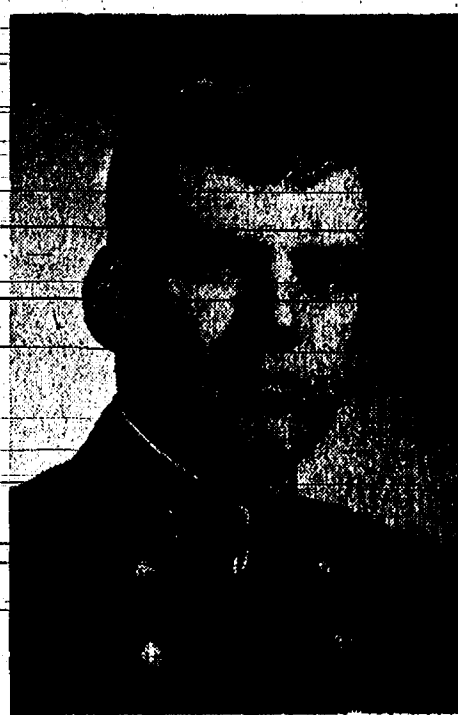

Chelsea citizens remind area residents that entry tickets are still available for the ice-fishing derby to be held this Saturday. Tickets may be purchased from Jaycee chairman Jim Krichbaum or from local sporting good dealers.

Purchase of the tickets will entitle fishermen to enter their catches in one or more of the five derby categories, including perch, panfish (bluegills, sunfish, and crappies) northern pike (speared), northern pike (hook and line) and total weight of up to 25 panfish and/or perch. Catches may be made in any lake in Washtenaw, Jackson, Lenawee, or Livingston counties, but must be registered at derby headquarters at the American Legion Hall, Cavanaugh Lake, by 6 p.m. Saturday to be eligible for various prizes.

Following the day's fishing activities, a winter carnival dance, sponsored by the Jaycees, will be held at the Cavanaugh Lake American Legion Hall from 9 p.m. to 1 a.m. The dance, for adults only, is limited to 100 couples. It will include square and round dance music by Luke Schabale's orchestra and a late buffet with free mix and ice included. Tickets may be purchased from any Jaycee or by calling 475-7421 or 479-5451.

Undeclared Bulldog Wrestlers Meeting Tough Dexter Team

Tonight is one of the biggest nights of the year for the Bulldog wrestling team. Coach Lauren Miller takes his men to Dexter to face Coach Al Ritt's squad in a meet that starts at 8 p.m.

The outcome will determine the Southeastern Conference leader, as Chelsea and Dexter carry identical 4-0 conference records into the meet. The winner will earn half the points necessary for an undisputed league title. The other points will be determined at Chelsea on Saturday, Feb. 24, when all teams in the league will assemble here for the conference tournament.

Dexter is the defending champion, winning the title two years in a row. This year, however, the Chelsea team has been regarded as the favorite after an overwhelming rush through 16 teams to a first-place finish at the Parma Western tournament.

Last year at this time the two teams met under much the same conditions, with the Dreadnaughts coming out victorious by a 32-10 margin. This year's Chelsea crew will be out to avenge that defeat, their only loss in their last 24 dual meets.

Both teams are loaded with experienced wrestling talent. There should be plenty of tense and exciting moments when they meet on the Dreadnaught mat tonight.

The probable starting line-up for Chelsea: (95) Jim Wenell, with a 4-3 win-loss record; (103) John McKelghan, 3-4-1; (112) Jim Poertner, 6-1-1; (120) Mike Hendricks, 0-1-1 and runner-up at the Parma Western tournament; (127) Paul Stahl, 7-1-1; (138) Mark Lancaster, 10-2, and runner-up at Parma Western; (138) Bob Koenig, 1-1; (145) Lauren Boyer, 11-1, also a second-place finisher at Parma; (154) Kerry Kargel, 12-0, champion at this weight at Parma; (165) Tim Colvin, 2-3, who stepped into the line-up when senior Ray Worden was injured; (180) Mike Gaken, 11-0-1, who was Chelsea's second champion at Parma; and (Hwt.) Jim Boylan, 0-3, who placed second at Parma.

Dexter's line-up features some fine wrestlers, including: (112) Gary Klapperich, a two-time conference champion; (127-138) Sam Houston, a two-time conference champion; (138-

145) Ted Klapperich, a champion at Parma, (133-138) Jim Herrst, a fourth-place finisher at Parma; (154) Ed Lobell, who placed third at Parma; and (165-180) Craig Blazier, who finished second at Parma.

In last week's action, the Chelsea crew trounced Saline, 30-12, in a conference dual meet. John McKelghan (103), Lauren Boyer (145), and Mike Gaken (180) won their matches by falls. Mike Hendricks (120), Paul Stahl (127), Mark Lancaster (133), Kerry Kargel (154), and Tim Colvin (165) added decision victories for the Bulldogs.

Jim Wenell (95), Jim Poertner (112), and Jim Boylan (Hwt.) lost by decisions.

Railsplitters Down Bulldogs For 3rd Time

The Chelsea Bulldogs varsity cagers were defeated by the Lincoln Railsplitters, for the third time this season, last Friday evening by a final score of 67 to 53. Nevertheless, the Bulldogs put up their best fight against Lincoln in this game and did not allow the Railsplitters to claim any substantial lead over the latter minutes of the third quarter.

The game got off to a slow start with Lincoln opening the scoring and taking a good lead over Chelsea. But the Bulldogs returned in the final minutes of the quarter to narrow up the lead. The game remained close throughout the remainder of the first quarter, which ended in a 12-12 tie.

Lincoln jumped into the lead in the early seconds of the second quarter, but the Bulldogs kept the Railsplitters from gaining any substantial lead until the final minutes of the half when Lincoln took a good lead on foul shots. The score at halftime was 20 to 21, in favor of Lincoln.

Lincoln held a good lead over Chelsea throughout the remainder of the game. Fouls were costly to the Bulldogs in the second half of the game.

4 Republicans Seeking 3 Trustee Positions, Making Vote Necessary

Juvenile Gang Nabbed for Series of Thefts

A telephone coinbox was forced open Tuesday, Feb. 6 at the Laundromat on M-52, Michigan Bell Telephone Co. officials estimated that \$40 in coins was stolen from the box and \$12 damage was done to the equipment. No suspect has yet been found.

Someone removed two bucket seats and a sports console last week from a wrecked 1955 car parked in back of Town & Country Shell gas station. The car, owned by Donald Coulter, is being stored at the station.

Edmund Green of 128 Jackson St. had two tires stolen from the top of his car Jan. 17. Chelsea police "discovered" this month that two Chelsea High school students, one a juvenile, had stolen the tires and traded them for two others. One of the boys, who had just turned 17, then admitted to several additional larcenies, including two sets of snow tires and a tachometer stolen in Ann Arbor, and a tachometer stolen in the county. During these larcenies, he was accompanied by a total of seven other Chelsea High school boys, all juveniles.

The 17-year-old, who was a juvenile at the time he had committed most of the larcenies, will go to Municipal Court. The other boys, all released in their parents' custody, will be referred to Juvenile Court.

Hoffman Will Address C. of C. Luncheon

Chelsea Chamber of Commerce will hold its monthly luncheon Tuesday, Feb. 20 at 12:30 p.m. at the Congregational church, Sylvan Township. Supervisor Maurice Hoffman will speak on proposed court changes in Washtenaw county.

All registered Chelsea voters are reminded to cast their ballots in the primary election Monday, Feb. 19, from 7 a.m. to 8 p.m. at Sylvan Town Hall.

The first primary ever to be held in Chelsea will focus on the three available trustee positions, for which four people are running on the same party ticket. Seeking the trustee slots are Republicans George Doe, Eldon Gordon, Harold Pennington and Frederick Weber.

Other candidates, all incumbents, and their parties and positions are Donald Baldwin, Republican, president; George Winans, Republican, clerk; Wallace Wood, Democrat, treasurer; Thomas Smith, Republican, assessor; and library board trustees Katherine Wagner, Democrat; and Robert Merkel, Republican.

In the primary, a person must cast all his votes for the candidates in one party only, either Democratic or Republican.

JV Cagers Romp Over Lincoln, 72-35

A fast offense and a tough defense enabled the Chelsea Junior Varsity basketball team to rack up a 72 to 35 victory over Lincoln last Friday evening. The JV's, who had one of their best nights of the season, out-shot Lincoln in both field goals and foul shots.

The game got off to a slow start, with both teams playing well on defense. Jim Wojcicki opened the scoring on a foul shot, but the Railsplitters came back to tie up the score on a foul shot. Kursten Kargel dumped in a field goal to put Chelsea ahead and the Bulldogs went on to pick up a substantial lead over Lincoln, holding the Railsplitters to two points in the first quarter. The score at the end of the first quarter was 17 to 2.

THIRD IN FAMILY:

William Stahl Becomes Area's Newest Eagle Scout

Troop 470 held an Eagle Court of Honor for William Stahl Saturday, Feb. 10 at 7:30 p.m. at the Chelsea Congregational church.

Senior patrol leader Lloyd Hafner opened the program with the Pledge of Allegiance as John Mann and Jeff Daniels presented the colors. District executive Wendell Cisco delivered the invocation.

Scoutmaster Robert Reed and troop chairman Bud Hafner introduced the scouters present. Eagle candidate William Stahl introduced as his special guests Mr. and Mrs. Richard Jennings and family, of Half Moon Lake, Mr. and Mrs. Frank McCarthy and family, of Toledo, O., and Mr. and Mrs. Alvin Nixon of Benton Harbor.

A short talk on the Eagle candidate was followed by slides of his Scouting career. Eagle Scout Bruce Parks escorted him to the front. The board of review found the candidate worthy of receiving the Eagle. By repeating the Eagle Scout oath, William Stahl became an Eagle Scout.

District executive Wendell Cisco read Stahl's achievements. His Scouting activities have included: two years as a Cub Scout, four years as a Boy Scout, one year as a den chief, and positions as patrol leader, troop quartermaster, assistant senior patrol leader, and senior patrol leader. Stahl maintained four years of perfect attendance, and attended Camp Howell summer camp for one year, D-Bar-A summer camp for one year and Bruin Lake summer camp for four years. He has also put in 99 days and nights of camping. A brotherhood member of Order of the Arrow, Stahl attended two Order of the Arrow conferences, a national order of the Arrow conference at the University of Indiana; and a national Order of the Arrow conference at the University of Nebraska.

by the presence of council president Donald Hackney who, as the highest Scouting official present, read the personal letter from the Chief Scout executive, Alden G. Barber, to the new Eagle Scout, Ray Worden. Worden escorted Mrs. Stahl to the front. Stahl presented his son with his Eagle certificate. Mrs. Stahl, for the third time, pinned an Eagle badge on one of her sons. William in turn pinned the miniature on his

mother. After congratulations from all the Scouters present, William escorted his parents to their seats. Songleader—Bruce Parks and District organization and extension chairman, Ralph Frisch, then led the singing of "Trail the Eagle."

Other highlights of the evening included two slides, a slide presentation, and the distribution of various awards to several Scouts. A skit, "The Flery Pit," was acted out by the Half-Moon Patrol, and a "weighty" skit was dramatized by the patrol leaders' council.

After a selection of slides of the 1966 and 1967 Bruin Lake summer camp, the Scoutmaster promoted the 1968 summer camp.

The presentation of awards was conducted by the advancement chairman, Harold Baker. Assistant Scoutmaster Kenneth Reinhardt awarded Jeff Schmidt a two-year pin. District camp chairman Alvin Reinhardt presented Jeff Reed with his three-year pin. District vice-chairman Robert Daniels distributed four-year pins to Bill Hafner, Bruce Parks and William Stahl—a seven-year pin to Ray Worden; a nine-year pin to Rolly Spaulding for Jeff, who is away at Central Michigan University; and a 10-year pin to Kenneth Reinhardt.

Steve Worden and Lee Hafner received their one-year perfect attendance pin from the assistant district advancement chairman, Robert Roy. Bill Hafner was given his two-year perfect attendance pin by Explorer advisor Robert Jacobs. Willis Heydlauff, troop treasurer, presented four-year perfect attendance pins to Bruce Parks and William Stahl. Rolly Spaulding added up three years in Cubbing and seven in Scouting for Ray Worden to give him a 10-year perfect attendance pin.

Retiring Max Heppburn, who had received a standing ovation in recognition of his years of active service as troop chairman, handed Lloyd Hafner and William Stahl their merit badges. The new Assistant Scoutmaster, John Laraway, had the new Second Class Scouts, Dennis Cosgrove, Lee Hafner and John Marzoe, pin miniature badges on their mothers' Life Scouts Don Lafollet and Peter Stahl received their awards from their new Scoutmaster. The Scoutmaster pinned the rank of Assistant Scoutmaster on Ray Worden's uniform.

The Scoutmaster's minutes and announcements were followed by the closing ceremony. Girls of Scout Troop 77 aided in serving refreshments.

Applications for

New Feed Grain

Base Accepted

A feed grain base may be established under the 1968 Feed Grain Program for farms which did not plant feed grains in 1959 and/or 1960 that meet eligibility requirements. Earl Doletsky, chairman of the Washtenaw County Agricultural Stabilization and Conservation Committee, announced today.

Interested producers should contact the county ASOS office no later than Feb. 27, and file an application. Doletsky said.

To be eligible for a new feed grain base, Doletsky said, the operator must expect to receive 50 percent or more of his livelihood in the current year from the production of agricultural commodities on the farm; must have had at least two years' experience in the production of feed grains in the last five years; must have adequate equipment for the production of feed grains; the land must be suitable for the production of feed grains and neither the owner nor the operator may have an interest in any other farm for which a feed grain base has been established.

A farm for which a new farm base is established may qualify for price support payments and price support loans. They are not eligible for any diversion payment.

Chelsea FFA chapter's first-place team, which received a gold award, were Dale Robbins, chairman; Larry Johnson, Gary Miles, David Barron, Mike Bristle, Jim Bauer and Bill Kushmaul. Ernest Hinderer and Ken McCalla served as alternates. This was the first contest experience for these Chelsea FFA boys. Dexter, placing second, also earned a gold award.

In the Demonstration contest, Saline placed first and Jackson Parkside, second, while Dexter placed third and Chelsea, fourth. Ron Herrst and Chris Marzee represented Chelsea.

Dexter won first place in the Public Speaking contest and Jackson Parkside came in second. There were no other entries in this event. Winners of the district contests will go on to the regional contests, which will be held Feb. 22 at Hudson High school.

All-Stars Bands Will Present Concert Feb. 18 at Durand High

The top 225 high school musicians from the state of Michigan will meet at the high school in Durand on Saturday and Sunday, Feb. 17 and 18. These musicians, selected for membership in the 1968 Seventh Annual Greater Michigan All-Stars Bands, will prepare for a Sunday concert. The 4 p.m. program will be given in the high school gymnasium and is open free to the public.

The following students from Chelsea High school were selected: Susie Knickerbocker, clarinet; Ken Blaess, percussion; Sarah Storey, contra-bass clarinet; Kathy Fulk, alto clarinet; Ryan Smith, tuba; and Shelley Baize, soprano clarinet.

Sixty high school bands will be represented in two 112-piece bands. One band is made up of selected students from Class AA, A and B high schools and the other band from Class C and D high schools. Originally, some 5,000 high school musicians were considered.

Michael Bowman, high school student from Lake Orion was selected All-Star cornet soloist. He will play his solo during the concert.

Dr. Wm. D. Revell, conductor of the University of Michigan band, will conduct the Class AA, A, B All-Stars Band. Dr. Harry Begian, conductor of the Michigan State University band, will conduct the Class C-D All-Stars Band.

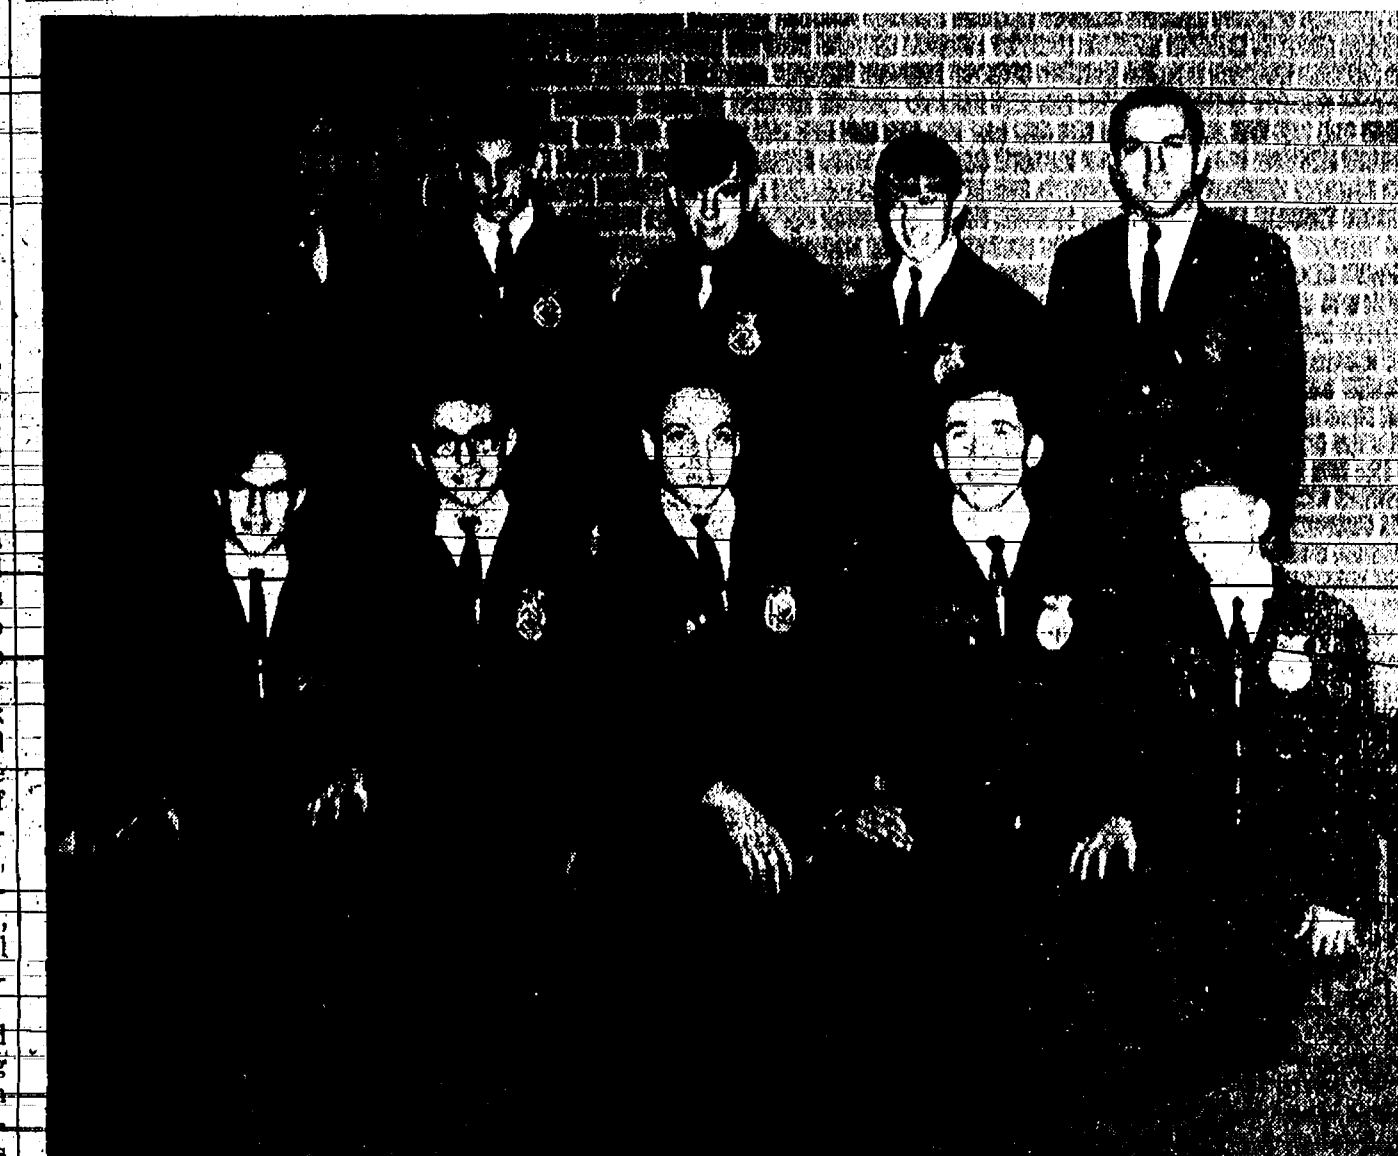

In the Sunday concert the All-Stars Bands will perform the Michigan School Band and Orchestra Association's required high school band numbers for their coming district and state festivals.

Some of the nation's top soloist and clinicians will be present to help the students and perform in the concert. Soloists will be Don Butterfield, tuba soloist, and Jack Snively, clarinet soloist. Butterfield has been principal tuba with the Radio City Music Hall Orchestra for the last 16 years and just recently has made two guest appearances on the Mike Douglas television show. An associate professor of music, Jack Snively is teacher of woodwind instruments and director of the Symphonic Band at University of Wisconsin, Milwaukee. The clinicians will be Leonard Falcone, baritone, Michigan State University; Nelson Hauenstein, flute, University of Michigan; and Paul Willwerth, cornet, Central Michigan University.

This annual event is organized and sponsored by the Lansing Conservatory of Music, Inc., with Durand Public Schools band directors, Jack Brewster and Charles Birch, local chairmen. The event is organized to honor outstanding high school musicians and to provide an educational project for all music directors and their students.

TODAY'S THOUGHT
BY LOUIS BURGHARDT

A student in one of the large universities laments the loss of personal recognition. The student is given a number, known by a number, recognized by a number; seldom by name or as a person. In the complexities of modern civilization, all of us live in an age of numbers. Birth, scholastic, employment, marriage, death and social security records are kept by numbers. The glamor of numbers even includes a zip code for mail you receive or send. Our living in an age of numbers and computers is part of the price we pay for the questioned luxury of growth.

Gone are the days, when, for example, someone mailed a letter to Mark Twain, addressed "The Lord knows where"—and got a reply, "He does." And this brings up an important realization. God, the creator of heaven and earth, needs no numbers to identify His children of the past and present. The prophets and psalmists of yesteryear, the ministers, priests, rabbis, leaders and laymen of today, as well as you and your family are known to Him as persons. He knows who you are, where you are and what you are doing. Much joy in living is lost when He is denied accessibility and approachability in personal daily needs. . . . St. Mary School Notes

FIRST GRADE—

Teacher, Sister Rita Michael. Reporters: Lisa Weber and Margaret Lewis. Monday we walked to the library and got some books. We thought the library was cool.

SECOND GRADE—

Reporter, Joan Lutoy. Miss Westall taught us about cleaning our teeth. Rancher Glen taught us about good health. Brian Nadeau, Steve Pennington and Tad Heidrich had birth days this week.

GRADE 3—

Teacher, Sister Jean Paul. Reporters: Michael Rybka and Dale Hendrick.

Today we started a new reader called "More Roads to Follow." In it they have stories of historical people like the Wright Brothers, and Abe Lincoln. At the end of the book they have fairy tales like Rapunzel. And the fox and the wolf. At the beginning are stories about people who were born in America. In art we made a crystal garden. Most of the colors were blue and green. The crystal garden is supposed to grow. Some are growing but some are very slow.

In science we are searching rocks. We brought lots of rocks for our science table. We found that some rocks are harder than others.

In math we are starting multiplication. We are comparing multiplication to addition. We have only learned a few facts.

FOURTH GRADE—

Teacher, Mrs. Kolb. Reporters: Jon Spaulding, Donald Sullivan.

Since February is the birthday of two famous Americans, we helped to make a bulletin board. We brought pictures to show a good American loves God, his home, his neighbors, his church, his country, and his world neighbors.

In social studies, we are studying Maine. We learned that fishing is the occupation of many people there. Today we learned how they catch and ship lobsters. We are making booklets of different kinds of boats and ships, from pirate to modern ones.

We have finished our art project using rice, corn, shells, colored straws, spaghetti, seeds, and paint. We made a scene of the materials used were colored in shades of gray. They painted their pictures. Among the many good pictures were a flag by Stephen Klirk, a dog by David Popovich, an ostrich by Elizabeth Hasel-Schwartz, and a rabbit by Thomas Ottomano.

In science we are learning about moving things. By doing experiments in class, we learned that to travel on land, water or air, we need a force, something to

push against, and resistance that is less than the force.

GRADE 5—

Teacher, Mrs. Thalner. Reporter, Paul Wood.

Our class has been doing various experiments about electricity.

Friday we attended the World's Fair at the University of Michigan. There we saw exhibits from many foreign countries.

GRADE 6—

Teacher, Mr. Van. Reporter, Deborah Drowski.

Friday, Mr. Gerald Van took the 6th grade class to the Ann Arbor World's Fair, held in the Michigan Union. There we saw exhibits from many different countries.

The people representing a country told us many things of interest. They also had many articles for sale. This was all very interesting and educational.

This fair was in progress Feb. 2 and 3. We thank the mothers who provided the transportation.

GRADE 7—

Teacher, Sister Marie Anita. Reporters: Donna Clark and Mary Wood.

The 7th grade elected new officers for the second semester. They are: president, Steve Keiser, and secretary, Chris Phinney. In science we are studying the

nerve system. Properties are what we're studying in math. In history we are studying the Middle Ages. In this period each person had certain things he could do in his spare time. The higher the rank of the person, the more he could do. In chess each player piece has a certain thing it can do. We are now learning to play chess in class so we can see how it was in the Middle Ages.

Grade 8—

Teacher, Sister Marie Anita. Reporters: Pam Laraway and Steph Nelson.

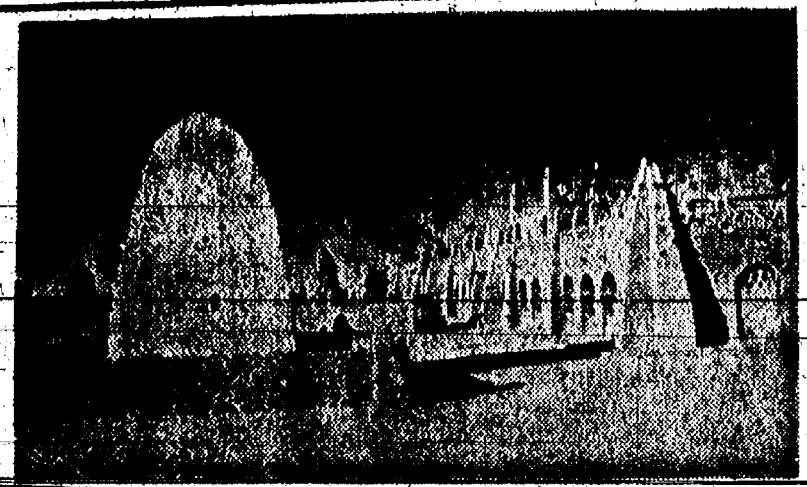

Thursday, Rancher Glen came to the school and talked about his health. He gave us many interesting points on smoking, too. Friday our school nurse, Mrs. Cox, came and gave a talk about smoking. A movie followed.

Tuesday we received our report cards. Presently we are studying about the Law in History.

RECORD PASSPORTS

The State Department issued 1,000,000 passports to Americans in 1967. Officials report 4,100,000 valid passports are now in the hands of Americans. Military passports are not included in this report.

Theory is all right for the books but it takes practical expression of ideals to make life better.

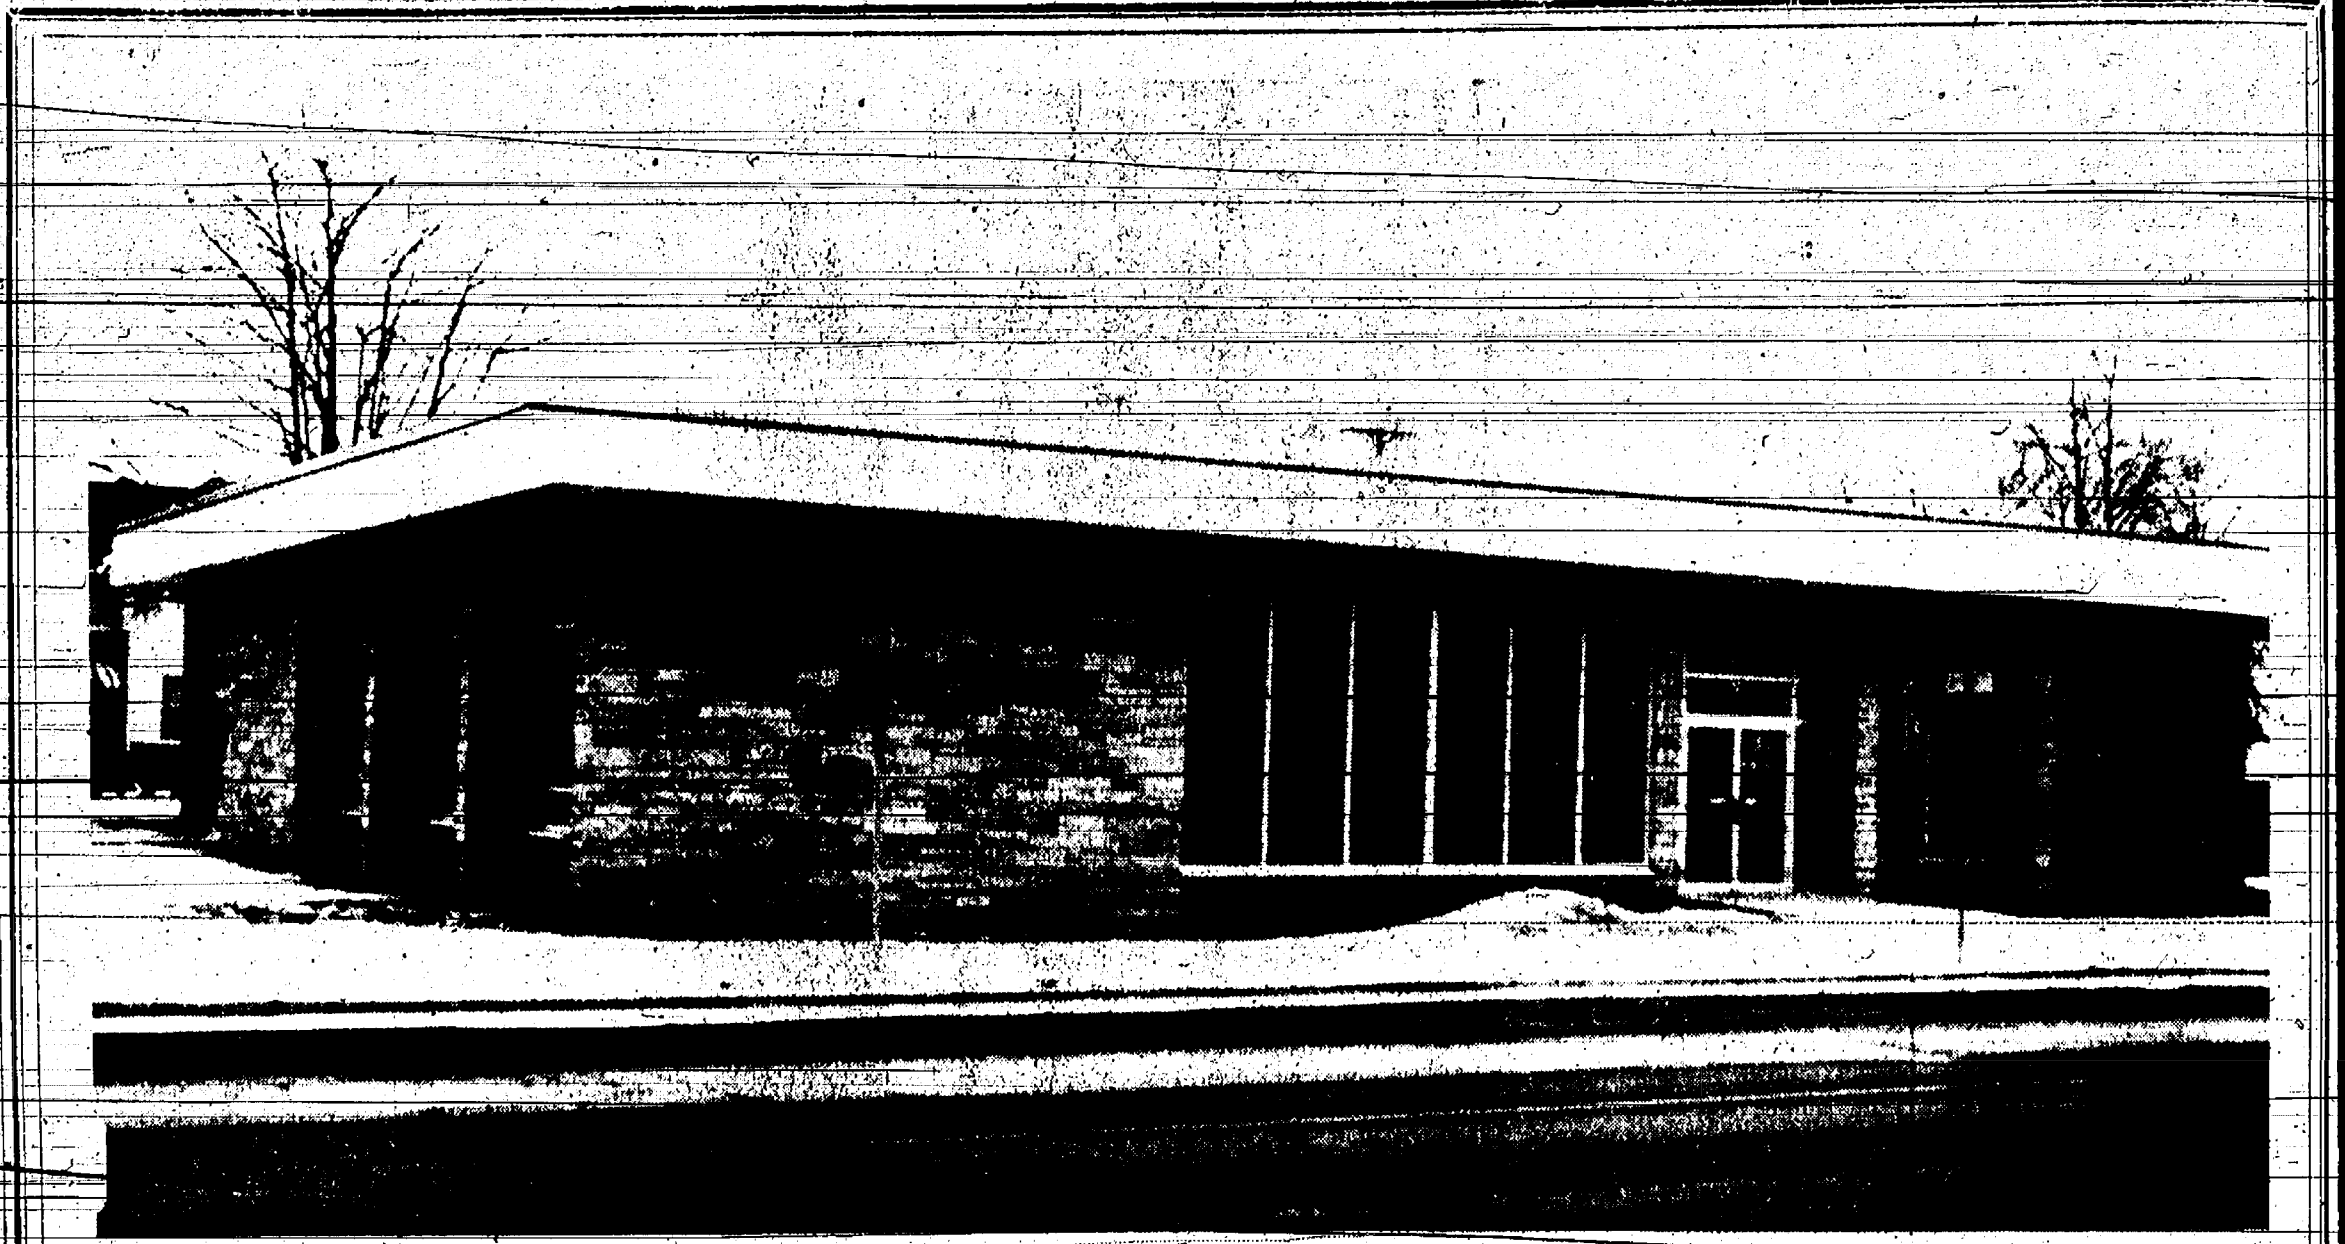

AFRICAN OASIS: This unusual town is one of many intriguing and extraordinary places to be shown in Romaine Wilhelmson's travelogue, "Timbuktu and Beyond," Saturday night at Chelsea High school as part of Chelsea Kiwanis club's "Travel and Adventure Series."

African Scenes in Travelogue...

(Continued from page one) almost didn't make it. In Colombia he and his party were held up by three bandits. Although he was shot in the side, Wilhelmson managed to kill one of the trio, and the other two fled. Adventure is what he likes. "Timbuktu and Beyond" begins in deepest Africa. West of the Mountains of the Moon and the last of the old slave pens of Dakar is the ancient city of Timbuktu, as remote as Tibet and as legendary as Carthage to the north. A thousand years ago this

city was one of the two most important cities of inner Africa. Yet today there is a majority of people who believe there is no such place. In 1963 Francis gave up her centuries-old colonies in French Equatorial Africa. Now independent nations with improbable names, such as Senegal and Mali, were formed. Through these countries with their strange and colorful customs, Wilhelmson traveled to reach the fabled Timbuktu. There were the Tarzan-like jungles along the Niger River and the dead alliance of the Sahara Desert, the pagan mosques of Timbuktu, the awesome crags of the Atlas Mountains, lands only now emerging on the map of history after a thousand years' sleep. An north of Timbuktu, way out in the vastness of the desert, is the Oasis of Tafflet.

Not far from there is the so-called "Lost City of Africa" or as the traders of Morocco call it, "The City of the Dead." Shunned by the wandering camel-caravans as a sacred spot, Sijilmasa is the lonely abode of desert serapures and the deadly Tsetse fly. Five hundred years ago the capital city of Africa, today it is a forgotten area of Arabian Night monumental ruins. And somewhere in these ruins, in a hidden mud-adorned tomb, lies buried Mula Reshed, the sultan who conquered Morocco in 1668.

SHERYL PEFFERS

Sheryl Peffers Wins Award as Homemaker

Because she ranked first in a written homemaker knowledge and attitude test given to senior girls in Chelsea High school, Dec. 5, Sheryl Peffers is the 1968 Betty Crocker Homemaker of Tomorrow for her school. It has been announced. Registered for the test, now in its 14th year, were 608,798 girls in 15,079 of the nation's high schools, a new record for the program sponsored by General Mills.

Sheryl, daughter of Mr. and Mrs. Ray H. Peffers of 15 Chestnut Dr., remains in contention for state and national scholarship awards ranging from \$500 to \$5,000. She will be awarded a specially designed silver charm to mark her local achievement.

A state Homemaker of Tomorrow will be selected from winners in high schools of the state in the program's next step. The state winner will be awarded a \$1,500 scholarship with a \$500 award going to the runner-up. The school of the state winner will be given a set of Encyclopaedia Britannica, by Encyclopaedia Britannica, Inc. Following her selection, the State Homemaker of Tomorrow, along with a school advisor, will join winners and advisors from each of the 48 other states and the District of Columbia in an expensive, paid educational tour of Washington, DC, Colonial Williamsburg, Va., and Minneapolis, where the trip will climax with the naming of the 1968 Betty Crocker All-American Homemaker of Tomorrow.

Chosen from the state winners on the basis of her original test score, plus personal observation and interviews during the tour, the winner will receive a scholarship increased to \$5,000. Grants of second, third, and fourth ranking girls in the nation will be raised to \$4,000, \$3,000 and \$2,000, respectively.

All judging is conducted by Science Research Associates, Chicago. The educational testing and publishing firm also constructs and grades the written test.

Started during the 1954-55 school year, the Betty Crocker search for the American Homemaker of Tomorrow is designed to emphasize the importance of homemaking as a career. Nearly six million girls have participated in the program since it began and, with 1968 awards added, scholarship grants will approach \$1.5 million.

Science Shapes Plants

The little fir tree has the right To effectively compete in the plant forest, it stretches a straight-growing "finger" toward the sunlight. It sends out branches of staggered length from the top. As lower branches fall into shade, they are discarded in favor of those still reaching the sun.

Unfortunately, not all plants are so sensibly-arranged. Yet without exception, plants need the life-giving energy of the sun. Their total efficiency is closely tied to their ability to arrange sun-catching leaves in staggered fashion to pick up the most of it without interference.

Many of our most important crop plants have a natural tendency to "bush" in all directions, allowing each leaf part of the time, sun, but only partly during much of the day. The taller the plant, the more dense the plant and the greater is this interference with the growing process. The pine tree is a good example of "defensive" growth, a pattern followed by tropical grasses and sugarcane, all highly competitive, efficient sunlight gatherers.

Scientists at our universities are hard at work to develop food-crop plants along similar "pine-tree" lines, with much effective trunk being done with corn and soybeans. Out of such research comes earlier maturing, higher producing crops. By working toward dwarf varieties at the same time, scientists find the plants are able to take massive fertilization without lodging (growing so tall and spindly they topple over on each other) and are capable of producing double or triple our present harvests.

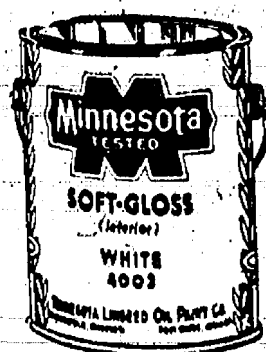

At a recent Farm Bureau seminar, Michigan farm leaders told how the newly-shaped grain plants are having an impact on world food production. The shorter hybrid rice, the new wheat (7 inches shorter), have such early maturity that in some parts of the world three and four crops may be grown in swift rotation in a single year.

Such varieties will have equal impact in Michigan, university scientists predict, especially the newer "photo-periodic insensitive" types, which can be successfully grown in any latitude.

Trailer, Car Burn Saturday

A house trailer owned by Jake and Norman Hinderer at 20437 Sage Rd. caught fire Saturday at 3:28 p.m. The fire, which totally destroyed the trailer, was caused by a faulty oil heater. Chelsea firemen were called to E. Old US-12 at 9:08 p.m. Saturday to extinguish a blaze in a car owned by Ernest Hetherington of Wabash St., Milan. The car was extensively damaged by the fire, the cause of which has not been determined. Mr. and Mrs. Edward Chestney of 118 E. Middle St. were passengers in the car at the time it caught fire. As Chestney and Hetherington attempted to extinguish the fire, the car rolled off the road and hit a telephone pole, injuring Mrs. Chestney, who was still in the car. She was treated for her injuries at St. Joseph Mercy Hospital, Ann Arbor.
