Washington Report by Congressman **MARVIN L. ESCH**

The House of Representatives this week has been considering the Housing and Urban Development Act of 1968. This Act contains the authorization for many projects which directly affect the well being of every citizen and community within the Second Congressional District.

Specifically, the Act provides for the extension of all Federal Housing Authority (FHA) programs, urban renewal and housing assistance programs, Model Cities and metropolitan development programs, and continued assistance for rural housing.

Of particular interest is that Section of the Act which extends through 1971 the existing appropriation authority of approximately \$400 million for grants under the water and sewer program and in addition authorizes the appropriation of a further \$100 million for these grants in fiscal year 1971. The program has provided a good deal of assistance for the planning and construction of water and sewer systems within our District. I have vigorously supported this program and will continue to assist communities in obtaining federal grants under this authority.

In addition to my support of this major portion of the Housing and Urban Development Act, I have supported an amendment directing the Secretary of Housing and Urban Development to assure to the extent feasible that there are no restraints against the use of new technologies and materials which may reduce the cost or improve the quality of housing construction and rehabilitation under HUD administered programs.

This amendment is popularly referred to as "The Breakthrough Amendment" because it is aimed at ensuring the success of "Operation Breakthrough," a program designed to provide low-cost, high-quality housing on a volume basis. A similar amendment passed the Senate on a voice vote.

In 1966 Congress strongly encouraged the Secretary of Housing and Urban Development to promote the acceptance and application of new techniques and materials in order to reduce the

cost, improve the quality and thereby increase the production of housing units. Operation Breakthrough is the response to this demand. If we are to meet our goal of 28 million units in the next decade, we will obviously have to apply this new approach. This year we may not even achieve one million housing starts. The Congressional mandate calls for 2.7 million starts annually. Last year there were approximately 1.5 million starts. We are falling behind rather than forging ahead in our attempts to meet this most critical housing shortage.

The amendment which I have supported will indicate to the Secretary of HUD the sincerity of our commitment to meeting the housing goal which we have set for ourselves and our willingness to support the Secretary in his efforts to meet that goal through Operation Breakthrough. Secretary Romney has informed me that he strongly endorses this type of legislation because it is urgently needed to assure the success of Operation Breakthrough.

The need for community development through comprehensive planning, new construction techniques, housing assistance, and facilities development, dramatically affects the environment in which we live and raise our children. I will continue to support programs which will utilize our tax dollars to improve our quality of life.

Out-of-State Horse Tour Slated Oct. 29

East Lansing, Mich. — The All-American Quarter Horse Congress at Columbus, O., will highlight an out-of-state tour for Michigan horse enthusiasts, Oct. 29 to Nov. 4.

The tour, for 4-H project leaders and other interested persons, is sponsored by the Michigan State University Department of Animal Husbandry.

According to Dr. Richard Dunn, tour co-ordinator and extension specialist in animal husbandry, the tour also includes the University of Kentucky horse research facilities and several thoroughbred horse farms in the Lexington, Ky. area.

"This extension tour provides many educational opportunities while being interesting," points out Dunn.

The agenda features talks on genetics, new concepts of feeding, use of proper equipment, and prevention and treatment of internal and external parasites.

Tour participants will see demonstrations on showmanship and horsemanship, roping, cattle cutting and jumping. The "Parade of Million Dollar Stallions" and the Congress Super Sale are also scheduled.

Anyone interested in the tour should contact Dunn at 104 Anthony Hall, Michigan State University, East Lansing 48823.

Keeping Insects Young May Replace Pesticides

Keeping insect pests young may someday replace pesticides as a means of insect control. Dr. Charles C. Sweeley, Michigan State University biochemist, is currently studying juvenile hormones which can keep insects from developing to maturity, thus preventing reproduction.

A GHOST OF A CHANCE?...

★ MICHIGAN MIRROR ★

By Elmer E. White, Secretary, Michigan Press Association

Tax Hikes Complex
 To the casual observer, it might appear raising taxes will bring in a fixed amount of revenue and that each additional penny or percentage of tax would result in an equal increase in revenue.

That, however, isn't the case. This truism of government financing has come to the fore again with the debate over Gov. William G. Milliken's proposal to raise the cigarette tax 5 cents per pack.

If the tax were raised by only 3 cents, his aide says, it would bring in an additional \$11 million for each penny raise per year. But, if it is raised by the 5 cents asked for, the yield will be only \$9 million for each penny raise, or \$45 million instead of the \$55 million which would be realized if the \$11 million per penny rate were true.

Government officials say there are several reasons for this.

The first is the fact that as cigarettes grow more expensive, some people reduce smoking because of the cost. Another factor is that persons living near the state border will drive across the border into a state with a lower cigarette tax to buy large quantities of cigarettes.

When this happens, the state not only doesn't get the increase, it loses what it was getting originally. In Michigan's case this is 7 cents per pack.

The other factor is one that many citizens do not consider: bootlegging.

Eastern states such as New York have long had problems with bootlegging of cigarettes from states such as North Carolina, which had no cigarette tax until this year. New York has a 12 cent tax, and a bootlegger with a car full of tax free cigarettes can undercut the New York price and still make a lot of money.

In testimony before the Senate

Taxation Committee recently, a New York tobacco dealer said currently more than one million bootlegged packs are sold in New York state every day. Morris Wintraub said this is costing the state of New York \$50 million a year in decreased revenues.

Committee chairman Harry DeMaso of Battle Creek has scheduled a meeting for this coming weekend (Nov. 1) with New York officials to discuss the problem of bootlegging and its relationship to higher taxes.

Wintraub, who is managing director of the Wholesale Tobacco Distributors of New York, told DeMaso's committee raising the cigarette tax would be "opening Pandora's box."

If the 5 cent raise is enacted, it would put Michigan's cigarette tax at double the Indiana tax of 6 cents, giving Michigan residents more impetus to drive to Indiana to buy cigarettes.

If the Michiganers drove to Indiana, they would purchase other things, such as groceries, there and deprive the state of some of its sales tax revenues as well, opponents argue.

And they say the bootlegging of cigarettes from Kentucky, where the tax is only 2.5 cents per pack, would be very much a reality, since interstate highways now make it a short drive between Kentucky and Michigan.

Should the legislature decide to take Milliken's advice and raise the tax, however, Michigan won't be alone.

At the last count, 18 states have raised their cigarette taxes this year and more than one-half of them are now collecting at least 10 cents a pack.

And despite the arguments against raising cigarette taxes, states bordering the low tax states do have high cigarette taxes.

For instance, Tennessee has a 13 cent a pack levy despite the fact it is bordered by Kentucky and its 2.5 cent rate and North Carolina and its 2 percent rate. If all this seems confusing, it is only because it is. In taxation, as in other fields, every action sets into action a series of reactions and counteractions. The trick in this problem is to select the most effective tax action.

Applications for State Police Jobs Are Available

Young Michigan men, 18 to 20, who are high school graduates interested in State Police cadet positions, are reminded that the deadline for applications is Monday, Nov. 3.

Applications must be received by 5 p.m. on that date by the Michigan Civil Service Commission. Starting pay for cadets is \$204 every two weeks. There are automatic increases every six months for the first two years.

Applicants must be at least 5 feet 9 inches tall, weigh at least 150 pounds, be American citizens and residents of this state for at least a year.

They must have favorable school and work records and be able to type satisfactorily. They must have a valid driver's license, be of good moral character and have no serious arrest record.

Applicants who qualify become eligible for training and assignment to available cadet positions. They also become eligible, if they meet minimum requirements, for assignment to troop or training schools when they become 21 years old whether or not they have served actively as cadets.

Interested candidates may obtain applications at any State Police post and from the Civil Service Commission at Lansing.

Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

Ed Doolittle was in charge of the hole service Saturday night at the country store. He opened the session by saying he once heard of a fellow that allus put a dollar, a dime and a note in the church collection fer foreign missions. The note said "the dime is fer them heathens, and the dollar is fer the missionaries to git it to 'em."

Ed allowed he wanted to pitch part of his sermon for the evening around that thought. The reason we got such high federal taxes today, said Ed, is cause all the counties and all the states in the union is allus running to Washington over time they need somepun. The states demand "states rights," but they spend half their time begging the federal Government to take their rights and give them money, was Ed's words.

Mr. Republican Ed said it plain that he is all fer states rights, but he is just as strong fer the Government that use his money to see what it's used fer. Folks is fooling theirselves, said Ed when they think they can beg all them federal grant with no strings hooked on to tell them how to spend 'em.

As strong as he was fer Nixon giving to be President, Ed said, he was a heap less than happy about the way things has been going. Ed said he thought Nixon was a real Republican, but he now has decided he is like a windmill. He turns which ever way the wind is blowing.

The way it is now, Ed went on, we send a dollar to Washington, and we are lucky to git a dime back. And what makes him even sicker, Ed allowed, is that we git that dime like we're getting somepun fer nothing. Ed

saw where if a private charity outfit has to spend a dollar to give away a dollar it is mighty pore business, but he was of the opinion the federal Government builds fires with money and then runs the smoke through so many pipes the pore taxpayer never feels the heat. Ed said this idea of the Nixon Administration about giving a drop from the great money basket back to the states reminds him of the story about the fellow that rewarded his dog fer faithful service by giving the dog a piece of his own tail. He kept feeding the back end of the dog to the front end till the dog eat himself up. And the story goes that ever time the fellow give the dog a bite of dog the dog licked his chops fer more.

The tall has been wagging the dog so long in this federal aid business that we're running out of dog, was Ed's words. And whenever Government tries to cut back, folks holler fer more services. Zeke Grubb's benediction was that the only difference he sees in Administrations is the Republicans pull down their shades and the Democrats ought to.

Yours truly,
 Uncle Lew.

Items Taken from the Files of The Chelsea Standard

4 Years Ago . . .

Thursday, Oct. 28, 1964—
 Jane Faust, 1964 Homecoming Queen, crowned the 1965 Chelsea Homecoming Queen, Sharon Stahl, in ceremonies at Friday's game with Lincoln. The Queen received a dozen roses and a white football from senior class president Bob Kushnau, master of ceremonies. Chelsea Bulldogs beat Lincoln 6-0 in the Homecoming game Friday under a pouring rain.

Bonnie Boyer, five-year-old daughter of Mr. and Mrs. Winston Boyer, was slightly bruised Friday evening when an automobile accidentally brushed her as she was crossing Main St. with her father. Joyce Evon Anderson became the

bride of Glenn Weir in a candlelight ceremony at Memorial Christian church in Ann Arbor, Oct. 28. The couple honeymooned at Niagara Falls.

Community Committees Set By ASC

Chairman Earl Dolezky of the Washtenaw Agricultural Stabilization and Conservation Committee has released results of the election of ASC Community Committees for Washtenaw county. Local committee members chosen are Clifford Heydlauff, chairman, Lloyd Gray, vice-chairman, and Carl Heller, member of Sylvan township. Lloyd Boyce is chairman, Reuben Lesser, Jr., vice-chairman, and Harold Trinkle, member for Lima township.

These elected community committees were delegates to the ASC County Convention where the county committee was elected. The county convention was held at the Washtenaw County Farm Bureau Building, Sept. 30.

ASC county and community committees are in charge of local administration of such national farm action programs as the Agricultural Conservation Program, the Feed Grain Program, the voluntary Wheat Program, the National Wool Program, the Sugar Program, commodity loans and storage loans.

Other chairmen of townships in Washtenaw county are Max M. Kambach, Lyndon and Dexter; William Nixon, Webster; David Mäler, Northfield; Lauren W. Geller, Salem; Edwin Egeler, Solon and Ann Arbor; Ronald Patrick, Superior; Floyd Proctor, Sharon; Simon Girbach, Freedom; Wilbert Schaible, Lodi; Enoch G. Fiegel, Pittsfield; Samuel Elliott, Ypsilanti; Edward Wisner, Manchester; Leonard Dwyer, Bridgewater; Norman Bohnett, Saline; George F. Day, York; and Robert L. Bevier, Augusta.

Vice-chairmen are Ronald Spiegelberg, Donald Baidus, Kenneth Zeb, Curtis Hamilton, Kenneth Koch, Paul Meyer, Gerald Jacob, Luther Shable, Paul Heller, Paul E. Derek, Carl Magle, Maynard Leach, Lloyd Hughes, Alwin Marion, Clarence Richardson and David Dejanovich respectively for the same townships.

Members are Arthur Dolezky, Robert Mast, LeRoy Braun, Dayton C. Ort, Carl Heller, Harold Trinkle, William Macaulay, Stanley Gill, Gordon Huffman, Stephen Bristol, Otto Bredernitz, Samuel A. Morgan, Walter Wright, Frank Walkow, O. Bohnenstiel, Herman Marion, H. Kolodziejczak and Donald Mull, respectively.

14 Years Ago . . .

Thursday, Oct. 27, 1954—
 Mrs. Anna Hoag will be 100 years old on Nov. 1 and will be honored at a reception given by her grandniece and nephew, Mr. and Mrs. G. L. Staffan. She was born in Lima township in 1855.

An abandoned still was found by 14-year-old Harold Wahl on his family's farm on Clear Lake Rd. A full barrel of brew was left behind along with quantities of cracked corn, empty sugar sacks, potato sacks, jugs and comic books.

The first snow of the season fell here Monday, but melted before very many noticed it.

An artificial lake, covering approximately 640 acres will soon be begun in the Washtenaw Recreation Area. A dam in the creek connecting Sugar Lake and Winnebago Lake will flood the marshy land two miles east and west of the area. The lake will serve as a laboratory for the Michigan Institute of Fisheries Research.

"The Remarkable Incident at Carson Corners" has been selected by the seniors for their annual play at Chelsea High. Pat Wylston is student director for the performance this November.

The Hi-Light, the school orchestra played some "keen music" at the big school dance Friday.

24 Years Ago . . .

Thursday, Nov. 1, 1944—
 Chelsea High will hold its first night football game, playing Ann Arbor High this Thursday at 8 p.m. The new lighting fixtures will be fully installed in time for the game.

Everyone will have an opportunity to purchase bonds in the nation's last bond drive. Be thankful this isn't a "War Bond" drive. Buy Victory Bonds!

there are thousands of such children was recently brought home in a report issued by a legislative committee, which reported only losing the benefits of being brought up by loving parents but that it costs the state millions of dollars each year to maintain them in institutions and foster homes.

It costs Spaulding for Children roughly \$1,000 to place a child in an adoptive home. This includes locating and preparing the child for adoption; finding the right set of parents and preparing them for this step; processing the necessary legal work involved in this procedure; and, finally, supervising and counselling the family for a year after placement. This naturally makes finances a great problem for the Agency which, being private, does not receive money from taxes nor community fund drives. Were it not for an active and devoted group of volunteer workers who make it pos-

cellent prospective parents, eager to raise one of these up-till-now unwanted children. These are people who have an interest in the type of child and the ability to meet their special needs. They are people who are willing to make room for one more child and see parenthood as an opportunity and a privilege to raise a unique individual. In addition to having such prospective parents, Spaulding now has a number of children who are hopefully waiting for a home and parents to love and raise them. The Agency knows that this opportunity can make the difference between a life of hopelessness and one of happiness for a child and may, indeed, make the difference between a happily well adjusted adult and a juvenile delinquent.

What Spaulding does not have is enough money to do the job they are eager and capable of doing. The answer to this need is to supplement their income by th-

ing and greeting.

W. Vivian Named To Gelman Board Of Directors

Ann Arbor—Weston E. Vivian, Ann Arbor businessman, former government official, and scientist, has been appointed to the Board of Directors of Gelman Instrument Co., it was announced by Charles Gelman, company president.

Vivian is chairman of the Spun-
tech Housing Corp., established in
early 1969 to develop advanced
technology for building construc-
tion using aerospace materials and
assembly techniques.

He is also a member of the
Board of Directors of Informa-
tion Control Systems, Inc., Ann
Arbor, where he previously served
as manager and consultant.

A founder of the Ann Arbor-
based Conduction Corp. in 1960,
and of KMS Industries in 1967,
Vivian served as vice-president
of both companies, and was a
member of the Conduction Board
of Directors.

Vivian was the Representative
in the U.S. Congress in Washing-
ton from the Second District in
Michigan for a two-year term,
January 1965 to December 1966. A
member of the House Science and
Astronautics Committee, he was
the first professional scientist to
be elected to the U.S. Congress.

More recently, he served as Con-
sultant for the President's Council
on Natural Resources and Ocean
Engineering in Washington, D.C.,
and as chairman of the National
Committee on Administration of
Training Programs, 1967.

At present, Vivian is a member
of the National Advisory Council
on Communicable Diseases, and
since 1968, has been a member
of the National Committee on
U.S.-China Relations.

In 1968, he organized the Michi-
gan Presidential Campaign for
Robert F. Kennedy.

Vivian received a Ph.D. degree in
1959 from the University of Michi-
gan, and an M.S.E. degree in 1949
from the Massachusetts Institute
of Technology. He was graduated
with a B.S.E. degree from Union
College in 1945.

CARD OF THANKS
I would like to extend my thanks
and appreciation to all my friends
for their cards and visits during
my stay in the hospital and since
my return home.

Raymond Lantis.

CARD OF THANKS
We wish to express our deep
appreciation for the beautiful flow-
ers, the many kind deeds and ex-
pressions of sympathy which were
received during our recent bereavement. We wish especially to thank
the Rev. George Nevin and the
Rev. Frederick Atkinson for their
comforting words, the Chlsea Re-
bekah Lodge for the lovely mem-
orial service and Staffan Funeral
Home for all their kind attention.

Mrs. Bernadine Hill
Mr. Walter Bohne
Mr. and Mrs. Clifford Wolfe

Philadelphia Artist Contributes Woodcut Prints to Spaulding

Helen Siegl, a Philadelphia ar-
tist, has donated the entire edition
of 75 prints from her woodcut,
"Silent Night, Holy Night," to
Spaulding for Children. The prints
may be seen and purchased at the
Chlsea Art Center.

Spaulding is also offering the
design on Christmas cards. Randi
Cherry's "Circle of Love" de-
sign, a winner in Spaulding's sum-
mer contest, is being introduced
as a new card motif.

Last year's cards, "Child in a
Crib" by Richard Wilt and "The
Music Maker" by Helen Siegl, will
again be offered.

Helen Siegl was born in Vienna
and arrived in America 15 years
ago. She lives in Philadelphia with

her children, eight boys and one
girl. Her woodcuts have illustrat-
ed children's and adult's books as
well as Spaulding Christmas
cards. The Spaulding Auxiliary
has carried her design on three of
their adoption announcements.

Cards are available at the Chl-
sea Art Center. Prints are also
available at the Forsythe Gallery
in Ann Arbor. The agency may
viewing of the cards.

Also be contacted at 479-2800 for
Mrs. Robert Daniels, a Chlsea
resident, received honorable men-
tion for her pen and ink drawing
in the summer contest. Her draw-
ing will be on display along with
samples of Christmas cards offer-
ed by Spaulding in the window of
Foster's Men's Wear.

THE LANSING REPORT

FROM
senator
GIL
BURSLEY

Last spring Governor Milliken
asked me to serve as United Na-
tions Day chairman in Michigan
for 1969. I was happy to do this
having served with the United Na-
tions Trust Supervision Organiza-
tion in Palestine back in 1954. I
was assigned to the UN as an
American Army lieutenant colonel.

From personal experience I can
assert that the United Nations
—imperfect as it admittedly is—
has nonetheless served to prevent
numerous brush fire wars from
escalating into major nation con-
flicts.

To observe United Nations Day
on Oct. 24, its 24th anniversary
incidentally, we had some 120 city
and local UN chairmen appointed.
These public spirited citizens sponsored
a variety of events.

In Ann Arbor the Symphony
Orchestra from Rome, Italy, dedi-
cated its concert in Hill Auditori-
um as a tribute to the UN. Decorat-
ing the stage was a colorful ar-
ray of flags from the United Na-
tions—now 128 in number.

This past week 25 UN delegates,
including four ambassadors, visit-
ed Ann Arbor and the Southeast-
ern Michigan area. They were
hosted by various Ann Arbor fam-
ilies. It was my privilege to
have as house guest the very in-
teresting Ambassador from Yugo-
slavia, Lazar Mojsov. Besides vis-
iting various university and city
facilities this group had a chance
to visit the Ford Museum and a
major automobile assembly plant.

The unheralded and unspectacu-
lar work of the specialized agen-
cies operating under the UN con-
stitutes one of its greatest accom-
plishments. The World Health Or-
ganization is a good example. In
these specialized areas people of
all nations work together for the
common good. During my many
years in the U.S. Foreign Service
I saw at first-hand much evidence
proving this point.

I am well-aware of the imper-
fections of the United Nations. I
would subscribe to certain char-
ter changes to make more realistic
its approach to problems in 1970
with 128 member nations as op-
posed to 1945 when it started off
with some 45 members.

At the same time I cannot too
strongly emphasize the need in
the world of the 1970s for nations
to work together, to have a com-
mon meeting ground and to talk
to each other and listen to each
other. To follow an opposing
course would have unthinkable re-
sults for mankind.

One of the new coats sports a
fur collar and rows of fur around
the bottom part of the coat.

Gelman Firm Reports Earnings

Ann Arbor—Gelman Instrument
Co. announced consolidated earn-
ings for the fiscal year ended
July 31, 1969 at \$250,000,
after tax compared to a \$20,000
loss for the previous fiscal year.
Earnings are reported as if on a
fully taxed basis. Sales were
approximately \$6.4 million as com-
pared to \$4.2 million in 1968.

Shareholders announcement was
made at the signing of a major
publishing contract with the Rus-
sian government by Gelman's Eng-
lish scientific publications division.
Under the terms of the contract,
Gelman's English company will
have Russian world rights to Eng-
lish translations of Russian sci-
entific books. Company officials in-
dicated the full commercial impact
of this agreement would not be
reflected in sales this current fis-
cal year. It is anticipated this
contract will transform the sci-
entific publishing division into a ma-
jor publishing house.

The best advice for modern
people is all sorts of propa-
ganda, is the single word, think.

SUNDAY'S SERMON

★ About Faith

Life is ever-changing, ever-chal-
lenging. Each day is a new day
and, while there may be similar-
ities, it can never be exactly the
same as a day which has gone
before.

The achievement of an orderly
life comes to those who learn
through experience that there is
no patented approach to success
and fulfillment.

In the principles of Christianity,
mankind finds proper guidelines
for the good life. If a man believes
in God, faith enables him to meet
daily needs from a reservoir of
strength and purpose. If a man
plays according to the rules and is
able to live with his conscience, he
is able to adjust to change and
capable of facing up to a new
challenge.

Faith in the power of God can
be a needed incentive. If a man
believes that he is right; believes
that God is at his side, and sets
out to do an impossible job, his
chances for success are greatly en-
hanced, for he is heavily armed.

TODAY'S THOUGHT

By LOUIS BURGHARDT

In the presidential election of 1948, about half the people
eligible to vote went to the polls . . . By and large, our voting
record compared with other countries has been and is a national
disgrace . . . Great Britain shows almost 80 per cent; France 77;
Italy 84; Belgium 85; Netherlands 94; Norway 78; Denmark 80;
West Germany 88—with little Luxembourg as high as 97-per-cent
... If we have as much as 60 to 65 per cent, it is considered good.

The ballot box is the best instrument to attack the problems
of our time; the best way to improve the calibre of candidates;
the best way to legislate and clarify issues. Actually, our greatest
single right as individuals is the right to vote. Should that right
be refused or taken away, we would have anarchy at its worst
... Yet, through the years, we disrespect that right through
apathy, indifference, inertia and even boredom. Why? Can you
explain it? BURGHARDT FUNERAL HOME, 214 East Middle
St., Chlsea, Mich. Phone GR 5-4141.

TOPS Club at library, Wednesday afternoon group, 12:30 p.m. For information call 475-2592. Thursday evening group, 7 p.m. For information call 475-8720.

U.S. Oil Industry Reveals Huge Investment Plans

At least \$250 billion—more than 10 times the cost of the Apollo space program—will have to be invested by 1980 to meet the demand for petroleum in the Free World, according to a Chase Manhattan Bank survey.

The publication Oil Facts notes that almost half of the funds will be spent in the search for new supplies of oil and gas, with the remainder going for refining, marketing and transportation facilities.

VARSITY CHEERLEADERS: The charming misses shown above cheer for the Chelsea Varsity football team. Shown left to right from the bottom are Laurie Lancaster, Heidi Sprague, Kathy Leach, Joan Yocum, Becky Taylor and Joan Schmidt.

Chelsea High Graduates Report on Current Activities

(Continued from page one)

Marcy Orlovski is attending Elkhart Institute of Technology in Indiana to be trained as a dental assistant. Nancy Dyson of 207 W. Middle is enrolled in the course of occupational therapy at Washenaw Community College.

Lance Burghardt is enrolled in the School of Engineering at the University of Michigan, and living in Mosher Hall. Barbara Bauer has married Chuck Fredette and is attending Eastern Michigan University.

Linda Schroen of 12300 Trinkle Rd., is enrolled in Washenaw Community College. Kathy Cavenider of 317 Wilkinson is employed at Industrial Plastic Specialties Co. on Old US-12.

David Pickell of 621 Main St. is employed by the Chelsea Milling Co. Diane Stoffer is working in the Bone and Joint Clinic at University Hospital in Ann Arbor.

Jane Schneider is spending six months with her brother, Doug, and family in India. Diane Koch is enrolled in the Alexandria School of Cosmetology in Ann Arbor.

Keith Kusterer is studying Computer science at Michigan State in the School of Engineering.

Ferris State College in Big Rapids has claimed a fair share of the 1969 graduates. Six students from Chelsea are enrolled in the Business School at the College.

Shelley Baize at 33 Brophy Hall is enrolled in the executive secretarial course. Ned Blacklaw is majoring in business administration and living in 508 Cramer Hall. Judy Sanderson is living at 321 Pickell Hall and also being trained as an executive secretary.

Ryan Smith is majoring in data processing and may be reached at 706 Cramer Hall. Doug Weatherwax is enrolled in the business administration course of study and is rooming with Smith.

Lynn Visel is majoring in accounting and living at 238 Pickell Hall.

Parents of 1969 graduates are urged to inform The Standard of their son's or daughter's address and activity. Earlier graduates are also invited to leave information of their activities with the newspaper.

Frost-Covered Windshield Dangers at Any Time

With today's heavy traffic, it's even more dangerous than it used to be to drive with only a small peephole cut through windshield frost. The practice is just as illegal as it ever was, warns the International Association of Chiefs of Police, who also suggest that worn and streaking windshield wipers be replaced without delay. With the first heavy frosts of the season upon local motorists, are they careless, or careful with that car-fall?

BIRTHS

A daughter, Michelle Crystal, to Mr. and Mrs. Robert D. Adams, 228 Madison St.

A daughter, Lori Ann Marie, to Mr. and Mrs. David Dettling, 115 South St.

A daughter, Tamara Lynn, to Mr. and Mrs. Richard Yost of 810 W. Middle.

A daughter, Heather Kay, Monday, Oct. 27 to Mr. and Mrs. Wes Stuehelfer of 755 Taylor St. Maternal grandparents are Mr. and Mrs. Wiley Howard. Paternal grandparents are Mr. and Mrs. Ralph Stuehelfer.

"I REMEMBER" BY THE OLD-TIMER

From Mildred Enos, Akron, O. "I remember when our milk supply was acquired ONLY by hand manipulation of the supply organs at the original source—the cow. Now not only did they take the joy out of milking by inventing a 'milking machine' but I understand they also have machinery which makes a milk product which 'even the cow can't distinguish from her own.' I wouldn't know about the distinguishing, I still enjoy a glass of REAL milk.

Our only means of refrigeration was a spring-fed watering trough, enclosed by a shed which protected the covered crocks and pails of milk from the sun and undesirable weather. Now, we have refrigerators which are defrosted by pushing a button.

You used to go to the milkshed when you wanted a glass of cold milk. Now you open a refrigerator door, turn on a spigot on a paper carton, (first you must and it is a must, hold a glass or other receptacle beneath the spigot) and Bingo! you have a glass of milk. Convenience? Yes indeed, but what about "the old cracker barrel?"

Personal Notes

Mr. and Mrs. Robert Schaeffer and family attended the 50th wedding anniversary of his parents, Mr. and Mrs. Ralph Schaeffer, Sr., of Roscommon, Saturday, Oct. 11. An Open House for 85 guests was planned in honor of their parents by Ralph Schaeffer, Jr., of Daytona Beach, Fla., Richard Schaeffer, Roscommon, Mrs. Douglas Becker of Clio, and Robert Schaeffer of Chelsea.

Callers at the home of Mr. and Mrs. Roy D. Miller, Cavanaugh Lake, Saturday afternoon, Oct. 18, were Mrs. Nina Erway of Battle Creek and Mrs. Carl Burkland of Unadilla. Overnight guests of the Millers Thursday evening were Mr. and Mrs. Dale Herbert Musgrave, and son and daughter of Freedom, Pa. The Musgraves stopped on their way home from Alaska.

The great problem of life is whether the game is worth the candle.

Intelligence is the art of judging a speech by what is said, not by how loud it is said.

A MODERN SOVIET MOVIE THEATRE, as shown in the photograph above, is one of the many sights of contemporary and historical Russia, which may be seen in the first film in the travel and adventure series Saturday evening, sponsored by the Kiwanis Club.

of the prominent projects of the year.

James Daniels told of a complete sell-out of travelogue tickets. The first show is slated for Nov. 1. (See related story.)

Nobody knows what will happen in the next war but don't be bothered; after all, you can't die but one time.

Litter Pickup Costs Taxpayers

Litter is not only disgusting to look at—it's downright expensive; and many innocent taxpayers are helping to foot the bill for its removal.

David Williams, a researcher at Michigan State University's Department of Resource Development, says it costs U.S. taxpayers an estimated \$500 million annually to remove litter from streets, highways, parks, beaches, streams, and other public property.

"Recently, \$15.5 million was spent in a single year to clean up and maintain national recreation facilities and sites administered by the U.S. Forest Service," said Williams. "Litter on Michigan highways costs approximately \$584,000 a year for removal."

The MSU researcher says that by using litter bags when driving and litter barrels when standing, Michigan citizens could save more than a half-million dollars a year that could then be used for improving the state's highways.

AGRICULTURE IN ACTION

GARY A. KLEINHENN

David and Goliath

an old story, but never about the little guy who is giant.

the tale of David and a small group of only 850 teachers in Detroit are opposite the giant union. It's a misadventure of Little Orphan Annie fighting Jack Dempsey. Look that sling shot real

match of freedom of versus compulsory unionism. Christine Warczak, one of the newly-formed Teachers Opposed to Compulsory Unionism, and a teacher for seven years, stated to voluntary unionism in Detroit teachers, not compulsory unionism.

friction began when it was said that Detroit teachers' contract, effective in early 1969, requires that teachers either join the Detroit Federation of Teachers (DFT) or pay a fee equal to dues to the union for negotiating services.

right to a job should not be conditioned upon paying a fee. Miss Warczak said. In this poorly financed upstart union that dares to defy the octopus arms of the teachers taking steps to challenge the hierarchy in the local and in the federal courts if necessary.

more everywhere will be doing these events with much more than a passing interest. Union with farm labor union on a compulsory (not voluntary), their cause is aligned with these teachers.

compulsory unionism is often the new slavery and essential type of unionism adopts communist theory that there is only one party to which we should give allegiance and inside the party there are disagreements, but no one is permitted to go outside and any opposition movement," Donald R. Richberg, author of "Union Monopoly, A Clear Present Danger," and a life-fighter for the legitimate of labor.

President Christina Warczak said, "They want to destroy the right of choice. It is contrary to everything Democratic, every-thing we stand for in this country."

Special Services Scheduled at Church of Christ

M. Hamilton of Ann Arbor, will deliver a series of lectures at the Chelsea Church of Christ, 14901 Old US-12, Nov. 2-9 at 8 p.m. daily. The public is invited to attend.

Hamilton is a graduate of Freedman College, Henderson, N.C., of Abilene Christian College, Abilene, Tex., and of Eastern Michigan University. He has evangelistic work in many of the western, southern and mid-western states and is now preaching regularly for the Church of Christ, 530 W. Stadium Blvd., Ann Arbor.

Legal Notices

MORTGAGE SALE
Default has been made by SOLOMON STANBOUGH and MARGIE STANBOUGH, his wife, mortgage to CHELSEA MORTGAGE CORPORATION, a Michigan Corporation, Mortgage dated May 2, 1958 and recorded May 2, 1958 in Liber 742 of Mortgages on Page 138, Washtenaw County Records and assigned to said mortgage to CHELSEA MORTGAGE CORPORATION, a Michigan Corporation, SAVINGS AND LOAN ASSOCIATION OF NEW YORK, formerly known as CHELSEA SAVINGS AND LOAN ASSOCIATION, a Corporation organized under the laws of the State of New York, and an assignment dated July 18, 1958 and recorded August 9, 1958 in Liber 753 of Mortgages on Page 217, Washtenaw County Records, on which mortgage there is claimed to be due at the date hereof the sum of Six Thousand Eight Hundred Thirty-three and 42/100 (\$6,833.42) dollars, including interest at 4 1/2% per annum.

Under the power of sale contained in said mortgage and the statute in such case made and provided, notice is hereby given that said mortgage will be foreclosed by a sale of the mortgaged premises, or some part thereof, at public sale on Friday the 23rd day of January, 1959, at 10 a.m. at the southern of Huron Street entrance to the City of Ann Arbor, Michigan.

The applicable period of redemption from a sale under this mortgage is hereby given. A sale is to be held in the Township of Ypsilanti, County of Washtenaw, State of Michigan, described as follows: Lot 311, Nancy Park Number Six, a part of the South 1/2 of Section 14, Town 5 South Range 2 East, 12th Township, Washtenaw County, Michigan according to the plat thereof as recorded in Liber 12 of Plats, Page 25 and 26, Washtenaw County Records. Dated: October 9, 1958.

REDEEMABLE FEDERAL SAVINGS AND LOAN ASSOCIATION OF NEW YORK, formerly known as CHELSEA SAVINGS AND LOAN ASSOCIATION, a Corporation organized under the laws of the State of New York, the holder of said mortgage.

JOHN A. HIRD, Attorney for assignee of mortgage, 1524 Commonwealth Building, Detroit, Michigan 48226. Oct. 23-Jan. 15

STATE OF MICHIGAN
In the Circuit Court for the County of Washtenaw.
No. 2-6400
PHYLLIS MUTCHLER, Plaintiff,
vs.
CLIFFORD DALE MUTCHLER, Defendant.
Order for Publication
At a session of said Court held in the Washtenaw County Building in the City of Ann Arbor, Michigan, on the 23rd day of October, 1958, Present: Honorable Ross W. Campbell, Circuit Judge.
On the 7th day of August, 1959, an action was filed by Phyllis Mutchler, Plaintiff, against Clifford Dale Mutchler, Defendant, in this Court praying for absolute divorce from the bonds of matrimony.
IT IS HEREBY ORDERED that the Defendant, Clifford Dale Mutchler, shall answer the complaint on or before the 31st day of December, 1958. Failure to comply with this order will result in judgment by default against such Defendant for the relief demanded in the Complaint filed in this Court.

Action in the legislature this past week has centered on the education reform bills. Until the education reform bills are studied thoroughly and released by the various committees, actual floor sessions will be brief. We probably will limit floor work to Tuesday, Wednesday and Thursday for the first couple of weeks. This will provide additional time for committee work, which is the first priority at the moment. An extremely important at this time are informational caucuses held to discuss the education reform measures. At these meetings we have been holding extended discussions on every minute detail of the bills. These point-by-point explorations of the issues help develop greater understanding of all aspects of the proposals by the members. It is also a means to test for possible weak points in the program which may have to be altered as debate proceeds. Many of the members I have talked to seem to think that certain portions of the Governor's program may have to be altered. This is to be expected, since parts of the program affect the various areas of the state and the economy differently. And the Governor has said repeatedly that he does not object to constructive alternatives to his program being suggested. Most of my colleagues seem to be following this course of constructive analysis and criticism. However, there are the inevitable few who loudly voice their criticism, apparently with political motives in mind, but offer no meaningful alternatives to the proposals they deride. It is a rather deplorable method of trying to create a political issue without proposing specific proposals. As I've said before, the specifics of Governor Milliken's program are open to debate. But there can be no doubt that he has had the courage to call for sweeping reforms in an effort to achieve true and comprehensive education reform.

Four Large U. S. City Mayors Leaving Office Tell Troubles

East Lansing — Four men who are leaving their respective mayoral offices discuss their experiences and frustrations on "Good-bye, City Hall," Sunday, Nov. 2, at 11:30 a.m. on WMSB (Channel 10), Michigan State University television.

Jerome Cavanagh of Detroit, Joseph Barr of Pittsburgh, Arthur Naftalin of Minneapolis and Allen Thompson of Jackson, Miss., join Nixon Administration model-city representative Floyd Hyde and moderator Fred Powledge for an informal "dinner-party" discussion at the executive residence in Detroit. Topics covered in the process include their feelings regarding their jobs and their views of the problems facing cities today.

Other WMSB highlights include: "NET Festival" presents a 90-minute program of dramatic dance performed by the first lady of modern dance on "Three By Martha Graham," Sunday, Nov. 2, at 1:30 p.m.

Miss Graham is considered by many to be one of the most outstanding choreographers of this century. From her more than 130 compositions, three—"Cortege of Eagles," "Acrobats of God," and "Seraphic Dialogue"—were chosen to be especially adapted for television. On this telecast, she and her dance company perform the three compositions, which include themes of violence, discipline and

BULLFIGHTING
"NET Journal" covers the colorful story of Spain's most popular bullfighter, El Cordobes, on "Matador," Sunday, Nov. 2, at 4:30 p.m.

The word matador comes from the verb matar to kill. In the bullfighting business, the attempt is not a one-way affair—El Cordobes has suffered several goring. His style is reckless and bold, evoking something closely resembling idolatry among his fans.

Narrator Alan Whicker comments on the Algeresque career of Spain's national hero, who was born into poverty in Seville. As a youth, El Cordobes had an overwhelming desire to face the bulls. "NET Journal" traces his ascent from his first attempt (which

RECORDING HISTORY
The golden voices of Enrico Caruso and William Jennings Bryan are among those featured on "Spin Back the Years," premiering Tuesday, Nov. 4, at 7 p.m.

In the 19th century, many famous personalities were known only through newspaper reports and recordings made on Thomas A. Edison's talking machine. "Spin Back the Years" presents the earliest such recordings in existence—dating back to 1888.

These selections are the property of the National Voice Library, located at MSU. G. Robert Vincent, curator of the library, hosts the series.

JAZZ
The Indiana University School of Music Jazz Ensemble, directed by nationally known composer David N. Baker, performs two selections from his repertoire on "The Jazz Idiom: Extended Improvisation," Thursday, Nov. 6, at 7 p.m.

"Roly Poly," the first selection, is in the blues tradition, beginning with a thematic statement, then resolving into a pattern over which the improvisation is constructed. "Black Thursday" is a highly structural arrangement, using minor themes in a contrapuntal and polyrhythmic environment.

Host for the program is Jack Pierce, a doctor of optometry with long experience in jazz expression.

VOCAL MUSIC
Baritone Arthur Thompson and pianist Stanley Waldoff present a program of songs on "Young Musical Artists," Wednesday, Nov. 5, at 7 p.m.

Thompson has worked with Hans Heinz at the Juilliard School and is a member of the Metropolitan Opera Studio. He has given recitals and festival performances in the East.

Waldoff holds a master's degree from Juilliard and is now working toward his doctorate at Columbia University.

Pieces performed include "Music for a While" and "Evening Hymn" by Henry Purcell; "Minnelied," Op. 71, No. 5, and "Unbewegte laue Luft," Op. 57, No. 3, by Johannes Brahms; also "Phidyle" and "Le Manoir de Rosamonde" by Henri Duparc.

FIREPROOF CLOTHING
You can expect more and better flame retardant textiles in another 10 years—especially in clothing for industrial workers and sleepwear for babies, the aged and the disabled.

BURSITIS AN OLD AILMENT UNDER A NEW NAME
Bursitis gets its name from a combination of two names—One Bursa, which means a membrane or sac filled with fluid and they are located at places where we find motion such as in the joints; and "itis" which means inflammation.

The shoulder is most frequently involved in bursitis. In the good old days, inflammation of a joint would be called rheumatism.

Symptoms of bursitis are excruciating pains upon motion of the joint involved. Calcific tendinitis is another term applied to this condition and is thought to be at the base of the cause of bursitis. Sometimes bursitis terminates in a condition known as a "frozen shoulder." Under Chiropractic therapy we determine the underlying factors which produce this change in the joint. Sometimes it's abnormal chemistry in calcium metabolism. Under chiropractic management of the case, the nerve and blood supply is normalized and in most cases the joint is soon back in order again.

EXTRA RIDER
West Plains, Mo.—Mrs. Effie Collins left her seven-months old baby in a baby buggy while she picked blackberries. When she returned with her berries, she found a copper-head snake coiled on top of the blanket on her sleeping infant. She tossed the snake on the ground and killed it.

The "next war" has, for many years, been the one which would be the world.

Studded Tires Only After Nov. 1

Lansing — Secretary of State James M. Hare cautioned Michigan motorists that state law forbids use of studded tires before Nov. 1. In a law passed in 1957, studded tires were permitted from Nov. 1 of each year to May 1 of the following year, Hare reminded. The sellers are required by law to furnish the buyer with a written warning on the limitation of the use of studded tires. He said it was his opinion that studded tires were a "safety factor in helping to prevent vehicles on icy roads."

NEW IN STOCK
Eighty-two percent of the now stocked in frozen food were non-existent in 1957.

BOY SCOUT NEWS

TROOP 420

Boy Scout Troop 420 attended the Fall Campers held Oct. 10-12 at Oakridge Camp on Sager Rd. On Saturday of the camp-put our patrols completed in scout-craft competition against other patrols from different troops.

We had refreshments of elder and doughnuts furnished by Mrs. Fred Wagner. Chuck Foytik went before the board of review and made Star Rank. In the evening we had Parents Night and entertained them with skits at the fire hall.

After the skits we went back to our campsite and sat around the campfire. Wayne Kenton played his guitar and we sang songs. Sunday morning services were conducted by our scoutmaster, Cecil Clouse. After breakfast, our patrols were presented with ribbons. The Baracuda and Wolf won red ribbons, while the Bat won a yellow ribbon. The entire troop was presented with a red ribbon.

Next our troop cleaned up and broke camp. We had a very good turn-out of 22 out of 24 boys and six adults in spite of rainy weather which didn't dampen our spirits.

Troop 420 opened their Monday night meeting with the pledge of allegiance. We then broke into patrols and worked on first aid. We played a compass game and then practices Morse code. We had refreshments of elder furnished by Wade Kenton who played the guitar while we sang songs. We closed the meeting with each patrol singing "God Bless America."

Mark Seyfried, scribe.

TROOP 420

Boy Scout Troop 420 opened their Monday night meeting with the pledge of allegiance. We then broke into patrols and worked on Morse code. We played a Morse code game which was won by the Wolf patrol, and a leaf identification game which was also won by the Wolf patrol.

Joel Sprague went before the board of review and passed first class.

Then we sang songs and closed the meeting with the Wolf and Baracuda patrols each singing "God Bless America."

Mark Seyfried, scribe.

CHELSEA VILLAGE COUNCIL PROCEEDINGS

Regular Session October 7, 1969
This meeting was called to order by Pres. Pro-Tem Fulks at 8:00 p.m. Trustees present: Gorton, Musbach, Fulks, Clark, and Chandler. Absent: Miller and Pres. Pennington.

The minutes of the regular session of September 16, 1969 were read and approved.
Residents of Orchard and Summit Streets were present to discuss the excessive traffic and speed in the alley lying between the two streets. Letters were also read from residents unable to attend. The Village Administrator was instructed to investigate the feasibility and cost of installing "Speed Stoppers" in the alley.

Mr. Fred Ewald was present to discuss water service to his lot located on Gene Dr. No official action was taken.
A letter was read from the State of Michigan, Department of Public Health, approving the recently completed "Master Plan for Sanitary Sewers" for the Village of Chelsea.

A letter was received from the firm of Finkbeiner, Pettis & Strout stating the progress of the report concerning long range improvement to the wastewater treatment plant.
The Village Administrator was authorized to prepare specifications and advertise for bids for a new contract for refuse service. The current contract with D&S Refuse Service of Jackson, Michigan expires November 5.

RESOLUTION
BE IT RESOLVED, AND IT IS HEREBY RESOLVED, that the Village of Chelsea is opposed to the TALUS Plan for the Chelsea area since it is not consistent with the Comprehensive Development Plan recently completed by the Village Planning Commission.
Motion by Chandler, supported by Clark, to adopt the above resolution as read and forward copies of this resolution to SEMCOG, TALUS and WCMPC. Roll call: Yeas all. Motion carried.

It's getting so that the successful author and writer requires adjectives, not intelligence.

A letter was received from Mr. George Bergman thanking the council for their co-operation while the Michigan Health Mobile was on display in the Village.
Motion by Clark, supported by Chandler, to transfer \$15,066.82 from the Public Works Building Fund to the General Fund. Roll call: Yeas all. Motion carried.

Trustee Musbach read a summary of the Fire Department activity for the month of September as submitted by Chief Gaken.
A discussion was held regarding a mutual aid agreement between the Fire Department and the Department of Natural Resources. Action was delayed until the Village Attorney could study the agreement.

Motion by Gorton, supported by Clark, to authorize and direct the Clerk to issue checks in payment of bills as submitted. Roll call: Yeas all. Motion carried. General Fund: \$25,846.91; Special Fund: Public Works Building Fund, \$15,066.82; Sewage Treatment-Bond & Interest: \$9,753.60; M-52 Street Fund, \$2,139.80.
Motion by Gorton, supported by Musbach to adjourn. Roll call: Yeas all.
Meeting adjourned.
Oct. 21, 1969.
A. E. Fulks, president pro-tem
Richard Harvey, clerk.

THE MOON-ROVER: A model of an unmanned lunar roving vehicle that runs on sunlight is shown in action in this time exposure. The button-like photovoltaic cells on the hood turn light energy into electrical energy to move the model vehicle. A 300-watt lamp simulates the sun. The Moon Rover is one of the demon-

strations in the General Motors science show Previews of Progress. The 40-minute, admission-free, science-in-action stage show dramatizes the wonders of science before two million American students and adults each year.

GM 'Previews of Progress' Science Show Scheduled Friday at High School

Local students will get a peek at the future when General Motors' "Previews of Progress" science-in-action stage show appears at Chelsea High School this Friday, Oct. 21, at 7 p.m.

The non-commercial show, according to General Motors President Edward N. Cole, "seeks to inspire more student interest in science and engineering careers to help develop the talent America needs to keep pace with the promise of the future."

"Previews of Progress" demonstrations depict work being done today in America's research laboratories and point out the contributions of research to modern living. A two-man team narrates the live show in non-technical language.

More than 30 million students and adults in the United States have seen "Previews of Progress" since 1946.

Millions more have seen the GM show in Canada and 25 foreign countries, including special presentations made overseas at the request of the U. S. Department of Commerce.

Featured in the current show are several energy conversion demonstrations. They include gas turbine engines, fuel cells and solar cells. Fuel cells convert chemical energy into electrical power and solar cells change sunlight into usable energy.

Another demonstration, based on information obtained over the years in GM automotive safety engineering tests, emphasizes the importance of wearing seat belts when driving or riding in an automobile.

GOP Workshop Scheduled Nov. 9 At U-M Union

U. S. Congressman Marvin L. Eash (R-2nd) will be the featured speaker at a Republican Party workshop planned Nov. 8 at the University of Michigan's Student Union. The workshop, entitled "You Are Important in Politics," is aimed at involving youth in the Republican Party.

Research Underway To Produce Hybrid Wheat for Michigan

Research to produce Michigan hybrids of soft white winter wheat is well under way at the Michigan State University Agricultural Experiment Station.

Wheat hybrids are needed as Michigan farmers can increase production and maintain quality of this wheat, which is used extensively in pastries, reports Dr. Clyde Trupp, MSU crop scientist in charge of the research project.

To evaluate potential hybrid combinations, Trupp and his colleagues made about 300 crosses during the 1968-69 season and are planning more for the coming year.

Studies are also in progress to determine what attributes are necessary in the parent plants to give the hybrids resistance to diseases and insects common to Michigan.

These hybrid varieties should also have greater hardiness and more effective resistance to mildews and rust.

Research with the cereal leaf beetle has shown that the new hybrids should be highly pubescent (have large numbers of leaf hairs) for maximum resistance to the insect pest.

CUB SCOUT NEWS

DEN 3, PACK 455—
Corcoran Kamber, scribe for Cub Scout Den 3, Pack 455, reported that the Cub Scouts and den mother, Mrs. Haskell Worden, met Thursday, Oct. 23, at the Congregational church.

The meeting opened with the Cub Scout Promise, dues were collected and then the boys made buccaneer-boots.

Mark Foster brought the treats and the meeting closed with the "living circle."

DEN 2, PACK 455—
Meetings of Cub Scout Den 2, Pack 455, were held Tuesday, Oct. 14, and Wednesday, Oct. 22, at the home of the den mother, Mrs. Sumner Gesterle.

At the Oct. 14 meeting Jon Oesterle carried the American flag; Mike Waldyke carried the den banner and Doug Nutt and Jim Bollinger assisted in the opening flag ceremony. The boys played the game "Pick Up Sticks" and then finished making paper mache pumpkins. For their outdoor game they had a treasure hunt. Refreshments were brought by Doug Nutt.

At the Oct. 22 meeting's flag ceremony, Doug Nutt carried the American flag, Jim Bollinger carried the den banner and those assisting were Jim Alexander and Lance Fletcher.

"Gather Around" was the game played during the recreation period and refreshments were brought by Mike Waldyke.

The boys made eye patches and boots for the month's buccaneer project and then painted their paper mache pumpkins orange color with yellow eyes outlined in black. (They displayed these at the pack meeting Thursday evening at South school.)

They practiced their skit for the pack meeting and welcomed a new den member, Pat Murphy.

Steve Dresch, scribe.

DEN 1, PACK 415—
Cub Scout Den 1, Pack 415 met Tuesday, Oct. 23 at the home of their den mother, Mrs. George Atkinson. Don Hulett led the den for the flag ceremony. Kevin Lyle furnished treats. We put finishing touches on our den project for October. We had six guests, Kathy and Jamie Dee, John Atkinson, Leroy Dreiman, Danny McGill and Russell Collins.

Kevin Lyle, scribe.

DEN 5, PACK 415—
Cub Scout Den 5, Pack 415, met at the home of Mrs. Richard Seyfried, Wednesday, Oct. 22. We opened with our new den yell then sanded and painted our swords. We went out during the first snow of the season and had three-legged races. We closed with the living circle. David Dawson furnished treats.

David Seyfried, scribe.

PACK 415—
Cub Scout Pack 415 held their meeting Tuesday, Den 1 and 5 opened with flag ceremony. Two new cubs were welcomed to the Pack, Brian Herriek and Don Hulett. Bart Bauer received his bear book. Greg Slocum received two silver arrows.

A Halloween party followed the meeting. Gerry Herriek won first place for costume, Brian Herriek won second place, and Mrs. Seyfried, third place. This Saturday the boys are attending the Michigan football game. Den 1 received Cubby. The next pack leaders meeting will be Nov. 6 at the home of Dick Seyfried.

DEN 1, PACK 455—
Cub Scout Den 1 of Pack 455 met Thursday, at the home of their den mother, Mrs. Charles Burgess on Taylor St. They opened with the flag ceremony and practiced skits for their pack meeting Thursday evening. They played outdoor games. Billy Burgess brought the treats. The meeting closed with the "living circle."

Leon Wheeler, scribe.

When placing clay-potted plants inside decorative jardiniere, be sure that the outer container is at least an inch wider and taller than the inside clay pot holding the plant. Fill the space between containers with sphagnum and peat moss, which can be watered to keep the environment humid.

Chelsea Youth Begins Aero Engineering

William R. McFall, 19, son of Mr. and Mrs. Arthur Lindauer of 280 Fletcher Rd., began his first term at Northrop Institute of Technology in Inglewood, Calif. Sept. 29.

McFall plans to study aeronautical engineering at the Institute after receiving a certificate as an aviation maintenance technician. The Institute, south of Los Angeles, is a privately supported institution of higher learning accredited by the Western Association of Schools and Colleges.

McFall first became involved in aviation while he attended the University of Michigan in 1967. He enrolled in flying classes and received his P.F.A. license. Deciding that aviation was a fascinating career, McFall worked as a flying instructor at Ann Arbor Airport to earn money for school.

This summer McFall trained in amphibian flying and this fall is studying soaring in a glider. His spirit of exuberance and adventure that fuels his interest in flying also led him to travel to California by motorcycle.

McFall started westward Sept. 9 on a Honda with nothing more than a sleeping bag for company. He reached Reno, Nev. in time for the International Air Races, a sporting event that had been discontinued in recent years because of the high accident rate. Competitors race in rebuilt WW-II jet fighters and many other unusual crafts.

McFall arrived in southern California Sept. 23 and is living on campus. His two younger brothers, Jason and Matthew, still live at home but are so excited about their brother's plans that they may follow in his energetic footsteps.

McFall attended Chelsea High before graduating from Ann Arbor High in 1967.

Price Increase May Follow Oil Depletion Allowance Reduction

New York—Eliminating the percentage depletion provision for petroleum from federal income tax law could result in a gasoline price increase of 2.5 to 3 cents a gallon.

This is the key finding of a new study by the Petroleum Industry Research Foundation, Inc. (PIRINC), as reported in the publication Oil Facts. The price hike would be equal to a 7.5 percent boost in the retail price of gasoline, the study reports.

The price increase, PIRINC notes would have its heaviest impact on low income groups, which spend proportionately more of their income on gasoline than do higher income groups.

You can install shelving in your garage without driving a single nail. Use clay flower pots of equal size, top down, to support each end, you can stack up shelves of varying depths and lengths to suit immediate storage needs.

German Measles Vaccine Available

Washtenaw County Health Director, Dr. Otto K. Engolke has announced that his department has received an initial shipment of (Rubella) German Measles Vaccine from the Michigan Department of Public Health. He stated that the vaccine will be made available as it arrives, at no cost to health department Clinics, hospital clinics and doctors' offices.

Children of school age in the grades from kindergarten through the third grade are to be immunized.

Dr. Engolke noted that planning for the attack on German Measles has been going on for several months with the Washtenaw County Medical Society and health department personnel. Expected rise in the peak occurrence of this disease in the spring.

A clean-up clinic is being planned for early January to insure that all young children in Washtenaw County will be immunized in adequate time to prevent an abnormal rise in incidence of this disease.

Although the Axonimide vaccine was invented by an American, it was named for a place in England where it was made.

Jaier - Minidis Wedding Vows changed at St. Paul Church

Ingeborg Ilse Allgaier and Alex Minidis were married Saturday, Oct. 25, at St. Paul United Church of Christ in Chelsea.

The bride is the daughter of Mrs. Gisela Allgaier of Stuttgart-Bad Cannstatt in West Germany. She had been residing at 204 East St. before her marriage.

The bridegroom is the son of Mr. and Mrs. Bogdan Minidis of 301 N. Eton in Birmingham.

The Rev. Warner H. Siebert officiated at the afternoon ceremony in the church.

The bride wore a street-length dress of white flower brocade. The A-line dress was styled with trumpet sleeves and a mandarin collar embroidered with sequins and pearls. A simple white brocade bow accented the bride's coiffure. She carried a traditional bouquet of stephanotis and white roses accented with pink miniature roses.

Miss Maureen K. Palka of Ann Arbor served as maid of honor for the bride. She chose a street-length dress of deep blue velvet. A matching velvet ribbon adorned her hair.

Lawrence L. Dobrin served as best man for the bridegroom. Craig C. Minidis and James D. Minidis, sons of the bridegroom, served as ushers.

A reception was held after the ceremony at the American Legion Hall, Cavanaugh Lake, with the bride's aunt, Mrs. Adolph Duerr of 204 East St., assisting. Barbara M. Duerr and Christine D. Duerr, cousins of the bride, attended the guest book.

The bride, a citizen of Germany, attended Charles Keene College in Leicester, England, the University of Strasbourg in France and Ecole Fax in Geneva, Switzerland.

The bridegroom attended the University of Georgia and Murray State Teachers' College and has served with the United States Navy.

The couple are making their home at 2132 Pauline Blvd., in Ann Arbor.

Homemaking Hints

For best quality, store eggs promptly and large end up in your refrigerator. Storing them with the large end up will keep the yolk from sticking to the shell and help eggs keep their natural quality longer. It's essential to get eggs under refrigeration as soon as possible to preserve their quality.

If you have a long and narrow room, paint ends in a deeper color than the other walls. Deep colors when used in contrast to light colors have the ability to make the end walls seem to come toward the center of the room, making it appear more square.

ENGAGED: Mr. and Mrs. Lawrence Dietz, 1201 Fraser Rd., announce the engagement of their daughter, Joan Merrick, to Lauren W. Boyer, son of Mr. and Mrs. Laurence Boyer, 515 Grant St. The bride-to-be is a sophomore at Eastern Michigan University. Mr. Boyer is a sophomore at Washtenaw Community College and is employed by North American Rockwell Corp.

Kinder Klub Members Attend State Conference

The annual Conference of the Michigan Child Study Association was held this past week-end at Kalamazoo. Attending from Chelsea were Mrs. Dan Ewald, Mrs. Fred Hoffman, Mrs. Roland Eder, Mrs. Don Proctor, Mrs. Bill Roberts, and Mrs. Edson Whitaker; all members of Kinder Klub and the Michigan Child Study Association.

Guest speaker of the Friday evening program was the Honorable Senator, 12th District, with entertainment by the Loy Norrix Massingers of Kalamazoo.

Main business at the Saturday meeting was the election of new state officers. The newly-elected president of the Michigan Child Study Association is Mrs. William T. Magee of Okemos.

Afternoon program included an interesting presentation by Professor Charles A. Smith of the English Dept., Western Michigan University.

Installation of the new Officers concluded the meeting.

Criticism Won't Help Create Perfect Child

In efforts to rear "a perfect child," Helen Fairman warns that some parents criticize too freely. "The result is that the child is always ill at ease, hesitant and withdrawn from any kind of action or decision," she says. "The child is home economist with the Co-operative Extension Service in Washington, Lenawee and Monroe counties."

"Also, the child who is indulged one minute and scolded the next is not being raised on a very firm base of security either."

It's also important that the child has the feeling that he is able to do many things he wants to do, and to be many of the things he wants to be, she emphasizes.

"Limiting the child's experiences and his chances to make decisions doesn't help him develop self-confidence; nor does laughing at his often awkward attempts to do things."

Mrs. Fairman suggests that parents "set the stage for future occasions that are likely to bring out the child's shyness by making the situation as pleasant and appealing as possible."

Supplying a child with familiar props is often helpful. "Holding a favorite article or wearing a favorite piece of clothing helps reassure him and makes it easier for him to direct his thoughts away from his own feelings."

It's also best to avoid unnecessary comments or pointed remarks when your child is introduced to a new situation of new people.

"Accepting his possible shyness," she continues, "and giving him time to make gains at his own pace are necessary in helping the child to overcome his shyness."

Club and Social Activities

YOUNG HOMEMAKERS

Eighteen couples attended the Young Homemakers Progressive Dinner, Saturday night, Oct. 25. The meeting followed at the home of Mrs. Kenneth Haist, president.

The group sold \$98 worth of Halloween candy for the Kidney Foundation. The group received a letter from Spaulding for Children and they would like to attend a meeting and give a talk. Members arranged committees for the Christmas dinner.

The next meeting will be held Nov. 19 at the home of Mary Nagle. Co-hostess will be Beverly Beuerle and Diane Horning. Members were reminded to bring a guest and also one baked item and one handicraft item for the Christmas bazaar and auction.

Door prizes were won by Mr. and Mrs. Ron Satterthwaite and Mr. and Mrs. Luther Nagle.

WESLEYAN SERVICE GUILD

Wesleyan Service Guild met Tuesday evening, Oct. 21 at the First United Methodist church with Mrs. Helen Harrison as hostess. Refreshments for 13 members and their guests were served. Mrs. Edward Lewis and Mrs. George West visited the Guild meeting.

Mrs. Gary Packard conducted the business meeting. The Guild accepted an invitation from the WSCS to attend their Nov. 5 meeting at the church. The Guild also decided to participate in the bazaar and bake sale to be held by the Action Group on Thursday and Friday, Dec. 18-19.

1970-pledge cards were handed out by the treasurer, Mrs. Irene Proctor. The Guild voted to make a donation to the Church World Service.

Mrs. C. G. (Minnie) Erskine and Mrs. R. K. (Bonnie) Erskine were accepted as new Guild members bringing the total membership to 16.

Mrs. Proctor was in charge of the program and opened and closed with a prayer. Her topic for devotion was "Worry." Mrs. Lewis was introduced and narrated a slide show of her family's recent vacation in England.

CHILD STUDY CLUB

Chelsea Child Study Club members met Tuesday evening at the door of the Gar-Netts Flower Shop by ghosts and pumpkins. Guests attending the evening's program were Mrs. Lawrence Dietz, Mrs. Robert Barlow, Mrs. Duane Landwehr, Mrs. Ronald Borders, Mrs. George Heydlauff, Mrs. Donald Baldwin, Mrs. William Ackley, Mrs. Fred Mills, and Mrs. John Giffin.

Mrs. Gardner Otto introduced her staff at the flower shop and presented a colorful program to a very attentive audience. Adding to her creative displays, she gave many hints on arrangements and a bit of the history of her shop.

The next meeting will be at the home of Mrs. Thomas Elise on Nov. 11.

MODERN MOTHERS

Modern Mothers Child Study Club held their Halloween party Tuesday at the home of Mrs. Philip Hume. Everyone arrived in costume. Mrs. James Hammel received a prize for wearing the most original costume.

Refreshments of elder and donuts followed games. Mrs. Fred Lewis was welcomed as a new member of the club.

The next meeting of the study club will include a movie on sex education to be presented by a doctor from the Chelsea Medical Clinic. The group will meet at the home of Mrs. Charles Mattoff.

ODD JOBS LIST

Egg breakers, thumb cutters, and screen apes are among the thousands of Americans who have odd-sounding jobs. Egg breakers work in mass-production bakeries. Thumb cutters work in glove factories. Screen apes are workmen who tend the shaking screens that sort newly-mined coal.

Ventilating fans are used to remove odor, smoke, moisture or heat.

SUN POWER

The energy released by just one pound of the sun would keep a kitchen stove going with tall burners on for several hundred years.

FLAG CEREMONY: Junior Girl Scout Troop 169 in flag ceremonies conjunctive with their Investiture and Rededication held Monday.

Brownie Troop, Junior Girl Scouts Join in Investiture, Fly-Up Service

Brownie Troop 169 and Junior Girl Scout Troop 58 met Monday afternoon for an Investiture and Rededication ceremonies. Thirty-nine parents and friends of the scouts met at the Congregational Church to witness the proceedings.

The event was divided into three parts: the Investiture of first-year Brownies, which included the pinning of the Girl Scout by a parent or friend, the rededication of second-year Brownies, and the Junior fly-up ceremony in which the girls received their fly-up wings from Mrs. Jack Patrick, Brownie leader.

Mrs. James Lorenz, Junior Leader, gave out the Junior pins and badges. The ceremony was enhanced by a candlelight service in which each Junior Fly-Up lit a candle and recited the Girl Scout law.

Of added interest was the rededication of adult Girl Scouts conducted by Mrs. Donald Olsen, troop service director. Ladies who took part are Mrs. Larry Chapman, Mrs. Donald Alexander, Mrs. Charles Popovich, Mrs. Robert Heller, Mrs. Philip Roy, Mrs. William Ames, Mrs. Robert Updegraff, Ms. Jack Patrick and Mrs. James Lorenz.

The three-part ceremony ended with taps and the girl scout hand squeeze in which the audience enthusiastically took part. Refreshments were later served by the girls.

Autumn flowers and candles were artistically arranged and added to the pleasure of the occasion.

Registration Deadlines Near For College-Bound Seniors

College-bound seniors at Chelsea High school should take note of registration deadline for college entrance examinations. Tests will be held at the school whether class is in session or not and students must register soon in the high school office.

The College Entrance Examination Board will conduct the SAT and Achievement tests on Saturday, Dec. 6. Students must sign up for this test by Nov. 5. The fee for the SAT is \$5.50 with the Achievement tests costing \$8.50. An applicant may register as late as Nov. 19 by paying an additional fee of \$3.

The following code numbers must be recorded on CEEB registration materials: 230-610 as indicating Chelsea High school and 6579 as the test center number.

The SAT and achievement tests are required by many colleges and universities including the University of Michigan, Michigan State, University of Detroit, Albion, Adrian, Hope and Wayne State University. An applicant should check with the college of his choice for entrance requirements.

The ACT examination will be given Saturday, Dec. 13. Final registration deadline is Nov. 10 with a fee of \$6. Code numbers are 230-05-743 for Chelsea High school and 9007 as the test center. Many colleges require this test for entrance including Northern Michigan University, Central Michigan University, Western Michigan University and Olivet. Almost all Michigan community colleges require the ACT.

Most colleges have early deadlines for requesting financial aid and even for applying. A financial statement must often be filed by parents of students seeking scholarship or aid and these forms are available at the high school office.

Seniors should leave their names with the high school secretary if they wish any assistance while school is not in session. Plans must be made immediately in many cases to insure a place in the college of one's choice.

On Tuesday evening, Nov. 11, the annual College Information Program will be held at Dexter high school. Representatives from 80 colleges, universities, business schools, and institutes will be present to answer questions and provide advice on entrance requirements and financial aid sources. Any prospective student, whether a high school student or long-time graduate is invited.

Marbling, or the amount of fat interspersed with the lean, was at one time given great emphasis by meat graders who believed the greater amount of marbling, the more tender and higher quality the cut of meat. Recent research reports question the importance of marbling. It plays a role in tenderness, but researchers aren't sure how much.

Once upon a time there was a man who remembered his friend and repaid a favor.

Parents Without Partners Chapter Being Organized

A local chapter of Parents Without Partners has been started for Washtenaw county residents. The organization is international and includes divorced, separated or widowed people of all ages who are parents. Parents may have children living at home or older, married children.

The organization seeks to help parents with all social problems of the family beset with divorce or death of a member. The subjects of child behavior as well as loneliness, dating and remarriage are covered at meetings.

Many men and women with these problems may find a common meeting ground and find solutions as a member of Parents Without Partners. Interested persons may phone 662-2409 for information. Watch The Standard calendar for time and place of future meetings.

Boy Scouts...

TROOP 425-

Boy Scout Troop 425 called their meeting to order Monday night with John Schenk as chairman. Bill Keller presented a slide show of sport car races. He showed us many different kinds of cars, such as dragsters, funny cars, rail jobs, modified and unmodified. Our meeting close at 8:30 p.m.

Two Detroit Area Men Fined For Killing Doe Out of Season

Don Boyer, area conservation officer, reports that two men have been apprehended and fined for shooting a deer out of season. A resident in Sylvan township on Farther Rd. reported to the conservation office Sunday of a doe found on his property that had been shot and dressed. Boyer and a partner located the deer and watched the area Sunday night waiting for a return of the hunters.

As anticipated, two men appeared and prepared to remove the dead animal. Boyer arrested the two and they were required to post bond or be jailed.

Tuesday in District Court with Judge Patrick J. Conlin presiding the two hunters were charged with the possession of a doe deer during the closed season. Cletus G. Mel-drum of Wayne pleaded guilty to the charge and was fined \$150

for a fine and costs and \$100 for restitution to the state for destroying the deer. He was also given a suspended five-day jail sentence.

Louis H. Wolzak of Detroit pleaded guilty and was fined \$125 and costs and \$100 for the deer. He also received a suspended five-day jail sentence. Both men had their hunting licenses revoked for three years.

The deer was turned over to a public institution for consumption.

Junior Varsity Tramples Over Saline, 40-20

The Junior Varsity came up with their seventh consecutive victory of the season in Thursday's football game with Saline.

The team trounced Saline, 40-20, to heighten their chance for a perfect record with only one contest remaining.

Chelsea received the opening kick-off and six minutes later sent Marc Collins diving from the three-yard line for a touchdown. Tom Lixey swept around left end for two extra points.

Saline was forced to punt soon after and five plays later Tom McKernan scored another touchdown for Chelsea on a counter play from the five-yard stripe. The attempt for extra points was lost.

Shortly before the first half elapsed, Collins again scored on a three-yard run. Lixey made the extra two points on a cross buck and the score was set at 22-0.

In the third quarter, Wayne Welton passed on a bootleg play to Dave Lukasiak to gain 11 yards for a touchdown. At the end of the third quarter, Collins dove across the goal from the one-yard line to give Chelsea another touchdown. The kick for an extra point failed.

The fourth quarter found Collins running 48 yards on a cross-buck for a touchdown. A kick for extra points failed and brought the scoring to a close. The final score was Chelsea 40 with Saline hitting 20.

No account was available to The Standard on Saline scoring. In the record column, Dave Lukasiak and Wayne Welton intercepted passes for the Bulldogs. Jeff Schmidt blocked a punt and recovered a fumble with Collins chalking up 173 yards and a recovered fumble.

The Junior Varsity completes their 1969 season tonight in Chelsea, meeting Dexter at 7 p.m.

It's a good idea to keep up with regulations for using pesticides. Regulations governing the legal use of some pesticides have changed from year to year.

Gridders of the Week

ROD POWERS, No. 70, fills a hefty 210-pound tackle position for the Bulldogs. A senior, Powers also played Junior Varsity ball as a tackle and joined the team in Junior High. The president of the Future Farmers of America chapter in Chelsea, Powers exhibited several steers at the 1968 Community Fair. He is also a member of the Senior Trip Club. He plans to attend Northwestern Michigan College at Traverse City and study conservation and related fields. Rod enjoys hunting and farming at his home, 12930 Scio Church Rd., where he lives with his parents, Harold and Martha Powers. He has a sister, Char, attending Michigan State University, two younger sisters, Holly and Bonnie, and one brother, Scott.

DAVE BUST, No. 50, adds 150 pounds to the Varsity football team as a defensive tackle. On the offensive side of the game, Bust plays center. A senior, he has played football for six years beginning in seventh grade. Dave won two letters on the Junior Varsity team and returns to the Varsity squad as a 1968 letterwinner. Dave belongs to the Key Club at Chelsea High as well as being a member of the Senior Trip Club and Varsity Club. He is also a member of the National Honor Society. Dave plans to attend college and study pharmacy, probably at Ferris State College in Big Rapids. For now, he enjoys hunting and fishing with his brother, Jeff, also a team member. His parents, Tom and Betty Bust, own the Chelsea Hardware. Dave lives with his family at 116 E. Summit St.

Junior High Team Victory String Broken

Dundee Junior High reversed Chelsea's 10-game winning streak Oct. 16, as the Beach school Bulldogs took their first loss in five seasons, 34-9.

Last Wednesday the Bulldogs according to their coaches regained their composure by defeating Saline Junior High, 18-0.

In the Saline game in cold, windy weather, the Bulldogs began scoring on the second play. Tailback Mike Nadeau took a pitchout from quarterback John Marshall in scrimmage. Aided by blocks from Craig Coltre and Jeff Marshall, Nadeau ran 73 yards for a touchdown. Nadeau ran for extra points but failed in the attempt.

The rest of the first half was marked by outstanding Bulldog defensive work as they held Saline from making a single first down. Leading the defense were linemen Jim Storey, Paul Brown, Ken Keiser, and Keith Kargel, and linebackers John Tandy, John Beaman and Dale Poertner.

In the third quarter, Beach moved the ball 66 yards on a sustained drive. Nadeau then dove behind blocks by Mike Murphy and Howard Haselswerdt for a touchdown. The extra point attempt was no good.

The chance for the final touchdown came in the fourth quarter when Tim Treado recovered a Saline punt on their 25-yard line which had been blocked short by David Lauhon. Two running plays

4-H Clubs

GINGHAM BELLES
Gingham Belles 4-H club met for a Halloween party Tuesday evening at the home of Sharon Schiller, were Kathy Rybka, Mary Clark and Laura Schardein.

Each club member wore a costume and prizes were awarded for the best outfits. Terri Jones received the award for the funniest costume with Beth Clark deemed most typical of Halloween. Lori Proctor won the prize for the most original costume. The Belles bobbed for apples, danced and played other games.

The next meeting will be held Nov. 6 at the home of Chris and Barbara Duerr. Hostesses will be Lori and Julie Proctor. Beth Clark will demonstrate stay stitching. Beth Tobin will show darts and Lou Ann Hankard will explain tailor-tacks.

Cathy Clark, secretary.

Lose 10 lbs. in 10 days on Grapefruit Diet

DIET OF THE STARS

HOLLYWOOD, CALIF. (Special)—This is the revolutionary grapefruit diet that everyone is suddenly talking about. Thousands of copies have been passed from hand to hand in factories, plants and offices throughout the U.S.

Because this diet really works. We have testimonials reporting on its success, if you follow it exactly, you should lose 10 pounds in 10 days. No weight loss in the first four days but you will suddenly drop 5 pounds on the 5th day. Thereafter lose one pound a day until the 10th day. Then you will lose 1 1/4 pounds every two days until you get down to your proper weight. Best of all, there will be no hunger pangs. Revised and enlarged, this diet lets you stuff yourself with formerly forbidden foods, such as steaks trimmed with fat, roast or fried chicken, gravies, mayonnaise, lobster swimming in butter, bacon fats, sausages and scrambled eggs and still lose weight. The secret behind this "quick weight loss" diet is simple. Fat does not form fat. And the grapefruit juice in this diet acts as a catalyst (the "trigger"), to start the fat burning process. You stuff yourself on the permitted food listed in the diet plan, and still lose slightly fat and excess body fluids. A copy of this startling successful diet can be obtained by sending \$2 to

MOVIELAND DIET PLAN
1417 S. Robertson
Suite 8
Los Angeles, Calif. 90035
Money-back guarantee. If after trying the diet you have not lost 7 pounds in the first seven days, and 1 1/4 pounds every two days thereafter, simply return the diet plan and your \$2 will be refunded promptly and without argument. Tear out this message as a reminder. Decide now to regain the trim attractive figure of your youth.

Cub Scouts Win Awards

Cub Scout Pack 435 met Friday in the North School gym for presentation ceremonies.

The meeting opened with the flag ceremony followed with information notes. An invitation was extended to the scouts to attend the Michigan vs. Wisconsin football game Nov. 1.

Bobcat pins and wolf handbooks were presented to Alfred Schmidt, Matt Schmidt, Mike Hardy, Tom Wurster, Gary Thornton and Craig Kallish. David Stahl was presented with a wolf patch, a gold arrow and a bear handbook. Brad Myers received a bear patch, a gold arrow, a Webelos handbook and colors, and two silver arrows.

Kirk Steinaway was awarded a bear patch, a gold arrow, three silver arrows and the Webelos handbook and colors. Billy Klobucher and Bryan Kalishok were the recipients of bear handbooks. Matt McQuinn, Jerold Benjamin, Robert Jennings and Mack Bucholz received one-year pins.

Jim Stahl, Doug Eisele, David Wetzel and Scott McClain were awarded Athletic Activity badges. Danny Cobb and Kent Longworth were presented with Webelos awards and graduation certificates. The entire pack congratulated their comrades for a well done job.

The entertainment committee presented Den 13 and Den 15 in skits and a show of talent.

The meeting was adjourned and Mrs. Kobucher furnished Halloween treats for refreshment.

Airman Carolyn Foster Completes Basic Course At Lackland AFB

Airman Carolyn L. Foster, daughter of Mr. and Mrs. Robert Foster of 615 Wilkinson St., has completed basic training at Lackland Air Force Base in Texas. She has been assigned to Lowry AFB, Colo., for training in the supply field. Airman Foster is a 1969 graduate of Chelsea High.

Airman Foster was enroute to Denver for her new assignment last week during the heavy snowstorms in that area when another American Airlines jet carrying Air Force personnel crashed in front of her plane, killing five passengers. Her plane was diverted for a layover with Airman Foster somewhat shaken but safe.

Area Residents Granted Degrees By U. of Michigan

University of Michigan Regents have confirmed the awarding of degrees to three Chelsea residents among their graduates for August, 1969.

Mrs. Edward Lauhon of 619 E. University Ave., Ann Arbor, has received a Master of Arts degree in special education for the emotionally disturbed from the School of Education. Mrs. Lauhon is the daughter of the Charles Camerons of Chelsea.

Enid L. Huelsberg of 20986 Sager Rd. has received a Master of Arts degree in special education at the Rackham School of Graduate Studies.

Judith A. Thaler of 36 Sycamore Dr. has received a Bachelor of Arts degree in education from the School of Education.

Commencement ceremonies were held in August for these graduates and the list of graduates was approved in the September session of the Board of Regents.

MOON TRIP

The first known literary account of a trip to the moon was written by Syrian retortician Lucian of Samosata in 150 A. D., who described going to the moon via a boat blown off course by a whirlwind.

Protein Source Has No Effect On Mastitis Case

Whether milk cows are fed bean meal or corn gluten meal as a source of protein has no effect on the incidence of mastitis, dairy scientists have found.

In tests conducted at the Upper Peninsula Experiment Station, however, scientists found that milking cows consumed ration containing soybean meal more readily and produced more milk than those fed the ration containing the corn gluten meal.

The corn gluten meal was apparently less palatable and the cows were reluctant to eat adequate amounts of grain early in feeding period. The difference in grain consumption accounted for most of the lower milk production.

Butterfat production was approximately the same for both groups during the first lactation. On the second lactation, however, the higher total milk production of the soybean meal group resulted in 27 pounds more milk produced per cow. Milk protein was 20 percent higher and butterfat tests were 10 percent higher with soybean meal. Mastitis was negligible during the entire test.
