

50 Deer Killed In Area As Season Enters Final Week

Hunters are tramping the last week of the season with the usual events.

Miles, of Jackson, down a "unicorn" or at unicorn on the second hunting. Miles, a 1982 of Chelsea High, said hunting in Jackson county he spied an animal that

he took for a doe. A careful examination of the browsing animal, however, revealed a single thick horn sprouting from its head. Miles took the chance that unicorns are indeed, mythical and shot the creature in the hope that it was a buck.

Close examination of the deer showed that one horn had been broken off at the root early in

its life. The other horn was much larger than usual with the only evidence of branches being barely visible. "When I took the horn into work to show the fellows," said Miles, "they accused me of killing a unicorn." "It really does look unusual," But then the woods are always full of strange creatures this time of year.

The kill in western Washtenaw county is about 150 deer so far, estimated Don Boyer, area conservation officer. "The take is normal," he said. "About the average number of hunters are out." A big push can be expected this week-end as the season ends and hunters return from the north and get a last kill in for the year.

The sale of hunting licenses in the area shows that if all licensed hunters take to the woods this week-end it will be mighty crowded. Gateway Sports Centre counts 298 licenses sold by Tuesday with Cavanaugh Lake store estimating their number close to 800. Game reports that about 525 licenses have been sold and Chelsea Hardware notes 470.

Another hunter with good luck was Mrs. Robert Prince of Cavanaugh Lake who brought home a four-point, 170-pound buck from Upper Michigan. She and her husband returned with the buck after a hunting trip to Ojibwa for the opening week-end.

As usual, all the hunter activity includes a number of violations. Boyer saw three more culprits go before Judge Conlin this week for violating hunting laws. Dale McCullough, 37, of Dexter, pleaded guilty to allowing a minor to hunt without supervision and paid \$16 in fines. Stephen W. Woodby, 24, of Wayne, paid a \$20 fine for carrying slugs and gun without a deer license. Donald Monroe, 32 of Saline was fined \$16 for having an untagged doe. This

last violation is easily avoided if hunters are careful of the simple responsibility. A note from the Michigan Department of Natural Resources says that a number of state park campgrounds will have heated toilet buildings and hot running water for hunters. Remember that when your husband tells you how rough he had it "out there in the wild woods."

An ambulance was called and the boy taken to the office of Dr. Fisher. Aside from a headache, he luckily suffered no serious injury and a day of bedrest was all that was

for complete recuperation.

Basketball Season Begins Next Week

Close on the heels of winning the 1969 football championship, the Bulldogs opened their season of basketball play with practice last week. The Varsity and Junior Varsity teams play Nov. 11, Dec. 2 in the first game of the year. The freshman cagers are scheduled to meet Stockbridge Dec. 4 for their opener.

Seven letterwinners return to the varsity roster, including lead scorers from last year, Dave Conklin and Jim Wojcicki. Coach Jon Schaffner hopes these seasoned members will give the team a boost in the area of experience.

Conklin and Wojcicki are co-captains for the season. Art Farley, a senior guard, Dan Wenk senior guard or forward Ken Dove senior guard, Howard Treado, junior forward and Ron Sweeney, sophomore center are returning to the team.

Coach Schaffner notes that the team is small on the average but tends to be quick. "We should improve quite a lot on last year's record of 9-9," he said. "It looks like it will be a dogfight with Milan and Dexter, and Chelsea should be in the thick of it."

One team member, Wayne Welton, is recovering from a football injury that tore a ligament in his knee. Although he has only been

Reasons Given For Requiring Wrapping of Ashes

Village Administrator Frederick Weber has offered some explanation of the new trash disposal requirement after it prompted criticism. One resident even went so far as to present his ashes to the garbage men neatly tied with ribbon, apparently in reference to the Standard headline which read tongue-in-cheek that ashes must be "gift-wrapped."

The additional rule included in the new contract signed with D & E Refuse Service of Jackson requires that they are placed in garbage cans.

The rule is necessary, explains Weber, since burning ashes have caused three garbage truck fires in the past few weeks. Loose ashes have also blown into the workmen's faces, necessitating several trips to the doctor. The ashes are also likely to blow back into the street. Thus, the new contract calls for ashes to be wrapped or placed in plastic bags before they are dumped to solve the problems.

Band Boosters Group Continues Fruit Cake Sales Until Friday

Christmas fruit cake sales by the Band Boosters will end Friday, Nov. 28. Band members are still selling the cakes or Mr. and Mrs. Robert Robbins may be phoned at 475-7282 by 5 p.m. Friday to order a fruit cake.

Proceeds from the sales are used to send the high school band to the summer marching clinic every year. Last summer, the Boosters managed to pay half of the expenses for more than 140 band members to attend the camp.

Community Chest Fund Short of Goal

Officers Still Hope To Hit \$24,225 When All Returns Are Completed

Chelsea Community Chest United Fund campaign appears to be falling short of its goal for the first time since the inception of the drive in 1954. At a meeting of the Chest board Nov. 19, U. F. campaign chairman Dr. Gene Miller reported \$22,800 collected toward a goal of \$24,225.

The drive has been completed for a month but Chest officials note that the Chelsea share of employee donations in other lo-

calities by Chelsea residents are still to be reported. The campaign committee said that a smaller percentage was raised this year from the industrial and professional sectors.

A break-down of the total shows contributions from the residential campaign amounting to \$1,550; from industry, \$16,850; organizations, \$385; and rural residents, \$625. Incomplete returns from the professional section show \$1,000, with incomplete results of \$850, schools; and \$1,340, business, reported.

A total of \$23,910 was collected in 1968, exceeding the goal of \$23,850. The 1967 goal of \$21,950 was barely reached but goals have been increased as inflation moves steadily upward.

The campaign may mail their contribution to the Chelsea Community Chest or may call Dr. Gene Miller, at 475-7171. The money is used for many local agencies and projects such as Chelsea Recreation, Social Service and the Scouts. Local and state health and welfare agencies also benefit from a share in the funds.

Wrestlers

First Match Slated Dec. 4

The wrestling team is getting into the swing of winter sports at Chelsea High with their first match scheduled for Dec. 4 with Parma West. A last-minute schedule change will delay the match with Tecumseh until Dec. 6. It was originally set for Dec. 1, but Coach Richard Bareis said this put too much strain on wrestlers trying to hold their weights during Thanksgiving feasting.

A good turnout has resulted in 35 members for the 1969 wrestling team. "It's a young team, a lot of freshmen were interested in joining," said Bareis. "It will be a developing year."

The team is fortunate to have 14 matmen returning from last year's wrestling team. Last year the squad tied with Dexter for the championship, and two wrestlers, Kerry Kargel and Mike Gaken, made state standings. Returning are Dennis Brown, heavyweight, and Tim Colvia, 155-lb., who Bareis thinks may be slated for state honors this year.

The other former matmen are Steve Eresten, 123-lb. class, Karsten Kargel, 175-lb., Bob Koenge, 137-lb., Jim Poertner, 180-lb., Tim Tirb, 115-lb., Jim Wencel, 115-lb., and Larry Jones, 107-lb. Colvia and Tirb are co-captains of the team.

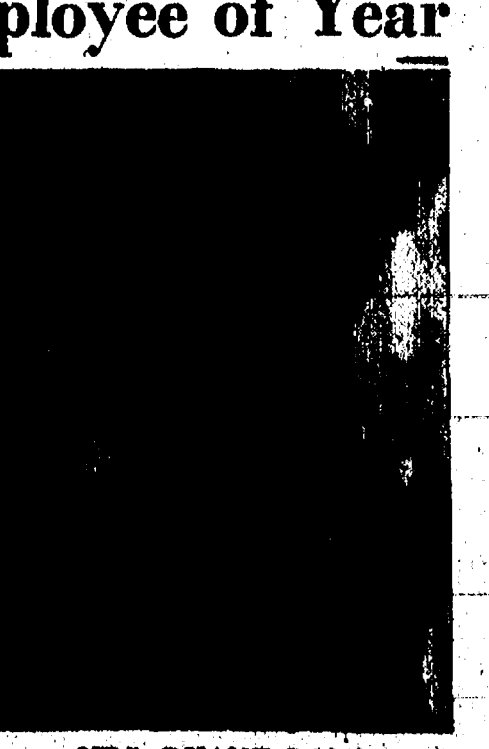

One of the prominent events of the season will be the Invitational Tournament here, Jan. 3. Haslett, "an outstanding Class B team" according to Bareis, will compete with Chelsea along with Michigan Center, Dexter, Romulus, Adrian, Belleville and Tecumseh. "It looks like a tough tournament," promises Bareis.

It looks like a run with Dexter again this year for the championship, with maybe Saline on the side, said Bareis. "I'm looking forward to a good year," he said. "We're weak in some weights and the team is much younger than normal, but they're very enthusiastic and we should do well."

Mrs. Duane Dorr Honored As Mercywood Employee of Year

Mrs. Duane (Lucy) Dorr, a Nurse Aide at Mercywood Hospital, was selected as the Employee of the Year for 1969. Mrs. Dorr, of 341 Wilkinson, has worked at Mercywood for 10 years. She was chosen unanimously by fellow hospital employees for her devotion to duty, resourcefulness, acceptance of responsibilities and an intuitive instinct in caring for the patients. The hospital reports that she is extremely well-liked by her supervisors and co-workers.

Mrs. Dorr graduated from Chelsea High school in 1959 and began working at Mercywood soon after. She married Duane Dorr in 1959 and the couple have two children, Linda Sue, 9, and Cheryl Ann, 5. Her husband is employed at North

Washington Report by Congressman MARVIN L. ESCH

Is the controversy over television news reporting fundamentally a pro-Agnew question or one of free speech against anti-free speech? I think it is the latter. The basic question is whether TV, and all media, is doing the job it should for the American people.

In examining this question let me make one point clear without overtones, undertones or subtleties of any sort: I am fully aware of the inherent danger of any attempt by the executive or legislative branches to police the media. But I do believe that self-examination is the first step to lasting improvement for any institution.

Television, for example, is a medium of immense power we do not yet fully comprehend. When it emphasizes the violent and disruptive rather than the non-violent and constructive aspects of such events as antiwar demonstrations its appeal is to the darker side of human behavior. Anger and exasperation, an understandable ingredient of our bewildering age, can be so intensified among our people that all reason is lost.

There is clearly no malicious intent involved. Rather it is the very nature of the medium that somehow pushes us toward emphasis on the extreme action. What we need, particularly in these perilous times, is a force for moderation.

We must remember that there are only three national television networks, an unusual concentration of power. Thus, I believe the networks must take extraordinary steps to insure that they are aware of and reflect the range of views across the country.

Television, and all media, should consider whether it is giving sufficient attention to all aspects of American life. There was a vacuum in big city coverage prior to the riots when Negro areas were ignored. There are gaps now in the coverage of rural areas, the poor, the conservative viewpoints, the lower and medium levels of government, among others.

It is understandable that the television industry, striving to do a good job, may well resent extensive commentary on its performance. No institution, the news media or Congress, really enjoys outside advice offered in a charged-up atmosphere. Still, the wise institution is the one which controls its anger and limits its rebuttal, while taking a closed look at itself.

In coming months Congress will have an opportunity to review this matter when it considers the procedures and regulations governing and granting of TV licenses.

History of W. C. Handy Blues Reviewed on TV Feature

East Lansing — "La-Revista," a Spanish-language television magazine, premieres Thursday, Dec. 4, at 7 p.m. and Saturday, Dec. 6, at 12:30 p.m. on WMSB (Channel 10), Michigan State University television.

The series is devoted primarily to the Mexican-American community and presents a program of news, information and entertainment of interest to Spanish-speaking people in the WMSB viewing area. The premiere broadcast reports on the status of the model cities program. Mireya de Ayala, a popular South American singer, is featured on the entertainment segment.

Other WMSB highlights include: "NET Festival" looks beyond the finished production of a play to the struggles of its creation and rehearsal on "Trio for the Living," Sunday, Nov. 30, at 1:30 p.m. Short scenes from the actual performance highlight the rehearsal segments which comprise the principal part of the program.

"Trio for the Living" was written by George Houston Bass, who explains how he tried to create a new myth for our time. The play is specifically intended to be performed in a church, and deals with themes of cruelty, love and redemption.

"Spin Back the Years" reviews musical history with W. C. Handy on "Father of the Blues," Tuesday, Dec. 2, at 7 p.m.

Series host G. Robert Vincent discusses the highlights of W. C. Handy's career, featuring recordings of Handy explaining the origin of his St. Louis Blues and Beal Street Blues.

Tapes of Glenn Miller, with his Army Air Forces Orchestra and a Larry Adler harmonica classic complete the program.

POLITICS IN THE PHILIPPINES "NET Journal" analyzes the present dissatisfaction in the Philippines over "Guns Before Bread," Sunday, Nov. 30, at 4:30 p.m.

Continued American presence on the island has led to a degree of resentment on the part of reformers who want to improve the country's economic, political and military health. In the wake of the upsurge following President Marcos' re-election, the problems of crime, poverty and the control of the conservative Catholic church assume fresh urgency.

The program examines all of these issues, and also discusses the Filipino claim to Sabah, the northern portion of Malaysia's island of Borneo.

PIANO Pianist Barbara Nissman performs Schumann's Kreisleriana, Op. 16, on "Young Musical Artists," Wednesday, Dec. 3, at 7 p.m.

Motives Made Clearer
 When Ira Polley was forced to resign as state superintendent of public instruction this fall, he said he had been forced out by a "parochial bloc" on the board.

While most observers close to the scene agreed with Polley's analysis of the situation, there was really no one thing they could put their finger on to demonstrate this to the public.

Then someone decided to check to see where the five board members who forced Polley out sent their own children to school.

It turned out four of them sent all of their school-age children to parochial schools. The fifth, James O'Neil, sent one of his children to a parochial school for one year but the student didn't like it and went back to public school.

The five board members maintained their denial that their close ties to parochial schools affected their actions on the board.

"Having children in parochial schools does not affect the decision I make on the state board," said board member Edwin Novak of Flint.

But the disclosure opened up a new round of criticism of the beleaguered board, which can't seem to keep itself out of the public eye.

The Executive Secretary of the Michigan Education Association, Terry Harmons, said, "We men leaders have long believed that large measure of Dr. Polley's difficulty resulted from the fact he would not support the diversion of public monies into private schools."

One of the board's creators, State Rep. Jack Faxon, D-Detroit, was more outspoken.

He said "it figured" that the board members had their children in parochial schools.

"We created the board never realizing its occupants would be so principal and narrow in their outlooks," he said.

Faxon said "it was obvious" the four with children in parochial schools supported parochialism.

"The board is a vehicle to advance their cause," he said. "The board has proved to be a real disappointment and a letdown."

Snowmobiles Abound
 Michigan, traditionally known as the "Motor State," may be picking up a second title soon—"Snowmobile State."

Figures compiled by Secretary of State James Tate's office show Michigan leads the nation in snowmobile ownership with a total of nearly 100,000 of the vehicles in the state.

Have said more than 70,000 of the vehicles are registered with his office already and he is experiencing the initial part of what he feels will be a deluge this winter of registrations.

As additional proof of the motorized sleds' growing popularity, he says there were more than 100 organized snowmobile safaris in Michigan last year and more than 100 snowmobile races.

Revenues Rise
 One result of the ever increasing number of miles traveled by motorists in Michigan every year is the amount of gasoline taxes and license plate fees collected by the state.

During the last fiscal year Michigan's Motor Vehicle Highway Fund pulled in a record \$374.2 million from these two sources of revenue.

The gas produced \$254.6 million during fiscal 1968, up 15.9 percent from the previous fiscal year. At the same time the license plate fees totaled \$119.6 million, a rise of 33.7 percent.

After all other revenues and expenses were considered a total of \$357.4 million was available for distribution to the state, counties and municipalities.

The Highway Department received \$144.4 million, an increase of 17.7 percent. The counties shared a total of \$121.5 million, an increase of 17.2 percent, and cities and villages shared \$71.4 million, up 25.5 percent.

BALL GAMES COST MORE
 A new scale of ticket prices at Tiger Stadium in 1970 has been announced by Jim Campbell, executive vice-president and general manager of the Tigers. Box seats will be \$3.75, reserved seats \$3 and general admission \$2. Bleacher seats will remain at \$1.

HOT STREAKS
 The Tigers had two seven-game winning streaks in 1969.

Part-Time Job May Qualify Young Worker For Social Security

"Students, that Christmas part-time job may do more than help pay your tuition or pay for new clothes. For one thing, it will help you qualify for social security protection for yourself and later for your family," Robert A. Kehoe, social security manager of the Ann Arbor district office said in a statement released today. "Social Security" is a more than retirement and Medicare.

"Young people can get valuable experience with as little as a year and a half of work under social security," said Kehoe. "Thanks to the work they do part-time and on vacations, many high school and college students are already insured for both kinds of young people's protection even before they begin their regular working careers."

Safe Winter Driving Tips
 Driving after dark is far more dangerous than daylight driving, according to statistics. You need all the help you can get, particularly in winter weather when slippery pavements make night-time driving especially hazardous. Chelsea police officers warn, "Be sure your lights are properly adjusted, your defroster is in good working order and replace your wiper blades when they begin to streak," they advise.

AGR. ENTREPRENEURS

The Agricultural Entrepreneurs
Farm Bureau met Thursday eve-
ning at the home of Jack Brad-
bury. Chairman Keith Bradbury
opened the meeting with the Pledge
to the Flag and Farm Bureau
Creed. A minuteman suggested
that they write to Senator Bursley
concerning the tax exemption bill.
The Farm Bureau Christmas
party will be Friday, Dec. 19 at
the Lima Community Hall. Pot-
luck supper will be served at 7
p.m. with films for entertainment.
Coffee will be furnished. Santa
Claus is expected and there will

Good for Child To Know Parent Can Misunderstand, Says Expert

It's not really a good idea for
children to think their parents are
perfect, says Mrs. Helen Fairman,
extension home economist for
Washtenaw, Lenawee and Monroe
counties.
To hear his father say "I'm sor-
ry, son, I didn't understand," can
be very comforting to a small boy,
who makes mistakes and ad-
mits them than someone who acts
like he's perfect.

"Sometimes it's very easy to
lose your patience with a child,"
Mrs. Fairman says. "When this
happens, tell the child you should
have been more patient, and that
you're sorry. Explain why you
were angry. You would do as much
for an adult—and children have
just as many feelings that are
hurt just as easily."

Letters to the Editor

Dear Editor:
I, like many other residents of
our community, was saddened to
discover that we had representa-
tives in Washington on the 14th
and 15th of November. Especially,
since one of them was our family
physician.
I am amazed, that an individual
with the caliber of our doctor
could be so misinformed as it now
appears.
I have witnessed many demon-
strations (and marches) and they
always consist of the same people,
which I believe to be "Left Wing
Radicals." Should it be against
the military, food being served in
the dorms, the welfare system,
civil rights or what have you, the
participants are always the same.
They marched in Ann Arbor
prior to their going to Washing-
ton. The people in the front rank
carried the "Red Flag." They were
followed by others of their type
and I suppose, a few misinformed
and misguided souls.
Dr. Fisher said, "As a doctor
I'm dedicated to preserving life,
not destroying it," then how does
he justify his selfish desire that
we withdraw our help from the
people of South Vietnam and
leave their fate to the Viet Cong
and the government of North Viet-
nam.
"Dr. Fisher also said he was
"amazed that these people could
organize something like this" etc.
and etc. I wonder if he has ever
wondered where they get their fi-
nancial support. Could it be from
an outside government power?
Could it be from the illegal narco-
tic traffic on our college campuses
and in our high schools?
Also, is it true that the two
liberal columnists, Evans and No-
vak, have finally admitted that
the "New Mobe" has been infiltra-
ted by communists? Is it true that
the leading liberal newspapers like
the New York Times and the
Washington Post have ignored or
covered up the communist infiltra-
tion of the peace movement?
Would you believe, the plans for
the October moratorium were for-
mulated in East (Communist)
Germany in June of 1969?
What about Ron Young's (a
member of the New Mobe steering
committee) journey to Stockholm
on Oct. 11 and 12 to meet with
representatives of the North Viet-
nam and the Viet Cong concern-
ing the November moratorium?
There is evidence of the com-
munist troops stepping up the
fighting in Vietnam to support
the anti-war demonstrations in our
country caused an increase in the
loss of lives on both sides. So, how
can participation in these demon-
strations be in "dedication of pre-
serving life."
No, I cannot accept the doc-
tor's glamorization of the Wash-
ington affair. Especially after
watching them stand in front of
the Ann Arbor City Hall shout-
ing "Fascist Pig! Fascist Pig! We
don't want your god-damn war!"
and chanting "Revolution! Revo-
lution! What about their chant,
"Ho! Ho! Ho! Chi Minh. We must
fight and we must win!" Does
that make you feel good?
Don't forget what happened in
Russia in 1917. Also, don't forget
what happened in China and other
communist countries in the 1940's.
Unless something is done to end
these demonstrations which are di-
viding our country, the peace ne-
gotiations in Paris will fail. The
communist representatives will
feel that if they hold out long
enough we will be forced into an
unconditional surrender in South
Vietnam.
He should remember, our country
was founded on the "Freedom of
Religion." This is one freedom
that has been forfeited in the com-
munist block nations. This free-
dom, I believe, is enjoyed by both
of these "Washington Travelers."
Yes, it is disturbing to try and
picture someone like our doctor
in the line with those people. We
had placed so much faith in his
professional decisions, and trust
him on our School Board and the
Planning Commission.
I hope the doctor will change his
mind and drop his support for the

treats he had brought and the
meeting closed with the "Living
circle."

GIRL SCOUTS

TROOP 47

Patrol 3 performed the flag ceremony for Troop 47. We talked about what we should wear to Girl Scouts because some girls were wearing slacks. We decided on our Girl Scout uniform or a dress. We talked about what we should give our parents. We decided to have a party which only our mothers and fathers could come to. We have two girls who are

new to our troop. Dec. 18 we will go caroling with the other troops of Girl Scouts and Brownies. We picked out our Christmas Carols so the Brownies could learn them. Kathy Fairbanks, scribe.

BROWNIE TROOP 145

Brownie Troop 145 opened their meeting with the flag ceremony. Karen passed cookies and we sang the Johnny Appleseed Grace.

In the Brownie Ring we discussed being ready helpers to the birds in winter.

We decorated invitations for our family for investiture. We practiced the play for investiture. The new Brownies learned the Brownie story and some new song games. We closed with taps and passed the squeeze.

Safe Winter Driving Tip

Getting your car moving on snow or ice may be a little tricky at times. Spinning the wheels, of course, is just a waste of gas and time. Turn the wheels straight ahead, start gently and avoid over-powering by using the "drive" range or second gear. Letting some air out of the tires is not recommended but tire chains are.

Home, Nov. 18. In Social Studies we were studying Alaska. Penny Collinsworth wrote a letter to Mrs. Smith who lives in Alaska. Mrs. Smith wrote back to us and sent some post cards.

Now we are studying Hawaii. We have a map and we have where pineapple, coffee, potatoes, sugar cane, cattle and sheep are grown. Some boys made a picture of a grass hut, and made some models too.
One group is making a volcano that we hope will erupt. We have a pineapple that we are going to eat.
Tracy Updegraff's mother brought in two Alaskan Malamutes. Their names were Frosty and Akutak, which means ice cream in the Eskimo language.

This fall we painted our room, about 10 pupils helped. We tried an experiment in science that minerals in ocean water make it heavy. We got long black shades from the old high school. Now we can see TV and also films and slides. The last slides we saw were about a rodeo in California.
At Open House, 17 parents came to see what we have done. There were cookies and coffee in the gym.
We are studying Japan in Social studies. We are learning how to divide in arithmetic with long division to show one's work.

REMOVING MELTED PLASTIC
To remove plastic that has melted on an electric appliance, first heat the appliance until it is slightly warm. Then with a pad of turkish toweling or firm cotton, wipe off the plastic. Alternate heating and wiping until all trace of plastic is removed. The same procedure may be followed for top-of-the-range cooking utensils.

Thanksgiving Time...

This special day of Thanksgiving is a time when we should slow down and give thanks for the many blessings we are more or less aware of all year long but for which we too seldom take the time to be truly thankful.

High among the many things I have to be thankful for is the friendship, loyalty and co-operation that exist among all of us working together here at Spaulding Chevrolet.

This is the spirit of comradeship that makes a rather hectic business enjoyable and it is in appreciation of the spirit that I make the following

FIBERS & FABRICS

A fiber mixture is achieved after spinning by twisting together two or more strands of spun yarn or continuous filament. A fabric mixture may be made up of mixture yarns, different single yarns laid side by side, or warp yarns of one fiber and filling yarns of another. Fiber blending is done before spinning a yarn from exact proportions of different fibers.

TIPS for your TOP from

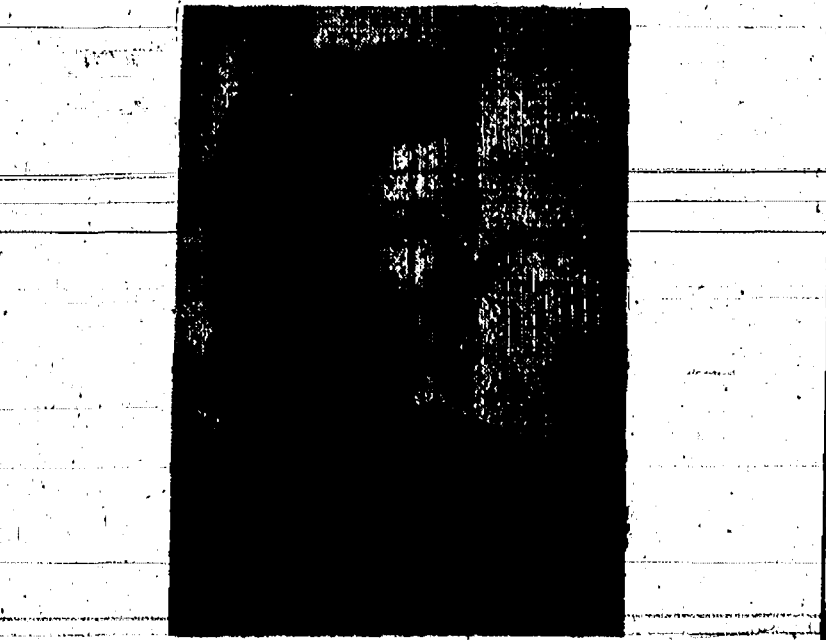

TODDY and FRAN

The holidays are actually in full swing as of right now, if you can believe it. You'll have a lot of "coming events" the next few weeks when you'll no doubt want to look extra pretty. Why not make appointments now for those crucial dates (if you don't make them ahead, we may not be able to accommodate you, but be sure to call anyway because we honestly try even at the last moment). You'll feel more at ease having some of these things done in advance to leave you more "spare" time for doing the dozens of things that are sure to crop up. We have an adjacent (free) parking lot, you know; it's easy to park in no matter what the weather, and it's mighty handy to have your car close these unpredictable days!

Brownie Troop Survives Chilly Nature Study

Most of Chelsea's Girl Scout troops are getting out-of-doors as much as possible before the "boots and muffler" season really sets in.

Brownie Troop No. 145 made use of Saturday's crisp but mild weather and went on a nature study. The 17 Brownies and their two guests began the trip at the Beach Junior High school. Skeets Worden was the guide and gave an interesting commentary about the nature trail. The girls collected samples of fungi which were later cut up and examined at Mrs. Herbert Hinz's home.

A side trip to the Dexter Cider Mill featuring generous servings of cider helped the thirst problem. The troop returned to Mrs. Hinz's backyard where, under the chilled but capable hands of Sally Miller, a Tee-Pee fire was built. The "Some Mores," a mixture of toasted marshmallows, thick pieces of chocolate and graham crackers, disappeared as quickly as they were made. Cups of strong, hot chocolate also helped bring the color back to the blue noses. This potent combination is a guarantee of revival under the most arduous conditions.

Mrs. Fred Elkins and Mrs. Fred Meyers helped with transportation and supervision. Mrs. Hinz, troop leader and Mrs. Daniel Kellin, assistant leader, reported that Troop 145 not only knows the Brownie Promise but that most of the girls can tie a pretty neat square knot.

Ann Arbor Police, Sheriff's Deputies Plan Charity Game

In heavy training for the upcoming grid contest are prospective football stars from both the Washtenaw County Sheriff's Department and the Ann Arbor Police Department. The two teams will clash at Briggs Field, on the Eastern Michigan University campus, Friday evening, Dec. 5.

Officials will blow the whistle on the two squads at 7 p.m. All proceeds will be turned over to local groups to help give many youngsters who might otherwise be without a smile at Christmas something to be happy about this year. Admission to the gridiron contest has been set at a toy or \$1.50 if the fans forget their gift toy—at the gate.

Ann Arbor Police Department is

reported to have five dozen hearty recruits practicing nearly every afternoon, say the scouts from the Sheriff's Department. Of course, they add, the Police Department squad lacks the experience of the more seasoned pros from Harvey Country.

Co-Op Nursery School Notes

Children at the Chelsea Co-Op Nursery prepared for the Thanksgiving holiday by learning about the first thanksgiving, the pilgrims and the first Americans, the Indians. They made miniature teepees, and painted macaroni to string for "Indian" beads. The boys made Indian headpieces and the girls constructed pilgrim caps.

After their Thanksgiving projects, one youngster asked his mother if they were going to have Indians at the family Thanksgiving dinner. He told her of the invitation to the Indians at the first Thanksgiving and wondered if his family, too, was going to share the celebration.

This past week, Lyndon Studios has been photographing the children individually, and each session as a group for composite pictures.
