Vandalism at High School Hits New High

The tax dollars of Chelsea area residents are rapidly being eaten up by repairs at the high school necessitated by wanton vandalism, reported Board of Education Business Manager Fred Mills recently.

According to Mills, vandalism at Chelsea High normally runs around \$2,000 a year; however, during the first four months of the present school year, the school district has paid out more than \$4,315 to repair broken windows, re-install ripped-out fire alarms, replace switchplates around electrical fixtures, and restore lost, stolen or damaged school equipment.

"Glass (window) breakage is the most expensive single item," said Mills. "There have been 31 windows of various sizes broken so far this school year. Replacing them has cost us \$1,252." He went on to say that re-installing fire alarms which have been completely ripped out of the walls by malicious vandals is the next most expensive item in repairs. "It costs a minimum of \$500 to replace a vandalized fire alarm and restore it to operational status."

Other problems created by vandals include: writing on the walls, painting on bricks, damaging lockers, stealing school equipment, damaging typewriters, and destroying the fixtures in the restrooms.

"Money for repairing all this damage must come out of the budget," said Mills. "The general

Baseball Team Opens with Win Over Adrian

Chelsea's baseball team opened its 1970 season Friday, April 10 with a win by defeating Adrian, 6-2. Despite the cool weather, pitchers Wayne Welton and Ron Sweeney combined to throw a three-hitter and together struck out 13 batters.

Coach Carl Genske stated, "I was pleased with our hitting despite our having been outside only three days."

Jack McClear, Randy Brier, and Tom Lukasiak were very impressive at the plate with McClear going two for two, including a home-run, and Randy Brier and Tom Lukasiak each collecting two hits.

The Bulldogs' running game got off to a good start with four stolen bases. "However, there still must be considerable improvement in this department if we are to be serious contenders for the conference championships," said Coach Genske.

Sylvan Board Delays Action On Rezoning

At the monthly Sylvan Township Board meeting, April 4, a motion was made to have highlights of future board meetings published in The Chelsea Standard.

Following a call to order by Supervisor Maurice Hoffman, the board members present, Reyben Lesser, George Merkel, Fred-Pearson, and Daniel Murphy approved the minutes of the March meeting as they were read. The township clerk was then directed to pay all outstanding bills, amounting to \$6,927.04.

The annual report of the Sylvan Township Planning Committee containing a summary of the year's activities was presented and approved. The monthly zoning report was presented by zoning inspector, Harry Mertens.

A motion was made and approved to table the requested zoning change for construction of Harold Rickerman's Party Store on M-52 until the next board meeting. The request by Rickerman to construct a party store north of the village limits in an area presently zoned for agricultural use only was originally recommended by the Township Planning Commission. This request was then refused by the County Planning Commission on the grounds that it would be "spot zoning." The matter will now be considered by the township board and a final decision made.

Finally, a motion was made and approved to instruct the township clerk to notify the Washtenaw County Road Commission that several projects have been approved by the board for completion as soon as possible. These include preparation and seal-coating of Sibley Rd. from Werkner Rd. to Bush Rd.; preparation of McKinley Rd. for future seal-coating; spreading of 2,600 cu. yds. of gravel on township roads; the replacing of three solid applications of salt brine on roads; and the replacing of the bridge on Waltrous Rd., sharing the cost with Lima township.

Golf Team Divides First Two Matches

Members of Chelsea High's golf team opened their 1970 season with a non-league game against Pinckney, Monday, April 13, at Pinckney.

They won easily by a score of 199-213 as did the JV reserves who also played. Dave Conklin received medalist honors with his score of 46 as did his Pinckney opponent Mike Meyers who also scored a 46.

Thursday, the Chelsea golfers played their first game of league competition against Dexter and lost by a score of 189-194. Dave Conklin, with a 43, again received medalist honors. The JV team defeated their Dexter opponents, 203-206.

Varsity team members this season include: Dave Conklin, Mike Powers, Art Farley, Dave Powers, and Glen Musolf. JV team members include: Jim Poertner, Mark Policht, Don Conklin, and Jeff Daniels.

There will be a match Thursday, April 16, at 3:30 p.m. at Inverness against Novi and Lincoln.

Donald Harr Killed Sunday In Auto Crash

Donald W. Harr, 43, of 14596 Harr Rd., died suddenly Sunday evening, April 12, following an automobile accident. According to State Police, Harr's car failed to negotiate a curve on Leeke Rd. in Lyndon township and struck a tree.

Beach School Environmental Study Slated

Since last summer, it has been apparent that communities are increasingly determined to do something about environmental problems. There have been symposia, new courses, and new organizations begun in schools around the country. Last September, Sen. Gaylord Nelson proposed a national day of action, and the following month he and Congressman Paul McCloskey suggested April 22.

For the past several weeks, a committee of teachers headed by Science Department chairman James Hoffmeyer and Mrs. Alice Steinbach, has begun planning activities for that occasion—"E Day."

For this one day, regularly scheduled classes at Beach school will not be held. Instead, a special program concerned with "environmental studies" will be substituted. The day will begin with an assembly given by Thomas Hodgson and Glenn Kraai, conservation officers with the Waterloo Recreation Area. They will discuss environmental problems in the Chelsea community.

Following this assembly, students will be able to participate in a number of small group projects dealing with topics of environmental concern such as air pollution, waste disposal, environmental cleanup, and the problems created by the widespread use of detergents.

The day will end with an assembly of skits, songs, and limericks—all composed by the students in their small groups—and all concerned with the problem of environment.

Michigan Week Mayor Exchange Is with Milford

Preliminary plans have been completed for Chelsea's annual Mayor Exchange Day to be held Monday, May 18.

This year, the mayor of Milford and several of his councilmen are expected to be the honored guests.

Mayor Exchange Day is scheduled to begin with a morning parade from Pierce Park to the Municipal Building and will be highlighted by tours through the Chelsea Milling plant and the Medicenter. A later afternoon cocktail party and dinner will climax the day's activities.

Michigan Week Has Something For Everyone

"Come back to Michigan" is the objective of planners for the 17th annual Michigan Week, who are presently issuing an invitation to all former residents to join residents in the festivities scheduled May 16-23 by Governor William B. Milliken.

It is hoped that the week-long festivities, sponsored by the Greater Michigan Foundation, will give Chelsea residents greater knowledge and appreciation of their village and state and will make everyone more aware of their assets and resources for industry, business, education, and recreation.

Michigan Week activities in Chelsea will begin with Community Pride Day on Saturday, May 1. This will be a day devoted to expressing the deep pride which citizens feel for the entire state, especially their own community.

Spiritual Foundations Day, Sunday, May 17 has been set aside for a review by all Michiganders of their religious heritages. For Chelsea residents, it will also be a day to recognize its role in community life, now and in the future.

Our Government Day, Monday, May 18 will focus attention on government work at all levels. The day will be highlighted by a Mayor Exchange with Milford. Thomas Dmoch is chairman of the exchange program.

Our Heritage Day, Tuesday, May 19 will recognize the many contributions made to Michigan's progress and the inventive genius (Continued on page eight)

Elmhurst College Choir To Appear At St. Paul Church

The Elmhurst College Choir from Elmhurst, Ill., will present a special concert Saturday, April 25 at St. Paul United Church of Christ in Chelsea.

The 32-voice choral group under the direction of Dr. T. Howard Krueger, chairman of the Music Department at Elmhurst College, is on its annual spring tour, April 17-26. During their 10-day trip, the choir will be presenting 14 concerts of folk and religious music throughout Illinois, Michigan, New Jersey, New York, Ohio, Pennsylvania and Vermont.

Located 16 miles west of Chicago in Elmhurst, Ill., this private liberal arts college has an enrollment of 1,665 day students and 1,075 evening students. The institution begins its Centennial celebration this September.

Chelsea Youths Charged With Sale of Drugs

As the result of a well coordinated joint raid on three locations by Ypsilanti city and Michigan State Police officers from the Detroit Investigative Unit Tuesday, April 7, several Chelsea residents were arrested and a quantity of marijuana was confiscated.

Lauren Boyer, 21, of 718 Lowell Pl., Ypsilanti, the son of Laurence H. Boyer of Chelsea, and Mark Lancaster, 19, of 607 Washington, Chelsea, were arrested at the Ypsilanti Lowell Pl. address. They were held in the county jail overnight and then appeared in 15th District Court before Judge Patrick J. Conlin April 8, where they were charged with the sale of marijuana. After both posted \$500 bonds, they were released pending a preliminary hearing April 16.

Also taken into custody during the raid were: Mary McIntyre, 20, formerly of Dexter, now of Frankfort; Joan Dietle, 19, of 1201 Freer Rd., Chelsea; Michael Hendricks, 19, of 708 Woody Ct., Ypsilanti, the son of Burley Hendricks of 115 Lincoln, Chelsea, and John McKeighan, 19, of 201 Cedar Lake Rd., Chelsea, the son of Mr. and Mrs. George McKeighan. They were held in jail overnight but were later released without charge.

Girl Scout Cookies Delivery Delayed By Truckers Strike

Girl Scout cookies for the Chelsea and Dexter areas will not be delivered on Wednesday, April 16 as previously reported. Their delivery has been delayed due to the trucking strike and it is not known when they will be received, according to Mrs. Paul Mann, area cookie chairman.

Fire Chief Warns Outdoor Burning Very Dangerous

Fire Chief James Gaken reported that there were three small grass fires reported over the week-end. Damage was minimal, but he cautioned Chelsea area residents to use extra caution when burning outdoors as the grass is very dry in most areas and high winds make for a real hazard.

Gaken also cautioned residents of W. Middle St. to warn their bicycle-riding youngsters not to head for the fire station when the whistle blows. They and their bikes are clogging the street and providing a real problem for the fire trucks as they attempt to leave the station.

Girls Track Meet Slated Monday

A Girls' High school track meet with AAU events will be held Monday, April 20 at 5:30 p.m. at the Chelsea High school athletic field.

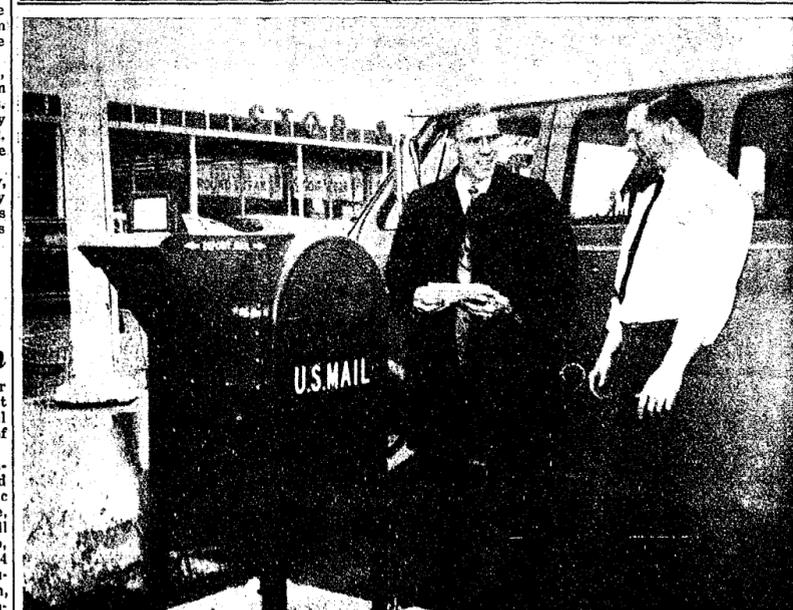

Word has been received that members of the U.S. Women's Championship crosscountry team will be running in the 3,000 meter event. (3,000 meters is 238 yards short of two miles.) There is a strong possibility that a new U.S. record may be set in this event.

It is also likely that new records in the girls' 100-yard dash may be set as several of the Chelsea High girls have had practice runs of 10.8 and 10.9 seconds.

Varsity Baseball Team members for the 1970 Chelsea High squad include, front row, left to right, Mike Griffin, John Bennett, Tod Sprague, Wayne Welton, and Leonard Kozma; second row, from left, Tom Lukasiak, Marlin Johnson, Jim Hercules, Jim Wentel, Jack McClear, and

Kim Wilkerson; third row, from left, Gene Smith (student teacher), Howard Treado, Ron Sweeney, Don Schoenberg, Tom Harmon, and Coach Carl Genske. Jeff Bust was absent when photo was taken.

RICHARD ASHLEY, assistant postmaster, and Gene Shoemaker, manager of Stop & Shop admire the U. S. Mail drop box installed last Wednesday in the Stop & Shop parking lot. Two pick-ups per day will be made from the box, at 9 a.m. and 2 p.m., to connect with both major mail dispatch schedules from Chelsea. No pick-up will be made on Sundays or holidays.

Control Needed
 The first step which must be taken if pollution is really going to be controlled is stabilization of the world's population, according to an environmental expert from Michigan State University.

"And a population is stabilized only when its birth rate matches its death rate," says Dr. William E. Cooper, associate professor in MSU's Department of Zoology.

"If we can't play with death rates—and no one wants to," he says, "then we have to attack the problem at the other end of the scale and bring the birth rates down."

"Contrary to popular belief there is no possible way science can support an ever increasing population," says Cooper.

"The idea is something people resort to who don't want to face the fact that they have to solve the problem themselves," he said.

"Programs to send food to India, for example, only buy more time to solve the problem," the environmentalist says. "If such countries don't institute wide-scale birth control education programs during that time, we have accomplished nothing."

"We merely have 500 million hungry people instead of 200 million," Japan and some of the countries of western Europe have successfully stabilized their populations through free and widespread distribution of birth control materials and liberalized abortion laws, according to the zoologist.

"A major barrier to effective birth control is the United States. It is the fact that our whole social and political and economic system is built on the premise of an expanding population which supports a burgeoning gross national product," Cooper says.

"Our pollution problems to a great degree are caused by asking industry to supply all sorts of goods at competitive prices to meet the increased demands of more and more people," he adds.

"We must make economists and businessmen understand that material consumption cannot go on expanding indefinitely. Our environment is telling us it can't," is Cooper's contention.

Uncle Lew from Lima Says:

Dear Mister Editor:
 The feller at the country store Saturday night was counting their blessings and cussing their luck. They was thankful income tax time don't worry em cause they ain't got much income, but they was bad mouthing cause they ain't got enuff income to worry about income tax.

Ed Doplittle said at our age we probable git the long end of the stick, cause he had saw where Social Security checks was fatter by 15 per cent this month, and that Congress will push them up another five per cent in time to catch the old vote in November. But Ed said he can't help wondering where the taxing will stop.

What Congress will do, allowed Ed, is announce the benefits afore the election, and make extra payments start after the vote. But they ain't doing nothing robbing Peter to pay Paul, said Ed, and the taxpayer knows which one he is.

They ain't no way a pore working man can beat the tax system, Clem Webster said. He was agreed with Ed that it cost a feller more to keep up all his Governments than to support his family, and he said the richer a feller is the more shelters he can find to hide from taxes.

Clem had saw by the paper where a man with wife and two younguns and a income of \$9,000 was paying about 34 percent of that income to support local, state and federal Governments. A feller with a \$250,000 income, a harp lawyers and countants is paying six per cent to Governments at all levels. Clem, a old New Dealer, said this country still has got to go some to split up the tax load even. The pore feller don't even git to see most of that 34 per cent afore it is took out of his wages and sent to Washington, was Clem's words.

Furthermore, butted in Ed, the feller with the money gets the breaks on investing it. Until a cent, \$1,000 would buy a Treasurer bill that pays eight per cent interest, Ed reported, but Treasurer Secretary Kennedy has fixed it so you got to have \$10,000 to buy one. Kennedy said the change saved bookkeeping, but Ed was of a mind the little fellow ought to be give a even chance even if it means more work fer clerks.

Right now, all the Governments we keep up is taking from us \$300 billion a year, and Ed said he had saw some statics that showed that was near a third of the value of everything the country produces. Right now, the country is \$375 billion in the hole.

Mister Editor, I hear tell we operate on a system of checks and balances. It looks to me like we got to cut down on the checks going out afore we can help the balances coming in.

Yours truly,
 Uncle Lew.

Six Area Homes to Be Visited on Child Study Club Spring Home Tour

Ladies, drop that copy of House Beautiful and join the Chelsea Child Study Club on their spring home tour if you are interested in decorating ideas.

The club has completed plans for presenting its spring tour of six area homes on Thursday, April 30 between 10 a.m. and 3 p.m. Available for viewing this year will be the homes of Leonard McCalla, 551 S. Steinbach Rd., William Rademacher, 200 N. Freer Rd., A. W. Vandervoort, 777 S. Main St.; Roger G. Schrotenboer, 7949 Werkner Rd.; Robert M. Merkel, 124 W. Summit St.; and Dr. Gene T. Miller, 160 E. Summit St.

Each home on the tour has been chosen because of its decorator charm.

McCalla Residence
Victorian elegance and detail grace the home of the Leonard McCalla's. The structure of this home has remained virtually unchanged though extensive renovation has taken place. Both devotees of farm life, Mr. and Mrs. McCalla purchased their home 10 years ago because of its large rooms, high ceilings, and handsome moldings and have been transforming it ever since.

Blue, white, and gold are the primary decorator colors chosen by the McCallas and appear in various shadings throughout the house.

The country theme begins in the dining room where bronze carpeting covers the floor. A floral wallpaper of blue, white, and bronze covers three walls, out-

lined by white moulding and a chair rail. The fireplace wall is white paneled and serves as a background for the brick fireplace and raised hearth. Bronze tie-back drapes cover all four windows while warm blue cushions provide seating on the hearth. The round oak table, china cabinet, and buffet once belonged to Mrs. McCalla's grandmother. Co-ordinating Windsor chairs complete the furniture grouping in this room.

Copper tea kettles are the beginnings of a collection and the copper washboiler accommodates logs for the fireplace. Of particular interest is the fact that the reverse side of the fireplace contains an outdoor gas fired grill for family cook-outs.

The bronze carpet flows into the living room which has repeated blue accents in the upholstery. Mrs. McCalla made the gold and white print drapes that hang at the windows. The long front hall, also done in tones of gold and white, has unusual storage areas beneath the long stairway.

The kitchen welcomes one with its bright blue vinyl floor and gingham-checked wallpaper. Cherry cabinets with porcelain knobs set off the preparation center's modern equipment. The rear entry hall has rough-hewn cedar paneling and a natural brick floor. An old farm bell stands as sentry just outside the door.

Upstairs, the guest bedroom features an heirloom quilt that long ago belonged to Mrs. McCalla's grandmother. Here too, Mr. McCalla has a study that

boasts hardwood floors, paneled walls, beamed ceilings, and 14 feet walls. The over-all impression given by this home is one of charm. The liberal use of antiques wherever possible lend an aura of genteel, gracious country living.

Rademacher Residence
The southern colonial home of Mr. and Mrs. William Rademacher lies in a beautiful wooded setting at 200 N. Freer Rd. The house, which is white brick trimmed with black, was originally designed by Arthur Lindauer, a Chelsea architect.

Inside, the basic color schema is carried out in shades of green, gold, and white. Coming into the foyer, one sees a gracefully curved stairway that is a "dream come true" for Mrs. Rademacher. This leads upstairs to large bedrooms with closets that span entire walls. Adjoining the master bedroom is a private dressing room and bath.

Off of the front foyer on the main floor is the master study, a warm room characterized by a

wall of book-filled shelves. To the right of the foyer, spanning the house front to back is the long, luxurious living room. The kitchen has built-in appliances, an island sink, and Mrs. Rademacher's desk. A separate pantry is located in one corner for ample storage. Both the kitchen and dining room windows look out on a lovely wooded view. Off from the kitchen is the mud room and a laundry center.

Downstairs, the children have their play area in the rumpus room. Here, there is a fireplace that overlooks a table built to hold electric trains and other recreational paraphernalia. Throughout, this is a home dedicated to light, airy, and comfortable living.

Vandervoort Residence
Mr. and Mrs. A. W. Vandervoort of 777 S. Main St. have a home that literally radiates old-world charm. The exterior of the home resembles a French country house with its cedar shingles and bat-board siding. Throughout the home, one will find numerous ac-

cents of the Vandervoort's native Holland. All of the interior decorating—the wallpapering, painting, draperies, and silpcovering—was done by the owners.

A fireplace is the focal point of the living room. A brass coal shuttle with blue ceramic handles graces the marble hearth. A shag and hand-hooked rug enhances the hardwood floor. Of special interest is the Zaanse wall clock from Holland. The corridor kitchen is done in walnut and yellow and early morning callers at the windows are the neighborhood squirrels whose antics are enjoyed by the family.

Wainscoting is used in the combination dining and family room which has a large sliding door leading out to the future patio. A special feature in this room is an interesting cabinet containing a sewing machine that Mrs. Vandervoort brought with her from Holland. The stairway to the second floor has a skylight that is accented by a gold and green leaded light fixture.

The unique sloped roof actually forms the walls of the second floor and has been cleverly used as headboards in the children's rooms. The boys' room has black and white striped wallpaper accented with red and black Mexican bedspreads. Linda's room with its lovely flowered wallpaper is in

yellow and white. Here too, wood shoes remind one of Holland. The blue and white master bedroom with its sliding doors that open onto a walkout balcony contains furniture antiques by Mrs. Vandervoort.

In his landscaping, Mr. Vandervoort is skillfully blending the gracious home into the natural surroundings.

Schrotenboer Residence
A colonial style home with red brick and white aluminum siding was chosen by the Roger G. Schrotenboer's who live at 7974 Werkner Rd.

Here, antiques are again used for maximum effect. The living room is furnished in Mediterranean against white walls and green carpeting. A large Spanish fan adorns the wall over the multi-print davenport. The formal dining room is done in a striking red and white flocked wallpaper with red carpeting. Mrs. Schrotenboer antiques the 75-year old dining room furniture. The family room, with its rustic "old brick" fireplace, peccan paneling; open beamed ceiling, and mellow tones of gold and brown, displays a zither which once belonged to Mrs. Schrotenboer's great-grandfather.

A door wall in the family room leads past a rose garden to the pool area with its redwood furniture and fencing. The 20' by 40' (Continued on page eight)

TODAY'S THOUGHT

By LOUIS BURGHARDT. A well known encyclopedia firm published a thick book report describing in detail more than 1000 federal programs that are presumed to provide a better life for all of us. In alphabetical arrangement it shows scores of AIDS for individuals and communities, clear through to ZOOLOGICAL assistance. In between the A and Z, it describes hundreds of benefits in Insurance, Social Security, Medicare, Industrial Compensation, Unemployment Compensation, Education from kindergarten through college, etc., etc., etc.

From the cradle to the grave, Americans are given more privileges, more financial security and more service benefits than any people in history. The government policy has, and has been for a long time, the closest approach ever seen to the phrase — "Ask and you shall receive."

Millions of recipients of federal aid know how the policy also contradicts the cliché about "getting something for nothing." Surprisingly, the claim is often heard that those who clamor the loudest for more benefits are those who have done so little and contribute so little to society. Not so surprising, it also seems a long delayed idea is now taking hold that they should ask less of government and do more for themselves... Conservation Law Violations Prove To Be Expensive

Disobeying local and state conservation laws can be expensive. A local conservation officer reported a local conservation officer Monday as he recounted the penalties handed down by Judge Patrick J. Conlin in two recent cases.

Two men, Alan J. Heffner, 29, Michigan Center, and his brother, Keith E. Heffner, 30, Jackson, both pleaded guilty in District Court to possessing rainbow trout out of season. Alan paid a total of \$100 in fine and costs for possessing 10 illegal trout while his brother paid a \$70 fine and costs for illegal possession of six trout. They learned the hard way that the trout season at the Sylvan Trout Ponds does not open before April 25.

In holdover cases from deer season last fall, Alan B. Burt, 19, and Michael P. Root, 19, both of Ann Arbor, were sentenced by Judge Conlin for carrying illegal firearms during deer season. They each received \$100 fine and costs, a 90-day suspended sentence, and a one-year probation.

BROWNIE TROOP 145
We opened our April 9 meeting with the flag ceremony. Miss Vibeke Rosenkrands from Denmark, Connie Anderson, and Mary Tomkins were introduced as guests and we greeted them with "Hello, hello, hello." Dues and attendance were taken.

Marleyn Seitz passed cookies and we sang, "Johnny Applesed Game."

The meeting was then turned over to our guest, Miss Vibeke Rosenkrands, who had been a Guide and a leader in Denmark. She told us the things that Scouts did in her country. They seemed to be pretty much the same activities that we have.

We sang the "Brownie Smile Song" and closed with "taps and a squeeze."

Sheryl Kiel, scribe.

BROWNIE TROOP 169
Brownie Troop 169 met Monday, April 13 at the Congregational church. Seventeen members were present. We collected dues and had refreshments furnished by Laurie Inbody.

We had the flag ceremony, then went into the "Brownie Ring." In the "Brownie Ring," we learned the seventh Girl Scout law and reviewed the laws that we had already learned.

Some girls punched the holes in their "sit-upons," while others sewed theirs. Mrs. Heller helped us sew today.

Senior Scout Laura Prinzing led games today while our leaders helped individual girls.

We closed with a "squeeze and taps."

Veronica Satterthwaite, scribe.

BROWNIE TROOP 58
We started our meeting with the opening held by the "Stars." We said the pledge followed by the song, "America." Treats were brought by Bonnie Boyer. The girls are to bring their permission slips and pay their dues for the bowling outing on April 25.

Other future plans are a camping trip on June 6 and a hike sometime in May. Games were by the "Arrows;" they chose "Musical Chairs." We discussed some more of the "My Troop" badge. Then, we had the closing by "Lucy and Her Gang." "Mod Squad" stayed for cleanup.

Julie Chapman, scribe.

Homemaking Hints

For an outdoor children's party, use pairs of small two or three-inch clay pots as place cards. One can be filled with candy or party favors, the second could contain a small gift plant your young guests may take home to keep and care for.

How does your family compare? A survey shows that three-fourths of all American families do not eat breakfast together. One-third of all homemakers and a quarter of all husbands eat alone. Ten percent of the men do not eat breakfast at all. In one out of four households, one child eats alone without parental supervision. Six percent of the children go to school without breakfast.

SENIOR CITIZENS WATCH OUT!

As we get older our bodies are not as quick to heal as in early life. A broken bone of any kind becomes more serious when it happens to someone over sixty years old. It often involves a long period of time in a cast, followed by another period during which physical therapy is needed.

An older person must realize that they have to be much more careful in their physical reactions. They must especially watch where they are walking and avoid situations where a fall could be possible. If an older person should fall it is advisable to check with a physician quickly, even if it seems that no injury has occurred.

CUB SCOUT NEWS

PACK 455
DEN 13, PACK 85—

Last week we opened with the pledge. Todd Webster brought treats that were enjoyed by everyone. We played "Mother-May-I" outside and then went inside where we practiced an act for the Cub Scout Circus that will be held on April 23. We closed up with singing, "I've Got the Cub Scout Spirit."

Jim Klinkerbocker, scribe.

PACK 455
DEN 13, PACK 85—

It was a good kite flying day for Cub Scout Pack No. 415 Sunday, April 12.

Each boy designed and made his own kite. Prizes were given for the most unusual kites to Mark Shippy, first place, and Gary Packard, second place. The kite that flew the highest award went to Kevin Lytle, whose kite flew 3,000 feet. Eric Case won second place in this category. The most original kites were made by Bryan Haffner, first place, and Tom Gilman, second place.

There was no business meeting, but refreshments were served after the kite contest at the home of the Norm Bauer's.

Patrick Murphy, scribe.

THANK YOU

We would like to thank all our friends, neighbors, and relatives for all the kind acts during our time of grief; the flowers, food, cards and many visits were greatly appreciated. A special thanks to Mrs. Lita Marie Walter for all the wonderful donations to our memorial fund. A very special thank you to the Rev. Robert C. Jones for his comforting words.

The family of James Walter.

(Continued from page three) vinyl pool is especially enjoyed by the boys, who assisted in this family do-it-yourself project.

On the second level, one is sure to notice the fire-engine red sinks in the double vanity of the bathroom, at the head of the stairs. Each boy chose his own paneling and color scheme for his room.

This warm and comfortable home offers many activities for a family of growing boys. The large building behind the pool houses the family's horses and, in the future, will have bathroom facilities.

(Editor's Note: The remaining two homes, the Robert Merkel residence and the Dr. Gene Miller home, will be described in next week's issue of The Standard.)

Up with Beans

Someone should start a national society to promote the equality of the bean, the unsung hero of America. For example, it's not often beans make the front page, and it's also a rare day when broadcasters ever rise above, "Hey, don't spill the beans."

Traditionally, the bean has not received its just deserve with maltreatment by such adages as, "not worth a hill of beans," or "the Navy gets the beans," and "I don't know beans about it."

Fresh men collegians sometimes donned beanies to note their inexperience and subservient role on campus. Even Roy Bean, "the law west of the Pecos" (1825-1903), is treated with slight of hand as he is described as an "unorthodox" justice of the peace in Texas. Does anyone suppose there is something in the name?

But beans are as American and as good as apple pie. Historically beans were probably eaten before and after the Boston Tea Party. Who can deny it? Black eyed peas sustained the South during the war, while the Michigan Navy beans sustained the North. And beans nourished the cowboy on the range. Of course, our aim isn't to draw up sides, but beans do get beaned often, when really beans are the oldest and the cheapest, and the tastiest of the most wholesome and nutritious foods.

Out to prove that the quality of great tasting Michigan Navy beans are hard to match, some 13 years ago Gratiot county Farm Bureau Women began promoting the product with a bean smorgasbord. They were so successful that they have been doing it ever since.

This year's gathering included a crowd from all over the state. First time guests found it hard to believe the countless delicious ways beans can be cooked. Of course bean soup, thicker'n quicksand and hmm . . . good was served; and baked beans too; but there were also bean cookies, cake, rolls, and pies that taste like pumpkin and pecan.

Bean burgers, Hawaiian style baked beans, chocolate bean cookies, bean fudge, raised glazed doughnuts, and numerous and distinct salads are a few of the recipes created and gathered by the experts—the wives of bean farmers.

The county group of ladies even publish their recipes. Their chant is, "Eat More Michigan Beans." Our great state is the largest pea-bean producing state on earth.

Assemblies of God To Meet in Muskegon For District Council

The annual District Council of the Assemblies of God, Michigan district, will convene April 21-24 at the Central Assembly in Muskegon, under the direction of the Rev. Parvin Lee, district superintendent.

The First Assembly of God of Chelsea will be represented by its pastor, the Rev. T. B. Thodeson with Mrs. Dorothy Thodeson as lay delegate.

The Council will seek to strengthen its evangelistic ministry and accept the present world conditions as perilous, and heading into a tragic chapter of history.

The Council is composed of 208 churches and more than 400 ordained and licensed ministers.

Police Report Only Two Arrests for Week

Chelsea police activities this past week seemed rather slow as only two arrests and one accident were reported.

James Douglas, of 10377 Strawberry Lake Rd., Lakeland, was arrested and turned over to Livingston county officers on an old traffic charge.

Verne J. Moerkel of 120 Hiawatha, Munith, was arrested on a drunk and disorderly charge. He pleaded guilty and paid a \$85 fine.

About the only excitement reported was on Monday, April 13 when Charles Smith, 19, of 6693 Lingane Rd., hit a deer while driving his car. Officers responded to assist at the scene.

Port Wilkins at Copper Harbor in Michigan's Keweenaw Peninsula is the only wooden fort east of the Mississippi with its original buildings still standing, according to the Michigan Tourist Council.

If you are planning addition of a powder or mud room, make sure the water closet you choose is a siphon jet. Not only is it easiest to keep clean, it's also the quietest, an especially desirable feature for a first-floor facility.

For And About Teenagers

THE WEEK'S LETTER:
Some of the girls in our class have a problem. It's this one girl who last year moved to our school. At first she was real nice, but then after a few weeks it wasn't fun to be with her. She always complained about our school, its "rotten" boys and how she had many boyfriends in her other school. We told her just to give it a little time and she will have boyfriends. But, she kept right on complaining and asking us if we liked her. A couple of weeks ago some of us girls got mad at her. After this mad simmered down, we told her why we were mad at her. But, she wouldn't listen. What can we do? We know we have hurt her and we are sorry. But how can we say like her when she is like this?
OUR REPLY: You obviously like something about her or you would not be concerned. You like her. What you do not like is the fact she is critical of your school and, apparently, is a constant complainer. Tell her that you are sorry for the "mad", but tell her what caused, once more, and impress upon her that you cannot possibly enjoy her company unless she changes her attitude. The rest should be up to her.

Letters to the Editor

Dear Editor:

Let's all give a hand for the Boy Scouts. It made me feel really good to drive along Old US-12 and M-52 Saturday and see them at work. Such a job—picking up other people's trash—surely wasn't much fun, but they were willing to make some extra effort from which all of us now will benefit.

Maybe next time we are tempted to throw something out of a car window, we can think of those boys picking it up by hand, and save it for a trash container instead. (Or to be very practical, if the Boy Scouts don't do it, the state will—at the rate of 32 cents for each piece of litter—and that's our tax money!)

So thank you, boys, for setting your elders (and your peers) a good example!

Sincerely,
Malinda Warner.

To the Editor:

Last week's article "South School Parents Form Organization" failed to tell the whole truth. Since it was I who made an issue of student rights at the South School meeting, I feel that I should elaborate on the published account.

Quite frankly, interest was not shown in the area of student rights and constitutional freedoms. My impression was that the reaction to my remarks ranged from indifference to outright hostility.

One woman said that high school students are granted too much freedom already and indicated that it is desirable for students to fear their teachers. Another warned against believing your own child's account of his daily school experiences. A third young woman was so disturbed by my concern for student rights that she rose to her feet protesting, "I didn't come here to listen to this." She and her husband pro-

ceeded to leave, but later returned to their seats.

If anyone wonders why youth feels rejected, this meeting provided an answer. It was a perfect example of adults badmouthing kids when they should have been reviewing their attitudes and scrutinizing Sylvester Wojcicki's administration of South school.

South school is the school where two young girls (one of whom was my daughter) were ordered out the back door, without their coats, and compelled to run about one-eighth of a mile over a playground course with the wind chill temperature hovering at minus 10 degrees. Later the same day, this same misguided person struck my daughter on the head with her knuckles, for merely making an error in a square dance routine. South school is also the school where your child may not hold the hand of another child in the hallway, and where she may not go to the restroom with that child.

I could continue ad nauseum, but perhaps I've made my point. There is a problem at South school. Sylvester Wojcicki and the South school PTA aren't the solution; they're part of the problem.

Walter Brauminger.

To the Editor:

Just another correction on your April 9 copy identifying the mystery men of the old Waterloo Band. The name of the third mystery man was Reuban Palmer. You had it misspelled. Also, the band director was Aaron Snyder, not Erin Schneider. Also, two other members were Florenz Moeckle and Reuben Moeckle (you had it Nagel).

I knew all these men personally and several were relatives. George W. Beeman, the bass drummer was my father, and Leigh, my brother.

Just thought it would be nice if you ran the picture again with all the names spelled correctly. It would clear up a lot of guessing.

Wishing you could print more local neighborhood news. I miss that part so much. I've taken the paper for over 50 years and have lived in Jackson most of that time, so my only contact with Chelsea and vicinity friends was through the local news part.

Wishing you future success, I am

Mrs. John (Nina) Dyke-
master
Jackson, Michigan 48202

P.S.: I believe there is only one living member left in that band and that is Clarence Lehmann. I'm not sure of Reuban Palmer as I don't know where he lived. Dr. A. A. Palmer or any of his family could tell you.

GOVERNOR'S PROCLAMATION ENVIRONMENTAL AWARENESS WEEK

The earth is a self-contained, life sustaining environmental envelope containing a narrow band of useable atmosphere, a thin crust of land, and a supply of useable water. These physical resources are limited in quantity and play an essential role in the chain of life.

Modern society has been altering this environment and the essential ecological balance within it. Residual pesticides, noise, dirty water, excess solid wastes, enlarging population, and diminishing open land and forest areas are forms of man's encroachment upon and destruction of the quality of our environment.

The citizens of our country and state are becoming concerned about the quality and future of their environment, and government, universities, and the Governor's Advisory Council for Environmental Quality are attempting to establish standards, regulations, laws, action programs, and research programs which will effectively reduce the destruction of our environment and preserve its quality.

Certain citizens organizations and student clubs are actively involved in improving our environment by eliminating pollution, educating our citizens, and campaigning for full awareness of these problems.

A national effort to encourage citizen concern, increase citizen awareness, and improve citizen knowledge of environmental importance, problems, and improvement is taking place during April of 1970.

Therefore, I, William G. Milliken, Governor of the State of Michigan, do hereby proclaim the week of April 19 through April 25, 1970 as

ENVIRONMENTAL AWARENESS WEEK

in Michigan and urge all governments and all persons and organizations interested in our environmental quality and in the health and welfare of the people of Michigan and future generations, to mark this week with renewed interest, participation, and effort to learn of our problems and to take active roles in supporting its improvement.

Given under my hand and the Great Seal of the State of Michigan on this eleventh day of March in the year of our Lord one thousand nine hundred and seventy and of the Commonwealth one hundred thirty-fourth.

William G. Milliken
Governor

Producers Can Help Speed Farm Program Payments

With the ending of the sign-up period in the voluntary feed grain and wheat programs, Earl Doletzky, chairman of the Washtenaw County Agricultural Stabilization and Conservation (ASC) Committee, reports many inquiries are being received on what farmers can do to help speed farm program payments.

The U. S. Department of Agriculture plans to begin 1970 farm program payments early in July and complete them by mid-August.

"As soon as the farm operator certifies compliance with program provisions, the county ASCS office will begin processing papers for the payments," said Doletzky.

Of course a farmer must be in the feed grain or wheat program first of all, the ASC committee chairman said. Enrollment in the 1970 farm programs is not automatic; a farmer must be signed up at his county ASCS office in order to participate and become eligible for farm program payments and price-support loans.

When signing up for a program, producers should take into consideration the acreage to be devoted to each crop and land use, including the acreage to be diverted into a conserving use.

Compliance means limiting crop acreages to that indicated in a sign-up intention, Doletzky said, as well as complying with other provisions of the programs. "The

measurement service, offered at cost by the county ASCS office, will help most farmers in this regard," he said. He urged farmers in one or more of the 1970 farm programs to request measurement as soon as possible if they have not already done so.

The ASC committee chairman sign their certification of compliance until they know their farm is in shape to be checked for compliance. A spot-check can be made at any time after certification—and if a farm is out of compliance, the producer can lose some of the best thing a farmer can have: the best thing a farmer can have is his farm payments.

"The best thing a farmer can have is his farm payments," Doletzky said.

THE LANSING REPORT FROM senator GIL BURSLEY

Lansing—Some legislative eyebrows were lifted this week with the disclosure that increasing numbers of Michigan college students are receiving federal food stamps—normally intended for the poor.

It is all legitimate under rules of the United States Department of Agriculture, which controls the program. Michigan taxpayers apparently are being tapped only for a portion of the cost of administering the program.

When the question was raised in one county about students receiving food stamps some time ago, the Department of Agriculture sent orders through the Department of Social Welfare that this, indeed, was entirely permissible.

This is the way the program works for students: Married or single students who have cooking facilities off-campus are eligible to purchase food stamps if their income is low—not more than \$125 a month for a single person, \$185 a month for two, \$225 for three, \$265 for four, and so on.

Depending on their income and the number of persons living together (several single students may form a "household"), they are certified to purchase the stamps which may be used to purchase domestically grown food at certain designated stores.

The stamps entitle them to obtain food, whose cost exceeds what they pay for the stamps. For example, in a four-person "household" with a monthly income of not more than \$150, the "family" pays \$37 for stamps and obtains \$106 worth of food coupons. The difference—\$69—is the "bonus" or amount available for free food.

A spot check of counties where several state-supported colleges and universities are located disclosed that students in varying numbers are availing themselves of these stamps.

Said one legislator: "I realize that this is a federal project and we have nothing to say about it. But sometimes I wonder how much more we are going to have to do for our college students—many of whom show their appreciation by smashing officers and generally disrupting campus operations."

"Through appropriations to our state-supported colleges and universities, we subsidize every student—including hundreds from other states and other countries—by from \$1,200 to \$1,500 or \$2,000, depending on the school.

"Then the state provides hundreds of scholarships—many of which go to students who aren't above stretching the truth about their income.

"Now I find that many of our students are getting free food through the federal government. "It is no wonder that some students can drive around campuses in \$4,000 and \$5,000 cars.

"I am strongly in favor of helping deserving students within reason—but sometimes I just wonder

'My Mean Mother'

"I had the meanest mother in the whole world. While other kids ate candy for breakfast, I had to have cereal, eggs, or bacon. While others had cokes and candy for lunch, I had to eat a sandwich. As you can guess, my supper was different from other kids, too.

"But at least I wasn't alone in my suffering. My sister and two brothers had the same mean mother as I did.

"My mother insisted upon knowing where we were at all times. You'd think we were on a chain gang. She had to know who our friends were and what we were doing. She insisted that if we said we'd be gone an hour, that we were gone an hour or less—not one minute more. I am nearly ashamed to admit it, but she actually struck us. Not just once, but each time we did as we pleased. Can you imagine someone hitting a child just because he disobeyed? Now you can begin to see just how mean she really was.

"Ah, yes, but the worst is yet to come. We had to be in bed by 9 o'clock each night and up early the next morning. We couldn't sleep till noon like our friends did. So while they slept my mother actually made us work. We had to do dishes, make beds, learn to cook, and all sorts of cruel things like that. I even believe she laid awake at night and thought up mean things for us to do.

"She always insisted on our telling the truth, the whole truth, and nothing but the truth, even if it killed us—and it nearly did sometimes.

"By the time we were teenagers, she was much wiser, and

the bill will provide increases in jobs pay for single persons from \$46 to \$53 a week and for a worker with a wife and three or more children from \$76 to \$87 per week.

"All because, you see, God gave me the meanest mother in the whole world—and I hope I can be just as mean to my children as she was to me."

Best wishes,
(Mrs.) Lindy Rich.

Local Ford Salesmen Cited

Palmer Motor Sales, Inc., of Chelsea has announced that three area men will be honored at an April 18 banquet of the 300-500 Club, a nation-wide organization of top Ford salesmen, to be held at Detroit's Latin Quarter Restaurant.

Bob Rentschler of Dexter will be honored for his "consistent excellence over a 10-year period as a salesman in the highly competitive automotive business," according to J. Carver Wood, Ford Division Detroit district sales manager.

Chelsea residents John F. Popovich and Lyle Chriswell, also of Palmer Motor Sales, will be likewise honored at the April 18 banquet. Each man will receive his 300-500 membership pin for outstanding sales achievement during 1969. Less than half of Ford's 27,000 salesmen nationally
