Michigan Week Has Something For Everyone

Community Pride Day Saturday Starts Annual 'Brag Week' Activities

Activities for Michigan Week, scheduled between May 10-23 include many events. Among them are the following:

Community Pride Day, Saturday, May 16—Since this day accents the pride each resident has in his community specifically and in Michigan generally, chairman Peter Flintoft has arranged to have the Boy Scouts plant trees in Pierce Park. All residents are urged to dispose of refuse, clean up the streets of Chelsea, and help eliminate civic eyesores. To aid residents, high school students will sell refuse bags door-to-door.

Spiritual Foundations Day, Sunday, May 17—Under chairmanship of the Rev. John Morris, the clergymen of Chelsea will incorporate a Michigan Week observance into their services to help fulfill the state's goal of having the churches lead Michigan citizens in paying tribute to the part that religion has played in the history and development of the state and its communities and in recognizing its part in Michigan life now and in the future.

Our Government Day, Monday, May 18—The role of government in the lives of Michigan citizens is to receive special attention on this day. The exchange of mayors and village presidents is traditional. Chairman Tom Dmoch says that Chelsea will exchange its Village President Mac Fulkers for Milford's Mayor Wilber Johnson. Mayor and Mrs. Johnson, accompanied by Milford's city clerk, Mrs. Donald (Norma Jean) Milzner and Mr. Milzner, will arrive for a reception and opening meeting at 8:45 a.m. at the Senior Citizens Center.

At 10 o'clock Community Fair Queen Jane Mann will lead a parade from Pierce Park to the Municipal Building, after which there will be a ceremonial flag raising. The flag will be one that has flown over the nation's capitol in honor of Chelsea and will be provided by Representative Marvin Esch.

The visiting mayor will then tour the municipal facilities and have lunch at the Medcenter. An afternoon tour of the village will include such places as the Methodist Home and Chelsea Milling Co.

Our Heritage Day, Tuesday, May 19—On a day set aside for paying attention to the proud history and heritage of the state and community, Chelsea has a number of activities planned under the chairmanship of James Daniels.

Antique automobiles will be displayed in front of McKune Library. Charles Spencer will show his miniature circus at Palmer's Ford garage; and several local women's clubs will display antiques downtown.

McKune Library will open their Chelsea Historical Room to the public. This room features among other things, Chelsea Standard newspapers dating back to 1890.

Our Livelihood Day, Wednesday, May 20—In honor of a day when Michigan residents are to give thought to how they earn their living, and as a community take stock of the industrial, business, agriculture, and other institutions which provide their livelihood,

Debate Club Sponsoring Road Rally

Members of the Chelsea High school Debate Club will sponsor a Road Rally in the high school parking lot Sunday, May 31 beginning at 1 p.m.

This, the second annual Road Rally will, it is hoped, provide funds to be used in sending four CHS debaters to summer institutes at Eastern Michigan University and Toledo University.

The four students who are scheduled to attend the two-week institutes which will be devoted to an intensified study program on this year's debate topic: "Resolved: that the federal government should establish, administer, and finance programs to control air and water pollution" include: Chick Lane, Janice Schramm, and Pat Pluck to Eastern Michigan University and Cindy Sawyer to Toledo University.

Registration for this year's Road Rally will begin at 11 a.m. Sunday, May 31 and will continue until the starting time at 1 p.m. Course of the rally will be a 1-1/2 hour drive through the countryside with prescribed checkpoints set up along the way. Penalty points will be awarded to cars who pass the check points too rapidly or too slowly according to the speeds set up for the course. Trophies for first, second, and third place will be awarded to the top three drivers having earned the fewest penalty points at the end of the race.

Last year's trophy winners included Rick Bollinger (first); Jan Michaelson (second); and Mr. and Mrs. Russell Pichlik of Ann Arbor (third).

Entry fees for the Road Rally have been set at \$2 per car, driver, and navigator and 50 cents for each additional rider.

Kiwanians Report Big Flower Sale

Chelsea Kiwanis Club reported that they had a perfect rating for the entire Division 10 for the month of April. Their rating was the result of perfect attendance at their meetings, complete reporting of all committee activities, and a net gain of one or more members for the month.

Eugene Duhamel, Bureau of Outdoor Recreation, was inducted at Monday evening's meeting as a new member. All Kiwanians are urged to make up missed meetings by visiting other Kiwanis clubs, attending board of directors meetings, Key Club or Circle K meetings.

Exchange president, Roy Jessie of Milan was quite impressed with the enthusiasm which Chelsea is showing. Jessie, along with Nicholas Klack, Russell Wardcutter and Kenneth Spurr formed an interclub from Milan. President Jessie was the guest officer in charge of the Monday meeting conducting all business as he would as if it were his own club in Milan.

Results of the Kiwanis Flower Sale held last Friday and Saturday indicate that \$1,678.10 was collected and at next Monday's meeting Chelsea will once again become the proud possessor of the coveted "chamber pot" in its own right.

Thursday evening (tonight), Chelsea Kiwanis Club president George Palmer, with a group of Kiwanians, will travel to Milan where they will conduct the meeting.

Monday's program was provided by International Relations chairman, Lu Muck and consisted of Sylvie Toinard, an exchange student from Lyons, France.

PREPARING TO LEAVE on his summer Odyssey to Alaska, Don Turner, Chelsea photographer and naturalist, poses with his trusty panel truck, his "home away from home." Turner will be loaded down with cameras and film when he departs Monday on his third trip to Alaska which he will again record in a travelogue.

Turner Leaving Monday for Third Summer in Alaska

With the coming of spring, some men's thoughts turn to love . . . or travel. While most people yearly yearn to quench their wanderlust, one Chelsea resident is about to indulge his to the hilt . . . again.

Don Turner, of 14285 Old US-12, a photographer and naturalist is packing his bags in preparation for Monday's third trip to Alaska.

In describing his trip, Turner said, "I'll be like the birds, the geese and the ducks. I'll migrate."

Four years ago, Turner spent his first summer in Alaska, joined for a few weeks by Ralph Guenther, hunting and fishing in the back woods. Together, they bagged two sheep, a bear, a wolf. His first trip was such a success that two years later, Turner returned and again spent the summer in Alaska visiting many of the places he had missed before.

Now, the wanderlust has returned and he is again off to re-visit the areas he has seen before and explore some new ones.

This trip, Turner reports that he will cross upper Michigan into Canada and make his way north through the Lake of the

Woods district, hitting Edmonton, Winnipeg, Manitoba, Saskatchewan, and Alberta. Along the way, he will camp wherever he can park his trusty panel truck, his "home away from home," and will fish for his supper.

Our traveling naturalist expects to reach Fairbanks during the latter part of June as he has a number of friends to visit along the way. From there, he will fly into Point Barrow and Kotzebue.

He expects to revisit Nome and the Valley of the 10,000 Smokes where a volcanic eruption, the most powerful ever to occur on the North American continent, rocked the mountains in 1912. From there, he will swing down into Kodiak Island and Mt. McKinley.

During this trip, Turner plans to visit the Pribiloff Islands in the Bering Sea, an area, renowned as the location where the nearly extinct fur seals meet to mate. He also hopes to visit at least one of the Aleutian Islands, located in the Bering Sea between Alaska and Siberia.

His journey through Alaska will be over the Alaskan Highway wherever possible; however, since his travels will take him into many of the remote areas of the country, he will be off the beaten path most of the trip. Some areas are so inaccessible that he will be forced to fly into them. He hopes to travel alone most of the time, but admits that some areas are so remote that he will be forced to take a guide.

Chelsea residents may expect regular news of Turner and his Alaskan Odyssey as he has promised to again send back articles whenever possible. He will be shooting more film of his adventures so next fall, his famous travelogue lectures may be enjoyed by one and all.

So while we sit and dream of the places we'd like to see, we can think of our own adventurer making his way through the Alaskan hinterlands. Where most of us will have to be content with merely saying, "I wish," Don Turner will say, "See you next fall when I return."

The girls track team of Chelsea High defeated Dexter, 50-31, in a dual meet Friday, May 8.

Vicki Meyer of Chelsea won the shot put with a throw of 29' 7" and Alicia Pierson won the long jump with her 14' 10 1/2". Alicia also won the high jump with 4' 2" while Cindy Leach was third with her 4' 2".

In the 100-yard dash, Becky Van Riper was first in 12.8 and Joan Youcum was second in 13.1.

Chelsea placed first, second, and third in the 50-yard run as Bonnie Wengren and Joan Youcum tied with their 3:7 and Vicki Prater came in with a 3:8. A run-off between Bonnie and Joan led to a first place for the former and a second place for the latter.

FBI Arrests 58 in Alleged Gambling Ring

Operator of Louie's Big Game Preserve Arrested in Crackdown

Eighteen simultaneous raids in Chelsea, Flint, Jackson, and suburban Detroit culminated in the FBI's cracking of an alleged \$250,000-a-day numbers racket and the arrest of 58 persons on Monday, May 11.

Louis (Big Louie) Ruggirello, 34, operator of the recently opened Louie's Big Game Preserve, lo-

ated about 7 miles north of Chelsea, was picked up late Monday at the game preserve. Located at 12780 North Territorial Rd., east of its intersection with Hanked Rd., the controversial game preserve is advertised in national sport publications as, "an area where customers may shoot buffalo, bear, deer, wild boar, and other animals within its 500-acre boundaries."

Ruggirello, who actually lives in Lathrup Village, is reported to own trailer courts in Saline and Farmington.

He and the 57 other persons arrested were charged with violation and conspiracy to violate provisions of the Interstate Transportation in Aid of Racketeering statute and nine others are still sought in connection with the alleged operation.

Attorney General John N. Mitchell called the raid "the largest federal gambling raid in history."

FBI Director J. Edgar Hoover said that an estimated 200 federal agents seized \$40,000 in cash, 57 guns, numbers slips, water-soluble paper, and gambling records.

Those arrested in Monday's raid were released on \$1,000 bond each pending trial. Conviction on the aid of racketeering charge carries a maximum sentence of five years in prison and a \$10,000 fine.

This raid marked the culmination of the third federal gambling probe in Michigan in recent months.

The first investigation involved what federal authorities termed a "national sports betting ring." After a series of raids which began New Year's Day, 10 persons were charged with conspiracy to violate federal gambling laws and six others were named as co-conspirators. They included such personalities as Baseball Hall of Fame pitcher "Dizzy" Dean and Howard Sober the wealthy Lansing industrialist who donated his home to the state for use as a governor's residence.

A second investigation involved alleged bookmaking activities in Flint. Detroit Tiger pitching star Denny McLain was called to testify at the Senate Subcommittee investigation and was later suspended by Baseball Commissioner Bowie Kuhn until July 1 for his "involvement with 1967 bookmaking activities."

To date there have been no arrests as a result of that investigation.

An FBI spokesman revealed that this latest set of raids came as a result of an investigation that has been in progress since early in March.

In announcing the arrests in Washington Mitchell said, "through operations such as this, the administration is convinced we can dry up the biggest source of funds of organized crime in this country."

Rockwell To Close Plant In Ann Arbor

North American Rockwell Automotive Division's mechanical spring plant in Ann Arbor, a small sister operation of the plant here in Chelsea, will cease operations as of June 1 announced William Marsh, general manager of mechanical spring plants.

The Ann Arbor plant employs 18 persons in a 22,000 square foot operation while the plant in Chelsea employs 175 persons in a 125,000 square foot facility.

Marsh's explanation for shutting down the Ann Arbor plant was that, "business at the plant has decreased to such a point that an efficient level of activity can no longer be maintained and current economic conditions require that we take this action."

Discussions of the conditions of termination of employment and job counseling are currently being conducted with United Automobile Workers Local 38.

Torsion bars and spring assemblies are produced at the Ann Arbor plant. Marsh said it has not yet been determined how the operation will be split up and absorbed among the other division plants.

Injury Averted When Bike Rider Strikes Car Door

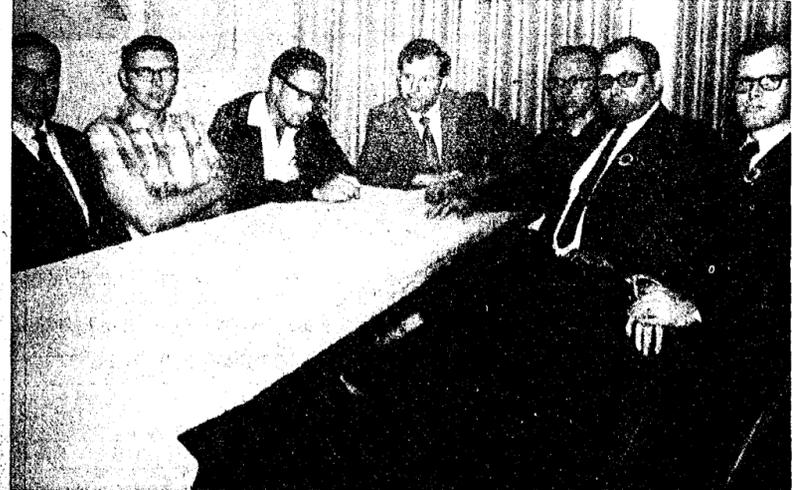

Things aren't always what they appear?

Tuesday afternoon, Floyd Risner, 14, son of Mr. and Mrs. Mort Risner, 128 W. Middle St., was riding his bike in the S. Main St. shopping area when he suddenly lost control of his bike and hit the door of a parked car.

Mrs. Martin (Jeanette) Tobin, operator of the vehicle said she was "opening her driver's side car door when the boy ran into it."

Because he appeared to be in great pain, an ambulance was called and the boy was taken to Chelsea Medcenter where examination revealed not even a scratch and he was released.

He was later seen playing and showed no visible signs of his mishap.

Freaks Freak Out In Kalmbach Rd. Love-In Affair

4720 Kalmbach Rd., Sylvan township was the scene of a minor freak-out Sunday, May 10 as approximately 60 hippies and area youths gathered to participate in a "love-in."

Posters concerning the widely advertised love-in had been liberally sprinkled around town and even distributed at the high school; however, interest on the part of area residents seemed to be minimal and attendance was sparse.

One observer commented that there were "nearly as many police present as there were participants and as a device to bring the young people of Ann Arbor, Chelsea and the surrounding communities together, it wasn't much."

LOUIE'S BIG GAME PRESERVE at 12780 North Territorial Rd., was the site of one of the 58 FBI arrests Monday night as the shooting preserve's operator, Louis Ruggirello, was picked up on a charge of conspiring to violate provisions of the Interstate Transportation in Aid of Racketeering statute.

Uncle Lew from Lima Says:

DEAR MISTER EDITOR:
 The delegation at the country store Saturday night was polled, Mister Editor, and some items brought up might be of interest to this year's crop of candidates. The ideas went from crime up or down, whichever way you want to figger.

Bug Hookum reported where in England the police take away belts, shoe strings and suspenders of wild boys. Them hoods is so busy trying to keep their pants up and their shoes on till they ain't able to throw bricks at the police. Bug moved that we adopt that system, and use it on everybody that's out to tear this country down.

Zeke Grubb allowed as how everybody is in favor of money, but they is a difference of opinion on just about everything else in this off-year election and ever other year. Ed Doolittle kept jumping up and trying to rile the floor, but the fellers gived Ed never could give a proper answer to the question "Fer what purpose does the gentleman rise?" and he didn't get to say nothing, except what he could slip in edgewise.

Zeke's preacher stopped by the store, and he ast the chair to yield jist long enuff fer him to move that the Constitution be amended to make it a federal crime to trump the bottom of the collection plate instead of dropping someone in. While he was getting in his requests, the preacher added that he wants a law to make print in Bibles at least as big as print in news-papers, to make finding out things easier fer folks that do someun besides watch television.

One of the fellers come out strong fer returning the quarter to a place of reasonable importance in our daily lives, allowing that he had give up on coins of lesser denominations. And he wanted the Government to slap a heavy tariff on hemp in hopes of getting a decent cigar. He seconded the preacher's motion about the size of print, and he amended the bill to make insurance companies give a magnifying glass with ever policy.

Josh Clodfoder, that don't have much to say at these sessions, come out in favor of bigger old age pensions to be give at a younger age, cause it takes a feller most of his working life

to go thru all the paperwork. By the time he final gits his Social Security, Josh allowed, he's too weak to work anyhow.

Clem Webster had saw where San Francisco wants to put new street cars in service to cut down on pollution, and he said he was all fer it. Ain't no street cars been made in this country since 1952, and San Francisco is having trouble turning back the clock, Clem allowed.

The caucus adjourned after unanimous favoring adopting 1939 prices and 1970 wages.

Yours truly,
 Uncle Lew.

Soil Conservation District Reports Tree Demand Up

Don Zeep, Ann Arbor, chairman of the Washtenaw County Soil Conservation District Board of Directors, reports that 400 land owners requested 206,000 trees and shrubs from the Soil Conservation District this spring.

Zeep stated that a total of 155,800 trees and 50,450 shrubs were ordered.

White pine topped all other tree species in sales with a total of 59,000 ordered. Scotch pine was second in popularity with 20,000 requested. Other tree species sold were: white spruce, 25,000; blue spruce, 22,000; and red pine, 21,500.

Laguna continue to show interest in improving conditions for wildlife. Zeep reports that orders for 600 wild shrubs this year near 600 trees and 50,450 shrubs were ordered.

Multiflora rose and autumn olive were the undisputed leaders among the shrubs. 13,950 and 12,500 were ordered, respectively. Other shrub species requested were: silky dogwood, siberian crabapple and wild grape. The special wildlife packets consisting of an assortment of evergreens and wildlife shrubs were also very popular.

Many of the trees and shrubs ordered will be used to plant hedgerows and make clump plantings in areas where natural cover is lacking. They are a good way of improving conditions for songbirds and other wildlife and of enhancing the countryside. These new trees and shrubs will soon be doing their part to make Washtenaw county just a little greener.

Drug Action Pushed
 People in Michigan communities who want to do something at the local level about the growing problem of drug abuse are offered a helping hand by the Governor's Office on Drug Abuse.

The office put together a 30-minute film showing different types of local programs to fight drug abuse which are already in use and meeting with success around the state.

The film, which recently debuted on a state-wide television hookup, is now being made available to civic groups and other local organizations to spur action in the field.

"What we're trying to do is get people to act on the problem," explains Alex Laggis, information director for the Drug Abuse Office. "So many films and stories you see now on drugs, just paint a bleak picture of the problem and stop."

When you're exposed to one of them, your reaction is the whole problem is a pretty terrible one and that's about as far as any reaction goes," he said. "This film tells people what they can do about the problem. It begins where the other films end."

The film includes footage of rehabilitation programs, interviews with dope addicts and education addicts, school drug education programs which are working and discussions with prominent citizens involved in the battle against drugs.

One section of the film features a drug education program now conducted successfully in the school system of the Detroit suburb of Utica. The school is one of the few around the state maintaining a full-time drug education program.

The film segment includes several grade school children being quizzed on what the effect of drugs are on a person. It illustrates how well the children in the program have learned the ill effects of the misuse of drugs.

Other areas featured include a privately financed project in Grand Rapids dealing with persons with drug problems, a month-long education program conducted in the city of Mason and a discussion of drug abuse which includes former Gov. John Swainson.

"We don't say these are the answers for other towns," said Laggis. "All we say is that here

are some programs on the local level that are working right now."

If people are truly concerned about doing something about drugs on the local level, we're telling them something can be done," he said.

"It's not a problem that is going to be solved by federal grants alone," Laggis said. "We've got to get active locally. And that's what this film tries to do."

Litter Costs
 Those bottles, cans and other pieces of trash you see strewn along the highway when you drive are costing you money.

It is costing the Michigan Highway Department more than \$1 million this year to pick up trash along the 9,222 miles of state highways.

And more than \$600,000 of this is for the collection of bottles, cans and paper items discarded by litterers as they drive along the highway.

A recent national survey concluded that 59 percent of the discarded items are made of paper, while 16 percent of them are cans. Three-fourths of the cans are beer cans. Another 6 percent were bottles and jars.

The department's chief maintenance engineer, Paul J. Marek, says "The volume of litter we pick up is about twice what it was not very many years ago."

"Part of the increase is simply the result of more cars on the highways," he said. "Part of it, however, can be blamed on the growing carelessness of people."

Marek is hoping that the growing awareness of the dangers of pollution may stem the litter tide.

He reminds anyone who has a can, bottle, paper cup or something else to throw from a car that there are 69 freeway rest areas, 100 roadside parks and more than 1,000 picnic sites along the state highway system. And each of these areas is equipped with trash barrels. Most gas stations and proprietors are glad to have motorists use them.

And there is something to be said for keeping one's trash in a container in his car until he gets home for disposal there.

Wait 10 Weeks Before Inquiring About Tax Refund

Detroit—10 weeks from the date a Federal income tax return calling for a refund is mailed, the taxpayer should have either his check or a letter explaining why it is held up, Thomas A. Cardoza, District Director of Internal Revenue for Michigan, said today.

A taxpayer who has not heard about his refund should, therefore, wait 10 weeks before writing IRS. Most taxpayers will find their inquiry unnecessary if they wait this long, Cardoza said.

Millions of tax returns are handled every filing season at the Central Service Center which serves Michigan taxpayers. That many returns makes it practically impossible to locate a particular return and to answer any question about it until processing cycles are complete.

If it does become necessary to write, the taxpayer should indicate where and when he filed his return and give his name, address and Social Security number, Cardoza said.

ON WISHING WELLS
 Camden, Mo.—Eddie Miller, manager of the Bridal Cave at Lake of the Ozarks, reports that inflation has hit the wishing well. Last year the lake contained more quarters and twice the number of quarters and twice the number of dimes. The money is used for college scholarships.

Strict Sanitation Needed To Control Swine Enteritis

Sanitation and good management practices are the best ways to control swine enteritis, generally recognized as the most common cause of death losses in young pigs.

Dr. David J. Ellis, extension veterinarian at Michigan State University, says that since no effective treatment has been found, the control of enteritis must consist of an adequate program of prevention.

Although swine of any age may have transmissible gastroenteritis, it is the young animal of a few days to a week or so of age which is most severely affected.

Although the disease may occur at any time of the year, it is more widespread during the winter and spring.

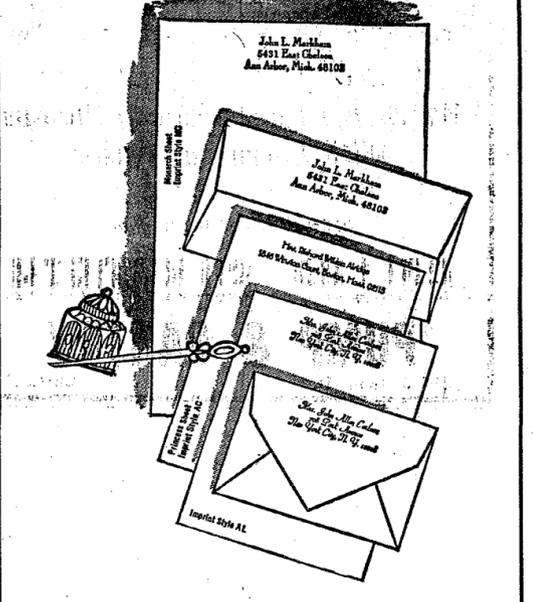

In young animals the symptoms include vomiting and diarrhea. Other signs are rapid dehydration and loss of weight, depression and evidence of chilling.

Fatality of 100 percent may be expected in pigs five days of age or younger. A 30- to 40 percent loss may be expected among pigs 11 to 15 days old.

The disease is transmitted from infected animals to susceptible animals through virus-containing fecal materials.

Dr. Ellis says an outbreak of virus enteritis is quite difficult to control in a herd under a continuous farrowing program because of the spread from one litter to another.

FHA Delegates Attend State Convention on WMU Campus

Three local girls and their sponsor attended the 24th annual Future Homemakers of America State Convention May 4, 5, and 6 on the campus of Western Michigan University, Kalamazoo.

The three Chelsea High students are Mary Niehaus, daughter of Mr. and Mrs. John Niehaus 3590 Fletcher Rd.; Barbara Durr, daughter of Mr. and Mrs. Adolph Durr of 204 N. East St.; and Janice Schramm, daughter of Mr. and Mrs. Paul Schramm of 5800 Stoffer Rd.

The delegates, selected on a chapter quota basis, represented 15 members from the Chelsea Chapter and were accompanied by their Home Economics teacher and advisor, Mrs. Virginia Dean.

The convention, with its four sessions held in WMU's University Auditorium, drew nearly 1,500 delegates, members, and advisors from 263 chapters throughout the state.

The convention was sponsored by the Home Education Service, Division of Vocational Education, Michigan Department of Education, Lansing. Mrs. Thelma L. Graper serves as state advisor.

Following the theme of "FHA Echoes Around the World," the major purpose of the convention was to stress two of the groups national projects—"To Dare Is To Care" and "Our World—A Growing Heritage."

Speakers at the convention included: Dr. John H. Furbay, lec-

turer, author, radio commentator, and global air commuter of New York City, who appeared through the courtesy of General Motors; the Rev. Msgr. Hugh Michael Beahan, director of radio and TV for the Diocese of Grand Rapids; Rita Ohler, vice-president of Central Region, Stanford, Ill.; Dr. James Miller, president of Western Michigan University. Symposium members included Chloe Ann Westfall, Mrs. Karen Walker, and Cheryl Sheathelm who were former state officers. Vocational youth representatives included: Donna Corbin, state secretary, Education Park, C, Grand Rapids; Robert Craig, state FFA president, Ovid, and MSU freshmen; Keith Vautherot, state president of Office Education Association of Michigan, Waterford High School, Pontiac; Ronald Englehart, state president of Michigan VICA, Lincoln High school, Warren; and Jodi Goodrich, immediate past state FHA president, Okemos.

Sharon Wolbers, state FHA president, Portage-Northern presided over the convention with the assistance of the other 12 state officers.

Researchers say full color photographic labels do affect a customer's choice of products. One salt manufacturer packaged his product in a colorful container and sales went up an average of 25 to 30 percent.

Girl Scouts Entertain Their Mothers

On Wednesday, May 6, members of Girl Scout Junior Troop 82 invited their mothers to attend their meeting. In attendance were 29 scouts, 23 mothers, and seven sisters.

Barbara Roy was in charge of the guest list and name tags. Refreshments were furnished by Suzanne Palmer, Gayle Hume, Sheila Erskine, Linda Brown, and Anne Schabile.

Entertainment followed in the form of a sextet. Clarinets were played by Mary Hume, Sandra Crouch, Nancy Hepburn, and Sue Ann Schuelek; Kathy Pierce played the flute; and Suzanne Morrison on the saxophone. They played "America," "Home on the Range," "Daisy," and "Colorado Trail."

A skit entitled, "Three Cheers for Mom" was enacted by Anne Schabile, Carolyn Schardelin, Cindy Pierce, Gayle Hume, Linda Brown. Songs were sung by Laurie Campbell, Kim Sloum, Dawn Klobucher, and Sheila Erskine. Susan Palmer played "Dark Eyes" on the piano and the Virginia Reel was performed by the girls in the sextet who also taught a Jewish dance to the rest of the girls.

More songs were sung by Judy Czarnicki, Nancy Knott, and Ann Marie Burgess. Gifts made by the girls were presented to their mothers.

Sue Ann Schuelek, scribe.

Letters to the Editor

Citizens of Chelsea:
Do you know what kind of literature is being distributed to the students of Chelsea High school? Monday afternoon, a leaflet was passed among the high school students. This same leaflet was distributed at various points uptown.

This paper was a combination of half truths, deliberate lies, and vile language that was an insult to the intelligence of any honest citizen. To think that this type of garbage is being given to our children in the schools is completely unacceptable.

It is time the people in this community, parents or not, opened their eyes to the realities around them.

It is time that parents learned to say, "this is as far as you go, and mean it."

It is time the school board and all others concerned with the welfare of our children laid down a sensible set of rules with suitable punishment for those who disobey.

Remember taxpayers: the parks and recreation grounds that these immature children wish to take over are paid for with your tax dollars.

Stop this situation in our schools before it goes one step further. This can effect your children and don't think it won't.

A Concerned Mother.

Editor's Note: Any adult desiring a copy of the leaflet in question may leave a written request with his name and address at The Standard office and we will see that a copy is provided for your "education."

To the Editor:
Whatever your taste, it should have been satisfied at Chelsea High school's presentation of the "Sound-O-Rama" under the direction of DiAnn L'Roy, Stuart Glazer, and Warren Mayer. It was a delightful musical experience and a heart-warming example of how the majority of our young people are spending their time.

Regardless of the length or style of their hair, cut of their clothes, or what their feeling toward the establishment might be, they as a team put together one of the finest examples of what our youth can do constructively that I have ever witnessed and enjoyed.

My only regret is that it wasn't seen by everyone in Chelsea. Hopefully, under the fine direction of our music department, our village will be able to enjoy this as an annual event.

Jerry Heller.

To the Editor:
I noticed that the article appearing in the May 7 issue of The Chelsea Standard concerning the E-Day Questionnaire did not contain any statements about why the results of questions asked are significant in terms of environmental degradation. It certainly would be a worthwhile exercise for your readers to consider the importance of the results.

A useful reference would be the booklet "Recipes for Environmental Action" which was distributed by the Beach School students as part of their E-Day activities. The source for this booklet may be obtained by writing to ENACT, 146F Natural Resources, University of Michigan for the booklet "Guidelines for Citizen Action on Environmental Problems."

Sincerely yours,
Douglas O. Stewart,

Camera Club Sets Silhouette Photo Making Session

Chelsea Camera Club hopes to create new interest in their activities and to this end has planned a special program dealing with silhouette making for their May 19 meeting to be held at 7:30 p.m. at the Sylvan Township hall.

Members are requested to bring Panatomic X film for use during the session and are warned that a flash is not used when silhouettes are made.

The club is planning to sponsor a silhouette making contest later when club members have mastered the technique used in creating these unusual pictures.

A sample of silhouette making appears below. It was taken from the collection of Mrs. Carroll Ordway and shows a Victorian lady.

of the mothers, and several fathers, raked the school yard.

Four newly-elected officers, Mrs. Peter Carey (president); Mrs. James Wilderon (vice-president); Mrs. Eric Gates (secretary); and Mrs. Dennis Mull (membership chairman), attended the May conference for teachers and parents of nursery school children. The conference, held in Lansing at Kellogg Center had many worthwhile workshops which enabled the participants to gain new ideas for their organization.

A Gas incinerator eliminates a lot more than trash.

It eliminates any kind of combustible trash and garbage. Even things like corn cobs, cloth and bones—things you wouldn't dare drop into a garbage disposal. It eliminates odor. Smoke. Noise. It eliminates slogging through rain and mud. Nothing else gets rid of so many different kinds of rubbish. Or so many different kinds of problems. No more risking back trouble lugging rubbish. No more pollution from burning trash outdoors. No more arguments about who carries out the trash. In fact, no more trash problems. See your appliance dealer or contact Michigan Consolidated Gas Company about installing a Gas Incinerator in your home. Then watch your rubbish problems disappear.

Co-Op Nursery School Notes

With the arrival of spring, the children attending Chelsea Co-Op Nursery have been very busy with many interesting projects.

The children planted vegetable seeds last month and gave the newly sprouted plants to their moms for Mother's Day. The containers were wrapped in foil and decorated with a perky bow. They have had a chance to pick lilacs from the bushes on the school yard. They enjoyed taking the "flowers" home.

The four-year-olds and the non-assist session have been talking about community helpers such as the farmer, policeman, doctor, etc. Officer Schneider, from the Chelsea Police Department, came to school to visit. He thrilled all the children with their turn at a ride in the police car. They had a chance to see the flashing light and hear the siren, radio, and loud speaker.

The children took a field trip on Monday, May 11 to the Charles Trinkle farm. There they had an opportunity to see many animals as well as a good deal of farm machinery, which intrigued the boys. The farmer was very busy getting the fields ready to plant his crops. Next week, the children will visit the Herbert Schairer farm in Dexter, where they will see many sheep and lambs.

Mothers of the nursery are also keeping busy. Several weeks ago, a yard bee was scheduled. Some

Last year BUX killed more corn rootworms than any other corn rootworm insecticide.

What makes Bux so special? A lot of things, including effective season-long control. Just a single application of Bux at planting time keeps corn standing tall right up to harvest. Besides that Bux offers several "extras." Extras no other rootworm insecticide can give you.

- It resists leaching in rainy weather.
- It's lower in toxicity. You don't need special clothing or equipment. Just follow what it says on the label.
- Corn treated with Bux can be fed to livestock.
- It won't bridge over in applicator hoppers or clog equipment.
- It doesn't have an objectionable odor like other insecticides.

So treat your corn to Bux. Before rootworms treat themselves to your corn.

JAYCEE AUXILIARY members will begin selling I.D. bracelets and necklaces May 22 to elementary and junior high school children's parents. The bracelets are suggested as a means of providing every Chelsea child with identification in case he or she becomes lost or is injured when away from home.

Jaycee Auxiliary Selling ID Bracelets for School Children

Since children of elementary school age seldom carry identification, the Chelsea Jaycee Auxiliary is offering to them (and others) the chance to purchase I. D. bracelets and I. D. necklaces. The stainless steel tags may bear the child's name, address, city, state, religion, phone number, and date of birth on one side. Other vital information may be engraved on the other side. "The life you save might be that of your own child," says Mrs. Robert Updegraff, from whom information may be obtained. Order blanks for the I. D. bracelets and necklaces will be distributed throughout the schools; North and South Elementary, Beach Junior High, St. Mary's and St. Louis on Wednesday, May 20, to be returned to the schools by the students on Friday, May 22. A member of the Jaycee Auxiliary will collect the envelopes from the schools. The I. D.'s will be mailed direct to the customer in approximately three to four weeks. "Let's see all the children in Chelsea with I. D.'s," urges the Auxiliary. "If a child should be injured, sick, or lost, immediate contact could be made with his parents through the tags."

IN MEMORIAM

There was no rhyme or reason for certain events in his life. He was satisfied to know it was God's will for him to go through strife. It has been almost a year since his struggle and strife came to an end. To call him back would be selfish of us for he knew God was his friend. In loving memory of Melvin "Red" Lamb. The Family.

SUNDAY'S SERMON

Work and God

When the Apostle Paul spoke to slaves who had accepted Christianity, he said: "And whatsoever ye do, do it heartily, as to the Lord, and not unto men." His purpose was to turn them away from the idea of rebellion and to impress upon them the truth that it is possible to serve God in many ways. In these modern times, it often seems that some men are slaves to achievement. Some seek riches, others fame. In so doing, they sometimes forget that there is judgement not only for what a man does, but as well for the "why" and the "how" of his actions. There is dignity in work that is dedicated and unselfish—and all such work is pleasing to God. Should the day come when man reaches out to embrace the universe, it will be a significant achievement, a day of destiny for man, as willed by God. Otherwise, the doing will result in nothing.

TODAY'S THOUGHT

By LOUIS BURGHARDT

Piece and peace. Two simple words. They sound alike. They're spelled differently, have different meaning.

Consider for example, "piece of mind" as it is commonly used and "peace of mind" as it too is commonly understood. "Piece of mind" is common. "Peace of mind" is all too uncommon.

Telling some one off with a "piece of mind" is one thing. Possessing "peace of mind" is different. "Peace of mind" even at its best provides only a TEMPORARY feeling of satisfaction. Once attained, "peace of mind" can be maintained — it gives PERMANENT satisfaction.

Wouldn't it be a wonderful world if people would practice less "piece of mind" and possess more "peace of mind" . . . ? BURGHARDT FUNERAL HOME, 214 East Middle St., Chelsea, Mich. Phone GR 5-4141.

Poppy Day Sale Slated For May 22

While everyone seems to have a different idea as to how the Vietnam War should be conducted, or even if it should be fought at all, the American people at least appear to be united on one subject.

No one can seriously argue that the wounded American servicemen should not be given the best possible care and that the country does not have a serious obligation toward the family of the man who has died in the service of the United States.

Possibly the best judge of what must be done for these unfortunate is the man who himself has endured the rigors, dangers, and hardships of military combat. It also appears that the leadership in helping them has been assumed by their former comrades-in-arms.

A visit to any veterans' hospital will disclose volunteers from the veterans' organizations and their ladies' auxiliaries working with the patients, arranging entertainment, distributing gifts, or passing on a word of encouragement.

The Veterans of Foreign Wars, composed of a million and a half combat veterans, also maintains a nationwide system of veterans services offices where the veteran may obtain assistance in his disability claim, apply for educational benefits, and receive advice on the many problems resulting from his military service.

Most of the costs of these services are paid for by the members of the VFW and its Ladies Auxiliary. But, a significant portion of them come from the sale of VFW Buddy Poppies to the public.

The Poppy Sale in this area will be Friday, May 22 with headquarters at the Korner House.

★ The Silent Scream

Perched atop the sand dunes along the shores of Lake Michigan, looking out on the lake, Mother Nature's brisk, cool whip of wind commands one's eyes to blink. Turning them to the back side of the dunes, one sees her work on the landscape. The rolling miles of tree tops are spotted with ripe, red fruit—the best in the world, growing right here in Michigan, one of the most diversified agricultural states in the 50.

Experts say this fruit belt could not exist if it were not for those winds cooled by the lake water as they blow across from the west. They say the cool wind retards the budding process and lessens a chance of a freeze-out in the first months of the new year.

If Lake Michigan warmed up and caused the temperature of the air to rise a few degrees, it could cause havoc along the fruit belt. Warm winds could cause early budding and possible freeze-out if temperatures should drop. Warm winds can destroy the fruit crop, that's plain.

South, southwest, west, down the beach, past the breaking caps, out where the wind begins to push the waves and cool itself, the waters are heating. Industry is circling the cupped bottom half of gourd shaped Lake Michigan. More factories are moving in—more hot waste spills into the Great Lake. Industry's machinery systematically grinds out production and belches its hot sweat into the lake, while Mother Nature, in animation, shrieks "Stop."

But it must be the same "silent scream" nature has endured for decades. Man has only recently begun to realize he must push the brake on the ghostly steamroller of his creation. Because it is true, without our agriculture we will not need other industry.

It's time to evaluate our priorities. The question is not posed to end industry, but to suggest a redirection of growth, starting with relocation of many existing factories and future industrial complexes to areas more compatible with the environment.

Along the shores of Lake Michigan, by the fruit belt, the "silent scream" of Mother Nature can at most be heard, while five percent of the population (farmers) continues to produce crops and warn others of their folly.

CIGARETTE BILL

The Senate has passed a bill (75 to 9) that would ban cigarette commercials on radio and television after January 1, 1971. If passed by the House, Senator Warren Magnuson (D-Wash.) said that it was a most "satisfying chapter" in the congressional efforts to face up to the dangers of smoking.

THANK YOU

As of May 10th I have resigned as Manager of Stop & Shop Supermarket.

Twelve years ago in August of 1958 I came to town to open the store in Sept.

My experience as Manager has been most satisfying. The people of Chelsea and surrounding area are wonderful to do business with. It has been my pleasure to serve them.

All of my store personnel have been hired locally, including many high school and college students. I owe all of these employees over the last 12 years much thanks for a job well done.

The owners of the company, especially Joe Rucker, have been terrific to work for.

They have always given me their full support and co-operation. I hope the community will continue to support this fine company who brings them top quality merchandise at a fair price.

The new manager, Jerry Hammersmit, is well qualified; and I'm sure he will continue to see that the people of Chelsea get the service they deserve.

My grateful thanks to everyone for making my stay as store manager a successful, pleasant and heart-warming experience.

Sincerely,
Gene Shoemaker

SOUTH ELEMENTARY SCHOOL NOTES

Subic Bay, Philippines—Navy Petty Officer First Class Michael H. Walsh, son of Mrs. Hugh G. Walsh of 134 Adrian St., Manchester, Mich., was awarded a citation of commendation during ceremonies with Harbor Clearance Unit One, U. S. Naval Station, Subic Bay, Philippines.

He was cited for outstanding performance of duty as leading yeoman while serving with the Staff of Commander Destroyer Squadron 31 aboard the guided missile destroyer USS Parsons during combat operations against the enemy.

Thank you, Mrs. Sprague's third grade, for displaying your dioramas in our library. Our paintings have been furnished by Mrs. Bower's and Mrs. Michelson's kindergartens.

Our Safety Boys, under the direction of their leader, Mrs. Senne, have purchased and planted two tulip trees in the front lawn of South school. They certainly are a beautiful addition to our grounds.

We planted green beans and took them home on May Day. Perhaps they will have green beans on them someday.

Last week we visited the bank in Chelsea. It was fun to see where our money is cared for and counted.

The visit to Barbara Ashley's grandmother's farm was such fun. We saw cows, ponies, ducks and geese. It was a beautiful drive, and we all enjoyed our trip—especially the cookie that Mrs. McCormick gave us.

We are learning addition facts for 11, 12, and 13. In reading we are learning about the vowels—a, e, i, o and u, and the sounds they make.

May birthdays are: May 3, Marcia Warren; May 17, Cliff Williams; May 21, Shelly Umstead.

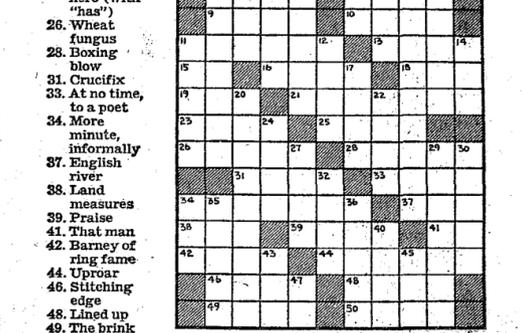

Room 5 Teacher: Mrs. Thodeson Reporters: Billy Reed Tami Schulze and Tony Klobuchar Ray Williams was seven years old on May 5.

Room 6 Teacher: Mrs. Lopez Reporters: Shawn Pierson Harold Cook and Lisa Luckhardt May birthday—Allison Clemes.

Room 7 Teacher: Mrs. Bower Reporters: Jerry Gerbil and Sugar, our parakeet, still live with us and our goldfish and catfish, too.

TIPS for your TOP

from

TODDY and FRAN

Usually we suggest you get your hair ready for a party. This time, in reverse, we suggest you get a party ready for your hair—more or less. Seriously, we'd like to see you have more fun than a bonafide social party by giving a wig party. Our Crown and Glory wigs are honestly a delight. You'd have no wishy-washy "maybes" if you invited your friends to come over for a get-together to try on wigs, with no obligation, lots of laughs—more fun than kids trying on Mom's old clothes. And there could be a bonus in it for you if all goes well—in addition, that is, to just the excuse for having your friends in for a good time. Call us and ask about the Crown and Glory wig parties we arrange. If it doesn't sound like a lot of fun, there's no pressure to have one. But we'd like to share with you . . .
