## Fireworks Display Slated At Fairgrounds

### For 11th Consecutive Year Legion, Kiwanis Club Sponsor Free Show

For the 11th consecutive year Chelsea's annual Fourth of July fireworks display will take place Saturday at the Chelsea Community Fairgrounds under the joint sponsorship of Herbert J. McKune Post No. 31, American Legion and the Kiwanis Club of Chelsea.

Both organizations promote the annual event as one of their community service projects.

Begun many years ago by the Legion Post, it was originally held at the Legion Home at Cavanaugh Lake each year. Changing the location of the display was necessary due to the need for additional space since the large crowds who attended could no longer be accommodated at the lake. In addition, the traffic was more than could be safely handled.

With the greatly-expanded area at the fairgrounds, everyone in the community is encouraged to "bring the entire family" to enjoy the free fireworks display.

Chairman of the fireworks committee is Elton Guenther who has acted in that capacity for many years. He plans on displaying approximately the same fireworks as last year in spite of a rise in cost this year to the sponsors.

The Legion Post also sponsors an ice cream social preceding the fireworks. The social begins at 5 p.m. and Donald O'Dell, chairman of that part of the evening's program, says a complete supper

will be available featuring barbecues, hot dogs, home-baked beans, potato chips, coffee and soft drinks, as well as ice cream and home-baked cake.

The fireworks display will begin as soon as it becomes dark.

## 'Let Freedom Ring' Ceremony Set for July 4

Just as Christmas is more than just pretty presents, so the fourth of July is more than just flashy fireworks.

To help commemorate the historical significance of Independence Day, Greenfield Village and Henry Ford Museum are presenting an hour-long, free "Let Freedom Ring" ceremony beginning at 12 noon on July 4 outside the entrance to the Museum and Village.

The observance, part of the International Freedom Festival, is staged on the steps of an exact reproduction of Independence Hall. Incorporated in the program will be a group of young people who recall each of the 13 original colonies, the Greenfield Village volunteer Militia, music from the past, descriptive history of some of our country's early flags, the

## Lima Township Residents Fight Utility Project

### Planning Commission Calls Meeting With Citizens for Monday Evening

Can the average citizen fight for his rights against big utility companies, such as Consumers Power Co. of Detroit Edison Co.? Yes, he can put up a good defense if he is united with other citizens similarly stepped on by big business. Whether something constructive results from the confrontation is unpredictable, but the first step is to band together and define the grievance.

For this purpose, Lima Township Planning Commission is hosting a meeting July 6 at 8 p.m. at Lima Community Hall primarily for local residents concerned with the proposed Detroit Edison power line to run through Bridgewater, Freedom, Lima and Dexter townships.

Gen. Dwight E. Beach, 11350 Jackson Rd., will preside at the meeting called to discuss Edison's right-of-way in the area.

This incident is only part of the larger issue at hand of the average man needing some protection against the violations committed against him by corporate concerns. William Van Riper, 1137 Haist Rd., chairman of the planning commission in Lima township, is currently incensed at the attempt by Consumers Power to lay a gas line through his property. He has taken the case to court because he feels he could never get much of a settlement individually. Van Riper objects to the present damage being done to his crops and the future damage to the value of his property. He also protests against Consumers Power tying up valuable land 11 years before it intends to use it. There should be some antidote to the poor planning of the utility companies, Van Riper feels.

Kenneth E. Haist, supervisor of Lima township, says, "We are trying to inform the landowners affected as to what is being paid for the land so that they won't be taken advantage of." The need for legislation to protect the citizens and to co-ordinate the planning of large utility companies so that outlying townships aren't hurt by the independent actions of the companies seems imperative.

Gen. Beach has outlined the particulars of Detroit Edison's proposed high voltage power lines in Lima township. Specifically, the planned double line goes from the Bridgewater substation to the east of Pleasant Lake, then angles slightly to the west to about the center of Lima township, then straight north, passing Lima Center about 1/4 mile to the east, then east of Four Mile Lake, then generally north to a new 60-acre Dexter township substation near the intersection of Colby and Riker Rds., and facing Madden Rd. The high voltage lines generally parallel Lima Center Rd., about 1/4-1/2 mile to the east of it through Lima township.

Construction is planned to start about June 1, 1971, on the lines which will carry power from the Monroe Atomic Power Plant now being built. The plan for the Detroit Edison high voltage line was developed in comparative secrecy until time to start acquiring land.

The inherent negative results of the power line, Gen. Beach states, for the citizens in the surrounding area include the danger of the voltages, the minimum farm price offer without allowance for damages offered by Edison, the adverse effect of the line on TV and radio reception in the area, and the eye-sore caused by the high voltage line in what is now a beautiful farm countryside.

Gen. Beach points out that the residents of Lima township will receive no direct benefit from the high voltage lines. Many will suffer through depreciated land value and there is a good chance that the high power line will make most of Lima township low grade undesirable area. People in the outlying districts end up paying disproportionately for "progress."

Solutions to the problem might include using already existing corridors of right-of-ways. In the particular case of the Lima area proposed power line, Gen. Beach says, there is little reason why two companies should have three parallel north-south right-of-ways within a 3/4 mile strip, each of which with perhaps a little expansion could do the job of all three. This might be a little more expensive for the companies involved and would require some co-operation between them, explains Gen. Beach. The easy solution, of course, is to make the local citizen who can't afford a high-powered battery of legal talent bear the cost. Gen. Beach believes that this is where government should step in and protect the citizen which so far it has failed miserably to do.

He suggests that if the Detroit Edison Co. proves that the high voltage line is necessary, it be forced to use either their existing right-of-way or the pipeline right-of-way, both of which are now in existence.

In this era of environmental concern, some attention should be directed to the gross misuse of right-of-ways. Gen. Beach points to six right-of-ways in the Lima area since 1954. State Agricultural Director B. Dale Ball says estimates are that "America's land resource is being gobbled up for uses other than agriculture at the rate of 3,000 acres per day, or one million acres per year."

Gen. Beach points out, "One of these days this country will run out of land that big companies and big government bureaucracies can exploit. Consolidation will be forced by necessity. For the benefit of present and future generations why not do it now?"

## Aug. 4 Primary Registration Deadline Near

### Friday Is Last Day To Register For Voting in Township Primary

Tomorrow, Friday, July 3, is the final day to register for prospective voters in the Primary Election to be held Tuesday, Aug. 4, throughout Michigan. Clerks in the townships of this vicinity have posted and published notices informing the public of the place at which registration is taken in their respective townships.

Residents of the various townships are advised to check the registration notice placed by that township's clerk for both location at which to register and for the registration deadline time.

At the county level, three local candidates have filed for the position of County Commissioner on the Aug. 4 ballot. The Dexter community includes portions of both District I and District II within Washtenaw county.

In District I, Jay L. Bradbury, former Lima township supervisor, was the single candidate to file a petition to have his name placed on the primary election ballot. Bradbury filed as a Republican candidate.

In District II, both Republican and Democratic candidates filed petitions to be placed on the ballot. Democrat Mrs. Dorothy Hunawill and Republican Neil Mast, former supervisor of Seio township, will be the pair listed on the Aug. 4 election ballot. Unless the voters indicate write-in candidates on the primary ballot, there exists no real contest for county commissioner for District I or District II in August.

Doctor township will have both Republican and Democratic parties represented on the August ballot. Democratic candidates whose names will appear on the primary ballot include Earl Dolatzky for supervisor; Robert B. Devine and incumbent clerk William Eisenbeiser, both seeking this party's slot for township clerk; Winifred C. Aberdeen, incumbent, for treasurer; Arthur Dolatzky for trustee.

Among the Republican candidates in Dexter township seeking a spot of the fall election ballot are John M. Tandy for supervisor; Neil A. Frank for township clerk; Mildred E. Hackney for township treasurer; Gary Allen Albrecht for trustee. The lone candidate to file for the position of constable in Dexter township this summer is Harvey G. Fischer.

Nurses taking the course ranged in age from 34 to 60, and one woman had been away from nursing for 26 years.

## McKune Library Opens Summer Reading Program

McKune Memorial Library will kick off its summer reading program with a tea for children and interested parents on Monday, July 6, from 1 to 3 p.m.

Children will be given a trip sheet to record the names of the books they have read.

A certificate will be awarded at the end of the six-week period to the most deserving youngster.

In Freedom township, John C. Miller, Republican, incumbent, has filed again for supervisor; Harold Eisenman, Republican, incumbent, filed for clerk; Walter A. Hieber, Republican, incumbent, filed for treasurer; Gilbert Luckhardt, Republican, incumbent, for trustee; and James McKeever, Republican, has filed for the position of constable.

Sylvan township has incumbent supervisor Maurice Hoffman, Democrat; incumbent clerk Daniel Murphy, Democrat, slated against A. S. Penhallegon, a Republican candidate for clerk; incumbent treasurer Fred Pearsall, Republican, filing a petition against Barbara Dresch, Democrat, for treasurer; incumbent trustee Reuben Lesser, Republican, has filed his petition again along with Lyle Chriswell, Democrat, for trustee; both the Republican incumbent constables John Pierson and Howard Walz have filed in Sylvan.

Lyndon township has George F. Bauer, Jr., Republican, incumbent, for supervisor; Doris M. Fuhrmann, Democrat, incumbent, for clerk; for treasurer, petitions were turned in from Therese Bott, Democrat, Nancy C. White, Republican, and Virginia C. Meyers, Republican; Norman Kaiser, Republican, has filed for trustee; for constable, petitions were received from E. Jay Hopkins, Republican, Donald Beeman, Republican, incumbent, Robert J. Meyers, Republican, and George S. Paxton, Democrat.

Sharon township reports supervisor petitions from Russell Kuller, Democrat, incumbent, and Allen A. Alber, Republican; for clerk, the incumbent, Duane Haseleschwerdt, Republican, has filed again; incumbent treasurer Herbert Jacob, Republican, has filed a petition; incumbent trustee Max D. Roodel, Republican, has turned in his petition; and for constable, incumbent Floyd Proctor, Republican, has filed against Walter Boike, also a Republican.

Webster township candidates will face no opposition in the primary election except by write-ins. Those filed as Republicans for the township officers include incumbent supervisor Carl Mast, veteran in this post; Mrs. Wana M. Baldus, incumbent clerk; incumbent treasurer Mrs. Margaret Mynning; incumbent

## Chelsea Jaycee Chapter Wins National Honors

Chelsea Jaycees were presented with two National Jaycee R & R (records and recognition) awards at the National Jaycee Convention held in St. Louis, Mo., this past week. The awards were the result of the local chapters involvement in the community during the 1969-70 Jaycee year.

After the Michigan State competition all of the local chapter's R & R books were submitted to National as a result of Chelsea being named the Number One Chapter in Michigan. At National, the local chapter competed with the other 48 state winners and won a first place in the area of "Americanism, Governmental and Public Involvement" and a second place in "Community Relations." The chapter also placed fifth in two other areas but the chapter was not informed as to which areas these were in.

In the "Americanism, Governmental and Public Involvement" notebook the local chapter submitted the following projects:

Millage Get Out and Vote Campaign, which brought a record number of voters to the polls.  
Voter Registration Program, which brought 90 people in to be registered.  
School Millage Survey, taken to

find out why the millage was defeated.

Special Use Permit Stand, chapter members didn't want junk yard at the edge of town.

Jaycee-Citizen Group Court Injunction, took the CEA, School Board, and School District to court to settle the 13-day-old school strike.

Chelsea School Millage Support, asked for and backed two-year millage for Chelsea School System.

Planning Commission Involvement, two Jaycees presently serving on this nine-man commission.

Recreation Council Involvement, one Jaycee presently serving on the council.

Citizens for Quality Education, one Jaycee served on this body.

Chelsea Community Chest Board, three Jaycees serving on this body.

In the area of Community Relations the local chapter submitted: Jaycee Fair Float, won first place in Community Fair.

Jaycee Fair Queen Candidate, entered local girl in Fair competition.

Chelsea Community Fair Involvement, various activities during Fair Week such as Fair Kitchen, etc.

public congratulation to winning football team.

OYM & OYE, honored local young men as Chelsea's Outstanding Young Man and Outstanding Educator.

Jaycees Plates, chapter promoted Jaycee license plates in chapter.

Jaycee Week, Promoted Jaycees during Jaycee Week.

Bosses' Night, honored Jaycees during a special meeting held during Jaycee Week.

Jaycee Father's Night, honored Jaycee fathers during special meeting.

Publicity Committee, over 1,800 two-inch columns of newspaper published on Jaycee activities in The Chelsea Standard during the year.

Two couples from Chelsea were present at the National Convention. They were Bob Updegraff and his wife, Barb, and Ed Greenleaf and his wife, Shirley.

Chelsea was the only chapter from Michigan to win national honors. Pat Nowak, Michigan's past state president, was elected a National Jaycee vice-president. The week-long convention ended with a 24-hour election, when they finally elected an Ohio Jaycee as the new national president.

WELCOME SIGNS: Glen Weir, Doug Robeson, and Rick Wales were part of a hardworking crew of Chelsea Jaycees who have given a new look to M-52. As you enter Chelsea from the north or south, you can't miss the new signs which were set up Saturday, June 27. Workers not pictured include Jaycees Art Steinaway, Tom Thalner and Walt Brown.

### Washtenaw County Chosen for Drinking Driver Test Program

Gov. William G. Milliken said last week that plans to reduce alcohol-related traffic crashes and deaths will be tested in Michigan's Washtenaw county and eight other parts of the nation during a three-year demonstration period beginning this summer.

The nine programs will be financed entirely through \$1.5 million in federal contracts administered by the National Highway Safety Bureau, according to information the Governor received from John A. Volpe, U. S. Secretary of Transportation.

The Washtenaw county program grew out of a proposal by the University of Michigan's Highway Safety Research Institute to reduce the problem of drunk drivers in the Ann Arbor metropolitan area.

Three major goals of the project are: to better identify drinking drivers through increased police patrolling and selective searches of driving records; to more effectively handle court cases and licensing of drunk drivers; and to increase public concern and knowledge about the problem.

The program will represent a co-operative approach to the problem of drunk driving through the combined efforts of court personnel, prosecutors, defense attorneys, police officers, physicians, and public health and social workers.

"This program goes beyond police or health programs alone to tackle the number one cause of traffic fatalities in our nation," the Governor said. "It represents a comprehensive attack by many groups on the growing death toll on our highways."

A weekly part of the county's program involves the use of the protective drug Anatabuse (tetraethylthiuram disulfide) to treat drivers who have a record of alcoholism.

The Governor said he believes the program will play "a catalytic role in making research findings meaningful and applicable to the very serious problem of alcohol-related traffic accidents."

Earlier this year, the Governor urged a clamp-down on the legal amount of alcohol permitted in the blood of drinking drivers.

"Drunk drivers, with their driving skills and abilities debilitated, are extremely dangerous and must be removed from the road," the Governor said. "This program will help reach that goal."

Administration of the Washtenaw county program will be lodged in several public and private community agencies, particularly the Washtenaw County Board of Health.

People who violate the sound laws of nature pay the penalty without fail. There is no commutation of sentence.

Rules Followed

One of the standard rules of political campaigning runs something like this: "If you are ahead of your opponent, then don't acknowledge that he (or she) exists."

The reasoning behind the rule is simple—why give the guy exposure when he's behind? And if he (or she) doesn't exist, then you don't have to answer campaign charges or engage in things like debates.

The rule is being followed in several campaigns during the current primary election. Perhaps the most notable one involves the Republican contest for the party's U. S. Senate nomination.

If you were to examine very closely all the campaign literature and all the speeches of Mrs. Lenore Romney, you'd still have no idea she has a primary opponent.

Her campaign against incumbent Democratic Sen. Phillip Hart completely ignores State Sen. Robert Huber of Troy.

When asked why she is ignoring Huber she says the Republican Party "should be unified and our main objective is beating Senator Hart. That is where I am concentrating my efforts."

When Huber challenged her to a debate recently she didn't even refuse the challenge, but merely said she had "no comment" on it.

And when a reporter pressed her on the subject by asking why she should be the Republican nominee "instead of Huber," she said only, "If you have to ask that question, then I feel sorry for you."

Huber hasn't taken this treatment sitting down. After some initial fears about the dangers of making any sort of political attacks on a woman, he started campaigning hard against her as well as for the nomination.

Huber says he feels Mrs. Romney is a "delightful" person, but she has no experience in government and thus has no business in the Senate.

In an attempt to exploit the "hossism" issue, he is calling her Mrs. George Romney rather than Lenore to call attention to charges her husband strongarmed the party to get the nomination for her.

Mrs. Romney is still considered a heavy favorite and as a result has not bothered to reply to Huber. But some Republican strategists are beginning to feel the original estimates that Huber would receive only 15 to 20 percent of the vote may be pretty light.

And if polls show Huber is making solid gains, it will be interesting to see whether Mrs. Romney begins to acknowledge his existence.

Poster Pollution Pondered

State Rep. Loren D. Anderson, R-Pontiac, is worried the current political campaign may contribute to the pollution problem now being pondered by most citizens.

As a result, he has proposed that all candidates for office make sure their campaign posters are pulled down after the elections in August and November.

### Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

It was generally agreed during the session at the country store Saturday that it is a good thing most folks don't have but one mouth to eat with. Otherwise, allowed Zeke Grubb, we'd starve afore we could decide which mouth to use.

The fellers was kicking around the trouble with all the hemming and hawing in the world, Mister Editor, and it was moved and passed unanimsly that if Eve had give Adam a choice of apples and pears she would of saved everybody a heap of grief, cause old Adam would be there yet trying to figger out which one to take a bite out of. It were that kind of a session, with everybody talking and nobody being able to decide what time to quit and go home.

Zeke got us started with this report where his preacher was visiting this family that had come to church a couple times. Final, Zeke said, the talk got around to joining the church, and the feller said they just hadn't been able to decide which of the churches around they wanted to join. It turned out, Zeke allowed, that the family has been living around here fer eight year and they still ain't visiting a church ever now and then trying to figger which one to honor with their membership.

Ed Doolittle was of the mind that our Bible way of living is based on not being able to make up our minds. Ed said he had saw where you can order this \$4 book that tells all about 75 different models of washing machines, so's you can pick out the best features of em all. Ed said that if some wimmin decide to send off to be in worst shape then ever trying to pick one out of 75. Just waiting for a woman to decide which way she wants to turn at a crossroad is enough to make men decide to stay off the road complete, was Ed's words.

Another item that come up was where the Government has reminded that GI loans fer all World War 2 servicemen runs out this month. Bug Hookum said it would be a sight in this world to see the fellers that will panic sudden and ask fer a loan, after trying to decide to start making house payments fer the past 25 year.

Take a thing like a holiday, said Bug, and try to get people to decide when to have it. The only thing you can bet on, went on Bug, is that the banks will decide to close on all the choices.

And I see, Mister Editor, where wimmin now has quit hemming and hawing about their hems and is trying to decide where their wasts is. The way things is going, I predict that wimmin's necklines, wastlines and hemlines will run together and they'll all run around naked.

Yours truly,  
 Uncle Lew.

**SUNDAY'S SERMON**  
★ Love Is Action  
Love is the most powerful force in the world. If love ruled the world, there would be no wars, no political confrontations. If the love was for real. Love cannot be for real if it is passive. If one who claims to love is not concerned, is not helpful, is not moved to action, love is a pretense, a sham. It is not love that leads one to adopt an attitude of "letting the rest of the world go by." It is not love that leads one to condone that which is wrong because the act is merely the expression of someone "doing their own thing."

**TROOP 420**  
Boy Scout Troop 420 held a Court of Honor Monday night, June 29 at the American Legion Post 31 Home.  
The meeting was called to order by Scoutmaster Cecil Clouse. The Scouts led the group in the pledge of allegiance to the flag. Scoutmaster Clouse showed a film on "Michigan Waterlands."  
A discussion on summer camp to inform the parents of the camp activities was conducted. The troop will be going to Bruin Lake July 19 for one week. Mr. Stoll and Mr. Warden will be with the boys at the summer camp.

The following awards were presented at the meeting: second class, Mike Platt and David Fletcher; first class, Steve Hanson. David Clouse received two merit badges, for citizenship in the home and cooking. David Stoll received his perfect attendance bar and one-year pin.  
Scouts dismissed the meeting with a closing ceremony. Refreshments were served by the scout mothers.  
On June 19, 20 and 21, the troop had a campout at the Hanson farm. Scouts enjoyed fishing, swimming, cooking and lashing. On Saturday night, June 20, many parents came out to see the camp. On Sunday morning the troop attended church at the Waterloo Methodist church.  
David Stoll, scribe.

TODAY'S THOUGHT

By LOUIS BURGHARDT

In our 4th of July celebration we ought to thank God our forefathers were so deeply religious. Some of them could have made a name for themselves in the pulpit as well as in affairs of state.

For example, Washington wrote, "I am sure that there was never a people who had more reason to acknowledge a divine interposition in their affairs than those of the U. S."

John Adams wrote, "I have been a church going animal for 76 years, from the cradle."

Franklin wrote, "I believe in one God, Creator of the Universe," and it was he who moved, "That henceforth prayers imploring the assistance of Heaven be held in this Assembly every morning."

Congress continues the practice to this day. Jefferson, during his trying days as President, began a writing, "The Life and Morals of Jesus of Nazareth."

It was later translated into three languages. Alexander Hamilton, just before his duel with Aaron Burr, wrote his wife, "The consolation of religion, my beloved, can alone support you; and these you have a right to enjoy. Fly to the bosom of God and be comforted."

Electors Unable To Make Personal Application, Procedure

SEC. 504. Any elector who is unable to make personal application for registration because of physical disability or absence from the Township, City or Village in which his legal residence is located, may be registered prior to the close of registration before any election or primary election by securing from the Clerk of the Township, City or Village in which is located his legal residence, duplicate registration cards and executing in duplicate the registration affidavit before a notary public or other officer legally authorized to administer oaths and returning such registration cards to the Clerk of the Township, City or Village before the close of office hours on the last day of registration prior to any election or primary election. The notary public or other officer administering the oath shall sign his name on the line for the signature of the registration officer and designate his title.

Unregistered Persons Not Entitled To Vote

SEC. 491. The inspectors of election at any election or primary election in this State, or in any District, County, Township, City or Village thereof, shall not receive the vote of any person whose name is not registered in the registration book of the Township, Ward or Precinct in which he offers to vote. (As provided under Act 116, P. A. 1954.)

Transfer of Registration, Application, Time

SEC. 506. Any registered elector may upon change of residence within the Township, City or Village cause his registration to be transferred to his new address by sending to the Clerk a signed request, stating his present address, the date he moved thereto, and the address from which he was last registered, or by applying in person for a transfer. The Clerk shall strike through the last address, ward and precinct number and record the new address, ward and precinct number on the original and duplicate registration cards, and shall place the original registration card in proper precinct file. Such transfers shall not be made after the Fifth Friday preceding any election or primary election (unless such Fifth Friday shall fall on a legal holiday in which event registration shall be accepted during the next full working day.)

Transfer of Registration on Election Day

SEC. 507. Any registered elector who has removed from one election precinct of a Township, City or Village to another election precinct of the same Township, City or Village and has not recorded such removal with the local Clerk shall execute a transfer of registration request, listing the new residence address thereon over his signature, with the election board in the precinct in which he is registered at the next ensuing primary or election. The inspector of election in charge of the registration records shall compare the signature thereon with the signature upon the applicant's registration record and, if the signatures correspond, then the inspector shall certify such fact by affixing his initials upon said request. The applicant for transfer, after having signed an application to vote as provided in Section 523 of this act, shall then be permitted to vote in such precinct for that primary or election only. The application for transfer shall be filed with the Township, City or Village Clerk who shall then transfer such voter's registration in accordance with the application. When the name of any street in a Township, City or Village has been changed, it shall be the duty of the Township, City or Village Clerk to make the change to show the proper name of street in the registration records, and it shall not be necessary for the elector to change his registration with respect thereto in order to be eligible to vote.

## Inland Lake Property Owners Fear Results of Public Access

A capital outlay budget bill which has passed the State House and Senate and awaits only Gov. Milliken's signature to become effective may affect local residents. The critical part of the bill is a \$43,000 allotment for the State Waterways Commission to buy access strips and build boat launching facilities on many lakes or river stretches not now accessible to the roving boater.

If the bill passes, some "private" inland waters will be opened up to the citizen with a car-top or trailer-boat and motor, but no watershore property of his own. Incentive for the proposal came from criticism that Waterways Director Keith Wilson has used his budget to build "yacht harbors for the rich on the Great Lakes."

On the other hand, Milliken has received complaints from a large number of property owners on inland lakes who believe that the state is in the process of acquiring property for public use of their particular waters. The list of some 174 individual lakes includes some private, man-made lakes, at great expense to private developers, investors and cottagers.

Among the lakes listed for this part of the state are: Base Line Lake, Cavanaugh Lake, Ford Lake, Independence Lake, Pleasant Lake, Jackson county: Pleasant Lake, Brown's Lake, Clark's Lake, Gillett Lake.

The lakes chosen for the list are those which might prove to be suitable public access sites; to boatable waters throughout the

**Farmers Receive Early Payment in ASC Programs**  
Farmers who have contributed to stabilizing markets for food and fiber and to the conservation of soil and water resources by taking part in the 1970 wheat and feed grain programs are receiving their program payments earlier this year than ever before, according to Earl Doletsky, chairman of the Washtenaw County Agricultural Stabilization and Conservation (ASC) Committee.  
The first batch of payments were made July 1. Additional payments will continue to be made as rapidly as farmers certify compliance with program requirements and as fast as individual farm records can be processed and checks returned to ASCS county offices for distribution to farmers.

### Extra Holiday Patrols Set By State Police

Michigan State Police car and plane patrols will give special attention to holiday week-end traffic from noon Thursday, July 2, to midnight Sunday, July 5, Col. Fredrick E. Davids, director, reported.

Noting that the state's traffic accident death toll to date is about 100 fewer than for the same period last year, Davids urged each driver to personally strive to continue this reduction.

"Although increasing traffic at this time raises the potential for accidents, caution and courtesy by motorists can minimize this risk," Davids stressed. "Drive protectively in congested traffic."

The department's three single-wing planes and a helicopter will complement the car patrols, weather permitting. District traffic officers and detectives will be used as needed as will members of the State Police reserve force. Officers from vehicle inspection activity also will augment patrol units.

Maximum patrol coverage will be provided from 3 p.m. to at least 9 p.m. each day of the holiday period. Special attention will be devoted to highway sections having had accident experience.

In the 78-hour July 4 holiday period last year traffic accidents claimed 34 lives. During the recent Memorial Day week-end there were 23 deaths.

**★ Farm Labor Facts**

How are things down on the farm? In 1969 the U. S. Department of Agriculture estimates that 2,571,000 people worked as hired farm workers and 1,824,000 of them were casual workers—working less than 75 days a year. Of these, 1,106,000 worked less than 25 days. Among these casual workers are 1,086,000 students, 325,000 housewives and 181,000 unemployed or other non-regular laborers.

Although casual workers make up 70 percent of the total farm work force, what they earn in a few days or a few weeks of the harvest is often averaged in with earnings of the much smaller regular farm work force to obtain an "average annual farm wage" which of course comes out abnormally low and is meaningless... much as if you averaged what you paid a boy to mow your lawn twice a month during the summer with the wages of a second boy working full time in a supermarket.

What about migrant farm workers? Many people mistakenly think that all farm workers are migrant. Actually, of the total farm work force of 2,571,000 only 257,000—less than one in ten—are migrants. The migrant work force has been declining steadily as farmers continue to mechanize operations. The numbers of migrant workers declined 12 percent in 1969 from the previous year.

What about wages? Most farm workers are paid on a piece rate basis. For the first time the USDA is reporting average piece rate earnings, which averaged, as of January 1970, \$2.24 an hour. When the piece rate is averaged with wage rates paid on straight time basis, the U.S. average for all farm workers in January 1970 was \$1.85.

More farm workers are employed in California than in any other state, and farm wages there are among the highest in the country. New USDA piece rate reports for individual states are not yet computed, but the average wage rate for California farm workers paid on an hourly basis, without board and room, was \$1.81 in 1969.

The U. S. Department of Labor estimates that earnings of piece rate workers exceed those of workers employed on a time basis by 54 percent. This would indicate average earnings of \$2.79 an hour for California piece rate workers.

A review of individual payroll records indicates many piece rate workers in citrus, grapes, and other fruits and vegetables earn up to \$4 an hour. Grape worker income for 10 months or more a year is \$5,000-\$6,000 and can climb to \$9,000 if other family members work during the harvest period.

Sheep Offer Profit Potential

Among states east of the Mississippi River, Michigan ranks fourth in sheep numbers, has the largest lamb market, and claims the top wool-producing county.

Detroit is the lamb market and Washtenaw county leads the eastern U.S. in wool production.

Michigan's potential for sheep production is much greater than present levels of lamb and wool production indicate.

As reasons for Michigan's high sheep production potential, Graydon Blank, Michigan State University sheep specialist cites the following:

Michigan lamb prices are usually the highest anywhere in the U.S. except for isolated specialty markets.

Sheep are especially suited for farmers who want to reduce their labor cost, yet market a large amount of roughage for 4-H projects and for persons working off the farm.

Another advantage to sheep production is that even during the winter, sheep can be fed out-of-doors.

In the past, the high cost of woven wire fence has been a problem for sheep raisers, but we now have enough experience with electric fencing for sheep to know that it will work.

PLEASE BE FAIR TO YOUR HAIR!

Often, loss of hair can be prevented or stopped but — because the person considers it "strictly hereditary" — he does nothing about it. While it is true that certain conditions relating to hair loss cannot be controlled, there are other conditions that can.

EVERYDAY CARE IS IMPORTANT.

Sometimes, the most simple method is the most effective. Proper washing with a good shampoo at regular intervals, sparing application of grooming aids, brushing, combing, protection from extremes in weather and an overall awareness that to be healthy you must take care of your hair.

DO NOT NEGLECT ANY SCALP CONDITION.

It is a fact that a head of hair that is plagued by a dandruff crusted scalp will not remain healthy very long. But, unlike not too many years ago, there are products available today that can keep even severe dandruff under control. Ask your physician to recommend one for you.

BEWARE OF "BALDNESS CURE" QUACKS.

There is no positive "cure" for idiopathic male-type baldness and other types are difficult to control. See your physician or dermatologist if you have a hair problem.

### Proportion Is Key To Dress Styling

"Accept what you are and learn how to make the most of it," urges Mrs. Helen Fairman, home economist with the Co-operative Extension Service in Washtenaw, Lenawee and Monroe counties.

Proportion or relation of your height to your width, is the really important goal to consider, Mrs. Fairman explains.

The secret is in choosing clothes that make you look as tall as possible in relation to your width. Whatever your particular figure, shape it.

The home economist suggests that fashion lines in clothing can influence the affect of proportion. The longer a section of dress is, without being cut by a vertical line, the greater is the illusion of height. Thus, high waisted or empire dresses have a very slimming effect.

Vertical lines can help make a figure look slimmer if they're used the right way. Vertical lines formed by darts and seams at the waist area make the waist look slimmer. This is especially true if the lines extend upward from the waist to the shoulder, carrying the eye upward and outward. A panel extending from the waist down makes the torso look slimmer and longer.

"No one design can do everything," Helen Fairman reminds women. "An A-line dress will slim the waist, but shorten the figure. A shift will lengthen the figure, but add to the waist. It all depends on the effect you want."

"Just remember that proportion in fashion is the combination of length and width that best sets off your own figure," Mrs. Fairman concludes.

### Eisenbeiser - Murray Wedding Performed Saturday Afternoon

Saturday afternoon, June 27, at 4 o'clock in the First Congregational church, Penny Eisenbeiser, daughter of Mr. and Mrs. Leslie J. Eisenbeiser, 20618 Island Lake Rd., was married to Donald L. Murray, of Beaver Falls, Pa., son of Mr. and Mrs. Ross A. Murray, International Falls, Minn. Approximately 125 guests heard the Rev. Daniel Keilin perform the marriage ritual and organist Ann McKernan play traditional wedding music along with "Ebb Tide" and "Theme from Romeo and Juliet."

The bride wore a floor-length, empire styled, slightly fitted wedding gown of, peau-de-soie. A front panel covered with chantilly lace, long lantern-style sleeves and a long flowing train of chantilly lace completed the dress. She wore a veil of elbow-length tulle secured by a lace applied ring. The bouquet she carried was of stephanotis and daisies surrounding a center cluster of yellow sweetheart roses.

Maid of honor, Lee Spaulding, of Eisenbeiser Dr., was dressed in a light blue dotted swiss gown with a tiny floral print styled similarly to the bride's gown except short sleeved. Lee carried a bouquet of daisies.

Best man at the wedding was Alec Murray, brother of the bridegroom, from Pelican Rapids, Minn. Ushers at the ceremony were Thomas Eisenbeiser, brother of the bride, from Ann Arbor; Dudley Knutson, cousin of the bridegroom, of Muskegon; and Dennis Clementi, of Milwaukee, Wis.

Mrs. Eisenbeiser chose a mint green dress with a matching jacket and beige accessories for her costume on her daughter's wedding day. Mrs. Murray wore a light yellow dress and lacey

You can increase efficiency in the kitchen by replacing an old sink with a two or three-bowl type to multiply its simultaneous uses. An aerator on the faucet creates bubbles in water that will cause soap to suds up faster and easier. Replace old drain plug with a "remote control" stopper installed next to the faucet.

Mrs. Richard R. Steinaway

### Karen Poertner, R. Steinaway Wed Friday at St. Mary Church

Karen C. Poertner, daughter of Mr. and Mrs. Maynard Poertner, 420 Chandler St., exchanged marriage vows Friday night, June 26, at 8:15 p.m. with her new husband, Richard R. Steinaway, son of Mr. and Mrs. Waldo Steinaway, Sr., of Harrison. The ceremony, performed by the Rev. Fr. Francis

Wahowiak in St. Mary Catholic church, was enhanced by organist Russell Beeman and vocalist Miss Cecelia Ritter.

The bride wore an empire-waist, dirndl skirt wedding gown fashioned of white crepe with a semi-scoop neckline and long bishop sleeves. Venise lace trimmed the waist and double panel floor-length matching lace-edged mantilla completed her ensemble.

Sister of the bride, Patricia Poertner, served as maid of honor in a floor-length, azalea crepe gown sashed with moss green satin at the waist, long sleeves and a high neckline. Bridesmaids Caryn Thornton, Janis Fitzsimmons, and Linda Steinaway, sister of the bridegroom, wore moss green gowns with azalea sashes styled like that of the maid of honor.

Best man at the wedding was Donald Chubb, of Webberville. Larry Poertner and James Poertner, both brothers of the bride, along with Wally Steinaway, nephew of the bridegroom, served as groomsmen. Ushers for the ceremony were Ron Morley and Jerry Picklesimer. Shari Bixby, cousin of the bride, was flower girl, and Dale Scripser, nephew of the bridegroom, acted as ring-bearer.

Mother of the bride, Mrs. Poertner, chose a light blue dress with white accessories; and Mrs. Steinaway also chose white accessories to complement her brown dress. At the reception, held at the Rod & Gun Club, Barbara Steinaway handled the guest book; Mary Steele served as cake cutter; Paula Harmon, cousin of the bride, poured the punch; and Kathy Grob was in charge of the gifts.

The newlyweds will spend their week-long wedding trip at Niagara Falls and East Jordan. After July 15, they will live at 9560 14th Bay St., Apt. B, Norfolk, Va. 23511.

The bride graduated from high school in 1968 and has worked at Chelsea Light & Water Dept. until June 12. Her husband also graduated in 1968, entered the service in February, 1969 where he is a petty officer, 3rd class, in the U.S. Navy.

### TIPS for your TOP from

### TODDY and FRAN

Did you know a wig is sometimes tax deductible? Hopefully, it never will be for you because it's only in cases where a doctor prescribes one that the IRS will let you deduct it. However, it's interesting, isn't it, that an item that seems so luxurious can actually be such a necessity. (that is, in case of baldness, due to an illness or because a physician thinks it will raise a patient's morale). In an article in TODAY'S HEALTH (Nov. 1969), "Wigs: Medicine for Morale" the author says the "scalp of a wig wearer becomes healthier" under some circumstances. So take another look at wigs as even more than just a modern convenience. In fact, why not take a look at OUR wigs. We have varied prices, a good selection, and an expert to fit you.

### CUB SCOUT NEWS

PACK 415—  
Cub Scout Pack 415 held their summer pack meeting June 28 at Waterloo.  
A softball game started the activities of the afternoon. Then a sack race, high jump, water balloons and volley-ball game took place after which a campfire was lit and hot dogs and marshmallows were roasted and, of course, eaten. The pack sang "Happy Birthday" to Eric Case and enjoyed his birthday cake.  
While around the campfire, the Cubmaster, Mr. Seyfried, presented awards to Bryan Herrick, John Drolman, David Seyfried, Kevin Lyle, and Thomas Gilbreath were presented the Potawatomi Trail five-mile hike patch. Eric Case received his Bear Book, and David Marsh was presented with the Webelo colors and book.  
The boys were given rocket kits for the rocket derby to be held July 12 from 2 to 4 p.m. at Mrs. Shippy's of Sugar Loaf Lake.  
To conclude the day's activities, a volley-ball game was played by the parents and as a reward, the Cubs and their families were given suckers for their participation in the day's events.

### Items Needed By Jaycees for Rummage Sale

Chelsea Jaycees are urging all residents to look through their closets, to clean out garages and attics of all unneeded but useful articles, then give them a call. The articles will be picked up and used for their annual Auction-Rummage Sale July 26.  
To arrange for a pick-up, any one of the following persons may be called—Glen Weis at 475-7609, Dan Eder at 475-2668, or Mitchell Zink at 479-5361.  
The rummage sale is the solution to the problem of what to do with those articles no longer needed, but which could be used by others.  
The Jaycees hope to have a successful sale, as the proceeds are used to support projects for the community, but they need more articles than have already been collected.  
Pick-ups will be made until July 21, so residents are urged to sort out their items as soon as possible.  
The auction-rummage sale will be held at Chelsea Fairgrounds on July 25, only three weeks away. George Staffan has been appointed auctioneer.

**Ski Lodge Proposed for Scio Area**

A ski lodge in Washtenaw county? Maybe. At the Planning Commission meeting Monday night, June 29, an audience of about 40 people heard the proposal of Neal E. Mayer, an Ann Arbor developer, to build the Mount Delhi Lodge on 180 acres at Huron River Dr. and N. Delhi Rd. In addition to a ski lodge to accommodate about 1,000 skiers, a conference center used for conventions, and residential homes are tentatively suggested. No decision was made on the proposal which has been tabled for a future meeting. A list of future meeting dates for the Scio Township Planning Commission will be reviewed at the Scio Township Board Meeting Monday night, July 6, at 8 p.m. at Dexter Fire Hall. Since there is a lack of snowfall in southern Michigan, Mayer said he might lease four snow-making machines. He estimated it would take two years to develop the entire project. He also estimated the project would cost a maximum of \$2 million to develop.
