Boy Scout Troop Wins Camp Award

Boy Scout Troop 420 was at summer camp at Bruin Lake the week of July 20. The troop received the Baden Powell Award, a national award for excellence in camping.

Twenty-one scouts attended summer camp, along with Art Stoll, who was scoutmaster for the week. Scoutmaster Cecil Clouse, Assistant Scoutmasters Skeets Worden, Richard Seyfried, and Cass Case were out in the evenings and on Saturday, with some staying overnight on Friday, July 24.

The Flaming Arrow and Wolf Patrols both won Bruin Lake Awards for placing in the camp patrol's competition on Friday.

Eight scouts received the following merit badges at camp: David Clouse, rowing; David Stoll, swimming and water skiing; Doug Hanson, swimming and rowing; Mike Platt, swimming and one-mile swim; Bill Scott, swimming and one-mile swim; Paul Case, swimming; Paul Miller, one-mile swim; Skeets Worden, rowing.

Three scouts passed their second class scoutmaster's conference and board review while at camp. They are Dennis Bauer, Terry Marsh and Bobby Sawyer.

On Wednesday night, July 22, and Thursday night, July 23, Assistant Scoutmasters Skeets Worden and Paul Case were initiated and accepted into the Order of the Arrow.

During the week the troop had to cook out three meals among their other duties around camp. The boys had to take turns waiting tables, cleaning up, and washing their patrol dishes at the dining hall.

The boys spent a very busy week which they and the leaders feel was very worthwhile.

Pet Show Set For Kiddies By JC Auxiliary

Got a pet you're proud of? Show him (or her) off at the Chelsea Jaycee Auxiliary pet contest and win a prize.

The pet contest will be held Aug. 13 at 1 p.m. at Beach Junior High school and start off with a parade of the entrants. Costumes, props, or anything else to embellish the pets must be supplied by the contestant.

Prizes will be awarded for first, second and third place in the following five categories: the biggest, the smallest, the most talented, the most unusual, the funniest, and the best dressed.

Entries should be sent to Mrs. Dan Eder, 151 Jackson St., Chelsea, as soon as possible, and should include the pet's name, category or categories the pet will compete in, owner's name, address, and telephone number.

All pets in the contest must be on a leash or in a cage. Winners will ride in the kiddies parade at fair time.

Arson Suspected In Destruction of Old Log Building

A barn fire in an old log building owned by Ralph Cannon, 720 Island Lake, resulted in total destruction of the structure and the boat, lawnmower, cultivator, etc. that had been stored inside it.

The Chelsea Fire Department was called at 3:30 a.m. Sunday, July 26, but the cabin was burned down when they got there, according to Chief James Gaken.

Cause of the blaze is not definitely known, but since the barn was close to the road with no electrical connections that might be questioned, arson is suspected.

Baby Photo Contest Needs More Entries

Pictures for the annual Jaycee Auxiliary Baby Contest have started coming in, but many more are still needed. The deadline for photos is Aug. 6, so the Auxiliary urges all parents to get their children's picture in the mail soon.

Baby photos and canisters will be on display at Stop & Shop Supermarket from Aug. 10 through Aug. 22. Winners will be announced Aug. 24.

Anyone may vote for his favorite child by putting a donation in the canister displaying the child of his choice. The total amount of money in the canisters will determine the winners.

Prizes will be awarded for the first-, second-, and third-place winners. Top prize will be a portrait Studio. This is the second consecutive year Guenther has so generously offered his talents for the contest. Second place winner will receive a gift certificate donated by Dancer's Department Store. Western Auto has donated the third-place gift certificate. All winners will also receive a framed certificate of their award and their picture in The Chelsea Standard.

Any child under four years of age in the Chelsea area is eligible for the contest. Fifteen pictures will be selected for the competition. If you wish to enter your child, send a good close-up of the baby alone to Sue Zink, 10860 Joslin Lake Rd., Gregory, or Judy Eubanks, 1001 Pierce Rd., Chelsea.

Be sure to include your name and address, phone number, and the child's name and address on the back of the photo. Sorry, pictures are not returnable. Any further questions can be answered by Sue Zink, chairman, 479-5361.

Jaycees Will Host State Officers at Tuesday Steak Fry

At their annual steak fry on Aug. 4 at Island Lake, Chelsea Jaycees will host many state officers including Don Demoss, state president, Lloyd Wismer, state internal vice-president, and Ted Collins, state external vice-president. Chairman Bud Ringe says the annual steak fry combines business with pleasure and builds enthusiasm for the organization.

Rains Damage Wheat Crop Still in Fields

It's a tough year again for the wheat farmers, according to Ron Satterthwaite of Blaess Elevator Co. Recurrent rain in the area has delayed harvesting and lowered the quality of the wheat that is coming in.

At Blaess Elevator, only 60 percent of the estimated total amount of wheat is in so far, and it has been almost three weeks since the first load was brought in. This abnormally long harvesting period is due to all the recent rain. Satterthwaite says the area has not had four good combining days since July 16 when Irving Batt-dorff of Stockbridge brought the first load of this season's crop to Blaess. Ideal weather to combine is hot and dry.

Test weight per bushel has been going down to about 52 pounds per bushel reports Satterthwaite. This is quite low considering number one grade wheat weighs 60 pounds per bushel.

Price per bushel is directly related to the test weight, so the rain has inadvertently dampened the monetary returns some unlucky farmers are receiving on their wheat. For example, at Blaess Elevator, one farmer received only \$8.64 per bushel when the base price is about \$1.38 per bushel.

Although farmers in the area should be veterans at dealing with bad weather harvesting weather paving experienced it now for three consecutive years, it's still hard to take. In Satterthwaite's opinion, this year is one of the worst because the weather has not cleared up long enough to harvest all the wheat in a reasonable period of time.

So if you have felt like complaining lately about the rain, humidity and muggy weather, you just better not let a wheat farmer hear you.

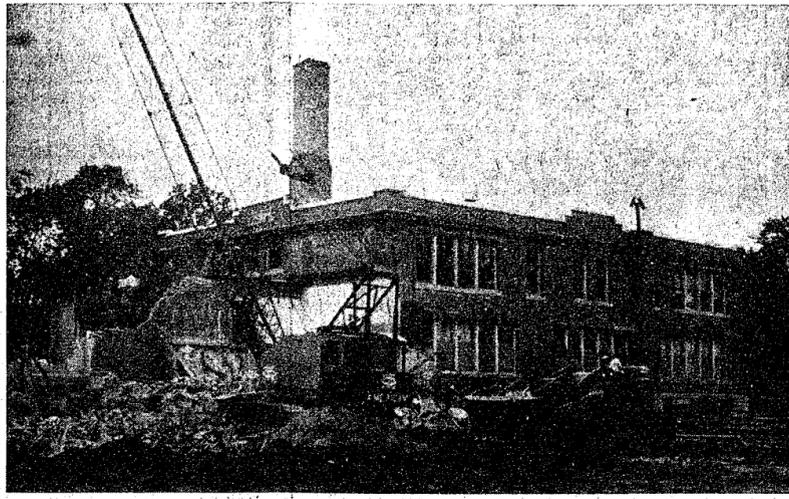

Sailing Crew In Bahamas After Delays

The latest news from Pat Merkel and his crew is that they have finally hit the Bahamas approximately six months after they had hoped to be on their way.

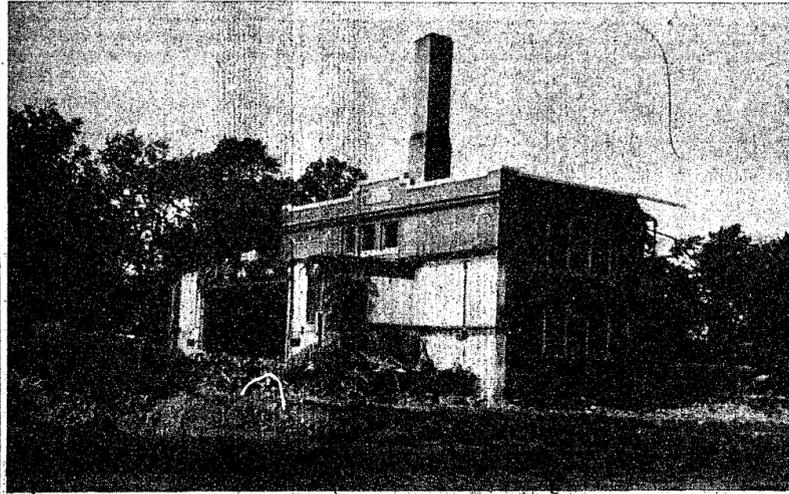

Several delays have detained the eight-member crew of the Katherine, II, an 85-foot yawl, from their two-year round-the-world sailing cruise. After setting sail in November via the St. Lawrence Seaway, instead of down the Mississippi as originally planned, Pat and his crew spent Christmas in Armonk, N. Y., with Pat's sister, Mrs. William (Gertrude) Mennick.

Arriving in Hampton, Va., which is near Norfolk, in February of this year, the adventurers used the Hunt Oil Co. shipyard to repair the sailing vessel and make sure everything was in working order for the trip. Evidently, the 78-year-old Katherine presented enough problems to detain them from departing until this month.

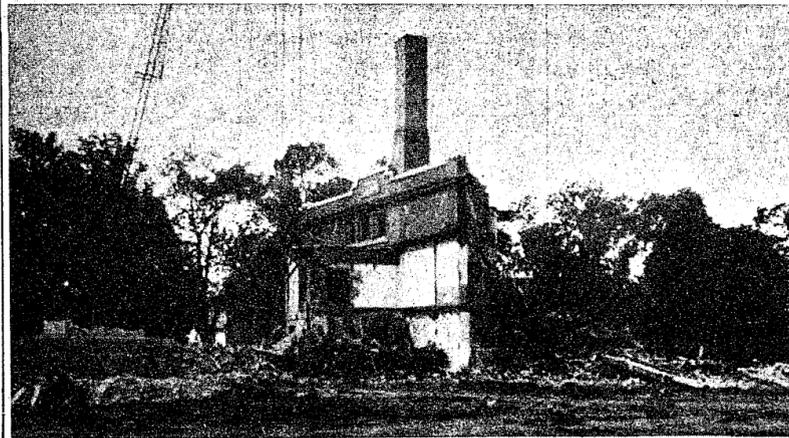

Bill Coltra, an old friend of Pat's from home, went down to Hampton to assist in the preparations for the voyage. The Hunt (Continued on page three)

DEMOLITION STARTS: The old junior high school section, constructed in 1880, the gymnasium, built in 1928, and the home economics and science section, added in 1938, had all been reduced to dust.

WRECKING PROGRESSES: By Monday, July 27, only about one-third of the 60-year-old high school, including the stage from the end of the gym, remained. There had been a slight delay over the week-end when the big shovel which the wrecking crew was using broke and had to be welded back together.

ALMOST GONE: Late Tuesday afternoon, July 28, the high school was almost a thing of the past. Just a shadow of its former self, the crumbling institution finally fell on Thursday, a week after demolition had begun.

RETIREMENT is in store for Dona Joseph, center, when he leaves Federal Screw Works on Aug. 1 after working there in material handling for almost 31 years. Foreman Donald Walz, left, watches on as K. R. McMannis, chairman of Federal Screw Works Local 437, presents Donnie with a bible. He will also receive a letter of appreciation from the company for all the years he has been with them. Donnie, who is 65 and lives at 1500 S. Francisco Rd., Grass Lake, does not have any immediate plans for what he wants to do after he retires. He says he just wants to relax and take it easy for awhile.

Police Department Will Soon Move Into New Offices

Plans are being made to transfer the Chelsea Police Department offices from their present location in the rear of the Municipal Building to a soon-to-be remodeled east wing which was formerly a garage.

Presently the Village of Chelsea is receiving bids from local contractors for the construction of new offices. All prices should be in by next Tuesday night's Village Council meeting, and a decision will probably be made at that time as to which bid to accept. Construction will begin immediately after that.

Arthur Lindauer of Chelsea drew up the plans for the interior remodeling which will include air-conditioning.

Future thoughts of the village administrator are to remodel the outside of the building also.

Jaycees Offering Free Sand for Youngsters

Rash of Minor Auto Accidents Reported By Sheriff's Dept.

A number of recent accidents have been reported on area roads. On July 18, at 4 p.m., in Freedom township, on Pleasant Lake Rd., 1/2 mile from Schneider Rd., William Brooks of Ann Arbor could not control his car in the raining weather and struck a mailbox belonging to George Brady, 11163 Pleasant Lake Rd., which flew up and struck Brady's parked car.

On July 18, at 3:40 p.m., in Dexter township, on North Territorial and Dexter-Pinckney Rd., Brian J. Hart of Wayne failed to yield right of way at a stop sign to Carol Jean Houck of Elyria, O.

On July 18, at 10:55 p.m., in Scio township, on Scio-Church Rd., 1/4 mile from Strieter Rd., James F. Richardson of Ann Arbor failed to have his vehicle under control when he swerved to avoid an oncoming car, totaling his car and damaging the telephone pole he collided with.

On July 18, at 7:24 p.m., in Lima township, on Dexter-Chelsea Rd., near Lima Center Rd., Gary Lynn Doyle of Pinckney lost control of his car after crossing the railroad tracks. The rain and his 50 mph speed contributed to his leaving the road and skidding 150 yards.

On July 18, at 6:30 a.m., in Lyndon township, on Boyce Rd., 1/4 mile from Joslin Lake Rd.,

David P. Warner of Taylor, failed to have his vehicle under control when his boat trailer started swaying and struck a tree, causing the trailer, boat and motor to break loose from the tow vehicle, turn over, and be totally destroyed.

On July 19, at 11 a.m., in Dexter township, Mary S. Harvey of Noxubee, Miss., failed to yield right of way as she came east on North Territorial Rd., to Therman Cotton of Pinckney, who was coming south on Dexter-Pinckney Rd. Mrs. Harvey struck Cotton's car in the right side.

On Sunday, July 19, at 8:40 a.m., in Scio township, Clare Maxine Lambaria of Flint lost control of her vehicle going 85 mph in the rain on M-14 at Wagner Rd. She went off the southeast side of the road, back on the road, struck a guard rail, and two bridge pillars before she came to rest on the south side of M-14. She was taken to St. Joseph Mercy Hospital.

On July 19, at 5:35 p.m., in Scio township, Vivian M. Bishop of Pinckney, driving north along Zeeb Rd., was hit by Evelyn Adams of Toledo who came off the westbound I-94 exit ramp without stopping or yielding right of way.

Aug. 4 Primary Set To Choose Fall Candidates

Voting Will Be By Machines in Township Halls Throughout County

With the general primary election just five days away, on Tuesday, Aug. 4, voters are urged to consider the choice they made for township officials just as thoughtfully as their choice for state representatives. Local issues can be just as vital, and sometimes more vital, to the citizens of a township as state and national policies.

The Standard is once again printing a listing of the candidates who will be on the ballot in area townships this coming Tuesday, as well as where the voting will take place. At all stations, the law requires the hours to be 7 a.m. to 8 p.m.

In Dexter township, voting will take place at the new Dexter Township Hall on Dexter-Pinckney Rd. near North Territorial Rd.

Dexter township will have both Republican and Democratic parties represented on the August ballot. Democratic candidates whose names will appear on the primary ballot include Earl Doletzky for supervisor; Robert B. Devine and incumbent clerk William Eisonbeiser, both seeking this party's slot for township clerk; Winifred C. Aberdeen, incumbent, for treasurer; Arthur Doletzky for trustee.

Among the Republican candidates in Dexter township seeking a spot on the fall election ballot are John M. Tandy for supervisor; Neil A. Frank for township clerk; Mildred E. Hackney for township treasurer; Gary Allen Albrecht for trustee. The lone candidate to file for the position of constable in Dexter township this summer is Harvey G. Fischer.

Freedom township residents are advised that voting will take place at Pleasant Lake Schoolhouse on Pleasant Lake Rd., while the new township hall is under construction.

In Freedom township, John C. Miller, Republican, incumbent, has filed again for supervisor; Harold Eisman, Republican, incumbent, filed for clerk; Walter A. Hieber, Republican, incumbent, filed for treasurer; Gilbert Luckhardt, Republican, incumbent, for trustee, and James McKeever, Republican, has filed for the position of constable.

Sylvan Township Hall will be the scene of voting there. Sylvan township has incumbent

supervisor Maurice Hoffman, Democrat; incumbent clerk Daniel Murphy, Democrat, slated against A. S. Penhallegon, a Republican candidate for clerk; incumbent treasurer Fred Pearsall, Republican, filing a petition against Barbara Dresch, Democrat, for treasurer; incumbent trustee Reuben Lesser, Republican, has filed his petition again along with Lyle Chriswell, Democrat, for trustee; both the Republican incumbent constables John Pierson and Howard Walz have filed in Sylvan.

Voters from Lima township should make their choice at the Lima Community Hall with the new automatic voting machines.

In Lima township, only one contest exists at the primary election, and, barring the appearance of write-in candidates, there will be no contest at the fall election. Those who filed petitions in Lima include Edwin Coy, Republican, for supervisor. For township clerk, the office where a primary contest exists, Republican George Paul Frisinger, II, and Republican Leila Bauer; for treasurer, incumbent Mrs. Hilda Pierce; for trustee, and constable, respectively, both incumbents, Democrats Harold Gross and Ralph Stoffer, in that order.

In Lyndon township, voters should go to the Lyndon Township Hall.

Lyndon township has George F. Bauer, Jr., Republican, incumbent, for supervisor; Doris M. Fuhrmann, Democrat, incumbent, for clerk; for treasurer, petitions were turned in from Therese Bott, Democrat, Nancy C. White, Republican, and Virginia C. Meyers, Republican; Norman Kaiser, Republican, petitions were received from E. Jay Hopkins, Republican, Donald Beeman, Republican, incumbent, Robert J. Meyers, Republican, and George S. Paxton, Democrat.

Sharon township voters can cast their ballots at the Sharon Township Hall at the corner of Pleasant Lake Rd. and Sylvan Rd.

Sharon township reports supervisor petitions from Russell Fuller, Democrat, incumbent, and Allen A. Alber, Republican; for clerk, the incumbent, Duane Hasel-schwerdt, Republican, has filed again; incumbent treasurer Herbert Jacob, Republican, has filed a petition; incumbent trustee Max D. Roedel, Republican, has turned in his petition; and for constable, incumbent Floyd Proctor, Republican, has filed against Walter Boike, also a Republican.

Webster township candidates will face no opposition in the primary election except by write-ins. Those filed as Republicans for the township offices include incumbent supervisor Carl Mast, veteran in this post; Mrs. Wana M. Baldus, incumbent clerk; incumbent treasurer Mrs. Margaret Myning; incumbent trustee John Wheeler, Jr. Paul Kleinschmidt's term of office as trustee does not expire this year. There were no candidates filing for the office of constable in Webster township this summer.

At the county level, three local candidates have filed for the position of County Commissioner on the Aug. 4 ballot.

In District I, Jay L. Bradbury, former Lima township supervisor, was the single candidate to file a petition to have his name placed on the primary election ballot. Bradbury filed as a Republican candidate.

In District II, both Republican and Democratic candidates filed petitions to be placed on the ballot. Democrat Mrs. Dorothy Humawill and Republican Neil Mast, former supervisor of Scio township, will be the pair listed on the Aug. 4 election ballot. Unless the voters indicate write-in candidates on the primary ballot, there exists no real contest for county commissioner for District I or District II in August.

Chelsea Girls Win State Track Honors

Three Chelsea girls ran away with honors at recent state athletic competitions. Janet Sibley, 16, won the girls State Amateur Athletic Union high jump championship with an official jump of 4' 10". This marked the third straight week she has won a state event.

Bonnie Wengren, 15, placed second in the girls State AAU discus throw with a distance of 79' 4".

At the State Jaycee competition, held July 18, Janet tied for first place with a five-foot jump. Also at the Jaycee competition, Vicki Meyers, 15, won the shot put.

All the girls compete under the sponsorship of the Wolverine Track Club, Lincoln Park.

Basketball Clinic Slated During August

A basketball clinic will be offered by Ken Larson, summer recreation director, from Aug. 10 through Aug. 21. All boys from grades 4 through 8 are welcomed to register.

The fee will be \$2 per child or \$3 per family. A minimum of 40 boys is needed to hold the clinic. Those interested in registering should contact Ken Larson at 475-2650 between 4 and 6 p.m. as soon as possible. Not nearly enough boys have called in to register yet.

The clinic will be held Monday through Thursday from 9 to 11 a.m. for grades 4, 5, and 6; and 11:30 a.m. to 1:30 p.m. for grades 7 and 8.

Jaycee Auxiliary Observes 14th Birthday

Chelsea Jaycees Auxiliary celebrated their 14th birthday on July 21 by driving in to Ann Arbor to see the film "Airport" and then going to Bimbo's afterward for pizza. Members in attendance for the event included Barb Updegraff, president, Darlene Eder, Dolly Verway, Shirley Greenleaf, Sue Zink, Judy Eubanks, Diana Loring, and Anne Steinaway.

**Washington Report**  
 by Congressman **MARVIN L. ESCH**

Water pollution has received most of the attention so far, but air pollution is equally as important, if for no other reason than we breathe air constantly.

Fortunately, the federal government is showing increasing vigor in this matter, although as always, so very much desperately needs to be done, and there is such a long way to go.

As a starter, the Department of Health, Education and Welfare is setting national standards on various pollutants, such as carbon monoxide, photochemical oxidant and hydrocarbons. As the program unfolds, the states will have the primary responsibility in assuring that standards are met by public as well as private organizations. Enforcement will be emphasized in areas where the need is most desperate, large metropolitan cities. Stiff fines of up to \$10,000 can be imposed on violators.

In another important step, the Congress has ordered research on controlling pollution from combustion of coal, oil and gasoline. The Administration also has called for intensive research on possible re-

placement for the internal combustion engines that power the more than 87 million cars operating on our streets and highways. In pushing ahead on this air pollution problem we must face squarely the same problem we have with water pollution: it will cost money and plenty of it. And, at times enforcement of strict air pollution standards may impede economic development.

Although a reasonable approach on various conflicting needs—such as a clean environment, more jobs for more people and stable prices for the prime benefit of the low income—can ease dislocation and disruption, fundamentally there is no way to avoid the hard choices we must make if we are to have the clean air we need.

**Ground Soybeans Can Replace Meat**

Ground soybeans are a satisfactory replacement for soybean meal in rations for milking cows, according to Donald Hillman, Michigan State University dairy nutritionist.

Urea should not be mixed with feeds containing raw soybeans, because an enzyme in the beans releases ammonia from the urea and causes the feed to become unpalatable, warns Hillman. One ounce of gold can make as much as 300 square feet of gold leaf.

**Uncle Lew from Lima Says:**

Dear Mister Editor:  
 Well, summer is really upon us, ain't it, Mister Editor. I don't reckon the heat bothers you folks in town, cause from what I hear you even got air condition umbrellas fer getting from office to car, and from car to house. This feller that's been poring concrete fer 30 year was by the store Saturday night, and he allowed this is a bad time fer concrete work. I didn't know a concrete man was a expert on hot weather, but he told the fellers that hot weather makes concrete crack and not set up proper. Usual, he said, a few cool nights come along ever now and then to keep concrete from expanding too much and cracking. When the days and nights is hot, concrete is bad to crack, he allowed.  
 Ed Doolittle said after the feller left that he didn't need a concrete man to tell him it's hot. He said

**"Mommy, what's the difference between recession and depression?"**

By Elmer E. White, Secretary, Michigan Press Association

**To Spell or Expell**  
 The State Board of Education has been giving sweeping powers to regulate and review acts of discipline by local school authorities. The grant of authority came in an opinion by Attorney General Frank J. Kelley who said the state constitution empowers the board to make rules governing expulsion or suspension of students. Any time a student is thrown out of schools, he must be reinstated if the rule under which he was thrown out conflicts with one drawn up by the state board. The opinion upheld the state board's recent action in overruling the Oak Park school board in a controversial discipline case.  
 Acting Superintendent of Public Instruction John W. Porter said the ruling "takes a form which will be of great benefit to both the student and the school districts of the state of Michigan."  
 "While the questions he answered have been pending for some time, there is greater applicability now than perhaps ever before," he said.  
 Porter said the ruling "clears the way for prompt action on the promulgation of rules for procedural safeguards working to the benefit of both students and school districts as questions of due process arise."  
 "Additionally, we are now in a position to provide appropriate guidelines for state review of decisions of local school boards when those decisions relate to compulsory attendance and the educational rights of the students," he said.  
 Kelley holds that the state board is given supremacy in discipline cases by a clause in the constitution giving the board "leadership and general supervision of all public education."  
 He noted that, in making of discipline, may well be needed to resolve potential conflict between the state's compulsory attendance law and the explicit right of schools, upheld by the courts, to suspend or expel students for gross misconduct or peripent diobedience.  
 In the absence of state board rules, local districts may prescribe their own disciplinary codes and many have done so.  
 But the opinion said once the state acts, local rules will control only if they "afford greater procedural safeguards."  
 Effect of the ruling appears to be to give the board the power to let up state rules for such areas as student protest or handling of students charged with violating laws as well.  
 "In a small town, at present, a kid could get thrown out of school for breaking a window or something like that," explained one official. "At the same time, in a large city, the kid could do something much more serious and still stay in school."

 Items Taken from the Files of The Chelsea Standard

**4 Years Ago . . .**  
 Thursday, Aug. 4, 1966—  
 Michigan voters went to the polls Tuesday, Aug. 2, to decide primary races in both parties. On the Republican ticket, voters elected Marvin L. Esch as the Republican candidate for the U. S. Congress from the second district. A Democratic race for the U. S. Senate nomination resulted in the election of former Governor G. Mennen Williams as the Democratic nominee.

Voters of the Chelsea School District Tuesday voted to approve a 4.25 mills operating millage for the 1966-67 school term. The vote tally of 1,804 included 991 yes votes, 799 no votes and 14 spoiled ballots.  
 Washtenaw county Sheriff's Deputy Leo Borders, 28, of 333 Elm St., was killed instantly Wednesday evening when the patrol car he was driving crashed into a tree on Dexter-Pinckney Rd., near McGregor Rd.  
 Winners of the golf Hole-in-One tournament were announced at the Monday evening dinner meeting of the Chelsea Kiwanis Club. In the adult division, no one managed a hole-in-one, but Blaine McLanahan came closer than other competitors and was awarded a \$25 U. S. Savings Bond for his efforts. He was one foot six inches from the hole. Harry Cotterman won the second prize of \$10; and Paul Mann came in third to win the \$5 prize.

**14 Years Ago . . .**  
 Thursday, Aug. 2, 1956—  
 Ferd Merkel, of the Chamber of Commerce parking committee, and Donald Alber, village president pro-tem, inspect the new sign designating the free public parking which has been provided on W. Middle St., on the property known as the "Winters' lot." The area has been graded, gravelled and marked for parking. Control and is illuminated by four central and located floodlights. This is part of the current Chamber of Commerce-Village Council plans for additional parking in the business district.  
 William Hochrein, service representative for the Michigan Consolidated Gas Co., in Chelsea, will retire from active service Aug. 3. Hochrein has been in charge of service in Chelsea since gas was first introduced into the village in 1912. He was first employed by the company in April, 1904, and is in his 53rd year of service with the company.

**24 Years Ago . . .**  
 Thursday, Aug. 1, 1946—  
 At the election of officers held by the Central Fibre Products Co. UAW-CIO Local on Wednesday, July 24, the following were chosen: president, Reynold Houle; vice-president, Lynn Howard; financial secretary, Al Fredenburg;

recording secretary, Marion Shirley; shop committee, Dorothy MacKinder, Roy Gladstone, Mac Packard.  
 Mrs. Norman Eismann, Mrs. Ross Packer and Miss Mary Ball gave a shower Saturday night honoring Mr. and Mrs. Roy Koch, who were recently married. The shower was held at the Chris Koch home, where Mr. and Mrs. Koch are living, and was attended by 35 relatives and friends of the couple.

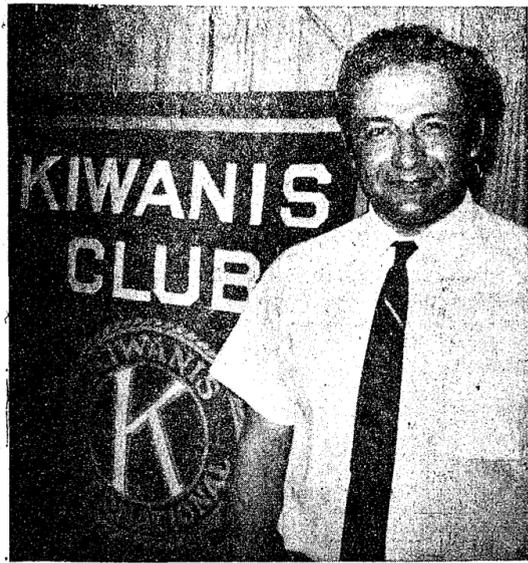

**34 Years Ago . . .**  
 Thursday, July 30, 1936—  
 Three free concerts will be presented on the streets of Chelsea during August by the Chelsea Concert Band, under the direction of George Austin.  
 At an organization meeting of the Board of Education, School District No. 3 Fr. Sylvan and Lina, held last Wednesday evening, J. L. Fletcher was named president of the board, George W. Walworth, secretary, and J. N. Strieter, treasurer. J. N. Dancer and M. J. Dunkel are trustees.  
 Forty representatives of the Buehler family were in attendance at the 7th annual reunion held Sunday at Huron River park. The co-operative dinner was followed by games for the children and adults, prizes going to Elden Buehler, Homer Nixon, Bonnie Jean Hoffman, Mrs. George Satterthwaite and Lero Buehler. Mrs. Charles Buehler of Ann Arbor was the oldest member attending and Duane Leroy Satterthwaite of Chelsea the youngest.

**Lawn Problems May Be Avoided Advance Planning**

Many problems may be avoided if proper planning goes into the establishment of a lawn. For example, one of these problems has been showing up in the last few weeks.  
 Several people have called alarmed over the fact that their lawn was drying out in areas. Upon investigation, it was found that a fungus disease had entered the lawn. One of the main reasons why this fungus had gained foothold in the lawn was the fact that the sod just hadn't rooted down. The sod had become stressed and during the hot weather, the fungus showed up.  
 This problem might not have developed if this sod had been laid on a properly prepared seed bed. Sod or a new seeding just doesn't do well on a heavy dry soil.  
 Do you have other questions on seed bed preparation varieties, sod, or seed, lawn care, etc.? If so, contact our office for Extension Bulletin 646, "Lawn Care" or E 673, "Lawn Establishment," at Rm. 116, County Bldg., or phone 663-7511, ext. 227.  
**RELIEF JOBS AND TAX**  
 The Internal Revenue Service reports that welfare recipients who are required to work under a state work relief program must pay federal income taxes on their earnings. This does not apply to welfare payments in cash or food or other items not attributable to the work performed.  
 Sincerity is a pleasing and vanishing virtue.

DR. ASHREF MAHER

### Kiwanians Hear Dentist From Egypt

At the regular Monday night Kiwanis Club meeting July 27, guest speaker Dr. Ashref Maher, who came to the United States about a year and a half ago from near Cairo in Egypt, discussed the history of Egypt and the current controversy in the Mideast.

Dr. Maher, 31, is a student at the University of Michigan Dental School where he hopes to acquire a degree in order to practice here. After coming from Egypt to West Germany and then to New York, Dr. and Mrs. Maher finally settled in Ann Arbor six months ago.

He had served in the Egyptian armed services for three years and participated in the six-day war of 1967 against Israel. Although he has studied dentistry at an Egyptian university and served in the medical-dental corps of the Egyptian army, American policy makes it necessary that he graduate from an American university before practicing here.

Kiwanians who heard the speaker questioned him in order to better understand his ideas. Most found the program both interesting and informative.

#### IN A NAME?

Whale's Gulch, Mizzen Topsail, and Come By Chance are among place names in the seafaring province of Newfoundland, Canada.

#### PEACE CORPS RECRUITS

The Peace Corps is concentrating their efforts in recruiting college graduates. In the past six years, the proportion of college graduates has increased to 80.3 percent from 70.6 percent in 1962.

RUMMAGE SALE CASHIERS Sue Zink and Judy Eubanks of the Jaycees Auxiliary helped at the Jaycees Auction Rummage Sale Saturday, July 25. They grossed about \$640 to be used for community projects this coming year.

#### LOVES TO TRAVEL

Memphis, Tenn.—Mrs. James Walker has proven she loves to travel. At 80 she rode a mule in the wilds of Mexico to see an active volcano. She toured Israel when she was 90, visited the New York World's Fair at 90 and having just reached 100 she is planning a tour around the world.

### District Court Proceedings

In the 14th District Court this past week, Mary A. Alcorta, of Adrian, pled guilty to speeding 47 mph in a 25 mph zone, paying \$34 fine and costs.

Robert C. Knight, of Ypsilanti, pled guilty to speeding 65 mph in a 45 mph zone, paying \$30 fine and costs.

Herbert Paul, 152 E. Summit St., pled guilty to speeding and failing to stop in assured distance, paying \$15 fine and costs.

James Hepburn, of Ann Arbor, pled guilty to careless driving, paying \$35 fine and costs or five days.

Ester Moore, of Ann Arbor, pled guilty to speeding 65 mph in a 45 mph zone, paying \$30 fine and costs or three days.

George William Wohlwend, of Ann Arbor, was arraigned but waived examination and was bound to circuit court July 31 with a \$500 bond.

Walter W. Bucholz, of Ann Arbor, pled guilty to failing to yield right of way, and chose to serve one day in the county jail instead of paying his fine and cost.

Richard J. Collins, of Dexter, pled guilty to no operator's license, paying \$25 fine and costs.

Ronald Johnson, of Jackson, pled guilty to speeding 90 mph in a 70 mph zone, paying \$30 fine and costs.

Lucas Walter, of St. Clair Shores, pled guilty to driving too fast for the existing conditions, paying \$15 fine and costs.

Russell Acton, of Saline, pled guilty to drunk and disorderly, paying \$50 fine and costs.

Vicki Sponaugo, of Ypsilanti, pled guilty to being a minor in possession of intoxicants, paying \$25 fine and costs.

Dunae C. Feldcamp, of Saline, pled guilty to speeding, paying \$40 fine and costs or four days.

Michael Kelly, of Ann Arbor, was found guilty of speeding 60 mph in a 40 mph zone, paying \$30 fine and costs.

Francis B. Miller, of Ann Arbor, pled guilty to driving while under the influence of liquor, to be sentenced Aug. 10. Bond was set at \$100.

Louis I. Cattell, of Adrian, pled guilty to speeding 65 mph in a 55 mph zone, paying \$30 fine and costs.

Jefferson Jones, of Wayne, pled guilty to driving on an expired license, paying \$25 fine and costs.

William Porath, of Wyandotte, pled guilty to speeding, paying \$30 fine and costs.

Susan Blackenship, of Ann Arbor, pled guilty to driving on a revoked license, to be sentenced Aug. 27.

#### Sailing Crew...

(Continued from page one)

Oil Co. treated the crew royally, aiding them in their work and even throwing parties for them.

On July 12, they took the Katherine on a trial run and reported the only problem was that the compass was off a little. A week later the anxious crew finally departed for the Bahamas, arriving there last Thursday, July 23. Although they encountered one storm on the way, the Katherine reportedly did fine. Not so the crew, many of whom were somewhat seasick.

On Monday, July 27, they left for the Virgin Islands and from there will sail on to Panama.

Pat and his crew, which includes Eric and Sandy Salzburg, Paul and Diane Stuart, Ernie Heyman, John Stutterheim and Sandy Dorr, will have to revise their schedule after they arrive in Panama and obtain more information about the weather conditions in the Pacific which will affect their vessel. Plans will have to be made carefully to avoid contact with the monsoon season in the South Pacific.

I want to go on working

THANK YOU I wish in this way to thank all the people who sent me cards, flowers, and fruit; my wife for spending so much time with me while I was in the hospital; my daughter, Mrs. Margaret Shiltz, for bringing my wife down to stay with me; all the rest of my family for everything; the nurses at Station 547 at St. Joseph Mercy Hospital; Dr. Barron; Mrs. Earl Brown of Ann Arbor for flowers; my son, Richard Reed, for his telephone call from New Hampshire; my brother, Jack Reed, for his visit from Muskegon; my niece, Mrs. Ethel Fowler, from Traverse City; my nephew and family from Kalkaska; all the people who sent cards from all over, including Oregon and Florida. All were very much appreciated. Frank Reed.

THANK YOU I would like to thank all my friends and neighbors for their cards, gifts and visits during my stay in the hospital and after my return home. A special thanks to Mr. and Mrs. Marvin Schiller. I greatly appreciate everyone's thoughtfulness. Mrs. Al Whitaker.

THANK YOU I wish to thank everyone who sent me cards and gifts for my 85th birthday on June 16, 1970. Anna L. Reichert.

U-M Hospital One of First To Establish Quarantine Unit

Editor's Note: This is one in a series of historical features on University Hospital specially written for the hospital centennial by Diane Fraser Rancont, formerly women's editor of the Ann Arbor News and Post-Huron Times-Herald.

Ann Arbor—"Don't go to Michigan, that land of ills. The word means ague, fever and chills." This old pioneer couplet was all too true in 1869, when the University of Michigan Hospital first opened its doors in Ann Arbor. Periodic epidemics raged through the communities served by the new hospital.

Marshes, rain, and mosquitos made the very name of Michigan almost synonymous with malaria. Few early settlers escaped the "ague, fever and chills" from June until the first frost—but it wasn't until 1869 that the mosquito was suspected as the villain.

A French physician, Dr. Charles Laveran, discovered the hematozoan of malaria in 1880 and preventive steps immediately reduced the ravages of the sickness.

Cholera depopulated great sections of Michigan in the early 1830s. The 1834 epidemic in Detroit moved rapidly toward Ann Arbor. Despite a military blockade of the city, the disease filtered in and then marched on to almost depopulate Marshall.

By 1892, when the disease raged through Europe, medical science kept it from getting a foothold in this country.

With malaria and cholera under some control, the other great killers had their days.

Tuberculosis was almost unknown in Michigan in the early 1800s because only hardy pioneers ventured west; the weak stayed in more comfortable areas. By 1878, few cases of malaria and cholera were reported but the incidence of "consumption" had increased. Scarlet fever and diphtheria reached epidemic proportions.

University Hospital's Dr. Victor C. Vaughan was responsible for much of the early work in controlling TB in Michigan. He reported that the State Board of Health taught the communicability of TB before German physician Robert Koch discovered the tuberculin bacillus in 1882. Proper public education began to reduce the TB death rate.

In 1882 Dr. Vaughan wrote that typhoid annually claimed 10,000 victims, with 1,000 deaths, in Michigan. He urged the prevention of this disease through proper sanitation.

The death rate from scarlet fever was gradually reduced from 54 per 100,000 population in 1880 to 8.7 per 100,000 in 1913.

Michigan frequently had the anguish of reporting the highest diphtheria death rate in the world. In 1880, 112.6 deaths per 100,000 were recorded.

The death rate continued high until 1921, when the state legislature financed free antitoxin and deaths dropped from 25 to 15 per 100,000 in one year.

Smallpox epidemics forced Detroit to open a smallpox hospital in 1881. In 1899 Dr. Vaughan spoke before colleagues of the State Medical Society to share his method of successful smallpox vaccination.

University Hospital was not immune to these diseases. All too

TODAY'S THOUGHT By LOUIS BURGHARDT

Wise men wrote in our Declaration of Independence "... among men's unalienable rights are life, liberty, and the pursuit of happiness." Let's think about the "pursuit". Many people frantically, and some times tragically pursue happiness over twisted, tortuous roads but never find it.

Perhaps one of the biggest stumbling blocks in pursuing happiness is selfishness. Somewhere in the path of life, and often in childhood, the first stumbling blocks are laid in a pattern. As the pattern takes form, self-centered thoughts, selfish expectations and demands, cause happiness to be elusive.

**VOLUNTEER SERVICE AWARD:** Dr. Herbert H. Spencer, Chief of Staff, Veterans Administration Hospital, Ann Arbor, is shown awarding the VFW trophy to Mrs. Iza Carty, 151 Park St., for contributing the most volunteer hours to the hospital. Mrs. Carty helped dedicate the hospital in October 1958, and has given more than 8,000 hours of contin-

uous volunteer service since that time. She has also had Red Cross Nurses Aid Training, and has contributed more than 7,000 volunteer service hours to them; making a grand total of more than 15,000 hours. Mrs. Carty is a member of VFW Auxiliary No. 4076, Chelsea.

Currently, Americans are spending about 16.4 percent of their disposable income for food. In England, it's 26 percent; West Germany, 28 percent; France 31 percent; Japan 40 percent; and Russia 50 percent.

For the visitor traveling northward, lovely knitted suits, scarfs and coats are being shown in the shops, stripe are popular and the majority of designs are those which run horizontally around the garments.

### Safe Deposit Box Is Wise Choice To Protect Valuables

When a home burns, too often the fire insurance policy is in ashes. Then the family must struggle to recall the contents of the house, and their value for the insurance company.

Lucile Ketchum, home management specialist at Michigan State University, urges families to keep fire insurance policies and a household inventory in a safe deposit box at a bank or savings and loan association. The box should also contain property records, deeds, titles and mortgages, birth certificates, marriage certificates, adoption papers, military service records and passports.

If you haven't left bonds and stock certificates with your broker, include those in the safe deposit box. Keep the numbers of U.S. savings bonds there too, Miss Ketchum suggests. Other suggestions include: social security card, car title, contracts and business agreements, important bills of sale and receipts.

In general, she says papers not frequently referred to which would be impossible, expensive and inconvenient to replace should go into the safe deposit box.

Most important papers need nothing done to them before they're put in the box. The household inventory is an exception.

In writing up this inventory, include household items, room by room. Include the cost, place of purchase and purchase date of each. If you have valuable antiques or other expensive or unusual items, sales checks or even photographs will help document the inventory in case of fire or theft. Keep a copy of the list in your home for easy reference. Update the list from time to time, the specialist reminds.

Safe deposit boxes rent for from \$3 to 12 per year. The rent is tax deductible if you use the box for storing income producing records, such as stocks and bonds.

Safe deposit boxes are in a steel vault, guarded against fire and theft. Two different keys are required to open the boxes—one yours, and one the attendant's special "guard key." No master keys are used. If you lose your keys, the box must be drilled open.

### Ann Arbor Country Club Doe Day Scheduled Aug. 8

Ann Arbor Country Club will hold Doe Day (the feminine equivalent of Stag Day) on Saturday, Aug. 8. Tickets for the affair, which is open to members and their friends, are available through the club's pro shop or by calling Mrs. Jack Wright (426-4122) or Mrs. Phil Davis (426-8681).

General chairman of the event is Mrs. George Waterman and among the Dexter area residents who are members of her committee, in addition to Mrs. Wright and Mrs. Davis, are Jack Craven, Jack Irwin, Spike Weeks and Phil Davis.

### Fashion Notes

The midi fashion seems to be having a hard time being accepted by today's young women. But by fall we feel sure that the mini skirt will be rather "old hat." That doesn't mean that skirts will be worn long or half way to the ankles by the average woman out there, but they will be above the knees by smart women.

Since the very bouffant hairdo is out of style, hats are becoming more popular than they were these past few years. Fabric hats are particularly good for people who rarely wear a hat, as they are good for all seasons of the year.

### FORD ON POLICY

Gerald R. Ford, House G. O. P. Leader, said that he wants no formal coalition with Southern Democratic congressmen. He reported there is an active Republican organization in almost every southern state. Ford has never said they did not want Democratic votes.

### FORGOTTEN IN JAIL

Fort Worth, Tex.—Lloyd Mack Gray, 40, has been released from jail with an apology for keeping him too long. According to reports, Gray was jailed December 21, 1966 and should have been released in mid-February when the jury found no grounds to hold him.

Mr. and Mrs. Vincent Merkel

### V. Merckels Observe 25th Anniversary

Mr. and Mrs. Vincent Merkel of 7560 Jackson Rd., were honored guests at a surprise 25th Wedding Anniversary party, Saturday, July 11.

Their children and their spouses, Mr. and Mrs. Donald Merkel of Lima Center, Evelyn, and Mr. and Mrs. Glenn Scott of Chelsea, were hosts for the occasion. The reception was held at the Glenn Scott home.

The couple were married July 11, 1945, in St. Thomas Catholic

### PRINCE TAKES SEAT

London—Prince Charles, who took his seat in the House of Lords, recently, prepared as Britain's future king to shatter royal tradition and speak out on national and world issues. The 21-year-old heir to the crown, clad in scarlet robes trimmed with ermine, took a seat in accord with a law that dates back to Henry VIII.

It is always nice to come back from your vacation alive. You might remember that if driving.

### For And About Teenagers

### THE WEEK'S LETTER:

"I have a problem. I am 11 years old. I look like a teenager, though, because I am so tall. I like this boy who is 15 and will be 16 in July. I see him only at church. He says he likes me, too. I don't know whether or not he does. When he is 16, he will be allowed to date and I think I am going to be nothing to him at all. Can you tell me how to keep him and still be first in line instead of last in line?"

Our Reply: There is little hope. Your parents will not let you begin dating when you are 12. If they do, they aren't likely to let your dates be with a boy who is 16, even though they may know him and accept his credentials.

If he is permitted to date next July, he isn't likely to wait until you are old enough to have dates. The best advice anyone can give is that you consider him a friend and give up the idea of being first in line. It isn't likely to happen that way. One

thing we can tell you for sure, although you may not believe it: the world won't come to a stop!

If you have a teen-age problem you want to have discussed or an observation to make, address your letter to "For and About Teenagers," Community and Suburban Press Service, in care of this news paper.

### FINDS BOOK ERROR

Webster Groves, Mo.—Charles Watts, 12, took his teacher seriously when she told the class to question what they read. The sixth grader found 15 historical errors in a book about Christopher Columbus. The publisher sent Watts \$25 and took the book out of circulation.

### GERMANY AND THE U. S.

Bonn, Germany—Completing six months as chancellor, Kurt Georg Kiesinger has brought West Germany a friendlier view towards France, a more relaxed policy on Communist Europe and a stiffer attitude toward the United States and Britain.

**Every Family Should Have Their Personal Pharmacy**

There are important reasons why the American Medical Association suggests that you have one personal pharmacy from which you obtain all the medicines and health aids needed by your family.

When one pharmacy fills all your prescriptions, the record file contains all the information needed for the pharmacist to help protect you. Some people are allergic to certain drugs. Others may be getting prescriptions from more than one Doctor and the medicines could conflict with each other. We hope that you will choose us to be your personal pharmacy for your family.

**YOU OR YOUR DOCTOR CAN PHONE US** when you need a delivery. We will deliver promptly without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery, service and charge accounts.

Washtenaw County

Throughout my service in state government I have not been, and never will be, obligated in any way to any special interest group or faction. I consider it my prime responsibility to weigh and balance each issue on its own merits and act accordingly. While the nebulous identifications of "Conservative," "Moderate" and "Liberal" are often heard, I would prefer that some new phrases be coined, if labels must be used. I would prefer to be called a "Concervative"—one who is sincerely concerned with the problems of our society and of the individuals who make up that society . . . or perhaps a "Considerate"—one who considers each issue in its proper perspective.

Most sincerely,  
**Thomas G. Sharpe**

### Janet Robards Becomes Bride Of T. Carlisle

Miss Janet Ann Robards, daughter of Mr. and Mrs. Roland Robards, 200 Francisco Rd., Grass Lake, and Timothy Carlisle, 347 Francisco Rd., Grass Lake, son of Mrs. L. Rogers, 2970 Bohne Rd., Grass Lake, were married Friday, July 24, at 7:30 p.m. in the Methodist church in Grass Lake by the Rev. D. Culver.

The bride chose a floor-length gown of chantilly lace with long sleeves and a sabrina neckline highlighted with iridescent sequins. Frothy lace ruffles spread bouffantly into a full sweep train, and a forward headpiece of lace petals and pearls secured a shoulder-length illusion veil. She carried a hand bouquet of carnations and daisies.

Maid of honor was Miss Kathy Robards, the bride's sister, in a green lace, empire waist gown. She carried a bouquet of yellow mums and white daisies with a green satin ribbon.

Miss Karen Robards, another sister, served as junior bridesmaid along with Dawn Peck, of Jackson, a cousin to the bridegroom. They wore yellow lace empire waist gowns and carried yellow mums and white daisies with a yellow satin ribbon.

Holly Jones served as flower girl, and Howard Whitaker was the ringbearer. Both are from Chelsea. Best man for the ceremony was Roger Williams of Grass Lake. Ushers included Danny Kimball, Phillip Carlisle, and Martin Borner, all of Grass Lake.

The bride's mother chose a yellow sheath with a white lace overcoat for her daughter's marriage. Mother of the bridegroom was outfitted in a turquoise sheath with a matching lace overcoat.

A reception followed the ceremony in the church hall for the approximately 175 guests.

After a wedding trip in northern Michigan, the couple will reside at 347 Francisco Rd., Grass Lake.

Mrs. Timothy Carlisle

### Farm Bureau Sewing, Crafts Contest Entries Due Before Sept. 23

Washtenaw County Farm Bureau Women should be aware that the sewing and crafts contest is open to all Farm Bureau women and girls of Farm Bureau families. Included in the contest will be sewing, fancy work, crafts of all kinds, ceramics, paintings, etc. Awards will be given for first and second-place winners. Entries should be in the Farm Bureau Building by 5 p.m. on Sept. 23.

The regular Women's Farm Bureau meeting will be at 10 a.m. on Sept. 24. This will be a rural-urban meeting with a style show following a salad luncheon at noon. Mrs. Paul Wild, section B, is in charge of the needlecraft committee consisting of Mrs. Lawrence Boettner, Mrs. Melvina Klager, Mrs. LeRoy Feldkamp, Dexter, Mrs. Joseph Lutchka, and Mrs. Neil Nixon.

### Remedies Offered For Problems in Clothes Laundering

Labels don't always give you the solutions for clothing care problems. Mrs. Helen Fairman, home economist with the Co-operative Extension Service in Washtenaw, Lenawee, and Monroe counties, has a few remedies for some of the most bothersome clothing care problems.

To remove grease stains from wash-and-wear and synthetic fabrics, use a pre-treatment. Mrs. Fairman suggests. Work a full strength liquid detergent or a paste of detergent and water into the stain. Then rinse well with hot water. Sometimes, more than one treatment may be needed.

Pilling on fabrics results from loose fiber ends which escape from the yarn and work their way to the surface of the fabric. The fiber ends become entangled with lint, and form unsightly balls especially in the areas that are rubbed against the body, Mrs. Fairman explains. Permanent removal is unsatisfactory, but there are a few temporary measures you can take.

A rough surface like a dry sponge, sandpaper, or roller-type abrasive will remove some of the pills from the surface, Mrs. Fairman said. Wash clothes inside out to avoid excessive abrasion during laundering. And finally, use a fabric softener in the final rinse when laundering.

And when storing clothes, Mrs. Fairman suggests, always remember to store clean clothes in a clean, dry place. Storing soiled clothing allows the chemical action of the stain to work on the fabric, and invites deterioration. For additional information on solving special textile care problems, ask for extension bulletin "Textile Care Problems" Bulletin E-401.

When you hear criticism, it is well to remember that the meanest dog can bark at the greatest man.

### WHO KNOWS?

1. Do you recall the first draft lottery number drawn in 1940?
2. Who drew this number from the glass bowl?
3. Was this bowl used in a draft prior to this date?
4. How many numbers were placed in the glass bowl from which they were drawn?
5. Men born on what date are to be the first drafted in 1970?
6. Where is Honduras located?
7. Define the phrase "comme si, comme ca"?
8. Has an Indian ever served as Vice-President of the U. S.?
9. Name the 19th President.
10. What is an asteroid?

### Who Knows Answers . . .

1. 158.
2. Secretary of War Henry L. Stimson.
3. Yes, for the draft in 1917.
4. 366.
5. The second largest Central American nation.
7. A French phrase meaning "so so."
8. Yes, Charles Curtis of Kansas served under President Herbert C. Hoover, from 1929 to 1933. He was of Shawnee descent.
9. Rutherford Birchard Hayes.
10. One of the many celestial bodies revolving around the sun.

### THE OLDSTERS

### Airman Carolyn Foster Is June Bride of Airman Steven Pullen

At 7 p.m. on the evening of June 29, in Council Bluffs, Ia., Miss Carolyn Foster of Norton Field, Calif., and Steven Pullen also of Norton Field became man and wife. The bride is the daughter of Mr. and Mrs. Robert Foster, 515 Wilkinson, and her new husband is the son of Mrs. Wanda Pullen of Ann Arbor.

The bride was married in a white, street-length dress, with daisy-embroidery around the neck and sleeves which the bride made herself. She wore a matching daisy band in her hair and carried a bouquet of cascading daisies. The bride's roommate at Offutt Air Force Base served as maid of honor at this small ceremony. A reception was held afterward at the home of the commanding officer for the fellow airmen at Offutt.

After a five-day camping trip in the Rocky Mountains, the couple, who are both Airman First Class, will be stationed together. The bride graduated in 1969 from Chelsea High school and entered the Air Force in August of that year. The bridegroom, a Whitmore Lake High school graduate, attended Michigan State University before entering the Air Force.

### Robert Reeds Honored July 25 on 25th Anniversary

In observance of their 25th wedding anniversary, Mr. and Mrs. Robert Reeds were honored by their children at an anniversary party held Saturday, July 25, at the American Legion Home.

The couple was married July 21, 1945 in Chelsea by the Rev. William H. Skentelbury. They have lived in the Chelsea area since that time. The past 13 years they have resided at their present address, 207 Lincoln St. Robert is employed by the Chemical-Metallurgical Dept. of the University of Michigan.

They are the parents of six children, Marine Sgt. Robert Reeds Jr., who is currently with the First Marine Air Wing in Japan; Mrs. Russell (Joyce) Brown of Ann Arbor; Sgt. Charles Reed USAF, stationed at Wasserkuppe, Germany; and Jeff, Billy and Jodi, who are at home. They also have three grandsons, Robbie and Nathan Reed, and "Rusty" Brown.

Approximately 50 guests attended from Chelsea, Grass Lake, Dexter, Ann Arbor, Plymouth, and Belleville. The couple received many lovely gifts, including special congratulatory messages from their sons in Japan and Germany.

**BRIGHTEN STAIRCASES**  
When selecting a paint for use on walls of an enclosed staircase, it's a good idea to choose white or other light colors which reflect the greatest amount of light. Your stairway will be safer and more attractive.

### Max Hepburns Guests At Party Honoring 25th Anniversary

A 25th anniversary dinner party was given for Mr. and Mrs. Max Hepburn on Sunday, July 26, at their home, 1191 Pierce Rd., by their children, Cynthia, Joan, Tom, Nancy and Allison, assisted by relatives and friends. Approximately 50 guests attended the celebration, including three members of the original wedding party, Mrs. Robert Eaton of Jackson, Charles Ritter of Chelsea, and Irwin Northmangel of Wayne.

The couple was married in Chelsea on July 28, 1945, at the Congregational church by the Rev. William Skentelbury.

### Burg Family Reunion

The second annual Burg family reunion, attended by four generations, was held Sunday, July 26, at the home of Mr. and Mrs. Donald Doll, 17410 Heim Rd. The 112 persons attending came from Chelsea, Ann Arbor, Adrian, Berkley, Jackson, Port Huron, Alpena, Detroit, Cleveland, O. and Toledo, O. Visitors from Victoria B.C., Canada, accompanied the J. V. Burg, II, family.

### Warren Porath, Sr., Honored Sunday on Silver Anniversary

An open house celebration for the silver anniversary of Mr. and Mrs. Warren Porath, Sr., was held at 10280 Hadley Rd., Sunday, July 26, by their children, Mr. and Mrs. Warren Porath, Jr., Mr. and Mrs. Larry Porath and Shelly Porath. A large decorated sheet cake was the center attraction of the table, supplemented by additional home-baked cakes. Coffee and punch were also served.

Approximately 125 guests attended from Grass Lake, Gregory, Pontiac, Stockbridge, Saline, Munith, Holt, Dearborn Heights, and By Village O., as well as from Chelsea.

The honored couple were married 25 years ago on July 28, 1945, by the Rev. Barney D. Roepcke, at the home of Mrs. Porath's parents here in Chelsea.

**BETTER MINK PELTS**  
The first litter from artificially inseminated mink has been produced by researchers in Michigan State University's poultry science department. This artificial insemination technique would enable mink ranchers to breed six to seven times more females with the best males, thus increasing pelt quality.

**NUTRITION FOR HEIFERS**  
Yearling dairy heifers on pasture may need supplemental hay or silage and from three to five pounds of grain daily as pasture quality declines, reminds Donald Hillman, Michigan State University dairy nutritionist.

### TIPS for your TOP from

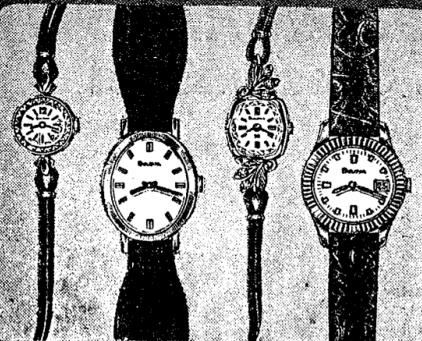

TODDY and FRAN

Whether your vacation is away from home or no farther than the community swimming pool, you'll be a lot happier about going casual for the summer if at a moment's notice you can look your sophisticated best. Without the proper hair-do, of course, this is an impossibility. Your hair sets the pace for the costume rather than the other way around. With a wig in your wardrobe, you've got it made. Plaster down that straight unset hair and slip a wig over it and you're ready for action. We have a wig expert who will see that yours looks and feels great.

Attention Seniors: work meeting will be held every night at 7 p.m. starting Aug. 1 at John Dettling's 340 Pierce.

## Army Deserter Nabbed By Police Friday Night

Patrolmen Peebles and Ringo of the Chelsea Police Department arrested an army deserter and confiscated a British 303 rifle from the car the deserter was in on Friday night, July 24, at 11:25 p.m. on Van Buren St.

The deserter, Gordon Allen Gray, from the Manchester area, had left the Army exactly one year previous to the arrest, on July 24, 1969. Gray was turned over to Military Police by the Chelsea Police Department.

The rifle belonged to Gerald Karpo of Clinton, who was driving the car in which Gray was a passenger. A disturbance alerted the patrolmen to investigate the car and its passengers.

More than 14 major languages are spoken in India.

St. Mary's Bake Sale Saturday, Aug. 1, K. of C. Hall, 10 a.m. to 1 p.m. adv.6

Saturday, Aug. 1 youth from Our Savior Lutheran church in Chelsea and St. Thomas Lutheran church in Ann Arbor will hold a car wash at the new Jiffy Market on Sibley Rd. Proceeds will go to support building a Christian Youth Center in Tokyo, Japan. The car wash will be held during the hours of 10 a.m. and 4 p.m. adv6

Chelsea Women's Bowling Club meeting, Wednesday night, Aug. 5 at 7:30 p.m. at Chelsea Lanes. All members and any new bowlers please attend.

Inquiries regarding the Chelsea blood bank may be directed to Harold Jones at Cavanaugh Lake in the event that Mrs. Dudley Holmes is unavailable.

American Legion and Auxiliary hospital equipment available by contacting either Mr. or Mrs. Eugene Martin, at 475-5867 after 4 p.m.

Sewing every Tuesday after noon at Korner House.

## Man Arrested Here Wanted By Two Other Police Agencies in State

Dale R. Pearson of Inkster had a traffic warrant for his arrest with the Wayne Police Department and a non-support criminal warrant with the Antrim County Sheriff discovered. Patrolman Louis Schneider of the Chelsea Police Department when he picked Pearson up last Saturday, July 25 at 12:35 p.m. A loud noise caused by Pearson alerted Ptk Schneider to East St. and Washington St. where the confrontation took place.

Through LEIN (Law Enforcement Information Network), Ptk Schneider was able to transfer Pearson to the authorities in search of him.

# DEATHS

## Fred J. Below

Retired Farmer Dies at His Home Near Manchester

Fred J. Below, 70, of Manchester died recently at his home. Born April 7, 1900, in Paulding County, O., he was the son of Fred and Anna Tretter Below. On Feb. 8, 1930, he married Luetta N. Schumacher. She died Nov. 26, 1969.

He had been a member of the Bethel United Church of Christ, Freedom township, of the Ann Arbor Elks Lodge, and of the Tri-County Sportsman's League Club. He had formerly been employed by the American Broach & Machine Co. until 1961 and has been farming since that time.

Surviving are three brothers, William C. of Ann Arbor, John of Manchester, and Elmer, of Chelsea; six sisters, Mrs. Martha Smyth, of Owosso, Mrs. Bertha Melott, of Tecumseh, Mrs. Emma Schlect, of Ann Arbor, and Mrs. Sophia Smith, Mrs. Elsie Hatfield and Mrs. Rose Apgar, all of Jackson; and several nieces and nephews.

Funeral services will be held at 1 p.m. Thursday, July 30, from the Muehlig Chapel with the Rev. Roman A. Reineck officiating. Burial will be made in Washington Memorial Park.

**OPEN AIR THEATRE:** This view of the old junior high, taken from Harrison St., shows the stage of the gymnasium which was added 42 years ago. Old-timers might remember the controversy over the cost of adding it back in the 1920's. Building it then cost just a fraction of the \$16,350 it takes now to demolish the entire structure. Today's controversy will be over what to do with the school district property which remains. No decision has been made yet about this issue, although many people have their own ideas about what "should be done."

## Bill Schneider Badly Hurt in Cycle Accident

A motorcycle accident on July 7 has left Bill Schneider, 24 1/2, Jefferson St., with a compound fracture in the right femur above the knee. Bill's wife, Kathy, reports that he is at Fotee Hospital in Jackson and has already undergone two surgical operations, been in and out of traction twice, had a bone graft done on the splintered portions, and presently has a pin in from his hip bone to just above the knee to protect a plate which has been placed in the injured portion of the leg.

The accident occurred on Ann Arbor Rd. at Race Rd., when Bill, on an almost new Honda 175, was suddenly cut off by an oncoming truck making an unsignaled left turn. Bill hit the truck broadside as he could not get out of the way in time to avoid the collision. The other driver, who was ticketed and reported to blame for the accident, was not hurt.

Bill, who works as a cutter-grinder at Clark Equipment when he is not laid up, will probably be released Wednesday, July 29 and then home recuperating for as long as it takes. He probably will be on crutches for three to four months, his wife said, but everything depends on how fast the leg heals.

## Rash of Minor Auto Accidents Reported By Sheriff's Dept.

(Continued from page one)

On July 19, at 12:45 p.m., in Sylvan township, at Cavanaugh Lake Rd. and Kalmbach Rd., James Milligan of Belleville lost control of his pick-up truck on the curve because of the wet, slippery pavement, rolling it to the south side of the roadway.

On July 20, at 4:20 p.m. in Sylvan township, at the same curve on Cavanaugh Lake Rd. and Kalmbach Rd., Jill Ann Seitz, 687 S. Lima Center, lost control of her vehicle midway in the curve, going off the right side of the road and striking the "curve" sign.

On July 22, at 2:45 p.m. in Freedom township, Earl F. Meyer of Ann Arbor was headed south on Schneider Rd. approaching Hieber Rd. which is just over a hillcrest. Milton Pearson of St. Louis, Mo., thinking it was clear to turn right from Hieber Rd., onto Schneider, started to do so when Meyer crested the hilltop, and Pearson struck him, falling to yield right of way.

On July 22, at 11:25 a.m. in Scio township, Nifah Jean Ruder, son of Farmington, driving 70 mph west on M-14 bypass under Wagner Rd. lost control of her vehicle, going off the left shoulder and back across the road, striking a bridge abutment 430 ft. from where she first left the road. She was taken to University of Michigan Hospital.

On July 23 in Scio township, on I-94 near Wagner Rd., Clifford Lee Allen of Ypsilanti, going 70 mph eastbound in the rain at night, ran into Roy Jessie of Milan, going 65 mph, in front of him.

On July 23, at 10:25 a.m., in Dexter township in the rain, on North Territorial, 1/4 mile from Hankerd Rd., William Cooper of Whitmore Lake, slowed down from his 35 mph speed to allow several pheasants to cross the road, and was struck from behind by Margaret M. Watson, also of Whitmore Lake, who slid on the wet surface and had failed to stop in an assured distance ahead.

Glenbrook, Daniel Jenkins of Inkster, lost control of his car as he came around the curve onto Hankerd Rd., running into the east side of the road bank.

On July 26, at 7:15 a.m., in Scio township, on I-94 near the Wagner overpass, Semplicio Hingosa, Sr., from Chicago, Ill., was driving carelessly and speeding when he apparently took his eyes off the roadway while looking for a restaurant, causing him to run off the roadway, striking direction and food-lodging signs, posts, and guard rails. The vehicle finally came to rest on its side, and the trailer it was pulling broke off.

On July 26, at 11:55 p.m., in Freedom township, on Boettner and Saline-Water Works Rd., Donald R. Alber of Clinton failed to maintain control of his vehicle when he allegedly fell asleep at the wheel, ran off the road, and struck a tree.

On July 26, at 3 p.m., in Dexter township, Sandra Joy Heyer of Oakland failed to yield right of way as she pulled out onto McGregor Rd. from Canal Dr. William E. Stocks of Wyandotte, who was obscured by bushes at the bridge rail to his right, failed to stop at a safe clear distance and slid sideways into the Heyer automobile although both drivers tried to avoid the collision by braking.

On July 26 at 11:45 p.m., in Dexter township, at Hankerd and

Rockwell Officials Take Part in Conference On Water Resources

Officials from North American Rockwell Corp. appeared at the Michigan Water Resources Commission conference on industrial and community waste treatment needs on July 23-24 at the Capitol Park Quality Motel in Lansing. Various aspects of the pollution problem which are affecting several Michigan bodies of water were reviewed and recommendations were made by the experts. The WRC is a division of the Michigan Department of Natural Resources.

## Schools Learn Amount of State Aid

State Rep. Thomas G. Sharpe of the 51st District has made known the amount of state aid that local school districts will receive on Aug. 1. He explains that state aid payments to local districts are made on the first of August, October, December, February, April and June throughout the school year.

Rep. Sharpe has also announced the total amount remitted to the districts since the last report under Title I of the Elementary and Secondary Education Act of 1965.

The figures are as follows, Stockbridge Community Schools, \$154,680 in state aid, nothing under Title I; Pinckney Community Schools will receive \$140,820 in state aid, nothing under Title I; Ann Arbor City School District will be awarded \$686,210 in state aid, nothing under Title I; Chelsea School District will receive \$126,920 in state aid, and \$2,874 was remitted under Title I; Dexter Community Schools will receive \$118,650 in state aid, and has received \$4,450 in Title I money; Manchester public school district will have \$68,130 in state aid, and has received no Title I grant; Milan Area Schools will augment their budget by \$191,410 in state aid, and have received \$1,768 in Title I funds; and Saline Area School District will benefit from \$92,430 in state aid, and has been given \$3,235 in Title I remittance.

THE REV. RONALD TIPTON

## Guest Minister Stated Sunday at St. Paul Church

Guest minister for the next two weeks at St. Paul United Church of Christ will be the Rev. Ronald Tipton, the Baptist campus minister who is on the staff of Guild House in Ann Arbor. He is replacing Pastor Siebert during his vacation.

The Rev. Tipton is a native of St. Louis, Mo. He received his BA from William Jewell College, his MA from the University of Missouri, and his BD from Yale University.

He has served as a parish minister in Green Lake, Wis., in campus ministry at the University of Missouri, and since 1966 on campus ministry at the University of Michigan.

In recent years he has been very active in draft counseling with students and has a Draft Counseling Center in his office at the Baptist Campus Center.

## Personal Notes

Mrs. Walter Trinkle, 418 Wilkinton St., attended the Grobe-Lutz family reunion on Sunday, July 26, near Stockbridge. About 75 people attended from Ann Arbor, Brighton, Chelsea and Saline. Mrs. Trinkle's nephew is Edwin Grobe.

★ **The 'Udder' Story**

When Pa wasn't around the boys used to get into milk squirting fights. Often times they used to make the barn cat smile with a shot of the creamiest milk this side of the next cow. Fact is a fellow could get pretty expert and accurate in milking chores and splashing targets up to 10 feet away.

A good milker could finish a cow in six to ten minutes. An amateur—15 to 20 minutes if the hand cramps didn't get to him first. Moreover, squatting and milking from the edge of a short log or from a fancy three-legged stool, didn't make it easier.

Back then, without refrigeration, only dairymen who lived near town marketed drinking milk. Other rural area farms marketed cream because it held up longer.

Time changes. Here in the '70's milk in the dairy case comes from a highly skilled, sanitized and mechanized operation. One of the few things which has not changed, however, is the twice-a-day milking at 4 a.m. and 4 p.m.

Today the cows are producing more too, more than 9,000 pounds annually. More select cows produce 12 to 14 thousand pounds yearly. According to the U.S. Department of Agriculture the big showcase cows milk as much as 20,000 pounds. That's more milking than anyone from a stool wants to tackle, we're sure.

During the '60's great strides were made in dairy. It was an era of innovated marketing and packaging including plastic cartons, plastic bags and advertising.

The USDA says that the '70's will emphasize new product development. For example, we may be seeing iron fortified milk, fruit-flavored milks, and the more exotic fermented or cultured milk foods not now generally available.

In Michigan dairy products account for the largest sold of all agricultural foodstuffs. In our states' near billion dollar ag-industry, dairy claims 28 percent. The nearest competitor is cattle and calves at 13 percent.

Dairy farms in the U.S., however, are thinning ranks and in another 10 years says the USDA only about half of the now 400,000 farms will be able to stand the economic squeeze. Dairy farms will be larger and herds will average 50 to 75 cows instead of today's average of 30. Cows will also be even more productive.

But of all the predictions by the USDA, a most gratifying one is that dairying will retain its personality as it will essentially remain a family affair.

**Production Reported  
For Area Holstein**

Brattleboro, Vt.—Daisy Rada r Maid, 5964264, a seven-year-old registered Holstein in the herd tested for George Macomber & Sons, Manchester, has produced a noteworthy record of 23,550 lbs. of milk and 786 lbs. of butterfat in 365 days.

The information is made available through the co-operative efforts of the state and local testing associations and Holstein-Friesian Association of America.

This level of production may be compared to the average U. S. dairy cow's estimated annual output of 8,821 lbs. (4,103 quarts) of milk containing 325 lbs. of butterfat.

MORTGAGE SALE
Default having been made in the conditions of a mortgage made by SPEYEN D. FRASER AND BEBECCA A. FRASER, HIS WIFE, to INTERNATIONAL MORTGAGE CORPORATION, a Michigan corporation, Mortgagee, dated April 25, 1969, and recorded on April 30, 1969, in Liber 1285, page 8 of the Ann Arbor, Michigan, and assigned by said mortgagee to JAMES T. BARNES & COMPANY, A MICHIGAN CORPORATION, by an assignment dated April 25, 1969, and recorded on April 30, 1969, in Liber 1285, page 397, of the Ann Arbor, Michigan, County Records, on which mortgage there is claimed to be due at the date hereof the sum of \$10,000.00, plus interest thereon of \$1,716.28, totaling \$11,716.28, Dollars, including interest.

Under the power of sale contained in said mortgage and the statute in such behalf made and provided, notice is hereby given that said mortgage will be foreclosed by a sale of the mortgaged premises at public auction to the highest bidder, at the west entrance of the Washington County Building in Ann Arbor, Michigan, at 10:00 o'clock a.m., on THURSDAY, AUGUST 6, 1970.

Said mortgage is in the County of Washtenaw, Michigan, and is described as follows:
Section 183, TURTLE CREEK SUBDIVISION, MAP 100, 1/4 of Section 18, Township 34 North, Range 5 East, Ypsilanti Township, Washtenaw County, Michigan, as recorded in Liber 1197, page 42, of the Ann Arbor, Michigan, County Records, on which mortgage there is claimed to be due at the date hereof the sum of \$10,000.00, plus interest thereon of \$1,716.28, totaling \$11,716.28, Dollars, including interest.

Under the power of sale contained in said mortgage and the statute in such behalf made and provided, notice is hereby given that said mortgage will be foreclosed by a sale of the mortgaged premises at public auction to the highest bidder, at the west entrance of the Washington County Building in Ann Arbor, Michigan, at 10:00 o'clock a.m., on THURSDAY, AUGUST 6, 1970.

Said mortgage is in the County of Washtenaw, Michigan, and is described as follows:
Section 183, TURTLE CREEK SUBDIVISION, MAP 100, 1/4 of Section 18, Township 34 North, Range 5 East, Ypsilanti Township, Washtenaw County, Michigan, as recorded in Liber 1197, page 42, of the Ann Arbor, Michigan, County Records, on which mortgage there is claimed to be due at the date hereof the sum of \$10,000.00, plus interest thereon of \$1,716.28, totaling \$11,716.28, Dollars, including interest.

Under the power of sale contained in said mortgage and the statute in such behalf made and provided, notice is hereby given that said mortgage will be foreclosed by a sale of the mortgaged premises at public auction to the highest bidder, at the west entrance of the Washington County Building in Ann Arbor, Michigan, at 10:00 o'clock a.m., on THURSDAY, AUGUST 6, 1970.

Said mortgage is in the County of Washtenaw, Michigan, and is described as follows:

THE LANSING REPORT FROM senator GIL BURSLEY

Part III: The Status of Drug Abuse Legislation
As an indication of the state legislature's concern about drug use and abuse, more than 40 bills dealing with drugs have been introduced for consideration since January, 1969. Let me stress that in emphasizing the drug problem we should not minimize the economic and social toll of alcoholism. The Legislature is also giving this problem careful attention this year.

The urgency of this problem is such that the Governor has established an Office of Drug Dependence and Abuse. On June 1, Dr. Thomas Stachnik was appointed director of the office, which will co-ordinate educational and public information programs and will work with other state departments to develop a comprehensive program on drug dependence and the diagnosis, treatment, and control of drug-dependent persons. The office will re-examine Michigan's laws concerning dangerous drugs and propose legislation for next year; it will make recommendations on all budget and grant requests affecting this program; and it will encourage maximum use of federal funding.

We, in the legislature, look forward to receiving the research and suggestions of the Office of Drug Dependence and Abuse. In the meantime, we are working with the suggestions already made by the Governor's special committee. We are acutely aware that present laws and present means of enforcement have been remarkably unsuccessful. Illicit drug use and sales are rising among all sectors of society, not just the young. All forms of drug abuse and the corresponding crimes against persons and property are rising at an alarming rate. Jail sentences and fines are not sufficient deterrents and cannot even maintain a holding action in preventing drug abuse and drug dependence. We must allow our judges to use their discretion in the imposition of sentences, fines, and drug law violations. Since most narcotics addicts have viewed the 20-year mandatory minimum sentence as a harsh, there has been a great reluctance to sentence violators under this law and, as a result, many persons are usually convicted on the lesser charge of possession rather than selling or manufacturing narcotics. This reluctance to prosecute for selling is reflected by the fact that in 1967 there were only four commitments to prison for the sale of narcotics; five in 1968 and none in 1969.

House Bill 3262, passed by the House and now on the Senate calendar would change the 20-year mandatory minimum sentence for the sale or manufacture of a narcotic drug by an unlicensed person to a 20-year maximum sentence. Possession of any narcotic drug will remain a felony for which the first offense is still punishable by imprisonment for not more than 10 years and a fine of not more than \$5,000. As presently amended, the bill would increase punishments for a second conviction to imprisonment of not more than 20 years and a fine of not more than \$25,000 (compared to the present \$5,000). Any person convicted of illegal possession more than twice will be subject to not more than 40 years and not more than \$50,000 (rather than \$5,000) in fines. Improvements must also be

made in legislation regulating drug distribution. Senate Bill 1435, passed by the Senate and sent to the House Public Health Committee, provides for inspection by the Department of Licensing and Regulation of all records of drugs manufactured, sold, or distributed in Michigan. Senate Bill 1454, also sent to the House Public Health Committee, stipulates that sellers must validate telephoned purchase orders and makes it a misdemeanor to mail prescription drugs to any unauthorized person or for any person to order prescription drugs knowing they will be dispensed through the mail. This bill will assign more responsibility to the seller and should provide a method for curbing the flow of prescription drugs into the illicit market. The American Medical Association supports legislation to control the manufacture and distribution of barbiturates and amphetamines. These drugs serve useful purposes in the practice of medicine; however, their abuse and misuse have become problems of increasing national concern. The AMA feels that these drugs are produced in excess of legitimate need and their illegitimate distribution must be stopped.

The creation of a State Commission on Investigations will provide Michigan with a new tool to eliminate organized crime's traffic in narcotics. And expansion of Michigan's crime laboratory capacity, as recommended in the Governor's budget, will strengthen the ability of law enforcement agencies to prosecute drug violators. The ability of our scientific laboratories to identify dangerous drugs will be improved by amending the D-LSD statute to eliminate the "D" isomer which precedes the words "Lysergic Acid Diethylamide." This is a difficult analysis, and expensive, and on one occasion, at least, prosecution had to be dropped because the prosecutor could not prove the "D" isomer was in the defendant's possession. HB 2153, which is now on the Senate calendar, has removed the D isomer from LSD. The bill as passed by the House would make illegal sale or possession of LSD, peyote, mescaline and similar substances a felony. The Senate Judiciary Committee deleted the reference to possession. The most controversial aspect of drug legislation is the classification of marijuana as a narcotic. It will soon be reported out for consideration by the Senate. The mental health appropriation provides \$861,000 for a Mental Health Drug Abuse Center to be located at the former U.S. Public Health Service Marine Hospital in Detroit. Hawthorne Center will also have drug abuse facilities for adolescents. On the local level, funds are available through the Local Act 54 Board from the State Department of Mental Health for well-planned community programs. The House has passed a three-

bill package liberalizing Michigan laws on marijuana. The bills are now in the Senate Committee on Health, Social Services and Retirement. Penalties for the possession or sale of marijuana presently are 20 years to life. Under the House-approved legislation, use could result in a maximum of a year in prison or a \$1,000 fine or both. Sale of marijuana would be a felony, punishable by imprisonment for not more than 10 years or a \$10,000 fine or both. Committee amendments provide that a person in possession of more than two ounces of marijuana shall be considered a possible seller of the product and subject to the felony charge. If this bill becomes law a person now serving a sentence imposed for violation of the law may appeal for a review and modification of the sentence to comply with the proposed provisions. Two companion bills removed marijuana as a narcotic drug from the uniform narcotic drug act (HB 4128) and eliminated marijuana from provisions of the act to suppress the illegitimate use, possession, control, sale, manufacture, production, disposition, administration, compounding, dispensing, prescribing and traffic in narcotic drugs (HB 4127). These are initial steps. We still know remarkably little about many of the drugs being used and their effects. We must do all we can to study drugs and for this reason, I have co-sponsored a bill (SB 1354) to allocate \$10,000 to the University of Michigan Medical Center for a conference on drug abuse scheduled for November 1970. The conference will provide the latest information on treatment of drug-addicted patients to practicing physicians in Michigan communities. Public information is another, and perhaps the most important, aspect of drug abuse. Ann Arbor and Ypsilanti are fortunate in having crisis centers and Ann Arbor has a special center for drug-dependent persons to call. The phone (761-HELP) is manned 24 hours a day for any drug emergency. The centers should make every effort to publicize their services and to inform the public of the nature of drug attitudes from contempt and vindictiveness to understanding and compassion for what is, essentially an illness, that requires medical attention. The youth of today are skeptical, and rightly so, of the horror stories that have been told which in most cases are true but unrepresentative of the drug picture. We must help the youth who are addicted, not simply lock them up. House Bill 4724, provides for the consent by minors, as if they were adults, for treatment for drug dependence. This bill is now in the Senate Committee on Health, Social Services, and Retirement and I am hopeful that it will soon be reported out for consideration by the Senate.

Under the power of sale contained in said mortgage and the statute in such behalf made and provided, notice is hereby given that said mortgage will be foreclosed by a sale of the mortgaged premises at public auction to the highest bidder, at the west entrance of the Washington County Building in Ann Arbor, Michigan, at 10:00 o'clock a.m., on THURSDAY, AUGUST 6, 1970.

Said mortgage is in the County of Washtenaw, Michigan, and is described as follows:
Section 183, TURTLE CREEK SUBDIVISION, MAP 100, 1/4 of Section 18, Township 34 North, Range 5 East, Ypsilanti Township, Washtenaw County, Michigan, as recorded in Liber 1197, page 42, of the Ann Arbor, Michigan, County Records, on which mortgage there is claimed to be due at the date hereof the sum of \$10,000.00, plus interest thereon of \$1,716.28, totaling \$11,716.28, Dollars, including interest.

### Dana Little Leaguers Team Still Undefeated To Hold Lead

So far in the season, Dana Corp. is the undefeated champion of the Little League, a position they have maintained through two well-played games last week.

Tuesday night, July 21, Dana met the Chelsea Jaycees at South school. Dana combined good pitching and good hitting to win, 16 to 0. Mike Fouty and Don Harmon combined to pitch a one-hit shutout for the winners. Moose Murphy collected four hits and Don Harmon had three hits, including a home run, to lead the Dana attack. John Collins had the only hit for the Jaycees.

Thursday, July 23, Dana pulled off another victory over Murphy Barber Shop, 13 to 7. Dana had a strong pitching force with Mike Fouty, Joel Sprague, and Don Harmon. Mike Fouty hit the only home run of the game. That victory gave Dana a 4-0 record, and Murphy's an even 2-2.

Palmer T-Birds are running a close second to Dana with their two victories last week. In their July 21 game, the T-Birds, under the fine pitching of Dave Alber, who struck out seven batters in succession, trounced Frigid Products, 10 to 6, giving Frigid a fourth place 1 and 3 standing so far.

On Thursday, July 23, T-Birds downed Chelsea Jaycees in extra innings by a score of 9 to 8. The Jaycees led throughout the game until the T-Birds scored two runs in the bottom of the seventh

to send it into extra innings. In the bottom of the eighth, Randy Guenther drove the winning run for the T-Birds. Dave Alber did a good job as the winning pitcher for the T-Birds. So far, the T-Birds hold a 3 and 1 standing in the league. That loss put the Jaycees in last place with a 0 and 4 record.

The next six games scheduled in the Little League are as follows. Thursday, July 30, at South, Frigid Products will face Chelsea Jaycees; at the high school, Murphy Barber Shop will vie against Palmer T-Birds. On Monday, Aug. 3, at South school, Palmer T-Birds will go against Frigid Products; and at the high school, it will be Dana Corp. against Chelsea Jaycees. On Tuesday, Aug. 4, at South, Dana Corp. will take on Murphy Barber Shop; and at the high school, the Jaycees will battle the T-Birds. All games start at 5:30 p.m.

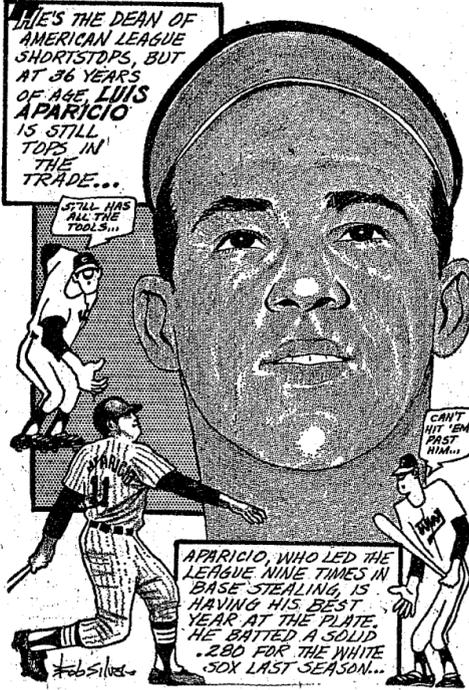

### Conservation Law Violations Heard In District Court

Conservation officers from the Department of Natural Resources made a number of arrests recently which were heard in Judge Patrick J. Conlin's 14th District court. Walter W. Warren, 44, Robert L. Wilson, 36, and Thomas L. Hayes, 39, all of Plymouth, pled guilty to hunting raccoon in the closed season. They were arrested Monday night, July 20 on Loeffler Rd. in Lima township, paying \$50 fine and costs each. The raccoon season doesn't open until Oct. 20, but dogs may be run after Aug. 15.

The following three men pled guilty to fishing without a license, each paying \$16 fine and costs: Timothy G. Devos, 20, of Royal Oak, in Portage Lake; Edward Richardson, 42, of Westland, in Little Portage Lake; and John C. Thomason, 18, of Plymouth, in Little Silver Lake.

There are some things more important than getting rich—a fact that many people learn too late in life.

## SPORTS CORNER

### New Traffic Light Will Be Erected Soon in Ypsilanti

Lansing—A new stop-and-go traffic signal will be erected soon on M-17 (Washtenaw Ave.) at Hewitt St., on the west city limit of Ypsilanti, the Department of State Highways has revealed.

The installation is the result of increasing traffic volumes at the intersection. It will allow Hewitt St. traffic to enter or cross Washtenaw Ave. with greater ease and safety.

"Gaps" created in the Washtenaw Ave. traffic stream by the signal also will assist motorists at other intersections along the highway.

Washtenaw Ave. is carrying 24,000 vehicles daily at this location and the full benefits of moving cross traffic cannot be realized until the intersection has been widened.

Because traffic must be maintained during reconstruction, the signal is to be installed before the widening, scheduled for later this year.

The signal will be operated as a flasher for the first week after installation to accustom motorists to the new installation.

Half of the cost of the new signal will be paid by the Highway Department, with Washtenaw county paying three-fourths and the City of Ypsilanti one-fourth of the balance.

### G. A. Sales Leads T-Ball League at 3-1

In the T-Ball league, G. A. Sales & Service holds the number one position half way through the season. Their standing is 3 and 1 with a loss on Monday night, July 20. At that game, Chelsea State Bank pulled off an eight-run rally led by the hitting of Don Aldrich, Brian Kalishek and Bobby Kruse in the fourth inning to defeat G. A. Sales 11 to 8.

Spaulding Chevrolet scored its only victory so far on Tuesday, July 21, when it defeated Chelsea State Bank 35 to 22 in a very high-scoring game. Chelsea State Bank at that point has second place in the league with a 2-2 record.

The decisive game which put G. A. Sales & Service into first place was on Thursday, July 23 when they took a smashing 20 to 10 win over Spaulding Chevrolet, putting Spaulding in last place.

Upcoming games, which all start at 5:30 p.m. at the high school, will feature G. A. Sales competing against Spaulding Chevrolet tonight, July 30; G. A. Sales facing Chelsea State Bank on Monday, Aug. 3; and Chelsea State Bank against Spaulding Chevrolet on Tuesday, Aug. 4.

After these games are played, only one day, next Thursday, Aug. 6, remains in both the T-Ball and Little League competition. Except for these baseball leagues, Friday, July 31 marks the end of the summer recreation program. Outside of the basketball clinic, which is still being formed, summer activities are over and the focus is on the future with school sports in the fall just around the corner.

Laplandres do not wear stockings inside moccasins but rather, pack fresh hay which has been pounded to a fine consistency, around the bare feet.

# GENERAL PRIMARY ELECTION

To The Qualified Electors:

NOTICE IS HEREBY GIVEN,

That a General Primary Election will be held in the  
**TOWNSHIP OF SHARON**

(Precinct No. 1)  
STATE OF MICHIGAN

At  
**SHARON TOWNSHIP HALL**

Corner Pleasant Lake Rd. and Sylvan Rd.  
Within said Township on

**TUESDAY, AUGUST 4, 1970**

For the purpose of placing in nomination by all political parties participating therein, candidates for the following offices, viz:

- STATE** Governor
- CONGRESSIONAL** U. S. Senator, Representative in Congress
- LEGISLATIVE** State Senator, Representative
- COUNTY** County Commissioner
- TOWNSHIP** Supervisor, Clerk, Treasurer, 1 Trustee, 2 Constables

AND FOR THE PURPOSE OF ELECTING  
Delegates to the County Convention  
of each Political Party

Also Any Additional Amendments or Propositions That May Be Submitted.

**Notice Relative to Opening and Closing of Polls**  
ELECTION LAW, ACT 116, P. A. 1954

SECTION 720. On the day of any election the polls shall be opened at 7 o'clock in the forenoon, and shall be continuously open until 8 o'clock in the afternoon and no longer. Every qualified elector present and in line at the polls at the hour prescribed for the closing thereof shall be allowed to vote.

THE POLLS of said election will be open at 7 o'clock a.m. and will remain open until 8 o'clock p.m. of said day of election.

Duane Haselschwerdt, Township Clerk

### Al Kaline Day Slated Sunday At Tiger Stadium

Al Kaline's day in the sun may help to provide a happier summer for many Detroit-area youngsters.

The Tiger star will be honored in "Al Kaline Day" ceremonies prior to the Detroit-Minnesota game at Tiger Stadium Sunday afternoon, Aug. 2. National and local government and sports figures, as well as representatives of Al's fan following, will participate in the tribute to Kaline.

"Just having a 'Day' is a great honor and thrill for me," Kaline said. "But I never dreamed it might present me an opportunity to help repay the community for 18 years of loyal support."

That opportunity came when the Tigers and the committee planning the "Day" advised Kaline they are receiving inquiries from fans who want to make cash contributions to the program.

"The loyalty of Tiger fans over the years has helped to keep me going for 18 years," Kaline said, "but I can't accept cash contributions from people who already have done so much for me."

Informed that unsolicited contributions nonetheless will be sent in by some fans, Kaline said he would like to have such donations go to a Detroit-area summer recreation program for youngsters. "I'd like for these contributions to help me say 'thanks' for making my career here so wonderful."

Kaline has designated the Summer Youth Program of United Community Services of Metropolitan Detroit as recipient of all contributions by fans. Richard F. Huegli, executive vice-president of UCS, said the money will be "gratefully accepted," and will result in expanded baseball programs for children of Wayne, Oakland and Macomb counties.

"The donations will be used to buy more bats, balls and gloves for youngsters in public programs throughout Metropolitan Detroit," Huegli said.

### Best Cucumbers

Michigan State University has produced five cucumber hybrids for home gardens. Spartan Dawn, Spartan Champion, Spartan Reserve, Spartan Progress, and Spartan Advance.

All are high yielding, disease resistant, tasty, pickling cucumbers especially adapted to Michigan growing conditions. Spartan Dawn and Spartan Champion are now available in garden seed stores.

### Green Cauliflower

A green cauliflower is being developed by Michigan State University scientists.

It doesn't need any special lighting or handling to stay green before harvest, and it even stays green after cooking. This cauliflower, which was produced by crossing a good white cauliflower variety with broccoli, should be available from commercial seedsmen within a year or two.

### Michigan Leads In Sod Production

Michigan leads the nation in sod production.

In 1966, the state's sod producers grew 20,000 acres of sod valued at \$27 million, according to James Geard, Michigan State University turfgrass researcher.

The total sod industry, including growing, harvesting, shipping and laying, is valued at \$72 million, he said.

Michigan has been experiencing a "boom" in sod production during the last decade. Less than 1,000 acres were grown in the state in 1955.

Excellent climate and soil conditions for growing good bluegrass sod are the chief reasons for this "boom," commented Geard. And he said that sod acreage will continue to increase in the future as growers meet the demands of an expanding Michigan population interested in "instant lawns."

South Carolina requires only a 24-hour waiting period for marriage.

### Senator Phillip A. Hart's

### REPORT from WASHINGTON

### ★ Production of Pollution Must Be Halted

To really understand the enormity of this pollution problem that everyone worries about, remember that just about every single thing produced in this country turns into waste.

All the cans, all the houses, all the food, all the paper and glass, all the coal and oil—they are produced, we draw some use from them and they sooner or later become waste.

So, living in the nation with the world's greatest productive capacity is not without drawbacks. Right now, each man, woman and child in America—according to conservative estimates—generates some 3,600 pounds of trash and garbage each year.

Of course, we would already be inundated by our own waste materials if we were not able to recycle much of it back into production. Scrap metal can be melted and made into new cars. Bricks from razed buildings can be re-employed. Rags can be made into paper.

**It's Waste When It Stops Moving**

It is the waste that we do not recycle that gives us the problem. Instead of keeping it moving, we just let it pile up in awkward places.

Sewage wastes pile up in our waters. Coal wastes pile up in our atmosphere. Junked cars cover hillsides. Highways are bordered with a confetti of beer cans and old bottles. Thus we strain the hospitality of the earth.

Recycling of waste materials has been totally dependent on economic chance. Boy Scouts pick up old newspapers and send them back to the mills when pulp wood prices are high. When they are low, the papers pile up.

Old tires are often remelted. But when world rubber prices are down, they might just as easily wind up in the local lake. Everyone can remember the recycling, returnable beer bottles and how they were crowded off the market by the convenience of throwaways.

Sewage is certainly among the most recyclable of items. A hundred years ago, travelers used to return aghast from the Far East with stories of how the "unsanitary" Chinese dumped excrement on their croplands. So we smugly dumped ours in our drinking water. Any field that produces wheat would be blessed to have sewage nutrients in return. But we never really found a profitable way to do it.

Only now many American communities—some in Michigan—are sensibly beginning to experiment with programs that pump bacteriologically cleaned sewage onto fields where it grows crops instead of into lakes where it grows noxious algae.

**Avoiding the Pile-Ups**

Of course, many wastes are not readily recyclable. Combustion

products, for example, or many plastics. But it is my guess that as this pollution war goes on, we are going to have to turn more and more to an insistence on products and materials that can be used again.

Until now, our system has allowed recycling only when it contributed to profits. But now, to avoid pile-ups of waste, we are recycling even when it is an expense.

How? Well, as chairman of the Senate Environmental Subcommittee, I should be an expert. But we are only beginning to feel our way into this problem although already some solutions are beginning to suggest themselves.

First of all, we must crank up a massive research program, even if we must take the money away from some other budget—the Pentagon's, for example. Can trash be somehow compressed into usable building blocks? What can we do with combustion products? What collection system would best keep cans and bottles shuttling steadily from factory to consumer and back?

**Making It Expensive To Pollute**

Secondly, it is getting clearer every day that we must begin to tax polluters; and that includes manufacturers whose products do not continue around the productive cycle but wind up on a trash pile. In other words, we must charge rent for the environment's capacity to absorb waste. Industrial engineers will then have to think about pollution control as an integral part of product and plant design. Under this system, manufacturers may even find themselves buying back their own worn-out products.

Let's not kid ourselves... it will be expensive. Easy waste dumping has "saved" us untold billions of dollars and now we must begin to buy back what we so casually sold off.

Even a determined effort will leave us in a close race with a population explosion that promises the environment no good. But if we don't pay the bill, this land can become a very unpleasant debtor's prison for us all.

**New Pepper Seeds**

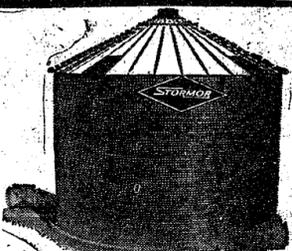

Seeds from two new pepper varieties developed by Michigan State University scientists are available from seed stores this year.

Spartan Garnet, is a dwarf pimento type. The peppers are mild, thick-fleshed, 2 1/4 to 3 1/4 inches in diameter and 3 1/2 inches long.

Spartan Emerald, a green pepper, is mild and sweet and is especially recommended for home gardeners who want peppers for salads or pickling.

Long hair worn by men was forbidden by the church in the 11th century.

# Time To Spare

By GERALD ANDREWS - Retirement Advisor

Under the term "Embolism" my medical encyclopedia has the following definition:

"An embolus is a piece of material which floats loose in the blood, usually detached from a clot of blood somewhere in the body. The great danger of an embolus arises from the possibility that it may get into an important blood vessel and block the supply of blood to a tissue on which life depends. An embolus in the brain, heart, kidney, or lungs is an immediate threat to life."

My reason for bringing this passage to your attention should be self-evident.

Embolism is an affliction of the circulatory system. And persons of retirement age tend to have circulatory problems. Specifically, the sluggish bloodstream that can allow clots to form.

The way to cut down on this threat is to keep the blood flowing properly through the veins and arteries.

Of course no individual should adopt any particular method until he gets an okay from his personal physician. It takes a balanced medical diagnosis to determine, for instance, how to be prescribed with regard to the whole body, not the circulatory mine what should be done, and without that a patient can do himself considerable harm.

So much being granted, there are some things that you can expect your doctor to say. Try not to sit in awkward postures for extended periods. If you have to while traveling, for example, get out of the seat every so often and stretch your legs.

Avoid tight clothing. If you're a woman, take care that your garters and girdles aren't constricting your circulation. Otherwise, the price you pay for your fashions may be higher than you imagine.

You can avoid embolism by following a few sensible rules. That's a lot better than learning the hard way that medical science has some effective antidotes to embolism.

## Research Addition To VA Hospital in Ann Arbor OK'd

Congressman Marvin L. Esch (R-Mich.) said today a \$1 million research addition for the Veterans Administration Hospital in Ann Arbor has been approved by President Nixon.

Esch said invitations to bid on the project will be issued in January, with the contract award made two months later. The new addition is scheduled to be completed in September, 1972.

Said Esch, "Research is a vital part of the vast medical programs of the Veterans Administration. VA has some 6,000 research projects under way at all times. I am quite pleased the VA is continuing its effort to bring the best service possible to our veterans."

Esch added, "Because of a shortage of money all our wounded veterans have not always received the medical treatment they deserve. Recent actions by Congress, which I have strongly supported, have made more money available than was originally intended. This helps, but we must stay after this problem until the backlog of VA medical needs is cleared up and our wounded veterans get adequate treatment without exception."

Mrs. Joan Smith of Mt. Clemens visited her grandfather, Galbraith Gorman at his home, Sunday.

Money is whatever you make it—in your life.

## Survey Finds Residents Slightly Opposed to 18-Year-Old Vote

Congressman Marvin L. Esch (R-Mich.) today revealed results from some 25,000 questionnaires returned to him by constituents in Michigan's Second Congressional District. (The full results are listed at the end of this release.)

In a mild surprise, residents opposed the 18-year-old vote by only a modest margin, about 51 percent against to 49 percent for. The questionnaire was mailed at a time of particular national upset over campus disorder. In all, more than 180,000 questionnaires were mailed to district residents.

Respondents gave overwhelming approval to Esch's proposal for automatic cost-of-living adjustments in Social Security benefit payments. In the past benefits have been fixed at a certain level even though prices were steadily rising. Eventually, Congress, in a grand flurry, would vote a so-called "catch-up" increase. But at times it has not been enough and in any case did not make up for that long period when benefits were stable but prices were rising. The Esch cost-of-living proposal has been passed by the House but the Senate has yet to act on the measure.

Support for an end to the Vietnam war was strong but sentiment was fairly evenly spread over four methods for termination of American involvement. Esch said. Constituents support aid to other countries but economic aid gained greater support than did military aid.

On the scale of national priorities, strong support was found for education, aid to inner city residents, air and water pollution control. Proposals drawing support were abolition of student and occupational deferment in the draft, wage and price controls to fight inflation, and preventive dentation.

Said Esch, "I'm grateful for the excellent response we had from this mailing. I will give very careful attention to the sentiments expressed. They certainly will influence my viewpoints on matters that come before Congress."

In the questions and answers that follow, it should be noted that percentages are approximate. In addition, he cautioned, that the poll was not scientifically designed nor carried out but that the results are a good indication of general sentiment by district residents.

### QUESTIONS & RESPONSES

1. Do you favor so called "preventive detention" which would allow judges after a hearing to retain accused persons in jail before trial when the judge felt there was a probable danger to the community? 73 percent yes, 27 percent no.

2. Do you favor abolishing student and occupational deferments so that all men face equal liability to the draft? 68 percent yes, 32 percent no.

3. Do you favor the 18 year-old vote? 49 percent yes, 51 percent no.

4. Vietnam: Do you favor:

A. Gradual withdrawal at a pace contingent upon the increasing ability of the South Vietnamese to take over the conduct of the war. 30 percent.

B. Immediate and unconditional withdrawal of U.S. troops. 26 percent.

C. Withdrawal of U.S. troops in

stages with a specific deadline for removal of all troops. 24 percent.

D. Intensified military action, including limited action in Cambodia, in an attempt to bring an early end to the war. 20 percent.

5. Regarding foreign aid, should the U.S.:

A. Continue to extend military aid to certain nations. 21 percent.

B. Continue to extend economic and technical aid to some nations. 39 percent.

C. Channel all economic funds through multi-national organizations such as the United Nations, World Bank, Inter-American Bank, etc. 28 percent.

D. Stop all aid immediately. 13 percent.

6. In an effort to set priorities in the budget, how much do you think the Congress and the President should appropriate for the following programs?

% % % Same More More

A. Education ..... 68 8 24

B. Aid to ..... 54 16 30 inner cities

C. Poverty and ..... 59 15 26 hunger programs

D. Defense ..... 11 55 34

E. Exploration ..... 9 63 28 of space

F. Highways ..... 23 26 50

G. Air and water ..... 90 3 6 pollution control

H. Agriculture ..... 16 48 36

7. Do you favor my proposal for automatic cost-of-living adjustments in Social Security benefit payments? 90 percent yes, 10 percent no.

8. Do you think wage and price controls are necessary in the fight against inflation? 68 percent yes, 32 percent no.

### BIBLE VERSE TO STUDY

"Wherefore, if any man is in Christ, he is a new creature: the old things are passed away; behold all things are become new."

1. Who wrote the above statement?

2. Of whom is it particularly descriptive?

3. To whom was it first written?

4. Where may this verse be found?

**Bible Verse Answers:**

1. Paul, the Apostle.

2. Paul, himself.

3. To the new Christians at Corinth.

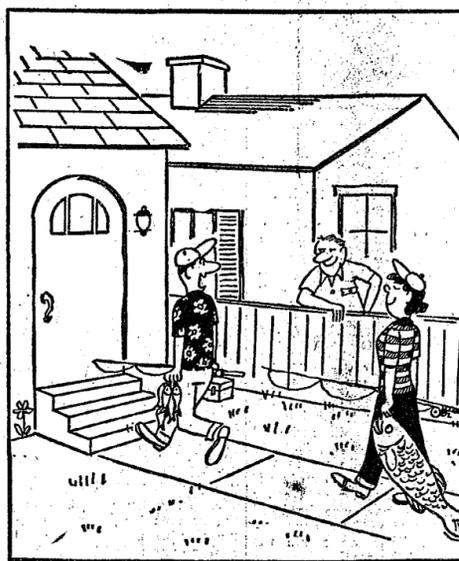

4. II Corinthians 5:17.

### SAFE SHOWERS

If you enjoy a bracing shower on a hot summer day, new shower controls may interest you. These new controls may be preset to avoid sudden surges of hot or icy cold water with changes of water pressure.

Generally speaking, if there is less than a 7 percent price spread per dozen eggs between one size and the next small size in the same grade, you get more for your money buying the larger size.

## LAFF OF THE WEEK

"She only caught one, I caught five..."

## Senator Bursley Sponsors Three Bills Signed By Gov. Milliken

The small business loan bill, the mortgage interest ceiling bill and the Detroit Stadium Authority bill, all sponsored by Senator Gilbert E. Bursley (R-Ann Arbor) were signed into law last Thursday by Governor William G. Milliken.

"These bills all relate to future economic growth and prosperity in Michigan," Senator Bursley said. "The business loan bill permits the unincorporated business or partnership to borrow funds for current operation on the same terms as a corporation, thus removing a heretofore inequity in our business structure."

"The mortgage bill extends for one year the lifting of the ceiling on interest rates for conventional mortgages. Without this act the beginning signs of revival in the lone construction industry would completely evaporate."

"The Stadium Authority Bill permits any county or city to issue municipal revenue bonds for construction and operation of a municipal stadium. It is of direct concern to downtown Detroit and is the necessary tool to get their stadium plans off the ground."

"For economic revival and re-

birth of downtown Detroit construction of a major athletic stadium and of a rapid rail transit system are high priority items. They would contribute to increased property values and increased city revenues. The future of Detroit lies in finding fiscal independence. The citizens cannot continue on state charity for very long."

If your house plants do not always do well, the trouble may not be lack of fertilizer. Some things which may cause house plants trouble are: too much water, too much or too little light, too high temperature, and gas fumes.

**TWO VOICES FOR MICHIGAN**

Guiding the State of Michigan through these perilous times is a difficult chore, and what Governor Milliken needs more than anything else are fresh-thinking, forward-moving Legislators. He needs men and women who will serve the interests of all of the people in their district. He needs people who are in touch with what is happening in the nation, the state and the district.

Richard E. Fay is the man who can meet these requirements. A lifelong resident of the district, he will continue to live here after his election. He will not appear just at election time. He will live in his district and he will keep in touch with what his people are thinking.

Governor Milliken knows what he needs to get the job done. Dick Fay is the man for the job.

For variety in baked apples, fill centers with peppermint, candies; chopped dates, raisins, nuts or orange marmalade.

When you cook at low temperatures you save fuel as well as meat. Broiling, pan-frying or pan-broiling is accomplished without smoking when cooked at lower temperatures. Slow to moderate oven temperatures roast meat to desired degree of doneness without drying.

For a tick and tasty soup, combine 1 can condensed beef noodle soup, 1 can condensed vegetable beef soup, and 1 1/2 soup cans water. Heat; stir. Sprinkle with parsley. Makes 4 to 6 servings.

For an after-school snack, mix one can (4 1/2 oz.) cream cheese, one teaspoon prepared mustard, and one-half teaspoon horseradish. Prepare pastry circles, place one teaspoon of ham filling on each circle, fold, crimp edges and prick with a fork. Place on ungreased cookie sheet and bake in a hot oven (400 degrees F.) 12 to 15 minutes or until golden brown.

**Cheese Ball Appetizers**  
2 packages (3 ounces each) cream cheese, softened at room temperature.  
1 tablespoon horseradish  
1/4 cup finely chopped dried beef  
1/2 cup potato chip crumbs  
1/2 cup finely chopped fresh parsley

Mix the cream cheese and horseradish together until smooth. (If mixture is a bit stiff, then add a teaspoon milk). Then add the dried beef and potato chip crumbs and combine thoroughly. Chill mixture until cream becomes stiff. Then form into 24-26 small balls. Roll in the chopped parsley and serve on fried toothpicks. Makes about 24.

**Hats Off to J. Bauer**

Many of the good things done by people in the community go unnoticed. I refer to an individual in this community who has worked with the youth in an athletic endeavor. This man has given many hours of free time and paid most of the expenses to make it a success.

Perhaps you have read of the accomplishments of the Girls Track Team. I think John Bauer has done a tremendous job. He has put forth much effort—arranging for track meets in other towns, training, and transporting these young people.

I like to see the energy of the youth generated in this manner—don't you? These girls are participating in a great Physical Fitness Program and having a "Good Time" in so doing.

Hats off to John Bauer!  
Mrs. Glenn Kraai.

**Utilities Must Respect Proper Land Use**

To the Editor:  
Congratulations on the fine coverage The Chelsea Standard has given to the problem of the local citizen versus the Detroit Edison Company's high voltage transmission lines that are planned to go through Dexter, Lima, Freedom and Bridgewater townships.

I'm not against progress in this technological age. If the transmission lines are necessary for the benefit of the majority of citizens the government has the right to take land by paying a fair price for it.

The two key elements in the acquisition of land are necessity and fair price.

Detroit Edison has not yet proven necessity to any governmental body. The only necessity is that dreamed up by Detroit Edison's own engineers and planners. It obviously is for the benefit of Detroit Edison, its Board of Directors, its officers, and its shareholders. Whether it's of benefit to the average citizen has not yet been demonstrated. Under the mine different condemnation laws of this state, Detroit Edison is legally within its rights. I, as Mr. Doehl Citizen, have to get a building permit to remodel my own home. Detroit Edison's construction of a monstrosity in my front yard needs no permit of any sort and, in addition Detroit Edison can take my land by its state given right of eminent domain. Is this justice?

Fair price, at this stage of the game, is determined by appraisers paid by Detroit Edison. It's obvious the protection the local landowner gets under this system. Detroit Edison is not only judge, jury and prosecutor but also controls the defense at this stage in acquiring land. As Commissioner William Boos of the state Public Service Commission stated at the July 16 meeting in the Lima Community Hall, the best action for the landowner to take is to force Detroit Edison to go through condemnation proceedings. The landowner then may get a fair price.

William G. Meese, president of the Detroit Edison Co. in his letter of July 10, to state Senator Gilbert E. Bursley succinctly described the local citizens' rights when he arrogantly stated in paragraph 7 of his letter that Detroit Edison had reviewed the transmission line with the township supervisor shortly before starting to acquire land and had advised the Washtenaw County Planning Commission that Detroit Edison was building this line through the county. The review with the township supervisor consisted of about a five-minute discussion with Kenneth Haist, supervisor of Lima township, by one of Detroit Edison's public relations personnel and the promise of a map which was never furnished.

It's high time that local government took action to put all companies enjoying the "right of eminent domain" in their proper place.

House Bill 2841 that Senator Bursley and Representative Thomas Sharpe support in a step in the right direction. It does not go far enough as it still allows the State Highway Department to free wheel. There is no reason why multiple use can not be made of land. Highways, pipelines and electric transmission lines should be forced by state authority to use the same land. This would prevent our countryside from being cut to ribbons, would efficiently use land and would adversely affect fewer citizens.

In the past 16 years there have been six attempts to go through city centennial farm by pipelines, power lines and highways. So far two have succeeded—one Detroit Edison power line which I voluntarily gave them and where I learned my lesson, and one by Interstate 94. The current Detroit Edison line is the sixth attempt. I believe this record of harassment over the past 16 years speaks for itself. It's imperative that local and state government take action now to protect the local citizen, our environment and future generations.

I propose that the townships and the county prohibit Detroit Edison from building this line on the basis that the line violates zoning laws, is a misuse of land, adversely affects thousands of local citizens and is an unnecessary pollution of our environment. At least this action would force the issue into the courts where William G. Meese, president of Detroit Edison, would be given an opportunity to prove his statement that residents of high class residential areas like the open spaces afforded by transmission lines.

Dwight E. Beach  
General, U. S. Army, Ret.

**LAST VERTICAL AIRCRAFT**  
Robins Air Force Base, Ga.—The Air Force reports that the last XC-142A, a vertical take off aircraft which never got past the experimental stage, has been retired. The four-engine aircraft will join other planes of the past at the Air Force Museum, Wright Patterson AFB, Ohio.

**ECONOMICALLY MINDED**  
London—Prince Philip, in helping his family economize has discharged his secretary, a palace spokesman reported. His personal income is \$96,000 a year, mostly tax free, and his staff will now consist of his treasurer and equerry.

**ON POSTAL RISE**  
Newspaper and magazine spokesmen at a House Post Office subcommittee hearing said recently that a 50 percent increase in second-class postal rates proposed by the Administration would severely affect efforts of the publications to keep Americans well-informed.

**SCIENCE TOPICS**

**CHRONIC CONSUMPTION** of alcohol may affect one's ability to learn after alcohol is no longer consumed, says a physician at the University of Florida. He said that alcohol and not malnutrition, as generally believed, is responsible for the damage to brain function (confusion, intellectual deterioration, loss of recent memory) frequently seen in chronic alcoholics. He observed the same kind of deterioration in sober mice following months of chronic intoxication and a good diet.

**USING SEWAGE SLUDGE** as food-growing nutrients produced edible yeast at one-half cent per pound in tests conducted by biologists at Carnegie-Mellon University, Pittsburgh. Soya meal, to which, they said, the product is comparable, costs nine cents per pound. The sludge is the end product of secondary sewage treatment systems now being installed in many urban areas. It is sterilized, filtered and chemically treated before being seeded with baker's yeast.

**PRODUCERS** of cleaners for the metalworking industry have succeeded in substituting other compounds for phosphates in many of their products to reduce the hazard of eutrophication of rivers and lakes. It has been accomplished within the past two to three years and without any significant sacrifice of the cleaning power of the formulations, says the general manager of a Detroit chemicals laboratory and manufacturing facility. "Seventy-five percent of our 'Northwest' cleaners are now phosphate-free. Another 18 percent are within the government's guidelines for phosphate content in plant water effluent, and the 7 percent that are not are being worked on," he said.

**MANY MYTHS** about cancer are still believed by a number of people, says a Georgetown University professor of medicine and pharmacology. He said that it is hard to believe that people still ask their doctors, "Is cancer catching?" But they do—by the thousands. Included among the myths are the notions that there must be pain before cancer, that one must look sick before he has cancer, and that if you have cancer once you're less likely to have it again.

**THICKNESS OF PERMAFROST** varies widely, says the U. S. Geological Survey. The greatest known thickness, 2,850 feet, has been reported in the mountains of the East Siberian District of the USSR. Elsewhere in the northern hemisphere the maximum known thickness is beneath land bordering the Arctic Ocean. Permafrost is about 2,000 feet thick at Kozhevnikov Beach near Nordvik, USSR; 1,830 feet near Point Barrow, Alaska; 1,050 feet in Spitzbergen; and 1,000 feet at Thule, Greenland.

**SUNDAY'S SERMON**

**Winning and Trying**

Too often the difference between losing and winning can be measured as a small amount of effort. This is to be regretted; winning is not the important thing. What really matters, whatever the cause, whatever the struggle, is the amount of care and attention devoted to the problem.

We cannot always be successful, yet we can salvage some satisfaction from what we learned and what we accomplished in the effort to win. We never lose completely; not so long as we continue to try.

Work for the best in all things. When doubts come your way, when your steps would falter, send out a little prayer for faith. So long as you have faith, so much as you believe that the right way is that which is pleasing to God, to this extent will you gain from every little experience of your life.

In ancient times mourning for departed loved ones was observed by uncombed hair sprinkled with ashes.

**ON MAIL THEFTS**

A congressional probe of spiraling crime in the nation's post offices has been urged by Sen. Charles M. Mathias (R-Md) who based his proposal on an Associated Press report of millions of dollars in thefts of credit cards, merchandise, guns, stocks and cash by postal workers.

**HOUSE SPEAKER HEIR**

Congressman Carl Albert (D-Okl.) has announced his formal candidacy for Speaker of the House, following the announced retirement of John W. McCormack. Albert, 62-year-old Phi Beta Kappa and Rhodes scholar, got the warm backing of McCormack.

Rhodesia was linked with the British Empire for 80 years before recently becoming an independent nation.

A family with mother working outside the home is 18 percent more likely to use frozen main courses than is the family where mother is a full-time homemaker.

GEORGE STAFFAN, auctioneer at the Chelsea Jaycees Auction Rummage Sale held Saturday, July 25, was assisted by Dick Stoll, right, and cashier Tom Steele, left.

### JC Rummage Auction Sale 'Successful'

The many hours of work and preparation that went into the Jaycees Rummage Sale proved to be worthwhile.

There was a good turnout considering the hot weather, reported Mitch Zink, chairman of the fundraising event. An estimated \$640 was grossed which is about what the club expected.

Profits are used to finance community projects which the Jaycees sponsor.

George Staffan, who acted as auctioneer, should be credited for part of the sale's success for his performance at the microphone during the entire afternoon.

At 4:30 p.m., when the last item had been auctioned, the few left-overs were donated to Goodwill Industries for further use.

### BOY SCOUT NEWS

**TROOP 420**—American Legion Post No. 31 Chelsea, was one of the troops to win the Baden Powell Award for Excellence in camping. The award is given to the troops participating in a long-term camp and properly maintaining their patrol camp sites, good boy behavior and being properly directed by their senior patrol leaders. An "A" rating was necessary for four consecutive days and No. 420 scored an "A" for six consecutive days.

### Prospective EMU Students Attend Early Orientation

Among the approximately 750 prospective freshmen at Eastern Michigan University in September who attended one-day orientation programs on campus the week of July 13-17, were three Chelsea residents.

Lorena Jo Burnett, daughter of Mr. and Mrs. Gene Burnett, 109 Grant St.; Crystal Impola, daughter of Mrs. Frances E. Elkins, 519 Howard Rd.; and Richard Slane, son of Irvin L. Slane, 530 N. Main, registered for fall classes, received counseling, and generally got acquainted with campus life.

A special parents' orientation was held twice daily. The parents heard talks by University personnel and had a chance to ask questions.

### Jackson County Fair Set for Aug. 9 Start

If you were looking for as few words as possible that are still capable of telling the whole story of the Jackson County Fair, they would have to be, "It's something else."

With its reputation building every year as the top county fair in the state, this year will only serve to increase this reputation.

Once again Fair Manager Herman Gumper has designed a full week's entertainment with the entire family in mind. Pony trotting races will get the fair off to a running start at noon Sunday, Aug. 9.

The opening night's entertainment will be Dan Fleenor's Auto Stunt Show beginning at 8:15 p.m. Monday, Aug. 10 is the first of two children's days with all school children admitted free until 5:30 p.m. Swamper Soccer will be the night's attraction on the Grandstand Track, starting at 8 p.m.

A giant five-foot ball is maneuvered by two four-man teams driving all-terrain vehicles with rules similar to that of hockey. Starting at 8:30 a.m. Tuesday, Aug. 11, pony hitching and heavy horse hitching will compete for state-wide honors in one of the most popular events of the fair.

Fireworks will also be a big favorite following the first three nights grandstand shows. Wednesday, Aug. 12 has been set aside as senior citizen day. All persons over 65 will be admitted free until 5:30 p.m. Appearing at 7:30 and 10 p.m. will be the stars of the popular TV series "Hee Haw."

Thursday, Aug. 13 light horse pulling will be featured at 1 p.m. The evening grandstand show will be the singing star Oliver, in concert featuring his million seller, "Jean."

Charley Pride, one of the top names in country and western music will make two appearances at 7:30 and 10 p.m. on Sunday, Aug. 11. Saturday, Aug. 15 will be the second children's day with free gate admittance until 5:30 p.m. for school children.

Paul Revere and the Raiders featuring Mark Lindsay will close out the week's grandstand entertainment with shows at 7:30 and 10 p.m. To keep pace with the ever increasing attendance, there have been a number of changes brought about for the convenience of the fairgoer. As always, a giant array of thrill rides and games will line the all-paved midway. For those people who enjoy the age-old cultural aspect of the fair, there are new exhibits and displays already varied. The up-which-wards in prizes with more than \$40,000 in prize money.

Advance tickets are available at the Jackson Fair office. With all this in mind, what can you say about the Jackson County Fair but, "It's something else."

### Tombstone Village Re-Created for State Fair-Goers

Western shootouts in "the town that refused to die" will be a feature of the Michigan State Fair once again, as Tombstone Territory returns to thrill fair-goers.

The re-created Western village, modeled after Tombstone, Ariz., has moved to the Gay Midway for this year's fair, which runs from Friday, Aug. 28, through Monday, Sept. 7. State Fair general manager E. J. (Jeff) Keirns, reports.

The village has been rebuilt, with new stores and exhibits. Included are the Bird Cage Theater, the Crystal Palace Saloon, Fly's Photographic gallery, and a general store, in addition to the sheriff's office, jail, and other buildings.

Bleachers have been added for the comfort of fair visitors watching the shootouts at the OK Corral, which will be held several times daily. One of the Hollywood stunt men taking part in the shootouts will be Kimo Owens, who has appeared on High Chaparral and other television shows.

The OK Corral shootout was the most famous in the history of the Old West. In it, the three Earp Brothers and Doc Holliday killed the two McLaury Brothers and young Billy Clanton.

The re-creation is realistic as the gunfighters draw, shoot, "die" and take their bows.

### National Wheat Referendum Is Postponed

Secretary of Agriculture Clifford M. Hardin has announced postponement of the National wheat referendum previously scheduled for July 27-31, according to Nick Smith, chairman of the Michigan State Agricultural Stabilization and Conservation (ASC) Committee. The action was authorized by Congress.

The postponement permits the USDA to delay holding the referendum not later than Oct. 15, 1970, or 30 days after Congress adjourns, whichever date is earlier.

Accordingly, the U. S. Department of Agriculture's ASCS, which administers the wheat, feed grain, and similar programs, has instructed its state and county offices across the nation to withhold ballots and other referendum materials, Smith said.

The chairman explained that basic farm legislation requires a referendum for wheat marketing quotas. However, the Agricultural Act of 1965 suspended this referendum requirement from 1965 through the 1970 crop year. Unless new farm legislation, now pending, is enacted by the Congress, basic legislation will again go into effect, and a referendum will then be required in 1970 for the 1971 crop years.

Beware of the person who smiles all the time.

**EXPENSIVE FINGERNAILS**  
Cleveland—Mrs. Arthur Gelbart has been awarded \$10,500 damages for the loss of her fingernails. According to her husband she lost her fingernails when she sued a commercial nail strengthener.

**NEW PLANTS**  
New additions to your foliage plant collection are always welcome. Many clay-potted foliage plants, such as the anthurium, aphelandra and fittonium actually double as flowering plants.

PORTABLE **MAYTAG Dishwasher**

- Giant Capacity • Easy Loading • No Pre-Rinsing

Three Spray Arms give high velocity jet washing action from top, middle, bottom—scrubs away food particles, whisks away grease. Self-Cleaning Filter prevents recirculation of food particles. Seven cycles.

**CREDIT TERMS**

**MAYTAG PORTA-DRYER**

Move where you want it—plug it in—and it's ready to dry.

Use it... store it anywhere. Plugs into any adequately wired 115 volt circuit. Half the size of a regular dryer yet has all the features. No venting or installation problems.

**MAYTAG Food Waste DISPOSER**

- Dependable
- Quiet
- Fast

Grind all types of food waste from the toughest bone to the stringiest fibers—all to tiny uniform size for quick and efficient draining. Positive Pressure Water Seal protects against water leakage into motor area.

OPEN FRIDAY UNTIL 9 P.M. CLOSE SATURDAY AT 4 P.M.
