Auto Crash Saturday Kills Young Woman

A violent automobile accident that occurred Saturday morning at approximately 3 a.m. took the life of a young woman from Chelsea, and totally destroyed the car of her companion.

The accident occurred in the early morning hours. Fog lay heavy on the ground. The car, which was owned by Pearson, went off the road two-tenths of a mile beyond Kernwood St., on W. Old US-12.

Chelsea, Police officers Lenard McDougall and Jerry Ringe, who were in the vicinity, heard the sound of squealing tires, and the sound of acceleration. A car shot past them going through a stop sign at a speed of approximately 80 mph.

Two attendants from the Superior Ambulance Co., who were stopped on the side of the road, due to a breakdown of the vehicle, testified that they saw a car, which they believe to be the same car, speeding past them at a speed close to 80 mph, go off the road, skidding broadside, hitting a tree, on the right hand side of the car, caving in that side of the car.

Pearson, owner of the car, claims that Mrs. Walker was driving. (Continued on page six)

Bulldogs Open Grid Season With 26-6 Win

Chelsea Bulldogs opened their 1970 football season Friday night, Sept. 18, by soundly trouncing the Stockbridge Panthers, 26-6. The game was played at Stockbridge.

The first quarter proved to be a real test for the Bulldogs' defensive unit, as the Panthers controlled the ball for most of the quarter. This year's Panther team is heavy on running and passing from a double slot formation, which caused some problems at first for Chelsea.

The defensive unit, composed of Jeff Hughes, Tom Lixey, Mike Powers, Randy Seitz, Mitchell Heard, Jeff Bust, Tom Harmon, Larry Gorton, Jack McClear, Tom Lukasiak, and Jim Wojcicki, made the necessary adjustments, and were able to hold Stockbridge.

The Panthers gambled and tried for a first down on their own 40-yard line. Chelsea held and took over the ball, and things started happening for the Bulldogs. With Larry Gorton, Tim Ortring, and Jim Wojcicki running the ball, Chelsea went in to score, with Wojcicki going the final 7 yards on a sneak. Tim Ortring kicked the extra point. The score was then Chelsea 7, Stockbridge 0.

Coming right back, the Bulldogs held Stockbridge on defense, forcing them to punt. Larry Gorton caught the kick and handed off to Jim Wojcicki who raced 63 yards, behind the blocking of Dale Robbins, into the end zone to put Chelsea ahead, 13 to 0. Ortring's kick was good, making the score at half time 14-0, Chelsea's favor.

Chelsea kept the pressure on as they took the second half kick-off, and scored in four plays. Quarterback Jim Wojcicki ran the last 38 yards behind good blocks from Tom McKernan, Mike Powers, and Tom Harmon.

Stockbridge countered with a touchdown on a 20-yard pass from quarterback Gary Ludtke to halfback Bob Myers.

Wojcicki capped the scoring for Chelsea by intercepting a Panther pass and running the last 23 yards for his fourth touchdown of the night.

JV Gridders Win, 62-0, Over Stockbridge

Chelsea High school Junior Varsity football team soundly trounced the Stockbridge team, 62-0 Saturday afternoon, Sept. 19, at the Chelsea High school field.

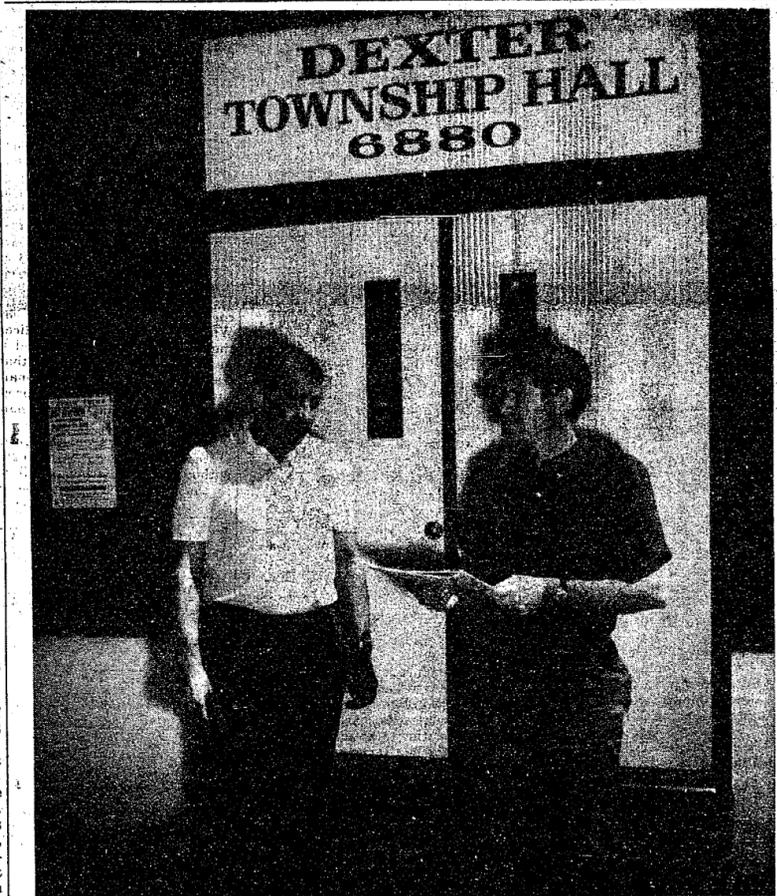

In the first quarter, Tim Lancaster scored first on a three-yard power play. He then made the extra points on a power play.

Jeff Daniels blocked a Stockbridge punt. (Continued on page three)

Heidi Sprague Wins First Chair Flute at EMU

Heidi plans to major in languages and the social sciences, and minor in music. She has been playing the flute since the fifth grade, and studied under University of Michigan professor Hauenstein for three years in high school.

She did some teaching while in high school. This past summer she taught 12 Chelsea children. (Continued on page six)

Quick Action By Patrolman Avoids Trouble

A potentially dangerous situation was avoided by the quick thinking and equally quick actions of Patrolman Lenard McDougall, of the Chelsea police force, in the early morning hours of Thursday, Sept. 17.

McDougall stopped two men in a car shortly after midnight, for going through a stop sign at the corner of Brown Dr. and M-52. When asked for a driver's license, the driver of the car claimed that he did not have one, but that it was at home. The second man in the car was not able to produce any identification other than a birth certificate.

McDougall was in the process of ticketing the driver for driving without a license when a call came in that the second man, the rider (Continued on page six)

Sewer Bond Issue Okayed In Light Vote

Only 162 Vote on \$500,000 Bond Issue To Improve Village Sewer System

The Village of Chelsea will have an improved sewer system! That was the verdict reached Monday night, Sept. 21, by Chelsea voters. According to Village Clerk, Richard Harvey, 111 of the 162 votes cast were in favor of the bonding issue to provide the village with funds to increase sewer facilities in the village. 47 votes were cast to oppose the move, and four votes were invalid.

The turnout was light, Harvey commented, as there are approximately 800 registered voters in the village.

Work on the new sewer system can begin as soon as the details concerning the bonds are worked out, and the bonds are sold, Harvey claimed. He estimated that it would take approximately until next spring before the digging can begin.

Detroit legal firm of Miller, Cannonfield, Padock & Stone, bonding attorneys, are working with the village to make final arrangements for the bonding.

Clerk Harvey explained that the bonds will probably be based on a maturity of 20 years. In order to pack back those bonds, fixed revenues will have to be established for the village. That revenue will most likely be in the form of a property tax, which would be levied at a rate slightly over 2 mills per \$1,000 assessed value. Factors affecting millage would be the interest rates on the bonds.

Harvey said that the sewer project, if begun next spring, might be finished within one year, but could go on for several years, depending on labor strikes, and other factors.

Burglars Hit Gambles Store Second Time

\$1,000 worth of merchandise was stolen in a Friday night break-in at the Gambles store, 110 N. Main, according to Sam Johnson, co-partner of the business with George Elkins. Firearms were the major item stolen. Seven guns, along with several packages of ammunition, and a portable color television set were taken.

Johnson claimed that the thieves entered the store through the rear entrance, where they broke the glass upon entering. There was no other reported damage to the store.

This is the second time in the past six weeks that the store has been burglarized. Thieves entered the store early Tuesday morning, Aug. 11, stealing approximately \$700 worth of firearms. That crime has, thus far, remained unsolved.

Sgt. David McCormick, 6975 Hasley Rd., is still recuperating at his home following surgery performed Sept. 14 at St. Joseph Mercy Hospital. McCormick will be off duty for at least another week.

Clark, Stephens Hit Perfect Scores In Trap Shoot

Bill Clark and Mel Stephens tied for first place at the Chelsea Rod & Gun Club trap shoot Sunday, Sept. 20. They both shot a perfect score of 25 out of 25. They will hold a "shootout" to determine the winner.

Other scores for the day were Jesse Marshall, 24; Keith Schuelke 23; L. Risner, 23; H. Bailey, 22; R. Griswold, 21; Dan Eder, 21; and Jim Kosinski, 21.

It was a beautiful day for shooting with 50 people showing up for this week's event.

DOWNTOWN IMPROVEMENT PROGRAM: Winans Jewelry Undergoes Interior, Exterior Changes

Chelsea's downtown improvement program took a seemingly backward step in August when the Frigid Products building burned to the ground, damaging other buildings, and causing a blackened shell to stand where the gracious old building once stood.

With last week's wrecking project, however, things took a turn for the better, and Chelsea citizens look forward to seeing the erection of a new building to replace it.

This week's featured store, that has improved itself this past summer, is Winans Jewelry, which stands at 108 S. Main St.

Winans Jewelry business has been in the Winan family since 1895, when Albert Winans, father and grandfather of present owners of the business, Elmer and George Winans, purchased the business from his uncle, Lewis Winans. At that time, the Winans business was located in a part of what is now the Gambles store, which stands at 110 N. Main, and is owned by George and Virginia Elkins. The business at that time was called "A. E. Winans & Son."

In 1898, the Winans business moved into their present location at 108 S. Main. The present building was built in the late 1880's, and prior to Winans' move, had been a harness shop. George Winans came into the family business after World War II.

The lovely victorian store houses the jewelry business downstairs, and provides storage for Chelsea Hardware above the store. To "remodel" the store this summer, Winans had their exterior painted a shade of avocado green. They carpeted the interior. The inside walls, which had been paneled earlier, were not in need of re-paneing. A significant improvement was their change in signs. They replaced the overhead hanging neon sign with a tastefully designed nameplate which is

painting above their store, and is flush with the surface, so that the store front looks spacious and clean. Further plans for fixing up the store include hanging shutters on the windows, and doing something to "dress up" the front display window, to replace the overhanging awning. George Winans claimed that inspiration for the business' improvements this summer came from the report issued by the Planning Commission, which was appointed by the Village Council. George A. Staffan was the master-mind behind the entire village improvement concept, according to George Winans. Dr. Joseph V. Fisher chaired the committee which made the recommendations concerning Chelsea's new "face."

Michigan Bell Files New Schedule for Increased Rates

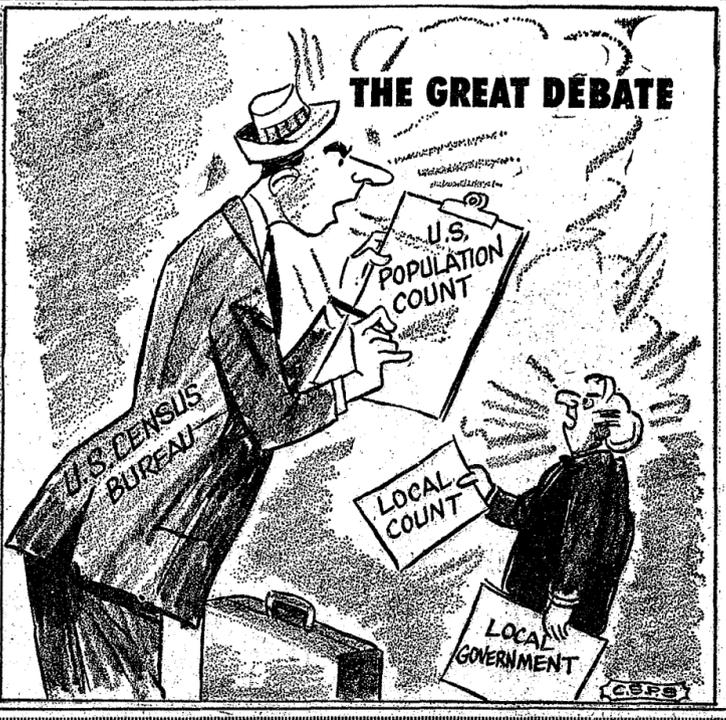

The Michigan Bell Telephone Co. has filed new state-wide rate schedules designed to produce \$14.8 million in additional revenue authorized by the state Public Service Commission. This is the first general rate increase for the company in over 10 years.

The proposed rates will not become effective until approved by the Commission.

"Every effort has been made to simplify the new rate structure so that rates may be more easily understood by customers," said Nicholas J. Prakken, local Michigan Bell manager. "The new rates also are designed so that customers pay on the basis of the amount of service and facilities they actually use," he said.

Prakken said the new rates obviously will result in higher phone bills for most customers. However, by streamlining rates and making them more flexible, he added, the company is seeking to have charges relate more closely to customer usage.

Major features of the new rates include a discount to customers for dialing their own long distance calls; the dropping of the three-minute initial period for long distance calls within Michigan with all such calls being charged by the minute; and a uniform \$9 charge for installing, moving or changing service, including

Piggins Plans
 Biggest underdog problem among the four candidates nominated by the two major parties for the state Supreme Court is faced by Wayne County Circuit Judge Edward S. Piggins.

The two Democratic Party nominees—G. Mennen Williams and John B. Swainson—are both former governors well known around the state. The other Republican nominee, John R. Dethmers, is an incumbent on the bench and will receive this designation on the ballot.

Thus Piggins finds himself in a less than enviable position, at least at the start of the campaign. It has been more than two years since he conducted the one-man grand jury investigation into alleged police corruption in Detroit. His name has not been printed frequently since.

This has not dampened his enthusiasm for the campaign; and has not prevented him from advancing a platform on which to run.

Piggins recently unveiled a seven-point program for improvement of the state's judicial system, which he said has caused

"consternation in the minds of many laymen."

This feeling was attributed by him to "instances of judicial leniency in the treatment of criminals; interminable unmerited appeals; incomprehensible delays; weeks spent in drawing juries; overcrowded trial dockets; and the questionable behavior of some judges."

Piggins' first proposal is a change in the method of nominating Supreme Court judges from the present system of nominating them at state political conventions.

His second idea calls for the Supreme Court to continually exercise its superintending control over other courts on a regular basis rather than "acting only in emergencies by the occasional use of writs."

Thirdly, he wants establishment of a joint administrative council to keep the other two branches of government aware of the high court's problems and needs; and to create a "more cordial rapport to avoid petty bickering."

He would also establish manda-

Uncle Lew from Lima Says:

Dear Mister Editor:

The fellers was setting around and general relaxing at the country store Saturday night when Ed Doolittle up and allowed it were a funny thing to him that we could all rip and snort and have our say amongst ourselfs, but we'd all be scared stiff to say a word in front of strangers. Clem Webster contradicted Ed right off, as he allus does, and said they is nothing strange about that, it's jest human nature.

The fellers was general agreed with Clem and, personal, I was to. I have a lot of fun writing this piece ever week, Mister Editor, and I can usual put down what I'm thinking. But, to be honest, I have trouble speaking up at our meetings unless I'm spoke to direct and ask somepun.

But Ed went on to say that he was of a mind that down deep everybody likes to hear hisself, and I'll have to agree with that. If not actual hear hisself talk, at least git the idea that somebody else is paying attention to him.

What got Ed on the issue was this report he had saw where a thilpman was caught delivering a sermon in a New York City church at 3 o'clock in the morning. The officer had climbed in the winder looking fer prowlers, he hadn't found none but he had saw the pulpit up there in front of all them empty pews and it had jest got the best of him.

The thilpman had a lot of stuff he wanted to git off his chest, so he perceeded to make a speech. He said later he didn't know the pulpit was wired fer sound and turned on, and that his speech went out over loud-speakers in the church yard and woke up the hole neighborhood. After they got him stopped the

woke up folks said he was pritty good, but he was calling fer support of President Nixon in a strong Democratic ward and that wasn't worth losing sleep over.

Ed allowed that everybody at one time or another wants to git up on the stump and tell the world what for. Nobody wants to tell it like it is, as the youngsters say, went on Ed, we want to tell it like we want it to be.

Actual, Mister Editor, I am of the mind that it ain't possible, cause they constant change the name of it. Per instant, I see Sing Sing Prison now is Ossining Correction Facility, and the warden there is a superintendent. Poor is disadvantaged and welfare is social service.

You remember the time that high ranking Greek was visiting this country and he said he liked to eat, drink and talk, and where one paper called him a glutton, drunk and gossip. But that may of been telling it like it was.

Yours truly,
 Uncle Lew.

Credit Cards Expand
 More than half of the commercial banks in the United States are now involved in the credit card business, according to latest estimates. Of 14,000 banks in this country, 8,000 of them participate in one program or another.

The two major bank credit systems are Bank Americard and Interbank-Master Charge. These two systems cover 49 states and many foreign countries.

Over one million merchants now accept bank credit cards for purchases and the total money spent through the cards last year rose to over \$4 billion.

Bank cards accounted for 2 percent of the total retail sales in the country last year. By 1975 this is expected to rise to 18 to 20 percent of all retail sales.

And by the end of this year another 1,000 banks are expected to be participating.

And those figures should leave no doubt that the credit card looks like it's here to stay.

Word was received by village officials Monday, Sept. 21, to the effect that a PWA grant of \$27,000 to be used in the construction of a sewage disposal plant here has been approved by the federal government. The request for the grant was sent to Washington more than a year ago, and the proposition was approved by the Federal Emergency Administration early in July. A special election was held in July when the voters of the village approved the issuance of bonds to the amount of \$29,700 for the portion of the cost to be paid by the village.

Several acres of land, located east of McKinley St., along Mill Creek have been optioned of Martin Merkel by the village for the site of the disposal plant.

The Clerk shall strike through the last address, ward and precinct number and record the new address, ward and precinct number on the original and duplicate registration cards, and shall place the original registration card in proper precinct file. Frosh Grid Team Defeats Mich. Center

Chelsea freshmen played at Michigan Center Tuesday night, Sept. 22, and won a tough, defensive ball game. The final score was 6-2, in Chelsea's favor.

The game was played on a wet, sloppy field. Neither team could generate much offense in the first half, but Rick Miller's fine punting and a pair of blocked punts kept the Cardinal Frosh in their own territory the entire half.

The big break for Chelsea came after an interference penalty and a fine catch by Tim Treado off a pass by Dave Lauhon which gave Chelsea a first down on the on-yard line. John Tandy smashed over on the next play for the Bulldogs' only score, following center Howard Haselschwerdt and guard Mike Murphy.

Michigan Center's offense began to roll in the second half. This time it was Chelsea with their backs to the wall. Key penalties and fumbles hurt the Center attack and several key defensive plays kept them from reaching the end zone.

The only score of the second half was a safety which occurred when punter Miller intentionally downed the ball in his own end zone with less than a minute to play. After the ensuing free kick, a spirited defensive effort held off last ditch attempts by Michigan Center, and gave Chelsea a hard-earned victory.

The game was marked by some fine defensive play by both teams, and some excellent punting. Coaches Bainton and Terpstra were pleased with the victory, but agree that they have much room for improvement.

The team's next outing is a home game with Milan at 7 p.m. Tuesday, Sept. 29.

Boy Scouts Canoe Down Au Sable River

Boy Scout Troop 420, along with their families, 57 people, in all, enjoyed two sun-filled days at Grayling this past week-end, Sept. 19-20. They canoed 40 miles along the Au Sable River. Arriving at the Jolly Redskin Canoe base, they loaded their canoes and proceeded down stream for seven hours, stopping to eat lunch along the way. Arriving at White Pine Landing, they set up camp for the night. The fathers, who were fortunate enough to make the trip downstream without getting wet, were tipped from their canoes as they arrived in camp. The only casualty was a pair of sun glasses belonging to Mr. Seyfried. He would like any fisherman in the area to report any trout wearing sunglasses.

The boys tried to dunk Mr. Slocum, but all he would do is float.

A delicious supper and a roaring campfire proved to be the right medicine for wet, hungry Scouts, and fathers.

Arising at 6 a.m., everyone ate a hearty breakfast and then continued downstream, arriving at their destination by noon.

The boys tried to dunk Mr. Slocum, but all he would do is float.

His favorite music is jazz. He would ultimately like to become a professional musician. JV Gridders Romp Over Stockbridge

(Continued from page one) bridge punt, bringing Chelsea deep into Stockbridge territory. Bruce Guster scored a touchdown on a 20-yard sweep. The extra point wasn't good, and Chelsea led by 10-0.

Tim Lancaster scored the next touchdown on a three-yard slant, and Bruce Guster scored the extra points, bringing the first quarter score to 24-0.

The second quarter began with Jeff Marshall's 33-yard slant, to score once more for Chelsea. He then triggered the extra points on a power play, bringing the score to 32-0.

Jeff Daniels scored next on a quarterback sneak of two yards. Jeff Marshall ran the extra points. The score was then 40-0.

At half-time, the score was 40-0, in Chelsea's favor.

The Bulldogs didn't tire. They started the third quarter, returning a punt 55 yards for a touchdown. Bruce Guster was the one to score, Jeff Marshall scored the extra points.

Dan Bertke thwarted Stockbridge's hopes by intercepting a pass and running 35 yards for a touchdown. The extra point try was unsuccessful. The third quarter score was 54-0.

Jeff Marshall scored on a 55-yard sweep to usher in the fourth quarter. The extra points were good on a pass from Jeff Daniels to Dan Bertke.

Chelsea was led defensively by Keith Hume and Tim Lancaster, each having five unassisted tackles.

Stockbridge is a young team, having mostly freshmen on their squad. They showed some promise in their passing attack as they completed five passes against Chelsea.

The next game is with Dundee. It will be at Chelsea, Thursday night, Sept. 24, at 7 p.m.

PRIVILEGED PARKERS: In Monticello, Ga., for three weeks the police department here did not hand out a single parking ticket. They just didn't have any. Although the tickets were ordered, the printing company delayed filling the order for three months because it was changing machinery.

FERTILIZED FACTS: Potash fertilizer originally was obtained by running water through wood ashes, and boiling down the solution in large open kettles. The residue, a white solid, was called "potash" because it was made in pots from ashes. Largest producing area of potassium salts in the world is around the Dead Sea.

MANY BIRDS STAY NORTH University Park, Pa.—A study at the Pennsylvania State University of 260 different kinds of birds that populate towns and cities in the state during the year shows that as many as 60 species may choose to spend the winter there. Television Can Be Either Friend or Foe for Children
 Television can be a thief. When it occupies most of your child's spare time, it robs him of the chance to experience things. It substitutes "viewing" for "doing."
 "Educational television is fine," said Gail Imig, family life specialist with Michigan State University. "And entertainment shows are also good, to a point. But if television leaves no time for a child to experience things on his own; then it is robbing him of valuable self-learning experiences."
 Parents should choose which programs their children may watch. They should also provide or suggest other activities when it's time for television to be turned off.
 "Don't just tell the child he can't watch television and leave him to wander aimlessly around the house looking for something else to do," Mrs. Imig said.
 A child also needs interaction with his parents, the specialist said.
 "Read to your child, or play ball or some other game with him. Or just plain visit with him. Not only will this assure him of your love and interest in him, but it will also teach him that as a person he has something to offer in activities and conversation."

WIFE MISPLACED
 Myrtle Beach, S. C. — A tourist, after spending the night here, appealed to the Chamber of Commerce for help in finding his wife. He couldn't remember which of the town's more than 200 motels had checked in to. The man left to get gas for his car and when he headed back to pick up his wife he realized he didn't know which of the numerous places along the Ocean Highway was home base. Policemen took him from one motel to another and hours later, he and his wife were finally reunited.

TODAY'S THOUGHT

By LOUIS BURGHARDT

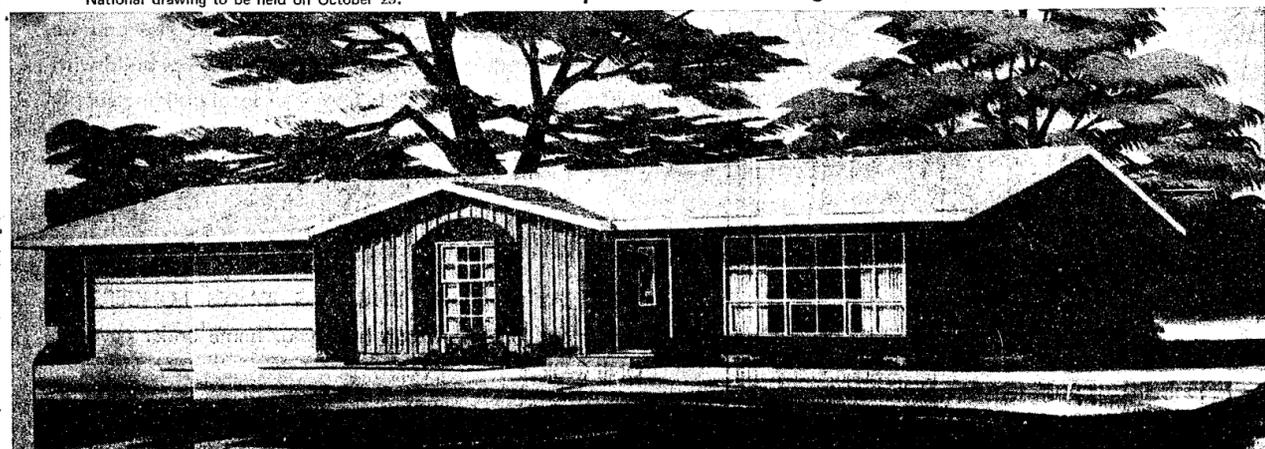

"Charity begins at home" is a vastly misused, misunderstood slogan for the reason some people don't realize what charity really is. Charity is not merely giving goods or money to the needy. Such gifts, without love, are merely contributions, a self-leveled donation. Charity is love. (Ask any clergyman.) When you define charity as love, the "Charity begins at home" is an indisputable truism.
 Love is silencing the tongue instead of throwing a temper tantrum. Love is being patient, even when another's tongue lashes out. Love is sealing the ear to rumors and scandals. Love is consideration of others; a "do unto others" attitude. Love is courage in showing by example a "do as I do" pattern of living, instead of the dictum of "do as I say, not as I do."
 When "Charity begins at home" is thought of in this way, the words of Samuel Johnson are especially meaningful — "It is a most mortifying reflection for a man to consider what he has done, compared with what he might have done." And he might very well have added, the place to start reflecting is right at home... BURGHARDT FUNERAL HOME, 214 East Middle St., Chelsea, Mich. Phone GR 5-4141.

★ **Cast Your Ballot**

The age of protest says if you don't like the system change it, because that's the democratic way. But the trouble begins with changes that are not worthwhile. Often what has taken years to establish and has proven itself dependable the least threat of weakness brings armies of reformers to the charge.

Evidently, if a system isn't chic; rejected is the idea of mere alterations, it must be traded for a new model. This attitude often brings on change without patience, change with haste. It's a sad story. Apparently many do-gooders on the bandwagon find satisfaction without thinking, in the belief their cause is noble.

Take the current rumbling on the floor of Congress in debating whether to elect the U.S. President by a new direct popular vote or to maintain the electoral college.

The proven electoral system already is run by popular vote in the states. The party polling the most votes in any state wins the electoral votes which in turn are balloted for a presidential candidate. Now on a national scale the popular vote would actually be less democratic as the states with small population, but a big stake in society, would be reduced in influence in the choice of the chief executive. Heavily populated areas could easily dominate elections and in turn reflect little interest in their outstate areas.

Debate for a national popular vote constitutional amendment is underway. Under the direct election plan a U.S. President could be elected by winning only 40 percent of the vote. If all candidates receive less than 40 percent, the top two candidates would enter a runoff election. And while the census continued, the country would be run by a lame duck president.

Little need to worry or be concerned, if passed it would only chop down what most Americans have always worked for—like destroy the two party system of politics. Politicians, furthermore, could then build a numerically large following without regard to its character. It could create a host of splinter parties too, all about the challenges and recounts after elections. Cost and time would be the sole privilege of taxpayers to pay. And election fraud would also be most difficult to isolate. Once more, let's not forget minority groups that the proposed direct election plan could eliminate.

Detroit Livestock Show Deadline on Entries Is Oct. 17

TEACHER TOPICS

In his report, George Roumell, the fact finder, made a number of statements about the need for better understanding between the Board of Education, the teachers and the people of Chelsea. In his words, "It is about time that the parties take a long hard look at their relationships, at the district finances, and attempt to enter an era of labor peace and tranquility."

It is the sincere hope of the teachers of Chelsea that this new era began last Tuesday evening when both sides made known their acceptance of the factfinder's report.

But for this new era to become a reality, it is necessary for the Board of Education, the teachers and the citizens to begin to be better informed and to work together toward a common goal—namely the best possible educational program for our children. How can this be accomplished?

Here are a few suggestions:

(1) School Board meetings are public meetings. Citizens and teachers are welcome at the regular meetings on the first and third Mondays of each month at the high school at 8 p.m. It is not necessary to remain for the entire meeting.

(2) The Citizens for Quality Education meet the fourth Monday of each month in the high school library at 8 p.m. They welcome interested parents and teachers.

(3) Students from all four schools periodically have articles in The Chelsea Standard telling about the learning and recreational activities taking place in the schools.

(4) Teacher Topics will continue on a weekly basis with plans to inform you of new academic programs, curriculum changes and improvements, areas of concern, and other topics of interest.

(5) The Chelsea Standard staff is planning to have features about special events in the schools and academic programs of community interest.

(6) The Chelsea Education Association has a post office box number to which you may write, expressing opinions, suggestions, and possible topics for future articles. The address is: Chelsea Education Association, P.O. Box 141, Chelsea.

(7) Football games, band concerts, plays, choral concerts, fun nights, and numerous school functions are all very important to the students, and attendance by parents and teachers proves to be both rewarding and entertaining.

(8) Teachers welcome parents to phone or visit at the school in order to better understand their child's educational program. Cooperation between the home and the school are very important for the student's academic growth.

What lies ahead for the Chelsea School District? School Board elections, the negotiation of a new future millage elections, changes in staff. These can possibly come about with ease, if we are all attempting to be better informed and "to enter an era of labor peace and tranquility."

Thinking usually means less talking.

Homemaking Hints

Before cutting out pattern pieces for a garment of bonded wool or acrylic fabric, think how you will care for it. If the fabric is wool, and you plan to dryclean it, preshrink the wool. Steampress fabrics or fibers other than wool. If you wash the garment, wash the fabric before cutting so you can see how it will perform.

To remove lint from a child's blue jeans, wash them separately, rinse twice, then add one tablespoon of vinegar to a gallon of water for a third rinse. When dry, there will be no lint and the blue jeans will be softer.

Green Acre P G Diana, 5479926, a six-year-old, produced 20,480 lbs. of milk and 831 lbs. of butterfat in 360 days. Green-Acre Birch Princess, 5990496, a five-year-old, had 18,000 lbs. of milk and 804 lbs. of butterfat in 322 days.

Royal Green Acre Susie, 6616878, a four-year-old, had 21,390 lbs. of milk and 782 lbs. of butterfat in 305 days. Green Vale PA Lucy, 6243782, a four-year-old, had 22,090 lbs. of milk and 737 lbs. of butterfat in 357 days.

These new production figures may be compared to the estimated annual output of 8,821 lbs. (4,103 quarts) of milk and 325 lbs. of butterfat by the average U.S. dairy cow, notes the National Holstein Association. Production testing is made available through the co-operative efforts of the state and local testing associations and Holstein-Friesian Association of America. Dairymen enrolled in the program pay for the service.

Congregation Honors Thodesons On 24th Wedding Anniversary

Thode Thodeson and his wife, the congregation of the First Assembly of God church surprised him with a "This Is Your Life" service Sunday evening, Sept. 20. As the script was read by Mrs. Earl Willis, Jr., slides depicting events and family scenes were shown beginning with the old homestead in Saskatchewan, and continuing until the present.

Then to the strains of "Here Comes the Bride" Mrs. Thodeson was escorted to the altar by her son, Robert, wearing the same wedding gown she wore 24 years ago. Dr. Roger Ketterman, Jackson, led the Thodesons in a renewal of their wedding vows, and a prayer of dedication.

At the reception which followed, Mrs. Thodeson cut and served the three-tiered cake, which had been decorated by Mrs. Ketterman. Mrs. Wayne Stutzman served punch.

In an expression of appreciation, the congregation pinned money on their pastor.

PHARMACY HAS ITS LIGHTER SIDE

"Do you have Prince Albert in a can? You do! Well, please let him out!" Youngsters just cannot resist calling us with this age-old joke. But frankly, we have never really minded this or the occasional other inoffensive joke. For it keeps our sense of humor alert in a profession that is mostly concerned with the seriousness of helping to treat sickness.

It also gives us a lift when a customer tells us a humorous incident about their child or family. For it makes our relationship more personal and we consider ourselves to be a personal service pharmacy. We feel that a good laugh can sometimes be the best available medicine and we try to always have it in stock.

YOU OR YOUR DOCTOR CAN PHONE US when you need a delivery. We will deliver promptly without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.

HOME CANNING

Why does home canned fruit sometimes float in jars? Fruit may float because pack is too loose or sirup is too heavy, or because some air remains in tissue of the fruit after heating and processing.

Woman's Club Discusses Several Possible Projects

Chelsea Woman's Club met Tuesday night, Sept. 22. Nineteen members and one guest, Mrs. Eugene Duhamel, were present.

Business meeting commenced with the announcement of the annual rummage sale by the club, which will be held Oct. 28-29.

Special projects for the year were discussed. Among those projects under consideration by the club was sponsoring a Farmer's Market similar to the one held in Dexter. Also, rock gardening around the side of the library, was another potential project.

April 1971 is the 40th anniversary of the Woman's Club. A committee was formed to plan events for the activities at that time. Charter members of the club are Jean Eaton, Hazel Spaulding, Jesse Ramp, Leah Smith and Edith Hoffman.

Program for the evening was given. The topic was "America the Beautiful," or "Let's come clean with our air and water." The panel was presented by Leah Smith, Ruth Sott, and Virginia McClear.

The discussion stressed water pollution, and the factors that contribute to it. Mercury pollution was discussed. It was decided that the best way to prevent serious water pollution in Chelsea would be to avoid those soaps with high phosphate content. A list of "dangerous" soaps was passed out.

Also discussed was air pollution by super-sonic air transports, and pesticides that disturb the cycle of nature. Returnable glass bottles were also considered. It was noted that there are no stores in Chelsea that sell things in returnable bottles. The Woman's Club would like to support a store that would do this.

Following the meeting, refreshments were served by Carolyn Williams.

The next meeting of the club will be Oct. 13.

TIPS for your TOP from

There is little doubt that the day will come when we will laugh at the p.w. (pre-wig) era as we now joke about the days before indoor plumbing or the electric light. Can't you imagine gossip over the bridge table interspersed with giggling about "the old days when we wore the same hairdo to work that we had slept in the night before; almost as incredible as going to the office in our pajamas . . ." Those will be the progressive days when every woman dons a wig appropriate to her day's activities, just as she now puts on proper make up or jumps into slacks, a suit or a cocktail dress, depending on her plans. Won't it be fun? See us if you want to get in on the ground floor of the wig revolution . . . we're prepared; so will you be . . .

NEW TOWNSHIP HALL: Citizens of Dexter Township must bid farewell to the old township hall, as the new hall has been completed. The new building, which stands at 6880 Dexter-Pinckney Rd., was first used for the primary election of Aug. 4. The building, which is 30' x 60', will hold approximately 115 people. It cost the township \$23,000 to build, and features a large hall upstairs, and offices, rest rooms, and a safe downstairs.

SAD AND LONELY, the old township hall stands deserted on its lot which faces, poetically, a small, almost overgrown private cemetery. There are at present no future plans for the hall.

Disrespect for Flag

To the Editor:

Disrespect for our flag? We have it right in our own town. A flag decal is and has been displayed upside down in the back window of a Plymouth GTX, license number FJC-783.

Do we need that kind of disrespect in our town of 3,850?

J. J. Weinitz.
