Wrestlers Win Matches in Ann Arbor Tourney

Chelsea's first year wrestlers took part in the Ann Arbor Pioneer Novice Tournament and came away with the best performance of a Chelsea squad to date, Tuesday, Dec. 22.

Chelsea was one of only two Class B schools to place wrestlers in top four places in a tournament in which 27 schools took part. Most of the other schools at the tournament were Class A schools.

Dale Poertner won five matches before losing to Garden City was able to pick up a second place finish.

Steve Worden, at heavyweight, was able to pick up a second-place medal.

Keith Kargel wrestled six matches against class A competition and won five of them to finish third in the 119-pound slot.

Red Branham picked up three pin wins to finish in third place for heavyweights.

Beside these wrestlers who performed well, but did not place were Larry Hopkins, who won three matches, Mark Boize, Keith Hump, and Jon Schenk, who each won two matches.

Other wrestlers taking part in the tournament were Ken Keiser, Eric Corser, Tim Haas, Rick Foytick, Bob Craft, and Steve Straub.

In further wrestling action, Chelsea traveled to Novi on Tuesday, Dec. 24, and lost only two of the teams' 12 scheduled varsity matches to a young Novi squad. The Bulldogs defeated the Novi team by a score of 42-8.

Jon Marzec, at 98 pounds, boasted his record to 3-1, with a pin at 2:19. Mark Montange, at 105, remained undefeated, gaining a pin at 1:12. At 112, Pete Stahl was defeated by a 4-0 margin. Mike Spence, at 119, came up with a 6-0 win to put his record at 3-1. Captain Jim Wencel, wrestling at 126, gained a pin at 5:25, to remain undefeated.

Tim Lancaster, also undefeated, came up with a 6-0 win at 132 pounds, while at 138, Larry Jones moved his record to 2-1-1, with a pin at 3:53.

Tom McKernan, wrestling his first match this year, came up with a 3-0 win at 145.

At 155, Captain Gary Montange evened his record at 2-2 with an 8-0 decision.

Bill Kushmaul, wrestling at 167, came up with his first win of the year with a pin at 3:16.

At 185, Doug McDonald also gained his first victory with a 3-36 pin. Doug's record is now 1-2-1.

Trains Halted When Big Truck Stalls on Tracks

A truck stalled on the railroad tracks at the East St. crossing Monday evening, Dec. 28, caused some anxious moments. The huge semi was coming out of the North American Rookwell Corp. plant located at the corner of East and Railroad Sts., when failing to make grade on the steep, icy slope, the trailer's brakes locked, bringing the truck to a halt straddling the tracks.

Chelsea Police Department Patrolman Louis Schneider was called to the scene, where he immediately radioed the Jackson Pent Central headquarters of the predicament in an effort to halt the trains headed this way.

The incident occurred at approximately 5:45 p.m. A wrecker was sent for from Smith's Service station, which cleared the tracks by 6:05 p.m.

Round Robin Wrestling Meet Set Saturday

Chelsea's wrestling squad is sponsoring a Round Robin Wrestling Dual on Saturday, Jan. 2, at the High school, to fill out vacation wrestling activities, according to Coach Richard Bareis.

Adrian, and Belleville, and hopefully one other team, will participate in this meet, which will feature three rounds of action.

Weights will be at 1 p.m., with the first dual scheduled to get underway at 2 p.m. The second round of action will begin at 4 p.m., after which the gymnasium will be cleared before the third round begins at 7 p.m.

Spectator prices will be charged for both the afternoon and evening matches and tickets may be obtained at the door.

According to Coach Bareis, this round robin, which replaces the tournament which Chelsea often has hosted over the holiday seasons in the past, is being sponsored by the Chelsea team, and will be "a low budget meet." Its purpose is to provide vacationing wrestlers with an opportunity to go against good competition over the Christmas holidays—and promises to provide good competition for spectators to watch also!

Seek Nominees For Farmer, DSA Honors

Applications are now being sought for this year's Jaycee sponsored Distinguished Service Award for the Outstanding Young Farmer, and the Outstanding Young Man in this area.

Art Steinaway, Chelsea Jaycee president, indicated this past week that chairmen for this year's event have been selected, and that application forms may now be obtained through them.

Announcement of the winners of this year's contest will be at the Bosses Night Banquet which will culminate 1971 Jaycee Week, held this year from Jan. 17-23.

Chairman for the Distinguished Service Award for the Outstanding Young Farmer is Charles Koehn, 2200 Hayes Rd. His phone is 475-2170. Applications may be obtained from him, and must be returned no later than Jan. 10, one week before the start of Jaycee Week.

Richard Stoll, 341 Elm St., is the chairman for the Outstanding Young Man Award. His phone is 475-7424.

Nominations for the DSA awards may be submitted by an individual, organization, association, or institution. Winners will be selected by a group of prominent Chelsea citizens on the basis of the nominee's achievements and contributions.

Rules governing nominations are as follows:

A nominee must be a U. S. citizen, who resides or works within the Chelsea area. In the past, there has been an age requirement, which has been omitted from this year's contest rules, Steinaway indicated.

Winter Recreation Program Starts

The complete winter program of the Winter Recreation program sponsored by the Chelsea Recreation Association is now in effect.

Monday evenings, starting Jan. 4, at 8 p.m., there will be a ladies conditioning class. This class will meet at the Chelsea High school gymnasium.

Wednesday, Jan. 6, at 7:30 p.m. in the home economics room at the high school, there will be a knitting class.

Saturday, Jan. 9, at 9 a.m. in the high school gymnasium, boys basketball will be held for those boys in the fourth through sixth grades.

Saturday, Jan. 9, at 9 a.m. in the Beach school gymnasium, there will be a young girls gym and game class.

18-Year-Olds Not Registered By Village

Contrary to an earlier announcement, Village Clerk Richard Harvey indicated this past week that he will not be registering those voters who are between the ages of 18 and 21. Harvey said that, since the ruling of the Supreme Court forbids the vote of the 18-21-year-olds except for national elections, it would be pointless to accept registrations of that age group.

One cannot register for a national election at a village level. Registration for national elections must be at the city, county, or township level, he indicated.

He also stated that, although the deadline for filing petitions for village office across the state was Monday, Dec. 28, that Chelsea nominations will not be decided until at least 20 days before the election since the village charter allows for the nominations to come from caucus. Hence, he said, it would be February before much election action is seen in this area.

Harvey said that he has received no official statement concerning whether he is obligated to accept registration of 18-21-year-olds, but said that it was pretty much a waste of time for both parties concerned to do so.

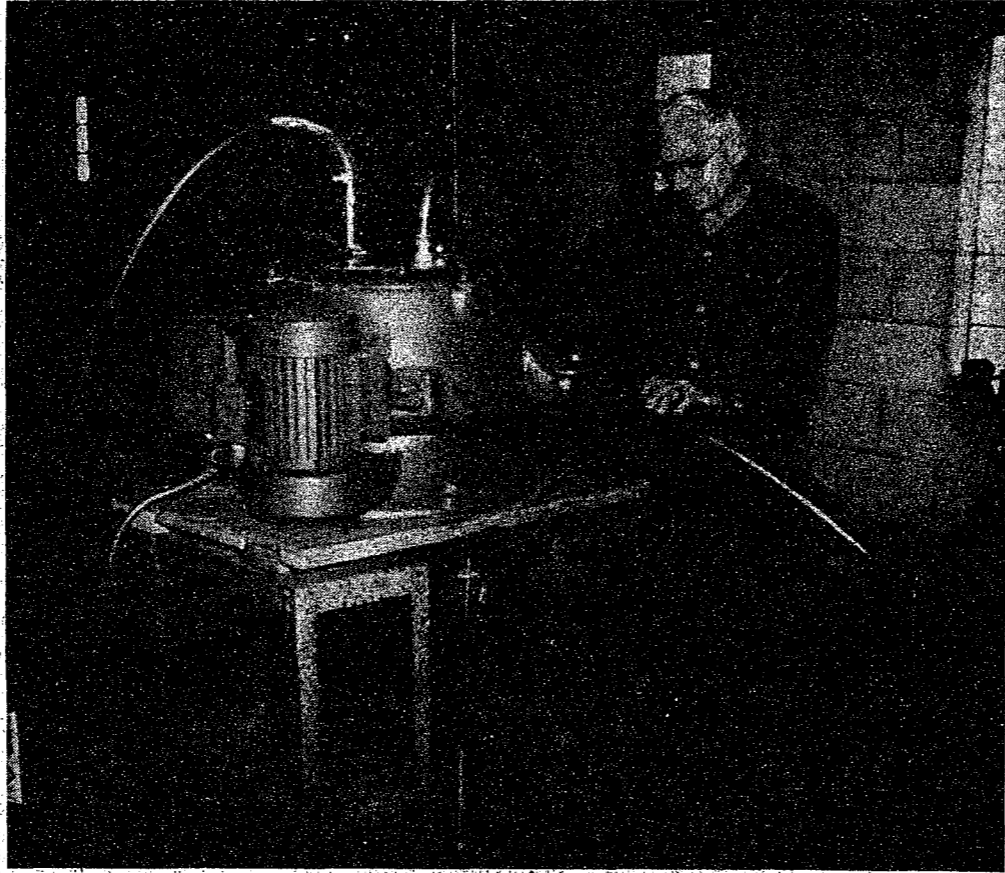

Dimes Drive Kick-Off Set For Monday

March of Dimes kick-off dinner will be held Monday, Jan. 4, at the Moose Lodge, 390 Maple Rd., Ann Arbor. Mrs. Arthur Steinaway has announced.

Dr. Steve Koeff, professor of pediatrics and communicable diseases at the University Medical Center, will be the keynote speaker. His talk will center on current progress in the medical field.

Reservations for this dinner must be in no later than Dec. 31. They are to be sent to Mrs. Raymond Carroll, chairman of the kick-off dinner. Her phone is 971-7947. This dinner is for the volunteers who will be working in this area for the March of Dimes 1971 campaign.

According to Mrs. Steinaway, general chairman of the drive in Chelsea, final organizational plans will be completed this week. The 1971 March of Dimes campaign is (Continued on page eight)

ANTI-POLLUTION TREATMENT: Marion Longworth, of Longworth Plating Co., demonstrates the latest addition to his pollution control system at his plant which is located at 110 Jackson St. The equipment, a centrifuge, separates the water from the sludge found at the bottom of the plant's water treatment tanks, thus refining the water one step further before returning it to the Chelsea sewer systems. Longworth's plant treats the water that it uses in its operation with chlorine, and other chemicals, to precipitate out the cyanide, chromium, and other contaminants used in the electroplating process. Two metals which the operation pays particular attention to are cadmium and zinc. Cadmium reacts much like mercury in the human body, building up in the system, and causing a type of metallic poisoning. Zinc imparts an unpleasant taste to the water. The water is first treated to precipitate the metals out, after which it returns to the sewer system. The sludge which forms at the bottom of the tank, however, must be treated further. Longworth has the sludge passed through the spinning centrifuge, which takes out the water, returning it to the tank for more refining, and then stores the hard, paste-like sludge in a special drum. A licensed waste disposal company from Detroit, the Nelson Co., then comes to pick up the sludge, which they dispose of according to state controls. The centrifuge was purchased from the Leon J. Barrett Co., of Worcester, Mass. According to Longworth, it is a standard device used in industrial pollution control. Longworth Plating Co. and the Village of Chelsea are presently under suit by the state of Michigan Water Resources Commission for alleged violation of water pollution codes.

CHS Counselor Bergman Recalls Summer Experience

Summer seems a long way away for many as winter envelopes the area. For some, however, summer memories linger, and partially warm the chill. George Bergman, counselor at Chelsea High school, related his summer's experience to The Standard this past fall—a summer he felt helped him both professionally, and personally.

Bergman was invited by Mrs. A. A. Maar, manager of the Ann Arbor office of the Michigan Employment Security Commission, to participate in a summer program designed specifically for school counselors. The program, which was started three or four years ago, is designed to employ school counselors for one summer and expose them to the world of employment search.

Bergman's position called for him to interview applicants for jobs. He worked specifically with older high school or college age students from the Ann Arbor area who were seeking summer employment.

Among his observations in this unique summer job was the note that this was the first summer in many years, the Commission said, that professors, and teachers were in search for employment. Many people have over-educated themselves and are caught in the job squeeze for the top jobs.

Chelsea's high school counselor felt that this summer experience helped him to understand current employment trends, and make him a more effective counselor when advising students of career opportunities.

Inflation Still Awesome Problem

A year ago, we labeled inflation Public Enemy Number One for 1970. This forecast, unfortunately, was all too apropos, as the upward canter of the indexes of consumer prices, wholesale commodity prices, and labor costs in 1970 so dramatically proved. Although there may be interim spells when supply-demand ratios in selected areas raise hopes of some progress in the fight to harness inflation, it promises once again to be a top issue in 1971.

Despite indications that the Nixon Administration will adopt a harder line against the exorbitant escalation of wages and prices, the die has been cast for another upward twist in the wage-price spiral. The lush new labor pacts inked by auto firms, the signal gains won by the Teamsters, and automatic wage increments under terms of existing multi-year pacts in other industries provide lofty goals for labor's negotiating teams working on two new contracts during 1971. On the price front, the squeeze (Continued on page three)

Greatest Dangers Lie in Possible Major Labor Tie-Ups

By Babson's Reports, Inc., Wellesley Hills, Mass.

A year ago our Forecast for 1970 cited the "freshman jinx" which has plagued four of the past five decade opening years. It was our prediction that 1970 would suffer a similar fate. For the better part of 1970, financial markets, industrial activity, inflation, the labor situation, world problems, unemployment, and civil disorders have created some unnerving moments.

1971 Looms Brighter

By and large, 1971 should be able to chalk up a better performance on many fronts. Part of this improvement will be due to the absence of a number of the perils which beset portions of 1970. The protracted Teamster's and United Auto Workers' strikes, for example, exacted a heavy toll from general business. Also, the stringency in credit during the early months of 1970 and the virtual disarray of the bond market which persisted even further into the year had a lot to do with retarding business in the last 12 months. With these factors either out of the way or less oppressive, it is logical to anticipate that the economy will show improvement in 1971.

Shift of Administration's Posture

Failure of the Republican Party to make real inroads at national, state and local levels during 1970's non-presidential election is likely to have a significant influence on conditions during the year ahead. Prior to the election, the Nixon Administration was content to maintain a laissez-faire policy with respect to management-labor relations, and it emphasized fiscal restraint in an effort to quell inflation. Result of the election, however, pointed up the unmistakable importance of "pocketbook" conditions over the other widely publicized issues. Therefore, the Babson's Reports staff expects the Nixon Administration to take a more active role during 1971 in stimulating the economy and in enlisting labor and man-

agement help in the battle to control cost-push inflation.

Not All Clear Sailing

Least readers of this forecast view 1971 with complacency, however, the staff of Babson's Reports sees a number of potential dangers which the nation and its economy must contend with. The real possibility of a labor tie-up in the steel industry, for example, poses a danger to industrial activity on a par with the disruption caused by the UAW's strike against General Motors. Moreover, inflation and an uncomfortably high level of unemployment seem destined to be problems with which the Nixon Administration and the monetary authorities may have to contend throughout 1971. Summarily, however, unless these potential pitfalls become extreme, healthier business should be the rule for 1971 compared with the washout year of 1970.

Failure of the Republican Party to make real inroads at national, state and local levels during 1970's non-presidential election is likely to have a significant influence on conditions during the year ahead. Christmas Party Enjoyed By Cub Scouts

Monday evening, Dec. 21, marked the annual holiday meeting of Cub Scout Pack 445. Mrs. Riemenschneider's Den 7 opened the meeting with the pledge to the flag. After the opening ceremonies, the following awards and recognitions were made.

In Den 6, Mrs. Schneider's den, with Mrs. Heller as assistant den mother, David Boyer was made scribe. Kenny Lindstrom received his bobcat pin and assistant denner bar.

Den 7, which is assisted by Mrs. Pitzten, received awards for three boys. Karl Bell received his bear badge, while Mark Pitzten was awarded denner bars. Todd Wright was given his assistant denner bar.

Den 8, which is led by Mrs. Pickliik, singled out three Cubs. Jim Leach was awarded his wolf badge, and his denner bars, while Mike Payne received his assistant denner bar, and recruiter badge. Robert Luck received his bear badge gold arrow point, and was made scribe.

Mrs. Ford's Den 9, assisted by Mrs. Stock, cited four Cubs: Kent Heller, who was made scribe; Jim Brown and David Stock, who each received wolf badge silver arrow points; and Brett Copin, who was awarded his wolf badge.

Webelo Den 4 had six Cubs cited. George Bently was welcomed into the Den. Tim and Tom to Art Steinaway, representing er, artist, athletic, and sportsman badges. Dennis Thompson was awarded his aquanaut badge, while Mike Rowe was given his athletic and showman badges. Kevin Heller was awarded his outdoorsman and artist badges.

Following the awards, Cubmaster Jerry Heller presented food collected and donated by the Cubs to Art Steinaway, representing (Continued on page eight)

PROMOTED: Donley W. Boyer, 10 Sycamore Dr., area conservation officer of the Chelsea area since April 1946, has been promoted to the position of District 14 Law Supervisor at Pontiac Lake of the Michigan Department of Natural Resources. Transfer will be effective Jan. 3. Boyer and his wife, Trillis, and daughter, Terry, a student at EMU, will be moving out of the area shortly. The Boyers have three other children, Mrs. Royman (Doni) Doering of Ann Arbor; Mrs. Norman (Penny) Hannewald, Northville; and Mrs. James (Melody) Bristle, of Scio Church Rd. Boyer's replacement has not yet been announced.

DOROTHY EISENMAN, (center), retiring employee of the Federal Screw Works, is shown with Arleen Yost, union representative of UAW Local 487, and Jim Allen, supervisor of Secondary Operations, where Dorothy presently works. An employee of the company for 32 years, Miss Eisenman started working at Federal Screw Works July 15, 1938. She had worked in the timekeeping department, and is presently a machine operator in secondary operations. When asked about her plans for retirement, Miss Eisenman replied that she will relax some, and enjoy bowling. She would like to travel, and "catch up on things I always wanted to do, but felt I never had the time." She plans in general to keep as active as she can, but at the same time, do it leisurely. Miss Eisenman's retirement becomes official Dec. 31. She is carrying the Bible, which the Union gave her upon her retirement. Miss Eisenman was secretary of the local Union for a number of years.

PROMOTED: Donley W. Boyer, 10 Sycamore Dr., area conservation officer of the Chelsea area since April 1946, has been promoted to the position of District 14 Law Supervisor at Pontiac Lake of the Michigan Department of Natural Resources. Transfer will be effective Jan. 3. Boyer and his wife, Trillis, and daughter, Terry, a student at EMU, will be moving out of the area shortly. The Boyers have three other children, Mrs. Royman (Doni) Doering of Ann Arbor; Mrs. Norman (Penny) Hannewald, Northville; and Mrs. James (Melody) Bristle, of Scio Church Rd. Boyer's replacement has not yet been announced.

Washington Report
 by Congressman **MARVIN L. ESCH**

The decision by the Internal Revenue Service to continue granting tax-exempt status to non-profit, public interest law firms is a wise one I fully support. Such firms have the potential, at least, to add some vigor in our fight to restore and preserve the environment.

Early last month IRS announced it was withholding further granting of tax-exempt status to such organizations until it could study the legal questions involved. While I recognize that there are legitimate questions concerning the scope of activity of any charitable organization my position: both then and now is that adequate guidelines can surmount that problem.

Giving public interest law firms the power to go to court to protect the environment from pollution and consumers from being cheated is not of itself an unfettered good, of course. Just because an organization declares itself to be "public interest" does not make it so. Making a big splash in court over environmental and consumer affairs often means making a big splash in the press. The tempta-

tion for publicity-seeking for this purpose, of self-advancement is quite obvious.

Yet, given that reservation, it is beneficial to the nation to provide a means by which public spirited citizens may participate in the environmental and consumer fight in a meaningful way. While the tussle may be somewhat unpleasant at times, on balance the people benefit when worthwhile causes have strong advocates.

It's OK To Have Your Ashes Scattered Over Favorite Stream

Lansing—If you want your ashes scattered over your favorite trout stream after you die, you can as far as the State Cemetery Commission is concerned.

The Commission, a division of the Michigan Department of Commerce, feels that "cremation is final and what happens to the ashes is of no concern to the Commission as there is no health hazard involved."

Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

The fellers got the jump on the new year during the session at the country store Saturday night. They got so busy making wishes and predictions for 1971 they near clean forgot about resolutions, and from their past record at resolutions I'd say it's just as well.

Zeke Grubb said 1970 will be long recalled as the year nobody lost in an election. He said both sides came out smelling the best, and, just like everybody figured, the lame duck Congress has fiddled around while the work piled up. Zeke allowed he hopes Congress gets down to business when the changeover is complete.

MICHIGAN MIRROR
 By Elmer E. White, Secretary, Michigan Press Association

Do It Yourself
 State income tax forms must be picked up at banks, auto license outlets, state liquor stores and a few other state offices according to a new plan announced by Allison Green, state treasurer. This will save the state an estimated \$100,000 in mailing costs.

Green put the plan into effect following a message from Governor William G. Milliken to all state departments requesting that all budgets be reduced by at least 2 percent. The belt tightening was ordered as a result of the income drop following recent strikes, most importantly those at General Motors.

Neither Wind Nor Storm
 It is a bit more daring than his predecessor, but Gov. William G. Milliken decided to hold Michigan's inaugural ceremonies outside the Capitol steps in Lansing this week.

Former Gov. George Romney swore off outdoor inaugurations after his second inauguration Jan. 1, 1965.

That swearing in ceremony took place in a blizzard. The howling wind and driving snow obscured much of what was said and done on the bunting-draped platform which was constructed for the occasion.

So Romney held his 1967 inaugural in the Lansing Civic Center just one block from the Capitol.

After suffering through the 1965 inaugural as Lieutenant Governor and participating in the 1967 indoor ceremony as Lieutenant Governor, Milliken decided he preferred the tradition associated with the outdoors rather than the warmth of the indoors.

So he decided early in December that, no matter what the weather, the inauguration this time around would be outside.

He broke with tradition in another area, however, by deciding to have a number of inaugural balls around the state rather than having one main one in Lansing. The various balls will be held later and will be in several different population centers, such as Detroit, Lansing and Grand Rapids, as well as one in the Upper Peninsula.

Farmland Periled
 Much of the state's prime farmland may be wiped out by sprawling cities in the next 30 years. That is a main worry of

MCRC Gathering Petitions Against Proposed Park

Committees working on the various aspects and implications of Huron Clinton Metropolitan Authority's proposed park at Mill Creek will meet with the Mill Creek Research Council Board of Directors Jan. 5, at 8 p.m., at the home of Leonard McCalla on S. Steinbach Rd.

Petitions signifying opposition to this park, or proposed major parks in this area, should be brought or sent to the meeting. Assistance in circulating petitions would be welcome. Additional petitions may be obtained by calling Leonard McCalla, or a member. Written questions concerning the proposal should also be sent to the meeting.

The MCRC is anxious to hear questions from those who have them—no matter how insignificant they may seem. These questions will be submitted to the HCMA January Board meeting, which will be held Jan. 12, in Detroit.

Poor work completed is usually better than brilliant performance postponed.

4 Years Ago . . .
 Thursday, Jan. 5, 1967—
 Paul Schaible, Jr., was inducted as president of the Chelsea Kiwanis Club by Lt. Governor Louis Kress at the club meeting Tuesday evening. Kress gave recognition to the work of past president Floyd P. Fowler and presented him with a service pin. Installed with Schaible were Clare L. Warren, first vice-president; William J. Rademacher, second vice-president; and John C. Dettling as treasurer. Kress also installed Julius Blaess, Edwin Greenleaf, George Heydlauff, and Jack Wellnitz for two-year terms as directors of the club. Richard Borton and Edwin E. Brown were introduced as new members of the club.

Dana Service pins were awarded to 15 men on Dec. 20, for a total of more than 215 years with the corporation. Those receiving pins were Boyd Barnett, Bob McClintchey, Bernard Hildebrandt, Bob Bishop, Colonel Hughes, Thomas Stephens, Elmer Fletcher, LeRoy Lovelland, Bob Keiser, Earl Marroitt, Burton Wright, Joe Policht, and Ollie Cole, who have been with the company for 15 years. Those with 10 years service were Mike Cosgray, and Ernest Push.

Five employees were the recipients of awards for twenty years service with the corporation. They were George West, Howard West, Lonnie Adkins, George McAtee, and Russell Scripter.

24 Years Ago . . .
 Thursday, Jan. 2, 1947—
 Nancy Loose, Wilma Koengeter, Norma Pierson, John Wellnitz, and Pvt. Charles Slane were guests of Robert Breitenwischer at an 8 p.m. dinner served by his mother, Mrs. Wilbert Breitenwischer at their home last Monday evening, for the pleasure of Pvt. Slane, who was here on furlough. Games and music were the diversion of the evening. Pvt. Slane left the day after Christmas for Camp Stoneman, Calif., and expects to be sent to Korea soon.

Mr. and Mrs. William S. Davidson celebrated their 60th wedding anniversary Sunday with an open house from 4 to 6 p.m. at their E. Middle St. home. The open house was arranged for several of the couple's neighbors. Mrs. Paul Maroney, Mrs. Wm. K. Skentelbury and Mrs. Clarence Bahnmiller presided at the tea

 Thursday, Dec. 31, 1936—
 Charles Meserva has been employed by the village council as project inspector for the Village of Chelsea on a new sewage treatment works construction. Meserva's salary will be paid out of the construction cost. Preliminary work has been started on the sewage disposal plant.

Cavanaugh Lake Grange and the Ladies' Aid will meet at the home of Mr. and Mrs. T. G. Riemenschneider on Wednesday, Jan. 6. Pot-luck dinner will be held at noon. On the program for the day will be Mrs. Truman Lehmann, and Mrs. Clarence Lehmann, who will give readings. Mrs. P. H. Riemenschneider will present a paper on the grange Discussion will center on the Social Security Act. Max Hoppe will present advantages, while Walter Riemenschneider will present the disadvantages.

14 Years Ago . . .
 Thursday, Jan. 3, 1957—
 Approximately 75 employees and officials of Chelsea Milling Co. attended the company's year-end party, which was held Saturday night, Dec. 28, at the Hotel Hayes in Jackson. Among those present were Jerry Kealy, Walter Zeib, August Dorer, James Gaken, Miss Florence Ives, Walter Scott, Albert Doll, and Willis Heydlauff. Most of these were long-time employees at the mill. The year-end party is an annual affair, and everyone connected with the mill is invited.

Chelsea Jaycees open their Youth Center this coming Saturday, Jan. 5. All young people in the community who are interested in becoming affiliated in the project should plan to be present to help select officers. General chairman for the project is John Popovich. Those on the planning committee are Ron Eder, Norman Ratcliff, George Winchester, Jr. and Arden Musbach. Walter Schrader, Jr., Paul G. Schaible, Jr., Mrs. Merle Leach, and Mrs. Larry Gaghan are also involved in the planning.

Bishop Archie H. Crowley will officiate at the confirmation of a class of 21 at St. Barnabas Episcopal Mission at 11 a.m. service Sunday, according to an announcement by the lay vicar of the mission, John E. Lee.

Employees of the village attended a Christmas luncheon at 11:30 a.m. Monday, Dec. 24, at the home of Mr. and Mrs. Ben Widmayer. Present in addition to the Widmayers were Police Chief John Carman, and Police Officer Frank Reed; Homer Nixon, superintendent of the Chelsea Paul Graves, superintendent of electric & water Dept., the Public Works Department, Miss Grace Ward, and Dave Frager.

Swinging into the New Year

We look forward to many more opportunities to serve friends old and new. Thanks, and best wishes.

Babson Forecast...

(Continued from page one)

on profits and the resolute up-trend in wage costs leave management no alternative but to raise prices.

In addition to the cost-push factor, other forces could also fan the flames of inflation. For one thing, labor's productivity has not yet improved significantly. Another consideration is the likelihood that the Federal Reserve will continue to ease credit, on balance, as it has in the past year. And it may be forced to go further than desirable, at times, in order to create a credit climate favorable to the Treasury's regular refinancing needs plus the new financings that will be required to fund the fiscal 1971 federal budget deficit, estimates of which range anywhere from \$10 billion to \$20 billion. The Babson's Reports staff estimates a deficit around \$15 billion for fiscal 1971; but it could be much higher. President Nixon's budget for 1972 (covering 12 months from July 1, 1971 through June 30, 1972) is not yet available, but another sizeable deficit seems unavoidable.

Labor Co-Stars on Trouble Scene. The economy was dealt a one-two punch during 1970 by the Teamsters' and United Auto Workers' strikes. But there were a host of other less publicized walkouts. Net result was a skyrocketing of production time lost due to labor disputes. The outlook for 1971 promises little relief from the strike factor. A

lengthy series of labor pacts expire in the next 12 months. Among the more significant are the following: Contracts with the major metal container producers run out on Feb. 14; the aluminum industry has a May 31 deadline; the copper producers' pacts expire June 30; and the all-important United Steel Workers' contracts with the steel industry has a May 31 deadline; the copper producers' pacts expire June 30; and the all-important United Steel Workers' contracts with the steel industry end July 31. In addition, contracts covering approximately 80,000 dockworkers are up for renewal in 1971, involving the International Longshoremen's Association working the Atlantic and Gulf ports, and the International Longshoremen and Warehousemen Union on the Pacific Coast.

Productive Capacity, Helmsate and Villian

As 1971 debuts, American industry is operating well below theoretical capacity. Moreover, new plant and equipment projects started prior to the deceleration of capital outlays last year will be coming on stream in 1971. The nation's productive capacity—which is growing in might and efficiency—provides at least a measure of hope that inflation can be kept within tolerable bounds. Excess productive capacity relative to current levels of demand tends to moderate the severity of price mark-up, while the use of efficient facilities can bolster profit margins.

But there is another face to

the productive capacity factor. Due to the large gap between productive potential and near-term demand, the urgency to increase new plant and equipment has moderated noticeably.

Hence, the Babson's Reports staff does not expect businessmen immediately to resume the expansive rate of outlays for capital equipment, which flooded the economic boom of the last decade. To the extent that recent cutbacks in business capital expenditures are not fully restored, progress of the economic revival in 1971 could be restrained. Over-all there should be an upward trend in business capital expenditures, but much of this will be due to price inflation.

On a physical volume basis, the increment will not be signally impressive. However, there could be some assistance if efforts to stimulate the economy incorporate measures restoring even part of the investment tax-credit incentive to capital expenditures.

Building and Construction

Physical volume of construction in 1970 slipped below that of 1969, reflecting the low level of residential building during part of the year. However, as monetary conditions eased, a promising pickup in new housing starts emerged. The staff of Babson's Reports forecasts increased vitality in the housing field in 1971. In the move to revitalize the economy, new-home building is paramount, and some steps have already been taken to assist housing. With residential vacan-

cies negligible and the nation on the threshold of a surge in new family formation, the need for new housing facilities is certainly present. Thus, with mortgage money now readily available and mortgage interest rates likely to ease some in 1971, the home building field should provide important support for the economy.

The outlook for commercial and industrial construction, however, is less promising. Reflecting deceleration of business capital expenditures, the non-residential building sector is likely to evidence sluggishness in 1971.

In public construction, the hold-back in federal spending for new projects because of budget and anti-inflation considerations, plus the stringent credit climate, restricted 1970 activity. But the easing in credit and the termination of federal holdbacks on new construction outlays should enable this phase of the industry to contribute to the overall economic improvement looked for in the ensuing months.

As the recovery in residential building gains momentum, and as consumers loosen their purse strings, production and sales of home furnishings, building materials and supplies, and lumber should show marked improvement.

1971 Economic Profile

The staff of Babson's Reports envisions a strong business tempo in the first half of 1971. Depending upon the scope and length of tie-ups in the steel and copper industries, however, at least a significant slowdown seems unavoidable for a portion of the second half. If the steel workers "bite the pavement," industrial production will encounter a down-draft after midyear; but even if the now apparently remote possibility of an amicable settlement occurs, there will be a "breathing spell" in industrial production, as the steel companies and their customers work off strike-hedge stockpiles. Toward the end of the year, renewed buoyancy should be in evidence.

Strength in the first half of 1971 will not be uniform. During the first quarter, we project a definite uptrend in factory output. This will be due largely to the carry-over of post-strike catch-up efforts in the automobile industry. This impetus will be augmented by inventory accumulations in preparation for labor troubles in the industries cited earlier. The second quarter of 1971 will likely see a leveling-off in the business climb as the automotive field returns to more normal levels of operation. Thus, the crucial phase is expected to center in the third quarter of the year, when the steel industry must cope with the United Steel workers. The fourth quarter is likely to encounter some lethargy to begin with, but a show of strength should close out the year.

Throughout 1971, residential building is expected to provide a measure of strength for the economy. Since consumers may require some additional time—and a spell of good business—to fortify confidence sufficiently to unleash the pent-up buying potential, not too much vitality is anticipated during the first half of the year from consumer spending; but the tide should run more favorably in the second half, and particularly in the fourth quarter.

Trillion-Dollar Economy

The nation's Gross National Product should rise to a new record rate in 1971, with the year's average exceeding the trillion dollar mark. This measure of the dollar value of goods and services produced, in current dollars, is expected to average approximately 6 percent above the rate of 1970. However, much of the gain will stem from price increases; on a deflated basis, Gross National Product will show a much smaller increment, perhaps approximating 3 percent. Greatest part of the strength is expected to occur during the first half-year, with the first three months evidencing most of the vigor, yet with the second quarter sustained at a high level. The second half of 1971 will see a degree of pullback from the

first half, with labor conditions the primary determinant.

Consumer Spending Slated For Revival

One of the disappointing aspects of 1970's business picture was the tight-fisted attitude of consumers. Despite the peak rates of personal income, consumers boosted their savings. With the unemployment problem likely to remain a source of concern in much of 1971, the task of reviving consumer confidence will be difficult. We anticipate only moderate gains in consumer spending in the forefront of the year; but strength should become more evident as the year progresses, with 1971 closing out vigorously.

Personal Income

The General Motors strike and layoffs in defense-related lines caused a tapering-off in the upward trend of personal income in the second half of 1970. The stronger trend should be re-

sumed in 1971, but the bulk of the upthrust is expected in the first six months or so, with some tapering off during the second half. Fresh wage boosts under new labor pacts signed during the year; automatic step-ups in wage rates under existing multi-year contracts; pay boosts for federal, state, and municipal employees; and upward adjustments triggered by cost-of-living escalator provisions will combine to propel personal incomes upward.

Employment Conditions

On the strength of brisk factory operations in the first half of 1971, total employment is expected to post some gains in the new year. But, the pinch on profit margins, plus high labor costs, will tend to restrain job expansion. With the natural growth of the population and the entrenchment of U.S. armed forces overseas, the economy may be hard put to absorb all the growth in the civilian labor pool. Unemployment, close

to 8 percent of the available labor force as 1970 drew to a close, seems destined to edge past the 6 percent mark before relief is encountered.

Taxes May Increase

Because of the top priority economic stimulus is slated to receive in 1971, the Babson's Reports staff anticipates little change in personal income tax and corporate profits tax rates at the federal level, but somewhat higher federal levies toward the year end should not be ruled out if inflation gets out of hand. The tax burden will surely be heavier at state and municipal levels, occurring in a wide range of levies including those on incomes, corporate profits, sales and property.

Business Profits and Dividends

Corporate profits after taxes in 1971 are expected to show a better year-to-year comparison than was the case in 1970. We forecast an increase of some 7 percent.

However, the profits outlook will take on its healthier hue primarily because of the comeback from the lean year just past. Nevertheless, businessmen must stay on their toes during the next 12 months, since cost pressures will keep ripping away at profit margins, even though an anticipated higher rate of general business and price markups should give a fillup to earnings. The degree of improvement in profitability could look quite impressive for those companies which turned in poor earnings results in 1970 due to strikes, inventory losses, and changeovers in accounting procedures for the handling of sales and profits not yet earned.

Reflecting the improvement in profits, the outlook for corporate dividend disbursements in 1971 is more promising than in 1970. While a spate of generous dividend rate increases is not anticipated, (Continued on page five)

Babson Forecast...

(Continued from page three)
we do recognize the change for the better in corporate liquidity which, together with improving profits, will encourage management to take a somewhat more liberal view toward dividend payouts.

Further Easing in Credit Condition
In 1970, monetary authorities expanded the nation's money supply at a rate which seemed somewhat on the generous side. However, some "armchair quarterbacks" feel even that was inadequate to give the economy a real uplift. So the Federal Reserve may well be under pressure to step up its injection of credit into the banking system, particularly since the Nixon Administration will be applying fiscal measures to pump more life into the ailing economy. In this joint effort both participants are on the horns of a dilemma — namely, that the economy must be given added vitality without inflationary pressures being granted free rein.

Hence, Federal Reserve authorities undoubtedly will keep a finger on the pulse of consumer and business capital expenditures while the Administration must watch increase in prices and wages. Though price-wage controls now seem politically unacceptable, they should not be ruled out as possibilities if "jawboning" tactics fail.

Since short-term money rates have already receded significantly from the oppressively high levels when the credit crunch was most painful, there is likely to be only a moderate-further dip despite the salutary monetary policy and added progress in rebuilding bank liquidity. At the long-term end of the interest rate spectrum, we foresee a paring of borrowing costs also, but it will probably be only slight and not till the latter part of 1971. The degree of easing of long-term money rates will be restrained by the ravenous need for capital, not only by the private sector of the economy

but also by states, municipalities, the federal government and its various agencies.

The International Scene
International problems evident during much of 1970 will persist in the year ahead. The staff of Babson's Reports visualizes a continued touchy and highly inflammable international climate—with numerous tinderboxes—but no World War III. Instead, there will be stalemates in most 1971 world trouble spots, all having explosive possibilities.

In addition to beefing up the ailing economy, the Nixon Administration may be expected to hew closely to the established "Vietnamization" policy to forestall any further erosion of the GOP's 1972 Presidential hopes. As to other world areas, U.S. foreign policy seems likely to stress persuasion rather than military involvement, in hope that the combatants can amicably resolve thorny issues.

a continuation of firm-to-higher bond prices. Monetary moves to stimulate the economy should enable money rates to ease a little further. This will be translated into somewhat higher bond prices. Just how much further bond prices will advance will be determined by the degree of aggressiveness which the Administration and the Federal Reserve exhibit in seeking to lift the economy. Also, in the second half, and particularly toward the end of the year, the economy should be on sufficiently strong footing to create more active demand for short- and long-interest rates back upward.

Even though the extremely generous yields available on bond investments a few short months ago have been pared, investors who require a solid base of fixed income can still find reasonably rewarding bonds among the intermediate- and longer-term bonds. There are also some less-lucrative-yield-convertible bonds and preferred stocks which can provide inflation-hedge protection via their conversion privileges.

Stock Market Prospects
Threat of a massive liquidity crisis for debt-laden corporate enterprises, and the shock of the Cambodian invasion, sent stock prices sharply lower during most of the first half of 1970. But when investors realized that monetary policy had shifted convincingly to an anti-recession posture, the stock market rallied sharply from late May until midsummer. There followed a fairly confined trading range until the latter part of November when the lowering of money rates sparked a new flurry of buying which carried the Dow-Jones Industrial Average out of its limited-range consolidation phase.

Even though the stock market has already recouped a good deal of the ground lost since the long decline began in late 1968, participation in the rally has been confined to a fairly small segment of the market. Thus, there is still ample room for the rally to broaden. With the advantage of expensive monetary and fiscal policies, the Babson's Reports staff foresees an extension of the late 1970 upthrust. Earnings reports more favorable than those of a year ago will also help to bolster investor confidence in the early months of 1971. Thereafter, worries over the steel industry's labor situation may instill renewed caution.

Over-all, the stock market is not likely to experience a sustained upsurge into new high ground in 1971. Limiting forces include the restraint upon corporate profits by cost increases, uneasiness over international de-

Feed Grain Set-Aside Program Provisions Listed By ASCS

"The most important aspect of the 1971 Feed Grain Set-Aside Program is that it provides farmers much more freedom than previous programs have in deciding the kind and amount of grain to plant on their farms. At the same time, it is designed to put a greater reliance on the market place as the principal source of farm income while assuring equitable returns to growers and sufficient feed grain production for domestic and export needs," according to Raymond Girbach, chairman of the Washtenaw County Agricultural Stabilization and Conservation (ASC) Committee.

"For example, the feed grain base for a farm will be used only to determine acreage set-aside and price-support payment. The feed grain base does not restrict a producer to set a number of acres of feed grains nor does it indicate to him what crop or crops he must or should plant," Girbach said.

The general outline of the new feed grain program has already been announced, he said, and full information on all provisions is expected before March 1, when program sign-up begins. "Our county committee and county ASCS office will make every effort to see that all farmers are fully informed. Farmer meetings are planned and newsletters will be issued," Girbach said.

The ASC committee chairman provided this summary of the 1971 Feed Grain Set-Aside Program provisions to date:

Sign-up period will be March 1 through April 9 at county ASCS offices. The program is voluntary and open to producers with farms having corn or feed grain bases. Barley will not be included in the 1971 program. Farm feed grain bases will remain substantially the same as for 1970.

A producer may sign up one or more farms in which he has an interest and not sign up others, as he chooses. When a producer signs up, he agrees to set aside an acreage to be put in conserving uses. He also agrees to maintain the farm's conserving base. The set-aside percentage has been tentatively set at 20 percent for planning purposes by the U. S. Department of Agriculture, with actual set-aside percentage to be announced before sign-up begins.

Other provisions of the 1971 Feed Grain Set-Aside Program relate to set-aside on summer fallow farms, use of set-aside acres, land eligible for set-aside, types of conserving uses, payment limitation of \$55,000 per person, preventing loss of base history, and various regulations on program participation.

Girbach said these provisions will be publicized through newsletters, meetings, and letters to producers, as well as through further news releases to the press. Winter is a good time to take a "self-audit" hike along the nature trails at Stony Creek Metropolitan Park near Utica, Kensington Metropolitan Park near Milford, Hudson Mills Metropolitan Park near Ann Arbor and Lower Huron Metropolitan Park near Belleville.

By participating in the program, a producer becomes eligible for price-support payment on one-half his feed grain base and price-support loan on all his feed grain production.

Producers may also reduce feed grain in order to earn a payment. However, if less than 45 percent of his feed grain base is planted to feed grains, his farm's 1972 base will be reduced by the amount of under-planting up to 20 percent of the base. If he plants no feed grains of the authorized substitute crops for three successive years, the feed grain base could be removed.

Payments to producers participating in the 1971 Feed Grain Set-Aside Program will be determined on the basis of the 1971 farm yield for payment purposes multiplied by one-half the feed grain base. If the required set-aside is determined to be 20 percent, a preliminary payment rate of 82 cents a bushel for corn and 82 cents a bushel (52 cents a hundredweight) for grain sorghum will be made. If the required set-aside is less than 20 percent, the preliminary payment will be reduced proportionately.

In any case, the total payment will guarantee a producer not less than \$1.35 per bushel for corn or 70 percent of parity, whichever is higher, on one-half of his corn base. A guarantee of \$1.24 per bushel (\$2.21 per hundredweight) is provided for grain sorghum. If the final payment borghum is less than the preliminary payment, no refund will be required from producers.

Price-support loans will be available to program participants at \$1.08 a bushel for No. 2 corn, and \$1.73 a hundredweight for grain sorghum. These are national average loan rates; county loan rates will vary somewhat from these averages.

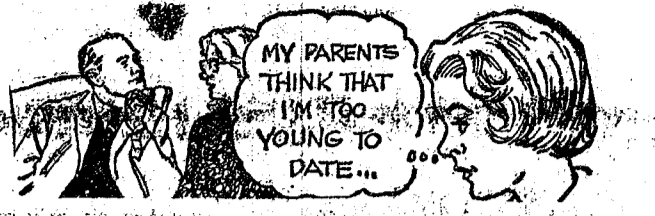

The 1971 loan rates on other feed grains will be: Barley, 81 cents per bushel; oats, 54 cents per bushel; and rye, 89 cents per bushel. The wheat loan rate will be \$1.25 a bushel and the soybean loan rate will be \$2.25 a bushel for No. 1 grade.

Substitution will be allowed for wheat and feed grains. That is, acreage planted to wheat (above a farm's wheat allotment) will be considered planted to feed grains for feed grain base history purposes. A producer with a feed grain base and wheat allotment can plant his eligible cropland acreage to wheat, corn, or grain sorghum without loss of history, and will receive both wheat certificates and feed grain payments. He must meet the set-aside requirements for both programs and maintain his farm's conserving base, as well as sign up for both programs.

Other provisions of the 1971 Feed Grain Set-Aside Program relate to set-aside on summer fallow farms, use of set-aside acres, land eligible for set-aside, types of conserving uses, payment limitation of \$55,000 per person, preventing loss of base history, and various regulations on program participation.

Girbach said these provisions will be publicized through newsletters, meetings, and letters to producers, as well as through further news releases to the press.

For And About Teenagers

THE WEEK'S LETTER:
I am 13 years old. And my problem is that I am not allowed to go with boys. My mother does not know I see my boyfriend every night. I don't see any harm in this. What do you think I should do?
Our reply: You should obey your mother's wishes. You are too young to be seeing boys without permission from your parents. Even with permission, every night? There is nothing wrong with seeing a boy—if you do nothing wrong. Insofar as the difference between "right" and "wrong" are concerned: But, you must realize, it is wrong for you to disobey your parents. You are stepping into a path that has led many teenagers to serious

difficulty with parents. It begins with just "seeing" someone against parental wishes; it leads to dating, to riding around in automobiles, then to going to places where young teenagers should not go. A day of reckoning always comes. Some teenagers are "grounded" and their parents make it stick. Other teenagers are grounded, but continue to slip out when no one is looking—from this point on family life becomes miserable for all concerned.
If you have a teen-age problem you want to have discussed or an observation to make, address your letter to "For and About Teenagers," Community and Suburban Press Service, in care of this newspaper.

Bond Market Outlook
The protracted uptrend in money rates resulted in a severely down-trodden bond market during much of 1970. However, toward the end of the year the series of reductions in short-term money rates prompted a vigorous rally in bond prices, particularly in issues bearing near- and intermediate-term maturities. Only sustained brisk demand for long-term capital funds kept prices for long-term bonds from posting commensurate gains. As 1971 unfolds, prospects favor

developments and labor problems. Hence, there will be spells of uncertainty as regards the stock market in 1971. A plus factor of significance, however, is the still well-deflated position of a majority of stocks.
There continue to be attractive opportunities for investors who have thus far failed to participate in the market recovery, or for those operating under a conservative investment program. In the longpull growth area, the Babson's Reports staff favors selected issues in the drug and hospital supply, petroleum, utilities, life insurance, and offshore oil and gas industries. Certain undervalued and depressed cyclical issues offer opportunities for capital appreciation, particularly in the building-related home furnishings, food, automotive equipment, precious metals, trucks, and truck transportation fields. But in view of the many areas of uncertainty, emphasis should be placed upon stocks of companies which are well established and capable of achieving profitability in conjunction with the anticipated business betterment.

TODAY'S THOUGHT

By LOUIS BURGHARDT

Memories of the past stay with us at New Year's. But our minds also indulge in comparisons and evaluations of the future. Concern is felt, seen and heard. What will the New Year bring? What will the next 10 years bring? Or a 20 year span?

Breakthroughs and breakdowns in functions, customs, manners, morals, science and technology have been seen. Lessons have been or should have been learned. It is sensible to realistically anticipate the certainty of changes yet to come.

No one need fear the changes to come, if it is resolved to treat every one with the kindness, respect, and consideration that each of us would like to receive from the other person. Whatever the failings of the past, there is new opportunity for every one at New Year. So, we say "Happy New Year" to you — and sincerely hope you grasp — without fear — the newness of opportunity, the newness of life it provides. BURGHARDT FUNERAL HOME, 214 East Middle St., Chelsea, Mich. Phone GR 5-4141.

Happy New Year

May happiness, success and health be yours in the year ahead.

To our wonderful friends, our thanks for the joy of serving you.

TO BENEFIT HANDICAPPED CHILDREN: Art Steinsway, Chelsea Jaycee president, was among the Chelsea Jaycees selling their annual issue of the Jaycee Handicapped Children newspaper on street corners, and local stores. All proceeds from the sale were given to local handicapped children.

Jaycees Sell Special Edition To Help Handicapped Children

Jaycees for Handicapped Children week was held Dec. 12-19. To commemorate the occasion, Chelsea Jaycees sold the yearly issue of the "Jaycees for Handicapped Children Newspaper," on street corners, at Jiffy Market, and the Chelsea Bowling Lanes.

All proceeds from the paper sale were donated towards helping local children who are handicapped. This year, Chelsea and Ann Arbor Jaycees are co-sponsors of the paper. It is hoped that this will become an annual project, covering all communities in the area.

Next year, the opportunity to sponsor the paper will extend to all local businesses, and individuals who would like to participate. All monies derived from the paper will be used in the Chelsea area to assist in some small way, the handicapped children of Chelsea.

Any person who did not have the opportunity to obtain a paper, and would like to donate, may contact any member of the Chelsea Jaycees or call Art Steinsway, 475-2923.

ATTENDANCE KINGS
The Baltimore Orioles attracted the largest total and average attendance per date at Tiger Stadium in 1970 for the second straight year. The Birds drew 203,403 fans, an average of 29,058 for seven dates in Detroit.

The Tigers will open their 1971 schedule April 6 at Tiger Stadium against the Cleveland Indians. It will be the earliest home opener in Tiger history.

Winter Soil Protection

By: Thomas P. Thrall
Soil Conservationist
U. S. Soil Conservation Service

Many of our farm fields are left bare and unprotected during seasons of heavy rainfall and strong winds. As a result, valuable topsoil is being lost through soil erosion.

Heavy rains of late fall along with the melting snows and early spring winds can carry off much soil. The work of excessive water run-off is especially damaging on sloping fields.

Many farmers are combating this situation by planting winter cover crops such as rye, ryegrass, or oats and by leaving crop residues (field stubble and stalks) to protect the soil against wind and water erosion.

Erosion caused by water occurs in two phases: 1) detachment of the soil particles by the pounding rain and 2) movement of the loose soil in the water run-off. Let's consider the effects of cover crops and residues on these two phases.

Phase 1 of erosion is greatly reduced because the organic matter, not the soil, absorbs the impact of the rain. Also, organic material in the soil causes the soil particles to hold together and they are not so easily broken apart by the rain.

Movement of the loose soil (phase 2) is lessened because the speed and amount of run-off is decreased. Soils high in humus are crumbly, thus enabling them to soak up water like a sponge. Because of this, the amount of run-off is reduced. Organic matter

also acts as a barrier to the rushing water and slows it down. With less water flowing at a slower rate, less soil can be carried.

Wind erosion may occur on level land as well as sloping land. Cover crops and residues decrease erosion by wind because the plant material slows down and breaks up wind speed.

There are many added benefits of cover crops and crop residues aside from soil erosion control:

1. Organic material creates better soil structure. Therefore air and water conditions in the soil are greatly improved.
2. Plant material eventually deteriorates and puts valuable nutrients back into the soil.
3. Conditions for beneficial organisms are improved.
4. Because of the mat formed

by cover crops, farm equipment can begin to operate earlier in the Spring.

5. The formation of soil humus makes the soil mellow and more tillable.

Note: The residues of certain herbicides used for weed control might not allow the establishment of a cover crop. It is always wise to keep this in mind.

HOLIDAY GREETINGS

As the holiday season approaches, let us take time to give thanks to God for the many blessings we possess... our homes, our families, our friends, the freedoms and opportunities that are inherent in the life we enjoy. It is a time of joy and thankfulness... a time of loving. As we celebrate the birth of our Lord, let us all resolve to practice in our lives those ideals which the life and teachings of Christ embody.

We extend to you our warmest good wishes and heartfelt thanks, and may you and those dear to you be blessed and protected through every hour and minute of a joyous holiday season.

SUNDAY'S SERMON

★ What About 1971?

A New Year. A new precious amount of time. Some call it a 'clean slate'—days and weeks and months of clean white pages with ample space to record the achievements of plans and dreams.

All of us have some special hopes for the New Year. Certainly, we pray that things will be better, for most of us are optimists. We hope to do better, personally, in the year ahead. We would like to see the achievement of peace, among nations, among races, among different ideologies. In short, we would like to see a better world.

If we are sincere in our hopes for this better world, this better land, then we must look to the footnotes of the past. The problems of 1970 did not die with the year. They are still with us. In the fresh amount of time given to us for the year 1971, they remain with us. If we set them aside, they will still be around when the next year dawns. If we meet them forcefully—we shall not achieve a perfect world in 365 days. We might, however, get some sort of a trend underway.

The world's longest and fastest man-made toboggan run is located at Grayling, according to the Michigan Tourist Council. Speeds up to 100 miles an hour are possible on the 3,000-foot slide.

BOSSO Carpet Cleaning
Happy New Year! We are certain that your carpeting survived the holidays, but it may need a little attention. We recommend Host, the new method of cleaning carpets without water. The carpet is dry and ready to walk on immediately. Use our Host Electric Up-Brush. It's easy. Clean 40 sq. yds. only \$9.95. Phone for information.

MERKEL BROTHERS
Phone 475-8621.

AS the New Year unfolds, may it bring success and happiness to you. Please accept our greetings, and thanks, too.

Beth Anne Planck, Ralph Johnson Speak Vows Sunday Afternoon

Beth Anne Planck, daughter of Mr. and Mrs. Harold Planck, Tipton, Ind., became the bride of Ralph Jay Johnson, son of Mr. and Mrs. Alfred Johnson, 115 Freer Rd., Chelsea, Sunday afternoon, Dec. 27, at the Kemp United Methodist church. The Rev. William Simpson officiated at the double-ring ceremony, while organist was Mrs. Phillip Cochran.

Mrs. Leon Earnest presented the vocal solos "The Lord's Prayer," and "One Hand, One Heart."

Given in marriage by her father, the bride chose for the occasion of a gown of white English lace. She carried a bouquet of white roses.

Miss Barbara Becker, Muskegon, was maid of honor. She wore a gown of green crushed velvet, trimmed with antique lace, and she carried a bouquet of red roses.

Bridesmaids included Miss Marsha Johnson of Chelsea, and Mrs. Phillip Planck, of Berkeley. Their gowns were identical to that of the maid of honor's and they carried red roses.

Tim Eiseman, Chelsea, was best man. Ushers were Marilyn Johnson, Chelsea; Bennett Planck, of Holly, and Phillip Planck, of Berkeley.

A reception was held, following the wedding, at the Fellowship Hall of the church.

The couple will reside in Chula Vista, Calif., where the bride will be a dietitian, and her husband is a designer-draftsman with Rohr Corp.

The new Mrs. Johnson is a graduate of Tipton High school, Purdue University, and the University of Oregon Medical school. Mr. Johnson is a graduate of Washtenaw Community College, Ann Arbor.

Mr. and Mrs. Duane Gentner and daughter Lisa, of Hanover Park, Ill., arrived at the home of their parents' Christmas evening to spend the holidays in Michigan, visiting friends and relatives.

Young - Benedict Vows Spoken at Methodist Church

The First United Methodist church of Chelsea was the setting Sunday, Dec. 27, for the wedding of Carol Young and Robert Benedict, Jr.

The bride is the daughter of Mr. and Mrs. Norman G. Smits, 7225 Bush Rd. Parents of the bridegroom are the Rev. and Mrs. Robert H. Benedict, Sr., 146 Orchard St.

The Rev. Benedict and the Rev. Clive Dickins officiated at the ceremony. A reception followed at the church.

Mrs. Thomas Zimianski attended as matron of honor, while Sylvester Wojcicki served as best man in the ceremony. Seating the guests were Dr. Clare Warren and Thomas Zimianski.

Serving at the reception were Mrs. Earl Oster, Mrs. David Peobles, Mrs. Richard Stebelton, and Miss Roberts Zalenski.

Following the reception, the newlyweds departed for a wedding trip to Southern Ohio. They will make their home on Bush Rd. Mr. Benedict returns to his position of principal at North Elementary school.

ENGAGED: Mr. and Mrs. James O. Yoxall, 11391 St. Mary's St., Detroit, announce the engagement of their daughter, Laura, to August F. Kapolka, son of Mr. and Mrs. August F. Kapolka, 8424 Prospect, Warren. The bride-elect is a graduate of Rosary High school. The bridegroom elect is a graduate of Lincoln High school. An April wedding is planned. Miss Yoxall is the granddaughter of Mrs. Bertilla Forner, 618 Taylor St., Chelsea.

Home Economics Study Groups Calendar
Dec. 30-Jan. 6

Tuesday, Jan. 5—North Superior, at the home of Inebbe Judson, 7020 Plymouth Rd., Ann Arbor.

Wednesday, Jan. 6—Geddes, at the home of Mrs. Julius Nimke, 2472 Prairie, Ann Arbor, 12 noon.

Club and Social Activities

SENIOR CITIZENS
It was reported during the regular business meeting of Chelsea Senior Citizens Tuesday evening that the group had finished and presented a dozen lap robes to Chelsea Medcenter in December.

Plans were discussed for the social meeting Thursday, Jan. 7, at 7:30 p.m. at the Korner House. Mrs. Gladys Klumpp and Mrs. Mary Kniss will head the committee in charge.

Jan. 18 is the date for a noon pot-luck dinner at the Korner House with Mr. and Mrs. John Holzhofer heading the committee.

There were 10 members present at Tuesday's meeting. They enjoyed cards following the business session.

ENGAGED: Lt. Colonel and Mrs. Lynn Blecha announce the engagement of their daughter, Barbara Ann, to Thomas James Dorer, son of Mr. and Mrs. Robert R. Dorer of 218 Cedar Lake Rd. The bride elect is a senior at Chelsea High school, and is presently employed at the Chelsea Medcenter. The bridegroom elect is a 1969 graduate of Chelsea High school, and is employed by Dana Corp. No wedding date has been set.

First Aid Classes Start After Jan. 1

A series of three different first aid classes, all scheduled to start the first week in January have been announced by the Red Cross.

There will be two evening classes starting Monday, Jan. 4 and Tuesday, Jan. 5. An afternoon class designed for housewives and shift workers will start Wednesday, Jan. 6. The evening classes will start at 7:30 p.m. and the afternoon class at 1 p.m. All will meet for two hours and for six weekly sessions.

The course, which will be taught by trained volunteer instructors, will feature basic life-saving skills, bandaging, transportation and accident prevention.

There is no charge for the course, except for the textbook, which is \$1.

Register by calling the Red Cross at 971-5300.

BIBLE VERSE TO STUDY

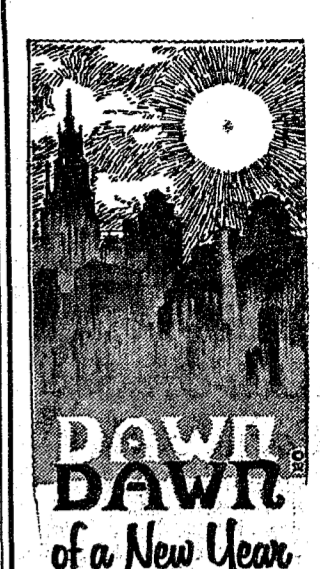

"All we like sheep have gone astray; we have turned everyone to his own way; and the Lord hath laid on him the iniquity of us all."

1. To whom do the above words apply?
2. Who is the author of these words?
3. Who is the sin-bearer to whom the writer refers?
4. Where may these words be found?

Bible Verse Answers . . .

1. To all mankind.
2. Isaiah, the great prophet.
3. Jesus Christ.
4. Isaiah 53:6.

PLASTIC MILK CARTONS
Homogenized milk keeps best in plastic coated paper cartons. Research indicates that light creates an off-flavor called oxidized milk when the light penetrates slightly opaque plastic or clear bottles, it was reported by the University of Pennsylvania.

Dawn
Dawn

Dairy Product Names Clue to Calorie Count

Dairy product names can be valuable guides to product fat content, explains a consumer marketing information agent for the Co-operative Extension Service, Michigan State University.

"For example," says Mrs. Sheila Morley, "if a carton says table or coffee cream or light cream, the fat content is 18 to 20 percent. Whipping cream, however, is 30 percent fat and heavy whipping cream contains 36 percent fat. Half and half has only 10 to 12 percent fat."

As fat content diminishes, so does calorie count, Mrs. Morley says. Whipping cream has three times the calories of half and half.

"Sour" dairy products are actually cultured fresh cream or milk. Sour cream is made from coffee cream (18 to 20 percent fat). Sour half and half is cultured from half and half (about 10 percent fat).

Yogurt is made from fresh, partially skimmed milk, enriched with additional non-fat dry milk. Plain yogurt is much lower in calories than the flavored varieties, Mrs. Morley says.

FRENCH FIGURES
The island of Martinique has three times as many Frenchmen per square mile as France itself.

TIPS for your TOP from

TODDY and FRAN

We like to remind you every now and then that our shop is convenient for you—on a pleasant paved road only a few miles from any place in the Ann Arbor area, with a good parking lot adjacent—easy to park in and free besides! We have lots of extras you may want to pick up while you're waiting: greeting cards, gifts, cosmetics, jewelry. We fit wigs, a real necessity in this busy age. Our operators are thoughtful and proficient and take a personal interest in each customer they serve. We hope you'll give us a try; we think you'll come back again and again.

Frank Reed, 14072 North Territorial Rd., is in St. Joseph Mercy Hospital, room 426, bed 2.

REMEMBER WHEN: Should old acquaintances be forgotten—on New Year's Eve? Never! Digging into its archives The Chelsea Standard found this photograph of the Chelsea High school basketball team of 1930. The photo was supplied from the files of the MacManus Studio by Mrs. Harold (McManus) Lantis of Stockbridge, daughter of the late J. D. McManus. Identification was the courtesy of Carl Schneider and Robert Foster, both members of the 1930 roundball team. Vintage cagers in this picture are: front row, from left, Lawton Steger, Dudley Holmes, Arnold Fahrner, Howard Holmes, and Dr. Raymond Dancer. In the second row are Robert Forner, Frederick Steiner, Gerald Griffin, Coach Charles Dagwell, Jack Weber, and George Staffan.

Rabies Vaccination Clinics Scheduled

Washtenaw County Health Department, in co-operation with the County Veterinary Association, has completed arrangements for the rabies vaccination clinics for dogs which will be held again this year. The type of vaccine used in these clinics is good for two years for immunizing purposes under state and local law. Clinics will be staffed by members of the Washtenaw County Veterinary Association. Fee charged will be \$8 per animal, the same as in the previous clinics. Dog owners may of course take their animals to their own veterinarians at any time if they prefer, but the regular fee in effect at the various offices would then be paid. Clinic schedule in the western part of the county is as follows: Chelsea—Wednesday, Jan. 6, 2 p.m. to 7 p.m., Fire Station; Dexter—Saturday, Jan. 16, 12 p.m. to 5 p.m., Scio Township Fire Hall; Manchester—Wednesday, Jan. 6, 7 to 9 p.m., County Highway Garage; Saline—Wednesday, Jan. 6, 7 p.m. to 9 p.m., Fire Hall; Whitmore Lake—Saturday, Jan. 16, 2 p.m. to 4 p.m., Northfield Township Fire Department Hall; Ann Arbor—Wednesday, Jan. 6, 2 p.m. to 7 p.m.; MacLeod-Dunvegan Animal Clinic, 761-7523, 3010 Warren Rd.; Ann Arbor Animal Hospital, 2150 W. Liberty St.; East Haven Animal Hospital, 2140 Huron Parkway; Packard Animal Clinic, 4618 Packard Rd.; Patterson Animal Hospital, 6011 Jackson Rd. Washtenaw county has been free of rabies in dogs for many years. According to Doctor George E. Bowler, County Public Health Veterinarian, the best assurance we have of maintaining this fine record is the vaccination of every dog. Certificates obtained at the time of vaccination must be presented when application for a dog license is made to the township or county treasurer. Licenses may also be obtained from the Ypsilanti City Treasurer or the Ann Arbor City clerk. Deadline for obtaining licenses without penalty is March 1. Doctor Bowler noted that a new state law is now in effect. A dog owner purchasing a 1971 dog license must present a Rabies Vaccination Certificate with an expiration date of 1972 or 1973. All dog owners are urged to check the Rabies Vaccination Certificates for their dogs which

Wrestlers Score...

(Continued from page one) At heavyweight, sophomore Steve Worden, wrestling his first varsity match, was pinned at 2:56. Coach Richard Bareis indicated that Chelsea's regular 185-pounder, Randy Seitz, was out of action because of some pulled muscles. The victory was a good win for Chelsea, giving the Bulldog heavyweights a chance to get untracked and on the winning trail. Junior varsity action blasted their opponents by a 36-0 score. Steve Straub won at 98 pounds by a pin at 2:36, while Dale Poertner at 105 pinned his man at 2:15. Steve Seibert at 112 pinned his man at 5:33, while Kieth Kargei had a 1:00 pin at the 119 slot. At 126 Mike Robins won a 9-2 decision. Tom Hubert won a close 4-3 decision at 132, and Larry Hopkins gained a 5-0 decision at 138. Bob Craft ended the evening with a pin at 5:33 at 145 pounds. they now have and if they are about to expire, it is urged that arrangements be made for a vaccination.

DEATHS

Mrs. E. Bartholomew
Former Owasso Resident Dies at Methodist Home
Mrs. Bertha Bartholomew, 95 years old, died at the Chelsea Methodist Home, Wednesday, Dec. 23. Mrs. Bartholomew was born Feb. 13, 1875 in Clinton county, the daughter of Eugene and Clarissa Love Brown. She was married to Edgar Bartholomew on Sept. 21, 1908. He died March 31, 1935. Mrs. Bartholomew entered the Chelsea Methodist Home July 25, 1955 from Owasso. Funeral services were held Saturday, Dec. 26, at the Methodist Home Chapel, with the Rev. Richard Clemans officiating. Burial was in Oak Grove Township Cemetery, Owasso. Arrangements were by Staffan Funeral Home.

Mrs. John H. O'Connor
Lyndon Township Resident Dies Sunday at Home
Mrs. John H. (Irene) O'Connor, church and of the St. Mary Altar Dec. 27, in Lyndon township. She was born Oct. 20, 1893 in Lyndon township, the daughter of John L. and Mary Cunningham Clark. She married John O'Connor Jan. 28, 1937. He survives. The couple lived in this area all of their lives. She was a member of St. Mary Catholic church and of the St. Mary Altar Society. She is survived by her husband, John, and several nieces and nephews. She was preceded in death by five brothers and two sisters. The rosary was recited at the Staffan Funeral Home at 8 p.m. Tuesday evening, Dec. 29. Funeral services were held Wednesday, Dec. 30, at St. Mary Catholic church, with the Rev. Fr. John Clark officiating. Burial was in Mt. Olivet Cemetery.

Ollie W. Householder
Had Been Resident of North Lake Area for 7 Years
Ollie W. Householder, 13350 North Lake Rd., Gregory, 64, died Thursday, Dec. 24, at St. Joseph Mercy Hospital. He was born May 13, 1906 in Kentucky, the son of Robert Perry and Glenda Mae Kemper Householder. He moved to the area in 1956, living at North Lake for the past seven years. He is survived by his widow, Doris; five sons, Wally of Tucson, Ariz.; Bill of Grass Lake; Gene, Ronnie and Ken, all of Ann Arbor; four daughters, Daisey Garrett of St. Louis, Mo., and Phyllis, Pat, and Pamela, all of Ann Arbor; five brothers, Robert Vance, Marvin and Nolan Grafen, both William Henry, and Mitchell Brazer, all of Missouri; Frank of Arkansas; and two sisters, Mamie Gott, of Missouri, and Cliffee Durham of Illinois. Funeral services were held Sunday, Dec. 27, at the Staffan Funeral Home in Chelsea, with the Rev. Robert Diekema officiating. Burial was in Oak Grove Cemetery, Chelsea.

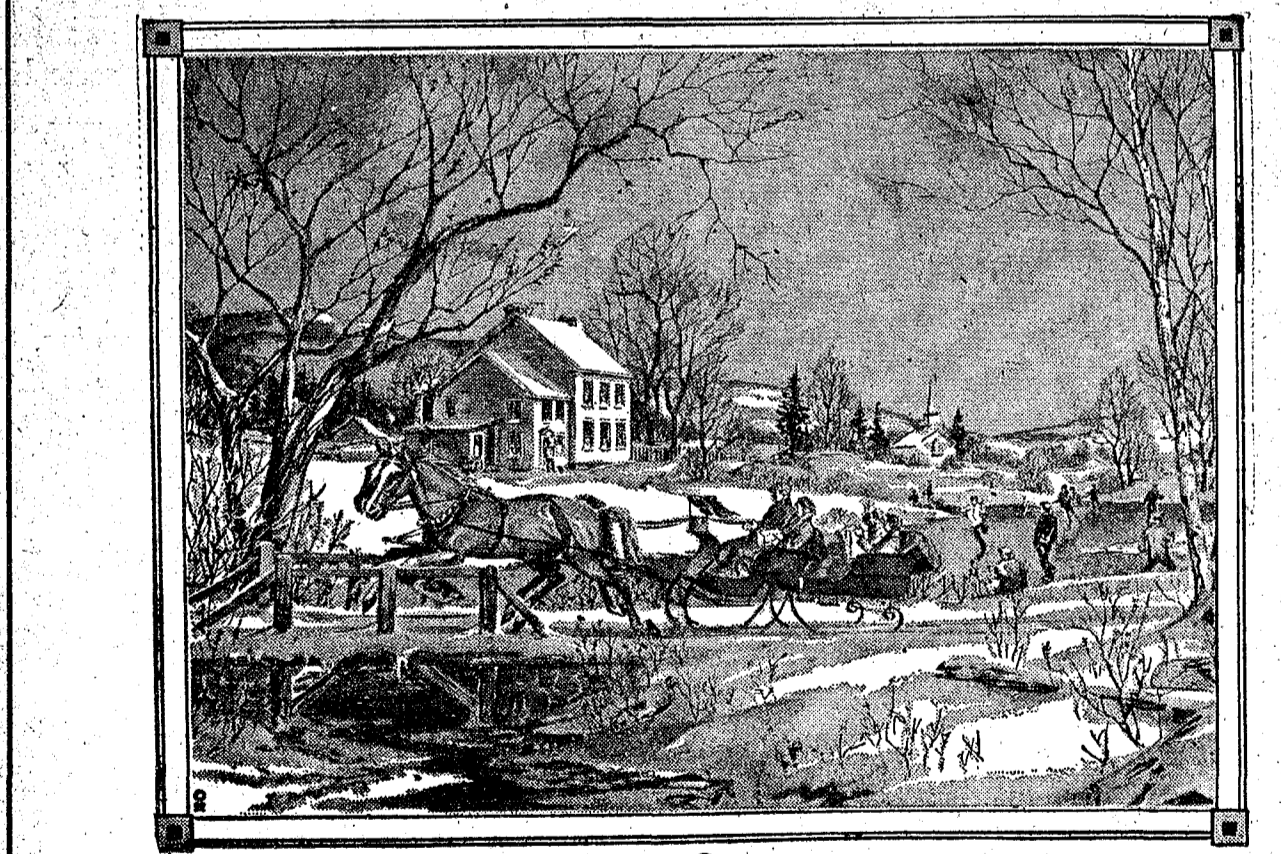

David A. Doig
Former Dexter Township Justice Dies in Florida
David A. Doig, Dunedin, Fla., formerly of North Lake, died suddenly Tuesday evening in Dunedin, at the age of 73. Mr. Doig was born in Scotland, and came to the United States at the age of 12. In 1935 he married Mary Scott, who was also from Scotland. Until recently, he lived at North Lake, Chelsea. Before his retirement, he was Superintendent of Motor Building and head of transportation of Ford Motor Co. He served on the Ann Arbor Planning Commission, and was Justice of Peace in Dexter township. He was also president of Inverness Country Club at North Lake, and was a 32nd degree Mason. He is survived by his widow, and a nephew, David Baldy of Detroit. Funeral services will be held at 1:30 p.m. today (Thursday), from the Moss Funeral Home in Dunedin, Fla. Memorial contributions may be made to the Heart Fund.

Personal Notes
Mr. and Mrs. Floyd E. Gentner, and son, Terry, of 316 Jackson St., and Robert Abdon, spent Christmas at the home of Mr. and Mrs. Ronald F. Gentner, and daughter, Tracy, of Ypsilanti.

Cub Scout Party
(Continued from page one)
The Chelsea Jaycees, sponsors of Pack 445. The Jaycees distributed food to needy persons in Chelsea. After presentation of the food, each den decorated a Christmas tree with ornaments the Cubs had made themselves. The decorated tree was then donated to a Chelsea family who would not otherwise have had a Christmas tree. The Cubs also presented their parents with gifts they had made themselves at den meetings. Den 7 closed the meeting by retiring the colors, followed by the singing of Jingle Bells, led by Mrs. Heller. When the song had ended, Santa Claus appeared, presenting each child with a gift.

**AGRICULTURE
IN ACTION**
by GARY A. KLEINHENN
Michigan Farm Bureau

★ **Widely Abused
Food Stamp Program**

For most people who don't farm it is a big surprise to learn that farmers receive less in U.S. Department of Agriculture programs and services than non-farmers.

From the standpoint of the high costs of government, however, agriculture has long taken the brunt of criticism from non-farm taxpayers.

On the other hand perhaps this should be more equally shared with others when about 56 percent of the USDA budget in 1970 is for the primary benefit of the general public. About the same percentages hold true for the estimated '71 budget which stands at \$7.9 billion and where \$4.1 billion is for the non-farm group.

But the difference between farm and non-farm programs rests in their creation. Generally, government programs through price supports are designed to control production and are government imposed, whereby programs of a non-agricultural nature are largely government sought.

The \$2.2 billion food distribution program costs are increasing by leaps since the beginning of the Food Stamp Program in '69. Helping the needy to get on the right track is admirable, but not many taxpayers agree that spoon-feeding the American public is the most nutritious policy. Food Stamp program costs have quintupled for the '69-'71 years. In '69, \$248 million was spent; in '70 an estimated \$575 million, and '71 an estimated \$1,249 million will be rolled out.

Food Stamps have become a mockery of their intended purpose. Union employees during the recent GM strike drew food stamps paid for by your taxes. College students are eating their way free through college. Even those with money from home are taking advantage from the program designed for the disadvantaged. And furthermore, how will the unemployed get back on their feet with an unemployment check and food stamps to boot?

Once government policy was created to insure the general welfare of the public, but today it is providing it. How long can a nation stand with this gratis? Farmers want their independence from government production controlled programs. In '71 citizens also expect government to take a more responsible view of the flagrant abuse of the Food Stamp Program.

TO AID VOLUNTEERS

Lieut. Gen. George L. Forsythe was named by Secretary of Defense Melvin R. Laird to direct the Army's efforts to switch to an all-volunteer force when reliance on the draft is ended in 1973. Laird ordered the Army to work toward raising the number of enlistments and re-enlistments as one of the first steps to reach the target to zero draft calls.

Advertising is an old custom that's still observed by most successful businessmen.

A NEW YEAR MESSAGE

TO EVERYONE:
We're transmitting on your frequency to thank you for your loyalty and friendship and to wish you all the best for the New Year!

ROYAL WELCOME

Tiger Pitcher Mike Kilkenny was sent congratulations by the Prime Minister of Canada and Queen of England when he signed his first professional baseball contract.

Winter vacation travelers to Michigan will find 76 fully developed ski areas and 168 snowmobile areas, according to the Michigan Tourist Council. Michigan also offers tobogganing, ice fishing, skating and community winter festivals.

ALL CLASSES ON CAMPUS NEW HURON

Bulletin May Help Increase Swine Profits

Feed costs account for 65 to 80 percent of the cost of producing hogs on Michigan farms. "This means that information on swine feeds and nutrition is a key to profitable swine production," points out Bill Ames, Washtenaw county extension agent.

A new Michigan State University extension bulletin explains formulating rations, feeding the sow herd, feeding from weaning to market, preparing feeds and rations for growing-finishing hogs. The bulletin also discusses use of energy feeds, protein feeds, vitamins, minerals and feed additives based on latest available research information.

Contact the county Co-operative Extension Service office for a copy of bulletin E 537, "Nutrition: Swine Feeds and Feeding."

Letters to the Editor

Dear Editor:

The role of the public defender should be just what the function of a defender has been in our tradition. It should be more than an adjunct to the University of Michigan Law school. Our court facilities should not be dominated by University personnel, or by its law school.

In view of the uncertainty that exists as to the conception of the plan in our environ, coupled with some indication that the birth and the conception is not all as chaste as it ought to be, we should proceed with our present system for the defense of the indigent—which results in the distribution of the responsibility for the development of the criminal law to a much larger section of the law profession as we see it in this community.

Those adamantly opposed to so serving could be excused. I trust that of this moment we will not be required to endorse the Law School insignia on our court walls.

James R. Beek

MISA SANCTIONED RACE

Manchester—Plans are complete for the 3rd Annual Manchester Jaycee Snowmobile Race at 12 noon, Sunday, Jan. 3, at Manchester Speedway.

The Speedway is located 2 1/2 miles southwest of Manchester at 14490 Schleweis Rd.

Bob Rhees says the Jaycees aren't depending entirely on the weather for this race. They have plenty of straw and hay available.

Contestants must be MISA sanctioned race drivers, and if they are not already, they can join at the track for the one day event.

Entry fee is \$10 and registration will begin at 9 a.m. sharp. Classifications include stock, modified and three powder puff races (regulated under MISA rules).

Trophies for all 1st, 2nd, and 3rd place event winners will be given.

MISA officials have suggested that we expect at least 250 machines. Ninety percent of the entry fee will make up the purse.

The Jaycees had 1,250 paid attendance last year and are expecting an even bigger crowd this year.

In addition to trophies and winners purse there will be a drawing with a side of beef and a "Bushel of Joy" and a "Peck of Joy" as prizes for three lucky winners.

Refreshments will be available at the Speedway concession stand and this promises to be an event which the whole family can enjoy.

Racing teams are expected from all over the state.

For further information you can call Bob Rhees at 428-3572.

SUCCESSOR TO THE AUTOMATIC WATER SOFTENER

THE REYNOLDS SOFT-SENSOR

THE WATER CONDITIONER THAT HAS A MIND OF ITS OWN FOR SOFT, RUST-FREE WATER

THAT'S RIGHT! Every night the Soft-Sensor "takes its own pulse." If it needs recharging, it recharges itself. If not, it checks itself the next night. The Soft-Sensor recharges itself ONLY when it needs it, and always when it needs it.

- All soft water you need
- Saves salt-maintenance cost
- It "asleep" when you're away from home
- Simple, dependable construction
- "Lifetime" all-thermostatic tanks
- Remarkably low in cost

PURCHASE OR RENTAL PLAN

Other brands of water softeners can often be converted to the Soft-Sensor. Call our direct factory line without charge 1-800-552-7717 or call Ann Arbor 662-5676

The Reynolds Soft-Sensor is a product of:

REYNOLDS WATER CONDITIONING CO.

12100 Cloverdale Avenue / Detroit, Michigan 48204

Serving Washtenaw County with quality water conditioning products for 38 years.

Snow Fun Heads List of Michigan Events in January

Lansing—Snow season visitors to Michigan in January will find numerous action-packed snowmobile events and winter carnivals and festivals awaiting them, according to the Michigan Tourist Council.

Michigan's winter community events are packed with interest for spectators and participants alike. Heading the calendar is the annual New Year's Week-end Snowmobile Rally in Grayling, Jan. 1-3. There will be safaris, cross country races and oval track races for all classes of machines—something for everyone.

The following week, what is described as one of the richest snowmobile events ever staged will take place in Northville, Jan. 8-10. The International Motor State Classic, originally scheduled for the Detroit Race Course, will be held at Northville Downs. Four separate racing programs will be open to the public, with drivers competing for \$50,000 in total prize money.

Carnivals and festivals are among the many other popular snow season activities on the January docket. "Up-Town USA, Jan. 16-17 at Houghton Lake, is a fun-filled tribute to ice fishing and offers contests with prizes. Mason county's Winter Fun '71 Festival, Jan. 16-31, boasts a variety of events from an outdoor chicken barbecue to a county-wide ice fishing contest.

A Smelt Festival at Lake Fitch

near Atlanta, is scheduled Jan. 16-17; a Winter Carnival at Lake Superior College in Sault Ste. Marie, Jan. 22-23; and a Winter Sports Carnival in Petoskey, Jan. 29 through Feb. 7.

Competition in skiing and ice skating also are on Michigan's January agenda. Marquette will host the Intercollegiate Alpine Meet at Cliffs Ridge on Jan. 9, attracting skiers from throughout the midwest and the Michigan Speedskating Association will sanction races in Cheboygan, Jan. 23-24, in conjunction with that community's centennial activities.

In addition, there are a number of professional and collegiate basketball games and professional hockey games in store for Michigan winter vacationers.

For a comprehensive list of more than 50 community events occurring in Michigan during January, write for a free copy of the Michigan Calendar of Travel Events. The Calendar is available from the Michigan Tourist Council, Stevens T. Mason Building, Lansing 48926.

NUMBER OF SKIERS DOUBLES

The number of skiers using Michigan slopes has more than doubled in the last 10 years, according to the Michigan Tourist Council. During the 1969-70 season, Michigan attracted a record 350,000 skiers, as compared to 150,000 during 1959-60. Pre-season estimates indicate the 1969-70 record will be surpassed during 1970-71 winter season.

LOOK ALIKES? Are the 1971 white and maroon passenger car license plates which go on sale across Michigan Monday, Nov. 16 familiar? They should be. Except for a different numbering and lettering system and the fact that they are reflectorized, 1971 plates look exactly like those issued in 1969. But, purchasing 1971 plates will be much simpler than most years. Persons who bring the prepared application mailed to them by the Secretary of State and show proof of insurance can complete the transaction for 1971 plates in a matter of minutes with no other paper work or documents involved. Last year, all motorists had to show vehicle titles. Persons without a prepared application from Lansing must have a vehicle certificate of title and fill out necessary forms. In addition to cost of plates, motorists with proof of insurance must pay \$1 into the state's Uninsured Motorist Fund. Those without insurance must pay \$35 into the fund, plus cost of plates. Although motorists may display 1970 plates through March 31, now is the best time to buy—before last-day lines and inclement weather. When putting new plates on the car, motorists should be careful not to dent or scratch them since they must last three years. Tabs only will be issued in 1972 and 1973 which will be affixed to 1971 plates.

LYNDON TOWNSHIP

Mr. and Mrs. John McBlain and children were Christmas Eve guests of her parents, Mr. and Mrs. Henry Tremble, Flat Rock. Tom Shanahan spent from Tuesday, Dec. 22, until Christmas Eve with his grandparents, Mr. and Mrs. Lawrence Shanahan.

Mr. and Mrs. Charles Fuhrmann's Christmas gathering, held Dec. 20, included Walter Fuhrmann and Mr. and Mrs. Alfred Crandall and family, of Lake Orion, and Mr. and Mrs. James Fuhrmann, and family, Mr. and Mrs. William Fuhrmann and family, and Mrs. William Dunn, and son, all of Warren.

Mr. and Mrs. Charles Fuhrmann, son Mark, and mother, Nettie Hall, were Wednesday guests of Mr. and Mrs. Hubert Johnson, of Ferndale.

Mr. and Mrs. Floyd Balmer had their Christmas Saturday evening. Guests were Mr. and Mrs. Gary Roderick and family, and Mr. and Mrs. David Haas and daughter.

Miss Nancy Jackson, Ann Arbor, spent Christmas week-end with Charles Fuhrmann and family.

Mr. and Mrs. G. A. Bott, Harrison, Mr. and Mrs. George Bott, Jr., and family, of Dansville, and Mr. and Mrs. Duane Bott, and Bobby, of Stockbridge, Mr. and Mrs. Norman Bott, and family, of Lyndon, had Christmas Eve dinner with Adelbert Bott.

Mr. and Mrs. Thomas Lewis' Christmas guests were their parents, Mr. and Mrs. Howard Reasner, Fenton, and Mr. and Mrs. Roy Lewis, Grand Blanc.

Delancy Cooper, and Mr. and Mrs. Larry Joseph, and four children, were Christmas guests of his daughter, Mr. and Mrs. George Schonele, Millville.

Mr. and Mrs. G.A. Barton, had as Christmas guests their daughter and family, the Richard Seyfrieds, of Ann Arbor.

Mr. and Mrs. Gerald Gauthier, Rives Junction, and family, Mr. and Mrs. Victor Gauthier, and family, of Ypsilanti, Mrs. Ann Cowall, Detroit, and family, were Christmas breakfast guests of Mr. and Mrs. Norman Bott and family, of Lyndon. George Gauthier, called Sunday morning from California.

Mrs. Clarence Bott, Batteese Lake, spent the week-end as a guest of her sister, Mary Clark, and son, Dean. Christmas dinner guests were Mrs. Deo Wilcox, Millville, Mr. and Mrs. LaVerne

Barley Is Good Energy Feed

Barley provides an excellent energy feed when corn is not available at a comparable price, says Joseph W. Ames, extension agricultural agent.

Barley has 90 percent of the energy that corn has, so it is worth 90 percent as much. If barley is available at \$2.25 per hundredweight, it would be comparable in price with corn at \$2.50 per hundredweight (\$2.50 times .90 equals \$2.25).

Barley contains more protein (11.5 percent) than corn, but the amino acid balance is not as good as in corn, adds Ames.

Agriculture Director Hits Assessment Policy On Suburban Lands

City and suburban tax needs have caused much of Michigan's best farm land to become non-productive of food and fiber, according to B. Dale Ball, director of the Michigan Department of Agriculture.

Farms near cities or between cities and outlying developments are assessed for streets, sewers, water lines, schools and community needs. This heavy annual tax load is often beyond the ability of the land to pay off in farm income, Ball said. Thus, the farm owner is doubly stymied: he cannot farm economically and he cannot install equipment and enlarge his operation to lower production costs because of the tax load.

Examples of the impact include subdivisions taking over Oakland county orchards, and apartments and airports on rich land at Lansing's outskirts.

Heavy taxing of farms encourages land speculation leading to hodgepodge development to the detriment of the entire state, said Ball.

"We can't afford to continue sacrificing our most precious natural resource—the land itself," he said. "The lives of all Michigan citizens are dependent upon our soil. Planning now to preserve its productivity for future generations is much needed."

Balmer, and four children, of near Mason.

Generation Gap U.S.A.

"Daddy can't possibly go bowling, Mr. Spriggs. I have too much homework."

New Radio Series Announced By Michigan Christian Science Group

Launching of a new radio series was announced Dec. 26 by A. Dean Joki, the Christian Science Committee on Publication for Michigan.

"Inspirational in purpose, The Truth That Heals series," Joki said, "is designed to be of help to people of all faiths. The 15-minute broadcasts have a fresh, documentary tone. In recorded spontaneous conversation, people from many lands share first-hand experiences which show the relevance of spiritual power to today's needs."

"Beginning Sunday, Jan. 3," Joki said, "nearly 1,000 radio stations, including 32 in Michigan, will broadcast 'The Truth That Heals' every week in the same time periods allotted to broadcasts in the previous Christian Science series, 'The Bible Speaks to You' which has been on the air for more than eight years."

FOUNTAIN OF YOUTH

Tiger Coach Art Fowler appeared in 45 games, had a 9-5 record with 15 saves and a 1.59 earned run average for the Denver Bears in 1970. He was 48 years old.

The Tigers and Orioles played before 53,959 in Tiger Stadium on July 12, 1970—the largest crowd Detroit in nine years, including the World Series.

Servicemen's Corner

Munith Youth Earns Promotion With Army Unit in Germany

Kaiserslautern, Germany—Lionel E. Walz, 17, son of Mr. and Mrs. Edward R. Walz, 212 Second St., Munith, Mich., recently was promoted to army specialist four near Kaiserslautern, Germany, while serving with the 66th Maintenance Battalion.

Spec. Walz is a clerk in the battalion's headquarters and Company A. He entered the army in February 1970, completed basic training at Ft. Knox, Ky., and was stationed at Ft. Ord, Calif., before arriving overseas.

Every special group has special reasons to justify its special demands for special privileges.

16-Mediation has been requested by the CEA on major unresolved contract issues. Mediator to be Leo Cadwell, Jr., from the (Continued on page 14)

Keep Christmas Poinsettia Plants Healthy for Next Year's Holidays

East Lansing—This year's Christmas poinsettia can brighten your home again next winter if you give it lots of love now, says Dr. William H. Carlson, Michigan State University horticulturist.

He suggests keeping your poinsettia healthy by placing it in a well lighted area and out of drafts; keeping the room temperature between 60 and 70 degrees (a little lower at nighttime); watering as needed; and fertilizing once a month.

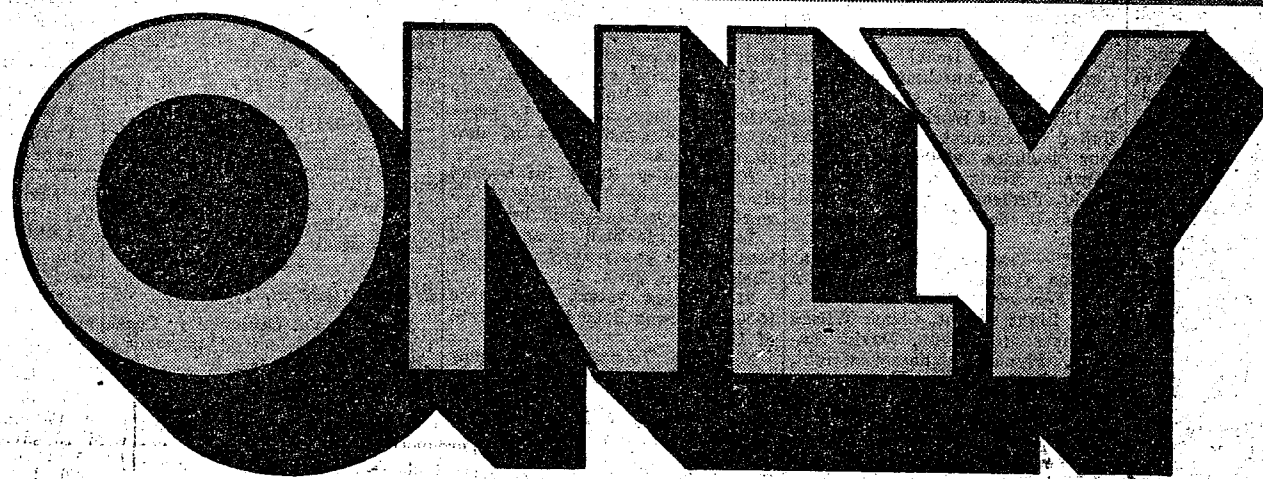

About February the flower will begin to fade and side shoots will start to develop. After these lateral shoots get a good start, the main stem of the plant should be cut back to a height of 4 to 6 inches, removing the flower and one or two side branches.

"After cutting back, the plant should be treated just as before, until the first week of June," says Carlson.

Now the poinsettia may be set outdoors. If the plant has grown much, place it in a bigger pot. Carlson recommends a potting soil of two parts garden soil, one part peat moss and one part sand. Mix one tablespoon of superphosphate with each pot of soil.

When night temperatures don't go below 50 degrees, sink the poinsettia, pot and all, in the ground to the pot rim. "Best outdoor locations are well drained and slightly shaded," says Carlson. Between July 15 and Aug. 1, cut off the end of all shoots. If you want more poinsettias, save the shoots and root them in a half-and-half mixture of peat moss and sand.

YEAR-END REVIEW:

Community Progress in 1970

Employment Relations Commission of the Department of Labor. Negotiators will be certain school board members and four elected CEA members.

16—Lima township residents meet at Lima township hall to protest Detroit Edison Co. plans to run power line through Lima and other area townships.

23—Destruction of the old Chelsea school buildings (on Park, Harrison and East Streets) is underway. Progress Wrecking Co. is doing the job for \$16,350.

23—A July 19 Supreme Court decision declaring that public schools must provide free textbooks and supplies for pupils will cost the Chelsea school district an estimated \$85,000, according to business manager, Fred Mills.

23—Douglas and Karen Schneider and their three children arrive in Chelsea after eight years as missionaries in India.

30—Farmers having trouble harvesting their wheat because of recurrent rain. The area has not had four good days for combining, since the first load was brought in July 16.

August . . .

1—Another long-time employee—Dona Joseph—retired from Federal Screw Works after 31 years in material handling.

1—Chelsea Milling Co. begins construction of large new warehouse building on North St.

1—Ray D. Greenfield of Detroit severely burned when his airplane crashed on a private airfield north of Chelsea, where he apparently landed by mistake.

1—Dana institutes new stock purchase plan offered to employees. First two stock certificates delivered to Elizabeth Oesterle employed by the company 22 years, and William Pypier who will retire next year after 30 years work.

4—Newly-completed Dexter

township hall, located at 6880 Dexter-Pinckney Rd., used for first time for the primary election.

4—Primary election registers very light turnout in all townships and throughout the state.

4-7—Annual Washtenaw County 4-H Fair at the county Rural Activities Center with many Chelsea area club members participating.

7—Disastrous fire in business district destroyed Frigid Products store building, damaged two adjoining stores and for a time threatened the entire block of buildings. With help of Dexter, Manchester, Pittsfield township and Ann Arbor fire departments, the blaze was finally brought under control.

10—More than \$600 worth of firearms stolen in break-in at Gambles Store.

13—Lloyd and George Heydlaoff announce that they will rebuild on the same site as the building destroyed by fire last week.

14-15—Chelsea Sidewalk Sales.

25—Chelsea Community Fair opens. Children's Day parade float winners: the Roy Greenleafs and Mrs. Robert Bertke; Linda Shaw; the Richard Scrippler children; and Alice Juergens.

26—Cheryl Trinkle's grand champion 1,000-pound steer sold at Community Fair Fat Stock Sale for 85 cents per pound to Schumm's Restaurant; and the reserve champion, shown by Debby Clark, and weighing 860 pounds sold for 51 cents per pound to Jiffy Market.

27—CEA set Sept. 4 as strike deadline of Chelsea school teachers if the school board does not accept proposed fact finding or sign to avert strike.

27—Mrs. Ben Donaldson left by plane on a Churchmen's Asia-World Study tour sponsored by the Division of World Peace of the United Methodist Church. The tour includes visits to Tokyo, Taiwan, Hong Kong, Saigon, Beirut, Jerusalem, points in India, and London; also Lebanon and Israel.

27-28—Tractor pull events at Chelsea Community Fair draw large crowds. First place winners: Light weight, Chuck Wilson of Jackson; medium, David Magraw, Plymouth; heavy weight, Janet Duible, Ann Arbor; extra heavy weight, Bert Phinisie, Adrian.

29—Community Fair parade float winners: Youth category—Junior class, first; Freshman class, second; Rogers Corners

Herdsmen, third; Gingham Belles 4-H Club, fourth. Adult category: Kiwanis club, first; Jaycees, second; Chelsea Co-Op Nursery school third; Stockbridge Squares, fourth.

29—Laurie Lancaster chosen queen of Chelsea Community Fair. Her "court" included Debbie Orlovski, Janice Schramm, Jean Haselschwardt, Alicia Pierson, Bonnie Powers. (Cathy Clark was named runner-up.)

September . . .

4—George T. Roumell, the appointed fact finder in the contract negotiations differences between teachers and the school board of the Chelsea District, returned to take testimony in a hearing at 8:30 p.m. (Marathon session continued Saturday, 10:30 a.m. to 7 p.m.)

6—Kiwanis club paying for new lights on CHS Athletic Field, fixtures alone costing \$3,500. Earl Heller, of Heller Electric donated his time for the project.

8—Teachers began school without a contract to await the fact finder's report Sept. 13.

8—Chelsea schools open with 26 new teachers, 40 of them in the high school.

10—Billy Robertson named Dexter township supervisor to fill the vacancy caused by resignation of Warren Eisenbeiser. Robertson to serve until after November election of new supervisor.

12—Bonnie Wengro, Chelsea's lady track star, took first place in the girls' division mile run at Lipke Center, Detroit and will compete in St. Louis, Mo., Sept. 19.

15—Fact Finder's report okayed by Chelsea Education Association and Chelsea School Board.

15—Wrecking crews begin demolition of remains of former Frigid Products building in preparation for construction of new store on site.

18—Gambles Store hit second time in six weeks, stealing \$1,000 worth of merchandise in break-in.

18—CHS football team opens season with game at Stockbridge, Chelsea won, 26-6.

21—Chelsea voters approve \$500,000 Sewer Bond issue by vote of 111-47.

22—Rena Johnson is the new owner of Patty Ann Shoppe, having purchased the business from Effie Scott, now in business in Florida.

28—Sylvan Township Planning Commission hears strenuous opposition of township residents to granting conditional use permit to Michigan Livestock Exchange to construct livestock auction site on M-52 on the Norman Hinderer farm.

29—New hospital facility—Chelsea Community Hospital—now open in leased quarters at Chelsea Medicenter. Dr. J. V. Fisher is chief of staff, Dr. Michael Papo, administrator.

30—The Rev. C. Walton Fitch arrives to take up duties as pastor of St. Barnabas and St. James Episcopal churches in Chelsea and Dexter, respectively.

30—A. S. Penhalligon, 61, manager of Budget Wise Store the past four years, died unexpectedly at his home.

30—Chelsea Bulldogs downed a tough Hornet football team, 20-6, to clinch the Southeastern Conference championship for the third successive year.

30—Chelsea's Community Chest Fund at 88 percent of its goal at official end of drive.

1—Marty Straub, CHS junior, made his first solo flight Sunday, his 16th birthday, at Willow Run Airport.

2—Election day. Governor Milliken re-elected. Controversial Parochial issue passed in favor of amendment denying public funds to parochial schools. Re-elected in Sylvan township: Maurice Hoffman (D), supervisor; Daniel Murphy (D), clerk; Fred Pearsall (R) treasurer.

4—Junior High football squad closed season with a perfect record (the fifth time in the past six years) by defeating Lincoln, 27-0.

6—Chelsea Bulldogs lost their first football game of the season to Dexter, 22-6. Season's standing: 7 wins, 1 loss, plus the Southeastern Conference championship.

9—Sylvan Township Zoning Board denied granting permission for a conditional use permit to Michigan Livestock Exchange to build and operate a livestock auction on land south of Chelsea.

9—Chelsea Community Chest President Mrs. Homer Kuhl congratulated campaign committee chairman whose latest reports indicate that the Chest Fund is nearing the \$24,850 goal.

9—Three Chelsea football players named to first team of Southeastern Conference—Lary Gorton, Mitchell Heard, Tom Harmon. Second string members from Chelsea—Tom Lukasiak and Randy Seitz, with Tim Ortring receiving honorable mention.

10—Band of "peaceful hippies," headed by Stephen Gaskin, arrived in caravan of gaily painted buses to camp at Bruin Lake Campgrounds.

10—Mrs. Wilbert Breitenwischer and Mrs. Alfred Hinz honored at dinner meeting of Chelsea Rebekah Lodge for 50 years of continuous membership.

12—Heated discussion marked meeting at Lima Community Hall in opposition to proposed Huron-Clinton Metropolitan Park

Athletic Field was named Jerry Niehaus Field at dedication ceremonies for newly-installed lights, paid for by the Kiwanis Club of which he had been a charter member.

4—Annual Jaycees chicken barbecue; 3,200 customers were anticipated and all chicken dinners were sold.

12—Gary Albrecht, who heads this year's Community Chest campaign, announced goal is \$24,850 as campaign begins today.

12—Eleven Chelsea area men guests of Kiwanis Club for octogenarian night: Rha Alexander, 86; Earle Pettibone, 82; Otto Hinderer, 82; Watson Hart, 81; Elmer Winans, 83; Irven Weiss, 82; John Cook, 81; Herman Gross, 83; Dan Denton, 88; Clarence Lehman, 83; William Hochrein, 81.

20—McKune Memorial Library received new microfilm reader as gift from Chelsea Jaycees; library patrons may now read microfilmed copies of past issues of The Standard as well as the microfilmed obituary file accumulated by Harold Jones.

22—New Freedom township hall nearing completion at Lima Center Rd. and Pleasant Lake Rd.

23—Karen Keleman named CHS Homecoming Queen at homecoming game Chelsea won from South Lyon, 25-14.

24—Alvin Reinhardt presented Silver Beaver award, highest adult award in Boy Scouting work at annual appreciation Dinner of Portage Trails Council of Boy Scouts.

28—Chelsea Blood Bank blood donor clinic yields 139 pints for local use.

29—Kiwanis Kiddies' Halloween party. Attended by 800 children. Carla Dawn was over-all grand prize winner; Peggy Kraai was runner-up; and 12 others won 1st, 2nd, and 3rd place awards in several categories of costumes.

30—Chelsea Bulldogs downed a tough Hornet football team, 20-6, to clinch the Southeastern Conference championship for the third successive year.

30—Chelsea's Community Chest Fund at 88 percent of its goal at official end of drive.

1—Marty Straub, CHS junior, made his first solo flight Sunday, his 16th birthday, at Willow Run Airport.

2—Election day. Governor Milliken re-elected. Controversial Parochial issue passed in favor of amendment denying public funds to parochial schools. Re-elected in Sylvan township: Maurice Hoffman (D), supervisor; Daniel Murphy (D), clerk; Fred Pearsall (R) treasurer.

4—Junior High football squad closed season with a perfect record (the fifth time in the past six years) by defeating Lincoln, 27-0.

6—Chelsea Bulldogs lost their first football game of the season to Dexter, 22-6. Season's standing: 7 wins, 1 loss, plus the Southeastern Conference championship.

9—Sylvan Township Zoning Board denied granting permission for a conditional use permit to Michigan Livestock Exchange to build and operate a livestock auction on land south of Chelsea.

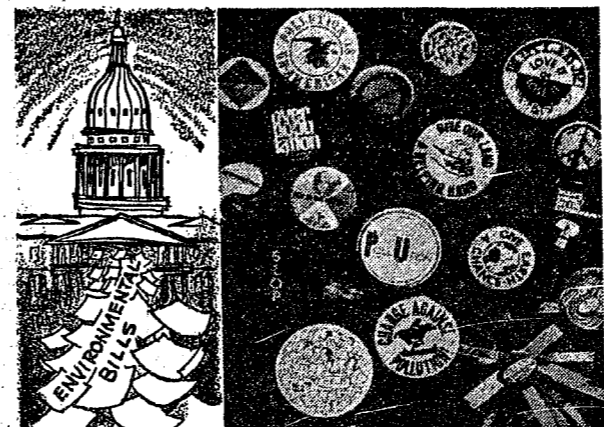

9—Chelsea Community Chest President Mrs. Homer Kuhl congratulated campaign committee chairman whose latest reports indicate that the Chest Fund is nearing the \$24,850 goal.

9—Three Chelsea football players named to first team of Southeastern Conference—Lary Gorton, Mitchell Heard, Tom Harmon. Second string members from Chelsea—Tom Lukasiak and Randy Seitz, with Tim Ortring receiving honorable mention.

10—Band of "peaceful hippies," headed by Stephen Gaskin, arrived in caravan of gaily painted buses to camp at Bruin Lake Campgrounds.

10—Mrs. Wilbert Breitenwischer and Mrs. Alfred Hinz honored at dinner meeting of Chelsea Rebekah Lodge for 50 years of continuous membership.

12—Heated discussion marked meeting at Lima Community Hall in opposition to proposed Huron-Clinton Metropolitan Park

MERCURY POLLUTION POSES A NEW DANGER TO HUMAN HEALTH. Canada's announcement on March 24, 1970, that 12,000 pounds of mercury caught wall-eyed pile from Lake St. Clair were to be destroyed because of mercury contamination set off a chain reaction of fishing closures and restrictions encompassing 20 states and four provinces. Immediately after the announcement, an intensive search for more information began and soon it became clear that Lake St. Clair was the only American water body to become aware of widespread mercury contamination of the environment.

NATURAL RESOURCES HIGHLIGHTS FOR '70: Anti-pollution buttons came popping out all over Michigan in 1970. They symbolized a restive spirit to right the environmental wrongs of these times, which dramatically came to the fore at a series of environmental teach-ins on college campuses across Michigan and the nation. Charging up the campaign there and on many other fronts were stern warnings that the countdown for survival was rapidly under way. That dire prediction was dramatized with bombshell impact when mercury contamination was discovered in Lake St. Clair and connecting waters bordering Ontario and southeastern Michigan. This turn of events set off a chain reaction of fishing closures and restrictions, and rocked Americans into an awareness of the widespread mercury problem. Michigan lawmakers passed a "Truth in Pollution" bill which bore importantly upon the mercury situation, and they cleared several other landmark measures which were in step with the year's environmental movement. Of the many causes they championed in 1970, environmentalists spoke out loud and clear against petroleum drilling operations in northern Michigan. The Natural Resources Commission responded to their pollution fears by making a sweeping number of changes in the state's oil and gas program to maximize environmental safeguards. Lake Michigan's sport fishery produced a super season as anglers took an estimated 884,000 trout and salmon from its waters for a new high. It also approached world record proportions when Ivor Pomber of Traverse City (lower left photo) landed a 27-pound, 3-ounce coho in the West Arm of Grand Traverse Bay.

Authority for 4,087-acre Metro Park in Lima township.

13-14—Chelsea Jaycees win five first-place awards at the fall state board meeting at Traverse City.

15—First reported deer kill of season—a buck downed by Robert Walz at 7:15 a.m., 15 minutes after the season opened.

17—Second meeting of area residents in opposition to proposed Metro Mill Creek Park; to accommodate the approximately 450 people who attended, the meeting was held at CHS auditorium.

19—Opposition to Metro Park organized; at meeting held at CHS auditorium, the Mill Creek Research Council named committees to gather data for fight.

29—Our Saviour Lutheran church, which holds services in the Rebekah Lodge hall, observed its first anniversary.

3—Varsity debate team won a third-place trophy and novice de-

30—Approximately 700 attend open house at Dana Corp. in celebration of the 25th year of the Power Equipment Division.

0—Douglas Davidson, recent MSU graduate begins duties as full-time agriculture teacher at Chelsea High school.

December . . .

2—Michigan Livestock Exchange formally withdrew their request for an appeal hearing on the decision of the Sylvan Township Zoning Board to deny the firm's request for permission to build and operate a livestock auction in the township.

3—Mitchell Heard, senior at Chelsea High school, granted full four-years scholarship at EMU, Ypsilanti, through "Upward Bound" program. He plans a teaching career.

4—CHS Varsity basketball team opened season with a 70-47 win over Dundee. The JV team also won, 45-41.

10—Village Clerk Richard Harvey announced he will register 18-year-olds, having received a directive to do so from Washtenaw County Clerk Robert M. Harrison.

11—Settlement reached in Beach school boiler suit which began May 13, 1968.

15—Sharon Township Zoning Board granted permission to Mich-

ment was malfunctioning and that additional new equipment is still being installed.

19—CHS debaters Dan Gault and Chick Lane won trophies as best negative debaters at Grosse Pointe North Varsity Hecke tournament; the team from Chelsea, including affirmative debaters Marty Straub and Mike Hergert, placed third in the tournament.

22—School closed because of icy road conditions (Cooks at school had been prepared to serve 1,600 Christmas dinners). Pies and Jell-O salads were given to the Chelsea Medicenter and Methodist Home.

24—Report of Village Council meeting listed two resolutions regarding the proposed Huron-Clinton Metropolitan Authority's

Cub Scouts . . .

During the month of December the Webelos of Pack 445 went to the farm of Mr. Heller's father. This was on Dec. 19. The boys had rifle practice.

Cubs went to the home of Mr. Luck for milk and cookies, and finished their Christmas presents for their parents. They made yule logs. These were given to their parents at the Pack meeting.

The Cubs also helped to collect canned goods for their sponsors, the Chelsea Jaycees, for use in their Christmas baskets.

A Toast to the New Year. A toast to our friends, and neighbors too, in token of our deep appreciation. HELLER ELECTRIC

Whee! A jumping New Year is about to begin, but before we push ahead we want to express to you, our deep gratitude for your patronage. A VERY HAPPY NEW YEAR. Honeggers & Company, Inc. 11800 DEXTER-CHELSEA RD.

Time to wish You Happy New Year.

Time to say how much we appreciate your patronage. May this year be a great time for you!

Clark Bushnell Floor Covering Service

What's in the cards for you in the New Year? Everything good, we hope... you deserve it. Thanks for your good will.

Jerry Satterthwaite Ashland Oil & Refining Co.

Benzie Is Top Snow County in Lower Peninsula

More snow fell in Benzie county last winter than in neighboring Manistee county, and that's a fact. We were wrong reporting last week in an article on winter maintenance that Manistee county stood fifth among the 8 counties in total snowfall. That questionable honor went to Ontonagon county, behind four other Upper Peninsula counties.

Benzie county recorded the most snow in the Lower Peninsula, 138.39 inches, 8.22 inches more than its southern neighbor, Manistee.

The first 10 in order: Keweenaw, Luce, Alger, Gogebic, Ontonagon, Houghton, Benzie, Schoolcraft, Manistee, Mason.

Ban on Transporting Christmas Trees Eased in December

Even government officials respond to the warmth of the yuletide season.

You can cut down your own Christmas tree and haul it home to your fireside, providing you follow certain legal requirements. So says B. Dale Ball, director of forestry by the Department of Agriculture.

Ordinarily, transportation of Christmas trees and evergreen boughs is illegal in Michigan without a bill of sale or proof of property ownership. The law is administered by the Department of Agriculture's Plant Industry division.

But during December, an exception to the law permits transportation of not more than two trees without a bill of sale, if they were legally obtained. Many Michigan residents traveling to the north country before the holidays, such as deer hunters, enjoy taking advantage of this special permit.

Necessary legal forms for persons transporting more than two trees are available from the Lansing and regional offices of the Department. Forms may also be obtained from county extension offices, county sheriffs and state police posts.

Insurance Premium Taxes Up in Past Year

Lansing—Insurance companies doing business in Michigan paid \$44.1 million in premium taxes during the fiscal year that ended last June 30, the Michigan Department of Commerce (MDC) reported recently.

It represented an increase of \$3.8 million or 9.1 percent compared to the same period of a year ago.

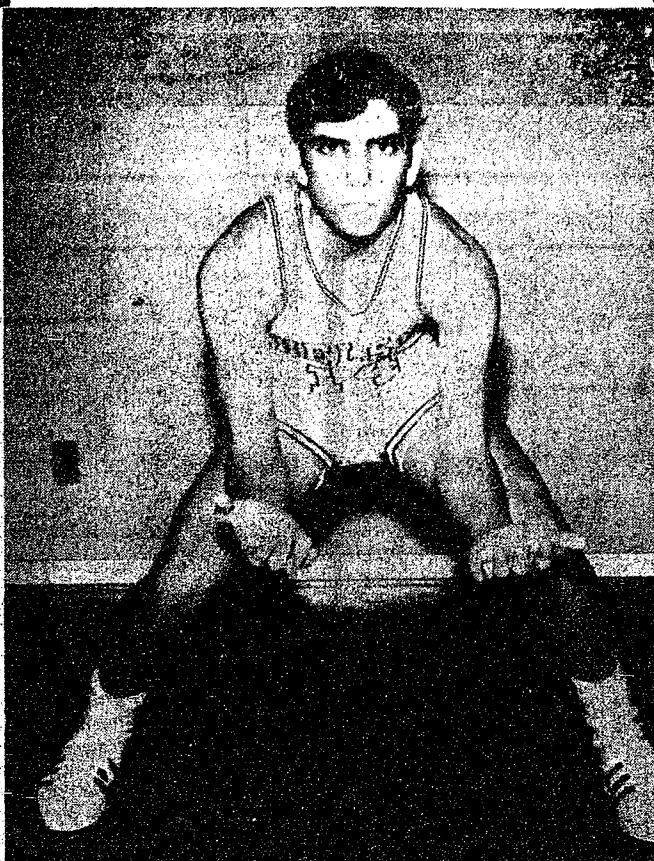

The MDC's Securities Bureau, meanwhile, reported that fees paid for registering new securities offerings in Michigan declined by nearly 21 percent during the same period.

Securities filing fees totaling \$162,312 were paid during the fiscal year that ended June 30 compared to \$205,409 the year before. The general stock market slump was blamed for the decline in filing fee revenues.

REFLECTION

Sunlight reflected off small particles of matter in space produces the high noctilucent clouds that glow at night.

Cager of the Week

GEORGE CAMERON, who plays guard for the Bulldog roundballers, is a senior at Chelsea High school. He has been on one of Chelsea's basketball teams since the seventh grade, although this is his second year on the varsity team. Other sports interests include cross country, of which he was captain this year, and track. He has been on the track team since his sophomore year. George's extra-curricular interests include the church choir of the First United Methodist church. Following high school, George would like to attend either Western Michigan University in Kalamazoo, or Olivet College, Olivet. His career ambition is to be a social worker. He lives at home with his parents, Mr. and Mrs. Charles Cameron, 615 Freer Rd. His sister, Carol Lanhon, lives in Ann Arbor, and teaches at Forsythe Junior High school. His brother Charles lives in Algonac, and teaches there, while Jim lives in Ann Arbor, and teaches in Stockbridge.

State-Wide Campaign Completed To Remove DDT from Retail Stores

An intensive five-month campaign to remove DDT products from retail stores throughout Michigan has been completed by the Michigan Department of Agriculture.

B. Dale Ball, department director, said a total of 32,471 pounds of dry DDT formulations, 3,060 gallons of liquid solutions and 3,685 aerosol cans containing DDT had been collected by December 10.

Director Ball emphasized that completion of the campaign, which involved personal calls on nearly 12,000 retail stores in Michigan, does not mean every single product containing DDT has been picked up. "Some quantities have been placed under seizure and are awaiting return to the out-of-state manufacturers. It is also possible that a few retail outlets may have been missed by our inspectors," he explained. "With an estimated 63,000 retail stores in Michigan, our men contacted those establishments we determined to be potential sales outlets for insecticides. Obviously, we skipped such places as shoe stores, women's clothing shops, etc."

Registration of DDT was cancelled by the Michigan Commission of Agriculture in June, 1969, with the exception of certain limited uses related to human health. After that time, no new supplies of DDT products could be shipped into Michigan. Retailers had nearly a year in which to dispose of inventories on hand at the time of the cancellation. The store-to-store campaign to complete removal of DDT formulations was then undertaken. All products seized by department inspectors were deposited at

eight collection locations across the state set up by the Department of Natural Resources, for later disposal by commercial incineration at the Dow Chemical company facilities in Midland. Ball said almost all of the 57 members of the Plant Industry field staff were assigned, either full or part-time, to the contract and collection work. Dean Lovitt, chief of the Plant Industry division, said retailers were generally cooperative, and his staff encountered only a few situations in which there were objections to the campaign.

Michigan's Freeway Pace Well Ahead Of National Average

Lansing—Michigan's share of the National System of Interstate and Defense Highways is 81 percent complete, nine percent above the national average, the State Highway Commission has reported.

Opening of the final segment of I-496 Freeway in Lansing lengthened Michigan's Interstate network to 948 miles. Another 81 miles are under construction; and engineering and right-of-way acquisition is in progress on another 125 miles. Only 41 miles of the state's 1,175 mile allotment of Interstate freeways have not advanced beyond preliminary status.

Nationally, almost 30,600 miles of the 42,500-mile system are opened to traffic and construction is under way on another 4,853 miles. When completed, it will connect nearly every city of more than 50,000 population in the 48 contiguous states.

Effective Community Planning Involves Good Land Use

By Clark A. Eacker District Conservationist. Communities, like individuals, must plan for the future. Planning provides for an orderly development of resources to meet future community needs. One of the ingredients of effective community planning is a good land use, and basic to good land use is knowledge of the soils.

Nearly all of man's activities ultimately rest on soils. The major foundation on which community planning is developed is the soil. The different kinds, their location, and their limitations all have an effect in determining their best use.

Today, in many of our communities, there is keen competition for land by various users. New houses, shopping centers, schools, factories, highways, parks, and other feature need adequate space within a community. At the edges of our expanding communities, these needs compete with the needs of farming, forestry and recreation. To meet all the needs and to insure orderly development, many communities are planning their future growth. However, without adequate knowledge of soils, serious problems may arise in community developments.

Buildings and roads may crack and settle. Basements fill with water. Septic filter fields fail to operate correctly. Ground water and streams become polluted. Erosion occurs and sediment fills drainage ways and streams, increasing the flood hazard. Once these problems occur, they are very costly to correct.

Poor land use may be avoided if community planners recognize the important role of soils in good land use planning. Soil maps made by the U. S. Soil Conservation Service and other agencies describe and locate different kinds of soil. General interpretations are available for each soil.

Each soil has a degree of limitation for a particular use. A well drained sandy loam on gentle slopes has few or slight limitations for buildings, roads, and other types of construction. A poorly drained clay soil, on the other hand, has severe limitations for houses, septic disposal systems, highways, and other building projects of a modern community. Some soil is subject to flooding and has severe limitations for developing a residential area, but has slight limitations for developing a park or recreation area.

Based on the soil map and facts provided by soil interpretations community planners can develop general use maps. They are an effective means of showing areas on the soil map that have slight, moderate, or severe limitations for any intended use.

For example, areas with limitations for residential development without public sewers would be particularly important to planners in rapidly expanding communities. Once the map is made, the patterns of soils are readily apparent. Community planners can quickly select areas that have potential for residential development and at the same time exclude areas of severe limitations. Soil maps have been made for many areas in Washtenaw County. Information plotted on these

maps and facts on different kinds of soils are available to community planners. This information may be obtained at the U. S. Soil Conservation Service office in Ann Arbor.

Realizing the value of soil conducting an accelerated soil survey, the Washtenaw county Board of Commissioners is co-sponsoring a program in the county. The program is designed to meet the current needs of community planners for up-to-date soils maps as rapidly as possible.

Planning for the future is a must. Community planning that uses soil facts will avoid those costly future problems resulting from poor land use.

SCIENCE TOPICS

EXPOSURE TO PORNOGRAPHY does not cause antisocial behavior, a research survey of psychiatrists and psychologists concludes. The University of Chicago survey of more than 3,400 professionals brought the finding that the effects of exposure to pornography are too insignificant or sporadic to be readily measured. A majority even suggested that the widely proposed antidote of severe censorship of pornographic materials may prove costlier to society than any problems that might be created by their availability.

SOUTHEAST MICHIGAN SLOWS DOWN:

Residential Construction Takes Sharp Drop in '69

Residential construction in Southeast Michigan during the first six months of 1970 dripped well below the 1969 pace for the same period, according to a recent study by the Southeast Michigan Council of Governments, (SEMCOG).

St. Clair county, with a five percent increase (from 276 to 294 new dwelling unit permits issued) was the only upcount county in the seven-county region.

Over the entire region, permits issued decreased 27.9 percent below the 1969 first half period.

A total of 11,882 units were authorized during the first six months of 1970, compared with 16,799 units for the same period in 1969.

The summary showed that single family units were down for the period from 7,057 in 1969 to 5,827 in 1970 and multiple family units were down from 8,742 in 1969 to 5,855 in 1970.

A county-by-county report indicated that Livingston county's housing construction dropped from 526 in 1969 to 379 for this year. Macomb suffered a decrease from 3,766 to 2,456. Monroe tallied 493 new units in 1969 as opposed to 395 in the first six months of this year. Oakland county dropped from 4,428 dwellings to 2,733, while Wayne county, including Detroit, dropped from 4,786 to 4,364. In the City of Detroit, the figures were 1,122 to 1,049. Washtenaw county dropped from a total of 1,624 units in the first six months of 1969 to 1,045 for a corresponding time in 1970.

The top 10 communities for the six-month period were Detroit, with 1,049 units, Taylor 849, Sterling Heights 829, Westland

799, Pontiac 471, Rochester, 360, Ypsilanti township 53, Warren 348, Ann Arbor 316, and Troy 314.

Chelsea sported a grand total of 17 dwelling units, only one of which was a single family unit, during this time, the report indicates. At the same time, however, three dwellings were demolished, which means that Chelsea is effectively only 14 homes richer this year.

Dexter had a grand total of nine new residential units built this year, seven of which were single family units. There were no demolitions in Dexter during this time.

By townships, Lyndon and Sylvan townships boasted totals of six and three new residential units—all of which were single family dwellings. There were no demolitions. Sharon township had

one new residential unit also a single family, while Manchester township grossed five. Dexter, Lima, Webster, and Scio townships had totals of 4, 9, 11, and 18, respectively, all of which were single family units. Bridgewater township built two new units, while Freedom boasted four, also single family units.

The down-trend in residential construction in Southeast Michigan began in 1967.

SEMCOG estimates that to meet housing needs for an increased population in the next 20 years, an average of 86,000 new residential units should be built annually.

Scholars Study Source of Star Shining in East

"There shall come forth a Star"—Numbers 24:17.

In this Old Testament prophecy by Balaam, was a real star meant, or does "Star" refer to a great person?

For centuries, Biblical scholars have considered this question. Many believe that the prophecy led the wise men to watch for and follow the "star in the east," of which St. Matthew wrote in his story of the Nativity.

The star itself is the source of many theories. Perhaps the best of all is that it was a miraculous appearance and as such needs no explanation.

However, astronomers through the ages have sought to connect the star seen by the wise men with other reported celestial objects—a comet, perhaps, or an especially brilliant star that only appears at long intervals.

Still another theory suggests that the star may have been a configuration or a grouping of planets. In 1604, the German astronomer Johannes Kepler theorized that Jupiter, Saturn and Mars might have occurred in such a configuration at about the time of Christ's birth.

The fact that the star and the visit of the wise men were described only by St. Matthew has led to still another question. Did only the wise men see the star?

That they were so privileged is sometimes explained by the legend that the wise men were astrologers whose special interest helped them to notice the unusual brilliance of the three planets grouped together.

Michigan boasts the only skiing hill in the Western Hemisphere, and one of only five in the world, according to the Michigan Tourist Council. Copper Peak Ski-Flying Hill, north of Ironwood in Michigan's Upper Peninsula, is as high as a 24-story building, stretching 282 feet skyward, and attracts international competition.

CENTENNIAL FARM: Mrs. Ezra Heining, 2571 N. Lima Center Rd., proudly displays the marker of the Michigan Historical Commission used to commemorate a Centennial Farm. The farm, which has been owned and operated by one Heining or another since 1853, has been Mrs. Heining's home since 1922 when she married Ezra and came to live on the farm. The marker was given by the Detroit Edison Co. Portion of the house that is to the left in the photo was built more than 100 years ago. The part to the right of it was added later.

Centennial Farm Award Given to E. Heining Home

A new name has been added to the ever growing list of Michigan Centennial Farms in this area. The farm belonging to Mrs. Ezra Heining, 2571 N. Lima Center Rd., has been designated a centennial farm by the Michigan Historical Commission.

A centennial farm is one that has been owned by one family for more than 100 years. According to Mrs. Heining, the farm was originally homesteaded by Daniel Heining, the grandfather of her late husband. It was homesteaded in 1853. Henry Heining, father of Ezra, bought the farm from Daniel in 1868. He married in 1883, and had two sons, Ezra, who was born on the farm in 1891, and Harvey, who was born in 1885.

Ezra bought the farm from his father in 1971. He married Mrs. Heining, whose maiden name was Notten, in 1922. Mrs. Heining was originally from the Francisco area.

The Heiningers had one daughter, who married Alvin Wahr in the family home on the farm. She now lives with her family near Grass Lake.

Harvey Heining, Ezra's brother, is now living at 503 Madison St. He worked on the farm until he was 28 years old

when he came to work and live in Chelsea.

The farm is 60 acres of working land, with some lake frontage. It is worked by a farmer who lives at the end of the road.

The major portion of the farm home is more than 100 years old, according to Mrs. Heining.

An addition was added later. Mrs. Heining, whose husband died two years ago, now lives alone on the farm. She claims, "I've lived here so long, it almost seems like home!"

Rings Often Cause Painful Accidents In Industry Accidents

A wedding ring may symbolize the end of your "freedom" but if worn on the job, it may also mean the end of your finger.

Michigan Department of Labor safety consultants point out that safe attire for many jobs excludes rings and other jewelry which might be caught in machinery or snagged on stationary objects.

It is not uncommon for an employee to suffer a traumatic amputation of a finger when his ring is caught on a stationary object while he is in motion, according to consultants. In this type of accident, even if the finger is not lost, surgical amputation becomes necessary. Rings snagged by running machines also claim their share of victims.

Safety experts emphasize that regardless of what rings and other jewelry may symbolize, their true meaning is "trouble" when worn on the job.

District Court Proceedings

In the 14th District Court this past week, Frank Henry, Wixom, pled guilty to failure to yield right of way. He paid \$15 fine and costs.

Gary Grimshaw, Ann Arbor, pled guilty to driving without valid license to driving without fine and costs.

Kenneth Wayne Breeding, Clinton, pled guilty to reckless driving. He was referred to probation. Sentencing was set for Jan. 11.

The first airplane flight of the Wright Brothers at Kitty Hawk, N. C., lasted only 12 seconds and the plane traveled 120 feet.

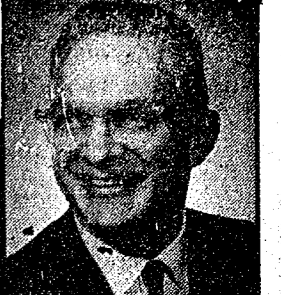

A round-up of health, wealth, happiness is our wish to you. We are grateful for the opportunity of serving you.

CLOSING TUESDAY, DEC. 22 AT 7 P.M. WILL OPEN JAN. 2 AT 5:30 A.M.

THE LANSING REPORT FROM senator GIL BURSLEY

The 1970 Legislature will be adjourning sine die on Dec. 1 but session ended Friday, Dec. 11.

Brief sessions were held each month during the fall and constructive legislation was passed although there are several important issues upon which action was deferred until 1971. In all some 237 Public Acts (laws or changes in laws) were enacted in 1970—the lowest figure in several years.

In 1971 education and tax reform will be highest priority items. If parochial is not brought back into the picture by Supreme Court action, the legislature will have a good chance for constructive changes in those aspects of public education dealing with organizational structure at state, intermediate, and local levels and in the all-important areas of school financing and taxation. If controversial parochial is reintroduced into legislative deliberations prospects for constructive action will be less favorable. In either event, careful attention will have to be paid the areas of special education and auxiliary services as they affect all children.

My own responsibility in the 1971 legislature will be oriented towards my proposed assignments as Senate Education Committee Chairman and Assistant Majority Leader. I would hope, however, to continue on the Corporations and Economic Development Committee where I have been carrying the ball on new banking and consumer legislation. I also hope to continue on the Senate Business Committee.

In special areas I am currently chairman of the Michigan Intergovernmental Relations Commission, a statutory body composed of representatives from the executive, legislative, and judicial branches. I will also propose continuation of special committees which I have chaired in the following four areas:

- (1) Urban Mass Transportation.
- (2) Population Growth.
- (3) International Commerce.
- (4) Legislative Science and Technology Assistance.

In each of these areas we have

made progress and committee reports are available to you upon request.

Bills which I introduced in the past legislature and which I will again introduce and fight for include "Abortion Law Reform" and the establishment of a State Population Commission. Many persons have sent me legislative suggestions for 1971 and those are currently being researched.

On the last day of the session a bill I introduced over a year ago received final approval. It calls for mandatory annual inspection of all school buses by the Michigan State Police—something which is already being done in many districts.

Let me wish you the happiest of holiday seasons. Please write me your concerns so that I can better serve you in what I hope is a prosperous and healthy New Year.

All Aliens Must Report Addresses Before Jan. 31

Thomas M. Pederson, district director of the Immigration and Naturalization Service, stated that aliens in the United States will be required to report their addresses to the Attorney General within the near future.

All aliens, with few exceptions, who are in the United States on Jan. 1 each year must report their addresses by the end of that month. Only the following classes of aliens are excused from this requirement:

- (1) Accredited Diplomats, and
- (2) Persons accredited to certain international organizations.

Forms with which to make the report may be obtained from any Post Office or Immigration and Naturalization Service Office during the month of January.

Pederson said that the law provides severe penalties for failure to comply with the reporting requirement.
