Baseball Team Rolling Toward District Finals

Will Meet Saline Saturday at Blissfield in First of Two Games

The Chelsea High school baseball team, with two wins over Willow Run and Brighton behind them, advanced in the District play-offs by defeating Tecumseh, 8-4, in pre-district competition Saturday, May 27.

Ron Sweeney went all the way for the Bulldogs, allowing only six hits and collecting 10 strike-outs. He gave up four walks.

Tecumseh was hurt by their four errors, and gave up 10 hits to the Chelsea players. Chelsea had one error for the game.

It was a good day for Chelsea catchmen. Randy Brier went three for four, and one of his hits was a

double. Todd Sprague and Jeff Daniels were two for three. Tim VanSlambrouk and Dave Lukasiak collected singles, and Ralph Stewart, who played the entire game as catcher, pounded out a double.

The Bulldogs will play Saline at Blissfield Saturday, June 3 at 1 p.m. If they win that game, they go on to play the winner of the Blissfield-Monroe Catholic Central game at 4 p.m. If they win that encounter, they advance the next week-end to Monroe to meet more competition.

The team will play Ann Arbor St. Thomas at home Thursday, June 1 (today) at 4 p.m.

First, Willow Run

Taking advantage of 10 Flyer errors, the Chelsea Bulldog baseball team defeated Willow Run, 14-4, Wednesday, May 24. Six of the 14 runs were unearned.

Ron Sweeney went all the way for the Bulldogs, allowing only five hits and picking up 10 strike-outs. Ralph Stewart started at catcher, and Mike Nadeau, who picked up a single, finished the game.

The Bulldogs hit the ball well, collecting a total of 10 hits. Randy Brier had a double and a triple, Tim VanSlambrouk a double and a single, Dave Lukasiak and Todd Sprague two singles each, and Jeff Daniels a single.

Then Brighton...

The Bulldogs trounced Brighton, 11-4, Thursday, May 25. While pitcher Dave Lukasiak was "not as sharp as usual," Coach Carl Genske said he "did well enough to keep them off balance."

Both catchers, Ralph Stewart and Mike Nadeau, saw action. "I like to make sure the boys get enough work," Coach Genske added. Brighton could only get four hits off Lukasiak, who struck out seven batters and gave up four walks. Brighton was also hurt by their six errors.

The Bulldogs gave up a run on one of their three errors. A walk and a sacrifice, followed by an error, gave Brighton a run in the fifth inning.

Chelsea collected nine hits for the day. Leftfielder Joe Aspiranti and Todd Sprague picked up a single and a double each, Jeff Daniels enough work, Coach Genske added. iels, pitcher Lukasiak, and Tim VanSlambrouk each hit singles.

WELCOME TO CHELSEA: R. W. (Rolly) Spaulding, 14210 Eisenbeiser Dr., welcomes Lloyd Bridges, the new Chevrolet dealer, to the village. Bridges has purchased the Chevrolet dealership from Spaulding, whose family had owned the business for 43 years.

Spaulding Chevrolet Has New Ownership

After 43 years of business in Chelsea, Spaulding Chevrolet Sales and Service will operate under new ownership. As of Thursday, June 1, Lloyd Bridges, formerly of Wal-

ed Lake, will take over the dealership from R. W. "Rolly" Spaulding. The new dealership will be known as Lloyd Bridges Chevrolet.

Bridges and his family are enthusiastic about Chelsea—its people, the village, and the surrounding area. They expect to live here a long time because Lloyd is the new Chevrolet dealer in Chelsea.

According to Rolly Spaulding, "If the blending of the new with the old can make a better community it should work with a dealership. The name is new—Lloyd Bridges Chevrolet—the dealer is new to the community, but definitely not to the automotive business. Many new developments will be occurring, but there will be a lot of the old mixed in."

Fred Kink will continue as sales manager, and Floyd "Jack" Fowler as office manager. Carl Benjamin will continue as parts manager, Don Knoll as body shop manager, and the same technicians will continue to perform service in the repair and body shops. Rolly Spaulding will continue to be active in the dealership as general manager.

Spaulding Chevrolet Sales & Service was started in 1929 when Harold "Pappy" Spaulding purchased the existing building from Ezra Tisch and the dealership from Sylvan Chevrolet of Ann Arbor.

The business became a family affair in 1946 when Rolly Spaulding, who had been working in the dealership over the past years, returned home from military service and entered into partnership with his father. The business continued as a partnership until the death of Harold Spaulding in 1954.

Since that time, Rolly says, "I have continued to operate the business in a manner that has earned the dealership a wide reputation as a friendly place to purchase a new Chevrolet product and obtain superior service after the sale."

A blending of the new with the old should result in a good blend that follows the Chelsea tradition.

New Chevy Dealer Is From Walled Lake

As Spaulding Chevrolet Sales and Service becomes Lloyd Bridges Chevrolet, Chelsea will get welcoming a new family into its community.

Lloyd and Barbara Bridges of Walled Lake, their daughter, Michelle, 14, their two sons, Jerry, 12, and Charlie, 10, have leased the Nick Susnjir home at North Lake and will be taking occupancy sometime this month. Let's get acquainted with our new dealer and our new neighbors.

Bridges has lived in Walled Lake since he was 9 years old. He sold business machines throughout Michigan and Ohio for several years. During his travels he met his wife, Barbara, a nurse from Traverse City. Bridges lost interest in traveling after that, and entered the automotive business. He worked for several years as sales manager of a local dealership in Walled Lake, and then resigned to operate his own used car business.

Two years later, Bridges bought a dealership facility and operated a Dodge agency that soon became one of the largest truck and recreational vehicle outlets in this part of the country.

He sold the Dodge dealership in 1970 and "cleansed my soul for a few months."

With this new family to add to the Chelsea heritage, the old will blend with the new, as there will continue to be many familiar faces (including Rolly Spaulding's) at the Chevrolet dealership.

Washington Report by Congressman MARVIN L. ESCH

When the Congress passed the Campaign Spending Reform Act last year I wrote in this column that it was a major step forward in making Congress more representative and more responsive to the will of the people. The key provisions of the Act limited campaign spending and made certain that full reports would be available to the public on just who was contributing how much to candidates. Public revelation of contribution data is a major deterrent to the possibility of a candidate being "bought" by wealthy interest groups.

This legislation was passed by an overwhelming vote of both the House and the Senate. It was a victory for the people. Now a small group of powerful Congressmen have turned that victory into defeat. The House Administration Committee, (with only 25 members) has ordered that campaign spending statements filed by candidates will be available only at a cost of \$1 per page. (Before the new law went into effect, the statements were available at only 10 cents a page.) Since each candidate's report consists of numerous pages, and since there are hundreds of candidates and campaign committees, this increased cost has made examination of the

record prohibitively expensive to all but the biggest newspapers and magazines.

The House Administration Committee has, in effect, contradicted the will of the Congress. It has made the access to campaign spending materials more difficult instead of easier as the Congress intended.

As one of the members of Congress who had worked for campaign spending reform for 12 years, I am outraged that the will of the Congress has been ignored. I have been in touch with the chairman of the House Administration Committee to request an explanation for this action and it is my intention to vote for any legislation which will reverse their decision.

Democracy in a nation as large and diverse as ours can only work when there is a feeling of trust and communication between the people and their elected representatives. Full public knowledge of the sources of support and commitments of candidates can make an essential contribution to that trust. Unless the Committee is reversed, however, that communication will remain difficult. I will certainly work to open the records at a reasonable cost so that the will of the Congress and the trust of the people will be protected.

Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

We have survived another round of Commencement speeches, so there is renewed hope that we can survive anything. We don't want to do nothing to hurt freedom of speech in the country, Mister Editor, but a law declaring Commencement addresses illegal beyond 15 minutes would be striking a big blow against air and water pollution.

Actual, from what I see by the papers Commencement didn't get the play they use to, so we ain't had to read so much about speakers viewing with alarm and telling the graduates they "possess

the power" to right all the wrongs in the world. Personal speaking, I am grateful for the judgment of the editors that has found more earth-shaking news.

Fatherly advice from the way the fellows was talking about the job market during the session at the country store Saturday night, it might be a good idea to call for one of them moratoriums on graduates as well as graduation speeches. Ed Doolittle reported where new graduates was having a rough time finding work except in a few fields, and the more degrees they got the worse it is. Ed said the next thing you know the Government will come up with no-fault insurance for graduates. That's where they got their fault they can't get a job.

General speaking, said Ed, this country is getting a bad backlog in a lot of fields that's causing headaches. Ed had said this piece where if New York City police called a moratorium on arrests for a year, it would take that much time to hear all the cases already on the books. It's got so bad, allowed Ed, till the only way our court system can catch up is to come up with no-fault crimes. Ed said he saw where one town final cut down on the traffic cases in court by raising the speed limit.

Mister Editor, they allus is a heap of confusion in normal times, and in election years just about everything gets out of hand. I'm as mixed up as the rest of the fellows about all this talk about no-fault insurance, but I ain't as bad off as Josh Clodhopper. Til Ed set him straight, Josh thought no-fault insurance was where you took out a policy again anything you do being your fault. That's bad as the report I saw where businessmen get stooped over cause they don't know how to sit proper. Actual, they got that way cause with prices froze and wages thawed, or vice versa, they don't know which end is up.

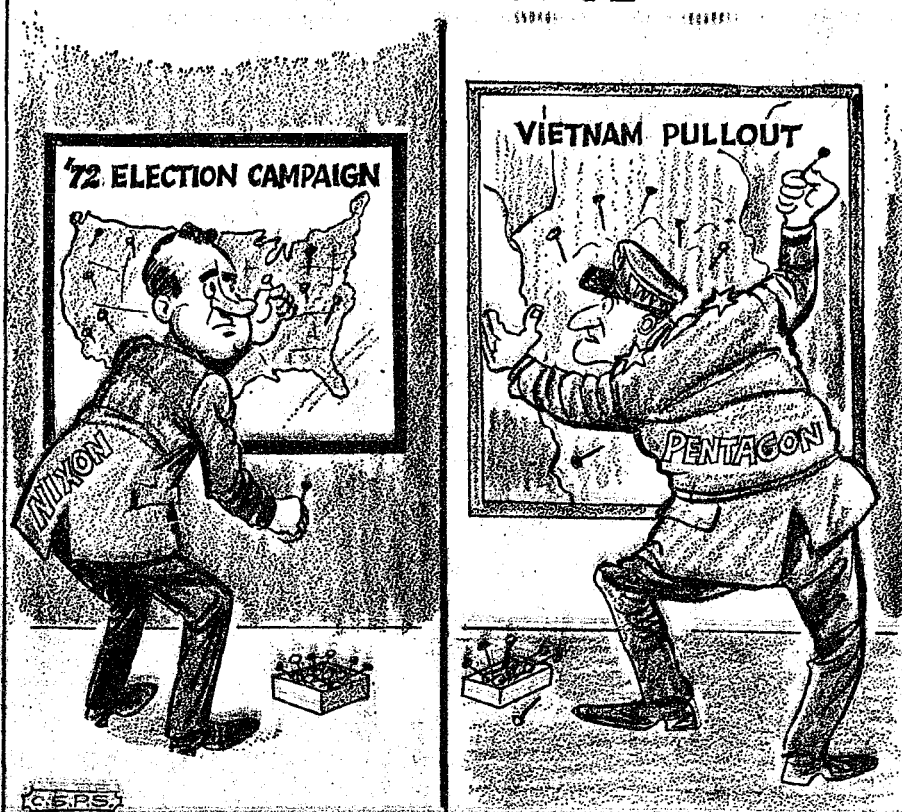

On the hopeful side, Clem Webster told the fellows he had saw this pole that shows newspaper readers is getting smarter and demanding more details and "relevant coverage." Clem said he didn't know what relevant is, but if it cuts down on Commencements, he's fer it.

Yours truly,
Uncle Lew.

SUMMER OF '72

MICHIGAN MIRROR

By Elmer E. White, Secretary, Michigan Press Association

Dems. Win Remap

It's accounting time. When the Democratic Party starts adding up the pluses and minuses for the current year, or the current decade for that matter, one of the occurrences which will produce a broad smile on leaders' faces is the redistricting of legislative and congressional districts.

The party strengthened itself in both areas, adding at least one seat in Congress and "adding" seats in both the Michigan Senate and Michigan House.

The drawing of districts to increase representation in a legislative body is done through a careful analysis and dividing up of strength.

For instance, if an area had a total population of 100,000 made up of 60,000 of one party and 40,000 of another, and two districts were drawn, the area could be drawn to provide either a 1-1 split or two seats for the majority party. A 1-1 split would be secured by putting all or most of the 40,000 minority party members in one district and making the other over-whelmingly for the majority party. A 2-0 makeup would result by providing for 30,000 majority party and 20,000 minority party members in each district.

Things aren't that clear cut in real life, of course, but sophisticated map drawers operating with the knowledge of which areas favor one party and which favors the other can make quite a difference.

The tougher of the two jobs for the Democrats was Congressional redistricting, which is supposed to be done by the Legislature. With the Senate split 19-19 between the two parties, the Republicans needed to find only one defector from the Democratic ranks to pass a plan of their own. They did this initially, passing a plan designed to preserve their 12-7 dominance of the Congressional delegation while giving State Sen. John Bowman, D-Roseville, a seat at the expense of Democrat Lucien Nedzi.

In the House, the Democrats had an equally difficult time doing anything with their majority of 58 because a number of the more conservative Democrats were angry with the party leadership over such issues as busing.

Finally, Republicans found eight Democratic defectors willing to join them to help Bowman, and the House passed a bill nearly identical to the Senate bill. Democrats in the House then worked with Republicans to pass a complete incumbents' plan to help Nedzi in place of Bowman, whom the party leadership does not want to see in Congress.

It developed that the Bowman plan was written defectively so the Senate couldn't just agree with it. Then another Democrat vote it ready in the Senate to adopt the incumbents' plan.

Enter Republican Sen. Charles O. Zoller, R-Benton Harbor, who wanted a district for himself. Zoller went over to the Democrats and secured Senate passage of a plan helping the Democrats and himself.

At that point, with elections drawing closer, Federal Judge Da-

mon Keith said enough was enough and decided the Legislature would never agree on a plan. He ordered into effect a plan which gives the Democrats one extra seat for sure and perhaps the seat held by Republican Marvin Esch.

One notable result of all this

Our Area Now Has New Congressman

Chelsea area residents were for the most part surprised to learn last week that they now had a new "man in Washington."

By the order of Federal District Judge Damon Keith on May 12 new apportionment boundaries for Congressional districts were established which place the western 12 townships of Washtenaw county, including the area around Dexter and Chelsea, along with the western 12 townships of Livingston county, in the Sixth Congressional District.

Representing us in Washington no longer is Congressman Marvin Esch, it seems we now all belong to Congressman Charles E. Chamberlain and an area that stretches west past Lansing and Jackson as far as Springfield and north to Bath and south past Brooklyn and Hanover.

The Congressman reports in his newsletter delivered to all his new constituents that he will be visiting the areas some time in the near future.

He may be reached by letter at 2233 House Office Building, Washington, D.C. 20515, or called at Code 202-225-4872.

Pollution Cleanup Costs Will Fall Heavily on Poor

East Lansing—The cost of ending pollution will be felt most directly by the poor, according to a team of sociologists led by Michigan State University professor Denton E. Morrison.

They explain that the costs of cleaning up the environment tend to be displaced downward to the consumer and thus places the greatest burden upon those who can least afford it.

"We expect that certain less affluent segments of the population will come, in time, to view the costly efforts at environmental reform as a primary source of blockage for their economic expectations," they predict.

COMPRESSED SPEECH

At Michigan State University's College of Education Instructional Resource Center, students can hear a 55-minute lecture compressed electronically to approximately 7.5 minutes. Studies have shown that students using the "compressed speech" method have the same recall as they do after hearing the regular lecture.

34 Years Ago...

Thursday, June 3, 1938—Mr. and Mrs. E. J. Bahnmler were guests of honor at a surprise party given on Sunday at the home of Mr. and Mrs. Glenn Barbour of Lima Center to celebrate their 30th wedding anniversary.

During the Future Farmer Week contests held at Michigan State College on May 5 and 6, Chelsea High school entered six if seven contests in judging and brought home a state championship team in potato judging, a state championship in dairy judging, and the highest and third rating individual in the dairy contest of approximately 1,300 entries. This information was received by Roy Wallis, agriculture teacher, last week. Members of the state championship potato team are Robert Schwartzmiller, Warren Hoover and Francis Haflner. The state championship dairy team was led by Martin Merkel, scoring highest in the state; Max Hepburn, third highest in the state; and Veryl Harley, teammate. One hundred thirty-nine schools were entered.

The public school auditorium, arranged to represent a garden, with trellis of roses, magnolia and dogwood trees, formed a beautiful setting for the Junior-Senior Reception, which was held Friday evening. With James Daniels as toastmaster, a "Toast to the Faculty" was given by Howard Hasel-schwartz, response by Superintendent Albert C. Johnson; a "Toast to the Senior Class," by Betty Seitz, and a "Toast to the Juniors" by Roland Spaulding. The grand march was led by Betty and Junior Seitz.

Beach School Students Camp At Mill Lake

Beach school 6th graders participated in the second annual Camp Out at Mill Lake, three miles from Chelsea, May 23 to 26. Half of the students went the first two days, and the other half the last two days for the total of 210 attending.

Alan Conklin, Beach principal, explains, "This experience gives the students some outdoor education. We transfer the school program to the camp. It also gives the students a chance to be in an informal learning situation with their teachers."

Students study first aid, nature, communication, science, arts and crafts, and the history of the area. They were accompanied by nine full-time teachers, three pre-teachers from Eastern Michigan University, and parents who helped the kitchen and rounded out the staff. Donald Young, science teacher, served as camp director.

The Mill Lake site, operated by the Waterloo Recreation Area, offers group camping, but is mostly utilized by school groups. The campers are provided with cabins and a mess hall during their stay.

Last year was the first time that Beach students participated in the camp out. The experience was such a success that it was decided to repeat it again this year.

Students are bussed to the camp site. Each student pays a \$4 fee, and financing is arranged for those students unable to pay the fee.

NORTH ELEMENTARY SCHOOL NOTES

KINDERGARTEN—

Teacher: Mrs. Packard

We have had some special activities with the nice weather. We enjoyed playing with David Ciancio's two lambs one morning at school.

We went with all the other kindergarten children to the farm and had a lovely day. There were lots of animals to see and touch. We learned about the milking process and got to see all the milk. There was enough for everyone in the school almost. We got to go on a hayride way back in the field. Mrs. Wolfgang showed us how she churned her own butter. We had our snacktime in the shade of a big tree in the yard.

One especially hot day, Joyce's mother brought us each a frozen popsicle. It sure tasted good and helped cool us off.

Our May birthdays are Donald, Daryl, Kelly, Scott Cheever, Calvin and Hallie.

Summer birthdays are June: Amy Finkbeiner, Debbie Morris, Scott Richardson, Eric Stofflet, Janette Weber, Richard Slater, Judy: Walter Gray, Trina, David Lane, Joyce, August: Craig, Scott Paquette and Shelley Wheaton. Our gerbils surprised us again. She had two more babies, but one died.

We have had a full and exciting year. We hope everyone has a safe and fun summer. We will see you again in the fall.

FIRST GRADE—

Teachers: Mrs. Beverly Peebles, Mrs. Berta Stein and Mrs. Mary White

Our May, Happy Birthdays go to Scott Cooper, Beth Dawson, Bonny Faircloth, Becky Foster, David French, John Seyfried and Nancy Weir. In the summer there will be several birthday children. They are Joy Albrecht, Harold Babler, Tim Benjamin, Sharon Buckenberger, Carolyn Chandler, Cindy Connell, Leroy Dreiman, Jeff Haist, Shane Hoffman, Kathy Haydock, Kathleen Morris, Eric Myers, Kim O'Quinn, Margery Trinkle and Tamara Whitaker.

Spring has had its rewards for the first grade nature lovers with lambs, nests, frogs, spiders and flowers coming into the rooms.

We want to give our special thanks to the many parents who have helped us throughout this year. The children have profited from your additional help to us and our load made easier.

Our spring play day will be the last day of school for all the first grade classes, Thursday, June 8.

meeting rooms. The waterfront and Baird Boathouse can also be toured.

In addition to touring the camp, visitors may talk with camp staffers to learn more about Camp Linden.

This summer, for the first time, the camp will offer two one-week sessions in addition to four traditional two-week sessions. The one-week sessions have been set up in response to requests from Girl Scouts throughout the council's territory.

Persons wishing more information about Camp Linden or the open house are asked to call the Huron Valley Girl Scout Council at 483-2370.

We'll have active and quiet games, a picnic lunch and no work. Have a nice summer everyone

SECOND GRADE—

Teacher: Mrs. Haka'a

Deanna Ramey, Phillip Stanley and Leon Walworth have had birthdays this month. Renee Satterthwaite, Tracy Fletcher, Steve Grau, Laura Hines, Paula Payne and Corrina Romine will have birthdays during the summer.

Leon Walworth showed us a sea horse his grandmother had found in Florida.

Jeff Cox and Paul Haydock spent a week-end with the Indian Trail Scouts at camp. Jane Verwey is back with us after a tonsilectomy.

We have finished our achievement tests and most of our work. We are looking forward to our picnic and summer vacation.

When next you hear from us, we will be third graders.

FIFTH GRADE—

Teacher: Mrs. Winkle

I wish to thank my children and their parents for our good representation at the North School Musical. We had 28-32 taking part in the program. I felt that the children did exceptionally well.

JC Auxiliary OKs Drive for Used Stamps

At the State Convention May 13, the Michigan Jaycee Auxiliaries formally accepted the SMP cancelled stamp collection as a state-wide project.

Chelsea Jaycee Auxiliary has named Mrs. Richard (Sue) Cail as local chairman.

Stamps collected will be delivered to the Southern Michigan Prison Jaycee chapter who will turn the stamps over to the Third Order of St. Francis. They in turn will sell the cancelled stamps to international stamp collectors. The funds derived from these sales are then used to serve the needy children in the United States. The money is more specifically used for clothing, medical supplies, food and education.

Mrs. Cail is arranging for drop-off boxes to be placed around the community and stresses that each person should simply tear off the corner of the envelope to which the stamp is affixed and drop them in to the boxes.

Mrs. Cail asks that everyone "save cancelled stamps all year long and help us make this a successful state-wide project."

Stamps may be mailed to Mrs. Cail, 16345 McClure Road, or phone 475-2593 for further information.

WHO on Hunger

Can we afford to ban pesticides? The World Health Organization (WHO) of the United Nations Food and Agricultural Organization issued a new policy statement: "Tens of millions of persons would be faced with famine if there should be a worldwide ban on the use of DDT and other chlorinated hydrocarbon pesticides. All of the magic of biological programs, including the sterile male insect campaigns, and the costlier and more toxic chemical alternatives to DDT, are not adequate for the present world agricultural situation."

Sodi, formerly of Chelsea, as Fifth U.S. Army's chief nurse makes numerous visits to military installations within the 12-state area as a consultant in connection with medical and nursing activities. One such visit, slated for May 30-June 9, will bring her back to her native state.

She will visit Fort Sheridan, Ill., and the occupational clinics connected with it; the Rock Island Arsenal and the Savannah Arsenal, both in Illinois; Fort Benjamin Harrison, Ind., and Selfridge Air Force Base in Michigan.

Colonel Sodi entered the Army in April 1945, a little too late to be sent to an Army hospital overseas during World War II but not too late to help are for the soldiers who had suffered amputations or neurological disorders and were sent to Pery Jones Army Hospital in Michigan. Two years later she went to Stuttgart, Germany, where she was with the 5th Field Hospital.

Subsequently she was at the West Point Hospital as head nurse of the male officer medical ward; at Fort Leavenworth, Kan., as assistant chief nurse; at Tripler Army Hospital in Hawaii as assistant chief nurse of the obstetrical-gynecological service, and at Walter Reed Army Medical Center in Washington, D.C., as chief nurse of the post surgeon's office.

From 1960-62 she was at Fort Bragg, N.C., as evening and night nursing supervisor of the outpatient clinic and hospital. She was in Heilbronn, Germany, for the next two years as chief nurse of the clinic which served about 6,000 military personnel and their dependents. She was assistant chief nurse at Martin Army Hospital, Fort Benning, Ga., 1964-67.

Colonel Sodi was in the Republic of Vietnam from 1967-68, a period which included the Tet Offensive of 1968, as chief nurse of the 17th Field Hospital in Saigon. Following this she had similar duties first at the U.S. Army Hospital at Fort Stewart, Ga., and then at Irwin Army Hospital at Fort Riley, Kan. She assumed her present du-

ties at Fort Sam Houston, Tex., in June 1971.

For her outstanding performance of duty she has been awarded the Legion of Merit and the Meritorious Service Medal.

Colonel Sodi was graduated in 1935 from Chelsea High school and received her nursing training at the W. A. Foote School of Nursing in Jackson. She has attended the University of Hawaii and the University of North Carolina.

Her mother, Mrs. Ruth Sodi, lives at 6123 Hasley Rd., Chelsea.

Colonel Sodi is a member of the American Nursing Association, Association of Military Surgeons, Army of the United States of America and an honorary member of Zonta International.

You should have two savings accounts; one for your short term needs and one for your long term needs and goals.

For short term needs you should have a 4¹/₂ Passbook Savings Account. This account pays high interest on regular, insured passbook savings and your money is always readily available. You are paid interest from the day of deposit to the day of withdrawal at the rate of 4¹/₂ per year, effective annual rate 4.58%. So with this account you can accumulate money for taxes, travel, medical, education, the emergencies and the fun things and withdraw any amount at any time without losing interest.

You also need a higher interest paying Passbook Certificate

Account for the long term needs such as retirement, investment, and security reserve. You can choose a certificate that pays an annual rate of 5¹/₄ on amounts of \$1000 or more with one year maturity, a 5³/₄ certificate in amounts of \$5000 or more with two year maturity, or a 6% certificate with 3, 4, or 5 year maturity in amounts of \$5000 or more. These you put away and watch grow. You won't want to withdraw the funds before maturity because you forfeit interest.
