The Plymouth motorcyclist whose vehicle flipped end over end after colliding with a car in Dexter township Sunday, June 18, remains in critical condition at St. Joseph Mercy Hospital.

James E. Gilbert, 38, of Plymouth, was taken to the hospital with multiple injuries after the accident on North Territorial Rd., near Dexter Town Hall Rd.

Gilbert's cycle was passing a car driven by Melvin R. Freeze, Jr., of Westland, when the Freeze car turned left into the path of the motorcycle. The impact of the collision sent the Gilbert cycle flipping through the air. It landed in the Dexter Town Hall Rd. intersection.

## Wood Closing Secretary of State's Office

Wallace Wood, Chelsea branch manager representing the Michigan Secretary of State Title Office, has announced that he is phasing out his responsibilities. The Secretary of State's office, aided by Wood, is searching for a qualified person to serve as branch manager.

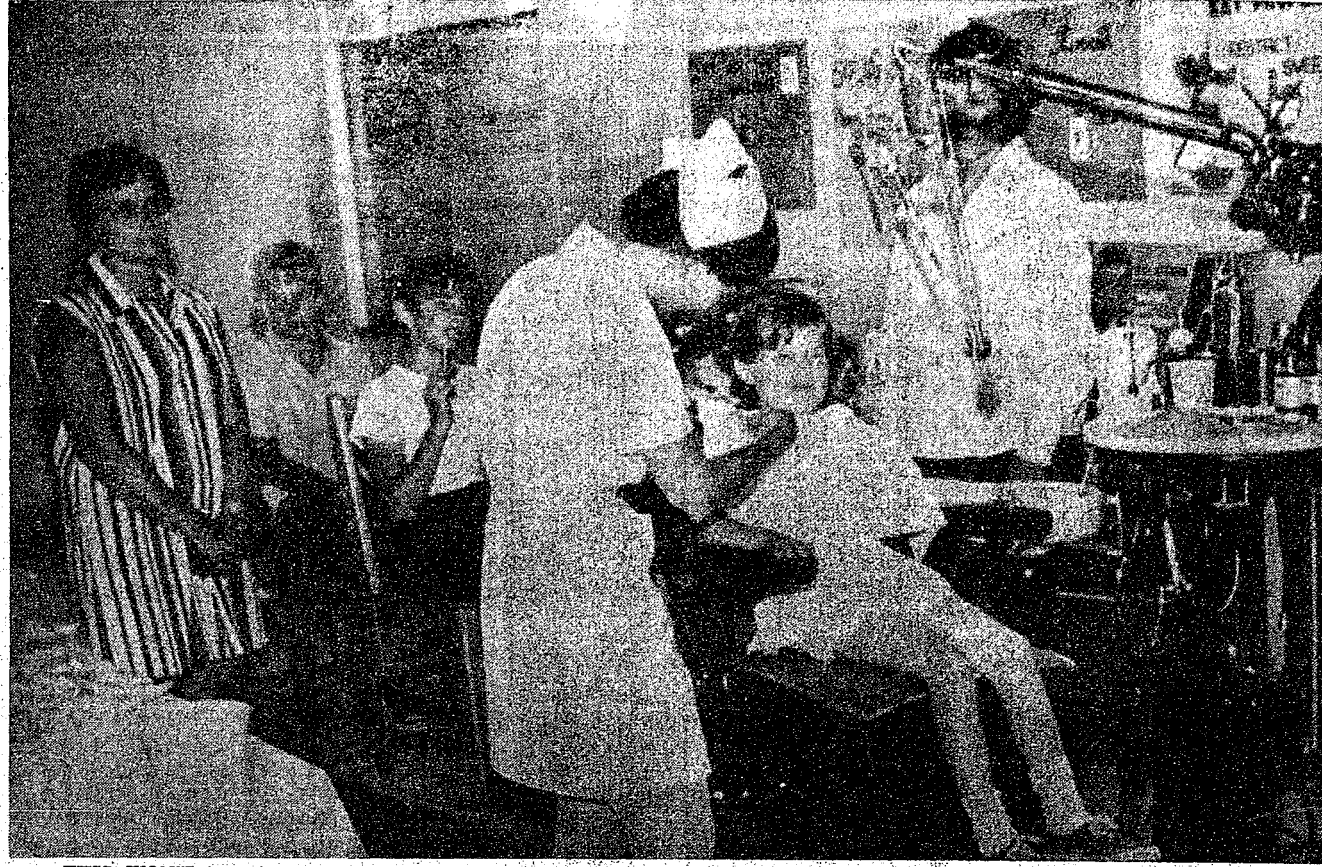

Wood, who owns Wallace Wood Insurance Agency, found that the work load of his agency became too heavy for him to handle both positions.

The branch office, referred to as a "fee branch," handles titles, legal documents, and license plates. It is responsible for daily reports to Lansing.

The Secretary's office is looking for a person with a particular personality and the necessary qualifications, one that can manage people and paperwork. "But," Wood reassures Chelsea residents, "There will be a branch office here as soon as a qualified person is found."

### 6th Grade Award

Beach Middle school announces that Deanna Johnson was also granted an award for excellence in 6th grade geography.

THIS WON'T HURT A BIT: Mrs. Martha Johnston, Ann Arbor dental hygienist, prepares Shari Haab for her fluoride treatment. Chelsea assistants are Mrs. Phillip Hume, left, and Gary Albrecht, right. Seated behind Shari are Gary Kilemen, left, and Rodney Schneider, right. This year's fluoride program reached more than 200 children, an 11 percent increase over last year's total.

## Recruits Wanted To Participate in Summer Band

The Chelsea High school band room will be filled with the music of the summer band this Thursday, June 22, at 7:30 p.m.

Warren Mayer, band director, stated, "This is not just a high school band. It's open to anyone in the community of high school age and older that would like to spend an enjoyable evening each week playing band music. A concert is planned in July, so come and blow the cobwebs out of those old horns. The band needs you, the instrumentalist, to keep this fine American tradition alive."

## Expanded Fluoride Tooth Treatment Clinic Underway

Chelsea's fluoride program is in its third year of operation, and according to Mrs. Gary Albrecht, chairman, "is better than ever."

She adds, "We have a full set of equipment except for some minor instruments. There has been an 11 percent increase in attendance, even though Chelsea's water is fluoridated, and the community response has been most favorable."

A new community member, Mrs. Carolyn Hutchinson, whose two daughters are taking part in the

program, stated, "We're delighted to have our children in the program. Topical fluoride treatments really do help to prevent cavities."

Two hundred children are expected to take part in the program since its beginning June 13.

A new dimension has been added to the program with the addition of Head Start children. This was accomplished through the co-operation of the Washtenaw Intermediate School District, Chelsea Fluoride Program, and Mrs. Henry Harat, community organizer.

A team of dental students from the University of Michigan were present to check and evaluate the children's teeth. The combined dental examination with topical fluoride treatments gave the children a double exposure to good dental hygiene.

The program has been operating in the Chelsea High school cafeteria Monday through Friday, 8:30 a.m. to 12 noon, and 1 p.m. to 3:30 p.m. The clinic will end this year's session on Monday, June 26.

## Unsuspecting Driver Brings Fire to Station

Chelsea police rescued an unsuspecting motorist and prevented further damage to Earl's Mobil Station on M-52 at I-94 when they extinguished a car fire Sunday, June 18 at 10 p.m.

Officers Peebles and Shaw reported that while on routine patrol they noticed a car coming across the bridge over the expressway into the Mobil station. The entire bottom of the vehicle was in flames.

The unsuspecting driver, Thomas Paul Cicalo of Warren, pulled up to the gas pumps, where he was ordered away by the officers, who feared an explosion.

The station's fire extinguisher was used to put out the fire on the 1966 Mercury station wagon.

It is believed that a wheel bearing on the car was the cause of the fire, however, the exact cause is uncertain.

## Cheker Oil Station Broken Into, Robbed

Cheker Oil Co., 930 S. Main St. was broken into and robbed of \$626.40 in cash during the early hours of Thursday, June 15.

Station manager Jack Patrick notified Chelsea police at 6 a.m. that the station had been broken into and that money had been taken from the safe.

Entry was gained after the front window was broken by an unknown object. The Star saw showed no marks of a forced entry. The thief apparently reached through the broken window and either lifted off the lid of an unlocked safe, or dialed the combination to a locked safe.

Police feel that the building was not entered in whole, for nothing else in the building was disturbed, including some loose cash in a nearby desk drawer.

Michael Cuddeby, an employee of the station, closed the station at 10 p.m. He stated that he did lock the safe.

Money in the second level of the safe was not tampered with. To gain entry to this portion, two keys are needed, Patrick said, and one key each is in the possession of two different people. Patrick believed that the combination to the safe has never been changed.

A 16-year-old suspect is being detained at Juvenile Detention. His hearing was scheduled for Wednesday, June 21.

INVERNESS INN CHANGES HANDS: Pictured from left to right are Matt and Marge Hintzen, new innkeepers; Pearl and Jack Fitzsimmons, half of the previous partnership; Pat Reilly and Jerry Welch, staff at the Inn. The Inn was the first commercial establishment in Dexter township.

## New Owners Take Over Inverness Inn at North Lake

The historic Inverness Inn, the first community establishment in Dexter township, has been purchased by Mr. and Mrs. Matt Hintzen of Half Moon Lake. The transaction became final Tuesday, June 13.

Hintzen, a former construction company owner, bought the Inn, which includes a gas station, grocery, and tavern, from Mr. and Mrs. Jack Fitzsimmons of North Territorial and Mr. and Mrs. Robert Eisele of North Lake. The retired Eiseles have bought a motor home and are making an extended travel vacation. Fitzsimmons, a descendant of the original owner of the property, plans to become more involved in this excavation business and local politics.

The property upon which the inn stands is part of the land grant to John Glenn, signed by President Andrew Jackson, in

1836. Mary Wright, Glenn's granddaughter, established the site as a trading post in 1907. The original building still stands, housing the grocery end of the establishment. The log cabin was added to the original structure in the 1930's.

The road running in front of the Inn, North Territorial Rd., was originally a horse trail, and was later developed into the route used by coaches traveling to Jackson.

The previous owners, the new owners, and the staff of the Inn represent 383 cumulative years of residence in the township. The Fitzsimmons and the Eiseles have 100 years each per couple; Jerry Welch has 75; Ken Norris, 36; Pat and Daniel Reilly, Jr., 48; and the Hintzens, 24.

Previous owners of the Inn have included the Maynard L.

Knickerbockers, Dorothy Miller, the Ned Hills, and the Stanley Hands. The Fitzsimmons and the Eiseles took over the establishment in May of 1970.

Douglas Frazier developed the land surrounding the Inn, and built the Inverness Golf Course in 1925. So besides being a community meeting place, the Inn has served as the golf course's 19th hole.

When asked why he decided to buy the Inn, Hintzen replied, "Living out here just made me want to become owner."

Future plans of the new innkeeper include restoration and an addition to the log cabin section of the establishment. He plans to eventually add a room the size of the log cabin directly behind it. This will take time, he says, because of the problem in getting logs, hand-hewn furniture, and genuine 1907 era furnishings.

## OEO Seeking Information On Local Needs

What needs of Chelsea do you consider the most serious—housing, jobs, consumer information, legal aid, or others? Local residents are invited to participate in a unique social planning process to identify community problems, especially those affecting low-income persons.

A public meeting will be held in the Sylvan Township Hall Friday, June 23 at 7 p.m. Mrs. Katy Harat, community organizer for Washtenaw County Citizens Committee for Economic Opportunity (WCCCEO), and Mary Jan O'Hare, WCCCEO youth counselor, are in charge of arrangements.

Sponsor of the meeting is the local Advisory Council to the WCCCEO board of directors. Chairman of the council is Mrs. Vivian Michelson. Mrs. Aurora Trevino is the Chelsea delegate on the board.

"During the two-hour session, workshops for small groups will provide each person an opportunity to speak," said Mrs. Harat. Summaries of the workshops will be presented to the full audience.

## Victimized By Itinerant Roof Coating Firm

Mrs. Alice Salyer, 310 W. Middle St., was the victim of a fraud involving poor workmanship. Mrs. Salyer reported to Chelsea police that men claiming to be from the Halliday Co., 6345 W. McNichols, Detroit, specializing in painting and waterproofing, resurfaced her roof on May 11.

She charged that they failed to live up to the contract that stated they would resurface the roof on her house if it wore off. However, upon attempting to locate the firm, she found that the address given was false.

The Better Business Bureau of Metropolitan Detroit reported to Mrs. Salyer that "It seems apparent that home improvement itinerants are using this name and can't be located."

The bureau suggests that in the future homeowners do not do business with companies or individuals unless they have found the address and checked them out. It suggests that homeowners check to find out if the company is licensed in the state, and might also check with local police to see if any poor workmanship has been reported.

The bureau notes that there is not much that can be done after homeowners have either signed a contract or paid money for the job done.

when decisions are made for programs to begin in 1973.

"We want to hear from the residents themselves—youth, governing officials, business, senior citizens, and low-income families, before we plan programs for the county," stated Clarence McFall, CEO executive director.

The agency, one of 31 Community Action Agencies in Michigan, was founded in 1965 by the Office of Economic Opportunity. The governing board is the County Board of Commissioners.

Among the services it now provides low-income persons are: Headstart, family planning, legal aid, community outreach and referral, youth and senior citizen projects, day care, emergency service, and neighborhood centers in Ann Arbor, Willow Run, and Ypsilanti.

The main office is located at 202 E. Washington St., Room 400, Ann Arbor.

## MICHIGAN MIRROR

By Elmer E. White, Secretary, Michigan Press Association

### Exports Up

Exporting is one of the main areas of concentration in effort to make Michigan's economy stronger and more diversified.

Already, nearly 100,000 Michigan men and women are employed directly or indirectly in the manufacture of products that are exported outside the country. At present, Michigan industry sells to other countries goods with a value totaling more than \$300 for every man, woman and child in the state.

The state of Michigan exports more than all but 17 countries of the world. Most of this total comes from the auto industry, since that is Michigan's main industry. But efforts are being made to expand the areas in which Michigan exports.

For instance, a bowling alley in Moscow purchased 24 lanes from a Muskegon company which is handling the installation of the lanes. And a Korean firm is purchasing \$500,000 worth of cookie and cracker-making machinery from a Grand Rapids company.

This is the type of sale which helps diversify the Michigan economy and make the state less dependent on the auto industry for its well-being.

## Uncle Lew from Lima Says:

### DEAR MISTER EDITOR:

Ed Dopplite raised a question during the session at the country store Saturday night that kept the fellers wound up until closing time. Ed wanted to know why it is that a feller can run for public office after he's old to do anything else.

Ed pointed out that a few months back Adolph Rupp was a forced to retire from coaching basketball, and he said if they would not let him coach he would run for Congress. Rupp's school has a rule that everybody quits at 50, but a politician can serve as long as he can get elected. Ed says they is somepun wrong with a deal that says a school teacher in charge of 30 younguns can't work after 65, but a senator that might speak for 15 million people can hold own the job as long as the people want him.

The fellers was general agreed with Ed, but Clem Webster reminded them that the system actual was designed to help folks that wanted to retire but couldn't, and that we've got to take the bad with the good. Clem said he could well recollect when a boy went to work soon as he could pull his weight, and he worked till he died and that was tha. Bu Clem said they had ought to be some thought give to folks that want to keep working as well as them that want to quit.

Zeke Grubb was of a mind hat forced retirement is discrimination of the worst sort. He said you don't junk a car as long as it runs good, no matter how old it is, and folks ought to git at least as much consideration. But Zeke was agreed with Clem that retirement for them that wants it is fine. What bothers him most about forced retirement, allowed Zeke, is the idee of kicking out a old hand jest to make room for a

### Pests Are Expensive

How vital are pesticides to U.S. food producers? According to W.C. Shaw, United States Department of Agriculture, if pesticide use was withdrawn "Farm exports would be eliminated. The number of agricultural workers currently on farms would have to be doubled. Instead of spending 17 percent of family income on food, we would be forced to devote 30 to 40 percent of our income — and perhaps even more — to provide current food needs. Without increasing acreage we could not produce food for 40 percent of our population.

## Rep. Jim Brown Is Candidate For Congress in 6th District

Rep. Jim Brown (R-Okemos) is a candidate for election to the United States House of Representatives in the new 6th congressional district. The new district includes part of the five counties of Ingham, Jackson, Livingston, Washtenaw and Clinton counties.

Rep. Brown is completing his 4th year in the Michigan House of Representatives.

Though Rep. Brown has been in the forefront in the fight for balanced budgets and against additional taxation, he has been most notable for his efforts to eliminate abuses in legislative expenses.

It was Rep. Brown who brought suit against the House of Representatives in a successful effort to halt a free dental care plan for legislators and their families just a year ago. Legal expenses came to \$1,500 and Rep. Brown paid it all out of his own pocket. The action will save the state thousands of dollars over the years and has served as a brake on other legislative efforts to enrich fringe benefits.

Rep. Brown has led many other efforts to trim state budgets including the Supreme Court budget. For two years in succession, his amendment has successfully reduced the Supreme Court budget about \$50,000 a year in an attempt to force the justices to give up their taxpayer-furnished luxury cars.

He is also in the forefront in the battle to halt construction of the proposed new state capitol estimated to cost \$100 million.

"I am well aware of the intense campaigning that lies ahead," Rep. Brown said at the Wednesday press conference. "I recognize fully the implications of challenging an incumbency that pre-dates the Vietnam War by five years, that has seen the dollar drop to half its value since 1956, and seemingly has witnessed countless problems of this nation aggravated rather than solved."

"Sixth district Republicans have not had an alternative to consider for their congressman in 16 years. In the remaining 70 days before the election, I intend to speak clearly on all of the issues. I hope it will be self-evident to those who will vote in the Republican primary election that I do offer alternatives."

"If elected to the new congress, I will strive in every way I know to halt the Vietnam War. I am convinced that President Nixon will have ended the confrontation in this year, but should it be continued I will do everything in my power to bring it to an end. Equally important, I will resist any efforts to involve this country in other Vietnam around the world."

"A vote for me will be a vote to hold the line on taxes, to close the loop-holes in the tax structure and to resist pie-in-the-sky federal programs that usually have a way of requiring more taxes and - or national debt service."

"I will be for revenue sharing with states and cities but only on the basis of simultaneously cutting like department appropriations at the federal level; for proposing ways to reduce unemployment through liberalizing restrictive labor laws and will work for legislation to turn federal welfare funds back to the states in block grant form rather than by the

REP. JIM BROWN

present arbitrary arrangement that is the primary cause of Michigan's outrageous welfare costs, red ink budget, tax hikes and accompanying inability to properly care for Michigan's needy."

Rep. Brown's interest in government comes naturally. His grandfather, Vernon J. Brown, was Vevay township clerk, Ingham County Clerk, member of the House of Representatives for 10 years, auditor general and lieutenant governor. His great-grandfather, Ansel Covert, was also an Ingham County Clerk and history records as a Leslie farmer who walked to Jackson to help organize the Republican party "under the oaks."

Rep. Brown is married and the father of four: Tim, 19; Amy, 18; Jennifer, 14; and Melissa, 7. He is a graduate of Mason Public Schools and Michigan State University. He is a former publisher of the Ingham County News and the Stockbridge Town Crier and is a Marine Corps veteran of World War II. He is a past president of the Michigan Press Association and former chairman of the Ingham County Republican party and in 1968 was a delegate to the national Republican convention in Miami Beach.

tion, and Welfare, gave the commencement address. He praised the type of career-oriented programs offered by Ferris, and urged graduates to involve themselves in community affairs. Approximately 7,000 persons attended the event held in the Taggart Field Stadium.

The Selective Service System said it would order about 9,000 young men with lottery numbers 1 through 35 to report to the Army in June.

### HISTORY IN CHESS!

Chess sets often commemorate battles. After Waterloo, many were made depicting Wellington leading English soldiers against Napoleon and the French. A set made after the battle of Saratoga had George Washington with Liberty as his queen, flanked by Generals Gates and Morgan. Ranked opposite them were George III and Britannia, with Generals Howe and Burgoyne.

## Cong. Chamberlain Announces Candidacy for Re-election

Congressman Charles E. Chamberlain (R-Mich.) today announced that he would be a candidate for re-election to the U. S. House of Representatives from Michigan's Sixth Congressional District.

"The opportunity to continue serving in Congress has special importance at this time," Chamberlain said. "My work on the Ways and Means Committee deals with major legislative issues important to every American. My position on this committee made it possible for me to influence the Administration and the Committee to repeal the unfair automobile excise tax. Everyone knows what this means for Michigan in terms of jobs. Also, now pending before our committee are bills which will affect every one of us in the pocketbook or bank account—Social Security, Health Insurance plans, Pension Reform, Welfare Reform, Revenue Sharing and Foreign Trade, to name but a few. As the only Republican member of the committee from Michigan, I feel that this provides a great opportunity to work for the interests of our entire state."

"It is indeed an honor to represent our Sixth District in the United States Congress and I am thankful to the people for the faith and confidence they have so generously expressed to make this possible."

Congressman Chamberlain said he looked forward to getting better acquainted in the new areas

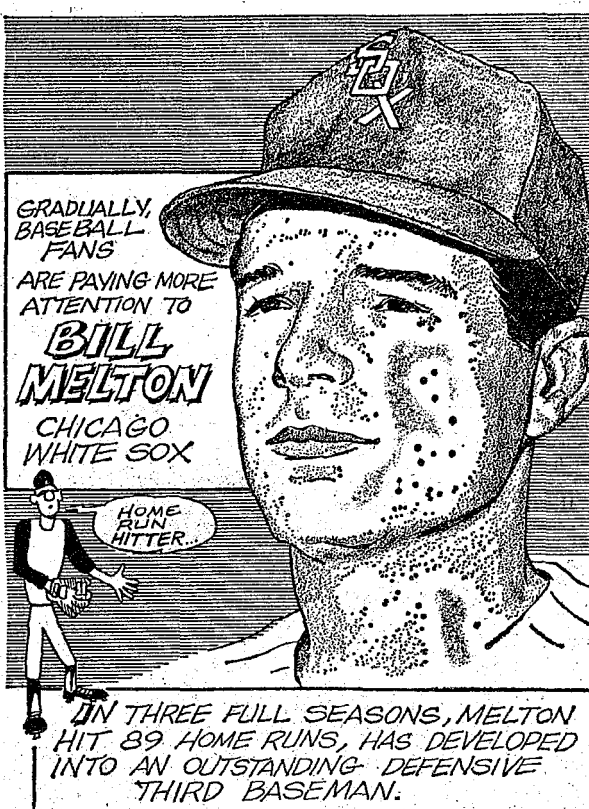

of the Sixth Congressional District in Washtenaw county and to renewing old friendships in Livingston county, which was part of the Sixth District before the last reapportionment.

Chamberlain was elected to Congress in 1956 and has been re-elected at each biennial election since then. He has been persistent in urging both the Johnson and Nixon Administrations to use greater diplomatic effort to halt the shipment of supplies to Vietnam by Free World countries and authored the amendment to prohibit foreign aid to those countries which permitted their ships to supply the enemy.

Born in Ingham county on the family farm in Locke township, settled by his family more than a century ago in 1837, Chamberlain was educated in Lansing Public Schools and attended the University of Virginia where he received degrees in both accounting and law. During World War II, the Congressman served as the Commanding Officer of Coast Guard vessels in both the Atlantic and Pacific theatres. He has also served as city attorney for East Lansing, legal counsel for the Michigan Senate Judiciary Committee and prosecuting attorney of Ingham county. The Chamberlains reside in East Lansing and have three children.

## More Meals Outside Home Seen for Future

East Lansing—The food service industry needs 250,000 new non-management people each year just to keep up, says Donald A. Bell, instructor in the Michigan State University School of Hotel, Restaurant, and Institutional Management.

He points out that the industry is the third largest in the nation in terms of dollar sales, and that in 1980 it will be the largest. "By that time," he projects, "one out of every two meals will be eaten outside the home."

Joy is discovering that the great tradition of Valiant value lives on in Plymouth Duster.

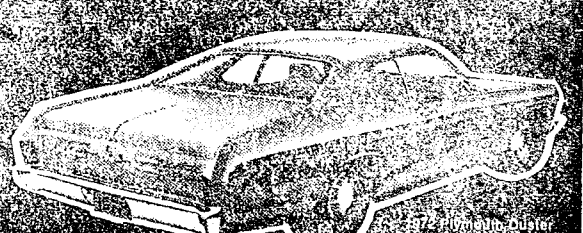

A couple of years ago we introduced a sporty version of the Plymouth Valiant, called Duster. Duster has quickly become one of the hottest-selling small cars in America. It figures, Duster is just big enough, just small enough to be just right. So is the price. And so is our deal.

Joy is an economy car that keeps going strong. (While Corvair and Falcon have given up, Plymouth Valiant lives on.)

Valiant's success over the years proves that an economy car isn't just a cheap car. It's a well-built car that saves you money when you buy, saves while you drive, and brings you a fair return at resale time. That's Valiant.

Joy is discovering that Plymouth Duster is priced like a Vega.

The small money difference between a Duster and Vega adds up over the years. But the difference in cars never adds up to a lot more car.

## County Clerk Robert Harrison Seeks Nomination in Primary

The incumbent Republican county clerk, Robert M. Harrison, announced today that he is seeking nomination as county clerk in the Republican Primary to be held Aug. 8.

Harrison was first elected as county clerk in November, 1968, after serving eight years as a member of the county board. During his tenure on the county board, Harrison served two terms as board vice-chairman and chairman of the Ways and Means Committee and in 1968 as chairman of the board. During this period Harrison represented the City of Saline and was the city's tax assessor and treasurer.

Harrison stresses accountability for and the availability of public records as the foremost responsibility of the clerk's office. "The function of recording, retaining, and retrieving the public record can only be accomplished through a system that is efficient internally. I have aggressively pursued the highest possible degree of accountability within the clerk's office and in those departments with which we are directly associated. The public has a right to expect that the documents, books and records of the county are both complete and accurate with disclosure a routine activity."

The clerk's office serves as clerk and secretary to most county boards and commissions including the Board of Commissioners, Circuit Court, 14th District Court, Building Authority, Board of Auditors, Board of Canvassers, and several others. Additional duties include conducting all county-wide elections and maintaining custody of all books, records and papers of the various county agencies the office serves.

Harrison states, "This office has changed to meet new conditions and additional duties imposed upon it and stands ready to continue to respond to change through the willingness and experience of the staff. I am proud of our past accomplishments and look forward to the challenge and opportunity offered during the next term of office."

## Patrick Conlin Seeks Circuit Court Post

Patrick J. Conlin has announced that he will be a candidate for the Circuit Court for Washtenaw County. He is presently a District Judge for the 14th District in Washtenaw County.

In announcing, Judge Conlin has indicated that he is seeking the post vacated by his father, John W. Conlin, the present Circuit Judge who has just announced his retirement.

Judge Conlin feels that he can bring to the Circuit Bench his wide experience as a lawyer in Washtenaw County for 11 years. As a lawyer, he practiced before all Washtenaw county courts, the State Appellate courts, and the Federal courts. Judge Conlin was elected District Judge by Washtenaw county voters in 1968.

Judge Conlin believes that the Circuit Court Judge should have experience as a trial lawyer, knowledge of the law, prior judicial experience, and knowledge of local conditions. He feels that he can bring each of these qualities to the Circuit Court.

Judge Conlin graduated from the University Literary School and the University of Michigan Law School. He subsequently practiced law with the firm of Conlin, Conlin, Parker, McKenney & Wood for a number of years and was elected District Judge of the 14th Judicial District in 1968.

He has been the District Judge for Saline, Chelsea, Dexter, Manchester, Whitmore Lake, and presently is District Judge for the City of Ypsilanti. He has acted as District Judge in the City of Ann Arbor. He has further been acting Circuit Court Judge for Washtenaw County.

Judge Conlin was also appointed by the Michigan Supreme Court to be acting Recorders Court Judge to help alleviate the backlog in the City of Detroit.

Judge Conlin comes from a long line of Washtenaw County residents. His family has been in Washtenaw County since the 1830's when his great grandparents homesteaded in Webster and Northfield townships.

The Conlin family is well-known in the legal circles. His father is the present Circuit Judge. His uncle, Henry T. Conlin, is an attorney as is his brother, John W. Conlin, Jr., and his cousin, William J. Conlin.

Judge Conlin is a member of the Washtenaw County Bar Association, the Michigan State Bar Association, the Michigan District Judges Association, the National American Judges Association, the American Judicature Society, and numerous other organizations.

Judge Conlin is 39 years of age and resides with his wife, Ann, and their son, Patrick, and daughter, Kelli, on a Chelsea area farm.

William M. Stander, 3615 Cushing Ct., Dexter, has filed to run for the office of Washtenaw County Sheriff.

Stander, married and with children, is a former deputy sheriff and is presently a police officer. He has filed to run for the office on the Republican ticket.

## George Sallade Enters Race for Prosecutor

George W. Sallade, Ann Arbor attorney and former Republican state representative, will seek the Democratic nomination for Washtenaw County prosecuting attorney in the Aug. 8 primary.

Sallade, a GOP legislator in 1955-60 and county Democratic chairman in 1965-69, announced his candidacy Monday.

He is the Democratic Party's Second Congressional District chairman.

He said he seeks the nomination because "a change in the direction and emphasis of law enforcement in Washtenaw County is long overdue."

"The prosecutor should be concentrating his efforts in the area of criminal law first at protecting the lives and safety of all of our citizens and, secondly, the security of their property," Sallade said.

He emphasized that no group, because of race, economic status, dress, personal habits or political beliefs, should be made "principal objects of police activity."

"Instead, organized crime, the hard drug pusher, the rapist, the child molester and the purveyor of violence should be the targets for top priority attention," Sallade continued.

"Of equal concern to any prosecutor ought to be the civil rights and liberties of all citizens in the county. Neither a united nor a badge can be permitted to be a cause for unlawful searches or strong-arm procedures," he said.

Sallade, in University of Michigan and University Law School graduate, is a member of the county, state, and American Bar Associations.

He has practiced law since 1962 and was admitted to practice before the U. S. Supreme Court in 1968.

He is a member of the NAACP and the American Civil Liberties Union, and lists memberships with the Ann Arbor Community Center and the Ann Arbor Rotary Club.

Prior to entering the state House, Sallade served on the Ann Arbor City Council.

As state representative, Sallade served the county's old first district, formed of Ann Arbor and six nearby townships.

In that position, Sallade became known as leader of the "Young Turk" faction of House Republicans, because of his opposition to GOP caucus positions of appropriations for state universities, tax policy, civil rights legislation, and other issues.

At the time, Sallade described himself as speaking for the Eisenhower Administration's "modern Republicanism."

As a Democrat, Sallade was unsuccessful in a bid for state senator in 1966.

## ON PAIN-KILLER ADS

The Federal Trade Commission has contended that one nonprescription pain killer is about as effective as another. It accused the manufacturers of Anacin, Bayer Aspirin, Bufferin and Excedrin of deceptive advertising.

Special finishes recently announced for polyester knits include an anti-snap finish, said to last at least 10 washings.

## District Judge Henry Arkison Tells Candidacy for Re-election

District Judge Henry D. Arkison today announced his candidacy for re-election as District Judge for the 14th Judicial District which comprises all of Washtenaw County except the City of Ann Arbor.

Judge Arkison was appointed to his present position by Governor Milliken when Judge Rodney Hutchinson was appointed a Probate Judge. In 1970 Judge Arkison was elected to fill the remainder of Judge Hutchinson's term.

Judge Arkison graduated from the University of Michigan Law School in 1942. After serving four and one-half years in the Legal Department of Chrysler Corp., he opened his own office in Ypsilanti for the general practice of law.

He has had wide judicial experience. As a Justice of the Peace for Augusta township he often sat in the Municipal Courts for Judge Edward D. Deake in Ypsilanti and Judge Francis O'Brien in Ann Arbor.

As a District Judge he has held court in all the courts of the 14th and 15th Districts as well as in Wayne County. By order of the Supreme Court he has sat as a Judge in recorders Court during the recent crash program. He has also acted as a circuit judge in Washtenaw County on a number of occasions in Judge John Conlin's court. He also sat recently with Circuit Judge William F. Ager, Jr., in Naturalization Proceedings for new citizens.

He has been a member of the Kiwanis Club, the Goodfellows and the Salvation Army Band Advisory Board on which he served a number of years. He is a past Grand Knight of the Knights of Columbus and is chairman of the Lay Board of the Holy Family Sisters who operate the St. Louis School for Boys near Chelsea.

He is a member of the State Bar of Michigan and the Washtenaw County and Ypsilanti Bar Associations.

He attends St. John's church in Ypsilanti and has served in many capacities, most recently as president of the Parish Council.

Judge Arkison and his wife, Ann, have seven children, six boys and one girl. His oldest son, Peter, is also a lawyer and is presently serving in the U.S. Army as a member of the Judge Advocate General's Office in Fort Hood, Tex.

Speaking of the court, Judge Arkison said: "The District Courts were created only three years ago and have made great progress. However, due to the growth of the 14th District Court area, especially in the area around Ypsilanti and Ypsilanti township, it is a great need for expanded District Court facilities for that area. The court serving Chelsea, Saline and Dexter is also growing rapidly and the growth needs of that court will have to be planned. If re-elected I will do what I can to see that cases are handled promptly, that the people have adequate court facilities and I pledge myself to continue to serve the people to the very best of my ability."

## For And About Teenagers

### THIS WEEK'S LETTER:

I am 10 years old. Whenever I babysit I get frightened. Once it was the heater. Another time I thought somebody was scratching at the back door. I always try to tell myself that I'm not afraid, but it just doesn't work. What can I do so I won't be afraid when I am babysitting?

**ANSWER:** In our opinion you are too young to be babysitting. In your letter you didn't mention whether you babysit for just your younger sisters and brothers, or if you babysit for other people. In either case, we still feel that you are too young. To be a babysitter you must be able to handle the responsibilities of that position. It is serious business. You deal with the health and safety of a young child or young children. You must be able to know what to do if an emergency should arise. If you are constantly frightened, you are in a state of mind that could lead to tragedy if you were needed to react swiftly and calmly to an emergency situation. We feel that a 13-year-old who is mature can babysit for older children. You should be at least 15 or 16 years old if you are going to babysit with an infant.

## Army Announces Enlistment Bonus Option

The United States Army announces a special bonus plan for young men enlisting in certain careers in the infantry, armor and artillery. The plan calls for payment of \$1,500 for a four-year enlistment.

The bonus is payable in full following successful completion of basic and advanced training. This normally occurs about four months after enlistment, depending on the career field selected.

Men with prior service are eligible for the bonus plan if they have less than three years active service, have not previously received a reenlistment bonus and meet certain other requirements.

Besides professional training, young men in the bonus plan will also be eligible to volunteer for the widest range of enlistment travel options ever offered by the Army. These include guaranteed assignments in Europe, Alaska, Hawaii, Far East and Panama, as well as Units of Choice in different parts of the United States.

The Army now starts enlisted men at \$288.00 a month, with increases following basic training. It also continues to offer the traditional benefits of free meals, housing, clothing, medical and dental care, along with 30 paid vacation days a year.

For further information on the Army's new bonus plan, call Sgt. Joseph Allgood at 665-3731 or stop by his office at 212 S. 4th Ave., Ann Arbor.

## Sarah Jane Storey, Dennis White Married at Methodist Church

Michigan State University Memorial Chapel, East Lansing, was the setting for the marriage of Miss Sarah Jane Storey and Dennis Richard White Saturday, June 17. The Rev. Clive Dickins, pastor of the First United Methodist church, officiated at the 2 p.m. ceremony before 200 guests. Bruce Galbraith of Chelsea was vocalist, performing "One Hand One Heart" and "Lord's Prayer."

The bride is the daughter of Mr. and Mrs. William F. Storey, 216 Jefferson St. The bridegroom is the son of Mr. and Mrs. Richard A. White, 2444 Smiley Way, Jackson.

The bride chose a gown of white on white, embroidered tulle with an empire waist, stand-up collar, and long-sleeved sleeves. She carried three long-stem roses.

Mrs. William L. Kemmer of Manchester, friend of the bride, attended as matron of honor. She wore a green and white gingham peasant style dress and a white woven hat. She carried a bouquet of shasta daisies.

Miss Joanne R. Fisher of Auburn, friend of the bride, and Miss Denise E. White of Jackson and Mrs. Gerald Vennit of Bay City, sisters of the bridegroom, were bridesmaids. They were attired like the matron of honor.

For her daughter's wedding, the bride's mother wore a floor-length floral print gown and an open yellow rose corsage.

The bridegroom's mother chose a floor-length knit dress with a white bodice and pale blue skirt, with an open red rose corsage.

Arthur A. Rogers of Grosse Ile, friend of the bridegroom, attended as best man. Gregory O. Farnsworth of Litchfield, friend of the bridegroom, Gerald Vennit of Bay City, brother-in-law of the bridegroom, and James and John Storey, brothers of the bride, seated guests.

A reception was held immediately following the ceremony in the Chapel Lounge of the Alumni Memorial Chapel, with 175 guests attending. Mrs. Paul Mesack and Mrs. Thomas Ratke, both of East Lansing, poured punch, and Miss Linda Bristol of Almont cut the cake.

After a week's trip through the western states, the couple will reside at 1578-G, Spartan Village, East Lansing.

The bride graduated from Chelsea High school in 1968, and graduated from Michigan State University this June with a BS degree in child development.

The bridegroom is a 1968 graduate of Douglas MacArthur High school in Saginaw, and is a veterinary medical student at Michigan State University.

### Fashion Notes

One of the more flattering colors for the majority of women is the off-white. Some complexions look better in a cream color while others prefer a lighter shade. But whites and ivories are definitely in for the summer season.

Panama hats are being shown for warmer climates.

## Soil Preparation Basic Start for Successful Gardens

East Lansing—Although everyone is anxious to begin gardening when the first warm spring days appear, you should allow the sunshine and warm spring breezes time to dry out the soil before you try to work it, says J. Lee Taylor, Michigan State University horticulturist.

"If you can crumble a soil ball with your fingers," says Taylor, "it's ready to plant."

If the soil clings together, it's still wet and if worked will remain hard and cloddy for weeks.

Before working the soil, Taylor recommends spreading fertilizer over the garden plot. Two or three pounds of a general analysis fertilizer such as 5-20-20 per 100 square feet is usually sufficient.

For a more exact analysis of your soil's fertilizer needs, have your soil tested by your local county Extension Service office.

After fertilizing, prepare the soil about six inches deep, making sure all the sod is turned under, says Taylor. Do this with a garden spade, plow or rototiller.

Finish by leveling and smoothing with a rake. It is much easier to level small areas if you turn the rake over.

"By preparing the soil in the area planned for a certain crop just before you plant that crop," says Taylor, "your work will be spread out and will insure that the soil is soft and easy to plant."

Between 1957-59 and August 1971, the price of food purchased for use at home was up 33 percent. The average income per person, for the same period, rose 82 percent.

**WERNER McLAUGHLIN:** Mr. and Mrs. Kenneth R. Werner of Summer, Ia., announce the engagement of their daughter, Jane Marie of Ann Arbor, to David C. McLaughlin of Chelsea, the son of Mrs. Jean McLaughlin of Ft. Lauderdale, Fla., and Russell A. McLaughlin of Houghton Lake. Miss Werner received her Master's degree in Early Childhood Development from Eastern Michigan University and is presently teaching in the Wayne-Westland School District. The prospective bridegroom is a graduate of the University of Michigan and received his law degree from Wayne State University. He is presently associated with the law firm of Rademacher & McLaughlin. An Aug. 12 wedding is planned.

## Black Journal TV Program Goes to Trinidad Carnival

East Lansing—Black Journal goes to the world-famous Trinidad Carnival for a look at the sights and sounds of what many call the "Greatest Show on Earth" at 5 p.m. Sunday, June 25.

A year-long preparation culminates into two days of feverish excitement marked by carnival dances, calypso music, steel bands and visual spectacles.

Richly elaborate and often very expensive costumes add to the grandeur of the event. Many masqueraders belong to the bands, groups from 50 to 2,000 members, and their costumes reflect the theme of the band. Bands traditionally have kings and queens reigning over each.

All Trinidadians participate in the carnival, which has become an important economic factor of life as well as a major cultural event.

It is believed that the carnival originated from the slaves' celebration of sugar cane "crop-over" during which slaves dressed themselves as caricatures of their masters. The modern carnival carries predominantly African influences, although Spanish, French and American influences are evident.

Other WMSB highlights include: FILM ODYSSEY

Film Odyssey presents a collection of six classic short films made by contemporary European directors at 10 p.m. Sunday, July 25.

Ranging from a bizarre treatment by Roman Polanski to a flowing study of the bull ring by de Daumont, the films cover a dazzling range of styles and techniques.

The collection opens with "All dogro," a fast and tricky study of Paris which avoids the pitfalls of unsubtlety and lack of staying power so common in many films of this type. Its creator was Paul De Roubaix of France.

The second film, "Renaissance" was made in Poland by Valerian Borowczyk, makes amazing use of the technique of reverse motion.

The third feature, Roman Polanski's "The Fat and the Lean" was made shortly after his graduation from the Polish Film School. He both directed and starred in the strange and disturbing parable of captivity.

"Actus III," by French director Jean Herman, is a sardonically funny exploitation of several aspects of modern society, including the pinball machine.

France's Denys de Launay's "Corrida Interdita" is a strong and graceful study of bullfighting, much of which is pre-

sented in slow motion. It becomes both a celebration of and a protest against the corrida ritual.

The final film, "La Jete" by Chris Marker of France, is a science-fiction tale composed almost completely of still photographs. It revolves around a man sent back from the future to learn something about our present society.

## Repair Bare Spots in Lawn With Seed

East Lansing—Unless those bare spots on your lawn are at least one foot square or larger, attempting to thicken up the grass sod by overseeding may be a waste of time and lawn seed, say turfgrass specialists at Michigan State University.

Competition from the established sod does not give the young seedlings a chance to get started, explain the specialists. They recommend a good fertilization and weed control program.

They also suggest filling in the small spots with plugs of sod removed from other areas of the lawn.

However, for the larger spots, Robert Shearman, MSU extension turfgrass specialist, recommends the following steps:

1. Go over bare spots with a garden rake to loosen the soil. Soil moisture is right for seeding when the soil rakes loosely (does not form small clods).
2. Select a good seed (certified if possible). Use a Kentucky bluegrass variety for sunny areas and a red fescue variety in shaded spots.
3. Sow the seed by hand, sprinkling it evenly over the entire area. A small handful of seed will cover a bare spot six feet in diameter.
4. After seeding, rake gently so that the seeds will have good contact with the soil. This is important for even seed germination and grass growth.
5. Soil moisture shouldn't be a problem in the spring. However, if the top one inch of soil does dry out, give the seeded area a light watering with a lawn sprinkler or sprinkling can.

## Fishermen Subsidized, MSU Report Indicates

East Lansing—Michigan's hunters are subsidizing its fishermen, according to a research report recently completed by two Michigan State University forestry department faculty members.

Their study shows that Michigan hunters pay 18 cents more per day through license fees than it costs the state to provide for that form of recreation. At the same time, fishermen pay 7 cents a day less than the cost of supporting that sport.

"As a result," the report notes, "in 1968 Michigan fishermen received a subsidy totaling \$1,187,356."

Young families tend to be the heaviest users of credit. Research shows that almost 73 percent of all families headed by persons under 35 years of age have some installment credit.
