High School '72 Basketball Season Starts

After two hurried weeks of practice, and an excellent scrimmage Saturday, the Chelsea Bulldogs are set to start the '72-73 season.

Chelsea traveled to Columbia Central, Brooklyn, to take on the Golden Eagles Tuesday evening, in a non-league contest before opening league play at home against arch-rival Dexter on Friday.

Saturday, Nov. 25, Chelsea hosted a three-team scrimmage, with the Bulldogs and Clinton providing some challenging opposition for the Bulldogs. Chelsea started very slowly, but soon got untracked and showed signs of providing the fans with some truly exciting basketball this season.

This year's squad is led by two-year veterans, co-captains Jeff Daniels and Jeff Schmidt, and four other lettermen. The returning

lettermen include seniors John Mann and Bill Tite, and juniors Rick Miller and Dave Tucker.

Joining the six returnees are seniors Bruce Guster and Chris Phinney; juniors Jeff Sprague, Marvin Guster, Tim Treado, Dave Lauson, and John Houle; and sophomore Ron Kiel.

Cagers Bow To Columbia Central, 96-67

The Bulldog varsity basketball team traveled to Brooklyn to take on the Columbia Central Golden Eagles, Tuesday night, only to be outclassed by their hosts. The Eagles soared to a 96-67 victory.

Chelsea returned home to prepare for the Southeastern Conference opener against Dexter Friday night, at home.

JV Cagers Squeak to Opening Win

Chelsea's JV cagers opened their season Tuesday night with a suspense filled squeaker. They snatched the tie that had knotted the third quarter by making the final basket, clinching a victory, 30-27.

The contest, against Columbia Central in Brooklyn, was close throughout the game. Chelsea pitched for 17 points in the first quarter to take a two-point lead over the Eagles. Central countered by closing the half with a substantial gain, 39-30. Nevertheless, it was all tied up by the end of the third period.

Chelsea scorers made their mark for 14 points in the final quarter, while Columbia managed only 12. The victory was snatched out of the Eagles' grasp by two points.

Jack Hackworth was the leading scorer among the Chelsea cagers, netting the ball for 22 points. Gary Wonders was next in the standings having made 10 points. Randy Musbach and Paul Wood each contributed seven points to the winning total.

Paul Wood made good use of 12 rebounds, while Jack Hackworth and Dave Alber snatched up nine and seven, respectively.

Men's Basketball League May Be Organized

"There has been some interest shown in forming a men's basketball league in Chelsea," says recreation director Ken Larson. "Any-one interested in forming such a league should contact me."

KETTLE AND BELL: Col. Harold Crowell of the Salvation Army told the Chelsea Kiwanians Monday night about the many welfare projects the familiar Christmas collectors help support. A member of the Ann Arbor Kiwanis Club, the colonel mingled with fellow Kiwanians after his talk. Pictured here, from left are: Sam Johnson, second vice-president and program chairman; Col. Salvation Army Officer Addresses Kiwanis Club

Col. Harold Crowell, an officer in the Salvation Army and a member of the Ann Arbor Kiwanis Club, came to the Monday night Chelsea Kiwanis Club gathering to speak on the history and activities of his army.

He spoke of the founding by William Booth of the religious, charitable organization in 1878. Booth had left the Methodist ministry to preach the gospel in London's slums. He chose a military structure for his sect because of his desire for efficiency and discipline.

The colonel outlined the many welfare projects the Army conducts today. He was accompanied by another Ann Arbor Kiwanian, Robert Thaler.

Other guests at the meeting were two Chelsea High Key Club members, Robert Wier, and Brian Arnett, and two boys from Cassidy Lake.

Last week the Chelsea club traveled to Ann Arbor for their meeting, after which they inspected the Mott's Children's Hospital at the U. of M. has been provided by state-wide Kiwanis support to entertain and tutor children during their hospital stays.

Missing Girl Tells Parents She Is Safe

The Chelsea Police Department, in connection with the Washtenaw County Sheriff's Department, has made three raids during the last week hoping to uncover the hiding place of missing Elaine Hartmann.

Chief George Meranuck requested and received a warrant which allows law officers to enter any home which they suspect might be harboring the 13-year-old who has been missing since Nov. 1.

All three residences were searched as a result of tips from citizens who had reason to suspect the girl might be there. None of the raids, however, proved fruitful.

This kind of warrant, which is less restrictive than most, is issued only to facilitate the search for juveniles.

This procedure was halted Tuesday afternoon when the Hartmann girl notified her parents that she was safe.

After the call, Mrs. Elmer Hartmann said, "It was good to hear her voice." She believes her daughter is on her way home.

Holiday Mail Deadlines Drawing Near

It's that time again, when post office employees run the risk of being swept off their feet with Christmas spirit. With the season, comes a deluge of greetings, which they must handle.

Postmaster Richard Schaules wishes to stress the importance of mailing early. This allows efficient and smooth operation of the postal service. He has a thank you for customers who co-operated last year, which made the task of handling the heavy volume of mail a lot easier and more economical.

New Zoning Ordinance For Dexter Township Unveiled at Hearing

Dexter Township Zoning Board held the first of two public hearings on the proposed zoning ordinance for the township Monday, Nov. 27.

Approximately 75 persons filled Dexter Township Hall to ask questions and offer criticisms of the proposed ordinance to the board.

Much of the discussion centered around section 11.03, "Non-conforming Buildings and Structures," and "Uses of Buildings and Structures."

Section 11.03, as it currently stands, limits expansion of a non-conforming structure but provides that "nothing in this ordinance shall prevent the reconstruction or replacement and continued use of any non-conforming building or structure" with certain restrictions.

Among the restrictions are site plan approval by the zoning board and a 180-day limit for the start of reconstruction on a structure destroyed by natural means. A further stipulation requires an attempt to reduce the non-conformity, but does not make obligatory a reduction in floor space.

Douglas Smith presented the board with a petition signed by approximately 300 persons requesting the inclusion in the new ordinance of a "grandfather clause," section 9.09 of the current zoning ordinance. The clause would allow reconstruction without site plan approval if a dwelling in non-conforming use were destroyed.

Several questions arose concerning the right of residents to rebuild if the major parts of their properties were destroyed.

Tom Ehman, a member of the board, pointed out that allowing a resident to rebuild a structure without site plan approval is "fine for the guy with the loss but not so good for the fellow's neighbors."

Earl Dolezky, chairman of the zoning board, stated that as a member of the township Board of Appeals he had several times seen instances where a resident had built right on the property line, over the line, or on the easement. "This would not have happened," said Dolezky, "if there had been site plan approval."

Ehman also emphasized that a resident required to rebuild is guaranteed under the new ordinance "at least as much floor area as the original structure. If the parcel cannot be made to conform, the owner need not cut the floor space to conform."

Don Gibb of Portage Lake asked, "If a non-conforming structure is destroyed, is there anything the board can do to prohibit the owner from rebuilding?" Gibb did not believe the answer to this is clearly stated in the ordinance.

Ehman said that nothing prohibits rebuilding, "but the owner must attempt to make the structure more conforming." He also added that board approval of a site plan does not guarantee a building as the county Board of Health or the resident's insurance company may disapprove of the plans.

Jack Radcliffe, attorney for Portage and Base Lakes Association, suggested the addition of a paragraph to section 11.03 allowing the board to waive the 180-day rebuilding requirement if a resident can show any delay in rebuilding occurred due to circumstances beyond the applicant's control.

Radcliffe also suggested some rewording of the section "so that the language is absolute" in an effort to diminish any need for court interpretation in the future.

Section 11.04, also, came under attack. As it currently stands, it prohibits change or expansion of a non-conforming use except to bring the use to conformity.

The zoning map to be used in conjunction with the new ordinance changes the zoning of many parcels and several owners protested the planned re-zoning.

Under the proposed ordinance, property which has been re-zoned will be allowed to retain its present use, even if the property is sold. However, if the non-conforming use ceases for 180 days, the use must thereafter be adapted to the regulations. Non-conformity may also not be increased.

Joseph Aspiranti, owner of the L & R Drive-in, protested the re-zoning of his property from commercial to residential. He said that the appraised value of the property would drop 50 percent if the zoning were changed.

Joe Machnik also protested the re-zoning of his property from commercial to residential. "I paid a higher price for the property because it was zoned commercial and I eventually plan to use it as commercial," said Machnik.

Frisinger Realtors has added two new members to its staff. Toby Peterson will be located at the Ann Arbor office, and Mary Ann Staebler has joined the Chelsea branch on Main St.

"What provision has the board made for traffic flow on Dexter Rds. If the area is re-zoned heavy commercial?" was Virginia Stewart's question.

Ehman said that a setback of 150 feet will be required so that the county will be able to expand the roadway as needed. Parcels have been made correspondingly bigger to meet the proposed setback.

"The proposed ordinance precludes developers from coming in and misusing land and that's good," says Douglas Smith. "However, there's no concession or provision for the people here now. The board is taking the wrong attitude."

"We (the board) are not trying to conform to personal desires but to plan for the future of the township," said Jim Pulver, a member of the board. "The ordinance is not for the convenience of any one person or group."

The re-zoning is planned, said Arlene Howell, a member of the board, "to locate commercial properties on the periphery of the township," thus avoiding an industrial strip through the middle of the township.

Re-zoning is also planned, said Ehman, "so there is enough land available for people to conform to the commercial rulings." The ordinance would require a 30-foot wide greenbelt between the right-of-way and the front yard of an industrial concern, necessitating more property zoned commercial.

Albert Ruhig, a member of the board, emphasized that the zoning board had decided upon rezoning in an attempt to direct the township's growth in the coming years.

The second public hearing is scheduled for Monday, Dec. 4, at 7:30 p.m. at Dexter Township Hall, 6380 Dexter-Pinckney Rd.

Book Fair Opens Dec. 1 At High School

Are you in a tizzy, wondering what to give for Christmas presents? Your problem may be solved!

A book fair is coming to Chelsea High School. The fair will be held during school hours in room 209. It will start Friday, Dec. 1, at 10 a.m., and end Tuesday, Dec. 5, at 3:20 p.m.

Books ordered will arrive the week of Dec. 18, and must be paid for in advance.

All students, parents, and visitors are welcome to attend the fair. All reading interests will be represented with classics, mysteries, biographies, crafts, hobbies, fiction, science nature and reference books available.

Nancy Corcoran of the high school says it is hoped many will come, enjoy the fair, and perhaps end those Christmas time problems.

Fact Finder Completes Final Session

With the last fact finding session behind them, the parties involved in the dispute between the CEA and the Chelsea School District, are hoping for a settlement.

If all goes well, the settlement will grow out of the recommendations offered by the impartial fact finder, John Coyle, in his report. His decision is due a month after the last meeting, Nov. 22, which places its arrival date late in December.

Realistically, those involved do not expect action on the proposals until January, unless Coyle manages to produce his decision before school recesses for Christmas vacation on Dec. 22.

The last session, a week ago Wednesday, focused on the final considerations of the salary package. The CEA and the board have submitted all the evidence supporting their differing stances on the issues, allowing Miss DiAnn L'Roy to say, "To my knowledge, all the facts are now in the possession of the fact finder. We are hopeful that as a result of this fact finding, a settlement will be reached."

Wrestlers Hope To Pin East Jackson

Chelsea wrestlers hope to take down East Jackson tonight, as they get their first taste of this season's action. They will hit the mats at 7:30 p.m.

Although the team is largely inexperienced, the hope is that they will develop with each match. The varsity squad is composed of three seniors, eight juniors, 11 sophomores, and 11 freshmen.

Captain Mark Montange and senior Tim Lancaster will be the only veteran wrestlers in the pack. Mark, with a 33-4 record and a third-place finish in the state competition last year, and Tim, with a 22-7 record and a league championship, will be supported by letter winners Sam Trachet, Steve Straub, John Beeman, Bob Sawyer, Dale Poertner, Darryl West, and Steve Worden.

Challenging for varsity positions from last year's JV squad are juniors Ken Keiser, sophomores Mike Agopian, Terry Ellenwood, Dave Keiser, Greg McClain, Mark Pennington, Dave Proctor and Carmer Slocum.

Unfamiliar faces to Chelsea's wrestling fans will be juniors Kevin Webb, Howard Haselschwardt, John Tandy; sophomores Doug Reed, and Kermit Sharp; freshmen Dennis Bauer, Dave Clouse, Mike Foster, Don Harmon, Nick Keiser, Eric Prinzing, Tim Reed, Dale Shoenberg, Chris Steele, Kelly Webb, and Steve Klink.

In lieu of experience, the wrestlers have been working very hard in preparation for this opener, according to Coach Richard Barels. They will be even more up for their league opener Dec. 7, at Saline.

PREPARING FOR ACTION: Members of the Office of Economic Opportunity Advisory Board gathered to get tips from Tony Brink, Michigan Director of OEO, and Lenore Wilson, an OEO program planner in Ann Arbor, on Tuesday. Present at the training session were, from left, standing: Kyle Hollis, Jeff Reed, Hattie Brown, Mary Jan O'Hare, OEO teen counselor, and Lenore Wilson; at the table: Henry Harat, Chelsea community organizer, Katy Harat, Mrs. Floyd Riethmiller, Gina Cotterman, Tony Brink, and Jon Passow.

Help Provided for OEO Advisory Board

Tony Brink, from the office in Lansing, and Lenore Wilson, a program developer in Ann Arbor, traveled to Chelsea Tuesday bringing ideas on the ins and outs of OEO.

These representatives from the Office of Economic Opportunity (OEO) came to instruct members of the Chelsea Advisory Board in the workings of the government program so that it may be of use on the local level, where it counts the most.

The Advisory Board, which works with Chelsea community organizer Katy Harat, is comprised of high school students, and interested citizens. It provides an opportunity for low income residents to help themselves by getting involved in community activities.

The students, who are part of another OEO body, the Youth Council, have joined the advisers in planning a youth center in Chelsea.

The five high schoolers, Hattie Brown, Dennis Cosgrove, Jon Passow, Gina Cotterman, and Kyle Hollis, were in the most need of instruction, having just joined the board. The others are members of long standing.

Mary Jan O'Hare, the teen counselor, who has been hired to direct the activities of the teen center, was also among the 18 participants on hand.

The session, which lasted all day, was designed to start action which will last all year.

THOSE GOLDEN YEARS: It won't be long now until George Kruger begins to enjoy a new life of leisure in his newly-built retirement home in Cherokee Village, Ark. The Krugers will leave Michigan, where he has lived all his life, as soon as arrangements concerning their Manchester home are completed. The auction is Dec. 2 which will free the couple to begin "golfing, fishing, and fooling around." Kruger's retirement from the Federal Screw Works Nov. 30, comes after 10 years in the accounting department. Here he is pictured (right) with his boss, Arnold Steger, Division Controller at the Chelsea Screw Works branch.

Uncle Lew from Lima Says:

AR MISTER EDITOR: I was talking strong in Washington during the session at the country store on Sunday night. He started out by telling the fellows where he saw by papers that another one of our Vietnam generals has been made chief of staff of all the military.

The way Zeke said it looks to me, generals that want to get out of Vietnam and run the way they please. They all in these generals' before Congress, Zeke said, and the generals flat out they ain't paying much attention to the rules Congress lays down for fighting the war. So they perorate that general to a bigger job, and put another of his buddies in charge in Vietnam. Zeke said it looks to him like the military is getting out of hand, and with the blessings of Congress.

Furthermore, went on Zeke, if the generals don't get perimated, they retire and go to work for companies that make supplies for the military, so they get their hands in a bigger trough. Zeke said he couldn't see much difference in an ex-general working for a bomb plant and an Agricultural Department official quitting and going to work for the company that set up that big grain sale with Russia. In both cases, allowed Zeke, they're playing both ends against the middle.

Clem Webster was agreed with Zeke that they ain't much change in the shade of the military complex and the politician complex. Clem told the fellows that he had saw where it took Jefferson 18

days to write the Declaration of Independence. In them days, allowed Clem, we had statesmen that was thinking of the next generation. Today we got leaders that is, thinking about the next election, and we got voters that can't think no farther than what for supper.

For instance, went on Clem, he had saw where a bill was introduced in the Senate that would provide payment for victims of crimes. The argument for the bill was that Government has a duty to protect citizens, and if it can't, the least it ought to do is pay em for damages. Clem said he couldn't see the difference in the way to rob the taxpayer. Clem said he hoped that bill got mugged somewhere along the way, and the Congress would spend that \$11 million on catching crooks.

Mister Editor, our preacher said the other Sunday that all of us humans are close related and share common bonds. I figger that's what wrong with this country, my kinfolk is running it. Incidental the preacher give us a good 30-minute sermon that took him an hour. My old lady said it "sup passed all understanding and like God's mercy, it was everlasting."

Sometime I think she would of gone far in politics.

Yours truly,
Uncle Lew.

Cub Scouts Plan Christmas Tree Sale

Cub Scouts and fathers from Packs 435, 445, 415, and 455 will begin their annual Christmas tree sale Monday, Dec. 4. They will set up their wares at two locations, which they hope will be convenient to all their potential customers.

Lot No. 1 is at the Union 76 Service Station, owned by Jim Kalishok, on St. Main and Van Buren. The second lot is the parking lot of Meabon's TV on S. Main.

These locations will be staffed and ready for selling during the following hours: Monday through Friday, 9 to 9 p.m.; Saturdays, 9 a.m. to 5 p.m.; and Sundays, 1 to 5 p.m. Sales will begin Dec. 4, and continue through 6 p.m. Saturday, Dec. 23.

This annual Christmas tree sale which is the sole fund-raising effort of the area Cub Scouts, furnishes the necessary money to support cub activities.

The Rev. John R. Morris wants fathers of Cub Scouts to know, "Your help is needed on Saturday, Dec. 2, at 11 a.m. We will be meeting in Meabon's Parking lot with pick-up trucks to pick up trees which have already been cut."

Fathers are needed on Sunday, also, to help with the final cutting of area trees. "If you cannot help on Sunday, Dec. 3," says Morris, "then please help on Saturday to get trees to our selling locations."

Helpers are to call Morris, chairman, at 475-8064 for further details.

"Turnover High"

Many new faces will be present in Lansing next January when the legislature convenes for its 1973 session. All the fresh faces will be in the House, whose members' terms expire this year. The Senate members have four-year terms, all of which expire in 1974.

A total of 25 new members should answer the first roll call in 1973. They'll replace 25 members of this year's House for a variety of reasons.

Reapportionment was the single biggest reason for the wholesale change. The redrawing of maps threw 14 incumbents into seven districts. Several other incumbents found themselves in new districts quite a bit different from their old districts and were unable to hold the seat. And a few lawmakers just quit to take other jobs.

Ironically, not one member of this year's legislature will be going to Washington in the new Congress, despite the fact Potomac Fever hit quite a few of them.

Two House members—Republican David Serotkin and Democrat Marvin Stempien—failed in efforts to unseat incumbents in the General Election. Also failing to secure a seat was Democratic State Sen. Daniel Cooper of Oak Park. Cooper thought he had a sure ticket to Congress, but the busing issue ruined his hopes and produced a victory for his opponent, former Republican State Sen. Robert Huber.

Cooper, however, has two more years to run in his Senate term. So he still has a job. Serotkin and Stempien are out.

The new House will have 60 Democrats and 50 Republicans despite the victories in Michigan scored by President Nixon, Sen. Robert Griffin, the state of education candidates, and retention of 12 of the 19 Congressional districts.

This Democratic control is a tribute to the expertise of Democratic Party technicians who drew

up the reapportionment plan eventually adopted by the Michigan Supreme Court over one submitted by the Republicans.

The map drawers were able to spread around the Democratic support enough to insure the election of a Democratic majority no matter what. Republicans have been shaking their heads over the fact that roughly 2,000 votes difference in a few districts would have given them control. They even picked up a seat in Macomb county neither they nor the Democrats expected them to get.

VFW Voice Of Democracy Contest Open

It's not too late to enter the VFW Voice of Democracy Scholars Program. Local judging is tentatively scheduled to end Dec. 10, but may be extended depending upon the response, says Mrs. Nelson Otto, VFW Auxiliary chairman for Post No. 423.

Mrs. Otto encouraged students at Dexter High to enter the contest, which involves writing and taping a three- to five-minute broadcast expressing their personal views on their "Responsibility to Freedom."

Judging of the programs will take place on four levels: local district, department, and national. A \$50 savings bond is the first prize locally, followed by a \$25 bond and a \$10 cash certificate. Winners at the department level will be sent to Washington, D.C., for the national competition. "One of the greatest benefits to young people who take part in the program is that by thinking, writing and speaking on their Responsibility to Freedom, they gain a better appreciation of our freedom heritage," says Commander Lee Rizer of VFW Post 423.

But in the end the mapmakers proved to have sliced the line just thin enough to maintain their control.

One can only wonder what the make up will be if the Democrats regain their strength on state-wide offices over the next election or two.

The current results also should remove any doubt as to who will take over the Senate in 1974. It becomes obvious that several Republican incumbents are going to have to perform miracles to retain their seats.

"Licenses On Sale"

The changeover of license plates on every motor vehicle in the state is going on again and Secretary of State Richard Austin is expecting another record.

Austin says his office has mailed out a total of 5.8 million prepared applications to owners of motor vehicles and trailers in Michigan. He says he expects a large number of these to come back by mail rather than having owners go to branch offices to buy their plates.

Austin began the sale through the mail last year and at the same time began accepting checks for the licenses for the first time.

This year drivers will receive complete new plates rather than the tabs issued last year. The plates will have a blue background and white reflectorized lettering.

The plates sold in branch offices this year will be different from those sold through the mail.

"The ones you get by mail are made of a new lightweight aluminum," Austin says. "The ones you get from the branch offices will be galvanized steel."

The deadline for purchasing them through the mail has been extended to Feb. 10 this year. Last year it was Jan. 1.

The deadline for getting them on your car is still April 1.

34 Years Ago...

Thursday, Dec. 1, 1938—

Dillon Wolverton of Middleville has purchased A.W. Wilkinson the residential property on S. Main St., adjacent to the post office property, and will erect a modern theatre building on the site. The deal, which has been pending for several weeks, was consummated Tuesday morning, and razing of the house on the property was started immediately. With the wrecking of the Wilkinson House another

Chelsea landmark becomes only a memory. The house was built in 1873 by Mr. and Mrs. Thomas Wilkinson, parents of A. W. Wilkinson, on property deeded to Mrs. Wilkinson by her father, John C. Wimans.

Mr. and Mrs. Frank Moore will celebrate their golden wedding anniversary Sunday, at their home in Waterloo township where they have resided the past 50 years. For 10 years they lived in a log house, and in 1898 they built a house just across the driveway which is their present home.

Additional construction work which will expand the National Youth Administration work-training center at Chelsea into one of the 14 major regional camps in the nation was launched this week. The center is located at Cassidy Lake in the Jackson-Washtenaw county area.

Fire was discovered about 9 p.m. Monday night at the home of Mrs. Mary Eder, corner of East and Jackson Sts. The blaze of undetermined origin started in the store-shed adjoining the house, burning the shed and a portion of the siding. The local fire department responded to the call and saved the main structure.

Gridders of the Week

KEITH HUME (40) is not an easy man to get ahold of. Even though football season, which witnessed his skill as a halfback, is over, he is almost never at home. If he isn't out hunting, he never got his deer this year, he's on the ice. Keith's love of ice hockey was enough to make him give up wrestling when the coach gave him an ultimatum a year ago. It was to be either the mat or the rink, and the latter won. Now he plays with two teams, an adult squad in Jackson, and the junior team here in Chelsea. He first learned the game when he lived in Ann Arbor, his home until he came to Chelsea in the 8th grade. He did his part to promote the game here by lending his hand to the construction of the rink both years. Keith is ready to graduate, but his plans are not definite. If he had his way, he'd hop on a big bike, like a Harley-Davidson, and head for the gulf coast of Florida, which he visited and enjoyed last spring. But he foresees time working at the lumber yard, where he now works after school, before he can afford to have his Florida dream come true. This busy man somehow finds free time to pursue his likes. He enjoys motorcycle hill climbing, which, like hockey "is dangerous but fun," rock music, Arlo Guthrie, and water skiing in the summer.

"MIKE" MERKEL (60) is one griddier who wasn't left with time on his hands when football season ended a few weeks ago. He was off enjoying hunting season until he got his eight-point buck near Kalkaska. Now that the hunt is over for him, he is looking forward to snowmobile racing with his father and a little sister, who will compete in the powder puff league. Mike's father has raced for a couple of years, but since he often gets hurt, says Mike, he's passing the chance down to his son. Mike has gotten practice on the family's five snowmobiles, but this will be his first season of competition. Another first this winter will be Mike's beginning attempts at skiing, which will take place when he travels to Boyne Mountain with the high school Ski Club in January. Mike, who was a center of the varsity squad this fall, is now working at Ann Arbor Centerless after school. He has worked there several summers, and thinks he will stay with the factory after graduation. He has spent other working hours on a farm and doing landscaping when he was working for his father, but he finds the factory job is the most lucrative. This is easily understandable when Mike explains that the farmer paid him with checks that bounced. Although Mike thinks he'll miss football and high school a year from now, he anticipates with pleasure the sensation of being a breadwinner. Mike is the only boy in a family which has six girls. He says, "when I was younger, I thought it was a bum deal, but it's not so bad once you get used to it." He admits that such an experience might qualify him as an expert on women.

Police Report Two Arrests Over Week-end

Although this is supposed to be the season of good cheer, it was scarce in some sections of our community this past week. The Chelsea Police Department found it necessary to make two arrests since Thanksgiving.

The first occurred Friday afternoon at 1:40, after auxiliary policeman William Detling observed an apparently intoxicated man approaching individuals on the street. He concluded that the man was making a nuisance of himself.

Detling reported the disturbance to Chief George Meranuck. The chief arrested Eugene Charles LaRoe on charges of drunk and disorderly conduct, and escorted him to Washtenaw County Jail, where he remained until Monday's arraignment.

LaRoe pled guilty to the charges and was sentenced to three days in jail. He was given credit for the days already spent behind bars.

The second arrest took place at Cheker Gas station at 9:45 Sunday night. The assistant manager of the station had called the police after three youths and a girl dumped soap powder in the restroom.

Patrolmen Robert Browning and Lenard McDougall, who responded to the call, encountered the youths with several cans of opened beer, in Polly's parking lot.

When the officers took the youths back to the service station to discuss the restroom incident, one fellow, John C. Fitzsimmons, became increasingly unruly in spite of warnings. He was finally arrested on charges of unlawfully possessing liquor as a minor.

When Fitzsimmons came before Judge Arkinson in the 14th district Court, he pled guilty, and paid a \$25 fine. He was placed on three months probation.

Holiday Mail Deadlines

(Continued from page one)
that Christmas stamps are now on sale. He recommends that all customers endeavor to use zip codes, which help speed the mails through the Christmas period.

The following is a schedule recommended by the postmaster to insure that packages arrive in time for the big day.

Mails going overseas to individuals in the armed forces should be air mailed by Dec. 11, parcel air-lifted (PAL) by Dec. 1, and sent space available by Nov. 27. Surface mail should have gone out Nov. 11.

Packages headed for servicemen in Africa should be airmailed by Dec. 9. They should have been sent by PAL by Nov. 17, and sent space available or by surface mail on Nov. 11. If the destination is the Near East, Dec. 1 is the deadline for airmail, Nov. 7 was the time for PAL, and Nov. 1 was the time for surface and space available transportation.

If you are sending to servicemen in the Far East, you must send air mail parcels by Dec. 1, while air-lift parcels should have gone out Nov. 27, and space available by Nov. 20. Oct. 27 was the cut-off date for surface mail going that distance.

Parcels headed for domestic locations, other than Alaska and Hawaii, should be in the mail by Dec. 10. Letters should be out by Dec. 15. If they are airmailed, one can wait until Dec. 20 for parcels, and Dec. 21 for letters.

Surface mail destined for Alaska and Hawaii should be in the works by Nov. 30, if it is a package, and by Dec. 15, if it's a letter. If airmailed, Dec. 20 is the date for parcels and letters.

Cards and packages to friends in other parts of the world should already be on their way if they are being sent by surface means. Airmailed parcels will reach Canada and Mexico if sent on Dec. 14. Letters can go Dec. 19, if airmailed.

Air parcels for South and Central America, and Europe, should be sent by Dec. 11, while Dec. 16

You could make a pretty hefty hill of gobslaw from the almost 92 million pounds of cabbage grown in the state of Michigan last year. The crop was worth about \$2.6 mil-lion, which placed Michigan sixth in the U. S. in cabbage production in Michigan.

REMEMBER WHEN?
Remember when your grand-mother churned butter? Those days are long gone and the old butter churn has been transformed into sleek, modern machinery pouring out about 28 million pounds a year in the U. S. in cabbage production in Michigan.

TODAY'S THOUGHT

By LOUIS BURGHARDT
Many things seem wrong these days. More and more people complain that we have accepted, or at least tolerate conditions and situations which people in previous generations would never permit. Complaints are heard about personal pleasures—wild pleasures in human behavior. Intellectual arrogance is seen in some politicians and public officials who in some areas seek votes through promises known to be morally and spiritually wrong. Unreasonable zealots are seen intimidating authorities. Lunatic violence. Judicial processes and courts boldly rebuffed. And to these complaints you can add your own to an endless list.
Good intentioned people are bewildered by the dilemma of moral values turned topsy-turvy. What can be done about it? For one thing it certainly is not helpful to condemn everything and everybody. And we certainly don't need "new" concepts for correction of our faults. It should be obvious we need more ad-herence to the old rules; obedience to the 10 commandments. We need faith in religious reliance and an alliance with God...

No 'Big' Lottery Winners Reported in Local Area

Not long after that suspenseful moment, Friday, in Cobo Arena, Wallace Wood at the Secretary of State's office in Chelsea was confronted with what appeared to be a winning ticket, the first of 22 he was to see.

"The trouble was, it was too soon to tell."

Although the first official drawing of the Michigan lottery had occurred, local officials could not verify the winning numbers until noon.

The fortunate but frustrated Keith Kusterer had arrived at Wood's office at 11:45, and had to come back later to have his good luck made official. Keith, the son of lottery agent Luther Kusterer, had learned of his good fortune by listening to the drawing results on CKLW.

The lucky 130 appeared on one of the several tickets the senior Kusterer had purchased and distributed among his family. The lucky son has now returned to college at Michigan State where he will wait for his check from the Lottery Commission.

A Pinckney woman was the best lucky area resident to come to Wood in order to register her win. She collected a receipt for her winning ticket, and picked up forms which must be filled out and returned to the commission in Lansing.

Upon receiving the forms, the lottery commission sends out the \$25 check. The ticket number is then entered in the "big time" pool from which the million dollar winner will be chosen, after 30 million lottery tickets are sold.

The Pinckney woman was followed by another Chelsea winner, Jack Warren, who is a barber in town. He learned of his windfall when he picked up the Ann Arbor News late Friday afternoon.

His reaction to his luck is very low keyed. "I am very fortunate to be one of the \$25 winners," he says, but he doesn't expect to become a millionaire.

And what mad thing will he do with his prize? "Buy license plates," he says.

In fact, most winners who talked with The Chelsea Standard were very level headed about their good fortune. William Schaeles said he was quite happy to learn the winning numbers Sunday morning, but like Warren, he allows no illusions. When asked about the possibility of coming into thousands of dollars he says, "It's beyond my comprehension."

Another sensible gambler is Leo Clark, who bought his one ticket at the Chelsea Card & Gift Shop when he was in buying a birthday card for his wife. When he came out, \$25 richer, his reaction was

"holysmokes!" but rather than lusting after the million dollar prize, he looks at it on a practical side. "If I won that, everyone would bother me. I didn't even expect to win this," he says.

The various local agents have gotten some feedback concerning the success of their patrons. Most have heard from three or four lucky customers who returned to share the good news.

Matt Hintzen of the Inverness Inn has an especially interesting good luck story to tell. He sold six winning tickets, but his newly organized "Potential Millionaires Club" consists of only three members.

That's because one of his patrons held three winning tickets out of the six he bought at the Inn. Defying all odds, 35-year-old Leonard Moravcik, of Hazel Park, made \$75 on his \$3 investment. Hintzen says that Moravcik, a summer and week-end resident of the area, can't help but be a bit excited about the million dollar drawing. His wife and three children are dreaming, too.

But that success story is the exception. Most agents offered reports similar to Vi Eubanks' at Jack & Vi's North Lake Store. "We've heard of four people who bought their tickets from us and won. They are all real happy."

She speculates that they'll know even more winners after the drawing this Thursday afternoon in Lansing, because their sales have soared this week. As of Monday, they had sold 650 tickets, which is a good number compared with the 536 total sold before the first drawing.

The sales at the Chelsea Card & Gift Shop, in contrast, have slowed this week which is in line with a Wallace Wood prediction. "The

evidence in most states suggests that sales slump after the initial excitement, but then come back up after the big winners are announced."

The 22 Chelsea area winners are now eligible for the million dollar prize. None of them, however, held the special ticket containing both winning numbers, 130 and 554, which would have netted \$10,000. Yet there were very few of those in the entire state. Of course, \$25 is not bad for a start.

CHS Wrestlers . . .

(Continued from page one)

This squad follows an impressive season a year ago which ended with Chelsea second in the league. The team earned a 14-2 standing in the dual competitions, and won a 16-team tournament at Parma Western, and the South Lyon Invitational. Unfortunately, they graduated many of the stars.

Nevertheless, the coach has high expectations of this year's matmen. He says, "It most certainly will be an exciting team to watch."

Plymouth Man Dies in Crash On Territorial

A Plymouth man was pronounced dead at the scene of a two-car collision on North Territorial Rd., Sunday, Nov. 26.

Thomas Robert Leslie, 23, of Plymouth, was driving a 1971 Gremlin heading west on North Territorial Rd., two-tenths of a mile west of Mast Rd. A spokesman from the Washtenaw county Sheriff's Department says Leslie was apparently driving too fast for road conditions, hit some slush, went out of control and crossed the center line.

The Leslie vehicle was struck by Donald Matthews, 35, of Pinckney, who was driving a Chevy pickup truck east on North Territorial Rd.

Matthews was taken to University of Michigan hospital with head lacerations. Leslie was dead at the scene.

LETTUCE STORAGE TIP

Keep lettuce away from apples, pears and other fruits in the refrigerator, advises Michigan State Specialist Maryann Beckman. Some fruits give off an ethylene gas that causes russetting and rapid deterioration of lettuce, the specialist explains.

CHECK SOIL FOR HOME SITE
Believe in dreams? Well, you can believe this: Build your dream house on the wrong kind of soil, and it could turn into a nightmare. The wrong soil can mean flooded basements, cracked walls and foundations, and septic fields that fail to work. Gen. Herbert D. Vogel Honored By Engineers

The U. S. Army Engineer School is establishing academic chairs to honor three men who have made history in military engineering. One of the three, Brigadier General Herbert D. Vogel, USA Ret., will be the first to occupy the George W. Goethals Chair of Military Construction.

A 1924 graduate of the United States Military Academy, General Vogel founded and directed the USA Engineer Waterways Experiment Station from 1929 to 1934. He served as District Engineer;

Lieutenant Governor, Panama Canal Zone; and vice-president of the Panama Canal.

He was Division Engineer, Dallas, Tex., until his military retirement in 1954. He acted as Chairman of the Tennessee Valley Authority from 1954 to 1962. From 1963 to 1967, he was Engineer Advisor to the World Bank. He is presently a Resource Development Engineer Consultant.

He is a former resident of Chelsea, and many of his relatives remain in the area.

The George W. Goethals Chair of Military Construction is named for the Major General who achieved one of the greatest engineering feats in history, the construction of the Panama Canal. In this undertaking, he was chairman and chief engineer of the Isthmian Canal Commission from 1907 to 1914. During the next two years, he was Governor of the Panama Canal. He died in 1928.

The investiture of the chairs took place Nov. 15, along with the Engineer Officer Advanced Course 1-73 opening exercise. A permanent plaque for each academic chair will be mounted in the lobby of Humphrey's Hall at the Engineer School. As each individual is appointed to occupy a chair, his name will be added to the plaque. In addition to visiting the school annually, those occupying the chairs will be invited to speak to Engineer School students.

New Owner Now Managing Laundromat

There is a new face in town, and soon there will be a new sign to go with it. Paedong Kim has moved to Chelsea to take over the Wash 'N' Dry laundromat on W. Middle St., next to Sylvan Town Hall.

Kim bought the establishment six weeks ago from Bob Towner who had owned it for 14 years. He will add a new sign, "Kim's Wash & Dry." At the time of purchase, Kim was living in Dexter where he had been a partner in a biological supply company. The partnership has since dissolved.

Kim, a native of Korea, first came to the United States six months ago. His family remains in Seoul, waiting for immigration clearance. Kim says his request for permanent residency has been approved. It's just a matter of time before it becomes official.

The fundamentals of Kim's fluent English were acquired during the Korean War when he was stationed with the American Army. His command of the language is excellent.

Kim is very impressed with Chelsea so far. He would like to stay here "if all goes well, and if I can bring my family over." He is looking forward to making friends here, and running his business well.

"I am ambitious to expand my business and give good service," he says.

With that kind of attitude, he probably will.

Two Youths Drown Friday

With winter comes the perennial lure of frozen lakes, and the all-too-frequent tragedy that results from it. Such was the case last Friday when two Grass Lake youths, Danny Kimball, 19, and Roger Williams, 21, drowned when thin ice broke on a mill pond near the community.

State Police reported that Williams and his brother had been sliding on the ice when it gave way, plunging them into freezing water.

Kimball was one of several people who came to their aid. Although Williams' brother was rescued, Kimball went down trying to help.

THEY'RE ADOPTABLE: Do you have a home for one of us? We're ready to go! This small, short-haired terrier (left), and silver-color terrier (center) are shown with shelter manager Irvin Maynard. The red-brown collie-mix, shown with

C. B. Gonyon, assistant manager on week-ends, are all, along with others, waiting for a good home to make room for others that continually come to the Humane Society of Huron Valley Shelter on Cherry Hill Rd.

Railroad Cited For Blocking Crossings

Police Chief George Meranuck's peaceful Thanksgiving day was disrupted by an all too familiar irritation. It was the train again.

About 10:15, a disgruntled citizen came into the office to report that the train had been straddling Main St. for at least five minutes. Another citizen complained that the train was blocking all the intersecting streets in town.

Chief Meranuck was still directing traffic 30 minutes later when the obstruction was finally moved down the track. He noted the specific railroad name written on the caboose, and immediately issued a citation charging the railroad with blocking traffic for more than the allowed five minutes.

A citation written last October has yet to come up in court. Each violation, the new and the old, could bring as much as a \$200 fine.

St. Louis School Notes

Since their return from holiday time with their families, the boys at the school have been busy in the workshop with Father Germano. They are making candles, candlestick holders, and ceramics items for Christmas gifts.

Their finished wares will be displayed in the school lobby along with oil paintings by Father Germano, to entice prospective buyers. Proceeds from the sale will go back into the workshop so that the boys may continue their crafts.

Three boys from the school are working at CAP, Inc., a few days a week. Mrs. Dickerson, the director of the company, which employs handicapped individuals, says that the boys, Martin Cook, Jerry Brown, and Richard Wickenhiser, are doing well.

Father Umberto was a guest on Tecumseh's radio station last week. As guest of Betty Flanders, he was interviewed about the school and his own life. The radio spot was

also used to plug the St. Louis school recording which is now on sale.

Records may be purchased at the school, or at the Chelsea Card & Gift Shop. The school is looking for another establishment to market their product as well.

Robert Wells and the Kiwanis Club of Garden City sent the boys a hearty supply of peanuts, which was appreciated. Another treat was the gift of 24 chickens, donated by Gorton Riethmiller of Waterloo.

The two birthday boys this week were Richard Copeland and Jon Burns who were serenaded by a chorus of happy birthday by Father Umberto and the band.

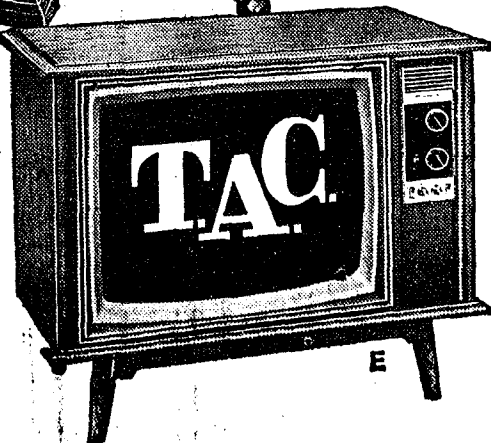

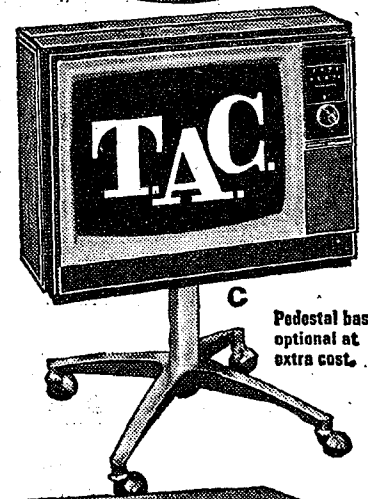

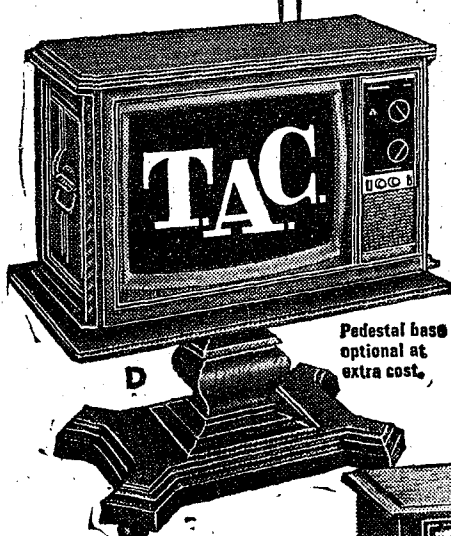

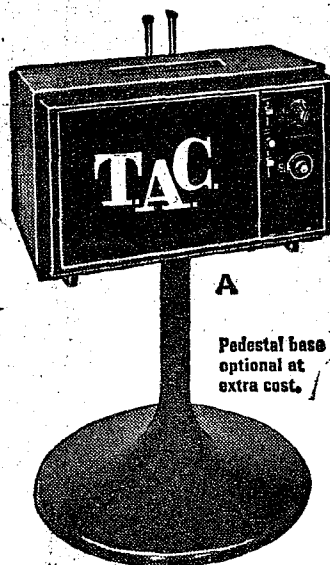

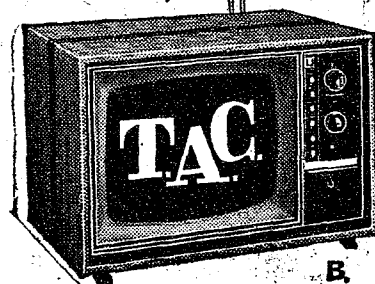

The boys, who will remain at school this week-end are heading for Dexter for a basketball game. They are also practicing for the Dec. 17 Christmas program.
