## Darryl West Third in State Mat Tourney

It's not easy to come to the end of the line after going so far. "Yes, we were a little disappointed," admits Richard Bareis, speaking of the trip home after the State Wrestling tournament last week-end in Kalamazoo. It was a sentimental journey.

For Darryl West, it might have been a time to look ahead. The only sophomore among the five who reached state finals, Darryl was the only man from Chelsea to place. His third-place finish in the 145-pound weight class capped a fine 30-8-1 season.

He had two victories under his belt before falling to the eventual state champ in a 2-1 overtime decision. He won two more consolation matches to snap up the third place title. "Not many sophomores place at State," says Bareis. "He wrestled extremely well for his age and degree of experience."

For the seniors in the group, Mark Montagne, Tim Lancaster, and Steve Worden, it was a time to consider the close of their high school wrestling careers. Mark's elimination from the finals after one win was an unflattering climax to a illustrious four-year performance comprising 124 wins and 15 losses. "I don't know of anyone who can match that record," says Coach Bareis.

Even in his freshman year, Montagne had gone to the state competition, and by his sophomore year, his skill had carved out a second-place in the 98-pound division. As a junior, he placed third at 105 pounds. After this season, in which Mark distinguished himself further with a 26-1 record, Saturday's outcome was unexpected.

Lancaster, while rarely reaching the heights of achievement commanded by Montagne, has been a steady boon to the Bulldogs on the mats. He went into Saturday's competition with a 34-4 season record and lost his first match to an eventual finalist. He came back to win a match in the consolation bouts before being finally ousted.

Both John Beeman, a junior, and senior heavyweight Steve Worden, were eliminated immediately last week-end, but they both can be proud. "Steve saved our neck several times this year in those last heavyweight matches," says his coach. "He did a good job."

The coach expects to see more fine wrestling from Beeman next year. Bareis points to the junior's 18.3 record this year, the best so far, and explains that it is especially noteworthy because it was in a tough weight class.

"All of them have done a great deal for wrestling at Chelsea," concludes the coach.

## Area Cribbage Tournament Starts Monday

Chelsea Jaycees are ready to host their second annual Cribbage Tournament, which they believe will be well attended. Even before publicity began, between 25 and 35 individuals signed up for the competition.

Not all contestants will be hardcore cribbage nuts; some have just learned the game recently, but Art Steinaway says, "You must at least have enough knowledge of the game to count your own cards." Those who have "15-one, 15-twoed" even a few times are welcome.

Contestants must pitch in \$2 which qualifies them for participation in 30 games, 10 games each night of the first three nights of play. The tournament begins March 19 and will be held in Beach Middle school cafeteria.

Registration will be the first night, between 6:30 and 7 p.m. in the playing area. Play will start at 7 sharp that night and on March 26 and April 2, the other two playing days. Semi-finalists will continue at 7 p.m. April 9. The finals, April 16, also at 7 p.m., will determine the champ.

The \$2 entrance fee will not go for equipment, since each player is required to supply his own cards and cribbage board. Instead it will be put into prizes, the winners taking all. Trophies will be awarded to the top four places.

The tournament comes on the heels of the successful Ann Arbor event. Says Art Steinaway, organizer and cribbage buff, "We had to wait to schedule ours so that it wouldn't overlap with the Ann Arbor one. Some people want to compete in both." Questions about the tournament will be answered by Art at 475-2923.

## Pussy Willows, Robins Herald Welcome Spring

No one could doubt, Sunday, that spring had arrived, but by Monday the cold winds told another story. Nevertheless, Ray Steinbach, of 70 Cedar Lake, found encouragement in several signs of spring on his property. His home is decorated with sprigs of pussy willow his sons plucked several days ago. Monday, a robin visited his back yard while two fat Canadian geese stopped for a while on the lake.

Steinbach says the birds looked well-fed and healthy. He was sure they were on their way north after wintering in the south. The same pair of geese visit every year, snacking on the corn the Steinbach boys leave for them.

Mrs. Joseph Wencel also spotted robins in her yard at 19278 N. Territorial. Two pair visited, Tuesday.

David Kealy attended the Michigan Convention of Registered Surveyors in Lansing, and spent the week-end at the home of his parents, Mr. and Mrs. Harry Kealy. David is employed as a surveyor with Post, Burkley, Inc., Miami, Fla.

## Bulldogs Lose To Tecumseh In Tourney

Tecumseh Indians drummed the Bulldogs out of District Tournament play, Wednesday, with a 57-51 win. The torturous defeat, with victory tauntingly close at times, was especially disappointing since the Bulldogs had trend the Indians, 69-53, during the season.

Even though Tecumseh had stepped ahead by the end of the first quarter, and stayed there, they did not spirit away with the scoring entirely. The Bulldogs were nipping at the Indian heels continually, often coming within just a few points of pulling ahead.

Neither team excelled offensively. Once again, it was skill at the charity line that made the difference, especially in the second period. The Indians shot accurately for five baskets and made six out of eight free throws in that quarter. The Bulldogs did a bit better from the field with six baskets, but couldn't make one from the charity line. Tecumseh led a half-time with 28 to Chelsea's 22.

Chelsea fought back to within two points of the Indians in the third quarter, by out scoring Tecumseh, 16-12. They were breathing down their opponents' neck, 38-40, when the Indians sneaked off with a five-point lead.

The Bulldogs inched within striking distance again, 54-51, with a minute to go, but missed what could have been the decisive free throw. A subsequent field goal and a free throw for the Indians gave the evening to Tecumseh.

In this last game, Rick Miller reached a pinnacle as high scorer with 14 points. He was followed by Jeff Schmidt and John Mann, each with 12. Tim Treado added eight.

Chelsea Jaycees are ready to host their second annual Cribbage Tournament, which they believe will be well attended. Even before publicity began, between 25 and 35 individuals signed up for the competition.

Not all contestants will be hardcore cribbage nuts; some have just learned the game recently, but Art Steinaway says, "You must at least have enough knowledge of the game to count your own cards." Those who have "15-one, 15-twoed" even a few times are welcome.

Contestants must pitch in \$2 which qualifies them for participation in 30 games, 10 games each night of the first three nights of play. The tournament begins March 19 and will be held in Beach Middle school cafeteria.

Registration will be the first night, between 6:30 and 7 p.m. in the playing area. Play will start at 7 sharp that night and on March 26 and April 2, the other two playing days. Semi-finalists will continue at 7 p.m. April 9. The finals, April 16, also at 7 p.m., will determine the champ.

The \$2 entrance fee will not go for equipment, since each player is required to supply his own cards and cribbage board. Instead it will be put into prizes, the winners taking all. Trophies will be awarded to the top four places.

The tournament comes on the heels of the successful Ann Arbor event. Says Art Steinaway, organizer and cribbage buff, "We had to wait to schedule ours so that it wouldn't overlap with the Ann Arbor one. Some people want to compete in both." Questions about the tournament will be answered by Art at 475-2923.

## Jr. High Bands Score Well in District Meet

Both the 7th and 8th grade bands returned from competition in Ypsilanti, this Saturday, with respectable ratings. The 7th graders earned a Division I mark while the 8th graders were given a II.

Two of the three judges to listen to the 7th grade concert piece gave the group first class, or "superior" marks with the third offering a II. In the sight-reading test, the band earned another I.

Warren Mayer, 7th grade band director, said that one judge, Maurice Riley, was especially gracious in his comment which read, "Bringing such a large 7th grade band to this festival reflects lots of work and dedication on the part of the school authorities, parents and the director. Congratulations to the town of Chelsea."

Ron Harris, director of the 8th grade group, which traveled to West Junior High, said his group brought home a II rating after receiving two Division II and one Division I grades in the concert part of the competition. They earned a II in the sight-reading exercise. The II rating designates "excellent" ability.

Harris said the 8th graders were praised for their interpretation and their style, but their tone and rhythm need work.

The Rev. and Mrs. S. D. Kinde of Clio were callers at Mary Clark's home Friday afternoon.

IT'S GIRL SCOUT WEEK and the Chelsea Brownie, Junior and Cadette troops have taken this opportunity to say thank you to the community and offer some thoughts of their own. Their displays in downtown store windows encompass everything from Indian customs to what it means to be a good citizen. The variety of themes are related by the sentiment displayed on Troop 442's placard, held high by Mrs. Kenneth McDowell (left rear) of that troop, and Mrs. Thomas Bear (right rear) of Troop 689. The leaders are accompanied by representatives of the area scout troops. They are, on the floor in front, from left, Larie Flinn, Venita Scott, Teresa Hoffman and Karen Blanchard; and in the middle row, Susan Satterthwaite, Renee Satterthwaite, Dawn McDowell and Linda Durgan.

Monday's village election revealed that staying at home, or at least staying away from the polls, was the voters most popular choice. Only 71 individuals, less than 10 percent of the electorate, cast their ballots.

The slate of unopposed village officers, while not getting a rousing vote of confidence, can feel secure in that no one felt strongly enough to vote against them. There were no write-in votes recorded.

Loren Keizer, who will assume the duties of clerk for the next two years, received 65 votes, while Judson Goltra, the candidate for assessor, was given 67. The trustees were given their authority with 67 votes for Richard Borton, 65 for Sam Johnson, and 63 for Harold Pennington.

Librarian trustees, who will sit on the library board of directors for the next three years, are Jean Eaton, who earned 65 votes, and James Schardein, with 64.

Alfred Titus has been in St. Joseph Mercy Hospital since Feb. 21. He may be reached at room 503, bed one. He is the brother of Mrs. Frank Reed, who visits him every day.

## Chaperones Needed for Band Camp

The March 8 Band Boosters meeting opened with the reading of the minutes of the last meeting, by the secretary, Mrs. Earl Klemmcr. Several topics were discussed.

Mr. and Mrs. Mel Leach, directors of the 1973 Summer Band Camp announced that there is a need for chaperones, and that if any band parents are interested, they should phone 475-8128. Band Camp is being held again this year at Camp Maplehurst, near Traverse City, the week of Aug. 19-25.

Warren Mayer announced that because of a slight rate increase by Camp Maplehurst, the Band Camp rate this year will be \$25 per student, and \$12.50 for a second child in the family.

James Sprague, Band Boosters president, announced that the nominating committee working on a slate of Band Boosters officers for next year will be: Mrs. Phil Bareis, Don Pierson, Mrs. Ron Beyer, and Jim Lorenz.

Warren Mayer, and Ron Harris then made several announcements. Rainwear for band members was discussed and there will be samples shown at the next Band Boosters meeting.

State Solo and Ensemble Festival will be March 24, at Bridgeport, which is in the Saginaw area. April 28, the State Band Festival will also be held in the Saginaw vicinity.

The next Band Boosters meeting will be held Thursday, April 12. All band parents should make an effort to attend these meetings.

SUZANNE HAFER

## Chosen for Youth Band Summer Tour

Suzanne Hafer, daughter of Mr. and Mrs. John Hafer of 8912 Werker Rd., will tour Central and South America this summer with Musical Youth International. They will leave June 27, and return Aug. 5, after having performed in selected cities of Venezuela, British Honduras, and Mexico.

This group consists of 100 outstanding musicians selected from the Great Lakes area forming both a concert band and chorus.

Musical Youth International was started in 1956 during the Eisenhower administration. Purpose of the organization is to build a better understanding between the people of the U. S. and other countries. In its 16 years existence, this group has performed on every continent.

Suzanne is a sophomore at Chelsea High school and plays french horn in the band. When told of her acceptance into the organization, her comments were, "I don't believe it. This is a dream come true."

## Only 71 Vote In Uncontested Village Election

Monday's village election revealed that staying at home, or at least staying away from the polls, was the voters most popular choice. Only 71 individuals, less than 10 percent of the electorate, cast their ballots.

The slate of unopposed village officers, while not getting a rousing vote of confidence, can feel secure in that no one felt strongly enough to vote against them. There were no write-in votes recorded.

Loren Keizer, who will assume the duties of clerk for the next two years, received 65 votes, while Judson Goltra, the candidate for assessor, was given 67. The trustees were given their authority with 67 votes for Richard Borton, 65 for Sam Johnson, and 63 for Harold Pennington.

Librarian trustees, who will sit on the library board of directors for the next three years, are Jean Eaton, who earned 65 votes, and James Schardein, with 64.

Alfred Titus has been in St. Joseph Mercy Hospital since Feb. 21. He may be reached at room 503, bed one. He is the brother of Mrs. Frank Reed, who visits him every day.

## 'Oliver' Opens Wednesday At High School

Chelsea High school thespians are scruffing up their edges rather than polishing their ways in preparation for the first curtain call of "Oliver!" next Wednesday. Dress rehearsals have begun and cockney accents may be heard echoing in the auditorium.

The stage play, based on Charles Dickens' novel, "Oliver Twist," concerns 19th century London, a time and place where children were bought and sold as property belonging to their parents. Children, as young as six years of age, worked in mines and factories. Those who could not find work lived in work houses (poor houses) to keep from starving.

Oliver, the star of Lionel Bart's musical, is such an orphan, born in a work house. The only food he and his fellow paupers know is gruel. In the song "Food, Glorious Food," the hungry boys dream of growing fat on "hot sausage and mustard," the most scrumptious menu they are capable of imagining.

When Oliver dares to ask for more than the tiny portion allowed each child, Mr. Bumble (Ron Gaus), Widow Corney (Judi Blaess), and even the older orphans mock him so as not to appear accomplices.

Mr. Bumble and the Widow see Oliver as a troublemaker and decide to sell him to the Sowerberrys (Dale Heydlauff and Michelle McClear), who run a funeral parlor. Living with the dead is too frightful for Oliver, so in desperation, he runs away.

In the slums of London, the fugitive meets the Artful Dodger, (Dave Clemans) who offers to take him to Fagin (Jeff Daniels). There he joins the band of thieves and finds some solace in a friendship with Nancy (Pat Knickerbocker), who has been a member of Fagin's gang since childhood. She finds a warm spot in her heart for Oliver and sings sadly of her love for the hoodlum Bill Sikes (Ed Dreiman) and of her concern for Oliver.

The theme of "Oliver!", the misery of being poor in the "century of progress," is not a happy one, but the music is light and engaging, and humor is there among the rags.

Says Miss DiAnn L'Roy, director of the musical, "This year's cast has the most potential of any I have ever worked with. Jeff Daniels (Fagin) will give one of the best amateur performances I have ever seen on stage." Judi Blaess, publicity chairman, thinks that statement alone should make the public run to buy tickets.

Jeff Daniels, a senior at Chelsea High, has been in past musicals, "South Pacific," and "Guys and Dolls." Last summer he attended "Sound of Music" and was exasperated that he hadn't tried out for it. Says Jeff, "I went out the day after I saw the performance and bought the 'Oliver!' record."

"I guess I tried out for Fagin because I really like the part and felt I could do a good job," he says. "Some people may have seen

last year's musical and think that this year's can't be as good because a lot of seniors who were talented graduated. For those people, tickets are two dollars!"

Tickets may still be obtained, according to Judi, at the high school by either calling or coming in. Also, one may send a stamped, self-addressed envelope to "Tickets for Oliver!", Chelsea High school, Washington St.

All tickets are sold on a first come, first serve basis, and are \$2 each. Performances will be on Wednesday night, March 21, Friday night, March 23, and Saturday night, March 24, each beginning at 8 p.m.

As a special treat, the cast and crew will put on a matinee on Thursday, March 22, beginning at 12:30 p.m. Tickets for this performance will cost \$1, and may be obtained in the same way as other tickets.

Tickets for the week-end shows are going fast, according to DiAnn L'Roy, director of the production, but there are many empty seats left for the Wednesday and Thursday performances.

Judi says, "We would like anyone who is free in the afternoon to come, but we would especially like to urge all senior citizens to attend. The cast believes that this is an excellent play which will be enjoyed by people of all ages." For groups, tickets are available on a block basis. That is, an entire section may be purchased and reserved for groups.

Judi concludes with, "Oliver!" has pretty songs and lively dances, talented actors and actresses, but most of all it is presented with love, by the cast, to Miss L'Roy. She has worked and worked, worried and fretted for the past seven months and we dearly appreciate it."

## Winter Sports Banquet Slated At High School

Athletes and parents will share a pot-luck dinner at the high school tonight (Thursday) at 6:30. The occasion is the Annual Winter Sports Banquet. Those attending are asked to bring a hot and a cold dish to pass, and their own table service. Rolls, coffee, and milk will be provided.

Awards will be presented in the gymnasium following the dinner.

## Vandals Slash Swim Pool Liner

If the vandals that visited the property of Merle Leach, 1313 Freer Rd., wanted to do the most damage with the least amount of effort, they may have found the perfect crime.

Leach told police, March 12, that sometime within the previous 10 days someone had lifted the cover off his swimming pool and slashed the lining. \$200 damage was achieved in that swift stroke.

AN END AND A BEGINNING: With the conclusion of the 1972-73 wrestling season, several fine Chelsea grapplers ended their careers on the mat. But for Chelsea's star at the state finals last week-end, it is only a beginning. Sophomore Darryl West, who is accomplished despite his youth on both the gridiron and within the wrestling circle, will have a chance in the years to come to try for the state championship he missed this year when he came in third in the state competition. He was the only man to place of the five Chelsea grapplers who made the trip to Kalamazoo. He is shown here with assistant coach Sam Vogel on the left and Coach Richard Bareis on the right.

## Lyndon Township Allocates Revenue Sharing Funds

The Lyndon Township Board has designated a portion of its revenue sharing money to McKune Memorial Library, another portion to the Chelsea Area Recreation Council, and the remainder to the repair and replacement of culverts along township roads.

At the monthly meeting, Saturday morning, the board earmarked \$381.37 of the \$4,488 they received from the federal government, for use in the Chelsea Library. The Recreation Council will gain \$500.

The road work, says Mrs. Doris Fuhrmann, township clerk, would have been done sometime, but the township probably would not have had enough money to do it all this year, if not for the revenue sharing funds.

The balance of the meeting was devoted to discussion of the township budget which will be presented to the public March 31, and to the township's zoning ordinance. The ordinance, which has come the full route through county agencies, was approved and is published in this issue of The Chelsea Standard.

## Three Cagers Earn All-League Honorable Mention

With the announcement of Southeastern Conference All-League Team members, three Chelsea cagers were given honorable mention. They are Tim Treado, John Mann, and Jeff Schmidt.

The conference first string is comprised of Dave Ziegler, Saline; Stan Joplin, Milan; Mike Massey, Lincoln; Mike Smith, Milan; and Ed Segars, South Lyon.

Six men were named to the second team. They are: Tony Kern, South Lyon; Derrick Thomas, Lincoln; Larry Hunter, Lincoln; Mike Scott, Dexter; John Pantalone, Novi; and Scott Skinner, Saline.

A PACKED HOUSE viewed with interest the color slides of the Chrysler Proving Grounds shown at Monday night's Kiwanis Club meeting. Elmer Kiel, a proving grounds engineer and Kiwanian (left), is pictured here with Bob Ludwig (center), chief engineer at the grounds, and Jack Weber, a retired proving grounds employee.

# Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

Spring is fixing to spring, Mister Editor, you can bank on that. The sap ain't rising and the birds ain't singing, but my mailbox is bulging. The Government has launched the spring offensive, as they say, and the flood of pamphlets, circulars and plain junk from the farm agencies has come to tell us once again that the farmer and rancher ain't supposed to have nothing to do this time of year but read.

How it got in the latest shipment that told me how to build a grape arbor and go into the catfish farming business I don't know, but last week I got this notice in the mail about the Congressional Record being 100 years old this month. I was interested, cause it jest hadn't occurred to me to wonder how old the Congressional Record is. I use to subscribe to that book till I realized it was like trying to read a Reader's Digest ever night after supper, and afore the reading material or the supper was digested. Mister Editor, they call the Smithsonian Institution America's attic, so we ought to amaze the Congressional Record America's scrapbook.

But this piece said the Record now has jest 4,000 paid subscribers, which means a heap of folks feel like I do, or they got more freeloaders on the mailing list than the Postal Service would let any country paper git by with. I figger the truth is, nobody reads the Record but the Congressmen that fill it up with everything from their favorite recipes to clippings from the papers back home, at

a cost of \$7 million a year to print. Mister Editor, that old scrapbook is costing the taxpayers a whopping \$165 a page.

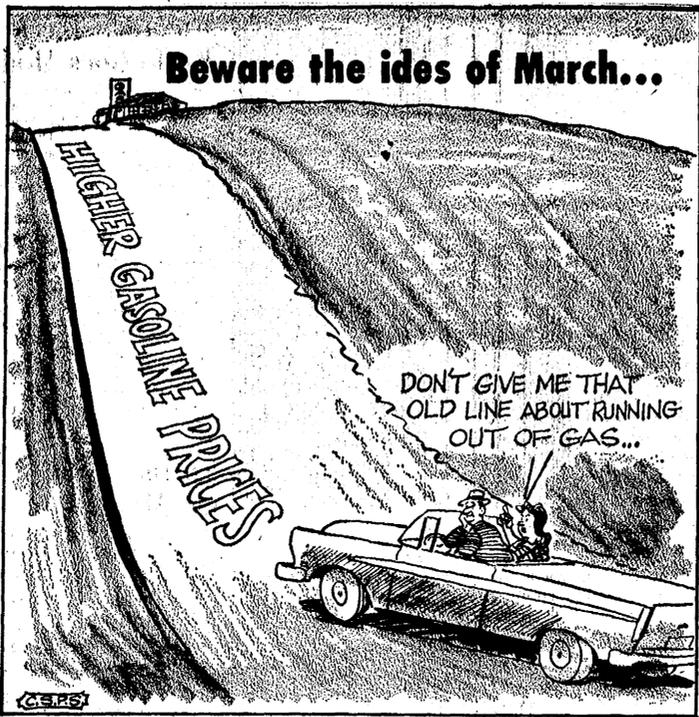

I was thinking of that report on the Congressional Record's 100 years Saturday night at the country store when the fellers got talking about the cost of "paper pollution." Josh Clodhopper had read this item where the Government spends \$18 billion a year to print, process and store its own paperwork, and Josh told the fellers he figgered at least \$16 billion of that was used up in endorsing memos, letters and blank forms from one agency to another. And reckon what's left over at the end of each working day they stick in the Congressional Record the next morning.

General speaking, allowed Clem Webster, about the only thing Washington ain't polluted with is efficiency. The new Congress has been in business not much over a month, said Clem, and all the Congressmen has already spent at least two weeks at home.

There's somepun that hits him sideways, declared Clem, about a Congressman that leaves his office in a \$200 million office building to ride a \$9,000 Government limosine to where he catches a \$20 million airplane to come home and give a speech on the need for greater economy in Government.

Yours truly,  
Uncle Lew.

Nearly 5,300 donors have given historical materials, most of them related to the state, to the University of Michigan's Historical Collections.

## JUST REMINISCING

Items Taken from the Files of The Chelsea Standard

### 4 Years Ago...

Thursday, March 13, 1969—

Chelsea's first state champions, Mike Gaken and Kerry Kargel, helped bring home a tournament trophy in the finale of the high school wrestling season. Ending their high school wrestling careers in the best way possible, the co-captains each finished number one in their weight classes and earned Michigan Class B championship medals.

There should be a lot of cookie munching in Chelsea after April 16, when the record 6,781 boxes of Girl Scout cookies ordered by area residents during the past two weeks are delivered. This year's topped totals last year by more than 600 boxes and means that there will be an average of more than one and one-half boxes of cookies for each Chelsea resident.

Chelsea firemen were called out 11 times last week to put out fires largely caused by burning trash. "People don't realize how fast these fires spread," commented Fire Chief Jim Gaken.

Alfretta Harrison, Chelsea High sophomore and member of the high school band, received word Monday that she has been accepted as a member of the USA High School Band and Orchestra, a national group which makes a two-week summer tour in the central and eastern part of the United States and in Canada.

Sophomores Jim Wojcicki and senior Lance Burghardt were placed on the second squad of the Southeastern Conference All-Conference team. Dave Conklin, a junior, received honorable mention.

### 14 Years Ago...

Thursday, March 12, 1959—

Phil Bareis, Chelsea senior at Western Michigan University, Kalamazoo, leaves by plane March 29, with the WMU baseball team to play in Florida State University Invitational Tourney which opens March 30. Bareis, a left-hander, is one of the pitchers the WMU coach, Charlie Maher, is counting on for the tourney which, according to present indication, will see the Chelsea hurler come into his own as top left-hander of the season. A graduate of Chelsea High school, Bareis is a son of Mr. and Mrs. Oscar E. Bareis of Dancer Rd.

Moving Day for a Sharon Township barn, approximately 38 feet wide and 70 feet long was last Saturday when the barn changed its location from the old Couch Dorr farm to the Don Irwin farm, one and one-half miles northwest across the fields. The barn replaced the Irwin barn destroyed by fire last New Year's day.

Calvin Summers has been named president of the Chelsea Community Chest board of directors. Other officers elected are Lyle Haselwerdt, vice-president; Donald Baldwin, treasurer; and Robert Anderson, secretary.

### 24 Years Ago...

Thursday, March 17, 1949—

The Library Board held its regular meeting Tuesday night, following the swearing-in of the newly elected board members: Jean Eaton, Armin Schneider and Kenneth Runciman, all of whom have previously served.

Mrs. William Weber announced Tuesday, that plans for the VFW Auxiliary's rummage sale next Saturday are now completed. Working with Mrs. Weber on the committee are Mrs. Clara Hutzel, Miss Alda Juergens, Mrs. Cleotia Prager, Mrs. Catherine Dorner, and Mrs. Ruth Perkins.

Exactly one-third of the 666

votes cast in Monday's village election on the proposal to change to a Home Rule City form of government in Chelsea were all that were cast in favor of the proposal. The rejection of the proposal is the second in two years.

Doris Downer, representative of Michigan 4-H clubs who appeared on the NBC network RFD in Chicago last Saturday, received a \$25-bond as third prize winner in the radio quiz contest.

Chelsea's MacLaughlin Motor Sales team has entered the Michigan Center Boosters' basketball tournament to be held at the Center High gym next week. Player-manager Don Alber has his personnel all primed for this tournament and feels they have a good chance. Team members are John Magiera, Bud Foster, Dwight Gadd, Harvey Lixey, Dick Kern, Leroy May, Jim Gaken, and Jim Carramer.

## MICHIGAN MIRROR

By Elmer E. White, Secretary, Michigan Press Association

**Reforms Pushed**  
The fact that he oversees both Michigan drivers and Michigan voters, prompts Secretary of State Richard Austin to come up with a completely new proposal for registering voters in Michigan.

Austin's suggestion, so simple it's surprising no one thought of it before, is to register voters whenever they renew their driver's license.

If that is adopted, Austin says, "it will cover nine out of every 10 Michigan voters, and will provide even stricter checks on voter rolls. It will save time, money and confusion and it will eliminate the need for "crash" voter registration drivers.

"In one move we can improve the integrity of the voting rolls and also encourage citizens to participate in the elector system as voters."

Austin's proposal would mean voters would be registered every three years. In addition, everytime they move, it would be recorded as soon as they recorded their change in address on their driver's license.

When persons registered, Austin's office would send each one a voter identification card listing the Congressional, state senate, state representative and county commissioner districts. Current voter registration cards list only the precinct a person is in.

There is usually a long road between the point something is proposed and the time it comes into effect, if it ever does. But Austin's plan is simple enough and logical enough that it may have a chance.

Even Gov. William G. Milliken has indicated he might approve the idea, and it would need some Republican support to be adopted.

**Commission Threatened**

One agency threatened with extinction in the budget slashes underway by President Nixon in Washington is the Upper Great Lakes Regional Commission.

The Commission is made up of representatives of Michigan, Wisconsin and Minnesota and was set up to help stimulate economic growth in the northern parts of the three states. Since its inception, it has pumped millions of

dollars into the three areas to help in such diverse enterprises as junk car clean ups, tourism, agricultural development and other economic improvements.

The commission was due to expire this June and close its Washington office, but money was recently made available to continue its bigger projects through June, 1974.

**Appeals to Congress** for extension of the commission's life at least through an extra year were made by Gov. William G. Milliken and officials from other states affected.

"This would provide Michigan counties in the commission a real chance to act on the president's new program proposals," the governor said. "It will take some time for these new programs to become established, and federal funds must continue until then so there is no disruption of assistance."

The President is expected to continue some of the commission's functions in other new programs he will propose, but no one knows yet just how much help he will push for. Many people will be affected by what the final decision is.

**Trade Pushed**

Michigan's efforts to increase its exports will receive another boost April 16-20 when the state shows

some of its wares in Tokyo at the U. S. Trade Center.

The show will be devoted entirely to food items and is open to food firms from all over the United States.

Japan is the largest market outside the United States for food products and about 80 to 90 percent of its imports are handled by buyers headquartered in Tokyo.

Michigan's efforts in the trade show are co-ordinated through the state agriculture department. The show will be followed by a presentation to Japanese food service business officials April 18-19 and a presentation to similar executives Hong Kong April 25-26 and in Singapore May 23.

This state is also establishing a permanent trade office in Tokyo to increase our exports to that country and the rest of Asia.

With the American dollar devalued again, prospects for increasing foreign trade, and thus strengthening the Michigan economy, must be viewed optimistically. One effect of devaluation is to lower the cost of raw materials to lower countries.

**ROBBER AT 13**

Buffalo, N.Y.—Police reported arresting a 13-year-old boy who robbed the Marine Midland Bank-Western by walking into the bank, pointing a gun at a teller and saying, "fill the bag." The teller stated he wanted \$20's, not one dollar bills.

## Market Report for March 12

### CATTLE—

Good to Choice Steers, \$48 to \$50.25  
Good-Choice Heifers, \$44 to \$46.80  
Fed Holstein Steers, \$42 to \$46  
11-13, \$40 and down.

### COWS—

Heifer Cows, \$40 to \$42  
11-Commercial, \$38 to \$42  
Canner-Cutter, \$34 to \$38  
Fat Beef Cows, \$32 to \$36

### BULLS—

Heavy Bolkna, \$38 to \$42.50  
Light & Common, \$37 and down.

### CALVES—

Prime, \$68 to \$72  
Good-Choice, \$60 to \$68  
Heavy Deacons, \$58 to \$60  
Cull & Met, \$50 to \$55

### FEEDERS—

300-500 lb. Good to Choice Heifers, \$10 to \$17.50  
400-700 lb. Good to Choice Steers, \$10 to \$15  
300-500 lb. Holstein Steers, \$50 to \$58  
500-800 lb. Holstein Steers, \$42 to \$50  
Common-Med, \$40 and down.

### SHEEP—

Wooled Slaughter Lamb:  
Choice-Prime, \$40 to \$42  
Good-Utility, \$35 to \$40  
Slaughter Ewe, \$9 to \$15  
Feeder Lamb, all weights, \$38 to \$41

### HOGS—

100-150 lb. No. 1, \$40.50 to \$41.70  
200-240 lb. No. 2, \$39.50 to \$40.50  
140 lb. and up, \$37 to \$39  
Light Hogs, \$39 and down.

### SOVS—

Fancy Light, \$34.50 to \$35  
300-500 lb. No. 1, \$32 to \$34  
500 lb. and up, \$33 to \$34

### Boars and Stags—

All Weights, \$33 to \$37

### Feeder Pigs—

Per Head, \$20 to \$36

### HAY—

1st Cutting, 60c to 70c  
2nd Cutting, 70c to \$1.20

### STRAW—

Per Bale, 40c to 65c

### COWS—

Tested Dairy Cows, \$400 to \$510  
Tested Beef Type Cows, \$300 to \$400

## Fight Emphysema Campaign Started By TB Association

"Fight Emphysema Now." is the slogan of the educational and fund-raising campaign now being launched by the Washtenaw Tuberculosis and Health Association.

Included in the current county-wide mailing is a sheet of "Breath of Life" seals designed to remind everyone that emphysema is the fastest-growing cause of death and disability in the nation. Additional funds are desperately required just to keep pace with the increasing demands for the kinds of services the Association can offer.

Association funds during the past year have supported a demonstration series of chest rehabilitation classes at Beyer Memorial Hospital. Additional Washtenaw county sites are now being studied and will soon provide similar programs tailored to individual needs from community to community.

During the next year—with public support—steps can be taken to inaugurate screening and educational programs as well as to establish a service center.

Though emphysema appears as the dominant breathing disorder, Association services and sponsored breathing classes are designed to include patients with other ailments, such as chronic bronchitis and asthma.

### TWO WAR VIGILS

Orlando, Fla.—Mrs. Charlton Browning kept a lonely war vigil in two wars. Her husband was taken prisoner in Germany in 1943 and she learned of his release from a newspaper article. Her son, Tommy, shot down over North Vietnam in July, 1966, was recently released.

The Phoenix Project at the University of Michigan, began in 1942 as a war memorial to the 468 U-M members who died in the World War II, epiiores peaceful uses for nuclear energy.

## SETTLEMENT DAY

Dexter Township Board, Tuesday, Mar. 20, 1973  
at 8 p.m.

Meeting to be at Dexter Township Hall, 6880 Dexter-Pinckney Rd. At this time Dexter Township will pay all outstanding bills for the 1972-73 fiscal year.

## NOTICE OF PUBLIC HEARING

A Public Hearing Will Be Held

**Tuesday, March 20, 1973**  
8 p.m., LIMA TOWNSHIP HALL

To hear a request for Local Business Zoning for the Harold and Nadine Weeks property at 8545 Jackson Road, a part of the NE 1/4, Section 24 Lima Township, more fully described as:

Commencing at the SE corner of Section 24 thence North 47.63 chains in the east line of the section thence south 79 degrees 30 minutes west 10 rods for place of beginning, thence south 79 degrees 30 minutes west 20 rods and 15 feet then south 7 rods, 10.50 feet, then north 79 degrees 30 minutes east 20 rods, 15 feet then north 7 rods and 10.50 feet to place of beginning, being a part of the NE 1/4 of Section 24, T2S-R4E, 1.00 acre.

A copy of the Zoning Ordinance and Map is available for inspection at the Washtenaw County Metropolitan Planning Commission Office, Room 306, Washtenaw County Building, Main and Huron Streets, Ann Arbor, Michigan during normal business hours and at the Lima Township Hall, 11452 Jackson Road.

**LIMA TOWNSHIP PLANNING COMMISSION**  
VIRGINIA DENHAM, Secretary

## REAL ESTATE ONE CALL US FIRST... BECAUSE WE ARE

**COME SEE THIS ONE!**  
Imagine yourself in a builder's home situated on a hilltop and surrounded by three acres of your own land. This home, with such features as five bedrooms, 2 1/2 baths, fireplace, family room, and a 20x40 heated swimming pool, would make a perfect family home. Priced at \$67,500. 73-0177.

**BUILDING SITES**  
Interested in building a home in the country? We have two excellent building sites for you in the Chelsea School District. We have 10.03 acres with a pond site and an adjoining 5.8 acres. This is a lovely country setting. Priced to sell at \$11,000 and \$9,500 respectively. 73-0435.

**THINKING COUNTRY?**  
This new brick-front ranch is fifteen minutes north of Chelsea. It has three bedrooms, fireplace, and laundry room. There is a stream in the back yard and lake privileges. Backs up to State land. \$22,900.

**COMMERCIAL INVESTMENT**  
Excellent commercial location on the edge of a city. Value is in the land which is zoned for research and development. Golf course on two sides. Owner will consider joint venture with builder. \$46,000. 72-2308.

**LAKE LOT**  
Beautiful lake lot in a subdivision in small town. In an area of very nice homes. Good potential. \$6,500. 72-2350.

**EXCELLENT BUSINESS OPPORTUNITY**  
Get away from the hectic city life. Consider owning a retail grocery with beer and wine take-out license, three gas pumps, a two bedroom apartment, and approximately 1 acre of land. Owners are retiring and must sell. \$64,500. 72-2842.

**COTTAGE**  
Come see this lakefront, year-around cottage. Ideal for a starter home or hideaway. This one-story, frame cottage has three rooms and a large porch overlooking the lake. You can have it plus frontage onto a lake for \$17,500.

**For Personalized Real Estate Service, call**

Ed Coy	426-8235
Bob Parker	(517) 764-2015
Don Slazinski	971-5022
Bob Myrml	663-0122
Gary Liffie	769-1634

**40 ACRES**  
40 acres of raw land in a growing area. Adjoining land is in the process of being developed. Also, new school being built next to this parcel. Natural pond area also adjoining. Come see it. It's an excellent site with many advantages for \$48,000. 72-2492.

**HORSE COUNTRY**  
Ten acre parcel with well already in. Nice rolling hills make it a beautiful building site. Excellent for horses. \$15,000. 72-2501.

**28.65 ACRES**  
Ideally suited for a horse farm, this acreage has lovely rolling land, a large barn, and a mobile home. Located in the Chelsea School District, but far enough out to be secluded. Priced at \$39,900. 72-2500.

**TAVERN**  
This tavern is a real going concern in a small town. The building is in good condition and sits on a large lot with pine trees. There is only a beer and wine license now, but a liquor license could be applied for. \$55,900.

**INVESTMENT PROPERTY**  
We have 140 acres of land with a potential for immediate development or long-term investment. All indications are that the soil is excellent. Along with this goes a tastefully remodeled, 100-plus year old home with five bedrooms. Try it on for size at \$266,000. 73-0066.

**WELCOME TO COUNTRY LIVING!**  
Just what you've always wanted, fresh air to work in, opportunity to become part of a friendly neighborhood. Established small grocery and service station with excellent expansion possibilities. Plus a two-apartment living quarters. On the corner of two well-traveled roads. \$50,000. 73-0134.

**BI-LEVEL**  
Come see this lovely bi-level home on five acres. Beautiful country setting in a good school district. Owners really want to sell as they have bought land and want to start building. \$36,000.

**WE HAVE A HOUSE FOR YOU**  
It's a three bedroom brick and wood house on 17 acres of rolling land. There are trees, a pond in the front lawn. A beautiful setting on a country road lends privacy and a pleasant tranquility. \$69,900. 73-0401.

**ANN ARBOR**  
This home sets on over 1/2 acre inside the city limits. If you like to garden, you'll love the fact that there are 60 different varieties of trees, plants, and shrubs surrounding this home. The home is an older, three bedroom, two story with garage. \$27,900. 72-1721.

**OLD HOUSE THAT NEEDS WORK!**  
This house will hold great appeal for those who enjoy doing fix-up work. Beautiful potential in this old, 1800's home. Located in a quiet neighborhood close to schools and shopping. Priced at \$26,900.

**WE'RE BUILDING...**  
...our sales staff! Real Estate One is the Midwest's largest real estate firm and we're constantly looking for men and women who are interested in joining our profession. We are justifiably proud of our extensive training program and of the many programs which Real Estate One offers their sales staff to help them become top producers. ## NORTH ELEMENTARY SCHOOL NOTES

### SECOND GRADE—

Teacher: Mrs. Hakala  
Doreen Carlson and Robin Dall had birthdays in February.

Neil Quigg brought in some sea monkeys. Sea monkeys are tiny crustaceans.

Mark Smith went to Echo Valley near Kalamazoo for tobogganing just before all the snow melted. Sharon Buckenberger and John Seyfried went to north snowmobiling.

Green, yellow and purple markers are enjoying their new reading books. We are reviewing counting in arithmetic. We have learned to write the lower case letters in cursive writing.

basic food groups. We made booklets, cutting pictures out of magazines for the milk, meat, bread and cereal, and fruit and vegetable groups.

In math we are writing numbers in sequence to thousands.

In science we checked the temperature in different places around the room and outside. The temperature sure moves up fast when you bring it inside from the snow.

We're all making plans for spring vacation. We hope the weather is nice.

### 34 Years Ago...

(Continued from page two)

Thursday, March 16, 1939—A lamb weighing 14 pounds was born on the Justin Wheeler farm in the past week. The lamb appeared to be normal in every way but only lived three days.

The sleet storm which was prevalent in southern Michigan Saturday night and Sunday did considerable damage in Chelsea and vicinity. In Chelsea, shade trees, especially elms and poplars, were damaged. Tops were broken off and large limbs fell, in some cases, blocking streets temporarily.

A total of 552 votes were cast at the village election Monday, and the entire independent ticket was elected. Roy Harris was elected president; James Mumro, clerk; Milton J. Baxter, treasurer; trustees: Ernest Adam, J. Edward Weber, David A. Beach, and Edwin Kuesch, assessor.

Edwin Eaton, chairman of the program committee, read a paper before the Kiwanis club on the Alpena Plan, a program for boys work in that city.

Mr. and Mrs. G. Fairbanks spent the week-end with their parents in Holland. Vernon Downing, principal of Chelsea High school, accompanied by David Longworth, spent the week-end at his home at Lakeport. Mesdames George P. Staffan, J. E. McKune and Eva Cummings returned Thursday from a few weeks sojourn in Florida.

Matthew Harker, life-long resident of this community, died Thursday, March 9, at the home of his son, Emmett Harker, 215 Harrison St. He was the son of Dr. J. A. Harker and was born Sept. 22, 1859, in Lyndon township.

Last year, the University of Michigan, with a W. K. Kellogg Foundation grant, helped install coronary care units in 10 smaller hospitals across the state.

The internationally known Kelsey Museum of Ancient and Mediaeval Archaeology at the University of Michigan is visited by some 15,000 people each year.

THESE RECIPIENTS were happy winners of a first-place "Teddy Award" trophy with a bust of President Theodore Roosevelt which was awarded the Huron-Clinton Metropolitan Authority for a 20-minute film in color entitled "No Reservations Needed" in the Outdoor-Travel-Recreation category of the 1972-73 National Outdoor-Film Festival sponsored by the Michigan Outdoor

Writers Association. Left to right are Commissioners Jesse A. Rutherford, who represents Washtenaw county on the HCMA Board; Eugene J. Ellison and Kurt R. Keydel, both governor appointees who represent the district-at-large; Director David O. Laidlaw and Ben Moon, director of photography of Studio 4 Productions, of Warren, who produced the film on the Metropark system.

## Billboards Fall in Beginning Of State Removal Program

Lansing—Nearly 1,400 signs and billboards disappeared from Michigan's roadsides in the last two months of 1972, with an additional estimated 6,000 scheduled to come down by the end of 1973, the State Highway Commission reported today.

Michigan's Billboard Control Law enacted last March charged the Department of State Highways with removal of all illegal and non-conforming billboards along some 7,000 miles of interstate and primary highways.

The law also requires a \$3 annual permit for legal and conforming billboards. Failure to obtain the \$3 permit for legal and conforming billboards places them in violation of the law and subject to removal at the owner's expense.

By actual survey, 29,723 signs or billboards were counted by the Highway Department along the 7,000 miles of highways covered by the law. By year's end, only 12,128 applications for the \$3 permit had been made to the Highway Department.

All signs and billboards without the permit are being tagged by the Highway Department with red violation notices. Sixty days after being tagged, billboards for which no application has been made are declared abandoned and are scheduled for removal by Highway Department maintenance personnel.

By year's end, 899 such abandoned billboards had been removed by their owners, with another 494 removed by Highway crews.

State Highway Director John P. Woodford said there probably are several thousand billboards in disrepair for which owners have no intention of applying for permits.

"On the other hand," Woodford said, "there are some 10,000 billboards in good repair for which permit applications have not been made."

He warned that these billboards without the \$3 permit, while otherwise qualifying for possible compensation, will be declared abandoned and removed by the Highway Department.

Permits expire on June 30 of each year.

Woodford said that larger billboard companies have been "very cooperative, not only in applying for permits, but in removing illegal and non-conforming signs."

Signs which were legal but became non-conforming under the new law qualify for compensation to the sign owner as well as the owner of the land on which the sign is located. They still, however, are subject to removal.

An estimated 15,000 signs, previously legal but which became non-conforming under the new law are eligible for compensation. Highway Department right-of-way personnel plan to complete compensation negotiations for 3,500 non-conforming signs in 1973.

The federal government pays 75 percent of such compensation, with the state paying the remaining 25 percent. The federal government already has allocated \$6.4 million

to the Michigan Highway Department for billboard "compensation" during 1973.

Woodford said the Department plans to contract with private firms for removal of non-conforming billboards, once a sufficient number of signs have been purchased by the Department.

Removal of all illegal and non-conforming billboards along the 7,000 miles of interstate and primary highways is expected to take five years at an estimated cost of \$16 million.

Information on the legality of signs may be obtained from any of the Highway Department's nine District Offices, Highway Department maintenance garages, county road commission offices and at many municipal offices.

The Real Estate Program of the University of Michigan this year presents 19 institutes at 19 locations across the state, offering week-long concentrated courses.

Telephone Your Club News To 475-1371.

## Michigan Week Motto Goes Mod

Michigan Week marks its 20th anniversary this year with a mod theme: "Michigan—What You Seek Is What You Get." The 1973 theme relates to the state's official motto, "If you seek a pleasant peninsula, look about you" (Si Quaeris Peninsulam Amoenam, Circumspice).

"Michigan—What You Seek Is What You Get" was the brain-storm of the Council on Planning, an under-35 committee nominated by board members of the Greater Michigan Foundation which sponsors Michigan Week. Chairman of the council is Stuart Strait, Alma College director of alumni and community relations.

May 19-26 are the dates of the 20th annual Michigan Week observance.

## Spring Arrives On March 20

'Spring begins at 1:13 p.m. March 20 according to University of Michigan astronomer Hazel M. Losh.

At this time, she says, the sun crosses the equator on its way north, an event known as the vernal equinox. Exactly 365.2422 days have elapsed since the last spring equinox. The quarter of a day error is made up every four years with a leap year" containing an extra day.

"Technically at vernal equinox day and night are equal" Prof. Losh notes. "Actually however, refraction, the bending of the sun's rays by the earth's atmosphere, allows us to see the sun before it rises and after it sets". She adds that at this latitude the phenomenon lacks on an extra eight minutes of daylight. Thus, day and night will appear equal about three days before the equinox.

The Commission on Geography and Afro-America, a national organization for upgrading geography instruction for predominantly black colleges, is headquartered at the University of Michigan. The Commission is sponsored by the Association of American Geographers and funded by the federal government.

The first off-campus office of the University of Michigan Extension Service was opened in 1935 in Detroit.

## Chiropractor Opens Office At Home in Lyndon Township

"I deal in health and life, not disease and death," says Dan Elwart, new chiropractor in the area. "If you know what causes health, you don't have to worry about disease."

And what is that cause? "The nervous system, says Elwart. "If the nervous system isn't working right, nothing will," he says. "Just like darkness is the lack of light, so disease is the lack of health." His product, then, is health.

Dan, the son of a chiropractor in Romulus, got his credentials at Palmer College of Chiropractic, Davenport, Ia. He has returned to his native state because he likes the hills and lakes that the Chelsea area offers. He also reasons that since the area is in the center of a large medical complex, there must be sick people here. He wants to alleviate that situation.

He has purchased the Carroll Clark farm, 7970 Clark Lake Rd., where he not only will practice but till an organic garden and organically raise livestock. He admits his produce will not be pure until the soil is cleaned with time of the insecticides that bind it now.

The blond, young Elwart is definite about not being confused with men of the medical profession. He claims his methods, which focus on the spine, are based on "natural laws," while medicine is man-made.

"Medicine has failed for the last 5,000 years," says Elwart. "With all our hospitals and research grants we are still the 110th healthiest nation." Even a nation like Vietnam is healthier than the U. S., according to Elwart.

"People may come to chiropractors as a last resort," he says, "but at least they get results."

Elwart says he joined the chiropractic profession because he feels it's a way to really help people. He reasons, "If people are healthy, they think right, and if they think right, they'll do

DAN ELWART

something constructive to change the world for the better."

Like so many new-comers, Elwart reports that he and his wife, Dolly, and their son, Jason (born naturally, at home) have received a kind and warm welcome from the community as they have set up shop and home on the Clark farm.

## Detroit Found Shot to Death Near Base Lake

A Detroit man was found shot-to-death northeast of Dexter, early Monday afternoon, in a field between Baseline and Tamarack Lakes in Hamburg township, according to the Livingston County Sheriff's Department.

The 22-year-old victim, who was identified as Charles R. Harbaugh, was reportedly discovered by two persons walking in the field. He had suffered multiple gunshot wounds in the head.

The police have no suspects and have found no weapon but an investigation is underway.

## Kindergarten Center Notes

### Have a Happy Day!

Do you know how many kinds of cereal there are in the store? And soup? We think that Jason must have heard about the high cost of living. He thought soup might be \$1.92 a can. After discussing the price, he decided to sell 10 cans for \$1.92.

Mr. and Mrs. Theelen were here for show and tell in Debbie's room. They showed telephones to every one and told us about them. Other parents have visited us occasionally. We wish more of them would come in.

In spring, as in any season, safety is important to remember; safety on the streets, sidewalks, at school, and home.

How many signs of Spring can you find? Can you tell someone else about it? Who will see the first robin? Who saw the worms on the sidewalk after the rain? Where did they go? Did you hear the birds twittering? Have you any pussy-willows? Are the peepers "singing" to you? We have to begin saving items for our spring projects. Could you help us? A note will be on its way very soon.

Come and see our lost and found clothesline!

Kindergarten Teachers: Mrs. Bower, Mrs. Michelson, Mrs. Packard, Mrs. VanBlaricum.

THANK YOU I wish to thank those who sent cards and flowers to me during H. T.'s and my confinement.

“Short and to the point” Everyone has heard the expression. It has more meaning than most people suspect. Let's think about it —

Our eyes and ears see and hear tens of thousands of words every day. In advertising alone, the average family sees or hears more than 1,500 ads a day.

Compare the nature of these tens of thousands of words with the number and nature of the world's most widely known words.

By comparison, in the OPA days, a written order covering the price of a head of cabbage had almost 27,000 words!

### Thayer Re-elected Chairman of LCC

Lansing—Stanley G. Thayer, of Ann Arbor, was unanimously re-elected for a one-year term as chairman of the Department of Commerce Liquor Control Commission.

He is beginning his seventh year as a member and chairman of the Commission, which oversees purchase, distribution and sale of alcoholic beverages in Michigan.

An attorney, Thayer served two terms in the Michigan Senate and

was Republican Majority Leader in 1963-64.

He was senior vice-president of the National Alcoholic Beverage Control Association from 1967-71, and was elected president of the NABCA in April of 1972.

Other members of the Michigan Liquor Control Commission are Joseph Wisniewski, Thomas A. Van Tiem, Louis G. Jarboe and Edward F. Wiest.

## Lady Engineers on Road Construction

Lansing—For the first time in its 67-year history, the Michigan Department of State Highways has assigned young women to highway construction — "on site, in the field."

Call it what you will—women's liberation, changing times or simply a shortage of engineers, four young women, all graduate civil engineers, are now working in the same 56-week field training program their male counterparts are required to complete.

While the Highway Department has hired female graduate engineers in the past, they were spared the rigors of on-site construction and other field work. Instead, they were assigned to inside desks, drafting boards or research.

The "ground-breaking" quartet of lady engineers who have taken the field in boots and hard hats are:

Mrs. Paul (Nancy Lee) Chapoton, 22, 45545 Engel, Utica, graduate of Michigan State University; Miss Mary Barbara Mangunson, 22, 1804 Hamilton Rd., Okemos, formerly of Austin, Minn., graduate of Michigan State University; Mrs. Athanasios (Kathy) Pappanos, 25, 1215 Weber St., Lansing, a native of Greece, graduate of Wayne State University;

Mrs. Robert L. (Marsha) Walton, 21, 1535-J, Spartan Village East Lansing, formerly of Red House, W. Va., graduate of Michigan State University.

Hiring of the female engineers was the result of a search program to find engineers for the Highway Department's trainee program. They will work in areas of highway planning, surveys, research, design, safety, right-of-way, construction and maintenance.

John P. Woodford, State Highway Director, said the program is geared to acquaint all trainee engineers with all phases of highway work. Following completion of the program, trainees are given permanent assignments where there are vacancies or where help is needed most.

All four women will take their turns working in highway construction, assigned to actual construction sites "which means, dust, dirt, mud—the whole bit," Woodford said.

He admitted that some construction supervisors said it was "a bit strange" having lady engineers as part of the usually rough and tumble environment of highway construction.

The girls, too, admitted to "some nervousness" in reporting to work in boots and hard hats.

"The four young women are aware of their role as distaff highway pioneers—determined not only to enjoy it, but to make a contribution to Michigan's highway program — "not as women, but as engineers."

### Taxpayers May Allocate Tax Funds To Political Party

Detroit—Taxpayers may now elect to designate part of their tax liability to be paid over to the political party of their choice in the next presidential election, Thomas A. Cardoza, district director for Michigan, said today.

According to Cardoza, the amount designated will be used by the 1976 presidential and vice-presidential candidates of the party you choose. You may also designate the amount to a non-partisan general account for all eligible candidates. Participation in the campaign check-off will not change the amount of refund or tax liability due, according to Cardoza.

Cardoza said single taxpayers may designate \$1 and married persons filing joint returns may designate \$2.

Taxpayers wishing to participate should complete Form 4875 and attach it to their 1972 Federal income tax return. This form is contained in the tax package you receive from IRS. Cardoza added that the Form 4875 will be disseminated from the tax return in the Service Centers to assure the taxpayers' political affiliation does not become part of his tax file. Also, taxpayers filing Form 1040A or 1040 are eligible to participate.

Parents should realize that children encountering scholastic or social problems in school may be victims of undetected hearing losses.

LADY ENGINEERS—Kathy Pappanos (left), four female graduate engineers hired by the Department of State Highways to undergo the same trainee program their male counterparts are required to complete.

### AGRICULTURE IN ACTION

by Carl P. Kentner  
MICHIGAN FARM BUREAU

#### \* Costs Squeeze Farm Income ...

Imposition of price controls on raw farm products as demanded by the AFL-CIO executive council could only lead to food shortages, rationing and black markets as experienced during World War II, according to William J. Kuhfuss, president of the American Farm Bureau Federation.

"If consumers want well-stocked meat counters, they must be prepared to pay farmers a fair price."

"Record high production costs which promise to hit new highs this year make producing beef a risky business and there must be a reasonable opportunity for profit and a return on huge capital investments," declared the national farm leader.

It has taken more than 20 years for farm prices to even come close to what they were in 1952. During that period, farmers experienced some disastrously low prices.

As long as union contracts call for higher and higher wages, which drives up the cost of everything that farmers must buy for production, we cannot expect cheap food. Farm prices go up and down, but under union wage contracts, wages keep going up and stay there.

In addition, many union contracts provide for cost-of-living wage increases. The United Auto Workers, for example, just received a three-cent an hour increase under such provisions. This increase went to 150,000 workers producing agricultural equipment as well as 700,000 auto workers and 50,000 workers in parts factories.

"Probably few consumers realize that current estimates indicate farmers will get less net income in 1973 than in 1972. An upsurge in production cost for 1973 is expected to place net farm income for the year at \$19 billion as compared with \$19.2 billion in 1972," Kuhfuss said.

#### Stoney Ridge Riders Participate in Team Competition Event

A second team competition was held at Bloomfield Open Hunt Club on Sunday with 30 some teams competing. Stoney Ridge Farm Team, Kelly & Co., C division, was in second place.

Team riders were Allison Date, on Lamb Chops, Michael Behrman, on Silent Majority, Scott Alder, on Tom Terrific and also on War Dance, substituting for ailing member Kelly Alder.

The Stoney Ridge Pro-Am Team was also in second place. It is composed of Wendie Bowls on Mr. Fantasy, Lynne Dermody on Tudor Line, Emily Iglehart on Apropos and Maureen Foley riding Chelsea Morning.

The third and final competition will be held at Lakewood Stables in Highland, the first week-end in April.

### Farmer's Week at MSU

East Lansing—Farmers' Week, the largest agricultural - educational event in the nation, will be held March 19-23 at Michigan State University.

Byron Good, MSU professor of animal husbandry and event chairman, describes Farmers' Week as "a practical classroom for people in and out of the agricultural industry." He says departmental programs will feature over 100 experts from universities, business and government, who will address today's problems and explore tomorrow's

opportunities for farmers, agribusinessmen and rural people.

Research projects and new methods will be discussed and displayed at the University Farms. Exhibits throughout the campus will span the interests of the entire farm family and city folks, too.

Numerous livestock breed, trade and youth association meetings, banquets and other special events will also be held throughout the week.

"Farmers' Week today enjoys the distinction of being one of the most outstanding educational events of its kind in the country," says Good. "It has become a major educational force in the field of agriculture in Michigan."

According to Good, Farmers' Week attracts more than 15,000 people to the campus each year.

#### THANK YOU

I would like to thank Mr. Jack Elliott for helping me during my accident and my friends for cards, calls, and flowers while in the hospital, and since my return home.

John Whitaker.

#### THANK YOU

I wish to thank all my relatives, friends and neighbors who sent cards, flowers, and gifts and who visited me while I was in the hospital and since my return home. A special thanks to the ministers who visited me. A thank you to all who in any way helped me during my illness.

Lila List.

#### THANK YOU

I want to thank my family, friends, co-workers and the Eastern Star for the many beautiful flowers, cards and visits I had during my stay in the hospital and during my convalescence at home.

Mrs. Ralph (Bonnie) Erskine.

#### SCISSORETTES

Today, Alicia Noah brought treats. Our meeting was at the Borton's. Everybody is getting along fine with their sewing.

After the meeting we had our picture taken to put in our scrap book.

Kelli Borton, reporter.

#### TERRIFIC TAILORS

The meeting of the Terrific Tailors 4-H Club, March 3, at Lima Township Hall, was called to order by president Diane Luick. 12 members answered roll call.

The treasurer's report and secretary's report were given. A discussion was held on Spring Achievement which will be held March 30 and 31. There were also plans made for a Terrific Tailors' mothers tea, on March 24, at the Lima Township Hall. The committee for this is Cheryl Barais, Denise Wirtz, and Sue and Nancy Heller.

A work bee will be held March 17, at 7:30 p.m., at Lima Township Hall.

Nancy Heller made a motion to adjourn the meeting, and Beth Bush seconded it. Members worked on outfits and refreshments were served by Linda Bristle.

Sue Heller, secretary.

Mrs. Ed GreenLeaf

## Kathleen M. Dove, Ed GreenLeaf Speak Vows at Methodist Church

A small wedding party clustered at the altar of the First United Methodist church, Saturday evening, to hear Kathleen M. Dove, of 233 Jefferson St., and Ed GreenLeaf, of 633 S. Main, exchange wedding vows. Approximately 175 guests witnessed the ceremony, conducted by the Rev. Clive Dickins.

The couple has spent a three-day wedding trip in Washington, D. C., and has returned to reside at the bridegroom's residence. He is the son of Mrs. Edwin F. GreenLeaf and her late husband.

The bride, daughter of Mr. and Mrs. Harold E. Dove of Eaton Rapids, came down the aisle to the strains of organ music played by Mrs. James Gaunt. She wore a long white dress, tied with a blue silk ribbon at the Empire waistline.

Her veil was full and shoulder-length and her flowers cascaded in a sculptured bouquet.

She was attended by Mrs. Rebecca Mann, a friend from Manchest-

er who wore a light blue dress. The matron of honor's flowers were carnations tinted blue with baby white roses and a candle.

Shades of blue were seen again on the mothers of the bride and bridegroom. Mrs. Dove wore baby pink roses while Mrs. GreenLeaf chose red baby roses to accent her long blue skirt and blouse.

Donald Pierce, of Jackson Ave., Dexter, was the best man. The bridegroom's brothers, John of Decatur, Ill., and Basil, ushered alongside the bride's brothers, Robert and Ken Dove, both of Eaton Rapids.

The wedding party and guests attended a reception at Chelsea Fair Service Center after the ceremony.

The bride is employed at Xerox, University Microfilms, Ann Arbor, while her husband continues to manage Chelsea Lanes, Inc.

### Classroom History Guide Now Available

Lansing—For teachers of Michigan History looking for classroom aids, the Department of State's Michigan History Division has a new assistance for you.

According to Secretary of State Richard H. Austin, the History Division, in co-operation with the Michigan Historical Commission, Division, in co-operation with the Michigan Historical Commission, has completed its new edition of the "Classroom Guide for Michigan History," and is making it available to teachers throughout the state free of charge.

## Club and Social Activities

### CHILD STUDY CLUB

Farmer Grant's was the scene March 13 for the Chelsea Child Study Club members. After watching a demonstration on how to make terrariums they toured the tropical room and greenhouses.

The business meeting was held in the home of Mrs. Jerrold Beaumont. A short discussion was held on the Fashion Show which will be on March 20, at 8 p.m. in Merkel's Furniture Store. There will be door prizes and refreshments.

Guests for the evening were Sherry Owings, Lucy Van Riper and Carolyn Schultz. Refreshments were served by Mrs. Robert Merkel and Mrs. Charles Cox.

The next meeting on March 27, will be at the home of Mrs. Brian French for a Chinese cooking lesson.

### MODERN MOTHERS

Modern Mothers Child Study Club met March 13, at the home of Mrs. Thomas Hinderer, with Mrs. Thomas Dunlap as co-hostess.

The speaker was Martin Gersh, a school psychologist from the Washtenaw Intermediate School District.

The next meeting will be March 27, at the home of Mrs. Leo Roubel.

### KINDER KLUB

Kinder Klub met Tuesday March 13, at the home of Mrs. Cherie Ziegler. Mrs. Carol Hoffman was co-hostess for the evening. Eleven members were present.

Guests were Mrs. Cindy Bear, and Mrs. Judy Farley.

Hugh Gaston of Ann Arbor was speaker for the evening on the topic of "Changing Life-styles and Team-work."

### VFW AUXILIARY

Mary Kniss gave a detailed report of the Valentine party held at Ann Arbor VA Hospital last month, at the regular meeting of the VFW Auxiliary meeting, Monday March 12.

The charter was draped in memory of Sue Ilga, past department president, who recently died. The group voted to donate \$25 to the children's camp, Camp Trotter. \$15 was given to Cancer Aid and Research.

The Sixth District meeting will be Sunday, March 18, at Newport, with Auxiliary No. 3943 hosting. Geraldine Klink will advise those wishing to attend.

The social party is scheduled for March 26, and will be organized by Lucy Platt, Carol Slusser, Lila Bohenna and Muriel Juergens.

Officers and district delegates will meet April 9, in the Rebeccah Hall. All members are urged to attend.

## Drain Commissioner Warns Against Spring Flood Possibilities

Drain Commissioner Jerome K. Fulton has issued a warning to property owners in Washtenaw county of possible damage resulting from spring flooding. Property in low areas and areas near creeks, lakes, and drains is especially susceptible.

Much flood damage may be avoided by simple actions that individuals may take immediately to protect their property. Valuable goods should not be stored in flood prone areas. Storage areas should be relocated to higher ground, or if this is not possible, goods should be raised above the floor level. In other words, materials stored 6 to 12 inches above a basement or cellar floor.

Property owners should also check to make sure outlet drains are clear of debris. These outlets should be cleared and the debris placed in an area where it cannot immediately wash back into the outlet. The Washtenaw County Drain Commission should be notified (863-7511, ext. 282) of obstructions in established county drains. It is also possible to petition the Drain Office for cleaning and improvement of chronically plugged outlet drains.

The long range strategy for avoiding flood damage involves strict controls over land use in flood plains and building codes that control the construction of homes and home improvements in flood prone areas. The Washtenaw County Drain Commission, in co-operation with the County Board of Commissioners and local units of government, is now developing plans to make flood insurance available on a county-wide basis.

People who complain of a constant ringing in their ears may be displaying one sign of a hearing loss and should have a hearing test, advise hearing experts.

Nearly 4,700 persons enrolled in the University of Michigan's state-wide Real Estate Program during 1971-72.

## Magic Mirror Beauty Salon

Open Tuesday thru Friday

Charlene, a graduate of Michigan State University is presently employed at Sarns, Inc., Jackson Ave., Ann Arbor. Randall, son of Mr. and Mrs. Harold Lange, has attended the University of Washington and is presently attending California State University-Fresno. He is a member of Delta Upsilon fraternity. An August wedding date has been set. The ceremony will take place in Chelsea.

## Spring Fashion Show Set Next Wednesday

Spring arrives at 8 p.m. March 20, at Merkel's Furniture Store when Spring fashions from Hadley's will be shown. Colors of pink and blue pastels will be highlighted, with door prizes and refreshments completing the happy arrival.

Chelsea Child Study Club is sponsoring this event for the benefit of the Chelsea Recreation Club. Tickets are available from club members or at Chelsea Hardware.

## Reading Council Schedules Meeting For Next Monday

Sectional meetings and a book and media display will comprise the Washtenaw Reading Council program held on Monday, March 19, at Lawton Elementary school in Ann Arbor.

Eight sectional meetings will be held from 4:30 to 5:45 p.m. and will be repeated from 7 to 8:15 p.m. Topics for these meetings represent a wide range of interests in the field of reading instruction.

The book and media display, featuring reading instructional materials from more than 30 publishers, will be open continuously from 4 p.m. to 8 p.m. A variety of approaches to reading instruction on all levels will be displayed.

Cost of attending both meetings and display is \$2. WRC members will be admitted upon presentation of membership cards, non-members by purchasing a ticket at the door. Reservations for the 6 p.m. dinner must be purchased in advance. For further information, call Reading Services, Washtenaw Intermediate School District, 769-6522, ext. 69.

## What's Cooking In Michigan

By Larrestine Trimm  
Michigan Dept. of Agriculture Marketing Information Specialist

It's nearly spring, and the trend for figure-conscious consumers is toward economical foods with high-quality protein and fewer calories. That makes Michigan turkey ideal for menu planning this month.

Turkey is one of the plentiful foods for March, which means prices tend to be lower and quality is good, report Marketing officials of the Michigan Department of Agriculture. It's an excellent source of protein and provides all the essential nutrients including iron, the B vitamins, and niacin. An average serving of turkey has fewer calories than average serving of other meats. In fact, a three-ounce serving equals only 115 calories.

Think spring. Prepare a delightful turkey salad with continental flavor like this Dutch recipe. Combine diced cooked turkey breasts with thin strips of pimiento, canned Michigan peaches and chopped Michigan onion. Season with salt, sugar and garlic. Toss lightly with lemon juice and oil and serve on crisp lettuce leaves.

Cut-up turkey parts—drumsticks, thighs, neck and back pieces, wings—may be fricasseed. Just brown floured turkey parts in a small amount of fat. Reduce heat and add seasoning. Add enough broth, tomato juice or water to cover bottom of the pan. Cover tightly and simmer until fork-tender, about one and one-half hours or more depending on size of pieces. Prepare gravy from the pan drippings and serve with creamy Michigan potatoes.

To make meal preparation quicker, you may simmer cut-up turkey parts in seasoned water until fork-tender. Use just enough water to cover. Then you'll have cooked turkey on hand for salads, casseroles, creamed dishes and sandwiches.

Two University of Michigan-owned research vessels—the 50-foot Mysis and the 114-foot Inland Seas—have received National Science Foundation grants for operation since 1966. The U-M is the only university in the Great Lakes area to receive such funding.

According to the Michigan Department of Agriculture, most eggs marketed in Michigan retail stores have been graded for quality and size under federal-state supervision and will be labeled in accordance with United States Department of Agriculture standards.

## Foreign Students Sponsor Their Own World's Fair

Tour the world—without any need for passports or shots. Visit World's Fair '78 March 16-18 at Burns Park Elementary school, Ann Arbor.

The fair, sponsored by the University of Michigan Foreign Student Board and its more than 20 member Nationality Clubs, as it has done in the past, gives the week-end tourist an exciting look at the world today with the foods, customs, arts, crafts, dress and traditional folk and ceremonial songs and dances of more than 65 countries.

The fair includes the famous World's Fair International Restaurant where a week-end tourist may sample the delightful cuisine of many distant countries. Also, the ever popular Variety Show will continue its tradition of presenting the tourist with an overview of the life styles of some of the peoples of the world through their traditional dress, folk songs and dances. These performances will include among others a Chinese sword dance, the Philippine pole garian folk dancing and singing.

The world tourist will also enjoy leisurely browsing through the fine exhibits of purchasable native arts and crafts.

## IRS Offices Open Evenings To Help Citizens

Ann Arbor—Taxpayers who find it difficult to get to the Internal Revenue Service during working hours will be able to obtain help from the IRS Monday and Friday evenings beginning March 5, LeRoy Willis, local District Director's Representative, said today.

Internal Revenue Service personnel will be available to offer assistance from 8 a.m. to 7:30 p.m. on Mondays and Fridays, and from 9 a.m. to 1 p.m. on Saturdays. This is in addition to the normal taxpayer assistance hours of 8 a.m. to 4 p.m., Willis said.

Taxpayers who have questions or problems with filling out their returns may call or visit the Ann Arbor office at 3430 Washtenaw Ave., Ann Arbor, telephone 971-0370.

## Stephen Hastings Named Year's Outstanding Conservationist

The Washtenaw County Soil Conservation District's 24th annual meeting was held Feb. 7 at the Pittsfield Grange Hall. Approximately 130 people attended.

Reports to the people were made of the past year's activities of the Soil Conservation District. These reports included a financial report by treasurer Andrew Maffett of Dexter, a joint conservation activities report by chairman Stephen Bristle and District Conservationist Clark Eacker. A status report of the modern Soil Survey Program was made by Robert Engel, Soil Survey Party Leader.

Henry Holland of Manchester was elected to a three-year term to fill the expired term of Stephen Bristle, also of Manchester. Bristle decided not to seek re-election to the board of directors.

Three awards were made to individuals and an organization for their efforts during 1977 in the field of soil and water conservation. Award recipients were:

Rudy Laylor of Saline, Outstanding Conservation Farmer.  
Stephen Hastings of Dexter, Outstanding Conservationist.

Newport West Housing Project of Ann Arbor, Outstanding Urban Conservation Development. Ralph Bergsma, President of Property Development Group, accepted the award for the Newport West Project.

All of the award recipients received an engraved plaque and a letter of commendation recognizing their conservation efforts during 1977.

Out-going board chairman, Stephen Bristle of Manchester, received a Distinguished Service Award from his fellow board members for his service to the district during his

term of office. Bristle served as chairman of the board during two of his three years on the board.

Featured program for the evening entitled "Washtenaw County—Land of Contrast" was presented by Donald Pennington, Senior Planner, of the Washtenaw County Metropolitan Planning Commission.

Special musical entertainment was provided by Luther Schable of Manchester and Jim Burmeister of Ann Arbor, both members of the local Pleasant Notes Band.

Following the drawing for door prizes, a luncheon was held, compliments of the Washtenaw County Soil Conservation District.

Copies of the District's 24th Annual Conservation Report were distributed at the meeting and additional copies are available by contacting the District Office at #101 Jackson Rd., Ann Arbor 48103, phone 761-4721.

# Shorter Earning Periods

## FOR GREATER SAVINGS FLEXIBILITY

We have shortened the term of our Passbook Savings Certificates to give you greater flexibility in your savings programs. Now you can earn 6% per annum with term of just two years and minimum deposit of \$5000; 5% per annum with term of just one year and minimum deposit of \$5000; and 5% per annum with term of just six months. Your funds earn interest from day of deposit, paid and compounded quarterly.

Early withdrawals are subject to penalty as required by Federal regulations. Then there's our 5% DAILY INTEREST Passbook Savings Account. There's NO MINIMUM amount needed to open and you can make withdrawals ANYTIME without loss of interest. With all of these options you get highest interest earnings with greatest flexibility.

Inquiries regarding the Chelsea

# DEATHS

**Mrs. John Breustle**  
Chelsea Women's Mother Dies at Convalescent Home

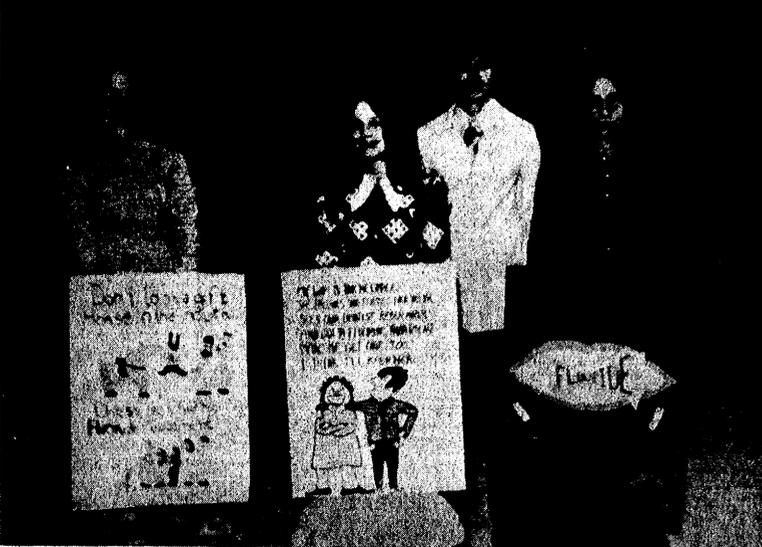

The mother of two Chelsea women, Mrs. Emma L. Breustle, formerly of Manchester, died March 5, at the Whitmore Lake Convalescent Center. Her surviving daughters are Mrs. Martin (Edith) Slane and Mrs. Erwin (Ethel) Haist.

Also surviving are one son, Emil, of Pontiac; a daughter-in-law, Mrs. Harold (Leona) Breustle of Ann Arbor; eight grandchildren, and 22 great-grandchildren. She was preceded in death by one son and one daughter.

Mrs. Breustle was born Sept. 11, 1883, in Sharon township, the daughter of George and Louis Finkbeiner Klumpp. On Dec. 9, 1903, she married John Breustle. He died June 8, 1966.

Mrs. Breustle was a member of the Emanuel United Church of Christ of Manchester.

Funeral services were March 9, from the Jentor Funeral Home, with the Rev. Joseph W. Wise officiating. Burial followed in Sharon Center Cemetery.

**POSTER-MAKERS WITH A FLARE:** Three 8th graders from Beach Middle school pocketed cash prizes after winning the annual poster contest, sponsored by Kiwanis, to promote the summertime fluoride clinics. They were guests, with their art teacher, Mrs. Judy Parker, at the Monday night club meeting where they were introduced. Emily Bonus (left) received \$15 for her placard, the first-place poster, while Karen Simon, center, placed second and earned \$10. Lorraine Clark, standing next to Mrs. Parker, was third and received \$5. The handiwork will be displayed in downtown store windows this coming week.

## Longworth Named To Businessmen's Advisory Council

Announcement is made today of the appointment of Marion R. Longworth, of the Longworth Plating Service located at 110 Jackson St., Chelsea, Michigan, to the National Advisory Council of the National Federation of Independent Business.

This appointment is part of the program inaugurated by Wilson Johnson, president of the Federation to expand the Advisory Council from its present membership of more than 2,000 to a more comprehensive "grass roots" base of the national organization currently comprising a membership of 335,333 independent business people in all 50 states.

Although in keeping with the growth of the organization, Johnson has tripled the Washington legislative staff of the Federation, he is a firm believer in the principle that "all business is local" and plans to get an enlarged view of small and independent business problems at the local level.

Longworth is typical of the calibre of business community leaders who serve on the Advisory Council. His firm has been established in this area since 1946 and employs eight people.

His civic activities include the following: Member of the Zoning board; local lodges and serves as radio officer for the civil defense.

blood bank may be directed to Harold Jones in the event that Mrs. Dudley Holmes is unavailable, or to Mrs. Pauline McKenna, American Red Cross in Ann Arbor, 971-6300.

Dexter Township Board meeting first Tuesday, bi-monthly, Dexter Town Hall, 8 p.m.

For income tax information, call the Internal Revenue office in Ann Arbor, 971-0370.

Sylvan Township Board meeting the first Tuesday of the month, at 7 p.m. at Sylvan Township Hall.

Humane Society of Huron Valley has dogs and cats for adoption and to be reclaimed by their owners. Phone 662-5585, or go there from 9 a.m. to 5 p.m. daily, Sundays, 1 p.m. to 5 p.m. 3100 Cherry Hill Rd., 1/4 mile south of Plymouth Rd. at Dixboro.

Hot meal service brought to home of elderly or disabled. Available seven days a week to people living in the Village of Chelsea. For more information call 475-2923 or 475-8014.

The non-denominational "Light of the World" prayer and healing crusade, every Friday night, 7:30, at the Rebekah Hall on Main St. Everyone welcome.

## Bridges Chevrolet Wraps Up Recreation Basketball Title

Top-ranked Bridges Chevrolet held off a rally by Huron Valley National Bank Tuesday night to top the season standings, 9-1. Although the game was close all the way, Bridges managed the crucial shot and field goal at the last minute to bag the 57-54 victory.

High scorers for Bridges Chevrolet were Tom Steele with 19, and Gary White with 17. For the Bank, Paul Hayes and Ken Harvey each scored 14 points.

In another hotly contested game, Chelsea A & W defeated Chelsea Drug Store, 41-39. The last two minutes, as a result of turnovers, brought lots of action, but no change in score. The win pulled Chelsea A & W out of the cellar in the final listings. As usual, Dick Mill was high scorer for that group, hitting for 15, while Charles Koenn headed the list for the Drug Store. He put in eight.

Except for some lopsided scoring in the third quarter, the game pitting Heydlauff's against the Chelsea Lumber Co. was equally as close. With only two points separating them at the half, Heydlauff's scored 22 points in the third, making the Lumber Company's six tallies insignificant. The final score was much closer, however: Heydlauff's 57, Chelsea Lumber Co., 46.

High scorers for Heydlauff's were Paul Terpstra at 13 and Jon Schaffner and Phil Bareis, each with 10.

This concluded the men's basketball season with Heydlauff's coming in second, after Bridges.

**TO SAVE TOWER OF PISA**  
Pisa, Italy—A government commission to preserve the famed Tower of Pisa is burying huge cement blocks around the tower to attach a system of 16 retaining cables of its lean suddenly worsens.

Mrs. Mary Clark and son, Dean, were Sunday dinner guests of her niece and family, Mr. and Mrs. LaVern Balmer near Mason.

## Soloist Will Present Sacred Concert at Assembly of God Church

The Rev. T. B. Thodson has announced that his church, First Assembly of God, at 14900 Old US-12, will be host, this Sunday, to Gary Thomsen, a soloist from Lansing. Thomsen's "sacred concert" will be at 7 p.m., March 18.

Thomsen is a Vietnam veteran who served in the United States Air Force. He is now serving his God full-time by presenting these concerts. His arrangements are reportedly enjoyed by young people especially.

The public of all ages is invited to attend the Sunday evening concert.

## Band Boosters Calendar Sale Begins

Lest we forget what time of the year it is, the annual sale of Band Calendars is now underway. Mrs. Kermit Sharp, chairman of the event, says the sale started March 7, and will continue through March 21.

Mrs. Sharp's captains are, in the rural areas: Mrs. E. J. Hopkins, Mrs. Tom DelPrete, Mrs. William Frame, Mrs. Tom Lancaster, Mrs. James Robbins, Mrs. Earl Kuhl, Mrs. James Bradbury, Mrs. Henry Harat, Mrs. Robert Sheppard, Mrs. Donald Doll, Mrs. Don Baldwin, Mrs. Frank Sweeney, Mrs. Robert Robbins, and Mrs. Robert Koch.

Mrs. George Shaw, Mrs. Welton Harbaugh, Mrs. Raymond Sabo, and Mrs. Cecil Cobb will cover the village.

Anyone interested in a calendar, or in a calendar listing may stop at the F & M Restaurant or phone Mrs. Sharp, 475-8744.

Proceeds from the sale are used to help defray expenses for band uniforms and band camp.

**AIRLINES BOW TO KANSAS ANTILQUOR LAWS**

Topeka, Kan.—Two airlines report they will bow to Kansas' antilquor laws and will no longer serve drinks in flight while flying over the state.

**DOCTORS ON LSD**

Chicago—From a study of more than 30 rabbits at the University of Illinois, doctors say the results show that antibody-producing spleen and lymph node cells incubated with minute quantities of LSD show the drug "shut off completely" the production of antibodies.

# Cager of the Week

RON KIEL (44) was the only sophomore on the varsity basketball squad this year, but age did not hold him back. He was seen a lot in the middle of it all until pulled ligaments benched him for nine games in mid-season. He was back on the court for the final games, however, and he's sad to see the season come to a close. Ron assumed he'd be filling some of the after-school hours with his snowmobile, but the warm weather gave him a chance to bring his trusty Suzuki out of winter retirement. Unfortunately, it blew up last week-end, so his time will be taken up with tinkering it back to working order before spring comes to stay. Ron worked at Inverness Country Club last summer, tending greens and cutting grass, and he hopes to bag that job again for the coming warmer weather. Ron, the son of Mr. and Mrs. Ronald Kiel of Stoffer Rd., is the oldest of five children. He likes football as well as basketball when it comes to team sports. Luckily for him, he excels at both.

# Juvenile Caught After Breaking Into Ayers Garage

Chelsea Police Department received a call Sunday, at 11:40 p.m. to assist Sheriff's deputies at 3877 Old U.S.-12. Charles Ayers, the owner of a home at that address, had called the county law enforcement officials after he discovered two youths in his garage.

Ayers said he heard glass breaking out in his garage and when he went out to investigate, he came upon two youths, who had broken into the structure. He grabbed one, a juvenile, but the accomplice ran away.

The youth, who was wearing rubber gloves when he was apprehended, was turned over to the Washnetaw County Sheriff's Department for prosecution.

# CUB SCOUT NEWS

**DEN 1, PACK 418**  
Cub Scouts of Den 1, Pack 418, met Thursday, March 8 at the home of their den mother, Mrs. Atkinson. Billy Fresman graduated into Webelos at the Blue and Gold Banquet on Feb. 26. Everyone had a good time at the banquet.

Our Den opened the meeting with the pledge of allegiance to the flag. We started making plans and costumes for a skit for the March pack meeting. We have a new cub in our den, and his name is Chuck Spencer. We sang the welcome to John Green who was absent because of sickness.

Todd Sprague, scribe.

**DEN 13, PACK 435**  
At our last meeting, March 8, we saluted the flag.

We had a lot of fun making our own trysts. We made chocolate chip cookies. We helped make extra cookies for our pack meeting later this month.

We had a visitor this week and we hope that he decides to join us.

We closed with our den yell.

Ronnie Lorenzen, scribe.

**DEN 8-B, PACK 445**  
Den 8-B of Pack 445 had a new member today. His name is David Franch and he will be eight years old March 13. We made wire flowers today.

Mike Ward, scribe.

F. Johnson, 518; W. Butzin, 514; H. Vick, 514; C. Stehle, 512; W. Gensch, 511; E. Holl, 504; E. Armstrong, 502.

Team won three: Colonial Lanes and Team No. 18.

# GIRL SCOUT NEWS

**TROOP 163**  
Today we made favors out of egg cartons for the Father-Daughter Banquet. Carolyn Chandler will present our Juliet Lowe money.

This week is Girl Scout Week, and our window display is in Sirjeter's Men's Store. Our theme is citizenship, and we showed examples of being a good citizen and things we have done to help others. We hope everyone will look at it.

Mrs. Schmunk brought us a birthday gift. It was a book of activities. Goodyear's gave us a patch to wear on our sweaters.

Carolyn Chandler, scribe.

**TROOP 163**  
We collected dues. Then we had a flag ceremony and worked on anything we could see to do.

Some girls worked on the Girl Scout flag to fix it. Some worked on name tags for things we are putting in Dancer's windows, and some worked on posters to put in the widow.

We closed with the taps.

Larrie Flinn, scribe.

**Laundromat Patrons Report Two Larcenies**

Unfortunately, not all those frequenting laundromats are "clean" in the police jargon sense of the word. The self-service laundromat at 1630 M-52 has been the site of two larcenies in the last week.

The first victim was Viola Belle McElquinn of Battle Creek, who was staying temporarily in a cabin by one of the area lakes. Her purse was stolen while she was doing her laundry, March 6.

She found her purse stuffed in the basket in the restroom, with its contents intact except for the cash. She lost \$40.

The second reported theft occurred Sunday morning. An area resident had taken three pairs of satin, antique white curtains to the establishment, and left again while the wash cycle was in process. When she returned at 8:45 a.m., 45 minutes later, the curtains were gone.

Ask the GOVERNOR

Question: I read that Michigan is running low on fuel for heating homes. Is that true? What is being done about it?

Answer: Governor: This year's very early winter and an accompanying extended cold spell have resulted in a potential shortage of heating oil, natural gas, and propane in our state. I believe it is extremely important that we carefully monitor our available fuel supply and avoid possible emergency situations.

Question: Why in the world are Michigan Taxpayers footing the bill for state offices in Europe and Asia?

Answer: Governor: The offices which Michigan is developing in Brussels and Tokyo will be extremely beneficial to our state's economy. These offices were created this year along with an expanded international division in the Michigan Department of Commerce...

Question: Some of us have to take our vacations in the winter and can't afford to leave the state. We're new in Michigan and wonder what there is to do and see.

Answer: Governor: Michigan has a full schedule of events taking place throughout our state this winter. A partial listing of these events includes a 250 snowmobile endurance race in Traverse City on Jan. 27, the International Sled Dog races in Kalkaska on Jan. 27 and 28, and Tip-Up Town in Houghton Lake on Jan. 20-21.

# Cager of the Week

**RICK MILLER (50)** who, by definition, was kept out of most of the action as a punter for the Bulldogs last fall, found himself in the heart of the battle during basketball season. As a forward in this, his junior year, he was an asset as both a rebounder and a scorer. Miller, with his 6'3" would have been one of the big men on Dexter's short squad this year, if his family hadn't moved to Chelsea three years ago. Rick's just as glad to be on this side of the line. He hopes to perform some more tall deeds on the mound when baseball season opens. He lives with his two brothers and three sisters at his parents' farm, and will be among the Chelsea High athletes honored tonight at the Winter Sports Banquet.

# Year-End Natural Resources Report

Lansing — Michigan's environmental movement in 1972 was something like the football team which played a good game between the 20-yard lines. It made quite a few first downs, but didn't get many points on the big board.

What the movement's game plan lacked, of course, was not effort. There was plenty of that. However, there were many things which worked against long gains for environmentalists in '72.

Some possible breakthroughs were log-jammed by lengthy court deliberations; others were broadsided by a complexity of events; all proved that patience and hard work were distinct virtues for the conservation-minded.

As a top Department of Natural Resources official put it: "We gained more problems this year than we solved."

He was quick to add, however, that "we put ourselves on record as being smack dab in the middle of the fight for getting additional controls where they are needed to protect this state's environmental interests."

On the same side of that fight, to be sure, were those stout-hearted ranks with the DNR in battling it out for environmental quality.

Thus, conservation—or environmentalism—remained a positive force in the year now slipping behind us. Optimistically, backers and leaders of the movement looked upon '72 as a year of paving the way for some major advances in '73.

Looming large on the New Year's horizon was an expanded version of Inland Lakes and Streams Act which would place proposed man-made developments on virtually all interior waters under tight state control of the DNR.

Environmentalists also carried the high hope forward that the New Year would forge out a much-needed program of state-directed land and water-use reform for Michigan. From its aggressive stance in 1972, the DNR cast an eager eye toward 1973 with the hope of finding out how much clout it packed in extending its umbrella of resource protection under the Department's basic or organization law, Act 17 of 1921.

**A Leader Falls**  
The man who championed these and other conservation causes for the last eight years passed from the scene in 1972. In an ironical twist of fate, Dr. Ralph A. MacMullan, director of the DNR, died of a heart attack on Sept. 23, Michigan's and the nation's first Hunting and Fishing Day.

His death stilled one of the strongest, most outspoken voices for sportsmen. It also cast a pall over this state's entire environmental spectrum.

Michigan's loss was the nation's, too. Highly regarded in national circles as one of the most dynamic conservation leaders anywhere, Dr. MacMullan had served the past year as president of the prestigious International Association of Game, Fish and Conservation Commissioners. He had also served in a number of other high national posts dealing with environmental affairs.

**The Torch Is Passed**  
In conservation, as in other affairs, the job must go on. Named in late October to carry ahead Michigan's quest for environmental excellence was DNR veteran A. Gene Gazlay who, as Dr. MacMullan's right-hand man for the last four years, earned recognition and respect among active environmentalists as a top-notch administrator and sharp tactician. Upon assuming the DNR's reins, Gazlay pledged, in his own style, to push forward much in the

same path which his predecessor had set.

**No Primrose Path**  
The road ahead was—and is—paved with problems, lined with too many sloppy land developments which seem bent upon subdividing and conquering the wild land values of Michigan, particularly in the northern part of the state where the "rush" is on.

Small wonder, then, that the DNR in late 1972 was quick to swing its support behind the Omnibus Land Use and Development Bill spearheaded by a special commission of Governor Milliken.

The DNR stamped the proposed measure as a first step toward the development of a rational State Land Use Policy, which would provide the needed co-ordination, direction, and long-range planning for many problems, including natural resources, human resources, and urban development.

Director Gazlay, testifying in behalf of the proposed bill, underscored these concerns of the DNR: "In our north country, subdivision developers are carving up thousands of acres without concern for adequate roads, sewage disposal, schools, churches, or other community facilities. They are raping the landscape by building roads in erodible soils, creating erosion on the hills and siltation in the streams... they are laying the foundation for the next big round of tax-reverted lands."

**Bridging Gap Over Troubled Waters**  
It seemed in 1972 that where land use problems left off in Michigan, water management problems took over. And so it was that the DNR and environmentalists placed top priority in attacking both problems as being virtually one and the same.

Their efforts netted a tremendous victory when both houses passed House Bill 4948, a measure which would provide a comprehensive system of permit controls over man-made developments on all inland waters, except small ponds.

The bill, hailed as the most important piece of environmental legislation last session, required some refinements at the end of '72 and was expected to take effect in March. As an improved, expanded version of the Inland Lakes and Streams Act, it would extend regulation over damming, dredging, projects to so-called "non-navigable" waters.

DNR Director Gazlay, voicing the Department's full support for H. B. 4948 at a Senate committee hearing, described non-navigable streams as the "lifelines" of major river arteries and many inland lakes. He added that such feeder streams or non-navigable waters constitute those areas which are most critical to the environment.

**No Time for Waiting Game**  
Even before H. B. 4948 was in the making, Michigan's Natural Resources Commission took action to bring new land and water developments under an orderly, carefully-controlled concept of standards to protect environmental values.

In sensing the urgency for action and the probability of extended political fighting on various issues, it adopted an interim land-use policy.

Under that policy, the Commission and DNR went on record as employing all of the constitutional and statutory authority at their command to thwart any new use of land and associated water resources which had the "potential to cause major irreversible damage to the quality of Michigan's environment."

At year's end, the interim policy, putting both private and public projects to that test, continued to guide the Commission's decisions on land matters and the DNR's management of land-water programs in lieu of a workable state-wide land use plan which was hoped for in 1973.

**Testing Authority to the Hilt**  
For lack of clear-cut laws, the DNR time after time in 1972 found itself testing its basic authority under Act 17 in an effort to safeguard Michigan's natural resources. The interim policy was one example of this.

Another one which made big headlines in '72 centered upon the DNR's struggle to implement river-use rules on problem stretches of the Au Sable, Pere Marquette, Manistee, and Pine rivers.

The hotly-contested measures, use conflicts, and environmental wear and tear on parts of those four streams, were taken to court on their constitutionality and challenged there on the DNR's authority to put them into effect.

At the end of 1972, they were still there—tied up in Lake County Circuit Court, and clouding the DNR's basic power to protect resource values under Act 17.

**Natural Resources Commission**  
Hilary F. Snell of Grand Rapids termed the question as the "bottle-neck issue" in the Commission's and DNR's over-all efforts to save natural resources from excessive use and the degradation which goes with it.

With this issue expected to go through a long drawn-out fight even at higher levels, the DNR announced in December that its top approach to the problem in 1973 would be keyed to seeking legislation giving it blanket authority to license and set rental quotas for boat livery and marinas on inland lakes, as well as on inland streams.

**Shorelands Plan Part of Big Picture**  
In the same sphere of attention, 1972 saw the drafting of a proposed plan to protect this state's Great Lakes shorelands. Basically, it set forth a broad management strategy centered upon pre-

serving those areas—both private and public—in the most natural setting possible.

As such, it placed key emphasis upon singling out and providing protective use controls for "high risk" erosion areas and "environmental" areas along this state's Great Lakes shores.

The plan, mandated by the Shorelands Protection and Management Act of 1970, was aired at public hearings in late 1972, underwent refinements from those hearings, and was scheduled for the desk of Governor Milliken in January as required by law.

**Federal Cut Sets Back Clean Water**  
Michigan citizens received word in late December that they would have to live with water pollution problems longer than they had expected because of the federal administration's withholding of funds for municipal sewage treatment facilities nationwide.

This state's share of the federal cost-sharing funds was cut from \$880 million authorized by Congress for the next two years down to \$400 million.

With federal grants covering 75 percent of project costs, this meant that the program of waste water treatment improvements in the state would reach only \$498 million over the next two years instead of the full \$1.2 billion projected under the level approved by Congress.

Against this turn of events, the Michigan Water Resources Commission faced a backlog of grant applications from communities in the state for next treatment plant construction totaling \$1.8 billion. Observed Governor Milliken: "This action (of federal withholding) represents a serious blow to our efforts aimed at achieving clean water goals in Michigan and throughout the Great Lakes region in this decade."

**Recreation on the Spot**  
Next to landwater problems, recreation was No. 2 on this year's list of natural resources concerns. The problem there was money—or, more precisely, the lack of it.

Michigan's leisure-time needs, left with no more funds to draw

from in the state's \$100 million Recreation Bond Program, were seen by the DNR as "easily" approaching \$400 million over the next five years.

The magnitude of the situation was described as "staggering" by the DNR's Deputy Director of Recreation when, in November, he outlined the total picture covering local recreation and state projects in the field of wildlife, forestry, parks, fisheries, waterways, and historic preservation.

"Without careful planning and responsible fiscal support," Samuel A. Milstein emphasized, "further collapse or violent upset is predictable in Michigan's Recreation Future."

An overview of Michigan's leisure-time needs for the next five years singled out local recreation programs as the "foundation" of any state-wide recreation system. However, Director Gazlay indicated that those local programs will be in for some lean years unless the state comes up with the dollar power (about \$200 million) to fund its share of the total recreational load projected by the DNR.

**Capitalized Headlines**  
Many other major developments in conservation affairs made headlines in 1972. Here, to make some long stories short, are some of them:

—Michigan's first modern-day planting supply of Atlantic salmon find new homes in Boyne and Au Sable rivers.

—DNR water resources Commission approve permits or multi-million-dollar Tilden Mine iron-ore pelletizing operation in Ishpeming area.

—Michigan's Waterways Commission, responding to environmental concern, abandons further plans for developing harbor of refuge and boat launching complex at the mouth of the Platte River.

—Summer sale of state oil and gas lease rights draws bonus bids totaling a record \$9.8 million for 488,870 acres in 11 northern Lower Michigan counties.

—Lake trout placed back on DNR's planting list for Lake Huron and given top priority in state's plans to rebuild fishing fortunes of these waters.

—Jordan River and tributaries draw first designation, as wild

scenic river, under Michigan's Natural Rivers Program.

—Work nears completion on DNR pheasant rearing facilities scheduled to produce 100,000 birds for put-and-take hunting in southern Michigan during fall and winter season of 1973-74.

DNR contracts record-probing study of shipwrecks in Michigan area of Great Lakes and Lake St. Clair to research possibilities of establishing underwater state park system on bottomlands of these big waters.

—Conservation officer Gerald Welling dies in line of duty attempting to arrest alleged game law violators in Hermansville area.

—State park attendance drops to 19 million, camper use dips to 483,000 groups in wake of bad weather, people-problem concerns.

—Preliminary DNR estimate pegs state's firearm deer harvest at 59,000, about 3,000 down from 1971.

—State's toll for forest fires closes out at 5,719 acres, 19th lowest on DNR records.

**USE HARD-COOKED EGGS WITHIN TWO DAYS**

Marketing officials of the Michigan Department of Agriculture report shelled hard-cooked eggs should be refrigerated no longer than two days. Difficulty in peeling some hard-boiled eggs is associated with the freshness of the eggs. Older eggs should be used for hard-boiled because they are easier to peel.

Now that the football bowl contests are completed, the sports fans will listen for news from the baseball training camps.

**NEW**

**BARBER PRICES**

Effective March 16, 1973

All barber prices will increase 25 cents to correspond with other small towns in Washtenaw County.

### District Court Proceedings

**Week of March 7-11**  
 In 14th District Court during the week of March 7 - 11, Gary Gillespie pled guilty to careless driving. He was fined \$34 and costs. Leslie Lenchimer was also charged with careless driving and was fined \$34 and costs.  
 Deborah Green was arraigned on charge of writing checks worth more than \$50 on an account with insufficient funds. She pled guilty to an amended charge of writing checks worth less than \$50 on an account with insufficient funds. She will be sentenced April 18, and her bond will remain at \$1,000 until that time.  
 Vida Fay Carlington did not appear to answer charges of being drunk and disorderly. A bench warrant was issued March 5, and a new trial is set for March 12.  
 Governor G. Robinson pled guilty to driving with a suspended license. He was sentenced to a fine of \$75 and costs, plus three days in jail, or 20 days in jail.  
 Barry Rohde pled guilty to a charge of drunk and disorderly conduct. He was sentenced to a fine of \$50 and costs or 10 days in jail.  
 Roy C. Stewart pled guilty to driving too fast for the conditions. He was fined \$21 and costs.  
 Robert Schneider pled guilty to driving with no operator's license on his person. He was fined \$10 and costs.  
 Orven Schauer pled guilty and paid \$16 and costs for having expired commercial plates on his vehicle.  
 Kevin Bradbury pled guilty to driving carelessly and paid \$34 and costs.  
 James Davis pled guilty to having expired license plates on his vehicle. He was fined \$16 and costs.  
 Charles Kramer pled guilty to improper driving. He will be sentenced April 20.  
 Kevin Wheeler was found guilty of driving without due care and caution and was fined \$25 and costs.  
 Gary Gregory pled guilty to passing on the right. He will be sentenced June 22.  
 Robert F. Walbridge was fined \$200 and costs for driving under the influence of liquor.  
 Robert Lawson pled guilty to driving under the influence of liquor. He was fined \$31 and costs.  
 Anthony Milazzo pled guilty to having no horn on his vehicle. He was fined \$25 and costs.  
 Theodore Reames pled guilty to improper driving. He will be sentenced April 23.  
 Michael Cubberty was fined \$50 and costs for being a disorderly person.  
 Barry Flegler pled guilty to an amended charge of driving 80 mph in a 70 mph zone. He was fined \$31 and costs.  
 Gene Taylor was found guilty of driving under the influence of liquor. He will be sentenced April 23.  
 Gloria J. Vaughan pled guilty to having no proof of insurance and no registration in her car. She was fined \$32 and costs.  
 The University of Michigan Hospital Blood Bank serves as a regional "reference laboratory" having the facilities and trained personnel to identify and match rare blood for patients. Such labs, certified by the American Association of Blood Banks, assist all blood banks and hospitals in its region.

### Letters to the Editor

**To the Editor:**  
 Many years ago funds were appropriated to facilitate the lowering of water tables in the Mill Creek Drainage Basin. The Jerusalem Mill Pond Dam was destroyed and Mill Creek was dredged. The venture was devised to provide improved farming lands and those who benefited were taxed accordingly. About four or five years ago the project "costs" were met and the drainage assessment was dropped from the tax rolls. Presently the Michigan Department of Natural Resources is conferring on Federal funding submitted by the Huron-Clinton Metropolitan Authority for park development in the aforementioned area. Park plans call for the construction of the dam and hence the raising of water tables. Consider the loss of prime farmland that obviously has been gained through the drainage of Mill Creek Basin.  
 Long-range projections on food production indicates that America will be in need of prime farmlands to provide adequate foodstuffs for her tables. As early as 1985, farmland in Michigan, will be in great demand if land usage is not controlled with an eye toward future generations.  
 The Chelsea area is already endangered in this respect, as so much of our soil is state owned and delegated to recreational pursuits. The Waterloo State Recreational Area consists of over 4,000 acres of "natural" sub-marginal land.  
 We would urge that DNR refuse funding for HCMA's new park proposal and that they should recommend Huron-Clinton consider development of the Waterloo lands with the same ideology as proposed for the impending new park. Perhaps widening their horizons to include over-night and camping facilities. This approach would implement Chelsea's prosperity rather than burdening the tax base with further revenue losses.  
 Have you thought about how this new park will affect you?  
 We object to being assessed for a project that would reverse the desirable drainage and improved farming conditions that have just been paid for. We object to more land acquisition in our area for park use. We object to the increased local school taxes resulting from loss of taxable lands. We object to sewerage costs incurred by the disruption of the present arrangements. We object to financing the relocation of existing roadways to by-pass the park area, when our road commission has been unable to bring the present roads above substandard levels.  
 Take a Sunday drive in the proposed park area, notice how productive it is. Think about the revenue it brings to Chelsea. Take a Sunday drive through the Waterloo State Recreation Area, notice how our new park will look. Think about what it will cost you to have yet another large acreage park.  
 We will not allow ourselves to become economically endangered by acquiescing to Huron-Clinton's wishes.  
 Sincerely,  
 Mr. and Mrs. Jerry Satterthwaite.

### Saline Jaycees Set Dates for Band Battle

Entries are being accepted for "Band Battle '73", the Saline Jaycees 7th annual rock music competition. Open to musicians between 13 and 19 years of age, Band Battle offers prizes valued at nearly \$2,000 to the winners. First prize again this year will be a Shure VA300 Sound System. Entry blanks are available at the Ann Arbor Music Mart or by calling Paul Horn at 429-5244.  
 Band Battle annually attracts thousands of spectators from all over southeastern Michigan together with talent scouts from many Detroit area booking agencies and recording studios. Dates for Band Battle '73 have been set for April 21 and 28, with the finals on May 5.

Workers who protect themselves from excessive on-the-job noise levels through the use of ear plugs or protective earmuffs, frequently do not realize they can encounter equally hazardous sound levels within their own homes. Hearing experts point out that kitchen appliances can generate as much sound as a milling machine and that a power lawn mower can match the noise output of a printing press.

### Special Passport to National Parks Now Offered Through Post Office

The United States Postal Service has announced that all first and second class post offices will make Golden Eagle and Golden Age passports available to the public. Chelsea Postmaster Richard Schauls said the passports are a wallet-size, calendar-year permits, which entitle the bearer and any person accompanying him in a single, private, non-commercial vehicle to general admission to designated units of the national park system and national recreational areas.  
 Postmaster Schauls says the passports are now available at the Chelsea Post Office.  
 "These passports differ in that the Golden Eagle will be available to any person upon payment of a \$10 fee," he said. The Golden Age passport will be issued without charge to any person 62 years of age or older who applies for the permit.  
 "The Golden Age passport also will entitle the bearer to utilize certain recreation facilities within the park and recreation areas at a rate of 50 percent of the established daily use fee," he said.  
 Both permits are non-transferable.  
 Postmaster Schauls noted that the passport program is being conducted in co-operation with the U. S. Department of Interior "and is a fine example of how two government agencies can work together effectively to better serve the public."

### Ann Arbor Federal Savings Tops \$200 Million in Assets

Ann Arbor Federal Savings exceeded \$200 million in total assets, it was announced recently by Roy Weber, president.  
 "Ann Arbor Federal Savings is the largest financial institution in Washtenaw county and the fourth largest Federal savings and loan in the state of Michigan," Weber said in revealing the achievement.  
 "In the past year alone, we have added \$36 million in total assets. This is quite phenomenal when you consider that in 1942 our total assets were just \$5 million, in 1952, \$18 million and in 1965 just \$64 million."  
 "This growth has been achieved through an ever-growing number of depositors which now number more than 46,000. Although our customers live primarily within Washtenaw, Livingston and Oakland counties, we have many throughout the United States and in 20 different nations," he continued.  
 "The addition of a full service office in Chelsea early in 1972 contributed measurably to this growth. We expect to further this growth pattern in 1973 by the opening of an office in Ypsilanti township. In addition, other facilities are in the planning stage which will further extend the services of the Ann Arbor Federal Savings into other communities."  
 Expanding assets have been matched by availability of funds to stimulate the building of homes in Washtenaw and Livingston counties. More than \$54 million in new mortgage loans were made in 1972. Ann Arbor Federal Savings is the largest single source for home loans in the area.  
 The growth of the S & L is reflected in their new five-story building adjacent to their old structure at the corner of Liberty and Division Sts. They have just moved into the 28,000 square foot addition, while the remodeling of the former building is underway. The attractive completed building will include a two-story, ten-foot wide portico across the Liberty St. side and complete remodeling of interior office facilities. The completed lobby will cover the 10,000 square feet of the combined buildings. Completion of the structure is expected in the late spring.

### Camera Stolen from Car

Doug Schoenberg's Sunday morning got off to an unpleasant start. When he wet out to get in his car at 148 Van Buren St., he found the car door ajar. The black Polaroid camera that had been in the car the night before was gone.

Modern tapestry will become increasingly popular as an upholstery fabric choice for fall. Velvet, however, will still be the number one fabric preference of consumers.

# Lyndon Township ZONING Ordinance

## AN ORDINANCE ESTABLISHING ZONING DISTRICTS WITHIN THE UNINCORPORATED PORTIONS OF THE TOWNSHIP OF LYNDON, WASHTENAW COUNTY, MICHIGAN

WHEREAS, the Lyndon Township Planning Commission did, in accordance with the procedures specified in Act 184 of the Public Acts of 1943 as amended, make and adopt a basic zone plan as a guide for the development of Lyndon Township; and

WHEREAS, said basic zone plan has been designed to promote the public health, safety and general welfare; to encourage the use of resources in accordance with their character and adaptability; to avoid the overcrowding of land by buildings or people; to lessen congestion on public roads and streets; and to facilitate provision for a system of transportation, sewage disposal, safe and adequate water supply, recreation, education and other public improvements; and

WHEREAS, the Lyndon Township Planning Commission did prepare a zoning map establishing zoning districts based upon said basic zone plan, which zoning map was designated to encourage the use of lands, in accordance with their character and adaptability and to limit the improper use of land; to provide adequate light and air; and to conserve the expenditure of funds for public improvements and services to conform with the most advantageous uses of land, resources and properties, and with reasonable consideration, among other things, to the character of each zoning district, its peculiar suitability for particular uses, the conservation of property values and natural resources, and the general and appropriate trend and character of land building and population development; and

WHEREAS, the Lyndon Township Planning Commission did adopt and file with the Lyndon Township Board recommendations as to (1) a basic or zone plan for the unincorporated portions of Lyndon Township as a whole, (2) a zoning map establishing zoning districts including the boundaries thereof, (3) the text of a zoning ordinance with the necessary provisions and zoning regulations, and (4) the manner of administering and enforcing the zoning ordinance after having noticed and held a public hearing thereon and having submitted said proposed zoning ordinance and maps to the Washtenaw County Metropolitan Planning Commission of Washtenaw County, Michigan, in accordance with the procedures specified in Act 184 of the Public Acts of 1943, as amended.

NOW, THEREFORE, BE IT RESOLVED BY THE PEOPLE OF THE TOWNSHIP OF LYNDON, WASHTENAW COUNTY, MICHIGAN:

### ARTICLE I TITLE, PURPOSES AND LEGAL CLAUSES

#### SECTION 1.01—TITLE

This Ordinance shall be known and may be cited as "The Zoning Ordinance of Lyndon Township."

#### SECTION 1.02—REPEAL OF ORDINANCE

The Lyndon Township Interim Zoning Ordinance adopted on July 11, 1968 and all amendments thereto are hereby repealed effective coincident with the effective date of this Ordinance.

#### SECTION 1.03—PURPOSES

This Ordinance has been established for the purposes of:

- A. Promoting and protecting the public health, safety and general welfare;
- B. Protecting the character and the stability of the agricultural, recreational, residential, commercial and industrial areas within the unincorporated portions of Lyndon Township and promoting the orderly and beneficial development of such areas;
- C. Providing adequate light, air, privacy and convenience of access to property;
- D. Regulating the intensity of use of land and lot areas and determining the area of open spaces surrounding buildings and structures necessary to provide adequate light and air and to protect the public health;
- E. Lessening and avoiding congestion in the public highways and streets;
- F. Providing for the needs of agriculture, recreation, residence, commerce, and industry in future growth;
- G. Promoting healthful surroundings for family life in residential and rural areas;
- H. Fixing reasonable standards to which buildings and structures shall conform;
- I. Prohibiting uses, buildings or structures which are incompatible with the character of development or the uses, buildings or structures permitted within specified zoning districts;
- J. Preventing such additions to or alteration or remodeling of existing buildings or structures in such a way as to avoid the regulations and limitations imposed hereunder;
- K. Protecting against fire, explosion, noxious fumes and odors, heat, dust, smoke, glare, noise, vibration, radioactivity, and other nuisances and hazards in the interest of the public health, safety and general welfare;

L. Preventing the overcrowding of land and undue concentration of buildings and structures so far as is possible and appropriate in each zoning district by regulating the use and bulk of buildings in relation to the land surrounding them;

M. Conserving the taxable value of land, buildings, and structures throughout the unincorporated portions of the Township;

N. Providing for the completion, restoration, reconstruction, extension or substitution of non-conforming uses;

O. Creating a Board of Appeals and defining the powers and duties thereof;

P. Designating and defining the powers and duties of the official or officials in charge of the administration and enforcement of this Ordinance;

Q. Providing for the payment of fees for building permits; and

R. Providing penalties for the violation of this Ordinance.

### SECTION 1.04—VALIDITY AND SEVERABILITY CLAUSE

If any court of competent jurisdiction shall declare any part of this Ordinance to be invalid, such ruling shall not affect any other provisions of this ordinance not specifically included in such ruling.

If any court of competent jurisdiction shall declare invalid the application of any provision of this Ordinance to a particular land, parcel, lot, district, use, building or structure, such ruling shall not affect the application of said provision to any other land, parcel, lot, district, use, building, or structure not specifically included in said ruling.

### SECTION 1.05—CONFLICT WITH OTHER LAWS

A. Where any condition imposed by any provision of this Ordinance upon the use of any lot, building or structure is either more restrictive or less restrictive than any comparable condition imposed by any other provision of this Ordinance or by the provision of an ordinance adopted under any other law, the provision which is more restrictive or which imposes a higher standard or requirement shall govern.

B. This Ordinance is not intended to abrogate or annul any easement, covenant or other private agreement provided that where any provision of this Ordinance is more restrictive or imposes a higher standard or requirement than such easement, covenant or other private agreement, the provision of this Ordinance shall govern.

### SECTION 1.06—PERIOD OF EFFECTIVENESS

This Ordinance shall remain in full force and effect henceforth unless repealed.

### SECTION 1.07—EFFECTIVE DATE

This Ordinance was adopted by the Township Board of the Township of Lyndon, Washtenaw County, Michigan, at a meeting held on March 15, 1973 and ordered published in The Chelsea Standard, a newspaper having general circulation in said Township, as required by Act 184 of the Public Acts of 1943, as amended.

Date: March 10, 1973.  
Thomas C. Lewis  
Township Supervisor  
Doris M. Fuhrmann  
Township Clerk

### ARTICLE II DEFINITIONS

#### SECTION 2.01—PURPOSE

For the purpose of this Ordinance certain terms are herewith defined. When not inconsistent with the context, the present tense includes the future, words used in the singular number include the plural number. The word "shall" is always mandatory and not merely permissive. The word "person" includes a firm, association, organization, partnership, trust, company, or corporation as well as an individual. The words "used" or "occupied" include the words "intended," "designed," or "arranged" to be used or occupied.

#### SECTION 2.02—DEFINITIONS

**Accessory Use, Building or Structure:** A use, building or structure on the same lot with, and of a nature customarily incidental and subordinate to the principal use, building or structure.

**Automobile Service Station:** A place that is used or designed to be used for the retail supply of gasoline and other fuels used for the propulsion of motor vehicles; kerosene, motor oil, lubricants or grease; sale of accessories and services such as polishing, washing, cleaning, greasing, undercoating, and minor repairs, but not including bumping, painting, or refinishing thereof.

**Basement:** That portion of a building which is partly or wholly below grade but so located that the vertical distance from the average grade to the floor is greater than the vertical distance from the average grade to the ceiling. A basement shall not be counted as a story.

**Billboard:** See Outdoor Advertising Sign.

**Block:** A "block" is comprised of a parcel of land bounded by streets or by a combination of streets and public parks, cemeteries, railroad rights-of-way, bulkhead lines or shorelines, or the corporate boundary lines of any village, city or township.

**Boarding House:** A dwelling in which more than three (3) persons either individually or as families are housed or lodged for hire with meals.

**Building:** An enclosed structure having a roof supported by columns, walls, arches or other devices used for the housing, shelter or enclosure of persons, animals or chattels.

**Building Area:** The total area taken on a horizontal plane of the largest floor level of a building and of all accessory buildings on the same lot exclusive of unroofed porches, terraces, patios and steps, and of awnings and nonpermanent canopies.

**Building Height:** The vertical distance measured from grade to the highest point of the roof for flat roofs, to the deck lines of mansard roofs, and to the average height between eaves and ridge for gable, hip and gambrel roofs.

**Bulk:** "Bulk" is the term used to indicate the size and setback of a building or structure and the location of same with respect to another building or structure or to a lot line and includes the following:

- a. the size and height of a building or structure;
- b. the location of the exterior wall of a building in relation to a lot line, street or other building;
- c. the floor area of a building in relation to the area of the lot on which it is located;
- d. the open spaces allocated to and surrounding a building; and
- e. the amount of lot area per dwelling unit.

**Building Line:** The minimum distance which any building must be located from a street right-of-way or high water line.

**Conditional Use:** A use which is subject to conditional approval by the Planning Commission. A conditional use may be granted only when there is a specific provision in this Ordinance. A conditional use is not considered to be a non-conforming use.

**Court (Open Space):** An open space on the same lot with a building or group of buildings and which is bounded on two or more sides by such building or buildings. A court shall be unoccupied.

**Dog Kennel:** See Kennel.

**Drive-In:** A business establishment so developed that its retail or service character is primarily dependent on providing a driveway approach or parking spaces for motor vehicles so as to serve patrons while in the motor vehicles; as well as within the building of structure.

**Dwelling Area:** The dwelling area of a dwelling unit is composed of sleeping rooms, kitchen, dining room, den, studio, bathrooms, and family and living rooms.

**Dwelling, Mobile Homes:** A detached residential dwelling unit designed for transportation after fabrication on streets or highways on its own wheels or on flatbed or other trailers, and arriving at the site where it is to be occupied as a dwelling complete and ready for occupancy except for minor incidental unpacking and assembly operations, location on jacks or other temporary or permanent foundation, connections to utilities, and the like. A travel trailer is not to be considered as a mobile home.

**Dwelling Unit:** One or more rooms with principal kitchen and bathroom facilities designed as a unit for residence by only one family for living and sleeping purposes.

**Dwelling, Single-Family:** A detached building or structure designed for or occupied by one family only.

**Dwelling, Two-Family:** A detached building or structure designed for or occupied by two families only, with separate housekeeping, cooking, and bathroom facilities for each.

**Dwelling, Multiple-Family:** A building or structure designed for or occupied by three or more families, with separate housekeeping, cooking, and bathroom facilities for each.

**Dwelling, Row:** A row of attached one-family dwellings not more than two and one-half (2 1/2) stories in height nor more than two rooms deep, with separate housekeeping, cooking, and bathroom facilities for each.

**Easement:** Any private or dedicated public way other than a street, providing a secondary means of access to a property having a right-of-way not less than twenty (20) feet.

**Entrance Ramp:** A roadway connecting a feeder road with a limited access highway and used for access onto such limited access highway.

**Essential Services:** The term "essential services" shall mean the erection, construction, alteration, or maintenance by Public Utilities or Municipal Departments, Commissions or Boards of underground or overhead gas, electric, steam or water transmission or distribution systems, collection, communication, supply or disposal systems, dams, weirs, culverts, bridges, canals, locks, including poles, wires, mains, drains, sewers, towers, pipes, conduits, cables, fire alarm boxes, police call boxes, traffic signals or signs, fire hydrants, and other similar equipment and accessories in connection therewith, but not including buildings reasonably necessary for the furnishing of adequate service by Public Utilities or

Municipal Departments, Agencies, Commissions or Boards, or for the public health or safety or general welfare.

**Excavation of Gravel, Sand, Topsoil or Earth:** Promises from which any rock, gravel, sand, topsoil or earth in excess of fifty (50) cubic yards in any calendar year is excavated or removed for the purpose of disposition away from the premises except excavation in connection with the construction of a building or with public highway rights-of-way.

**Family:** One or more persons living together in a room or rooms comprising a single housekeeping unit and related by blood, marriage or adoption and including foster children and the domestic employees thereof. A family is distinguished from a group occupying a rooming-house, boarding-house, lodging-house, club, fraternity-house, hotel, motel or tourist home.

**Free-Standing Identification Sign:** A sign designed to identify to persons, not on the premises on which a free-standing identification sign is located, only the title of the business or profession conducted on the premises, and such information shall be supported by a structural frame independent of any other structure.

**Floor Area:** The sum of the gross horizontal areas of the several stories of a building excluding cellar and basement floor area not devoted to residential living but including the area of walled and roofed porches and terraces. Dimensions for computing floor area shall be measured between exterior faces of walls.

**Floor Area Ratio:** The ratio of the floor area of a building to the area of the lot on which it is located calculated by dividing the floor area by the lot area and expressing it as a percentage. For example, a floor area ratio of 40 per cent is specified and the lot area is 10,000 square feet, the maximum permitted floor area on that lot is 4,000 square feet. The number of stories being optional, the building area may be 4,000 square feet for one (1) story, 2,000 square feet for each of two (2) stories, or 1,000 square feet for each of four (4) stories.

**Garage, Commercial:** Any building available to the public operated for gain and which is used for storage, rental, greasing, washing, servicing, repairing, or adjusting of automobiles or other motor vehicles.

**Garage, Private:** An accessory building or structure used principally for storage of automobiles and for other incidental storage purposes only.

**Home Occupation:** An occupation that is traditionally and customarily carried on in the home being primarily incidental to the principal residential use, provided:

- a. that such home occupation shall be carried on within the dwelling or within a building accessory thereto;
- b. that no article shall be sold or offered for sale on the premises except such as is produced within the dwelling or accessory building or is provided incidental to the service or profession conducted within the dwelling or accessory building;
- c. that there shall be no exterior storage of materials or equipment;
- d. that no nuisance shall be generated by any heat, glare, noise, smoke, vibration, noxious fumes, odors, vapors, gases or matter at any time;
- e. that no hazard of fire, explosion or radioactivity shall exist at any time; and
- f. that not more than one (1) person other than the family occupying the dwelling shall be employed.

**Hotel:** A building, structure or part thereof occupied as the more or less temporary abiding place of individuals, in which the rooms are usually occupied singly for hire and in which rooms no provisions for cooking are made, and in which building there may be a general kitchen and/or public dining room(s) for the accommodation of the occupants. The word "hotel" shall not include a "motel" or "motor court."

**Junk Yard:** A place, structure, parcel or use of land where junk, waste, discard, salvage, or similar materials such as old iron or other metal, wood, lumber, glass, paper, rags, cloth, leather, rubber, bagging, cordage, barrels, containers, etc., are bought, sold, exchanged, stored, baled, packed, disassembled, or handled, including auto wrecking yards, inoperative machines, used lumber yards, house wrecking, and structural steel materials and equipment and including establishments for the sale, purchase, or storage of salvaged machinery and the processing of used, discarded, or salvaged materials, for any thirty (30) consecutive days.

**Kennel:** Any lot or premises on which three (3) or more dogs and/or cats are confined either permanently or temporarily.

**Livestock:** The word livestock shall mean horses, cattle, sheep and swine.

**Loading Space, Off-Street:** Space logically and conveniently located for bulk pickups and deliveries, scaled to delivery vehicles expected to be used, and accessible to such vehicles when required off-street parking spaces are filled. Required off-street loading space is not to be included in computation of required off-street parking space.

**Lot:** A lot is all or part of a parcel of land excluding that portion in a road or street right-of-way within one (1) block.

**Lot Area:** The area within the lot lines, but excluding that portion in a road or street right-of-way.

**Lot Coverage:** The percentage of the lot area covered by the building area.

**Lot Measurements:**

- a. Depth of a lot shall be considered to be the distance between the midpoints of straight lines connecting the foremost points of the side lot lines in front and the rearmost points of the side lot lines in the rear.
- b. Width
- 1. The distance between straight lines connecting front and rear lot lines at each side of the lot.
- 2. In determining lot frontage on odd shaped lots, if the lot abuts on the outside curve boundary of a curving street and as a result the side lot lines diverge toward the rear, the measurement of the width may be taken incidental to the width and parallel to the front building lines of the principal building.
- 3. If the lot abuts on an inside curve boundary of a curved street wherein the lot lines converge toward the rear, the measure shall be taken at a point seventy (70) feet from the street boundary line of said lot.
- 4. The average width measured at right angles to its depth.

**Lot of Record:** A lot which is part of a subdivision and is shown on a map thereof which has been recorded in the Office of the Register of Deeds of Washtenaw County; or a lot described by metes and bounds, the deed to which has been recorded in said office.

**Lot, Through or Double Frontage:** An interior lot having frontage on two parallel or approximately parallel streets.

**Manufacturing:** The process of making products by hand, machinery, or other agency, often with the provision of labor and the use of machinery.

**Marginal Access Road:** A service roadway parallel to a feeder road, which provides access to abutting properties and protection from through traffic.

**Mezzanine:** An intermediate floor in any story occupying not to exceed 1/3 of the floor area of such story.

**Mobile Home:** See Dwelling, Mobile Homes.

**Mobile Home Park:** Any parcel of land intended and designed to accommodate a mobile home for non-transient living use which is offered to the public for that purpose; and any structure, facility or equipment used or intended for use incidental to the residential use.

**Mobile Home Site:** A plot of ground within a trailer coach park designed for accommodation of a mobile home.

**Mobile Home Stand:** That part of a mobile home site designed for the placement of a mobile home, apartment structures, or additions, including expandable rooms, enclosed patios, garages or structural additions.

**Motel:** Any establishment in which individual cabins, courts, or similar structures or units, are let or rented to transients for periods of less than thirty (30) days. The term "motel" shall include tourist cabins and homes and motor courts. A motor court or motel shall not be considered or construed to be either a multiple dwelling, a hotel, or a trailer coach park.

**Nonconforming Building, Structure:** A structure or building lawfully constructed that does not conform to the requirements of the district in which it is situated.

**Nonconforming Use:** A structure, building, plot, premise or land lawfully occupied by a use that does not conform to the regulations of the District in which it is situated.

**Off-Street Parking Area:** A land surface or facility providing vehicular parking spaces along with adequate drives and aisles for maneuvering so as to provide access for entrance and exit for the parking of more than two (2) automobiles.

**Outdoor Advertising Sign:** Any sign situated on private premises on which the written or pictorial information is not directly related to the principal use of the land on which such sign is located.

**Parcel:** A "parcel" is a piece or tract of land in single ownership.

**Parking Space:** One unit of a parking area provided for the parking of one automobile. This space shall have an area of not less than two hundred (200) square feet, and shall be exclusive of drives, driveways, aisles or entrances giving access thereto and shall be fully accessible for the storage or parking of permitted vehicles.

**Public Utility:** Any person, firm, corporation, municipal department or board duly authorized to furnish, under federal, state, or municipal regulations, electricity, gas, steam, communications, telegraph, transportation, water, or sanitary or storm sewerage facilities to the public.

**Quarry:** The term "quarry" shall mean any pit, excavation, or mining operation for the purpose of searching for or removing, any earth, sand, gravel, clay, stone, slate, marble, or other non-metallic mineral in excess of fifty (50) cubic yards in any calendar year for commercial use, but shall not include an oil well or excavation preparatory to the construction of a building or structure.

**Riding Academy:** Any establishment where horses are kept for riding, driving or stabling for compensation or incidental to the operation of any club, association, ranch or similar establishment.

**Roadside Stand:** A temporary building or structure operated for the purpose of selling produce raised or produced on the premises where situated, and its use shall not make a commercial district nor shall its use be deemed a commercial activity.

**Rooming House:** A dwelling in which more than three (3) persons either individually or as families are housed or lodged for hire without meals.

**Sign:** Any device designed to inform or attract the attention of persons not on the premises on which the sign is located, provided, however, that the following shall not be included in the application of the regulations herein:

- a. Signs not exceeding one square foot in area bearing only property numbers, post box numbers, names of occupants of premises, or other identification of premises not having commercial connotations.
- b. Flags and insignias of any government except when displayed in connection with commercial connotations;
- c. Legal notices, identification, information, or directional signs erected or required by governmental bodies;
- d. Integral decorative or architectural features of buildings except letters, trademarks, moving parts or moving lights;
- e. Signs directing and guiding traffic and parking to private property, but bearing no advertising matter.

**Also see Outdoor Advertising Sign and Free-Standing Identification Sign.**

**Story:** That portion of a building included between the surface of any floor and the surface of the floor next above it, or if there be no floor above it then the space between any floor and the ceiling next above it.

**Story, One-Half:** A story under the gable, hip, or gambrel roof, the wall plates of which on at least two opposite exterior walls are not more than two feet above the floor of such story and the floor area shall not exceed two-thirds (2/3) of the area of the floor below.

**Street:** A public or private thoroughfare which affords the principal means of access to abutting property having a right-of-way not less than sixty-six (66) feet in width.

**Street Lines:** The dividing line between the street right-of-way and the lot.

**Structure:** Anything constructed, erected or placed with a fixed location on the surface of the ground or affixed to something having a fixed location on the surface of the ground.

**Tourist Homes:** A dwelling in which overnight accommodations are provided or offered to transient guests for compensation. A tourist home shall not be considered or construed to be a multiple dwelling, motel, hotel, boarding or rooming house.

**Trailer Coach:** See Dwelling, Mobile Homes.

**Travel Trailer:** A vehicle designed or used for dwelling or camping purposes, or exclusively for camp living, including any dwelling unit equipped for sleeping, eating or living quarters, or is intended to be used, and designed to be transported on its own wheels, or on a flatbed, or on another trailer either self-propelled or non-self-propelled.

**Variance:** A variance is a relaxation of the terms of the zoning ordinance where such variance will not be contrary to the public interest and where, owing to conditions peculiar to the property and not the result of the action of the applicant, a literal enforcement of the ordinance would result in unnecessary and undue hardship. As used in this ordinance, a variance is authorized only for height, area and size of yards and open spaces and parking space. Establishment or expansion of a use otherwise prohibited shall not be allowed by variance, nor shall a variance be granted because of the presence of nonconformities in the zoning division or district or adjoining zoning division or districts.

**Yard, Front:** An open, unoccupied space extending the full width of the lot and situated between the street line and the front building line.

**Yard, Rear:** An open, unoccupied space extending the full width of the lot and situated between the rear line of the lot and the rear building line.

**Yard, Side:** An open, unoccupied space on the same lot with the main building, situated between the side building line and the adjacent side line of the lot and extending from the rear line of the front yard to the front line of the rear yard; and, if no front yard is required, the front boundary of the side yard shall be the front line of the lot; and, if no rear yard is required, the rear boundary of the side yard shall be the rear line of the lot.

### SECTION 2.03—UNDEFINED TERMS

Any term not defined herein shall have the meaning of common or standard use.

### ARTICLE III GENERAL PROVISIONS

#### SECTION 3.01—ESTABLISHMENT OF DISTRICTS

The township is hereby divided into the following zoning districts as shown on the Official Zoning Map which, together with all explanatory matter thereon, is hereby adopted by reference and declared to be a part of this Ordinance.

RR — RESORT RESIDENTIAL DISTRICT

LR — LOW DENSITY RESIDENTIAL DISTRICT

LC — LOCAL COMMERCIAL DISTRICT

GC — GENERAL COMMERCIAL DISTRICT

HC — HIGHWAY COMMERCIAL DISTRICT

LI — LIMITED INDUSTRIAL DISTRICT

GI — GENERAL INDUSTRIAL DISTRICT

#### SECTION 3.02—PROVISION FOR OFFICIAL ZONING MAP

For the purpose of this Ordinance the zoning districts as provided in Section 3.01 of the Ordinance are bounded and defined as shown on a map entitled "Official Zoning Map of Lyndon Township," a copy of which accompanies this Ordinance and which, with all explanatory matter thereon, is hereby made a part of this Ordinance.

#### SECTION 3.03—IDENTIFICATION OF OFFICIAL ZONING MAP

The Official Zoning Map shall be identified by the signature of the Township Supervisor, attested by the Township Clerk, and bear the seal of the Township under the following words: "This is to certify that this is the Official Zoning Map referred to in the Zoning Ordinance of Lyndon Township," together with the effective date of this Ordinance.

#### SECTION 3.04—CHANGES TO OFFICIAL ZONING MAP

If, in accordance with the procedures of this Ordinance and of Act 184 of the Public Acts of 1943 as amended, a change is made in a zoning district boundary, such change shall be made by the Township Supervisor promptly after the ordinance authorizing such change shall have been adopted and published. No change of any other nature shall be made unless authorized by the Zoning Board of Appeals and then only by the Township Supervisor.

#### SECTION 3.05—AUTHORITY OF OFFICIAL ZONING MAP

Regardless of the existence of purporting copies of the official zoning map which may from time to time be made or published, the official zoning map which shall be located in the office of the Zoning Inspector shall be the final authority as to the current zoning status of any land, parcel, lot, district, use, building or structure in the Township.

#### SECTION 3.06—REPLACEMENT OF OFFICIAL ZONING MAP

In the event that the Official Zoning Map becomes damaged, destroyed, lost or difficult to interpret because of the nature or number of changes made thereon, the Township Board may by ordinance adopt a new official zoning map which shall supersede the prior Official Zoning Map. The new official zoning map may correct drafting or other errors or omissions on the prior Official Zoning Map, but no such correction shall have the effect of amending the Zoning Ordinance or the prior Official Zoning Map. The new official zoning map shall be identified by the signature of the Township Supervisor, attested by the Township Clerk, and bear the seal of the Township under the following words: "This is to certify that this is the Official Zoning Map referred to in the Zoning Ordinance of Lyndon Township adopted on (date) which replaces and supersedes the Official Zoning Map which was adopted on (date)."

#### SECTION 3.07—RULES OF INTERPRETATION

Where uncertainty exists as to the boundaries of zoning districts as shown on the Official Zoning Map, the following rules for interpretation shall apply:

- A. A boundary indicated as approximately following the center-line of a highway, street, alley or parking space shall be construed as following such center-line.
- B. A boundary indicated as approximately following a recorded lot line or the line bounding a parcel shall be construed as following such line.
- C. A boundary indicated as approximately following the corporate boundary line of a city, village or township shall be construed as following such line.
- D. A boundary indicated as following a railroad line shall be construed as being midway between the main tracks.
- E. A boundary indicated as following a shoreline shall be construed as following such shoreline, and in the event of change in a shoreline shall be construed as following the actual shoreline.
- F. A boundary indicated as following the center-line of a stream, river, canal, lake or other body of water shall be construed as following such center-line.
- G. A boundary indicated as parallel to, or an extension of, a feature indicated in Paragraphs A through F above shall be so construed.
- H. A distance not specifically indicated on the Official Zoning Map shall be determined by the scale of the map.
- I. Where a physical or cultural feature existing on the ground is at variance with that shown on the Official Zoning Map, or in any other circumstance not covered by Paragraphs A through H above, the Board of Appeals shall interpret the zoning district boundary.

#### SECTION 3.08—APPLICATION OF REGULATIONS

The regulations established by this Ordinance within each zoning district shall be the minimum regulations for promoting and protecting the public health, safety, and general welfare and shall be uniform for each class of land or

building, dwellings and structures throughout each district. Where there are practical difficulties or unnecessary hardships in the way of this Ordinance, the Board of Appeals shall have power to modify upon appeals to vary or modify any rules, regulations or provisions of this Ordinance so that the intent and purpose of this Ordinance shall be observed, public safety secured and substantial justice done.

## &lt;

possible with the character of this district:

- C. Country clubhouse, camping grounds, swimming pool, bath house and the sale of food, beverages and recreation equipment which is incidental and accessory to a recreation use.
D. All buildings and structures accessory and incidental to permitted uses in this district.
E. Police, fire, and ambulance stations; public office building.

SECTION 4.04-REGULATIONS AND STANDARDS

- The following regulations shall apply in all RC - Recreation Conservation Districts.
A. LOT AREA- No building or structure shall be established on any lot less than ten (10) acres in area.
B. LOT WIDTH- The minimum lot width shall be three hundred (300) feet.
C. LOT COVERAGE- The maximum lot coverage shall not exceed ten (10) per cent.

D. FLOOR AREA RATIO- The maximum floor area shall not exceed ten (10) per cent of the lot area.

E. YARD AND SETBACK REQUIREMENTS-

- 1. Front Yard: The minimum setback shall not be less than sixty (60) feet from the right-of-way line.
2. Side Yards: The minimum width of either yard shall not be less than thirty (30) feet, except in the case of a corner lot where the side yard on the road or street side shall not be less than sixty (60) feet.
3. Rear Yard: The minimum setback shall not be less than fifty (50) feet.

F. HEIGHT - The following height requirements shall apply in this district for all buildings and structures: no building or structure shall exceed three (3) stories or forty (40) feet.

G. PRESERVATION OF ENVIRONMENTAL QUALITY - Specified in ARTICLE XXIII, SECTION 23.07.

H. REQUIRED OFF-STREET PARKING - As required in ARTICLE XVII.

I. REGULATIONS AND STANDARDS - As required in ARTICLE XXI.

ARTICLE V AR-AGRICULTURAL RESIDENTIAL DISTRICT

SECTION 5.01-PURPOSE

This district is composed of those areas of the Township whose principal use is and ought to be farming. The regulations of this district are designed to conserve, stabilize, enhance and develop farming and related resource-utilization activities, to minimize conflicting uses of parcels, lots, buildings and structures detrimental to or incompatible with these activities, and to prohibit uses of parcels, lots, buildings and structures which require streets, drainage and other public facilities and services of a different type and quantity than those normally required by these activities.

SECTION 5.02-PERMITTED USES

The following buildings and structures, and uses of parcels, lots, buildings and structures are permitted in this district:

- A. A single-family dwelling on a parcel having a lot area of two (2) acres or more.
B. A parcel having a lot area of ten (10) acres or more may be used for general and specialized farming and agricultural activities including the raising of growing crops, livestock, poultry and other farm animals, products and foodstuffs, and any building or structure may be located thereon and used for the day-to-day operation of such activities for the quartering, storage, or preservation of said crops, livestock, poultry, animals, products, and foodstuffs until consumed on the premises or until moved to a place of collection, distribution or processing, and for the incidental sale of the crops, products and foodstuffs raised or grown on said lot or in said building or structure, provided that any lot that is kept as idle cropland shall be so treated as to prevent soil erosion by wind or water and so treated as to prevent excessive growth of obnoxious weeds and shrubs, and provided that any lot kept as non-cropland shall be so treated as to prevent soil erosion by wind or water.
C. A parcel having a lot area of ten (10) acres or more may be used, and a building or structure located thereon for the raising or keeping of fur-bearing animals, horses, ponies and other animals whether for profit or pleasure.
D. A building on a parcel having a lot area of ten (10) acres or more may be used for the temporary housing of seasonal agricultural workers provided that said building shall be maintained in a sound and sanitary condition fit for human habitation, and that there shall be located therein separate toilet and lavatory facilities for each sex.

E. A parcel having a lot area of two (2) acres or more may be used for the raising or growing of plants, trees, shrubs and nursery stock, and any building or structure may be located thereon and used for the storage of equipment and materials necessary for such raising or growing.

F. Roadside stand on a parcel having a lot area of two (2) acres or more, provided at least fifty (50) per cent of the nursery stock or other agricultural products is raised on the premises where situated. Off-Street Parking as required in Article XVII.

G. A parcel having a lot area of ten (10) acres or more may be used for public or private recreation areas such as forest preserve, game refuge, recreation park and reservation, and similar public and private use of low intensity use.

- H. A parcel having a lot area of two (2) acres or more may be used for a public and private conservation area and structure for the development, protection and conservation of open space, watersheds, water, soil, forest, and wild-life resources.
I. A parcel having a lot area of two (2) acres or more may be used for the growing, stripping and removal therefrom of sod provided that said lot or portion thereof shall be reseeded after stripping by fall of the year in which it was stripped so as to reduce the actual or potential erosion of soil by water or wind.
J. A sign, only in accordance with the regulations specified in ARTICLE XX.

K. An accessory use, building or structure.

L. A parcel having a lot area of five (5) acres may be used and a building or structure located thereon for not more than one (1) horse, one (1) pony, three (3) sheep, twenty-five (25) chicken or ten (10) rabbits.

SECTION 5.03-CONDITIONAL USES

- The following buildings and structures, and uses of parcels, lots, buildings and structures are permitted in this district subject to obtaining a conditional use permit as provided in ARTICLE XVI.
A. The removal of soil, sand, gravel and other materials.
B. Public and private park, camping ground, golf course, clubs, hunting lodge and riding academies, garden nurseries, greenhouses, and livestock.
C. Community and governmental buildings.
D. Airport.
E. Sanitary land fill site.
F. Public and private nursery, primary and secondary schools; business school, and college and university.
G. Hospital, nursing home, sanitarium.
H. A church, synagogue, cathedral, mosque, temple, or other building used for public worship, or a cemetery.
I. Veterinarian, animal clinic and kennels.
J. Public utility structures, located on the surface of the ground including but not limited to transformer substations, pumping stations, gas and steam regulating valves and stations; provided that storage of materials, inoperative equipment, vehicles, or supplies shall be located in a building, that no personnel shall be quartered or employed on the premises, and that structure shall be designed, erected, and landscaped in such a manner as to conform as much as possible with the character of this district.

K. Police, fire, and ambulance stations; public office building.

SECTION 5.04-REGULATIONS AND STANDARDS

- The following regulations shall apply in all AR Agricultural Residential Districts.
A. LOT AREA- No building or structure shall be established on any lot less than ten (10) acres in area unless otherwise specified in Section 5.02 - Permitted Uses.
B. LOT WIDTH- The minimum lot width shall be two hundred (200) feet.
C. LOT COVERAGE- The maximum lot coverage shall not exceed ten (10) per cent.

D. FLOOR AREA RATIO - The maximum floor area shall not exceed ten (10) per cent of the lot area.

E. YARD AND SETBACK REQUIREMENTS-

- 1. Front Yard: The minimum setback shall not be less than fifty (50) feet from right-of-way line.
2. Side Yards: The minimum width of either yard shall not be less than thirty (30) feet, except in the case of a corner lot where the side yard on the road or street side shall not be less than fifty (50) feet.
3. Rear Yard: The minimum setback shall not be less than fifty (50) feet.
4. The above requirements shall apply to every lot, building or structure.

F. HEIGHT - The following height requirements shall apply in this district:

- 1. For Buildings and Structures - No buildings and no structures shall exceed a height of three (3) stories, or forty-five (45) feet.
2. For Detached Accessory Buildings - No detached accessory building shall exceed a height of twenty-five (25) feet.
3. REQUIRED OFF-STREET PARKING - As required in ARTICLE XVII.
H. REGULATIONS AND STANDARDS - As required in ARTICLE XXI.

I. PRESERVATION OF ENVIRONMENTAL QUALITY - As specified in ARTICLE XXIII, SECTION 23.07.

ARTICLE VIII LR-LOW DENSITY RESIDENTIAL DISTRICT

SECTION 8.01-PURPOSE

This district is composed of those areas of the Township whose principal use is and ought to be single-family dwellings on medium-sized lots. The regulations of this district are designed to preserve a predominantly rural character in those areas fit for concentrated residential use because of the soil's ability to absorb sewage wastes from individual septic tanks. In addition to the dwellings permitted in this zoning district there are permitted certain residential and public uses which have been strictly regulated to make them compatible with the principal use of this district.

SECTION 8.02-PERMITTED USES

- The following buildings and structures, and uses of parcels, lots, buildings and structures are permitted in this district:
A. A single-family dwelling and

dental and public uses are permitted which have been strictly regulated to make them compatible with the principal use of this district.

SECTION 8.03-CONDITIONAL USES

- The following buildings and structures, and uses of parcels, lots, buildings and structures are permitted in this district:
A. Single-family dwelling and any use, building or structure accessory thereto.
B. A home occupation may be located on any lot with a dwelling.
C. A sign, only in accordance with the regulations specified in ARTICLE XX.

D. A planned-unit residential development, only in accordance with the procedure and regulation specified in ARTICLE XIX.

SECTION 8.04-REGULATIONS AND STANDARDS

- The following regulations shall apply in all low density residential districts:
A. LOT AREA- The minimum lot area in this district shall be one (1) acre for single-family and two (2) acres for two-family dwellings and accessory structures thereto. The minimum lot area for all other buildings and structures shall be three (3) acres.
B. LOT WIDTH - The minimum lot width shall be one hundred and fifty (150) feet.
C. LOT COVERAGE- The maximum lot coverage shall not exceed twenty (20) per cent.

D. FLOOR AREA RATIO- The maximum floor area shall not exceed twenty (20) per cent of the lot area.

E. YARD AND SETBACK REQUIREMENTS-

- 1. Front Yard: The minimum setback shall not be less than thirty-five (35) feet.
2. Side Yards: The minimum width of either yards shall not be less than twenty (20) feet; except in the case of a corner lot or parcel where the side yard on the road or street side shall not be less than thirty-five (35) feet.
3. Rear Yard: The minimum setback shall not be less than thirty-five (35) feet.
4. The above requirements shall apply to every lot, building or structure.

F. HEIGHT - The following height requirements shall apply in this district:

- 1. For Buildings and Structures - No building and no structure shall exceed a height of two (2) stories or thirty-five (35) feet.
2. For Detached Accessory Buildings - No detached accessory building shall exceed a height of twenty-five (25) feet.
3. REQUIRED OFF-STREET PARKING - As required in ARTICLE XVII.
H. REGULATIONS AND STANDARDS - As required in ARTICLE XXI.

I. PRESERVATION OF ENVIRONMENTAL QUALITY - As specified in ARTICLE XXIII, SECTION 23.07.

any use, building or structure accessory thereto.

B. A sign, only in accordance with the regulations specified in ARTICLE XX.

C. A planned-unit residential development, only in accordance with the procedure and regulation specified in ARTICLE XIX.

SECTION 8.03-CONDITIONAL USES

- The following buildings and structures, and uses of parcels, lots, buildings and structures are permitted subject to obtaining a conditional use permit as provided in ARTICLE XVI.
A. Golf course, but not including golf driving range.
B. Country club, public swimming pool, and recreation club, public and private park and playground.
C. Church and public building.
D. Public and private nursery; primary and secondary school.
E. Public utility structures, located on the surface of the ground including but not limited to transformer substations, pumping stations, gas and steam regulating valves and stations; provided that storage of materials, inoperative equipment, vehicles, or supplies shall be located in a building, that no personnel shall be quartered or employed on the premises, and that structures shall be designed, erected, and landscaped in such a manner as to conform as much as possible with the character of this district.

F. Home Occupations.

G. Police, fire, and ambulance stations; public office building.

H. Two-family dwellings and any use, building or structure accessory thereto.

I. Mobile home park, and any use, building or structure accessory thereto in accordance with ARTICLE XVIII herein.

SECTION 8.04-REGULATIONS AND STANDARDS

The following regulations shall apply in all low density residential districts:

- A. LOT AREA- The minimum lot area in this district shall be one (1) acre for single-family and two (2) acres for two-family dwellings and accessory structures thereto. The minimum lot area for all other buildings and structures shall be three (3) acres.
B. LOT WIDTH - The minimum lot width shall be one hundred and fifty (150) feet.
C. LOT COVERAGE- The maximum lot coverage shall not exceed twenty (20) per cent.

D. FLOOR AREA RATIO- The maximum floor area shall not exceed twenty (20) per cent of the lot area.

E. YARD AND SETBACK REQUIREMENTS-

- 1. Front Yard: The minimum setback shall not be less than thirty-five (35) feet.
2. Side Yards: The minimum width of either yards shall not be less than twenty (20) feet; except in the case of a corner lot or parcel where the side yard on the road or street side shall not be less than thirty-five (35) feet.
3. Rear Yard: The minimum setback shall not be less than thirty-five (35) feet.
4. The above requirements shall apply to every lot, building or structure.

F. HEIGHT - The following height requirements shall apply in this district:

- 1. On every lot in this district which abuts a lot in a residential district there shall be provided a transition strip. Such transition strip shall be not less than fifteen (15) feet in width, shall be provided along every lot line, except a front lot line which abuts a lot in a residential district, shall not be included as part of the yard required around a building or structure.
2. A use or structure on any lot in this district fronting a public road, street or way shall provide, in addition to and as an integral part of any site improvement, on the front yard, a landscaped strip of land twenty (20) feet or more in depth; such landscaped strip to be defined and designed to provide access to the lot and separate off-street parking areas from the public right-of-way.

H. REQUIRED OFF-STREET PARKING - As required in ARTICLE XVII.

I. PLANNING COMMISSION REVIEW OF SITE PLAN - As required in ARTICLE XXII, SECTION 22.04.

J. REGULATIONS AND STANDARDS - As required in ARTICLE XXI.

K. PRESERVATION OF ENVIRONMENTAL QUALITY - Specified in ARTICLE XXIII, SECTION 23.07.

ARTICLE XI LC-LOCAL COMMERCIAL DISTRICT

SECTION 11.01-PURPOSE

This district is composed of those areas of the Township whose principal use is and ought to be local retail, service and restricted repair activities which serve adjacent and surrounding residential neighborhoods. This district has been located within the Township to permit the development of these business activities to protect adjacent agricultural, residential and industrial areas against the encroachment of incompatible uses, and to lessen congestion on public streets and highways. To these ends, certain uses which would function more effectively in other districts and would interfere with the operation of these business activities, have been excluded.

SECTION 11.02-PERMITTED USES

- The following buildings and structures, and uses of parcels, lots, buildings and structures, are permitted in this district:
A. Clothing and apparel services, including laundry pick-up, automatic laundry, dressmaking, millinery, tailor shop and shoe repair shop.
B. Food services including grocery, meat market, bakery, restaurant, delicatessen and fruit market, ice-cream and similar self-service units but not including any business of a drive-in type.
C. Personal services including barber shop and beauty salon, medical and dental clinics, music studio, banks and savings and loan associations and other similar uses.
D. Retail services including drug store, hardware, gift shop, and dry goods and notions store.

E. A sign, only in accordance with the regulations specified in ARTICLE XX.

F. An accessory use, building or structure.

SECTION 11.03-CONDITIONAL USES

- The following buildings and structures, and uses of parcels, lots, buildings and structures are permitted subject to obtaining a conditional use permit as provided in ARTICLE XVI.
A. Animal hospital or clinic.
B. Public utility structures, located on the surface of the ground including but not limited to transformer substations, pumping stations, gas and steam regulating valves and stations; provided that storage of materials, inoperative equipment, vehicles, or supplies shall be located in a building, that no personnel shall be quartered or employed on the premises, and that structure shall be designed, erected, and landscaped in such a manner as to conform as much as possible with the character of this district.

C. Police, fire, and ambulance stations; public office building.

D. Drive-in facilities, such as drive in windows for banks and savings and loan associations.

SECTION 11.04-REGULATIONS AND STANDARDS

The following regulations shall apply in all LC-Local Commercial Districts:

- A. LOT AREA- No building or structure shall be established on any lot less than one (1) acre in area, except where a lot is served with a public water supply system and a public sanitary sewerage system, in which case there shall be provided a minimum lot area of ten thousand (10,000) square feet except where included in a neighborhood planned shopping center of five (5) or more stores.
B. LOT WIDTH - The minimum lot width for lots served with a central water supply system and a central sanitary sewerage system shall be eighty (80) feet. Where a lot is not so served, the minimum lot width shall be one hundred and fifty (150) feet.

C. LOT COVERAGE- The maximum lot coverage shall not exceed twenty-five (25) per cent.

D. FLOOR AREA RATIO- The maximum floor area shall not exceed sixty (60) per cent of the lot area.

E. YARD AND SETBACK REQUIREMENTS-

- 1. Front Yard: The minimum setback shall not be less than thirty-five (35) feet.
2. Side Yards: The minimum width of either yards shall not be less than twenty (20) feet, except in the case of a corner lot or parcel where the side yard on the road or street side shall not be less than thirty-five (35) feet.
3. Rear Yard: The minimum setback shall not be less than thirty-five (35) feet.
4. The above yard requirements shall apply to every lot, building or structure.

F. HEIGHT - No building or structure shall exceed a height of forty-five (45) feet.

G. TRANSITION STRIPS-

- 1. On every lot in this district which abuts a lot in a residential district there shall be provided a transition strip. Such transition strip shall be not less than fifteen (15) feet in width, shall be provided along every lot line, except a front lot line which abuts a lot in a residential district, shall not be included as part of the yard required around a building or structure.
2. A use or structure on any lot in this district fronting a public road, street or way shall provide, in addition to and as an integral part of any site improvement, on the front yard, a landscaped strip of land twenty (20) feet or more in depth; such landscaped strip to be defined and designed to provide access to the lot and separate off-street parking areas from the public right-of-way.

H. REQUIRED OFF-STREET PARKING - As required in ARTICLE XVII.

I. PLANNING COMMISSION REVIEW OF SITE PLAN - As required in ARTICLE XXII, SECTION 22.04.

J. REGULATIONS AND STANDARDS - As required in ARTICLE XXI.

K. PRESERVATION OF ENVIRONMENTAL QUALITY - Specified in ARTICLE XXIII, SECTION 23.07.

ARTICLE XII GC-GENERAL COMMERCIAL DISTRICT

SECTION 12.01-PURPOSE

This district is composed of those areas of the Township whose principal use is and ought to be general retail, service and restricted repair business activities which serve the entire Township and surrounding area. This district has been located within the Township to permit the development of these business activities, to protect adjacent agricultural, residential and industrial areas against encroachment of incompatible uses, and to lessen congestion on public streets and highways. To these ends, certain uses which would function more effectively in other districts and would interfere with the operation of these business activities, have been excluded.

SECTION 12.02-PERMITTED USES

- The following buildings and structures, and uses of parcels, lots, buildings and structures are permitted in this district:
A. All permitted uses allowed in LC-Commercial Districts as provided in Section 11.02 of this ordinance.

B. Business and professional offices such as legal, engineering, accounting, financial and insurance.

C. Agricultural services including machinery sales and repair establishments, and farm supply stores.

- D. Equipment services including repair, radio and television, electrical appliance shop, plumber, electrician and other similar services and trades.
E. A sign, only in accordance with the regulations specified in ARTICLE XX.

F. Showroom and sales of new automobiles, mobile homes, travel trailers, camper-trailers and similar vehicles and equipment; repair of same when in conjunction with a showroom and sales of new units thereof.

G. An accessory use, building or structure.

SECTION 12.03-CONDITIONAL USES

- The following buildings and structures, and uses of parcels, lots, buildings and structures are permitted subject to obtaining a conditional use permit as provided in ARTICLE XVI.
A. Establishments serving alcoholic beverages and/or providing entertainment.
B. Funeral establishments, mortuary.
C. Hotel, tourist home and boarding and rooming house.
D. Animal hospital or clinic.
E. Open air display area for the sale of manufactured products such as or similar to garden furniture, earthenware, hardware items and nursery stock, or the rental of manufactured products or equipment, small tools, pneumatic-tired two- and four-wheeled utility trailers, pneumatic-tired cement mixers, wheelbarrows, rollers and similar products or equipment.

F. Gasoline Station.

G. Public utility structures, located on the surface of the ground including but not limited to transformer substations, pumping stations, gas and steam regulating valves and stations; provided that storage of materials, inoperative equipment, vehicles, or supplies shall be located in a building, that no personnel shall be quartered or employed on the premises, and that structure shall be designed, erected, and landscaped in such a manner as to conform as much as possible with the character of this district.

H. Police, fire, and ambulance stations; public office building.

SECTION 12.04-REGULATIONS AND STANDARDS

The following regulations shall apply in all GC-General Commercial Districts:

- A. LOT AREA- No building or structure shall be established on any lot less than one (1) acre in area, except where a lot is served with a public water supply system and a public sanitary sewerage system, in which case there shall be provided a minimum lot area of ten thousand (10,000) square feet.
B. LOT WIDTH - The minimum lot width for lots served with a central water supply system and a central sanitary sewerage system shall be eighty (80) feet. Where a lot is not so served, the minimum lot width shall be one hundred and fifty (150) feet.

C. LOT COVERAGE- The maximum lot coverage shall not exceed twenty-five (25) per cent.

D. FLOOR AREA RATIO - The maximum floor area shall not exceed sixty (60) per cent of the lot area.

E. YARD REQUIREMENTS-

- 1. Front Yard: The minimum setback shall not be less than thirty-five (35) feet.
2. Side Yards: The minimum width of either yard shall not be less than twenty (20) feet, except in the case of a corner lot or parcel where the side yard on the road or street side shall not be less than thirty-five (35) feet.
3. Rear Yards: The minimum setback shall not be less than twenty (20) feet.
4. The above yard requirements shall apply to every lot, building or structure.

F. HEIGHT - No building or structure shall exceed a height of forty-five (45) feet.

G. REQUIRED OFF - STREET PARKING - As required in ARTICLE XVII.

H. PLANNING COMMISSION REVIEW OF SITE PLAN - As required in ARTICLE XXII, SECTION 22.04.

I. REGULATIONS AND STANDARDS - As required in ARTICLE XXI.

J. PRESERVATION OF ENVIRONMENTAL QUALITY - Specified in ARTICLE XXIII, SECTION 23.07.

ARTICLE XIII LI-LIMITED INDUSTRIAL DISTRICT

SECTION 13.01-PURPOSE

This district is composed of those areas of the Township whose principal use is and ought to be light manufacturing and other limited industrial uses. These uses generate a minimum of noise, glare, odor, dust, vibration, air and water pollutants, fire, explosive and radioactive hazards, and other harmful or obnoxious matter. This district has been located within the Township to permit the development of these industrial uses, to protect adjacent agricultural, residential and commercial areas against the encroachment of incompatible uses, and to lessen congestion on public streets and highways. To these ends, certain uses which would function more effectively in other districts and would interfere with the operation of these industrial activities and the purpose of this district, have been excluded.

SECTION 13.02-PERMITTED USES

- The following buildings and structures, and uses of parcels, lots, buildings and structures are permitted in this district:
A. Research oriented and light industrial park uses.
B. The manufacturing, compounding, process, or treatment of such products as bakery goods, candy, cosmetics, dairy products, food products, drugs, perfumes, pharmaceuticals, toiletries, and frozen food lockers.
C. Assembly of merchandise such as electrical appliances, electronic

SECTION 13.03-CONDITIONAL USES

The following buildings and structures, and uses of parcels, lots, buildings and structures are permitted in this district:

- A. Gasoline service station, including minor repair services.
B. Motel, hotel.
C. Drive-ins, including restaurants, banks, laundries.
D. A sign, only in accordance with the regulations specified in ARTICLE XX.

E. Accessory use building, or structure.

SECTION 13.04-REGULATIONS AND STANDARDS

The following regulations shall apply in all HC - Highway Commercial District:

- A. LOT AREA- No building or structure shall be established on any lot less than one (1) acre in area, except where a lot is served with a central water supply system and a central sanitary sewerage system, in which case there shall be provided a minimum lot area of ten thousand (10,000) square feet.
B. LOT WIDTH - The minimum lot width for lots served with a central water supply system and a central sanitary sewerage system shall be eighty (80) feet. Where a lot is not so served, the minimum lot width shall be one hundred and fifty (150) feet.

C. LOT COVERAGE- The maximum lot coverage shall not exceed twenty-five (25) per cent.

D. FLOOR AREA RATIO - The maximum floor area shall not exceed sixty (60) per cent of the lot area.

E. YARD REQUIREMENTS-

- 1. Front Yard: The minimum setback shall not be less than thirty-five (35) feet.
2. Side Yards: The minimum width of either yard shall not be less than twenty (20) feet, except in the case of a corner lot or parcel where the side yard on the road or street side shall not be less than thirty-five (35) feet.
3. Rear Yards: The minimum setback shall not be less than twenty (20) feet.
4. The above requirements shall apply to every lot, building or structure.

F. HEIGHT - No building or structure shall exceed a height of forty-five (45) feet.

G. REQUIRED OFF - STREET PARKING - As required in ARTICLE XVII.

H. PLANNING COMMISSION REVIEW OF SITE PLAN - As required in ARTICLE XXII, SECTION 22.04.

I. REGULATIONS AND STANDARDS - As required in ARTICLE XXI.

J. PRESERVATION OF ENVIRONMENTAL QUALITY - Specified in ARTICLE XXIII, SECTION 23.07.

ARTICLE XIV LI-LIMITED INDUSTRIAL DISTRICT

SECTION 14.01-PURPOSE

This district is composed of those areas of the Township whose principal use is and ought to be light manufacturing and other limited industrial uses. These uses generate a minimum of noise, glare, odor, dust, vibration, air and water pollutants, fire, explosive and radioactive hazards, and other harmful or obnoxious matter. This district has been located within the Township to permit the development of these industrial uses, to protect adjacent agricultural, residential and commercial areas against the encroachment of incompatible uses, and to lessen congestion on public streets and highways. To these ends, certain uses which would function more effectively in other districts and would interfere with the operation of these industrial activities and the purpose of this district, have been excluded.

SECTION 14.02-PERMITTED USES

- The following buildings and structures, and uses of parcels, lots, buildings and structures are permitted in this district:
A. Research oriented and light industrial park uses.
B. The manufacturing, compounding, process, or treatment of such products as bakery goods, candy, cosmetics, dairy products, food products, drugs, perfumes, pharmaceuticals, toiletries, and frozen food lockers.
C. Assembly of merchandise such as electrical appliances, electronic

or precision instruments and articles of similar nature.

D. Packaging of previously prepared materials, but not including the baling of discards, old iron or other metal, wood, lumber, glass, paper, rags, cloth or other similar materials.

E. Printing, lithographic, blue-printing and similar uses.

F. Warehousing and material distribution centers, provided all products and materials are enclosed within a building.

G. Light manufacturing industrial use which by the nature of the materials, equipment and processes utilized are to a considerable extent clean, quiet and free from any objectionable or dangerous nuisance or hazard including any of the following goods or materials: drugs; jewelry; musical instruments; sporting goods; glass products; small household appliances; electronic products; printed matter; baked and dairy products; advertising displays; tents and awnings; brushes and brooms; cameras and photographic equipment and supplies; wearing apparel; leather products and luggage but not including tanning; products from

ARTICLE XV  
GENERAL INDUSTRIAL DISTRICT

SECTION 15.01—PURPOSE

This district is designed to provide the location and space for industrial uses, wholesale commercial and industrial storage facilities. It is the purpose of these regulations to permit the development of certain functions: to protect the abutting residential and commercial properties from incompatible industrial activities; to restrict the intrusion of non-related uses such as residential, retail business and commercial; and to encourage the discontinuance of uses presently existing in the district which are nonconforming by virtue of the type of use. To these ends, certain uses are excluded which would function more effectively in other districts and which would interfere with the operation of the uses permitted in this district.

SECTION 15.02—PERMITTED USES

The following buildings, structures, and uses of parcels, lots, buildings and structures are permitted in this district:

A. All permitted uses allowed in L-1 Industrial Districts as provided in SECTION XIV of this ordinance.

B. Contractor's establishment not engaging in any retail activities on site.

C. Manufacturing.

D. Trucking and cartage facilities, truck and industrial equipment storage yards, repairing and washing equipment and yards.

E. Manufacturing product warehouses, exchange and storage yards.

F. Open industrial uses or industrial product or materials storage, provided that any activity in which products or materials being processed or stored are located, transported or treated outside of a building and are not within enclosed apparatus vessels, or conduits, such use shall be provided with a solid permanently maintained wall or fence, no lower than the subject use or storage, and constructed to provide firm anchoring of fence posts to concrete set below the frost line; if a wall is provided, its foundations likewise shall extend below the frost line.

G. Wholesale businesses, including warehouse and storage, commercial laundries, dry cleaning establishments, ice and cold storage plants, lumber, fuel and feed yards, automobile repair garages, construction and farm equipment sales and contractor's equipment yards.

H. An accessory use, building or structure.

I. A sign, only in accordance with the regulations specified in ARTICLE XX.

SECTION 15.03—CONDITIONAL USES

The following buildings and structures, and uses of parcels, lots, buildings and structures are permitted subject to obtaining a conditional use permit as provided in ARTICLE XVI.

A. Public or private dumps, incinerators, sanitary landfills, junk yards, and inoperative vehicle storage.

B. Quarries and sand and gravel pits.

C. Plating shops.

D. Rendering plants.

E. Slaughter houses.

F. Heat treating processors.

G. Tanneries.

H. Other similar uses.

I. Public utility structures, located on the surface of the ground including but not limited to transformer substations, pumping stations, communications relay stations, gas and steam regulating valves and stations; provided that storage of materials, inoperative equipment, vehicles, or supplies shall be located in a building, that no personnel shall be quartered or employed on the premises, and that structure shall be designed, erected, and landscaped in such a manner as to conform as much as possible with the character of this district.

SECTION 15.04—REGULATIONS AND STANDARDS

The following regulations shall apply in all GI-General Industrial Districts.

A. LOT AREA—No building or structure shall be established on any lot less than ten (10) acres in area.

B. LOT WIDTH—The minimum lot width shall be two hundred (200) feet.

C. LOT COVERAGE—The maximum lot coverage shall not exceed twenty-five (25) per cent.

D. FLOOR AREA RATIO—The maximum floor area shall not exceed eighty (80) per cent of the lot area.

E. YARD REQUIREMENTS:

1. Front Yard: The minimum setback shall not be less than thirty-five (35) feet.

2. Side Yards: The minimum width of either yard shall not be less than fifty (50) feet, except in the case of a corner lot, where the side yard on the road or street side shall not be less than sixty (60) feet.

3. Rear Yard: The minimum setback shall not be less than fifty (50) feet.

4. HEIGHT—No building or structure shall exceed a height of thirty (30) feet.

F. REQUIRED OFF-STREET PARKING—As required in ARTICLE XVII.

G. PLANNING COMMISSION REVIEW OF SITE PLAN—As provided in ARTICLE XXIII, SECTION 23.04.

REGULATIONS AND STANDARDS—As required in ARTICLE XXI.

J. PRESERVATION OF ENVIRONMENTAL QUALITY—Specified in ARTICLE XXIII, SECTION 23.07.

ARTICLE XVI  
CONDITIONAL USES

SECTION 16.01—PURPOSE

The formation and enactment of this zoning ordinance is based upon the division of the unincorporated portions of the Township into districts in each of which are permitted specified uses which are mutually compatible. In addition to such permitted uses, however, it is recognized that there are certain other uses which may be necessary or desirable to allow in certain locations in certain districts but which on account of their actual or potential impact on neighboring uses or public facilities need to be carefully regulated with respect to their location for the protection of the Township. Such uses, on account of their peculiar locational need or the nature of the service offered, may have to be established in a district in which they cannot be reasonably allowed as a permitted use.

SECTION 16.02—AUTHORITY TO GRANT PERMITS

The Township Planning Commission shall have the authority to grant conditional use permits subject to such conditions of design and operation, safeguards, and time limitations as it may determine for all conditional uses specified in this Ordinance.

SECTION 16.03—APPLICATION AND FEE

Application for any conditional use permit permissible under the provisions of this Ordinance shall be made to the Planning Commission by filing in the official conditional use permit application form, submitting required data, exhibits and information, and depositing the required fee. Such application shall be accompanied by a fee of one hundred fifty (\$150.00) dollars, except that no fee shall be required of any governmental body or agency. No part of such fee shall be returnable to the applicant.

SECTION 16.04—DATA, EXHIBITS, AND INFORMATION REQUIRED IN APPLICATION

An application for a conditional use permit shall contain the applicant's name and address in full, a statement that the applicant is the owner involved or is acting on the owner's behalf; the address of the property involved; an accurate survey drawing of said property showing the existing and proposed location of all buildings and structures thereon; the types thereof, and their uses; and a statement and supporting data, exhibits, information and evidence regarding the required findings set forth in this Ordinance.

SECTION 16.05—PUBLIC HEARING

The Planning Commission shall hold a public hearing, upon any application for a conditional use permit, notice of which shall be given by one (1) publication in a newspaper of general circulation in the Township within fifteen (15) days but not less than three (3) days next preceding the date of said hearing.

SECTION 16.06—REQUIRED STANDARDS AND FINDINGS FOR MAKING DETERMINATIONS

The Planning Commission shall review the particular circumstances and facts of each proposed use in terms of the following standards and required findings, and shall find and record adequate data, information and evidence showing that such a use on the proposed site, lot or parcel:

A. Will be harmonious with and in accordance with the general objectives, intent and purposes of this Ordinance.

B. Will be designed, constructed, operated, maintained and managed so as to be harmonious and appropriate in appearance with the existing or intended character of the general vicinity.

C. Will be served adequately by essential public facilities and services such as highways, streets, police and fire protection, drainage structures, refuse disposal, or the persons or agencies responsible for the establishment of the proposed use shall be able to provide adequately any such service.

D. Will not be hazardous or disturbing to existing or future neighboring uses.

E. Will not create excessive additional requirements at public cost for facilities and services.

SECTION 16.07—ADDITIONAL DEVELOPMENT REQUIREMENTS FOR CERTAIN USES

A conditional use permit shall not be issued for the occupancy of a structure or parcel of land, or for the erection, reconstruction, or alteration of a structure unless complying with the following site development requirements: The Planning Commission may impose additional conditions and safeguards when deemed necessary by that body. A violation of a requirement condition, or safeguard shall be considered a violation of this ordinance, and grounds for the Planning Commission to terminate and cancel such conditional use permit.

If the facts in the case do not establish by a preponderance of competent material and substantial evidence that the findings and standards set forth in this Ordinance will apply to the proposed use, the Planning Commission shall not grant a conditional use permit.

not grant a conditional use permit. In the granting of any conditional use permit the Planning Commission shall impose such conditions of use as it deems necessary to protect the best interest of the Township and the surrounding property and to achieve the objectives of this ordinance, and the breach of any such condition shall automatically invalidate the permit therefor.

No application for a conditional use permit which has been denied wholly or in part by the Planning Commission, shall be resubmitted for a period of three hundred and sixty-five (365) days from such denial, except on grounds of new evidence or proof of changed conditions found by the Township Planning Commission to be valid.

SECTION 16.08—QUARRIES AND SAND AND GRAVEL PITS

The removal of soil, sand, gravel, stone or other earth materials shall be subject to the following conditions:

A. There shall be not more than one (1) entrance way from a public road to said lot for each six hundred and sixty (660) feet of front lot line;

B. Such removal shall not take place before sunrise or after sunset;

C. On said lot no digging or excavating shall take place closer than one hundred (100) feet to any lot line;

D. On said lot all roads, driveways, parking lots and loading and unloading areas within one hundred (100) feet of any lot line shall be paved, oiled, watered or chemically treated so as to limit on adjoining lots and public roads the nuisance caused by wind-borne dust;

E. Any odors, smoke, fumes, or dust generated on said lot by any digging, excavating or processing operation and borne or able to be borne by the wind shall be confined within the lines of said lot as much as possible so as not to cause a nuisance or hazard on any adjoining lot or public road;

F. Such removal shall not be conducted as to cause the pollution by any material of any surface or sub-surface water-course or body outside of the lines of the lot on which such use shall be located;

G. Such removal shall not be conducted as to cause or threaten to cause the erosion by water of any land outside of said lot or of any land on said lot so that earth materials are carried outside of the lines of said lot, that such removal shall not be conducted as to alter the drainage pattern of surface or sub-surface waters on adjacent property, and that in the event that such removal shall cease to be conducted it shall be the continuing responsibility of the owner or operator thereof to assure that no erosion or alteration of drainage patterns, as specified in this paragraph, shall take place after the date of the cessation of operation;

H. All fixed equipment and machinery shall be located at least one hundred (100) feet from any lot line and five hundred (500) feet from any residential zoning district, but that in the event the zoning classification of any land within five hundred (500) feet of such equipment or machinery shall be changed to residential subsequent to the operation of such equipment or machinery, the operation of such equipment or machinery may continue henceforth but in no case less than one hundred (100) feet from any lot line;

I. There shall be erected a fence of not less than six (6) feet in height around the periphery of the area being excavated. Fences shall be adequate to prevent trespass, and shall be placed on level terrain no closer than fifty (50) feet to the top edge of any slope.

J. All areas within any single development shall be rehabilitated progressively as they are worked out or abandoned to a condition of being entirely lacking in hazards, inconspicuous, and blended with the general surrounding ground form so as to appear reasonably natural.

K. The operator or operators shall file with the Township Planning Commission and the County Health Department a detailed plan for the restoration of the development area which shall include the anticipated future use of the restored land, the proposed final topography indicated by contour lines of not greater interval than five (5) feet, steps which shall be taken to conserve topsoil; the type and number per acre of trees or shrubs to be planted; and the location of, future roads, drives, drainage courses, and/or other improvements contemplated.

L. The operator or operators shall file with the Township Planning Commission a bond, payable to the Township and conditioned on the faithful performance of all requirements contained in the approved restoration plan. The rate, per acre of property to be used, of the required bond shall be fixed by the Township Planning Commission. The bond shall be released upon written certification of the County Health Department that the restoration is complete and in compliance with the restoration plan.

SECTION 16.09—JUNK YARDS AND INOPERATIVE VEHICLES

In addition to and as an integral part of development, the following provisions shall apply:

A. Junk yards shall be established and maintained in accordance with all applicable State of Michigan Statutes.

B. It is recognized by this Ordinance that the location in the open of such materials included in this Ordinance's definition of "Junk Yard" will cause the reduction of the value of adjoining property. To that end, the character of the

district shall be maintained and property values conserved, a solid, unpierced fence or wall at least seven (7) feet in height, and not less in height than the materials located on the lot on which a junk yard shall be operated, shall be located on said lot no closer to the lot lines than the yard requirements for buildings permitted in this district. All gates, doors, and access ways through said fence or wall shall be of solid, unpierced material. In no event shall any materials included in this Ordinance's definition of "Junk Yard" be located on the lot which a junk yard shall be operated in the area between the lines of said lot and the solid, unpierced fence or wall located on said lot.

C. All traffic ingress or egress shall be on major streets, and there shall not be more than one (1) entrance way to the lot on which a junk yard shall be operated from each public road on which said lot abuts.

D. On the lot on which a junk yard shall be operated, all roads, driveways, parking lots, and loading and unloading areas within any yard shall be paved, oiled, watered or chemically treated so as to limit on adjoining lots and public roads the nuisance caused by wind-borne dust.

E. Each off-street parking space for an automobile shall be not less than two hundred (200) square feet in area, exclusive of access drives or aisles, and shall be of usable shape and condition. There shall be provided a minimum access drive of ten (10) feet in width and, where a turning radius is necessary, it will be of such an arc as to reasonably allow an unobstructed flow of vehicles. Parking aisles for automobiles shall be of sufficient width to allow a minimum turning movement in and out of a parking space. The minimum width of such aisle shall be:

1. For ninety (90) degree or perpendicular parking the aisle shall not be less than twenty-two (22) feet in width.

2. For sixty (60) degree parking the aisle shall not be less than eighteen (18) feet.

3. For forty-five (45) degree parking the aisle shall not be less than ten (10) feet in width.

4. For parallel parking the aisle shall not be less than ten (10) feet in width.

Off-street parking facilities required for churches may be reduced by fifty (50) per cent where churches are located in non-residential districts and within three hundred (300) feet of usable public or private off-street parking areas. Off-street parking facilities for trucks at restaurants, service stations, and other similar and related uses shall be of sufficient size to adequately serve trucks and not interfere with other vehicles that use the same facilities. Such truck spaces shall not be less than ten (10) feet in width and fifty-five (55) feet in length.

For every parcel of land hereafter used as a public or private parking area shall be developed and maintained in accordance with the following requirements:

1. All off-street parking spaces shall not be closer than five (5) feet to any property line, except where a wall, screen or compact planting strip exists as a parking barrier along the property line.

2. All off-street parking areas shall be drained so as to prevent drainage to abutting properties and shall be constructed of materials which will have a dust-free surface resistant to erosion.

3. Any lighting fixtures used to illuminate any off-street parking area shall be so arranged as to reflect the light away from any adjoining residential lot or institutional premises.

4. Any off-street parking area providing space for five (5) or more vehicles shall be effectively screened on any side which adjoins or faces property adjoining a residential lot or institution by a wall, screen or compact planting not less than four (4) feet in height. Plantings shall be maintained in good condition and not encroach on adjoining property.

5. All off-street parking areas that make it necessary for vehicles to back out directly into a public road are prohibited, provided that this prohibition shall not apply to off-street parking areas of one or two-family dwellings.

6. Requirements for the provision of parking facilities with respect to two or more property uses of the same or different types may be satisfied if the permanent allocation of the requisite number of spaces designated is not less than the sum of individual requirements.

7. The number of parking spaces required for land or buildings used for two or more purposes shall be the sum of the requirements for the various uses, computed in accordance with this Ordinance. Parking facilities for one use shall not be considered as providing the required parking facilities for any other use, except churches.

G. For the purposes of determining off-street parking requirements the following units of measurement shall apply:

1. Floor Area: In the case of uses where floor area is the unit for determining the required number of off-street parking spaces, said unit shall mean the gross floor area, except that such floor area need not include any area used for parking within the principal building and need not include any area used for incidental service storage installations of mechanical equipment, pantheuses housing ventilators and heating systems, and similar uses.

2. Place of Assembly: In stadiums, sport arenas, churches, and other places of assembly in which those in attendance occupy benches, pews, or other similar seating facilities, each eighteen (18) inches of such seating facilities shall be counted as one (1) seat.

that such facility is required to serve.

B. No parking area or parking space which exists at the time of this Ordinance becomes effective or which subsequent thereto is provided for the purpose of complying with the provisions of this Ordinance shall thereafter be relinquished or reduced in any manner below the requirements established by this Ordinance, unless additional parking area or space is provided sufficient for the purpose of complying with the provisions of this Ordinance within three hundred (300) feet of the proposed or existing uses for which such parking will be available.

C. Parking of motor vehicles in residential zones shall be limited to passenger vehicles, and not more than one commercial vehicle of the light delivery type, not to exceed three-fourths (¾) ton, shall be permitted per dwelling unit. The parking of any other type of commercial vehicle, or bus, except for those parked on school or church property, is prohibited in a residential zone. Parking spaces for all types of uses may be provided either in garages or parking areas conforming with the provisions of this Ordinance.

D. Each off-street parking space for an automobile shall be not less than two hundred (200) square feet in area, exclusive of access drives or aisles, and shall be of usable shape and condition. There shall be provided a minimum access drive of ten (10) feet in width and, where a turning radius is necessary, it will be of such an arc as to reasonably allow an unobstructed flow of vehicles. Parking aisles for automobiles shall be of sufficient width to allow a minimum turning movement in and out of a parking space. The minimum width of such aisle shall be:

1. For ninety (90) degree or perpendicular parking the aisle shall not be less than twenty-two (22) feet in width.

2. For sixty (60) degree parking the aisle shall not be less than eighteen (18) feet.

3. For forty-five (45) degree parking the aisle shall not be less than ten (10) feet in width.

4. For parallel parking the aisle shall not be less than ten (10) feet in width.

Off-street parking facilities required for churches may be reduced by fifty (50) per cent where churches are located in non-residential districts and within three hundred (300) feet of usable public or private off-street parking areas. Off-street parking facilities for trucks at restaurants, service stations, and other similar and related uses shall be of sufficient size to adequately serve trucks and not interfere with other vehicles that use the same facilities. Such truck spaces shall not be less than ten (10) feet in width and fifty-five (55) feet in length.

For every parcel of land hereafter used as a public or private parking area shall be developed and maintained in accordance with the following requirements:

1. All off-street parking spaces shall not be closer than five (5) feet to any property line, except where a wall, screen or compact planting strip exists as a parking barrier along the property line.

2. All off-street parking areas shall be drained so as to prevent drainage to abutting properties and shall be constructed of materials which will have a dust-free surface resistant to erosion.

3. Any lighting fixtures used to illuminate any off-street parking area shall be so arranged as to reflect the light away from any adjoining residential lot or institutional premises.

4. Any off-street parking area providing space for five (5) or more vehicles shall be effectively screened on any side which adjoins or faces property adjoining a residential lot or institution by a wall, screen or compact planting not less than four (4) feet in height. Plantings shall be maintained in good condition and not encroach on adjoining property.

5. All off-street parking areas that make it necessary for vehicles to back out directly into a public road are prohibited, provided that this prohibition shall not apply to off-street parking areas of one or two-family dwellings.

6. Requirements for the provision of parking facilities with respect to two or more property uses of the same or different types may be satisfied if the permanent allocation of the requisite number of spaces designated is not less than the sum of individual requirements.

7. The number of parking spaces required for land or buildings used for two or more purposes shall be the sum of the requirements for the various uses, computed in accordance with this Ordinance. Parking facilities for one use shall not be considered as providing the required parking facilities for any other use, except churches.

SECTION 16.10—DRIVE-IN THEATRES AND TEMPORARY TRANSIENT AMUSEMENT ENTERPRISES

In addition to and as an integral part of development, the following provisions shall apply:

A. Drive-in theatres shall be enclosed for their full periphery with a solid fence at least seven (7) feet in height. Fences shall be of sound construction, painted or otherwise finished neatly and inconspicuously.

B. All fenced-in areas shall be set back at least one hundred (100) feet from any street or property line.

C. All traffic ingress or egress shall be on major streets and all local traffic movement shall be accommodated within the site so that entering and exiting vehicles will make normal and uncomplicated movements into or out of the public thoroughfares. All points of entrance or exit for motor vehicles shall be located no closer than two hundred (200) feet from the intersection of any two (2) streets or highways.

SECTION 16.11—TEMPORARY OCCUPANCY OF MOBILE HOMES

A. During the period of construction of a new dwelling but not to exceed a period of one (1) year, the owner of such dwelling premises and members of such owner's immediate family shall be permitted to occupy as a temporary residence one mobile home situated on such construction site provided that such owner intends to occupy as a residence such dwelling upon completion of its construction.

B. Such mobile home shall not be located between the established set back line and the public road, way or curb line of such premises.

C. The mobile home shall contain sleeping accommodations, a flush toilet, and a tub or shower bath adequate to serve the occupants thereof.

D. The sanitary facilities of the mobile home for the disposal of sewage and waste shall be properly connected to the public sewerage system available at such premises, and in case such system is not there available, then properly connected to the existing septic tank sewage disposal system which is approved by the Washtenaw County Health Department for the dwelling to be constructed thereat.

E. No occupant of the mobile home shall cause or permit waste to be discharged upon the ground surface of the premises nor cause or permit refuse to accumulate or remain thereat.

F. The water facilities of the mobile home shall be properly connected to the public water system available at such premises, and in case such system is not there available, then properly connected to the existing well system which is approved by the Washtenaw County Health Department for the dwelling to be constructed thereat.

G. A performance bond in the amount of one thousand dollars (\$1,000.00) shall be provided to insure the removal of the mobile home at the termination of the permit.

ARTICLE XVII  
OFF-STREET PARKING AND LOADING-UNLOADING REQUIREMENTS

SECTION 17.01—OFF-STREET PARKING

Off-street parking spaces for automobiles with the requirements herein specified shall be provided in all districts, in connection with industrial, business, institutional, agricultural, recreational, residential, or other use at the time any building or structure is erected, or uses established, enlarged or increased in capacity.

A. Plans and specifications showing required off-street parking spaces, including the means of access and interior circulation, for the above uses, shall be submitted to the Zoning Inspector for review at the time of application for a building permit for the erection or enlargement of building. Required off-street parking facilities shall be located on the same lot as the principal building or on a lot within three hundred (300) feet thereof except that this distance shall not exceed one hundred and fifty (150) feet for single-family and two-family dwellings. This distance specified shall be measured from the nearest point of the parking facility to the nearest point of the lot occupied by the building or use

that such facility is required to serve.

B. No parking area or parking space which exists at the time of this Ordinance becomes effective or which subsequent thereto is provided for the purpose of complying with the provisions of this Ordinance shall thereafter be relinquished or reduced in any manner below the requirements established by this Ordinance, unless additional parking area or space is provided sufficient for the purpose of complying with the provisions of this Ordinance within three hundred (300) feet of the proposed or existing uses for which such parking will be available.

C. Parking of motor vehicles in residential zones shall be limited to passenger vehicles, and not more than one commercial vehicle of the light delivery type, not to exceed three-fourths (¾) ton, shall be permitted per dwelling unit. The parking of any other type of commercial vehicle, or bus, except for those parked on school or church property, is prohibited in a residential zone. Parking spaces for all types of uses may be provided either in garages or parking areas conforming with the provisions of this Ordinance.

D. Each off-street parking space for an automobile shall be not less than two hundred (200) square feet in area, exclusive of access drives or aisles, and shall be of usable shape and condition. There shall be provided a minimum access drive of ten (10) feet in width and, where a turning radius is necessary, it will be of such an arc as to reasonably allow an unobstructed flow of vehicles. Parking aisles for automobiles shall be of sufficient width to allow a minimum turning movement in and out of a parking space. The minimum width of such aisle shall be:

1. For ninety (90) degree or perpendicular parking the aisle shall not be less than twenty-two (22) feet in width.

2. For sixty (60) degree parking the aisle shall not be less than eighteen (18) feet.

3. For forty-five (45) degree parking the aisle shall not be less than ten (10) feet in width.

4. For parallel parking the aisle shall not be less than ten (10) feet in width.

Off-street parking facilities required for churches may be reduced by fifty (50) per cent where churches are located in non-residential districts and within three hundred (300) feet of usable public or private off-street parking areas. Off-street parking facilities for trucks at restaurants, service stations, and other similar and related uses shall be of sufficient size to adequately serve trucks and not interfere with other vehicles that use the same facilities. Such truck spaces shall not be less than ten (10) feet in width and fifty-five (55) feet in length.

For every parcel of land hereafter used as a public or private parking area shall be developed and maintained in accordance with the following requirements:

1. All off-street parking spaces shall not be closer than five (5) feet to any property line, except where a wall, screen or compact planting strip exists as a parking barrier along the property line.

2. All off-street parking areas shall be drained so as to prevent drainage to abutting properties and shall be constructed of materials which will have a dust-free surface resistant to erosion.

3. Any lighting fixtures used to illuminate any off-street parking area shall be so arranged as to reflect the light away from any adjoining residential lot or institutional premises.

4. Any off-street parking area providing space for five (5) or more vehicles shall be effectively screened on any side which adjoins or faces property adjoining a residential lot or institution by a wall, screen or compact planting not less than four (4) feet in height. Plantings shall be maintained in good condition and not encroach on adjoining property.

5. All off-street parking areas that make it necessary for vehicles to back out directly into a public road are prohibited, provided that this prohibition shall not apply to off-street parking areas of one or two-family dwellings.

6. Requirements for the provision of parking facilities with respect to two or more property uses of the same or different types may be satisfied if the permanent allocation of the requisite number of spaces designated is not less than the sum of individual requirements.

7. The number of parking spaces required for land or buildings used for two or more purposes shall be the sum of the requirements for the various uses, computed in accordance with this Ordinance. Parking facilities for one use shall not be considered as providing the required parking facilities for any other use, except churches.

SECTION 17.02—LOADING-UNLOADING REQUIREMENTS

Off-street loading or unloading spaces for uses which customarily receive or distribute material or merchandise by vehicles shall be provided in connection with every building or part thereof hereafter erected, except single- and two-family dwelling unit structures, on the same lot with such buildings.

A. Plans and specifications showing required loading and unloading spaces including the means of ingress and egress and interior circulation shall be submitted to the Zoning Inspector for review at the time of application for a building permit for the erection or enlargement of a use or a building or structure.

B. Each off-street loading-unloading space shall not be less than the following:

1. In a residential district (RR, ER, LR, SR or MR) a loading-unloading space shall not be less than ten (10) feet in width and twenty-five (25) feet in length and, if a roofed space, not less than fourteen (14) feet in height.

2. In any Commercial (LS, GC or HC) or Industrial (LI or GI) District a loading-unloading space shall not be less than ten (10) feet in width and fifty-five (55) feet in length, and if a roofed space, not less than fifteen (15) feet in height.

C. Subject to the limitations of the next paragraph, a loading-unloading space may occupy all or any part of any required side or rear yard; except the side yard along a side street in the case of corner lot. In no event shall any part of a required front yard be occupied by such loading space.

D. Any loading-unloading space shall not be closer than fifty (50) feet to any other lot located in any residential district unless wholly within a completely enclosed building or unless enclosed on all sides by a wall, fence or compact planting not less than six (6) feet in height.

E. In the case of mixed uses on one lot or parcel, the total required for off-street loading

Motor Vehicle Parking	Traffic Use	Minimum Pavement Width (Curb Face to Curb Face)
Parallel Parking, 1 side only	2-way road	22 feet
Parallel Parking, 2 sides	1-way road	22 feet
Parallel Parking, 2 sides	1-way road	28 feet
	2-way road	35 feet

**SECTION 19.10—WALKWAYS**  
Walkways shall be not less than four feet in width excepting that walkways designed for common use of not more than 3 mobile home sites shall be not less than 30 inches in width.

**ARTICLE XIX PLANNED-UNIT RESIDENTIAL DEVELOPMENTS**

**SECTION 19.01—PURPOSE**

The purpose of this article is to permit flexibility in land planning for residential development which is planned and developed as a complete unit, and which unit has an essential element, privately owned common property, as for example, an internal park network, shopping homesites in a cluster-type subdivision.

**SECTION 19.02—APPLICATION**

The owner or owners of any tract of land in any RR or LR Residential District comprising an area of not less than ten (10) acres may submit to the Township Planning Commission a plan for the use and development of all of the tract of land as a planned-unit residential development.

**SECTION 19.03—DATA REQUIRED**

A Preliminary Sketch Plan and a Detailed Site Plan must be submitted in accordance with the provisions of ARTICLE XXII. SECTION 22.04—PLANNING COMMISSION REVIEW OF SITE PLAN. In addition to the site plan specified in ARTICLE XIX, SECTION 19.06, the application shall contain such other pertinent information as may be necessary to a determination that the contemplated arrangement or use may be made it desirable to apply regulations and requirements differing from those ordinarily applicable under this Ordinance.

**SECTION 19.04—PUBLIC HEARING**

Upon submission of the Detailed Site Plan, the Planning Commission shall hold a public hearing or hearings upon any application for a planned-unit development, notice of which shall be given by one (1) publication in a newspaper of general circulation in the Township, within fifteen (15) days but not less than three (3) days next preceding the date of said hearing.

**SECTION 19.05—REQUIRED STANDARDS FOR GRANTING APPROVAL**

If the Commission approves the plan, it shall submit the plan to the Township Board for consideration and final action. The Planning Commission shall also transmit to the Board a report on the proposed development; such report may include recommendations for conditions to be imposed on the applicant. The Commission's report shall state reasons for approval of the application and provide specific evidence that the proposed residential development has met the following standards:

A. The use of land shall be in conformance with the permitted uses of the district in which the proposed plan is to be located.  
B. That the average lot area per dwelling unit, exclusive of the area occupied by streets but including the area to be devoted to parks and open spaces, will not be less than the minimum lot area per dwelling unit required for the most intensive residential use permitted in the district in which the planned development is to be located.

C. The proposed development will be served adequately by essential public facilities and services such as highways, streets, police and fire protection, drainage structures, refuse disposal or the persons or agencies responsible for the establishment of the proposed use shall be able to provide adequately any such service.  
D. The proposed unit is of such size, composition, and arrangement that its construction, marketing and operation is feasible as a complete unit without dependence on any subsequent unit or development.  
E. The common open-space, any other common properties, individual properties, and all other elements of the planned-unit residential development are so planned that they will achieve a unified environmental scheme, with open spaces and all other elements in appropriate locations, suitably related to each other, the site, and the surrounding land.

**SECTION 19.06—REQUIRED PROVISIONS IN PLAN**

The Plan shall contain such proposed covenants, easements, and other provisions relating to the bulk, location, and density of residential units, accessory uses thereon, and public facilities as may be necessary for the welfare of the Planned Unit Residential Development and not inconsistent with the best interests of the entire Township.  
The applicant may be required to dedicate land for street or park purposes and, by appropriate covenants, to restrict areas perpetually (or for the duration of the Planned Development) as open space for common use. The development as authorized shall be subject to all conditions so imposed, and shall be exempted from other provisions of this Ordinance only to the extent specified in the authorization.  
The applicant and plan in its final approved form and sign a statement that the Planned Unit Residential Development Plan is:

**SECTION 19.07—TENTATIVE BOARD APPROVAL**

The Township Board, upon the receipt of the Planning Commission's report on the proposed plan, may then give tentative approval to such plan, incorporating with the approval such conditions as the Board deems appropriate and in harmony with the general spirit of this ordinance to promote the public health, safety, morals, convenience and general welfare.

**SECTION 19.08—FINAL ACTION BY APPLICANT**

The applicant shall then review its final form shall be binding on the applicant, his heirs, successors, and assignees.

**SECTION 19.09—FINAL APPROVAL**

When the Township Board gives final approval, a zoning certificate shall be issued for the Planned-Unit Residential Development even though the size of lots, the depth of yards and the required distance between grouped buildings and the building height, may not conform in all respects to the regulations of the district in which the project is to be located.

**ARTICLE XX SIGN REGULATIONS**

**SECTION 20.01—GENERAL SIGN REGULATIONS**

No sign shall be erected at any location, where by reason of position, size, shape, color, movement or illumination, it may interfere with, obstruct the view of, be confused with any authorized traffic sign, signal, or device so as to interfere with, mislead, or confuse traffic. Consideration of traffic visibility and injurious effects on adjacent properties is essential. All signs shall be designed, constructed, and maintained so as to be appropriate in appearance with the existing or intended character of their vicinity so as not to change the essential character of such area.

**SECTION 20.02—PERMITTED SIGNS IN RC—RECREATION, CONSERVATION AND AGRICULTURAL—RESIDENTIAL DISTRICTS**

Signs in RC—Recreation, Conservation and Agricultural—Residential Districts may be illuminated only by non-flashing reflected light. Any light used to illuminate such signs shall be so arranged as to reflect light away from adjoining premises and streets. The following signs are permitted:  
A. One sign advertising the sale or lease of the lot or building, not exceeding six (6) square feet in area on any one lot, such sign shall be placed no closer to the street right-of-way line than one-half the minimum authorized front yard depth;  
B. One sign announcing a home occupation or professional service not to exceed three (3) square feet in area and it shall be no closer to the street right-of-way line than one-half the minimum authorized front yard depth;  
C. One "idental sign advertising the type of farm products grown on the farmstead; premises is permitted, such sign shall not exceed twelve (12) square feet in area and shall be located off the public right-of-way, and furthermore as not to interfere with the full view of traffic;  
D. One sign identifying a park, or school building, other authorized use, or a lawful nonconforming use not to exceed eighteen (18) square feet and be placed no closer to the street right-of-way line than one-half the minimum authorized front yard depth.

**SECTION 20.03—PERMITTED SIGNS IN RESIDENTIAL DISTRICTS**

Signs in DD—Resort Residential, LR—Low Density Residential Districts may be illuminated only by non-flashing, reflected light. Any light used to illuminate such signs shall be so arranged as to reflect light away from adjoining premises and streets. The following signs are permitted:  
A. One sign advertising the sale or lease of the lot or building not exceeding six (6) square feet in area on any one lot, such sign to be placed no closer to the street right-of-way line than one-half the minimum authorized front yard depth.  
B. One sign announcing a home occupation, boarding home, tourist home, or professional service not to exceed three (3) square feet in area and it shall be attached flat against the front wall of the building.  
C. One sign advertising a recorded subdivision or development not to exceed eighteen (18) square feet in area and placed no closer to any street right-of-way than one-half the minimum authorized front yard depth.  
D. One sign identifying a single- or multiple-family building, subdivision or development, not having commercial connotations, not to exceed eighteen (18) square feet in area and placed no closer to any street right-of-way line than one-half the minimum authorized front yard depth.  
E. One sign identifying a school, church, public building, other authorized use, or a lawful nonconforming use, not to exceed eighteen (18) square feet and be placed no

closer to the street right-of-way line than one-half the minimum authorized front yard depth.

**SECTION 20.04—PERMITTED SIGNS IN COMMERCIAL AND INDUSTRIAL DISTRICTS**

A. A sign in a LC—Local Commercial or GC—General Commercial District is permitted only where it identifies an enterprise occupying the same lot upon which the sign is erected. A sign permitted in the LC—Local Commercial or GC—General Commercial District may be illuminated only by non-flashing, reflected light. Any light used to illuminate such signs shall be so arranged as to reflect light away from adjoining premises and streets. Signs shall conform to the building setback and height requirements, except for and in addition to the requirements provided below:  
1. An identification sign may be affixed flat against the wall of the building. The total sign area shall not exceed one (1) square foot for each foot in length or height of the wall, whichever is greater. No such sign shall extend above the wall to which it is affixed.  
2. One free-standing identification sign may be erected for a research park or office center, or combined research park office center. Such sign shall not exceed thirty-six (36) square feet in area, nor be closer to the front, side, or rear property line than one-half (1/2) the distance of the required setback.  
3. One free-standing identification sign may be erected for each separate enterprise situated on an individual lot not within a research park-office center. Such sign shall not exceed eighteen (18) square feet in area, nor be closer to the front, side, or rear property line than one-half (1/2) the distance of the required setback.  
B. In any HC—Highway Commercial, LI—Light Industrial, and GI—General Industrial Districts a sign is permitted only where it advertises a business occupying the same lot of land upon which the sign is erected. Signs shall conform to the building setback and height requirements, except for, and in addition to, the requirements provided below:  
1. In any commercial or industrial district a sign may be affixed flat against the walls of the building, or may project therefrom not more than forty-eight (48) inches. Signs projecting over public property shall be at least twelve (12) feet above the finished grade, or sidewalk. The total sign area shall not exceed one (1) square foot for each foot in length or height of the wall, whichever is greater, to which it is affixed.  
2. One free-standing identification sign may be erected for a shopping center or other integrated group of stores or commercial buildings. The area of said sign shall be based on one (1) square foot for each front foot of building, or buildings, for which it is established; however, it shall not exceed two hundred (200) square feet in area, nor be closer to the front, side, or rear property line, than one-half (1/2) the distance of the required building setback.  
4. All signs may be illuminated internally or by reflected light provided the source of light is not directly visible and is so arranged to reflect away from the adjoining premises and provided that such illumination shall not be so placed as to cause confusion or hazard to traffic or conflict with traffic control signs or lights. No illumination involving movement by reason of the lighting arrangement or other devices shall be permitted.

**SECTION 20.05—OUTDOOR ADVERTISING SIGNS**

Outdoor advertising signs (billboards) shall be permitted under the following conditions:  
A. Outdoor advertising signs (billboards) are permitted only in commercial and industrial districts (LC, GC, HC, LI, and GI).  
B. Outdoor advertising signs are required to have the same setback as other principal structures or buildings in the zone in which they are situated.  
C. Where two (2) or more outdoor advertising signs are along the frontage of a single street or highway they shall not be less than one thousand (1,000) feet apart. A double face (back to back) or a V-type structure shall be considered a single sign.  
D. The total surface area, facing in the same direction of any outdoor advertising sign, shall not exceed three hundred (300) square feet.  
E. No outdoor advertising sign shall be erected on the roof of any building, nor have one sign above another sign.  
F. Outdoor advertising signs may be illuminated by reflected light only, provided the source of light is not directly visible and is so arranged to reflect away from the adjoining premises and provided that such illumination shall not be so placed as to cause confusion or hazard to traffic or conflict with traffic control signs or lights. No illumination involving movement by reason of the lighting arrangement or other devices shall be permitted.  
G. Outdoor advertising signs shall be harmonious with and in

**SECTION 20.06—ELIMINATION OF NONCONFORMING USES**

All signs and billboards shall conform to the regulations as set forth in this Ordinance and its amendments. Any sign or billboard not conforming shall be deemed a nonconforming use, and shall either be made to conform or shall be removed by the owner within three years from the date of the building permit or the effective date of this Ordinance. If the owner of said sign fails to remove such nonconforming sign or billboard, it shall be deemed a violation and the property owner shall be charged with a violation and subject to the provisions of this Zoning Ordinance.

**SECTION 20.08—APPLICATIONS, FEES, HEARINGS, AND PERMITS**

Application for a permit, by the owner of property where sign shall be erected, shall be made to the Planning Commission by filing with the Township Clerk the completed application upon the forms therefor furnished by the Planning Commission, submitting the required data, exhibits and information. Such application shall be accompanied by a fee paid by said property owner, except that no fee shall be required of any governmental body or agency. No part of the fee shall be returnable to the applicant. Such application shall contain the applicant's name and address in full; a statement that the applicant is the owner involved; the address of said property involved; an accurate survey drawing of said property showing the existing and proposed location of all buildings and structures thereon, the types thereof, and their uses; a statement and supporting data, exhibits, information and evidence regarding the required findings set forth in this ordinance; and authorization of the Township, its officers and agents to enter upon said property for the purposes of inspection and for removal of said billboard as provided by this Ordinance.

The Planning Commission shall hold a public hearing or hearings upon any application for a permit, notice of which shall be given by one (1) publication in a newspaper of general circulation in the Township, within fifteen (15) days but not less than three (3) days next preceding the date of said hearing. Renewal of such permit shall be made by the first day of each calendar year on an application form furnished by the Planning Commission, accompanied by a fee paid by said property owner to the Township Clerk. No part of the renewal fee shall be returnable to the applicant. Such renewal form shall contain a statement that such billboard exists in compliance with the permit therefor. Failure to file such renewal application for a period of fifteen (15) days shall constitute a noncompliance with such permit whereupon the Planning Commission may cancel such permit and remove such billboard in the manner provided.

**SECTION 20.09—REQUIRED FINDINGS**

The Planning Commission shall review the particular circumstances and facts of each proposed use in terms of the following standards and required findings, and shall find and record adequate data, information and evidence showing that such a use on the proposed site, lot, or parcel:  
A. Will be harmonious with and in accordance with the general objectives, intent, and purposes and provisions of this ordinance.  
B. Will be designed, constructed, operated, maintained and managed so as to be harmonious and appropriate in appearance with the existing or intended character of the general vicinity and that such a use will not change the essential character of the same area.  
C. Will not be hazardous or disturbing to existing or projected future uses.  
If the facts in the case do not establish by a preponderance of competent material and substantial evidence that the findings and standards set forth in this ordinance will apply to the proposed use, the Planning Commission shall not grant a permit in the granting of any permit, the Planning Commission shall impose such conditions of use as it deems necessary to protect the best interest of the Township and the surrounding property and to achieve the objectives of this ordinance, and the breach of any such conditions shall, after due process, invalidate the permit therefor.

accordance with the intent, purposes and provisions of this Ordinance.

**SECTION 20.10—SIGN FOR AUTOMOBILE SERVICE STATIONS**

Notwithstanding other provisions of this Ordinance, one (1) permanent installed sign shall be permitted on each street frontage, installed so that a clear view of street traffic by motorists or pedestrians may not be obstructed in any way to a height of sixteen (16) feet other than necessary supports, and not exceeding twenty-five (25) square feet in area. A sign or legend may also be placed flat on the main building or fuel pump canopies.

**SECTION 21.01—FIRE HAZARD**

Any activity involving the use or storage of flammable or explosive materials shall be protected by adequate fire-fighting and fire suppression equipment and by such safety devices as are normally used in the handling of any such material. Such hazards shall be kept removed from adjacent activities to a distance which is compatible with the potential danger involved.

**SECTION 21.02—RADIOACTIVITY OR ELECTRICAL DISTURBANCE**

No activity shall emit dangerous radioactivity at any point, or electrical disturbance adversely affecting the operation at any point of any equipment other than that of the creator of such disturbance.

**SECTION 21.04—VIBRATION**

No vibration shall be permitted which is discernible without instruments on any adjoining lot or property.

**SECTION 21.05—SMOKE**

Smoke shall not be emitted with a density greater than No. 1 on the Ringelman Chart as issued by the U. S. Bureau of Mines except for blow-off periods of ten minutes duration of not more than No. 2 is permitted.

**SECTION 21.06—ODORS**

No malodorous gas or matter shall be permitted which is offensive or as to produce a public nuisance or hazard on any adjoining lot or property.

**SECTION 21.07—AIR POLLUTION**

No pollution of air by fly-ash, dust, vapors, or other substances shall be permitted which is harmful to health, animals, vegetation or other property, or which can cause excessive soiling.

**SECTION 21.08—GLARE**

No direct or reflected glare shall be permitted which is visible from any property or from any public street, road or highway.

**SECTION 21.09—WATER POLLUTION**

Pollution of water shall be subject to such requirements and regulations as are established by the Michigan State Health Commission, the Michigan Water Resources Commission, and the Washtenaw County Health Department.

**SECTION 21.10—NOISE**

Noise which is objectionable due to volume, frequency or beat shall be muffled or otherwise controlled so there is no production of sound discernible at lot lines in excess of the average intensity of street and traffic noise at the lot lines. Air raid sirens and related apparatus used solely for public purposes are exempt from this requirement.

**ARTICLE XXI REGULATIONS AND STANDARDS**

**SECTION 22.01—GENERAL PROVISIONS**

No parcel, lot, building or structure in any district shall be used or occupied in any manner so as to create any dangerous, injurious, obnoxious or otherwise objectionable element or condition so as to adversely affect the surrounding area or adjoining premises provided that any use permitted by this Ordinance may be undertaken and maintained if acceptable measures and safeguards are employed to limit dangerous and objectionable elements to acceptable limits as established by the following performance requirements.

**SECTION 22.02—FIRE HAZARD**

Any activity involving the use or storage of flammable or explosive materials shall be protected by adequate fire-fighting and fire suppression equipment and by such safety devices as are normally used in the handling of any such material. Such hazards shall be kept removed from adjacent activities to a distance which is compatible with the potential danger involved.

**SECTION 22.03—RADIOACTIVITY OR ELECTRICAL DISTURBANCE**

No activity shall emit dangerous radioactivity at any point, or electrical disturbance adversely affecting the operation at any point of any equipment other than that of the creator of such disturbance.

**SECTION 22.04—VIBRATION**

No vibration shall be permitted which is discernible without instruments on any adjoining lot or property.

**SECTION 22.05—SMOKE**

Smoke shall not be emitted with a density greater than No. 1 on the Ringelman Chart as issued by the U. S. Bureau of Mines except for blow-off periods of ten minutes duration of not more than No. 2 is permitted.

**SECTION 22.06—ODORS**

No malodorous gas or matter shall be permitted which is offensive or as to produce a public nuisance or hazard on any adjoining lot or property.

**SECTION 22.07—AIR POLLUTION**

No pollution of air by fly-ash, dust, vapors, or other substances shall be permitted which is harmful to health, animals, vegetation or other property, or which can cause excessive soiling.

**SECTION 22.08—GLARE**

No direct or reflected glare shall be permitted which is visible from any property or from any public street, road or highway.

**SECTION 22.09—WATER POLLUTION**

Pollution of water shall be subject to such requirements and regulations as are established by the Michigan State Health Commission, the Michigan Water Resources Commission, and the Washtenaw County Health Department.

**SECTION 22.10—NOISE**

Noise which is objectionable due to volume, frequency or beat shall be muffled or otherwise controlled so there is no production of sound discernible at lot lines in excess of the average intensity of street and traffic noise at the lot lines. Air raid sirens and related apparatus used solely for public purposes are exempt from this requirement.

**ARTICLE XXII SITE PLAN REVIEW**

**SECTION 22.01—PURPOSE**

It is recognized by this Ordinance that there is a value to the public in establishing safe and convenient traffic movement to higher density sites, both within the site and in relation to access streets; that there is value in encouraging a harmonious relationship of buildings and uses both within a site and in relation to adjacent uses; further that there are benefits to the public in conserving natural resources. Toward this end, this Ordinance requires site plan review by the Township Planning Commission and approval by the Township Board for certain buildings and structures that can be expected to have a significant impact on natural resources, traffic patterns, on adjacent land usage, the character of future urban development.

**SECTION 22.02—BUILDINGS, STRUCTURES AND USES REQUIRING SITE PLAN**

The building inspector shall not issue a building permit for the construction of the following buildings and structures unless a detailed site plan has been reviewed and approved by the Township Planning Commission and such approval is in effect:  
A. A multiple-family building containing two (2) or more dwelling units.  
B. More than one multiple-family building on a lot, parcel, or tract of land, or on a combination of lots under one ownership.  
C. A mobile home park in accordance with the provisions as specified in ARTICLE XVIII.  
D. A planned-unit residential development in accordance with the provisions specified in ARTICLE XIX.  
E. Any building or structure in any commercial or industrial district with a floor area greater than one thousand (1,000) square feet.  
F. More than one building or structure, except a sign, on a lot, parcel, or tract of land, or combination of lots under one ownership, in any commercial or industrial district.

**SECTION 22.03—APPLICATION AND FEE**

Any person may file a request for a site plan review by the Township Planning Commission by filing with the Township Clerk the completed application upon the forms therefor furnished by the Clerk and the payment of a fee as set by the Township Planning Commission. As an integral part of said application, the applicant shall file at least eight (8) copies of a site plan.

**SECTION 22.04—PLANNING COMMISSION REVIEW OF SITE PLAN**

Upon receipt of such application from the Township Clerk, the Planning Commission shall undertake a study of the same and shall, within ninety (90) days, make a recommendation to the Township Board to approve or disapprove such site plan, advising the applicant, in writing, of the recommendation including any changes or modifications in the proposed site plan as are needed to achieve conformity to the standards specified in this Ordinance. The applicant shall submit to the Township Board eight (8) copies of the Planning Commission's recommended site plan as well as the other data exhibits and information hereinafter required.

**SECTION 22.05—REQUIRED DATA FOR DETAILED SITE PLAN**

Every site plan shall be submitted to the Planning Commission and Township Board in accordance with the requirements of this section:

A. The site plan shall be of a scale not to be greater than one (1) inch equals twenty (20) feet nor less than one (1) inch equals two hundred (200) feet, and of such accuracy that the Planning Commission and Township Board can readily interpret the site plan, and shall include more than one drawing where required for clarity.  
B. The property shall be identified by lot lines and location including dimensions, angles and size, correlated with the legal description of said property. Such site plan shall be designed and prepared by a registered professional architect, landscape architect, engineer, land surveyor, or community planner. Such plan shall further include the name and address of the property owner(s), developer(s), and designer(s).  
C. The site plan shall show the scale, north point, boundary dimensions, topography (at least 2 foot contour intervals), and natural features such as woodlots, streams, rivers, lakes, drainage and similar features.  
D. The site plan shall show existing man-made features such as buildings, structures, high tension towers, pipe lines, existing utilities such as water and sewer lines, excavations, bridges, culverts, drains and easements, and shall identify adjacent properties and their existing uses.  
E. The site plan shall show the location, proposed finished floor and grade line elevations, size of proposed main and accessory buildings, their relation one to another and to any existing structures on the site, the height of all buildings and square footage of floor space. Site plans for residential development shall include a density schedule showing the number of dwelling units per acre, including a dwelling schedule showing the unit type and number of each unit type.  
F. The site plan shall show the proposed streets, driveways, sidewalks and other vehicular and pedestrian circulation features within and adjacent to the site; also the location, size and number of parking spaces in the off-street parking areas and the identification of service lanes and service parking.  
G. The site plan shall show the proposed location, use and size of open spaces and the location of any landscaping, fences or walls on the site. Any proposed alterations to the topography and other natural features shall be indicated. The site plan shall further show any proposed location of connections to existing utilities and proposed extensions thereof.  
H. A vicinity map shall be submitted showing the location of the site in relation to the surrounding street system.  
I. The site plan shall show existing zoning of the site and all surrounding properties.  
J. Any other information deemed necessary by the Planning Commission.

**SECTION 22.06—STANDARDS FOR SITE PLAN REVIEW**

In reviewing the site plan, the Planning Commission shall ascertain whether the proposed site plan is consistent with all regulations of this Ordinance. Further, in consideration of each site plan, the Planning Commission shall find that provisions of this Ordinance as well as the provisions of the zoning district or districts in which said buildings, structures, and uses as indicated in the proposed site plan have been satisfactorily demonstrated and met by the applicant.

**SECTION 22.07—TOWNSHIP BOARD APPROVAL**

Upon the Planning Commission's recommended approval of a site plan to the Township Board, the applicant shall file with the Township Board eight (8) copies thereof. When the Township Board gives approval of said recommended site plan, the Township Clerk shall within ten (10) days transmit to the Zoning Inspector one (1) copy with the Clerk's certificate affixed thereto, certifying that said approved site plan conforms to the provisions of this Ordinance as determined and approved by the Township Board. If the site plan

**SECTION 22.08—EXPIRATION OF SITE PLAN CERTIFICATE**

The site plan certificate shall expire, and be of no effect, three hundred and sixty-five (365) days after the date of issuance thereof, unless within such time the Zoning Inspector has issued a building permit for any proposed work authorized under the said site plan certificate. The site plan certificate shall expire and be of no effect, two (2) years after the date of its issuance.

**SECTION 22.09—AMENDMENT, REVISION OF SITE PLAN**

A site plan, and site plan certificate, issued hereon, may be amended by the Township Board upon the request of the applicant. Such amendment shall be made upon application and in accordance with the procedure provided in ARTICLE XXII of this Ordinance. Any fees paid in connection with such application may be waived or refunded at the discretion of the Township Board.

**ARTICLE XXIII SUPPLEMENTAL REGULATIONS**

**SECTION 23.01—PURPOSE**

It is the purpose of this Article of this Ordinance to provide regulations for miscellaneous and other requirements that may or may not apply in all zoning districts.

**SECTION 23.02—SEWAGE TREATMENT AND DISPOSAL**

In addition to the requirements established by the State of Michigan Department of Health, the following site development and use requirements shall apply:  
A. All operations shall be completely enclosed by a fence not less than six (6) feet high.  
B. All operations and structures shall be surrounded on all sides by a buffer strip of at least two hundred (200) feet in width within which green vegetation, and structural screens shall be placed to minimize the appearance of the installation and to help confine odors thereon. The Township Board shall approve the treatment of all buffer strips.

**SECTION 23.03—STORAGE OF MATERIALS**

The location or storage of abandoned, discarded, unused, unusable, or inoperative vehicles, appliances, furniture, equipment or material shall be regulated as follows:  
A. On any lot or parcel in any conservation-recreation district, agricultural district, residential district or commercial district the owner or tenant, but not for hire or for business, shall locate and store such materials within a completely enclosed building.  
B. On any lot or parcel in any industrial district the owner or tenant, whether or not for hire or for business, shall locate and store such materials:  
1. Within a completely enclosed building; or  
2. Within an area surrounded by a solid, unperforated fence or wall at least seven (7) feet in height and not less in height than the materials located or stored therein, and not closer to the lot lines than the minimum yard requirements for buildings permitted in said districts.  
C. The storage of materials and inoperative vehicles with current and valid license plates may be made to conform to the regulations of this ordinance or shall be removed by the land owner within. If the land owner fails to remove a nonconforming use it may be deemed a violation of the ordinance and subject to the penalties provided for in this ordinance.

**SECTION 23.04—VISIBILITY AT INTERSECTIONS**

No fence, wall, hedge, screen, sign, structure, vegetation or planting shall be higher than three (3) feet on any corner lot or parcel in any zoning district requiring front and side yards within the triangular area formed by the intersecting street right-of-way lines and a straight line joining the two street lines at points which are thirty (30) feet distant from the point of intersection, measured along the street right-of-way lines. Trees may be planted in this triangular area, provided that the lowest foliage is ten (10) feet or higher from the ground.

**SECTION 23.05—ACCESS TO PUBLIC STREET**

The following provisions shall apply:  
A. In any Residential District (RR and LR), Commercial District (LC, GC and HC), and Industrial District (LI and GI), every use, building or structure established after the effective date of this Ordinance shall be on a lot or parcel which adjoins a public street, such street right-of-way to be at least sixty-six (66) feet in width unless a lesser width was duly established and recorded prior to the effective date of this Ordinance.  
B. In any other district, i.e., Recreation Conservation or Agricultural Residential (RC or AR), every use, building or structure established after the effective date of this Ordinance shall be on a lot or parcel which adjoins a public street, such public street right-of-way or public or private easement to be at least sixty-six

(66) feet in width unless a lesser width was duly established and recorded prior to the effective date of this Ordinance.

**SECTION 23.06—BULK REGULATIONS**

**A. CONTINUED CONFORMITY WITH BULK REGULATIONS.**—The maintenance of setback, height, floor area ratio, coverage, open space, trailer coach site, transition strip, lot area and lot area per dwelling unit required for one (1) use, lot, building or structure shall be a continuing obligation of the owner of such building or structure or of the lot on which such use, building or structure shall be located so long as such use, building or structure is in existence. Furthermore, no setback height, floor area ratio, coverage, open space, trailer coach site, transition strip, lot area per dwelling unit allocated to or required about or in connection with any other lot, use, building or structure.  
**B. DIVISION OF A LOT.**—No one (1) lot, once designated and improved with a building or structure, shall be divided into two (2) or more lots, and no portion of one (1) lot, once designated and improved with a building or structure, shall be sold unless each lot resulting from each such reduction, division or sale, and designated and improved with a building or structure, shall conform with all of the bulk and yard regulations of the zoning district in which it is located.  
**C. SETBACKS AND YARD REQUIREMENTS.**—The setback and yard requirements established by this ordinance shall apply uniformly in each zoning district to every lot, building or structure except, notwithstanding any other provision of this ordinance, that any of the following structures may be located anywhere on any lot; open and unroofed terraces, patios, porches and steps; awnings

**SECTION 23.00—GREEN BELT BUFFER**  
Prior to the commencement of construction of any structure or building in a Commercial District or Industrial District where such property abuts, adjoins, or is adjacent to a residential zone, a greenbelt shall be established. However, where permitted elsewhere in this ordinance, a six (6) foot masonry wall may be built in lieu of a greenbelt.

A greenbelt, minimum width of twenty (20) feet, shall be completed within six (6) months from the date of issuance of a certificate of occupancy and shall thereafter be maintained with permanent plant materials. Specifications for spacing and plant materials are shown below. Materials to be used are merely suggestions and shall not be limiting, provided their equal in characteristics is used.

- SPACING**
- Plant materials shall not be placed closer than three (3) feet from the fence line or property line.
  - Where plant materials are planted in two or more rows, planting shall be staggered in rows.
  - Evergreen trees shall be planted not more than thirty (30) feet on centers.
  - Narrow evergreens shall be planted not more than three (3) feet on centers.
  - Deciduous trees shall be planted not more than thirty (30) feet on centers.
  - Tree-like shrubs shall be planted not more than ten (10) feet on centers.
  - Large deciduous shrubs shall be planted not more than four (4) feet on centers.

- PLANT MATERIALS**  
(In Height/Feet) Minimum Size
- Evergreen Trees Five (5)
    - (a) Juniper
    - (b) Red Cedar
    - (c) White Cedar
    - (d) Pines
  - Narrow Evergreens Three (3)
    - (a) Pyramidal Arbor Vitae
    - (b) Columnar Juniper
    - (c) Irish Juniper
  - Tree-Like Shrubs Four (4)
    - (a) Flowering Crabapple
    - (b) Russian Olive
    - (c) Mountain Ash
    - (d) Dogwood
    - (e) Redbud
    - (f) Rose of Sharon
  - Large Deciduous Shrubs Six (6)
    - (a) Honey Suckle
    - (b) Viburnum
    - (c) Mock Orange
    - (d) Forsythia
    - (e) Lilac
    - (f) Ninebark
  - Large Deciduous Trees Eight (8)
    - (a) Oak
    - (b) Hard Maple
    - (c) Ash
    - (d) Hackberry
    - (e) Sycamore

A bond or cash of an amount equal to five (5) dollars per lineal foot of required greenbelt shall be deposited with the Township Clerk until such time as the greenbelt is planted. In the event that weather or seasonal conditions prevent transplanting, the petitioner shall be granted six months from the date of issuance of certificate of occupancy to install said greenbelt or the township shall be authorized to use said funds to install said greenbelt.

In all cases, however, the township shall be authorized to withhold ten (10) percent of bond or cash for a period of two (2) years from date of issuance to insure that dead or dying nursery stock shall be replaced. Excess funds, if any, shall be returned to the depositor upon completion of the two (2) year period. It shall be the responsibility of the property owner to maintain the greenbelt for its original intent and purpose.

**SECTION 23.00—SANITARY SEWAGE FACILITIES**  
No device for the collection, treatment and/or disposal of sewer wastes shall be installed or used without the approval of the County Health Officer.

**ARTICLE XXIV NONCONFORMITIES**

**SECTION 24.01—PURPOSE**  
Within the districts established by this Ordinance or by amendments thereto, there exist buildings and structures and uses of parcels, lots, buildings, and structures which were lawful before this Ordinance was adopted or amended and which would be prohibited, regulated or restricted to permit these buildings and uses of parcels, lots, buildings and structures, herein referred to as nonconformities, to continue until they are discontinued, damaged or removed but not to encourage their survival. These nonconformities are declared by this Ordinance to be incompatible with the buildings and structures and uses of parcels, lots, buildings

and structures permitted by this Ordinance in certain districts. It is further the intent of this Ordinance that such nonconformities shall not be enlarged, expanded or extended except as provided herein or to be used as grounds for adding other buildings and structures and uses of parcels, lots, buildings and structures prohibited elsewhere in the same district.

**SECTION 24.02—NONCONFORMING USES OF PARCELS AND LOTS**  
Where, on the date of adoption or amendment of this Ordinance, a lawful use of a parcel or lot, such use not involving any building or structure or upon which such parcel or lot a building or structure is accessory to such principal use, exists that is no longer permissible under the provisions of this Ordinance, such principal use may be continued so long as it remains otherwise lawful subject to the following provisions:

- A. No such nonconforming use of a parcel or lot shall be enlarged, expanded or extended to occupy a greater area of land than was occupied on the date of adoption or amendment of this Ordinance, and no accessory use, building or structure shall be established therewith.
- B. No such nonconforming use of a parcel or lot shall be moved in whole or in part to any other portion of such parcel or lot not occupied on the date of adoption of this Ordinance.
- C. If such nonconforming use of a parcel or lot ceases for any reason for a period of more than one hundred and eighty (180) consecutive days, the subsequent use of such parcel or lot shall conform to the regulations and provisions set by this Ordinance for the district in which such parcel or lot is located.

**SECTION 24.03—NONCONFORMING BUILDINGS AND STRUCTURES**  
Where, on the date of adoption or amendment of this Ordinance, a lawful building or structure exists that could not be built under the regulations of this Ordinance by reason of restrictions upon lot area, lot width, lot coverage, floor area ratio, height, open spaces or other characteristics of such building or structure or its location upon a lot, such building or structure may be continued so long as it remains otherwise lawful subject to the following provisions:

- A. No such building or structure shall be enlarged, expanded, extended, or altered in a way which increases its nonconformance.
- B. Should any such building or structure be destroyed by any means to an extent of more than fifty (50) per cent of its replacement cost at the time of destruction, it shall not be reconstructed except in conformity with the provisions of this Ordinance.
- C. Should any such building or structure be moved for any reason for any distance, it shall thereafter conform to the regulations of this district in which it is located after it is moved.

**SECTION 24.04—NONCONFORMING USES OF BUILDINGS AND STRUCTURES**  
Where, on the date of adoption or amendment of this Ordinance, a lawful use of a building or structure exists that is no longer permissible under the regulations of this ordinance, such use may be continued so long as it remains otherwise lawful subject to the following provisions:

- A. No existing building or structure devoted to a use not permitted by this Ordinance in the district in which it is located shall be enlarged, expanded, extended or altered except in changing the use of such building or structure to a use permitted in the district in which such building or structure is located, except that if no structural alterations are made any nonconforming use of a building or structure may be changed to another nonconforming use by the Board of Appeals, as provided in ARTICLE XXVII of this Ordinance; provided further, that such other nonconforming use is equally appropriate or more appropriate in the district involved than the existing nonconforming use.
- B. When a nonconforming use of a building or structure is discontinued or abandoned for more than one hundred and eighty (180) consecutive days, the building or structure shall not thereafter be used except in conformance with the regulations of this district in which it is located.

**SECTION 24.05—REPAIRS AND MAINTENANCE**  
On any building or structure devoted in whole or in part to any nonconforming use, work may be done in any period of twelve (12) consecutive months on ordinary repairs or on repair or replacement of nonbearing walls, fixtures, wiring or plumbing to an extent of not to exceed ten (10) percent of the then current replacement value of the building or structure, provided that the volume of such building or the number of families housed therein, or the size of such structure as it existed on the date of adoption or amendment of this Ordinance for such new use. The holder of a zoning compliance permit for the construction, erection, or moving of any building, structure or part thereof, for the establishment of a use, shall notify the Zoning Inspector immediately upon the completion of the work authorized by such permit for a final inspection.

**SECTION 24.06—VOIDING OF CERTIFICATE OF OCCUPANCY**  
Any certificate of occupancy granted under this Ordinance shall

become null and void if such structure(s), building(s) and/or structure(s) for which said certificate was issued are found by the Zoning Inspector to be in violation of this Ordinance. The Zoning Inspector upon finding such violation shall immediately notify the Township Board of said violation and voiding of the certificate of occupancy.

**SECTION 24.07—CHARGES, AND EXPENSES**  
The Township Board shall establish a schedule of fees, charges and expenses, and a collection procedure, for permits, appeals and other matters pertaining to the Ordinance. The schedule of fees shall be posted in the Office of the Zoning Inspector; and may be altered or amended only by the Township Board. No permit, certificate, conditional use on approval, or variance shall be issued unless or until such costs, charges, fees or expenses listed in this Ordinance have been paid in full, nor shall any action be taken on proceedings before the Board of Appeals, unless or until preliminary charges and fees have been paid in full.

**SECTION 25.00—VIOLATIONS AND PENALTIES: NUISANCE PER SE; ABATEMENT**  
Uses of land and dwellings, buildings or structures, including tents and mobile homes, uses, erected, altered, used or converted in violation of any provision of this Ordinance are hereby declared to be a nuisance per se. The court shall order such nuisance abated and the owner and/or agent in charge of such dwelling, building, structure, tent, mobile home or land shall be adjudged guilty of maintaining a nuisance per se. Anyone violating any of the provisions of this Ordinance shall upon conviction thereof be subject to a fine of not more than fifty (\$50.00) dollars and the costs of prosecution thereof, by imprisonment in the County Jail for a period not to exceed thirty (30) days, or both. Each day that a violation is permitted to exist shall constitute a separate offense. The imposition of any sentence shall not exempt the offender from compliance with the requirements of this Ordinance.

**ARTICLE XXVI AMENDMENT PROCEDURE**  
**SECTION 26.01—INITIATING AMENDMENTS AND FEES**  
The Township Board may from time to time, on recommendation from the Planning Commission, amend, modify, supplement or revise the district boundaries or the provisions and regulations herein established whenever the public necessity and convenience and the general welfare require such amendment. Said amendment may be initiated by resolution of the Township Board, the Planning Commission, or by petition of one or more owners of property to be affected by the proposed amendment. Except for the Township Board, or the Planning Commission, the petitioner or petitioners requesting an amendment shall at the time of application pay the fee of one hundred fifty (\$150.00) dollars, no part of which shall be returnable to the petitioner.

**SECTION 26.02—AMENDMENT PROCEDURE**  
The procedure for making amendments to this Ordinance shall be in accordance with Act 184 of the Public Acts of 1943 as amended.

**SECTION 26.03—CONFORMANCE TO COURT DECREE**  
Any amendment for the purpose of conforming a provision thereof to the decree of a court of competent jurisdiction shall be adopted by the Township Board and the amendments published without referring the same to any other board or agency.

**ARTICLE XXVII BOARD OF APPEALS**  
**SECTION 27.01—BOARD OF APPEALS ESTABLISHED**  
There is hereby established a Board of Appeals, which shall perform its duties and exercise its powers as provided in Act 184 of the Public Acts of 1943 as amended, in such a way that the objectives of this Ordinance shall be enforced, the public health and safety secured, and substantial justice done.

**SECTION 27.02—DUTIES OF THE BOARD OF APPEALS**  
The Board of Appeals shall hear and decide only such matters as the Board of Appeals is specifically authorized to pass on as provided in this Ordinance.

**SECTION 27.03—VARIANCE**  
A variance from the terms of this Ordinance shall not be granted by the Board of Appeals unless and until:

- A. A written application for a variance is submitted, demonstrating:
  - That special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same district.
  - That literal interpretation of the provisions of this Ordinance would deprive the applicant of rights commonly enjoyed by other properties in the same district under the terms of this Ordinance.
  - That the special conditions and circumstances do not result from the actions of the applicant.
  - That granting the variances requested will not confer on the applicant any special privilege that is denied by this Ordinance to other lands, structures, or buildings in the same district.
  - That no nonconforming use of neighboring lands, structures, or buildings, in the same district, and

no permitted use of lands, structures or buildings in other districts Ordinance shall not be increased. Nothing in this Ordinance shall be deemed to prevent the strengthening or restoring to a safe condition of any building or structure or part thereof declared to be unsafe by any official charged with protecting the public safety upon order of such official.

**SECTION 24.06—CHANGE OF TENANCY OR OWNERSHIP**  
There may be change of tenancy, ownership or management of an existing nonconforming use, building or structure, provided there is no change in the nature or character of such nonconforming use, building or structure.

**SECTION 24.07—EXTENSION AND SUBSTITUTION**  
A nonconforming use, building or structure shall not be extended unless it fulfills the requirements of ARTICLE XXI of this Ordinance, nor shall one nonconforming use, building or structure be substituted for another nonconforming use, building or structure.

**SECTION 24.08—COMPLETION OF PENDING CONSTRUCTION**  
The adoption of this Ordinance shall not limit the construction of any building or structure for which a permit had been obtained prior to its adoption, and upon which work had been commenced and carried on within ninety (90) days of obtaining of such permit, even though such building or structure does not conform to the provisions of this Ordinance.

**SECTION 24.09—SUBSTANDARD, NONCONFORMING LOTS OF RECORD**

In any district in which single-family dwellings are permitted, notwithstanding limitations imposed by other provisions of this Ordinance, a single-family dwelling and customary accessory buildings or structures may be erected on any single lot of record at the effective date of adoption or amendment of this Ordinance. Such lots must be in separate ownership and not of continuous frontage with other lots in the same ownership as of the date of adoption of this Ordinance. This provision shall apply even though such lot fails to meet the requirements for area or width, or both, that are generally applicable in the district, provided that yard dimensions and other requirements, not involving area or width, or both, of the lot shall conform to the regulations for the district in which such lot is located. If two or more lots or combinations of lots and portions of lots with continuous frontage in single ownership are of record at the time of passage or amendment of this Ordinance and if all or part of the lots do not meet the requirements for lot width and area as established by this Ordinance, the land involved shall be considered to be an undivided parcel for the purpose of this Ordinance, and no portion of said parcel or lot shall be used or sold which does not meet lot width and area requirements established by this Ordinance, nor shall any division of the parcel or lot be made which leaves remaining any parcel or lot with width or area below the requirements stated in this Ordinance.

**ARTICLE XXV ADMINISTRATION OF THE ORDINANCE**  
**SECTION 25.01—PURPOSE**  
It is the purpose of this Article to provide the procedures for the administration of the Ordinance, issuance of permits, inspection of properties, collection of fees, handling of violators and enforcement of the provisions of this Ordinance and amendments thereto.

**SECTION 25.02—ADMINISTRATION**  
Except where herein otherwise stated the provisions of this Ordinance shall be administered by the Zoning Inspector, or by such deputies of his department as the Township Board may designate to enforce the provisions of this Ordinance.

**SECTION 25.03—DUTIES OF ZONING INSPECTOR**  
The Zoning Inspector shall have the power to grant zoning compliance, building and occupancy permits, and to make inspections of buildings or premises necessary to carry out his duties in the enforcement of this Ordinance. It shall be unlawful for the Zoning Inspector to approve plans or issue any permits or certificates of occupancy for any excavation or construction until he has inspected such plans in detail and found them to conform with this Ordinance, nor shall the Zoning Inspector vary or change any terms of this Ordinance. The Zoning Inspector shall submit to the Planning Commission and the Township Board quarterly reports fully explaining the type and nature of nonconforming uses, buildings and structures.

**SECTION 25.04—ISSUANCE OF ZONING COMPLIANCE PERMITS**  
The Zoning Inspector shall require that all applications for zoning compliance permits shall be accompanied by plans and specifications including a plot plan in duplicate drawn to scale. The Zoning Inspector shall retain the original copy for his files.

**SECTION 25.05—VOIDING OF ZONING COMPLIANCE PERMIT**  
Any certificate of zoning compliance granted under this Ordinance shall become null and void unless construction and/or use is commenced within one hundred and eighty (180) days and completed within five hundred and forty-five (545) days of the date of issuance.

**SECTION 25.06—ISSUANCE OF CERTIFICATE OF OCCUPANCY; FINAL INSPECTION**

No building or structure, or part thereof, shall be occupied by or for any use for which a zoning compliance permit is required by this Ordinance unless and until a certificate of occupancy shall have been considered grounds for the issuance of a variance.

B. The Board of Appeals shall make findings that the requirements of this Ordinance have been met by the applicant for a variance.

C. The Board of Appeals shall further make a finding that the reasons set forth in the application justify the granting of the variance, and the variance is the minimum variance that will make possible the reasonable use of the land, building, or structure.

D. The Board of Appeals shall further make a finding that the granting of the variance will be in harmony with the general purpose and intent of this Ordinance, and will not be injurious to the neighborhood, or otherwise detrimental to the public welfare.

E. In granting any variance, the Board of Appeals may prescribe appropriate conditions and safeguards in conformity with this Ordinance. Violations of such conditions and safeguards, when made a part of the terms under which the variance is granted, shall be deemed a violation of this Ordinance and punishable under SECTION 25.09 of this Ordinance.

F. Under no circumstances shall the Board of Appeals grant a variance to allow a use not permissible under the terms of this Ordinance in the district involved, or any use expressly or by implication prohibited by the terms of this Ordinance in said district.

**SECTION 27.04—VOIDING OF AND REAPPLICATION FOR VARIANCE**  
The following provisions shall apply:

- A. Each variance granted under the provisions of this Ordinance shall become null and void unless:
  - The construction authorized by such variance or permit has been commenced within one hundred and eighty (180) days after the granting of such variance and

purposed diligently to completion, or

2. The occupancy of land or buildings authorized by such variance has taken place within one hundred and eighty (180) days after the granting of such variance.

B. No application for a variance which has been denied wholly or in part by the Board of Appeals shall be resubmitted for a period of three hundred and sixty-five (365) days from such denial, except on grounds of new evidence or proof or changed conditions found by the Board of Appeals to be valid.

**SECTION 27.05—APPEALS TO THE BOARD OF APPEALS**  
The following shall apply:

A. **APPEALS, HOW TAKEN**—Appeal from the ruling of the Zoning Inspector or the Township Board concerning the enforcement of the provisions of this Ordinance may be made to the Board of Appeals within such time as shall be prescribed by the Board of Appeals by general rule, by the filing with the officer from whom the appeal is taken and with the Board of Appeals of a notice of appeal specifying the grounds thereof. The Officer from whom the appeal is taken shall forthwith transmit to the Board of Appeals all the papers constituting the record upon which the action appealed from was taken.

B. **WHO MAY APPEAL**—Appeals to the Board of Appeals may be taken by any person aggrieved or by any officer, department, board, agency, or bureau of the Township, County, or State.

C. **FEE FOR APPEAL**—A fee prescribed by the Township Board shall be paid to the Board of Appeals at the time of filing the notice of appeal which the Board of Appeals shall pay over, within thirty (30) days after deciding any appeal, to the General Fund of the Township.

D. **EFFECT OF APPEAL; RESTRAINING ORDER**—An appeal stays all proceedings in furtherance of the action appealed from unless the officer from whom the appeal is taken certifies to the Township Board of Appeals, after the notice of appeal shall have been filed with him, that by reason of facts stated in the certificate, a stay would in his opinion cause imminent peril to life or property,

in which case proceedings shall not be stayed otherwise than by a restraining order which may be granted by the Board of Appeals or by the Circuit Court, on application, on notice to the officer from whom the appeal is taken and on due cause shown.

E. **HEARING BY THE BOARD OF APPEALS; REQUEST; NOTICE; HEARING**—When a request for appeal has been filed in proper form with the Board of Appeals, the Secretary, or Township Clerk, shall immediately place the said request for appeal upon the calendar for hearing, and cause notice, stating the time, place, and object of the hearing to be served personally or by registered return receipt mail at least ten (10) days prior to the date of such hearing, upon the party or parties making the request for appeal.

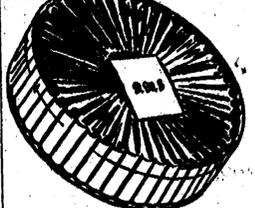

F. **REPRESENTATION AT HEARING**—Upon the hearing, any party or parties may appear in person or by agent or by attorney.

G. **DECISIONS OF THE BOARD OF APPEALS AND APPEALS TO THE CIRCUIT COURT**—The Board of Appeals shall decide upon all matters appealed from within a reasonable time and may reverse or affirm wholly or partly, or may modify the order, requirement, decision or determination appealed from and shall make such order, requirement, decision or determination as in its opinion ought to be made in the premises and to that end shall have all the powers of the Zoning Inspector or Township Board from whom the appeal is taken. The Board of Appeals' decision of such appeals shall be in the form of a resolution containing a full record of the findings and determination of the Board of Appeals in each particular case. Any person having an interest affected by such resolution shall have the right to appeal to the Circuit Court on question of law and fact.

**RUBELLA VACCINATION**

If all children between 1 and 12 years old are vaccinated against rubella, the number of birth defects caused by that disease can be sharply reduced, the March of Dimes reports. Youngsters are the main sources of infection.

**LYNDON TOWNSHIP FINANCIAL REPORT**

Township Board  
Township of Lyndon  
Washtenaw County, Michigan

I have examined the balance sheets of the various funds of the Township of Lyndon, Washtenaw County, Michigan as of March 22, 1971 and March 21, 1972. My examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures, including those prescribed by the State Treasurer, as I considered necessary in the circumstances.

In my opinion, the accompanying balance sheets of the general fund and general fixed assets present fairly the financial position of the Township of Lyndon, Washtenaw County, Michigan at March 22, 1971 and March 21, 1972, in conformity with generally accepted accounting practices applicable to governmental entities applied on a basis consistent with that of the preceding period.

July 1, 1972.

R. A. STEGER  
Certified Public Accountant  
104 South Main Street  
Chelsea, Michigan 48118
