## School Board Briefs

Present at a regular school board meeting Monday evening were board members Hansch, Koenig, Koenig, Holman, Danek, Brown, Schaller and Stirling. Superintendent Cameron, Business Manager Mills, Principals Lane, Kamler and Benedict.

Minutes read and approved.

Minutes of the Aug. 20 meeting were approved as presented.

The board unanimously approved an amended athletic budget of \$14,000 to include girls' basketball, softball, and track, and the payment of outstanding bills of the athletic fund.

A discussion was held regarding the transportation to Beach school of fifth grade pupils who live within the village limits and north of the railroad tracks. The administration is to provide transportation in accordance with the school board policy.

Principal Lane reported on the "open registration" at the high school. The students have been enrolled and school is in full operation, but some problems are yet to be worked out. These problems include individual schedules and balancing of class size.

Principal Lane reported that a lot for the building transfer program has yet to be purchased. As soon as a suitable site is acquired, construction of the house will begin.

Business Manager Mills reported that the sale of the old junior high property is to be completed this week and the bus transfer road at the Beach school is to be completed by the end of this week or early next week.

Supt. Cameron reported on the career education planning district and the shared time program with other schools. If vacancies are available in other schools and Chelsea students are interested, the students will be enrolled.

The board unanimously adopted a resolution to select Dec. 17 as the date for the bonding election for the proposed building program and to request approval of that date by the County Election Committee.

The board met for approximately three and one-half hours with representatives of Manson, Jackson & Kane, architects, and discussed the proposed building program. Based upon the citizen committee recommendations and studies by the architect, the board requested an estimate of the total cost of the several recommendations.

## Registrations Still Taken For PP&K

Registrations for the 1973 Punt, Pass and Kick competition, co-sponsored locally by the Chelsea Jaycees and Palmer Motor Sales, Inc., continue to roll in. The contest is open to any youngster eight through 13 years of age. Any youngster meeting the age requirements, who can punt, pass or kick a football—or who'd like to try—will want to compete. Participants compete only against others their own age, and there is no body contact.

No special equipment is needed and participation does not impair a youngster's amateur standing. Each youngster will compete in three categories—punting, passing and kicking. Judges will score one point for each foot the ball travels on the fly, minus one point for each foot the ball lands to the right or left of the center tape.

Youngsters, accompanied by a parent or guardian, may register for PP&K at any participating Ford dealer. There is no entrance fee.

## Jaycees Fair Venture Nets \$1,400 for Projects

Bingo sponsored by the Jaycees at the Chelsea Community Fair two weeks ago raised \$1,400 for the Jaycee members to spend on their agenda of community projects scheduled for the coming year.

Art Steinaway of the Jaycees stated that portions of this sum will be used to support the Jaycees' bicycle safety program, Easter egg hunt, and its program for fishing for fatherless children and Christmas trees for fatherless children.

THE MUTILATED ROSSBACH CAR was carried approximately 200 feet by the impact of its collision with this 51-car train, which was traveling at an estimated 35 to 40 miles per hour when the crash occurred. The car, driven by Debra Rossbach, had stopped directly on the track while traveling north on Freer Rd., the crossing at far right. The Freer Rd. crossing is the site of unsuccessful requests by citizens for installation of a protective crossing gate.

DEBRA ROSSBACH, 16, the only survivor of a car-train collision last Thursday that resulted in the death of two young girls, is borne away from the scene of the accident by Washtenaw County sheriff's deputies and Chelsea Police. The crash occurred at 3:30 Thursday afternoon at the Freer Rd. crossing of the Penn Central tracks.

## Two Young Chelsea Girls Killed Thursday In Car-Train Crash

### JCs Plan New Member Recruitment

A membership night for recruitment of new members is being planned by Chelsea Jaycees for Tuesday, Sept. 18, at 7 p.m. at the Knights of Columbus Hall.

The Jaycees, a young men's civic organization, invites all men between the ages of 18 and 35 who are interested in the Jaycees' activities to attend the meeting or contact any Jaycee for information.

Explaining exactly what the organization is about will be the purpose of this meeting, which is termed an "orientation for new members." A film depicting the Jaycee structure at the state, national, and international level will be shown.

Projects sponsored by area Jaycees include a scholarship fund, the Punt, Pass, & Kick competition, and barbecues.

### Volunteers Will Organize Next Tuesday

Kicking off the new season of the volunteer program at the United Methodist home will be the purpose of a meeting next Tuesday, Sept. 18, at 10 a.m. at the home.

Concern with patients in the Home is the motivation for the work of the volunteers, who aid residents in simple ways: taking them for rides and walks, helping in the organization of group activities and handicrafts, and assisting them in writing letters and shopping.

Highlight of the meeting will be the introduction of Martha Earles, new director of volunteer work at the Home, who will discuss the direction that volunteer (Continued on page three)

### Tragic Accident Occurs At Unguarded Crossing

Two young Chelsea girls were killed and a third remains hospitalized in a car-train collision last Thursday, Sept. 6, at the Freer Rd. crossing of the Penn Central railroad tracks at the eastern village limits.

Nancy Rossbach, 14, of 720 Mais St., and Lori Gardner, 12, of 10 Sycamore St., were pronounced dead on arrival at University Hospital in Ann Arbor. The driver of the car, Debra Rossbach, was reported in fair condition at

Mott's Childrens Hospital in Ann Arbor, at 8 a.m. Wednesday.

Initial reports by witnesses indicate that Debra had stopped for the crossing, then proceeded onto the tracks where she again stopped the car on the westbound tracks. Washtenaw County Sheriff's deputies theorize that she may have seen the train and attempted to shift into reverse. The car was carried approximately 200 feet by the impact of the crash.

The Freer Rd. crossing of the tracks was the subject of a minor controversy this spring, when unsuccessful attempts were made to have a gate installed there.

Nancy Rossbach, daughter of Mr. and Mrs. Robert F. Rossbach, was a freshman at Chelsea High school. She was buried Monday at Mt. Olivet Cemetery.

Lori Garner was buried Saturday at Washtenaw Memorial Park Cemetery, Ann Arbor. She was a 7th grader at Beach Middle school.

Lori's stepfather, the Rev. Clive Dickins, of the First United Methodist church, is presently investigating the legal aspects of installing gates and lights at the crossing.

### CHS Athletic Season Tickets Now Available

The start of a new school year brings a number of athletic announcements from Chelsea High school athletic director Richard Lapanowski.

Season tickets for varsity sports, including varsity football for \$5 and varsity basketball for \$10, are available now at the athletic director's office at Chelsea High school. A special season ticket for varsity football, basketball, wrestling, and girls' basketball is priced at \$15.

Girls' varsity basketball will begin Oct. 2 with a home game against Saline. The team will also encounter the other four teams of the Southeastern Conference: Dexter, Novi, Lincoln (Ypsilanti) and Brighton. Hiring of a coach for this team was approved at the School Board meeting Monday night, but no one has yet been hired. Girls' varsity softball and track are scheduled for spring.

New bleachers at Jerry Niehaus field, a joint gift of the Kiwanis club of Chelsea and the Chelsea school district, are ready and waiting for tomorrow's football opener. The bleachers, erected by the Kiwanis club members, cost \$9,640, of which \$2,000 came from the Kiwanis club.

### School Enrollment Hits 2,723 Students In First Week

Enrollment in the Chelsea school district has increased this year by 114 to 2,723 students, one third of whom are attending the high school, according to Fred Mills, business manager for the district.

Preliminary figures show that of that total, 920 students are attending the high school; 901 attend Beach Middle school; 369 attend North Elementary school and 533 attend South Elementary school.

## Football Season Opens Friday

Chelsea's Bulldogs open the 1973 season tomorrow night in a non-league encounter with Tecumseh at Niehaus Field. Tecumseh is highly-rated in the state and captured the Huron League title last year.

This year's Southeastern Conference race shapes up to be an even one, as all teams go into action with no league opponents this Friday. South Lyon, Novi, and the Bulldogs seem to have

the edge in returning players. 33 players are on this year's squad, coached by Phil Baresis who has led the team to four championships in the past five years. He is assisted by Richard Baresis and Jim Tallman.

Co-captains Dave Tucker and Jeff Marshall lead the list of returning lettermen, along with quarterback John Houle, tailback Chuck Foytik, end Rick Miller, halfbacks Steve Schanz, Dale

Poertner, and John Beeman, full back Ishmael Picklesimer, guards Kevin Webb, John Tandy, Darryl West and tackle Howard Haselschwardt.

Juniors, along with three promising sophomores, compose the rest of the squad. Sophomore Rex Miles, center and kicking specialist, quarterback Randy Guenther, and guard Dennis Bauer will be seeing action tomorrow. Juniors who have been working

hard are Todd Ortbring, Bob Clifton, Steve Kincer, Doug Reed, Roger Stewart, Perry Johnson, Larry Ellenwood, Dave Proctor, Les Sharp, Mark Pennington, Ron Kiel, Paul Wood, and Jack Hackworth.

Several transfer students have joined this year's varsity. Brothers Keith and Ed Vasas are from Lincoln, Bob Clifton from Indiana, and Randy Davis from Kentucky. The junior varsity will meet Tecumseh at 10 a.m. Saturday.

## School Bond Election Slated

The Chelsea Board of Education at its regular board meeting Monday, Sept. 10, selected Dec. 17 as a proposed date for a bonding election and will request approval of that day by the County Election Committee.

The announcement is the culmination of a five-month study conducted by a citizens ad hoc committee given the responsibility to recommend to the Chelsea School District those changes and additions needed to relieve

overcrowded conditions in the elementary schools and in the high school.

The board met with more than 75 members of the citizens' committee Tuesday, Sept. 4, from 7 p.m. to 11 p.m. and again Sat-

urday, Sept. 8 from 9 a.m. to 5 p.m. in an effort to co-ordinate the various committee reports and to arrive at an over-all plan for the school district.

On Monday night the board met with architects Manson, Jackson, Kane, Inc., to consider the recommendation of the citizens' committee. After lengthy discussion they presented a plan to the architects for alterations and additions to the existing school facilities, and requested that the architects return to the next scheduled meeting on Sept. 17 with a cost estimate.

Copies of the studies, surveys, and projections made by the citizens' committee and the architects are available for review by any interested citizens in the superintendent's office.

### Youth Groups Sponsoring Musical Group

As part of an effort of Key 73, a nation-wide drive to "call our continent to Christ," five area church youth groups are sponsoring the appearance of the Celebration Road Show at the Chelsea Fairgrounds Sunday, Sept. 23, at 2 p.m.

Celebration Road Show's essence is "music with a message," aimed at presenting basic concepts of thinking about one's fellow man, human relationships, and human values.

The group, headed by the Rev. Gary Miller, who is a former youth minister on leave from the First Congregational church of Saginaw, was organized in June, 1972. Since that time its program has been presented in numerous

public schools across the state, including an appearance at the baccalaureate at Chelsea High school in June. The group has also been seen on television in various cities.

Tickets for the show may be obtained at the gate on the day of the performance, or by contacting Pastor John Morris of Zion Lutheran church.

Sponsoring groups are the youth of Zion Lutheran church, Bethel United Methodist church, Sharon United Methodist church, and St. Thomas Lutheran church, all of Manchester; and St. John's Lutheran church of Bridgewater.

All interested persons are invited.

### Church Workers Will Be Recognized

Church school workers and Christian education leaders from the Chelsea area will be recognized for their endeavors at a dinner and program at North Lake Methodist church on Monday, Sept. 17, at 6:30 p.m.

The Rev. Ted Crouch, executive director of the Michigan Council of Churches, will be the main speaker. A barbershop quartet also will be featured.

### Correction

The Standard incorrectly reported in last week's issue that the Chelsea Community Fair kitchen had cleared \$9,243. According to John Wellnitz, fair treasurer, that figure refers to the amount taken in by the kitchen. Net figures are not yet available.

GETTING DOWN TO THE ORGANIZATION of the upcoming Community Chest drive are area chairmen for the village. From left (front) are Mrs. Norman Wilson, southwestern area co-chairman; Mrs. Joseph Rossi, southeastern area co-chairman;

and Mrs. Ralph Erskine, northeastern area chairman. Back, Mrs. Donald Kvarnberg, village residential chairman, and Mrs. Thomas Dmoch, Lanewood chairman. The drive will begin Oct. 1.

## Training Session Slated for Community Chest Canvassers

Training for canvassers for the Chelsea Community Chest drive is scheduled for Wednesday, Sept. 19, at 8 p.m. in the Municipal Building following the campaign meeting at 7:30 p.m. This is the only training planned for the drive, which begins Oct. 1.

Chairmen for the various sections of the village and surrounding rural areas have also been announced. Mrs. Donald (Carol) Kvarnberg is general residential chairman for Chelsea, assisted by Judy Poisson, in charge of the northwest area; Mrs. Ralph (Bonnie) Erskine, northeast area; Mrs. Norman (Pat) Wilson and Mrs. Ralph (Sharon) Owings,

southwest area; Mrs. Joseph (Janet) Rossi and Mrs. Paul (Joanne) Weber, southeast area; Mrs. Thomas (Carol) Dmoch, Lanewood area.

Rural chairmen and their respective areas are as follows: Mrs. Thomas (Sharon) Hodgson, area bordered on the south by Cavanaugh Lake Rd., on the east by Werner Rd., and on the north by the west Chelsea school district; Mrs. Charles (Margo) Koenig, area bordered on the north by Cavanaugh Lake Rd., on the east by M-52, and on the south and west as far as the Chelsea school district; Mrs. Samuel (Kay) Coomes, the North Lake area bor-

dered on the south by Dexter-Chelsea Rd., on the west by Werner Rd., and on the west and east by the Chelsea district; Mrs. Charles (Linda) Ahlgren, area bordered on the north by Dexter-Chelsea Rd., on the west by M-52, and on the east and south by the Chelsea school district.

Mrs. Robert Riemenschneider, general campaign chairman, also stated that Mrs. Duane (Diane) Warren has assumed the duties of professional chairman, replacing Mrs. Charles Walter.

Posters for the drive soon will be delivered to local merchants by Boy Scouts.

**OPEN HOUSE:** The V. O. Johnsons will welcome Retirement Community residents to their home. Among those will be Miss Martha Earles, left, an occupant of the Chelsea Village Garden

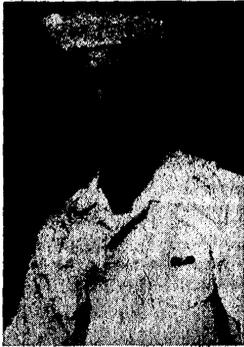

Johnson welcomes Mrs. Ella Lehman, a nursing patient who has been a long-time Chelseaite, and Mrs. Johnson greets Mrs. Mary Lou Haas, resident of the Home from East Detroit.

## V.O. Johnsons Plan Open House

Mr. and Mrs. V. O. Johnson will roll out the red carpet once again to the residents of the Chelsea United Methodist Retirement Community, as they hold open house in their home every afternoon from Sunday, Sept. 16 to Friday, Sept. 21. Conversation and light refreshments, plus optional tours of the home, will set the congenial tone of the gatherings.

Mr. and Mrs. Johnson have hosted the older people of the home at their residence, 803 W. Middle, each September since moving to Chelsea in 1969. Johnson is administrator of the United Methodist Home, where some 250 retired people live in accommodations ranging from independent living garden apartments to nursing quarters.

The Johnsons have more than 1,000 people through their home each year. In addition to the visits of the Home residents, they entertain Home employees at Christmas time; the Senior High Sunday school class from the First United Methodist church; prayer and study groups; volunteer planning sessions for home meal service; foreign students from several countries; and other volunteer groups.

**BACK FROM PERU:** Mr. and Mrs. Fred McKinnon have spent four years in the jungles of Peru working with native people, like the two boys shown with them here. These boys are members of the Mayoruna Indian tribe, which was contacted for the first time in 1969.

## Flying Minister-Missionaries To Speak at Immanuel Church

After four years in the jungles of Peru, South America, Mr. and Mrs. Fred McKinnon of Wycliffe Bible Translators, are home on a four-month furlough, and will be present at all services of Immanuel Bible church, on Sunday, Sept. 16. McKinnon is associated with JARS (Jungle Aviation & Radio Service) and ministers as a pilot taking missionary workers and translators to the uncharted tribes of the jungle. Mrs. McKinnon is a registered nurse and ministers to the physical needs of the nationals. The McKinnons will be sharing some of their experiences as part of a team reaching the lost tribes of Peru for Christ, and will have colored slides depicting work among the Mayoruna Indian tribe, contacted for the first time in 1969. These pictures will be shown at the 7 p.m. service. After the December 1971 airline crash in which 91 persons were killed, the McKinnons had a part in caring for the "lone survivor," a Dutch teen-ager. Among

those who died were five Wycliffe workers.

Mrs. McKinnon will be speaking at a special spaghetti supper for women and teen-age girls on Thursday, Sept. 20 at 6 p.m. All ladies are invited to attend this supper. Reservations and further details may be obtained by phoning 475-8936.

From John W. Hobbs, Dayton, Ky.: I remember the walking Oliver Chilled two-horse turning plow that I began using about the year 1918 on our farm in Hardin County, Kentucky. This method of breaking the land for crop production at the probable rate of three or four acres per day was exceedingly slow compared with the tractor operated three or more gang plows of the present age. We usually plowed to a depth of about seven inches, cutting a furrow about twelve inches wide. With a good team the work was not too difficult, although the plow did on occasions hit an underlying stone or root causing the plow handle to kick me in the side with painful results. I used a team consisting of an old mare about my own age (at the time) which had been taught the "Gee" (right) and "Haw" (left) method of turn commands, along with a younger horse on the "off" side. The lead mare walked in the furrow and was controlled by a single rope line tied to the bridle reins. A "Gee" stick was attached to the lower harnes of the lead horse and to the bridle bit of the "off" horse causing it to be guided by the lead horse.

programs will take in that coming months. "To Live With Dignity," a film documenting a three-month project at the Ypsilanti State hospital which depicts the involvement of patients in social interrelations groups, crafts, exercise, music therapy and daily self-care, all at low cost and using volunteers with minimal training, will also be presented.

All present volunteer workers are requested to attend the program, as well as anyone not presently associated with it who is interested in such volunteer work.

## This Area Healthiest in World

Sound Good? It could be a reality — But will never be if you continue to poison yourself with drugs. All drugs, pushed or prescribed have side effects according to Dr. Bernard Detmar, M.D., Ph.D. They only offer relief of your symptoms, but do not correct the cause. That is why you are STILL SICK, you have just been covering up your problems.

Chiropractic gets to the cause of all disease by correcting the interference of Life Force between the brain and tissue cells. Then your body does the work and you get better. Nature needs no help — just no interference. Stop covering up your problems. Health is a natural thing.

### One Little Letter

In law, in business, in medicine, in normal day-to-day life, there is often a fine line between what is right and what is wrong. The difference caused by one misplaced decimal point can mean financial disaster for a company. The wrong dosage of medicine for a patient can have serious consequences. The interpretation of one word, or the misplacement of a comma, can change the entire meaning of a sentence.

For agriculture, a growing problem has been—in most people's image of the farming industry—the omission of a single letter. Compare the sentence, "Farming is big business," with the sentence, "Farming is a big business." The omission of the important letter "a" changes a true statement into one that is false. That one little letter changes the attitudes of people toward farmers and agriculture as a whole.

The great majority of the nation's farms are family farms. These are the families that are almost perpetually in debt for the land, equipment, and supplies—they need to produce the nation's food, and to make a living. It is a small business in the greatest tradition of American free enterprise. Farmers are engaged in agriculture to make a living as free, independent businessmen.

But farmers are also well aware of the economic facts of life. As agriculture, treated as Big Business, is brought under increasing restrictions and controls, the result can only be fewer farms and, as we have seen in the past few months, less food production. Farmers hope that the public will begin to think of agriculture as it really is—a vital segment of the small, independent businesses that make up a large part of our nation's economy.

Many rural—and urban—drivers are currently reminding consumers of this fact as they display bright orange bumper stickers that ask: "Could you live without farmers?"

**CAPTAIN DAVE BING**

The all-star guard, who has smashed virtually every Piston scoring and assist record, will be starting his eighth season with the Pistons this fall.  
"He's our leader," said Coach Ray Scott in announcing the re-appointment of Bing as captain.

**"GREAT WHITE WAY"**  
The first outdoor electric sign in the United States was erected in New York City in 1891, advertising Spencerian Pens. Within a decade, the area of Times Square and Broadway blazed with electric signs and was known as the "Great White Way."

The first football practice last Monday afternoon brought great relief to Coach Cameron. There were approximately 25 fellows out for practice in the last week, all of them showing improvement. Chelsea was badly in need of backfield men but with such men as Schneider, Policht, Walz, White and Holbrook, there is no more cause for worry.

Approximately 25 percent of the Chelsea High school graduating class of 1939 have completed arrangements to continue their studies in institutions of higher education. The University of Michigan claims the highest number of students: James Daniels, Stuart Dingle, John Fletcher, Howard Haselschwerdt, Betty Seitz and Archie Wilkinson. Chelsea is represented at Michigan State College by Marion Downer, Mary Jane Riker and Bud Rabley.

On and after March 1, 1940, all truck license plates will be taboo in Michigan. The familiar designations such as PDO, BOO, IOU and OUT will be missing from the highways, Harry F. Kelly, secretary of state, has decreed.

A major program of legislative information, based on a year-long preliminary study conducted under the leadership of Mrs. Alfred W. Coxon, is being initiated by the Washtenaw County Federation of Women's Clubs. Mrs. Coxon is Southeastern District President of the Michigan Federation of Women's Clubs.

"Lamps We Light" is the Washtenaw Federation's theme for this year. "The main thrust," explains Federation president Mrs. Kay Roesch, "is to shed the light of factual information and perspective on today's rapid-fire events."

Noting the dazzling speed with which federal, state, county and local governments are passing laws and ordinances critically affecting daily lives, officers and chairmen of the Federation agree that bona fide information for perceptive action is vital.

Upcoming legislation, therefore, will be the highlight of the program at the annual "President's Buffet" fall meeting of the Federation. Leaders of member clubs will gather at the Roesch residence, 620 W. Main St., Manchester, Monday, Sept. 17 at 12 noon.

### Estimated Income Tax Due Sept. 17

Detroit—If you filed an estimated tax return in 1973, you must pay the third installment of tax due by Sept. 17. Thomas A. Cardoza, district director of Internal Revenue said today.

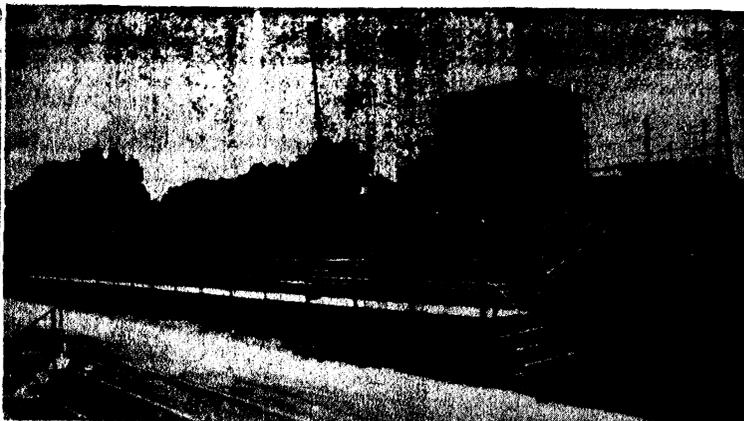

If you first met the requirement for filing an estimate after June 1, 1973 but before Sept. 2, 1973, you are required to file on Form 1040-ES and pay at least one-half of the tax by Sept. 17. You should file declaration-voucher number 3.

If your anticipated income during 1973 has changed, you may be required to amend your declaration, Cardoza stated.

Use the space provided on your estimated tax package to compute an amended estimate.

You may obtain detailed information on "Tax Withholding and Declaration of Estimated Tax," free from your IRS district office. Ask for IRS Publication 505.

## Chest Fund Helps Leader Dogs for Blind

One of the finest schools in Michigan has had more than 6,000 graduates but only half of them

"Church Night" is a very significant concept for many communities across the nation. It is no less important for our community of Chelsea where we have a fine high school and middle school program, along with a number of active churches.

It is very helpful to church and school leaders as well as others when community groups like 4-H, Scouts, Teen Center, and recreational and bowling leagues attempt to observe "Church Night." If school activities are kept to a minimum on Wednesdays, and other groups use other days for their activities, young people can contribute of their time and talent in church choirs, youth and instructional programs in their various churches.

The high school band calendar is a great help in cataloging community activities. If all groups in the community would seek to use the band calendar, we would have a natural "community calendar" that would work for the good of everyone in the community. In this way, youth and others would not be put in the unfortunate position of having to choose one or the other of two equally beneficial activities, and the spiritual needs of our youth people can be more effectively met.

Let's all co-operate! Leave Wednesdays late afternoon and evening for the churches, and ask the churches to announce and promote other youth activities throughout the week.

Warner H. Siebert.

One hour of farm labor in 1972 produced more than twice as much food as it did in 1957-59. During this same time, output per man-hour in non-farm work has increased 78 percent.

## What's Cooking In Michigan

By Larvestine Trimm  
Michigan Dept. of Agriculture Marketing Information Specialist  
Sweet corn is one of Michigan's most delicious late summer treats. Whether picking your own or buying corn at the supermarket, for best quality, you should refrigerate it as soon as possible, according to Michigan Department of Agriculture officials.

Corn left at room temperature quickly loses its natural sweetness and flavor because the sugars it contains are changed by enzymatic action into starches.

Look for fresh husks with a good green color when selecting sweet corn. Ears should be well-covered with bright plump yellow kernels.

You can do delightful things with sweet corn. Nothing tastes better than juicy succulent corn on the cob served hot with plenty of butter. For variation, though, you might try serving a chive and sour cream spread on a cheese spread with it. For a cheese spread, melt cup butter, then add 1/2 cup finely grated Michigan Cheddar cheese and 1 tablespoon chopped pimiento.

Make sweet corn and bacon hot cakes or crispy corn fritters for lunch or supper. Serve with Michigan maple syrup or honey.

For an economical meal, prepare a fresh corn and tuna casserole. Or, cook sweet corn and zucchini squash together for a tasty vegetable treat. Still more suggestions are corn stuffed tomatoes, corn and turkey salad, corn and okra, and scrumptious fried corn with green pepper strips.

Freeze fresh corn now for year-round enjoyment. For general use, corn may be cut off the cob, prepared according to a blanching chart for vegetables, which may be found in a good cookbook, and frozen in plastic freezer bags. Corn on the cob may be blanched and frozen in plastic bags, or wrapped individually in aluminum foil for convenience.

In 1972, the U. S. Department of Agriculture spent \$3.47 billion on programs for food distribution, food stamps, child nutrition and school milk. This was nearly one-third of the entire USDA budget.

**Elizabeth Belser Enrolling as Kalamazoo College Freshman**

When Elizabeth Belser, 216 Park St., arrives at Kalamazoo College next Thursday, she may seem "just another freshman," to some, but she won't be.

Elizabeth, a 1973 graduate of Chelsea High school, has been selected for the seventh annual edition of Who's Who Among American High School Students, a honor accorded to less than 2 percent of the junior and senior class students in the nation.

Chosen for this recognition are students whose leadership in academics, athletics, activities or community service has been perceived by the publishers as worthy of such an award.

While at CHS, Elizabeth was a member of the Varsity Debate Team, for which she received the Detroit Free Press Award for Debate. For the school musical she was co-chairman of the committee which designed and printed programs, and was responsible for the sale of tickets and ushering. She also aided in the fund-raising for the Senior Class trip to the Bahamas, which became notorious for its problems with the management of the now defunct Vacationer's International Agency of Ann Arbor.

Elizabeth, an A- student and National Honor Society member who graduated eighth in her class, has received the Kalamazoo Scholarship from Kalamazoo College, and the Michigan Competitive Scholarship from the State of Michigan.

She plans to major in history at Kalamazoo College and hopes to become a teacher after graduation.

Elizabeth is the daughter of Mr. and Mrs. Frederick Belser. She has two brothers and one sister: Curt, a graduate of the University of Michigan College of Engineering; Charles, who is presently living at home; and Jane, now a senior at Chelsea High school.

**Area Students Earn Degrees At Mich. State**

Three Chelsea area people are among the 2,408 students who have been certified as candidates for degrees at the close of the summer term at Michigan State University.

Dennis J. Stofer, of 237 Adams St., received his Bachelor of Arts degree in English and says that he "may sometime" return to a university to obtain his master's degree. At this point, however, he is toiling in his freedom from education for a few weeks until checking into the job market.

Stofer, a 1965 graduate of Chelsea High school, has also served four years in the Marine Corps, including one year of service in Vietnam.

A Bachelor of Science degree in Retailing of Clothing and Textile led to Miami, Fla., for Mary Katherine Powers, 1100 Clear Lake Rd. She left Aug. 31 to begin a training program to become a buyer for the Jordan Marsh Co. She is a 1969 graduate of Chelsea High school.

After a year and a half of commuting in the evenings from Chelsea to East Lansing, Orville Tompkins is "glad to be finished" with work on his Master of Arts degree in industrial education. Tompkins, an industrial arts teacher at Chelsea High school, finished his program in England this summer with a comparative education course that included an itinerary worthy of a pleasure trip while visiting all types of schools and attending lectures in the field by speakers from various countries.

**FORTUNE COOKIE**

I went into a Chinese restaurant and opened my fortune cookie. It said: "Soon you will meet a tall, dark woman. She will smile and you will give her money. It will be our cashier."

**Swedish Exchange Student Impressed With Highways**

When Per Gellstrom boarded his flight to the United States with other Youth for Understanding foreign exchange students, traveling the many miles from his Swedish homeland, he could feel quite secure that his new home wouldn't hold too many surprises for him.

First and foremost, he had the assurances of his sister and brother-in-law, both YFU exchange students several years ago, that he would indeed, enjoy his stay in this country.

Then, too, an American student from North Carolina had lived this past summer in Per's own home in Skurup, in southern Sweden. Per (pronounced "pear") thus had the opportunity to learn to know an American as a friend and person rather than just as a tourist.

Such was at least part of Per's state of mind when he arrived in Chelsea two and one-half weeks ago to become part of the Donald Kvarnberg family at 420 Wilkinson for the next year. Although Per admits to being "a little homesick," until the first letters came, he likes his new life in Chelsea, which is not unlike the small, hilly community in which he lives in Sweden.

Once settled, though, some new and different things came into his life, beginning at the cottage near Baldwin which the Kvarnbergs rented for a week's vacation, where he water-skied for the first time.

Then back in Chelsea, again, he attended the Chelsea Community Fair, where he attended the horse show, among other events. Per's avid interest in horsemanship was not excited by the show, however, since he "prefers English style and this was nearly all western." At home he has entered several competitions: "I won once, lost once, and was . . . disqualified once," he reports, searching for the English word.

School, too, presented some differences to him. In Sweden, grades one through nine are compulsory for all students, and then those who wish to prepare to attend a university go through three years at a gymnasium, which offers various "ways," or concentrations, for different students. Per's concentration is a government and language-centered field.

Not count for credit in Sweden, he is already certain that his year will be well-spent in Chelsea.

Scholastically, he finds the American school system offers much more choice in the selection of courses. At Chelsea High school, he will take biology, French, speech, United States history and government, social and current problems, and Shakespeare. In Sweden, however, he would have been able to choose only the language he wanted to learn.

But other than his course selection, Per's first impression, after a day of classes, was none too favorable. He prefers the freedom in Swedish schools that a student has, which includes the right to leave at lunch hour if desired.

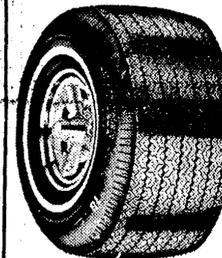

The school building itself was radically different from those in his homeland. "In Sweden," he says, "schoolrooms are painted many deep, bright colors, and more brick is used in buildings."

Transportation, too, is a basic change from Sweden. "In Sweden there are many trains. Here, I don't like it that I can't go to Ann Arbor without having a car." He seems to think, that Americans are almost obsessed with their cars: "But why do you have side-walks?" he says laughingly. "No one walks anywhere." And, although he is impressed with our expansive highway system and "huge" American cars; he looks wistfully at a visitor's Volkswagen and murmurs, ". . . a good car—Volkswagen, Volvo, and Saab—good cars . . ."

The everyday things in his new life he finds not much changed—food here is much the same as that in Sweden, although he notes that Americans eat more hamburger and Swedes eat more hot dogs. People, too, are friendly here as in his homeland. He agrees though, with the "tourist" image of traveling Americans that Europeans often note: "In a crowd of 100 people, you can pick out an American—flowered shirt and camera hanging around his neck . . ."

When Per, 17, returns to Sweden, he will have two more years of the gymnasium to finish before attempting to enter a university and study to be a veterinarian. Though his YFU

TODAY'S THOUGHT By LOUIS BURGHARDT Nationalistic leaders sometimes think of themselves as men of destiny. Throughout history, the world has suffered because of their flamboyant egotism, their exaggerated esteem of self-importance. Hitler and Mussolini are only two examples. Their belief in personal destiny doomed humanity to a senseless and futile carnage. It was their destiny to be damned in history by men. God determined their destiny in death.

Today, the world is taking sides, sometimes changing sides. And we again see leaders with unyielding ego, self esteemed destiny. Compare the calibre of these past and present leaders with Abe Lincoln. When things were going badly during the Civil War, he was told everything would come out alright because God was on his side. His quick response was, "Whether God is on my side is of little concern. It is far more important for me to be on HIS side."

Lincoln's only concern for personal destiny was a prayer for destination in Heaven. Present day leaders and followers need more of this sort of concern. . . . BURGHARDT FUNERAL HOME, 214 East Middle St., Chelsea, Mich. Phone 475-1551.

CARDS OF THANKS
THANK YOU
More than 400 people helped to make this year's Fair Kitchen a success.
While most of these people contributed pies, cakes, vegetables and other staples, many others donated one, two or more days of their time working in or for the kitchen during the hottest part of the year.
Hoping to be able to thank everyone who helped in making the kitchen a success personally I am especially appreciative for the continuing and tireless efforts of people like Sandy and Walt Zeeb of Chelsea Greenhouse, whose lovely flower arrangements on each table made the dining room such a cheerful place to step into out of the extreme heat outside. Luther Kusterer, and Gene Shoemaker for slicing meats and providing ice and always being sure that needed items for the kitchen were sent out promptly; Joe Merkle, for the use of slicer and deep fryer, providing staples when needed and especially for taking our meat and other refrigerated items to the Wolverine Bar to prevent spoilage when we lost our refrigerator at 1 a.m. Thursday and for getting someone out to repair it at that impossible hour. Thank you, Lakeside Refrigeration.
A special "thank you" to the chairmen of the organizations, Don and Theresa Wolf, Gerald Pannone, Eugene DuBiel, Sam Vogel and his Kay Club, Ball Club, Kay Heller, Arlene and Lloyd Grau, Jim Gaken and Larry Wackenhut for grill cooking when we needed them so badly, Harold and Martha Eiseaman for keeping the place so clean.
Thanks to the Girl Scouts and Mary Haas, Bella West and her friends and all the other young people who helped clean tables.
A special "thank you" to those who gave their labor on Friday and Saturday. Unlike other years before we were left the two busiest days without group organizations to help. Thanks to Ruth Leach, Melva French and Wanda Schiller for all your contacts making Friday and Saturday possible.
Thanks to Carol Orday and his lovely wife for soliciting and grinding cabbage for slaw and the delicious slaw dressing s h e made for all our slaw. Thanks also to DeVulder Marshes for cabbage and DuRussell Bros. for potatoes, to Jiffy Mix for donations of baking supplies, Joe Merkle, Sr., for the tomatoes and his crew did on the cash register.
But most of all—a special "thank you" to John Welnitz and to Earl Heller for being such a wonderful Fair co-ordinator to work with, and to Carl Heller thanks for your help and we're sorry about the error in the paper.
The Fair Kitchen had more than its share of unexpected problems, but just being a part of such a generous outpouring of community spirit makes us proud to have been a part of the Fair and to be a resident of Chelsea. Thank you everyone!

The feature Sarah Klein likes most about her new Gas dryer doesn't even use Gas.

In fact, it helps her conserve Gas. It's her permanent press cycle. Ten minutes of nothing but fresh, fluffing air on her permanent press clothes—to keep the wrinkles from setting in. This saves Sarah all kinds of ironing, all kinds of Gas, and all kinds of money. No wonder it's her favorite feature. But there's much more to appreciate in today's modern Gas dryers. Improved insulation and more precise controls mean even less fuel consumed, and even more money saved. And a Gas dryer operates for about one-fourth the cost of operating an electric one.

So, when you think about replacing your old dryer, think about a new Gas dryer with the permanent press cycle and other money-saving features. Various size models are now on display, at Gas appliance dealers and Michigan Consolidated Gas Company showrooms.

And, whether you purchase a new dryer or use your present one, here are a few good tips for increasing its operating efficiency: (1) Keep the dryer's lint filter clean. (2) Avoid overdrying your clothing. (3) Keep the dryer's flue clear of lint accumulations. (4) Don't forget to follow the manufacturer's proper operating instructions.

## ASK THE GOVERNOR

by William G. Sullivan

Question: I have read that the bill for Vietnam veterans is being considered again. What is your position on that issue?

Answer: I believe that Michigan's returning Vietnam veterans deserve the full measure of our gratitude and respect, and all the help we can provide them in making a swift and successful transition to civilian life. I regret that Michigan voters last November rejected a bonus program for Vietnam veterans, and I support the current efforts to again place the question of a veteran's bonus before the state's voters at a future date. Additionally, I believe that Michigan needs to recognize its obligation to provide jobs and employment opportunities for each of our returning veterans.

I have asked officials with the Michigan Veterans Trust Fund and members of my staff to investigate ways in which the state could assist in linking veterans with available employment opportunities throughout the state. It has already become evident that the transition from military to civilian life will not be an easy one for many of our returning veterans. Unemployment among 20- to 29-year-old veterans is high, and among 30- to 34-year-old veterans, the problem is particularly acute. I am hopeful that we can identify and implement a program which will be of real assistance to the many Vietnam-era veterans who now find themselves jobless.

Question: What can be done to assure that we will find out what happened to American servicemen still missing in Vietnam? We can't forget them.

Answer: More than 20,000 Michigan citizens, through letters and postcards, have expressed concern to me over the fate of Michi-

FROM VIMMERBY, SWEDEN, came the guests of Ole Johnson, 510 Chandler, right, Johnson's nephew, Goran Brorsson, and his sister, Ester, whom he had not seen since 1956, have spent the past two weeks with him.

## Swedish Relatives Visiting Here

It's been 17 years since Mr. and Mrs. Ole Johnson of 540 Chandler journeyed to Sweden to visit the relatives Johnson left behind when he immigrated to the United States in 1927. But for the past two weeks, a bit of his Swedish heritage, in the person of his sister and nephew, Ester and Goran Brorsson, has come to Chelsea.

Vimmerby, a small farming community about 300 kilometers (480 miles) from Stockholm, came to this country as members of a 39-person pleasure tour that originated in Göteborg, stopped briefly in Oslo, and arrived in New York City. There, the Brorssons enjoyed guided tours of sites along the East Coast and surrounding areas, including the city of New

York, Niagara Falls, and the White House.

At that point the rest of the tour members traveled to Chicago and then westward to California, including a scheduled outing to Disneyland. The Brorssons, however, elected to spend the remainder of their time in the United States with their relatives in Chelsea.

Since arriving here, they have stayed with the Johnsons, who have attempted to introduce their guests to the everyday life around their area. A visit to the Chelsea Milling Co. proved interesting to the Brorssons, as have visits to the typically American phenomenon, large department stores and shopping centers. Johnson has also planned an excursion to northern Michigan to familiarize his sister and nephew with that scenic area.

Johnson admits that he sometimes has difficulty with his Swedish, and since his guests speak no English, some difficulty in communication occasionally arises. He is certain, however, that they have enjoyed this, their first visit to the United States. They will return to their homeland on Sept. 16, hopefully with fond and interesting memories of their relatives and new friends in Chelsea.

### North Sharon Church Will Honor Students, Teachers Sunday

Back-to-School Day is set aside next Sunday, Sept. 16, to honor area students and teachers at North Sharon Bible church.

All students are requested to invite their teachers to Sunday school at 10 a.m. and church at 11 a.m. Each student and each teacher will receive a special gift from the church. All present or retired school teachers are especially welcome.

The church is located at Sylvan and Washburne Rds., between Chelsea and Manchester. Bus transportation is available by calling 428-7222.

### ENERGETIC

Have you heard about the energetic mother who arranged a match for her daughter? Now she spends most of her time refereeing it!

The price of almost everything the consumer buys has gone up faster than the cost of food. While food costs have increased 47 percent since 1952, the average worker has enjoyed pay raises of more than 140 percent. During this same period, the cost of medical care has gone up 123 percent and housing now costs 64 percent more.

# New Teachers Join Faculties

Three new faces at North Elementary school and one at Beach Middle were among Chelsea school district teachers when doors opened for the fall term last week.

Miss Laurie Sanders, who will be instructing third graders at North, graduated from the University of Michigan with a Bachelor of Arts degree in psychology and a major in elementary education. Her hometown is Port Huron, although she will be living for the coming months in Ann Arbor.

From Grand Blanc, by way of the University of Michigan, comes Mrs. Judith Pietila, who will make her home in Ann Arbor while teaching fourth grade at North Elementary. Her Bachelor's degree is in education, with a major in elementary education.

Artistically serving the needs of both North and South elementary will be Mrs. Mary Coulam, new art teacher. She graduated cum laude from the University of Michigan with a Bachelor of Fine Arts degree in art education, painting and design.

New fifth grader instructor at Beach Middle, Mrs. Arlene Clark, comes to this district from Livonia, where she has taught third, fourth, and fifth grades. She has also handled remedial reading in the Livonia school district. Her Bachelor of Arts degree in education is from Western Michigan University in Kalamazoo.
