## Hospital Fund Set To Further Development

A \$1.2 million funding campaign for Chelsea Community Hospital will begin in six months, the governing board of the hospital announced today.

Paul E. Mann, chairman of the 12-member citizen board which controls the hospital, said the fund drive announcement is the first step of an informational project which will precede the fund effort.

"We want to lay out before the people and the communities which we serve our hopes, needs, and plans for the future of this valuable, and, in some ways, unique institution," Mann said.

The 110-bed hospital was built in 1970 by a real estate holding group which owned it until January of 1973, when it was purchased by the Board of Governors. The Board has operated the institution since the purchase by means of patient revenues.

"A privately owned hospital is simply not in the cards to function among the complex network of federal, state, and other agen-

cies, which have such a great deal of control over the functioning of health care facilities," Mann said, explaining the need for a shift in control of the institution.

"To adequately serve a community, a hospital must be owned by the community. We have taken the important first steps to make this a reality. We believe it now is time to put our case before the people we serve and ask them to participate," he concluded.

The community funding to be sought through corporate and individual contributions will be used to retire debt, provide working capital, finance expansion, and help furnish the new ambulatory care and surgical unit presently in its final stages of construction and scheduled to open in the spring.

In addition to an outpatient surgery and emergency suite, the new structure will house an entirely new radiology service and a coronary care unit for recovery of heart attack patients.

The hospital, which shares grounds and a number of services of mutual benefit, such as laboratories, with Chelsea Medical Clinic, Ltd., is with the clinic known as the Chelsea Medical Center. Patients come from a number of nearby communities, including Dexter, Manchester, Stockbridge, and Grass Lake, and also from large communities more distant, like Ypsilanti, Ann Arbor, and Jackson.

"We want to continue to provide high-quality medical care on the doorstep of the families which need it rather than forcing them to rely on the increasingly distant and sometimes unavailable services of a large care community," Mann said.

Richard Hinds, hospital administrator, mentions a number of services and accomplishments achieved within the past year under the direction of the citizens board of the hospital, which are aiding in this doorstep health coverage. He mentioned Blue Cross to meet full inpatient costs, full accreditation by the Joint Commission on Hospital Accreditation, and affiliation agreements with St. Joseph Mercy Hospital, Chelsea Methodist Home and University of Michigan Hospital.

To direct the information campaign preceding the funding drive, the board has appointed Joseph Owsley of Dexter as its public information officer. Owsley is assistant director of health sciences relations for the University of Michigan.

## W. Lounsbury Family Hit By Double Trouble

It's pretty doubtful that this week will rate really highly on the all-time favorite list of William Lounsbury and his family.

Last Wednesday, while Lounsbury and his wife, Joy, shopped in Jolly's Market, Mrs. Lounsbury's blue brushed leather purse was stolen from a seat of their car, which was parked at the north side of the building.

The purse contained two \$5 bills, some change, and a multi-colored wallet that held, in addition to personal identification materials, a Montgomery Ward charge plate.

In addition, some 10 to 15 miscellaneous tapes, valued at approximately \$40, were taken from the car, which was unlocked while the Lounsburies were shopping.

The couple said that an unidentified pick-up was parked next to their car when they entered the store, but was gone when they returned. Make or color of the pick-up was unknown.

That was hardly the last of their troubles, however. On Saturday, misfortune struck again, although the family wasn't aware of it until after the fact.

A trio of "hunter-type people," according to Sgt. Schneider of the Washtenaw County Sheriff's Department, discovered a 1973 Mustang Mach 1 burning on McClure Rd. near the trout pond at approximately 5 a.m. and alerted Chelsea Police.

A fire engine was called to extinguish the blaze, but the Sheriff's Department rated the car "completely destroyed." The car, it turned out, was Lounsbury's. When contacted by deputies, he had not yet realized it was even gone. He said that he had parked it in his driveway at midnight the night before.

BACK SCRATCHERS GALORE are the products of Vo-Co, one of Chelsea High school's two Junior Achievement mini-corporations. Vo-Co, sponsored by Dana Corp., has as advisors Margaret Tobin, Levi Ludtke, and Ken Kuzon. Gathered around the products

they produce and market are Diane Roy, Betsy Schaeffer, Timmy Lorenz, Neil Cockerline, Donald Hall, Larry Hafner, Joyce Liebeck, and Kim Miles.

MINI CORP. MEMBERS have created wooden address or name plaques for their production and marketing project as a Junior Achievement mini-corporation. The plaques and back-scratchers were both on display Tuesday evening at the Junior Achievement open house in observance of Junior Achievement Week. Pictured above with their finished products are, front row, from left, Gregg

Burg, Pete Pitzon, Bert Leonard, Scott Agen, Kirk Steinaway, and John Gonyon. In back, from left, are Anthony William, Bob Fischer, Pat Leonard, Becky Russell, Linda Trevino, Sue Tompkins, Mark Houle, and Mike Seyfried. Advisors for the group, which is sponsored by Chrysler Proving Grounds, are Richard Kaiser, Robert Cheeseman, Dan Pasquantonio, and John Bembel.

## Advances in U.S. Science Talent Search

Local science whiz David Klemmer, Chelsea High school senior, has been included in the honors group of the 33rd annual Science Talent Search, the nation's top science competition.

From the total of 1,104 entrants in the competition, 300 were chosen for the honor group. That honor group will be pared to 40 budding winners of the Talent Search will scientists by Feb. 6, when the top be announced.

The winners will be invited to Washington, D.C., for the five-day Science Talent Institute, planned for March 13-18. During this stay in the Nation's Capital the 40 will be judged for \$67,500 in Westinghouse Science Scholarship and Awards.

David's entry in the Talent Search was his "Data Storage and Retrieval, Using a Holographic Memory," which he entered in last year's international Science Fair, and for which he received international awards.

In both his sophomore and junior years at Chelsea High school, David has entered award-winning exhibits in the Southeastern Michigan Science Fairs, for which he received second and first-place ratings.

Holography, the subject of David's study, can be roughly defined as three-dimensional laser photography.

## Fishing Derby Slated By Legion Post

Two days of fishing and playing cards is planned for this Saturday and Sunday, Feb. 2-3, by Chelsea American Legion, Herbert J. McKune Post No. 31.

The fishing derby will begin Saturday at 8 a.m. and continue until Sunday at 4 p.m. Prizes for the largest fish in each category will be awarded.

Breakfast will be served for participants on both Saturday and Sunday, from 8 a.m. to 11 a.m., and refreshments will be available from the open kitchen for the rest of the day. Card playing for fun is scheduled at the participants' leisure.

The Chelsea American Legion Post is located at 1700 Ridge Rd., Cavanaugh Lake.

## Wrestlers Stop Dexter, 42-9, In Title Race

In a match that was expected to be some battle of the giants—two undefeated teams wrangling out first place between them—Dexter came out looking decidedly much like a next to still-undefeated Chelsea. Final score in the contest saw Bulldog matmen far in front, 42-9.

"All in all it was a fine night for Chelsea wrestlers," said Coach Richard Bareis, in what must be the understatement of the week. "Our wrestlers were ready to go, and they completely dominated Dexter, something that has rarely been done."

Chelsea's wrestlers began with a decision win at 93 pounds. At 105 pounds, Nick Keiser scored a close 3-2 decision. Dale Schoenberg, wrestling at 112 pounds, lost a fine wrestling effort to Mike Klapperich, 6-2.

Co-captain John Beeman then scored a pin win at 119 pounds. Mike Agopian at 126 pounds scored an 8-3 victory over one of Dexter's better wrestlers, Jon Stone. At 132 pounds, co-captain Dale Postner scored a pin win. Doug Reed then came through with a last second escape to earn a 1-1 draw at 133 pounds.

At 145 pounds Darryl West scored a superior decision victory, 15-0. Dennis Bauer continued the rout with a 4-1 decision. Tim Reed scored a pin win at 167 pounds. At 185 pounds, Ken Keiser wrestled a strong match, but lost to Dexter's Trinkle, 13-3. Rex Miles finished the scoring with a pin win at heavy weight.

In junior varsity competition, Chelsea also clobbered the Drexel matmen, 38-9.

Results in junior varsity matches were: Rick Haller, won, pin; Steve Klink, lost, pin; Brian McGibney, lost, decision; Dave Clouse, won, decision; Bob Sawyer, won, pin; Dave Keiser, won, pin; Mark Pennington, won, decision; George Menge, won, decision; Joe Branham, won, decision; Eric Prinzing, won, pin.

## School Children Should Wear Lighter Clothing

Children walking to school down Mayer Dr., off Freer Rd., are extremely difficult for bus drivers to see in morning darkness, Chelsea School District bus supervisors Ralph Brier says.

"The kids are wearing dark clothing and our drivers are complaining that they can't see them in the morning," Brier reported. "Parents should have them wear lighter clothing, or something, so we can see them."

Brier said the drivers who cover this route are the only ones who have thus far mentioned being unable to see children in the morning.

## Book Fair Next Week at Beach School

Since it seems that the all-too-early spring weather of last week has taken its leave of us already, it may be time to snuggle up for a long winter's nap.

If that's impossible, maybe it's just time to snuggle up (fortified by long underwear and blankets in these 63 degree households) with a good book.

For those so inclined, Beach Middle school librarian Mrs. Jane Lehmann is planning a book fair next week in the instructional material center (library) at Beach. She says more than 300 titles will be displayed in all, including the latest best-sellers for youngsters and a sampling of recent books for adults.

The fair, scheduled for Feb. 6, 7, and 8, will be open during the school day for children, and will remain open in the evening, from 7 to 9 p.m., on Thursday, Feb. 7. Books will be ordered from those on display at the fair and delivered the following week. Payment will be required when placing orders. Most of the books, Mrs. Lehmann notes, are priced at less than \$1.

## Mothers March Total Hits \$1,073

Although the official March of Dimes month ends today, no one would know that from the flurry of activity in MOD camps these days.

With Mothers March, peanut sales, and the WNRS radio auction all history, it seems that things should be slowing down. Not so.

On the calendar for the coming week are sales of "Go MOD"—March of Dimes—buttons, the March of Dimes fashion show at Ann Arbor's Downtown Ramada Inn, and a benefit dance at the Fair Service Center.

Friday night volunteers will be displaying the hot little "Go MOD" buttons at the Chelsea-Novis basketball games.

Saturday afternoon, for those more inclined to fashion than sports, the March of Dimes Fashion Show at the Downtown Ramada Inn will present fashion by Jacobson's and modeled by local women.

Theme for the fashion show is "My Fair Lady," and will feature as guest speaker Ann Fogarty, New York fashion designer. Charlie Sanders of the Detroit Lions will also be in attendance, although pre-show publicity does not reveal his role in fashion.

The afternoon will begin with cocktails at noon, with luncheon and fashion show immediately following at 12:30.

The MOD benefit dance is scheduled for next Saturday, Feb. 9, in the Fair Service Center. Further details will be available in next week's issue of The Standard.

In activities now finished, heading the list of successes is the Mothers March of the village which raised a rousing total of \$1,073 for the campaign to prevent birth defects, which is an astounding \$300 more than the previous high total.

Mothers March chairman Lynn Popovich expressed pleasure with the large amount raised by the canvassers. "We'd like to thank all the people who contributed, and I thank all the marchers who did

## High Scoring Cagers Down Lincoln, 92-69

Things are looking up in Bulldogland, to say the least—in fact, almost up to 100 points.

With their hot 92-69 defeat of Lincoln last Friday, the Bulldogs moved into a tie for third place in the Southeastern Conference with South Lyon, who fell to undefeated league-leader Saline.

The second half of the season has thus begun a good deal more auspiciously than the first.

"This was probably our best game all season," declared an enthusiastic Coach Tom Balistrere. "The boys really handled Lincoln's pressure very well, and were extremely poised throughout the game."

The Bulldog attack never really wavered, as Chelsea tallied 24 points in the first quarter; 22 in the second; 19 in the third and a big 27 in the final period.

Consistency appeared to be the name of the local game, as the Bulldogs were hitting for 52 percent of their floor shots at the half, when they led the Railsplitters, 46-39, and retained that percentage for the entire game.

In free throws the squad was even more effective, hitting for a high-flying 73 percent.

Four Bulldog players scored in double figures, led by Rick Miller with 23 points. Rick Sweeney added 18; Tim Treado, 14; and Dave Alson, 12.

Other scorers included Randy Musbach with seven, Gary Womers with six, John Houle and Ron Kiel with four, and Paul Wood and Jeff Sprague with two.

Sweeney paced the rebounding effort with 11, followed closely by Miller with 10 and Treado with eight.

Rick Miller was recognized by the coach for his "fine team game," in which he chalked up a percentage of 53 from the floor and 87 from the free throw line. Balistrere rated this "one of Miller's best games."

Rick Sweeney came off the bench and did some amazing things for the Bulldog squad, shooting 90 percent (nine for ten) and leading the team in rebounds. His performance has earned him a spot in the starting line-up in Friday night's game against Novi.

Tim Treado, Coach Balistrere said, "played his usual good game and was instrumental in the team's win."

John Houle was also cited for his "outstanding game" by the coach. He handled five assists, managed five steals, and chalked up a 67 percent free throw total. "Houle played good ball and handled the pressure of the game very well," stated Coach Balistrere.

Tomorrow night's opponent, Novi, has yet to win a game this season.

## Transportation Cited As Need for Elderly

Mrs. Eva Carpenter, who is gradually making her way through the telephone book to determine the need for a telephone reassurance program to reach shut-in members of the community, has found that transportation seems to be a major concern of senior citizens in particular.

Mrs. Linda Ormsby, director of Chelsea Social Service, reports that Mrs. Carpenter has found four or five people out of her first 40 calls who have expressed a need for transportation to medical facilities or to businesses.

One local man, a retiree himself, has signed up to work as a volunteer through Retired Senior Volunteer Program (RSVP) and will be working through Chelsea Social Service, transporting senior citizens around the community.

Those in need of this service should contact either Mrs. Ormsby at the Social Service office in the Municipal Building (475-1581) or at home, or Mrs. Carpenter at her home.

In addition to discovering the need for transportation, Mrs. Carpenter, who presently is somewhere in the B's of the phone book, reports that although no people have turned up who need daily telephone reassurance, a number have expressed an interest in it, were they to be confined to their homes.

## JV Wrestling Tournament Set for Feb. 9

Chelsea High school will host a junior varsity wrestling tournament, to include most Southeastern Conference squads, on Saturday, Feb. 9.

The event will be an open tournament, allowing each team to enter two wrestlers per weight class, and will begin at 9:15 a.m., running continuously through the finals until approximately 5 p.m. The match is open to junior varsity wrestlers who have wrestled varsity no more than four times.

"The value of this type of tournament," said Coach Richard Bareis, "is that it gives young wrestlers something to work for at the end of the season. This tournament (Continued on page eight)

## James Liebeck Elected President Of United Way

Board members and officers for the coming year were elected at the annual meeting of Chelsea United Way on Jan. 16.

Seven new board members were elected for three-year terms: Earl Klemmer, Gervy Dresselhouse, Norman Farley, Sharon Hodgson, Jerry Ruge, Brenda Larson, and Sue Wood.

Officers for the year are president, James Liebeck; vice-president, Robert Kozma; treasurer, Norma Popovich; secretary, Earl Gaiser.

# Uncle Lew from Lima Says:

## DEAR MISTER EDITOR:

The feller that runs the country store has worked out a energy crisis system he calls BYOW. He explained to the fellers Saturday night at means bring your own wood, and that's what he wants us to do. He said he got the idea from reading in one of the magazines put out by the oil company he does business with.

Since he has a old wood heater in the back of the store; and a oil heater close to the front where the paying customers are, he said he figured he was on a "interruptible" oil rate. This means if a customer has two ways of heating, he can be interrupted with one and switch to the other. So far, the store feller said, he ain't been interrupted by the oil people, but he

wants to lay by some wood just in case.

It's strange, Mister Editor, how the shortage of gasoline and heating oil can change your life. We fellers used to think nothing of getting in our pickups and driving separate to the store. Now we work out a pickup pool, where three or four of us ride together. It's going to be more than strange if it gets to the place we have to walk.

Actual, I look for some of the old songs to come back. There was one, I recall, about a feller "walking in a baby back home." That ain't had no public understanding amongst young folks for the past generation. A boy without a car was a boy without a girl. But I see by the papers where in cities that is having no-driving. Sundays people are getting out and finding they enjoy walking. It may be that we'll even start talking to one another on the streets. For so long we took pedestrian to mean a person going to or from his car and it's hard to think of a feller walking as actual going somewhere.

Ed Doolittle was thinking along the same line Saturday night. He said he had saw where this country was shipping wrecked cars to Hungary, where they use the spare parts to keep their cars going. Ed said that looked like a good deal to last. We got paid for getting rid of junkyards. Now with gasoline running out, nobody won't need to fix the cars, and there will be a junkyard in ever driveway.

Practical speaking, Mister Editor, this country runs on hope. With a public and private debt in the hundreds of trillions, and monthly payments running more than we make, we got to believe in the future. This is the same human nature that causes a fisherman that gets one nibble to set in the hot sun all day. Even as we hear how bad the shortages are, we get a feeling that everything will work out.

Personal, I was talking to my old lady about the general shortage situation and blaming the politicians. She said I was barking up the wrong tree. She said the politicians are all right, what we need is a better class of consumers.

Yours truly,

Uncle Lew.

## Two Dexter Area Students Post All-A Records

Two Dexter area college students attained 4.0 grade averages during the fall term.

Jean R. Guterman, a senior in the agricultural program at Michigan State University, East Lansing, earned all A's for the term. She attended Eastern Michigan University, Ypsilanti, before transferring to MSU.

John M. Skjaerlund of Strawberry Lake Rd., a veterinary medicine student at MSU also earned a 4.0.

## MICHIGAN MIRROR

By Elmer E. White, Secretary, Michigan Press Association

### Exports Aid Us

With food prices ever moving higher, how come Michigan still seeks foreign markets in which to sell its agricultural products?

Seems logical to keep the products here at home, doesn't it? Not to those who are working for expanded foreign purchases, it doesn't. B. Dale Ball, director of the Michigan Department of Agricultural Exports, even though it's sometimes a little difficult for people to see any direct benefits.

In a department publication, the director declared that exports will mean cheaper food "in the long run" because they allow farmers to produce more food more efficiently, "resulting in per unit cost reductions." Exports, Ball said, also:

—Provide jobs in non-farm area such as processing and transportation.

—Mean farmers get increased income from selling their goods in the marketplace rather than from government payments.

### School State Aid Funds Due Feb. 1

Senator Gilbert E. Bursley (R-Ann Arbor), chairman of the Senate Education Committee, announced last week the amount of state aid payments that area school districts are scheduled to receive Feb. 1.

The Ann Arbor City School District receives the largest amount, \$163,320; followed by the Chelsea School District, \$134,360; Dexter Community School District, \$38,670; and Manchester Public School District, \$37,390.

Payments are sent to districts every two months and are thus adjusted to represent approximately one-sixth of a district's annual state aid total.

Hearing specialists report that noise pollution has become so integral a part of our environment that governmental noise studies systematically identify and describe such noise induced disorders as "decibel fatigue," "noise syndrome" and "sociocists"—loss of hearing due to the environment around us.

"Perhaps the most important reason why agricultural exports are necessary to Michigan is for insurance of an adequate food supply as our population expands," Ball said.

"We must provide markets now if farming is to remain profitable enough so farmers will still be in business when our children and grandchildren need increased food production in the years ahead."

Meanwhile it's reported that more than 34,000 acres of Michigan farmland are converted each year from crops to some other use.

State, Sen Harry DeMaso, the Battle Creek Republican who heads the Senate Taxation Committee, suggests that a bill now facing public hearings would help stem the switch from farmlands. The bill would offer property tax relief to those farmers willing to declare their land would not be developed for other uses for a period of ten years.

There's some question about Gov. Milliken's outstate image.

Do voters outside metropolitan areas think the governor's too involved with the problems of "the cities"? One Republican House leader says that's the case. "I don't think the governor could carry my (west Michigan) House district right now," the lawmaker said recently.

Milliken's people, of course, say otherwise. "All the soundings we take indicate the governor is strong outstate," comes the reply from the Executive office.

### Counting the Jobless

A most unfortunate sidelight of the energy crunch—as if that weren't bad enough by itself—is Michigan's employment picture. It's getting bleaker; and is expected to keep on in that direction for a while.

The state unemployment rate was slightly over 6 percent for December, about the same as December, 1972.

But S. Martin Taylor, director of the Michigan Employment Security Commission, has expressed fears the total will reach 12 percent sometime later this year.

The zoom in unemployment comes particularly in the auto industry at this point. Some 22,000 workers were laid off indefinitely by the Big Three automakers. And another 40,000-plus have experienced temporary lay-offs.

### Mirror, Mirror...

There's some question about Gov. Milliken's outstate image.

Do voters outside metropolitan areas think the governor's too involved with the problems of "the cities"? One Republican House leader says that's the case. "I don't think the governor could carry my (west Michigan) House district right now," the lawmaker said recently.

Thursday, Feb. 1, 1940—

The farm home of Mr. and Mrs. Harold D. Golds, on Chelsea-Dexter Rd., five miles east of Chelsea, burned to the ground Monday afternoon. It is believed that the blaze began around a brick chimney in an apartment at the rear of the house. Golds had only purchased the home this past summer and had remodeled it recently.

Mr. and Mrs. G. F. Gross celebrated their 80th wedding anniversary last Saturday at home with their children in Lima. Mrs. Gross is 82; Mr. Gross, 82.

After a defeat by the Dundee team last Friday, Chelsea came back Tuesday night to gain a romping victory over the Milan team, 33-22. Andy Policht and Paul Schneider led in points for the Bulldogs, with 12 and 10, respectively. A total of \$91.31 was collected locally by the committee in charge of the infantile paralysis "March of Dimes" drive, in addition to the money sent directly to Washington in the President's birthday cards. Fenn was among the first group to be registered when the Pharmacy act was passed in 1885, and had already been employed as a pharmacist

## "I REMEMBER"

From Mrs. Frank Drobish, New Preston, Conn.: I remember mother baking bread in a large range. She had nine children. The baked bread was brushed with butter as soon as it left the oven. By that time, she had pies ready, placing them in 15" medium blue enameled pans.

Three barrels of apples and potatoes were stored for winter in the cellar—plus a barrel of sauerkraut. Our unpainted chairs and kitchen table were scrubbed with hot soap suds each Saturday before the floor got the same treatment.

Papa, as we called him, played his violin after supper while we danced around and mother sang. My doll was stuffed with excelsior—the hands, feet, head and shoulders were of china, with painted features and hair.

A kerosene lamp hung high on the kitchen wall, inside a wrought iron container. A tin plate behind the lamp served to focus the light on the stove, while cooking, on the table while eating—or it could be swiveled around to light the pantry.

### HOSPITALS INCREASE

The recent dedication of the Audie L. Murphy Memorial Veterans' hospital in San Antonio, Tex., brings the number of VA hospitals to 170. Three additional new hospitals are on the drawing boards. VA has opened 81 new hospitals and, with additions to existing facilities, a total of more than 60,000 hospital beds in new construction since the agency began building its new generation of hospitals in 1947. Seven new VA hospitals have been opened in the past five years. The first VA-designed nursing home opened this year at Bay Pines, Fla. Preliminary design is well underway for new hospitals in the Bronx, N. Y., and Los Angeles and Loma Linda, Calif. In addition, a new hospital building is being planned for Columbia, S.C.

## \*a NEW ROOM for Thomas Matthew

Ann Arbor Federal Savings will help convert or add a room with a Home Improvement Loan. Your monthly payments can be set pretty much to meet your financial requirements. To decorate that nursery, you can borrow \$600.00 and take twelve months to repay, or if you need a larger amount, borrow up to \$5,000.00 and take up to sixty months to repay. There is no down payment and your home need not be paid for. Our Home Improvement Rates have dropped, so now is a good time to get started.

\*APPROX. COST FOR MATT'S NEW ROOM, \$39.75/PER MO FOR 12 MOS. Based on a loan of \$448.00 for carpeting and decorating. Total payments equal \$477.00 (annual percentage rate 12.68%).

## Wrestlers of the Week

DALE SCHOENBERG (left) is a sophomore who has been wrestling for two years. Outside of wrestling, Dale seems to be cruising through his high school years, enjoying rock music, talking, and "I party quite a bit." He is, as yet, uncertain about his future after high school. He is the son of Mr. and Mrs. Donald Schoenberg, and has two brothers, Dean and Doug.

DENNIS BAUER is a second-year wrestler who weighs in at 155 pounds. A sophomore, he has also competed in football and track for the Bulldogs. Dennis predicts that Chelsea wrestlers will "for sure take the conference." He is the son of Mr. and Mrs. Norman Bauer, and has one brother, Bart, and a sister, Gayla.

## Fertilizer Shortage Will Continue

Lifting Phase IV price controls won't bring a quick end to the fertilizer shortage for U.S. farmers, says Eugene Doll, extension soil scientist at Michigan State University.

The complicated fertilizer picture, according to Doll, has included a strong foreign demand and price differential for fertilizer, due to the Phase IV controls and devaluation of the dollar which had discounted U.S. fertilizers about 20 percent to many countries.

"Manufacturers have delivery commitments to foreign buyers and must honor them," says Doll, "despite the higher domestic prices allowed now by the lifting of controls."

"Higher prices here will eventually alleviate the situation to U.S. farmers, but not much, by this coming winter or spring," Doll adds.

The shortage problem is compounded by the natural gas shortage.

As Doll explains, natural gas and gaseous petroleum by-products are basic elements in the production of ammonia, the most important nitrogen fertilizer product. Hydrogen from the gas combines with nitrogen to form ammonia. Gas is also the energy source for the process.

Doll recommends the following measures to make the best use of limited fertilizer supplies:

1) Test your soil to determine exactly what fertilizers are needed. Don't try to buy or use more than you need.

2) Use barnyard manure and crop residues on crops which show maximum benefit. Then adjust your fertilizer application to account for nutrient elements added in manure and crop residues.

For example, Doll says, apply 10 tons of manure on good alfalfa sod, plow down, and you will produce enough nitrogen for 120 to 150 bushels of corn per acre.

3) Plan your fertilizer program in advance. Order fertilizer now. In some cases, you may want to take full delivery whenever fertilizer is available.

"The sooner a farmer plans his cropping program and orders his fertilizer, the better chance he has of beating the shortage," Doll concludes.

## Share-the-Fun Talent Workshop Scheduled

Develop your talent in areas such as dramatic novelty, voice, music and dance. The Performing Arts Committee of the Washtenaw County 4-H Youth Program will conduct a workshop on Saturday, Feb. 16. Time of the clinic is 9:30 a.m. to 12 noon at Calvary Methodist church, 1415 Miller, Ann Arbor.

All members, parents, and leaders are welcome. Evelyn Machelt, state music consultant, will conduct a portion of the workshop. For further information contact the 4-H office at 663-7511, ext. 227.

Nothing is as forlorn looking as a husband trailing behind his wife one shopping spree.

The truth is we don't have that much to cry about. Our country has never been and never will be perfect. We had a violent birth and have lived from crisis to crisis ever since. In this process of growing up, we invented a way of life that is the envy of the rest of the world. We cannot move to a better place, because there is none.

If Watergate has proved anything, it is that our political system really works. When corruption raises its ugly head, we bring it out in the open and expose it to public view. We may lose some political heroes in the process; but we remove the tumor from the body politic and go on about our business.

The rest of the world would settle for our problems in a minute. We may not be at the peak of our form for the present, but we are not falling apart either. We have a lot to do, and no time for the crying towels.

## Stoney Ridge Riders Earn Ribbons at Interschooling Show

Chelsea area riders accounted for a multitude of ribbons in the first of three winter interschooling shows held Sunday, Jan. 20, for Stoney Ridge riders.

Heading the list were Kate Donkin, who was named junior grand champion, and Mrs. Emily Kitchen, who was honored as senior reserve grand champion.

Michelle Blanchard received a second place in advanced horsemanship II and a fourth in junior hunter under saddle, on Speak Easy.

Mary Beth Blanchard received two firsts, in beginning horsemanship over fences and intermediate horsemanship I.

Andrea Behrman placed first in advanced horsemanship over fences, third in advanced horsemanship II, and fifth in junior hunter under saddle, on Paper Moon.

Michael Behrman was good for a first in junior working hunter, a second in junior hunter under saddle, a third in junior jumper, all on Skyline, and a fifth in advanced horsemanship II.

Mrs. Pat Behrman recorded two firsts, for adult horsemanship over fences and adult hunter under saddle, on Paper Moon; a fourth in adult working hunter, also on Paper Moon, a fifth in bareback horsemanship on the flat; and a sixth in adult horsemanship.

Scott Alder rated a first in bareback horsemanship on the flat, two thirds in bareback horsemanship over fences and junior hunter under saddle (on Friend of Mine), a fourth in junior jumper (on Bacardi), a fifth in junior working hunter, on Bacardi, and a sixth in advanced horsemanship II.

Kim Alder was awarded two firsts, for advanced horsemanship II and junior working hunter under saddle, the latter on Altanga, and two fourths, for advanced horsemanship over fences and green working hunter, riding Altanga.

Lee Thornbury received a second in intermediate horsemanship over fences and a third in advanced horsemanship I.

Deanna Johnson earned a first in junior working hunter, on Bucky, and two fourths in junior working hunter under saddle, also on Bucky, and intermediate horsemanship II.

David Martin received two firsts, for adult horsemanship over fences and adult working hunter, riding Bucky. Also on Bucky, he was honored with a fourth place in adult working hunter under saddle. He also received a fifth in adult horsemanship and a sixth in bareback horsemanship on the flat.

Mrs. Emily Kitchen received a first in adult hunter under saddle, riding Judge, and three thirds, in adult horsemanship over fences, adult horsemanship, and adult working hunter, on Judge.

John Schick placed second in adult horsemanship over fences, third in adult hunter under saddle, on Carnival, fourth in adult horsemanship, and fifth in bareback horsemanship on the flat.

Chrissie Shearer earned a fourth place in beginning horsemanship A; while Millie Shearer received a fourth in beginning horsemanship B.

Mrs. Cecilia Proulx placed third in adult horsemanship.

Mrs. Cheryl Pickard rated fifth in adult horsemanship over fences. Kate Donkin received two first places, in advanced horsemanship over fences, second in junior jumper, riding Bittersweet; second in fences, and sixth in bareback horsemanship on the flat.

Mrs. Lin Donkin earned two seconds, in adult working hunter, riding Dakari, and adult horsemanship, a third in adult hunter under saddle, also on Dakari, and a fourth in adult horsemanship over fences.

Mrs. Ann O'Hagan placed third in adult horsemanship over fences, fifth in adult working hunter, riding Carnival, and sixth in adult hunter under saddle, riding Judge.

Andy O'Hagan placed second in beginning horsemanship over fences and fourth in intermediate horsemanship I.

Next show is scheduled for Feb. 17.

## SUNDAY'S SERMON

### ★ Bountiful Harvests

We live in a climate-control world in our modern, technological nation. Many of us have isolated ourselves from our neighbors and from our God, the Father, the Creator and the Provider of our bountiful harvests.

Many of us, on the surface only, pretend as if we can do without God in our daily lives. If a storm approaches, we come inside into our secure homes. If it gets too hot, we turn on the air conditioning—if it gets too cold, we simply turn on the heat. And if the crops fail somewhere, our local supermarkets manage to get a good supply of alternate foods, so we never go hungry.

Too many of us put God in the outer fringes of our minds—we think of the supermarket as our source of food and our jobs as sources of security.

But the truth is that God is the source of everything we have and everything we need. God has provided for man since the dawn of time and he will provide for us through future generations. It is to Him that all the praises and thanks must go—for he always was and always will be. How sure are you of your future?

## Cager of the Week

RICK SWEENEY is a hot item this week in Chelsea basketball, having earned a spot in the starting line-up against Novi tomorrow by virtue of his performance in last Friday night's game. Sweeney, a junior, is competing in his first year for the varsity, although he's been playing basketball since 7th grade. He has also been a member of the track team for Chelsea High school. He predicts that the Bulldogs "should be getting together—we're all starting to pull together now." The son of Mr. and Mrs. Frank Sweeney, he has four brothers, Ron, Randy, Rod, and Ryan.

HCMA APPOINTEE  
The most recent appointee to the Board of Commissioners of the Huron-Clinton Metropolitan Authority is a resident of Livingston County. He is Clifton W. Heller, a florist and former mayor of the City of Howell, who joined the HCMA Board on May 15, 1973. He represents Livingston county and succeeded Charles H. Sutton, also of Howell.

★ No Time for Crying

Even in the best of times, we Americans seem to delight in finding fault with ourselves; but with the current political troubles, the energy shortage, the slowdown of the environmental clean-up, the uncertainties of the stock market, and all of the other troubles that beset this country, the crying towels are out in force and the hand-wringers have never been so numerous.

We seem to make a litany of our troubles—a monotonous chant that permeates our society.

This self-staged wake is hardly a fitting response to our current troubles as a nation. We are not exactly a stoic people; but neither are we cry-babies—at least not until recently.

We have had a lot worse troubles in the past and have faced up to them; but we seem to be softer now—probably because we are a spoiled and pampered people.

The truth is we don't have that much to cry about. Our country has never been and never will be perfect. We had a violent birth and have lived from crisis to crisis ever since. In this process of growing up, we invented a way of life that is the envy of the rest of the world. We cannot move to a better place, because there is none.

If Watergate has proved anything, it is that our political system really works. When corruption raises its ugly head, we bring it out in the open and expose it to public view. The rest of the world would settle for our problems in a minute. We may not be at the peak of our form for the present, but we are not falling apart either. We have a lot to do, and no time for the crying towels.

## Marathon Curbs Use Of Cards

FINDLAY, Ohio (AP) — Marathon Oil Co. service stations no longer accept bank, travel or entertainment credit cards, a spokesman for the firm said Tuesday.

The spokesman said the change, effective last Friday "does not affect our own credit cards or our agreements with other oil companies."

The action was taken because of the shortage in gasoline supplies and "the cost factor involved" in handling credit sales through travel clubs or entertainment associations.

The firms issuing such credit cards charge Marathon a percentage of the amount of the sale, he said.

A TOUGH WEEK-END of flipping pancakes, boiling eggs, reading compasses and tying knots was the fare at Bruin Lake Scout Camp last week-end for those members and advisors from Troop 465. From left are Jeffrey Rabbitt, Herb Hegadorn (adult committee member), Scott Robertson, Lloyd Hafner (scoutmaster), Louis Jahnke, Steve Hegadorn, Kris Steinaway, and Brian Lewis.

## Scouts Prove Cooking Talents

Trying to boil water in a paper cup over an open fire sounds like being ridiculous more than being

prepared, but that's one of the things scouts of Troop 465 did this past week-end in their outing at Bruin Lake Scout Camp.

Approximately half of Troop 465, along with 250 members of other assorted troops, took part in the week-end and were required to perform a number of feats during the course of their outing, including the boiling-water-in-the-paper-cup trick.

Not only did the scouts boil the water, they also "hard" boiled an egg in front of the discriminating eye of a scout judge, and then broke it to make certain it was truly hard boiled.

Troop 465 scored perfectly in the egg event and also did quite well in first aid, knot tying, compass reading, pancake flipping, and a number of other intriguing categories.

### Grass Lake Area Youth Receives Parachutist Badge at Ft. Benning

Ft. Benning, Ga.—Army Private Herbert O. Heie, 19, son of Mr. and Mrs. Herbert R. Heie, 11072 Bellman Rd., Grass Lake, Mich., received a parachutist badge upon completion of the three-week airborne course at the U. S. Army Infantry School, Ft. Benning, Ga.

During the first week of training, he underwent a rigorous physical training program and received instruction in the theory of parachuting. The second week tested his ability through jumps from the 34-foot and 250-foot towers. The final week he was required to perform five static line parachute jumps.

### Sharon Township Youth Completes Army Basic Training at Ft. Knox

Ft. Knox, Ky.—Private Paul X. Young, 18, son of Mr. and Mrs. Hugh A. Young, 3245 Sharon Hollow Rd., Manchester, Mich., completed eight weeks of basic training at the U. S. Army Training Center, Armor, Ft. Knox, Ky.

He received instruction in drill and ceremonies, weapons, map reading, combat tactics, military courtesy, military justice, first aid, and army history and traditions.

## SOUTH ELEMENTARY SCHOOL NOTES

### THIRD GRADE—

#### Room 7

Teacher: Miss Haley  
Miss Haley's 3rd grade class is busy preparing a mini post office for the Feb. 14 mail rush! We're learning how to write letters and hopefully will soon be writing some to classes in Hawaii and Colorado. We went on a field trip to the Chelsea Post Office.

In science we've been enjoying learning about mammals. Everyone in the class has reported on a different mammal.

In arithmetic some of the class is ready to start multiplying by 12! We're also starting to learn how to divide. We were very fortunate to have Mrs. Bowen come in and share some of the slides from former vacations as the family toured the states.

#### Room 13

Teacher: Mrs. Yager  
Reporter: Lynette Meppans  
We have a new girl whose name is Amy Ziegler. She comes from Detroit and is very nice.

We started a new thing in school. When we get done with our reading work in the morning we get a book, read it and answer questions that are in the back of the book. We do one chapter every

day. This is our extra reading book. Mrs. Yager gets these books from the Washtenaw Library. After a couple of weeks she sends them back and gets some more.

We are learning how to multiply and divide in arithmetic. We think it's fun.

Our January birthdays are Peter Elsele, Bill Merkel, Celeste Powell and Amy Ziegler.

### FOURTH GRADE—

#### Room 24

Teacher: Mrs. Huebner  
Reporters: Mark Evans, Michelle Helmer and Lori Cartell

We have made a date line chart. Important dates in history that we learn through our reading book are placed on the date line. So far our earliest date is 1750 when the Liberty Bell arrived from England.

Mrs. Huebner's and Mr. Ticknor's classes dissected fish eyes. We saved the fish lenses. They were round, and we thought they would be flat.

Bowling—We are trying to earn 200 points to go bowling this year. Right now we have 25 points. We earn the points by being ready in class, working quietly, and showing respect for others.

## St. Louis School Notes

A group of Chelsea girls organized by Lori Proctor came out to St. Louis school for a skating party with the boys. After skating, they came in for a social hour, played basketball, and served the boys hot chocolate and cookies.

Thursday night in basketball with St. Francis, the boys were

beaten by five points. The losers served punch and cookies for both teams after their defeat.

The school has had two birthdays in the past couple weeks—Chris Brock and Billy Choppis. Father Umberto and the boys played the band for both, and everyone enjoyed ice cream and cake.

The boys attended the Shrine Circus in Detroit on Monday. The Alhambra Club sponsored their visit.

The boys are looking forward to another basketball game Feb. 2, this one against a group from Jackson.

Last Sunday, despite the fog and rain, the K Brothers Circus from Chelsea came out and entertained the boys, who really enjoyed their visit.

This past week-end the boys went home on Saturday and Sunday.

### Child Study Club Reviews Early History of Chelsea

Child Study Club met Tuesday evening at the home of Mrs. Robert Barlow with 26 members, two associates, and seven guests present.

Attending as guests were Mrs. David Strieter, Mrs. Stephen Haydock, Mrs. M. W. McClure, Mrs. Thomas Neumeyer, and Mrs. James Johnson. Special guests were Miss Katherine Glazier, granddaughter of Frank P. Glazier and Mrs. S. Glazier, who married a grandson of Frank P. Glazier.

Chelsea's yesteryears was the program topic. Mrs. Richard Borton and Mrs. Charles Miller, were in charge of the program, which discussed the many contributions to the building of Chelsea made by Glazier. Several pictures of the changing community were shown to the club.

Members will be attending Husband's Night, on Feb. 2 at the Bauer Manor in the Irish Hills.

Next meeting of the Child Study Club will be Feb. 12 at the Chelsea Medical Center. Drs. Marshall and Marguerite Shearer will speak to the group.

Refreshments were served by Mrs. James Sprague and Mrs. Jerold Beaumont.

### Law Enforcement Program Given For Woman's Club

Chelsea Woman's Club met Tuesday, Jan. 22 in McKune Memorial Library. Preceding the regular business meeting, the club was presented with a program following the theme, "Current Issues in Law Enforcement." Program chairman for the evening was Mrs. Robert Koch.

Featured speaker for the evening was Gerald Farmer, assistant prosecutor for Washtenaw county.

Farmer discussed the many aspects of law enforcement with the group, including such topics as the present court system and some of its needs, crime and crime prevention, as well as an examination of how we as citizens can use more common sense in deterring many types of criminal offenses. Hostesses for the evening, were Shirley and Leah Smith.

Next meeting of the Woman's Club is scheduled for Feb. 12 at 2 p.m. at the Methodist Home, for the annual Valentine's tea. Members are reminded to bring cookies to Strieter's store on that day.

### YOUNG HOMEMAKERS

The January meeting of the Young Homemakers was held Thursday at the home of Mrs. Earl Horning. She was assisted by Mrs. Robert Heller. A short business meeting was called to order by the president, Mrs. Ronald Satterthwaite.

A progressive dinner will be held on Saturday evening, March 2. Eighteen members and one guest enjoyed creating Valentine's tray favors.

A presentation, "Bread and Milk," was given by Mrs. Earl Horning and Mrs. Gary Weldmayer, both of Manchester. They are sponsored by the Farm Bureau, and do much to inform groups as to how agriculture is changing.

Mrs. Horning and Mrs. Weldmayer distributed various grocery items among the members of the audience and then quoted the retail price in the United States and what percentage the farmer receives from each item.

Members took home the groceries as door prizes.

### Chiropractor's Wife Has Baby at Home, Naturally

Proud fathers and mothers call The Standard every week to announce babies' births, but not too many of them have made a point by having a healthy baby.

Dr. Daniel Elwart, local chiropractor who advertises weekly his "Chiropractic for Life Center" on Clark Lake Rd., is one who has.

Mrs. Dolly Elwart gave birth Sunday morning to an eight-pound, eight-ounce boy named Joshua Barlett, the Elwarts' second son. What is different, or "the one in a million" in her husband's words, is the fact that Dolly Elwart scorned drugs, medication, hospitals, and doctors in her delivery and had the baby completely naturally in her own home.

Surprising? Indeed, no, her husband would reply.

"Sixty years ago, if you heard of some woman having her baby in the hospital, people would think she was sick or mentally retarded," Dr. Elwart said Monday in a telephone interview. "But now, medical doctors have convinced people that having babies naturally outside of hospitals is illegal or something."

Medical doctors apparently are the bane of Dr. Elwart's existence. "Doctors told my wife that because she had rheumatic fever, she would never be able to have a baby. But since my wife is under chiropractic care and has put herself in good shape through eating and exercise and common sense, she has been able to have

both our children at home without poisonous drugs."

The very mention of drugs stirs the doctor to rhetoric worthy of his weekly advertisements. "Right now in Chelsea we're having a Mothers March to fight birth defects? But what causes birth defects? Drugs!

"And the biggest ones behind drug abuse are medical doctors, tranquilizers, diet pills—people are just lucky when then get better under a medical doctor," Dr. Elwart contends vehemently.

Chiropractic, for the uninitiated, is a theory that disease results from a lack of normal nerve function and employs treatment by scientific manipulation and specific adjustment of body structures—notably the spine.

That is a straight dictionary definition of the field, without any journalistic embellishment. Dr. Elwart's definition, however, broadens the field into "something that really works, all the time."

All the time, and, presumably, in everything.

The chiropractic care that allows his wife to have a natural birth at home has provided the couple with a "wide awake, not groggy baby, never crying. People ask me why their babies are always crying and groggy. They don't think that any drug injected in the mother while she's carrying the baby is in that

### Food Labels Loaded With Information

Food labels by the hundreds stare at you when you walk down the grocery store aisles—but have you ever really examined the information on them, asks Helen Fairman, Washtenaw County extension home economist.

Foods and nutrition specialists at Michigan State University explain that food labels are the manufacturer's or packer's statement of what he has put in the container you are buying.

Often, food is packed in non-transparent containers, and the label is the only clue to what's inside, says Mrs. Fairman. To protect and help the consumer, all food labels must contain at least the following four items:

—The identity of the food must be stated as its common or usual name, such as corn. Common name must be shown in bold letters parallel to the base of the container.

—The style of the product—such as creamed or whole kernel for corn—tells you how the food

baby's bloodstream within 30 seconds."

"There'd be a lot less divorces, too, if husbands were present at their children's births—and not out in waiting rooms poisoning their bodies with coffee and cigarettes. People wouldn't be killing babies with abortions, either," Dr. Elwart added.

was prepared. If the food is visible through the container or illustrated on the label, then the style doesn't need to be listed.

—The net quantity of contents, listed in the lower 30 percent of the label panel, must be conspicuous and adequately separated from other printed label information for easy reading by the consumer. Whenever a package contains one to four pounds, or one pint to one gallon, a dual listing is required. The contents must be stated in total ounces, such as 37 ounces, as well as in whole units, such as 2 pounds, 5 ounces.

—The name and address of the manufacturer or distributor, including the zip code, must also appear on the label.

Nutritional labeling and open dating are additional types of information listed on some food labels to help you in your decision making.

## Stamps By Mail Program Being Well Accepted

Postmaster Richard Schaules has stated that families and business alike can save gasoline by ordering stamps by mail rather than driving to a post office.

Many families and businesses are saving fuel by using the convenient stamps by mail service introduced last Aug. 20 in selected post offices throughout the 13-state central region of the U.S. Postal Service as part of a national program.

The stamps by mail program has been growing each month since it was introduced. In Chelsea, Postmaster Schaules said that on an average the number of orders for stamps by mail received each day is running better than expected.

During a recent four-week period in Cleveland, the post office received some 9,000 orders and the average order was for \$8 worth of stamps. In Milwaukee, an estimated 200 orders are received daily.

In Detroit, a total of 11,517 orders for stamps by mail have been received since Aug. 20. The value of stamps ordered was more than \$105,000.

For each transaction, the Postal Service charges 40 cents for handling costs, including postage. Using a handy self-mailer provided by the Postal Service, customers simply check the quantities of stamps and stamped envelopes needed, enclose a check or money order and drop the envelope in the mail. The stamps are delivered in most cases by the second business day.

Warren Spaulding has been moved from the Chelsea Medical Center to the Chelsea United Methodist Home.

## DEATHS

### Mrs. Nathan Pierce

Grass Lake Resident Dies At Chelsea Medical Center

Mrs. Helen Miller Pierce, 13245 E. Michigan Ave., Grass Lake, died Friday, Jan. 18 at the Chelsea Medical Center, at the age of 77. She is survived by her husband, Nathan S. Pierce; one son, Robert, of Grass Lake; four grandsons, Tom, Richard, David, and Larry; two sisters, Mrs. Marie Corwin of Whitmore Lake and Ruth Miller of Grass Lake; and two brothers, Vern and Joseph Miller, both of Florida.

She was a member of the Federated church of Grass Lake.

Funeral services were conducted Sunday, Jan. 20, by the Rev. Forrest Cooke. Burial followed in East Cemetery, Grass Lake. Arrangements were by Charles J. Burden & Son Funeral Home.

### Grace Heacock

Former Birmingham Resident Dies at Methodist Home

Grace Heacock, of the Chelsea United Methodist Home, died Tuesday, Jan. 29, at the age of 91. Born Sept. 30, 1882, in Bloomfield township, she was the daughter of Aaron and Emma Patchett Heacock.

She came to the Methodist Home March 12, 1965, from Birmingham. She is survived by one brother, Arthur F. Heacock, of Tampa, Fla., and several nieces and nephews.

Funeral services will be conducted Friday, Feb. 1, at 2 p.m. at the First Methodist church of Birmingham, by Dr. James Wright. Burial will follow in Greenwood Cemetery.

Friends may call at the Staffan Funeral Home.

## Scholarship Fund Gains \$200 from Faculty Basketball

More than \$200 was raised for the Chelsea Scholarship Fund last Saturday when parents and fans turned out to see performances by the biddy basketball program members and, incidentally, saw the high school faculty defeat the junior high faculty, 49-44.

The faculty game, tied at halftime, was decided in the final minute by some clutch free throw shooting by Ken Larson.

Receiving praise for the winners were Tom Balistreri, Phil Bareis, Jon Schaffner, and Ken Larson. Beach school was led by Randy Johnson, Jim Tichnor, and Charles Waller.

## Dresch, Simon Teams Maintain Intramural Leads

With two more weeks of regular-season play remaining in Beach intramural competition, the Dresch and Simon teams continue their undefeated standings atop the western and girls divisions.

Leading scorers for this past week were Greg Ringe and Don Aldrich with 23; Steve Dresch, 21; Jeff Rudd, 16; Mike Sweeney, 14; James Bollinger, 14; Brian Lewis, 11; and Steve Check and Joe Ewald, nine.

Teams will be seeded according to the final standings of the regular season and will compete for a post-season trophy.

## Officer Nabs Two Wanted On Warrants

A defective exhaust system spotted by Officer Roger Graves led to the warrant arrest of two county men last Friday.

While on routine patrol, officer Graves noted a 1961 green Mercury pulling into the Cheker Station from northbound M-52, smoking and making a great deal of noise as it went. Graves ticketed the driver, James H. Strahan, 18, of Ypsilanti, and attempted to run a lein check, but could not receive an answer.

Shortly thereafter, he received radio notification that the Michigan State Police were holding a traffic warrant for speeding for Strahan. He found Strahan at the Dairy Queen and placed him under arrest for the warrant.

Strahan's companion in the car could not produce identification when questioned by the officer but told him that his name was Steve Wineman. Graves questioned Strahan, who said his friend's name was Dave. Both were then taken to the police station to further investigate the question of the second man's name.

At the station, the passenger told officers that his name was David B. Williams, 22, of Ann Arbor. By radio, officers checked on Williams and learned that various law enforcement agencies in the area were holding a total of five warrants for his arrest. These included one for possession of marijuana from the Ann Arbor Police Department; one for driving without an operator's permit on his person from the Washtenaw County Sheriff's Department; and three separate ones for driving without proof of insurance, driving with defective lights, and driving with improper registration from the Ann Arbor Police Department.

Both men were turned over to the custody of the Sheriff's Department.

## March of Dimes ...

(Continued from page one) entirely by mail, and responses are presently at Chelsea State Bank.

In Saturday's radio auction, Mrs. Audrey Bongo, general chairman for Chelsea, reports that unofficial estimates have put the intake of the auction at nearly \$4,000—quite a substantial gain over last year's \$1,900.

Friday's peanut and balloon sale on Main St. by Cub Scouts of Pack 415 was so successful, Mrs. Bongo reports, "I had to go into Ann Arbor Saturday morning to get more supplies, so we could sell them Saturday, too ... I'm not really sure, but I think they sold so fast, because those Cub Scouts are so cute."

In addition, in the annual dime-board run-off between Wolverine Lounge and The Pub, Wolverine once again filled its board first, and has started on its second one. A filled dime board holds \$49.20.

Government studies estimate anywhere from six to 16 million workers in the United States are now exposed to noise levels hazardous to their hearing ability.

## IRS Offers Help With Income Tax

Ann Arbor — The Internal Revenue Service reminds Ann Arbor area taxpayers that they may obtain assistance with their 1973 Federal income tax returns at the IRS office here Monday through Friday of each week.

Internal Revenue Service personnel will be available to provide assistance from 8 a.m. to 4 p.m. The IRS office is located at 3430 Washtenaw.

Telephone service will be offered until 5:30 p.m. Monday through Friday and between 10 a.m. and 3:30 p.m. Saturdays. Assistance telephone numbers are listed in your tax instruction booklet.

Eugene J. Ellison, a resident of Macomb county, is chairman of the Huron-Clinton Metropolitan Authority. Ellison, appointed by the governor in May of 1965, represents the district-at-large covering the counties of Macomb, Oakland, Livingston, Washtenaw and Wayne. He is president of Mark Body Co. of Detroit and a corporate vice-president of SOS Consolidated, of Birmingham.

## Kiwanians Offer Help in Filing for Property Tax Credit

For the next four weeks on Monday evenings from 7:30 to 8:30 p.m. at the Community Fair Service Center, Kiwanis Club members will aid senior citizens and renters filing for the Michigan Homestead Property Tax Credit.

All senior citizen property owners and renters should seek some assistance in determining whether they have a tax credit due them, Kiwanians advise.

On Jan. 23 and 24, the first two of such advisory meetings, the response from property owners was "gratifying" but only two renters showed up for the evening—but those two each were eligible for tax credits of between \$150 and \$300.

## Truck Weight Restrictions

The Washtenaw County Road Commission deems it necessary to preserve the roads under the jurisdiction of this Board and by virtue of the applicable sections of the Michigan Vehicle Code being Act 300, Public Acts of 1949 as amended, we impose springtime axle load restrictions effective at 6 a.m. Thursday, January 24, 1974.

The allowable truck loadings are as follows:

MAXIMUM ALLOWABLE GROSS AXLE LOADINGS			
Spacing Between Axles	Concrete	Black-Top & Gravel	
9 feet or over	13,500 pounds	11,700 pounds	
More than 3 1/2 feet, but less than 9 feet	9,750 pounds	8,450 pounds	
When less than 3 1/2 feet the combined weight shall not exceed	13,500 pounds	11,700 pounds	
Maximum load on any wheel shall not exceed:			
(pounds per inch of tire width)	525 pounds	450 pounds	

## MAXIMUM TRUCK SPEED

No truck tractor or tractor with trailer, nor any combination of such vehicles with a gross weight loaded or unloaded in excess of 5,000 pounds shall exceed a speed of 50 miles per hour which shall be reduced to 35 miles per hour during the period when reduced loadings are being enforced.

## Extra Gas Storage Subject To Fire Marshal Regulations

The energy crisis has brought about a great deal of public interest in the storage and transportation of gasoline according to Col. John R. Platts, director of Michigan State Police.

Plants, who is also designated State Fire Marshal, points out that a set of Michigan laws governing flammable liquids may not be generally understood by consumers. "Many of these regulations are simply common sense rules," Platts said, "but they are statutes designed to protect lives and property and must be observed." A recurring question, according to Platts, relates to the carrying of extra gasoline in cars. Containers must be of metal, painted bright red and lettered "Gasoline" and a limit of six gallons may be carried in a passenger car. Other combustibles such as kerosene, fuel oil or diesel fuel may not be placed in cans marked for gasoline. These fuels must be in containers that cannot be identified nor confused with gasoline.

Officials note that up to 60 gallons may be legally hauled in the bed of a pickup truck but containers must meet stringent specifications of Interstate Commerce and Department of Transportation regulations.

Fire officials also have been busy answering citizen inquiries as to storage of gasoline in the home. Any such storage of flammable liquid for private use must first be approved by local authorities. If approved, no more than six gallons of gasoline may be stored in a private residence. Storage, outside the home, of up to 555 gallons may be permitted but again several requirements such as distance from buildings, property line tank construction, safety equip-

ment, etc., would demand strict compliance to state and local law. The Fire Marshal division of the State Police has issued a summary of flammable liquid regulations to local fire agencies and offers the following recommendations to consumers:

—If it is absolutely necessary to keep a small amount of gasoline on hand, store it in a heavy metal approved container with a tightly closed lid. Never store gasoline or other liquid fuel in glass or plastic bottles and, in particular, never use empty soft drink bottles which could be attractive to young children.

—Place the container in a well ventilated, cool area. Avoid keeping gasoline or other fuel inside the house or in the basement.

—Never store gasoline near open flames, pilot lights, stoves, heaters, electric motors or any other sources of ignition.

—Avoid carrying gasoline in the trunk of the car. Escaping vapors can easily ignite.

—Keep gasoline, kerosene, and other fuels out of the reach of children.

—Avoid repeated or prolonged contact of skin with gasoline and avoid breathing fuel vapors.

In an effort to reduce the needless barrage of environmental noise affecting the residents within their limits, several of our nation's leading cities have passed a variety of anti-noise pollution ordinances. Hearing specialists report these include decibel limits on air compressors, air conditioners and trash collecting trucks in Chicago as well as fines of \$50 to \$100 for unnecessarily honking an auto horn in New York.

MARK POLICHT of Heydlauff's (far right) Waite action are from left, Bob Riemenschneider, zooms alongside Don Waite of Chelsea Lumber in Arché Bradbury, Marty Tobin, George Heydlauff, Recreation League basketball Tuesday night, and the ball looks up for grabs. Mobbing the Policht-Dennis Stoffer.

Under the power of sale contained in said mortgage and the statute in such case made and provided, notice is hereby given that said mortgage will be foreclosed by a sale of the mortgaged premises, or some part of them, at public auction, to the highest bidder, at the place where the Circuit Court for the County of Washtenaw is held, on the 18th day of March, 1974, at 10:00 o'clock a.m. Local Time, on the premises situated in the City of Ypsilanti, Washtenaw County, Michigan, and are described as follows:

Lot 18, Hamphill's Addition, except land conveyed to Robert Smith and wife, in Liber 182, page 63. Also the use of a strip of land 8 feet in width running parallel to Eastern line of Lot 18 for the purpose of a driveway to be used in common by said mortgagee and no further.

During the six months immediately following the sale, the property may be redeemed.

Dated: January 24, 1974.

Vietnam era veterans needing dental care are presumed to be service-connected and therefore eligible for dental treatment at VA expense if they apply within one year after honorable discharge. The eligibility covers sufficient treatment to put the veteran's teeth in good condition one time. There is no one-year limit for veterans receiving compensation for dental conditions, those whose conditions resulted from combat or service injuries, or if they were prisoners of war.

Said premises are located in the Township of Ypsilanti, Washtenaw County, Michigan, and are described as:

Lot 28, Grove Park Homes Subdivision as recorded in Liber 18, Pages 72 and 73 of Plats, Washtenaw County Records. The redemption period is six months from time of sale.

## SEC ROUND-UP:

# Saline, Milan Both Survive in Race for Conference Leadership

Things are getting down to hard-core league basketball in the Southeastern Conference, with Saline and Milan retaining first and second in the league, and a battle developing for third between Chelsea and South Lyon.

Undefeated league leader Saline will meet Milan next week in the SEC showdown game of the week.

**Saline 62, South Lyon 60—** Saline remained undefeated, but just barely, as the Hornets fought off a final-period comeback by South Lyon to edge the Lions by two points.

Leading the Hornet attack was Don Scott, who netted 16. Topping Lion scorers was Ed Segars with 23, followed by Tony Kern with 16.

**Milan 73, Brighton 58—**

Despite a bit of a scare at half-time, when the Big Red were leading Brighton by only one, 35-34, Milan pulled an impressive victory over the Bulldogs to retain a healthy record behind Saline.

In the final quarter, Milan hit for 10 of 21 attempts to transform what appeared to be a close game into a typical Milan romp.

Topping Big Red scorers was Stan Joplin with 20. Jim Johnson equalled him for the Bulldogs.

**Chelsea 92, Lincoln 69—** Chelsea went wild on Lincoln with the largest Bulldog scoring output in memory, and moved into a third-place tie with South Lyon for third place.

Leading scorer for the Bulldogs was Rick Miller with 23, followed closely by Rick Sweeney with 18.

**Dexter 62, Novi 43—**

Once again winless Novi turned up with an addition to the loss column, falling to Dexter, 62-43.

Leading Dexter was Al Hosler with 22 points. Novi's big man, Bill Barr, managed 11 for the cellar-dwellers.

He's only 30 and he just bought a \$50,000 life policy.

Sure, a \$50,000 life policy could cost a lot of money...but it doesn't when it's "altogether"! When we say "altogether" we mean Perma-Term—permanent and term insurance combined to avoid those big premiums, but still deliver the big protection young family men need. It means you could have a \$50,000 policy which lets you build up a retirement income at the same time! Yes, Perma-Term's easier on the budget, but please remember that costs go up as you grow older. So give us a call now—before another birthday gets past you altogether!

One ironic development of the energy crises, hearing specialists report, is that the energy cutbacks along with the resulting reductions in the use of noise producing appliances actually may prove beneficial to hearing health care. The increased usage of noisy household appliances and the development of larger horsepower engines have combined to make the growing household roar an increasing hazard to the human ear in recent years.

# Quarterly Motor Vehicle Funds Increase 22% Over Last Year

Third quarter Motor Vehicle Highway Fund collections are being distributed to Michigan counties and incorporated cities and villages, the State Highway Commission reported last week.

John P. Woodford, director of the Department of State Highways and Transportation, said net receipts of the Highway Fund during July, August and September of 1973 amounted to \$105,601,575.

Receipts went up \$18,617,322, or 22.8 percent, over the same period of 1972. The increase is the result of growth in motor vehicle registrations and travel and new revenue from the two-cent raise in the state gasoline tax, which took effect last Feb. 1.

Washtenaw county's share totaled \$805,420, Chelsea received \$13,218 and Dexter received \$6,493.

The over-all county figure was up from \$583,157 for the same quarter one year ago. Chelsea's allotment was up almost \$3,000 from its figure of \$10,993 for last year. Comparison to other municipalities in the county went this way: Manchester, \$7,389; Milan, \$14,976; Saline, \$14,497; and Ann Arbor, a whopping \$348,195.

All state gasoline and diesel fuel taxes and license plate fees go to the Motor Vehicle Highway Fund.

The money is distributed at three levels of government after deduction of collection costs, the State Waterways Commission's share (1.25 percent) and proceeds from one-half cent of the gasoline tax earmarked for the new General Transportation Fund for public transportation.

The Department of State Highways and Transportation receives 14.5 percent for state highways, the 83 counties receive 35.7 percent for county roads and the 530 incorporated cities and villages receive 19.8 percent for municipal streets. From third quarter receipts, the state will receive \$46,949,235, the counties \$37,717,972 and the municipalities, \$20,934,347.

Noise is being increasingly recognized as a major factor in the aggravation of numerous "tension" related disorders, report hearing specialists. This includes a variety of tension related diseases ranging from stomach ulcers and neurosis to cardiovascular and circulatory diseases.
