## Cager of the Week

PAUL WOOD is a junior presently playing his first year of varsity basketball, under a coach he obviously admires. "Coach Balistrere is teaching us a lot more than basketball—he's teaching unity among the members of the team. We're really getting together now," he says of the squad. Paul, a co-captain of the Bulldog grid team for next fall, is also a member of the Key Club and active in Catholic youth groups. He seems to have an avid interest in youngsters, as he tutors fifth graders at the junior high and also acts as "head coach" to a biddy basketball team. After high school, he plans to study law, or possibly join the Peace Corps, or "some kind of social work stuff." He is the son of Mr. and Mrs. Clarence Wood, and has three sisters, Janice, Mary, and Jane, and three brothers, Dave, Jack, and Mike,

Mean Mary Jean, Superstar of your Chrysler-Plymouth Dealer Team, says:

# D.G.Plue of St.Joseph, Michigan got almost 19 MPG in his Chrysler by slowing down.

Pretty neat ... know what I mean? That Mr. Plue, of St. Joseph, Michigan, can get that kind of mileage from his '73 Chrysler Newport with a standard V-8 engine. Here's how he says he does it. By concentrating on getting good mileage on the highway ... and not going over

50 mph...he was able to get almost 19 miles to a gallon. So by keeping his speed down ... he saves fuel and saves money. He saves his tires, too. Now that's real savings. Know what I mean?

# THINK **ABOUT**

D. R. ELWART, D.C.

If God made us in His image and likeness then judging by what we are God must have colds, arthritis in one joint or another, tonsils that quit working and were "useless" anyway at 10, an appendix that almost burst inside Him when He was 22, "normal" everyday headaches accompanied with the usual stiff joints, aches and pains. He probably has an ulcer and is constipated most of the time too—and if He didn't get His shots and vaccinations by now most likely He has smallpox, flu, polio, measles, tetanus, etc. Naturally He never lets anyone cough in His face as He is susceptible to tuberculosis you know. Yes God's house is free of flowers, cats, feathers and other irritants as these things act on his allergies you know. It sure would have been nice if He worked by law and order and as long as these laws were not interferred with—everything was O.K. Then when He made us, all we would have to do is obey His laws. Nothing in excess—Good diet, Exercise, Sleep, and Good nerve supply to carry His message through the body. Poor God, I wonder who He goes to when He's sick?

February 10th, a new long distance service for telephone customers in Chelsea (475 telephone numbers).

You'll be able to dial person-to-person, collect, credit-card and bill-to-third-number calls. Even from coin phones.

How to do it.

In either case, an operator (assisted by high-speed computer) will intercept your call and ask, "May I help you?"

On a person-to-person call, simply tell the operator the name of the person you're calling.

For a collect call, just answer, "Collect ..." and give your name.

On a credit-card call. simply give the operator your credit-card number.
