

# Township Boards of Review Prepare for Tax Conferences

Supervisors and Boards of Review from the four area townships—Lyndon, Lima, Sylvan and Dexter—met this Tuesday to review tax rolls and prepare for an expected onslaught of taxpayers next week, March 11 and 12, wishing to "appeal and confer" about increases in their 1974 property tax assessments.

In the hands of those Boards of Review—whose three members, local township people all, probably wish they could perform their duties as masked men to avoid personal confrontations with their very neighbors—is the power to either raise or lower tax assessments on township property.

It is hardly a choice political plum of a job, particularly in light of the recent equalization factors handed down to township supervisors from the State Tax Commission.

These factors, which are the end result of a sales ratio study ordered by the state of Michigan and commissioned by Washtenaw County, are designed to correct what the state views as a \$2,717,000 to \$3 million discrepancy between the value of property as it is assessed locally and the value of property as reflected in real estate sales.

Factors assigned to the four townships vary from Sylvan township's low of 1.17, to Lima's 1.24,

to Dexter's 1.26, to Lyndon's high of 1.46. Basically, the factors mean that, to obtain a true state equalized valuation figure—equalized valuation is 50 percent of market value—the present equalized valuation figure must be multiplied by the factor, and taxes levied on that amount.

For example, a home in Lima township which was assessed for taxes in 1973 on a market value of \$20,000 would have a state equalized valuation figure of \$10,000. To obtain the needed equalization figure for 1974 taxes, the \$10,000 figure would be multiplied by 1.24, to yield a new equalization figure of \$12,400.

This process is correct as far as

it goes; however, it is necessary to also consider other elements when actually assessing taxes.

Lima township supervisor Ed Coy explains that each individual tax figure must be examined to discover contributing elements that may either raise or lower a property assessment. This was the purpose of the meeting of the four Boards of Review this week.

"We go over the tax rolls, considering the area, improvements to the property—considerations of that nature," says Coy. "We can't just go through indiscriminately and raise everyone's assessment by the factor. 'There are other things to consider.'"

Coy, and Sylvan supervisor

Maurice Hoffman, have both mentioned the problem of senior citizens owning property which, through no improvements or fault of their own, but rather by soaring county-wide real estate values, are headed for higher taxes.

"You can't tax people out of their homes," Hoffman explained in an interview two weeks ago. Boards of Review are empowered to declare certain properties and their owners "hardship cases" and refrain from raising their assessment, although Hoffman recoils from the "hardship" terminology. "I just tell 'em that we can't raise their taxes. I've never been questioned about it yet," he declares.

Undoubtedly, however, there will be a lot of taxpayers with a lot of questions of their own when the Boards of Review convene next Monday and Tuesday in all the respective township halls, as they realize that taxes will be a larger-than-ever slice out of their earnings.

The history of appealing such tax equalization factors on the township level is a discouraging one, however. In 1972 Ypsilanti township protested an increase in equalized valuation by joining with township associations from across the state in bringing suit against the state.

The suit was decided in favor

of the state, however, resulting in an order directing Lima township, Ypsilanti township, and 22 other local governmental units in Washtenaw county to collect in 1973 the amount they failed to collect in 1972.

The upholding of the increase in equalized valuation reaches into areas other than the actual tax levy itself; since state aid to local school districts decreases with a rise in the total equalized valuation of the district, a belated increase in valuation means that more state aid was provided for districts than was appropriate.

The state board of education now is faced with a decision of

whether or not to withhold the amount owed from this year's state aid payment, thereby making things even between the state and local school districts, but at the same time playing havoc with current school budgets.

At any rate, disregarding other complications, the township equalization factors mean generally, but not without exception, that assessments will rise in response to rising property values in the area, and that amount of taxes paid will therefore increase. Boards of Review, the taxpayer's only recourse for appeals and conferences regarding rising assessments, meet Monday and Tuesday.

## Beach Bands Concert Set For Tonight

Beach Middle school bands members who performed in the District 12 Solo and Ensemble festival two week-ends ago will be among the performers in tonight's band concert at Beach.

Middle school band members received a large number of first and second division ratings in the festival.

Saturday, Chelsea High school's symphony band will appear in the Class B band competition in Milan. For its festival numbers, the symphony band will present "The Little English Girl," by Delle Cese, "Overture in B-Flat," by Giovanni, and "Symphonia Nobilissima," by Jager.

Other bands entered in the festival include Dexter, Lincoln, Carlisle, Clarenceville, Notre Dame, Saline, Milan, Grosse Ile, Lutheran East, Northville Community Band, Dundee, Grosse Pointe North, Southgate, and Willow Run.

## Cagers Lose in First District Tourney Game

Chelsea's Bulldogs played "one of our worst games of the year," according to Coach Tom Balistrere, falling to a tough Michigan Center team, 72-57, in the first night of District tournament play Tuesday.

Chelsea got off to a shaky start, trailing Michigan Center, 17-3, at the end of the first quarter, and that, said Coach Balistrere, "was basically the game."

Although the Bulldogs edged to within five points of Michigan Center, which finished in second place in the Cascade League with a 13-6 record, the opposition would always pull away from them again. The only Bulldog boasting a good individual night was Dave Alber, who led the squad in both scoring (20 points) and rebounding (12). Coach Balistrere termed his performance "a fine job for his first tournament game."

Other scorers included Ron Kiel, eight points; Rick Miller, seven; Gary Wonders, six; Rick Sweeney (Continued on page four)

## 2 Wrestlers Qualify for State Meet

Two Chelsea wrestlers, Darryl West and Mike Agopian, qualified for the state wrestling tournament in Kalamazoo this Friday and Saturday by virtue of performances in Saturday's regional meet in Saline.

West placed first in the 148-pound category, winning one match by a pin, and then defeating Lonnie Norris, who had defeated West previously this season, in a referee's decision overtime.

Agopian won one match, then lost one, before coming back to win two in consolation meets to rank third at 119 pounds.

## School Board Sets Millage

In recent weeks many articles have appeared in the papers relating to increases in valuation caused by equalization "factors" in the various townships, with the implication that the increased valuation will produce tremendous additional funds for operating the schools. In past years this would have been true, but this will not happen this year because of the State Aid Act adopted by the Michigan Legislature for 1974-75.

This year, for the first time, the increase in assessments will provide no additional funds, if the millage rate remains the same. The State Aid Act mathematically provides one dollar less aid for each additional tax dollar collected. Board Treasurer, Don Irwin, notes that "with the same millage, the state will provide approximately \$170,000 less in state aid to the Chelsea School District while the increased assessments will provide \$170,000 in additional taxes. If it had not been for the present State Aid Act, it might have been possible to finance the 1974-75 budget with the same 10.98 mills that has been authorized for the last five years."

The board request, to be voted upon March 26, is for 14.78 mills for two years. Of this 14.78 mills, 10.98 will be a renewal of the levy authorized for the past five years. The requested increase will be reduced by one-half mill by a reduction in the debt retirement levies approved, making the net increase in millage 3.3 mills.

Board President Howard Hasel-schwartz said, "The community, by passing the bond issue in December, demonstrated its concern and pride for its children and schools. It was with this expressed concern in mind that the board spent many hours in previous meetings and also Monday and Tuesday nights gathering and evaluating data to determine the millage absolutely necessary to continue our present school program. We would have preferred to have requested only a renewal, but the mechanics of the State Aid Act forced the decision to request additional millage."

"Everyone knows that spiraling costs have hit all areas of our economy. To provide a continuation of programs the residents of the district have provided in the past, 14.78 mills for operating are necessary. I urge residents of the district with questions or concerns to contact any board member who will answer them to the best of his ability."

Business Manager Fred Mills adds that "the proposed budget is approximately 10 percent higher than last year. This generally reflects the increased costs of services and materials to the district. Just as an example, gasoline prices have risen by 23 percent to the district over the past year and paper and other supplies which we must provide the students have increased approximately 100 percent."

FIRE RAGES through one of the two barns destroyed on the William Van Riper dairy farm early Tuesday morning, while a silo stands treacherously close at left. Four Chelsea fire trucks and one from Dexter answered the call to the blaze, which is believed to have begun from a bolt of lightning.

CLOSE-UP OF THE FIRE that raged through three barns on the Van Riper dairy farm at 1137 Haist Rd., destroying two barns and damaging a third. Residents of the farm considered themselves lucky, as their home is but 300 to 400 feet from the blaze, and the farm contains a number of other barns, including one under construction nearby.

## Van Riper Dairy Barns Burn

Four fire trucks from the Chelsea Fire Department and one from Dexter battled a blaze at the William Van Riper farm at 1137 Haist Rd., early Tuesday morning for some three hours before bringing it under control.

Van Riper, who declared that "Chelsea has one hell of a fire department—and Dexter was tremendous too"—reports that he lost two barns in the fire and a third of another, of some 12 on his dairy farm.

Van Riper said that he was

"just lucky—or the Lord was watching over us"—that the fire was contained before it spread further, since not only is his home within some 300 to 400 feet from the destroyed barns, but approximately \$20,000 worth of materials being used in constructing another barn were near the fire, "and they aren't insured."

Van Riper suspects that the fire began from a bolt of lightning during the course of the night's violent rainstorm. Fire trucks were called to the scene at 2:03 a.m. and remained until 5 a.m.

Three calves, a bale conveyer, and some chopped straw were also destroyed in the fire. There were no injuries.

## Independent Party Has Full Slate on Ballot

Six unopposed Independent Party candidates are seeking offices in the village election scheduled for this Monday, March 11.

Candidates include Harold Pennington, nominee for village president; Wallace Wood, nominee for treasurer; Judson Goltra, nominee for village assessor; and Bruce Galbraith, Thomas Dmoch, and Don Wood, nominees for the three open trustee positions. All offices carry two-year terms.

In addition, Robert Merkel and Catherine Wagner are running for three-year terms as library board trustees. Both are incumbents.

The Independent Party stresses in its campaign platform some relatively standard issues, including:

—Continued improvement of the village's sewer system. The platform states pointedly that "the improvement of the present system is the responsibility of the residents of the village, but expansion of the system is the responsibility of the developer." A new totally village-financed trunk system of sewers, stretching from M-52 at Sibley Rd. to Old US-12, is making rapid progress toward completion later in the spring.

—Continued support of the "co-operative approach to the problems of recreation."

—Opposition to the proposed Mill Creek Metropolitan Park, a hot little item proposed by Huron-Clinton Metropolitan Authority that has cooled down as an issue in recent months. The party cites the oft-repeated objections to the park and terms the proposal "less than attractive to local area residents."

—Continued support of the Village Planning Commission, and active participation in the Chelsea Area Regional Planning Committee, which consists of the surrounding townships and the village proper all "in order to promote orderly growth in northwestern Washtenaw and northeastern Jackson counties."

Of the candidates, Galbraith is the only newcomer to village politics. Wallace Wood, Don Wood, Goltra, and Dmoch are incumbents; Pennington is currently a village trustee and formerly served as village president.

Pennington, 40, was village president from 1969 to 1970, and village clerk from 1972 to 1973. A Jaycee "Young Man of the Year" in 1966, he is employed at Raycon Corp. in Ann Arbor as comptroller. He was graduated from St. Joseph College, Rensselaer, Ind., with a bachelor of arts degree in history, and served two years in the U.S. Army. Born in Macon, he has been a resident of the village for 15 years, and lives with his wife, Peggy, and their six children at 409 Madison St.

Goltra, born in Detroit in 1904, has been a millwright and carpenter most of his adult life, working at plants in Detroit, Ypsilanti, Adrian and Chelsea. He has been self-employed as a carpenter specializing in hardwood floors for a number of years. He is a member of the Christian Science First Church of Detroit, Dexter F&AM, No. 65, and the Eastern Star of Chelsea. The Goltras, parents of two grown children, live at 509 Arthur St.

Wallace Wood, 57, has been village treasurer for the past 15 years. Born in Wayne county, he graduated from Chelsea High school and attended Ypsilanti Normal. Wood, a Charter Life Underwriter, is the local agent for State Farm Insurance. He has been active in the Methodist church, holding lay offices, and is a member and past president of the Kiwanis Club. In addition, he is a past president of the Chelsea Community Fair Board, and has been active in the Community Chest, March of Dimes, Boy Scouts, and the county Democratic party. He is married, the father of two and the grandfather of two.

Thomas Dmoch, 39, a current trustee, is employed by the U.S. Department of Interior, Bureau of Outdoor Recreation as a supervisory outdoor recreation planner at the Ann Arbor regional office. He is active in the Chelsea Kiwanis Club and has served on its board of directors. Born in Flint, he graduated from Flushing High school in Flushing and attended the University of Michigan and Michigan State University, receiving a master's degree in 1964. (Continued on page four)

## 'Mame' Cast Moves Into Dress Rehearsals

Monday night was the first dress rehearsal for the cast of Chelsea High school's production of "Mame," but nobody tripped over her dress or fell in her dancing shoes, although the Bishop in an opening scene did appear to be coming out of the left shoulder of his religious robes.

The critical eye of director Di-Ann L'Roy might protest a little bit, but the production just didn't contain too many "dumbbries"—a word Miss L'Roy coined in her pre-rehearsal pep-talk that is apparently inclusive of all mindless in-and-of-stage blunders.

What it does contain is something for just about every kind of theater fan.

For the plot fan, there is, indeed, a plot of sorts—young boy meets aunt, not-so-young boy meets girl and falls in love, boy and aunt quarrel, boy and aunt are reunited, as girl departs post-haste. Different from Romeo and Juliet, anyway.

If it's scandal that the audience craves, "Mame," has it—and, in fact, thrives on it. There is Vera Charles, Mame's "bosom buddy" who is continually stumbling through bedrooms and down stairs in drunken stupors asking what day it is—in addition to being "the first lady of the American stage."

There is also the bawlingly pregnant and decidedly unwed Agatha (Continued on page six)

A POLISH VISITOR, Zdzislaw Koslowski, second from left, attended Monday's Kiwanis Club meeting with Wallace Wood, left, with whom he stayed for a week. Wood's visitor, whom he and his wife met while in Poland last year, told his American friends that he had been saving for some four years to enable him to make a trip to the United States. Koslowski has since flown to New Jersey to visit other friends to round out his month-long U. S. visit. Others pictured are, the Rev. John Morris from Zion Lutheran church, who addressed the meeting on a Lenten theme, and Kiwanis president Charles Cox.

# Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

Clem Webster told the fellers at the country store Saturday night that he has thought the situation up one side and down the other, and he is of a mind that to many of the crises in this country is micro encapsulated. The fellers didn't know whether that condition is inherited or sold by the pound till Clem set em straight.

Actual, Clem had saw the word wrote under a aspirin tablet commercial on the TV, and he copied it down. Clem said all the little pain killers in the aspirin was locked up in little boxes, and that they worked their way out one at a time to spread their relief over four hours instead of dumping all of them in the body system at one time. Clem allowed he had saw on the TV where they was doing the same thing with some brand of deodorant.

What the Republicans is doing, declared Clem, is micro encapsulating everything from Watergate to a shortage of baling wire. They're locking all the country's problems in little boxes and they're opening up a few along to keep the crisis game going. What this means is that they can stand up at press conferences and tell how they are fighting this or that crisis, and this sounds a heap better than announcing that the country is coming apart at all the seams at once. The Administration is using them micro encapsulated problems to make it look like they're dealing with the problems, when all they're doing is dealing with the boxes they come in, was Clem's words.

Natural, Ed Doolittle was strong

disagreed with Clem. As much as Ed was put out the other week when President Nixon compared his suffering with Lincoln's, Ed said Nixon didn't invent the idea of Government by crisis. Ed said FDR was a past master of the crisis game, and he was the first to take common natural disaster and make it official crisis. It got to the place under FDR, allowed Ed, that folks didn't know a problem even was a crisis till the President told em.

For instance, went on Ed, President Roosevelt called a press conference in 1932 to announce that farms was washing away in all parts of the country. He said this was a national crisis, and that he was starting a soil erosion program to deal with it. Ed said he'd already had four farms washed out from under him afore the President made a crisis out of what he had thought was normal weather conditions.

General speaking, the fellers sided with Ed on this matter. All of em could recollect hardships of life that had been permitted to crises by Government press conference announcement. Zeke Grub said he was having trouble the other way to. He said ever time the Administration said a crisis already had happened and they was fixing it, the next thing he knewed that crisis had hit.

Personal, Mister Editor, it look like the crisis is multiplied by the number of politicians solving em.

Yours truly,

Uncle Lew.

## Cookie Sale Hits Total of 270,330 Boxes

The 1974 Girl Scout Cookie Sale here has gone over its goal, with 6,000 Girl Scouts selling 270,330 boxes, it was announced today by Mrs. Robert McNaughton of Ann Arbor, cookie sale chairman. Sale goal was 260,000 boxes. This year sales topped those of last year by over 7 percent, when 252,000 boxes were sold.

The successful completion of the drive assures the Huron Valley Girl Scout Council that they will be able to burn the mortgage of Camp Linden, their 400-acre troop and resident camp in Livingston county near Linden. The camp was purchased in 1963 at a total cost of \$100,000. Mortgage payments of \$10,000 have been paid annually. Each year the camp is used by more than 5,000 Girl Scouts.

With cookies priced at 96 cents per box, receipts for this year's sale totaled \$259,516. Of this total, about \$40,000 will go to the 300 Junior, Cadette and Senior troops selling the cookies to finance troop projects. \$104,000 goes to the Huron Valley Council to support Girl Scout camping through campsite improvements, camping scholarships and the purchase of camping equipment, as well as the over-all council programs.

Cookies ordered during the sale will be delivered starting March 19.

## MICHIGAN MIRROR

By Elmer E. White, Secretary, Michigan Press Association

### Picket Line or Classroom?

Although tradition dictates fall is the time to worry about teacher strikes, there's much discussion of them in the Capitol right now.

Two lawmakers introduced bills that would legalize teacher strikes in Michigan. The state's public employee relations act prohibits public employee strikes, including those by teachers.

(Unions representing teachers with contract problems are inclined to refuse to call their actions "strikes," preferring instead to label them "work stoppages." In recent years, however, the term "strike" has come into more general acceptance.)

One bill now in House committee would simply state that the no-strike provision in current law does not apply to anyone working in public school service. That measure is sponsored by Republican Rep. Melvin Larsen of Pontiac, would allow teachers to strike.

That measure also provides for teachers to forfeit part of their pay if the strike prevented their school district from offering the 180 days of instruction required for receiving state school aid payments.

Larsen says it's time the legislature seeks answers to the problems of public employer-employee disputes and impasses "in a positive way."

"We must recognize the fact that there is no sure way to prevent all panics," he adds. "There are no panaceas. However, some techniques exist which can reduce conflict, develop harmony and thus lessen the likelihood of strikes."

Larsen says that the "most significant preventative" is the attitude of both parties in the bargaining process toward each other. "The millennium is reached in employer-employee relations when both sides respect and acknowledge their individual obligations," he said.

Meanwhile, Dr. John Porter, state superintendent of public instruction, also is getting into the talks about school talks.

Porter says the State Board of Education should set up voluntary guidelines to encourage school districts and teacher groups to start contract talks early enough so strikes can be avoided.

The state board, however, has postponed consideration of Porter's proposal.

### Change in the Offing

If you're out of state next time your birthday—and driver license renewal date—roll around, you may not have to worry.

A bill now pending in the Senate would allow you to extend your license for three months—giving you extra time to get back to Michigan and complete the formal renewal process without causing problems over an out-of-date license.

The 90-day extension wouldn't cost you anything, under terms of the bill already passed by the House. And its sponsor, Rep. Lucille McCollough of Dearborn, figures it might save Michigan some money.

How would the state save?

Mrs. McCollough, a Democrat, explains it this way: If you're out of state and your license expires, you must either drive with it that way, risking problems with the police, or obtain a license from the state you're temporarily living in. And that means Michigan won't get your renewal fee for some time.

### The Newest for Children

Wheels are turning ever faster in Michigan as attempts are made to find homes for "hard to place" youngsters without families to call their own.

A new kind of directory, expected to be in use shortly, will list children available for adoption. The improved handbook, a tool of the Michigan Adoption Resources Exchange, will be computerized.

Through the improved system, child welfare agencies will send information about their youngsters to the computer, which will collect the data about the adoptable ones and include it in print-outs for the directory.

"We needed some kind of system to know what's out there," says Don Haviland of the State Department of Social Services, which handles Michigan adoption work. "We (previously) had no way of keeping track of the children."

Haviland also notes the change in adoptions in the past few years—from healthy babies to old, handicapped youngsters. That's because babies are generally not available for adoption these days. More unwed mothers keep their children and less stringent

abortion laws are reasons given for the change.

At the same time, Michael J. Hall, a supervisor at the Oakland County Department of Social Services, was named interstate consultant for adoption with the state department.

In his new job, Hall will be responsible for expediting the adoption of youngsters from other states and countries.

### DESIGNED FOR BLOCKADE

To blockade southern ports in the Civil War, the Federal Government asked shipbuilders to design a warship with shallow draft that could enter rivers, fire in any direction without having to come about, and would be armored against artillery fire from the shore. The result was John Ericsson's "Monitor," whose revolving gun turret was copied by the world's navies.

### MAKING MONEY

That man makes so much money, it's almost unbelievable. Why, just yesterday he was washing his face. Today, he got a "Get Well" card from the Internal Revenue Service.

## ATTENTION DEXTER TOWNSHIP PROPERTY OWNERS!

The Washtenaw County Equalization Department has stated in their report to the Washtenaw County Board of Commissioners that they recommend a factor of 1.26 for all real property in Dexter Township.

To preclude use of this factor, which would be unfair to some, all property in Dexter Township has been re-assessed. Sufficient increases have been made to achieve a factor of 1.

It should be noted that the 1974 tax roll will be available for inspection and that the Dexter Township Board of Review will be in session, at the Dexter Township Hall, on March 11th and 12th, 1974, during the hours of 9 a.m. to 4 p.m.

## Colonels, Rockets, Bullets Still Undefeated in Biddy Basketball

Colonels remained undefeated in World Basketball Association biddy basketball competition, with a 20-3 trouncing of the Bucks last Saturday. Celtics remained in the rate with a 16-7 beating of the last-place Stars.

In the American Basketball Association, Rockets also kept their

positions as league-leaders, with their 4-0 record, by defeating the Pacers, 14-8. Nets, in second place with a 3-1 record, topped the Squire 14-5.

It was a thriller for the Bullets, who just barely edged the Hawks in National Basketball Association action. Final score was 15-13, to keep the Bullets undefeated. Lakers routed the Pistons, 24-9.

Two weeks of regular season competition remain before the three league all-star games on March 23.

### Area Students Named To Hope Honors List

Two area students were named to the Dean's List at Hope College for their academic achievement in the fall semester: James Wojcicki, son of Mr. and Mrs. Sylvester Wojcicki, of 716 Taylor, and Frank Gucker, son of Mr. and Mrs. Frank Gucker of 2121 Baker Rd., Dexter.

Inflation is really far out today. I just read where buck teeth have gone up to \$1.95.

## Cagers Fall Before Saline Press Tactics

Chelsea's heady eight-game winning streak ended Friday with a crushing 78-60 defeat at the hands of league-leading and undefeated Saline.

The Bulldogs thus finish the season in third place in the Southeastern Conference, one game out of second, with a 10-4 record, an incredible performance over last year, when they earned a 2-12 record in the SEC and landed in the seventh slot.

Coach Tom Ballistrere reported that he was "very disappointed" in the loss, particularly since he felt that the Bulldogs possess the capabilities to win.

At half-time, Chelsea led by seven 37-30, but Saline came back in the third quarter to outscore the local squad, 30-8, and "that was the game," Ballistrere said.

"The boys got really flustered, and we had a great deal of trouble breaking Saline's press," Coach Ballistrere reported. "The third quarter was full of poor play, poor execution, and turnovers, mistakes that we just shouldn't have made."

Chelsea was also hampered by a poor night at the free throw line, hitting only six for 18, or 33 percent.

Despite the loss, Coach Ballistrere praised the "continually good spirits" of his ballclub, and noted that "just about everybody was instrumental in our eight-game drive."

Those cited as particularly instrumental in the drive were Marv Guster, Jeff Sprague, John Houle, Rick Sweeney, Gary Wonders, Jack Hackworth, and Rick Miller, in addition to starters Tim Treado, Dave Alber, and Ron Kiel. Hackworth and Sweeney were also commended for their abilities in coming off the bench to do a fine job for the squad.

Scoring in Friday's game was led by Alber with 14 points, followed closely by Treado with 13.

Other scorers were Ron Kiel, 10; Rick Sweeney, eight; Rick Miller, six; Marv Guster, four; Jack Hackworth, three; and Gary Wonders, two.

Rick Sweeney paced rebounders with nine.

### SUNDAY'S SERMON

#### \* The Good Things

Have you ever made a list, in order of importance, of what you consider to be the "good things" of life?

If you are like most people, your list will look more like a "want" list—a new car and home, air conditioning, a luxurious vacation, and lots of luxuries.

The world sure has changed from yesterday. But the world is ever changing. We hear a lot these days about the shape the world is in. It is still round, but many say its old and "square" ways are no longer in style. The problem here is that many of us have become so casual about change and progress that we have forgotten about many of the simple, important things. We lament the fact that the world isn't the way it used to be—but we don't wonder why, or give much thought to what can be done about it.

The world surely turns and it also changes. What each of us should do is make a list of the good things we can work to save and to bring about for the years ahead.

**We have to be ready when you need us.**

And that means new construction... the most costly in our history.

To meet the growing demand for electric power, we're now engaged in our largest construction program ever. And to build power plants and electric lines it costs more than ever before.

That's one of the reasons electric bills are going up.

You can't take electricity for granted anymore, but we'll continue to do our best to provide reliable electric service now and in the future.

**D.G. Plue of St. Joseph, Michigan got almost 19 MPG in his Chrysler ...by slowing down.**

Pretty neat... know what I mean? That Mr. Plue, of St. Joseph, Michigan, can get that kind of mileage from his '73 Chrysler Newport with a standard V-8 engine. Here's how he says he does it. By concentrating on getting good mileage on the highway... and not going over

50 mph... he was able to get almost 19 miles to a gallon. So by keeping his speed down... he saves fuel and saves money. He saves his tires, too. Now that's real savings. Know what I mean?

**BROWNIE TROOP 82—**  
Saturday, March 2, we planned to go roller skating in Brighton. Carol Airshay and Linda were the drivers. Carol was to follow Linda, but the fog was so thick that Carol turned onto a wrong road and got stuck in the mud. She got out and started back when they came upon a store. Linda had also stopped at the same store. They decided to come back to Chelsea and have pizza and something to drink. Carol hurt her hand and had to go to the clinic. We really had a lot of fun, even if we didn't make it roller skating. Cathy Roy, scribe.

## DEATHS

**C. Bietenwischer**  
Was Formerly Employed By County Road Commission

Clarence H. Bietenwischer, 317 E. Middle, died Sunday, March 3, at the Chelsea Community Hospital at the age of 78.

Born Oct. 24, 1895, in Bridge-water township, he was the son of Herman and Caroline Mayer Bietenwischer. He was married to Mildred Dimmick on May 28, 1927. She survives.

He was an army veteran of World War I and had been an employee of the Washtenaw County Road Commission.

In addition to his widow, he is survived by one sister, Mrs. Lillian Foor of Chelsea.

Funeral services were conducted Wednesday, March 6, at 10 a.m. at the Burghard Funeral Home by the Rev. Carl Schwarm. Burial will follow in Crosswell.

**Mrs. James Rupert**

Methodist Home Resident Dies at Chelsea Hospital

Mrs. James (Kathryn) Rupert, a resident of the Chelsea United Methodist Home, died Wednesday, Feb. 27, at Chelsea Community Hospital. She was 86.

Born Dec. 28, 1887, in Clarion County, Pa., she was the daughter of Jerry and Elizabeth Barris McElhattan. She married James Rupert on July 8, 1914. He preceded her in death on Nov. 28, 1958.

She came to the Home July 19, 1971, from Ann Arbor.

Arrangements were by Staffan Funeral Home.

**Mame...**

(Continued from page one).

nes Gooch, until Mame and Vera's redirection a nasal, dateless introvert, whose "condition" prompts one of Mame's most successful projects.

There are costumes—and more costumes—and more costumes. Mame herself strolls through changes that include an opening scene gold-glitter number, a wide-hooped southern-belle type gown, and a three piece fur-trimmed suit. Singers and dancers similarly change from flappers to established plantation dwellers to bobble soxers with amazing rapidity.

As for musical numbers, there is variation between the sadly honest "If He Walked Into My Life Today," sung by Mame when she and nephew Patrick feud over his fiancée, to Patrick's "My Best Girl," to big production song-and-dances like "It's Today," and the rouser, "That's How Young I Feel." If there were any justice in theater, all the dancers would be allowed to lie panting on stage after this last one.

And last, but not least, of course, there is local talent, which invariably brings them out.

Pat Knickerbocker as Mame is a high-stepping, thinking-young, party-giving carouser, more thoughtful than many of her cohorts, but still an unlikely candidate for motherhood or autohond. Her nephew, Patrick Dennis, portrayed at varying ages by Patrick Powers and Dale Heydlauff changes from a martini-mixing prodigy who appalls his dead father's lawyer to a socially-conscious young man who is embarrassed by Mame's entourage of assorted weirdo friends.

Agnes Gooch, Patrick's nanny, portrayed by Jodi Daniels, is initially a bespectacled, whining school-marm caricature, transformed by Mame's unadulterated effort into some sort of liberated woman, who unfortunately encounters the hazards of her new life style.

"Mame" opens Thursday, March 21 in the high school auditorium, and continues Friday and Saturday, March 22 and 23. Ticket orders may be sent to "Tickets for Mame" at Chelsea High school.

## Darlene Robbins Wins Family Leader of Tomorrow Award

DARLENE ROBBINS

Darlene Robbins, who seems to be an All-American girl if her high school activities are any indication, is Chelsea High school's Betty Crocker Family Leader of Tomorrow.

Darlene, who terms the Betty Crocker test "pretty much common sense stuff you learn in home economics," is eligible by her present standing for competition for the State Family Leader of Tomorrow judging, the winner of which receives a \$1,500 college scholarship.

At Chelsea High school, she is a member of the National Honor Society, and last year was president of the Future Homemakers of America group, which did not organize this year.

During high school she has also received honors as best in her division in forensics during her sophomore year. She has participated for two years in band, and six in 4-H activities.

A member of Faith Evangelical Lutheran church, she presently is employed as a receptionist at Chelsea Medical Center after school. She plans to marry on Aug. 3.

DEBORAH ORLOWSKI

## Good Citizen Award Goes to D. Orlowski

Whatever sort of undefinable qualities it is that make up a good citizen, Chelsea High school senior Deborah Orlowski apparently has them.

Debbie, the daughter of Mr. and Mrs. Edward Orlowski, 570 Chandler St., is Chelsea High school's recipient of the "Good Citizen" award, presented annually by the Sarah Caswell Angell Chapter of the Daughters of the American Revolution.

Recipients of the award are chosen on the basis of dependability, service, leadership, and patriotism, with senior students of respective high schools voting on their female classmates, and teachers voting to choose from the top vote-getters.

At Chelsea High school Debbie is secretary of the National Honor Society, a three-year member of the school choir, and a former debator. In addition, she is employed as a part-time secretary for the Chelsea Police Department.

After high school, she expects to attend either Jackson Business University or Lansing Business University and intends eventually to become an executive secretary.

The pins and certificates signifying the Good Citizen awards were presented to recipients from area high schools at ceremonies in Westminster Presbyterian church of Ann Arbor on Feb. 17.

## New Pistol Law Effective in March

Conservation officer Robert Like warns local sportsmen that a new law passed by the State of Michigan and scheduled to become effective late in March should warrant some attention from those owning handguns.

The law, Like says, will make a concealed weapons permit necessary to transport a handgun in a vehicle. Violation of the law calls for revocation of the permit relating to the gun and constitutes a violation of the conditions of the permit would result only in removal of the permit.

## Girl Scout Troops Preparing For Big National Birthday Week

If it seems that Girl Scouts are coming out of the woodwork next week, just like Boy Scouts were a few weeks ago, don't be a bit surprised: next week is National Girl Scout Week.

Theme for this year's recognition of Girl Scouting is "Girl Scouts Together," a title that comes from a familiar scouting camping song.

For the past few weeks, if reports from troop meetings are correct, Brownies, Junior Girl Scouts, Cadettes, and Senior Girl Scouts have been readying their respective troops for their week's festivities.

This Sunday, March 10, will be Girl Scout recognition day in several area churches, to signify the link between scouting and religion, a topic the Rev. John R. Morris of Zion Lutheran church discussed

with Brownies of Troop 169 earlier this week.

All area Girl Scouts at the various levels will participate in the annual Father-Daughter Banquet, scheduled for Monday at 8:30 p.m. at Beach Middle school. Scouts will present skits revolving around their activities in scouting.

For the duration of Girl Scout Week, displays constructed by the various troops will be found in the windows of businesses on Main St.

In addition, during Girl Scout countries lacking them.

Week scouts will be contributing in various ways to the Juliet Lowe World Fellowship Fund, which bears the name of the founder of Girl Scouting.

Funds raised from such contributions aid in the maintenance of Juliet Lowe's birthplace in Savannah, Ga., and of international encampments all over the world, which are places designated for scouts when they visit various countries. Funds are also used to organize Girl Scout programs in

## NORTH ELEMENTARY SCHOOL NOTES

**THIRD GRADE**  
Teacher: Mrs. Lawler  
Our third grade has been quite busy in learning how to tell time. They are becoming more aware of telling a certain time in two different ways.

They have been involved in the task of putting up monthly bulletin boards. There sure were a lot of hearts for February.  
Their puppet skit of a "bank robbery" went off quite well. There made up the skit themselves. There was a stage with curtains and a real cardboard "get-away" car. Carolyn Chandler played the bank teller. Tim Benjamin the police. Packard the bank robber; and Brent Martin the robber scientist. Ghost stories have been numerous since they have been trying their hand at creative writing.

Even though the protests are many, everything is done in curative writing. It is the correct way of making the w's, v's, and w's that seems the hardest.  
Teacher: Mrs. Peet  
Many interesting things have been happening in our room lately. We have a new boy in our class named Barney Jones. He has moved to Chelsea from Royal Oak. He likes living in Chelsea because he lives on a farm here.

In science we have been talking about energy and the fuel shortage. We have talked about ways that we can help save energy at home. Some ways are to turn off the TV when no one is watching it, do not turn on more lights than you need, be sure and turn off lights, stove burners and ovens when they are not being used, and we should ride bikes or walk when we can so that the car does not need to be used.

We have been discussing problems that we have in getting along with other people at school. We got into groups to talk about this and are making up plays and puppet shows and making posters to show how we can try and solve these problems.  
We have had several birthdays in our room in February and some in January that we did not report. They were: Chris Martins, Tom Spencer, Robin Dall, Tommy Hill and Jane Verway.

Teacher: Miss Sanders  
We have been keeping quite busy during the last few weeks. During Dental Health Week we learned all about the different parts of our teeth and the importance of taking care of our primary teeth. We kept a chart telling whether or not each of us remembered to brush our teeth each morning and we made a bulletin board of pictures of good snacks—ones that do not cause cavities. Miss Falk visited us from Ann Arbor to show us the proper way to brush our teeth and also some things to do when we cannot brush, like "swish and swallow."

Our Valentine's party was lots of fun and the treats brought in by the room mothers were very good.  
Dane Tompkin's birthday was last Tuesday so we had a birthday

party for him. His mother brought in cookies and pop.

We are now learning to write different kinds of letters in English. We now know how to write thank-you letters, invitations, and friendly letters. We learned to address envelopes, too.  
We are learning to do multiplication and division in math. It is kind of hard but it is lots of fun.

**FOURTH GRADE**  
Teacher: Mrs. Pietila  
In gym we have been square dancing and playing with the parachute. In art, we have been making string pictures and working with clay. We had the opportunity to play instruments of Java.  
Doug Burchett and Pat Rady had birthdays.  
In health class we just started a book about the body. In math we have been working with fractions. Brian Smith is putting on a play called "Rapunzel." Mrs. Hafer's class put on a play called "Who Is A Fool?"  
Our Valentine party was very nice. The ice pond is great for sliding. In social studies we have been studying about Egypt.

## Conservation School Scholarships Available For Several Teachers

This summer the Washtenaw County Soil Conservation District will again sponsor several local county teachers to the Ralph A. MacMullan Conservation School. Several five-day sessions will be offered at the school, located at Higgins Lake.  
Scholarships covering part of the cost are being offered to teachers who apply and are approved by the Board of Directors of the Washtenaw County Soil Conservation District. Applications must be in by May 8.

Resource persons from universities around the state, the Michigan Department of Natural Resources, industry and other state agencies comprise the staff at the school. Resource people, materials, lectures, field trips and discussions are all focused on providing teachers with understanding on critical issues dealing with the relationship between man and his environment. Teaching techniques will be discussed by teachers who have put them into practice.  
Please contact the Soil Conservation District at 761-6721 for additional information.

## INDEPENDENT PARTY PLATFORM

- To continue to promote well qualified candidates for public offices.
- The Independent Party will continue to work for the improvement of the present sewer system. We continue to believe that the improvement of the present system is the responsibility of the residents of the Village but that extension of the system is the responsibility of the developer.
- The Independent Party is in favor of a cooperative approach to the problems of recreation and supports the Village's participation in the coordinated group effort to draw together all of the local groups and agencies interested in recreation for the Chelsea area residents.
- The Independent Party is in opposition to the proposed Mill Creek Metropolitan Park as now proposed by Huron Clinton Metropolitan Authority. This park offers little, if any, benefits to the local area residents. It will probably cause many problems for the area and added costs to the local taxpayers.
- The Independent Party is in favor of continued support of the Village Planning Commission. In order to promote orderly growth of Northwestern Washtenaw and Northeastern Jackson Counties, we also support active participation in the Chelsea Area Regional Planning Committee consisting of the surrounding townships and the Village.

AIMING FOR ECONOMY IN A PICKUP?

# THE DODGE BOYS ARE RIGHT ON TARGET

## WITH A MONEY-SAVING PICKUP!

ONLY THE DODGE BOYS GIVE YOU ALL THIS

- SMALLEST 6-CYLINDER ENGINE.  
The 225-CID Dodge Slant Six is the smallest 6-cylinder engine offered on any American pickup. (Naturally, if you want more power, Dodge offers a couple of larger, dependable V8 engines, too.)
- ELECTRONIC IGNITION.  
This advanced system is standard on every 1974 Dodge pickup. It eliminates points and condenser (that can wear out or get wet). In addition, factory-recommended spark plug maintenance is up to 18,000 miles under normal driving conditions. (Another nice saving for you when you choose a new Dodge pickup.)
- FRONT DISC BRAKES.  
Independent front suspension, and one of the roomiest cabs in the business are all standard. In addition, only the Dodge Boys can offer you three different pickup cabs. The conventional cab (shown), the exclusive Dodge Club Cab, and the Dodge six-man Crew Cab. All three types are available in regular two-wheel drive or four-wheel drive!

## St. Louis School Notes

The pizza party and social hour planned by the Student Council of St. Louis school was a big success. The boys planning it were John Martin, Paul Carlisle, Paul Gradowski, and Bob Barbalas. The event was attended by 30 Girl Scouts from Dexter and Ann Arbor, and the Mark IV band from Chelsea came out to play. Thompson's Pizza supplied pizza at a discount, and the Chelsea Dairy Queen provided discount ice cream.

Several pans of food left over from Knights of Columbus dinners were donated to the school.

Over this past weekend, the boys had a basketball game and Father Germano showed a movie and everyone had popcorn and candy.

The boys are looking forward to a trip to Greenfield Village planned for next week and sponsored by the school.

The Tifalmin people of New Guinea consider pigs as wealth in themselves. The donor of a pig acquires not only prestige but credit, and expects a pig in return on some future occasion.

## SEC ROUND-UP:

## Saline Packs Away Conference Title With Perfect 14-0 Record

Saline ran its undefeated streak to 14 in the Southeastern Conference Friday, with a 76-60 defeat of Chelsea in the final contest of the season. The defeat, Chelsea's first in eight games, dropped the Bulldogs to third behind Milan.

### Saline 76, Chelsea 60—

The third period told the story for the Saline Hornets, as they came back from a 37-30 half-time deficit to outscore the Bulldogs, 30-8, in the third quarter.

It was the Hornets' full-court press that did the trick for the league-leaders, who move to district tournament play on the momentum of a 14-0 conference record.

Tim Slesky topped Hornet scorers with 23 points, aided by Dan Scott with 19 and Scott Fosdick with 11.

Leading Bulldog scorers were

Dave Alber, with 14. Tim Treado with 13, and Ron Kiel with 10.

### Milan 108, Dexter 56—

Milan demolished Dexter to emphatically establish sole possession of second place in the SEC, rolling up a record-setting 108 points, that included another record, a 38-6 lead at the end of the first quarter.

The Big Reds were paced by four players scoring in double figures—Stan Joplin with 19, Jay Cummings with 18, Jim Kordaupe with 15, and Greg Armstrong with 10.

Leading Dexter scorer was Al Hosler with 15.

### South Lyon 72, Novi 48—

The season ended just as it began for Novi with another defeat, this time at the hands of South Lyon, to stretch their loss streak over the entire season.

The Lions jumped to a quick 13-point edge in the first quarter,

and, although the teams played evenly enough after that, the initial lead held up for the course of the contest.

Ed Segars paced South Lyon with 23 points, while Tony Kern hit for 22.

Bill Barr was good for 19 points for Novi's losing cause.

### Lincoln 70, Brighton 66—

In a game of little consequence to anyone but the two teams involved, Lincoln edged out Brighton, 70-66, to maintain sole possession of fifth place.

Doug Roome led the Railsplitter effort with 21 points and 16 rebounds, as Lincoln raced to a 22-12 first-quarter lead that never wavered.

High Bulldog scorer was Jim Johnson with 28 points.

## Tree, Shrub Orders Now Being Taken

Tree and shrub orders are now being accepted by the Washtenaw County Soil Conservation District. The seedlings are available for a nominal cost to any one who desires them.

Evergreen seedlings available from the District include: Blue Spruce, Douglas Fir, Scotch Pine, Northern White Cedar, which grows well in wet soils, is also available.

Hardwood seedlings available are the fast growing Tulip Poplar and the White Ash, as well as the fruit-bearing Hackberry Tree, Black Walnut seedlings and Black Walnut nuts may also be obtained.

Wildlife fruit-bearing shrubs include Multiflora Rose, Autumn Olive, and Honeysuckle. Two types of wildlife packets will be available. These include a variety of shrubs and evergreens.

In addition, the District is offering Emerald Crownvetch Seed. This low-growing, long-lived legume is excellent for erosion control plantings on steep slopes.

District Director Lloyd Braun related that the annual Tree and Shrub Program is part of the District's effort to further conservation plantings. The seedlings are intended primarily for natural beauty, hedgerows, windbreaks, erosion control, wildlife habitat improvement and reforestation.

For further information and order forms, please contact the Soil Conservation District office at 6101 Jackson Rd., Ann Arbor, 48103, phone 761-6721. Office hours are from 8 a.m. to 4:30 p.m., Monday through Friday.

## Man Claims Illness, Police Claim D&D

A Dearborn Heights man was arrested early Sunday morning on a charge of drunk and disorderly after Chelsea Police officers had attempted repeatedly to convince him to peacefully leave a local bar.

Officers Graves and Browning say that Richard Alan Katoch, 20, had reportedly been creating a disturbance in the establishment and had been asked to leave, when they stopped while on routine pa-

trol at a large gathering of people outside the bar. A friend volunteered to drive Katoch home, and officers left the scene.

Half an hour later, while again on routine patrol, officers found Katoch standing in the middle of Old US-12, reportedly completely incoherent and hardly able to stand, with breath smelling strongly of intoxicants and bloodshot eyes.

When officers again attempted to reason with Katoch, he allegedly became belligerent and tried to flee the scene as they were guiding him to their patrol car.

Once in the patrol car, Katoch complained that he was ill and had a 105-degree temperature, officers report. When the officers arrived at Washtenaw County Jail, the desk sergeant reportedly felt Katoch was too intoxicated to process.

He was returned to the County Jail, where he was detained until posting \$50 bond Sunday afternoon. He was arraigned in 14th District Court on Monday and pled not guilty, and will be tried April 3 at 10 a.m.

From Mrs. Olie Gilmore, Laurinburg, N.C.: I remember when there were no cars and when Sundays came the buggies and wagons and the surries with the fringe on top would get folks to the churchyard.

When someone was sick, folks came from miles around to visit. When someone died, men dug the grave and sometimes made the coffin. Women cooked and helped in other ways.

We raised all our vegetables, raised hogs for meat and lard. We worked in the field all day and at night we loved to sit around the big fireplace and listen to mama and papa tell stories of their early years. Sometimes, mama would sing.

We raised chickens, and gathered eggs, and milked cows. There were no fancy decorations in those days.

We walked two or three miles to school each day. We boiled our clothes in a big wash pot, used a scrub board. Mama even made the soap with which we did the laundry. Those were the good old days.
