New Tennis Courts Ready For Dedication

A project skeptically termed a "grand plan" in September of 1972 will become an undeniable reality this week, when a pair of tennis courts are dedicated at North Elementary school by Chelsea Recreation Council.

Completion of the two courts will not only make possible home tennis matches for Chelsea High school varsity teams, but also will provide another two courts for the apparently burgeoning number of tennis buffs in the area (a Recreation Council class for beginning and intermediate tennis was forced to close to enrollment when 75 enthusiasts showed at the class' first meeting).

Total cost of the two courts, \$11,500, is significantly less than that needed to build similar courts in Ypsilanti, Ann Arbor, and Saline. The cost in these three areas ranged from \$12,000 to \$18,000.

Property for the courts and some \$2,500 was contributed by the Chelsea School District; donations specifically earmarked for the courts were made by Chelsea Kiwanis Club (\$500) and Chelsea Child Study Club (\$600); while Village Council footed the rest of the bill.

Mrs. Jon Schaffner has served as Recreation Council co-ordinator of the project, with Robert Daniels assisting in planning.

Department of Public Works of the village performed the initial preparation of the North school site, while other contractors involved were: Washtenaw Asphalt, which constructed the base; New Hudson Fence Co., which erected the fence, which alone ran some \$3,000; and Humphries-Hansen, Inc., which provided the finishing touches of top coating, lines, and nets.

To deal with anticipated necessary functions involving local tennis, Chelsea Recreation Council has established a Tennis Commission with the avowed major purpose of promoting, organizing, and establishing rules and plans for court use.

The commission will also hear and consider complaints and suggestions regarding local tennis and initiate improvements in the present and future facilities.

Representation on the Commission is composed of one member from the Recreation Council who will serve as chairman, this year Mrs. Jon Schaffner; a representative from the School District, Sam Vogel, high school varsity tennis coach; one representative from the village government, Sam Johnson, Village Council trustee; two at-large members from the community, Miss Theresa Schreiner and Mrs. James Sprague; and the Recreation Director, Tom Balistrere, ex-officio member.

Activities of the Commission will be funded by Chelsea Recreation Council, as per a proposed budget for the next fiscal year (March 1 to Feb. 28), to be submitted by Oct. 1 of each year in order to be included within the Recreation Council budget.

Tennis Team Loses Match With Novi

Chelsea's varsity tennis squad fell to Novi, 5-2, last Friday, but Coach Sam Vogel contends that the contest was "actually closer than that score would indicate."

Individual match breakdowns were:

First singles, Debbie Bertke, Chelsea, defeated Gary Garcia, Novi, 5-7, 6-4, 8-6.
Second singles, Tom Kelley, Novi, defeated Jane Belser, Chelsea, 6-2, 6-3.
Third singles, Rick Marchetti, Novi, defeated Dan Hagan, Chelsea, 1-6, 6-4, 6-1.
Fourth singles, Tim Kelley, Novi, defeated Duane Luick, Chelsea, 4-6, 6-2, 6-4.

First doubles, Bellanger and Akma, Novi, defeated Marshall and Umstead, Chelsea, 6-2, 6-0.
Second doubles, Heydlauff and Quackenbush, Chelsea, defeated Spielman and McBahey, Novi, 6-1, 7-5.
Third doubles, Banks and Tuck, (Continued on page eight)

School Bonds Are Sold at 5.775% Interest

At Monday night's Board of Education meeting, five bids were received for the \$4,800,000 in bonds to finance the building program approved last Dec. 17. The board accepted the low bid of 5.775 percent interest, as submitted by John Nuveen and Co. of Chicago.

The board also accepted the bid of \$506 as submitted by the Northern Bank Note Co. of LaSalle, Ill., for printing of the bonds.

Industrial Ed' Entries Going To State Show

Two Chelsea students who placed first and second in last week's Regional Michigan Industrial Education Fair will exhibit their prize-winning entries at the Michigan Industrial Education 46th annual convention which begins in Detroit today.

Earning a first-place ribbon was Mike Kozminski for his architectural drawings. Dale Koch took a second-place ribbon for his electric darkroom timer. They competed against student entries from 20 high schools in Washtenaw, Jackson, and Monroe counties.

Also rated highly were Tom Clemons, who won a third-place ribbon for his electricity entry; Brad Smith, who received honorable mention for his machine shop entry; Walker Prater, honorable mention, wrought iron entry; and Douglas Welshans, honorable mention, electricity entry.

The convention display, at the State Fairgrounds in Detroit, opens today and continues through Saturday.

Industrial education instructors are Jim Tallman and Orville Thompson.

Grade Schools Art Show Slated Next Tuesday

A combined art show for North and South Elementary schools will be held Tuesday, April 30 from 6:30 to 8 p.m. at South school. The community is invited to browse through the colorful displays. Coffee and cookies will be provided as refreshments.

IT'S WRITTEN IN THE STARS! say planners of the Beach Middle school carnival: everyone will enjoy their carnival tomorrow night at the school. Some of the booths rated hot attractions by Carnival Club members include an astrology booth, marionette show, bean bag throw, and many others.

BEAN BAG BOOTH with its smiling face beams a bright outlook for Friday's Beach School Carnival. Above, Cheryl Bareis, Sheila Tarasow, and Penny Wood, managers of the booth, display the face they painted in the Carnival Club.

Beach School Carnival Set Friday Night

Armed with a wagon-load of donations from local merchants and innumerable enthusiastic middle-schoolers, Beach Middle school carnival is scheduled for tomorrow night, beginning at 5 p.m. and running until 9:30.

In addition to the bargain dinner mentioned in last week's issue of The Standard, carnival promoters have made the affair look even more enticing this week with the announcement of prizes donated to the drawing. The drawing will take place at the evening's end.

Among the donations are two kites from Chelsea Hardware, a candle from Tailfeather Creations; a game of Aggravation from Gambles; a record gift certificate from

Heydlauff's; two belts, two rings, two pairs of socks, and two hats from Karen's Boutique; a necklace from Dancer's; two tie clasps from Strieter's Men's Wear; a stuffed animal from Grove Store; a boy's shirt from Foster's Men's Wear; a purse from Vogel's; 10 carpet samples from Merkel's Home Furnishings; two cases of Coke from Schneider's; a box of 80 five-cent candies from Kusterer's; a centerpiece of artificial flowers from Gar-Nett's Flower and Gift Shop; a scarf from Chelsea Drugs; and three necklaces from Winans Jewelry.

Funds earned at the carnival will be used by individual organizations who have sponsored booths and also by the school to buy a video tape recorder.

Sponsoring the carnival are the Carnival Club, under the direction of Jane Cummings and David Knisely, and Beach School Student Council, under the direction of Susan Harding and Jack Hyatt. There is no admission charge. Most individual booths have 10 cent charges, however.

Golf Team Opens Title Race With Win

Led by sophomore Mike Fouty, who shot a 40, Chelsea golfers successfully opened their race for a Southeastern Conference title Tuesday, defeating South Lyon, 182-184, and Milan, 182-187, at Milan.

Chris Rabbitt shot a 46, Dan Shirilla a 47, and Roger Policht a 49 in the meet. Medalist for the afternoon was Greg Wallace of South Lyon with a 38.

Bulldog junior varsity golfers also won, chalking up a 197-213 victory over Milan and a 197-257 over South Lyon.

The first big test of the season will come today for the Bulldogs, however, when they entertain defending champion Saline and always-strong Dexter at Inverness. (Continued on page four)

Bulldog Nine Runs into Three Losses

A trio of one-run losses this week saw Chelsea's record dip to 4-6 over-all in local baseball action.

In Friday's league encounter with Brighton, the other Bulldogs jumped to a 4-0 lead in the second inning on Tim Johnson's three-run homer.

Chelsea's Bulldogs gradually pulled within reach until they hit their prime opportunity, seventh inning, and bases loaded with no outs, after managing a run to put the score at 5-4.

A pair of infield flies and a long fly to center crushed local hopes, however.

Coach Phil Bareis said that pitcher Howard Haselschwardt, who relieved starter Bill Clark, pitched "three good innings."

Chelsea hitting was led by Joel Sprague, Mike Nadeau, and Doug Reed, who each racked up a pair of singles.

Line score:
Brighton040-010-1-6 11 6
Chelsea010-210-1-5 11 2
Saturday in the Tecumseh tournament, it was more close ball for the Bulldogs. In Chelsea's morning game against Columbia Central, the Bulldogs came from behind in the top of the seventh to take a 4-3 lead on a trio of singles by Kevin Webb, Joel Sprague and Jeff Sprague, and an error.

Columbia Central came right back in the bottom half, much to the Bulldogs' chagrin, roaring to two quick runs via a triple, double (Continued on page eight)

School Buses, Driver Ed Car Damaged

Four buses and a driver education car parked at Chelsea High school have taken a beating in the past week, Chelsea Police report.

Last Monday, sometime between 2:30 a.m. and 7 a.m., three buses were damaged to the tune of \$214, when unknown suspects used either blunt instruments or their feet to break two right side windshields on two separate buses and a door glass on a third.

In a repeat of the same procedure, similar damage was discovered by a maintenance man at the high school Saturday. The damage apparently occurred sometime between Friday afternoon and Saturday at 2 p.m.

Saturday's damage included a broken windshield on both the high school driver education car and on the left side of a school bus.

Police said that unknown subjects apparently walked on the hoods of both vehicles, kicking in glass. Damage was also done to the hood of the car.

The car, which was leased to the school district by Sprague Buick Oldsmobile, has been returned to the dealership.

No damage estimate was available for the second incident.

Police Warn Against Gyp Roof Repairs

Chelsea Police Chief George Morannuk warns residents of roof and driveway improvement schemes practiced by "gypsies" every spring who consistently victimize local people and then move on, before being caught in the act.

Chief Meranuck reports that a group of people arrive in the area every year who offer to either blacktop roofs or driveways for fees ranging from \$300 to \$600. The blacktop, Chief Meranuck says, is actually tar, and will become sticky, smelly, and generally low quality with hot weather. (Continued on page eight)

Track Team Soundly Drubs Lincoln, 85-38

Chelsea's track team made it four straight dual meets last Thursday by trouncing Lincoln's Rail-splitters, 85-38.

Once again, over-all balance and depth told the story of the Bulldog victory, as the local squad prevailed in 13 of the 15 events, earned one-two finishes in four events and won two relays.

Craig Coltre and Karl Gauss again led the way with their individual performances, as Coltre took first in long jump, high and low hurdles, and participated in the winning 440-relay team. Gauss was the leader in both the 100- and 220-yard dashes.

"We used this meet and will use two of the upcoming dual meets to shift some of our runners around to try to find the best possible combinations for relays and best events for the individuals," reports Coach Bert Kruse, "So that we can be ready for the important meets coming up."

Chelsea, undefeated in its pair of Southeastern Conference dual meets, is presently tied for the league lead with South Lyon and Milan, in the middle are Dexter and Lincoln, both at 1-1, while Saline, Brighton, and Novi trail with two defeats in the SEC.

Winners and placers in last Thursday's meet were:

Shot put: 1st, Ishmael Picklesimer, 45 ft., 1 1/2 in.; 2nd, Rex Miles, 43 ft., 3 in.; 3rd, Mark Smyth, 39 ft., 4 in.

A XEROX MICROFILM READER and a packet of microfiche cards from VIEW (Vital Information for Education and Work) is the latest addition to the office of Chelsea High school counselor Mrs. Dorothy Conlin. The VIEW program contains handy, readable information on some 85 percent of Michigan careers and is provided largely by the State Board of Education.

New Microfiche Unit Offers Career Data to High Schools

"Students seem quite a bit more concerned with careers these days," says Mrs. Dorothy Conlin, Chelsea High school counselor. "And they are particularly interested in areas which will provide them with a job as soon as they're out of school."

In these days of zooming unemployment, that certainly seems a legitimate concern. To its already career-conscious curriculum, Chelsea High school has therefore recently added a program provided by the State Board of Education, called VIEW (Vital Information for Education and Work).

VIEW utilizes various microfiche materials and a microfiche reader

to provide students with handy, readable information about some 85 percent of the careers presently available in Michigan.

"Microfiche," in the lingo of the trade, refers to small index-sized cards with microscopically-printed information covering some five to nine occupations per card. The information is magnified by the microfiche reader and appears on a portable-television-sized screen.

Presently the microfiche outfit is available for student use on a somewhat limited basis, since pre-registration for fall classes is continuing this week and the machine is situated unstrategically in the office of the person who knows best how to use it. Mrs. Conlin, who is presently counseling for pre-registration.

But the counseling staff has high hopes for its new acquisition, which was provided largely by the State Board of Education.

"We hope to eventually put the thing on a movable cart, so students can use it in various areas," Mrs. Conlin explains. "And actually, we'd like to get small microform readers sometime in the future, so students could take the look things over with their parents."

Provided for the VIEW program to participating school systems are (Continued on page four)

QUOTE

"These are the times that try men's souls. The summer soldier and the sunshine patriot will, in this crisis, shrink from the service of their country."
Thomas Paine.

Uncle Lew from Lima Says:

DEAR MISTER EDITOR

Some serious problems come up on the agenda at the country store Saturday night, and as usual the fellows boiled em down to bed-rock solutions. They was so busy viewing, with alarm, they didn't even bow toward Mecca when the feller that runs the store announced he had got a new gasoline shipment and they could fit a extra tankful this week. You recall they have been picking pooling, and Bug Hookum took a terrible chest cold after riding home from the store in the rain on the back of Zeke Grubb's truck.

First off, Ed Doolittle reported where he had saw that the Army is boycotting Harvard. He said they won't let officers go there for special training cause Harvard dropped ROTC and don't share the Pentagon's views in general. Ed was of a mind that if soldiers jett out to go to schools that side with the Pentagon, that'll be the best insurance we could buy again a military takeover in this country fer shore, then officers won't ever

work up no political ambition where they'll be studying.

Ed said he was special interested in Harvard, cause not to many years back we had a over-supply of Harvard men in Government. They were some magic to voters about a feller that had been to Harvard and hobbled with all fellows of strength, overkill and tough feathin'. Ed recollected feller that got elected to the county planning board cause he said he had been thru Harvard. It turned out he had walked across the campus once on a visit.

Zeke reported he had discovered a serious weakness in our form of Government, and he allowed it's no wonder we've been having trouble keeping our vice presidents. Zeke said he's been reading the bank ads in the big Sunday papers, and he ain't saw a single bank that don't list at least half a dozen vice presidents. And Zeke said he noted that insurance companies don't ever try to get along with less than three vice presidents. Everybody knows that insurance and banking is in a hole for better shape right now than the Administration in Washington. Instead of borrowing money they're lending it, and whoever heard of a insurance company or a bank operating in the red, Zeke wanted to know. The least the federal Government can do is get up a team of vice presidents, was Zeke's words.

Clem Webster was agreed with Zeke that Administration needs more Harvard men, more vice presidents or more somepuns. He had saw where the economists are predicting that the 1974-75 federal budget will be \$300 billion, and we'll run \$10 billion in the hole. That means we'll have a \$350 billion budget and go in the red at least \$20 billion. Clem said we might wind up with a recession and runaway inflation at the same time, and not even the bank and insurance vice presidents will be able to figure whether to step on the economy's brakes or gas.

Uncle Lew.

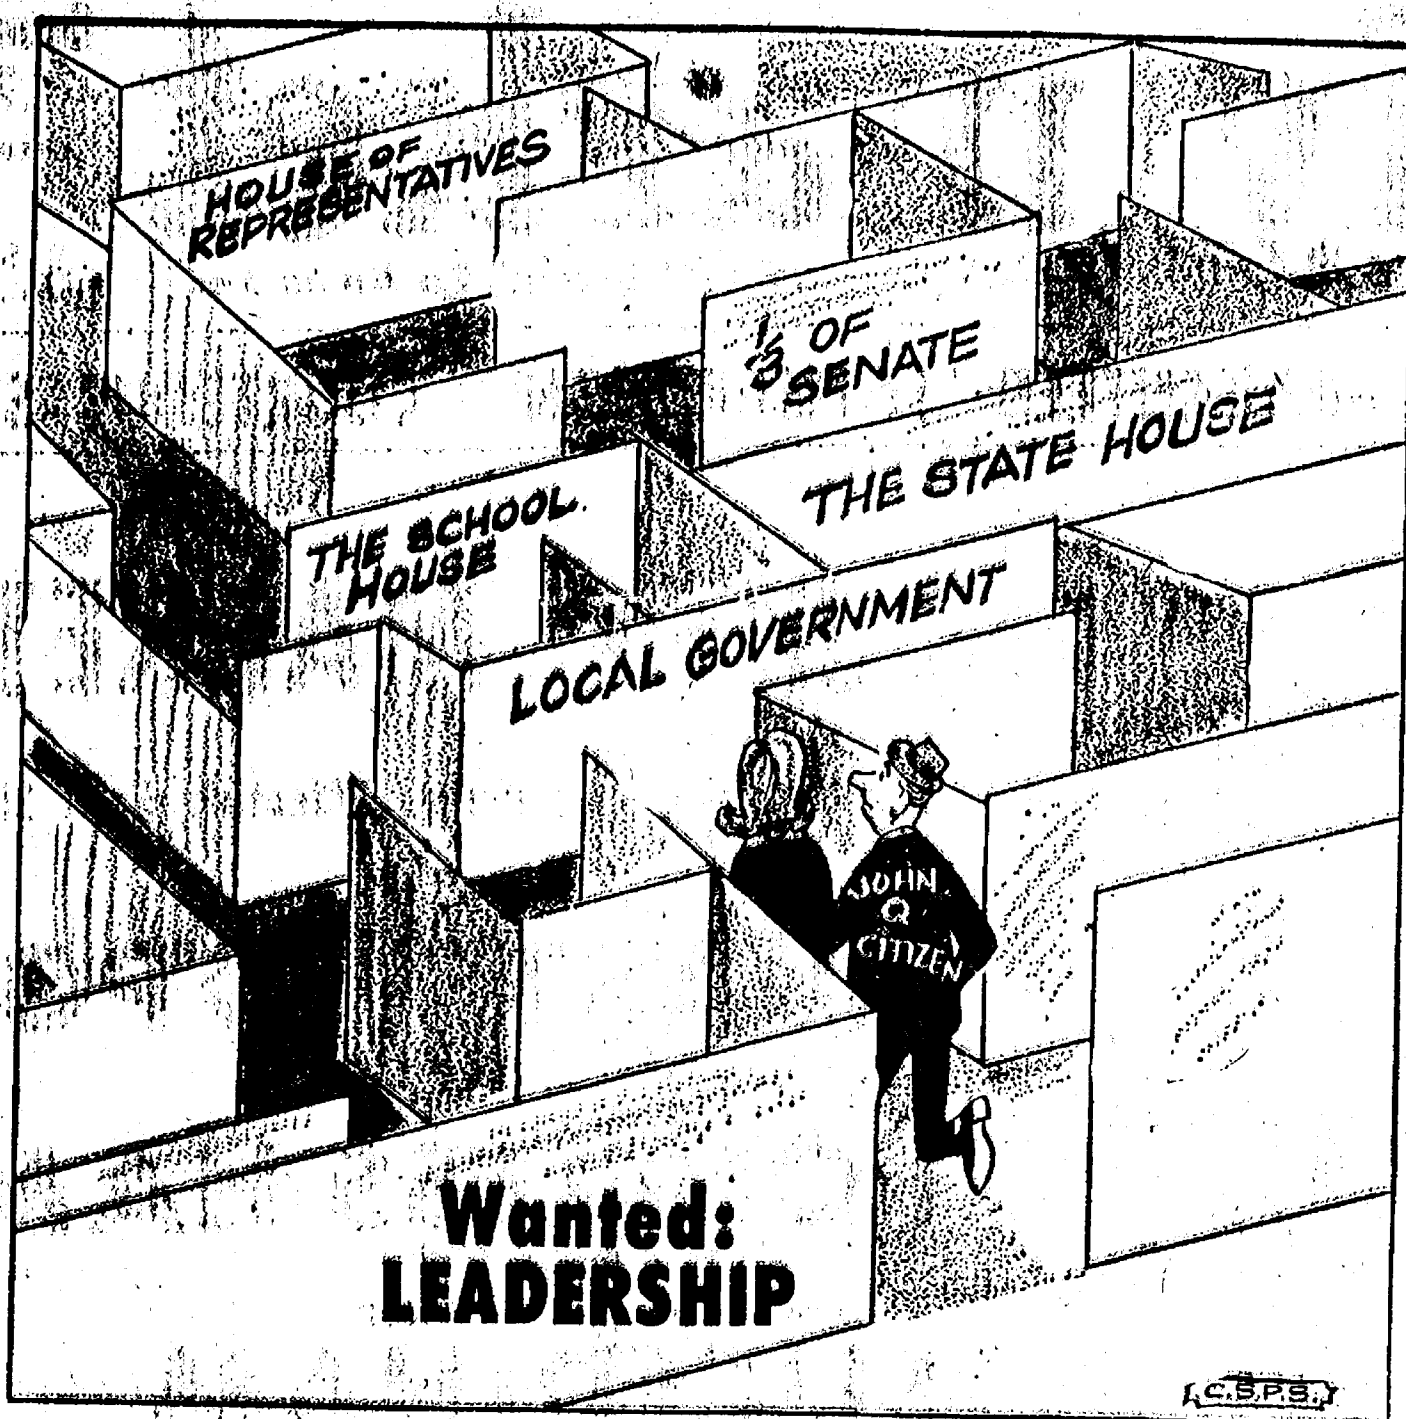

Bulldog Nine Evens Record

Chelsea topped South Lyon Tuesday afternoon, 3-2, to boost the Bulldog conference record to 2-2. The Bulldog nine earned two runs in the second on a pair of hits by Tres MacCollum and Tim Reed. The winning run was scored in the sixth when Mike Nadeau was safe on what may have been an error by the Lion shortstop but was recorded as a single. He advanced to third on an error by the same player and scored on Joel Sprague's sacrifice fly to left field.

Bill Clark pitched the entire game for Chelsea. Burton was the losing pitcher for South Lyon. The Bulldogs will entertain Milan Friday and Ann Arbor St. Thomas Saturday.

Ballot Battle On

Political winds blow ever stronger—and it's still months until election day.

With a slick press brochure and a blast at GOP incumbent William Milliken, former State Sen. Sander Levin officially opened his gubernatorial campaign recently.

Levin, the Democrat who lost to Milliken last time around by some 44,000 votes, "broke the news" (which most folks already knew) at press conferences in Berkeley, Lansing and Grand Rapids. And he was sounding like he figured the Democratic nomination was already his. In a release handed out to reporters, Levin spoke of "my opponent, Mr. Milliken."

But another man is seeking the Democratic nomination, and others could crop up. How well the other announced candidate, Southfield attorney James Wells, will do is anyone's guess at this point.

Some predict no chance for Wells, while others wonder if those who might not be turned on this year by Levin—again—will get behind the self-described "moderate conservative."

Wells has indicated he's interested in one main topic: busing. He's against it in no uncertain terms.

Former Detroit Mayor Jerome P. Cavanaugh's status as a candidate remains up in the air because of his health.

When he announced recently that he'd undergo an operation for a tumor on his kidney, Cavanaugh left the door slightly ajar. He might just get into the race if health permits.

Milliken, meanwhile, says he'll not hit the campaign trail in earnest until later in the year. Affairs of state come first.

But of course the governor thinks politically, a point much in evidence when President Nixon came to Michigan's Thumb earlier this month to campaign for GOP congressional candidate James Sparling.

Milliken, not known for his closeness with the president, had plans to be in Toronto. But he did make time to say hello to Nixon in the Saginaw area.

Hot Dog Exams
If the hot dogs in your stores do NOT meet Michigan's standards, you should know it. A good-sized sign, with red letters on a yellow background, should stare at you when you go to pick up a package.

That's because a new state law took effect last month, requiring the signs to warn customers that a store or restaurant is selling

products that meet federal standards, but not Michigan's higher ones.

The legislature passed the law last year, after Michigan lost a long court battle over what manufacturers can put into a comminuted (ground) meat products such as hot dogs, sausages and hamburger.

Michigan wants to ban products that contain snouts, lips, ears, udders and similar byproducts. The courts said the state could not do that, basically because such a policy discriminated against out-of-state processors who used some ingredients allowed by federal law, but not by state statute.

So lawmakers came up with the warning sign idea. And state agriculture department inspectors are beginning to look for the signs. They don't seem to be finding many.

Many stores say they won't sell products below Michigan standards, that the signs would turn customers off.

The department has a suggestion for buyers, though: If you suspect a product isn't up to Michigan standards, but you didn't see one of the yellow-and-red signs, let the department know. "Contact us and we'll check it out," says Ronald Leach, chief department food inspector.

State Has "Biographer"
Michigan's a winner in bicentennial preparations.

A Pulitzer Prize winner will write the state's history for the 1976 festivities. He's Bruce Catton, a Pottery native who won the Prize 20 years ago for three books he wrote about the Civil War. Catton, who now works in New York but summers on Lake Michi-

gan, says he doesn't expect to write a straight history. He wants to write about Michigan people and change within the state.

The author, who currently serves as senior editor for the American Heritage magazine, was among six writers named by the National Endowment for the Humanities to do stories about their native states for the U. S. bicentennial.

Turn It Around

Quite an upset—Democrat Richard VanderVenn's defeat of GOP Contender Robert VanderLaan in Michigan's 5th congressional district last February.

But the Republicans aren't ready to concede it was a permanent kind of thing. They're making plans to try to recapture the seat in this November's election. Kent County GOP officials have named a special Congressional Campaign Committee, headed by Robert G. Howlett, former county Republican chairman who is chief of the Michigan Employment, Relations Commission.

Officials say they hope to avoid a divisive Republican primary—if that's at all possible.

New Microfiche Unit Installed

(Continued from page one)

two VIEW decks; one for the use of students and one for staff; a filmstrip and corresponding tape to explain the workings and information of the system; and a day-long in-service training session to acquaint staff with the system.

In an "implementor's handbook" also provided by VIEW, means of approaching, "self-exploration," "career exploration," "decision-making," and "classroom activities" are presented in the form of various activities and projects that will, hopefully, make the student aware of career possibilities and his or her personal aptitudes for them.

Mrs. Conlin expects that the microfiche program will be aimed primarily toward freshmen in high school, with the underlying theory that "if you get them young, then they have a lot of time to think. And also, once the oldest member of a family is aware of the microfiche program, younger children will be more likely to use it later on when they're thinking about the future."

What used to be a sometimes agonizing experience of appearing before a counselor and attempting to verbalize future hopes and plans without knowing the "right questions" to ask to find the right information, is made a fairly private and comprehensive experience through the microfiche system.

In the implementor's handbook provided by VIEW, an illustration appears of the information provided on the card for "medical record technician."

The "script," as VIEW terms each career information article, is divided into various significant categories: job duties, requirements and qualifications, educational preparation, training, schools, and cost; future job outlook, job locations, wage and hours, fringe benefits, advancement opportunities, disadvantages, related occupations, contacts to make for more information, and things to read.

The categories, which are realistic and concise ones in themselves, also provide realistic information. The importance of taking high school courses such as typing, shorthand, and bookkeeping is mentioned.

The script notes that the only approved program for medical record technicians in Michigan at present is Schoolcraft College, and also terms the job market "excellent—there are more openings than qualified people to fill them."

Wages, the VIEW card notes, are frequently higher in cities and larger hospitals, which is certainly something worth knowing.

Disadvantages are told realistically, too; a medical records technician must do a great deal of paper work; such work may become repetitious.

The value of such a system is obvious: it speaks to the personal concerns of the student—how much does it pay? How long do have to go to school? What exactly will I do in this job? What should I take now in high school? handily and casually without forcing the student into the role of researcher on every individual possibility he thinks he might like to learn about.

Research, VIEW says in the implementor's handbook, has taken a total of "three years of collecting, analyzing, and evaluating varied resources" to complete the present VIEW career synopses. Information projectedly will be updated every two years to keep abreast of changing patterns, wages, and employment opportunities.

Kindergrarten Registration Set for May 9

(Continued from page one)

Children must be five years of age on or before Dec. 1, 1974 to register for the coming school year. The school must see the child's birth certificate at the meeting, or not later than the opening day of school. This is required by the State of Michigan.

Also no later than the opening day of classes, the school must be provided with a statement from a doctor verifying that children entering kindergarten have been immunized against diphtheria, tetanus, whooping cough, smallpox, polio, measles, rubella, and have had a TB test. Forms for such verification will be available at registration.

Since these future kindergartners have been allowed to visit school this spring, the schools have planned no activities for them at this meeting, and parents are asked not to bring their children.

Chelsea travels to Novi tonight (Thursday). Coach Kruse says that "Novi is quite weak this year and shouldn't pose too much of a problem."

Albion Relays are scheduled for this Saturday, April 27. Last year, Chelsea took Section III title in the relays, with sections based on the respective schools' enrollments. Coach Kruse expects that stiffest opposition in this year's competition will come from Battle Creek Harper Creek, Niles Brandywine, Royal Oak Shrine and Parma Western.

Albion High school is located just off exit 121 on I-94. Preliminaries and some of the field events will begin at 9:30 a.m. Finals are scheduled for 1 p.m.

KINDERGARTEN—Teacher: Mrs. Michelson

What's your telephone number? We can call each other (if mother says it's all right) because we have slips in school to write each others' numbers down.

Visiting days are over. They were so much fun! Half of the kindergarten children visited the 1st grades while the other half introduced kindergarten to the children who will be here next fall—and their parents, too. We hope they liked it as much as we did. It lasted two days.

Nancy and her mother brought baby chicks to school for a few hours. Their feathers were starting to grow on their wings and they were so soft. We had to touch them gently. Nancy also brought a lovely shamrock plant. Raymond and his brother Chuck brought two garter snakes to school in a big can. We put them in a very large glass jar (with dirt and grass). That way we could see them better.

Mrs. Columbo and Mrs. Parker showed us how to knit and crochet. It wasn't terribly hard to do.

Our grocery store and hat store are gone (everyone liked our hats). We must make room for all the things we want to do for science. We plan to plant seeds and try to grow plants other ways too. Joshua brought a growing carrot top. Melinda brought a plant. It died because it dried up when we were gone. Plants need light and water. The pussywillows and forsythia branches have roots on them.

We're waiting for someone to bring us a salamander or a frog or toad or eggs. We now have two guinea pigs, Skitter and Skatter and we have a hamster from Mark. Jennifer, Cherie, Michelle, Melinda and Frances like to bring treats to the animals. Other children say they will do the same.

There is such a short time left of school and we want to do so many things. Have a happy day!

FIRST GRADE—

Teachers: Mrs. Packard, Mrs. Peebles and Mrs. Stein

Spring is definitely here. We have had snakes and baby chicks visit us from Mrs. Michelson's kindergarten room. Each of our rooms has also had children visiting from the kindergarten to see a little bit of what we do in 1st grade.

We are involved in a health unit on good breakfasts and why we as 1st graders need to be concerned about how we start each day. The climax of this unit will be breakfast at school fixed by the children.

Next month we will present a

program "A Day in May" for our parents. Our music teacher, Mrs. Dye, and our art teacher, Mrs. Coulam are helping us with the program.

Birthdays for April are Chad Freyre, Lisa Smith, Tracy Taylor, Kelly Machesky and Kristen Thomas.

SECOND GRADE

Teacher: Mrs. Stuermer

We have a new girl in our class. Her name is Chris Cherry. She moved to Chelsea from Ann Arbor. We made toothpick sculpture in art class. We are enjoying the warmer weather, but we don't want to wear our coats. Some of our class had brothers and sisters visit our school for kindergarten round-up.

Teacher: Mrs. Walton

We enjoyed our spring vacation very much. We made Easter decorations and Easter baskets to take home.

We have been looking for signs of spring. Kim brought a caterpillar that she found, and we have some pussywillows. We have planted mixed flower seeds. We keep them near the windows and water them only when they need it. We are anxious for them to come up.

We finished our science books, and the Woody Woodpeckers and Zebras have started new reading books.

We are working hard to learn

borrowing in math. There sure are a lot of things to remember. We have three April birthdays: Steve, Will and Jamie.

Squeeze money, not people.

Now that the energy crisis has put the squeeze on, it's important we squeeze the most out of every dollar. And the way to do it with economy cars is Plymouth Duster. For example, Duster not only gives you room for one more person than Mustang II, it gives you more comfort and a bigger trunk. Check the box below.

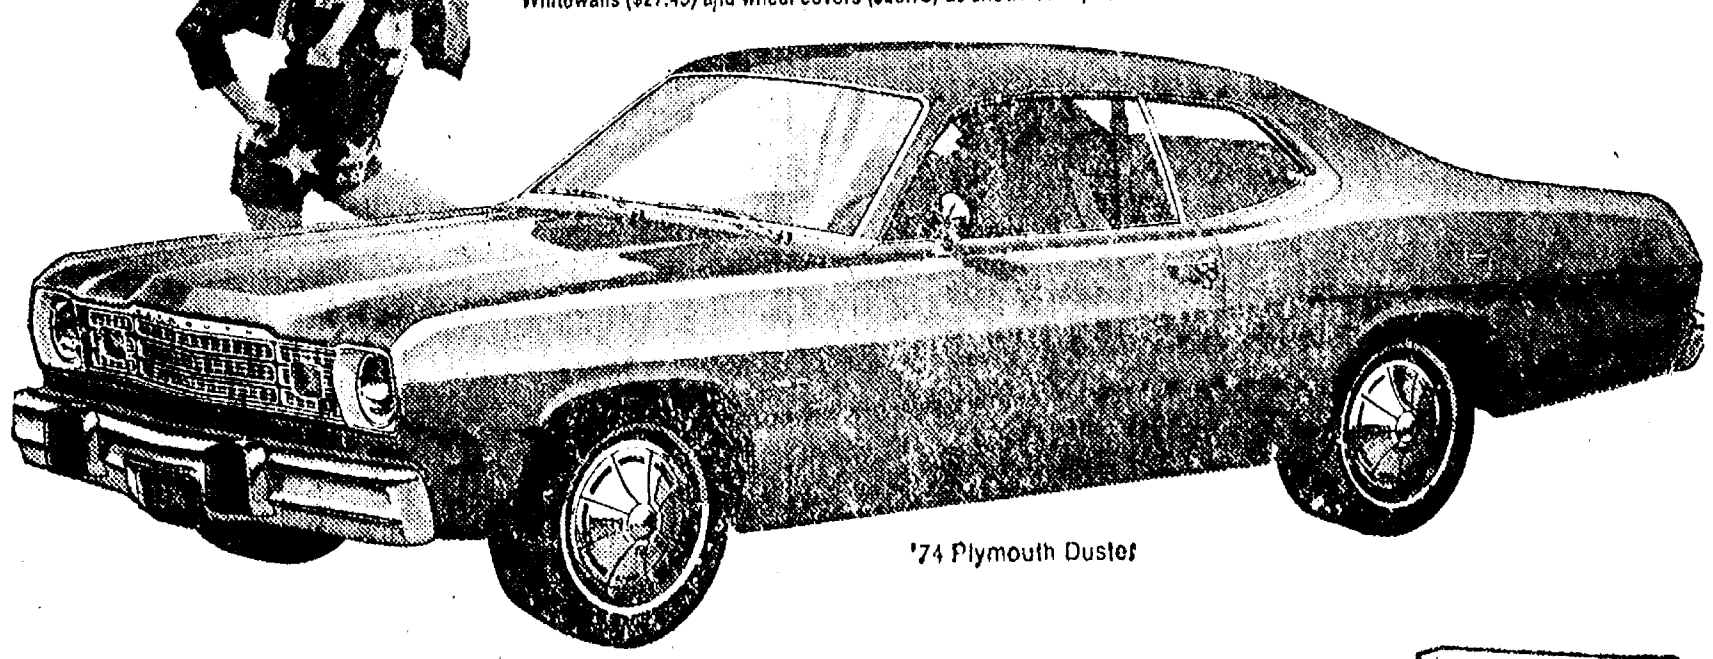

Duster squeezes your dollar more.
Not only is Duster a lot more car than the Mustang II, it actually has a sticker price that's lower than Mustang II.

Duster squeezes more gas for your dollar.
In recent U.S. Auto Club tests, for city driving, Duster's Slant 6 engine got better mileage than even Mustang's 4-cylinder engine!
All of which just goes to prove, when it comes to economy cars, Duster's the one that squeezes the money... not the people.

Day of Humiliation Will Be Observed at Immanuel Bible Church

In compliance with the Congressional Resolution proclaiming April 30 as "A National Day of Humiliation, Fasting and Prayer," Immanuel Bible Church will have a special service of prayer on Tuesday evening at 7 p.m. Several churches in the area will be gathering to pray for our nation as: "Resolved by the Senate and House of Representatives of the United States of America in Congress Assembled, that the Congress hereby proclaims that April 30, 1974 be a National Day of Humiliation, Fasting and Prayer; and calls upon the people of our nation to humble ourselves as we see fit, before our Creator to acknowledge our final dependence upon Him and to repent of our national sins."

State Senator William Ballenger Seeking 6th Congressional Post

State Senator William S. Ballenger on Tuesday, April 23 announced his candidacy for the Republican nomination for the 6th Congressional District seat being vacated by U. S. Rep. Charles E. Chamberlain.

Ballenger announced his plans in press conferences at three different locations—in Jackson "Under the Oaks" at 9 a.m.; in Lansing at the State Capitol at 10:30 a.m.; and in Howell in the Livingston county courthouse at 12 noon.

"With a background of half a dozen years on the firing line as a full-time elected legislator, I have been urged at this critical time by a great many friends, supporters, and party leaders throughout the 6th District to run for the seat being vacated by our hardworking incumbent Congressman, Chuck Chamberlain," said Ballenger.

The 6th Congressional District consists of almost all of Jackson county; all of Ingham county except Williamston township; Bath township in Clinton county; most of Livingston county, including Howell, Fowlerville, and Pinckney; and the western 12 townships of Washtenaw county, including Manchester, Dexter, and Chelsea.

A proven vote-getter, Ballenger was elected to the Michigan House of Representatives in 1968 with the largest majority of any legislative candidate in the 87th House District since 1960. Moreover, his percentage of the vote cast was the highest of any candidate running for State Representative in that district for the first time since 1914. On Nov. 3, 1970, he was the leading vote getter of all candidates on the ballot for state or local office in the 30th Senatorial District as he was elected to serve a four-year term, 1971-74, in the Michigan Senate.

On Feb. 23, the Michigan Jaycees named Senator Ballenger one of the Five Outstanding Young Men of Michigan, an award given annually since 1956 to only five Michigan men between the ages of 21 and 35, "on the basis of their exceptional achievement or contributions to their chosen field, their communities, and their fellow citizens."

He is the only Senator to chair two Senate standing committees: Agriculture-Consumer Affairs and Health-Social Services—and is also a member of the Committees on Education and Taxation-Veterans' Affairs.

In January, 1972, he received the Distinguished Service Award from the Michigan Agricultural Conference (only two are presented annually) for his consistent efforts to improve the lot of Michigan farmers.

He was chairman of the Platform Committee at the 1972 Republican, Fall State Convention in Detroit. He is also co-chairman of a bipartisan Special Senate Study Committee on Political Ethics and a member of the National Legislative Conference's Committee on Legislative Ethics and Campaign Financing.

Although a freshman, Senator Ballenger was selected by his colleagues in the Senate Republican Caucus in 1971 to be chairman of the five-man Senate Republican Campaign Committee. He has served on the Senate GOP Press Committee, and is currently a member of special Senate committees on the Status of the Arts; Library Funding; Family Health Care and Costs; and Family Medicine.

Born in Flint on March 28, 1941, Senator Ballenger holds an AB degree (with high honors) from Princeton University, from which he graduated in 1962.

He is a member of the Sons of the American Revolution; the Friends of the (Grand) River; the Greater Lansing Urban League; and serves on the governing board of the National Society of State Legislators.

William S. Ballenger lives at 515 N. Putnam St., Williamston 48895, in Ingham county. He is married to the former Virginia (Bunny) Woodard and they are the parents of one daughter, Josephine, born May 25, 1970, and one son, William S., V, born March 28, 1974, his father's 33rd birthday.

St. Louis School Notes

The boys have just returned from 10 days of Easter vacation. Before Easter, they had a dinner at the school and an Easter egg hunt, sponsored by Sharon, a girl from the University of Michigan, and the student council of St. Louis school.

Also before Easter, the boys celebrated Father Fortunato's birthday. Mrs. DeVoe and Mrs. Perez had a party in the classroom for the younger boys.

The boys also had a surprise birthday party for Sister Mary. Some of the boys had quite a time keeping the secret.

This Saturday is Alumni Day at the school. Festivities will begin with a basketball rematch, then continue with a mass, a banquet dinner, and a dance after-

wards. The boys are looking forward to meeting former St. Louis school students and having a good time.

The boys are also preparing for the Olympics, which will be held this year in Milan.

Mrs. Ronald George Sweeny

Janice M. Bauer, Ronald Sweeny Wed at Congregational Church

Janice Mary Bauer and Ronald George Sweeny were united in marriage Saturday at the First Congregational church in a ceremony officiated by the Rev. Daniel Kellin, former pastor of the church.

Parents of the couple are Mr. and Mrs. Robert L. Bauer of Freer Rd., and Mr. and Mrs. Franklin D. Sweeny of Jerusalem Rd.

Mrs. Daniel Kellin played organ in accompaniment to Miss Marie Houle, who sang "One Hand, One Heart" and "We're Only Just Begun."

For the ceremony, the bride chose a white satin gown with unpressed pleats in an A-line skirt with Watteau back and train. Back panels of the gown were completely applied in alençon lace, with the straight sleeves and high collar and bodice of the gown repeating the lace applique. Her camelot cap was covered with alençon lace and satin and flowed to a cathedral veil trimmed in alençon lace. She carried a triangle cascade of white roses, stephanotis and baby's breath.

Acting as matron of honor was Mrs. William C. (Linda) Pearsall, a sister of the bride. She wore a U-neck crepe gown of yellow, with contrasting white collar and cuffs on the long-sleeved jacket, circular waistline, and bishop sleeves. Her bouquet consisted of a tan wicker basket of white daisies, baby's breath, yellow sweets and yellow streamers. Her floral head piece was composed of two white daisies and baby's breath.

For her bridesmaids, the bride chose Mrs. Ronald Herrst, her cousin, Mrs. William Kushmaul, and Miss Deborah Winkle. They appeared in costumes identical to that of the matron of honor and carried similar bouquets.

Chosen best man was Rick Sweeny, a brother of the bride.

groom. Ushers were Randy Brier, James Bauer, brother of the bride, and Randy Sweeny, a brother of the bridegroom. Rodney and Ryan Sweeny, also brothers of the bridegroom, acted as candlelighters.

The mother of the bride appeared in a coral knit gown with circular waistline, pointed collar, and cuffs accented with self-covered buttons and white accessories. Her corsage was of white roses and baby's breath.

The mother of the bridegroom wore a two-piece floor-length gown of raw silk in turquoise with chiffon sleeves and collar. Her matching floor-length vest was trimmed in turquoise and silver braid. She wore silver accessories and a corsage of white roses trimmed in silver.

A reception at the Chelsea Rod and Gun Club followed the ceremony. Cutting the wedding cake was Mrs. John Skittenhelm, aunt and godmother of the bride; cutting the bridegroom's cake was Mrs. Gary Cattell, a cousin of the bridegroom. In charge of the guest book was Miss Eileen Bristle, a cousin of the bride; pouring coffee was Miss Julie Skittenhelm and pouring punch was Miss Susan Skittenhelm, both of whom are cousins of the bride.

The couple are now at home at 731 E. Michigan Ave., Grass Lake. The bride attends the Ann Arbor Practical Nurse Education Center and will graduate in September as a Licensed Practical Nurse; her husband is employed at the Chelsea Division of Chrysler Corp.

The bride was honored at pre-nuptial showers given by her aunt, Mrs. John Skittenhelm; by another aunt and a cousin, Mrs. Don Bauer and Mrs. Ronald Herrst; by Mrs. Jay Hanké and Mrs. Robert Aello and by Mrs. Gary Cattell, an aunt of the bridegroom, and Mrs. Don Pierson, a cousin of the bridegroom.

Popovich-Stanley Vows Exchanged At St. Mary's

Joanne Marie Popovich became the bride of Donnie Stanley on Friday in St. Mary's Catholic church in a ceremony officiated by the Rev. Fr. Phillip Dupuis.

Parents of the couple are Mr. and Mrs. Charles Popovich, Jr., of 109 Wilkinson St., and Mr. and Mrs. Wayne Stanley of 10520 Cady Rd., Jackson.

For the ceremony, the bride wore a floor-length gown of yellow tulle and matching picture hat.

She was attended by Karen Bassett as maid of honor. Her gown was also of yellow tulle, flocked with daisies.

For his best man, the bridegroom chose Delmar Stanley of Jackson, his uncle. Ushers were Robert Kuhl of Grass Lake and Robert Weirich of Manchester, both uncles of the bridegroom.

In a somewhat unusual turn of events, the reception at St. Mary Hall on Congdon St. was held prior to the wedding. Complications with the bridegroom's military orders prohibited him from arriving at the originally scheduled time and the ceremony could not be conducted until later.

The bride is currently attending Chelsea High school; the bridegroom is a member of the United States Army.

Joe Adair Will Present Season's Final Travelogue

Chelsea Kiwanis Club will present the final offering of its 1974 Travel and Adventure Series "Saturday evening, April 27, in Chelsea High school auditorium. Entitled "Grecian Odyssey," this program is the work of Joe Adair, one of America's youngest travelogue artists. Adair, however, has lived, worked and traveled in 40 countries on four continents, and his love of people and his capacity for absorbing new and varied experiences is perceptible through his work.

A graduate of the State College of Iowa and its graduate school, he was a contributing author to the book, "Letters from the Peace Corps." He served in the Peace Corps in Africa.

Adair's film, Greece and the Greeks, is one that meets the challenge of portraying this country with an intimacy that takes the viewer into the lives of the Greek people.

In a pleasing blend of the land and people who inhabit the country, Adair brings his varied travel experiences to bear in capturing the unique and fascinating flavor of this colorful corner of the globe.

The majesty of this area, rich as it is in ancient history, captured in exquisite color that reveals its thrilling past and its impressive present. The blue of the Aegean Sea merges with Mediterranean skies to provide a pleasing backdrop for Hellenic life in both its traditional and modern aspects.

All-color film captures the splendor that is Greece as the scene shifts from vine to wine; from Macedonia to Crete; from Acropolis to modern metropolis. To be shown are the magnificent scenic wonders, modern cities and quaint villages, friendly people of many crafts and skills, and a history as long as time itself.

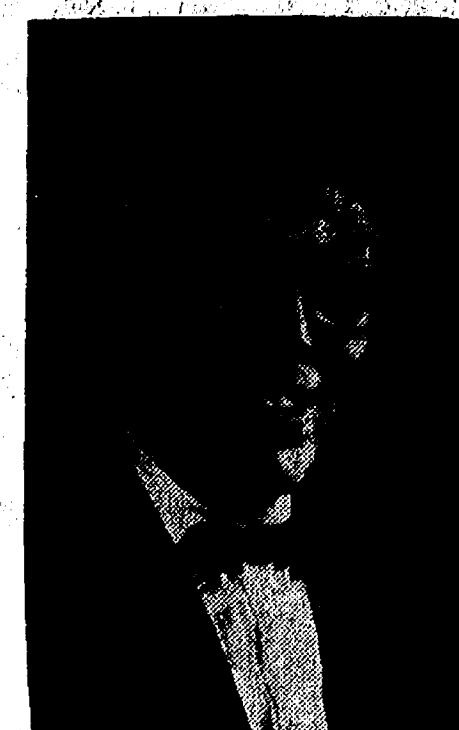

The program will begin at 8 p.m. Refreshments will be sold at intermission by the Chelsea Scholarship Committee.

IN MEMORIAM

In memory of Alojz (Liza) Policht, who passed away April 27,

missed by his family, Doris, Elsie, Mike, Pam, Susie, Al, and Harry.

CARD OF THANKS

I have nothing but praise for the Chelsea Community Hospital. This is really a hospital built in a garden when you can look out the window and see God's creatures most any time of the day—robins, bluejays, pheasants, squirrels, rabbits, and raccoon, and even a lawn.

I have received excellent service from these angels of mercy—the nurses—volunteers and all who work in the hospital to keep things running smoothly.

I was also a patient at St. Joseph Mercy Hospital of Ann Arbor, and received excellent service from all concerned.

I wish to thank the Rev. Morris of Zion, the Rev. Campbell of St. John's, and the Rev. Weiss and Nelson of Emanuel, the Rev. Max Bailey of the Tipton Community church, and the Rev. Keller of Our Savior Lutheran church of Chelsea, also John and Carolyn Sauter of Manchester for the Easter worship service which was attended by 60 patients, some in wheelchairs, and other visitors.

I also thank Dr. Krausse, Dr. Schaubert, and Dr. Kerke of St. Joseph's of Ann Arbor for helping me to get well again by taking this turn out of my flesh.

I wish to thank my family, relatives, our many friends and neighbors for the many cards and gifts and for their visits while in the hospital and after returning home.

Last, but not least, I want to show my appreciation to my good wife and companion of 50 years, who was with me part of every day during the 50 days I spent at the hospital.

The people of this community can be proud and blessed in having this hospital in our vicinity.
Clarence W. Buss.

Low-calorie lunches are always in good taste but don't always taste good. For a calorie scant salad that does, toss weiner circles with lettuce greens, grated carrot and chopped celery. Enjoy it at home or from a plastic carton at the office.

SUPERSTAR PERFORMERS

videomatic SOLID-STATE COLOR TV

...adjusts its own picture to changing room light... automatically
Of all the leading Color TV portables and consoles only a Magnavox Videomatic adjusts the picture's color, brightness and contrast to changing room light conditions—automatically. The Videomatic "electric eye" constantly maintains the proper contrast, brightness and color. You get a really great picture—in any light... automatically. Videomatic is a one-button tuning system, too. A lot of color TVs have a one-button system... but a Magnavox offers so much more. You'll see the difference!

Extra Tested for Extra Reliability
Of the five leading manufacturers of solid-state Color TV, only Magnavox subjects every solid-state color TV to a continuous 24-hour preconditioning test to simulate initial in-home use. Every facet of every Magnavox solid-state TV is scrutinized—like color, brightness... even sound. It's this kind of care that's producing the most reliable TV in Magnavox history. And, we believe it's the most reliable you can buy... because, if it doesn't check out with Magnavox, it doesn't check in with you.

IN ECONOMY CARS, THE DODGE BOYS ARE RIGHT ON TARGET.

DART SPORT GOT 27.3 MILES PER GALLON.

Our Darts feature USAC-proven economy.

Our big winner was the six-cylinder Dodge Dart Sport which got 27.3 mpg. That was better gas mileage than the Chevy Nova or Ford Maverick got in the USAC test. (All three cars were six-cylinder, manual shift models.)

In addition, our popular Dart Swinger hardtop with automatic transmission got 23.6 mpg—which was better than the Nova stick shift got. (Both Dart and Nova had six-cylinder engines.) For you V8 fans—the real topper was a Dodge Dart Sport with 318 V8. It got 21.7 mpg. Again, this was better than the Nova Six got. (Both the Nova Six and Dart V8 had manual shifts.)

The USAC "Miles-Per-Gallon Showdown" was a three-phase test using nonprofessional drivers. Mileage figures appearing in this ad are from the open road phase of that test which covered a distance of 972 miles at an average speed of 53 mph. The Dart Sport six-cylinder car had the new standard 2.76 rear axle. For complete results and more surprising facts, see your nearby Dodge Dealer.
