made "work together" artistically. Listening to his explanation are Karen Bassett, left, and Mr. and Mrs. Don Houle and daughter Renee, at right.

LYNNE ROSKOWSKI'S Court Jester, a plaster sculpture made from a "death mask," which is a plaster mold of the artist's own face, is inspected by Lynne, second from right, her mother, Mrs. Alex Roskowski, and art instructor Mrs. Laurice LaZebnik. Lynne,

a senior, displayed her work at Chelsea High school's art show, Tuesday night, along with other students in Mrs. LaZebnik's classes.

S. Lyon Knocks Track Team Out of 1st Place

Chelsea High school's trackmen came out on the short end in the Southeastern Conference showdown meet last Thursday, falling to still-undefeated South Lyon, 70-53, but came back Saturday to earn a second place in the Cardinal Relays at Michigan Center High school.

The loss to South Lyon pushed the Bulldogs' dual meet record back to 4-1 and into a second-place tie with Dexter in the SEC. Dexter, however, must meet both South Lyon and Chelsea in the final two meets of the season.

Coach Kruse predicts that "If we are to get a share of the conference title, we will have to come through in the conference meet May 20. We still feel that we have a good chance of doing it."

Against South Lyon, Chelsea thin-clads took an early lead in the field events and won the 880 relay, but wins after that were few and far between, as the squad could man-

Merkel Bros. Buy Tecumseh Helms Store

Merkel Brothers Home Furnishings will expand to Tecumseh next month, as Jack and Robert Merkel, owners of the Chelsea store, have purchased the Helms Furniture Store there, effective June 1.

Helms Furniture, according to Jack Merkel, is approximately the same size in square footage as the first floor of Merkel Home Furnishings, without either a second floor or basement. He reports that its volume of business, under current owners Mrs. Claude Helms and son, Dyke, is approximately

Jaycee Auxiliary Wins Five Awards at State Convention

Chelsea's Jaycee Auxiliary received four first places and a second place in classification 1 for Outstanding Auxiliary of the Year in last week-end's State convention for Jaycee and Jaycee Auxiliary members held in Grand Rapids.

First place recognition was earned in the Project of the Year category, for the Auxiliary's work

in the Home Meal Service of Chelsea, under the direction of chairmen Bonnie Kraus and Judy Eubanks; in Community Service, for a tea for Home Meal Service drivers, Vivian Yarger, chairman, work on the bond issue, Sue Cail, chairman, and Clean Out Your Medicine Chest campaign, Maureen Lapanowski, chairman; in Ways

and Means, for blind action, Vivian Yarger, chairman, Christmas greetings, Sue Cail, chairman, and sidewalk sales, Maureen Lapanowski, chairman; and in Membership Orientation-Retention-Enthusiasm, for the group's orientation handbook, Alberta Colby, chairman, Tour the USA, Judy Eubanks, chairman, and Night with Santa, Bonnie Kraus, chairman.

Jaycee and Auxiliary members also saw Walter Brown, Chelsea Jaycee, elected president of the Michigan Jaycee Senators organization.

School Millage Request Fails Second Time

Chelsea Board of Education's request for 13.5 mills for operational purposes for the next two years went down to defeat yesterday by a margin of 476 yes to 695 no votes. 12 ballots were spoiled in the total of 1,183 cast.

Board of Education president Howard Haselschwardt expressed extreme disappointment with this, the second rejection in as many months of a board operational millage request by the school district's voters.

Following final tabulation of the ballots last night and a lengthy discussion of the alternatives, the Board of Education voted to issue termination notices to all teaching and administrative personnel to become effective with the expiration of their 1973-74 contracts because

of insufficient funds to meet financial obligations under extended or renewed contracts.

This action was felt to be necessary, board spokesmen say, because the millage rejected by the voters represented approximately \$1.6 million or 60 percent of the operational budget.

The board's "reduction of staff" policy also requires them to give all staff 15 days notice of termination. With school ending on June 5, the board action was necessary in order to assure timely notification of personnel.

Junior-Senior Prom Set for Saturday Night

With an honor banquet past, can senior proms be far behind? Absolutely not. This year's Chelsea High school junior-senior prom is scheduled for this Saturday, May 18, in the school gymnasium, with the theme, romantically enough of "Got a Date with an Angel."

Decorations, provided and executed entirely by members of the high school's junior class, will transform the gym into two separate scenes, one the Garden of Eden; the other—of all things—

Proceeds from the sale of poppies aid disabled veterans throughout the country.

Baseball Team Knocks Off Brighton, 9-5

Chelsea knocked off league-leader Brighton Tuesday night, 9-8, when a two-run homer by John Houle with Perry Johnson aboard moved the local Bulldogs in front to stay in the top of the seventh inning.

Chelsea jumped to a 6-2 lead in the third, only to see that frittered away until Brighton took the lead, 8-7, in the bottom of the sixth.

The Bulldogs bounced right back with their pair of runs in the top of the seventh, however. A possible Brighton rally in the bottom of the seventh was squelched when

Postmaster Richard Schaules said the site, which will be purchased by the Postal Service, must contain approximately 67,500 square feet and must be properly zoned for the use of a postal facility or capable of being rezoned without delay of construction.

Bid documents are available from Charles Maxson, U. S. Postal Service, P. O. Box 656, Detroit, 48232. Bids will close June 21.

Wixom Mayor Will Be Special Chelsea Guest

An annual form of governmental musical chairs in honor of Michigan Week, generally known as Mayor Exchange Day, is scheduled for next Monday, May 20, when four officials from Wixom cruise into Chelsea to see the sights and hopefully, learn a few things about another community.

The four will arrive at approximately 10 a.m. and will be served coffee and doughnuts at the Chelsea United Methodist Home, where they will not only tour the Home's facilities, but will also be treated to a special performance by Chelsea High school band members.

They will then tour Chelsea Medical Center, where they will be introduced to the community's medical facility and then linger for lunch at the Medical Center Cafeteria.

"MUSIC—THEN AND NOW" will be the theme of a show presented by the chorus, glee club, and specialty choral group, "The Villagers," at Chelsea High school next Monday, May 20, at 7:30 p.m. in the auditorium. The program will be based on the history of rock and roll with its progression through the '50s, '60s, and '70s. Members pictured above are, front row, from left: Cindy Turcott and Brock Rasmussen; second row, Steve Schanz, Jeanne Thornton, Dale Heydlauff, Doug Beaumont, Jill Barrett, and Michelle McClellan; third row, Dennis Rauder, Nancy Heppner, Pat Knickerbocker, Martha Blanchard, and Steve Figg.

Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

Clem Webster reported to the feller at the country store Saturday night where scientists are predicting some more good news and bad news. This report Clem saw allowed that by the end of this century doctors will know how to extend human life to 100 years or more, but we don't have no idea what to do with folks that live that long.

The report went on to say that people are living longer all the time, and more of the population ever year falls in the very young and very old group. The young is pushing in one end of the age pipe and squirting the old out the other, Clem allowed, and our society ain't geared up to take care of either one.

Since all the feller is on the squirting out end of the pipe, they had special interest in Clem's report. They was agreed with Zeke Grubb that said he wasn't so much concerned about living to be 150 as he was being able to live till he dies. The middle age feller may be caught in the age squeeze, Zeke said, but the old folks is the ones being eat alive by inflation. And the hole situation is made worse by raising the Social Security payments ever time Congress meets, cause that jest takes more out of the working man's pockets.

General speaking, said Ed Don-little, this country is being run like a bank that borrows money at 10 per cent interest and lends it out at five per cent. You got to make yore profit on volume in a deal like that, said Ed. As long as enough folks lend the bank

money it will have money to lend. That's the way Ed said the Social Security system works. Everybody keeps pouring money into it, and the only hope the system's got is that nobody ever will git as much out as they pay in.

Practical speaking, declared Ed, it would pay the Government to do like big industry does, buy out the competition. The Government ought to git control of whatever is going to let folks live longer, seal it up in concrete and dump it at sea like they do that radioactive stuff. When somebody invents a gasoline substitute, Ed said, you can rest assured the oil companies will make him rich so they can lock up his formula for the next 100 years. What we got to do, Ed went on, is maintain a balance of price and supply, age and retirement benefits jest like nature does.

Personal, Mister Editor, I'm of a mind we'll work out our problem of folks living longer, and I keep in mind that this is a problem most of the world would like to have. We've got it fixed now so that everything we eat and do is hazardous to our health, so our choice will be between starve and live forever.

Serious, I'm more concerned about why my old lady is supposed to outlive me by five years. I eat her cooking.

Yours truly,
Uncle Lew.

a runner on first base, attempting to move to third on a single, was thrown out, Tim Reed to Houle to Ron Clark.

Houle was the hot hitter for the afternoon, pounding out two homers, a double and single. Joel Sprague also added a solo home run, while Todd Orbring was good for a pair of singles.

Houle was the starting pitcher, but needed relief from Orbring in the sixth. Orbring recorded the win.

The victory put the Bulldogs at 5-6 in the SEC and 8-12 overall. Last Thursday, the Bulldogs trounced Novi, 9-2. Big hitters in that contest were Joel Sprague, who clubbed two doubles and a single, and Perry Johnson, who hit three singles.

Winning pitcher was John Houle. Line scores:

MICHIGAN MIRROR

By Elmer E. White, Secretary, Michigan Press Association

Teens and Traffic

When Michigan first talked about lowering its legal drinking age from 21 to 18, some lawmakers opposed the move because they said it could lead to more traffic accidents involving young people.

A new research report from the Insurance Institute for Highway Safety appears to bear out those fears.

The report says that state laws allowing drinking at age 18 represent a social policy that carries a price in increased fatal motor vehicle collisions.

Researchers compared fatal crash involvement of drivers under 21 in Michigan, Ontario and Wisconsin (new 18-year majority states) with the in Indiana, Illinois and Minnesota (21 states).

They estimated that for each 100,000 of their numbers in the population, 15-20-year-olds were involved in 2.6 to 3.3 more fatal crashes in the first year after the legal drinking age was lowered than would have been expected from prior experience.

And, they say, "approximately 19" young people between 15 and 20 were involved in fatal crashes in Michigan the year after the legal drinking age was lowered—19 who "would not have been involved had the law not changed."

About Doctors

Only one Michigan county lacks a resident physician. So reports the Michigan Health Council, headquartered in East Lansing.

In a statistical breakdown issued

in connection with a recent "rural health conference," the council says Michigan now has 10,767 licensed M.D.'s—a gain of 1,378 during the past year.

The increase is due in part, the council says, to an attorney general's ruling that foreign born doctors can be fully licensed to practice in the state and do not have to practice with a temporary license while awaiting their citizenship.

The county without a resident doctor is Keweenaw, population 2,281. But, the council says, most of the county residents live in a township bordering Houghton county, where there are 24 medical doctors.

Seven other Michigan counties have more than 2,000 people for each physician, the council reports, but the state ratio is one medical doctor for each 684 residents.

In addition, the council reports there are 2,285 D.O.'s in Michigan; 40,387 registered nurses, one for every 180 residents; and 4,648 dentists, one for each 1,910 persons.

Maiden Name Money

The next move in the Mary Smith Jones-or-Mary Jane Jones controversy is up to the Michigan legislature.

If lawmakers come up with the \$80,000 needed to allow maiden names as middle names on Michigan drivers' licenses, Secretary of State Richard Austin says his department will go along with the policy switch.

But the "if" seems to be a big one.

"As we run out of money, my only concern is whether it should be considered a priority when we have so many other issues necessary to survival," says one member of the House Appropriations Committee.

The flap over maiden names began in earnest late last year. A group called the Committee to Encourage Richard H. Austin to Give Women Their Maiden Names for the Holidays (CERHA for short) began sending Christmas cards to the Secretary of State.

They asked Austin to rescind the policy prohibiting maiden names as middle names on licenses. Austin responded with a survey of women drivers.

A mail survey of 5,000 women drivers brought 2,000 responses, indicating a high level of concern about their available options. Austin reports, "These results, as well as the steady stream of communications from married women asking they be permitted to use their maiden name as their middle name, have led us to request additional funds for changes in our driver license files."

Austin's people figure about 130,000 women per year over a three-year period would actually ask for name changes as they renewed their licenses. Analysts say it would cost about 60 cents per name, or some \$80,000 a year, to make the necessary changes for the name switch.

Thursday, May 14, 1970—

Ron Sweeney's perfect relief work preserved a victory for Chelsea starter Dave Lukasiak Thursday, as Chelsea came from behind to record a 2-2 defeat of Dundee. Sweeney entered the game with no outs in the bottom of the seventh inning. On only four pitches, Dundee's Tom Gephart lined into a double and Tom Ellison filed out to end the game.

For the third time, Chelsea photographer and naturalist Don Turner plans to indulge his wanderlust to the high with another journey to Alaska. This trip, Turner reports that he will cross upper Michigan into Canada and make his way north through the Lake of the Woods district, hitting Edmonton, Winnipeg, Manitoba, Saskatchewan, and Alberta.

Program chairman for Chelsea's observance of Michigan week, which will include special days dealing with community pride, hospitality, education, livelihood, and government, are Dave Jervis, Norman O'Connor, James Daniels, Bryce Fauble, Sam Johnson, Tom Dmoch, and Peter Flintoff.

While Verne Combs was plowing on the Methodist Home's property Monday he unearthed several bones and teeth which are believed to be the remains of a prehistoric monster which have worked up through the marsh where they were discovered. A number of vertebrae, long bones believed to be ribs, and other pieces were among the find. The crown of a large rough tooth, with the appearance of highly polished ivory, measuring about 6 x 8 inches, is on display at Burg's Corner Drug Store.

One of the oldest landmarks of Chelsea, the "Little White School House" at the rear of St. Paul Evangelical church on E. Summit St., has been sold to Robert Lantini and is being wrecked this week to make room for a modern new hall to be built on its site.

Thursday evening, members of the 4th, 5th, and 6th grades of the public school will present a three-act opera, "The Adventures of Pinocchio." Cast as Gaglietto is Walter Fryberger; Pinocchio is Leroy May.

SOUTH ELEMENTARY SCHOOL NOTES

KINDERGARTEN

Room 3
Teacher: Mrs. Bower

We all hope mothers enjoyed our May baskets on May Day. It is always fun to do something for someone else.

If the weather is favorable on May 13 and 14 we plan a Dog Show Day and a Cat Show Day. We are looking forward to seeing the differences in our pets. Many thanks to Mom and Dad for seeing that our pets get to school.

Mr. and Mrs. Inbody, Matt's parents, have invited us to visit their farm on Island Lake Rd. After we see the animals we plan to have our snacks on their front lawn. Let's hope the weather is good!

Many thanks to our room mothers for all their help this year. Without them we couldn't have done most of the activities. Have a fine vacation!

Room 1

Teacher: Mrs. Van Blaricum

We are very busy trying to get everything done before school is out. We have talked about different kinds of animals and insects. We caught a young bumble bee one afternoon and watched it for a while; then we let it go. We have seen many lady bugs, a salamander, some puppies, a lamb and now again Patricia, our guinea pig, has two babies for us to watch.

Visitation was fun this year, because we not only greeted the new kindergarten children, but we also got to visit the 1st grades to see what next year might be like. It was great!

Dog and Cat Days should be fun. We hope to see many different kinds. We hope also to have other animals brought to the room, so we can touch, look and smell them. We need many experiences. Our farm trip at the end of the month will be great. The animals are even more interesting in their natural environment.

In June we have picnics to end our great year. We hope some parents can come, but of course, there just isn't room for the smaller brothers and sisters. They'll have to wait for their turn.

We hope you have a happy summer!

FIRST GRADE

Room 2

Teacher: Mrs. Thornton

Guess what! We hatched three eggs. The baby chickens are so cute and fluffy. We like to watch them. They look so funny when they are going to sleep. Phoebe Strong wrote a story about our chickens: "We hatched three baby chickens and one is all black. I think he is a rooster and the other two girls. It took them 21 days to hatch."

We finished our math books. Joyleen, from second grade, came in and talked to us about the work we will be doing next year. We liked looking at the reading books. We were surprised that we knew some of the new words already! We are enjoying our tasting unit. Some of us have brought in different foods to sample.

We get to take library books home now. We can read these books. May birthdays: Danny Hammel and Amy Wolter. Have a happy day!

SECOND GRADE

Room 5

Teacher: Mrs. Lopez

Carol's reading group read a story about a dream house. Then each made their own dream house out of a shoe box and odds and ends. These houses were very well done, and everyone enjoyed seeing them.

In science we have been learning about plants. We are growing marigolds, radishes, tomatoes, and petunias. We made pictures for the bulletin board showing how a plant grows from a tiny seed. We are also making booklets about plants.

and included are drawings, definitions, and many other papers. We all look forward to our hike at Waterloo. We are learning about the many wild flowers and trees we will see there.

NEIL BOLLINGER

N. Bollinger Wins DeKalb Farm Award

Chelsea High school senior Neil Bollinger has been named a winner of the 1974 DeKalb Agriculture Accomplishment Award.

The award, sponsored by DeKalb Agriscience, Inc., is presented annually to outstanding seniors in vocational agriculture departments across the country, chosen on the basis of scholarship, leadership, and supervised farming program.

At Chelsea High school, Neil has been an active member of the local chapter of Future Farmers of America, serving as its treasurer, vice-president, and president. He has also participated in the chapter's parliamentary procedure team for four years as secretary and chairman. His agriculture programs consist of fitting and showing beef cattle, corn crops, and dairy cattle.

Neil, who will graduate cum laude from CHS, plans to attend Michigan State University and major in dairy science and veterinary medicine.

As his award, he will receive an inscribed plaque from DeKalb Agriscience, Inc. He is the son of Mr. and Mrs. Lee Bollinger.

'Music Man' Will Be Given This Summer

After "The Sound of Music" and "Fiddler on the Roof"—it will be another extravaganza for Chelsea Players this year, "The Music Man."

Tryouts for the production, which is scheduled for July 31 to Aug. 3, will be held Friday, May 24, from 6 to 10 p.m. and Saturday, May 25, from 1 to 9 p.m. in Chelsea High school auditorium.

"The cast is large, with a wide range of parts for all sizes and ages," says Director DiAnn L'Roy. In addition to cast members, community people will be needed to work on scenery, costumes, props, make-up, publicity, programs and orchestra. Miss L'Roy urges all interested to become involved in the production.

Scripts and scores may be checked out from DiAnn L'Roy at the high school during mornings only. A pianist will be available from 10 a.m. to 3 p.m. Saturday May 18, in the high school band room for those who wish to practice musical numbers in advance.

ASCS Setting Up Communications Net for Farm Fuel

"Washtenaw county farmers who have been unable to find fuel for agricultural production through regular channels may contact this office," said Mrs. Carolyn Stump, executive director of the Washtenaw County Agricultural Stabilization and Conservation Service (ASCS). "ASCS and the Federal Energy Office (FEO) will operate a triple-decker back-up system for farmers with fuel problems which cannot be resolved through procedures already available."

The first back-up solves problems quickly and simply. When a farmer comes to the office and reports that his distributor cannot supply fuel, ASCS will attempt to locate a fuel source.

"We will use the second back-up only when we cannot locate fuel locally," Mrs. Stump continued. In back up two, ASCS will contact either the State Energy Office or the Regional FEO in Chicago, Ill. The determination of which office will be contacted is dependent upon the type of problem and where it can best be resolved. The office contacted will then aid in obtaining the necessary fuel for agricultural production. FEO has set up special phone numbers at its regional offices for use in solving agricultural fuel problems.

The third back-up phase provides quick communications with FEO through the national office, said Mrs. Stump. In certain serious situations the county office will call the regional FEO by the opening of business the next day. The regional FEO then has the responsibility to resolve the farm fuel problem.

Mercywood Hospital Starts New Addition

Mercywood Neuropsychiatric Hospital broke ground this week on its new township site at 4038 Jackson Rd., for a new \$250,000 medical staff office and laboratory building.

To be located just to the west of the hospital, and separate from it, the new building is part of an expansion and renovation program which includes a new lobby now nearing completion.

The expansion program is getting under way during the hospital's "Golden Jubilee" celebration, marking 50 years of service to the community. A public open house will be announced later.

Harry B. Hogan, III, the hospital's lay administrator, said that the program also calls for remodeling the facility's ground floor into an intensive care unit for women patients. Long-range plans also call for two additional buildings and for long-term care facilities.

In connection with the expansion program, the hospital also announced the appointment of four new medical staff members, including the institution's first woman psychiatrist, Dr. Christine M. Bielek. Others appointed include Dr. Carlos M. Lauch, a psychiatrist, and two psychologist consultants, Drs. Norman Gordon and James Bower.

The man or woman without faith in anything or anyone gives evidence against themselves.

MARY TIRB, an R.N. from Chelsea, works as a post-partum nurse on the eighth floor maternity suite of St. Joseph Mercy Hospital in Ann Arbor. The hospital will hold open house this Sunday, May 19, from 1 to 5 p.m., as part of this year's National Hospital Week theme, "Get to Know Us Before You Need Us."

St. Joseph Mercy Hospital Plans Open House Sunday

At part of this year's theme for National Hospital Week (May 12-18), "Get to Know Us Before You Need Us," St. Joseph Mercy Hospital in Ann Arbor has profiled a number of its employees to display the varying duties and services related to their positions and to the community.

Mary Tirb, an R.N. from Chelsea, has worked on the eighth floor of St. Joseph Mercy Hospital, the Maternity Suite, for more than seven years. As a post-partum nurse, she and other nurses and aides in the 51-bed area teach self-care to new mothers.

Every week some 50 couples from the Washtenaw county area come to St. Joe's eighth floor for the birth of a child, many of whom have arranged to stay together during labor and for the actual delivery of the infant.

Nurses in the recovery room, in addition to sharing with their patients the first minutes of excitement after birth, are responsible for checking patients' vital signs every 15 minutes and helping to make the mother comfortable during her two-hour stay in recovery.

Often the area is also used by pre-delivery patients, as in cases of high-risk pregnancies and scheduled caesarean sections, duties which take particular warmth in treatment from nursing staff.

To provide prospective parents with as much knowledge as possible about the Maternity Suite before they need it, physicians and nurses conduct tours of the significant areas to familiarize couples with them.

Eighth floor nurses like Mary Tirb are just a few of the St. Joseph Mercy Hospital employees whose concern is the community's good health.

A chance to learn about more of them will be provided this Sunday, May 19, when the hospital holds its National Hospital Week Open House from 1 to 5 p.m.

The DNR's Municipal Wastewater Division issued construction permits for 922 sanitary sewer and/or municipal waste treatment facilities during 1973, a moderate reduction from the 1972 total of 1,042.

Open House Event To Honor Pleasant Lake School Teacher

On Sunday, May 19, at Pleasant Lake school from 2:30 to 5 p.m., there will be an Open House given to honor Mrs. Margaret Hanks, 3rd grade teacher, for her many years of dedicated service and approaching retirement.

Mrs. Hanks, who was born in Manchester, is a graduate of Manchester High school. Subsequently she earned a Life Certificate in Early Elementary Education at Michigan State Normal College (now Eastern Michigan University) and a B.S. degree in education at Wayne University. She has done graduate work at the University of Cincinnati, Miami of Ohio, and the University of Michigan. In her teaching career, spanning nearly 30 years, she has taught in Ourand, Jackson, Dearborn, suburban Cincinnati, and at Pleasant Lake school in Manchester from September, 1963 to the present time.

During her teaching years she has been an active member of the Michigan Education Association, the National Education Association, the Washtenaw Reading Conference, and the Council for Exceptional Children.

Mrs. Hanks notes that, beginning with her grandmother, who taught in Sharon township shortly after the Civil War, and whose six children also became teachers in the area, there has been an unbroken line of family involvement in the Manchester schools since 1875—Truly a remarkable record of community service.

Upon retirement Mrs. Hanks plans to continue her teaching services in the form of a tutorial reading program. In this manner Mrs. Hanks feels that she will be able to exercise her concern

with the student's learning problems by working with each person on a one-to-one basis exclusively. Mrs. Hanks also plans to do some more traveling. Last year her travel plans took her and her husband to Thailand, Japan and Hong Kong. In her enthusiasm to communicate her unique experiences with her friends and students, she returned to school with many varied informative slides and native articles to see.

Food service careers apparently are gaining wider acceptance among young people. Enrollment in courses preparing youth for such careers has risen 113 percent over a six-year period.

JV Baseball Win Over Novi, Lincoln

Junior varsity Bulldog baseball squad upped its record to 3-4 with a pair of victories last week over Lincoln and Novi.

In Tuesday's contest with the Junior Railsplitters, Chelsea edged away from Lincoln, 3-2, on the pitching of Don Morrison and aided by big hitting by Jim Boyer, who clubbed a triple and a single.

Friday against Novi, five big runs in the top of the sixth inning, including a game-winning double by Jim Boyer, put the game in the win column for the local JVs. Don Nadeau also added a triple, and Don Morrison was good for a pair of singles. John Toon recorded the victory.

Junior Bulldogs met Brighton Tuesday afternoon.

MEET BILL AMUNDSON . . .

He's a professional truck driver's professional. And he's serving as Michigan's Driver of the Year for 1974. Secretary of State Richard Austin presented him with that honor in February. Bill has spent the last 34 years driving all kinds of trucks, mostly in city traffic, covering over 1 1/2 million miles . . . all without an accident.

We wanted you to meet Bill, especially during National Transportation Week, because without him, and the thousands of other truck drivers, Michigan would not have the benefit of competing in the market places of the world.

the spring gobbler hunt. Shippy reports that he called in two tur-

to imitate a hen during the turkey mating season. The spring
turkey hunt runs during the first 15 days of May at areas near
Baldwin, Mio, and Allegan. Hunters are selected by a drawing.

ROBERT BURGESS, of Troop 476, received the Iroquois District's Good Turn Award, which is for an exceptionally meritorious good turn. Presenting the award to Bob is David Bowbeer; onlookers are Bob Armentrout of Manchester and

Mike Maloney of Dexter. Bob is only the third recipient of the award, since its inception six years ago, which was presented to him at the Iroquois District appreciation dinner May 8.

Scout Leaders Given Honors

At the Iroquois District (Wolverine Council) annual appreciation dinner held on May 8, local cubbers and scouters received high awards for their long service to scouting.

Robert Burgess, Troop 476, earned the district's Good Turn Award which is for an exceptionally meritorious good turn. Bob works with the Cub and Boy Scouts at St. Louis school by taking them on hikes, cookouts, and along with Otis Titus teaches these boys scoutcraft. This is only the third time the award has been granted since its inception six years ago.

Earl Drieman of Troop 420 earned scouting's highest award for training, the Wood Badge. The award is earned by spending eight days (24 hours a day) in camp—sleeping under canvas, cooking and eating in the open and "learning by doing everything a young scout might ask him." A theoretical part follows which consists of written work and an application period of six months follows that.

Daine Graves, Pack 415, Pat Whitesall, Pack 445, and Joanne Rowe, Pack 445, received the Den Leaders Award (cubbing's highest award for training). This award

was given to these cub leaders because they spent many hours in training sessions, making den projects and working with Cub Scouts. Bill Baker, Troop 476, received his 25-year pin for continuous and meritorious service to scouting. Had it not been for World War II Bill would have 42 continuous years in scouting.

LONG CHECKOUT LINES

Long supermarket checkout lines may soon be a thing of the past, if computerized checkout systems become a reality. Government tests show that the computer can speed checkout time by 19 percent, cut errors by 57 percent and save the food stores around the country about a billion dollars each year.

Nancy Zabinski Awarded Axle Club Merit Scholarship

Nancy J. Zabinski, 10810 Beach Rd., Dexter, had been awarded an Axle Club Merit scholarship, it was announced today by the National Merit Scholarship Corporation. She joins more than 3,300 winners of Merit Scholarships in 1974 who were named nationwide in April and early May.

Nancy and her parents, Mr. and Mrs. Leo Zabinski, were guests at the Somerset Inn, Troy, Monday evening, May 6, where she was presented with the scholarship by the Axle Club.

A senior at Dexter High school, Nancy plans to major in mathematics at Michigan Technological University. A winner of the four-year Michigan Tech Board of Control Tuition Scholarship, Nancy has been active in school. She is treasurer of Spanish Club and of Stratford Club, and an editor of both the school paper and literary magazine. She is a member of the National Honor Society and a 1973 Girls' State delegate. She is employed part-time at the Dexter Bakery.

Miss Zabinski qualified for an award sponsored by the Axle Club, whose members are salaried male employees of the Automotive Group of Rockwell International Corp. in metropolitan Detroit. Comprised of the Automotive Products Division & Rockwell-Standard Divisions, the group is a leading supplier to the land transportation industry. This scholarship program, open to children of U.S. employees in either division, is one result of the belief that the well-being of our nation depends on educated citizens and on a healthy forward-looking educational system. Nancy's father is employed at the Chelsea North American Rockwell Corp. plant.

Nancy's award provides between \$250 and \$1,500 per year (\$1,000 to \$8,000 over four college years) depending on the winner's family financial circumstances and the costs of attending the college of his choice.

All winners of Merit Scholarships were chosen from some 14,000 finalists in the Merit Program. All scored in the top half of one percent of their state's graduating high school seniors on the qualifying test and met other requirements to advance to Finalist standing in the 1974 Merit Scholarship contest.

OPERATION IDENTIFICATION is the topic of discussion between Chelsea Police Chief George Meranuck, left, and Mike Eubanks, Jaycees Operation Identification program chairman, as they check out the program's pamphlet, engraver, sticker, and poster. Operation Identification, a nationwide program, has been initiated locally by Chelsea Jaycees to aid in theft prevention.

Operation Identification Started By Jaycees, Police Department

"Operation Identification" is not an episode from "Mission Impossible" or anything suspenseful like that.

It doesn't involve much mystery, just marking a lot of valuables with a few numbers that might, according to the Michigan Jaycees, who are responsible for Operation Identification, "keep you from being robbed blind."

Chelsea Jaycees, in co-operation with Chelsea police, have begun a local branch of Operation Identification, which originated in Monterey Park, Calif., in 1963.

Basically Operation Identification encourages householders to engrave their driver's license number on any valuables within the home, with an engraving tool which is available on loan from the Chelsea Police Department.

The engraving tools, of which the department has four, were provided for Chelsea by local Jaycees, and reportedly will engrave on any surface—even glass, if properly and carefully operated.

Jaycees suggest that owners mark their property on some part of the valuable that would damage the object if a thief attempted to remove the number. Obviously, if the number cannot be removed without damage to the stolen object, it is of little use to any thief. If the object is stolen, police can enter the driver's license number

engraved on the object, with a description of the object, on the department's LEIN machine, which reports to all Michigan police departments. Property discovered anywhere in this state, and many other states with the number recorded on LEIN would be returned to its proper owner.

After marking valuables with the engraver, participants in Operation Identification are provided with a sticker that may be placed on a door to the residence that proclaims that the place is protected by Operation Identification engraved numbers.

In Monterey Park, where the program began, since 1963 half of the town's 11,000 homeowners have joined the program. Participants in the program have experienced five burglaries since then; non-participants have reported 1,800.

Engravers may be obtained from the Chelsea Police Department and may be checked out for one week.

Chelsea Chief of Police George

Meranuck urges residents to use the engraving system. "The best part of this program is that we can use the LEIN machine to track down things that are stolen," the chief says. "People should try this."

Dr. Ruth E. Cargo, 81, a resident of the Chelsea Methodist Home since April 1, 1968, died there Monday, May 13. She came to the Home from Adrian.

Born Feb. 5, 1893 in Bellevue, she was a daughter of Iris and Mary Wiles Cargo. She graduated from Michigan State University and taught home economics in Minnesota and South Dakota. She continued her education at the University of Chicago, Columbia University and the University of Michigan and taught history at Adrian

United Way Schedules Hearings on Allocations

Requests for funds from the fall, 1974 Chelsea United Way (Community Chest) Drive will be entertained next Monday, May 20, and Tuesday, May 21, when United Way's Budget Committee holds its annual hearings to allow member agencies to present their respective programs.

Each of the 12 member agencies will be provided 30 minutes for presentation and discussion. Agencies will be expected to supply detailed information regarding their programs and expenses.

Budget chairman Mrs. Arlene Bareis and her committee will consider the presentations to establish recommended allocations for the 1974 campaign goal. Committee members are Homer Kuhl, Norman Farley, Jeanene Riemenschneider, Lloyd Grau, Sharon Hodgson and Jack Barnes.

"We would like to see interested persons from the community attending these meetings so that they might see what their donated dollars do," said Mrs. Bareis.

Member agencies and their scheduled time slots for hearing before the committee are:

May 20-7 p.m., Chelsea Recreation Council; 7:30 p.m., Huron Valley Child Guidance; 8 p.m., Boy Scouts of America, Portage Trails Council; 8:30 p.m., Child and Family Service of Washtenaw County; 9 p.m., Huron Valley Girl Scouts; 9:30 p.m., Chelsea School Band.

May 21-7 p.m., Chelsea Social Service; 7:30 p.m., American Red Cross; 8 p.m., Washtenaw Association for Retarded Children; 8:30 p.m., Salvation Army; 9 p.m., Catholic Social Service; 9:30 p.m., Michigan United Way.

Hearings will be conducted at UAW Amalgamated Local Union 437.

Last year's campaign goal was \$28,362, an increase of \$1,362 from the previous year. Final total collected in last year's campaign reached \$29,150, some \$800 over the projected goal.

Registration Saturday for Babe Ruth Ball

With school nearing its end, for another year, Chelsea Recreation Council's summer program looms in anticipation just around the corner, and nearest is registration for the Babe Ruth baseball league. Registration will be conducted Saturday, May 18, at Chelsea High School, rain or shine, beginning at 2 p.m. A practice session for all registrants is also scheduled.

This year Babe Ruth League's age limit is for boys 13 to 15 years; that includes any boy who will be 13 by June 1 or will not be 16 prior to Sept. 1.

For the past few weeks, junior high school boys have held practice sessions to get into the swing of things, working on stealing, baserunning, and other basic fundamentals of the game.

Hopefully the program will teach the participants sportsmanship and the basics of baseball, in addition to aiding them in an opportunity to play for high school teams in the future and keeping them in condition.

Currently the league is in need of coaches. Anyone interested in coaching should contact Dave Lukasiak at 475-2600.

The group will then split into two different tours: men will visit Chrysler Proving Grounds, women will inspect Chelsea Milling Co.

Dinner in Jackson is planned later in the evening for the visiting representatives and all elected officials and department heads of the Village of Chelsea.

Chelsea Village President Hal Pennington and his wife, Peg, and Village Council Trustee Sam Johnson and his wife, Joyce, mean-while, will spend the day in Wixom, which is just east of South Lyon, touring, and learning about that community's facilities.

EIGHT DAYS IN THE WOODS, 24 hours each day, of "learning by doing" was the prerequisite that Earl Drieman, right, needed to earn scout-ing's Wood Badge. After his eight days of sleep-ing under canvas and cooking and eating in the open, Drieman also was required to complete a

theoretical segment of written work and an application period of six months before receiving his award. Presenter of the award, at left, is Bob Lambert. Drieman received his award at the Iro-quois District annual appreciation dinner May 8.

St. Louis School Notes

St. Louis school enjoyed a great turn-out for its Alumni Day, April 27. At 3:30 alumni began coming in, and participated in a friendship hour prior to the alumni-Rooster basketball, which the Roosters won.

After the game, Father Germano celebrated Mass and dinner was served. Father Louis and some of the boys decorated the dining room while parents served the dinner.

Among the visitors were the Holy Family sisters from Willis, who knew the former students. After dinner, girls from Chelsea came for a social and dance. University Microfilms donated Cokes, punch, ice cream, and candy for the event; Mrs. Louis Geopfert of Flat Rock donated pop; Mrs. Bernadine Koch donated cookies and cake, and Mrs. Nicolai of Grass Lake provided fresh eggs.

The boys and staff are currently excited about the new building program for two new dormitories, which will enable the school to care for 30 more students. It is

expected to be finished in another year.

St. Louis school boys earned a total of 83 ribbons in the regional special Olympics in Milan two weeks ago, and their ribbons are currently displayed on a bulletin board at the school.

Taxidermist Jim Krichbaum has donated a stuffed deer to the school.

Father Louis Frangi, director of the school, extends his thanks to parents, the staff of the school, and girls from the community who helped to make Alumni Day a success for all concerned.

Disabled Cycle Stolen Sunday

A disabled 1974 900 cc. Kawasaki parked at the Checker Service Station overnight Sunday was discovered stolen Monday, Chelsea Police say.

The cycle, belonging to Robert J. Douglas, 18025 North Territorial Rd., was left at the service station Sunday evening. The ignition was locked and the vehicle's engine was inoperative at the time, Douglas told officers. When he returned at 6 a.m. Monday, his cycle had been removed.

Police have no suspects in the case. The cycle has been placed on LEIN with the police department.

Girls Softball Teams Still Undefeated

Chelsea's girls softball teams kept up their undefeated string last Friday, as both varsity and junior varsity squads dumped Novi to record their fourth consecutive win.

The varsity, paced by Char Steinaway's torrid 5-for-5 hitting rampage that included three home runs, downed Novi, 20-10.

Teresa Breza and Lori Fritz were each good for four hits, while Loraine Clark and Brenda Salyer chalked up three and Julie Amussen two.

The team's over-all record now stands at 4-0, 2-0 in league play. Chelsea's JV then made short work of Novi's junior team, 15-4. Hitting was led by Karen Keiser and Kyle Parker, who each contributed a pair, and Lesley Clark, Dana Clifton, Teri Lutovsky and Karen Milliken, who were each good for one.

As an extra-added attraction Diana Pletcher stole six bases and Kyle Parker stole five.

Coach Jon Schaffner termed the contest "a well-played game" as Chelsea committed only two errors and held Novi scoreless in four of the innings. Coach Schaffner rated pitcher Teri Lutovsky's effort "a good game."

Track Squad Bounces Back To Edge Milan

Bulldog track squad got back on the winning track by trouncing Milan Tuesday night, 80½ to 42½.

This meet, again, was held in less than favorable conditions—warm, but extremely windy weather, which hampered performances somewhat.

Milan was able to take six firsts in the meet, including an outstanding 10.1 in the 100-yard dash by Rich Belmont, but Chelsea was able to record one-two finishes in four events, plus win all three relays to put the meet away.

Craig Coutre again was the big point-getter, winning both hurdles and placing second in the long jump, where he was edged out of first by one-half inch. Other good efforts were turned in by Ishmael Picklesimer with a 47 ft., 5¼ in. toss in the shot; Rick Sweeney's 6 ft. effort in the high jump, and a time of :46.6 by the 440 relay team.

Former Chelsea Resident Visits Portugal's President Only 6 Days Before His Ouster

A visit with the now-deposed president of Portugal, Americo Thomaz, only days before the coup that removed him from office was one of the highlights of a two-week trip to Spain and Portugal for 14-year-old Mike Maroney.

Mike, a former Chelsea resident who is the son of Mr. and Mrs. Dan Maroney, now living in Columbia City, Ind., met President Thomaz during the last day of a tour of Portugal by the "Young Columbus" group, which included 132 prize-winning newspaper carriers from across the country.

During a comprehensive tour of Lisbon and a visit to the presidential palace, members of the group were introduced to the President, presented him a gift representative of their respective home cities, and had pictures taken with him.

That was April 19. Six days later, April 25, was the revolt that overthrew Thomaz. Mike's parents, not overly concerned with the revolution since they were aware that the group had left Portugal six days earlier, found when their son returned that the jet in which the group was to depart, although picking

them up at Madrid, was enroute to Madrid via Lisbon.

The jet was held by revolutionaries in Lisbon, and it was necessary for other arrangements to be made for the young travelers. Safely at home, Mike reported to his parents that he and the "Young Columbus" group were the last to be introduced to the President before his overthrow.

Next to that near-adventure, the rest of the trip would sound like pure ordinary were it not tinged with excitement for a 14-year-old boy.

Initially Mike and the other

Fort Wayne area winner left Indiana April 13 and flew to Kennedy International Airport, where they met other winners and participated in an orientation program and received their "Young Columbus" blazers.

Traveling directly to Lisbon aboard a TWA Special Charter 727 Jet, they arrived Easter morning to attend church services and Camp Pequeno Bull Ring for a bull fight.

Within the four days spent in Portugal they visited Alcobaca Monastery and Nazare, Calda da Raiha, SECLA ceramics factory, the walled city of Obidos, Queluz, Sintra, Pena Castle, Cascais, and Estoril. A reception for the group was held at the United States' ambassador's home in Lisbon where members met the ambassador and his wife.

An entire day was spent in an excursion to Sesimbra, a fishing town, which included a tour by Hovercraft to the island of Troia and touring a canyery at Setubal.

In Spain, the group attended a musical reception, complete with pieces played on native instruments. The following days saw the group traveling to El Escorial and the Valley of the Fallen, the Army museum, and the Madrid Flea market, which is a Sunday tradition.

By tele-cabin (cable car), they traveled to Madrid's amusement park, a modern facility comparable to Ohio's Cedar Point.

Another highlight included a visit to the Prado Museum and the Royal Palace, where the youngsters were introduced to Don Carlos, the prince of Spain, and presented gifts and had pictures taken. The same day they also met a representative of the U.S. Embassy at the reception at the Film American Cultural Center.

Final days of the trip included tours of Toledo, Avila, Segovia, and La Granja. A farewell banquet was held at the new Hotel Eurobuilding in Madrid.

Mike and the 132 other prize-winning newspaper carriers (122 boys and 11 girls) won their trip by participation in the "Young Columbus" contest sponsored annually by Parade Magazine. To win, Mike signed up 25 new customers (a 50 percent increase), was approved by his school for citizenship and grade average and recommended by his customers and district manager, and was interviewed, with his family, by representatives of the Fort Wayne News-Sentinel.

Mike is the grandson of Mr. and Mrs. Paul Maroney, 227 E. Middle St.
