## 'Fantasticks' Opens Tonight At High School

The Fantasticks. Try to remember. And if you remember, then follow. The appeal of "The Fantasticks" to audiences that normally are enthralled only with big-production-type musical theatre, is that the story it tells, at some point, is one that everyone must remember. Youth and love—won and lost, and sometimes, regained—an errant wish for adventure that ends in disappointment—all are the makings of everyday and everywoman—the stuff of life.

The play, which opens tonight at 8 p.m. as a production of Chelsea Players Theatre Workshop under the tutelage once again of DIAnn L'Roy, features local talent like Jeff Daniels, Chris Alber, Keith Pfeifle, Tom Schill, Joan Yocum, Jan Koenigter, Ron Gauss, and Jan Hutzler as the tiny cast of characters.

The size of the cast is not the only difference between "The Fantasticks" and other past Chelsea community musicals. The orchestra includes only piano, harp, bass, a percussion; sets and props are at a minimum, costume changes are virtually non-existent. There are no high-stepping mass dance numbers and no huge group songs.

The primary difference between this musical and others more familiar to previous Chelsea audiences, however, is its detached quality: there is no time and place, there are no last names, there are no outside interferences. The play deals with "The Problem of this boy and this girl in love."

The girl, narrator Jeff Daniels informs us in his introduction to the characters, has been "incurably insane" since her sixteenth birthday.

## More Tennis Classes To Be Organized

More tennis classes, these for youngsters 5 to 9 years and 10 to 12, will begin soon, Chelsea Recreation Council tennis instructor Terry Schreiner has announced.

Classes will run for three weeks, meeting Monday, Wednesday, and Friday of each week, and will cost \$1. To register, call Miss Schreiner at 475-2536 after 5 p.m. by July 1. Students not presently taking lessons will be given preference for these classes.

New classes for 5- to 9-year-olds will begin at 10 a.m., in place of the current 9 a.m., and 10- to 12-year-olds will meet at 11 a.m.

In addition, Recreation Council tennis leagues have now reached complete enrollment with 70 players. League play will continue until mid-August, and Miss Schreiner plans "a little get-together" to present first and second place awards. A small charge for participation in the league will cover the cost of awards.

## Young Actors Registration Starts Monday

Registration for Chelsea Players Theatre Workshop Academy for Young Actors will be conducted next Monday, Tuesday, and Wednesday, July 1 through 3. The Academy will run from July 8 to July 26, with each session beginning at 10 a.m. and ending at 1 p.m.

Termed a project "near and dear to all the personnel involved in the workshop" by Director DIAnn L'Roy, the academy will involve interested youngsters who were in grades 4 through 8 this year. Fee for the academy will be \$1. If more than one child in a family participates in the Academy, each must register separately.

During the three-hour sessions each day, each youngster will receive instruction in singing, dancing, acting, creative dramatics, and technical theatre, as well as participate in a play. A public performance of all plays is scheduled for Saturday, July 27.

Chelsea Players Theatre Workshop is the product of work by Director L'Roy, with the endorsement of Chelsea Recreation Council, to obtain a Special Project Community Grant from the Michigan Council for the Arts.

## 'Gold Rush' Day Slated in Rec. Program

The finds won't exactly be gold but the principle will be the same, so Recreation Director Tom Balistriere has called his first special day of the "Earn, Learn, and Play" program a "Gold Rush Day."

A total of \$25 dollars worth of money—in silver dollars, half dollars, quarters, dimes, and nickels—will be spread throughout the South School playground Friday afternoon, with the mad rush for money beginning at 1 p.m. Participants will be able to keep whatever they can pick up. Free candy will also be provided for all who join in.

At the close of this special day, the youngsters will receive their pay for their first week of work. Balistriere invites parents to attend for the special afternoon activities.

Earn, Learn and Play is a program which involves youngsters in community and playground work in performing simple, sanitary, and supervised clean-up activities, as well as certain "odd jobs" types of work.

Each youngster works mornings from 9 to 10 a.m., five days a week, for a weekly pay of \$1.25. Other special days planned for Friday afternoons are a watermelon feast, a picnic, a junior olympics, a bike rodeo, and a campfire celebration and awards program.

## Early Copy Needed For Next Week

Because of the 4th of July holiday next week, The Standard will be published one day early, to be in the mails Wednesday morning.

All deadlines will therefore be altered: all display advertising should be in by Saturday noon; classified ads must be in by 1 p.m. Monday; and news should be in as soon as possible after the event occurs.

50-YEAR REUNION: Members of Chelsea High school's Class of 1924 got together at Schumm's this week—for their first official reunion since graduation from high school. The 12 members who attended are, from left, front row, from left, Allyn Kaercher, Helen (Goetz) Beckman, Lucille (Broesamle) Hogan, Thelma (Loveland) Rent-schler, Gladys (Davison) Feldkamp, Cora (Knapp) Underhill. In back, from left, are Harold Brooks, Herbert Mohrlock, Gorton Riethmiller, Clarence Vogel, Clarence Nicolai, and Vera (Harvey) Haschle.

## Class of '24 Holds 50th Reunion

"Together we stick" was the motto of Chelsea High school's Class of 1924, and the group apparently proved the truth of its motto with a 50th reunion celebration last Wednesday evening, June 19.

The group began its celebration with dinner at Schumm's, then adjourned to the home of Mr. and Mrs. Glenn Rentschler, who were also observing their 45th wedding anniversary on that date.

Class members attending were Helen (Goetz) Beckman of Ann Arbor; Lucille (Broesamle) Hogan of Fenton; Vera (Harvey) Haschle of

Dexter; Gladys (Davison) Feldkamp of Clear Lake; Cora (Knapp) Underhill of Coldwater; Thelma (Loveland) Rentschler of Waterloo; Harold Brooks of Sanford, Fla.; Clarence Vogel of Chelsea; J. Allyn Kaercher of Lake Leelanau; Clarence Nicolai of Grass Lake; Herbert Mohrlock of Jackson; and Gorton Riethmiller of Waterloo.

Notes were read from Louise (Grabill) Ewald of Florida, Alura (Foster) Brown of California, and Carl Fletcher of Asheville, N.C.

Deceased members of the class include Alfred Mayer, Leonard

Witherell, Ruth Dancer, Agnes Ellsworth, and Bernice Sutherland. Christwell.

Whereabouts of the only other living member of the class, Hazel Anderson, are unknown.

After naturally asserting that the Class of 1924 was "the greatest class" ever to graduate from dear old Chelsea High and establishing the events of intervening years, class members were served dessert and agreed to meet again in 1979. Address books were provided for all members, just to make sure everyone keeps in touch.

## Sweepsters, Eagles Continue Domination in Softball Leagues

Sweepsters continued their undefeated string this week in Recreation Council fast-pitch action, edging Zion Lutheran on Tuesday 5-4, then downing Westgate Auto, 4-1, Friday.

In Monday's action, Dunlavy Farms moved to a 2-1 record by receiving a forfeit from St. Paul's. Thompson's Pizza jumped to its first victory, trouncing 3-D Sales, 13-7. D. Bingel was a winning pitcher for Thompson's, although 3-D aided the opposition's cause by walking 10 batters, seven of whom eventually scored.

Tuesday's Sweepster victory over Zion Lutheran was termed "a well-played game by both teams." Winning run was scored by D. Bohart, who led off the fifth with a single. Also Tuesday, Independents polished off Jiffy Mix, 7-2, primarily by virtue of Al Ritt's three-run triple in the first. Winning pitcher was B. Pidd.

Westgate Auto winning pitcher

Jones need relief help Wednesday in the sixth to escape from a Chelsea Milling uprising which tied the score at 6-6. Chelsea Milling dropped the game in the bottom of the sixth, however, when Westgate scored twice on two walks, a sacrifice, and a single by Boham. Final score was a victory for Westgate, 8-6.

Dunlavy Farms trounced Thompson's Pizza, 12-3, on the pitching of D. Alberts in the other Wednesday game.

Thursday saw Jiffy Mix go wild in the top of the seventh inning for 11 runs, as what had been a close game at 4-2 turned

into a rout of 15-2. Winning pitcher was R. McCalla.

Zion Lutheran also chalked up a big win Thursday, pounding St. Paul's, 13-5. Recording a big evening was E. Heller, who earned the win and aided his own cause with three hits, including a two-run home run in the second.

In Friday's games, B. Pidd had some trouble in the seventh when Chelsea Milling scored four

## MYI Groups Will Present Concert at CHS

Following their final state-side concert, scheduled for Tuesday, July 2, at 7:30 p.m. in Chelsea High school auditorium, four Chelsea musicians—Suzanne Hafer, Duane Luick, Dale Heydlauff and Steve Schanz—as members of Musical Youth International, will begin a five-week tour of Australia.

The four Chelseaites will be among the 114-member band and chorus of MYI, a Great-Lakes-based People-to-people program who will act as musical ambassadors through a series of concerts "down under."

Four performances are scheduled for the famed opera house in Sydney; then follows a bus tour of the nation's capital, Canberra; then a flight will transport the group to Perth, where they will perform for the International Society of Music Educators.

From there, not even finished with their labors when back in the states, the group will perform in Los Angeles aboard the Queen Mary and at Disneyland. Two final concerts when home again are scheduled at the Jackson Cascades Aug. 14 and Hill Auditorium in Ann Arbor, Aug. 15.

Tuesday's Chelsea concert will feature chorus and band of MYI as individual units. The evening will conclude with the traditional "Battle Hymn of the Republic," arranged by Peter J. Wilhousky. Preceding the concert, dinner will be provided for all MYI musicians and their parents. A People-to-People pin will be presented to each participant, and official greetings will be extended by representatives of the national People-to-People organization.

Selected last fall through audition and personal interview, band and chorus members represent 80 different cities and towns in the Great Lakes area. Over the years, members have hailed from Illinois, Ohio, and Canada, as well as Michigan.

Bruce Galbraith, who acts as stage manager and assistant director of the MYI groups, explains that this Chelsea concert is a benefit for local MYI members. A free-will offering will be taken to help defray costs of the tour.

## Fireworks, Ice Cream Social Slated for July 4

Don't bother wondering what the 4th of July would be like without a down-home picnic atmosphere and some good old-fashioned fireworks.

It won't happen around here as long as the American Legion and Kiwanis groups are around.

Once again this year the familiar ice cream social, topped by fireworks in the evening, will be on the agenda at Chelsea Fairgrounds.

Food will include hot dogs, sloppy joes, baked beans, cole slaw, and ice cream and cake. The social is scheduled from 5 to 9 p.m.

## Storage Van Looted Twice By Thieves

A storage van parked at Chelsea Medical Center and owned by General Electrical Shop, 6250 Jackson Rd., was entered twice last week by unknown persons who removed several items each time.

Foreman Allen Kruger told police that the first break-in occurred sometime between June 12 and 19. Missing were eight clear glass globes, 16 inches in diameter, with the brand name Prescolite. Also missing were eight metal holders for the globes with total value of the set of eight fixtures put at \$399.60.

Police said that the trailer was entered by forcing a padlock on the rear door. A side door was also damaged.

During the night of June 19, Kruger again reported a theft from the van, this time of six detonating caps, each with wires connected to it, valued at \$5 each for a total of \$30.

Entry to the trailer in this incident was made through a side door, police reported.

Police have no suspects in either case, and report that the storage van has since been emptied of all supplies by General Electrical Shop.

AUSTRALIA-BOUND: Four Chelsea musicians will be among 114 members of Musical Youth International who will perform next Tuesday at the People-to-People group's final United States appearance before their five-week Australian tour.

In front are band members Suzanne Hafer (French horn) and Duane Luick (trumpet). In back are chorus members Dale Heydlauff (tenor) and Steve Schanz (bass), with Bruce Galbraith, who serves as stage manager and assistant director of MYI.

AH, SUCCESS! The parents of the couple-to-be, played by Jan Koenigter and Tom Schill (background) chorle in delight that the dramatic abduction staged by El Gallo (far right), played by Jeff Daniels, has resulted in a display of heroism by the love of Luisa's life, Matt. Gloomier times are yet to come, however. The "Fantasticks" is the musical production of Chelsea

Players Theatre Workshop, will open tonight and continue through Saturday at Chelsea High school. Tickets are available for all shows at Chelsea State Bank for \$2. The play is directed by DIAnn L'Roy, with choreography by Joan Yocum, and features Jeff Daniels, Chris Alber, and Keith Pfeifle in lead roles.

## Uncle Lew from Lima Says:

### DEAR MISTER EDITOR:

Summer has set in far real out here in the country, Mister Editor, and we ain't got them air condition umbrellas to walk around under like you folks have in town. The fellers took up this matter of the hot weather at the session at the country store Saturday night, and they was agreed that nowadays folks don't just talk about the weather, they do something about it.

For instant, Clem Webster brung in this report where the Pentagon has said that back in the middle sixties we made more than 2,000 flights and spent \$27 million making rain in North Vietnam. We dumped chemicals in the clouds to keep the ground muddy and slow down the enemy. And Ed Doolittle reported that he has saw in his farm journals where banks and insurance companies is buying up all our desert land, spending millions on irrigation systems like one on wheels that rolls right up mountains, and they're getting into farming and ranching in a big way with their "artificial rain." They use to be a saying that we'd do somepun, "the good Lord willing and the creek don't rise." Folks don't bother checking with the Lord now, and if the creek rises, we dam it up and make electricity, or we spray it all over the countryside to grow soybeans to sell to Japan.

Actual, what got the fellers on the weather was Bug Hookum's question about Sawmill, or whatever is the name of the federal energy office head now. Bug had saw where Sawmill come out strong agin men wearing coats

and neckties this summer, and Bug allowed that was the best news out of Washington since they announced the end of poverty. But Bug said he is worried cause it looks like we're going to have as hard a time getting rid of neckties as we are pore folks. Bug said his old lady still expects him to wear a choker when they go to church, and she ain't taking no Government suggestion fer a answer.

General speaking, allowed Bug, it is a long ways between suggesting and doing. Folks figger the suggesting may mean them, but the doing allus means the other feller, was Bug's words. He had saw where the Congress has voted to raise the national debt limit from \$475 billion to \$495 billion to keep from being in debt agin the law. Them economy experts ing adds to inflation, but all them Government agencies must figger the suggestion means all the other agencies. So the Congress keeps hiring more people and spending more money like a drunk trying to drink himself sober.

Personal, Mister Editor, I am of a mind that guessing a Government's reasons for doing anything is about like figgering why a woman buys a hat.

Yours truly,  
Uncle Lew.

## What's Cooking In Michigan

By Larrestine Trimm  
Michigan Dept. of Agriculture  
Marketing Information Specialist

Toast the arrival of summer with spirited Michigan wines. The state produced nearly two million gallons each year, according to marketing officials of the Michigan Department of Agriculture.

Most of the state's wineries are located in southwestern Michigan near acres of sunny vineyards. In 1973, MDA marketing officials say, 4,100 tons of grapes were produced on 15,600 acres of farmland.

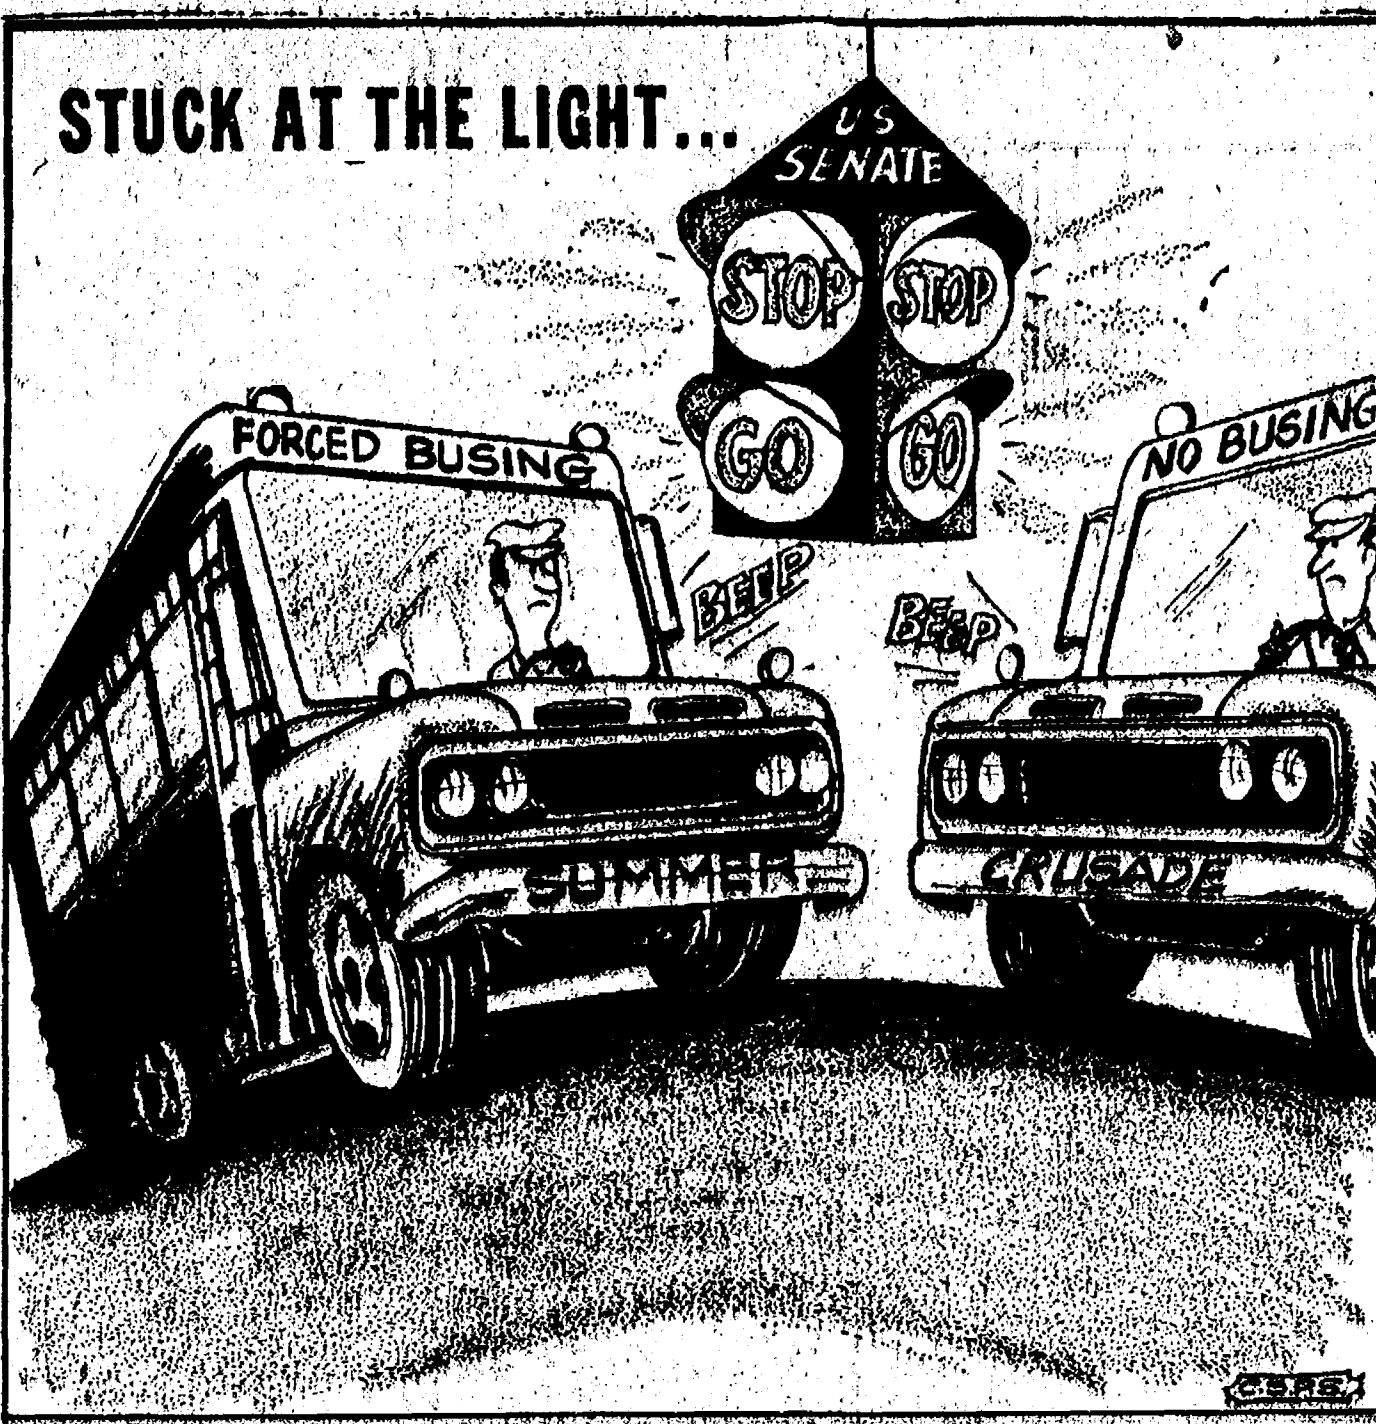

The tradition of fine wines for relaxation, fun and foods is as old as time itself. On a scorching summer day, a chilled wine is a refreshing cooler. Served with fresh fruits and cheeses, it's a pleasant afternoon snack. For a special occasion you may want to prepare a wine punch, adding fresh Michigan strawberries or sweet cherries, and sprigs of Michigan green mint for eye-catching appeal.

Some pointers for pairing wines with foods are: Serve white wines with white meats; red with red meats. The richer the dish, the richer the wine. Serve rose or white wines before reds; light wines first.

With delicately flavored foods like fresh Michigan trout, poultry or ham, white and rose wines tend to be best because of their light, often fruity taste. Robust red wines go superbly with roast beef, barbecue and hamburger. However, guidelines are no replacement for the pleasure derived from experimenting with combinations of wines and food to determine what you prefer. For more information you may want to visit Michigan's wineries. Tours and tastings are offered by several of the wineries all year around.

Martindale Beach and Maple Beach offer two places where patrons can enjoy a swim with trained lifeguards on duty from 10 a.m. until 8 p.m. Beach houses include food bars, dressing room, coin lockers, sanitary and first aid facilities at Kensington Metropolitan Park near Milford.

### Vrrrooom, Vrrrooom

That little fellow on the mini-bike may be having a great time. But is he legal?

That's the question posed by Secretary of State Richard Austin, who says many parents don't seem to know the laws about the small cycles.

"Each season more and more very young children—many only eight or nine years old—are stopped by police for driving mini-bikes on public roads, parks and recreation areas," Austin reports. And that is against the law, a misdemeanor chargeable against the parents.

To drive a mini-bike legally on public property, a youngster must be at least 15 years old and have at least a "special restricted operator's license." That license may be obtained after a boy or girl has passed a driver education course as well as special tests given by the Department of State.

There are regulations on cycle equipment, too. If it is to be driven on public property, Austin says, a mini-bike must have working brakes, horn, and other equipment required by law.

—A maximum 35 mph speed when the cycle is driven legally after sunset.

—Headlights and tail lights turned on after sunset, even when the bike is used only on private property.

### On The Move

Michigan State Police are taking to the road in an effort to enlist new troopers.

With their new 28-foot, \$15,500 mobile recruiting van, the State Police plan to tour several areas of the state. They're scheduled to visit Adrian on the Fourth of July; Battle Creek July 12-13; Saginaw Fashion Square Mall July 18-21; the Ionia Free Fair July 28-Aug. 4; and the Michigan State Fair in Detroit Aug. 23-Sept. 1.

The mobile recruiter, paid for through a federal grant, is the first owned by the State Police. It's equipped with desks for testing officer candidates as well as a walk-through display area.

### Open the Records

"Freedom of Information" legislation may be in the offing in Michigan if Rep. Michael Dively, R-Traverse City, has his way.

Dively says his proposed open records bill would require that all public records be open for viewing and copying by both the press and public.

"Present statutes dealing with this subject are meaningless," the law-maker contends. "They are vague, and put the responsibility of proving why certain material should be made public on the citizen, who must undertake legal action against public officials who withhold information."

The situation should be just the other way around, Dively says. His proposal would "put the responsibility in its proper place" by forcing public officials to prove why certain material should NOT be made public. Only

## Information Meeting Set for Environmental Impact Study

The public will have an opportunity to comment on the content of the preliminary draft environmental impact statement (EIS) on the proposed Mill Creek Metropark at a public information meeting announced today by John D. Cherry, regional director of the U. S. Department of the Interior's Bureau of Outdoor Recreation (BOR) office in Ann Arbor.

The preliminary draft EIS, prepared by the BOR, will be the subject of discussion at the meeting, scheduled for Tuesday, July 23, at 7 p.m., in the auditorium of Dwight E. Beach Middle School, 445 Mayer Dr., in Chelsea.

"The purpose of the meeting," said Cherry, "is to give interested persons and organizations an opportunity to comment on the content of the preliminary draft environmental impact statement as to whether or not it adequately assesses the impact of the proposed Mill Creek project. Let me emphasize that the purpose of this meeting is not to discuss the merits of the project itself."

"We encourage those who believe there are some aspects of the project that have not been adequately considered in the statement to come to the meeting and express this view. We would like to receive additional information which will assist us in valuating the impact of the project."

Huron-Clinton Metropolitan Authority's (HCMA) proposed Mill Creek Metropark has been the subject of much controversy. The 3,500-acre park would be located about 10 miles west of Ann Arbor near the Fletcher Rd. interchange with Interstate 94. Total cost of the project, including land acquisition and development, is projected to be \$10-12 million.

A proposed project for land ac-

quisition by HCMA, totaling \$3,875,450 has received tentative approval from the Michigan Department of Natural Resources and been forwarded to the BOR with a request that it be qualified for Federal assistance from the Land and Water Conservation Fund. "Qualification" is related to matters of technical adequacy of the proposal and does not obligate any money.

Persons who plan to make a statement at the meeting are asked to call John Haubert of the BOR in advance at 313-769-3100. However, all who wish to speak at the meeting regarding the content of the EIS will be given the opportunity to do so. All persons making statements are requested to submit a written copy to the chairman at the meeting so the BOR will have a record of information provided in the statements.

Written statements may also be submitted up to 10 days following the meeting by writing to the Regional Director, Bureau of Outdoor Recreation, 3853 Research Park Dr., Ann Arbor, 48104.

Copies of the preliminary draft EIS are available for public review prior to the meeting at the following locations: Bureau of Outdoor Recreation, 3853 Research Park Dr., Ann Arbor; McKune Memorial Library, 221 S. Main St., Chelsea; Huron River Watershed Council, 321 S. Main St., Ann Arbor; Ann Arbor Public Library, 343 S. Fifth Ave., Ann Arbor; Washtenaw County Metropolitan Planning Commission, County Building, Ann Arbor.

Copies are also available for inspection at Huron-Clinton Metropolitan Authority, 600 Woodward Ave., Detroit; Department of Natural Resources, Division of Administrative Services, Stevens

T. Mason Building, Lansing; Southeast Michigan Council of Governments, 810 Book Building, 1249 Washington Blvd., Detroit; and Bureau of Management and Budget, Division of Intergovernmental Relations, Lewis Cass Building, Lansing.

## AGRICULTURE IN ACTION

MICHIGAN FARM BUREAU

### No Real Cause For Hand Wringing

As the traditional 4th of July celebration for 1974 approaches, the United States finds itself at crossroads similar to those faced by our forefathers on the first Independence Day in 1776. Our national purpose is being questioned and numerous problems assail us on every front. There are many Americans who are convinced that the United States is fast rolling down the road to ruin. With clucking of tongues and wringing of hands, they moan, "Woe is me! There is no hope!"

These negative hand-wringers look at today's hairy, casually-attired youth and cluck their tongues some more, convinced that none in this age group will be the salvation of our troubled country.

Thankfully, there are also many citizens who believe there is still much of our American way of life worth preserving and who are confident that our youth will become capable leaders of tomorrow. They back up this confidence with an opportunity for young people to learn how to handle their responsibilities as good citizens.

For the past 11 years, Michigan farmers, through their county Farm Bureaus throughout the state have sponsored a Young People's Citizenship Seminar. This year, over 200 high school juniors and seniors will spend the week of June 24 on the campus of Albion College with some of the nation's top political and economics resource people to teach them the why and how of their citizenship responsibilities.

It won't be just a "pouring in" session by the experts. The students themselves will develop party platforms, hold political conventions, and have primary and general elections. They'll learn that citizenship responsibilities do not begin nor end with just voting. They'll learn, too, what's right about our nation so they can more effectively and constructively help correct what's wrong.

These young men and women will reach the age of majority almost simultaneously with the 20th birthday of their nation. They will be prepared for both events. And our nation will be ready for them. The U.S. may not be in the best of health right now, but it still is the Land of Opportunity—where these youth will have the freedom to use the knowledge they have gained, and where the active involvement they are anxious to invest will be encouraged.

It is better to swallow one's words in anger than to be forced to eat them later!

LORETTA ROUSER attended the Decision School of Christian Writing last week at the headquarters of the Billy Graham Evangelistic Association in Minneapolis, Minn., where she was able to confer with national religious editors and publishers like Dr. Sherwood Wirt, editor of Decision Magazine, and Dr. Harold Lindsell, editor of Christianity Today.

**Area Resident Attends Decision School of Christian Writing Meet**

Loretta Rouser, long-time area resident, attended the Decision School of Christian Writing June 18-19 at the headquarters of the Billy Graham Evangelistic Association at Minneapolis, Minn.

The four days were spent in intensive instruction and personal conference with national religious editors and publishers. Loretta said that the most valuable feature of the school for her was personal consultation with editors of Harper and Row, Doubleday, Tyndale House, David C. Cook and others participated, as well as magazine and newspaper editors and successful authors.

About half of the 400 who applied were selected by the Decision staff on the basis of assignments submitted. The participants were from many denominations, Loretta says, but were bound together by their common allegiance to Christ.

Loretta says she toured every part of the Graham headquarters, saw his personal office, and visited World Wide Pictures, the offices of Graham's film ministry.

**Letters to the Editor**

To the editor:  
In reply to the Brehob family's letter of disappointment in regard to the Memorial Day activities, I think a few thoughts should be brought out.

First, the American Legion took out an ad for veterans to march in the parade. This ad was not printed. Thus, very few veterans marched Memorial Day.

Second, the American Legion wanted an article printed in regard to the history of our flag, and also what viewers of the parade should do as the flag passes by during the parade. Again, this article was not printed.

It is the opinion of this Legioner that The Chelsea Standard has fallen into the rut the Village of Chelsea is in, and it is too busy to take time out and reflect a thought in regard to the meaning of this day. If you doubt this opinion of Chelsea, just look at the decrease in the number of viewers at the parade. Look at the number of flags flown on Memorial Day—they are few and far between.

Yes, readers, the village of Chelsea and The Chelsea Standard are wallowing in this great rut of non-patriotism which is slowly taking over this country.

There is one solution in the future. On Veterans Day, the village of Chelsea will host the county's Veterans Day Parade. Maybe the residents, the Village of Chelsea, and The Chelsea Standard can re-group and reflect a few thoughts toward the meaning of this day and fly the flag proudly.

Jim Knott  
American Legion Post No. 31.

Editor's Note: Reader Jim Knott gives The Standard too much credit in blaming the paucity of flags in the Memorial Day services on the newspaper.

First, he doesn't have his facts straight. No advertisement was even submitted to our office to get Legionnaires to march in the parade. If such had been it would certainly have been printed.

Secondly, copy for the history of the flag, etc. was submitted late Tuesday afternoon for the Thursday paper—far beyond our deadline for such copy. This kind of copy could have been submitted weeks in advance to allow scheduling.

Thirdly, the issue of May 23 preceding the observance on Monday, carried a two-column head in the lead story position, giving the entire program. (And we had to struggle to get that information from those responsible.)

Let us also point out to Jim that if he wants widespread participation may be he should see that more is offered those who make the effort to attend. Look at our neighbors over at Dexter. The Legion Post there every year gets a prominent, respected figure as a principal speaker, holds complete formal program with color guard, in the park, then marches to various cemeteries for brief services. And the downtown area is really crowded with hundreds of guests. Just a thought, Jim.

—The Editor.

Acting as ring-bearer was Rex Bongo.

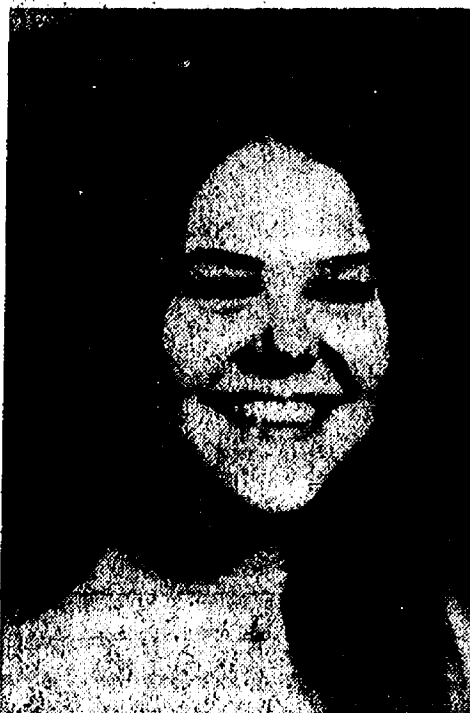

For his best man, the bridegroom chose Chuck Koch. Chosen groomsmen were Donald Dorer and Pat Vargo. Ushers were Joe Branham, brother of the bridegroom, and John Beeman, a cousin of the bride.

DISPLAYING OLYMPIC PATCHES and medals won last Saturday at Dexter's Cub Scout Troop District Summer Olympics and Pack Pentathlon Team Championship Run-off are four of the five Chelsea entrants in the meet: from left, John Hoffman, who recorded 401 points and earned a second-place silver medal; David Wojcicki, who chalked up 461 points for a second place silver medal; John Seyfried, who did not place but earned 406 points; and Todd Sprague, the biggest winner of them all, who earned a first-place gold medal with 523 points, the highest total for all entrants. Rick Eder, who was not present for the photo, scored 376 points.

## Cub Scouts Score Points in District Summer Olympics

Led by top point-getter Todd Sprague, three of Chelsea's five entrants in last Saturday's Cub Scout Troop District Summer Olympics and Pack Pentathlon Team Championship Run-off, held at Camp Newkirk in Dexter, earned medals for local Cub Scout packs.

Todd paced all entrants with 523 points and a first-place gold medal. Earning second-place silver medals were David Wojcicki with 461 points, and John Hoffman, 401 points.

Also competing were Chelsea entrants Rick Eder, who chalked up 376 points, and John Seyfried, who earned 406.

During the Pentathlon, eight-

and nine-year-old Cub Scouts and ten-year-old Webelos participated in five events: softball throw, timed modified push-ups and sit-ups, standing broad jump, and 50-yard dash. Boys competed according to age groups, and bonus points were added to the scores for winners in each category.

Several Olympic events were conducted prior to the Pentathlon, "for fun." Winning ribbons were John Seyfried, second in baseball and javelin, and third in high jump; Todd Sprague, third in javelin and high jump; John Hoffman, first in javelin; and David Wojcicki, third in baseball hit.

To qualify for Saturday's event, the five Scouts had to earn winning points from inter-pack competitions, held earlier in the spring.

Packs from Whitmore Lake, Dexter, Manchester, and Saline were also in attendance.

John Seyfried and Todd Sprague are members of Pack 415; David Wojcicki, John Hoffman, and Rick Eder are members of Pack 455.

All participants received Olympic patches.

runs and threatened with tying runs on base, but managed to pull through to lead Independents to a 7-5 victory. The two winning runs came on a two-run homer by Al Ritt in the top of the seventh. Sweepsters had a bit of a scare until the fifth, trailing Westgate Auto, 1-0, but scored four big runs in that inning to pull it out, 4-1, to remain on top of the fast-pitch league. ## Cub Scout Pack 415 Reviews Year, Recesses Until September

Den 1 of Pack 415 closed its regular weekly meetings for the summer. We had a party with games and refreshments and we recounted den and pack activities since September. We welcomed new members to our den and missed those who graduated to Webelos scout rank. We earned beads, patches, and gold and silver arrows by working in our scout books. Gifts for Christmas, Mother's Day and Father's Day were made, as well as placecards and aut-cups for blue and gold banquets, and items to be used in den skits. Cub Scouts of Den 1 manned the street corners selling peanuts for the March of Dimes on a Friday after school and Saturday until we ran out of peanuts. We took our turn conducting opening and closing ceremonies for monthly pack meetings and put on skits for entertainment. On the basis of current attendance, we took Cubbie back to our den several times during the year.

Pack activities included a Halloween Party and a Christmas Party, where each scout brought a usable "experienced" toy to donate to Chelsea Social Service. As guests of Boy Scout Troop 420, we went swimming at the YMCA in Ann Arbor. A Blue and Gold Banquet, a rocket derby and kite-flying contest were also enjoyed by all scouts, their families, and pack leaders.

In February, which is National Boy Scout month, we put a window display in Dancer's window and won a first place award. In May we took part in Scout-o-rama, which was held in Ann Arbor. We chose SOAR—Save Our America Resources—as the theme for our booth. We were the proud winners of the highest award, a three star banner, making Pack 415 the top pack in the Iroquois District.

For 1974, we are looking forward to one summertime pack activity in June, July, and August, which are always fun outings.

Who pays for living expenses (elsewhere) while they repair your home?

Most policies provide the coverages you expect—fire, lightning, storms, riots, vandalism and the like. They cover the cost of repairs due to these losses. But have you thought about the cost of living elsewhere if your home has to be repaired or rebuilt? It could run into hundreds of dollars. Or, it could be covered in black and white in our Homeowners Policy, so we would pay those extra living expenses! Give us a call. We'll put your home insurance all together in one policy for convenience and saving's sake.

**"I REMEMBER"**  
BY THE OLD TIMER

From Vivian M. Seaman, Choc-taw, Okla.: I remember the good times we had on those few visits we made home to Grandma's during the depression. After supper, and dishes all done, everyone retired to the big front porch. Grandma held the baby and rocked while the adults caught up on their visiting. We "cousins" chased fireflies and played hide and seek in the yard with the corner street light shining gently over all. Finally, it was time to take our turn in the bathtub. Sometimes, it grew hectic running up and down those stair steps waiting until we could get into the bathroom.

Grandma let us all bed down on pallets all over her bedroom—and it seemed like we laughed and talked most of the night. It was so sad, loading our car to come home. Grandma was always the strong one in our huge family of aunts, uncles and cousins. It seemed odd that he always had to get something out of her eye with the corner of her apron as we were leaving. Mama cried and we cried—we would hang out the window and wave back to her, until we could no longer see her, with her apron waving in the air. Oh, how we loved that big three-story house in Bethany, Oklahoma, and Grandma always waiting there for us with her apron on.

## SYLVAN TOWNSHIP

DANIEL J. MURPHY, CLERK

## Judge Sandy Elden Re-Elected To Head Wolverine Scout Council

Sandy Elden, Judge of the 15th District Court was re-elected as president of the Wolverine Council, Boy Scouts of America, as its annual meeting. The Wolverine Council, headquartered in Ann Arbor, is made up of Washtenaw, Livingston, Monroe, and Lenawee counties. This will be Elden's third term as council president.

In 1972, he served as head of the Old Portage Trails Council which then consisted of Washtenaw and Livingston counties, and then in 1973, he served as first president of the new council. Elden is a 33-year veteran of the scout program, an Eagle Scout, the holder of the Woodbadge Training Award and the Silver Beaver Award, the local council's highest honor.

Don Hackney of Dexter, past president of the council and also a holder of the Silver Beaver Award, was re-elected to the executive board of the council. In his State of the Council address, Judge Elden noted that the council had the largest Camporee ever held on council property last fall with more than 1,000 participants. Last month saw the council's largest scout show, "Action-74," held in five locations with the greatest attendance and participation ever reported. Elden reported that this summer the council will host more scouts at summer camp than ever before, requiring the opening of extra camp sites and also requiring adding extra camp weeks; another first is the opening of summer camps for Webster scouts. Also, for the first time in its history, the council is hosting a regional Woodbadge training course.

In the scout program he noted that the new Advancement Program is now in full swing, and Elden reminded the attendees that the term "Boy" has been dropped from the designation of Boy Scout, and henceforth members will be known as "Scouts." In the Explorer Program, now geared to vocational exploration, a variety of new posts have been organized in law enforcement, medicine, photography, and even computer technology. The Extended Opportunities Program has a new executive director who is now planning an expanded day camp program at the council's Camp Newkirk.

On the other side of the ledger, Elden observed that the council faces difficult problems in finance as the result of economic conditions which have reduced United Fund support, and also the problem of the reduction of the number of total available boys resulting from population decreases. This will require

reaching out and bringing more youngsters into the program in a more substantial number of institutions.

As to the 1974-1975 priorities, the new president outlined a program of implementing studies now going on for realignment of districts and consolidation of camp facilities. Other significant programs will include an oncom-

ing program of training and developing leaders in the District Operations Plan, and a reorganization plan for the Council Executive Committee.

## ask the GOVERNOR

by William G. Millikan

Question: What is this new transportation bill you're pushing—just another giveaway to Detroit?

Governor: In a special message to the legislature which I sent last week, I asked for approval of a proposal to allow the voters of Michigan to decide in November whether to authorize a \$1.097 billion transportation bond issue. That proposal, combined with federal and local matching funds, will result in a comprehensive and balanced \$6.25 billion total transportation program for Michigan, benefiting every part of our state. Under the program I have outlined to the legislature, revenues from the bonds would be allocated to transportation system programs as follows:

Urban Public Transportation Development in Southeastern Michigan, \$540 Million.  
New Transit System Development at Four Locations, \$20 Million.

State-wide Improvements to Inter-City Rail (Passenger and Freight) and Bus Systems, \$362 Million.

Airport Development and Improvement, \$100 Million.

Great Lakes Port Development, \$50 Million.

Non-Motorized Facilities Development and Improvement (Bicycles, etc.), \$25 Million.

Total, \$1.097 Billion.

While the seven southeastern Michigan counties that have more than half our state's population would benefit enormously from this program, it is not a program for Detroit alone or for southeastern Michigan alone. It would benefit all of Michigan. More than one-half of the \$1.1 billion proposal would directly benefit citizens in the out-state area.

This comprehensive transportation program would, if adopted, greatly stimulate our economy, create new jobs, and help immensely in meeting the transportation needs of our citizens.

Question: I have a cousin from Minnesota, and he always brags about the fact that it is the "Land of 10,000 Lakes." Michigan must have pretty close to that many. Can you tell me how many lakes there are in Michigan?

Governor: The next time you see your cousin, you can tell him that Michigan has more than 11,000 inland lakes scattered across its landscape.

You might also mention that our state has more than 36,000 miles of rivers and streams, and that anywhere you stand in our state, you are never more than six miles from a lake or a stream or more than 85 miles from one of the Great Lakes. Ask him to top that!

Question: All this talk about tax cuts certainly didn't do me any good. My husband is retired and we haven't paid state income taxes for three years because our income is so low. But we still have to pay high property taxes. It doesn't seem like there is anything in this tax cut program for people like us.

Governor: Whether or not you paid state income taxes in 1973, you are eligible for property tax relief under the \$380 million tax cut program adopted last year. Every Michigan home-owner or renter whose property taxes exceed 3.5 percent of income has a rebate coming from the state—whether or not they paid any state income tax. For senior citizens the income cutoff is even lower.

Thousands of citizens—mainly in the lower income range—who are eligible for a property tax rebate have not yet filed their claims, and many of them are eligible for rebates of several hundred dollars.

I would urge you and anyone

who owns a home or who rents—whether or not they paid any state income tax, and whether or not they filed tax returns in previous years—to contact their local state treasury branch office to determine if they are eligible for the rebate, and if so, to obtain assistance in filling out the appropriate forms.

### Crop Insurance Acreage Report Due By June 30

Area farmers who are Federal Crop Insurance Corp. policyholders are reminded that the final date for reporting their acres of crops for insurance purposes is June 30.

Any crops that are reported after this date and suffered previous damage could result in no insurance coverage, explains Albert Dalton, Jr., director of the Contract Service Center, Indianapolis, Ind.

In the five states serviced out of the Indianapolis center, Federal Crop Insurance Corp. has approximately 22,000 spring crop contracts with farmers protecting their crops against all natural hazards from planting until harvest.

### Bottle Thrown Through Glass in Shop Door

A 16-ounce Pepsi bottle was thrown through a 24 in. by 30 in. glass door at Judson Form-print last Thursday, Chelsea Police report.

George Judson, owner of the print shop, told officers that he was working at approximately 10:20 p.m., when he heard glass breaking.

Upon investigation, he discovered that the bottle had been thrown through the front door at the south side of the building. Police have no suspects in the incident.

## Lower Milk Price to Farmers Set July 1

Changes in the dairy product manufacturing market will result in a one-dollar-per-hundred-pound decline in the price dairies in the state's Lower Peninsula pay for fluid milk (milk used for bottling) effective July 1, Michigan Milk Producers Association (MMPA) announced today.

That wholesale price decrease—from \$10.40 to \$9.40 per cwt. in the Detroit area—largely is a result of a flood of above-quota dairy imports in the past 18 months, according to Glen Lake, president of MMPA, the state's largest milk marketing co-operative.

The decline of the wholesale price will mean lower prices for dairy farmers.

Lake said that though recent declines in prices of other farm commodities have not been passed along to consumers, "we fully expect the drop in wholesale price of milk to be reflected at the retail level."

Th price action was approved

Maj. Walter Wingfield, credited with inventing modern lawn tennis in England in 1874, envisioned it as a year-round outdoor sport. "In a hard frost the nets may be erected on ice," he wrote "and the players equipped with skates; the game assumes a new feature, and gives an opening for the exhibition of much grace and science."

**Pick-Your-Own Produce Becoming Popular Activity**

Michigan residents are showing more interest in picking their own produce for home canning and freezing this season. This is indicated by the number of requests coming to the Michigan Department of Agriculture for copies of "Country Carousels."

This booklet is a guide to pick-your-own farms and roadside markets in Michigan. The 1974 edition, just off the press, lists 28 farm markets in Washtenaw county and more than 500 markets throughout the state.

MDA has published "Country Carousels" with the financial cooperation of the Michigan Tourist Council, which is helping to distribute the 80,000 copies. The department plans to update the farm market lists again next year. Co-operating in compilation of the listings are the county extension directors and Chambers of Commerce across the state.

The booklet, whose popularity last summer prompted the reprinting, also describes seven tours through Michigan's countryside and invites families to take mini-trips and rediscover "Michigan's fertile fields and bountiful harvests."

Lynwood Noah, Senior Assistant Prosecuting Attorney in charge of the Out-County Office, has announced his candidacy for the new 14th District Judgeship to be elected in November.

Noah has been a lifetime resident of Washtenaw county, having been born and raised in the Chelsea area. He was a resident of Ypsilanti township for seven years. Noah attended grade school at Pumpkin College, graduated from Chelsea High school in 1954, Eastern Michigan University in 1962 and the Detroit College of Law in 1968. Noah is a veteran of the United States Navy and a former member of the United Auto Workers.

Prior to becoming a lawyer, Noah had extensive work experience with Parke, Davis & Co. and the University of Michigan. He worked full-time at the University of Michigan while going to Law School.

In addition to being in charge of the Out-County Office, Noah has been Chief Trial Attorney for the Prosecutor's Office for the past three years. He has successfully handled numerous appeals in the Michigan Court of Appeals, several in the Michigan Supreme Court and recently one in the United States Supreme Court.

Noah made the following statement: "Whether we like it or not 80 percent of a District Court's work is in Criminal and Traffic cases. My legal experience has largely been in these areas. If elected District Judge, I will work as hard as possible to be a good judge."

Noah and his wife, Camie, have three daughters who attend Chelsea schools. They live at 8501 Hanked Rd., Dexter township.

In addition the Clerk's Office will be open from 8 o'clock a.m. until 5 o'clock p.m. on the Saturday preceding the 30th day.

The name of no person but an ACTUAL RESIDENT of the precinct at the time of registration, and entitled under the Constitution, if remaining such resident, to vote at the next election, shall be entered in the registration book.

#### Elector Unable To Make Personal Application, Procedure

SEC. 504. Any elector who is unable to make personal application for registration because of physical disability or absence from the Township, City or Village in which his legal residence is located, may be registered prior to the close of registration before any election or primary election by securing from the Clerk of the Township, City or Village in which he is located his legal residence, duplicate registration cards and executing in duplicate the registration affidavit before a notary public or other officer legally authorized to administer oaths and returning such registration cards to the Clerk of the Township, City or Village before the close of office hours on the last day of registration prior to any election or primary election. The notary public or other officer administering the oath shall sign his name on the line for the signature of the registration officer and designate his title.

#### Unregistered Persons Not Entitled To Vote

SEC. 491. The inspectors of election at any election or primary election in this State, or in any District, County, Township, City or Village thereof, shall not receive the vote of any person whose name is not registered in the registration book of the Township, Ward or Precinct in which he offers to vote. (As provided under Act 116, P. A. 1954.)

SEC. 507. Any registered elector who has removed from one election precinct of a Township, City or Village to another election precinct of the same Township, City or Village and has not recorded such removal with the local Clerk shall execute a transfer of registration request, listing the new residence address thereon over his signature, with the election board in the precinct in which he is registered at the next ensuing primary or election. The inspector of election in charge of the registration records shall compare the signature thereon with the signature upon the applicant's registration record and, if the signatures correspond, then the inspector shall certify such fact by affixing his initials upon said request. The applicant for transfer, after having signed an application to vote as provided in Section 523 of this act, shall then be permitted to vote in such precinct for that primary or election only. The application for transfer shall be filed with the Township, City or Village Clerk who shall transfer such voter's registration in accordance with the application. When the name of any street in a Township, City or Village has been changed, it shall be the duty of the Township, City or Village Clerk to make the change to show the proper name of street in the registration records, and it shall not be necessary for the elector to change his registration with respect thereto in order to be eligible to vote.

## Recall Petitions Are Being Circulated

Petitions asking for a recall election of Mrs. Dorothy Hunawill, Dexter village president, began circulating yesterday, June 26, in the village.

Mrs. Hunawill was elected village president for a two-year term on March 11 and has been a controversial official since then.

Officially, twenty-five percent of the total votes cast for president in the last village election are needed to set the special recall election. When the petitions are officially certified as correct, the village clerk may then ask for an election for or against recall. A majority vote in that election will rule.

The petition reads:  
"1) She has failed to provide leadership which we feel is necessary to create trust, confidence, and general well-being in the administration of the Village of Dexter's affairs.  
"2) She has failed to respond to the pleas and protests of the Village Council members and/or citizens' pleas of the Village of Dexter to assure the safety and protection of this community.

"3) She has caused division of the community by wrongfully denying us the right to have proper and responsive police protection."

## Michigan Bell Trimming Expenditures

Michigan Bell today announced a "freeze" on employment and the near elimination of overtime as part of a general austerity program.

David K. Easlick, company president, said the cutbacks will cause some delays in telephone service and could result in the loss of more than 2,000 jobs.

He said the cutbacks were being made with "great reluctance and regret but out of absolute necessity" because of Michigan Bell's slumping earnings that are "going from bad to worse."

Under the austerity program Michigan Bell also is cancelling the purchase of about 500 new cars and trucks during the balance of the year and deferring the scheduled elimination of rural eight-party lines.

A careful examination also has been started that may lead to the deferral of many of the 150 building projects costing \$53 million that Michigan Bell has under way in 90 cities throughout the state. There are 2,100 building tradesmen now working on those projects.

Other cutbacks will include a reduction in the number of outside cables scheduled for installation this year. As a result, two-party lines may be the highest grade of service available to some customers moving into new homes or business locations.

In addition, telephone revenues—reflecting the slowdown in Michigan's economy—have been disappointing while costs have continued to soar because of the rapid rate of inflation, Easlick said.
